

UFO researcher Jessup remains a big mystery

1
00:00:07,490 --> 00:00:06,050
I've been wanting to have a visit with

2
00:00:09,830 --> 00:00:07,500
you for a long time

3
00:00:12,890 --> 00:00:09,840
I hear back from Mexico

4
00:00:15,350 --> 00:00:12,900
yes I've been back about six weeks

5
00:00:17,689 --> 00:00:15,360
I had a very interesting trip down there

6
00:00:21,849 --> 00:00:17,699
I was able to work with the Mexican

7
00:00:24,769 --> 00:00:21,859
Government and had access to a million

8
00:00:26,330 --> 00:00:24,779
photographs taken from the air over

9
00:00:29,630 --> 00:00:26,340
Mexico

10
00:00:32,110 --> 00:00:29,640
and from these I have been able to find

11
00:00:36,490 --> 00:00:32,120
at least 15

12
00:00:39,770 --> 00:00:36,500
of what I call extraterrestrial craters

13
00:00:41,990 --> 00:00:39,780

and possibly a number of other ones

14

00:00:45,170 --> 00:00:42,000

although the other ones are

15

00:00:47,510 --> 00:00:45,180

too small to verify from photographs

16

00:00:50,810 --> 00:00:47,520

taken at high altitudes

17

00:00:54,049 --> 00:00:50,820

the ones which I have been able to study

18

00:00:56,750 --> 00:00:54,059

in detail are very large

19

00:00:59,630 --> 00:00:56,760

the biggest one being about a mile and a

20

00:01:02,770 --> 00:00:59,640

half across and the smallest one about

21

00:01:06,469 --> 00:01:02,780

the you know six to eight hundred yards

22

00:01:09,770 --> 00:01:06,479

I'm quite convinced that this group of

23

00:01:12,830 --> 00:01:09,780

craters was made by something arriving

24

00:01:16,370 --> 00:01:12,840

on Earth from space and since the

25

00:01:19,310 --> 00:01:16,380

geologists tell me that they may not

26

00:01:22,130 --> 00:01:19,320

have been made by meteors

27

00:01:23,870 --> 00:01:22,140

to look for other causes as well as

28

00:01:26,929 --> 00:01:23,880

players

29

00:01:29,749 --> 00:01:26,939

it's my opinion that

30

00:01:32,570 --> 00:01:29,759

these craters were made at the time when

31

00:01:36,350 --> 00:01:32,580

the continent of Atlantis was destroyed

32

00:01:40,730 --> 00:01:36,360

and that the entire Caribbean Sea and

33

00:01:44,090 --> 00:01:40,740

Gulf of Mexico area results from an

34

00:01:46,609 --> 00:01:44,100

impact of exhibits large

35

00:01:49,910 --> 00:01:46,619

group of objects from space or from a

36

00:01:53,450 --> 00:01:49,920

comet and that this physical evidence

37

00:01:55,330 --> 00:01:53,460

which I am uncovering in and near Mexico

38

00:01:58,810 --> 00:01:55,340

and around the

39

00:02:01,969 --> 00:01:58,820

Caribbean Gulf of Mexico area

40

00:02:06,050 --> 00:02:01,979

represents the the physical

41

00:02:10,309 --> 00:02:06,060

free and results of the cataclysm which

42

00:02:11,809 --> 00:02:10,319

uh Emmanuel velikovski has outlined in

43

00:02:14,630 --> 00:02:11,819

this three books

44

00:02:16,610 --> 00:02:14,640

well didn't I hear you say once that you

45

00:02:18,290 --> 00:02:16,620

thought there was some similarity or

46

00:02:21,110 --> 00:02:18,300

relationship between

47

00:02:24,229 --> 00:02:21,120

those and the type of thing that's

48

00:02:26,570 --> 00:02:24,239

visible on the moon the craters is I can

49

00:02:29,449 --> 00:02:26,580

make out these craters in Mexico are

50

00:02:32,270 --> 00:02:29,459

identical and appearance with the

51
00:02:34,190 --> 00:02:32,280
smaller craters which are just barely

52
00:02:36,410 --> 00:02:34,200
within the limits of small telescopes

53
00:02:40,430 --> 00:02:36,420
which are seen with large telescopes

54
00:02:44,030 --> 00:02:40,440
there are many many thousands of craters

55
00:02:46,970 --> 00:02:44,040
on the moon that range in size from a

56
00:02:51,229 --> 00:02:46,980
half a mile to five or ten miles in

57
00:02:54,170 --> 00:02:51,239
diameter and these craters are you might

58
00:02:57,710 --> 00:02:54,180
say laboratory specimens of what exists

59
00:03:00,009 --> 00:02:57,720
on the moon not only that but a large

