

1
00:00:09,960 --> 00:00:03,830
all right Mr Hill in New Hampshire could

2
00:00:14,749 --> 00:00:12,650
[Applause]

3
00:00:16,970 --> 00:00:14,759
and my wife and I were returning from

4
00:00:19,790 --> 00:00:16,980
New Hampshire from a Corrections from

5
00:00:21,349 --> 00:00:19,800
Canada to New Hampshire we were driving

6
00:00:23,929 --> 00:00:21,359
along Route three

7
00:00:27,230 --> 00:00:23,939
and it was approximately 11 o'clock at

8
00:00:29,509 --> 00:00:27,240
night in the evening when we saw what

9
00:00:32,150 --> 00:00:29,519
looked like a bright star in the heavens

10
00:00:35,330 --> 00:00:32,160
it was the brightest star up there it

11
00:00:37,670 --> 00:00:35,340
was very clear night so my wife remarked

12
00:00:41,389 --> 00:00:37,680
I was driving the car in July that the

13
00:00:43,069 --> 00:00:41,399

star had begun to move so this caused me

14

00:00:45,590 --> 00:00:43,079

to look through the windshield up

15

00:00:47,869 --> 00:00:45,600

towards the sky and I told her that it

16

00:00:51,590 --> 00:00:47,879

was probably a satellite nothing to get

17

00:00:55,010 --> 00:00:51,600

alarmed about we did have a pair of 7 by

18

00:00:58,369 --> 00:00:55,020

50 Crescent binoculars with us so I

19

00:00:59,869 --> 00:00:58,379

stopped the car and we got out and she

20

00:01:02,150 --> 00:00:59,879

took the binoculars and was looking at

21

00:01:03,529 --> 00:01:02,160

the object and I reached under the seat

22

00:01:05,690 --> 00:01:03,539

to get our little doggie a little

23

00:01:07,969 --> 00:01:05,700

dachshund and put the chain on her to

24

00:01:10,670 --> 00:01:07,979

walk her about while my wife was looking

25

00:01:12,590 --> 00:01:10,680

at the object and she then passed a

26
00:01:14,750 --> 00:01:12,600
binoculars to me and said well you must

27
00:01:17,570 --> 00:01:14,760
really look at this satellite because

28
00:01:19,310 --> 00:01:17,580
it's not behaving as we would expect a

29
00:01:21,469 --> 00:01:19,320
satellite to behave like

30
00:01:23,210 --> 00:01:21,479
well I took the binoculars from her and

31
00:01:26,030 --> 00:01:23,220
I too began looking

32
00:01:28,910 --> 00:01:26,040
and surprisingly this what I thought was

33
00:01:31,490 --> 00:01:28,920
a star and a satellite began coming in

34
00:01:32,630 --> 00:01:31,500
my direction at a very rapid uh rate of

35
00:01:35,690 --> 00:01:32,640
speed

36
00:01:37,730 --> 00:01:35,700
I was standing to give a picture I was

37
00:01:40,910 --> 00:01:37,740
standing facing the West which would

38
00:01:43,010 --> 00:01:40,920

have been toward Vermont and the object

39
00:01:45,590 --> 00:01:43,020
was coming from my left which would have

40
00:01:47,270 --> 00:01:45,600
been to the south of me and as it passed

41
00:01:49,330 --> 00:01:47,280
my right shoulder it was quite a

42
00:01:52,969 --> 00:01:49,340
distance out it made a left turn

43
00:01:55,490 --> 00:01:52,979
completing the turn and coming in toward

44
00:01:58,850 --> 00:01:55,500
me well this caused me to become quite

45
00:02:01,490 --> 00:01:58,860
alarmed and I I told my wife well

46
00:02:04,010 --> 00:02:01,500
apparently it is not a satellite it must

47
00:02:06,950 --> 00:02:04,020
be a passenger plane and they obviously

48
00:02:10,609 --> 00:02:06,960
are looking at us and I thought that the

49
00:02:12,350 --> 00:02:10,619
pilot was having uh fun that he could

