

1
00:00:05,809 --> 00:00:03,409
oh first of all we were in a field

2
00:00:08,690 --> 00:00:05,819
hunting for it as downed aircraft and

3
00:00:10,250 --> 00:00:08,700
the first rescue team already found it

4
00:00:11,629 --> 00:00:10,260
radioed into the fire hall gave the

5
00:00:13,070 --> 00:00:11,639
coordinates and it was down in front of

6
00:00:15,289 --> 00:00:13,080
us and we hightailed it out of our

7
00:00:17,570 --> 00:00:15,299
search area went down into there and we

8
00:00:18,950 --> 00:00:17,580
got there expecting a smashed up

9
00:00:20,630 --> 00:00:18,960
airplane

10
00:00:24,109 --> 00:00:20,640
wings

11
00:00:26,390 --> 00:00:24,119
fuselage Etc no such character

12
00:00:28,070 --> 00:00:26,400
came down through the woods and here's

13
00:00:30,109 --> 00:00:28,080

this humongous piece of metal laying

14

00:00:33,549 --> 00:00:30,119

there I mean this thing I've described

15

00:00:36,410 --> 00:00:33,559

time and time again as a very large

16

00:00:38,630 --> 00:00:36,420

Acorn shaped object

17

00:00:40,850 --> 00:00:38,640

the front of it or I presume was the

18

00:00:42,709 --> 00:00:40,860

front of it was pushed down into the

19

00:00:44,330 --> 00:00:42,719

dirt where the way it came in landed

20

00:00:46,430 --> 00:00:44,340

after it took out the top of the trees

21

00:00:49,670 --> 00:00:46,440

and brushed and everything coming in

22

00:00:52,010 --> 00:00:49,680

came back in an oblong shape

23

00:00:53,750 --> 00:00:52,020

right on the bottom was a what I call a

24

00:00:55,610 --> 00:00:53,760

bumper and then the bottom was perfectly

25

00:00:58,729 --> 00:00:55,620

flat no signs of propulsion or anything

26
00:01:00,889 --> 00:00:58,739
there was no doors no windows there was

27
00:01:02,869 --> 00:01:00,899
no ways of getting in this thing at

28
00:01:06,230 --> 00:01:02,879
least none that I seen there was no

29
00:01:07,969 --> 00:01:06,240
seams on it no rivets nothing joining

30
00:01:10,190 --> 00:01:07,979
icing was just bumper around it and had

31
00:01:12,770 --> 00:01:10,200
these real strange markings on it which

32
00:01:16,910 --> 00:01:12,780
I've often referred to as similar to the

33
00:01:20,690 --> 00:01:16,920
ancient uh Egyptian hieroglyphics

34
00:01:23,030 --> 00:01:20,700
so as a volunteer fireman we did what we

35
00:01:25,070 --> 00:01:23,040
were supposed to do fund the crash site

36
00:01:27,050 --> 00:01:25,080
do a preliminary investigation for

37
00:01:28,190 --> 00:01:27,060
survivors and treat anybody which we

38
00:01:29,870 --> 00:01:28,200

didn't because there was none that we

39

00:01:32,330 --> 00:01:29,880

could see there was no way of getting in

40

00:01:34,010 --> 00:01:32,340

this object

41

00:01:36,530 --> 00:01:34,020

the first team had already radioed in

42

00:01:38,090 --> 00:01:36,540

his position were there 10 15 minutes

43

00:01:42,350 --> 00:01:38,100

all talking around doing a preliminary

44

00:01:43,789 --> 00:01:42,360

search wondering what we discovered

45

00:01:45,710 --> 00:01:43,799

Two Gentlemen come down through the

46

00:01:48,170 --> 00:01:45,720

woods trench coats on

47

00:01:50,330 --> 00:01:48,180

ramrod stiff crew cut

48

00:01:52,910 --> 00:01:50,340

all right this is a restricted area

49

00:01:54,590 --> 00:01:52,920

you're now ordered to get at it wait a

50

00:01:56,510 --> 00:01:54,600

minute I'm a civilian

51
00:01:59,090 --> 00:01:56,520
you ain't gonna order me nothing

52
00:02:01,190 --> 00:01:59,100
but as a fireman I'm being relieved from