60
00:03:02,930 --> 00:03:00,019
number of them are in

61
00:03:05,869 --> 00:03:02,940
geographical areas in Mexico which look

62
00:03:07,309 --> 00:03:05,879
just like the areas on the moon or these

63
00:03:11,170 --> 00:03:07,319

little craters appear

64

00:03:15,110 --> 00:03:11,180
and makes an environmentally

65

00:03:17,350 --> 00:03:15,120
surroundings exactly of the same nature

66

00:03:20,390 --> 00:03:17,360
as those on the moon including the

67

00:03:23,809 --> 00:03:20,400
desert or semi desert

68

00:03:26,750 --> 00:03:23,819
conditions so that they the critters

69

00:03:29,089 --> 00:03:26,760
could be associated with as long as

70

00:03:31,729 --> 00:03:29,099
Traders one way or another well where

71

00:03:33,830 --> 00:03:31,739
did I hear that hint that these craters

72

00:03:37,149 --> 00:03:33,840
might possibly be some kind of hangers

73

00:03:40,789 --> 00:03:37,159
for flying sausages

74

00:03:43,089 --> 00:03:40,799
it could be I have considered that I

75

00:03:45,649 --> 00:03:43,099
haven't found any conclusive evidence

76

00:03:48,229 --> 00:03:45,659

for anything like that but on the other

77

00:03:50,990 --> 00:03:48,239

hand I have not had much time to spend

78

00:03:52,990 --> 00:03:51,000

in the field certainly they are not

79

00:03:55,670 --> 00:03:53,000

being used for that purpose at present

80

00:03:58,789 --> 00:03:55,680

because there are people all around them

81

00:04:00,949 --> 00:03:58,799

and right anything like that was going

82

00:04:03,170 --> 00:04:00,959

on it would be known that there are

83

00:04:05,270 --> 00:04:03,180

rumors that the craters down on the

84

00:04:07,430 --> 00:04:05,280

border of Guatemala and Mexico are being

85

00:04:11,089 --> 00:04:07,440

used to that purpose and I think Wilkins

86

00:04:12,229 --> 00:04:11,099

has reported that in one of his books oh

87

00:04:15,649 --> 00:04:12,239

yeah

88

00:04:19,129 --> 00:04:15,659

well I am I've got your new book today

89

00:04:22,370 --> 00:04:19,139

about the UFO in the Bible well that's

90

00:04:24,710 --> 00:04:22,380

just the curtainizer to problem of you as

91

00:04:26,870 --> 00:04:24,720

a whole in the Bible I've had time to

92

00:04:28,610 --> 00:04:26,880

read only the introduction and I think

93

00:04:30,409 --> 00:04:28,620

that is beautifully written if the rest

94

00:04:31,610 --> 00:04:30,419

of it is like that it's going to be

95

00:04:34,490 --> 00:04:31,620

really worthwhile

96

00:04:37,070 --> 00:04:34,500

for the rest of it is more Analytical in

97

00:04:41,450 --> 00:04:37,080

the introduction it was very difficult

98

00:04:44,210 --> 00:04:41,460

to present problem of such magnitude or

99

00:04:46,370 --> 00:04:44,220

even to outline a problem of such

100

00:04:50,210 --> 00:04:46,380

magnitude in a short little book like

101
00:04:53,090 --> 00:04:50,220
this in fact this book was written as a

102
00:04:55,670 --> 00:04:53,100
chapter in the expanding case for the

103
00:04:57,770 --> 00:04:55,680
UFO horse will be out probably in

104
00:05:00,170 --> 00:04:57,780
September or October

105
00:05:02,510 --> 00:05:00,180
but the Publishers liked the little

106
00:05:05,270 --> 00:05:02,520
story about The Bible so well that they

107
00:05:07,490 --> 00:05:05,280
decided they would just lift it out and

108
00:05:10,370 --> 00:05:07,500
make a separate book of it so I wrote

109
00:05:11,510 --> 00:05:10,380
the introductions after they had done

110
00:05:15,850 --> 00:05:11,520
that

111
00:05:21,189 --> 00:05:15,860
actually I have not tried to

112
00:05:23,870 --> 00:05:21,199
cover the so-called classic Bible

113
00:05:25,850 --> 00:05:23,880

references such as ezekiel's wheel for

114

00:05:29,210 --> 00:05:25,860

instance or the

115

00:05:31,550 --> 00:05:29,220

taking of Elijah to heaven and a private

116

00:05:34,969 --> 00:05:31,560

Chariot or whatever it may have been

117

00:05:38,930 --> 00:05:34,979

but I have tried more to uh

118

