

1
00:00:27,410 --> 00:00:10,110

[Music]

2
00:00:30,970 --> 00:00:27,420
counterclockwise and uh the length is

3
00:00:36,110 --> 00:00:33,709
at thirty thousand if the lanes is

4
00:00:52,069 --> 00:00:36,120
unbelievable and has a strobe on it

5
00:00:56,330 --> 00:00:53,990
it wasn't a weather balloon or anything

6
00:00:58,250 --> 00:00:56,340
it was a long um

7
00:00:59,630 --> 00:00:58,260
white looking thing with a strobe on it

8
00:01:13,130 --> 00:00:59,640
let me know if you see anything out

9
00:01:13,140 --> 00:01:31,070
area

10
00:01:31,080 --> 00:01:35,109
right

11
00:01:40,249 --> 00:01:38,870
I kind of something unusual and I was

12
00:01:42,109 --> 00:01:40,259
wondering if you all happen to know of

13
00:01:43,789 --> 00:01:42,119

anything going on out here I had a

14

00:01:46,490 --> 00:01:43,799

couple of aircraft reported something

15

00:01:49,789 --> 00:01:46,500

300 to 400 foot long slender full and

16

00:01:52,990 --> 00:01:49,799

shaped with a strobe oh at 30 000 feet

17

00:01:55,550 --> 00:01:53,000

we don't have anything going on

18

00:01:56,990 --> 00:01:55,560

this guy definitely saw it run all the

19

00:01:59,990 --> 00:01:57,000

way down the side of the airplane it's

20

00:02:01,789 --> 00:02:00,000

right out of the X-Files I mean it's a

21

00:02:05,870 --> 00:02:01,799

it's a definite UFO or something like

22

00:02:08,749 --> 00:02:05,880

that but I mean oh y'all a series yeah

23

00:02:12,650 --> 00:02:08,759

he's real serious about it too and uh he

24

00:02:14,510 --> 00:02:12,660

looked at it saw it holy

25

00:02:17,390 --> 00:02:14,520

we had someone call me earlier about a

26

00:02:20,990 --> 00:02:17,400

pilot uh spotting an unidentified flying

27

00:02:23,390 --> 00:02:21,000

object yep okay well hey we're tracking

28

00:02:25,610 --> 00:02:23,400

uh a search only track kind of where

29

00:02:26,869 --> 00:02:25,620

that might have happened we we've been

30

00:02:35,770 --> 00:02:26,879

tracking it for about three four minutes

31

00:02:39,710 --> 00:02:38,210

59.59 that's a negative sir I don't have

32

00:02:57,250 --> 00:02:39,720

anything out in front of you can you get

33

00:03:02,390 --> 00:03:00,830

there's shuttle 59 59 is that traffic uh

34

00:03:11,710 --> 00:03:02,400

that you saw earlier did you see him out

35

00:03:17,830 --> 00:03:14,930

that's going around it yeah so it's out

36

00:03:21,710 --> 00:03:17,840

of 31.79 do you see the same thing

37

00:03:23,509 --> 00:03:21,720

coming out of Detroit I wondered uh was

38

00:03:24,530 --> 00:03:23,519

just a couple real bright flashes of

39

00:03:43,070 --> 00:03:24,540

light but it looked like it was
