

1
00:00:07,670 --> 00:00:05,690
perhaps it's very appropriate to have as

2
00:00:09,890 --> 00:00:07,680
a guest speaker another fellow

3
00:00:14,030 --> 00:00:09,900
researcher

4
00:00:16,010 --> 00:00:14,040
a person who did not fly a or I should

5
00:00:19,070 --> 00:00:16,020
say did not board a flying saucer for a

6
00:00:21,830 --> 00:00:19,080
ride not saying that that isn't possible

7
00:00:24,890 --> 00:00:21,840
he didn't meet a long-haired venusian

8
00:00:27,710 --> 00:00:24,900
that may also be possible

9
00:00:30,710 --> 00:00:27,720
but however the man did

10
00:00:34,310 --> 00:00:30,720
serious investigations on the Flying

11
00:00:36,049 --> 00:00:34,320
Saucer subject he did it for three years

12
00:00:38,630 --> 00:00:36,059
he was affiliated with the international

13
00:00:41,270 --> 00:00:38,640

Flying Saucer Bureau of Bridgeport

14

00:00:43,910 --> 00:00:41,280

Connecticut his communication with a

15

00:00:45,830 --> 00:00:43,920

number of groups and individuals all

16

00:00:49,250 --> 00:00:45,840

over the world

17

00:00:50,630 --> 00:00:49,260

he publishes the saucer the saucerian

18

00:00:52,549 --> 00:00:50,640

review

19

00:00:53,510 --> 00:00:52,559

which comes out in an annual I believe

20

00:00:55,729 --> 00:00:53,520

now

21

00:00:57,049 --> 00:00:55,739

these are also available in our in our

22

00:00:59,689 --> 00:00:57,059

lobby

23

00:01:01,189 --> 00:00:59,699

he's a businessman while respecting his

24

00:01:04,549 --> 00:01:01,199

community

25

00:01:07,670 --> 00:01:04,559

he's a school teacher he's a motion

26

00:01:10,250 --> 00:01:07,680

picture booking agent the only one in

27

00:01:13,969 --> 00:01:10,260

West Virginia I understand

28

00:01:16,070 --> 00:01:13,979

Mr Barker came into flying saucers

29

00:01:17,630 --> 00:01:16,080

research more or less as a skeptic he

30

00:01:19,310 --> 00:01:17,640

wanted to be convinced that's why he did

31

00:01:21,770 --> 00:01:19,320

research on it he wanted to be convinced

32

00:01:23,510 --> 00:01:21,780

either one way or another as either real

33

00:01:25,550 --> 00:01:23,520

or they're not I think he had a notion

34

00:01:28,490 --> 00:01:25,560

that perhaps they were Russian or

35

00:01:30,109 --> 00:01:28,500

perhaps owing some origin to some part

36

00:01:31,789 --> 00:01:30,119

of this world that they were not

37

00:01:33,289 --> 00:01:31,799

extraterrestrial

38

00:01:35,090 --> 00:01:33,299

I'm not going to take a stand here to

39

00:01:36,830 --> 00:01:35,100

say what his views are on it now you're

40

00:01:39,710 --> 00:01:36,840

telling himself but I think that's

41

00:01:41,749 --> 00:01:39,720

enough I'd like to introduce to you Mr

42

00:01:44,270 --> 00:01:41,759

grave Barker of Clarksburg West Virginia

43

00:01:45,230 --> 00:01:44,280

author of the new too much about flying

44

00:01:51,430 --> 00:01:45,240

saucers

45

00:01:55,510 --> 00:01:53,090

[Applause]

