

1
00:00:06,170 --> 00:00:04,190
I took a shortcut from one Corridor to

2
00:00:08,270 --> 00:00:06,180
the other across the triangle and I

3
00:00:09,830 --> 00:00:08,280
looked up and I saw a red

4
00:00:11,870 --> 00:00:09,840
rectangle

5
00:00:14,870 --> 00:00:11,880
about two feet

6
00:00:17,689 --> 00:00:14,880
red purple red and it just stood there

7
00:00:19,910 --> 00:00:17,699
and I stood and looked at it and I

8
00:00:21,050 --> 00:00:19,920
thought was it a flying rocket for Guy

9
00:00:23,750 --> 00:00:21,060
Fawkes Night

10
00:00:25,970 --> 00:00:23,760
was it an airplane and decided it wasn't

11
00:00:28,730 --> 00:00:25,980
and I went round in a circle and had a

12
00:00:30,349 --> 00:00:28,740
look at this thing but it just stayed

13
00:00:31,849 --> 00:00:30,359

what it was in the sky there was no

14

00:00:35,030 --> 00:00:31,859

yellow around it there was nothing at

15

00:00:37,610 --> 00:00:35,040

all I got the suggestion of a slight dip

16

00:00:39,889 --> 00:00:37,620

indented cut thing at the top of it and

17

00:00:41,810 --> 00:00:39,899

then it just suddenly went off there was

18

00:00:43,369 --> 00:00:41,820

a blaze of light and it disappeared I

19

00:00:45,590 --> 00:00:43,379

got to the war but I was supposed to

20

00:00:47,569 --> 00:00:45,600

relieve the nurse on and she said where

21

00:00:49,549 --> 00:00:47,579

have you been and I thought I'd watch

22

00:00:51,470 --> 00:00:49,559

this for a couple of minutes and it was

23

00:00:52,490 --> 00:00:51,480

more than 45 minutes later before I got

24

00:00:55,130 --> 00:00:52,500

to the world

25

00:00:57,049 --> 00:00:55,140

so you lost some time as it were

26

00:00:58,549 --> 00:00:57,059

well it would appear so weird was it

27

00:01:00,650 --> 00:00:58,559

bonfire time

28

00:01:02,150 --> 00:01:00,660

yeah it was round about either the week

29

00:01:04,670 --> 00:01:02,160

before or the week after Guy Fawkes

30

00:01:06,830 --> 00:01:04,680

which made me think it might be a

31

00:01:08,870 --> 00:01:06,840

if I were but I wasn't sure but the time

32

00:01:11,149 --> 00:01:08,880

I watched it then I was convinced no it

33

00:01:13,550 --> 00:01:11,159

wasn't what was the reaction of people

34

00:01:15,890 --> 00:01:13,560

like your hubby here and your friends

35

00:01:18,050 --> 00:01:15,900

when you told them about this

36

00:01:20,390 --> 00:01:18,060

well working at Psychiatric Hospital the

37

00:01:22,550 --> 00:01:20,400

first thing I said was I

38

00:01:24,109 --> 00:01:22,560

has been a fun sauce and she said yes

39

00:01:26,330 --> 00:01:24,119

well I'll get the injection when I can

40

00:01:29,270 --> 00:01:26,340

buy for money you're supposed to be on

41

00:01:31,010 --> 00:01:29,280

the staff yes on the staff yeah and the

42

00:01:32,749 --> 00:01:31,020

following one I went home and I told my

43

00:01:35,770 --> 00:01:32,759

husband I'd seen a flying saucer and he

44

00:01:38,149 --> 00:01:35,780

said yes dear I'll run you a bath

45

00:01:40,429 --> 00:01:38,159

and the following night I got phone

46

00:01:42,370 --> 00:01:40,439

calls from all the staff that are men in

47

00:01:45,410 --> 00:01:42,380

green coats you're waiting to see you

48

00:01:47,569 --> 00:01:45,420

there is an ambulance or sorry a flying

49

00:01:49,310 --> 00:01:47,579

saucer coming for you in the morning and

50

00:01:52,310 --> 00:01:49,320

I got these comments and then two days

51
00:01:54,410 --> 00:01:52,320
later the national newspapers and

52
00:01:56,690 --> 00:01:54,420
headlines south of England and north of

53
00:01:58,850 --> 00:01:56,700
