

1
00:00:05,990 --> 00:00:04,249
um good morning I'm Kelly kale I'm a UFO

2
00:00:08,990 --> 00:00:06,000
experiencer and on the 8th of August

3
00:00:11,030 --> 00:00:09,000
1993 I was involved in a multiple

4
00:00:12,470 --> 00:00:11,040
witness close encounter which took place

5
00:00:13,610 --> 00:00:12,480
on the outskirts of Melbourne in

6
00:00:15,709 --> 00:00:13,620
Victoria

7
00:00:17,930 --> 00:00:15,719
this case has um been described by many

8
00:00:19,849 --> 00:00:17,940
researchers as possibly the most

9
00:00:21,670 --> 00:00:19,859
credible case in Australian history so

10
00:00:24,230 --> 00:00:21,680
far and and what makes it so different

11
00:00:26,390 --> 00:00:24,240
to any other encounter is that it

12
00:00:28,790 --> 00:00:26,400
involved the testimonies of separate

13
00:00:31,310 --> 00:00:28,800

individual parties of witnesses who were

14

00:00:32,810 --> 00:00:31,320

unknown to each other in addition to

15

00:00:35,030 --> 00:00:32,820

this a substantial amount of physical

16

00:00:37,330 --> 00:00:35,040

evidence was also recovered during

17

00:00:39,709 --> 00:00:37,340

during the ensuing investigation

18

00:00:41,810 --> 00:00:39,719

including ground traces at the encounter

19

00:00:44,030 --> 00:00:41,820

location as well as physical marks left

20

00:00:46,729 --> 00:00:44,040

on the bodies of at least four of the

21

00:00:48,950 --> 00:00:46,739

individuals involved including myself

22

00:00:50,690 --> 00:00:48,960

today I'd like to relate to you my own

23

00:00:52,790 --> 00:00:50,700

personal involvement in the Emmanuel

24

00:00:55,189 --> 00:00:52,800

Craig encounter as it's officially

25

00:00:57,350 --> 00:00:55,199

titled as well as show you a series of

26

00:00:59,569 --> 00:00:57,360

slides of the comparison sketches

27

00:01:01,790 --> 00:00:59,579

between myself and the second party

28

00:01:04,009 --> 00:01:01,800

and also some photographs of both the

29

00:01:05,390 --> 00:01:04,019

ground traces and other marks the one

30

00:01:07,730 --> 00:01:05,400

thing that I'd like to stress and I

31

00:01:09,830 --> 00:01:07,740

always do is that because there were

32

00:01:11,270 --> 00:01:09,840

five possibly six individuals involved

33

00:01:13,429 --> 00:01:11,280

in the encounter and I was only one of

34

00:01:15,250 --> 00:01:13,439

them I can only speak about what I

35

00:01:17,990 --> 00:01:15,260

personally perceive to occur that night

36

00:01:19,310 --> 00:01:18,000

but where I can do so I'll Endeavor to

37

00:01:21,590 --> 00:01:19,320

fill you in on what I have learned about

38

00:01:23,690 --> 00:01:21,600

the second party's participation and

39

00:01:25,429 --> 00:01:23,700

just as a clarifier there were three

40

00:01:26,570 --> 00:01:25,439

members in that party one male and two

41

00:01:28,550 --> 00:01:26,580

females

42

00:01:30,109 --> 00:01:28,560

for those of you who are familiar with

43

00:01:31,429 --> 00:01:30,119

the case you'd already be aware of the

44

00:01:32,749 --> 00:01:31,439

presence of a third party at the

45

00:01:35,090 --> 00:01:32,759

encounter that evening a party

46

00:01:37,550 --> 00:01:35,100

reportedly seen by the second group

47

00:01:39,050 --> 00:01:37,560

this lone mail has always been a mystery

48

00:01:40,429 --> 00:01:39,060

to everyone involved with the case but

49

00:01:42,170 --> 00:01:40,439

it looks like the mystery is about to

50

00:01:43,429 --> 00:01:42,180

come to a close

51
00:01:45,109 --> 00:01:43,439
um for the first time ever I'll be able

52
00:01:47,330 --> 00:01:45,119
to offer you a little information on the

53
00:01:49,609 --> 00:01:47,340
third party who's only just come forward

54
00:01:51,230 --> 00:01:49,619
after three long years

55
00:01:53,450 --> 00:01:51,240
because of this the last week or two has

56
00:01:54,950 --> 00:01:53,460
been pretty exciting for both us

57
00:01:57,590 --> 00:01:54,960
experiences involved in the encounter

58
00:01:59,450 --> 00:01:57,600
and the researchers alike not only does

59
00:02:01,609 --> 00:01:59,460
it seem like we've actually found the

60
00:02:03,109 --> 00:02:01,619
one male witness who's been missing uh

61
00:02:05,690 --> 00:02:03,119
been The Missing Link ever since the

62
00:02:07,249 --> 00:02:05,700
case first came to light but uh it also

63
00:02:08,809 --> 00:02:07,259

appears he has his own photographic

64

00:02:11,150 --> 00:02:08,819

evidence of the marks left on his body

65

00:02:12,830 --> 00:02:11,160

after the encounter which corresponding

66

00:02:14,390 --> 00:02:12,840

quite a striking way to several of the

67

00:02:16,309 --> 00:02:14,400

marks left on Glenda who was one of the

68

00:02:18,350 --> 00:02:16,319

female members of the second party

69

00:02:20,869 --> 00:02:18,360

this is um one of the issues I'll do

70

00:02:22,070 --> 00:02:20,879

I'll deal with a little later but for

71

00:02:24,350 --> 00:02:22,080

now I'd like to give my own personal

72

00:02:26,150 --> 00:02:24,360

rendition of the events which occurred

73

00:02:27,949 --> 00:02:26,160

that night so you can get some idea of

74

00:02:29,089 --> 00:02:27,959

what went on there well at least from my

75

00:02:30,710 --> 00:02:29,099

perspective

76

00:02:34,010 --> 00:02:30,720

so this is what happened shortly after

77

00:02:35,750 --> 00:02:34,020

midnight on the 8th of August 1993.