00:05:42,890 --> 00:05:38,940

I have to take a philosophical View and

119

00:05:48,170 --> 00:05:42,900

to interpret the spirit of what the

120

00:05:51,409 --> 00:05:48,180

Bible has to convey to us rather to set

121

00:05:52,730 --> 00:05:51,419

the stage for what which is to come

122

00:05:56,230 --> 00:05:52,740

I have

123

00:05:58,689 --> 00:05:56,240

selected as text if I may use the

124

00:06:02,330 --> 00:05:58,699

preacher's term

125

00:06:03,230 --> 00:06:02,340

the selected the 13th chapter of Saint

126
00:06:06,409 --> 00:06:03,240
Mark

127
00:06:10,610 --> 00:06:06,419
it would seemed to me to cover in a very

128
00:06:14,629 --> 00:06:10,620
brief form uh almost all

129
00:06:16,730 --> 00:06:14,639
possible phases of UFO and space life

130
00:06:19,790 --> 00:06:16,740
activity

131
00:06:22,570 --> 00:06:19,800
and I view this as a cross-section and

132
00:06:24,590 --> 00:06:22,580
just as a sort of a preparation for

133
00:06:26,390 --> 00:06:24,600
other work

134
00:06:29,150 --> 00:06:26,400
in fact I'm not

135
00:06:32,090 --> 00:06:29,160
continuing the world right now how many

136
00:06:34,670 --> 00:06:32,100
more books did you say are in the office

137
00:06:37,370 --> 00:06:34,680
I would say that three more books on the

138
00:06:40,090 --> 00:06:37,380

Bible is the minimum in which I can

139

00:06:43,610 --> 00:06:40,100

cover all of the

140

00:06:45,529 --> 00:06:43,620

UFO material which I see in the Bible

141

00:06:49,070 --> 00:06:45,539

as I'm reading it today

142

00:06:52,790 --> 00:06:49,080

and the UFO annual is that coming out

143

00:06:55,129 --> 00:06:52,800

again have we not sure Citadel told me

144

00:06:58,249 --> 00:06:55,139

to go ahead collecting material I just

145

00:07:01,550 --> 00:06:58,259

heard Drummond this past week this week

146

00:07:04,129 --> 00:07:01,560

that there certainly will be another

147

00:07:05,749 --> 00:07:04,139

uh volume of this kind they're not sure

148

00:07:08,629 --> 00:07:05,759

whether they want to make it an annual

149

00:07:10,550 --> 00:07:08,639

or biennial but uh has to make anything

150

00:07:12,469 --> 00:07:10,560

I feel sure it would be an annual

151
00:07:14,689 --> 00:07:12,479
because by annual doesn't make any sense

152
00:07:16,790 --> 00:07:14,699
at all it's not current enough

153
00:07:18,710 --> 00:07:16,800
well this is practically your life What

154
00:07:22,490 --> 00:07:18,720
Now isn't it well I'm not doing anything

155
00:07:25,370 --> 00:07:22,500
else at the moment

156
00:07:27,230 --> 00:07:25,380
well the subject owns us it's it's so so

157
00:07:29,990 --> 00:07:27,240
much bigger than we are I don't blame

158
00:07:32,629 --> 00:07:30,000
you well that's certainly the truth this

159
00:07:36,850 --> 00:07:32,639
the subject takes hold of you and

160
00:07:40,550 --> 00:07:36,860
and basically become a slave yeah

161
00:07:44,629 --> 00:07:40,560
it's a little hard to explain but once

162
00:07:46,670 --> 00:07:44,639
you get into it you recognize the length

163
00:07:49,490 --> 00:07:46,680

of the breadth and the depth of it to a

164

00:07:51,830 --> 00:07:49,500

point where it is not only amazing but

165

00:07:53,990 --> 00:07:51,840

perhaps a falling as well

166

00:07:55,550 --> 00:07:54,000

I was interested in your view where we

167

00:07:58,189 --> 00:07:55,560

were talking about a little while ago

168

00:08:00,830 --> 00:07:58,199

and it is philosophical picture

169

00:08:02,990 --> 00:08:00,840

it's uh it wasn't too bright the way you

170

00:08:09,850 --> 00:08:03,000

put it but I guess we can all agree that

171

00:08:16,070 --> 00:08:12,110

we can agree on

172

00:08:17,029 --> 00:08:16,080

whether A New Concept will straighten it

173

00:08:19,550 --> 00:08:17,039

out

174

00:08:22,550 --> 00:08:19,560

or not I don't know I have a friend that

175

00:08:25,070 --> 00:08:22,560

I correspond with in Arizona who says

176

00:08:27,589 --> 00:08:25,080

it's already too late that the human