France sighting scene some people had

54
00:02:01,190 --> 00:01:58,860
seen men in silver suits some people had

55
00:02:02,810 --> 00:02:01,200
been taken up and and I felt quite

56
00:02:04,310 --> 00:02:02,820
unimportant then because all I'd seen

57
00:02:07,190 --> 00:02:04,320
was just a little red thing in the sky

58
00:02:09,350 --> 00:02:07,200
but suffice suffice to say that you were

59
00:02:10,669 --> 00:02:09,360
not alone at or around that period there

60
00:02:13,430 --> 00:02:10,679
were several sightings of something

61
00:02:16,490 --> 00:02:13,440
people had seen that they they imagined

62
00:02:18,890 --> 00:02:16,500
anyway no in the National newspapers I

63
00:02:20,210 --> 00:02:18,900

personally never met anyone until last

64

00:02:21,650 --> 00:02:20,220

night who haven't seen anything that's

65

00:02:22,729 --> 00:02:21,660

what I meant but there were others apart

66

00:02:24,890 --> 00:02:22,739

from you who'd seen other things

67

00:02:27,170 --> 00:02:24,900

separately elsewhere you've had a

68

00:02:28,670 --> 00:02:27,180

similar experience haven't you yes

69

00:02:32,270 --> 00:02:28,680

um you come from a part of the world I

70

00:02:34,190 --> 00:02:32,280

know Pendle in Lancashire yes now uh

71

00:02:36,410 --> 00:02:34,200

twice I gather yeah what happened in

72

00:02:40,190 --> 00:02:36,420

your case 13 years ago I was walking

73

00:02:42,530 --> 00:02:40,200

with my middle daughter and we saw a red

74

00:02:44,809 --> 00:02:42,540

light which I said look at that airplane

75

00:02:47,570 --> 00:02:44,819

it's flying low it's going to go into

76

00:02:49,850 --> 00:02:47,580

Penn little if it's not careful and all

77

00:02:52,369 --> 00:02:49,860

of a sudden it just turned around like

78

00:02:54,229 --> 00:02:52,379

that and went at the side of us and

79

00:02:56,509 --> 00:02:54,239

followed we were about 100 yards away

80

00:02:59,150 --> 00:02:56,519

from our house and it just followed us

81

00:03:01,250 --> 00:02:59,160

to our house we ran in my daughter was

82

00:03:02,869 --> 00:03:01,260

terrified

83

00:03:04,490 --> 00:03:02,879

um we looked through the curtains he had

84

00:03:07,130 --> 00:03:04,500

gone as though it was going to the next

85

00:03:09,890 --> 00:03:07,140

Village and then I went to the door and

86

00:03:11,930 --> 00:03:09,900

it came from all the how our house it

87

00:03:13,369 --> 00:03:11,940

was like it was hovering and then it

88

00:03:16,910 --> 00:03:13,379

just went back to where it was going

89

00:03:19,009 --> 00:03:16,920

from and then four years ago I saw a

90

00:03:21,589 --> 00:03:19,019

great big uh star in the sky which I

91

00:03:23,630 --> 00:03:21,599

thought was really a massive star that's

92

00:03:25,490 --> 00:03:23,640

all I thought it was and a friend was

93

00:03:26,809 --> 00:03:25,500

talking to me and she kept saying what

94

00:03:28,850 --> 00:03:26,819

are you looking at behind me I said look

95

00:03:29,509 --> 00:03:28,860

at that big star of it or the Pendle it

96

00:03:33,290 --> 00:03:29,519

was

97

00:03:35,089 --> 00:03:33,300

it looked near and she said oh yeah so

98

00:03:38,690 --> 00:03:35,099

we carried on talking and then all of a

99

00:03:41,089 --> 00:03:38,700

sudden it just separated into two stars

100

00:03:44,509 --> 00:03:41,099

and with a big orange the epic trail in

101
00:03:47,030 --> 00:03:44,519
the middle and the star at this side uh

102
00:03:49,490 --> 00:03:47,040
shot something orange to the floor and

103
00:03:51,649 --> 00:03:49,500
started going up into the sky and it

104
00:03:53,809 --> 00:03:51,659
