

Two boys 'see  
flying saucer'

1  
00:00:05,090 --> 00:00:02,930  
I saw this thing goes for what they call

2  
00:00:07,249 --> 00:00:05,100  
as a thing you know there was exactly

3  
00:00:10,370 --> 00:00:07,259  
like a railway carriage

4  
00:00:13,129 --> 00:00:10,380  
you know later they started up overhead

5  
00:00:16,310 --> 00:00:13,139  
there and I saw it and watched it right

6  
00:00:18,170 --> 00:00:16,320  
at his side right over the hills but I

7  
00:00:21,950 --> 00:00:18,180  
looked in that direction there was a

8  
00:00:23,990 --> 00:00:21,960  
silver plane and a pink one like a

9  
00:00:27,529 --> 00:00:24,000  
between a pink and a red Cerise color

10  
00:00:29,509 --> 00:00:27,539  
then right side by side and they were in

11  
00:00:31,550 --> 00:00:29,519  
that direction and there was no clue but

12  
00:00:34,430 --> 00:00:31,560  
I don't know where it went to I heard

13  
00:00:37,130 --> 00:00:34,440

his noises as hell of a noise it was and

14

00:00:40,190 --> 00:00:37,140

um King then you know

15

00:00:42,170 --> 00:00:40,200

it was a bit Misty funky

16

00:00:44,450 --> 00:00:42,180

and uh

17

00:00:45,950 --> 00:00:44,460

well it was like as if a tin cans

18

00:00:47,690 --> 00:00:45,960

floating nuts and bolts you know and

19

00:00:49,549 --> 00:00:47,700

somebody was rattling it what I did see

20

00:00:51,290 --> 00:00:49,559

was a green shimmering light for about

21

00:00:53,029 --> 00:00:51,300

quarter of an hour but it's hard to

22

00:00:54,650 --> 00:00:53,039

explain is it like a bright light for

23

00:00:57,590 --> 00:00:54,660

the red light in the middle

24

00:01:00,350 --> 00:00:57,600

like cigar shape

25

00:01:02,389 --> 00:01:00,360

glowing at each end I saw something over

26  
00:01:05,210 --> 00:01:02,399  
there between those two Bungalows and to

27  
00:01:08,149 --> 00:01:05,220  
me it looked as if it was about 500 feet

28  
00:01:10,429 --> 00:01:08,159  
high no higher it seemed to be hovering

29  
00:01:12,770 --> 00:01:10,439  
it resembles something like a comet but

30  
00:01:14,990 --> 00:01:12,780  
comets are white so uh this one was

31  
00:01:17,690 --> 00:01:15,000  
orange oval color so it certainly wasn't

32  
00:01:21,350 --> 00:01:17,700  
a comet what did it look like

33  
00:01:23,030 --> 00:01:21,360  
like a saucer yes and were there any

34  
00:01:25,010 --> 00:01:23,040  
lights or anything right no it's just a

35  
00:01:27,590 --> 00:01:25,020  
white object of this stuff we were busy

36  
00:01:29,030 --> 00:01:27,600  
in here but we had to come back in but

37  
00:01:31,550 --> 00:01:29,040  
the three soldiers that were there with

38  
00:01:33,530 --> 00:01:31,560

us they also survived and they describe

39

00:01:35,210 --> 00:01:33,540

it more or less like a lampshade I had a

40

00:01:44,090 --> 00:01:35,220

camera with me

41

00:01:46,609 --> 00:01:44,100

sure like I could just ended in took a

42

00:01:48,050 --> 00:01:46,619

picture the object was staying still all

43

00:01:50,569 --> 00:01:48,060

this time was it or was it no it was

44

00:01:52,249 --> 00:01:50,579

moving but moving slowly it was moving

45

00:01:55,249 --> 00:01:52,259

fairly fast they wouldn't let us say how

46

00:01:57,170 --> 00:01:55,259

fast but I couldn't say

47

00:01:58,550 --> 00:01:57,180

now some people have said that when they

48

00:02:00,109 --> 00:01:58,560

try to take a picture of one of these

49

00:02:02,210 --> 00:02:00,119

things there's been some mysterious

50

