

1
00:00:18,470 --> 00:00:17,029
Mr Patterson would you tell me what you

2
00:00:22,210 --> 00:00:18,480
were telling me earlier about what you

3
00:00:30,290 --> 00:00:25,009
I'm saying something

4
00:00:37,910 --> 00:00:33,030
uh

5
00:00:37,920 --> 00:00:45,350
oh

6
00:00:45,360 --> 00:00:51,250
you know

7
00:00:59,790 --> 00:00:54,350
I stand in there one eye

8
00:00:59,800 --> 00:01:10,149
[Music]

9
00:01:10,159 --> 00:01:33,249
one eye

10
00:01:38,510 --> 00:01:36,289
but when this thing landed before it

11
00:01:41,030 --> 00:01:38,520
just before it touched the ground

12
00:01:43,969 --> 00:01:41,040
I had my headlights on this is about

13
00:01:47,149 --> 00:01:43,979

about 7 30 tonight when this happened

14

00:01:49,490 --> 00:01:47,159

my headlights went out my car went dead

15

00:01:51,230 --> 00:01:49,500

I tried to take it and it was one

16

00:01:54,530 --> 00:01:51,240

individual that was in the car behind me

17

00:01:57,830 --> 00:01:54,540

they got out and ran when he seen it

18

00:02:01,190 --> 00:01:57,840

and uh whatever this was or whatever it

19

00:02:03,230 --> 00:02:01,200

is like I said I hear it on television I

20

00:02:04,550 --> 00:02:03,240

didn't believe it but I seen something

21

00:02:06,830 --> 00:02:04,560

tonight

22

00:02:09,290 --> 00:02:06,840

this will accept me God I don't never

23

00:02:11,809 --> 00:02:09,300

see as long as I live

24

00:02:14,270 --> 00:02:11,819

I don't know somebody may be putting a

25

00:02:16,130 --> 00:02:14,280

trick on our leg couldn't take on us but

26

00:02:17,150 --> 00:02:16,140

I seen something tonight that looks so

27

00:02:19,610 --> 00:02:17,160

real

28

00:02:22,250 --> 00:02:19,620

I came down and I tried to tell the laws

29

00:02:24,710 --> 00:02:22,260

here and you call him and they

30

00:02:27,410 --> 00:02:24,720

Tallahassee laughed at me well I laughed

31

00:02:28,369 --> 00:02:27,420

myself when I seen this I mean before I

32

00:02:32,390 --> 00:02:28,379

seen this

33

00:02:34,729 --> 00:02:32,400

and I got proof

34

00:02:36,170 --> 00:02:34,739

because I seen that I wasn't the

35

00:02:38,150 --> 00:02:36,180

homeless person seeing what I seemed to

36

00:02:39,670 --> 00:02:38,160

me

37

00:02:42,170 --> 00:02:39,680

I'm not normal

38

00:02:45,410 --> 00:02:42,180

Mr Patterson what time what's this man

39

00:02:47,210 --> 00:02:45,420

it was about 7 30. at least no later

40

00:02:48,710 --> 00:02:47,220

ever no later quarter to eight it was

41

00:02:52,690 --> 00:02:48,720

around about 7 30 tonight when this

42

00:02:56,210 --> 00:02:52,700

happened 7 30 on Highway 82 right uh

43

00:02:58,369 --> 00:02:56,220

side of your part at Grady Crossing just

44

00:03:00,470 --> 00:02:58,379

above greater Crossing and where is that

45

00:03:03,410 --> 00:03:00,480

in relation to your poor it's just uh

46

00:03:06,830 --> 00:03:03,420

West of you for about how far

47

00:03:09,470 --> 00:03:06,840

oh okay you don't have to agree about

48

00:03:11,930 --> 00:03:09,480

three or four miles

49

00:03:16,089 --> 00:03:11,940

ready I'm feeling great from here about

50

00:03:22,130 --> 00:03:19,190

it's about four miles in half four miles

51
00:03:24,229 --> 00:03:22,140
and a half west of euphora great uh this

52
00:03:26,089 --> 00:03:24,239
object that came down it was it came

53
00:03:29,509 --> 00:03:26,099
down on the center of the highway itself

54
00:03:42,970 --> 00:03:29,519
well it was the first landed from where

55
00:03:42,980 --> 00:03:53,930
from the top to the side

56
00:03:57,530 --> 00:03:55,610
because it was hanging a little bit to

57
00:03:58,970 --> 00:03:57,540
the right coming from where it's going

58
00:04:00,229 --> 00:03:58,980
east

59
00:04:01,910 --> 00:04:00,239
he was hanging a little bit off the

60
00:04:05,990 --> 00:04:01,920
highway

61
00:04:07,910 --> 00:04:06,000
it was as well it took the whole other

62
00:04:10,309 --> 00:04:07,920
side one side to the other like I said

63
00:04:12,410 --> 00:04:10,319

that thing is about later I said about

64

00:04:13,850 --> 00:04:12,420

100 yards maybe not why that but anyway

65

00:04:17,210 --> 00:04:13,860

it went all the way across the highway

66

00:04:18,770 --> 00:04:17,220

I'm saying to me well I was excited to

67

00:04:21,590 --> 00:04:18,780

me it looked like it was 100 yards wide

68

00:04:23,210 --> 00:04:21,600

but I I know it wasn't that wide because

69

00:04:24,830 --> 00:04:23,220

it covered one side of the highway to

70

00:04:26,870 --> 00:04:24,840

the other ones hanging off on both sides

71

00:04:29,990 --> 00:04:26,880

that's off the shoulder off side of the

72

00:04:31,790 --> 00:04:30,000

82 Highway was it on legs of any sort or

73

00:04:33,530 --> 00:04:31,800

did it hover above the ground or did you

74

00:04:34,730 --> 00:04:33,540

sit on the ground well that's kind of

75

00:04:36,950 --> 00:04:34,740

funny

76

00:04:38,570 --> 00:04:36,960

that thing sucked it's like like I said

77

00:04:41,810 --> 00:04:38,580

like a regular sauce that you said on

78

00:04:43,370 --> 00:04:41,820

the table and it's got so many globe

79

00:04:44,990 --> 00:04:43,380

lights I don't know some legs now but

80

00:04:46,790 --> 00:04:45,000

it's globe lights you know like it

81

00:04:48,469 --> 00:04:46,800

didn't sex it said directly on the

82

00:04:49,370 --> 00:04:48,479

highway I bet you wouldn't stand it over

83

00:04:51,710 --> 00:04:49,380

maybe

84

00:04:53,150 --> 00:04:51,720

two feet two or three seats no legs no

85

00:04:54,469 --> 00:04:53,160

lower than two or three feet from the

86

00:04:56,689 --> 00:04:54,479

highway but they had something glowing

87

00:04:58,430 --> 00:04:56,699

out like it was thin but you couldn't

88

00:05:00,590 --> 00:04:58,440

see the stand whatever this thing was

89