50
00:02:15,470 --> 00:02:12,360
easily see our car with the dome light

51
00:02:17,449 --> 00:02:15,480
on or we had not passed any traffic that

52
00:02:19,190 --> 00:02:17,459
evening uh going or coming in either

53
00:02:22,190 --> 00:02:19,200
direction

54
00:02:24,770 --> 00:02:22,200
felt a bit uncomfortable to see this

55
00:02:26,530 --> 00:02:24,780
what I thought was the plane uh come in

56
00:02:29,750 --> 00:02:26,540
our Direction so I returned to the car

57
00:02:33,110 --> 00:02:29,760
and so the sea and we drove down the

58
00:02:35,030 --> 00:02:33,120
highway we continued driving South and

59
00:02:37,550 --> 00:02:35,040
my wife would occasionally remark that

60
00:02:40,369 --> 00:02:37,560
this object was still following us it

61
00:02:41,869 --> 00:02:40,379
was flying in a very erratic pattern and

62
00:02:43,910 --> 00:02:41,879
she wanted me to stop and I would

63
00:02:46,670 --> 00:02:43,920

occasionally and look over in toward her

64

00:02:49,190 --> 00:02:46,680

side and I could see that this light was

65

00:02:51,110 --> 00:02:49,200

still out there moving about it would go

66

00:02:53,930 --> 00:02:51,120

up and then it would come down at very

67

00:02:55,910 --> 00:02:53,940

rapid in odd patterns of flight well

68

00:02:59,270 --> 00:02:55,920

then I thought it was probably a

69

00:03:02,270 --> 00:02:59,280

military crash and uh I was thinking of

70

00:03:04,070 --> 00:03:02,280

the hot rod type flyer and apparently

71

00:03:05,449 --> 00:03:04,080

they were having fun with us these are

72

00:03:08,630 --> 00:03:05,459

the thoughts that were going on in my

73

00:03:11,990 --> 00:03:08,640

mind because I had not at any time ever

74

00:03:13,729 --> 00:03:12,000

given any thought to UFOs you might say

75

00:03:16,490 --> 00:03:13,739

that I was a bit cynical about the

76

00:03:19,130 --> 00:03:16,500

entire idea of concerning you

77

00:03:21,949 --> 00:03:19,140

unidentified flying objects while this

78

00:03:23,809 --> 00:03:21,959

continued on for several miles as we

79

00:03:25,430 --> 00:03:23,819

would travel and stop and look and then

80

00:03:29,270 --> 00:03:25,440

continue to travel again

81

00:03:31,490 --> 00:03:29,280

and finally my wife became very uh upset

82

00:03:33,410 --> 00:03:31,500

she said I must stop the car again look

83

00:03:35,750 --> 00:03:33,420

right overhead and I looked through the

84

00:03:37,850 --> 00:03:35,760

windshield off to the right on Earth the

85

00:03:40,729 --> 00:03:37,860

passenger side of the car and this

86

00:03:43,670 --> 00:03:40,739

object now is very extremely close and

87

00:03:45,770 --> 00:03:43,680

it was moving backwards and what I

88

00:03:48,050 --> 00:03:45,780

failed to mention is when we saw the

89

00:03:50,690 --> 00:03:48,060

object off in a great distance it

90

00:03:52,970 --> 00:03:50,700

appeared to be weeding but now that it

91

00:03:55,490 --> 00:03:52,980

was close it looked as if there was just

92

00:03:57,830 --> 00:03:55,500

one solid band of light and this was

93

00:03:59,930 --> 00:03:57,840

moving backwards and I had slowed the

94

00:04:02,149 --> 00:03:59,940

car down to approximately five miles an

95

00:04:04,009 --> 00:04:02,159

hour well this trip was very upsetting

96

00:04:06,289 --> 00:04:04,019

so I came to a complete stop in the

97

00:04:09,229 --> 00:04:06,299

