

Technology is
advanced. It will
help answer some
of our questions.

1
00:00:03,770 --> 00:00:02,389
I started out extremely skeptical about

2
00:00:05,630 --> 00:00:03,780
this whole thing I thought this was just

3
00:00:08,210 --> 00:00:05,640
rubbish from the tabloids but I was

4
00:00:09,890 --> 00:00:08,220
surprised to find thousands of U.S

5
00:00:12,530 --> 00:00:09,900
government documents from intelligence

6
00:00:14,030 --> 00:00:12,540
agencies that tended to indicate that

7
00:00:16,849 --> 00:00:14,040
there was a little bit more to this than

8
00:00:18,590 --> 00:00:16,859
methy I so I went to seek guidance from

9
00:00:21,170 --> 00:00:18,600
the various highest levels of the United

10
00:00:22,790 --> 00:00:21,180
States intelligence community and uh I

11
00:00:23,689 --> 00:00:22,800
was quite alarmed at what I was able to

12
00:00:25,910 --> 00:00:23,699
learn

13
00:00:27,769 --> 00:00:25,920

now we are in this report that we're not

14

00:00:30,529 --> 00:00:27,779

going to show we're going to hear a

15

00:00:33,350 --> 00:00:30,539

conversation featuring you tell me the

16

00:00:35,930 --> 00:00:33,360

context of that conversation well I had

17

00:00:37,250 --> 00:00:35,940

contacted Admiral Bobby Ray Inman who

18

00:00:39,229 --> 00:00:37,260

was the head of the National Security

19

00:00:41,450 --> 00:00:39,239

Agency in the United States deputy

20

00:00:42,889 --> 00:00:41,460

director at CIA director of Naval

21

00:00:46,010 --> 00:00:42,899

intelligence and a variety of

22

00:00:48,369 --> 00:00:46,020

intelligence posts a technologist and

23

00:00:51,670 --> 00:00:48,379

clearly someone that if this was really

24

00:00:54,410 --> 00:00:51,680

accurate that there really were UFOs and

25

00:00:56,689 --> 00:00:54,420

non-human intelligence around this is a

26

00:00:58,910 --> 00:00:56,699

man who had to know so I was able to

27

00:01:01,990 --> 00:00:58,920

contact him thanks to uh contact through

28

00:01:06,710 --> 00:01:02,000

Admiral Lord Hill Norton here in the UK

29

00:01:08,990 --> 00:01:06,720

and this conversation he alarmingly not

30

00:01:10,910 --> 00:01:09,000

only indicated that these issues were

31

00:01:12,469 --> 00:01:10,920

covered under National secrecy laws but

32

00:01:14,570 --> 00:01:12,479

that the United States government did in

33

00:01:16,070 --> 00:01:14,580

fact have possession of the hardware

34

00:01:18,289 --> 00:01:16,080

associated with this in other words this

35

00:01:20,510 --> 00:01:18,299

was an actual physical phenomenon craft

36

00:01:22,190 --> 00:01:20,520

a spaceship several of them and they

37

00:01:24,710 --> 00:01:22,200

were in operational condition which I

38

00:01:26,330 --> 00:01:24,720

assume suggested that they had been in

39

00:01:27,950 --> 00:01:26,340

contact that they had been given these

40

00:01:35,120 --> 00:01:27,960

craft for some reason or another because

41

00:01:40,490 --> 00:01:37,789

[Applause]