started flashing on and off just like a

105
00:03:55,550 --> 00:03:53,819
an airplane and then all of a sudden it

106
00:03:57,229 --> 00:03:55,560
turned into a craft

107
00:04:00,229 --> 00:03:57,239
and that's all that was it went up into

108
00:04:01,789 --> 00:04:00,239
the sky craft yeah I mean like well you

109
00:04:03,890 --> 00:04:01,799
would say look at that airplane but it's

110
00:04:05,509 --> 00:04:03,900
come off that star you know I just

111
00:04:07,910 --> 00:04:05,519
thought well it looks like an airplane

112
00:04:09,589 --> 00:04:07,920
but at first it was a star then it was

113
00:04:12,289 --> 00:04:09,599

flashing in and out then it just turned

114

00:04:14,589 --> 00:04:12,299

into a craft now the star that was left

115

00:04:17,990 --> 00:04:14,599

that shot something orange to the floor

116

00:04:20,810 --> 00:04:18,000

and that went up into the sky and then

117

00:04:22,189 --> 00:04:20,820

off that came in a red craft with a

118

00:04:23,689 --> 00:04:22,199

vapor trail at the back of it and that

119

00:04:25,610 --> 00:04:23,699

went the other way

120

00:04:27,110 --> 00:04:25,620

Pendle Hill is famous for witches isn't

121

00:04:29,030 --> 00:04:27,120

it yes yeah

122

00:04:30,310 --> 00:04:29,040

um that may or may not be anything to do

123

00:04:32,450 --> 00:04:30,320

with it um

124

00:04:34,249 --> 00:04:32,460

strangers should happen there I mean

125

00:04:35,749 --> 00:04:34,259

what did you I mean when you sat down

126
00:04:37,370 --> 00:04:35,759
when you went home and sat down and

127
00:04:39,770 --> 00:04:37,380
thought

128
00:04:42,290 --> 00:04:39,780
had a cup of tea and took us aside I

129
00:04:43,790 --> 00:04:42,300
mean what did you what do you think

130
00:04:45,710 --> 00:04:43,800
I got it with marvelous because that

131
00:04:48,710 --> 00:04:45,720
just clinched it for me because for 13

132
00:04:50,330 --> 00:04:48,720
years I've seen things shapes and all

133
00:04:51,650 --> 00:04:50,340
sorts

134
00:04:53,330 --> 00:04:51,660
um I'm not saying there are little green

135
00:04:55,189 --> 00:04:53,340
men of spaceships or anything I just

136
00:04:57,590 --> 00:04:55,199
know that they're under unidentified

137
00:05:00,110 --> 00:04:57,600
things in the sky but that just clinched

138
00:05:02,510 --> 00:05:00,120

it for me because to me nobody can

139

00:05:05,150 --> 00:05:02,520

explain all right you can say there were

140

00:05:07,249 --> 00:05:05,160

two airplanes but you can say well they

141

00:05:08,870 --> 00:05:07,259

must have hangers in the sky now

142

00:05:10,850 --> 00:05:08,880

that means you should do a chap along

143

00:05:13,310 --> 00:05:10,860

here called Keith Now Keith was in the

144

00:05:15,290 --> 00:05:13,320

RF so he knows about airplanes and he

145

00:05:17,450 --> 00:05:15,300

knows presumably about things that you

146

00:05:19,370 --> 00:05:17,460

see when you're flying up in the sky

147

00:05:21,430 --> 00:05:19,380

and yet you had an experience I

148

00:05:24,469 --> 00:05:21,440

understand when you were based in Cyprus

149

00:05:26,090 --> 00:05:24,479

1956 yes tell us about it um we were

150

00:05:27,529 --> 00:05:26,100

coming back from the mess about two

151

00:05:29,689 --> 00:05:27,539

o'clock in the afternoon Sunday

152

00:05:31,370 --> 00:05:29,699

afternoon no flying going on and we

153

00:05:33,469 --> 00:05:31,380

spotted a thing it looked like a pencil

154

00:05:35,270 --> 00:05:33,479

if you like in the sky somebody said

155

00:05:37,370 --> 00:05:35,280

well who's flying today you know nobody

156

00:05:38,270 --> 00:05:37,380