center of the highway I got out of the

98

00:04:11,149 --> 00:04:09,239

car and I took the binoculars my left

99

00:04:14,270 --> 00:04:11,159

arm on the door that was open at the car

100

00:04:16,670 --> 00:04:14,280

door and my right elbow on the roof of

101
00:04:18,830 --> 00:04:16,680
the car and I tried to look but the car

102
00:04:22,670 --> 00:04:18,840
was motor was running so I had to step

103
00:04:24,770 --> 00:04:22,680
away as I stepped away from the car the

104
00:04:26,870 --> 00:04:24,780
object swung from the passenger side

105
00:04:29,390 --> 00:04:26,880
over to the left which would have been

106
00:04:33,290 --> 00:04:29,400
the size that I was driving uh and

107
00:04:35,749 --> 00:04:33,300
making a large arc-like turn uh placing

108
00:04:38,510 --> 00:04:35,759
it over a field well this was very

109
00:04:40,969 --> 00:04:38,520
alarming to me and I began uh walking

110
00:04:43,430 --> 00:04:40,979
across the highway looking up at the

111
00:04:45,650 --> 00:04:43,440
object with the binoculars putting them

112
00:04:48,290 --> 00:04:45,660
down shaking my head saying well this

113
00:04:50,629 --> 00:04:48,300

just can't be true I don't believe it uh

114

00:04:54,050 --> 00:04:50,639

and I continue to walk until I was about

115

00:04:57,050 --> 00:04:54,060

the old I would say approximately a

116

00:04:59,270 --> 00:04:57,060

hundred feet in this field across this

117

00:05:02,150 --> 00:04:59,280

field and the object was just above me

118

00:05:03,710 --> 00:05:02,160

and this is when when while looking with

119

00:05:07,850 --> 00:05:03,720

the binoculars I could see what I

120

00:05:09,710 --> 00:05:07,860

thought was approximately 9 to 11 uh men

121

00:05:11,990 --> 00:05:09,720

I went to Sky them I would say that they

122

00:05:14,570 --> 00:05:12,000

were men uh there was nothing a

123

00:05:16,730 --> 00:05:14,580

grotesque about them looking back at me

124

00:05:19,370 --> 00:05:16,740

looking down uh through this plate of

125

00:05:23,629 --> 00:05:19,380

glass the series a series of Windows

126
00:05:26,689 --> 00:05:23,639
toward me so I then was quite alarmed

127
00:05:29,930 --> 00:05:26,699
but they uh the group that was looking

128
00:05:32,629 --> 00:05:29,940
they all turned to the back of so that

129
00:05:34,310 --> 00:05:32,639
was facing the back of them there was a

130
00:05:37,070 --> 00:05:34,320
panel it looked as if it was the panel

131
00:05:39,710 --> 00:05:37,080
they began pulling levers only one

132
00:05:41,450 --> 00:05:39,720
object continued to stare from the

133
00:05:44,810 --> 00:05:41,460
window down toward me

134
00:05:47,029 --> 00:05:44,820
and I then saw two red lights on the

135
00:05:51,110 --> 00:05:47,039
side of the craft which seemed to be the

136
00:05:52,610 --> 00:05:51,120
extension of a wing a fan type Wing I

137
00:05:55,490 --> 00:05:52,620
would describe it not a conventional

138
00:05:58,730 --> 00:05:55,500

Wing that we associate with the airplane

139

00:06:00,830 --> 00:05:58,740

but more of the fan type thing moving

140

00:06:03,529 --> 00:06:00,840

away from the side of this object which

141

00:06:05,210 --> 00:06:03,539

had the shape of the so-called Flying

142

00:06:07,550 --> 00:06:05,220

Saucer

143

00:06:09,950 --> 00:06:07,560

this was too much for me and I made a

144

00:06:12,050 --> 00:06:09,960

hasty Retreat to the car screaming to