42

00:01:43,550 --> 00:01:40,500

become available for uh technological

43

00:01:47,569 --> 00:01:43,560

research outside of the military circles

44

00:01:49,429 --> 00:01:47,579

again I honestly don't know uh ten years

45

00:01:51,170 --> 00:01:49,439

ago the answer would have been uh yeah

46

00:01:53,749 --> 00:01:51,180

yeah whether as time has evolved they're

47

00:01:56,210 --> 00:01:53,759

beginning to become more open on it is a

48

00:01:57,950 --> 00:01:56,220

possibility a short time later Bob exler

49

00:02:00,530 --> 00:01:57,960

received this call

50

00:02:03,350 --> 00:02:00,540

Mr ackler this is Tom King and Admiral

51
00:02:06,709 --> 00:02:03,360
inman's office yes you would be

52
00:02:08,870 --> 00:02:06,719
preaching confidence and or violation of

53
00:02:14,650 --> 00:02:08,880
the 53 laws and discussing his

54
00:02:19,729 --> 00:02:17,150
I heard what you said earlier but

55
00:02:22,490 --> 00:02:19,739
obviously the big problem always is the

56
00:02:24,710 --> 00:02:22,500
pictures are never conclusive

57
00:02:25,850 --> 00:02:24,720
the pictures yes are not conclusive but

58
00:02:27,470 --> 00:02:25,860
when you get involved in an

59
00:02:29,390 --> 00:02:27,480
investigation and you find the

60
00:02:31,130 --> 00:02:29,400
extraordinary physical evidence left

61
00:02:34,250 --> 00:02:31,140
behind and you find you talk to the

62
00:02:37,010 --> 00:02:34,260
witnesses medical doctors officials of

63
00:02:38,750 --> 00:02:37,020

governments and so forth and the one of

64

00:02:40,729 --> 00:02:38,760

the cases that we had just seen some

65

00:02:43,250 --> 00:02:40,739

video from there was a Canadian official

66

00:02:44,229 --> 00:02:43,260

who was actually taken on board the

67

00:02:47,270 --> 00:02:44,239

craft

68

00:02:49,790 --> 00:02:47,280

when you subject these areas of

69

00:02:51,770 --> 00:02:49,800

testimony to lie detectors polygraph

70

00:02:53,210 --> 00:02:51,780

exams using the kind of technology that

71

00:02:55,070 --> 00:02:53,220

we have to determine whether someone's

72

00:02:56,630 --> 00:02:55,080

actually telling the truth or not the

73

00:02:59,150 --> 00:02:56,640

results become absolutely nothing short

74

00:03:00,410 --> 00:02:59,160

of alarming okay if these governments

75

00:03:02,869 --> 00:03:00,420

the Canadian government the American

76
00:03:04,610 --> 00:03:02,879
government if they are in possession of

77
00:03:08,449 --> 00:03:04,620
spacecraft if they have made contact

78
00:03:10,790 --> 00:03:08,459
with aliens why don't they tell us

79
00:03:13,729 --> 00:03:10,800
what I was able to learn is that the

80
00:03:17,390 --> 00:03:13,739
issue of secrecy dates back into the

81
00:03:19,070 --> 00:03:17,400
early 1950s and in 1959 actually NASA

82
00:03:21,470 --> 00:03:19,080
had a study conducted by The Brookings

83
00:03:24,410 --> 00:03:21,480
institution in Washington D.C addressing

84
00:03:25,910 --> 00:03:24,420
the issue of whether this alarming issue

85
00:03:28,570 --> 00:03:25,920
of a confrontation with an

86
00:03:30,970 --> 00:03:28,580
extraterrestrial culture should be

87
00:03:33,530 --> 00:03:30,980
released to the public this information

88
00:03:36,649 --> 00:03:33,540

it was determined that there would be

89

00:03:38,570 --> 00:03:36,659

grave consequences for just an overt uh

90

00:03:41,270 --> 00:03:38,580

public pronouncement by government

91

00:03:43,670 --> 00:03:41,280

officials so a determination we would

92

00:03:45,949 --> 00:03:43,680

all Panic well not necessarily

93

00:03:48,289 --> 00:03:45,959

necessarily just panic but the issues

94

00:03:51,410 --> 00:03:48,299

that it presented not only theology but

95

00:03:55,250 --> 00:03:51,420

issues involving economics standards of

96

00:03:57,710 --> 00:03:55,260

monetary concerns if you acknowledge uh

97

00:03:59,449 --> 00:03:57,720

type of technology that renders fossil

98

00:04:01,309 --> 00:03:59,459

fuel related Industries obsolete for

99

00:04:02,570 --> 00:04:01,319

example you have grave consequences

100

00:04:05,030 --> 00:04:02,580

economically all the way around the

101
00:04:06,830 --> 00:04:05,040
world all our values are rendered so the

102
00:04:08,869 --> 00:04:06,840
determinants yes yeah the determination

103
00:04:10,250 --> 00:04:08,879
was made that the only way to avoid this

104
00:04:12,350 --> 00:04:10,260
chaos would be through a slow

105
00:04:14,630 --> 00:04:12,360
indoctrination process over a matter of

106
00:04:16,129 --> 00:04:14,640
decades you really believe have you have

107
00:04:18,229 --> 00:04:16,139
you had you had a close encounter as

108
00:04:19,370 --> 00:04:18,239
they say

109
00:04:21,890 --> 00:04:19,380
you couldn't really call it a close

110
00:04:23,570 --> 00:04:21,900
encounter I think has more to do with

111
00:04:25,310 --> 00:04:23,580
the contacts I've had with the U.S

112
00:04:27,650 --> 00:04:25,320
intelligence community and being a

113
00:04:30,350 --> 00:04:27,660

technologist being called in to analyze

114

00:04:33,469 --> 00:04:30,360

uh various video films and photographic

115

00:04:36,409 --> 00:04:33,479

evidence it's quite conclusive to me I

116

00:04:39,070 --> 00:04:36,419

have in fact seen with my own eyes on