78

00:02:37,490 --> 00:02:35,760

um I guess it all really began as my

79

00:02:39,830 --> 00:02:37,500

ex-husband and I were driving home from

80

00:02:41,449 --> 00:02:39,840

a friend's house in the country town of

81

00:02:43,190 --> 00:02:41,459

monbok in Victoria

82

00:02:46,070 --> 00:02:43,200

at the time we were driving along

83

00:02:48,710 --> 00:02:46,080

belgrave Hallam road which is between a

84

00:02:50,390 --> 00:02:48,720

small Victorian town of belgrave and the

85

00:02:52,309 --> 00:02:50,400

outer Melbourne suburb of Narre Warren

86

00:02:55,070 --> 00:02:52,319

which I'll um show you on a map if I can

87

00:02:57,470 --> 00:02:55,080

get this thing working

88

00:02:59,390 --> 00:02:57,480

yeah there we go

89

00:03:02,270 --> 00:02:59,400

um toward the bottom of the map you can

90

00:03:04,430 --> 00:03:02,280

see where Suburbia begins and that's

91

00:03:07,070 --> 00:03:04,440

Narre Warren North if you follow the

92

00:03:08,150 --> 00:03:07,080

main road there along towards the top of

93

00:03:09,650 --> 00:03:08,160

the map eventually you'll come to

94

00:03:11,449 --> 00:03:09,660

belgrave it's actually not on that map

95

00:03:13,369 --> 00:03:11,459

on that night we were coming from

96

00:03:15,649 --> 00:03:13,379

belgrave towards Narre Warren in other

97

00:03:17,449 --> 00:03:15,659

words we were um coming from the top to

98

00:03:19,610 --> 00:03:17,459

the bottom of the map

99

00:03:21,410 --> 00:03:19,620

as we were driving we spotted something

100

00:03:23,990 --> 00:03:21,420

which at first appeared to resemble a

101

00:03:26,330 --> 00:03:24,000

lit up blimp it was hovering in the sky

102

00:03:28,610 --> 00:03:26,340

above the road at approximately twice

103

00:03:30,770 --> 00:03:28,620

the height of the Treetops and as we

104

00:03:32,630 --> 00:03:30,780

drove closer it became more defined and

105

00:03:35,330 --> 00:03:32,640

seemed to be a structure consisting of a

106

00:03:37,130 --> 00:03:35,340

row of round orange lights at the time I

107

00:03:39,290 --> 00:03:37,140

assumed that these lights were Windows

108

00:03:41,210 --> 00:03:39,300

because there appeared to be figures or

109

00:03:43,610 --> 00:03:41,220

at least silhouettes of figures standing

110

00:03:46,369 --> 00:03:43,620

in them and I commented to my husband on

111

00:03:47,809 --> 00:03:46,379

the people in the windows and it was

112

00:03:49,190 --> 00:03:47,819

almost as if I had been heard the craft

113

00:03:52,250 --> 00:03:49,200

just shot off to the left from a

114

00:03:54,470 --> 00:03:52,260
standing star it accelerated at an

115

00:03:56,750 --> 00:03:54,480
incredible speed and within about two

116

00:03:59,210 --> 00:03:56,760
seconds it had completely disappeared

117

00:04:01,130 --> 00:03:59,220
obviously we were both pretty amazed at

118

00:04:02,809 --> 00:04:01,140
what we just seen and um we continue to

119

00:04:04,070 --> 00:04:02,819
talk about it as we drove further on

120

00:04:06,530 --> 00:04:04,080
down the road

121

00:04:08,930 --> 00:04:06,540
after about a kilometer or two we were

122

00:04:10,729 --> 00:04:08,940
confronted by I guess what I can only

123

00:04:12,830 --> 00:04:10,739
describe as a barrier a very bright

124

00:04:13,970 --> 00:04:12,840
light that seemed to block off the

125

00:04:16,069 --> 00:04:13,980
entire Road

126

00:04:17,629 --> 00:04:16,079

it's also at this point where I lost all

127

00:04:19,870 --> 00:04:17,639

conscious recollection of the ensuing

128

00:04:22,009 --> 00:04:19,880

events until a few weeks later

129

00:04:23,930 --> 00:04:22,019

the light that we came across in that

130

00:04:26,330 --> 00:04:23,940

location was so bright that I found it

131

00:04:28,249 --> 00:04:26,340

necessary to use my my hand to shade my

132

00:04:31,310 --> 00:04:28,259

eyes and in order to peer through the

133

00:04:33,290 --> 00:04:31,320

windscreen by that stage my heart was

134

00:04:34,670 --> 00:04:33,300

was pounding with excitement and the

135

00:04:36,650 --> 00:04:34,680

adrenaline was racing through my body

136

00:04:38,629 --> 00:04:36,660

and the last thing I remember saying to

137

00:04:41,810 --> 00:04:38,639

my husband was a I can't believe this

138

00:04:43,370 --> 00:04:41,820

we're really going to see a UFO and in

139

00:04:45,350 --> 00:04:43,380

the next instant we were still sitting

140

00:04:47,330 --> 00:04:45,360

in the car although we appeared to be

141

00:04:51,170 --> 00:04:47,340

going a lot slower and it covered some

142

00:04:52,850 --> 00:04:51,180

distance and my heartbeat was calm and I

143

00:04:54,530 --> 00:04:52,860

was totally disorientated as if I'd

144

00:04:56,330 --> 00:04:54,540

missed something and I said to my

145

00:04:58,430 --> 00:04:56,340

husband weren't we going to see a UFO or

146

00:05:00,469 --> 00:04:58,440

something and he said I think so and he

147

00:05:03,290 --> 00:05:00,479

seemed just as disorientated as I was

148

00:05:04,790 --> 00:05:03,300

but after a few minutes he seemed to

149

00:05:07,370 --> 00:05:04,800

regain his composure and we spent the

150

00:05:08,990 --> 00:05:07,380

rest of our trip home arguing that uh I

151
00:05:10,969 --> 00:05:09,000
believed I'd had a blackout

152
00:05:12,469 --> 00:05:10,979
and when we arrived home and checked the

153
00:05:13,790 --> 00:05:12,479
clock it seemed that an hour to an hour

154
00:05:16,370 --> 00:05:13,800
and a half ago I'm missing from our

155
00:05:19,070 --> 00:05:16,380
lives and that night I also discovered a

156
00:05:20,689 --> 00:05:19,080
red triangular Mark beneath my navel a

157
00:05:22,249 --> 00:05:20,699
perfect equilateral triangle that looked

158
00:05:24,050 --> 00:05:22,259
like a little red burn

159
00:05:25,730 --> 00:05:24,060
and as well as that I'd started bleeding

160
00:05:26,930 --> 00:05:25,740
and this continued for three to three

161
00:05:28,490 --> 00:05:26,940
and a half weeks until I was

162
00:05:31,850 --> 00:05:28,500
hospitalized with an infection in the

163
00:05:33,950 --> 00:05:31,860

womb um which is a that was a problem

164

00:05:35,570 --> 00:05:33,960

for which there was no logical medical

165

00:05:37,850 --> 00:05:35,580

explanation

166

00:05:39,770 --> 00:05:37,860

what I find to be interesting about the

167

00:05:41,150 --> 00:05:39,780

point in the road where we can we're

168

00:05:43,129 --> 00:05:41,160

confronted by the barrier of light is

169

00:05:45,170 --> 00:05:43,139

the extremely unusual experience a

170

00:05:47,570 --> 00:05:45,180

second party underwent in roughly the

171

00:05:49,070 --> 00:05:47,580

same location they'd arrived at this

172

00:05:51,469 --> 00:05:49,080

particular point about 10 minutes before

173

00:05:53,629 --> 00:05:51,479

us and they'd all instantly been

174

00:05:55,249 --> 00:05:53,639

overcome with such severe nausea that

175

00:05:57,050 --> 00:05:55,259

they lost control of the car spun out

176

00:05:59,150 --> 00:05:57,060

and hit a pole

177

00:06:00,650 --> 00:05:59,160

um although from what I was told there

178

00:06:02,029 --> 00:06:00,660

was little Damage Done To the Car itself