145

00:06:15,290 --> 00:06:12,060

the wife that they were they had seen me

146

00:06:16,969 --> 00:06:15,300

they had seen her and we had to get away

147

00:06:18,710 --> 00:06:16,979

and this was the extent of the sighting

148

00:06:20,270 --> 00:06:18,720

which I found very distressing and very

149

00:06:31,490 --> 00:06:20,280

difficult to believe

150

00:06:36,830 --> 00:06:34,490

two ridiculous too observed for us to

151

00:06:39,650 --> 00:06:36,840

believe uh yet we knew we had seen

152

00:06:43,309 --> 00:06:39,660

something uh something uh that we that

153

00:06:46,129 --> 00:06:43,319

was strange to us we I suppose we could

154

00:06:47,450 --> 00:06:46,139

both tell what a plane looked like and I

155

00:06:48,890 --> 00:06:47,460

failed to mention that there was the

156

00:06:51,529 --> 00:06:48,900

absence of any sound there was

157

00:06:54,469 --> 00:06:51,539

absolutely no sound associated with this

158

00:06:58,670 --> 00:06:54,479

object it must have at the time been

159

00:07:00,730 --> 00:06:58,680

approximately a hundred feet up above my

160

00:07:03,129 --> 00:07:00,740

head this would be about 10 stories up

161

00:07:06,230 --> 00:07:03,139

uh the size of it was about

162

00:07:09,050 --> 00:07:06,240

approximately uh if you were looking at

163

00:07:12,830 --> 00:07:09,060

a large uh military plane or had any

164

00:07:15,770 --> 00:07:12,840

commercial airliner from tail to head uh

165

00:07:17,990 --> 00:07:15,780

this is the size of it as the series the

166

00:07:20,870 --> 00:07:18,000

windows were around it this is how huge

167

00:07:24,230 --> 00:07:20,880

it was when we arrived in Portsmouth we

168

00:07:26,870 --> 00:07:24,240

decided not to tell anyone but uh my

169

00:07:29,930 --> 00:07:26,880

wife decided she would tell her a sister

170

00:07:32,210 --> 00:07:29,940

well she called her sister and she said

171

00:07:34,790 --> 00:07:32,220

well hang up you're listening to call a

172

00:07:37,010 --> 00:07:34,800

friend of hers that is a physicist and

173

00:07:39,170 --> 00:07:37,020

uh ask what he knows about these things

174

00:07:41,930 --> 00:07:39,180

so she called and said her sister called

175

00:07:44,510 --> 00:07:41,940

us back to tell us that the physicists

176
00:07:46,249 --> 00:07:44,520
have suggested that we go out and see if

177
00:07:49,129 --> 00:07:46,259
there was any video activities around

178
00:07:50,990 --> 00:07:49,139
ready anything uh unusual about the car

179
00:07:53,330 --> 00:07:51,000
if we had a compass to take it with us

180
00:07:56,510 --> 00:07:53,340
Well I this was too much for me I told

181
00:07:58,309 --> 00:07:56,520
my wife that as far as I was concerned I

182
00:08:00,350 --> 00:07:58,319
wanted to forget the whole thing and so

183
00:08:02,390 --> 00:08:00,360
she said well where's the compass and I

184
00:08:03,770 --> 00:08:02,400
told her well I don't know I put it

185
00:08:05,089 --> 00:08:03,780
somewhere and she said well where's the

186
00:08:07,010 --> 00:08:05,099
conference I said oh geez if you're

187
00:08:08,450 --> 00:08:07,020
going to keep this up I'll smash the

188
00:08:10,670 --> 00:08:08,460

confidence and she said well if you do

189

00:08:12,469 --> 00:08:10,680

I'll go out and buy another one and so

190

00:08:14,390 --> 00:08:12,479

she found the company she went out and

