

1
00:00:04,610 --> 00:00:02,810
we understand you people had some uh UFO

2
00:00:06,530 --> 00:00:04,620
activity over there tonight can you give

3
00:00:08,509 --> 00:00:06,540
us anything on it well you sure got a

4
00:00:10,250 --> 00:00:08,519
hold of that quick getting back our uh

5
00:00:14,209 --> 00:00:10,260
our helicopter crew so I wanted about

6
00:00:15,350 --> 00:00:14,219
three what was it 315 silly yeah about 3

7
00:00:16,730 --> 00:00:15,360
15.

8
00:00:18,769 --> 00:00:16,740
they

9
00:00:20,870 --> 00:00:18,779
let's see the the pilot said he saw it

10
00:00:22,490 --> 00:00:20,880
coming on about a 40 to 60 degree

11
00:00:24,050 --> 00:00:22,500
heading which he said it came from the

12
00:00:25,210 --> 00:00:24,060
southwest Horizon to the Northeast

13
00:00:29,269 --> 00:00:25,220

Horizon

14

00:00:30,769 --> 00:00:29,279

and uh he said it was it was two they

15

00:00:31,910 --> 00:00:30,779

were like informational but one was a

16

00:00:35,690 --> 00:00:31,920

little head of the other

17

00:00:37,729 --> 00:00:35,700

left kind of a a blue glow as it went

18

00:00:39,290 --> 00:00:37,739

along but it wasn't a long real long

19

00:00:40,430 --> 00:00:39,300

tail he said it looked like two

20

00:00:42,889 --> 00:00:40,440

teardrops more or less because of the

21

00:00:44,450 --> 00:00:42,899

way they're moving so fast but he says

22

00:00:46,850 --> 00:00:44,460

it covered from the

23

00:00:48,650 --> 00:00:46,860

the pilot side of the windshield to The

24

00:00:50,090 --> 00:00:48,660

Observer side of the windshield and he

25

00:00:51,709 --> 00:00:50,100

said about five seconds because the

26

00:00:53,569 --> 00:00:51,719

speed was just unbelievable just

27

00:00:56,029 --> 00:00:53,579

unremarkable did he feel they were

28

00:00:58,790 --> 00:00:56,039

fairly low no he thought the altitude

29

00:01:01,189 --> 00:00:58,800

was was fairly high on it he says uh it

30

00:01:03,590 --> 00:01:01,199

wasn't quite from Horizon The Horizon he

31

00:01:04,910 --> 00:01:03,600

described it more as from one end of the

32

00:01:06,830 --> 00:01:04,920

windshield to the other which is pretty

33

00:01:09,050 --> 00:01:06,840

close to Horizon The Horizon though yes

34

00:01:10,490 --> 00:01:09,060

and he said it was just unbelievably

35

00:01:13,910 --> 00:01:10,500

quick

36

00:01:15,469 --> 00:01:13,920

okay if you hold on a second let me

37

00:01:16,730 --> 00:01:15,479

check out the heliport and see if

38

00:01:17,990 --> 00:01:16,740

they've left yet they went down a while

39

00:01:22,730 --> 00:01:18,000

ago I don't know if they put the bird to

40

00:01:25,490 --> 00:01:24,230

apparently just left they don't answer

41

00:01:27,530 --> 00:01:25,500

the phone so they're probably out on the

42

00:01:29,929 --> 00:01:27,540

road right now

43

00:01:31,490 --> 00:01:29,939

and he's our probably our most senior

44

00:01:35,030 --> 00:01:31,500

pilot he's got the most hours with us

45

00:01:39,350 --> 00:01:35,040

okay and his observer's name is

46

00:01:43,850 --> 00:01:41,149

and we'd like to hear from them if

47

00:01:45,289 --> 00:01:43,860

possible okay we'll do they felt it was

48

00:01:48,170 --> 00:01:45,299

fairly important too we went ahead and

49

00:01:50,690 --> 00:01:48,180

cut a call on it and logged it out so

50

00:01:53,749 --> 00:01:50,700

that there would be a record of it also

51

00:01:56,270 --> 00:01:53,759

very good thank you very much

52

00:01:58,550 --> 00:01:56,280

hello good morning Hi how are you fine

53

00:02:00,590 --> 00:01:58,560

and you oh pretty good we understand you

54

00:02:03,050 --> 00:02:00,600

saw something tonight how about that huh

55

00:02:07,910 --> 00:02:03,060

okay would you like to describe it yeah

56

00:02:13,130 --> 00:02:07,920

it's uh we were flying I'm a cop and uh

57

00:02:15,410 --> 00:02:13,140

we were flying patrol and we cited two

58

00:02:17,210 --> 00:02:15,420

uh

59

00:02:19,850 --> 00:02:17,220

similar to

60

00:02:22,190 --> 00:02:19,860

falling stars but we they were not

61

00:02:24,350 --> 00:02:22,200

falling stars they were they were in

62

00:02:26,270 --> 00:02:24,360

formation and they went

63

00:02:28,369 --> 00:02:26,280

all the way across our windshield which

64

00:02:32,089 --> 00:02:28,379

is probably about 7 8 of the entire

65

00:02:34,970 --> 00:02:32,099

Horizon and uh that was about it

66

00:02:36,770 --> 00:02:34,980

but uh it's quite exciting

67

00:02:39,949 --> 00:02:36,780

okay now it's a pilot do you have any

68

00:02:43,070 --> 00:02:39,959

estimate size of these things no I do

69

00:02:47,390 --> 00:02:43,080

not they were high they were very high

70

00:02:49,309 --> 00:02:47,400

and very fast very fast uh they covered

71

00:02:51,110 --> 00:02:49,319

the Horizon I estimate we watched them

72

00:02:54,170 --> 00:02:51,120

for about four seconds

73

00:02:55,850 --> 00:02:54,180

and uh in other words they were so many

74

00:02:57,830 --> 00:02:55,860

reasons why they're not falling stars

75

00:02:59,030 --> 00:02:57,840

because I've been flying too long to you

76
00:03:00,470 --> 00:02:59,040
know being any kind of thinking about

77
00:03:02,869 --> 00:03:00,480
they were falling stars they were in

78
00:03:04,250 --> 00:03:02,879
formation one was ahead and the other

79
00:03:06,589 --> 00:03:04,260
one was

80
00:03:08,449 --> 00:03:06,599
uh kind of like a wingman off to the

81
00:03:10,790 --> 00:03:08,459
right a little bit you know right and

82
00:03:13,850 --> 00:03:10,800
rear type thing yes and both of them

83
00:03:16,610 --> 00:03:13,860
were identical in brightness uh size

84
00:03:17,449 --> 00:03:16,620
shape uh speed

85
00:03:19,369 --> 00:03:17,459
um

86
00:03:21,470 --> 00:03:19,379
Direction everything was identical they

87
00:03:24,170 --> 00:03:21,480
were definitely in formation

88
00:03:26,770 --> 00:03:24,180

and they just uh they were getting it

89

00:03:30,110 --> 00:03:26,780

off and I'll tell you

90

00:03:33,229 --> 00:03:30,120

did these things just move out of your

91

00:03:35,210 --> 00:03:33,239

sight or did they fade out

92

00:03:38,390 --> 00:03:35,220

um that was kind of strange to me they

93

00:03:39,949 --> 00:03:38,400

kind of uh they went across the sky and

94

00:03:41,330 --> 00:03:39,959

then

95

00:03:50,630 --> 00:03:41,340

just

96

00:03:52,250 --> 00:03:50,640

didn't go all the way down on the

97

00:03:54,830 --> 00:03:52,260

horizon they they disappeared while they

98

00:03:56,990 --> 00:03:54,840

were in the sky but they uh you know I

99

00:03:59,869 --> 00:03:57,000

just contributed that to just getting it

100

00:04:01,970 --> 00:03:59,879

so fast was that disappearance abrupt

101
00:04:03,620 --> 00:04:01,980
yes it seemed to be abrupt that's a good

102
00:04:05,390 --> 00:04:03,630
word for it

103
00:04:07,369 --> 00:04:05,400
[Music]

