

1
00:00:05,420 --> 00:00:30,190
baby baby

2
00:00:30,200 --> 00:00:36,290
[Applause]

3
00:02:32,350 --> 00:01:16,310
foreign

4
00:02:47,420 --> 00:02:34,010
all right

5
00:03:37,149 --> 00:03:18,160
[Applause]

6
00:03:43,130 --> 00:03:40,130
who disappeared back in 1980

7
00:03:44,690 --> 00:03:43,140
in June 26 1980 at 7 pm

8
00:03:47,330 --> 00:03:44,700
he was flying from the Dominican

9
00:03:50,449 --> 00:03:47,340
Republic to Puerto Rico he went to the

10
00:03:52,729 --> 00:03:50,459
Dominican Republics that Friday this

11
00:03:54,770 --> 00:03:52,739
happened on Saturday but with a friend

12
00:03:57,770 --> 00:03:54,780
of his from from the town of Paul robes

13
00:04:00,289 --> 00:03:57,780

Luis Maldonado Torres just to spend a

14

00:04:03,110 --> 00:04:00,299

couple of days there but they got tired

15

00:04:04,190 --> 00:04:03,120

they got you know tired been there and

16

00:04:07,690 --> 00:04:04,200

they wanted to come back to the island

17

00:04:12,710 --> 00:04:07,700

Puerto Rico and he was the son of the

18

00:04:15,110 --> 00:04:12,720

lieutenant Jose Pagan device director of

19

00:04:18,050 --> 00:04:15,120

the air police division of Puerto Rico

20

00:04:20,330 --> 00:04:18,060

he was coming in in this airplane when

21

00:04:21,349 --> 00:04:20,340

all of a sudden they began sending may

22

00:04:24,530 --> 00:04:21,359

days

23

00:04:27,350 --> 00:04:24,540

mayday mayday we are lost we have a very

24

00:04:29,749 --> 00:04:27,360

weird big strange object in front of us

25

00:04:31,570 --> 00:04:29,759

that has taken us of course they

26

00:04:35,689 --> 00:04:31,580

describe it as luminous

27

00:04:37,550 --> 00:04:35,699

it was harassing them in order to avoid

28

00:04:41,030 --> 00:04:37,560

the collision with the object they had

29

00:04:43,070 --> 00:04:41,040

to keep appearing away to the northwest

30

00:04:46,490 --> 00:04:43,080

getting away from the island more and

31

00:04:47,870 --> 00:04:46,500

more they sent three may days there was

32

00:04:49,909 --> 00:04:47,880

the jetliner coming out from the

33

00:04:53,270 --> 00:04:49,919

Dominican Republic from Liberia a

34

00:04:55,490 --> 00:04:53,280

deadliner from Spain from Spain he was

35

00:04:58,790 --> 00:04:55,500

going from Santo Domingo to Madrid Spain

36

00:05:02,330 --> 00:04:58,800

and he could hear their place for help

37

00:05:04,249 --> 00:05:02,340

and their may days apparently for some

38

00:05:05,890 --> 00:05:04,259

reason unknown they couldn't get in

39

00:05:08,629 --> 00:05:05,900

touch with the

40

00:05:11,090 --> 00:05:08,639

communication center of the FAA in San

41

00:05:14,270 --> 00:05:11,100

Juan International Airport and the

42

00:05:17,150 --> 00:05:14,280

jetliners serve as a relay between them

43

00:05:18,890 --> 00:05:17,160

in their Communications and San Juan

44

00:05:21,830 --> 00:05:18,900

International Airport and the FAA

45

00:05:24,409 --> 00:05:21,840

offices and

46

00:05:26,689 --> 00:05:24,419

you can hear that very well very defined

47

00:05:28,610 --> 00:05:26,699

in the in the transmission I have a

48

00:05:30,469 --> 00:05:28,620

source in the Federal Aviation

49

00:05:33,730 --> 00:05:30,479

Administration back in Puerto Rico who

50

00:05:36,170 --> 00:05:33,740

made me a copy of that

51
00:05:38,210 --> 00:05:36,180
recording they have on the made SCA

52
00:05:42,350 --> 00:05:38,220
unfortunately I I believe I had brought

53
00:05:46,189 --> 00:05:44,090
the thing is that

54
00:05:48,590 --> 00:05:46,199
they keep saying that this object is

55
00:05:52,010 --> 00:05:48,600
getting nearer nearer and all of a

56
00:05:54,050 --> 00:05:52,020
sudden they sound very alarm and totally

57
00:05:55,370 --> 00:05:54,060
everything stops and the Illinois keep

58
00:05:57,590 --> 00:05:55,380
trying to get in contact with them but

59
00:06:00,230 --> 00:05:57,600
nothing happened and they just disappear

60
00:06:02,749 --> 00:06:00,240
there was a very big search made by his

61
00:06:05,870 --> 00:06:02,759
father and many other people in Haiti in

62
00:06:09,170 --> 00:06:05,880
Santo Domingo in Puerto Rico the Navy

63
00:06:12,290 --> 00:06:09,180

U.S Navy Dominican Navy civilian Pilots

64

00:06:13,850 --> 00:06:12,300

military Pilots Coast Guard and nothing

65

00:06:15,710 --> 00:06:13,860

was ever fun

66

00:06:18,110 --> 00:06:15,720

after that happened this is something

67

00:06:19,850 --> 00:06:18,120

that has never been said before openly I

68

00:06:21,590 --> 00:06:19,860

talked to his parents because I knew

69

00:06:23,629 --> 00:06:21,600

something was strange because the

70

00:06:26,689 --> 00:06:23,639

reports were very ambiguous and whenever

71

00:06:28,909 --> 00:06:26,699

that happens I have the I already have

72

00:06:33,050 --> 00:06:28,919

the knowledge that when the report on

73

00:06:35,150 --> 00:06:33,060

disappearances of flights rpmb was in

74

00:06:37,909 --> 00:06:35,160

most of the cases there's always has

75

00:06:40,610 --> 00:06:37,919

been something pertaining to UFO

76

00:06:42,650 --> 00:06:40,620

in this situation so

77

00:06:44,450 --> 00:06:42,660

when he came back from the Dominican

78

00:06:46,850 --> 00:06:44,460

Republic two weeks later I talked to him

79

00:06:49,129 --> 00:06:46,860

and he said that yes that was the case

80

00:06:51,710 --> 00:06:49,139

he was able to hear this Communications

81

00:06:53,390 --> 00:06:51,720

recording back in San Juan through a

82

00:06:56,210 --> 00:06:53,400

friend they wouldn't allow him to have a

83

00:06:58,370 --> 00:06:56,220

copy of it this one of mine or later on

84

00:06:59,210 --> 00:06:58,380

gave me a copy and I gave him a copy for

85

00:07:01,330 --> 00:06:59,220

him

86

00:07:05,029 --> 00:07:01,340

as his father

87

00:07:08,150 --> 00:07:05,039

and his mother had just been when that

88

00:07:09,890 --> 00:07:08,160

happened that he disappeared I just been