46

00:01:59,630 --> 00:01:55,520

thank you Don

47

00:02:01,249 --> 00:01:59,640

delegates and members of the Federation

48

00:02:02,990 --> 00:02:01,259

I hope you can hear me all right because

49

00:02:04,969 --> 00:02:03,000

I'm a little taller than the rest of you

50

00:02:07,490 --> 00:02:04,979

and the mic is down there

51
00:02:09,350 --> 00:02:07,500
if you can't someone yell and we'll try

52
00:02:12,530 --> 00:02:09,360
to turn up the volume

53
00:02:16,490 --> 00:02:12,540
I think one thing is very evident in the

54
00:02:19,430 --> 00:02:16,500
beginning that I am not one of the

55
00:02:21,190 --> 00:02:19,440
little men which you may have heard

56
00:02:24,830 --> 00:02:21,200
about

57
00:02:28,430 --> 00:02:24,840
not that they don't exist I think that's

58
00:02:30,589 --> 00:02:28,440
possible in fact uh don tells me that if

59
00:02:33,710 --> 00:02:30,599
any of you are really interested he has

60
00:02:37,130 --> 00:02:33,720
some in the back room which you may see

61
00:02:40,309 --> 00:02:37,140
for 50 cents additional a slight

62
00:02:47,330 --> 00:02:44,390
but um oh oh yes neither am I one of the

63
00:02:49,610 --> 00:02:47,340

men in the black suits I intended to

64

00:02:51,290 --> 00:02:49,620

bring along my Enlightenment which was I

65

00:02:52,910 --> 00:02:51,300

was going to wear but in leaving West

66

00:02:55,130 --> 00:02:52,920

Virginia in such a hurry to get up here

67

00:02:58,729 --> 00:02:55,140

I just plain forgot it

68

00:03:01,369 --> 00:02:58,739

that being about six feet four puts me

69

00:03:04,250 --> 00:03:01,379

into an advantage some of you may not

70

00:03:07,910 --> 00:03:04,260

have because I'm up here a little closer

71

00:03:09,530 --> 00:03:07,920

where all of those things are flying

72

00:03:12,290 --> 00:03:09,540

about

73

00:03:14,869 --> 00:03:12,300

yet it's rather strange that I have

74

00:03:16,790 --> 00:03:14,879

never personally seen one

75

00:03:19,490 --> 00:03:16,800

a fellow called me up

76
00:03:21,910 --> 00:03:19,500
oh two months ago I was doing some uh

77
00:03:24,710 --> 00:03:21,920
some television interviews at the time

78
00:03:27,410 --> 00:03:24,720
and one of the first things he asked me

79
00:03:30,350 --> 00:03:27,420
I suppose he was trying to line up some

80
00:03:33,710 --> 00:03:30,360
sort of interview it was Mr Barker have

81
00:03:35,809 --> 00:03:33,720
you ever seen a flying saucer and uh

82
00:03:39,649 --> 00:03:35,819
wanting to be completely honest about I

83
00:03:42,710 --> 00:03:39,659
said no I have not and I heard a little

84
00:03:47,630 --> 00:03:42,720
gasp at the other end here was a man who

85
00:03:49,430 --> 00:03:47,640
thought perhaps that I having being so

86
00:03:52,390 --> 00:03:49,440
greatly interested in my subject of

87
00:03:57,289 --> 00:03:52,400
flying saucers or why I hadn't seen one

88
00:04:00,770 --> 00:03:57,299

but I had to explain to them that even

89

00:04:04,550 --> 00:04:00,780

though that I haven't seen one as many

90

00:04:08,110 --> 00:04:04,560

of you have done there is no reason why

91

00:04:12,289 --> 00:04:08,120

I should discount the stories of others

92

00:04:14,149 --> 00:04:12,299

especially the many scientific reports

93

00:04:17,449 --> 00:04:14,159

or the what we would consider the most

94

00:04:19,969 --> 00:04:17,459

reliable is by reliable Observers such

95

00:04:23,150 --> 00:04:19,979

as airline pilots who are trained to

96

00:04:25,249 --> 00:04:23,160

know what they're seeing in the sky

97

00:04:28,070 --> 00:04:25,259

I think that the

98

00:04:29,990 --> 00:04:28,080

maybe I haven't seen any but certainly I

99

00:04:32,770 --> 00:04:30,000

should listen to other people

100

00:04:36,050 --> 00:04:32,780

and no matter how fantastic the story

101
00:04:41,990 --> 00:04:36,060
might sound to me at the beginning there

102
00:04:46,490 --> 00:04:42,000
is no reason for me to discount it yet

103
00:04:48,469 --> 00:04:46,500
I would have to say that I think that

104
00:04:51,350 --> 00:04:48,479
some of the Flying Saucer stories are

105
00:04:53,409 --> 00:04:51,360
the bunk now before you start throwing

106
00:04:55,730 --> 00:04:53,419
Martian brick bets or venusian

107
00:04:58,370 --> 00:04:55,740
vegetables or whatever they have up

108
00:05:01,490 --> 00:04:58,380
there at me let me explain myself I said

109
00:05:03,110 --> 00:05:01,500
I think most saucers are the bank and

110
00:05:06,950 --> 00:05:03,120
that certainly leaves me a lot of leeway

111
00:05:09,950 --> 00:05:06,960
I think that we saucer fans are some of

112
00:05:12,530 --> 00:05:09,960
us call ourselves are as greatly as

113
00:05:15,550 --> 00:05:12,540

fault as those who won't even admit to

114

00:05:18,590 --> 00:05:15,560

the possibility of saucerries a lot of us

115

00:05:22,189 --> 00:05:18,600

interpret a lot of things that we see as

116

00:05:25,490 --> 00:05:22,199

flying saucers that perhaps may not be

117

00:05:28,310 --> 00:05:25,500

so I think that perhaps half of the

118

00:05:30,350 --> 00:05:28,320

saucers are now reported are and

119

00:05:33,170 --> 00:05:30,360

although the Air Force quite a large

120

00:05:35,270 --> 00:05:33,180

bone the misinterpretations of natural

121

00:05:37,370 --> 00:05:35,280

objects such as balloons aircraft

122

00:05:41,270 --> 00:05:37,380

celestial bodies and all the other

123

00:05:43,129 --> 00:05:41,280

explanations I think that some of them

124

00:05:47,990 --> 00:05:43,139

could be explained as temperature

125

00:05:49,909 --> 00:05:48,000

inversions uh Dr Menzel Sun dogs and all

126
00:05:52,430 --> 00:05:49,919
those other natural phenomena that we

127
00:05:54,050 --> 00:05:52,440
know a little about and subsequently May

128
00:05:59,749 --> 00:05:54,060
misinterpret

129
00:06:02,510 --> 00:05:59,759
but I certainly do not discount all of

130
00:06:04,610 --> 00:06:02,520
the sightings and I think that out of

131
00:06:07,550 --> 00:06:04,620
those remaining reports we have

132
00:06:11,629 --> 00:06:07,560
something very real to go on and that's

133
00:06:13,550 --> 00:06:11,639
uh on what I have tried to base what I

134
00:06:16,730 --> 00:06:13,560
have done

135
00:06:19,070 --> 00:06:16,740
now let me reiterate that I am not here

136
00:06:21,469 --> 00:06:19,080
trying to attempt to minimize the case

137
00:06:24,350 --> 00:06:21,479
for flying saucers or to attempt to

138
00:06:27,170 --> 00:06:24,360

explain them away if I were I certainly

139

00:06:29,090 --> 00:06:27,180

wouldn't have taken a trouble to write a

140

00:06:31,070 --> 00:06:29,100

book about the subject or taking time

141

00:06:32,950 --> 00:06:31,080

off to come up here from Clarksburg West

142

00:06:36,529 --> 00:06:32,960

Virginia where I live it's quite a drive

143

00:06:38,809 --> 00:06:36,539

and I'm sure that a few people did not

144

00:06:41,210 --> 00:06:38,819

believe that there are such things as

145

00:06:43,550 --> 00:06:41,220

flying saucers you wouldn't have taken

146

00:06:47,870 --> 00:06:43,560

any trouble and you're a good time to

147

00:06:51,490 --> 00:06:47,880

come out here and listen to me tonight

148

00:06:55,129 --> 00:06:51,500

I think that at one time perhaps in 1952

149

00:06:57,469 --> 00:06:55,139

I was a great deal more skeptical as uh

150

00:07:00,950 --> 00:06:57,479

don I believe pointed out than I am

151
00:07:03,529 --> 00:07:00,960
today I find it rather hard remembering

152
00:07:06,950 --> 00:07:03,539
just what my attitude is because uh

153
00:07:11,809 --> 00:07:06,960
things change I think I was like the

154
00:07:14,870 --> 00:07:11,819
average person on the street who maybe

155
00:07:18,110 --> 00:07:14,880
just doesn't want to think about flying

156
00:07:21,050 --> 00:07:18,120
saucers or something so strange so

157
00:07:22,730 --> 00:07:21,060
unreal it upsets his everyday scheme of

158
00:07:25,249 --> 00:07:22,740
thing that he doesn't want to think

159
00:07:28,270 --> 00:07:25,259
about it after all it is a pretty hard

160
00:07:33,730 --> 00:07:28,280
job to think for some people

161
00:07:36,010 --> 00:07:33,740
well in 1952 I suppose I was like that

162
00:07:38,809 --> 00:07:36,020
I wasn't uh

163
00:07:42,969 --> 00:07:38,819

at least actively interested in flying

164

00:07:46,309 --> 00:07:42,979

saucers if I saw the reports I saw her

165

00:07:49,730 --> 00:07:46,319

this Captain metal was shot down by

166

00:07:52,430 --> 00:07:49,740

temperature inversion I read about that

167

00:07:57,010 --> 00:07:52,440

but I don't suppose I thought too much

168

00:07:59,749 --> 00:07:57,020

about it and I read for the temperature

169

00:08:03,529 --> 00:07:59,759

inversions took off from the ground

170

00:08:07,010 --> 00:08:03,539

leaving large burn places on the ground

171

00:08:11,029 --> 00:08:07,020

but anyway my skepticism was uh somewhat

172

00:08:13,070 --> 00:08:11,039

changed in September of 1952 and I want

173

00:08:16,129 --> 00:08:13,080

to go into that a little before I get

174

00:08:18,710 --> 00:08:16,139

into the main part of the book they knew

175

00:08:22,369 --> 00:08:18,720

too much about flying saucers

176

00:08:25,010 --> 00:08:22,379

uh now this was a very usual day when a

177

00:08:28,790 --> 00:08:25,020

very unusual thing happened that was in

178

00:08:32,510 --> 00:08:28,800

early September 1952 in a very unusual

179

00:08:35,089 --> 00:08:32,520

year 1952 as you remember a lot of

180

00:08:39,290 --> 00:08:35,099

strange things were happening that's

181

00:08:41,449 --> 00:08:39,300

when uh we had so many reports from all

182

00:08:44,810 --> 00:08:41,459

over the country and there were a number

183

00:08:47,530 --> 00:08:44,820

of a very strange sightings reported

184

00:08:51,650 --> 00:08:47,540

involving

185

00:08:54,170 --> 00:08:51,660

things which were seen inside what

186

00:08:57,769 --> 00:08:54,180

people termed spaceships

187

00:08:59,870 --> 00:08:57,779

but anyway let's picture yourself the

188

00:09:04,130 --> 00:08:59,880

living at that time maybe it's a

189

00:09:06,050 --> 00:09:04,140

housewife if possible as a a young boy

190

00:09:09,829 --> 00:09:06,060

or a girl anywhere from nine years old

191

00:09:12,769 --> 00:09:09,839

to 17 because this is in the p is the

192

00:09:15,530 --> 00:09:12,779

people which is involves and let's

193

00:09:17,750 --> 00:09:15,540

imagine that your your kids and you're

194

00:09:20,449 --> 00:09:17,760

playing baseball at a playground about

195

00:09:23,030 --> 00:09:20,459

desk the deficit Shadows are beginning

196

00:09:25,190 --> 00:09:23,040

to creep over everything and it's

197

00:09:27,769 --> 00:09:25,200

that's at that spooky time of evening

198

00:09:30,410 --> 00:09:27,779

when you're about ready to quit playing

199

00:09:32,810 --> 00:09:30,420

but you would like to play a while

200

00:09:36,009 --> 00:09:32,820

longer but suddenly you see something

201

00:09:39,410 --> 00:09:36,019

shoot over across the sky

202

00:09:41,810 --> 00:09:39,420

it probably is a shooting star because

203

00:09:44,389 --> 00:09:41,820

that's what it looked like to you but

204

00:09:47,150 --> 00:09:44,399

the peculiar thing about this and of

205

00:09:50,389 --> 00:09:47,160

course this actually happened was that

206

00:09:53,509 --> 00:09:50,399

it seems to land on a nearby Hilltop

207

00:09:57,230 --> 00:09:53,519

well a lot of shooting stars seem to

208

00:10:00,650 --> 00:09:57,240

come down really meteorites go on over

209

00:10:02,329 --> 00:10:00,660

but sometimes they seem to come down on

210

00:10:05,090 --> 00:10:02,339

the hill but really they're going over

211

00:10:07,730 --> 00:10:05,100

and you think perhaps this is what has

212

00:10:10,610 --> 00:10:07,740

happened however you look up on the hill

213

00:10:14,269 --> 00:10:10,620

and you see a kind of light there

214

00:10:16,910 --> 00:10:14,279

whatever it has been is there it didn't

215

00:10:19,250 --> 00:10:16,920

land or come to the earth and the

216

00:10:22,370 --> 00:10:19,260

strange thing about this light is that

217

00:10:24,590 --> 00:10:22,380

it's strangely pulsing getting dim to

218

00:10:27,110 --> 00:10:24,600

bride dim to Bright

219

00:10:29,150 --> 00:10:27,120

I don't know if the these people were

220

00:10:32,810 --> 00:10:29,160

greatly frightened or not I think that

221

00:10:35,269 --> 00:10:32,820

it was just a normal uh curiosity now

222

00:10:38,530 --> 00:10:35,279

these people in Flatwoods West Virginia

223

00:10:41,810 --> 00:10:38,540

in 1952 that's what I'm talking about

224

00:10:44,949 --> 00:10:41,820

there were people who hadn't heard about

225

00:10:46,910 --> 00:10:44,959

flying saucers they were country people

226

00:10:50,269 --> 00:10:46,920

will the

227

00:10:52,970 --> 00:10:50,279

fewer advantages and than most of us

228

00:10:55,790 --> 00:10:52,980

have who live in the city their outlooks

229

00:10:57,829 --> 00:10:55,800

are are not as broad they haven't heard

230

00:11:00,530 --> 00:10:57,839

been seen as many things that they

231

00:11:02,269 --> 00:11:00,540

hadn't had television yet to educate

232

00:11:06,009 --> 00:11:02,279

them on a lot of things they certainly

233

00:11:09,110 --> 00:11:06,019

hadn't read sounds so maybe that is why

234

00:11:13,190 --> 00:11:09,120

they weren't greatly frightened

235

00:11:14,690 --> 00:11:13,200

so they went up on top of the hill to

236

00:11:19,009 --> 00:11:14,700

look at this thing

237

00:11:21,290 --> 00:11:19,019

and uh as soon as they got there they

238

00:11:23,810 --> 00:11:21,300

were so frightened almost out of their

239

00:11:26,509 --> 00:11:23,820

wits that they immediately got out of

240

00:11:29,750 --> 00:11:26,519

there as fast as they could and I think

241

00:11:33,170 --> 00:11:29,760

the best way to report something about

242

00:11:37,610 --> 00:11:33,180

this is to read you the United press

243

00:11:39,829 --> 00:11:37,620

story on the thing which I have here put

244

00:11:42,290 --> 00:11:39,839

it in my book

245

00:11:43,009 --> 00:11:42,300

I remember reading this at breakfast one

246

00:11:46,250 --> 00:11:43,019

morning

247

00:11:49,190 --> 00:11:46,260

I live in Clarksburg which is about 75

248

00:11:52,250 --> 00:11:49,200

miles from this town of Flatwoods where

249

00:11:54,829 --> 00:11:52,260

the famous Flatwoods Monster landed and

250

00:11:59,410 --> 00:11:54,839

I was reading this story police say

251
00:12:03,170 --> 00:11:59,420
Braxton monster product of mass Hysteria

252
00:12:06,110 --> 00:12:03,180
Sutton September 14th seven Braxton

253
00:12:09,949 --> 00:12:06,120
County residents vowed today that a

254
00:12:11,870 --> 00:12:09,959
Frankenstein monster with Bo drove them

255
00:12:14,930 --> 00:12:11,880
from a Hilltop near here

256
00:12:17,750 --> 00:12:14,940
but police figured the smelly boogie man

257
00:12:19,790 --> 00:12:17,760
was a product in Mass hysteria that

258
00:12:22,250 --> 00:12:19,800
sounds like a typical newspaper story

259
00:12:25,130 --> 00:12:22,260
doesn't it the thing described as

260
00:12:26,870 --> 00:12:25,140
witnesses as half man half dragon had

261
00:12:29,750 --> 00:12:26,880
not been reportedly seen since Friday

262
00:12:32,030 --> 00:12:29,760
night but residents of the area said a

263
00:12:33,889 --> 00:12:32,040

foul odor still clung to the hilltop

264

00:12:36,050 --> 00:12:33,899

yesterday

265

00:12:38,870 --> 00:12:36,060

all of this started when Mrs Kathleen

266

00:12:41,210 --> 00:12:38,880

May of Flatwood said she and six boys

267

00:12:44,569 --> 00:12:41,220

won a 17 year old national Guardsman

268

00:12:47,030 --> 00:12:44,579