104
00:04:10,190 --> 00:04:07,379
in which direction were you looking at

105
00:04:12,170 --> 00:04:10,200
the time we were almost due north and

106
00:04:14,449 --> 00:04:12,180
they were we kind of turned their way

107
00:04:16,129 --> 00:04:14,459
afterwards all over we kind of I figured

108
00:04:17,930 --> 00:04:16,139
that somebody might be interested so we

109
00:04:19,129 --> 00:04:17,940
kind of re-shotted them they were gone

110
00:04:21,289 --> 00:04:19,139
on about a year

111
00:04:25,310 --> 00:04:21,299
50 degrees somewhere about a 50 degree

112
00:04:29,270 --> 00:04:27,110
a level flight

113
00:04:31,010 --> 00:04:29,280

similar yeah double yeah I'd say that

114

00:04:36,469 --> 00:04:31,020

they were going the same as the Horizon

115

00:04:41,570 --> 00:04:38,629

um both of us talked it over

116

00:04:45,110 --> 00:04:41,580

and we both feel that they were it was a

117

00:04:47,150 --> 00:04:45,120

kind of a light blue it wasn't a flame

118

00:04:49,610 --> 00:04:47,160

it wasn't a white like a falling star it

119

00:04:51,530 --> 00:04:49,620

was not like a falling star they were

120

00:04:52,850 --> 00:04:51,540

kind of a light blue

121

00:04:55,010 --> 00:04:52,860

uh

122

00:04:56,930 --> 00:04:55,020

and neither one for the speed they were

123

00:04:58,790 --> 00:04:56,940

going another reason why they weren't

124

00:05:01,310 --> 00:04:58,800

falling stars is because of the speed

125

00:05:02,810 --> 00:05:01,320

they were going they didn't leave a long

126
00:05:05,210 --> 00:05:02,820
enough tail

127
00:05:07,310 --> 00:05:05,220
there was it was a fairly short trail

128
00:05:09,230 --> 00:05:07,320
behind them considering their speed and

129
00:05:10,969 --> 00:05:09,240
yet it was a long trail but not not as

130
00:05:12,710 --> 00:05:10,979
fast as they were going there

131
00:05:14,810 --> 00:05:12,720
should have had a longer tail on it so

132
00:05:17,330 --> 00:05:14,820
kind of a light blue

133
00:05:20,710 --> 00:05:17,340
I'll see if he thinks light blue to Gray

134
00:05:24,170 --> 00:05:20,720
to me it would be a glowing light blue

135
00:05:25,850 --> 00:05:24,180
do you have tinted windows in the car no

136
00:05:28,430 --> 00:05:25,860
the glass that we saw modern was not

137
00:05:31,790 --> 00:05:30,770
do you have to look up at all to see

138
00:05:33,409 --> 00:05:31,800

those

139

00:05:36,290 --> 00:05:33,419

uh

140

00:05:38,090 --> 00:05:36,300

no well they were they were slightly up

141

00:05:40,249 --> 00:05:38,100

they were probably on a 10 degree uh

142

00:05:42,650 --> 00:05:40,259

upward from us they were about 10

143

00:05:44,270 --> 00:05:42,660

degrees up but no it wasn't uh

144

00:05:47,510 --> 00:05:44,280

they went right across in front of us

145

00:05:50,330 --> 00:05:47,520

they it was they were up there they we

146

00:05:52,430 --> 00:05:50,340

definitely know that they were real high

147

00:05:54,350 --> 00:05:52,440

but they went across our Horizon right

148

00:05:56,570 --> 00:05:54,360

across our windshield okay could you

149

00:05:58,850 --> 00:05:56,580

make an estimate of size by comparing it

150

00:06:00,950 --> 00:05:58,860

with something no I really can't they

151
00:06:02,390 --> 00:06:00,960
were just I don't have any way to figure

152
00:06:05,270 --> 00:06:02,400
out how high they were they were just

153
00:06:07,730 --> 00:06:05,280
they were high they were definitely High

154
00:06:10,490 --> 00:06:07,740
there's no way to estimate size

155
00:06:16,129 --> 00:06:10,500
see what was the exact time of that I

156
00:06:22,309 --> 00:06:19,370
and you felt that was just uh for how

157
00:06:23,930 --> 00:06:22,319
long uh I think we saw for about four he

158
00:06:25,430 --> 00:06:23,940
thinks about four to five seconds I

159
00:06:28,010 --> 00:06:25,440
think about four seconds would just

160
00:06:30,050 --> 00:06:28,020
about coming and you would rule out a

161
00:06:32,930 --> 00:06:30,060
meteor large meteors oh definitely

162
00:06:34,249 --> 00:06:32,940
absolutely I mean even if it would have

163
00:06:36,770 --> 00:06:34,259

been one of them

164

00:06:38,330 --> 00:06:36,780

uh number one there's just no way that

165

00:06:40,550 --> 00:06:38,340

two meteors are going to fall side by

166

00:06:42,830 --> 00:06:40,560

side in formation exactly I mean both

167

00:06:45,230 --> 00:06:42,840

sides were exactly the same

168

00:06:47,689 --> 00:06:45,240

both of them were exactly the same

169

00:06:49,850 --> 00:06:47,699

appearance

170

00:06:52,249 --> 00:06:49,860

and I've seen so many falling stars I

171

00:06:54,050 --> 00:06:52,259

have about uh I have over 5 000 hours of

172

00:06:56,809 --> 00:06:54,060

flying and I've seen so many falling

173

00:06:58,490 --> 00:06:56,819

stars and uh they were not falling stars

174

00:06:59,870 --> 00:06:58,500

they were not bright enough to be a

175

00:07:02,809 --> 00:06:59,880

falling star

176

00:07:04,610 --> 00:07:02,819

and they were just identical and they

177

00:07:05,930 --> 00:07:04,620

were definitely you know they were in

178

00:07:08,050 --> 00:07:05,940

formation

179

00:07:10,689 --> 00:07:08,060

which is just

180

00:07:13,490 --> 00:07:10,699

probably cheers

181

00:07:15,469 --> 00:07:13,500

now when they came into your view was it

182

00:07:17,510 --> 00:07:15,479

something that you felt just moved into

183

00:07:19,550 --> 00:07:17,520

your view or did it just suddenly appear

184

00:07:20,749 --> 00:07:19,560

there I forget what we were doing I

185

00:07:22,430 --> 00:07:20,759

think we were working a crawl or

186

00:07:25,010 --> 00:07:22,440

something and then just out of the

187

00:07:26,210 --> 00:07:25,020

corner of my eye I saw him and I and I

188

00:07:28,430 --> 00:07:26,220

uh

189

00:07:31,490 --> 00:07:28,440

pointed him out in just about just after

190

00:07:33,890 --> 00:07:31,500

that he spotted him and we just both

191

00:07:35,870 --> 00:07:33,900

watched him and I kept at first you know

192

00:07:37,129 --> 00:07:35,880

a fallen star and then I kept waiting

193

00:07:38,870 --> 00:07:37,139

for him to fade out like a falling

194

00:07:41,089 --> 00:07:38,880

Starwood and they just kept going and

195

00:07:42,230 --> 00:07:41,099

going and going and going and then I

196

00:07:44,629 --> 00:07:42,240

started realizing their information

197

00:07:46,809 --> 00:07:44,639

there's two of them and uh then when

198

00:07:50,830 --> 00:07:46,819

they disappeared

199

00:07:54,050 --> 00:07:50,840

we have just seen a UFO

200

00:07:57,790 --> 00:07:54,060

and let's see is this the first time

201
00:08:00,290 --> 00:07:57,800
you've ever seen anything like this yes

202
00:08:02,330 --> 00:08:00,300
and then it got for 11 and a half years

203
00:08:03,469 --> 00:08:02,340
and I've been flying for about six and a

204
00:08:07,010 --> 00:08:03,479
half of that

205
00:08:09,650 --> 00:08:07,020
there is uh never seen anything like it

206
00:08:11,570 --> 00:08:09,660
and uh the only two the only two

207
00:08:13,370 --> 00:08:11,580
explanations could have been

208
00:08:15,110 --> 00:08:13,380
there would even been you know somebody

209
00:08:17,270 --> 00:08:15,120
could even argue with this about would

210
00:08:19,189 --> 00:08:17,280
be falling stars of which they were

211
00:08:21,589 --> 00:08:19,199
definitely not and then another thing

212
00:08:23,510 --> 00:08:21,599
might be a jet airplane absolutely not

213
00:08:25,909 --> 00:08:23,520

they're too fast

214

00:08:28,249 --> 00:08:25,919

to be any kind of jet that we have

215

00:08:29,809 --> 00:08:28,259

and uh a jet I don't believe would have

216

00:08:31,850 --> 00:08:29,819

a trail like that

217

00:08:33,769 --> 00:08:31,860

did you check with any of the FAA

218

00:08:36,529 --> 00:08:33,779

agencies there to see if they had that

219

00:08:40,130 --> 00:08:36,539

thing on radar I called uh Long Beach

220

00:08:41,449 --> 00:08:40,140

Tower and they they kind of laughed I

221

00:08:44,029 --> 00:08:41,459

think they thought we were kidding them

222

00:08:45,530 --> 00:08:44,039

or something and I talked to him and uh

223

00:08:47,269 --> 00:08:45,540

I could tell that that wasn't going to