191

00:08:17,330 --> 00:08:14,400

she came back in to the house very

192

00:08:19,730 --> 00:08:17,340

excited and insisted on me going out and

193

00:08:20,890 --> 00:08:19,740

looking at her car we were using her car

194

00:08:23,809 --> 00:08:20,900

at the time

195

00:08:26,390 --> 00:08:23,819

well uh on the trunk of her car there

196

00:08:29,809 --> 00:08:26,400

were these large shiny spots about the

197

00:08:31,909 --> 00:08:29,819

size of a silver dollar it must have

198

00:08:34,490 --> 00:08:31,919

been approximately 20 of these spots not

199

00:08:37,790 --> 00:08:34,500

in any particular pattern but just these

200

00:08:39,529 --> 00:08:37,800

spots on the trunk after having traveled

201
00:08:41,870 --> 00:08:39,539
the distance we had the car was quite

202
00:08:44,990 --> 00:08:41,880
dusty but these spots were very very

203
00:08:48,470 --> 00:08:45,000
highly shiny and wherever she would put

204
00:08:51,410 --> 00:08:48,480
the compass near these spots uh the

205
00:08:54,889 --> 00:08:51,420
compass was thin but if she plays the

206
00:08:56,750 --> 00:08:54,899
compass close to uh any of the areas

207
00:08:59,150 --> 00:08:56,760
where the spot Point located so

208
00:09:00,829 --> 00:08:59,160
surprisingly the compass then would tilt

209
00:09:03,290 --> 00:09:00,839
downward toward the middle of the of the

210
00:09:04,850 --> 00:09:03,300
car all I thought this was a bit unusual

211
00:09:07,009 --> 00:09:04,860
because I did try to say well and

212
00:09:09,110 --> 00:09:07,019
anytime you take a compass and place it

213
00:09:12,350 --> 00:09:09,120

around any metal or particularly like a

214

00:09:14,329 --> 00:09:12,360

car with a battery it will attract a

215

00:09:16,490 --> 00:09:14,339

magnet to it but the fact that the

216

00:09:18,949 --> 00:09:16,500

compass would spin only in the area

217

00:09:22,190 --> 00:09:18,959

where this box was located I thought was

218

00:09:23,870 --> 00:09:22,200

a bit unusual and then this is when my

219

00:09:26,210 --> 00:09:23,880

wife decided Well we should notify

220

00:09:29,030 --> 00:09:26,220

someone and we thought of notifying of

221

00:09:30,949 --> 00:09:29,040

the military uh base located in this

222

00:09:33,949 --> 00:09:30,959

area and uh briefly what was their

223

00:09:35,930 --> 00:09:33,959

reaction to this uh it was curious and

224

00:09:38,449 --> 00:09:35,940

interesting uh they

225

00:09:40,430 --> 00:09:38,459

I didn't want any parts of it I told my

226

00:09:43,610 --> 00:09:40,440

wife that she could go ahead and contact

227

00:09:46,090 --> 00:09:43,620

them and leave me out of it uh but while

228

00:09:49,610 --> 00:09:46,100

talking to her then he asked for me to

229

00:09:52,910 --> 00:09:49,620

give my account of it and this uh caught

230

00:09:56,750 --> 00:09:52,920

drew me into the conversation so I also

231

00:09:58,910 --> 00:09:56,760

talked to a major and he then explained

232

00:10:03,470 --> 00:09:58,920

to me that the conversation was going to

233

00:10:06,470 --> 00:10:03,480

be monitored and that I went to uh hold

234

00:10:07,910 --> 00:10:06,480

on and uh the conversation wasn't not

235

00:10:10,610 --> 00:10:07,920

going to take place at this particular

236

00:10:13,070 --> 00:10:10,620

military establishment but elsewhere but

237

00:10:14,750 --> 00:10:13,080