climbed the hill to investigate her two

269

00:12:49,129 --> 00:12:47,040

small Sons report to their Flying Saucer

270

00:12:50,690 --> 00:12:49,139

landed there now that's incorrect

271

00:12:52,250 --> 00:12:50,700

there's a lot of newspaper stories is

272

00:12:55,069 --> 00:12:52,260

because they hadn't heard of flying

273

00:12:57,769 --> 00:12:55,079

sausage beforehand but she said that

274

00:13:00,530 --> 00:12:57,779

they found a fire-breathing monster 10

275

00:13:01,970 --> 00:13:00,540

feet tall with a bright green body and a

276

00:13:05,150 --> 00:13:01,980

blood-red face

277

00:13:08,509 --> 00:13:05,160

that waddled toward them quote with a

278

00:13:11,090 --> 00:13:08,519

bouncing floating motion and sent them

279

00:13:13,069 --> 00:13:11,100

scurrying down the hillside

280

00:13:15,829 --> 00:13:13,079

she said the monster exuded an

281

00:13:18,590 --> 00:13:15,839

overpowering odor like metal she called

282

00:13:20,030 --> 00:13:18,600

it but so sickened them they vomited for

283

00:13:22,670 --> 00:13:20,040

hours afterward

284

00:13:26,470 --> 00:13:22,680

they looked worse than Frankenstein said

285

00:13:28,850 --> 00:13:26,480

Mrs Mac it couldn't have been human

286

00:13:30,769 --> 00:13:28,860

well naturally I was pretty skeptical

287

00:13:33,470 --> 00:13:30,779

after I read this story but here was

288

00:13:36,290 --> 00:13:33,480

something that happened near where I had

289

00:13:39,250 --> 00:13:36,300

grown up in the country on a farm and it

290

00:13:42,050 --> 00:13:39,260

was quite convenient to go and see about

291

00:13:45,410 --> 00:13:42,060

so I decided to go there and find out

292

00:13:48,290 --> 00:13:45,420

just what gave her this here was a story

293

00:13:51,769 --> 00:13:48,300

that was obviously made up it couldn't

294

00:13:56,210 --> 00:13:51,779

have happened I thought and perhaps such

295

00:13:58,009 --> 00:13:56,220

a thing should be exposed and and made

296

00:14:01,129 --> 00:13:58,019

known for what it was

297

00:14:02,990 --> 00:14:01,139

so I departed for Flatwoods as soon as I

298

00:14:06,050 --> 00:14:03,000

could get away from the office which was

299

00:14:08,810 --> 00:14:06,060

a couple of days and uh arrived in

300

00:14:11,810 --> 00:14:08,820

Flatwoods rather late at night where I

301
00:14:14,690 --> 00:14:11,820
stopped at a friend's house who knew the

302
00:14:16,670 --> 00:14:14,700
people and uh this friend of mine was

303
00:14:19,550 --> 00:14:16,680
very skeptical he said that he didn't

304
00:14:23,150 --> 00:14:19,560
believe a word of it

305
00:14:26,389 --> 00:14:23,160
this morning I went to the local one of

306
00:14:29,269 --> 00:14:26,399
the local newspapers the Braxton Central

307
00:14:32,030 --> 00:14:29,279
and talked to Mr Holt Byrne who was also

308
00:14:34,190 --> 00:14:32,040
the mayor of the Town earlier he had

309
00:14:36,889 --> 00:14:34,200
released a news story that this thing

310
00:14:40,189 --> 00:14:36,899
had been a meteor which had crashed and

311
00:14:42,829 --> 00:14:40,199
the gases from it was uh what the people

312
00:14:45,650 --> 00:14:42,839
had seen and thought was a monster but

313
00:14:47,810 --> 00:14:45,660

when I arrived he wasn't so sure about

314

00:14:50,150 --> 00:14:47,820

it he had been talking to Ivan Sanderson

315

00:14:53,090 --> 00:14:50,160

whom some of you may know who had come

316

00:14:55,370 --> 00:14:53,100

there also to investigate the story and

317

00:14:58,790 --> 00:14:55,380

the mayor suggested seriously that I

318

00:15:01,610 --> 00:14:58,800

dried up to Flatwoods and talked to a

319

00:15:03,949 --> 00:15:01,620

Nunley boy the fort one of the boys who

320

00:15:06,470 --> 00:15:03,959

was 14 years old who had gone to the

321

00:15:10,310 --> 00:15:06,480

hilltop to see the thing he said that

322

00:15:12,290 --> 00:15:10,320

Mrs May the only adult who was along had

323

00:15:14,030 --> 00:15:12,300

gone to New York as soon as this had

324

00:15:16,030 --> 00:15:14,040

happened they had got her and some of

325

00:15:18,410 --> 00:15:16,040

the other Witnesses on the We the People

326

00:15:19,970 --> 00:15:18,420

television broadcast so I couldn't see

327

00:15:22,490 --> 00:15:19,980

them that day

328

00:15:25,310 --> 00:15:22,500

so I went out to Flatwoods which is a

329

00:15:27,829 --> 00:15:25,320

very short drive and located the Natalie

330

00:15:31,430 --> 00:15:27,839

boy whose father incidentally had seen a

331

00:15:33,769 --> 00:15:31,440

thing go over and I was very much

332

00:15:36,590 --> 00:15:33,779

surprised when this kid sat down and

333

00:15:38,930 --> 00:15:36,600

started telling me the story because uh

334

00:15:40,129 --> 00:15:38,940

he sounded as if he were telling the

335

00:15:43,550 --> 00:15:40,139

truth

336

00:15:46,129 --> 00:15:43,560

he said that as soon as they saw the

337

00:15:48,050 --> 00:15:46,139

object go overhead he and the other

338

00:15:50,329 --> 00:15:48,060

children in the playground decided to go

339

00:15:52,250 --> 00:15:50,339

up and see what it was and they ran up

340

00:15:54,889 --> 00:15:52,260

to a railroad which would take them to

341

00:15:58,210 --> 00:15:54,899

the location and stopped at Mrs May's

342

00:16:01,009 --> 00:15:58,220

house she was a housewife who was alone

343

00:16:03,650 --> 00:16:01,019

at first she didn't want to go with him

344

00:16:05,329 --> 00:16:03,660

she said that's just a story you're

345

00:16:08,569 --> 00:16:05,339

telling me that couldn't be but she

346

00:16:10,250 --> 00:16:08,579

looked out the door and and there she

347

00:16:13,490 --> 00:16:10,260

could see on top of the hill this

348

00:16:17,389 --> 00:16:13,500

strange light uh passing getting dim and

349

00:16:19,610 --> 00:16:17,399

bright as the others described it so she

350

00:16:21,230 --> 00:16:19,620

went along with them now there were

351

00:16:25,129 --> 00:16:21,240

seven people in the party and I'll read

352

00:16:29,150 --> 00:16:25,139

you the names Mrs May the only uh adult

353

00:16:31,310 --> 00:16:29,160

Gene lemon 17 Neil Nunley 14 Tommy hire

354

00:16:34,009 --> 00:16:31,320

10 Ronnie shaver 10

355

00:16:37,370 --> 00:16:34,019

and Mrs May's two children Eddie 13

356

00:16:40,069 --> 00:16:37,380

years old and and Fred 12 years old

357

00:16:43,730 --> 00:16:40,079

well they started up the hill it science

358

00:16:46,430 --> 00:16:43,740

quite a walk up there as uh some of you

359

00:16:49,009 --> 00:16:46,440

who have been there uh and investigated

360

00:16:51,889 --> 00:16:49,019

I'm sure some of you have I know my two

361

00:16:54,050 --> 00:16:51,899

friends here from Ohio have when they

362

00:16:56,449 --> 00:16:54,060

arrived near the top of the hill they

363

00:16:59,329 --> 00:16:56,459

said they could first smell a a funny

364

00:17:02,449 --> 00:16:59,339

odor however that didn't discourage him

365

00:17:05,150 --> 00:17:02,459

from going on personally I think I would

366

00:17:07,490 --> 00:17:05,160

have been getting out of there because I

367

00:17:10,370 --> 00:17:07,500

would much rather be a live coward and

368

00:17:12,350 --> 00:17:10,380

dead hero but anyway these people it

369

00:17:15,470 --> 00:17:12,360

just went on and

370

00:17:18,230 --> 00:17:15,480

at the very top of the hill as they came

371

00:17:22,610 --> 00:17:18,240

over They Came Upon everything at the

372

00:17:24,890 --> 00:17:22,620

same time and this is what I got out of

373

00:17:26,689 --> 00:17:24,900

them that they saw I'm not reporting

374

00:17:29,750 --> 00:17:26,699

everything I heard I remember putting

375

00:17:32,690 --> 00:17:29,760

only uh those things that they all saw

376
00:17:35,029 --> 00:17:32,700
and were sure of down over the side of

377
00:17:38,810 --> 00:17:35,039
the Hill they said they saw a huge

378
00:17:41,210 --> 00:17:38,820
glowing object which was according to

379
00:17:43,310 --> 00:17:41,220
some other message of a house others

380
00:17:45,529 --> 00:17:43,320
weren't able to estimate the size others

381
00:17:48,370 --> 00:17:45,539
hadn't got a very good look but it was

382
00:17:51,529 --> 00:17:48,380
established it was a glowing

383
00:17:53,270 --> 00:17:51,539
globe-like thing and evidently they were

384
00:17:55,190 --> 00:17:53,280
looking at that and all of this happened

385
00:17:57,890 --> 00:17:55,200
in a very few seconds I don't know how

386
00:17:59,770 --> 00:17:57,900
many but I'm sure very few and while

387
00:18:03,110 --> 00:17:59,780
they were looking at the globe

388
00:18:05,270 --> 00:18:03,120

I understand the lemon boy I thought he

389

00:18:08,090 --> 00:18:05,280

saw some eyes in the tree he thought it

390

00:18:11,150 --> 00:18:08,100

was a animal size of some kind and he

391

00:18:13,190 --> 00:18:11,160

showed his flight a flashlight on it and

392

00:18:16,150 --> 00:18:13,200

all of a sudden it seemed to light up

393

00:18:20,630 --> 00:18:16,160

and there was a huge creature they said

394

00:18:25,789 --> 00:18:20,640

about 10 defeat to 15 feet tall

395

00:18:28,370 --> 00:18:25,799

and a very strange looking object indeed

396

00:18:32,450 --> 00:18:28,380

as well as I could establish they didn't

397

00:18:34,430 --> 00:18:32,460

get a good look at its uh at its feet if

398

00:18:37,070 --> 00:18:34,440

it had feet or the lower part of his

399

00:18:40,070 --> 00:18:37,080

body they only saw and were

400

00:18:42,710 --> 00:18:40,080

concentrating upon the head but perhaps

401
00:18:46,430 --> 00:18:42,720
that was what was illuminated but they

402
00:18:49,310 --> 00:18:46,440
said that it had a round face which was

403
00:18:52,010 --> 00:18:49,320
blood red and they said that out of its

404
00:18:55,850 --> 00:18:52,020
eyes were coming beams of light

405
00:18:57,950 --> 00:18:55,860
now Mrs May who uh perhaps was the most

406
00:19:00,049 --> 00:18:57,960
excitable of them was sure that these

407
00:19:03,110 --> 00:19:00,059
themes of light was coming right at her

408
00:19:07,130 --> 00:19:03,120
and they were shining on her but the the

409
00:19:08,930 --> 00:19:07,140
children who seemed to be more objective

410
00:19:11,090 --> 00:19:08,940
about it said that they were coming out

411
00:19:13,909 --> 00:19:11,100
over their heads that they were parallel

412
00:19:16,490 --> 00:19:13,919
to the base of whatever this thing was

413
00:19:20,390 --> 00:19:16,500

these were greenish orange rays of light

414

00:19:24,950 --> 00:19:20,400

at the Apex of its head was a kind of

415

00:19:27,650 --> 00:19:24,960

hood like Affair which was black one boy

416

00:19:30,470 --> 00:19:27,660

told me that it looked like a dust cap

417

00:19:33,490 --> 00:19:30,480

as we would imagine a child sitting in

418

00:19:35,890 --> 00:19:33,500

school and olden times with this conical

419

00:19:37,850 --> 00:19:35,900

hat on his head

420

00:19:40,070 --> 00:19:37,860

but anyway

421

00:19:43,070 --> 00:19:40,080

they didn't stay around long enough to

422

00:19:45,529 --> 00:19:43,080

investigate which I don't blame them for

423

00:19:48,230 --> 00:19:45,539

doing and incidentally all the time they

424

00:19:51,590 --> 00:19:48,240

were smelling is a very peculiar odor

425

00:19:53,810 --> 00:19:51,600

which uh they couldn't describe some

426
00:19:55,370 --> 00:19:53,820
said well it smelled like rotten eggs at

427
00:19:57,770 --> 00:19:55,380
first then you would question and they

428
00:20:00,409 --> 00:19:57,780
said smelled like burning metal but it

429
00:20:03,169 --> 00:20:00,419
ended up that uh another none of them

430
00:20:04,430 --> 00:20:03,179
knew exactly what this odor was like it

431
00:20:06,470 --> 00:20:04,440
was something that they hadn't

432
00:20:10,490 --> 00:20:06,480
encountered before

433
00:20:13,430 --> 00:20:10,500
so uh immediately they ran off the hill

434
00:20:16,490 --> 00:20:13,440
as fast as they could and I understand

435
00:20:19,370 --> 00:20:16,500
that several of them were ill they were

436
00:20:20,810 --> 00:20:19,380
vomiting and it so happened that a

437
00:20:22,669 --> 00:20:20,820
funeral director came by with his

438
00:20:24,890 --> 00:20:22,679

ambulance about that time and he gave

439

00:20:26,810 --> 00:20:24,900

some of them uh first aid whatever that

440

00:20:28,730 --> 00:20:26,820

would involve maybe smelling salts or

441

00:20:32,390 --> 00:20:28,740

something I don't know he never would

442

00:20:34,549 --> 00:20:32,400

talk about it but anyway they were in a

443

00:20:37,130 --> 00:20:34,559

bunch of pretty scared people

444

00:20:39,710 --> 00:20:37,140

after saying all this they called the

445

00:20:42,650 --> 00:20:39,720

sheriff of the county whom I've also

446

00:20:44,029 --> 00:20:42,660

interviewed about but he at the time was

447

00:20:46,669 --> 00:20:44,039

in another part of the county

448

00:20:48,909 --> 00:20:46,679

investigating another similar report of

449

00:20:51,710 --> 00:20:48,919

a an object crashing on a hillside

450

00:20:55,010 --> 00:20:51,720

however nothing was ever found out about

451

00:20:56,470 --> 00:20:55,020

that uh it seemed as if on this

452

00:20:59,330 --> 00:20:56,480

particular evening

453

00:21:02,090 --> 00:20:59,340

objects were seen going over in the

454

00:21:04,250 --> 00:21:02,100

Skies over several States I haven't

455

00:21:07,370 --> 00:21:04,260

Sanderson said he thought he could trace

456

00:21:10,130 --> 00:21:07,380

a one object over Huntington Charleston

457

00:21:12,950 --> 00:21:10,140

some of the other cities into Flatwoods

458

00:21:15,710 --> 00:21:12,960

but at any rate whatever this was was

459

00:21:18,830 --> 00:21:15,720

connect connected with the aerial

460

00:21:22,310 --> 00:21:18,840

phenomena which was rather widespread at

461

00:21:24,950 --> 00:21:22,320

that time the first Witnesses on the

462

00:21:27,169 --> 00:21:24,960

scene and this is where this story does

463

00:21:30,470 --> 00:21:27,179

get stranger where a couple of boys

464

00:21:33,110 --> 00:21:30,480

about 18 or 20 who went up on the hill I

465

00:21:35,330 --> 00:21:33,120

think about an half hour after that and

466

00:21:36,830 --> 00:21:35,340

they found nothing at all there of

467

00:21:38,330 --> 00:21:36,840

course it was dark they couldn't sit

468

00:21:40,850 --> 00:21:38,340

anything but certainly there wasn't any

469

00:21:42,950 --> 00:21:40,860

monster about a half there or an hour

470

00:21:44,870 --> 00:21:42,960

later the sheriff arrived after coming

471

00:21:47,770 --> 00:21:44,880

from Frametown investigating the other

472

00:21:50,870 --> 00:21:47,780

report he didn't find anything either

473

00:21:54,110 --> 00:21:50,880

and no odor either immediately after

474

00:21:56,510 --> 00:21:54,120

this occurrence so whatever it was if it

475

00:21:59,029 --> 00:21:56,520

were real and was there it must have

476

00:22:02,510 --> 00:21:59,039

gone away very very quickly

477

00:22:04,549 --> 00:22:02,520

the next morning a newspaper editor who

478

00:22:06,649 --> 00:22:04,559

edited the Braxton Democrat the other

479

00:22:08,750 --> 00:22:06,659

little weekly newspapers he's come out

480

00:22:11,630 --> 00:22:08,760

every week and not the dailies as we're

481

00:22:14,169 --> 00:22:11,640

accustomed to went up on me you know

482

00:22:17,810 --> 00:22:14,179

very early in the morning to investigate

483

00:22:19,610 --> 00:22:17,820

he could see nothing either but but

484

00:22:23,630 --> 00:22:19,620

something did strike him after looking

485

00:22:27,230 --> 00:22:23,640

around in the grass where the monster is

486

00:22:30,230 --> 00:22:27,240

reported to have been he saw what he