179

00:06:03,469 --> 00:06:02,039

they were forced to sit on the side of

180

00:06:04,390 --> 00:06:03,479

the road until they felt well enough to

181

00:06:06,409 --> 00:06:04,400

travel

182

00:06:08,689 --> 00:06:06,419

then just as they were about to pull

183

00:06:10,070 --> 00:06:08,699

back onto the road uh two other cars

184

00:06:12,770 --> 00:06:10,080

passed them one of which they believed

185

00:06:15,590 --> 00:06:12,780

to be ours and the other a third vehicle

186

00:06:18,170 --> 00:06:15,600

which they later reported to be parked

187

00:06:22,309 --> 00:06:18,180

approximately 25 meters behind them at

188

00:06:23,629 --> 00:06:22,319

the actual encounter and encounter scene

189

00:06:25,189 --> 00:06:23,639

um

190

00:06:27,890 --> 00:06:25,199

all right

191

00:06:29,689 --> 00:06:27,900

there we go right the first point marked

192

00:06:31,670 --> 00:06:29,699

out on the roadmap the one by itself up

193

00:06:33,050 --> 00:06:31,680

the top there point a

194

00:06:34,790 --> 00:06:33,060

um is where the second party had their

195

00:06:37,070 --> 00:06:34,800

minor accident and also where I believe

196

00:06:38,990 --> 00:06:37,080

to have encountered the barrier of light

197

00:06:40,689 --> 00:06:39,000

and as we all drove into the encounter

198

00:06:42,830 --> 00:06:40,699

scene together the lower location

199

00:06:44,510 --> 00:06:42,840

marks show the order in which we are

200

00:06:47,029 --> 00:06:44,520

prepared to pull up when we cited the

201
00:06:48,710 --> 00:06:47,039
craft in the field the first car right

202
00:06:51,290 --> 00:06:48,720
down the bottom car number one is where

203
00:06:54,230 --> 00:06:51,300
my husband and myself stopped car number

204
00:06:56,870 --> 00:06:54,240
three was the car following us which was

205
00:06:58,850 --> 00:06:56,880
reported by the second party and then it

206
00:07:01,309 --> 00:06:58,860
appears that the second party themselves

207
00:07:03,170 --> 00:07:01,319
then pulled up between both of us in

208
00:07:05,029 --> 00:07:03,180
position number two there

209
00:07:06,830 --> 00:07:05,039
before I continue with the actual

210
00:07:09,230 --> 00:07:06,840
encounter details I'd just like to

211
00:07:11,870 --> 00:07:09,240
quickly describe how the memories of the

212
00:07:13,730 --> 00:07:11,880
encounter events returned to me it was

213
00:07:15,770 --> 00:07:13,740

really strange um that a human being

214

00:07:17,390 --> 00:07:15,780

could actually forget something so

215

00:07:19,430 --> 00:07:17,400

obviously powerful but that's exactly

216

00:07:21,950 --> 00:07:19,440

what happened and it it wasn't until a

217

00:07:23,450 --> 00:07:21,960

number of weeks later when we were

218

00:07:26,629 --> 00:07:23,460

traveling along that same road again

219

00:07:29,089 --> 00:07:26,639

that this sitting time bomb went off and

220

00:07:30,650 --> 00:07:29,099

for no reason at all I was um suddenly

221

00:07:32,930 --> 00:07:30,660

overcome by the most incredible

222

00:07:35,510 --> 00:07:32,940

sensation of horror and my gut literally

223

00:07:37,189 --> 00:07:35,520

sang as if someone had died and and from

224

00:07:38,749 --> 00:07:37,199

that moment on I began to recall what

225

00:07:41,330 --> 00:07:38,759

had happened after we confronted the

226

00:07:43,309 --> 00:07:41,340

light and this memory it wasn't

227

00:07:45,890 --> 00:07:43,319

something that could could even begin to

228

00:07:48,230 --> 00:07:45,900

be compared to a dream or imagination it

229

00:07:51,469 --> 00:07:48,240

was real memory of real experience

230

00:07:53,210 --> 00:07:51,479

I knew then with absolute surety that

231

00:07:55,010 --> 00:07:53,220

we'd been involved in a close encounter

232

00:07:57,290 --> 00:07:55,020

and and sitting in the car when all this

233

00:07:58,850 --> 00:07:57,300

was coming back to me I I just I felt

234

00:08:01,249 --> 00:07:58,860

like I wanted to scream this can't be

235

00:08:03,110 --> 00:08:01,259

happening and I went into absolute shock

236

00:08:07,850 --> 00:08:03,120

uh

237

00:08:09,650 --> 00:08:07,860

probably for the next few months I

238

00:08:11,870 --> 00:08:09,660

thought I was going absolutely crazy but

239

00:08:13,670 --> 00:08:11,880

uh these days with the the field

240

00:08:15,290 --> 00:08:13,680

evidence and a second party of witnesses

241

00:08:17,510 --> 00:08:15,300

and just recently a third individual

242

00:08:18,589 --> 00:08:17,520

well that theory sort of went out the

243

00:08:19,850 --> 00:08:18,599

window

244

00:08:21,469 --> 00:08:19,860

anyway

245

00:08:23,390 --> 00:08:21,479

um when we stopped the car we got out

246

00:08:24,830 --> 00:08:23,400

and crossed the road and I noticed the

247

00:08:26,629 --> 00:08:24,840

second car and its occupants doing the

248

00:08:28,490 --> 00:08:26,639

same that was the one thing I was very

249

00:08:30,290 --> 00:08:28,500

insisted upon when I first went forward

250

00:08:31,969 --> 00:08:30,300

to researchers that there were other

251
00:08:34,370 --> 00:08:31,979
people at the same encounter location

252
00:08:36,110 --> 00:08:34,380
and there was no doubt in my mind that

253
00:08:37,969 --> 00:08:36,120
they'd also left their vehicle and cross

254
00:08:39,649 --> 00:08:37,979
the road as we'd done and that

255
00:08:41,329 --> 00:08:39,659
insistence was what actually prompted

256
00:08:43,070 --> 00:08:41,339
the search for the second party who then

257
00:08:48,230 --> 00:08:43,080
approached researchers about six weeks

258
00:08:52,610 --> 00:08:50,690
this um photograph taken from the field

259
00:08:54,769 --> 00:08:52,620
itself gives you a general idea of the

260
00:08:57,650 --> 00:08:54,779
Topography of the area the road running

261
00:08:59,509 --> 00:08:57,660
around the top of the field uh over

262
00:09:00,910 --> 00:08:59,519
there on the left you can just see it in

263
00:09:03,290 --> 00:09:00,920

the corner

264

00:09:05,690 --> 00:09:03,300

was where we all pulled up our party

265

00:09:08,389 --> 00:09:05,700

right near the top there the second

266

00:09:09,889 --> 00:09:08,399

party about 100 meters behind us and the

267

00:09:11,590 --> 00:09:09,899

Third vehicle a little further down the

268

00:09:13,910 --> 00:09:11,600

road just a bit outside the photograph

269

00:09:16,790 --> 00:09:13,920

the full front view of the field here is

270

00:09:19,250 --> 00:09:16,800

is where the craft was approximately 170

271

00:09:22,009 --> 00:09:19,260

meters in from the side of the road

272

00:09:24,050 --> 00:09:22,019

according to the second group The Third

273

00:09:25,130 --> 00:09:24,060

vehicle contained a single male occupant

274

00:09:27,769 --> 00:09:25,140

who stayed in the car with the

275

00:09:30,290 --> 00:09:27,779

headlights on and uh later researchers

276

00:09:31,610 --> 00:09:30,300

recreating was seen um under similar

277

00:09:33,710 --> 00:09:31,620

conditions discovered that the only

278

00:09:35,509 --> 00:09:33,720

feasible reason why I'd been able to see

279

00:09:37,790 --> 00:09:35,519

the second party at all was solely

280

00:09:39,350 --> 00:09:37,800