then we realized it wasn't moving so we

157

00:05:40,670 --> 00:05:38,280

lined it up with the top of the

158

00:05:41,990 --> 00:05:40,680

telegraph pole so we could get some just

159

00:05:44,090 --> 00:05:42,000

what it was doing you know and it just

160

00:05:46,010 --> 00:05:44,100

sat there for about 20 minutes then one

161

00:05:48,170 --> 00:05:46,020

of the aircraft was sent up after it he

162

00:05:50,210 --> 00:05:48,180

got up to about five or six hundred feet

163

00:05:52,430 --> 00:05:50,220

and this thing just turned on its side

164

00:05:54,529 --> 00:05:52,440

and it became a silver disc

165

00:05:56,689 --> 00:05:54,539

which then took off and it just gathered

166

00:05:58,790 --> 00:05:56,699

speed and went at a hell of a rate so

167

00:06:01,909 --> 00:05:58,800

let me get this straight

168

00:06:04,790 --> 00:06:01,919

top brass and the RAF took this so

169

00:06:08,210 --> 00:06:04,800

seriously that they that's right sent an

170

00:06:10,790 --> 00:06:08,220

RAF pilot up into the sky to monitor it

171

00:06:12,230 --> 00:06:10,800

and that RAF pilot confirmed what you

172

00:06:13,850 --> 00:06:12,240

chaps coming out of the mess at two

173

00:06:14,689 --> 00:06:13,860

o'clock in the afternoon

174

00:06:16,969 --> 00:06:14,699

um

175

00:06:19,550 --> 00:06:16,979

I'd seen yourselves that's right yeah

176

00:06:21,710 --> 00:06:19,560

yeah I mean picked up on radar but the

177

00:06:23,749 --> 00:06:21,720

interesting thing I think uh on the

178

00:06:26,809 --> 00:06:23,759

Squadron everybody Pilot's included

179

00:06:29,150 --> 00:06:26,819

generally accepted that UFOs existed and

180

00:06:31,850 --> 00:06:29,160

they oh yes it was a typical thing then

181

00:06:33,650 --> 00:06:31,860

oh they've seen a UFO today

182

00:06:35,270 --> 00:06:33,660

um one came from Malta Road to North

183

00:06:37,129 --> 00:06:35,280

Africa

184

00:06:38,990 --> 00:06:37,139

um we didn't know it was coming we

185

00:06:41,450 --> 00:06:39,000

thought it was a plane when it that was

186

00:06:42,950 --> 00:06:41,460

in the evening when it came over we just

187

00:06:44,390 --> 00:06:42,960

thought another blasted crass is going

188

00:06:46,909 --> 00:06:44,400

to happen you know because it was silent

189

00:06:48,230 --> 00:06:46,919

so we thought the engines did stop

190

00:06:50,450 --> 00:06:48,240

um when it was discovered that somebody

191

00:06:52,730 --> 00:06:50,460

said over the radio oh it passed Over

192

00:06:54,950 --> 00:06:52,740

Malta a few moments ago that's what

193

00:06:57,590 --> 00:06:54,960

you've seen and that was on radar an air

194

00:06:59,390 --> 00:06:57,600

traffic knew it was there Omar you were

195

00:07:02,270 --> 00:06:59,400

no I think or two about these matters

196

00:07:04,850 --> 00:07:02,280

what is it these chapters are seen

197

00:07:08,330 --> 00:07:04,860

well they are seeing um alien craft

198

00:07:10,730 --> 00:07:08,340

piloted by intelligent videos we believe

199

00:07:15,409 --> 00:07:10,740

I've been investigating UFOs for about

200

00:07:18,890 --> 00:07:15,419

25 years and I've um discussed or spoken

201
00:07:21,469 --> 00:07:18,900
to aircraft Pilots policeman clergyman

202
00:07:24,409 --> 00:07:21,479
right through

203
00:07:27,110 --> 00:07:24,419
to where experiences that they've

204
00:07:29,150 --> 00:07:27,120
encountered themselves and I've spoken

205
00:07:32,089 --> 00:07:29,160
to Pilots who've picked these things up

206
00:07:33,650 --> 00:07:32,099
on radar while traveling in a trident in

207
00:07:36,170 --> 00:07:33,660
1967.