487

00:22:34,789 --> 00:22:30,240

thought were skid marks in the grass as

488

00:22:36,710 --> 00:22:34,799

if someone had been on skis and had slid

489

00:22:38,510 --> 00:22:36,720

down the hill on them whatever it was

490

00:22:40,789 --> 00:22:38,520

and didn't light and wait because it

491

00:22:43,310 --> 00:22:40,799

hadn't hadn't indented itself into the

492

00:22:47,270 --> 00:22:43,320

soil but it seemed to be going down

493

00:22:49,549 --> 00:22:47,280

toward the area where the globular shape

494

00:22:53,149 --> 00:22:49,559

was seen and where it was seen there was

495

00:22:56,450 --> 00:22:53,159

a large area of grass smashed down

496

00:22:58,750 --> 00:22:56,460

so it was established that whatever had

497

00:23:01,190 --> 00:22:58,760

been there had left some trace of itself

498

00:23:03,230 --> 00:23:01,200

he couldn't smell anything and was

499

00:23:05,930 --> 00:23:03,240

puzzled over the account of the odor he

500

00:23:08,570 --> 00:23:05,940

thought it still should be around but he

501
00:23:12,970 --> 00:23:08,580
uh bent to the ground and snuffed there

502
00:23:15,230 --> 00:23:12,980
he said that um that he knew that gas uh

503
00:23:16,610 --> 00:23:15,240
well when it went away it sort of

504
00:23:18,830 --> 00:23:16,620
settled to the ground and you could

505
00:23:21,289 --> 00:23:18,840
detect it there long after it had gone

506
00:23:25,130 --> 00:23:21,299
and he said it's sure enough he could

507
00:23:28,730 --> 00:23:25,140
detect this rather nauseous and uh and

508
00:23:32,930 --> 00:23:28,740
almost suffocating odor near the ground

509
00:23:37,870 --> 00:23:32,940
so that um about the leaves the thing

510
00:23:42,110 --> 00:23:37,880
where it was a very uh puzzling account

511
00:23:45,350 --> 00:23:42,120
but one which I came away from uh very

512
00:23:49,190 --> 00:23:45,360
much convinced had happened I wasn't

513
00:23:52,250 --> 00:23:49,200

sure it had been exactly as the kids had

514

00:23:56,029 --> 00:23:52,260

reported it after all they probably were

515

00:23:58,190 --> 00:23:56,039

and very surely were scared but

516

00:23:59,870 --> 00:23:58,200

something had been there I was convinced

517

00:24:02,630 --> 00:23:59,880

that these people were telling the truth

518

00:24:04,549 --> 00:24:02,640

I think that after you had talked to a

519

00:24:08,390 --> 00:24:04,559

number of people and and try to catch

520

00:24:12,710 --> 00:24:08,400

them up as as I surely was doing and be

521

00:24:17,210 --> 00:24:12,720

unable to tear down new stories that you

522

00:24:20,210 --> 00:24:17,220

also would know if someone was handing

523

00:24:23,810 --> 00:24:20,220

you a line or or telling you some truth

524

00:24:25,669 --> 00:24:23,820

anyway that was a story that blackwood's

525

00:24:29,029 --> 00:24:25,679

monster so I drove drove back to

526

00:24:31,970 --> 00:24:29,039

Clarksburg uh pondering this well I said

527

00:24:34,909 --> 00:24:31,980

if I can admit that that was real

528

00:24:39,169 --> 00:24:34,919

and that it did happen some of these

529

00:24:42,049 --> 00:24:39,179

other stories uh uh may be true also and

530

00:24:44,630 --> 00:24:42,059

may bear looking into I suppose I had

531

00:24:47,270 --> 00:24:44,640

caught the bug as it's been called and

532

00:24:49,070 --> 00:24:47,280

and right there I became intensely

533

00:24:51,710 --> 00:24:49,080

interested in finding out what the

534

00:24:54,289 --> 00:24:51,720

saucers were I thought that if I gave

535

00:24:56,930 --> 00:24:54,299

four or five weeks to it I could solve

536

00:24:59,270 --> 00:24:56,940

the complete mystery and uh and get rid

537

00:25:01,430 --> 00:24:59,280

of it as some people do when they get

538

00:25:04,310 --> 00:25:01,440

into this thing but of course I'm still

539

00:25:07,070 --> 00:25:04,320

at it and perhaps maybe farther from the

540

00:25:08,750 --> 00:25:07,080

truth than I was when I started but

541

00:25:11,510 --> 00:25:08,760

anyway I was thinking at that time

542

00:25:16,610 --> 00:25:11,520

having heard so many other reports that

543

00:25:19,610 --> 00:25:16,620

if someone could form a club or

544

00:25:22,610 --> 00:25:19,620

organization to gather all of this

545

00:25:25,130 --> 00:25:22,620

information together and analyze it that

546

00:25:26,330 --> 00:25:25,140

some definite conclusions might be

547

00:25:28,909 --> 00:25:26,340

reached

548

00:25:32,029 --> 00:25:28,919

well just after that I heard about it

549

00:25:35,510 --> 00:25:32,039

just such a man who had done that one of

550

00:25:38,450 --> 00:25:35,520

the very first who organized a flying

551
00:25:42,529 --> 00:25:38,460
saucer organization and that man was

552
00:25:44,630 --> 00:25:42,539
Albert K Bender the the fella over whom

553
00:25:47,810 --> 00:25:44,640
there has been so much controversy of

554
00:25:51,049 --> 00:25:47,820
light he had a club which he called the

555
00:25:53,210 --> 00:25:51,059
international Flying Saucer Bureau well

556
00:25:56,510 --> 00:25:53,220
I thought that surely was just a high

557
00:25:58,730 --> 00:25:56,520
sounding name but when I found out about

558
00:26:01,669 --> 00:25:58,740
it I found surely enough the fella had a

559
00:26:04,310 --> 00:26:01,679
chapter in England and members in

560
00:26:05,990 --> 00:26:04,320
Australia and even South Africa I

561
00:26:08,750 --> 00:26:06,000
believe in fact the fellow was all over

562
00:26:11,330 --> 00:26:08,760
the world so here was something I wanted

563
00:26:13,090 --> 00:26:11,340

to find out about so I got in touch with

564

00:26:16,070 --> 00:26:13,100

bender and he was immediately

565

00:26:18,890 --> 00:26:16,080

enthusiastic about my joining the

566

00:26:21,529 --> 00:26:18,900

organization I was appointed the state

567

00:26:24,529 --> 00:26:21,539

representative for West Virginia my job

568

00:26:27,830 --> 00:26:24,539

was to collect money from memberships

569

00:26:31,549 --> 00:26:27,840

and send in all the a accounts from my

570

00:26:34,610 --> 00:26:31,559

state which I had begun began by sending

571

00:26:36,289 --> 00:26:34,620

in the report on the Flatwoods Monster

572

00:26:38,750 --> 00:26:36,299

eventually

573

00:26:42,549 --> 00:26:38,760

we got into the thing a little further

574

00:26:47,029 --> 00:26:42,559

and we decided that if we had a special

575

00:26:49,690 --> 00:26:47,039

Bureau within the larger one or a

576
00:26:52,490 --> 00:26:49,700
department which could very carefully

577
00:26:56,750 --> 00:26:52,500
investigate certain selected reports

578
00:26:59,690 --> 00:26:56,760
that we might decide whether some of

579
00:27:02,690 --> 00:26:59,700
these better reports were the truth or

580
00:27:06,409 --> 00:27:02,700
whatever they might be so a Department

581
00:27:09,049 --> 00:27:06,419
of investigation was set up I was given

582
00:27:12,590 --> 00:27:09,059
the rather High sounding uh title of

583
00:27:14,510 --> 00:27:12,600
Chief investigator and of course I was

584
00:27:17,090 --> 00:27:14,520
very proud of my membership cards but

585
00:27:19,310 --> 00:27:17,100
really we were very serious about it and

586
00:27:22,909 --> 00:27:19,320
others appointed where Mr August C

587
00:27:25,250 --> 00:27:22,919
Roberts who was a person who was an

588
00:27:27,470 --> 00:27:25,260

expert in photography a lot of flying

589

00:27:29,930 --> 00:27:27,480

saucer photos were cropping up we wanted

590

00:27:32,630 --> 00:27:29,940

to find out if they were real or or

591

00:27:37,130 --> 00:27:32,640

maybe tricked up and Mr Dominic C

592

00:27:39,529 --> 00:27:37,140

Lucchesi was in the thing and charge of

593

00:27:40,549 --> 00:27:39,539

the Aeronautics he knew something about

594

00:27:44,870 --> 00:27:40,559

that

595

00:27:48,470 --> 00:27:44,880

a reverend SL Daw of Washington DC and a

596

00:27:50,750 --> 00:27:48,480

Mr Lonzo Dove of Broadway Virginia an

597

00:27:54,049 --> 00:27:50,760

amateur astronomer here were people

598

00:27:57,169 --> 00:27:54,059

which I had working with me which were

599

00:27:59,210 --> 00:27:57,179

pretty good in these certain fields that

600

00:28:03,649 --> 00:27:59,220

they knew something about

601
00:28:06,710 --> 00:28:03,659
so we ran several reports through the

602
00:28:09,710 --> 00:28:06,720
special Department in fact a couple of

603
00:28:11,630 --> 00:28:09,720
photographs which we decided weren't

604
00:28:16,909 --> 00:28:11,640
flying saucers at all but just

605
00:28:20,590 --> 00:28:16,919
Reflections off the Sun at that time but

606
00:28:23,510 --> 00:28:20,600
anyway we all became very close friends

607
00:28:26,870 --> 00:28:23,520
all of us in this little Department

608
00:28:30,950 --> 00:28:26,880
within the bureau and the specially uh

609
00:28:32,870 --> 00:28:30,960
bender and I became very friendly mainly

610
00:28:35,029 --> 00:28:32,880
through the mail and I got to know a lot

611
00:28:37,850 --> 00:28:35,039
about these other people who were

612
00:28:40,669 --> 00:28:37,860
working with me that was why it was so

613
00:28:44,870 --> 00:28:40,679

surprising when I received a tape

614

00:28:48,890 --> 00:28:44,880

recording one day which rather set me

615

00:28:51,890 --> 00:28:48,900

back again it was a quaint mystifying

616

00:28:54,590 --> 00:28:51,900

thing this was a tape recording from

617

00:28:56,690 --> 00:28:54,600

Dominic C muchesi the aeronautical

618

00:28:59,149 --> 00:28:56,700

consultant for the Department of

619

00:29:02,210 --> 00:28:59,159

investigation and I would like to read

620

00:29:04,370 --> 00:29:02,220

read out the book here just a few of the

621

00:29:07,130 --> 00:29:04,380

words that he had on the recording they

622

00:29:08,750 --> 00:29:07,140

more or less whole thing is in the book

623

00:29:12,350 --> 00:29:08,760

he says

624

00:29:15,409 --> 00:29:12,360

but actually gray some very interesting

625

00:29:17,630 --> 00:29:15,419

things have happened and the only way I

626
00:29:19,430 --> 00:29:17,640
can describe these to you is by using

627
00:29:21,830 --> 00:29:19,440
tape

628
00:29:23,870 --> 00:29:21,840
he's talking about interesting things in

629
00:29:26,269 --> 00:29:23,880
the international Flying Saucer Bureau

630
00:29:27,950 --> 00:29:26,279
so when I heard this I'd rather sat up

631
00:29:31,370 --> 00:29:27,960
here with something a little different I

632
00:29:33,470 --> 00:29:31,380
thought then Don continues as far as my

633
00:29:36,529 --> 00:29:33,480
being investigated by someone is

634
00:29:38,889 --> 00:29:36,539
concerned no one that I know of has

635
00:29:41,750 --> 00:29:38,899
interrogated Augie Roberts or myself

636
00:29:44,690 --> 00:29:41,760
unless it might have been someone with

637
00:29:46,190 --> 00:29:44,700
whom we are well acquainted and whom we

638
00:29:48,889 --> 00:29:46,200

might not have realized was an

639

00:29:52,070 --> 00:29:48,899

investigator of one type or another

640

00:29:53,750 --> 00:29:52,080

well in the course of their conversation

641

00:29:55,669 --> 00:29:53,760

they were talking to him by telephone

642

00:29:58,190 --> 00:29:55,679

they were planning to go to Bridgeport

643

00:30:01,130 --> 00:29:58,200

to see him and the car developed trouble

644

00:30:03,169 --> 00:30:01,140

so Augie Roberts uh called bender and

645

00:30:07,430 --> 00:30:03,179

asked him if there was anything new and

646

00:30:09,649 --> 00:30:07,440

I and the flying saucers and I'll return

647

00:30:12,110 --> 00:30:09,659

to Dominic's tape again

648

00:30:14,330 --> 00:30:12,120

this is all very hard to describe about

649

00:30:16,430 --> 00:30:14,340

how that is for actually the telephone

650

00:30:19,490 --> 00:30:16,440

conversation was not between hell and

651
00:30:21,830 --> 00:30:19,500
myself but between him and Augie

652
00:30:24,649 --> 00:30:21,840
actually the phone call lasted for about

653
00:30:27,529 --> 00:30:24,659
20 or 25 minutes to make a long story

654
00:30:30,710 --> 00:30:27,539
short gray I can't give it to you word

655
00:30:32,990 --> 00:30:30,720
for word but what had happened was

656
00:30:36,049 --> 00:30:33,000
something like this

657
00:30:38,990 --> 00:30:36,059
Al Bender told Augie that space review

658
00:30:42,230 --> 00:30:39,000
that was a little publication which they

659
00:30:44,990 --> 00:30:42,240
got out that space review would come out

660
00:30:47,269 --> 00:30:45,000
in October but whether it would come out

661
00:30:50,330 --> 00:30:47,279
after that was something else

662
00:30:53,750 --> 00:30:50,340
it seems something strange has occurred

663
00:30:56,269 --> 00:30:53,760

in ifsb that was the initials of the

664

00:30:58,130 --> 00:30:56,279

international flying saucet Bureau well

665

00:31:00,010 --> 00:30:58,140

Augie was quite persistent and kept

666

00:31:03,110 --> 00:31:00,020

pushing Al for more information

667

00:31:06,889 --> 00:31:03,120

finally Al said bluntly

668

00:31:10,690 --> 00:31:06,899

I know the secret of the discs

669

00:31:15,110 --> 00:31:10,700

he added that three men had visited him

670

00:31:18,950 --> 00:31:15,120

and in effect shut him up completely as

671

00:31:22,490 --> 00:31:18,960

far as saucer investigation is concerned

672

00:31:25,909 --> 00:31:22,500

now the way uh Dominic gathered at Al

673

00:31:30,049 --> 00:31:25,919

had run across something in the course

674

00:31:32,149 --> 00:31:30,059

of his investigations and this sort of

675

00:31:35,149 --> 00:31:32,159

rang a bell in his mind he thought he

676
00:31:38,630 --> 00:31:35,159
had it he thought he had the answer to

677
00:31:41,389 --> 00:31:38,640
the Flying Saucer riddle he told us

678
00:31:43,870 --> 00:31:41,399
later that he had names and places

679
00:31:47,149 --> 00:31:43,880
whatever that could mean to back it up

680
00:31:50,149 --> 00:31:47,159
but he made one mistake he took this

681
00:31:52,310 --> 00:31:50,159
Theory or whatever it was and submitted

682
00:31:55,450 --> 00:31:52,320
it to someone he said he wouldn't tell

683
00:31:58,610 --> 00:31:55,460
us whom perhaps the magazine I thought

684
00:32:02,269 --> 00:31:58,620
maybe the government maybe to a friend

685
00:32:05,149 --> 00:32:02,279
but anyway when the three men came to

686
00:32:07,789 --> 00:32:05,159
see him he said that they had that very

687
00:32:11,690 --> 00:32:07,799
same piece of paper in their hands

688
00:32:14,330 --> 00:32:11,700

and well as as we could figure it out

689

00:32:17,389 --> 00:32:14,340

from what we could get out of Bender who

690

00:32:19,610 --> 00:32:17,399

seemed to be terrified by this thing he

691

00:32:22,010 --> 00:32:19,620

said that that after the three men were

692

00:32:24,409 --> 00:32:22,020

there he was ill and he couldn't eat for

693

00:32:27,590 --> 00:32:24,419

three days and he was sure he had turned

694

00:32:31,370 --> 00:32:27,600

white when he talked to them and I I

695

00:32:34,490 --> 00:32:31,380

began to think well what could scare a

696

00:32:37,070 --> 00:32:34,500

fell like that he was a grown man if if

697

00:32:39,110 --> 00:32:37,080

three uh men would walk in to see me

698

00:32:41,149 --> 00:32:39,120

certainly I would be nervous but I don't

699

00:32:42,950 --> 00:32:41,159

see what they could tell me which would

700

00:32:47,630 --> 00:32:42,960

make me so frightened

701

00:32:51,110 --> 00:32:47,640

sir we were determined to

702

00:32:53,990 --> 00:32:51,120

to find out more about this after all

703

00:32:58,010 --> 00:32:54,000

Bender hadn't said who the Three Men In

704

00:33:00,110 --> 00:32:58,020

Black really were at that time it

705

00:33:04,430 --> 00:33:00,120

sounded like the government to us

706