00:05:10,990 --> 00:05:00,600

you couldn't see the stand but it had

90

00:05:16,189 --> 00:05:13,730

like it had three legs I'm not saying it

91

00:05:17,749 --> 00:05:16,199

did but it had something it wasn't no

92

00:05:19,909 --> 00:05:17,759

legs it was something Global you know

93

00:05:21,350 --> 00:05:19,919

it's like a light shining that's what

94

00:05:23,090 --> 00:05:21,360

was holding like you know like a leg

95

00:05:24,590 --> 00:05:23,100

something like that but it was down a

96

00:05:26,930 --> 00:05:24,600

good two or three feet from the ground

97

00:05:29,330 --> 00:05:26,940

you know from where it was sitting

98

00:05:31,370 --> 00:05:29,340

his medicine to get back to the the

99

00:05:33,469 --> 00:05:31,380

shape of it once again you say the

100

00:05:35,629 --> 00:05:33,479

bottom portion of it was like a coffee

101
00:05:37,969 --> 00:05:35,639
cup right but then it had uh something

102
00:05:40,730 --> 00:05:37,979
on top of it kind of Dome shaped like a

103
00:05:42,770 --> 00:05:40,740
hair fall a bubble like a bubble in the

104
00:05:44,450 --> 00:05:42,780
shower or something like that yes where

105
00:05:46,850 --> 00:05:44,460
they had a half a bubble that's on the

106
00:05:48,710 --> 00:05:46,860
top but like from what top of that top

107
00:05:51,469 --> 00:05:48,720
of it looked you know it was shaped from

108
00:05:53,570 --> 00:05:51,479
the angle from the top that cup down to

109
00:05:55,730 --> 00:05:53,580
the end of the air looks like a round

110
00:05:57,590 --> 00:05:55,740
saucer because you know I'm saying it's

111
00:06:00,110 --> 00:05:57,600
like that because it had three different

112
00:06:02,210 --> 00:06:00,120
parts it was globin on it but you had

113
00:06:03,590 --> 00:06:02,220

about like I said ice made about eight

114

00:06:05,749 --> 00:06:03,600

lights in front of you where you're

115

00:06:08,029 --> 00:06:05,759

standing that hand on it it's got little

116

00:06:10,670 --> 00:06:08,039

lights it's kind of bluish Queen

117

00:06:12,230 --> 00:06:10,680

life was flaring on it you know it's

118

00:06:14,810 --> 00:06:12,240

going on and off

119

00:06:16,730 --> 00:06:14,820

but you from the top of that thing when

120

00:06:19,370 --> 00:06:16,740

he come out of you know the thing just

121

00:06:22,909 --> 00:06:19,380

opened up to take that whatever it was

122

00:06:26,689 --> 00:06:22,919

came wrong right right in the top of the

123

00:06:29,210 --> 00:06:26,699

the bubble portion right right right

124

00:06:31,790 --> 00:06:29,220

well when you come out of there

125

00:06:33,469 --> 00:06:31,800

the thing opened up and he come out and

126

00:06:36,710 --> 00:06:33,479

he's like I said he's wiping his hand on

127

00:06:38,510 --> 00:06:36,720

a hill or whatever it is that it did he

128

00:06:40,909 --> 00:06:38,520

come when he came out of the object did

129

00:06:42,650 --> 00:06:40,919

he come to the ground no he just came

130

00:06:44,029 --> 00:06:42,660

out from the top and he rubbed on the

131

00:06:46,550 --> 00:06:44,039

side like you know I don't know like

132

00:06:48,170 --> 00:06:46,560

some and I hit it or something the other

133

00:06:50,090 --> 00:06:48,180

side and this other one's up over up

134

00:06:52,010 --> 00:06:50,100

over him they were putting the light

135

00:06:53,870 --> 00:06:52,020

down it was shot the other one was

136

00:06:57,050 --> 00:06:53,880

Global like you know put the light on on

137

00:06:58,070 --> 00:06:57,060

top of one to land it um now this one up

138

00:07:00,290 --> 00:06:58,080

above it

139

00:07:02,090 --> 00:07:00,300

well I know it was good 15 to 20 piece

140

00:07:03,350 --> 00:07:02,100

but you can still look at it and tell it

141

00:07:05,090 --> 00:07:03,360

was just like the other one called you

142

00:07:06,590 --> 00:07:05,100

know it had a nice glowing from it I

143

00:07:09,050 --> 00:07:06,600

don't know what this thing is I tell you

144

00:07:10,610 --> 00:07:09,060

it's uh from the side of the top it's

145

00:07:11,890 --> 00:07:10,620

got some little arrows sticking out just

146

00:07:14,450 --> 00:07:11,900

about like a

147

00:07:16,309 --> 00:07:14,460

uh satellite you know how the little

148

00:07:18,110 --> 00:07:16,319

things to come and feel like it just

149

00:07:19,790 --> 00:07:18,120

about it sticks out they got some little

150

00:07:22,129 --> 00:07:19,800

wire to stick out on this spot like that

151
00:07:24,170 --> 00:07:22,139
now this this is on on the object itself

152
00:07:25,670 --> 00:07:24,180
right on the top on the top of it right

153
00:07:27,830 --> 00:07:25,680
and there was there were three little

154
00:07:28,490 --> 00:07:27,840
things you say right you know what I'm

155
00:07:36,350 --> 00:07:28,500
gonna

156
00:07:39,830 --> 00:07:38,270
get it about like a satellite you know

157
00:07:41,150 --> 00:07:39,840
the lower antennas like I guess it must

158
00:07:42,710 --> 00:07:41,160
be untenable but it has a little things

159
00:07:44,450 --> 00:07:42,720
like that you know like a radio error

160
00:07:46,610 --> 00:07:44,460
sticking out with a rubber ball don't

161
00:07:48,350 --> 00:07:46,620
look like on the top I don't know what

162
00:07:51,050 --> 00:07:48,360
that stuff was I mean I'm trying to tell

163
00:07:52,670 --> 00:07:51,060

you the best I can but I might take a

164

00:07:54,710 --> 00:07:52,680

little three runs with ball shaped

165

00:07:55,610 --> 00:07:54,720

things on on top right something about

166

00:07:58,070 --> 00:07:55,620

like that

167

00:08:00,110 --> 00:07:58,080

now the the creature that came out of

168

00:08:01,850 --> 00:08:00,120

the top of it you say he came down on

169

00:08:03,350 --> 00:08:01,860

the side of it and was wiping it but he

170

00:08:05,570 --> 00:08:03,360