224

00:08:49,310 --> 00:08:47,279

get anywhere so I just kind of let him

225

00:08:51,829 --> 00:08:49,320

laugh it off but they were over there

226

00:08:53,389 --> 00:08:51,839

sleeping or something now they uh I

227

00:08:55,130 --> 00:08:53,399

asked him if you had anybody reporting

228

00:08:57,050 --> 00:08:55,140

any sightings of UFOs and they uh

229

00:08:58,910 --> 00:08:57,060

snickered and said no but you're the

230

00:09:00,710 --> 00:08:58,920

first and I they were treating like a

231

00:09:02,949 --> 00:09:00,720

joke so I didn't want to push that right

232

00:09:06,290 --> 00:09:02,959

so I told him to go back to sleep

233

00:09:08,150 --> 00:09:06,300

but no that was that was it we had

234

00:09:09,710 --> 00:09:08,160

another one earlier in the city tonight

235

00:09:13,070 --> 00:09:09,720

we had

236

00:09:15,410 --> 00:09:13,080

a call from Lady saw our UFO

237

00:09:17,030 --> 00:09:15,420

and I asked him if they gotten her

238

00:09:19,070 --> 00:09:17,040

number but they evidently didn't take a

239

00:09:21,769 --> 00:09:19,080

number or anything else yeah we checked

240

00:09:23,690 --> 00:09:21,779

that out naturally we kind of that too

241

00:09:25,490 --> 00:09:23,700

yeah we had a call earlier this evening

242

00:09:27,410 --> 00:09:25,500

from a couple pilots flying over the

243

00:09:29,810 --> 00:09:27,420

area I think around 8 45 or something

244

00:09:32,630 --> 00:09:29,820

like that they spotted something up

245

00:09:34,130 --> 00:09:32,640

there yeah it's it's exciting and you

246

00:09:36,470 --> 00:09:34,140

know like I'm one of these people that

247

00:09:38,090 --> 00:09:36,480

uh I'm very open-minded to this kind of

248

00:09:39,829 --> 00:09:38,100

stuff and uh you know I don't say I

249

00:09:40,910 --> 00:09:39,839

believe in them but I definitely think

250

00:09:42,470 --> 00:09:40,920

that a person has to be pretty

251
00:09:43,850 --> 00:09:42,480
narrow-minded to believe that we're out

252
00:09:46,850 --> 00:09:43,860
here in this big

253
00:09:50,990 --> 00:09:46,860
uh ocean of air and not maybe the only

254
00:09:53,750 --> 00:09:51,000
ones in it so amen yeah how are the sky

255
00:09:57,410 --> 00:09:53,760
conditions clear beautiful night out

256
00:10:01,310 --> 00:09:57,420
here absolutely clear no clouds uh no

257
00:10:04,150 --> 00:10:01,320
Haze nothing absolutely beautiful night

258
00:10:06,650 --> 00:10:04,160
60 degrees I mean it's just beautiful

259
00:10:08,930 --> 00:10:06,660
I'm trying to think of anything else and

260
00:10:11,990 --> 00:10:10,130
you can think of anything yeah it was

261
00:10:13,930 --> 00:10:12,000
really exciting I'm always glad I

262
00:10:16,490 --> 00:10:13,940
finally saw something like that

263
00:10:18,050 --> 00:10:16,500

well we sure appreciate you talking to

264

00:10:21,769 --> 00:10:18,060

us and if you see anything in the future

265

00:10:24,170 --> 00:10:21,779

give us a call call collect uh it's this

266

00:10:26,690 --> 00:10:24,180

line is collect for any police officers

267

00:10:29,269 --> 00:10:26,700

who are seeing things and recording

268

00:10:32,030 --> 00:10:29,279

what's that what do you do with this now

269

00:10:34,790 --> 00:10:32,040

well of course we'll hope that other

270

00:10:36,949 --> 00:10:34,800

witnesses will come through and then uh

271

00:10:40,910 --> 00:10:36,959

we'll evaluate the information and run

272

00:10:43,850 --> 00:10:40,920

it through a data reduction system and

273

00:10:45,889 --> 00:10:43,860

catalog that into our data bank and use

274

00:10:48,230 --> 00:10:45,899

it for our research programs that's

275

00:10:49,730 --> 00:10:48,240

interesting I know one of our units uh

276

00:10:52,130 --> 00:10:49,740

said that he had to cut about four

277

00:10:53,930 --> 00:10:52,140

people that saw the same thing we did so

278

00:10:55,910 --> 00:10:53,940

you know we didn't push that either so

279

00:10:58,030 --> 00:10:55,920

and I thought somebody said that a

280

00:11:00,769 --> 00:10:58,040

couple more of our units have seen them

281

00:11:02,990 --> 00:11:00,779

so you might I don't I don't know if

282

00:11:04,310 --> 00:11:03,000

that would be any good but uh I know we

283

00:11:05,630 --> 00:11:04,320

saw him and everybody was kind of

284

00:11:06,889 --> 00:11:05,640

curious and they were everybody was kind

285

00:11:09,290 --> 00:11:06,899

of chuckling us at first until I

286

00:11:11,990 --> 00:11:09,300

realized that we were serious right and

287

00:11:13,610 --> 00:11:12,000

both of us discussed this and we

288

00:11:15,290 --> 00:11:13,620

definitely know that they were not

289

00:11:17,210 --> 00:11:15,300

anything but they they were that's the

290

00:11:18,910 --> 00:11:17,220

only thing they could be it's just the

291

00:11:21,410 --> 00:11:18,920

conditions there was

292

00:11:23,030 --> 00:11:21,420

no way that's what they were were you

293

00:11:26,990 --> 00:11:23,040

directly over Huntington Beach it's time

294

00:11:29,090 --> 00:11:27,000

yes right about the middle of the city

295

00:11:30,590 --> 00:11:29,100

going almost in the same direction as

296

00:11:31,730 --> 00:11:30,600

they were just a little bit and they

297

00:11:32,870 --> 00:11:31,740

just cut all the way across them okay

298

00:11:35,090 --> 00:11:32,880

then would you say they were coming in

299

00:11:36,710 --> 00:11:35,100

from the ocean they were I kind of

300

00:11:39,410 --> 00:11:36,720

described it at first from uh yeah they

301
00:11:43,069 --> 00:11:39,420
were coming in from the ocean about a uh

302
00:11:44,389 --> 00:11:43,079
Southwest to a Northeast attitude and

303
00:11:50,210 --> 00:11:44,399
about and then we kind of went on the

304
00:11:53,090 --> 00:11:52,009
okay thanks a lot Jim well thank you

305
00:11:55,970 --> 00:11:53,100
very much all right have a nice day

306
00:11:57,949 --> 00:11:55,980
goodbye yeah this sergeant in Santa Ana

307
00:11:59,210 --> 00:11:57,959
Police Department yes sir how many calls

308
00:12:01,210 --> 00:11:59,220
have you had tonight

309
00:12:03,430 --> 00:12:01,220
quite a few

310
00:12:05,389 --> 00:12:03,440
they were me Dave

311
00:12:06,829 --> 00:12:05,399
I was just talking to some of the people

312
00:12:09,230 --> 00:12:06,839
down here I'm in I'm in Southern

313
00:12:12,170 --> 00:12:09,240

California yes okay well I was talking

314

00:12:14,870 --> 00:12:12,180

to I started calling around

315

00:12:18,230 --> 00:12:14,880

to uh some of the different uh control

316

00:12:20,569 --> 00:12:18,240

Towers uh talk to LAX uh their control

317

00:12:22,310 --> 00:12:20,579

tower uh the controller set there said

318

00:12:25,850 --> 00:12:22,320

he didn't see him but he had two reports

319

00:12:27,829 --> 00:12:25,860

on them from a pilot and then I talked

320

00:12:31,250 --> 00:12:27,839

to Ontario and he hadn't heard anything

321

00:12:32,569 --> 00:12:31,260

but the military base uh when I was

322

00:12:35,690 --> 00:12:32,579

trying to come up with a number this

323

00:12:38,090 --> 00:12:35,700

number this UFO side number uh

324

00:12:40,730 --> 00:12:38,100

military Mart said March Air Force Base

325

00:12:42,889 --> 00:12:40,740

spotted them and uh all the police

326

00:12:44,509 --> 00:12:42,899

departments in between here and God only

327

00:12:47,389 --> 00:12:44,519

knows where

328

00:12:49,370 --> 00:12:47,399

so how far north did they did you get

329

00:12:52,850 --> 00:12:49,380

your calls from well we've got some out

330

00:12:55,389 --> 00:12:52,860

of uh as far north as Marin County

331

00:12:58,910 --> 00:12:55,399

we heard we heard about 10 minutes after

332

00:13:02,090 --> 00:12:58,920

uh we saw our dispatcher inside was

333

00:13:05,030 --> 00:13:02,100

talking to control one which is a

334

00:13:07,389 --> 00:13:05,040

centralized Base Communications base for

335

00:13:10,430 --> 00:13:07,399

all of Orange County and they said they

336

00:13:12,110 --> 00:13:10,440

had gotten reports of sighting in Santa

337

00:13:14,090 --> 00:13:12,120

Clara County which is just south of

338

00:13:16,490 --> 00:13:14,100