177

00:08:29,749 --> 00:08:27,599

race is beyond saving I think that

178

00:08:32,389 --> 00:08:29,759

there's a little bit on the pessimistic

179

00:08:36,230 --> 00:08:34,730

and if I didn't think it was as much I

180

00:08:38,389 --> 00:08:36,240

don't think I would waste waste time

181

00:08:40,730 --> 00:08:38,399

writing books because it wouldn't be

182

00:08:42,610 --> 00:08:40,740

worth the effort well sometimes I'm

183

00:08:45,530 --> 00:08:42,620

overwhelmed at what

184

00:08:47,870 --> 00:08:45,540

lamb has gone through science and the

185

00:08:50,509 --> 00:08:47,880

terrific accomplishments there's just

186

00:08:52,070 --> 00:08:50,519

some something there about a moral

187

00:08:55,370 --> 00:08:52,080

nature that doesn't get straightened out

188

00:08:58,070 --> 00:08:55,380

and I wonder if this new new dimension

189

00:09:00,949 --> 00:08:58,080

that we're facing whatever it is

190

00:09:03,710 --> 00:09:00,959

will uh perhaps be a means of getting us

191

00:09:06,949 --> 00:09:03,720

in Balance again I think there is a

192

00:09:10,370 --> 00:09:06,959

possibility of exactly that

193

00:09:12,949 --> 00:09:10,380

certainly is true that also the 20th

194

00:09:15,290 --> 00:09:12,959

century and perhaps slightly before the

195

00:09:18,050 --> 00:09:15,300

beginning of the 20th century the

196

00:09:21,290 --> 00:09:18,060

science has been running ahead of the

197

00:09:24,350 --> 00:09:21,300

man in the street and in the past

198

00:09:26,570 --> 00:09:24,360

I want to say the past 30 years the Gap

199

00:09:29,210 --> 00:09:26,580

has been widening

200

00:09:31,610 --> 00:09:29,220

but seriously and in the past 10 years

201
00:09:34,130 --> 00:09:31,620
they've been widening at a very alarming

202
00:09:37,730 --> 00:09:34,140
rate because it's been said that Isaac

203
00:09:39,949 --> 00:09:37,740
Newton was the last human being who

204
00:09:45,050 --> 00:09:39,959
would ever know all the science of his

205
00:09:47,930 --> 00:09:45,060
time and that was probably a true but

206
00:09:51,230 --> 00:09:47,940
I don't know hardly what can be done

207
00:09:55,250 --> 00:09:51,240
about it it seems that once if you try

208
00:09:57,170 --> 00:09:55,260
to talk about slowing science up uh

209
00:09:59,750 --> 00:09:57,180
immediately everybody screams that

210
00:10:01,790 --> 00:09:59,760
you're impeding progress and maybe

211
00:10:05,269 --> 00:10:01,800
they're right and I think sometimes with

212
00:10:07,910 --> 00:10:05,279
Computing change with progress and don't

213
00:10:09,829 --> 00:10:07,920

actually know that we aren't truly

214

00:10:11,090 --> 00:10:09,839

progressing it's certainly true that

215

00:10:14,389 --> 00:10:11,100

science

216

00:10:18,410 --> 00:10:14,399

has to set up a vast

217

00:10:19,630 --> 00:10:18,420

framework of the material or purely

218

00:10:23,090 --> 00:10:19,640

mechanical

219

00:10:24,949 --> 00:10:23,100

phases of the world we live in and as

220

00:10:25,990 --> 00:10:24,959

far as science has gone it has pretty

221

00:10:30,290 --> 00:10:26,000

much

222

00:10:35,690 --> 00:10:30,300

proved its points and and Consolidated

223

00:10:38,449 --> 00:10:35,700

its gains but science is just as bigoted

224

00:10:42,710 --> 00:10:38,459

today and just as arrogant as the church

225

00:10:45,050 --> 00:10:42,720

was in the dark and Middle Ages and for

226

00:10:48,310 --> 00:10:45,060

the church overlooked

227

00:10:52,130 --> 00:10:48,320

what most of us consider to be reality

228

00:10:55,730 --> 00:10:52,140

science is in turn overlooking all of

229

00:10:58,850 --> 00:10:55,740

the Emilio of the spiritual values and I

230

00:11:01,490 --> 00:10:58,860

think both of them have missed both what

231

00:11:04,910 --> 00:11:01,500

we need is a great synthesis I think

232

00:11:07,250 --> 00:11:04,920

that is exactly right and I'm writing

233

00:11:10,069 --> 00:11:07,260

these books about the Bible precisely