never came all the way to the ground no

171

00:08:07,670 --> 00:08:05,580

he came out oh that on the top of that

172

00:08:09,409 --> 00:08:07,680

thing it's got a level just about as

173

00:08:11,210 --> 00:08:09,419

tall as the other one I'm five eight and

174

00:08:13,309 --> 00:08:11,220

the mean that thing from the point of

175

00:08:15,529 --> 00:08:13,319

view we were standing some that thing

176
00:08:17,689 --> 00:08:15,539
looked like you were about six something

177
00:08:19,909 --> 00:08:17,699
maybe six three or six four I'm just

178
00:08:21,469 --> 00:08:19,919
saying maybe I can't tell you the truth

179
00:08:23,930 --> 00:08:21,479
I'm not gonna try to tell a lie about it

180
00:08:25,909 --> 00:08:23,940
but whatever it was like to me well like

181
00:08:28,909 --> 00:08:25,919
I'm just estimated by maybe six two or

182
00:08:30,650 --> 00:08:28,919
six three but anyway that thing got on

183
00:08:32,089 --> 00:08:30,660
the side of real it you know it had

184
00:08:33,709 --> 00:08:32,099
things on like you know what I'm saying

185
00:08:35,630 --> 00:08:33,719
you swim in you know and got them loans

186
00:08:37,490 --> 00:08:35,640
he don't like a four foot like but

187
00:08:39,469 --> 00:08:37,500
that's what his foot looked like

188
00:08:41,690 --> 00:08:39,479

he got a body just like a human being

189

00:08:43,909 --> 00:08:41,700

but it's for Microsoft waist up but just

190

00:08:46,550 --> 00:08:43,919

like the catfish

191

00:08:49,670 --> 00:08:46,560

give me the catfish as far as the shape

192

00:08:51,530 --> 00:08:49,680

of his mouth well see only like well

193

00:08:53,990 --> 00:08:51,540

from waist up he looked just about like

194

00:08:55,850 --> 00:08:54,000

a catfish he got a mouth just as wide as

195

00:08:57,769 --> 00:08:55,860

a catfish whatever that thing is you

196

00:08:59,509 --> 00:08:57,779

know and because you know as he would

197

00:09:00,590 --> 00:08:59,519

come out his mouth was opened up back to

198

00:09:02,870 --> 00:09:00,600

the Tower

199

00:09:04,730 --> 00:09:02,880

not as far as you like I said I got

200

00:09:06,050 --> 00:09:04,740

proof you think of my breakfast talking

201
00:09:07,790 --> 00:09:06,060
about look at his mouth look what

202
00:09:12,110 --> 00:09:07,800
everything came out it was open you know

203
00:09:13,550 --> 00:09:12,120
you know this open close open close just

204
00:09:15,230 --> 00:09:13,560
by like I'm saying I open the clothes

205
00:09:17,630 --> 00:09:15,240
that was why they were rubbing on the

206
00:09:19,250 --> 00:09:17,640
side and this other one like I said was

207
00:09:21,230 --> 00:09:19,260
up above it

208
00:09:22,910 --> 00:09:21,240
must have put the light out on and I

209
00:09:23,930 --> 00:09:22,920
can't remember that this thing got in

210
00:09:26,870 --> 00:09:23,940
there and it got up so high my

211
00:09:29,449 --> 00:09:26,880
headlights came back home in my car

212
00:09:31,070 --> 00:09:29,459
and uh I just took off I'm gonna be

213
00:09:33,829 --> 00:09:31,080

playing with you my lights come back on

214

00:09:37,250 --> 00:09:33,839

I cut start on her my cup crooked up but

215

00:09:39,650 --> 00:09:37,260

they had they had two arms two legs

216

00:09:42,050 --> 00:09:39,660

let me tell you something I'm gonna tell

217

00:09:44,150 --> 00:09:42,060

you something you may think I'm lying

218

00:09:47,150 --> 00:09:44,160

whatever that thing was it had like

219

00:09:48,290 --> 00:09:47,160

waist up it had a body like I said from

220

00:09:50,210 --> 00:09:48,300

a catfish

221

00:09:52,610 --> 00:09:50,220

but that thing had something behind him

222

00:09:55,190 --> 00:09:52,620

I don't I can't even I can't describe it

223

00:09:58,550 --> 00:09:55,200

I can't pronounce it

224

00:10:00,230 --> 00:09:58,560

I I made a good draw because if I I

225

00:10:02,090 --> 00:10:00,240

don't know I don't know what it is but

226

00:10:06,730 --> 00:10:02,100

it's got something behind it right

227

00:10:12,110 --> 00:10:09,350

something that

228

00:10:13,130 --> 00:10:12,120

well I'm gonna be like I said I don't

229

00:10:15,350 --> 00:10:13,140

know what it is but it's got something

230

00:10:17,329 --> 00:10:15,360

behind his back I can't describe

231

00:10:19,790 --> 00:10:17,339

I don't know what to name it what to

232

00:10:21,889 --> 00:10:19,800

call it what do you know give it up

233

00:10:23,990 --> 00:10:21,899

something I can uh you know identify to

234

00:10:26,509 --> 00:10:24,000

was it like something he had uh was

235

00:10:30,590 --> 00:10:26,519

carrying on his back

236

00:10:34,370 --> 00:10:33,110

he was I don't know it was something in

237

00:10:37,790 --> 00:10:34,380

his bag

238

00:10:41,690 --> 00:10:40,009

let me see let me try this thing I don't

239

00:10:43,130 --> 00:10:41,700

know like I said I can't even think I'm

240

00:10:44,210 --> 00:10:43,140

in town all night to try to think what

241

00:10:45,769 --> 00:10:44,220

kind of hard just you know I got

242

00:10:48,650 --> 00:10:45,779

something I can assemble it to but it

243

00:10:51,410 --> 00:10:48,660

was something on his back he was kind of

244

00:10:54,050 --> 00:10:51,420

I tell you what whatever was on his back

245

00:10:56,630 --> 00:10:54,060

when he turned it could it could be like

246

00:10:57,710 --> 00:10:56,640

a V but it closed up you know like as he

247

00:11:00,410 --> 00:10:57,720

moved it

248

00:11:02,509 --> 00:11:00,420

it would close up you know

249

00:11:04,550 --> 00:11:02,519

kind of like a feather

250

00:11:05,930 --> 00:11:04,560

like Two Fellas together something like

251

00:11:10,910 --> 00:11:05,940

that

252

00:11:13,790 --> 00:11:10,920

might be stealing them but anyway as it

253

00:11:16,130 --> 00:11:13,800

moved some things on the back was close

254