208
00:07:38,749 --> 00:07:36,180
from Portugal

209
00:07:40,189 --> 00:07:38,759
I've spoken to a policeman who have been

210
00:07:42,890 --> 00:07:40,199
on duty in the early hours of the

211
00:07:46,790 --> 00:07:42,900
morning and seen cigar-shaped objects

212
00:07:47,990 --> 00:07:46,800
rising up from behind trees

213
00:07:49,969 --> 00:07:48,000

um but of course

214

00:07:51,950 --> 00:07:49,979

even even a policeman if he says that

215

00:07:54,950 --> 00:07:51,960

he's seen something like this people

216

00:07:56,270 --> 00:07:54,960

might joke but maju um if a policeman

217

00:07:58,249 --> 00:07:56,280

said he saw you breaking into a shop

218

00:08:00,770 --> 00:07:58,259

then you'd end up with two years but a

219

00:08:02,570 --> 00:08:00,780

UFOs it doesn't matter okay okay I mean

220

00:08:05,330 --> 00:08:02,580

I think it's it's taken as red there are

221

00:08:08,210 --> 00:08:05,340

lots of unexplained things that can be

222

00:08:09,589 --> 00:08:08,220

seen in the sky but what what so let's

223

00:08:12,650 --> 00:08:09,599

assume that everything you say is

224

00:08:14,450 --> 00:08:12,660

absolutely correct there are alien

225

00:08:16,249 --> 00:08:14,460

spacecraft unidentified flying obvious

226

00:08:18,529 --> 00:08:16,259

column what you were up there what are

227

00:08:19,850 --> 00:08:18,539

they doing why are they there

228

00:08:20,930 --> 00:08:19,860

who are they looking at and where

229

00:08:22,490 --> 00:08:20,940

they're from well they're certainly

230

00:08:24,529 --> 00:08:22,500

studying us

231

00:08:26,689 --> 00:08:24,539

um I think possibly later in the program

232

00:08:29,990 --> 00:08:26,699

you might be discussing um what they're

233

00:08:31,550 --> 00:08:30,000

up to but I've interviewed people that

234

00:08:33,110 --> 00:08:31,560

virtually have been up to these things

235

00:08:33,889 --> 00:08:33,120

and almost kicked the tires as you might

236

00:08:37,010 --> 00:08:33,899

say

237

00:08:40,130 --> 00:08:37,020

that they've been recognizable shapes uh

238

00:08:43,250 --> 00:08:40,140

portholes colored lights

239

00:08:46,790 --> 00:08:43,260

and at times these the witnesses have

240

00:08:49,070 --> 00:08:46,800

received messages from from The Craft

241

00:08:53,210 --> 00:08:49,080

really yes same what

242

00:08:54,170 --> 00:08:53,220

that the beings in these craft are the

243

00:08:58,250 --> 00:08:54,180

Watchers

244

00:08:59,930 --> 00:08:58,260

in other words the Guardians of Earth

245

00:09:01,670 --> 00:08:59,940

this gets more and more fascinating as

246

00:09:03,230 --> 00:09:01,680

we go on who else has seen I've come

247

00:09:05,389 --> 00:09:03,240

back to that later but it was a scene

248

00:09:08,389 --> 00:09:05,399

UFOs hands up right let's start here

249

00:09:10,670 --> 00:09:08,399

letting him what are you seeing uh I saw

250

