

1  
00:00:06,349 --> 00:00:03,110  
and it looked more like a

2  
00:00:11,870 --> 00:00:06,359  
um small lice a cluster of small eyes

3  
00:00:16,430 --> 00:00:13,789  
stop the runway at bentwater's field

4  
00:00:18,170 --> 00:00:16,440  
about five miles from Woodbridge I

5  
00:00:19,670 --> 00:00:18,180  
suppose it must have been there

6  
00:00:21,170 --> 00:00:19,680  
as far as I know for three quarters of

7  
00:00:22,910 --> 00:00:21,180  
an hour must be something like that and

8  
00:00:25,490 --> 00:00:22,920  
all of a sudden I blinked and he was

9  
00:00:27,529 --> 00:00:25,500  
gone there were sort of uh guy steadies

10  
00:00:29,750 --> 00:00:27,539  
that we were moving about

11  
00:00:31,550 --> 00:00:29,760  
so I undone the front door of the house

12  
00:00:35,209 --> 00:00:31,560  
and walked out into the yard here where

13  
00:00:37,430 --> 00:00:35,219

I am now and uh instead watching them I

14

00:00:39,470 --> 00:00:37,440

say it was all quiet and I listened I

15

00:00:40,549 --> 00:00:39,480

couldn't hear any sounds at all I

16

00:00:42,530 --> 00:00:40,559

couldn't watch them and they were going

17

00:00:43,670 --> 00:00:42,540

up moving about this way than that way

18

00:00:46,190 --> 00:00:43,680

they were going up and they were coming

19

00:00:48,229 --> 00:00:46,200

down and uh

20

00:00:49,069 --> 00:00:48,239

as I watched them for three quarters of

21

00:00:52,369 --> 00:00:49,079

an hour

22

00:00:54,110 --> 00:00:52,379

hello son it disappeared but just before

23

00:00:55,549 --> 00:00:54,120

I went before it disappeared there was a

24

00:00:56,750 --> 00:00:55,559

lot of activity on the base I could hear

25

00:00:59,450 --> 00:00:56,760

vehicles running around I could see the

26  
00:01:01,850 --> 00:00:59,460  
flashing lights of vehicles moving about

27  
00:01:03,650 --> 00:01:01,860  
and I could hear people shouting it was

28  
00:01:04,729 --> 00:01:03,660  
quiet and the wind must be in this

29  
00:01:07,250 --> 00:01:04,739  
direction so I could hear their voices

30  
00:01:08,990 --> 00:01:07,260  
and they would call into each other and

31  
00:01:10,550 --> 00:01:09,000  
then they could hear the Roaring of her

32  
00:01:13,789 --> 00:01:10,560  
vehicles in that area which is that time

33  
00:01:16,190 --> 00:01:13,799  
of night it was unusual across the yard

34  
00:01:17,990 --> 00:01:16,200  
so I can see the lights over the trees

35  
00:01:19,910 --> 00:01:18,000  
over there go up and just go and come

36  
00:01:21,710 --> 00:01:19,920  
back down again and go Crossways Bridge

37  
00:01:23,450 --> 00:01:21,720  
very very fast

38  
00:01:26,630 --> 00:01:23,460

and here we sort of come to a standstill

39

00:01:29,570 --> 00:01:26,640

and then move off again eventually two

40

00:01:31,429 --> 00:01:29,580

of them went away into the distance the

41

00:01:33,350 --> 00:01:31,439

other one stayed there it went up in the

42

00:01:35,149 --> 00:01:33,360

air and hovered and came down and went

43

00:01:37,210 --> 00:01:35,159

straight down into the trees and I

44

00:01:39,710 --> 00:01:37,220

thought he'd crack everything went quiet

45

00:01:41,210 --> 00:01:39,720

got in there so I thought it was

46

00:01:44,330 --> 00:01:41,220

finished when the children would go away

47

00:01:45,550 --> 00:01:44,340

and it came up after the after the trees

48

00:01:48,830 --> 00:01:45,560

and

49

00:01:51,289 --> 00:01:48,840

this would be smaller smaller down the

50

00:01:52,910 --> 00:01:51,299

side and it never saw it again it was

51  
00:01:55,310 --> 00:01:52,920  
Christmas time wife and I have been out

52  
00:01:58,969 --> 00:01:55,320  
it was her birthday we came home

53  
00:02:00,170 --> 00:01:58,979  
midnight just after and uh I said to her

54  
00:02:02,389 --> 00:02:00,180  
look at those lights

55  
00:02:03,889 --> 00:02:02,399  
the lights went back and forwards and up

56  
00:02:06,350 --> 00:02:03,899  
and down and didn't come up in the sky

57  
00:02:09,109 --> 00:02:06,360  
and said two of them eventually

58  
00:02:11,089 --> 00:02:09,119  
disappeared over the horizon oh and I

59  
00:02:13,130 --> 00:02:11,099  
heard of vehicles and people talking

60  
00:02:15,770 --> 00:02:13,140  
over on the base

61  
00:02:17,690 --> 00:02:15,780  
which that time of day was