because they at their car and and they

281

00:09:41,750 --> 00:09:39,360

were backlit by the headlights of the

282

00:09:43,490 --> 00:09:41,760

third car at that stage there weren't

283

00:09:46,550 --> 00:09:43,500

any Street lamps on that particular road

284

00:09:48,350 --> 00:09:46,560

so um without the headlights from the

285

00:09:50,269 --> 00:09:48,360

third car the second group would have

286

00:09:52,009 --> 00:09:50,279

been almost impossible to see and and

287

00:09:53,570 --> 00:09:52,019

this also explains why the second party

288

00:09:55,730 --> 00:09:53,580

hadn't seen us ahead of them at the

289

00:09:57,829 --> 00:09:55,740

encounter scene although they had seen

290

00:09:59,750 --> 00:09:57,839

us passing them a kilometer or so back

291

00:10:01,250 --> 00:09:59,760

down the road

292

00:10:02,750 --> 00:10:01,260

um that little problem turned out to be

293

00:10:04,970 --> 00:10:02,760

quite a blessing in the long run because

294

00:10:07,490 --> 00:10:04,980

it provided grounds for extremely

295

00:10:09,230 --> 00:10:07,500

unbiased research um not only were the

296

00:10:12,350 --> 00:10:09,240

other Witnesses able to take researchers

297

00:10:13,790 --> 00:10:12,360

back to the same location as myself but

298

00:10:15,650 --> 00:10:13,800

also the sketches we all Drew of The

299

00:10:17,690 --> 00:10:15,660

Craft and beans were drawn independently

300

00:10:20,570 --> 00:10:17,700

mine in the beginning when the second

301
00:10:22,070 --> 00:10:20,580
party hadn't yet been located and

302
00:10:23,329 --> 00:10:22,080
there's a little later without being

303
00:10:25,009 --> 00:10:23,339
aware that someone else had also

304
00:10:27,050 --> 00:10:25,019
observed the same thing

305
00:10:29,030 --> 00:10:27,060
the second party wasn't made aware of

306
00:10:30,530 --> 00:10:29,040
our presence that evening until the

307
00:10:32,150 --> 00:10:30,540
research on their roles in the encounter

308
00:10:34,610 --> 00:10:32,160
had been completed which was well into

309
00:10:36,350 --> 00:10:34,620
the following year

310
00:10:38,329 --> 00:10:36,360
um as for the third party up until a

311
00:10:39,949 --> 00:10:38,339
week ago the occupant or the other car

312
00:10:41,509 --> 00:10:39,959
still hadn't been located but in

313
00:10:43,610 --> 00:10:41,519

response to a recent article in who

314

00:10:45,410 --> 00:10:43,620

magazine it seems that there is very

315

00:10:47,569 --> 00:10:45,420

real chance that our mysterious third

316

00:10:50,090 --> 00:10:47,579

party has finally been found his um

317

00:10:52,490 --> 00:10:50,100

stories in particulars matched many of

318

00:10:54,650 --> 00:10:52,500

the detailed criteria researchers were

319

00:10:56,630 --> 00:10:54,660

actually looking for details that not

320

00:10:59,170 --> 00:10:56,640

even I or the other party were aware of

321

00:11:02,150 --> 00:10:59,180

and just to give you an example

322

00:11:04,130 --> 00:11:02,160

Jane one of the late members the female

323

00:11:07,009 --> 00:11:04,140

members from the second party actually

324

00:11:09,949 --> 00:11:07,019

reported seeing I think it was a red a

325

00:11:11,509 --> 00:11:09,959

red dragon lit up before the encounter

326

00:11:14,630 --> 00:11:11,519

and the researchers could never actually

327

00:11:16,810 --> 00:11:14,640

figure out what this meant and this uh

328

00:11:19,430 --> 00:11:16,820

this letter that was received

329

00:11:22,250 --> 00:11:19,440

along with the photographs actually

330

00:11:25,250 --> 00:11:22,260

stated that um there might be something

331

00:11:28,790 --> 00:11:25,260

that we could all relate to a signifier

332

00:11:30,829 --> 00:11:28,800

if any of us had seen they had some sort

333

00:11:33,949 --> 00:11:30,839

of a logo on their car which was a

334

00:11:35,690 --> 00:11:33,959

fluorescent and it was a red dragon and

335

00:11:38,090 --> 00:11:35,700

with a dark car in the night it looked

336

00:11:39,949 --> 00:11:38,100

like a red a red dragon flying past so

337

00:11:42,829 --> 00:11:39,959

these were the little indicators that

338

00:11:43,490 --> 00:11:42,839

researchers were actually looking for

339

00:11:44,810 --> 00:11:43,500

um

340

00:11:46,130 --> 00:11:44,820

it also appears that his own

341

00:11:47,990 --> 00:11:46,140

photographic evidence of the physical

342

00:11:50,389 --> 00:11:48,000

marks on his body correspond with the

343

00:11:53,269 --> 00:11:50,399

three circular marks found on the inside

344

00:11:55,970 --> 00:11:53,279

thigh of both the female members of the

345

00:11:59,030 --> 00:11:55,980

second party as well as a match to the

346

00:12:01,550 --> 00:11:59,040

ligature Mark around Glenda's left ankle

347

00:12:03,230 --> 00:12:01,560

for the moment all I really know is that

348

00:12:04,850 --> 00:12:03,240

the individual involved is a lawyer of

349

00:12:07,370 --> 00:12:04,860

sorts and lives locally to where the

350

00:12:09,829 --> 00:12:07,380

encounter took place

351
00:12:11,210 --> 00:12:09,839
um pra phenomena research Australia is

352
00:12:13,009 --> 00:12:11,220
hoping to secure

353
00:12:15,050 --> 00:12:13,019
um further detailed information on the

354
00:12:16,790 --> 00:12:15,060
third party in the near future and I

355
00:12:18,290 --> 00:12:16,800
believe that when this happens it'll uh

356
00:12:19,850 --> 00:12:18,300
provide one of the best testimonies of

357
00:12:22,009 --> 00:12:19,860
individual witnesses to have ever been

358
00:12:23,509 --> 00:12:22,019
presented anywhere in the world and this

359
00:12:25,250 --> 00:12:23,519
case has already become a landmark in

360
00:12:26,930 --> 00:12:25,260
Australian ufology and and could

361
00:12:29,030 --> 00:12:26,940
possibly become a case decider on the

362
00:12:30,710 --> 00:12:29,040
UFO phenomena for people everywhere and

363
00:12:32,630 --> 00:12:30,720

I'm not saying that because this is my

364

00:12:34,430 --> 00:12:32,640

case but because there were other people

365

00:12:35,990 --> 00:12:34,440

there who saw and experienced the same

366

00:12:37,730 --> 00:12:36,000

phenomena and that's just about as real

367

00:12:39,710 --> 00:12:37,740

as you can get

368

00:12:42,050 --> 00:12:39,720

anyway I'm getting a little sidetracked

369

00:12:43,250 --> 00:12:42,060

here um to continue on with the story is

370

00:12:44,870 --> 00:12:43,260

my husband and I stood watching The

371

00:12:47,329 --> 00:12:44,880

Craft about 10 meters in from the side

372

00:12:48,949 --> 00:12:47,339

of the road and here might actually be a

373

00:12:50,389 --> 00:12:48,959

good time to describe the craft so you

374

00:12:51,650 --> 00:12:50,399

can get a good idea of exactly what we

375

00:12:53,629 --> 00:12:51,660

were looking at

376

00:12:55,730 --> 00:12:53,639

uh

377

00:12:57,889 --> 00:12:55,740

sorry

378

00:13:00,710 --> 00:12:57,899

about that this is a copy of the

379

00:13:02,090 --> 00:13:00,720

original sketch I submitted to phenomena

380

00:13:03,829 --> 00:13:02,100

research Australia during the early

381

00:13:05,750 --> 00:13:03,839

research process

382

00:13:07,069 --> 00:13:05,760