00:09:11,930 --> 00:09:10,680

a retro red light and bright light in

251
00:09:14,509 --> 00:09:11,940
the sky

252
00:09:16,070 --> 00:09:14,519
um stationed and they came together and

253
00:09:18,530 --> 00:09:16,080
they followed us for two hours in the

254
00:09:21,829 --> 00:09:18,540
car and they came over the car

255
00:09:23,870 --> 00:09:21,839
for two hours well yeah about two hours

256
00:09:26,570 --> 00:09:23,880
um 50 miles

257
00:09:28,190 --> 00:09:26,580
uh I'm actually saying two hours it took

258
00:09:30,290 --> 00:09:28,200
us two hours going in the morning and

259
00:09:32,449 --> 00:09:30,300
three hours coming back I don't know why

260
00:09:34,790 --> 00:09:32,459
and how do you explain that I can't

261
00:09:38,269 --> 00:09:34,800
explain it

262
00:09:41,750 --> 00:09:40,430
it couldn't have been two stars

263
00:09:43,550 --> 00:09:41,760

no

264

00:09:44,449 --> 00:09:43,560

um I saw the object when it came over

265

00:09:46,070 --> 00:09:44,459

the car

266

00:09:48,710 --> 00:09:46,080

gentleman down there had his hand it

267

00:09:52,370 --> 00:09:48,720

what what did you see well I was on the

268

00:09:54,050 --> 00:09:52,380

way to work and um I saw three what I

269

00:09:55,850 --> 00:09:54,060

thought was clouds but there was disc

270

00:09:58,550 --> 00:09:55,860

shape in the sky

271

00:10:00,650 --> 00:09:58,560

beautiful the morning not a cloud and so

272

00:10:04,130 --> 00:10:00,660

except for these three things

273

00:10:09,970 --> 00:10:04,140

and I saw a a jet

274

00:10:15,230 --> 00:10:12,290

yeah well I live near Birmingham Airport

275

00:10:17,630 --> 00:10:15,240

it could be an airliner going to the

276

00:10:19,430 --> 00:10:17,640

airport and um

277

00:10:22,130 --> 00:10:19,440

as it got

278

00:10:24,350 --> 00:10:22,140

another distance but as he got closer to

279

00:10:26,750 --> 00:10:24,360

these three objects they they moved

280

00:10:28,790 --> 00:10:26,760

across the rise and very fast and just

281

00:10:30,410 --> 00:10:28,800

stopped in another place on the horizon

282

00:10:31,150 --> 00:10:30,420

between whack like that and stopped

283

00:10:34,310 --> 00:10:31,160

there

284

00:10:36,889 --> 00:10:34,320

and then behind this

285

00:10:40,190 --> 00:10:36,899

um big jet I saw a smaller jet with

286

00:10:41,930 --> 00:10:40,200

Vapor Trails following it behind and

287

00:10:44,210 --> 00:10:41,940

from the other side of the Horizon of

288

00:10:46,250 --> 00:10:44,220

these three objects I saw some more

289

00:10:47,870 --> 00:10:46,260

Viper trails with some more Jets coming

290

00:10:50,509 --> 00:10:47,880

towards it

291

00:10:52,790 --> 00:10:50,519

uh I was waiting for the bus but I was

292

00:10:54,230 --> 00:10:52,800

absolutely transfixed but I know at

293

00:10:55,490 --> 00:10:54,240

these things that's in a move and stop

294

00:10:57,590 --> 00:10:55,500