117

00:04:41,810 --> 00:04:39,080

quite a number of occasions well over 20

118

00:04:43,129 --> 00:04:41,820

at very close range a number of these

119

00:04:44,629 --> 00:04:43,139

vehicles it's quite extraordinary

120

00:04:46,550 --> 00:04:44,639

technology anybody interested in

121

00:04:47,990 --> 00:04:46,560

technology would be it's like a kid in a

122

00:04:49,249 --> 00:04:48,000

candy store really and there's no way

123

00:04:50,930 --> 00:04:49,259

that you could be mistaken and it could

124

00:04:52,969 --> 00:04:50,940

have been an airplane helicopter or

125

00:04:55,610 --> 00:04:52,979

something of that nature well Admiral

126
00:04:57,650 --> 00:04:55,620
Inman convinced me that these vehicles

127
00:04:59,810 --> 00:04:57,660
were not manufactured by human

128
00:05:01,790 --> 00:04:59,820
technology so that's pretty conclusive

129
00:05:03,469 --> 00:05:01,800
for me do you think though that the

130
00:05:05,390 --> 00:05:03,479
government know this is happening know

131
00:05:07,070 --> 00:05:05,400
that it's going on but why don't they

132
00:05:09,409 --> 00:05:07,080
want the rest of us to know why do they

133
00:05:11,450 --> 00:05:09,419
not want that yes you are correct the

134
00:05:13,969 --> 00:05:11,460
government many governments around the

135
00:05:16,010 --> 00:05:13,979
world do in fact know in fact NATO

136
00:05:18,249 --> 00:05:16,020
conducted a study in the 60s involving

137
00:05:21,350 --> 00:05:18,259
quite quite a number of these incidents

138
00:05:24,650 --> 00:05:21,360

the decisions to maintain secrecy

139

00:05:27,189 --> 00:05:24,660

regarding this centered more around not

140

00:05:30,230 --> 00:05:27,199

upsetting the economic apple cart

141

00:05:32,450 --> 00:05:30,240

religion theology issues that come into

142

00:05:34,310 --> 00:05:32,460

play and quite a number of issues that

143

00:05:36,890 --> 00:05:34,320

essentially center around Science and

144

00:05:39,170 --> 00:05:36,900

Technology we do have to come to grips

145

00:05:41,689 --> 00:05:39,180

with the reality that perhaps human

146

00:05:43,730 --> 00:05:41,699

beings aren't the only intelligence in

147

00:05:46,550 --> 00:05:43,740

the universe and that they have in fact

148

00:05:48,770 --> 00:05:46,560

been here to visit in spite of projects

149

00:05:50,689 --> 00:05:48,780

like the NASA seti project the search

150

00:05:53,390 --> 00:05:50,699

for extraterrestrial intelligence in in

151
00:05:56,270 --> 00:05:53,400
deep space there are serious issues

152
00:05:58,070 --> 00:05:56,280
associated with this and we have a

153
00:06:00,050 --> 00:05:58,080
mentality where we like to kind of poke

154
00:06:02,210 --> 00:06:00,060
fun at the issue through tabloids and so

155
00:06:04,969 --> 00:06:02,220
forth and like this kind of thing this

156
00:06:07,670 --> 00:06:04,979
is what we perceive an alien to be like

157
00:06:09,710 --> 00:06:07,680
well these are actual photographs taken

158
00:06:12,110 --> 00:06:09,720
from a case up in Canada that have

159
00:06:13,550 --> 00:06:12,120
indeed been authenticated by a Canadian

160
00:06:15,529 --> 00:06:13,560
government official who was taken on

161
00:06:17,510 --> 00:06:15,539
board the craft and apparently had some

162
00:06:20,270 --> 00:06:17,520
form of telepathic communication with

163
00:06:22,610 --> 00:06:20,280

the uh the occupants the pilots of the

164

00:06:23,870 --> 00:06:22,620

vehicle as you might say they are

165

00:06:25,610 --> 00:06:23,880

different than us but it's interesting

166

00:06:28,309 --> 00:06:25,620

to note that they are humanoid and that

167

00:06:29,990 --> 00:06:28,319

they have two arms and hands and two

168

00:06:32,629 --> 00:06:30,000

eyes and so forth they're quite much

169

00:06:34,490 --> 00:06:32,639

like us only in significant ways they're

170

00:06:36,650 --> 00:06:34,500

different of course we're you know if

171

00:06:38,450 --> 00:06:36,660

there's one that comes there's obviously

172

00:06:40,010 --> 00:06:38,460

going to be more and just like we have

173

00:06:41,210 --> 00:06:40,020

different species of humans on this

174

00:06:44,150 --> 00:06:41,220

planet I'm quite certain there's

175

00:06:46,309 --> 00:06:44,160

different species of of alien life forms

176

00:06:47,930 --> 00:06:46,319

so we could run into metal evidence in

177

00:06:50,749 --> 00:06:47,940

fact President Reagan on several

178

00:06:52,909 --> 00:06:50,759

occasions uh uh alerted concern about

179

00:06:55,010 --> 00:06:52,919

the potential hostilities from outer

180

00:06:57,110 --> 00:06:55,020

space and why it would be important for

181

00:07:00,110 --> 00:06:57,120

us to work together on this planet with

182

00:07:01,909 --> 00:07:00,120

superpowers and so on uniting clearly

183

00:07:04,430 --> 00:07:01,919

the problem that we're confronted with

184

00:07:06,650 --> 00:07:04,440

here is that although technologically

185

00:07:09,650 --> 00:07:06,660

these beings may be more intelligent

186

00:07:12,529 --> 00:07:09,660

than us we appear to be more advanced in

187

00:07:14,450 --> 00:07:12,539

areas of of Civility we have emotions

188

00:07:16,430 --> 00:07:14,460

and and things like that we have concern