he did not designate where so I held on

238

00:10:17,449 --> 00:10:14,760

for a few minutes please minutes and

239

00:10:20,269 --> 00:10:17,459

then another voice came on telling me to

240

00:10:22,430 --> 00:10:20,279

tell all that I had seen and given in

241

00:10:24,590 --> 00:10:22,440

town a full account and description of

242

00:10:26,150 --> 00:10:24,600

this thing that I had seen yeah have you

243

00:10:28,670 --> 00:10:26,160

heard from him since that time uh this

244

00:10:31,910 --> 00:10:28,680

was on well they called back the

245

00:10:34,970 --> 00:10:31,920

following morning about 8 30 or 9

246

00:10:36,710 --> 00:10:34,980

o'clock in the morning uh I thought what

247

00:10:38,810 --> 00:10:36,720

this officer had to say was very

248

00:10:40,370 --> 00:10:38,820

interesting he did not elaborate on why

249

00:10:43,970 --> 00:10:40,380

he said this but he said he had been up

250

00:10:45,829 --> 00:10:43,980

all night uh working on the description

251

00:10:49,190 --> 00:10:45,839

of the wings of this and the two red

252

00:10:50,750 --> 00:10:49,200

light and uh that uh could I give any

253

00:10:52,190 --> 00:10:50,760

more information well I had given him

254

00:10:55,370 --> 00:10:52,200

all the information I could at the time

255

00:10:57,530 --> 00:10:55,380

about it and that was the extent of uh

256

00:11:01,009 --> 00:10:57,540

of the the contact we had with the

257

00:11:02,930 --> 00:11:01,019

military with the Air Force to describe

258

00:11:05,509 --> 00:11:02,940

these people are things you saw at the

259

00:11:08,329 --> 00:11:05,519

window uh to give a description of them

260

00:11:10,490 --> 00:11:08,339

yes yes well there was nothing unusual

261

00:11:13,430 --> 00:11:10,500

about them they did have on what I

262

00:11:16,790 --> 00:11:13,440

thought uh was a black type shiny

263

00:11:19,970 --> 00:11:16,800

uniform similar to the kind uh you find

264

00:11:23,030 --> 00:11:19,980

uh motorcycle is wearing the black

265

00:11:25,550 --> 00:11:23,040

leather type jackets and whatnot and uh

266

00:11:27,769 --> 00:11:25,560

the one that I will now just for dinner

267

00:11:30,710 --> 00:11:27,779

for uh for identifying purpose is called

268

00:11:34,009 --> 00:11:30,720

a leader uh well he had on a military

269

00:11:37,550 --> 00:11:34,019

type cap with the visor while the others

270

00:11:39,530 --> 00:11:37,560

did not uh and they moved back to the

271

00:11:43,250 --> 00:11:39,540

wind away from the window while this one

272

00:11:45,590 --> 00:11:43,260

with the black leather type of uniform I

273

00:11:47,269 --> 00:11:45,600

will say uniform continue to look down

274

00:11:49,190 --> 00:11:47,279

at me I think you went to get it earlier

275

00:11:51,829 --> 00:11:49,200

that they were pretty human looking yeah

276
00:11:54,769 --> 00:11:51,839
and you have to consider that looking uh

277
00:11:56,990 --> 00:11:54,779
at anyone in a window uh 10 stories up

278
00:11:59,990 --> 00:11:57,000
with a binocular uh the only thing you

279
00:12:02,389 --> 00:12:00,000
can discern is that they look human and

280
00:12:04,670 --> 00:12:02,399
nothing grotesque about them you know

281
00:12:06,530 --> 00:12:04,680
this is my switch did you feel there was

282
00:12:11,970 --> 00:12:06,540
anything Sinister about these people did

283
00:12:11,980 --> 00:12:15,590
[Applause]