00:11:17,449 --> 00:11:16,140

up you know I don't know what it was I'm

255

00:11:19,910 --> 00:11:17,459

gonna be saying which I don't know I

256

00:11:22,490 --> 00:11:19,920

can't distracted to you

257

00:11:24,170 --> 00:11:22,500

like all I can do is get the people to

258

00:11:26,269 --> 00:11:24,180

help the scene the same thing I seen to

259

00:11:28,670 --> 00:11:26,279

help you maybe they can just the style a

260

00:11:31,310 --> 00:11:28,680

little bit better than I can I try to

261

00:11:34,250 --> 00:11:31,320

catch all I can but but

262

00:11:35,569 --> 00:11:34,260

I don't know what like I said I seen

263

00:11:38,329 --> 00:11:35,579

something tonight

264

00:11:40,970 --> 00:11:38,339

I hope I never see so let me God as long

265

00:11:43,850 --> 00:11:40,980

as I live and uh describing the creature

266

00:11:46,190 --> 00:11:43,860

once again uh it did have uh two legs

267

00:11:48,050 --> 00:11:46,200

his feet appeared as if it had Clippers

268

00:11:51,110 --> 00:11:48,060

on it is that right uh I'll tell you

269

00:11:52,970 --> 00:11:51,120

what between his legs he got something

270

00:11:56,150 --> 00:11:52,980

like a you ever see the Flying Squirrel

271

00:11:59,090 --> 00:11:56,160

yes well it's kind of something between

272

00:12:03,170 --> 00:11:59,100

his legs but you can see the print you

273

00:12:05,210 --> 00:12:03,180

know on his legs as he woke

274

00:12:06,769 --> 00:12:05,220

but his foot is like uh these things

275

00:12:09,170 --> 00:12:06,779

swim on the wire you know you put on you

276

00:12:11,750 --> 00:12:09,180

go skin down that's where his foot slip

277

00:12:15,290 --> 00:12:11,760

his hand looked just like a theme on a

278

00:12:16,850 --> 00:12:15,300

fish oh a seal you know a seal front

279

00:12:18,590 --> 00:12:16,860

hand that's just the way his hand looked

280

00:12:20,030 --> 00:12:18,600

but look like a human arm and it goes

281

00:12:22,190 --> 00:12:20,040

down so far then the other part look

282

00:12:24,110 --> 00:12:22,200

just like a film now you know they kind

283

00:12:25,550 --> 00:12:24,120

of like flop it like it's kind of wavy

284

00:12:27,710 --> 00:12:25,560

like maybe

285

00:12:28,610 --> 00:12:27,720

I don't have anything at least we kill a

286

00:12:30,590 --> 00:12:28,620

lie

287

00:12:32,389 --> 00:12:30,600

but it's kind of wavy like you know like

288

00:12:35,210 --> 00:12:32,399

as he was moving

289

00:12:37,190 --> 00:12:35,220

uh the the object the creature which was

290

00:12:39,470 --> 00:12:37,200

on the side you know of the object which

291

00:12:41,769 --> 00:12:39,480

you saw sat down that you said was was

292

00:12:44,269 --> 00:12:41,779

going over it as if he was looking uh

293

00:12:47,690 --> 00:12:44,279

going you know away putting his hands on

294

00:12:50,210 --> 00:12:47,700

him uh how how was he suspended how did

295

00:12:53,870 --> 00:12:50,220

he stay onto the craft were the steps or

296

00:12:54,949 --> 00:12:53,880

ladders or what is a little thing around

297

00:12:57,889 --> 00:12:54,959

us

298

00:12:59,750 --> 00:12:57,899

that a capsule whatever it is you know

299

00:13:01,730 --> 00:12:59,760

there's a little thing around just like

300

00:13:03,470 --> 00:13:01,740

a walk around bar

301
00:13:06,350 --> 00:13:03,480
before he got out at just for them

302
00:13:10,030 --> 00:13:08,110
now what would you say

303
00:13:12,530 --> 00:13:10,040
uh

304
00:13:13,970 --> 00:13:12,540
now they all asked me questions they

305
00:13:15,949 --> 00:13:13,980
were explaining how he stayed on the

306
00:13:17,810 --> 00:13:15,959
side of the object right you know just

307
00:13:20,269 --> 00:13:17,820
like that

308
00:13:21,470 --> 00:13:20,279
phone bill on the side I guess something

309
00:13:24,350 --> 00:13:21,480
like that

310
00:13:25,550 --> 00:13:24,360
but anyway he was between one of the

311
00:13:27,050 --> 00:13:25,560
lights

312
00:13:29,810 --> 00:13:27,060
so that's the one that he was healing

313
00:13:32,569 --> 00:13:29,820

and this one really was shocked me while

314

00:13:34,190 --> 00:13:32,579

they fell and he just held his head up

315

00:13:35,930 --> 00:13:34,200

so it's like looking up

316

00:13:37,250 --> 00:13:35,940

that's when I told you I know this

317

00:13:40,850 --> 00:13:37,260

looked like it has to me it looked like

318

00:13:42,410 --> 00:13:40,860

a catfished up in this other capsule I

319

00:13:45,170 --> 00:13:42,420

don't know what it did it didn't move to

320

00:13:47,990 --> 00:13:45,180

me he got back in it he started up and

321

00:13:49,610 --> 00:13:48,000

so the capsule moved up and uh he got up

322

00:13:51,710 --> 00:13:49,620

behind another one and they just took

323

00:13:55,069 --> 00:13:51,720

off and that's when my headlights come

324

00:13:57,710 --> 00:13:55,079

on and I took off too now you say the

325

00:13:59,690 --> 00:13:57,720

other capsule what what do you mean by

326

00:14:01,129 --> 00:13:59,700

capsule it was another one looked just

327

00:14:03,170 --> 00:14:01,139

like it just a problem and it didn't

328

00:14:04,430 --> 00:14:03,180

otherwise there was one that landed and

329

00:14:05,990 --> 00:14:04,440

then there was another that stayed in

330

00:14:07,370 --> 00:14:06,000

the air right there I don't want to like

331

00:14:09,310 --> 00:14:07,380

I said I don't know like the one that

332

00:14:11,810 --> 00:14:09,320

was shot a light down on him

333

00:14:13,610 --> 00:14:11,820

so so one creature came out of the one

334

00:14:14,870 --> 00:14:13,620

that landed then right and you could see

335

00:14:16,910 --> 00:14:14,880

another one of these creatures in the

336

00:14:18,829 --> 00:14:16,920

one that was up in the air no I seen the

337

00:14:20,629 --> 00:14:18,839