00:02:03,770 --> 00:02:02,220

force or radiation that stopped the

51  
00:02:06,530 --> 00:02:03,780  
camera from working did you find this

52  
00:02:08,510 --> 00:02:06,540  
and then stop my camera

53  
00:02:10,550 --> 00:02:08,520  
people say that this picture is a fake

54  
00:02:12,650 --> 00:02:10,560  
of course I have yes I mean what do you

55  
00:02:14,089 --> 00:02:12,660  
say to them when they say that they're

56  
00:02:15,650 --> 00:02:14,099  
entitled to their own opinion I know

57  
00:02:17,150 --> 00:02:15,660  
it's not a fake

58  
00:02:19,010 --> 00:02:17,160  
and it doesn't really bother me what

59  
00:02:21,770 --> 00:02:19,020  
other people think I just suddenly said

60  
00:02:23,869 --> 00:02:21,780  
dumb there's a light up in the sky he

61  
00:02:25,790 --> 00:02:23,879  
rushed out to get his little telescope

62  
00:02:29,390 --> 00:02:25,800  
so we all had a glance and sure enough

63  
00:02:32,089 --> 00:02:29,400

there was a shining object well we saw

64

00:02:34,670 --> 00:02:32,099

these massive uh sort of discs appear

65

00:02:38,089 --> 00:02:34,680

from a clamp of trees

66

00:02:41,630 --> 00:02:38,099

and um I said to my he was my boyfriend

67

00:02:43,970 --> 00:02:41,640

then but Heaven's what on Earth is that

68

00:02:47,270 --> 00:02:43,980

and because the bike had broken down you

69

00:02:48,890 --> 00:02:47,280

see and he said no idea so we stood

70

00:02:51,110 --> 00:02:48,900

there looking at it you know bigger and

71

00:02:53,509 --> 00:02:51,120

bigger and came towards us which I

72

00:02:55,190 --> 00:02:53,519

absolutely just struck down we didn't

73

00:02:57,890 --> 00:02:55,200

know what it was

74

00:03:00,550 --> 00:02:57,900

a few miles outside Warminster is the

75

00:03:02,809 --> 00:03:00,560

Elizabethan Mansion of longleat

76

00:03:05,030 --> 00:03:02,819

the son of Lord Weymouth Butler

77

00:03:07,729 --> 00:03:05,040

describes the thing as it came his way

78

00:03:10,850 --> 00:03:07,739

well I was out one night

79

00:03:13,670 --> 00:03:10,860

and a friend who I know who lives just

80

00:03:16,250 --> 00:03:13,680

across the road he said he'd seen it but

81

00:03:17,990 --> 00:03:16,260

I didn't believe him but uh he told me

82

00:03:20,330 --> 00:03:18,000

to come out so I went out with him and

83

00:03:22,490 --> 00:03:20,340

we walked around for about half an hour

84

00:03:25,309 --> 00:03:22,500

and then we were sort of looking around

85

00:03:26,930 --> 00:03:25,319

the sky the whole time hoping to see it

86

00:03:29,270 --> 00:03:26,940

but we are just around the verge of

87

00:03:31,729 --> 00:03:29,280

coming in when we saw it and it went

88

00:03:34,430 --> 00:03:31,739

right across the horizon

89

00:03:37,070 --> 00:03:34,440

yes where did it go exactly well if I

90

00:03:39,110 --> 00:03:37,080

can show you just out here it appeared

91

00:03:40,550 --> 00:03:39,120

from behind this tree I went right over

92

00:03:42,170 --> 00:03:40,560

the sky and disappeared just before it

93

00:03:43,610 --> 00:03:42,180

got to that tree and what did you feel

94

00:03:46,009 --> 00:03:43,620

like when you saw it well I was

95

00:03:48,530 --> 00:03:46,019

surprised not shot but I always had an

96

00:03:51,890 --> 00:03:48,540

open mind about it but now I believe in

97

00:03:54,589 --> 00:03:51,900

it I was woke up really enemy SWAT sleep

98

00:03:56,570 --> 00:03:54,599

I had by this noise first of all it was

99

00:04:00,289 --> 00:03:56,580

like hail