Marin County yeah so whatever it was it

339

00:13:19,069 --> 00:13:16,500

had to be quite high oh yeah they were

340

00:13:20,389 --> 00:13:19,079

and boy were they moving I we saw them

341

00:13:22,430 --> 00:13:20,399

only for about

342

00:13:24,769 --> 00:13:22,440

I want to say four or five seconds and

343

00:13:27,550 --> 00:13:24,779

they were coming out of the South

344

00:13:30,590 --> 00:13:27,560

kind of the Southwest going Northeast

345

00:13:33,290 --> 00:13:30,600

and uh that was almost

346

00:13:34,790 --> 00:13:33,300

well from the south or right Southeast

347

00:13:37,250 --> 00:13:34,800

Horizon to where we couldn't see them

348

00:13:39,470 --> 00:13:37,260

over some buildings but uh quoting this

349

00:13:41,329 --> 00:13:39,480

pilot that reported LAX he saw the

350

00:13:43,970 --> 00:13:41,339

horizon horizon in about 10 seconds

351
00:13:46,009 --> 00:13:43,980
whereas we just talked to him oh did you

352
00:13:48,170 --> 00:13:46,019
right the pilot right he's Huntington

353
00:13:50,750 --> 00:13:48,180
Beach oh is that right yeah they were

354
00:13:54,530 --> 00:13:50,760
flying their helicopter at the time

355
00:13:56,090 --> 00:13:54,540
police right oh is that right whether

356
00:13:59,210 --> 00:13:56,100
what are the guests that made on

357
00:14:00,530 --> 00:13:59,220
altitude well he's so hard to tell he

358
00:14:02,810 --> 00:14:00,540
wasn't going to make any estimate

359
00:14:04,670 --> 00:14:02,820
because he had no way of telling without

360
00:14:07,190 --> 00:14:04,680
knowing the size of the thing yeah did

361
00:14:09,110 --> 00:14:07,200
he report two lights right one A

362
00:14:11,329 --> 00:14:09,120
different altitude right but he said

363
00:14:13,310 --> 00:14:11,339

they held their formation all the way

364

00:14:15,949 --> 00:14:13,320

if it was a formation it was hard to

365

00:14:18,889 --> 00:14:15,959

tell we never did could distinguish a uh

366

00:14:19,850 --> 00:14:18,899

a body or a form but there were two

367

00:14:21,710 --> 00:14:19,860

lights and they were at different

368

00:14:24,650 --> 00:14:21,720

altitudes you know it was either an

369

00:14:26,690 --> 00:14:24,660

awfully big object with light on top and

370

00:14:28,550 --> 00:14:26,700

bottom or there were two of them you

371

00:14:30,290 --> 00:14:28,560

know whatever

372

00:14:31,970 --> 00:14:30,300

but I've been a police officer for 13

373

00:14:33,370 --> 00:14:31,980

years I've never seen anything like it

374

00:14:36,410 --> 00:14:33,380

it was neat

375

00:14:40,069 --> 00:14:36,420

I wanted to come back can we get your

376

00:14:42,889 --> 00:14:40,079

name again yeah do I have to oh no no no

377

00:14:44,750 --> 00:14:42,899

that's all right if a sergeant was Santa

378

00:14:48,170 --> 00:14:44,760

Ana Police Department

379

00:14:50,030 --> 00:14:48,180

but I had uh well after I called it in

380

00:14:52,610 --> 00:14:50,040

just fool around the dispatcher I said

381

00:14:54,290 --> 00:14:52,620

we got UFOs in the area about three

382

00:14:56,750 --> 00:14:54,300

other officers colleagues said yeah I

383

00:14:59,269 --> 00:14:56,760

saw them too I had two officers standing

384

00:15:01,250 --> 00:14:59,279

with me at the time and we watched them

385

00:15:04,850 --> 00:15:01,260

and apparently talking on the military

386

00:15:07,310 --> 00:15:04,860

police down here they heard on their

387

00:15:08,449 --> 00:15:07,320

scanners at the sheriff's office here

388

00:15:11,870 --> 00:15:08,459

and several of the other police

389

00:15:15,110 --> 00:15:11,880

departments heard it or observed numbers

390

00:15:17,150 --> 00:15:15,120

yeah and I would I wouldn't uh

391

00:15:18,829 --> 00:15:17,160

try to guesstimate on altitude either

392

00:15:22,310 --> 00:15:18,839

because there's no way of knowing right

393

00:15:24,710 --> 00:15:22,320

I'm A Private Pilot I fly and I know

394

00:15:27,230 --> 00:15:24,720

there isn't anything made that's moved

395

00:15:28,430 --> 00:15:27,240

that fast you know my first spotted like

396

00:15:30,769 --> 00:15:28,440

I said I thought it was a shooting star

397

00:15:32,569 --> 00:15:30,779

because and I didn't even get it out of

398

00:15:34,850 --> 00:15:32,579

my mouth I realized it was and then I

399

00:15:36,949 --> 00:15:34,860

thought airplane landing lights you know

400

00:15:38,150 --> 00:15:36,959

because it was moving so fast that it

401
00:15:39,889 --> 00:15:38,160
couldn't have no way it could have been

402
00:15:41,689 --> 00:15:39,899
an airplane

403
00:15:44,110 --> 00:15:41,699
and uh

404
00:15:46,910 --> 00:15:44,120
it's just very unusual

405
00:15:50,629 --> 00:15:46,920
well we sure appreciate your report sure

406
00:15:51,949 --> 00:15:50,639
did uh wake you up or no no we've been

407
00:15:54,110 --> 00:15:51,959
up oil

408
00:15:55,850 --> 00:15:54,120
are you with the government no it's a

409
00:15:57,829 --> 00:15:55,860
private scientific organization oh is

410
00:15:59,389 --> 00:15:57,839
that right right I wasn't aware of that

411
00:16:03,410 --> 00:15:59,399
yeah the government has given up their

412
00:16:05,150 --> 00:16:03,420
study so we have to go alone

413
00:16:07,189 --> 00:16:05,160

and most of it came just from California

414

00:16:10,069 --> 00:16:07,199

right mm-hmm

415

00:16:11,449 --> 00:16:10,079

very good what do I want to write this

416

00:16:14,210 --> 00:16:11,459

number down we couldn't find our number

417

00:16:16,250 --> 00:16:14,220

so what do I list it as besides UFO

418

00:16:19,310 --> 00:16:16,260

sightings just UFO Reporting Center

419

00:16:24,050 --> 00:16:19,320

Reporting Center right okay

420

00:16:27,550 --> 00:16:24,060

and and uh are you in Seattle right okay

421

00:16:31,310 --> 00:16:27,560

and any any police Personnel seen things

422

00:16:34,129 --> 00:16:31,320

uh came call collect if they have no

423

00:16:37,189 --> 00:16:34,139

other means there oh okay that's good to

424

00:16:39,650 --> 00:16:37,199

know very good okay nice how's the

425

00:16:42,650 --> 00:16:39,660

weather up there a little cloudy is it

426

00:16:44,930 --> 00:16:42,660

yeah but otherwise very mild

427

00:16:46,970 --> 00:16:44,940

well that's not good we need rain do you

428

00:16:48,290 --> 00:16:46,980

guys need rain boy we needed an Eastern

429

00:16:50,030 --> 00:16:48,300

Washington they're ready to blow away

430

00:16:51,769 --> 00:16:50,040

over there oh is that right yeah well of

431

00:16:53,689 --> 00:16:51,779

course California and all they're racing

432

00:16:55,730 --> 00:16:53,699

water in our northern part of our state

433

00:16:57,530 --> 00:16:55,740

yeah it looked pretty bad for us here

434

00:16:59,569 --> 00:16:57,540

for a while but it's been raining off

435

00:17:00,829 --> 00:16:59,579

and on for about three weeks now well

436

00:17:02,810 --> 00:17:00,839

that's good

437

00:17:05,829 --> 00:17:02,820

very good okay nice talking to you right

438

00:17:11,449 --> 00:17:08,449

yes ma'am thank you

439

00:17:13,010 --> 00:17:11,459

hello hi there hi I understand you saw

440

00:17:15,949 --> 00:17:13,020

something tonight yes it was a little

441

00:17:17,870 --> 00:17:15,959

strange okay we'd like to get your uh

442

00:17:21,710 --> 00:17:17,880

version of it okay

443

00:17:23,390 --> 00:17:21,720

uh we were myself my partner I believe

444

00:17:25,490 --> 00:17:23,400

you've already talked to him right we're

445

00:17:27,230 --> 00:17:25,500

uh heading Northbound along Golden West

446

00:17:30,169 --> 00:17:27,240

Street which day North South Street in

447

00:17:34,490 --> 00:17:30,179

our city and uh I believe we're about

448

00:17:38,210 --> 00:17:34,500

800 feet we're in a helicopter and uh

449

00:17:39,950 --> 00:17:38,220

we're watching the uh The Horizon and

450

00:17:42,470 --> 00:17:39,960

my partner was in a let's see the

451
00:17:44,930 --> 00:17:42,480
helicopter uh caught my attention to two

452
00:17:45,650 --> 00:17:44,940
objects he saw moving across the sky and

453
00:17:47,510 --> 00:17:45,660
uh

454
00:17:50,210 --> 00:17:47,520
I looked at him they were on the left

455
00:17:54,470 --> 00:17:50,220