00:33:07,190 --> 00:33:04,440

because we imagined that perhaps the

707

00:33:09,169 --> 00:33:07,200

government was interested in keeping all

708

00:33:11,990 --> 00:33:09,179

of this a secret from the people perhaps

709

00:33:13,970 --> 00:33:12,000

they were afraid that if the people got

710

00:33:16,130 --> 00:33:13,980

to know too much about the flying

711

00:33:17,409 --> 00:33:16,140

saucers they would be frightened it

712

00:33:20,330 --> 00:33:17,419

would be something

713

00:33:22,850 --> 00:33:20,340

that happened similar to the Orson

714

00:33:27,230 --> 00:33:22,860

Welles broadcast which you've heard

715

00:33:28,730 --> 00:33:27,240

about but anyway we were more confused

716

00:33:32,330 --> 00:33:28,740

as ever

717

00:33:34,970 --> 00:33:32,340

and I had a very uh strange reaction

718

00:33:37,870 --> 00:33:34,980

after hearing this here was an

719

00:33:42,110 --> 00:33:37,880

investigator or something like myself

720

00:33:44,810 --> 00:33:42,120

who had his home entered who was visited

721

00:33:48,350 --> 00:33:44,820

by three people who uh who didn't treat

722

00:33:51,889 --> 00:33:48,360

him very kindly evidently and who was

723

00:33:54,110 --> 00:33:51,899

just badly shaken and it didn't seem he

724

00:33:57,649 --> 00:33:54,120

was permitted to go ahead and talk

725

00:33:59,570 --> 00:33:57,659

further about flying saucers in fact I

726

00:34:03,409 --> 00:33:59,580

was a little scared myself if someone

727

00:34:05,389 --> 00:34:03,419

could shut up Mr Bender here I was I was

728

00:34:07,250 --> 00:34:05,399

putting out a publication called the

729

00:34:10,669 --> 00:34:07,260

Cesarean it was going all over the world

730

00:34:11,869 --> 00:34:10,679

and maybe someone would interfere with

731

00:34:22,790 --> 00:34:11,879

me

732

00:34:25,849 --> 00:34:22,800

interested to such a point that they

733

00:34:28,490 --> 00:34:25,859

would obviously abridge freedoms and

734

00:34:30,349 --> 00:34:28,500

coming and telling someone not to talk

735

00:34:34,010 --> 00:34:30,359

about a certain subject

736

00:34:37,310 --> 00:34:34,020

anyway we decided to try to get to the

737

00:34:41,750 --> 00:34:37,320

bottom of the thing so we decided to go

738

00:34:45,829 --> 00:34:41,760

to Bridgeport Connecticut and try to see

739

00:34:47,570 --> 00:34:45,839

Bender personally and question him a

740

00:34:50,210 --> 00:34:47,580

great lack and see if we could get

741

00:34:51,649 --> 00:34:50,220

anything out of them well let's see a

742

00:34:53,869 --> 00:34:51,659

little interview I'm going to read here

743

00:34:55,430 --> 00:34:53,879

in a moment discloses we didn't learn a

744

00:34:57,109 --> 00:34:55,440

whole lot although we did get some

745

00:34:59,510 --> 00:34:57,119

interesting responses

746

00:35:02,150 --> 00:34:59,520

but immediately after I'd received the

747

00:35:05,690 --> 00:35:02,160

tape I called up Bender he answered the

748

00:35:08,089 --> 00:35:05,700

phone but he sounded very strange much

749

00:35:10,310 --> 00:35:08,099

unlike his usual self

750

00:35:12,190 --> 00:35:10,320

and of course I got around to the

751
00:35:14,630 --> 00:35:12,200
subject of flying saucers immediately

752
00:35:18,230 --> 00:35:14,640
and he said

753
00:35:21,230 --> 00:35:18,240
the saucers do not interest me anymore I

754
00:35:24,170 --> 00:35:21,240
believe that was his exact words maybe

755
00:35:26,810 --> 00:35:24,180
he said doubt he in any repeated I've

756
00:35:28,790 --> 00:35:26,820
lost all interest in them I wondered why

757
00:35:31,730 --> 00:35:28,800
a man would lose interest so quickly

758
00:35:35,630 --> 00:35:31,740
when he had once been so interested I

759
00:35:38,329 --> 00:35:35,640
asked him I said AI is this because it

760
00:35:40,490 --> 00:35:38,339
uh the reason you aren't interested is

761
00:35:45,349 --> 00:35:40,500
that because you found out that they're

762
00:35:48,050 --> 00:35:45,359
a government invention maybe or or is

763
00:35:50,750 --> 00:35:48,060

the information you have so uh

764

00:35:52,790 --> 00:35:50,760

terrifying that it's rather frightening

765

00:35:55,430 --> 00:35:52,800

and uh and bad for you to think about

766

00:35:57,290 --> 00:35:55,440

and he said well it was a letter that's

767

00:36:01,010 --> 00:35:57,300

all he would say

768

00:36:02,690 --> 00:36:01,020

we went to Bridgeport and I walked in on

769

00:36:06,890 --> 00:36:02,700

our good friend who treated us very

770

00:36:09,770 --> 00:36:06,900

nicely but would keep telling us that he

771

00:36:12,650 --> 00:36:09,780

wasn't permitted to tell us much about

772

00:36:14,690 --> 00:36:12,660

what had happened but anyway we got in a

773

00:36:16,849 --> 00:36:14,700

lot of questions and I'm going to read a

774

00:36:19,250 --> 00:36:16,859

lot of these not a lot of them but just

775

00:36:21,349 --> 00:36:19,260

a few of these questions and answers

776

00:36:24,530 --> 00:36:21,359

which took place there

777

00:36:27,170 --> 00:36:24,540

now the first few that I read he'll say

778

00:36:29,510 --> 00:36:27,180

I can't answer that to all of them so uh

779

00:36:32,870 --> 00:36:29,520

we'll get over that quickly

780

00:36:38,150 --> 00:36:35,030

I can't answer that

781

00:36:41,150 --> 00:36:38,160

question who were the men I can't answer

782

00:36:43,430 --> 00:36:41,160

that were they from the government

783

00:36:46,250 --> 00:36:43,440

I can't answer that

784

00:36:48,349 --> 00:36:46,260

this saucer comes from space

785

00:36:52,310 --> 00:36:48,359

I can't answer that

786

00:36:54,170 --> 00:36:52,320

and a lot more responses similar can you

787

00:36:57,050 --> 00:36:54,180

tell me where you found your source of

788

00:36:59,630 --> 00:36:57,060

information answer I was turning a

789

00:37:01,790 --> 00:36:59,640

theory over and over in my mind when I

790

00:37:05,510 --> 00:37:01,800

got some actual names and places to back

791

00:37:07,250 --> 00:37:05,520

it up I submitted it to someone then the

792

00:37:10,550 --> 00:37:07,260

men came

793

00:37:12,890 --> 00:37:10,560

who was that someone you mentioned

794

00:37:15,349 --> 00:37:12,900

I can't answer that

795

00:37:16,609 --> 00:37:15,359

is the flying saucers going to be a help

796

00:37:20,210 --> 00:37:16,619

to the world

797

00:37:23,230 --> 00:37:20,220

it's going to be both good and bad and

798

00:37:26,150 --> 00:37:23,240

so on answer is like that that you can't

799

00:37:28,550 --> 00:37:26,160

exactly put together into any meaning

800

00:37:30,890 --> 00:37:28,560

and all they serve to do is to Intrigue

801
00:37:34,609 --> 00:37:30,900
you further and increase in your own

802
00:37:37,790 --> 00:37:34,619
mind and mystery of what he knew we were

803
00:37:40,970 --> 00:37:37,800
desperately trying to find out what it

804
00:37:44,089 --> 00:37:40,980
was that Bender had run across perhaps

805
00:37:46,490 --> 00:37:44,099
through accident which had brought this

806
00:37:49,970 --> 00:37:46,500
trouble down upon him on ever kind of

807
00:37:52,370 --> 00:37:49,980
trouble it was we tried to figure

808
00:37:54,170 --> 00:37:52,380
who the three men were

809
00:37:56,270 --> 00:37:54,180
while the first thought was the

810
00:37:59,089 --> 00:37:56,280
government but first of all we thought

811
00:38:01,790 --> 00:37:59,099
government men don't go around dressed

812
00:38:05,810 --> 00:38:01,800
conspicuously or trying to look like

813
00:38:08,870 --> 00:38:05,820

Cloak and Dagger operators which these

814

00:38:14,030 --> 00:38:08,880

three men looked like they had on all

815

00:38:15,950 --> 00:38:14,040

dark clothing and neither do uh people

816

00:38:18,829 --> 00:38:15,960

at least from the FBI and some of the

817

00:38:21,470 --> 00:38:18,839

other investigative organizations needed

818

00:38:23,690 --> 00:38:21,480

today go around threatening people in

819

00:38:26,450 --> 00:38:23,700

fact you do the talking they just ask

820

00:38:30,730 --> 00:38:26,460

questions they don't tell you anything

821

00:38:33,770 --> 00:38:30,740

and it it was a great doubt in our mind

822

00:38:35,210 --> 00:38:33,780

that the government men had visited

823

00:38:37,910 --> 00:38:35,220

Albert Bender

824

00:38:40,970 --> 00:38:37,920

well if not government man

825

00:38:43,730 --> 00:38:40,980

who could it possibly be well we thought

826

00:38:46,370 --> 00:38:43,740

of everything maybe it could be space

827

00:38:48,950 --> 00:38:46,380

fan a lot of people thought that there

828

00:38:51,829 --> 00:38:48,960

were such things and it certainly hadn't

829

00:38:55,550 --> 00:38:51,839

been proven that there couldn't be uh

830

00:39:00,109 --> 00:38:55,560

it certainly a would frighten me if

831

00:39:02,210 --> 00:39:00,119

someone would walk into my room and I

832

00:39:05,930 --> 00:39:02,220

would say to them let me see your

833

00:39:08,510 --> 00:39:05,940

credentials and uh this person say it

834

00:39:10,130 --> 00:39:08,520

would say here are my credentials and

835

00:39:13,190 --> 00:39:10,140

instead of showing me a card you would

836

00:39:16,130 --> 00:39:13,200

just simply disappear walk through a

837

00:39:18,170 --> 00:39:16,140

wall or something dematerialize that

838

00:39:21,950 --> 00:39:18,180

would certainly Shake name of such a

839

00:39:25,190 --> 00:39:21,960

person would tell me to do something I

840

00:39:26,390 --> 00:39:25,200

would think a long time before I didn't

841

00:39:29,089 --> 00:39:26,400

do it

842

00:39:31,730 --> 00:39:29,099

but I'm not suggesting that it was a

843

00:39:33,530 --> 00:39:31,740

space man who visited Al Bender or

844

00:39:36,710 --> 00:39:33,540

anyone in particular it is a great

845

00:39:38,870 --> 00:39:36,720

mystery to me and that is one reason why

846

00:39:43,130 --> 00:39:38,880

I wrote a book about the matter

847

00:39:45,170 --> 00:39:43,140

I thought that if I should get all of

848

00:39:47,150 --> 00:39:45,180

the story and some other very

849

00:39:50,329 --> 00:39:47,160

interesting ones together which were

850

00:39:53,750 --> 00:39:50,339

cropping up and published this

851

00:39:55,730 --> 00:39:53,760

information that there were probably a

852

00:39:57,650 --> 00:39:55,740

lot of other people with similar

853

00:40:00,470 --> 00:39:57,660

experiences who would come forth and

854

00:40:04,130 --> 00:40:00,480

tell their own stories I also thought

855

00:40:06,410 --> 00:40:04,140

that some people might read the book who

856

00:40:09,109 --> 00:40:06,420

certainly were more intelligent than I

857

00:40:11,210 --> 00:40:09,119

was who might figure out something that

858

00:40:15,710 --> 00:40:11,220

would ring a bell somewhere and bring

859

00:40:17,569 --> 00:40:15,720

this mystery to a conclusion just as the

860

00:40:20,150 --> 00:40:17,579

two questions first of all why didn't

861

00:40:23,210 --> 00:40:20,160

Bender know that seemed to be the answer

862

00:40:25,490 --> 00:40:23,220

to the mystery and secondly who were the

863

00:40:26,810 --> 00:40:25,500

three men and who were they from

864

00:40:29,569 --> 00:40:26,820

well

865

00:40:31,550 --> 00:40:29,579

um at that time that had been the only

866

00:40:33,950 --> 00:40:31,560

thing that has happened I believe I have

867

00:40:35,270 --> 00:40:33,960

a few minutes to tell you about some of

868

00:40:37,010 --> 00:40:35,280

the other things that occurred along

869

00:40:40,430 --> 00:40:37,020

about the same time

870

00:40:43,490 --> 00:40:40,440

in Australia the Australian Flying

871

00:40:46,910 --> 00:40:43,500

Saucer Bureau had been kind of a very

872

00:40:48,349 --> 00:40:46,920

important thing it was headed by Mr E.R

873

00:40:51,050 --> 00:40:48,359

Gerald

874

00:40:53,390 --> 00:40:51,060

now when I was visiting Benders I was

875

00:40:56,210 --> 00:40:53,400

leaving he held up a letter and said you

876

00:40:58,250 --> 00:40:56,220

may be interested in reading this I read

877

00:41:00,770 --> 00:40:58,260

it it was from Gerald it told about a

878

00:41:04,870 --> 00:41:00,780

visitor who had come to see him

879

00:41:07,970 --> 00:41:04,880

a visitor who had sworn him to secrecy

880

00:41:10,670 --> 00:41:07,980

before he would tell him certain

881

00:41:13,370 --> 00:41:10,680

information which he said he had

882

00:41:15,170 --> 00:41:13,380

Gerald who was leader of a flying saucer

883

00:41:16,730 --> 00:41:15,180

organization and wanted to get

884

00:41:19,430 --> 00:41:16,740

information out to the public didn't

885

00:41:22,130 --> 00:41:19,440

like the idea but I suppose he was so

886

00:41:24,230 --> 00:41:22,140

intrigued at learning whatever the mayor

887

00:41:26,270 --> 00:41:24,240

had to say that he said sure I won't

888

00:41:29,030 --> 00:41:26,280

tell anyone if you will tell me what you

889

00:41:31,510 --> 00:41:29,040

have in mind now where upon the visitor

890

00:41:34,510 --> 00:41:31,520

gave him a certain information

891

00:41:37,790 --> 00:41:34,520

and of course Gerald couldn't tell that

892

00:41:39,349 --> 00:41:37,800

I wrote Gerald a long letter I initially

893

00:41:41,810 --> 00:41:39,359

couldn't go to see him he was in

894

00:41:45,770 --> 00:41:41,820

Australia and inquired a lot of things

895

00:41:49,069 --> 00:41:45,780

from him I asked him if if what he heard

896

00:41:51,829 --> 00:41:49,079

from the man could make Bender sick or

897

00:41:53,810 --> 00:41:51,839

if it had made him ill he said no it

898

00:41:56,990 --> 00:41:53,820

hadn't made him ill or frighten him too

899

00:42:00,370 --> 00:41:57,000

greatly but someone might be able to

900

00:42:03,290 --> 00:42:00,380

take it in a certain way and it would be

901
00:42:08,450 --> 00:42:03,300
frightened by such information the point

902
00:42:10,430 --> 00:42:08,460
of becoming ill in in New Zealand there

903
00:42:12,069 --> 00:42:10,440
was another very uh reliable

904
00:42:15,710 --> 00:42:12,079
investigation

905
00:42:18,349 --> 00:42:15,720
disaster investigative organization uh

906
00:42:22,569 --> 00:42:18,359
called the civilian saucer investigation

907
00:42:26,210 --> 00:42:22,579
of New Zealand headed by Mr Fulton after

908
00:42:28,490 --> 00:42:26,220
the matter of Bender had gone along for

909
00:42:30,170 --> 00:42:28,500
some time I found out some very

910
00:42:32,810 --> 00:42:30,180
interesting things from New Zealand

911
00:42:35,230 --> 00:42:32,820
which I thought might help solve the

912
00:42:38,569 --> 00:42:35,240
mystery in Bridgeport Connecticut

913
00:42:43,069 --> 00:42:38,579

Gerald and uh Fulton according to the

914

00:42:45,170 --> 00:42:43,079

latter were engaged on a rather strange

915

00:42:47,810 --> 00:42:45,180

project it sounded like because it was

916

00:42:50,450 --> 00:42:47,820

it was named Project X

917

00:42:52,609 --> 00:42:50,460

I heard a mention of it some way through

918

00:42:54,290 --> 00:42:52,619

the grapevine and I wrote to Fulton who

919

00:42:56,990 --> 00:42:54,300

had become a good friend of mine and I

920

00:43:01,609 --> 00:42:57,000

said just what does this project X

921

00:43:05,410 --> 00:43:01,619

involve he wrote back and he said that

922

00:43:10,609 --> 00:43:05,420

this was a project suggested by Bender

923

00:43:12,890 --> 00:43:10,619

shortly before he had been shut up he

924

00:43:15,109 --> 00:43:12,900

said that Bender having been interested

925

00:43:17,450 --> 00:43:15,119

in the number of the saucer sightings

926
00:43:20,829 --> 00:43:17,460
occurring in the Down Under countries

927
00:43:23,210 --> 00:43:20,839
such as Australia New Zealand had

928
00:43:27,109 --> 00:43:23,220