um sorry about the quality but that's

383

00:13:08,949 --> 00:13:07,079

what happens when you're forced to use

384

00:13:12,230 --> 00:13:08,959

your kids crayons

385

00:13:13,910 --> 00:13:12,240

the craft we saw consisted of a row of

386

00:13:16,370 --> 00:13:13,920

round orange lights a little like large

387

00:13:19,310 --> 00:13:16,380

Amber traffic lights and when I say

388

00:13:20,870 --> 00:13:19,320

large I mean huge they each would have

389

00:13:23,629 --> 00:13:20,880

been big enough for a person to stand up

390

00:13:25,569 --> 00:13:23,639

in full length beneath these circles was

391

00:13:28,430 --> 00:13:25,579

a formation of blue fluorescent light

392

00:13:29,930 --> 00:13:28,440

and whether or not it was solid or

393

00:13:31,790 --> 00:13:29,940

gaseous is something that I'm actually

394

00:13:33,530 --> 00:13:31,800

not sure of although it certainly seemed

395

00:13:35,210 --> 00:13:33,540

to be a part of the structure of The

396

00:13:36,889 --> 00:13:35,220

Craft

397

00:13:39,430 --> 00:13:36,899

um this blue light structure descended

398

00:13:42,170 --> 00:13:39,440

from the orange circles in a a

399

00:13:46,009 --> 00:13:42,180

conical fashion and hit the ground in a

400

00:13:47,870 --> 00:13:46,019

in a semi-circular or crescent shape

401
00:13:50,389 --> 00:13:47,880
um the semicircle was actually one of

402
00:13:52,310 --> 00:13:50,399
the ground traces recovered as a

403
00:13:54,829 --> 00:13:52,320
magnetic anomaly on the field

404
00:13:56,269 --> 00:13:54,839
where I've drawn the comparison scale of

405
00:13:57,350 --> 00:13:56,279
a human being to the craft down the

406
00:13:59,269 --> 00:13:57,360
bottom I've been assured through

407
00:14:01,850 --> 00:13:59,279
research estimates that that this scale

408
00:14:03,650 --> 00:14:01,860
was relatively accurate um uh and

409
00:14:05,030 --> 00:14:03,660
through using trigonometry pra we're

410
00:14:07,550 --> 00:14:05,040
able to ascertain that the approximate

411
00:14:09,590 --> 00:14:07,560
diameter of the craft was something uh

412
00:14:11,870 --> 00:14:09,600
like 50 meters or the the length of an

413
00:14:12,949 --> 00:14:11,880

Olympic swimming pool and to me out

414

00:14:14,810 --> 00:14:12,959

there that night it was probably about

415

00:14:16,670 --> 00:14:14,820

the height of a two to three story house

416

00:14:18,350 --> 00:14:16,680

so you can see why we wouldn't have been

417

00:14:22,430 --> 00:14:18,360

able to mistake it for something like a

418

00:14:26,449 --> 00:14:24,769

these are the sketches of The Craft

419

00:14:28,370 --> 00:14:26,459

submitted by Jane and Glenda the two

420

00:14:29,930 --> 00:14:28,380

female members of the second party

421

00:14:30,710 --> 00:14:29,940

um noticed that although slightly

422

00:14:32,150 --> 00:14:30,720

different

423

00:14:34,490 --> 00:14:32,160

um the craft has the same basic

424

00:14:36,590 --> 00:14:34,500

structure which obviously isn't the um

425

00:14:38,629 --> 00:14:36,600

saucer-shaped object so often expected

426

00:14:40,310 --> 00:14:38,639

and like myself they both grew the

427

00:14:42,650 --> 00:14:40,320

Crescent shape beneath the beneath the

428

00:14:47,329 --> 00:14:42,660

craft but um here they've they've also

429

00:14:50,030 --> 00:14:48,290

um

430

00:14:52,490 --> 00:14:50,040

oh this is something that I actually

431

00:14:54,889 --> 00:14:52,500

admitted on my own drawing um because I

432

00:14:57,050 --> 00:14:54,899

didn't notice it on the night and if I

433

00:14:58,670 --> 00:14:57,060

as I assumed I wasn't wearing my glasses

434

00:15:01,009 --> 00:14:58,680

and this it doesn't really surprise me

435

00:15:02,990 --> 00:15:01,019

much but um the tripod obviously was a

436

00:15:04,910 --> 00:15:03,000

part of the craft because uh the

437

00:15:06,590 --> 00:15:04,920

corresponding ground traces in a

438

00:15:10,490 --> 00:15:06,600

triangular formation were also found

439

00:15:16,129 --> 00:15:13,569

just as a matter of Interest

440

00:15:18,590 --> 00:15:16,139

I was recently shown these photos from

441

00:15:20,449 --> 00:15:18,600

South America and I I couldn't help but

442

00:15:22,430 --> 00:15:20,459

notice the the similarity in the orange

443

00:15:24,009 --> 00:15:22,440

circles if you could imagine a blue

444

00:15:26,930 --> 00:15:24,019

fluorescent structure beneath the

445

00:15:28,610 --> 00:15:26,940

beneath the orange lights here in these

446

00:15:33,730 --> 00:15:28,620

photos and it would come pretty close to

447

00:15:39,829 --> 00:15:37,550

these are the marks left by the tripod

448

00:15:41,269 --> 00:15:39,839

sketched by both Jane and Glenda they

449

00:15:43,370 --> 00:15:41,279

were found within the Crescent shaped

450

00:15:44,930 --> 00:15:43,380

anomaly and and that we believe to have

451
00:15:46,329 --> 00:15:44,940
been caused by the blue light structure

452
00:15:48,350 --> 00:15:46,339
beneath the craft

453
00:15:50,269 --> 00:15:48,360
these are actually three individual

454
00:15:52,310 --> 00:15:50,279
photos taken of each Mark and arranged

455
00:15:54,530 --> 00:15:52,320
vertically for display purposes

456
00:15:56,090 --> 00:15:54,540
but out on the field they were in a

457
00:15:59,389 --> 00:15:56,100
triangular formation

458
00:16:02,030 --> 00:15:59,399
um spaced approximately six meters apart

459
00:16:04,250 --> 00:16:02,040
um this is a microscopic shot of a blade

460
00:16:05,569 --> 00:16:04,260
of foliage in the in the Crescent area

461
00:16:08,150 --> 00:16:05,579
um there appears to be some kind of

462
00:16:10,189 --> 00:16:08,160
abrasion to the leaf and all the foliage

463
00:16:12,650 --> 00:16:10,199

including the grass within the Crescent

464

00:16:14,569 --> 00:16:12,660

was damaged in the same way again the

465

00:16:15,949 --> 00:16:14,579

surrounding areas showed no ill effect

466

00:16:17,569 --> 00:16:15,959

at all

467

00:16:19,189 --> 00:16:17,579

that's all I really have to show you

468

00:16:20,930 --> 00:16:19,199

concerning the physical ground traces

469

00:16:22,970 --> 00:16:20,940

although I believe there were several

470

00:16:25,069 --> 00:16:22,980

other anomalies discovered

471

00:16:26,389 --> 00:16:25,079

um but for those I guess we'll all have

472

00:16:28,150 --> 00:16:26,399

to wait for the release of the official

473

00:16:31,250 --> 00:16:28,160

report on this case to find out anymore

474

00:16:32,689 --> 00:16:31,260

John Alcatel and pra have indicated that

475

00:16:34,790 --> 00:16:32,699

they'd like to have the report released

476

00:16:36,650 --> 00:16:34,800

by the end of this year so if all goes

477

00:16:38,509 --> 00:16:36,660

well all this information and hopefully

478

00:16:40,610 --> 00:16:38,519

a lot more will become readily available

479

00:16:41,870 --> 00:16:40,620

to the General Public

480

00:16:43,670 --> 00:16:41,880

anyway

481

00:16:44,870 --> 00:16:43,680

um this time I've really gotten off the

482

00:16:46,790 --> 00:16:44,880

track I've been I've been meaning to get

483

00:16:48,410 --> 00:16:46,800

to the main part of the encounter which

484

00:16:50,150 --> 00:16:48,420