side of our helicopter Bubble at that

456
00:17:59,270 --> 00:17:54,480
time and uh I looked up and saw

457
00:18:01,010 --> 00:17:59,280
two objects uh kind of a light bluish in

458
00:18:01,669 --> 00:18:01,020
color of blueish blow to him or

459
00:18:03,409 --> 00:18:01,679
something

460
00:18:06,350 --> 00:18:03,419
and they were heading

461
00:18:07,970 --> 00:18:06,360
well in from a southwesterly to

462
00:18:10,130 --> 00:18:07,980
northeasterly Direction

463
00:18:12,590 --> 00:18:10,140

and very high rate of speed and we had

464

00:18:13,909 --> 00:18:12,600

them in visual for about around five

465

00:18:19,130 --> 00:18:13,919

seconds

466

00:18:22,669 --> 00:18:19,140

they were both exactly identical

467

00:18:26,029 --> 00:18:22,679

in size and shape a like a teardrop with

468

00:18:28,370 --> 00:18:26,039

a tail on it and both uh one was flying

469

00:18:31,250 --> 00:18:28,380

just a little bit uh

470

00:18:32,930 --> 00:18:31,260

to the uh left I believe and ahead of

471

00:18:35,570 --> 00:18:32,940

the other and they would look like they

472

00:18:37,669 --> 00:18:35,580

were in formation flying cross and it

473

00:18:38,990 --> 00:18:37,679

was very odd

474

00:18:41,029 --> 00:18:39,000

this is the first time I've ever seen

475

00:18:44,090 --> 00:18:41,039

anything like that okay now did you see

476
00:18:45,650 --> 00:18:44,100
the objects as they disappeared from

477
00:18:48,049 --> 00:18:45,660
your view did these things just

478
00:18:50,210 --> 00:18:48,059
disappear abruptly or did they just go

479
00:18:51,350 --> 00:18:50,220
out of sight in the distance well they

480
00:18:53,330 --> 00:18:51,360
uh

481
00:18:56,330 --> 00:18:53,340
it it appears that say I'm trying to

482
00:18:58,669 --> 00:18:56,340
think they were they got to my right

483
00:19:02,390 --> 00:18:58,679
the bubble of the helicopter comes down

484
00:19:04,789 --> 00:19:02,400
and obscured my vision and uh so

485
00:19:06,289 --> 00:19:04,799
after about uh I'd say four to five

486
00:19:09,470 --> 00:19:06,299
seconds when they got to the right part

487
00:19:11,210 --> 00:19:09,480
where my vision is obscured by a part of

488
00:19:13,789 --> 00:19:11,220

the frame of the bubble that I couldn't

489

00:19:16,970 --> 00:19:13,799

see him anymore so and in that sense the

490

00:19:18,830 --> 00:19:16,980

word was abruptly same after that

491

00:19:20,870 --> 00:19:18,840

okay would you say these things were

492

00:19:21,950 --> 00:19:20,880

quite High yeah I'd say I'd say they

493

00:19:23,750 --> 00:19:21,960

were quite High

494

00:19:25,190 --> 00:19:23,760

we couldn't make any form to them at all

495

00:19:27,650 --> 00:19:25,200

you know like a you know you can make

496

00:19:28,310 --> 00:19:27,660

out form you know the the plane in the

497

00:19:30,830 --> 00:19:28,320

night

498

00:19:33,650 --> 00:19:30,840

you know in normal altitudes your normal

499

00:19:36,049 --> 00:19:33,660

approach altitude but uh yeah these were

500

00:19:37,789 --> 00:19:36,059

these were quite High

501
00:19:40,250 --> 00:19:37,799
okay now in your opinion how long did

502
00:19:42,710 --> 00:19:40,260
you watch those I'd say between

503
00:19:44,390 --> 00:19:42,720
in between four and six seconds it's you

504
00:19:46,070 --> 00:19:44,400
know hard to say exactly but it was

505
00:19:49,250 --> 00:19:46,080
between four and four four and six

506
00:19:51,110 --> 00:19:49,260
seconds they traversed the whole uh

507
00:19:53,450 --> 00:19:51,120
our whole vision from inside of our

508
00:19:54,350 --> 00:19:53,460
bubble in the helicopter from left to

509
00:19:56,990 --> 00:19:54,360
right

510
00:20:00,289 --> 00:19:57,000
okay were they leaving a trail that you

511
00:20:02,090 --> 00:20:00,299
could see yeah uh the trail was all like

512
00:20:04,789 --> 00:20:02,100
was attached it was like a tail more

513
00:20:06,110 --> 00:20:04,799

than a trail okay and uh

514

00:20:07,789 --> 00:20:06,120

that's that was what we thought about

515

00:20:09,830 --> 00:20:07,799

them because they were identical you

516

00:20:11,690 --> 00:20:09,840

know they're the same distance each was

517

00:20:13,789 --> 00:20:11,700

exactly the same

518

00:20:15,830 --> 00:20:13,799

okay when your opinion where they flying

519

00:20:17,750 --> 00:20:15,840

a horizontal flight path oh yeah the

520

00:20:20,930 --> 00:20:17,760

attitude was definitely horizontal okay

521

00:20:25,250 --> 00:20:20,940

definitely parallel to the ground

522

00:20:28,549 --> 00:20:27,049

you know I forgot to ask his telephone

523

00:20:31,070 --> 00:20:28,559

number do you have that hand I don't

524

00:20:34,490 --> 00:20:31,080

have it handy I'm sure you can probably

525

00:20:37,789 --> 00:20:34,500

call back and get it yeah sure

526

00:20:39,470 --> 00:20:37,799

okay I think we have

527

00:20:41,510 --> 00:20:39,480

all the information we need we've had

528

00:20:43,430 --> 00:20:41,520

quite a few calls from the Southern

529

00:20:45,710 --> 00:20:43,440

California area on this

530

00:20:47,630 --> 00:20:45,720

tonight right that's that's really

531

00:20:50,930 --> 00:20:47,640

really odd yeah it was it was real

532

00:20:52,730 --> 00:20:50,940

strange uh we had just investigated one

533

00:20:56,330 --> 00:20:52,740

earlier we had just left it off in the

534

00:20:59,810 --> 00:20:56,340

pad and uh I guess it's about 9 30 or

535

00:21:02,810 --> 00:20:59,820

they're about nine o'clock and we got a

536

00:21:04,250 --> 00:21:02,820

radio call to responding every Heil and

537

00:21:05,750 --> 00:21:04,260

Edwards in our city and check for one

538

00:21:07,549 --> 00:21:05,760

and uh

539

00:21:09,230 --> 00:21:07,559

you know we thought at that time there

540

00:21:11,210 --> 00:21:09,240

was a lot of air traffic up you know L.A

541

00:21:12,590 --> 00:21:11,220

still in Long Beach are still busy with

542

00:21:14,810 --> 00:21:12,600

all their you know people coming in

543

00:21:16,070 --> 00:21:14,820

there's a lot of air traffic up and we

544

00:21:17,930 --> 00:21:16,080

thought well you know she just saw

545

00:21:20,630 --> 00:21:17,940

lights or something

546

00:21:21,590 --> 00:21:20,640

so we flew over there looked around

547

00:21:23,150 --> 00:21:21,600

didn't say anything but a bunch of

548

00:21:26,990 --> 00:21:23,160

airplanes in the sky just forgot about

549

00:21:28,730 --> 00:21:27,000

it until about 3 15. yeah

550

00:21:31,850 --> 00:21:28,740

okay well we sure appreciate your

551
00:21:35,330 --> 00:21:31,860
calling and uh this number is for police

552
00:21:37,370 --> 00:21:35,340
Personnel is open for collect calls okay

553
00:21:40,490 --> 00:21:37,380
and otherwise for the general public

554
00:21:43,430 --> 00:21:40,500
it's just straight down direct yeah

555
00:21:44,930 --> 00:21:43,440
but uh if we get anything regarding uh

556
00:21:46,250 --> 00:21:44,940
the identification of these things why

557
00:21:48,789 --> 00:21:46,260
we'll get back to you and let you know

558
00:21:51,590 --> 00:21:48,799
yeah I appreciate it okay thanks a lot

559
00:21:54,649 --> 00:21:51,600
yeah my name is from Los Angeles yes sir

560
00:21:56,870 --> 00:21:54,659
I'm uh got the number here for UFO

561
00:21:59,270 --> 00:21:56,880
Reporting Center right right

562
00:22:01,610 --> 00:21:59,280
do you guys have enough calls tonight

563
00:22:03,350 --> 00:22:01,620

and we had our share from your area oh

564

00:22:05,510 --> 00:22:03,360

okay then I won't bother you what it is

565

00:22:07,549 --> 00:22:05,520

did you see something yourself no not

566

00:22:10,549 --> 00:22:07,559

myself I just reported from our aircraft

567

00:22:12,850 --> 00:22:10,559

oh well do you have any names or

568

00:22:17,270 --> 00:22:12,860

involved Witnesses

569

00:22:19,970 --> 00:22:17,280

believe it or not tomorrow

570

00:22:21,490 --> 00:22:19,980

but I think his first name okay did you

571

00:22:27,470 --> 00:22:21,500

have a telephone number

572

00:22:32,750 --> 00:22:30,409

yeah what's zero girls phone number

573

00:22:38,350 --> 00:22:32,760

anyway uh you want to copy this stuff

574

00:22:40,970 --> 00:22:38,360

down yes okay at 3 25 0 3 25.