100

00:04:02,570 --> 00:04:00,299

and then it got nearer onto the roof and

101  
00:04:04,550 --> 00:04:02,580  
it was like a lot of cats scratching or

102  
00:04:05,570 --> 00:04:04,560  
like an aerial scratching a bench you

103  
00:04:08,270 --> 00:04:05,580  
know out there

104  
00:04:10,429 --> 00:04:08,280  
and then there I thought we said well on

105  
00:04:13,250 --> 00:04:10,439  
Earth is that

106  
00:04:16,370 --> 00:04:13,260  
I got I I led in bed for quite a while

107  
00:04:18,650 --> 00:04:16,380  
and I got quite hot I got panicky you

108  
00:04:21,469 --> 00:04:18,660  
know so I did Venture and I'll pay the

109  
00:04:23,629 --> 00:04:21,479  
bed and I looked out of the window and

110  
00:04:26,570 --> 00:04:23,639  
there wasn't a drop of rain it was all

111  
00:04:29,870 --> 00:04:26,580  
dry everything was as dry as a bone

112  
00:04:33,070 --> 00:04:29,880  
but after that went over I heard a

113  
00:04:36,409 --> 00:04:33,080

whimpering noise and like someone going

114

00:04:38,990 --> 00:04:36,419

that was a noise it was and I finally

115

00:04:40,730 --> 00:04:39,000

whatever is it and I sat on the side of

116

00:04:42,530 --> 00:04:40,740

the bed and crossed jeans in with me and

117

00:04:44,150 --> 00:04:42,540

she said whatever somebody with you I

118

00:04:45,770 --> 00:04:44,160

said do you hear that noise she said no

119

00:04:46,909 --> 00:04:45,780

nothing don't wake me up she went to

120

00:04:49,070 --> 00:04:46,919

sleep again

121

00:04:50,930 --> 00:04:49,080

so the dog downstairs she didn't fart

122

00:04:55,510 --> 00:04:50,940

but she was making that woofing noise

123

00:04:58,490 --> 00:04:55,520

you know looks like they do and

124

00:05:00,830 --> 00:04:58,500

afterwards when I turned around my side

125

00:05:03,530 --> 00:05:00,840

and I got into bed it looked as though

126

00:05:05,390 --> 00:05:03,540

there was a light I like the club going

127

00:05:07,550 --> 00:05:05,400

over a moon I don't know whether

128

00:05:10,249 --> 00:05:07,560

anything passed over then but there is

129

00:05:11,629 --> 00:05:10,259

no planes nothing at all in sight I pull

130

00:05:13,249 --> 00:05:11,639

a blankets up over my head and think

131

00:05:15,350 --> 00:05:13,259

down the Army I wish they'd shut up and

132

00:05:18,050 --> 00:05:15,360

go to sleep I got up one morning looked

133

00:05:20,749 --> 00:05:18,060

out of my bedroom window and uh we had

134

00:05:22,550 --> 00:05:20,759

got Army in green camouflage jackets

135

00:05:24,890 --> 00:05:22,560

with

136

00:05:28,010 --> 00:05:24,900

leaves in there steel helmets romping

137

00:05:29,930 --> 00:05:28,020

around the the estate yard and the witty

138

00:05:31,430 --> 00:05:29,940

beds Beyond we could call those little

139

00:05:34,189 --> 00:05:31,440

green men I suppose

140

00:05:36,110 --> 00:05:34,199

now what do you think about this uh

141

00:05:40,490 --> 00:05:36,120

General Mystique that's developed about

142

00:05:43,189 --> 00:05:41,210

um

143

00:05:45,950 --> 00:05:43,199

I think it's a Pity that so many people

144

00:05:47,990 --> 00:05:45,960

are ready to make categorical statements

145

00:05:50,150 --> 00:05:48,000

about a thing that nobody has bothered

146

00:05:52,790 --> 00:05:50,160

to investigate

147

00:05:56,290 --> 00:05:52,800

as far as I have been able to discover

148

00:05:59,990 --> 00:05:56,300

there has been no

149

00:06:02,629 --> 00:06:00,000

coordinated observation

150