whatever thing it was same thing the

338

00:14:22,610 --> 00:14:20,639

land I seen another one up above that

339

00:14:24,470 --> 00:14:22,620

one you only saw one creature though

340

00:14:25,730 --> 00:14:24,480

right I don't know if it was a creature

341

00:14:27,590 --> 00:14:25,740

whatever you call like whatever it was

342

00:14:30,410 --> 00:14:27,600

it was only one of them it was afraid to

343

00:14:34,490 --> 00:14:30,420

be alive great uh the one that stayed in

344

00:14:38,870 --> 00:14:36,410

but how tall is too light folks to

345

00:14:40,790 --> 00:14:38,880

average tallest right post

346

00:14:42,949 --> 00:14:40,800

I guess most nights close to about 30

347

00:14:44,930 --> 00:14:42,959

feet so it'd be about 60 feet right well

348

00:14:47,990 --> 00:14:44,940

that's about held by two light posters

349

00:14:49,910 --> 00:14:48,000

high up Mr Patterson uh how how close

350

00:14:51,889 --> 00:14:49,920

were you how far away you did all of

351

00:14:53,269 --> 00:14:51,899

this big place when this took place let

352

00:14:55,009 --> 00:14:53,279

me see that I could show you exactly

353

00:14:56,269 --> 00:14:55,019

where the place is at and I know a

354

00:14:57,350 --> 00:14:56,279

little bit about yours I bet you I

355

00:14:58,430 --> 00:14:57,360

wouldn't know more than 100 yards from

356

00:15:04,970 --> 00:14:58,440

it

357

00:15:07,550 --> 00:15:04,980

and when I see this whatever this thing

358

00:15:09,290 --> 00:15:07,560

was that's when I Spit on break

359

00:15:11,449 --> 00:15:09,300

and I bet you I want no more than 100

360

00:15:13,550 --> 00:15:11,459

yards or something no no no more than

361

00:15:15,470 --> 00:15:13,560

100 yards from it you stated the car

362

00:15:17,590 --> 00:15:15,480

behind me wasn't no more than about two

363

00:15:19,910 --> 00:15:17,600

or three by three or four feet from me

364

00:15:22,970 --> 00:15:19,920

that's why I said I got proofs the

365

00:15:25,069 --> 00:15:22,980

deepest about seven of us in all seniors

366

00:15:27,230 --> 00:15:25,079

we've seen this for every war we've seen

367

00:15:29,329 --> 00:15:27,240

it suppose the car is a Tim pull up

368

00:15:33,730 --> 00:15:29,339

behind you and stuff right it was uh

369

00:15:37,430 --> 00:15:36,050

do you know the names of any of the

370

00:15:39,769 --> 00:15:37,440

other people that came up behind you

371

00:15:41,509 --> 00:15:39,779

right uh could you give me them please

372

00:15:55,750 --> 00:15:41,519

let me know

373

00:16:05,150 --> 00:16:00,110

Jack Oaks

374

00:16:08,689 --> 00:16:05,160

Milton Sullivan

375

00:16:10,370 --> 00:16:08,699

and uh Maddie Patterson

376

00:16:12,050 --> 00:16:10,380

Maddie Patterson

377

00:16:15,910 --> 00:16:12,060

Maureen Payton

378

00:16:20,090 --> 00:16:15,920

that last one again Louis

379

00:16:22,370 --> 00:16:20,100

Peyton right okay do all of these people

380

00:16:25,189 --> 00:16:22,380

live in Newport great

381

00:16:26,870 --> 00:16:25,199

uh on the other side of this object down

382

00:16:29,150 --> 00:16:26,880

the highway were any cars approaching

383

00:16:31,790 --> 00:16:29,160

from that direction I'm on techie it

384

00:16:33,889 --> 00:16:31,800

will the power started behind me where

385

00:16:35,269 --> 00:16:33,899

it was coming over the hill

386

00:16:37,670 --> 00:16:35,279

but I don't know who it was but they

387

00:16:38,689 --> 00:16:37,680

turned around and they booked up on who

388

00:16:41,150 --> 00:16:38,699

it was

389

00:16:42,889 --> 00:16:41,160

I just see well like I was like I said I

390

00:16:44,749 --> 00:16:42,899

was way up under the hill this car top

391

00:16:46,670 --> 00:16:44,759

the hill and it must have seen the I was

392

00:16:48,290 --> 00:16:46,680

listening up old but I guess we're the

393

00:16:49,610 --> 00:16:48,300

top he ever seen the one was man after

394

00:16:51,110 --> 00:16:49,620

he just turned around who that was just

395

00:16:52,249 --> 00:16:51,120

turned around kept more turn around once

396

00:16:54,530 --> 00:16:52,259

I cut away

397

00:16:56,210 --> 00:16:54,540

put on I don't know who it is he might

398

00:16:59,090 --> 00:16:56,220

have called in the same same thing I'm

399

00:17:01,850 --> 00:16:59,100

saying oh but whoever it was

400

00:17:03,410 --> 00:17:01,860

you know like it was quite a ways but he

401
00:17:04,970 --> 00:17:03,420
must have seen one at the property you

402
00:17:07,610 --> 00:17:04,980
know the one was up in there but when he

403
00:17:09,590 --> 00:17:07,620
topped the hill he seen it

404
00:17:11,270 --> 00:17:09,600
I didn't see the one that had me blocked

405
00:17:12,710 --> 00:17:11,280
off that car turned around but that car

406
00:17:13,970 --> 00:17:12,720
never to go there he turned around and

407
00:17:16,610 --> 00:17:13,980
went back to other way

408
00:17:18,890 --> 00:17:16,620
I don't know what color car was or who

409
00:17:21,169 --> 00:17:18,900
it was what did the objects appear to be

410
00:17:25,789 --> 00:17:21,179
made of Mr Patterson what do you mean uh

411
00:17:30,770 --> 00:17:28,189
I'm gonna be frank with you that thing

412
00:17:33,590 --> 00:17:30,780
looked like to me it was made of a it's

413
00:17:34,970 --> 00:17:33,600

like a regular spaceship you know like

414

00:17:37,130 --> 00:17:34,980

on television you're so junk on

415

00:17:39,950 --> 00:17:37,140

television it looked just about life

416

00:17:42,350 --> 00:17:39,960

that to me in a way but I take that back

417

00:17:43,310 --> 00:17:42,360

that day looks about like a spider webs

418

00:17:47,150 --> 00:17:43,320

uh

419

00:17:48,950 --> 00:17:47,160

will know I take that back that thing

420

00:17:51,470 --> 00:17:48,960

I'm gonna be funny that thing looking

421

00:17:56,330 --> 00:17:53,630