575

00:22:43,070 --> 00:22:40,980

uh spotted what will appear to be white

576

00:22:47,110 --> 00:22:43,080

lights

577

00:22:50,750 --> 00:22:47,120

direction of travel is west to east

578

00:22:56,330 --> 00:22:53,710

five to six hundred miles per hour

579

00:22:59,149 --> 00:22:56,340

appeared to be a magnesium ball and he's

580

00:23:01,789 --> 00:22:59,159

in a trailed off a particle that dropped

581

00:23:03,409 --> 00:23:01,799

about 70 to 75 feet before uh burning

582

00:23:06,470 --> 00:23:03,419

out

583

00:23:07,970 --> 00:23:06,480

okay and he's a he's a pilot or an

584

00:23:08,810 --> 00:23:07,980

observer I don't know which I didn't ask

585

00:23:11,510 --> 00:23:08,820

him

586

00:23:14,390 --> 00:23:11,520

uh from our air Bureau at uh that's

587

00:23:16,370 --> 00:23:14,400

based at Long Beach Airport let's see

588

00:23:19,370 --> 00:23:16,380

okay then he also had another sighting

589

00:23:21,950 --> 00:23:19,380

last night uh 20 45 hours

590

00:23:25,010 --> 00:23:21,960

that would be on the 21st

591

00:23:29,270 --> 00:23:25,020

okay it was uh 200 miles per hour and

592

00:23:31,430 --> 00:23:29,280

accelerating from Northeast to Southwest

593

00:23:33,470 --> 00:23:31,440

it disappeared on Horizon that was about

594

00:23:37,070 --> 00:23:33,480

200 feet he was in a chopper at that

595

00:23:40,490 --> 00:23:39,409

and who's calling again this is the Los

596

00:23:43,130 --> 00:23:40,500

Angeles County Sheriff's Department

597

00:23:44,750 --> 00:23:43,140

County Sheriff okay

598

00:23:46,909 --> 00:23:44,760

well we sure appreciate this information

599

00:23:50,049 --> 00:23:46,919

okay did you get that phone number yes

600

00:23:52,549 --> 00:23:50,059

sir thank you very much

601
00:23:54,590 --> 00:23:52,559
uh yes sir Sergeant I'm calling for the

602
00:23:56,750 --> 00:23:54,600
UFO Reporting Center in Washington right

603
00:23:58,549 --> 00:23:56,760
we talked to your uh communications

604
00:24:00,710 --> 00:23:58,559
center earlier this morning and they

605
00:24:02,270 --> 00:24:00,720
said that a couple of your Pilots had

606
00:24:04,190 --> 00:24:02,280
been up and seen the two objects that

607
00:24:06,289 --> 00:24:04,200
went over uh California yeah that's

608
00:24:08,750 --> 00:24:06,299
correct and we're trying to get the

609
00:24:11,029 --> 00:24:08,760
party's names and home telephone numbers

610
00:24:13,730 --> 00:24:11,039
now he said that one wasn't had the last

611
00:24:17,570 --> 00:24:13,740
name or that's right uh you want to hold

612
00:24:19,789 --> 00:24:17,580
on for a second he's here sure all right

613
00:24:21,830 --> 00:24:19,799

uh good morning this is UFO Reporting

614

00:24:23,330 --> 00:24:21,840

Center in Washington Jeff I wonder if we

615

00:24:25,310 --> 00:24:23,340

could get a description of the objects

616

00:24:28,430 --> 00:24:25,320

you saw this morning

617

00:24:29,810 --> 00:24:28,440

uh yeah hey are you the minute I we go

618

00:24:32,090 --> 00:24:29,820

on duty about three o'clock

619

00:24:34,490 --> 00:24:32,100

uh yes okay I'm the one that called you

620

00:24:37,370 --> 00:24:34,500

oh I see so you can put my name on it

621

00:24:40,250 --> 00:24:37,380

now I couldn't do it okay that's quite

622

00:24:41,990 --> 00:24:40,260

an overlap there well yeah it was uh

623

00:24:43,669 --> 00:24:42,000

like I said you know I was headed this

624

00:24:45,169 --> 00:24:43,679

morning to the rest of this thing went

625

00:24:47,510 --> 00:24:45,179

down and then it became official as far

626

00:24:50,029 --> 00:24:47,520

as we were concerned yeah and my my

627

00:24:51,590 --> 00:24:50,039

camping really is thinking yeah hey okay

628

00:24:53,930 --> 00:24:51,600

you have the two we have this morning

629

00:24:58,549 --> 00:24:53,940

right right okay what was your first

630

00:25:03,289 --> 00:25:00,289

and deputy sheriff of the County of Los

631

00:25:04,730 --> 00:25:03,299

Angeles and all that sort of thing yeah

632

00:25:07,970 --> 00:25:04,740

okay and I gave you the time this

633

00:25:12,470 --> 00:25:07,980

morning was about 20 45. right in there

634

00:25:16,370 --> 00:25:13,669

and if somebody from our department

635

00:25:18,409 --> 00:25:16,380

again for the college and I assume uh

636

00:25:20,330 --> 00:25:18,419

yeah the communications center that

637

00:25:22,310 --> 00:25:20,340

argue was they already were up right

638

00:25:24,649 --> 00:25:22,320

okay he advised you we had another

639

00:25:27,590 --> 00:25:24,659

sighting that uh one of our Firestone

640

00:25:29,269 --> 00:25:27,600

parking I just decided it right now

641

00:25:31,970 --> 00:25:29,279

apparently as we tied that down time

642

00:25:34,430 --> 00:25:31,980

wise he said it was zero three twenty

643

00:25:36,169 --> 00:25:34,440

uh my partner and I had the one at 9 45

644

00:25:37,970 --> 00:25:36,179

we had the other pilot I told you about

645

00:25:40,610 --> 00:25:37,980

out of here decided somewhere around

646

00:25:42,830 --> 00:25:40,620

three I don't know 3 30 325 somewhere in

647

00:25:43,850 --> 00:25:42,840

there we were we were vegan at times we

648

00:25:46,669 --> 00:25:43,860

didn't really look at it at the time

649

00:25:48,110 --> 00:25:46,679

right okay so it's probably the uh the

650

00:25:49,930 --> 00:25:48,120

same sighting just coming further this

651
00:25:52,370 --> 00:25:49,940
way

652
00:25:53,630 --> 00:25:52,380
the Firestone unit had the same two

653
00:25:56,690 --> 00:25:53,640
lights

654
00:26:01,690 --> 00:25:56,700
when he accepts the the rear one was

655
00:26:08,350 --> 00:26:03,710
did he also tell you that they had a

656
00:26:10,789 --> 00:26:08,360
shape to it no yeah it was ball shaped

657
00:26:12,769 --> 00:26:10,799
oh that's interesting

658
00:26:14,210 --> 00:26:12,779
do you guys really get many sightings

659
00:26:19,310 --> 00:26:14,220
like this

660
00:26:20,690 --> 00:26:19,320
oh yes yeah uh not uh

661
00:26:22,789 --> 00:26:20,700
so much

662
00:26:24,289 --> 00:26:22,799