entertained the idea that there might be

929
00:43:31,490 --> 00:43:27,119
a base around there or in the Antarctic

930
00:43:33,950 --> 00:43:31,500
and the Bender had suggested that they

931
00:43:36,050 --> 00:43:33,960
make a chart taking all of their

932
00:43:39,349 --> 00:43:36,060
sightings which they had in their files

933
00:43:41,870 --> 00:43:39,359
which showed directions of arrival and

934
00:43:46,609 --> 00:43:41,880
departure and putting these on a chart

935
00:43:48,470 --> 00:43:46,619
or on a map if they drew lines the way

936
00:43:51,470 --> 00:43:48,480
the saucers were arrived driving and

937
00:43:54,950 --> 00:43:51,480
leaving and that these lines tended to

938
00:43:58,670 --> 00:43:54,960

intersect it might show a rendezvous

939

00:44:00,710 --> 00:43:58,680

point or maybe even a base if there was

940

00:44:03,050 --> 00:44:00,720

such a thing for the saucers

941

00:44:06,770 --> 00:44:03,060

at that time I could see

942

00:44:10,130 --> 00:44:06,780

that there are suspicions where toward a

943

00:44:12,530 --> 00:44:10,140

base in Antarctica but Benders shut up

944

00:44:14,690 --> 00:44:12,540

immediately after that and the whole

945

00:44:16,910 --> 00:44:14,700

thing was dropped they didn't get into

946

00:44:19,190 --> 00:44:16,920

the project in New Zealand and Australia

947

00:44:22,609 --> 00:44:19,200

and that has always been a question mark

948

00:44:25,490 --> 00:44:22,619

in my mind if that might have been the

949

00:44:28,010 --> 00:44:25,500

thing which had rung the bell and

950

00:44:31,010 --> 00:44:28,020

Bender's mind if he had found out some

951

00:44:34,849 --> 00:44:31,020

proof that there was a base for flying

952

00:44:37,130 --> 00:44:34,859

saucers on the earth that's certainly uh

953

00:44:40,309 --> 00:44:37,140

might cause him some trouble if there

954

00:44:44,450 --> 00:44:40,319

was someone who didn't want him to tell

955

00:44:48,050 --> 00:44:44,460

about it anyway I began to hear other

956

00:44:51,490 --> 00:44:48,060

reports in Canada and incidentally and

957

00:44:55,690 --> 00:44:51,500

in my book uh I don't name this country

958

00:44:59,390 --> 00:44:55,700

a man named Smallwood had a rather

959

00:45:03,109 --> 00:44:59,400

shaking experience the man in Canada

960

00:45:07,309 --> 00:45:03,119

whom I called Smallwood is is a man

961

00:45:09,290 --> 00:45:07,319

called Layman mitrus I don't in the book

962

00:45:12,730 --> 00:45:09,300

I didn't want to mention the fact but

963

00:45:15,970 --> 00:45:12,740

since then it has appeared in a saucer

964

00:45:18,710 --> 00:45:15,980

publication and I suppose is public

965

00:45:21,770 --> 00:45:18,720

written by a fellow who went there and

966

00:45:27,230 --> 00:45:21,780

and tried this information out of the

967

00:45:29,950 --> 00:45:27,240

small wood independently anyway mitrus

968

00:45:33,349 --> 00:45:29,960

was an investigator

969

00:45:35,750 --> 00:45:33,359

in Canada who had often sent me

970

00:45:37,190 --> 00:45:35,760

information to publish in my little

971

00:45:41,150 --> 00:45:37,200

magazine

972

00:45:45,170 --> 00:45:41,160

one day he got wind of a fella up north

973

00:45:47,930 --> 00:45:45,180

of him who had been fishing on during

974

00:45:51,410 --> 00:45:47,940

vacation and had seen a cigar-shaped

975

00:45:54,109 --> 00:45:51,420

object go over and vanish and heard a

976
00:45:55,970 --> 00:45:54,119
noise in the bushes when he went over to

977
00:45:58,849 --> 00:45:55,980
the shore to see what had happened in

978
00:46:01,790 --> 00:45:58,859
the bushes he saw some material some

979
00:46:05,210 --> 00:46:01,800
sort of metallic a residue lying on the

980
00:46:08,030 --> 00:46:05,220
ground he picked it up he said expecting

981
00:46:10,490 --> 00:46:08,040
it to be hot having fallen out of

982
00:46:13,130 --> 00:46:10,500
something but to his surprise it was

983
00:46:15,890 --> 00:46:13,140
strangely cool or cold he said like

984
00:46:19,370 --> 00:46:15,900
feeling the inside of a refrigerator

985
00:46:22,130 --> 00:46:19,380
my friend mitrus wanted to get this

986
00:46:25,370 --> 00:46:22,140
story from him to send down the maid of

987
00:46:27,290 --> 00:46:25,380
publish in my sauce area so he got hold

988
00:46:29,390 --> 00:46:27,300

of the spell and begged him for the

989

00:46:32,809 --> 00:46:29,400

information also for a sample of the

990

00:46:35,809 --> 00:46:32,819

material the fellow was uh apparently

991

00:46:38,450 --> 00:46:35,819

frightened he thought that this was a

992

00:46:40,910 --> 00:46:38,460

government device which he had seen and

993

00:46:45,230 --> 00:46:40,920

that he would be in trouble if he uh

994

00:46:47,870 --> 00:46:45,240

made it known but my friend Madras was a

995

00:46:50,589 --> 00:46:47,880

persuasive kind of fella and finally

996

00:46:54,410 --> 00:46:50,599

talked the man whose name I don't know

997

00:46:57,950 --> 00:46:54,420

into giving him a sample of the staff

998

00:47:00,650 --> 00:46:57,960

immediately Mitch sent me a report on

999

00:47:04,430 --> 00:47:00,660

the whole Affair and he also sent a

1000

00:47:06,950 --> 00:47:04,440

sample to a laboratory in a nearby City

1001

00:47:09,170 --> 00:47:06,960

well as soon as he had received the

1002

00:47:12,650 --> 00:47:09,180

analysis back I got a very strange

1003

00:47:14,089 --> 00:47:12,660

letter from him he said that it was

1004

00:47:16,250 --> 00:47:14,099

something that happened that he didn't

1005

00:47:19,790 --> 00:47:16,260

care to talk about that he couldn't talk

1006

00:47:22,069 --> 00:47:19,800

about the analysis and so forth so I

1007

00:47:24,550 --> 00:47:22,079

call him up on the phone and I got in

1008

00:47:27,290 --> 00:47:24,560

touch with him by mail and I finally

1009

00:47:29,510 --> 00:47:27,300

pried some information out of him as to

1010

00:47:32,870 --> 00:47:29,520

what had happened and this is what had

1011

00:47:35,450 --> 00:47:32,880

happened very briefly having received

1012

00:47:39,589 --> 00:47:35,460

the analysis back from the lab on the

1013

00:47:43,370 --> 00:47:39,599

sample he received a visitor whom he

1014

00:47:44,990 --> 00:47:43,380

assumed to be from the government I

1015

00:47:47,990 --> 00:47:45,000

don't think he asked him at that time

1016

00:47:50,390 --> 00:47:48,000

perhaps he was a little flustered and

1017

00:47:52,210 --> 00:47:50,400

the fella told him to give him the

1018

00:47:57,050 --> 00:47:52,220

sample of the material

1019

00:47:59,450 --> 00:47:57,060

and uh mitrus handed it over to him uh

1020

00:48:02,089 --> 00:47:59,460

he seemed to be rather frightened to

1021

00:48:04,069 --> 00:48:02,099

this fella who asked him for this and

1022

00:48:06,230 --> 00:48:04,079

then I don't have the whole story but I

1023

00:48:08,650 --> 00:48:06,240

understand that the person arrived again

1024

00:48:12,230 --> 00:48:08,660

at his house and paid him a second visit

1025

00:48:14,750 --> 00:48:12,240

at that time mitrus had collected his

1026

00:48:18,170 --> 00:48:14,760

wits and he said to the fellow show me

1027

00:48:20,750 --> 00:48:18,180

your credentials uh first I believe he

1028

00:48:23,930 --> 00:48:20,760

said where are you from and the fellow

1029

00:48:27,589 --> 00:48:23,940

said of all things the Mounted Police

1030

00:48:30,290 --> 00:48:27,599

one of the big agencies in Canada for

1031

00:48:34,309 --> 00:48:30,300

law enforcement and Mitch said let me

1032

00:48:36,710 --> 00:48:34,319

see your card that shows that you are a

1033

00:48:40,550 --> 00:48:36,720

member of them and at that point the

1034

00:48:43,849 --> 00:48:40,560

man's uh almost friendly tone before it

1035

00:48:47,690 --> 00:48:43,859

drastically changed he became menacing

1036

00:48:50,510 --> 00:48:47,700

and threatening and and made some

1037

00:48:52,970 --> 00:48:50,520

threats which for some reason a Madras

1038

00:48:55,250 --> 00:48:52,980

was afraid to repeat to me he said he

1039

00:48:57,589 --> 00:48:55,260

would rather not mention he intimidated

1040

00:49:00,829 --> 00:48:57,599

that the safety of his family was

1041

00:49:03,770 --> 00:49:00,839

involved if he talked about this and he

1042

00:49:05,930 --> 00:49:03,780

was so frightened that he didn't want

1043

00:49:08,990 --> 00:49:05,940

anything published about it

1044

00:49:11,270 --> 00:49:09,000

well when I got ready to write my book I

1045

00:49:14,450 --> 00:49:11,280

thought it over and I I thought this

1046

00:49:16,870 --> 00:49:14,460

truth should be printed and if I

1047

00:49:20,510 --> 00:49:16,880

disguised it by not telling the country

1048

00:49:22,370 --> 00:49:20,520

where the man was living nor his name

1049

00:49:25,849 --> 00:49:22,380

that is surely wouldn't cause him any

1050

00:49:29,150 --> 00:49:25,859

trouble so I printed it without uh

1051

00:49:31,250 --> 00:49:29,160

asking him I'm afraid for that

1052

00:49:32,750 --> 00:49:31,260

permission because if I had maybe he

1053

00:49:35,930 --> 00:49:32,760

would have said no I wouldn't be in the

1054

00:49:38,450 --> 00:49:35,940

book but anyway it's there and

1055

00:49:41,030 --> 00:49:38,460

immediately afterward the the man was

1056

00:49:45,230 --> 00:49:41,040

quite Disturbed and frightened that the

1057

00:49:48,290 --> 00:49:45,240

mere mention of it he said and I get

1058

00:49:52,250 --> 00:49:48,300

this from another publication that

1059

00:49:55,609 --> 00:49:52,260

immediately after the book came out in

1060

00:49:58,150 --> 00:49:55,619

Canada about a day afterward the man who

1061

00:50:01,250 --> 00:49:58,160

had found the residue

1062

00:50:03,770 --> 00:50:01,260

mysteriously packed up and left bag and

1063

00:50:05,630 --> 00:50:03,780

baggies as if he were afraid to stay

1064

00:50:10,190 --> 00:50:05,640

around her any longer

1065

00:50:12,829 --> 00:50:10,200

and uh Madras was quite disturbed about

1066

00:50:16,010 --> 00:50:12,839

it however I think that he has forgiven

1067

00:50:18,050 --> 00:50:16,020

me and he has promised to write some

1068

00:50:21,109 --> 00:50:18,060

additional material as long as it

1069

00:50:22,250 --> 00:50:21,119

doesn't involve the subject or the

1070

00:50:24,349 --> 00:50:22,260

material

1071

00:50:27,829 --> 00:50:24,359

and the

1072

00:50:30,050 --> 00:50:27,839

the special report on the analysis and

1073

00:50:32,750 --> 00:50:30,060

I've always wondered just who these

1074

00:50:34,130 --> 00:50:32,760

people were who came to see certain

1075

00:50:37,130 --> 00:50:34,140

researchers

1076

00:50:40,270 --> 00:50:37,140

maybe some of them had been dreamed up

1077

00:50:43,069 --> 00:50:40,280

but surely not all of them I wondered

1078

00:50:44,990 --> 00:50:43,079

what fantastic agency could be

1079

00:50:48,410 --> 00:50:45,000

sponsoring them they certainly didn't

1080

00:50:50,750 --> 00:50:48,420

seem to be government man who came and

1081

00:50:52,790 --> 00:50:50,760

frightened these people I wondered if

1082

00:50:55,970 --> 00:50:52,800

one of them came to see me

1083

00:50:58,670 --> 00:50:55,980

if I would be frightened well I thought

1084

00:51:01,430 --> 00:50:58,680

surely no I I won't be shut up by anyone

1085

00:51:04,870 --> 00:51:01,440

but one never knows

1086

00:51:07,790 --> 00:51:04,880

since that time of publishing a book

1087

00:51:11,030 --> 00:51:07,800

I had hoped that I would run across

1088

00:51:13,130 --> 00:51:11,040

several other experiences of quite

1089

00:51:16,069 --> 00:51:13,140

spectacular nature which I would be able

1090

00:51:18,530 --> 00:51:16,079

to report to you but honestly nothing

1091

00:51:21,589 --> 00:51:18,540

that important has come to my attention

1092

00:51:23,690 --> 00:51:21,599

after the book has been written if other

1093

00:51:27,170 --> 00:51:23,700

people have been silenced they're too

1094

00:51:30,370 --> 00:51:27,180

scared to talk about it and or maybe the

1095

00:51:33,950 --> 00:51:30,380

three men or whoever they are has

1096

00:51:35,690 --> 00:51:33,960

decided to change your tactics here is

1097

00:51:37,069 --> 00:51:35,700

an interesting letter however from

1098

00:51:39,290 --> 00:51:37,079

France

1099

00:51:43,510 --> 00:51:39,300

and I think some of you know of this

1100

00:51:46,490 --> 00:51:43,520

fella he is the leading uh Flying Saucer

1101
00:51:49,549 --> 00:51:46,500
Enthusiast in France a writer who has

1102
00:51:51,530 --> 00:51:49,559
got out a book this is confidential and

1103
00:51:53,630 --> 00:51:51,540
I'll just let you guess who his name is

1104
00:51:56,690 --> 00:51:53,640
but I'm sure you can

1105
00:51:58,549 --> 00:51:56,700
now this uh man although he is a writer

1106
00:52:00,069 --> 00:51:58,559
doesn't write very good English so I

1107
00:52:04,730 --> 00:52:00,079
will try to stumble through this letter

1108
00:52:08,510 --> 00:52:04,740
this is dated April 5 1956 dear Gray

1109
00:52:11,690 --> 00:52:08,520
uh your letter March 17 Etc believe me

1110
00:52:13,370 --> 00:52:11,700
or not gray but we have now in France a

1111
00:52:16,069 --> 00:52:13,380
case of benderism

1112
00:52:18,410 --> 00:52:16,079
an engineer and I are preceding our

1113
00:52:21,710 --> 00:52:18,420

investigations on this strange Affair

1114

00:52:25,250 --> 00:52:21,720

but it varied is very difficult because

1115

00:52:28,970 --> 00:52:25,260

the man who received a visit a four man

1116

00:52:32,569 --> 00:52:28,980

had vanished we know he is hidden in

1117

00:52:34,549 --> 00:52:32,579

southern France this guide Knew Too Much

1118

00:52:36,290 --> 00:52:34,559

about flying saucers he puts quotes

1119

00:52:39,950 --> 00:52:36,300

around it because that's the name of my

1120

00:52:42,470 --> 00:52:39,960

book we do not think the four men are

1121

00:52:45,589 --> 00:52:42,480

French agents of government nor agents

1122

00:52:47,089 --> 00:52:45,599

of another Nation we do not know where

1123

00:52:50,690 --> 00:52:47,099

they do come from

1124

00:52:53,690 --> 00:52:50,700

the man who was involved has received

1125

00:52:56,630 --> 00:52:53,700

some kind of optic instrument now listen

1126

00:52:59,450 --> 00:52:56,640

to this some kind of optic he means

1127

00:53:02,990 --> 00:52:59,460

Optical instrument from a pilot and then

1128

00:53:06,290 --> 00:53:03,000

he has in parentheses a woman pilot of

1129

00:53:09,170 --> 00:53:06,300

FS Flying Saucer and my friend the

1130

00:53:12,170 --> 00:53:09,180

engineer saw this instrument he has saw

1131

00:53:15,650 --> 00:53:12,180

underlined he has manipulated it and was

1132

00:53:18,530 --> 00:53:15,660

stupefied to find that the medal of this

1133

00:53:21,410 --> 00:53:18,540

instrument at its ends was transformed

1134

00:53:22,970 --> 00:53:21,420

into glass or a lens in other words the

1135

00:53:26,030 --> 00:53:22,980

atomic structure of the metal was

1136

00:53:29,390 --> 00:53:26,040

changed into the atomic structure of

1137

00:53:32,450 --> 00:53:29,400

glass for the moment this information is

1138

00:53:35,089 --> 00:53:32,460

confidential I ask you not to mention it

1139

00:53:36,710 --> 00:53:35,099

in your publication so that leaves me

1140

00:53:39,230 --> 00:53:36,720

open to tell you about it I think it

1141

00:53:41,870 --> 00:53:39,240

isn't enough application if I know more

1142

00:53:44,030 --> 00:53:41,880

about these Affairs I shall tell you

1143

00:53:45,650 --> 00:53:44,040

since that time I've been trying to get

1144

00:53:47,690 --> 00:53:45,660

in touch with this man but I haven't

1145

00:53:50,450 --> 00:53:47,700

received any more letters I suppose if

1146