whatever it was that's the way look I'll

422

00:17:58,490 --> 00:17:56,340

take it back but you know

423

00:18:00,110 --> 00:17:58,500

I guess a person you know you can think

424

00:18:01,310 --> 00:18:00,120

you see something personally you think

425

00:18:03,049 --> 00:18:01,320

about a little jackets you don't tell me

426

00:18:04,610 --> 00:18:03,059

when I take that but that same look just

427

00:18:06,770 --> 00:18:04,620

about like a spider web you know had

428

00:18:09,770 --> 00:18:06,780

well welded you know it's about a way to

429

00:18:11,150 --> 00:18:09,780

make a well well but uh and honey you

430

00:18:13,130 --> 00:18:11,160

know like a beehive put honey over

431

00:18:15,110 --> 00:18:13,140

that's where that thing looked like a

432

00:18:17,029 --> 00:18:15,120

counterweight made I'm talking crazy to

433

00:18:18,590 --> 00:18:17,039

you but I can't talk no better but

434

00:18:21,590 --> 00:18:18,600

that's about the way to that tables like

435

00:18:23,390 --> 00:18:21,600

me see him seeing this here it has peaks

436

00:18:26,090 --> 00:18:23,400

in it look like like a spider web here

437

00:18:27,830 --> 00:18:26,100

to make it speaking been in the Trap but

438

00:18:31,909 --> 00:18:27,840

the way that thing really was made it

439

00:18:34,250 --> 00:18:31,919

had Corners cut like you know uh he had

440

00:18:35,990 --> 00:18:34,260

making a hunting stuff you know what I'm

441

00:18:38,150 --> 00:18:36,000

talking about can you understand what

442

00:18:41,990 --> 00:18:38,160

I'm saying I believe so

443

00:18:44,029 --> 00:18:42,000

but it's like a honey hat

444

00:18:46,909 --> 00:18:44,039

that's the way that thing looked like

445

00:18:49,909 --> 00:18:46,919

the honey had but you know like a a spot

446

00:18:51,710 --> 00:18:49,919

in a main web what you call it could you

447

00:18:53,510 --> 00:18:51,720

see through any part of it

448

00:18:55,010 --> 00:18:53,520

well the way it would blow them look

449

00:18:56,570 --> 00:18:55,020

like you can see you know through the

450

00:18:59,270 --> 00:18:56,580

whole thing but you couldn't

451

00:19:01,130 --> 00:18:59,280

but it's got a globe that

452

00:19:03,470 --> 00:19:01,140

I've never seen in my life I don't think

453

00:19:05,630 --> 00:19:03,480

nobody else seen nothing like that

454

00:19:07,370 --> 00:19:05,640

where the individual lights I was the

455

00:19:08,390 --> 00:19:07,380

whole object glowing God I wonder if

456

00:19:09,830 --> 00:19:08,400

you're like there was some kind of

457

00:19:13,370 --> 00:19:09,840

Lights kind of like they want to count

458

00:19:15,650 --> 00:19:13,380

halfway uh attack you you know and uh

459

00:19:17,750 --> 00:19:15,660

stuff they kind of type of lights that

460

00:19:19,190 --> 00:19:17,760

you can just look at and look like you

461

00:19:19,909 --> 00:19:19,200

couldn't get your mind off of looking at

462

00:19:21,890 --> 00:19:19,919

them

463

00:19:23,510 --> 00:19:21,900

did they please stay the same brightness

464

00:19:24,950 --> 00:19:23,520

after the brightness but yeah the same

465

00:19:27,169 --> 00:19:24,960

fighting but they had different flowers

466

00:19:29,570 --> 00:19:27,179

lights you know like when they blinking

467

00:19:31,970 --> 00:19:29,580

they had some different like like I said

468

00:19:33,590 --> 00:19:31,980

to me it looked like a dark green uh

469

00:19:36,650 --> 00:19:33,600

greenish blue it was flashing the

470

00:19:38,270 --> 00:19:36,660

greenish blue a greenish blue a greenish

471

00:19:39,350 --> 00:19:38,280

blue but it's really like it was

472

00:19:41,990 --> 00:19:39,360

flashing

473

00:19:57,789 --> 00:19:42,000

it was going about this about like that

474

00:20:05,330 --> 00:20:03,350

or whatever it was but it was a globe

475

00:20:07,010 --> 00:20:05,340

and I'm not talking like oh I hear some

476
00:20:09,890 --> 00:20:07,020
people talking but about looking direct

477
00:20:11,630 --> 00:20:09,900
at that thing it's got a globe up there

478
00:20:13,250 --> 00:20:11,640
of course you know by looking at it you

479
00:20:15,470 --> 00:20:13,260
know like you can look just like a look

480
00:20:16,730 --> 00:20:15,480
at a light on a house in America house

481
00:20:18,710 --> 00:20:16,740
if you look at it long enough a little

482
00:20:20,750 --> 00:20:18,720
like a farm something right or by

483
00:20:23,330 --> 00:20:20,760
looking at that thing hard enough look

484
00:20:25,669 --> 00:20:23,340
like it's got a uh one big great big guy

485
00:20:27,770 --> 00:20:25,679
right in the center's head but it's a

486
00:20:29,450 --> 00:20:27,780
globe that thing shines whatever that

487
00:20:31,789 --> 00:20:29,460
did that high whatever it is it shines

488
00:20:34,510 --> 00:20:31,799

it's like a flashlight it's just on on

489

00:20:36,409 --> 00:20:34,520

the creatures themselves

490

00:20:38,270 --> 00:20:36,419

this is the thing ready for that

491

00:20:40,669 --> 00:20:38,280

creature here whatever the thing is it

492

00:20:41,650 --> 00:20:40,679

glows and it kind of you know it shines

493

00:20:44,210 --> 00:20:41,660

you know

494

00:20:46,610 --> 00:20:44,220

the the creatures appear to be wearing

495

00:20:48,590 --> 00:20:46,620

clothes or uniform or no it was gray

496

00:20:51,970 --> 00:20:48,600

like a fish cat it had a scale on like a

497

00:20:57,650 --> 00:20:51,980

fish like this was kind of greenness

498

00:21:02,570 --> 00:21:00,890

no other than that I don't like I said

499

00:21:05,990 --> 00:21:02,580

that's the way it looked to me now when

500

00:21:08,450 --> 00:21:06,000

when they when they they took off uh how

501
00:21:10,549 --> 00:21:08,460
fast did it go up and did they then

502
00:21:11,870 --> 00:21:10,559
disappear did did they go off into the

503