284
00:12:20,269 --> 00:12:17,870
was there anything Sinister about them

285
00:12:24,710 --> 00:12:20,279
or was it because of the unusual

286
00:12:26,509 --> 00:12:24,720
situation that I was in uh magnifying uh

287
00:12:29,630 --> 00:12:26,519
my uh feelings

288
00:12:33,110 --> 00:12:29,640

uh I did feel that there was something

289

00:12:33,970 --> 00:12:33,120

sinister strange unusual about the whole

290

00:12:38,329 --> 00:12:33,980

thing

291

00:12:40,130 --> 00:12:38,339

to do with that beeping sound that

292

00:12:42,350 --> 00:12:40,140

followed your car I failed to mention

293

00:12:44,930 --> 00:12:42,360

that didn't I when I returned to the car

294

00:12:47,509 --> 00:12:44,940

when we were up in the mountains when I

295

00:12:50,449 --> 00:12:47,519

mentioned to my wife that uh oh my God I

296

00:12:52,129 --> 00:12:50,459

said the uh are looking at us and they

297

00:12:54,410 --> 00:12:52,139

have as they have seen us and they're

298

00:12:57,410 --> 00:12:54,420

coming after us uh when I returned to

299

00:12:59,210 --> 00:12:57,420

the car there was a series of beats uh

300

00:13:01,790 --> 00:12:59,220

these beeps were very peculiar because

301
00:13:04,129 --> 00:13:01,800
it was much like a cooling Fork being

302
00:13:05,990 --> 00:13:04,139
struck and placed against you a very

303
00:13:08,269 --> 00:13:06,000
subtle type vibration

304
00:13:11,230 --> 00:13:08,279
and that's the way the car vibrated

305
00:13:16,190 --> 00:13:14,269
and I said to my wife my God what is

306
00:13:18,470 --> 00:13:16,200
that I said look out the window they're

307
00:13:21,230 --> 00:13:18,480
right overhead and she looked out of the

308
00:13:23,569 --> 00:13:21,240
window but you couldn't see anything and

309
00:13:25,730 --> 00:13:23,579
and later we find out that you couldn't

310
00:13:29,329 --> 00:13:25,740
see the sky as well so apparently the

311
00:13:31,069 --> 00:13:29,339
crash that moves overhead over us do you

312
00:13:32,690 --> 00:13:31,079
think that the metal discs then did have

313
00:13:35,930 --> 00:13:32,700

anything to do with that beeping sound I

314

00:13:39,650 --> 00:13:35,940

do yes the thing that has continued to

315

00:13:41,949 --> 00:13:39,660

be an enigma a puzzle to me is that I

316

00:13:46,129 --> 00:13:41,959

said my God they're going to capture us

317

00:13:48,230 --> 00:13:46,139

and uh I have never understood why I

318

00:13:51,829 --> 00:13:48,240

cannot understand why I made that remark

319

00:13:55,250 --> 00:13:51,839

only to have the beeping sound and then

320

00:13:57,829 --> 00:13:55,260

a 35 miles further south we will beat

321

00:13:59,810 --> 00:13:57,839

the game and this is the only time my

322

00:14:01,970 --> 00:13:59,820

wife and I then began to communicate

323

00:14:04,250 --> 00:14:01,980

with one another by saying well what was

324

00:14:07,310 --> 00:14:04,260

it we saw uh this is surprising because

325

00:14:09,889 --> 00:14:07,320

that 35 mile period we did not discuss

326

00:14:12,350 --> 00:14:09,899

anything uh this is Earl map speaking

327

00:14:13,550 --> 00:14:12,360

you didn't have a relaxed feeling at any

328

00:14:17,329 --> 00:14:13,560

time did you

329

00:14:19,069 --> 00:14:17,339

uh yes after I returned to the car and I

330

00:14:21,470 --> 00:14:19,079

told my wife they were going to capture

331

00:14:24,110 --> 00:14:21,480

us and she looked out of the window and

332

00:14:26,030 --> 00:14:24,120

she said she could not see them or it or

333

00:14:29,870 --> 00:14:26,040

the object and then we had the series of

334

00:14:32,449 --> 00:14:29,880

beeps uh there is just a void you might

335

00:14:34,970 --> 00:14:32,459

say because we did not again mention

336

00:14:39,050 --> 00:14:34,980

anything about uh haven't seen anything

337

00:14:42,110 --> 00:14:39,060

until we were now uh 35 miles further

338

00:14:45,050 --> 00:14:42,120

south and we saw what we thought was a

339

00:14:47,449 --> 00:14:45,060

bright moon and I said oh my God not a

340

00:14:49,490 --> 00:14:47,459

game and then we were beeped again and

341

00:14:51,470 --> 00:14:49,500

then we can with it from that part we

342

00:14:52,970 --> 00:14:51,480

started talking with one another about

343

00:14:54,290 --> 00:14:52,980

well what do you think of that and my

344

00:14:56,930 --> 00:14:54,300

wife asked me well do you believe in

345

00:14:58,420 --> 00:14:56,940

flying horses now and I said oh don't be