234

00:11:12,350 --> 00:11:10,079

that in mind that we should perhaps

235

00:11:14,569 --> 00:11:12,360

start another school of thought

236

00:11:17,630 --> 00:11:14,579

which will consolidate

237

00:11:19,970 --> 00:11:17,640

but both religion and science have given

238

00:11:22,190 --> 00:11:19,980

us from the past

239

00:11:25,850 --> 00:11:22,200

we don't do something like and do it

240

00:11:28,730 --> 00:11:25,860

very very quickly but the human race is

241

00:11:30,710 --> 00:11:28,740

just going to fall apart

242

00:11:34,370 --> 00:11:30,720

for lack of death

243

00:11:40,130 --> 00:11:37,009

I'm sure we can't stop science but the

244

00:11:42,350 --> 00:11:40,140

momentum is going too fast but it's uh

245

00:11:45,370 --> 00:11:42,360

puts a great responsibility on the few

246

00:11:48,230 --> 00:11:45,380

to have vision and who have a

247

00:11:50,930 --> 00:11:48,240

synthesizing view of this thing

248

00:11:53,810 --> 00:11:50,940

try to get it in line

249

00:11:55,850 --> 00:11:53,820

I think your your books are going to

250

00:11:57,710 --> 00:11:55,860

play a big part in this because I know

251
00:11:59,930 --> 00:11:57,720
how sincere you are and I also have to

252
00:12:02,829 --> 00:11:59,940
know that you're what I call a warmly

253
00:12:07,009 --> 00:12:05,569
and that being a real astronomer too

254
00:12:08,509 --> 00:12:07,019
there's not only too many of those in

255
00:12:10,310 --> 00:12:08,519
this field

256
00:12:11,870 --> 00:12:10,320
I know there aren't any other ones in

257
00:12:14,269 --> 00:12:11,880
the field except Mansell and there's

258
00:12:17,470 --> 00:12:14,279
anything completely negative way so yeah

259
00:12:20,389 --> 00:12:17,480
somebody's got to get in and and offset

260
00:12:23,269 --> 00:12:20,399
and what team has to say on the subject

261
00:12:25,670 --> 00:12:23,279
yeah I was gonna keep on being lopsided

262
00:12:28,250 --> 00:12:25,680
in the matter Mr Jeff I'd like to ask

263
00:12:31,970 --> 00:12:28,260

you a few questions okay getting back to

264

00:12:35,210 --> 00:12:31,980

your current uh research on the UFO in

265

00:12:36,829 --> 00:12:35,220

the Bible uh rough figures just about

266

00:12:39,230 --> 00:12:36,839

how many references would you say exist

267

00:12:43,430 --> 00:12:39,240

in the King James version of the

268

00:12:45,889 --> 00:12:43,440

Christian Bible today so I haven't made

269

00:12:49,009 --> 00:12:45,899

an analytical study all the way through

270

00:12:53,329 --> 00:12:49,019

the Bible yet I have friends covered in

271

00:12:56,449 --> 00:12:53,339

an intense way so far the

272

00:12:58,430 --> 00:12:56,459

Five Books of Moses and

273

00:13:01,670 --> 00:12:58,440

just in this part of the Bible there

274

00:13:05,650 --> 00:13:01,680

certainly are hundreds of either direct

275

00:13:08,870 --> 00:13:05,660

or indirect references to a UFO or

276

00:13:11,090 --> 00:13:08,880

related phenomena

277

00:13:12,829 --> 00:13:11,100

I wouldn't want to be quoted on how many

278

00:13:14,690 --> 00:13:12,839

they actually are in the Bible because

279

00:13:17,389 --> 00:13:14,700

they're sure that I am quoted somebody

280

00:13:20,329 --> 00:13:17,399

will go out and count them and his

281

00:13:22,550 --> 00:13:20,339

interpretation of what the UFO reference

282

00:13:24,889 --> 00:13:22,560

will differ from mine until all about

283

00:13:26,590 --> 00:13:24,899

the Bible and I do perhaps and so with

284

00:13:29,870 --> 00:13:26,600

him up with two different things but

285

00:13:31,850 --> 00:13:29,880

certainly directly and indirectly there

286

00:13:34,129 --> 00:13:31,860

must be thousands of literally thousands

287

00:13:36,050 --> 00:13:34,139

with the references in the Bible would

288

00:13:38,030 --> 00:13:36,060

you say that divide equally between the

289

00:13:40,430 --> 00:13:38,040

Old Testament the New Testament does or

290

00:13:43,129 --> 00:13:40,440

do the large amount of fighting scenes