00:21:14,090 --> 00:21:11,880
distance or did the lights go off or

504
00:21:16,730 --> 00:21:14,100
what happened that they went up around

505
00:21:18,710 --> 00:21:16,740
I'm just saying like my father's got out

506
00:21:20,870 --> 00:21:18,720
of service March and I'll you know I

507
00:21:23,870 --> 00:21:20,880
flew in Vietnam you know with uh

508
00:21:25,190 --> 00:21:23,880
Choppers no guns you know who is that

509
00:21:27,470 --> 00:21:25,200
thing well just like a hearing that

510
00:21:29,270 --> 00:21:27,480
other went up right up behind that thing

511
00:21:31,370 --> 00:21:29,280
went up just like a hearing he got up so

512
00:21:33,169 --> 00:21:31,380
far in the lower off when he just just

513
00:21:35,390 --> 00:21:33,179

went out but you know what

514

00:21:37,430 --> 00:21:35,400

that's all right they had some of the

515

00:21:39,789 --> 00:21:37,440

funny side over here in my life

516

00:21:41,810 --> 00:21:39,799

they go we go

517

00:21:43,789 --> 00:21:41,820

just like that that's the way it even

518

00:21:45,710 --> 00:21:43,799

sounded

519

00:21:47,630 --> 00:21:45,720

that in the landing sound the same way

520

00:21:50,029 --> 00:21:47,640

but it got us so high you can still hear

521

00:21:51,230 --> 00:21:50,039

the sound it's a pringle we we got up so

522

00:21:53,630 --> 00:21:51,240

high that you couldn't hear nothing

523

00:21:56,630 --> 00:21:53,640

going away you couldn't hear it have you

524

00:21:58,070 --> 00:21:56,640

ever hear the sound like that before

525

00:22:00,169 --> 00:21:58,080

well that's just the way we're going we

526

00:22:02,149 --> 00:22:00,179

do real real stuff like that you know

527

00:22:06,049 --> 00:22:02,159

but you tell if I was propelling the

528

00:22:07,730 --> 00:22:06,059

object was any sign of a Jedi or no you

529

00:22:08,750 --> 00:22:07,740

wouldn't believe it I couldn't see it

530

00:22:10,010 --> 00:22:08,760

you may not believe that's what I'm

531

00:22:12,289 --> 00:22:10,020

telling you now

532

00:22:14,270 --> 00:22:12,299

but that they look like to me it just

533

00:22:16,909 --> 00:22:14,280

released from gravity and took off like

534

00:22:19,570 --> 00:22:16,919

I said all you hear we can reveal and

535

00:22:23,690 --> 00:22:19,580

it's it's that easy it'll make no sense

536

00:22:25,070 --> 00:22:23,700

no more on this that we we use it now

537

00:22:27,049 --> 00:22:25,080

fighting when it was on the ground but

538

00:22:28,730 --> 00:22:27,059

you're hearing the sound then right it

539

00:22:30,230 --> 00:22:28,740

was going the same way when it was on

540

00:22:31,730 --> 00:22:30,240

the ground could you tell whether it was

541

00:22:33,169 --> 00:22:31,740

on one on the ground making them sound

542

00:22:34,850 --> 00:22:33,179

or was it the one up in the air that was

543

00:22:36,289 --> 00:22:34,860

making this well you've been here for

544

00:22:41,049 --> 00:22:36,299

nothing on the ground close so they

545

00:22:46,010 --> 00:22:44,149

from that one

546

00:22:47,029 --> 00:22:46,020

what you mean well even actually you can

547

00:22:49,250 --> 00:22:47,039

hear from both of them but that little

548

00:22:50,930 --> 00:22:49,260

guys are here closer you know

549

00:22:52,370 --> 00:22:50,940

when it was ticking off did the lights

550

00:22:54,350 --> 00:22:52,380

vary

551
00:22:56,750 --> 00:22:54,360
did they get any brighter any dimmer and

552
00:22:58,909 --> 00:22:56,760
anyhow any additional nights no it was

553
00:23:01,010 --> 00:22:58,919
just the same way

554
00:23:03,470 --> 00:23:01,020
but I I think it's so fluff in the sky

555
00:23:05,029 --> 00:23:03,480
they get so happy this guy well after a

556
00:23:07,070 --> 00:23:05,039
week well I watched it after gas so

557
00:23:09,770 --> 00:23:07,080
[h__h] in the sky you know what kind of

558
00:23:12,049 --> 00:23:09,780
showed a blurish red you know a bearish

559
00:23:14,330 --> 00:23:12,059
rig you know like a Globus red that's

560
00:23:16,669 --> 00:23:14,340
what they show so late but they didn't

561
00:23:18,230 --> 00:23:16,679
get that high

562
00:23:19,789 --> 00:23:18,240
I guess that's why a whole lot of people

563
00:23:22,130 --> 00:23:19,799

don't already call Air Force Base they

564

00:23:24,169 --> 00:23:22,140

didn't get too high

565

00:23:25,970 --> 00:23:24,179

but let me see when it when it left

566

00:23:27,710 --> 00:23:25,980

which way when it disappeared which way

567

00:23:34,070 --> 00:23:27,720

was it going hey two hours ago East and

568

00:23:37,669 --> 00:23:36,110

well uh let's if you don't mind I'd like

569

00:23:41,149 --> 00:23:37,679

to review one more time it's Patterson

570

00:23:43,070 --> 00:23:41,159

uh the the shape of the craft was saucer

571

00:23:44,930 --> 00:23:43,080

shaped with a dome on the top of it yeah

572

00:23:47,210 --> 00:23:44,940

it's like a blue like like a bubble I

573

00:23:48,890 --> 00:23:47,220

mean in a bathtub half of a bubble yeah

574

00:23:51,049 --> 00:23:48,900

now did the bubble come all the way to

575

00:23:55,029 --> 00:23:51,059

the edge of the sausage all the way to

576

00:24:00,770 --> 00:23:58,970

it had an angle from the top of that cup

577

00:24:03,169 --> 00:24:00,780

down to the interactive sauce around

578

00:24:08,169 --> 00:24:03,179

part you know what I mean you got a two

579

00:24:11,750 --> 00:24:10,310

a little bit I could show you about what

580

00:24:14,149 --> 00:24:11,760

it was like

581

00:24:16,130 --> 00:24:14,159

but the the bottom of it was the saucer

582

00:24:17,330 --> 00:24:16,140

shape and the saucer sitting like you

583

00:24:20,210 --> 00:24:17,340

know sitting on the table you know

584

00:24:22,250 --> 00:24:20,220

slightly rounded at the bottom right and

585

00:24:24,649 --> 00:24:22,260

