

1
00:00:07,610 --> 00:00:05,150
in 1971 on vacation on the borders of

2
00:00:10,070 --> 00:00:07,620
Austria and Germany a musician and his

3
00:00:12,490 --> 00:00:10,080
wife were enjoying the landscape when

4
00:00:17,710 --> 00:00:12,500
they witnessed something very unusual

5
00:00:22,370 --> 00:00:20,210
I had a whistling tone that was coming

6
00:00:24,109 --> 00:00:22,380
from somewhere nearby I thought somebody

7
00:00:26,750 --> 00:00:24,119
was playing with the radio in their car

8
00:00:28,910 --> 00:00:26,760
but it wasn't the case then I could hear

9
00:00:31,009 --> 00:00:28,920
that the sound was coming from above I

10
00:00:33,709 --> 00:00:31,019
looked up and in the sky I suddenly saw

11
00:00:36,170 --> 00:00:33,719
a round moving object it certainly

12
00:00:38,569 --> 00:00:36,180
didn't move like an airplane a plane had

13
00:00:41,330 --> 00:00:38,579

two loops but it doesn't suddenly stop

14

00:00:43,190 --> 00:00:41,340
and stand still a helicopter could

15

00:00:45,049 --> 00:00:43,200
suddenly stopped but you would be able

16

00:00:48,229 --> 00:00:45,059
to see the movement of the rotor blades

17

00:00:50,990 --> 00:00:48,239
and there were none it stood still in

18

00:00:53,209 --> 00:00:51,000
the air and made a humming noise it

19

00:00:55,970 --> 00:00:53,219
wasn't in one spot all the time it would

20

00:00:58,729 --> 00:00:55,980
suddenly be behind me so I had to keep

21

00:01:01,970 --> 00:00:58,739
turning around but in the end I managed

22

00:01:04,670 --> 00:01:01,980
to take 12 pictures of course they were

23

00:01:07,010 --> 00:01:04,680
ridiculed a lot and doubted people said

24

00:01:14,870 --> 00:01:07,020
I had seen a hubcap and sat

25

00:01:18,710 --> 00:01:16,730
Rudy nagura's pictures were

26

00:01:20,990 --> 00:01:18,720

independently examined in Germany and