00:53:53,809 --> 00:53:50,460

he is actively engaged in in Flying

1147

00:53:56,809 --> 00:53:53,819

Saucer uh work that maybe he's just too

1148

00:53:59,809 --> 00:53:56,819

busy to answer but he seems to be very

1149

00:54:02,990 --> 00:53:59,819

much intrigued this is the answer the

1150

00:54:06,710 --> 00:54:03,000

author of a very highly respectable

1151
00:54:10,490 --> 00:54:06,720
French book about flying saucers which

1152
00:54:12,290 --> 00:54:10,500
is uh now been translated and has been

1153
00:54:15,410 --> 00:54:12,300
published in England

1154
00:54:19,190 --> 00:54:15,420
so there you have it a number of strange

1155
00:54:20,390 --> 00:54:19,200
cases which I am unable to explain if I

1156
00:54:23,030 --> 00:54:20,400
were

1157
00:54:26,210 --> 00:54:23,040
I certainly uh don't believe I would

1158
00:54:29,089 --> 00:54:26,220
have bothered to have written a book but

1159
00:54:31,910 --> 00:54:29,099
as yet I don't have all the answers I

1160
00:54:34,370 --> 00:54:31,920
would like to be able to stand up here

1161
00:54:36,170 --> 00:54:34,380
and and give you all the answers to the

1162
00:54:39,250 --> 00:54:36,180
Flying Saucer riddle because I think

1163
00:54:43,790 --> 00:54:39,260

you're interested in in knowing them but

1164

00:54:48,589 --> 00:54:43,800

I certainly uh uh will be foolish if I

1165

00:54:51,290 --> 00:54:48,599

did that because really uh I know very

1166

00:54:54,410 --> 00:54:51,300

little more probably than the rest of

1167

00:54:56,270 --> 00:54:54,420

you however I have had an opportunity in

1168

00:54:59,390 --> 00:54:56,280

this particular thing to know something

1169

00:55:01,970 --> 00:54:59,400

about Bender and the other people who

1170

00:55:03,950 --> 00:55:01,980

have been shut up and that's what I

1171

00:55:06,950 --> 00:55:03,960

wanted to tell people about in the book

1172

00:55:10,790 --> 00:55:06,960

and you about here

1173

00:55:12,589 --> 00:55:10,800

but let me say in closing here because

1174

00:55:17,109 --> 00:55:12,599

my time is up

1175

00:55:20,710 --> 00:55:17,119

that I think regardless of um of whether

1176

00:55:25,430 --> 00:55:20,720

flying saucers turn out to be from Mars

1177

00:55:27,710 --> 00:55:25,440

from Venus from Saturn or maybe uh as

1178

00:55:31,430 --> 00:55:27,720

our friend Mosley says from the Earth

1179

00:55:34,790 --> 00:55:31,440

itself I think that other things have

1180

00:55:37,309 --> 00:55:34,800

been more important even if we find out

1181

00:55:40,309 --> 00:55:37,319

that there isn't any such things as

1182

00:55:42,049 --> 00:55:40,319

flying saucers I think that all our work

1183

00:55:44,569 --> 00:55:42,059

will have accomplished something because

1184

00:55:46,910 --> 00:55:44,579

all of us have certainly made a lot of

1185

00:55:49,250 --> 00:55:46,920

good friends while trying to find out

1186

00:55:51,170 --> 00:55:49,260

about this and that's certainly I think

1187

00:55:52,069 --> 00:55:51,180

would be worth all our trouble thank you

1188

00:56:04,089 --> 00:55:52,079

very much

1189

00:56:10,130 --> 00:56:07,250

any opinions as to what the sauces are

1190

00:56:13,130 --> 00:56:10,140

and where they come from

1191

00:56:15,170 --> 00:56:13,140

well I have informed any definite

1192

00:56:18,890 --> 00:56:15,180

opinion I think it would be a little

1193

00:56:21,950 --> 00:56:18,900

foolish to do so because that would be

1194

00:56:26,710 --> 00:56:21,960

admitting that uh I knew everything

1195

00:56:30,049 --> 00:56:26,720

I favored the idea that flying crosses

1196

00:56:34,609 --> 00:56:30,059

come from space from some other planet

1197

00:56:37,490 --> 00:56:34,619

in our solar system or in some other

1198

00:56:41,150 --> 00:56:37,500

system however

1199

00:56:43,910 --> 00:56:41,160

uh sometimes I also feel that the

1200

00:56:45,910 --> 00:56:43,920

explanation I might be a little more

1201

00:56:49,309 --> 00:56:45,920

complicated than that

1202

00:56:55,490 --> 00:56:52,549

some of this uh phenomena might even

1203

00:56:57,770 --> 00:56:55,500

involve something as complicated as

1204

00:56:59,930 --> 00:56:57,780

another dimension but I'm not prepared

1205

00:57:01,430 --> 00:56:59,940

to go into a thing like that because I

1206

00:57:03,890 --> 00:57:01,440

know a little about it it's just a

1207

00:57:06,589 --> 00:57:03,900

thought but in repeating I believe the

1208

00:57:09,170 --> 00:57:06,599

sauses uh the most simplest explanation

1209

00:57:12,589 --> 00:57:09,180

I know of arts and space or some other

1210

00:57:14,510 --> 00:57:12,599

planets and uh that still it might be

1211

00:57:16,490 --> 00:57:14,520

along those lines would have been more

1212

00:57:19,910 --> 00:57:16,500

complicated

1213

00:57:22,549 --> 00:57:19,920

uh in regards to Brush Creek incident uh

1214

00:57:25,130 --> 00:57:22,559

I did not personally investigate it

1215

00:57:28,309 --> 00:57:25,140

however a

1216

00:57:31,250 --> 00:57:28,319

fellow who did some research on the west

1217

00:57:33,589 --> 00:57:31,260

coast of Mr Paul Spade whom I had a

1218

00:57:36,589 --> 00:57:33,599

great deal of confidence in I did

1219

00:57:38,870 --> 00:57:36,599

investigate the matter he went there and

1220

00:57:42,109 --> 00:57:38,880

camped with the miners who were involved

1221

00:57:44,990 --> 00:57:42,119

in this incident and uh I'm convinced

1222

00:57:46,910 --> 00:57:45,000

that what he told us was the truth of

1223

00:57:48,170 --> 00:57:46,920

that matter but just a moment I'll

1224

00:57:50,870 --> 00:57:48,180

mentioned something about the branch

1225

00:57:54,530 --> 00:57:50,880

creek monster not a monster but it was a

1226
00:57:57,710 --> 00:57:54,540
little man a two miners working titanium

1227
00:58:01,010 --> 00:57:57,720
digging and said they saw a saucer land

1228
00:58:03,829 --> 00:58:01,020
and a little man got a bucket of water

1229
00:58:06,410 --> 00:58:03,839
from a creek and climb up into the

1230
00:58:08,530 --> 00:58:06,420
saucer and fly away do I find evidence

1231
00:58:12,950 --> 00:58:08,540
that the social sightings are increasing

1232
00:58:15,170 --> 00:58:12,960
despite the strong censorship well first

1233
00:58:19,309 --> 00:58:15,180
of all it's a little hard to absolutely

1234
00:58:21,950 --> 00:58:19,319
prove a formal censorship but uh at

1235
00:58:24,190 --> 00:58:21,960
least now I saw sir sightings of

1236
00:58:28,190 --> 00:58:24,200
incidents are on the increase

1237
00:58:30,290 --> 00:58:28,200
that seems to happen simultaneously with

1238
00:58:32,750 --> 00:58:30,300

the approach of Mars as you know in

1239

00:58:35,390 --> 00:58:32,760

September we had the most favorable

1240

00:58:38,870 --> 00:58:35,400

opposition in Mars in several years and

1241

00:58:39,950 --> 00:58:38,880

I believe that it is established there

1242

00:58:44,089 --> 00:58:39,960

was a definite connection between

1243

00:58:47,870 --> 00:58:44,099

between the opposition of Mars and the

1244

00:58:51,170 --> 00:58:47,880

social science and we had that in 54 and

1245

00:58:53,809 --> 00:58:51,180

in 52. I've often thought that it might

1246

00:58:56,030 --> 00:58:53,819

be because the people are out observing

1247

00:58:58,670 --> 00:58:56,040

Mars looking up at Mars because it's

1248

00:59:03,010 --> 00:58:58,680

close and therefore see more things that

1249

00:59:07,130 --> 00:59:03,020

are going on the sky but as Mr Michelle

1250

00:59:10,490 --> 00:59:07,140

writes in my latest bulletin there does

1251
00:59:13,010 --> 00:59:10,500
seem to be a cycle and I really expect

1252
00:59:17,150 --> 00:59:13,020
the heaviest concentration of sightings

1253
00:59:20,390 --> 00:59:17,160
to occur around October because it seems

1254
00:59:22,849 --> 00:59:20,400
as if the heaviest point of fighting

1255
00:59:27,710 --> 00:59:22,859
doesn't come right at the opposition of

1256
00:59:30,829 --> 00:59:27,720
Mars but about a month afterwards and uh

1257
00:59:32,690 --> 00:59:30,839
I agree with Mr Michelle in that article

1258
00:59:35,690 --> 00:59:32,700
he did for my thought in that respect

1259
00:59:38,390 --> 00:59:35,700
and I have been receiving more reports

1260
00:59:39,770 --> 00:59:38,400
through the mail and uh over here

1261
00:59:43,370 --> 00:59:39,780
starting and so on that's some

1262
00:59:45,349 --> 00:59:43,380
indication of how many have been seen I

1263
00:59:48,589 --> 00:59:45,359

called up the land Stringfield in

1264

00:59:50,690 --> 00:59:48,599

Cincinnati the other night and uh he

1265

00:59:54,230 --> 00:59:50,700

says that these sightings are coming

1266

00:59:58,609 --> 00:59:54,240

into him at a much greater uh greater

1267

01:00:02,270 --> 00:59:58,619

space they tend to have Peaks and no

1268

01:00:04,730 --> 01:00:02,280

points it may be that that after this uh

1269

01:00:06,130 --> 01:00:04,740

this opposition of Mars that they may

1270

01:00:10,130 --> 01:00:06,140

fall off again

1271

01:00:13,250 --> 01:00:10,140

uh can I reveal any significant changes

1272

01:00:16,970 --> 01:00:13,260

in air force speaking in the past year

1273

01:00:21,049 --> 01:00:16,980

uh no I believe such a change would be

1274

01:00:25,730 --> 01:00:21,059

difficult to see uh the Air Force is

1275

01:00:27,890 --> 01:00:25,740

still on the same party line that the

1276

01:00:29,410 --> 01:00:27,900

most of the sightings could be explained

1277

01:00:32,630 --> 01:00:29,420

logically

1278

01:00:34,849 --> 01:00:32,640

however they will not go out on them and

1279

01:00:37,430 --> 01:00:34,859

say that the saucers are not from space

1280

01:00:41,809 --> 01:00:37,440

they never said that they lay themselves

1281

01:00:44,870 --> 01:00:41,819

a a loophole to get around they say that

1282

01:00:46,430 --> 01:00:44,880

they try to hint that they aren't and

1283

01:00:47,990 --> 01:00:46,440

make us believe they aren't that they

1284

01:00:51,049 --> 01:00:48,000

don't definitely say that they aren't

1285

01:00:53,410 --> 01:00:51,059

and I think if they send on saucers with

1286

01:00:55,549 --> 01:00:53,420

the Air Force has been about the same

1287

01:00:58,730 --> 01:00:55,559

over the years

1288

01:01:02,150 --> 01:00:58,740

uh you're asking if the only people who

1289

01:01:06,109 --> 01:01:02,160

were visited were those who obtained uh

1290

01:01:07,930 --> 01:01:06,119

fragments from UFOs are those not in

1291

01:01:12,470 --> 01:01:07,940

entirely right

1292

01:01:14,569 --> 01:01:12,480

Mr Bender had a fragment of a fireball

1293

01:01:17,390 --> 01:01:14,579

which went to a train board in

1294

01:01:19,670 --> 01:01:17,400

Connecticut before uh matter occurred to

1295

01:01:22,609 --> 01:01:19,680

him however he told us that had nothing

1296

01:01:25,670 --> 01:01:22,619

to do with his troubles

1297

01:01:27,349 --> 01:01:25,680

and there's some other cases uh if there

1298

01:01:31,370 --> 01:01:27,359

are no fragments seemed to have been

1299

01:01:33,650 --> 01:01:31,380

involved but it seems in my mind to to

1300

01:01:36,950 --> 01:01:33,660

be either one of two things they have

1301

01:01:39,950 --> 01:01:36,960

some kind of definite evidence and they

1302

01:01:42,710 --> 01:01:39,960

have a fragment of a UFO or they have

1303

01:01:44,690 --> 01:01:42,720

some other kind of evidence any any

1304

01:01:47,030 --> 01:01:44,700

definite evidence that would surely

1305

01:01:50,030 --> 01:01:47,040

crack this thing open uh whether that's

1306

01:01:52,609 --> 01:01:50,040

a fragment or some other kind of proof

1307

01:01:55,069 --> 01:01:52,619

do you think Georgia county has ever

1308

01:01:56,510 --> 01:01:55,079

been in the state you know uh well

1309

01:01:59,210 --> 01:01:56,520

that's really difficult question to

1310

01:02:02,030 --> 01:01:59,220

answer first of all it's a it's not very

1311

01:02:05,089 --> 01:02:02,040

ethical for one author to comment on the

1312

01:02:06,589 --> 01:02:05,099

work of another uh frankly I don't want

1313

01:02:10,670 --> 01:02:06,599

to believe it and maybe that's a very

1314

01:02:13,069 --> 01:02:10,680

narrow-minded opinion I took but um over

1315

01:02:17,150 --> 01:02:13,079

the years since he's read his first book

1316

01:02:20,150 --> 01:02:17,160

I've I've begun to think that there

1317

01:02:22,370 --> 01:02:20,160

probably is some truth in his books and

1318

01:02:25,789 --> 01:02:22,380

I certainly like the first book better

1319

01:02:27,589 --> 01:02:25,799

than I do the second one and they have

1320

01:02:29,150 --> 01:02:27,599

come to this point and I'm still a

1321

01:02:32,030 --> 01:02:29,160

little confused as to what to believe

1322

01:02:34,789 --> 01:02:32,040

but I believe that Georgia danski does

1323

01:02:38,390 --> 01:02:34,799

have some very important knowledge he

1324

01:02:40,849 --> 01:02:38,400

has had some experiences now whether uh

1325

01:02:43,130 --> 01:02:40,859

in the matter of writing a book that the

1326

01:02:45,650 --> 01:02:43,140

public could understand he may have

1327

01:02:49,670 --> 01:02:45,660

taken some editorial license I don't

1328

01:02:52,190 --> 01:02:49,680

know but adanski is certainly not a man

1329

01:02:54,650 --> 01:02:52,200

to to discount at this time I don't

1330

01:02:57,410 --> 01:02:54,660

think do I think that Bender will ever

1331

01:03:02,089 --> 01:02:57,420

reveal his experiences I don't know

1332

01:03:04,670 --> 01:03:02,099

however uh he didn't tell me that when

1333

01:03:07,250 --> 01:03:04,680

uh and yes he could be all the

1334

01:03:08,930 --> 01:03:07,260

information that I would be the first to

1335

01:03:11,270 --> 01:03:08,940

know I didn't know what his position is

1336

01:03:13,910 --> 01:03:11,280

on it now he did not want me to write a

1337

01:03:15,829 --> 01:03:13,920

book about it and I called him up before

1338

01:03:19,010 --> 01:03:15,839

I read it and he said don't write it but

1339

01:03:21,170 --> 01:03:19,020

I went ahead anyway and did it so uh I

1340

01:03:23,390 --> 01:03:21,180

don't know he said another thing that's

1341

01:03:25,069 --> 01:03:23,400

most interesting he we asked him if the

1342

01:03:27,650 --> 01:03:25,079

when the government would tell the

1343

01:03:29,690 --> 01:03:27,660

people about saucers he said if not

1344

01:03:31,670 --> 01:03:29,700

within the next five months I believe

1345

01:03:33,829 --> 01:03:31,680

four months within the next five years

1346

01:03:35,089 --> 01:03:33,839

well they certainly didn't within the

1347

01:03:38,930 --> 01:03:35,099

next four months

1348

01:03:41,750 --> 01:03:38,940

about five years would take us to 57 and

1349

01:03:45,170 --> 01:03:41,760

1957 is the international geophysical

1350

01:03:47,630 --> 01:03:45,180

year as you know when we will have a set

1351

01:03:50,450 --> 01:03:47,640

of satellite up when uh people will be

1352

01:03:53,510 --> 01:03:50,460

greatly cautious of space travel perhaps

1353

01:03:57,049 --> 01:03:53,520

Bender knew about that being involved in

1354

01:03:58,789 --> 01:03:57,059

some rocket societies and that that was

1355

01:04:02,030 --> 01:03:58,799

the reason he said in about five years

1356

01:04:05,329 --> 01:04:02,040

maybe he felt that in 1957 would be a

1357

01:04:09,049 --> 01:04:05,339

good time for the government to tell the

1358

01:04:12,530 --> 01:04:09,059

people about anyway in 1857 promises to

1359

01:04:14,809 --> 01:04:12,540

be a most interesting year for us how do

1360

01:04:16,490 --> 01:04:14,819

I think the Marshall monster Compares

1361

01:04:20,030 --> 01:04:16,500

with the Five Points monster and why do

1362