then the top part of it uh was it was it

586

00:24:27,710 --> 00:24:24,659

like another sausal inverted on like a

587

00:24:29,690 --> 00:24:27,720

cup set in a sauce but it'll hang off

588

00:24:32,149 --> 00:24:29,700

but it had a little like I said a bubble

589

00:24:34,190 --> 00:24:32,159

on top of just like a you know like you

590

00:24:36,350 --> 00:24:34,200

like above and a bathtub big bubble

591

00:24:37,909 --> 00:24:36,360

that's where it was on top of that thing

592

00:24:40,490 --> 00:24:37,919

that's the one that opened up when that

593

00:24:43,850 --> 00:24:40,500

thing whatever it was come out of there

594

00:24:46,730 --> 00:24:43,860

Mr Patterson as best you could uh would

595

00:24:49,010 --> 00:24:46,740

you draw me a picture or a sketch

596

00:24:50,950 --> 00:24:49,020

and take my address down and drop it in

597

00:24:53,270 --> 00:24:50,960

the mail to me

598

00:24:57,370 --> 00:24:53,280

all right do you have a pencil can you

599

00:25:02,510 --> 00:24:59,510

the object which stayed up in the air

600

00:25:04,610 --> 00:25:02,520

was shining a light down right on the

601
00:25:09,430 --> 00:25:04,620
ground uh Fred there's this light where

602
00:25:14,450 --> 00:25:12,110
it had a big light that would sound

603
00:25:16,789 --> 00:25:14,460
directly down that other one was sitting

604
00:25:18,470 --> 00:25:16,799
down it was standing directly down on it

605
00:25:20,630 --> 00:25:18,480
that's what color was that line

606
00:25:22,970 --> 00:25:20,640
it's like a regular big headlight on the

607
00:25:25,730 --> 00:25:22,980
car real bright like it was real bright

608
00:25:27,350 --> 00:25:25,740
you know it'd be it really that's why

609
00:25:30,169 --> 00:25:27,360
that's why I've identifying the thing

610
00:25:31,549 --> 00:25:30,179
whatever water was in it's good it was

611
00:25:32,990 --> 00:25:31,559
bright enough it was up high enough to

612
00:25:34,669 --> 00:25:33,000
shine right over directly over the top

613
00:25:37,490 --> 00:25:34,679

of that thing and they were really

614

00:25:38,930 --> 00:25:37,500

showing that thing off now uh I think I

615

00:25:40,970 --> 00:25:38,940

asked you before but I don't remember

616

00:25:42,890 --> 00:25:40,980

what you said and when they disappeared

617

00:25:45,110 --> 00:25:42,900

what direction were they going they was

618

00:25:47,870 --> 00:25:45,120

like oh well like 82 run east and west

619

00:25:49,789 --> 00:25:47,880

right well it was here at East it hit

620

00:25:52,070 --> 00:25:49,799

east of 82.

621

00:25:53,630 --> 00:25:52,080

now Mr Patterson I appreciate you giving

622

00:25:56,570 --> 00:25:53,640

me this information more than you know

623

00:25:58,570 --> 00:25:56,580

and my my name and address my name is

624

00:26:03,110 --> 00:25:58,580

Jack King

625

00:26:03,120 --> 00:26:09,169

all right at radio station wrob

626

00:26:13,850 --> 00:26:12,049

uh Mr Patterson we this conversation

627

00:26:15,830 --> 00:26:13,860

that I've been having with you here I

628

00:26:17,510 --> 00:26:15,840

have been tape recording do you have any

629

00:26:21,769 --> 00:26:17,520

objection if I broadcast it on the radio

630

00:26:23,450 --> 00:26:21,779

no okay I just hope that uh I said it to

631

00:26:25,430 --> 00:26:23,460

the best of my knowledge

632

00:26:27,830 --> 00:26:25,440

but I think you've done a very good job

633

00:26:29,330 --> 00:26:27,840

and uh you you I described it very well

634

00:26:32,029 --> 00:26:29,340

a lot of people maybe they could have

635

00:26:33,890 --> 00:26:32,039

helped me out better but I think I said

636

00:26:36,110 --> 00:26:33,900

about his best I think I had a better

637

00:26:37,789 --> 00:26:36,120

career here than any of them did

638

00:26:42,529 --> 00:26:37,799

like I said I just recently came from

639

00:26:45,669 --> 00:26:42,539

Vietnam back in last March and uh

640

00:26:48,289 --> 00:26:45,679

I think I explain it to you better than

641

00:26:49,909 --> 00:26:48,299

they could and then I might have missed

642

00:26:51,890 --> 00:26:49,919

a few errors but you know a few things

643

00:26:54,049 --> 00:26:51,900

that I didn't exactly explain it to you

644

00:26:55,610 --> 00:26:54,059

correctly that they could have did you

645

00:26:57,110 --> 00:26:55,620

know that they could have seen something

646

00:26:59,390 --> 00:26:57,120

they could have seen you know you know

647

00:27:01,730 --> 00:26:59,400

would help me out better have you ever

648

00:27:03,590 --> 00:27:01,740

seen shocked up what's the name have you

649

00:27:06,470 --> 00:27:03,600

ever seen any unidentified flying

650

00:27:08,450 --> 00:27:06,480

objects before nothing like this

651
00:27:10,130 --> 00:27:08,460
I've seen that I think when they sell

652
00:27:12,289 --> 00:27:10,140
the weather something you know

653
00:27:13,909 --> 00:27:12,299
that's through Mississippi

654
00:27:16,190 --> 00:27:13,919
and this kind of shocked me everything

655
00:27:19,010 --> 00:27:16,200
all this junk is coming through uh

656
00:27:20,630 --> 00:27:19,020
Gulfport coming to Buffalo coming in

657
00:27:22,370 --> 00:27:20,640
through the Gulf of Mississippi

658
00:27:23,930 --> 00:27:22,380
that's that's why I didn't believe it

659
00:27:26,510 --> 00:27:23,940
you know I can say well all this stuff

660
00:27:28,250 --> 00:27:26,520
is coming through from the the

661
00:27:31,190 --> 00:27:28,260
Mississippi you know where you raised

662
00:27:33,110 --> 00:27:31,200
near eupo right born and raised here and

663
00:27:35,690 --> 00:27:33,120

how old are you now miss about this 26

664

00:27:38,390 --> 00:27:35,700

and do you have a family yes I got wife

665

00:27:39,950 --> 00:27:38,400

two kids I miss Patterson if you will

666

00:27:41,810 --> 00:27:39,960

send me those drawings I'd appreciate it
