

1  
00:00:05,990 --> 00:00:03,889  
and I turned around for one last look at

2  
00:00:07,390 --> 00:00:06,000  
the general area where the power lines

3  
00:00:10,850 --> 00:00:07,400  
were running through

4  
00:00:14,030 --> 00:00:10,860  
and they are sitting in the sky was this

5  
00:00:15,189 --> 00:00:14,040  
huge cigar-shaped object perfectly

6  
00:00:18,890 --> 00:00:15,199  
silent

7  
00:00:20,630 --> 00:00:18,900  
almost as if it crept up on me one

8  
00:00:24,170 --> 00:00:20,640  
minute it was not there the next minute

9  
00:00:26,630 --> 00:00:24,180  
it just was this is what Joe farrier saw

10  
00:00:29,029 --> 00:00:26,640  
a huge object that he calls a Mothership

11  
00:00:31,370 --> 00:00:29,039  
carrying smaller softer-shaped crafts

12  
00:00:33,590 --> 00:00:31,380  
like these newspapers carried Joe's

13  
00:00:35,389 --> 00:00:33,600

story and noted UFO expert August

14

00:00:38,350 --> 00:00:35,399

Roberts said the photos depict an

15

00:00:41,750 --> 00:00:38,360

aircraft found nowhere on this Earth

16

00:00:43,549 --> 00:00:41,760

they're real whatever that thing is it's

17

00:00:46,130 --> 00:00:43,559

up there and the photographic experts

18

00:00:48,290 --> 00:00:46,140

agree but what would the experts say

19

00:00:49,790 --> 00:00:48,300

about this an eight millimeter film of

20

00:00:52,069 --> 00:00:49,800

an object similar to the one Joe

21

00:00:53,990 --> 00:00:52,079

photographed was taken by Harold trudell

22

00:00:56,209 --> 00:00:54,000

a former Observer for the Civil Air

23

00:00:57,950 --> 00:00:56,219

Patrol Harold's close encounter took

24

00:01:00,049 --> 00:00:57,960

place in a wooded area of Cumberland

25

00:01:02,389 --> 00:01:00,059

tell me what happened on that day in

26

00:01:04,670 --> 00:01:02,399

September in

27

00:01:07,910 --> 00:01:04,680

this is an area where basically there

28

00:01:10,789 --> 00:01:07,920

were UFO sightings in the area and I was

29

00:01:13,670 --> 00:01:10,799

uh skywalking as usual and this object

30

00:01:15,050 --> 00:01:13,680

appeared from my left from the end from

31

00:01:18,350 --> 00:01:15,060

my left which would have been the East

32

00:01:21,230 --> 00:01:18,360

and heading west I seen a subject and I

33

00:01:23,990 --> 00:01:21,240

immediately picked up my uh camera and

34

00:01:26,990 --> 00:01:24,000

poked Us in on it and it appeared like a

35

00:01:30,170 --> 00:01:27,000

cigar shape and it didn't have it didn't

36

00:01:31,730 --> 00:01:30,180

make any noise of any kind and the

37

00:01:34,550 --> 00:01:31,740

object that I tune on there I feel very

38

00:01:36,410 --> 00:01:34,560

strongly that uh it doesn't come from