291

00:13:45,050 --> 00:13:43,139

that occur in the Old Testament I don't

292

00:13:47,449 --> 00:13:45,060

think I have

293

00:13:50,030 --> 00:13:47,459

um yet confident to answer that question

294

00:13:52,370 --> 00:13:50,040

quantitatively

295

00:13:53,329 --> 00:13:52,380

from what I have seen of the Old

296

00:13:57,230 --> 00:13:53,339

Testament

297

00:13:59,990 --> 00:13:57,240

the references are just tremendous

298

00:14:03,710 --> 00:14:00,000

I think also the Old Testament being

299

00:14:04,970 --> 00:14:03,720

much longer work that even if you have

300

00:14:07,970 --> 00:14:04,980

the same

301
00:14:10,910 --> 00:14:07,980
number of references per chapter or book

302
00:14:12,710 --> 00:14:10,920
that the weight of it would be in favor

303
00:14:15,590 --> 00:14:12,720
of the Old Testament

304
00:14:17,329 --> 00:14:15,600
and I don't think you'll answer that yes

305
00:14:18,889 --> 00:14:17,339
until I've completed this study and I

306
00:14:19,790 --> 00:14:18,899
think it'll take me a year to complete

307
00:14:22,610 --> 00:14:19,800
it so

308
00:14:25,030 --> 00:14:22,620
for a long time long have you had or do

309
00:14:27,410 --> 00:14:25,040
you anticipate any criticism from

310
00:14:29,810 --> 00:14:27,420
organized theology in any way at all any

311
00:14:31,850 --> 00:14:29,820
criticism of your books and I'm buying a

312
00:14:38,990 --> 00:14:31,860
real estate inside of one of these

313
00:14:42,290 --> 00:14:41,210

the questions about your recent trip to

314

00:14:44,569 --> 00:14:42,300

Mexico

315

00:14:46,490 --> 00:14:44,579

you mentioned something about uh

316

00:14:49,129 --> 00:14:46,500

pictures you had been examining have you

317

00:14:52,129 --> 00:14:49,139

been looking at pictures of actual UFO

318

00:14:54,650 --> 00:14:52,139

phenomena or mostly this was a

319

00:14:56,810 --> 00:14:54,660

connection with the Creator study it was

320

00:14:59,269 --> 00:14:56,820

The Mexican government is very

321

00:15:02,750 --> 00:14:59,279

cooperative and very sympathetic to his

322

00:15:06,110 --> 00:15:02,760

research and then whether it's a UFO or

323

00:15:08,629 --> 00:15:06,120

or any any type of research and the

324

00:15:11,750 --> 00:15:08,639

government to unofficially but very

325

00:15:12,530 --> 00:15:11,760

kindly made available to me a whole room

326

00:15:15,350 --> 00:15:12,540

for

327

00:15:18,170 --> 00:15:15,360

an area of photographs on which I can

328

00:15:20,569 --> 00:15:18,180

search for new examples of the equators

329

00:15:23,689 --> 00:15:20,579

and study there and geographical

330

00:15:26,449 --> 00:15:23,699

location with respect to each other some

331

00:15:28,910 --> 00:15:26,459

of these photographs will undoubtedly in

332

00:15:30,949 --> 00:15:28,920

the long run contribute to a solution of

333

00:15:32,449 --> 00:15:30,959

what caused the craters and how long

334

00:15:35,769 --> 00:15:32,459

they've been there and whether or not

335

00:15:40,670 --> 00:15:35,779

they have any use to us or anything

336

00:15:43,550 --> 00:15:40,680

time I say work is very preliminary and

337

00:15:45,949 --> 00:15:43,560

it was only towards the very end of my

338

00:15:48,829 --> 00:15:45,959

trip that I did succeed in getting this

339

00:15:50,569 --> 00:15:48,839

very kind and cooperation from the

340

00:15:52,610 --> 00:15:50,579

government down there and without

341

00:15:54,889 --> 00:15:52,620

climbed into

342

00:15:56,509 --> 00:15:54,899

a complete a total of eight out of the

343

00:15:59,810 --> 00:15:56,519

15 if I know about

344

00:16:02,389 --> 00:15:59,820

and I personally am thoroughly convinced

345

00:16:05,389 --> 00:16:02,399

from the photographs and from this very

346

00:16:10,150 --> 00:16:05,399

quick field work that they were caused

347

00:16:15,710 --> 00:16:13,790

instead of UFO that that is correct I

348

00:16:19,250 --> 00:16:15,720

did not go to Mexico to

349