00:06:06,710 --> 00:06:02,639

no scientific inquiry as to what's

151  
00:06:13,310 --> 00:06:09,409  
various individuals have seen various

152  
00:06:16,610 --> 00:06:13,320  
things and have immediately

153  
00:06:18,050 --> 00:06:16,620  
drawing their own conclusions

154  
00:06:20,210 --> 00:06:18,060  
the one then it started this very

155  
00:06:22,610 --> 00:06:20,220  
erratic movement again so I said this is

156  
00:06:25,129 --> 00:06:22,620  
the star and he said no it isn't and

157  
00:06:26,990 --> 00:06:25,139  
then he believed as well as me that

158  
00:06:28,430 --> 00:06:27,000  
there was definitely something around I

159  
00:06:31,730 --> 00:06:28,440  
have seen it

160  
00:06:32,930 --> 00:06:31,740  
we're coming over the plane one night

161  
00:06:35,270 --> 00:06:32,940  
uh

162  
00:06:37,249 --> 00:06:35,280  
we're traveling rather fast and just

163  
00:06:40,550 --> 00:06:37,259

over attacking so my wife said stop stop

164

00:06:42,710 --> 00:06:40,560

well it appeared to be round to me

165

00:06:44,090 --> 00:06:42,720

but um my husband was riding rather fast

166

00:06:46,189 --> 00:06:44,100

and he wouldn't stop to have a look at

167

00:06:47,629 --> 00:06:46,199

it and then when we got home she

168

00:06:49,129 --> 00:06:47,639

explained to me this is the thing she

169

00:06:51,170 --> 00:06:49,139

had seen herself before and she wanted

170

00:06:53,029 --> 00:06:51,180

me to stop saying but I myself have only

171

00:06:55,309 --> 00:06:53,039

seen the movement of it from terrific

172

00:06:57,830 --> 00:06:55,319

terrific speed

173

00:06:59,450 --> 00:06:57,840

that's all I can tell and I firmly

174

00:07:01,730 --> 00:06:59,460

believe in it doesn't bother me I'm a

175

00:07:04,490 --> 00:07:01,740

Christian I don't care about it at all

176  
00:07:07,070 --> 00:07:04,500  
have you seen anything else since yes I

177  
00:07:08,870 --> 00:07:07,080  
have seen it once or I think a few

178  
00:07:11,390 --> 00:07:08,880  
months later as I'm looking out from my

179  
00:07:13,909 --> 00:07:11,400  
back windows it was above the trees and

180  
00:07:16,309 --> 00:07:13,919  
that then it was swaying

181  
00:07:18,469 --> 00:07:16,319  
did it look the same yes it did it had

182  
00:07:20,089 --> 00:07:18,479  
the red light as well as the previous

183  
00:07:22,850 --> 00:07:20,099  
one

184  
00:07:26,950 --> 00:07:22,860  
what sort of shape they didn't have well

185  
00:07:33,050 --> 00:07:29,570  
you can't really describe it just

186  
00:07:34,430 --> 00:07:33,060  
between those two bungalows over there I

187  
00:07:38,450 --> 00:07:34,440  
saw this thing

188  
00:07:40,430 --> 00:07:38,460

and it was very bright white but it was

189

00:07:43,670 --> 00:07:40,440

sort of Dome shaped you know like a

190

00:07:46,430 --> 00:07:43,680

saucer the noise woke me

191

00:07:48,830 --> 00:07:46,440

a droning knife there were like sound

192

00:07:51,350 --> 00:07:48,840

waves never heard anything like it

193

00:07:55,790 --> 00:07:51,360

before never

194

00:07:57,950 --> 00:07:55,800

loud oh terribly loud that's why I can't

195

00:07:59,330 --> 00:07:57,960

understand why my neighbors didn't hear

196

00:08:01,969 --> 00:07:59,340

it

197

00:08:03,110 --> 00:08:01,979

because I'm not a light sleep I I sleep

198

00:08:05,629 --> 00:08:03,120

soundly

199

00:08:07,909 --> 00:08:05,639

but none of your neighbors heard no even

200

00:08:09,770 --> 00:08:07,919

my little boy was fast asleep I went in