was the actual contact

485

00:16:51,290 --> 00:16:50,160

UM in some ways it's actually quite a

486

00:16:52,790 --> 00:16:51,300

relief for me that you've had the chance

487

00:16:54,949 --> 00:16:52,800

to view some of the physical data

488

00:16:56,930 --> 00:16:54,959

beforehand because what happens next

489

00:16:58,790 --> 00:16:56,940

sounds more like something out of a b

490

00:17:01,249 --> 00:16:58,800

grade science fiction movie than reality

491

00:17:03,769 --> 00:17:01,259

yet it was as real to me as those ground

492

00:17:05,329 --> 00:17:03,779

traces are to researchers

493

00:17:07,189 --> 00:17:05,339

um when my husband and I were standing

494

00:17:09,470 --> 00:17:07,199

on the side of the field watching the

495

00:17:12,110 --> 00:17:09,480

craft a tall black being seemed to

496

00:17:13,789 --> 00:17:12,120

appear right in front of it one second

497

00:17:15,530 --> 00:17:13,799

it wasn't there the next second it was

498

00:17:17,390 --> 00:17:15,540

and this was followed by the appearance

499

00:17:20,150 --> 00:17:17,400

of seven or eight similar beings um

500

00:17:22,370 --> 00:17:20,160

right behind him that's when I felt the

501
00:17:23,870 --> 00:17:22,380
energy force um it hit me like a ton of

502
00:17:26,150 --> 00:17:23,880
lead the only way I can describe this

503
00:17:27,829 --> 00:17:26,160
Force is is to say that it was well at

504
00:17:30,409 --> 00:17:27,839
least what I believe to be a low level

505
00:17:32,870 --> 00:17:30,419
frequency so powerful

506
00:17:34,549 --> 00:17:32,880
um that it was if waves of energy were

507
00:17:36,890 --> 00:17:34,559
being pumped through my body I could

508
00:17:39,830 --> 00:17:36,900
literally feel them emotionally all I

509
00:17:41,990 --> 00:17:39,840
felt was absolute Terror um it was as if

510
00:17:44,330 --> 00:17:42,000
I'd been stripped of all of my logical

511
00:17:46,669 --> 00:17:44,340
comprehension and left with um little

512
00:17:48,890 --> 00:17:46,679
more than raw emotional instinct to

513
00:17:50,690 --> 00:17:48,900

reason with and I really think that now

514

00:17:52,970 --> 00:17:50,700

I can understand the terror of a wild

515

00:17:56,090 --> 00:17:52,980

animal when it's been cornered up until

516

00:17:58,010 --> 00:17:56,100

that moment all I'd felt was an absolute

517

00:17:59,570 --> 00:17:58,020

sense of awe I gotten out of the car

518

00:18:01,730 --> 00:17:59,580

with a smile on my face that I couldn't

519

00:18:03,289 --> 00:18:01,740

have wiped off if I'd have tried and yet

520

00:18:05,750 --> 00:18:03,299

within a second that that Wonder

521

00:18:08,090 --> 00:18:05,760

instantly turned to horror and this is

522

00:18:09,650 --> 00:18:08,100

also the point where I believe the

523

00:18:12,590 --> 00:18:09,660

experience of myself and the second

524

00:18:14,210 --> 00:18:12,600

party uh diverged a little bit after

525

00:18:15,770 --> 00:18:14,220

seeing the craft and the beings the

526
00:18:18,110 --> 00:18:15,780
others report hearing a humming noise

527
00:18:20,390 --> 00:18:18,120
and then blacking out only to find them

528
00:18:21,890 --> 00:18:20,400
somehow a cell somehow I'm transported

529
00:18:24,110 --> 00:18:21,900
on board the craft

530
00:18:27,710 --> 00:18:24,120
as for me I was subjected to an energy

531
00:18:29,570 --> 00:18:27,720
force so powerful that these days that's

532
00:18:31,549 --> 00:18:29,580
exactly what I believe it was meant to

533
00:18:33,470 --> 00:18:31,559
do to to knock me unconscious yet it

534
00:18:36,650 --> 00:18:33,480
didn't quite work the other two women

535
00:18:39,049 --> 00:18:36,660
report only a um a profound sense of of

536
00:18:41,270 --> 00:18:39,059
calm and peace on the field and their

537
00:18:43,010 --> 00:18:41,280
their own personal interpretation is is

538
00:18:46,070 --> 00:18:43,020

totally different to the hysteria that

539

00:18:47,690 --> 00:18:46,080

laced my interpretation I've often

540

00:18:49,669 --> 00:18:47,700

wondered if I had have been knocked

541

00:18:52,010 --> 00:18:49,679

unconscious by that energy force in

542

00:18:54,049 --> 00:18:52,020

instead of being forced to experience it

543

00:18:55,730 --> 00:18:54,059

there may be I'd have only uh had

544

00:18:57,350 --> 00:18:55,740

recollection of that incredible sense of

545

00:19:00,049 --> 00:18:57,360

ore I was feeling only moments before

546

00:19:01,909 --> 00:19:00,059

but instead I I became absolutely

547

00:19:04,669 --> 00:19:01,919

hysterical and began screaming that they

548

00:19:06,409 --> 00:19:04,679

had no souls and at that moment I was

549

00:19:09,169 --> 00:19:06,419

absolutely convinced of the accuracy of

550

00:19:11,510 --> 00:19:09,179

that statement I truly believe that the

551
00:19:14,330 --> 00:19:11,520
beings we were witnessing had no souls

552
00:19:16,610 --> 00:19:14,340
I've never been able to explain that

553
00:19:19,789 --> 00:19:16,620
conclusion quite adequately but um

554
00:19:21,470 --> 00:19:19,799
except to say rather than by any other

555
00:19:23,690 --> 00:19:21,480
means I felt it

556
00:19:26,570 --> 00:19:23,700
in reaction to my yelling the being's

557
00:19:28,549 --> 00:19:26,580
eyes then seems to light up a a blazing

558
00:19:30,710 --> 00:19:28,559
red color and they came rushing across

559
00:19:32,570 --> 00:19:30,720
the field towards us about halfway

560
00:19:34,669 --> 00:19:32,580
across the field they split up into two

561
00:19:36,289 --> 00:19:34,679
groups one heading towards the occupants

562
00:19:38,810 --> 00:19:36,299
of the second vehicle who were 100

563
00:19:41,570 --> 00:19:38,820

meters further down the road from us and

564

00:19:43,370 --> 00:19:41,580

the rest of them heading towards us they

565

00:19:44,870 --> 00:19:43,380

didn't seem to be running they actually

566

00:19:46,430 --> 00:19:44,880

seemed to be gliding a little bit off

567

00:19:49,730 --> 00:19:46,440

the ground

568

00:19:51,409 --> 00:19:49,740

this is um the original sketch of the

569

00:19:54,289 --> 00:19:51,419

bangs that I submitted to pra in the

570

00:19:56,090 --> 00:19:54,299

research process besides the black or

571

00:19:59,090 --> 00:19:56,100

dark faces there were no other

572

00:20:01,850 --> 00:19:59,100

distinguishable features but the eyes

573

00:20:05,510 --> 00:20:04,490

likewise Jane and Glenda's sketches of

574

00:20:07,610 --> 00:20:05,520

the beings also had the same

575

00:20:09,590 --> 00:20:07,620

similarities in in both the shape and

576
00:20:11,270 --> 00:20:09,600
and the absence of mouth nose or any

577
00:20:12,470 --> 00:20:11,280
other facial features but the big round

578
00:20:13,970 --> 00:20:12,480
eyes

579
00:20:15,830 --> 00:20:13,980
um this in itself is quite unusual

580
00:20:17,990 --> 00:20:15,840
because as most of you would already

581
00:20:20,090 --> 00:20:18,000
know most abductees depictions of the

582
00:20:22,010 --> 00:20:20,100
beings they see usually include large

583
00:20:26,330 --> 00:20:22,020
but but slanted eyes

584
00:20:30,950 --> 00:20:28,669
anyway in the uh three or four seconds

585
00:20:33,049 --> 00:20:30,960
