

1
00:00:04,550 --> 00:00:02,510
but uh

2
00:00:06,730 --> 00:00:04,560
he said let's go outside

3
00:00:08,810 --> 00:00:06,740
so we went out there

4
00:00:10,610 --> 00:00:08,820
and we're talking everything and he's

5
00:00:12,230 --> 00:00:10,620
just being quiet

6
00:00:14,509 --> 00:00:12,240
all of a sudden he said Son you see that

7
00:00:16,250 --> 00:00:14,519
light over there

8
00:00:17,930 --> 00:00:16,260
and I look over and see a light off over

9
00:00:22,670 --> 00:00:17,940
in the distance but yeah

10
00:00:25,130 --> 00:00:22,680
I had a plane he said uh

11
00:00:27,529 --> 00:00:25,140
I said oh okay

12
00:00:28,910 --> 00:00:27,539
but light's coming closer and closer and

13
00:00:31,250 --> 00:00:28,920

closer I'm waiting

14

00:00:32,749 --> 00:00:31,260

for the sound of a prop or helicopter or

15

00:00:34,250 --> 00:00:32,759

a jet engine I'm waiting for some sort

16

00:00:36,410 --> 00:00:34,260

of sound to say no I always hit the

17

00:00:37,970 --> 00:00:36,420

plane there is no sound

18

00:00:40,190 --> 00:00:37,980

and it's getting closer and closer

19

00:00:42,229 --> 00:00:40,200

there's a tree line there around the

20

00:00:43,970 --> 00:00:42,239

golf course and it just

21

00:00:46,190 --> 00:00:43,980

kind of went and disappeared behind the

22

00:00:47,690 --> 00:00:46,200

trees there and I still am not hearing a

23

00:00:50,990 --> 00:00:47,700

sound

24

00:00:53,389 --> 00:00:51,000

he says go in there and get Jerry

25

00:00:56,090 --> 00:00:53,399

so I went in the house and got Jared we

26

00:00:58,010 --> 00:00:56,100

come back Elvis not there

27

00:01:01,189 --> 00:00:58,020

we started calling for him

28

00:01:03,110 --> 00:01:01,199

he's not answering Jerry where'd he go I

29

00:01:05,329 --> 00:01:03,120

said I don't know

30

00:01:07,010 --> 00:01:05,339

and I told you I said there was a light

31

00:01:09,109 --> 00:01:07,020

he wanted you to see that was coming

32

00:01:10,190 --> 00:01:09,119

from across the sky that went over in

33

00:01:11,750 --> 00:01:10,200

here and everything

34

00:01:12,770 --> 00:01:11,760

I said you go up one side of the house

35

00:01:14,510 --> 00:01:12,780

and I'll go up the other and we'll go

36

00:01:17,750 --> 00:01:14,520

out see if he's out front

37

00:01:20,149 --> 00:01:17,760

went out there he wasn't out there

38

00:01:22,310 --> 00:01:20,159

I folks I I'm I got to tell you I'm

39

00:01:24,109 --> 00:01:22,320
young at that time I'm about 26 years

40

00:01:25,370 --> 00:01:24,119
old I'm starting to think what is going

41

00:01:26,749 --> 00:01:25,380
on here

42

00:01:30,109 --> 00:01:26,759
because that was actually weird

43

00:01:33,590 --> 00:01:30,119
sometimes you know moving making bushes

44

00:01:35,950 --> 00:01:33,600
quiver and move and clouds form and

45

00:01:38,630 --> 00:01:35,960
dissipate you know and

46

00:01:41,090 --> 00:01:38,640
so we're hollering out there and all of

47

00:01:44,030 --> 00:01:41,100
a sudden I hear this voice

48

00:01:45,649 --> 00:01:44,040
I'm down here guys

49

00:01:47,990 --> 00:01:45,659
and we look down he's about three houses

50

00:01:49,789 --> 00:01:48,000
down in the driveway

51
00:01:51,230 --> 00:01:49,799
so we hurry down there too many things

52
00:01:54,230 --> 00:01:51,240
what are you doing how are you doing

53
00:01:59,450 --> 00:01:57,350
he said that like they're gone

54
00:02:04,730 --> 00:01:59,460
I said who's gone he said they're gone

55
00:02:11,029 --> 00:02:08,089
okay I'd like to meet him Elvis

56
00:02:13,010 --> 00:02:11,039
you will and he was serious you will

57
00:02:14,150 --> 00:02:13,020
we went back up to the house I talked

58
00:02:15,650 --> 00:02:14,160
with your asses yeah I don't know what

59
00:02:17,330 --> 00:02:15,660
he's talking about it was like he said

60
00:02:18,650 --> 00:02:17,340
well Sonny was a plan I said gee I got

61
00:02:20,869 --> 00:02:18,660
to tell you there was no sound there was

62
00:02:22,130 --> 00:02:20,879
no engine there was no noise I was in

63
00:02:23,210 --> 00:02:22,140

the Air Force I know what airplanes

64

00:02:24,949 --> 00:02:23,220

sound like

65

00:02:25,970 --> 00:02:24,959

and there was no sound I don't know what

66

00:02:28,190 --> 00:02:25,980

it was

67

00:02:29,510 --> 00:02:28,200

could have been a dead stick plane you

68

00:02:31,970 --> 00:02:29,520

know engine dead or something but it

69

00:02:33,290 --> 00:02:31,980

came a long way with no engine

70

00:02:35,089 --> 00:02:33,300

but that we didn't talk about it anymore

71

00:02:36,830 --> 00:02:35,099

and he didn't bring it up I never asked

72

00:02:39,890 --> 00:02:36,840

him did they come back yet over the