01:04:22,490 --> 01:04:20,040

I think of it I tend to believe that it

1363

01:04:24,890 --> 01:04:22,500

did happen based upon the people I have

1364

01:04:26,569 --> 01:04:24,900

talked to who have investigated it I

1365

01:04:29,210 --> 01:04:26,579

have not had an opportunity to go there

1366

01:04:33,170 --> 01:04:29,220

and talk to the people myself there were

1367

01:04:35,030 --> 01:04:33,180

some very similar uh things about if

1368

01:04:37,130 --> 01:04:35,040

you'll get my briefcases down there

1369

01:04:38,809 --> 01:04:37,140

maybe I can remember this the little one

1370

01:04:40,549 --> 01:04:38,819

the little one I have a newspaper

1371

01:04:43,190 --> 01:04:40,559

account someone read a story there about

1372

01:04:45,589 --> 01:04:43,200

it and maybe I can I just read you

1373

01:04:47,809 --> 01:04:45,599

something on that which which I thought

1374

01:04:49,250 --> 01:04:47,819

was interesting because it did sound

1375

01:04:51,349 --> 01:04:49,260

similar

1376

01:04:53,030 --> 01:04:51,359

looking at that this morning in fact I

1377

01:04:55,190 --> 01:04:53,040

was trying to get a hold of Sid Taylor

1378

01:04:57,530 --> 01:04:55,200

who wrote the story for the paper but I

1379

01:04:58,370 --> 01:04:57,540

found out that he is not with the paper

1380

01:05:00,710 --> 01:04:58,380

now

1381

01:05:05,030 --> 01:05:00,720

this is interesting and there was an

1382

01:05:09,109 --> 01:05:05,040

odor about the monster at Marshall uh

1383

01:05:10,970 --> 01:05:09,119

the boys uh described it in various ways

1384

01:05:14,089 --> 01:05:10,980

in this newspaper story they said it was

1385

01:05:16,069 --> 01:05:14,099

Mike gasoline and uh they described it

1386

01:05:18,770 --> 01:05:16,079

somebody else to another person but the

1387

01:05:20,510 --> 01:05:18,780

way it turns out is that they did smell

1388

01:05:23,210 --> 01:05:20,520

some odor which is a little hard to

1389

01:05:26,150 --> 01:05:23,220

explain another thing is the strangeness

1390

01:05:28,549 --> 01:05:26,160

of its walk uh one of the boys was asked

1391

01:05:31,250 --> 01:05:28,559

to describe the monsters were quote it

1392

01:05:33,530 --> 01:05:31,260

took big long stride Herman said

1393

01:05:35,270 --> 01:05:33,540

what did the car what did the monster do

1394

01:05:38,030 --> 01:05:35,280

when the car lights headed it took the

1395

01:05:39,950 --> 01:05:38,040

strides faster he reported asked to

1396

01:05:42,650 --> 01:05:39,960

demonstrate how it walked he took a step

1397

01:05:44,630 --> 01:05:42,660

and stopped turned around and smiled and

1398

01:05:47,630 --> 01:05:44,640

said he couldn't he couldn't because

1399

01:05:49,789 --> 01:05:47,640

Claudia didn't walk like a man that is

1400

01:05:52,609 --> 01:05:49,799

it didn't balance as a man has a

1401

01:05:54,770 --> 01:05:52,619

tendency to do when he is running it

1402

01:05:58,490 --> 01:05:54,780

sort of glided now listen to that it

1403

01:06:01,250 --> 01:05:58,500

sort of glided and uh this newspaper

1404

01:06:02,990 --> 01:06:01,260

story is comparing this I sent up the

1405

01:06:05,030 --> 01:06:03,000

seller who wrote the story a copy of the

1406

01:06:08,630 --> 01:06:05,040

book uh he read a previous story to this

1407

01:06:10,730 --> 01:06:08,640

and he's taking this book and he quotes

1408

01:06:13,430 --> 01:06:10,740

me in my interview with a one of the

1409

01:06:15,890 --> 01:06:13,440

boys who saw the Flatwoods Monster

1410

01:06:17,750 --> 01:06:15,900

I asked him to walk around the room now

1411

01:06:19,789 --> 01:06:17,760

this is a boy I'm questioning about the

1412

01:06:21,170 --> 01:06:19,799

front witch monster and where he is

1413

01:06:23,569 --> 01:06:21,180

being interviewed and to imitate the

1414

01:06:26,690 --> 01:06:23,579

movement of the same that was impossible

1415

01:06:29,150 --> 01:06:26,700

he said I couldn't move this it did it

1416

01:06:32,150 --> 01:06:29,160

just moved it didn't work it just moved

1417

01:06:34,130 --> 01:06:32,160

evenly it didn't jump and now here are

1418

01:06:35,750 --> 01:06:34,140

two people trying to describe some sort

1419

01:06:38,390 --> 01:06:35,760

of walk that they've never seen before

1420

01:06:41,089 --> 01:06:38,400

and they end up sort of saying that it's

1421

01:06:42,710 --> 01:06:41,099

kind of Glide if you're afraid so

1422

01:06:44,630 --> 01:06:42,720

there's a similarity

1423

01:06:46,370 --> 01:06:44,640

well I don't have Benny's address with

1424

01:06:48,349 --> 01:06:46,380

me it's a

1425

01:06:51,410 --> 01:06:48,359

I should like to give it out for this

1426

01:06:53,329 --> 01:06:51,420

reason that uh that since this thing has

1427

01:06:55,490 --> 01:06:53,339

happened some people have got to them

1428

01:06:57,109 --> 01:06:55,500

and he says I have annoyed him

1429

01:06:59,270 --> 01:06:57,119

considerably because he just doesn't

1430

01:07:01,309 --> 01:06:59,280

want to talk about it and I wouldn't

1431

01:07:04,250 --> 01:07:01,319

want to be the person who who gave out

1432

01:07:06,349 --> 01:07:04,260

the address and if I did and you went to

1433

01:07:09,170 --> 01:07:06,359

see him he wouldn't uh he wouldn't talk

1434

01:07:12,049 --> 01:07:09,180

to you about it because that's been been

1435

01:07:14,630 --> 01:07:12,059

tried but uh he does live in Bridgeport

1436

01:07:17,930 --> 01:07:14,640

Connecticut and uh is going about a very

1437

01:07:20,630 --> 01:07:17,940

normal existence about two years after

1438

01:07:23,270 --> 01:07:20,640

all of the existence uh occurred he was

1439

01:07:25,990 --> 01:07:23,280

married occasionally I have heard from

1440

01:07:29,510 --> 01:07:26,000

him however he doesn't discuss saucers

1441

01:07:32,210 --> 01:07:29,520

he is an executive of some sort not a

1442

01:07:35,210 --> 01:07:32,220

really big executive but a whole some

1443

01:07:39,109 --> 01:07:35,220

executive position and the Acme Shear

1444

01:07:41,630 --> 01:07:39,119

plant in Bridgeport they make sizzlies

1445

01:07:44,150 --> 01:07:41,640

ordinary scissors as I said he's going

1446

01:07:47,510 --> 01:07:44,160

about his life just as you and I did

1447

01:07:48,829 --> 01:07:47,520

before we take up saucers only only he

1448

01:07:51,109 --> 01:07:48,839

just doesn't want to have anything more

1449

01:07:54,490 --> 01:07:51,119

to do with him so you want to the

1450

01:07:56,809 --> 01:07:54,500

memorial island incident there's uh yes

1451

01:07:58,789 --> 01:07:56,819

that really comes from one of the first

1452

01:08:00,470 --> 01:07:58,799

books and a very interesting one called

1453

01:08:02,390 --> 01:08:00,480

the cunning of the saucers written by

1454

01:08:06,170 --> 01:08:02,400

Kenneth Arnold and published by Ray

1455

01:08:09,650 --> 01:08:06,180

Palmer in Murray Island and at Tacoma

1456

01:08:10,789 --> 01:08:09,660

Washington uh some donuts shaped obvious

1457

01:08:16,249 --> 01:08:10,799

reciting

1458

01:08:18,530 --> 01:08:16,259

uh by two Harbor patrolmen these discs

1459

01:08:20,930 --> 01:08:18,540

are Dennis shaped obviously to be in

1460

01:08:23,990 --> 01:08:20,940

trouble they expelled some sort of

1461

01:08:26,329 --> 01:08:24,000

residue from them which uh with a kind

1462

01:08:28,970 --> 01:08:26,339

of slag which fell all around them and I

1463

01:08:32,030 --> 01:08:28,980

understand killed a dog and injured one

1464

01:08:34,729 --> 01:08:32,040

of the kids that was with them uh after

1465

01:08:37,550 --> 01:08:34,739

that uh Air Force investigators came in

1466

01:08:41,150 --> 01:08:37,560

and checked some of this material and uh

1467

01:08:43,430 --> 01:08:41,160

in their plane and the plane dead crash

1468

01:08:45,769 --> 01:08:43,440

and around in mysterious circumstances

1469

01:08:48,130 --> 01:08:45,779

as they were taking off however I

1470

01:08:51,169 --> 01:08:48,140

understand that there was other residue

1471

01:08:54,709 --> 01:08:51,179

which was preserved and which some

1472

01:08:57,470 --> 01:08:54,719

people still have the project Foster the

1473

01:09:00,249 --> 01:08:57,480

old Air Force Agency for investigating

1474

01:09:04,309 --> 01:09:00,259

saucers uh poo poo the idea considerably

1475

01:09:06,590 --> 01:09:04,319

they said they had exposed the the Maury

1476

01:09:10,849 --> 01:09:06,600

Allen thing as a hoax

1477

01:09:13,789 --> 01:09:10,859

and these were only slag these fragments

1478

01:09:16,970 --> 01:09:13,799

in the repelled book he says that it was

1479

01:09:18,709 --> 01:09:16,980

a hoax I report something about that in

1480

01:09:20,390 --> 01:09:18,719

my book incidentally I think it was very

1481

01:09:22,610 --> 01:09:20,400

interesting and I certainly am not

1482

01:09:25,910 --> 01:09:22,620

saying there's lots of hoax until I have

1483

01:09:29,769 --> 01:09:25,920

some done that uh proof that it was but

1484

01:09:33,229 --> 01:09:29,779

can be said and on about the fireballs

1485

01:09:35,689 --> 01:09:33,239

you're probably most of you thinking

1486

01:09:38,950 --> 01:09:35,699

about the green balls of the Southwest

1487

01:09:41,749 --> 01:09:38,960

which uh Dr Lapeer but believed has

1488

01:09:45,550 --> 01:09:41,759

investigated that is one of the most

1489

01:09:49,669 --> 01:09:45,560

programming cases of UFOs on record

1490

01:09:52,610 --> 01:09:49,679

the things are seen traveling at Great

1491

01:09:55,430 --> 01:09:52,620

rates of speed and then exploding where

1492

01:09:58,250 --> 01:09:55,440

the tremendous Splash how however no

1493

01:10:02,390 --> 01:09:58,260

noise is heard if those were real

1494

01:10:04,310 --> 01:10:02,400

meteors such as Dr lepair you certainly

1495

01:10:06,890 --> 01:10:04,320

would hear them because they would sound

1496

01:10:10,310 --> 01:10:06,900

as loud as a freight train and neither

1497

01:10:12,890 --> 01:10:10,320

as I understand or have any fragments

1498

01:10:14,990 --> 01:10:12,900

that have been found but I would assume

1499

01:10:17,630 --> 01:10:15,000

that those projects are highly

1500

01:10:20,810 --> 01:10:17,640

classified and that if something was

1501

01:10:23,630 --> 01:10:20,820

found it would be secret do I still

1502

01:10:24,530 --> 01:10:23,640

finding saucers are lurking in our outer

1503

01:10:27,470 --> 01:10:24,540

space

1504

01:10:29,270 --> 01:10:27,480

uh but that do you mean possibly an

1505

01:10:33,350 --> 01:10:29,280

error uh just about our atmosphere

1506

01:10:34,550 --> 01:10:33,360

around our Earth yes I certainly think

1507

01:10:36,770 --> 01:10:34,560

they must

1508

01:10:38,990 --> 01:10:36,780

be around somewhere pretty close and

1509

01:10:42,169 --> 01:10:39,000

then keep around closer we see so many

1510

01:10:46,669 --> 01:10:42,179

of them uh some of the astronomers were

1511

01:10:49,490 --> 01:10:46,679

looking uh recently for satellites

1512

01:10:51,729 --> 01:10:49,500

which some people headed were artificial

1513

01:10:54,770 --> 01:10:51,739

which was circling the earth

1514

01:10:56,689 --> 01:10:54,780

they tried to pass these off as Little

1515

01:10:57,470 --> 01:10:56,699

Moons which they may or may not have

1516

01:11:00,590 --> 01:10:57,480

been

1517

01:11:03,110 --> 01:11:00,600

uh Jeff uh Final Bosses are coming here

1518

01:11:05,270 --> 01:11:03,120

from another planet and if they are

1519

01:11:08,689 --> 01:11:05,280

somehow Limited in

1520

01:11:10,430 --> 01:11:08,699

speed range and so forth it would might

1521

01:11:13,790 --> 01:11:10,440

be logical that they would have

1522

01:11:16,790 --> 01:11:13,800

installed around the earth uh rather

1523

01:11:19,790 --> 01:11:16,800

large space stations or perhaps the

1524

01:11:23,390 --> 01:11:19,800

mother ships that we hear about to

1525

01:11:26,090 --> 01:11:23,400

service these machines and that is very

1526

01:11:28,810 --> 01:11:26,100

interesting to think about and we do

1527

01:11:32,990 --> 01:11:28,820

have some proof that there's something

1528

01:11:34,850 --> 01:11:33,000

out there orbiting the Earth because the

1529

01:11:38,209 --> 01:11:34,860

astronomers have been looking for them

1530

01:11:41,450 --> 01:11:38,219

these games the shaver mystery which it

1531

01:11:43,550 --> 01:11:41,460

causes the most controversy that perhaps

1532

01:11:46,430 --> 01:11:43,560

women shouldn't talk about it in my book

1533

01:11:47,770 --> 01:11:46,440

I'm certainly not saying that I accepted

1534

01:11:50,870 --> 01:11:47,780

100

1535

01:11:53,030 --> 01:11:50,880

I'm just reporting it because it is

1536

01:11:54,410 --> 01:11:53,040

interesting and it seemed to fit in with

1537

01:11:57,770 --> 01:11:54,420

some of the things we were doing at the

1538

01:12:00,250 --> 01:11:57,780

time of the Bender mystery now as far as

1539

01:12:02,689 --> 01:12:00,260

what the D Rose look like shaver

1540

01:12:07,070 --> 01:12:02,699

explained that they look something like

1541

01:12:10,490 --> 01:12:07,080

people but um but very uh degenerate

1542

01:12:13,250 --> 01:12:10,500

looking people uh something uh maybe

1543

01:12:16,370 --> 01:12:13,260

like the witch's uh pictured as looking

1544

01:12:19,189 --> 01:12:16,380

maybe a bit uh Haggard and dried up

1545

01:12:20,209 --> 01:12:19,199

looking very evil looking and that sort

1546

01:12:23,990 --> 01:12:20,219

of thing

1547

01:12:26,290 --> 01:12:24,000

uh you're asking uh these monsters which

1548

01:12:30,530 --> 01:12:26,300

we have talked about can they be robots

1549

01:12:33,229 --> 01:12:30,540

but down here by the saucer people to

1550

01:12:36,470 --> 01:12:33,239

investigate things such as fault mines

1551

01:12:38,510 --> 01:12:36,480

or trying to help us in some way in

1552

01:12:41,450 --> 01:12:38,520

other words uh coming into parallel

1553

01:12:43,729 --> 01:12:41,460

territory where the actual people exists

1554

01:12:47,750 --> 01:12:43,739

would not like to come but instead they

1555

01:12:51,290 --> 01:12:47,760

may send some robot or a man like robot

1556

01:12:55,090 --> 01:12:51,300

down here to uh to find out now I think

1557

01:12:57,950 --> 01:12:55,100

that's logical uh the Redwood monster

1558

01:13:00,709 --> 01:12:57,960

and start being out in the book does

1559

01:13:02,990 --> 01:13:00,719

sound something like a robot it looks

1560

01:13:04,130 --> 01:13:03,000

like our conception of one at least to

1561

01:13:07,130 --> 01:13:04,140

some degree

1562

01:13:09,350 --> 01:13:07,140

and uh oh it there's some of those

1563

01:13:11,870 --> 01:13:09,360

monsters which is so terrifying to us

1564

01:13:15,770 --> 01:13:11,880

simply could be maybe some ordinary

1565

01:13:18,290 --> 01:13:15,780

looking uh creature in a spacesuit which

1566

01:13:19,729 --> 01:13:18,300

might look pretty spooky to us it's

1567

01:13:23,410 --> 01:13:19,739

pretty logical

1568

01:13:25,669 --> 01:13:23,420

but they might spend down a mechanical

1569

01:13:29,030 --> 01:13:25,679

contrivance of some kind that could get

1570

01:13:31,250 --> 01:13:29,040

around like a man and collect some of

1571

01:13:33,770 --> 01:13:31,260

this information which they surely would

1572

01:13:35,689 --> 01:13:33,780

be able to do and send back their radio

1573

01:13:38,330 --> 01:13:35,699

to a ship

1574

01:13:39,830 --> 01:13:38,340

I believe that all the time we have

1575

01:13:48,189 --> 01:13:39,840

thank you very much I wish I could

1576

01:13:54,229 --> 01:13:50,810

thank you all folks for coming here

1577

01:13:57,050 --> 01:13:54,239

tonight and uh participating in this