it took these beings to cross the 170

586
00:20:35,450 --> 00:20:33,059
meters between us all I could do was

587
00:20:38,150 --> 00:20:35,460
stand there not so much physically

588
00:20:40,250 --> 00:20:38,160

paralyzed but totally transfixed um

589

00:20:43,130 --> 00:20:40,260

there really was no time to do anything

590

00:20:45,590 --> 00:20:43,140

else all I could fix on was the Blazing

591

00:20:47,870 --> 00:20:45,600

red eyes I often get asked um if

592

00:20:49,490 --> 00:20:47,880

anything else if I noticed anything else

593

00:20:51,110 --> 00:20:49,500

like hands or feet but there there

594

00:20:52,669 --> 00:20:51,120

really wasn't any time when you're

595

00:20:54,710 --> 00:20:52,679

confronted with something so frightening

596

00:20:57,110 --> 00:20:54,720

the the Minor Details aren't something

597

00:20:59,810 --> 00:20:57,120

you you uh tend to spend a lot of time

598

00:21:01,310 --> 00:20:59,820

looking for when you put in a situation

599

00:21:03,890 --> 00:21:01,320

like that the last thing you're thinking

600

00:21:05,450 --> 00:21:03,900

is oh I probably got 1.23 seconds left

601
00:21:06,830 --> 00:21:05,460
to live but wait first I have to find

602
00:21:09,650 --> 00:21:06,840
out what color nail polish they're

603
00:21:11,750 --> 00:21:09,660
wearing doesn't sort of work that way

604
00:21:13,370 --> 00:21:11,760
um most of you have probably had a

605
00:21:14,690 --> 00:21:13,380
nightmare at some stage in your lives

606
00:21:16,490 --> 00:21:14,700
and you'd know the fear that you

607
00:21:18,169 --> 00:21:16,500
experience in a nightmare is is much

608
00:21:19,789 --> 00:21:18,179
more powerful than any fear that you

609
00:21:22,430 --> 00:21:19,799
could possibly encounter in real life

610
00:21:24,049 --> 00:21:22,440
and well the fear that I felt out there

611
00:21:25,669 --> 00:21:24,059
that night was like my worst nightmare

612
00:21:27,830 --> 00:21:25,679
coming to life

613
00:21:29,750 --> 00:21:27,840

um and just to give you some idea of

614

00:21:31,850 --> 00:21:29,760

exactly how terrified I was I was later

615

00:21:34,310 --> 00:21:31,860

on forced to put my head between my

616

00:21:37,490 --> 00:21:34,320

knees and throw up out of sheer fear

617

00:21:39,409 --> 00:21:37,500

as I stood there the next thing I felt

618

00:21:41,750 --> 00:21:39,419

was a blow to my stomach that landed me

619

00:21:44,270 --> 00:21:41,760

flat on the back in the grass it

620

00:21:46,970 --> 00:21:44,280

literally lifted me off of my feet I was

621

00:21:48,350 --> 00:21:46,980

winded and I was nauseous but I still

622

00:21:50,570 --> 00:21:48,360

managed to pull myself into a sitting

623

00:21:53,210 --> 00:21:50,580

position only because I had this intense

624

00:21:55,010 --> 00:21:53,220

fear that I was going to die if I didn't

625

00:21:56,810 --> 00:21:55,020

um it was then when I sat up that I

626
00:21:58,789 --> 00:21:56,820
realized I couldn't see and I spent the

627
00:22:01,190 --> 00:21:58,799
rest of the encounter or at least what I

628
00:22:04,370 --> 00:22:01,200
can recall of it sitting on my backside

629
00:22:06,649 --> 00:22:04,380
in the grass totally blinded all I could

630
00:22:08,570 --> 00:22:06,659
do was hear and feel

631
00:22:10,610 --> 00:22:08,580
there's an exchange of words out on the

632
00:22:12,770 --> 00:22:10,620
side of the field which involved one

633
00:22:14,270 --> 00:22:12,780
audible male voice utilizing cliché

634
00:22:16,909 --> 00:22:14,280
lines such as we're a peaceful people

635
00:22:19,789 --> 00:22:16,919
which was pretty hard to believe after

636
00:22:21,770 --> 00:22:19,799
what had just happened to me and for the

637
00:22:23,870 --> 00:22:21,780
rest of my conscious recollection which

638
00:22:27,230 --> 00:22:23,880

I can only describe as as scattered at

639

00:22:29,630 --> 00:22:27,240

best all I can clearly remember doing is

640

00:22:31,610 --> 00:22:29,640

raving about demons and evil and a

641

00:22:32,330 --> 00:22:31,620

throwback to my religious conditioning I

642

00:22:34,430 --> 00:22:32,340

guess

643

00:22:35,630 --> 00:22:34,440

um yet even so I was totally convinced

644

00:22:37,850 --> 00:22:35,640

and I still am that I was in the

645

00:22:40,130 --> 00:22:37,860

presence of something totally diabolical

646

00:22:41,810 --> 00:22:40,140

at the very last stage of my conscious

647

00:22:43,610 --> 00:22:41,820

recollection I remember a ham being

648

00:22:45,169 --> 00:22:43,620

placed on my shoulder in response to

649

00:22:47,630 --> 00:22:45,179

this male Voice's command will someone

650

00:22:49,250 --> 00:22:47,640

do something about her

651
00:22:50,990 --> 00:22:49,260
um and that was it for me I began

652
00:22:52,490 --> 00:22:51,000
invoking the name of God as if there was

653
00:22:55,250 --> 00:22:52,500
no tomorrow and the next thing I recall

654
00:22:57,409 --> 00:22:55,260
was being back in the car severely

655
00:22:59,029 --> 00:22:57,419
disorientated and wondering what on

656
00:22:59,810 --> 00:22:59,039
Earth had happened

657
00:23:01,490 --> 00:22:59,820
um

658
00:23:03,409 --> 00:23:01,500
although the incident I just described

659
00:23:05,510 --> 00:23:03,419
could have taken no longer than five to

660
00:23:07,490 --> 00:23:05,520
ten minute minutes I'm still faced with

661
00:23:09,830 --> 00:23:07,500
um The Dilemma of over an hour of

662
00:23:11,990 --> 00:23:09,840
missing time and likewise the second

663
00:23:14,390 --> 00:23:12,000

party also reported a similar amount of

664

00:23:16,490 --> 00:23:14,400

unaccountable time lapse

665

00:23:19,250 --> 00:23:16,500

from the other side Jane and Glenda

666

00:23:21,710 --> 00:23:19,260

reported somehow being transported on

667

00:23:23,690 --> 00:23:21,720

board the craft they related the ability

668

00:23:26,090 --> 00:23:23,700

to telepathically communicate with each

669

00:23:28,669 --> 00:23:26,100

other under these circumstances and at

670

00:23:30,289 --> 00:23:28,679

all stages of the onboard activity each

671

00:23:32,630 --> 00:23:30,299

was aware of what was happening to the

672

00:23:34,490 --> 00:23:32,640

other the two women state that they were

673

00:23:36,890 --> 00:23:34,500

strapped down to tables and medically

674

00:23:39,890 --> 00:23:36,900

examined but there certainly seems to be

675

00:23:41,930 --> 00:23:39,900

physical evidence to support that but

676
00:23:44,149 --> 00:23:41,940
first uh

677
00:23:46,549 --> 00:23:44,159
another thing that really interests me

678
00:23:48,289 --> 00:23:46,559
on board the craft Glenda reported

679
00:23:50,870 --> 00:23:48,299
seeing this being again with no other

680
00:23:52,730 --> 00:23:50,880
facial features but the eyes this

681
00:23:55,430 --> 00:23:52,740
particular sketches is of interest to me

682
00:23:57,710 --> 00:23:55,440
because of the robes that it was wearing

683
00:23:59,630 --> 00:23:57,720
in the aftermath of the encounter I was

684
00:24:02,149 --> 00:23:59,640
subjected to four bedside manifestations

685
00:24:04,070 --> 00:24:02,159
over a five-month period of the same

686
00:24:06,710 --> 00:24:04,080
kind of tall dark Bean dressed in a

687