dude

295

00:10:59,690 --> 00:10:57,600

and as I looked up into the sky as the

296

00:11:01,910 --> 00:10:59,700

Jets got clouds out there just took off

297

00:11:03,170 --> 00:11:01,920

and at that point I thought to myself I

298

00:11:04,850 --> 00:11:03,180

thought well

299

00:11:05,930 --> 00:11:04,860

God help this world if we move up

300

00:11:08,389 --> 00:11:05,940

against something like that that's

301
00:11:10,670 --> 00:11:08,399
against us I mean these people they

302
00:11:12,910 --> 00:11:10,680
think they're friendly well I I don't

303
00:11:15,590 --> 00:11:12,920
know that beautiful I would say you know

304
00:11:17,350 --> 00:11:15,600
but they definitely exist and you've got

305
00:11:19,490 --> 00:11:17,360
to sort of

306
00:11:20,990 --> 00:11:19,500
try and get some defense against them

307
00:11:24,350 --> 00:11:21,000
two shots behind gentlemen the gray suit

308
00:11:25,790 --> 00:11:24,360
first I saw what I thought must have

309
00:11:29,990 --> 00:11:25,800
been one of these

310
00:11:31,670 --> 00:11:30,000
I have vehicles and it appeared through

311
00:11:34,670 --> 00:11:31,680
the window it came towards me through

312
00:11:37,069 --> 00:11:34,680
the window yes and it was only about two

313
00:11:38,150 --> 00:11:37,079

feet in diameter and a greenish gray

314

00:11:40,610 --> 00:11:38,160

color

315

00:11:42,590 --> 00:11:40,620

and the shape of it is like a very thick

316

00:11:44,110 --> 00:11:42,600

magnifying glass if you know a double

317

00:11:47,630 --> 00:11:44,120

convex

318

00:11:50,930 --> 00:11:47,640

Arrangement and it came up to me

319

00:11:53,509 --> 00:11:50,940

as and I they didn't speak to me but I

320

00:11:56,030 --> 00:11:53,519

could get the metal transference that

321

00:11:57,350 --> 00:11:56,040

don't be afraid we're friendly this

322

00:12:00,370 --> 00:11:57,360

reminds me of that ad for that washing

323

00:12:05,990 --> 00:12:03,410

whoosh through the window now again not

324

00:12:08,269 --> 00:12:06,000

fast what when it got in the house only

325

00:12:10,730 --> 00:12:08,279

it stayed there for a while

326

00:12:11,810 --> 00:12:10,740

and then disappeared

327

00:12:14,269 --> 00:12:11,820

well then it was there a noise

328

00:12:16,250 --> 00:12:14,279

Associated no noises at all no but I

329

00:12:17,990 --> 00:12:16,260

mean when you come into your kitchen no

330

00:12:19,970 --> 00:12:18,000

it was in the lounge they came into the

331

00:12:21,949 --> 00:12:19,980

lounge and it didn't do it did it circle

332

00:12:24,829 --> 00:12:21,959

around no it just came in slowly through

333

00:12:27,410 --> 00:12:24,839

the window and stopped in front of me

334

00:12:29,090 --> 00:12:27,420

and then I got this impression well you

335

00:12:32,449 --> 00:12:29,100

know a medal

336

00:12:35,030 --> 00:12:32,459

transference that uh It was friendly and