objects that are seen over such a wide

663
00:26:28,070 --> 00:26:24,299

area most of this stuff is really

664

00:26:30,289 --> 00:26:28,080

confined you know but uh something like

665

00:26:32,570 --> 00:26:30,299

this uh seen over a wide area we don't

666

00:26:34,490 --> 00:26:32,580

get anything too often but I understand

667

00:26:36,049 --> 00:26:34,500

from our communication Sergeant it was

668

00:26:38,510 --> 00:26:36,059

seen you know from Sacramento on down on

669

00:26:41,510 --> 00:26:38,520

a civil defense Loop uh-huh well that

670

00:26:43,190 --> 00:26:41,520

had to be a couple High Flyers huh

671

00:26:45,049 --> 00:26:43,200

like I said with the exception that one

672

00:26:46,789 --> 00:26:45,059

that came down to my partner and I that

673

00:26:47,930 --> 00:26:46,799

thing was we were looking at it at 600

674

00:26:50,630 --> 00:26:47,940

yeah

675

00:26:52,310 --> 00:26:50,640

it was it was it was weird how about uh

676
00:26:53,510 --> 00:26:52,320
how about objects with blue flashing

677
00:26:55,730 --> 00:26:53,520
lights on here we're gonna cross that

678
00:26:58,010 --> 00:26:55,740
very often yes all right we've had

679
00:26:59,029 --> 00:26:58,020
numerous reports in the industry area in

680
00:27:01,070 --> 00:26:59,039
the past

681
00:27:02,390 --> 00:27:01,080
in fact we had one I couldn't give you a

682
00:27:04,490 --> 00:27:02,400
date or time on it but it was a few

683
00:27:07,070 --> 00:27:04,500
months ago on Long Beach and not Long

684
00:27:09,289 --> 00:27:07,080
Beach but La policeman and his sons

685
00:27:11,510 --> 00:27:09,299
came into the station

686
00:27:13,010 --> 00:27:11,520
and gave a location said hey you know

687
00:27:15,049 --> 00:27:13,020
this thing's coming down up here and

688
00:27:16,850 --> 00:27:15,059

it's got flashing blue ice on it

689

00:27:18,049 --> 00:27:16,860

so they got a hold of our helicopter on

690

00:27:20,570 --> 00:27:18,059

the radio and asked where they were and

691

00:27:22,370 --> 00:27:20,580

you know they were quite away from it

692

00:27:24,470 --> 00:27:22,380

and they told them what they had this

693

00:27:25,610 --> 00:27:24,480

guy from LAPD says hey I had to come in

694

00:27:27,710 --> 00:27:25,620

and tell you I knew I couldn't call you

695

00:27:29,210 --> 00:27:27,720

wouldn't believe me

696

00:27:31,430 --> 00:27:29,220

but I didn't know blue flashing lights

697

00:27:33,769 --> 00:27:31,440

were per dollar in these things yeah and

698

00:27:37,370 --> 00:27:33,779

then there's a combination of the colors

699

00:27:39,830 --> 00:27:37,380

red blue green white uh just

700

00:27:42,409 --> 00:27:39,840

it all fits a pattern but there's a wide

701
00:27:44,210 --> 00:27:42,419
variety huh how many you can get more

702
00:27:46,190 --> 00:27:44,220
calls you guys can almost put one that

703
00:27:48,289 --> 00:27:46,200
one is all the way across yeah well we

704
00:27:50,630 --> 00:27:48,299
like to know like the one uh early this

705
00:27:52,250 --> 00:27:50,640
morning why we will just plot the course

706
00:27:54,169 --> 00:27:52,260
of this thing and see if we can't come

707
00:27:56,750 --> 00:27:54,179
up with something then

708
00:27:58,549 --> 00:27:56,760
yeah beautiful so you guys private

709
00:28:01,250 --> 00:27:58,559
organization or government Finance no

710
00:28:03,049 --> 00:28:01,260
it's private self-funded uh no we can't

711
00:28:05,090 --> 00:28:03,059
get any government financing they're out

712
00:28:07,029 --> 00:28:05,100
of the business completely I always

713
00:28:09,169 --> 00:28:07,039

figured they said they were

714

00:28:10,730 --> 00:28:09,179

okay listen we see anything else we'll

715

00:28:13,070 --> 00:28:10,740

give you a call in and you've got our

716

00:28:15,529 --> 00:28:13,080

number right right okay and remember any

717

00:28:18,169 --> 00:28:15,539

uh police officers reporting sightings

718

00:28:20,390 --> 00:28:18,179

can call collect beautiful okay thanks

719

00:28:22,130 --> 00:28:20,400

thank you much right perfect night yes

720

00:28:23,810 --> 00:28:22,140

some call for the UFO Reporting Center

721

00:28:26,210 --> 00:28:23,820

in Washington

722

00:28:27,950 --> 00:28:26,220

we understand you had some activity in

723

00:28:28,909 --> 00:28:27,960

the sky down there early this morning I

724

00:28:31,269 --> 00:28:28,919

wonder if you could give us any

725

00:28:35,750 --> 00:28:33,409

yes sir I'm calling for the UFO

726

00:28:37,370 --> 00:28:35,760

Reporting Center in Washington I wonder

727

00:28:39,950 --> 00:28:37,380

if you could give us any information on

728

00:28:41,690 --> 00:28:39,960

the UFO reports in the your area the

729

00:28:43,070 --> 00:28:41,700

early this morning okay

730

00:28:44,450 --> 00:28:43,080

what happens when I have one of the

731

00:28:45,850 --> 00:28:44,460

officers sitting right in here that

732

00:28:48,950 --> 00:28:45,860

observed it

733

00:28:51,529 --> 00:28:48,960

thank you very much

734

00:28:54,289 --> 00:28:51,539

okay how do I get to my phone

735

00:28:56,510 --> 00:28:54,299

hello sir yes sir yes I understand you

736

00:28:58,610 --> 00:28:56,520

agree I understand you saw something in

737

00:29:00,529 --> 00:28:58,620

the sky this morning yes I wonder if we

738

00:29:04,310 --> 00:29:00,539

could get a description of that

739

00:29:05,750 --> 00:29:04,320

well personally all we could see that we

740

00:29:08,590 --> 00:29:05,760

really could tell if it

741

00:29:11,450 --> 00:29:08,600

were the it was two distinct lights

742

00:29:12,950 --> 00:29:11,460

appeared to be two different objects

743

00:29:16,430 --> 00:29:12,960

and

744

00:29:18,889 --> 00:29:16,440

all we could actually see on it

745

00:29:21,289 --> 00:29:18,899

would be like a giant light bulb in the

746

00:29:24,110 --> 00:29:21,299

sky that's what it looked like so we

747

00:29:24,860 --> 00:29:24,120

could see nobody no form to the object

748

00:29:26,510 --> 00:29:24,870

itself

749

00:29:30,730 --> 00:29:26,520