00:24:08,810 --> 00:24:06,720
black hooded floor-length robe

688
00:24:11,690 --> 00:24:08,820

this diagram indicates the places on

689

00:24:13,190 --> 00:24:11,700

Glenda's body where she was marked all

690

00:24:15,370 --> 00:24:13,200

three of us women were branded with a

691

00:24:17,810 --> 00:24:15,380

triangular Mark below our navels

692

00:24:19,549 --> 00:24:17,820

although I still still have no idea of

693

00:24:21,169 --> 00:24:19,559

where mine came from because I've no

694

00:24:22,850 --> 00:24:21,179

further recollection of anything other

695

00:24:25,850 --> 00:24:22,860

than being on the side of the field and

696

00:24:31,250 --> 00:24:28,490

this is a photograph of of the inside of

697

00:24:32,930 --> 00:24:31,260

one of the other ladies legs both women

698

00:24:34,610 --> 00:24:32,940

from the second party were marked with

699

00:24:36,770 --> 00:24:34,620

this vertical line of three round dots

700

00:24:38,210 --> 00:24:36,780

on their inner thighs it now seems that

701
00:24:41,049 --> 00:24:38,220
the male occupant of the Third vehicle

702
00:24:43,490 --> 00:24:41,059
was also branded with the same marking

703
00:24:47,750 --> 00:24:43,500
it's a mark which Pras just recently

704
00:24:49,730 --> 00:24:47,760
acquired photographic evidence for uh

705
00:24:52,010 --> 00:24:49,740
finally this is a photograph of the

706
00:24:53,690 --> 00:24:52,020
ligature mark on Glenda's ankle which

707
00:24:55,190 --> 00:24:53,700
corresponds in quite a dramatic way with

708
00:24:58,070 --> 00:24:55,200
her claimed or being strapped down to a

709
00:25:00,110 --> 00:24:58,080
table on board again the male member of

710
00:25:02,149 --> 00:25:00,120
the third party was left with a similar

711
00:25:04,310 --> 00:25:02,159
ligature mark on on the same ankle the

712
00:25:06,950 --> 00:25:04,320
left one

713
00:25:09,190 --> 00:25:06,960

there were also other physical problems

714

00:25:11,810 --> 00:25:09,200

with with both women in the second party

715

00:25:13,370 --> 00:25:11,820

but because these were problems were

716

00:25:15,110 --> 00:25:13,380

gynological I think that should be up to

717

00:25:17,810 --> 00:25:15,120

them if they to decide if they want to

718

00:25:20,390 --> 00:25:17,820

discuss it in public suffice to say that

719

00:25:22,130 --> 00:25:20,400

all of us women suffered some form of

720

00:25:23,510 --> 00:25:22,140

gynological disturbance after the

721

00:25:28,190 --> 00:25:23,520

encounter

722

00:25:30,590 --> 00:25:28,200

for myself there were ongoing scenarios

723

00:25:33,350 --> 00:25:30,600

of of bedside manifestations and strange

724

00:25:36,230 --> 00:25:33,360

electrical disturbances um for quite

725

00:25:37,730 --> 00:25:36,240

some time afterwards these are quite in

726

00:25:39,470 --> 00:25:37,740

depth and I could go on talking about

727

00:25:41,210 --> 00:25:39,480

them for hours but um I don't really

728

00:25:42,890 --> 00:25:41,220

have the time for that this morning so

729

00:25:44,510 --> 00:25:42,900

if any of you are still curious about

730

00:25:46,490 --> 00:25:44,520

the after effects they've been quite

731

00:25:47,570 --> 00:25:46,500

thoroughly detailed in my book encounter

732

00:25:48,830 --> 00:25:47,580

which is available here at the

733

00:25:52,070 --> 00:25:48,840

conference

734

00:25:53,930 --> 00:25:52,080

um so far as it is all I've really given

735

00:25:56,630 --> 00:25:53,940

you is an overall view of the physical

736

00:25:59,269 --> 00:25:56,640

events of the encounter but it seems

737

00:26:00,649 --> 00:25:59,279

that the effects on my life including my

738

00:26:03,289 --> 00:26:00,659

perceptions and beliefs have all

739

00:26:06,649 --> 00:26:03,299

radically altered since the experience

740

00:26:08,570 --> 00:26:06,659

and continue to do so Realms of thought

741

00:26:10,190 --> 00:26:08,580

processes and spiritual awareness have

742

00:26:12,649 --> 00:26:10,200

really opened up on a new level for me

743

00:26:13,970 --> 00:26:12,659

and and these days I find myself in a

744

00:26:15,710 --> 00:26:13,980

Labyrinth of possibilities and

745

00:26:17,210 --> 00:26:15,720

understandings that would never have

746

00:26:19,010 --> 00:26:17,220

come to light if it wasn't for the

747

00:26:21,830 --> 00:26:19,020

encounter it seems to have been a

748

00:26:23,390 --> 00:26:21,840

trigger to a new awareness that the

749

00:26:25,370 --> 00:26:23,400

world and our perception of it is only

750

00:26:28,850 --> 00:26:25,380

very limited if we're only able to view

751

00:26:31,970 --> 00:26:28,860

it in one very logical or boxed off why

752

00:26:34,549 --> 00:26:31,980

a UFO encounter has a way of shattering

753

00:26:37,130 --> 00:26:34,559

a person's entire concept of reality and

754

00:26:39,350 --> 00:26:37,140

then eventually allowing a bigger

755

00:26:40,610 --> 00:26:39,360

picture to unfold

756

00:26:42,649 --> 00:26:40,620

um for the past two years I've been

757

00:26:45,830 --> 00:26:42,659

proactive in promoting the reality of

758

00:26:47,510 --> 00:26:45,840

UFO activity to the Australian public

759

00:26:50,390 --> 00:26:47,520

um in that time I've had two further

760

00:26:51,830 --> 00:26:50,400

sightings not encounters but both of

761

00:26:54,049 --> 00:26:51,840

these have been in broad daylight with

762

00:26:56,210 --> 00:26:54,059

other UFO experiences

763

00:26:58,370 --> 00:26:56,220

this photo was one I took in March last

764

00:27:01,010 --> 00:26:58,380

year at 9 30 in the morning over Sydney

765

00:27:03,950 --> 00:27:01,020

Harbor blown up it looks like a large

766

00:27:05,870 --> 00:27:03,960

white triangle it sat there in the same

767

00:27:08,149 --> 00:27:05,880

spot for one to two minutes then seemed

768

00:27:09,590 --> 00:27:08,159

to flash and disappear and this occurred

769

00:27:12,289 --> 00:27:09,600

the day after I'd spoken at my first

770

00:27:14,690 --> 00:27:12,299

conference the other sighting I had was

771

00:27:16,549 --> 00:27:14,700

again in Sydney with another experiencer

772

00:27:18,649 --> 00:27:16,559

and looked like a large round silver

773

00:27:21,470 --> 00:27:18,659

ball bearing floating in and out of the

774

00:27:23,029 --> 00:27:21,480

clouds and no camera this time but uh

775

00:27:25,190 --> 00:27:23,039

once again it was the day before a major

776

00:27:26,630 --> 00:27:25,200

conference so if you go outside at some

777

00:27:28,310 --> 00:27:26,640

stage this afternoon look up you never

778

00:27:31,130 --> 00:27:28,320

know your luck

779

00:27:32,510 --> 00:27:31,140

well um I guess that's about it from me

780

00:27:33,769 --> 00:27:32,520

um thanks for your patronage at this

781

00:27:35,450 --> 00:27:33,779

session and I really hope that it'll

782

00:27:37,549 --> 00:27:35,460

provide you with a deeper insight not

783

00:27:39,409 --> 00:27:37,559

only into my own case but the abduction

784

00:27:41,269 --> 00:27:39,419

phenomena as a whole and and in

785

00:27:43,190 --> 00:27:41,279

particular that this phenomena is having

786

00:27:45,350 --> 00:27:43,200

an effect on real human lives not just