00:16:22,550 --> 00:16:19,260

primarily to study UFO I went for two

350

00:16:25,870 --> 00:16:22,560

purposes one was vacation from riding

351
00:16:29,090 --> 00:16:25,880
and all this heavy

352
00:16:32,090 --> 00:16:29,100
pondering and Analysis so for this type

353
00:16:34,850 --> 00:16:32,100
of writing and to get up and they open

354
00:16:36,769 --> 00:16:34,860
and check into my creators which I

355
00:16:39,129 --> 00:16:36,779
hadn't visited for about four years

356
00:16:41,689 --> 00:16:39,139
would you care to make any comment about

357
00:16:43,310 --> 00:16:41,699
UFO activity in Mexico in general any

358
00:16:45,110 --> 00:16:43,320
conversations you might have had down

359
00:16:48,110 --> 00:16:45,120
there indirectly as a result of your

360
00:16:52,009 --> 00:16:48,120
trip I didn't have manic conversations

361
00:16:53,569 --> 00:16:52,019
directly about UFO I found uh I'm

362
00:16:56,569 --> 00:16:53,579
talking with three or four different

363
00:16:58,670 --> 00:16:56,579

people that the officials of the Mexican

364

00:17:01,610 --> 00:16:58,680

Government are very much concerned about

365

00:17:04,549 --> 00:17:01,620

this problem and much more willing to

366

00:17:07,250 --> 00:17:04,559

talk about it than the officials of some

367

00:17:09,650 --> 00:17:07,260

other governments that one last name

368

00:17:13,610 --> 00:17:09,660

and the snow ciphers are much more

369

00:17:15,409 --> 00:17:13,620

open-minded I found the staff of La

370

00:17:18,829 --> 00:17:15,419

Panther for instance the largest

371

00:17:22,010 --> 00:17:18,839

circulation newspaper in Mexico to be

372

00:17:24,350 --> 00:17:22,020

intensely interested in this problem and

373

00:17:28,630 --> 00:17:24,360

as soon as they knew of my interest in

374

00:17:31,370 --> 00:17:28,640

Mexico and craters and then the UFO

375

00:17:32,930 --> 00:17:31,380

I was dragged around through this big

376

00:17:34,789 --> 00:17:32,940

building and introduced from to

377

00:17:39,590 --> 00:17:34,799

everybody from the elevator probably on

378

00:17:42,409 --> 00:17:39,600

up to the owner in the managing editor I

379

00:17:45,590 --> 00:17:42,419

might say also that Clemente has bought

380

00:17:48,590 --> 00:17:45,600

the Mexican rights for the case for the

381

00:17:52,430 --> 00:17:48,600

UFO and I saw the Spanish translation

382

00:17:55,370 --> 00:17:52,440

also the cover for the book and it

383

00:17:58,750 --> 00:17:55,380

should be of the person Spanish for them

384

00:18:04,850 --> 00:18:01,610

since you have made it quite clear that

385

00:18:07,490 --> 00:18:04,860

most of your activity in Mexico was with

386

00:18:09,289 --> 00:18:07,500

other direct activities than UFO do you

387

00:18:11,330 --> 00:18:09,299

care to say anything in conclusion for

388

00:18:13,730 --> 00:18:11,340

this tape in regards to finance officers

389

00:18:15,650 --> 00:18:13,740

in general all over the world any recent

390

00:18:18,409 --> 00:18:15,660

observations on your part you care to

391

00:18:21,529 --> 00:18:18,419

speaking about I get family of course all

392

00:18:24,110 --> 00:18:21,539

the time and not as much perhaps as some

393

00:18:27,470 --> 00:18:24,120

of the writers are dealing are more in

394

00:18:31,070 --> 00:18:27,480

current sightings but I've been getting

395

00:18:34,130 --> 00:18:31,080

another influx of mail since the annual

396

00:18:38,810 --> 00:18:34,140

came out and while they seems to have

397

00:18:40,970 --> 00:18:38,820

been allowed in sightings this law is

398

00:18:43,669 --> 00:18:40,980

partly due to a lack of reporting

399

00:18:47,090 --> 00:18:43,679

facilities rather than an actual absence

400

00:18:48,110 --> 00:18:47,100

of the UFO activity and I think it's

401
00:18:50,230 --> 00:18:48,120
more

402
00:18:54,230 --> 00:18:50,240
urgent to the than it's ever been before

403
00:18:57,470 --> 00:18:54,240
at a worldwide recording system they set

404
00:19:01,010 --> 00:18:57,480