[Music]

750

00:29:34,490 --> 00:29:30,740

and there were two of those yeah okay

751
00:29:36,610 --> 00:29:34,500
about what time you spot those uh this

752
00:29:40,130 --> 00:29:36,620
would be about 5 15.

753
00:29:43,490 --> 00:29:40,140
okay and we had them inside for

754
00:29:46,010 --> 00:29:43,500
probably 10 minutes at the most okay now

755
00:29:48,289 --> 00:29:46,020
which direction were you looking at the

756
00:29:51,169 --> 00:29:48,299
time okay we were looking in a Westerly

757
00:29:52,909 --> 00:29:51,179
direction list okay and which direction

758
00:29:56,350 --> 00:29:52,919
were they traveling

759
00:29:58,190 --> 00:29:56,360
east Southeast

760
00:30:01,549 --> 00:29:58,200
Southeast okay

761
00:30:03,529 --> 00:30:01,559
[Music]

762
00:30:04,430 --> 00:30:03,539
how are the sky conditions there at the

763
00:30:05,590 --> 00:30:04,440

time

764

00:30:08,690 --> 00:30:05,600

clear

765

00:30:11,570 --> 00:30:08,700

dusk or Dawn some were just coming up

766

00:30:13,730 --> 00:30:11,580

and that's when we lost contact with

767

00:30:15,830 --> 00:30:13,740

them visible contact is when they

768

00:30:17,810 --> 00:30:15,840

disappeared into the sunlight

769

00:30:19,630 --> 00:30:17,820

okay now did these actually come out of

770

00:30:22,970 --> 00:30:19,640

the

771

00:30:26,450 --> 00:30:22,980

Northwest sky or west got Western Sky

772

00:30:29,090 --> 00:30:26,460

well we were actually parked for a few

773

00:30:31,970 --> 00:30:29,100

minutes and we were looking into

774

00:30:33,889 --> 00:30:31,980

a Westerly Direction and these two

775

00:30:36,110 --> 00:30:33,899

objects they appear to be Marine Stars

776

00:30:39,169 --> 00:30:36,120

they were so loaded on the horizon and

777

00:30:41,090 --> 00:30:39,179

so bright I was looking at them earlier

778

00:30:44,029 --> 00:30:41,100

and that's just what I assumed them to

779

00:30:44,870 --> 00:30:44,039

be and uh suddenly they started moving

780

00:30:46,970 --> 00:30:44,880

and

781

00:30:50,330 --> 00:30:46,980

they possibly could have been moving on

782

00:30:52,430 --> 00:30:50,340

but at one point we were able to see

783

00:30:55,130 --> 00:30:52,440

distinct movement when objects move up

784

00:30:58,669 --> 00:30:55,140

moved up closer to the other object and

785

00:31:02,269 --> 00:30:58,679

then they both started accelerating

786

00:31:05,210 --> 00:31:02,279

speed moving in an easterly Direction

787

00:31:06,590 --> 00:31:05,220

okay now were they leaving a trail

788

00:31:08,450 --> 00:31:06,600

of any kind

789

00:31:10,669 --> 00:31:08,460

no as I said all we could see were

790

00:31:12,230 --> 00:31:10,679

lights on no Vapor Trails or anything

791

00:31:23,810 --> 00:31:12,240

okay

792

00:31:25,850 --> 00:31:23,820

straight flight path or did they deviate

793

00:31:28,370 --> 00:31:25,860

from their flight passed they were

794

00:31:31,370 --> 00:31:28,380

deviating looked like they were rising

795

00:31:32,570 --> 00:31:31,380

in Heights and coming down and at one

796

00:31:34,549 --> 00:31:32,580

point

797

00:31:36,889 --> 00:31:34,559

two objects are fairly close together

798

00:31:39,470 --> 00:31:36,899

and the light appeared to go out on one

799

00:31:42,289 --> 00:31:39,480

object and we still get maintained

800

00:31:44,750 --> 00:31:42,299

visual contact with the second object

801
00:31:46,909 --> 00:31:44,760
but the first object just disappeared

802
00:31:50,510 --> 00:31:46,919
for practically oh maybe 30 seconds even

803
00:31:51,769 --> 00:31:50,520
and then it came back into view again as

804
00:31:53,630 --> 00:31:51,779
though it had turned in another

805
00:31:57,070 --> 00:31:53,640
Direction and the light wasn't shining

806
00:31:59,210 --> 00:31:57,080
our way anymore I see okay

807
00:32:02,450 --> 00:31:59,220
[Music]

808
00:32:05,149 --> 00:32:02,460
you have a can you compare the uh size

809
00:32:06,110 --> 00:32:05,159
of those with anything

810
00:32:08,870 --> 00:32:06,120
um

811
00:32:11,750 --> 00:32:08,880
say like an article held at arm's like a

812
00:32:16,909 --> 00:32:14,690
well all I can really say is that

813
00:32:18,649 --> 00:32:16,919

when we saw them they appeared

814

00:32:25,870 --> 00:32:18,659

like they'd be the size of the planet

815

00:32:31,010 --> 00:32:28,430

[Music]

816

00:32:33,769 --> 00:32:31,020

would you uh say that those were

817

00:32:35,930 --> 00:32:33,779

considerable distance away

818

00:32:36,950 --> 00:32:35,940

what is that does it can be solve it

819

00:32:41,029 --> 00:32:36,960

right

820

00:32:46,600 --> 00:32:42,950

and did you actually watch them until

821

00:32:50,810 --> 00:32:46,610

they disappeared in the distance

822

00:32:56,630 --> 00:32:53,930

okay uh Sergeant just four meters off

823

00:32:58,610 --> 00:32:56,640

also another officer available we saw

824

00:33:00,230 --> 00:32:58,620

the objects last night too who could

825

00:33:02,269 --> 00:33:00,240

speak to you if you'd be interested in

826

00:33:06,169 --> 00:33:02,279

that at all very much so yes

827

00:33:08,990 --> 00:33:06,179

okay and what was your question again uh

828

00:33:13,190 --> 00:33:09,000

did you watch the objects until they

829

00:33:15,470 --> 00:33:13,200

actually disappeared yes yes okay did

830

00:33:17,570 --> 00:33:15,480

you notice any unusual aircraft activity

831

00:33:19,370 --> 00:33:17,580

in that area none at all there was

832

00:33:24,289 --> 00:33:19,380

nothing else in the sky moving at the

833

00:33:28,549 --> 00:33:26,090

been trying to transfer you to these

834

00:33:30,289 --> 00:33:28,559

other officers on another line so if we

835

00:33:31,370 --> 00:33:30,299

get cut off we can get back to us in

836

00:33:32,870 --> 00:33:31,380

December

837

00:33:37,300 --> 00:33:32,880

have you ever seen one of these before

838

00:33:43,570 --> 00:33:40,009

[Music]

839

00:33:47,210 --> 00:33:43,580

were you alone at the time no I wasn't

840

00:33:50,780 --> 00:33:47,220

under Deputy okay I'll be two witnesses