up and a centralized Clearinghouse the

405
00:19:02,330 --> 00:19:01,020
organized so that if the governments are

406
00:19:03,950 --> 00:19:02,340
going to

407
00:19:06,950 --> 00:19:03,960
put pressure on

408
00:19:09,950 --> 00:19:06,960
your arms near the whole field into a

409
00:19:12,049 --> 00:19:09,960
ridiculous state that those who really

410
00:19:14,090 --> 00:19:12,059
know what's going on can get the

411
00:19:16,730 --> 00:19:14,100
information even my clipping service

412
00:19:18,710 --> 00:19:16,740
doesn't give me complete coverage I

413
00:19:21,529 --> 00:19:18,720

didn't get one single quipping for the

414

00:19:25,669 --> 00:19:21,539

big sightings in Cincinnati last August

415

00:19:28,510 --> 00:19:25,679

from the clipping service and I would

416

00:19:41,650 --> 00:19:28,520

honestly like to see some organization

417

00:19:48,409 --> 00:19:45,650

all right I'd like to see it and if it's

418

00:19:49,850 --> 00:19:48,419

going to be suppressed or discouraged in

419

00:19:52,850 --> 00:19:49,860

this country I'd like to see it set up

420

00:19:55,549 --> 00:19:52,860

in Mexico or before really open-minded

421

00:19:58,250 --> 00:19:55,559

about it well looking so that this

422

00:20:01,789 --> 00:19:58,260

government or England will never tell

423

00:20:03,950 --> 00:20:01,799

but never is a long time I think that we

424

00:20:06,049 --> 00:20:03,960

might smoke them out eventually he says

425

00:20:07,190 --> 00:20:06,059

it's up to up to the civilians oh I

426

00:20:09,770 --> 00:20:07,200

think that's right

427

00:20:12,350 --> 00:20:09,780

well I understand you have acquired the

428

00:20:14,450 --> 00:20:12,360

name of Uncle UFO or something like that

429

00:20:17,450 --> 00:20:14,460

haven't you well

430

00:20:19,730 --> 00:20:17,460

somebody has called me old man UFO but

431

00:20:22,450 --> 00:20:19,740

the man is getting to be a little and

432

00:20:26,150 --> 00:20:22,460

disappeared in the family circles

433

00:20:28,310 --> 00:20:26,160

well anyway I think you hold a very big

434

00:20:30,529 --> 00:20:28,320

place in this research

435

00:20:33,350 --> 00:20:30,539

well I'm trying to supply the background

436

00:20:36,409 --> 00:20:33,360

which will make the work of other people

437

00:20:39,350 --> 00:20:36,419

less radical or less objectionable to

438

00:20:41,210 --> 00:20:39,360

the public in general if I can show that

439

00:20:43,130 --> 00:20:41,220

these sightings with other people are

440

00:20:45,049 --> 00:20:43,140

reporting And discussing and things

441

00:20:47,990 --> 00:20:45,059

particularly the wonderful job that the

442

00:20:52,130 --> 00:20:48,000

major Keyhole has done in bringing the

443

00:20:55,850 --> 00:20:52,140

current activities to the front if I can

444

00:20:57,970 --> 00:20:55,860

supply the virtual background data and

445

00:21:00,650 --> 00:20:57,980

shows not only this whole activity

446

00:21:03,169 --> 00:21:00,660

logical but that it's real and I've been

447

00:21:06,409 --> 00:21:03,179

here for a long time I think I will

448

00:21:09,169 --> 00:21:06,419

observed perhaps uh all the purpose that

449

00:21:11,710 --> 00:21:09,179

one person has any right to well I think

450

00:21:14,390 --> 00:21:11,720

you will have served a big purpose uh

451

00:21:17,090 --> 00:21:14,400

we're all on on this is process of this

452

00:21:18,529 --> 00:21:17,100

thing have you noticed Paradise uh we

453

00:21:20,270 --> 00:21:18,539

all contribute something just a little

454

00:21:23,210 --> 00:21:20,280

different from a great deal more than

455

00:21:26,450 --> 00:21:23,220

others I think Mr kazaya's chart here is

456

00:21:29,330 --> 00:21:26,460

unique certainly is it to be a good

457

00:21:33,110 --> 00:21:29,340

piece of reference work to for any

458

00:21:35,750 --> 00:21:33,120

researcher to have on his wall after all

459

00:21:38,210 --> 00:21:35,760

times well I'm very happy we could have