53
00:02:02,690 --> 00:02:01,200
what I'm doing so I got out of there

54
00:02:05,270 --> 00:02:02,700
we're going out through the woods we

55
00:02:07,850 --> 00:02:05,280
didn't go into more than 15 20 feet and

56
00:02:10,130 --> 00:02:07,860
I know from me to you

57
00:02:12,170 --> 00:02:10,140
here come the military full uniforms

58
00:02:13,430 --> 00:02:12,180
equipment marching right down through

59
00:02:14,510 --> 00:02:13,440
the woods with flashlight this is

60
00:02:16,970 --> 00:02:14,520
December

61
00:02:18,710 --> 00:02:16,980
late in the evening it's cold it's wet

62
00:02:20,690 --> 00:02:18,720
how far away were you from a military

63
00:02:24,530 --> 00:02:20,700

base

64

00:02:25,970 --> 00:02:24,540

Pittsburgh which was approximately 45

65

00:02:28,430 --> 00:02:25,980

miles to the West

66

00:02:30,650 --> 00:02:28,440

So within 15 minutes of your arrival at

67

00:02:32,809 --> 00:02:30,660

the site the military was there you got

68

00:02:34,070 --> 00:02:32,819

it okay all right all right now what did

69

00:02:35,330 --> 00:02:34,080

they say to you after this happened I

70

00:02:37,010 --> 00:02:35,340

mean I know there were several members

71

00:02:38,330 --> 00:02:37,020

of the report I saw in unsolved mystery

72

00:02:40,369 --> 00:02:38,340

several members of the community were

73

00:02:41,690 --> 00:02:40,379

there people right other people are part

74

00:02:43,490 --> 00:02:41,700

of the community were there and present

75

00:02:46,190 --> 00:02:43,500

we're all told to leave

76

00:02:48,170 --> 00:02:46,200

there was no press or media at the

77

00:02:51,350 --> 00:02:48,180

immediate crash site

78

00:02:54,170 --> 00:02:51,360

what I didn't know up on top of the hill

79

00:02:56,270 --> 00:02:54,180

because I come in through the side

80

00:02:58,309 --> 00:02:56,280

the military had taken over a farmhouse

81

00:02:59,869 --> 00:02:58,319

I mean from what I understand military

82

00:03:02,990 --> 00:02:59,879

brass

83

00:03:05,210 --> 00:03:03,000

they took over up there

84

00:03:07,009 --> 00:03:05,220

did all their orders and whatever they

85

00:03:09,050 --> 00:03:07,019

were doing from up there

86

00:03:10,790 --> 00:03:09,060

and that's that's what I presume that

87

00:03:12,470 --> 00:03:10,800

the military who came down through the

88

00:03:14,390 --> 00:03:12,480

woods came from

89
00:03:15,890 --> 00:03:14,400
because when we went out we had to walk

90
00:03:18,649 --> 00:03:15,900
back to the fire hall which was

91
00:03:20,030 --> 00:03:18,659
approximately the way we had to go I'd

92
00:03:21,949 --> 00:03:20,040
say a good mile

93
00:03:24,470 --> 00:03:21,959
but by the time we got back to the fire

94
00:03:26,210 --> 00:03:24,480
hall it was wall-to-wall military I mean

95
00:03:28,369 --> 00:03:26,220
there was trucks and jeeps and cars

96
00:03:29,509 --> 00:03:28,379
there was guards on the door did anybody

97
00:03:31,130 --> 00:03:29,519
say to you I don't want you talking

98
00:03:32,649 --> 00:03:31,140
about this don't say a word about this

99
00:03:35,210 --> 00:03:32,659
or were you

100
00:03:36,110 --> 00:03:35,220
debriefed what they did I mean these

101
00:03:38,750 --> 00:03:36,120
people

102
00:03:41,509 --> 00:03:38,760
virtually told us just to shut up get

103
00:03:43,789 --> 00:03:41,519
your vehicles and be quiet

104
00:03:45,289 --> 00:03:43,799
and you did one of the guys even asked

105
00:03:47,089 --> 00:03:45,299
the guards the door look I got to go to

106
00:03:48,410 --> 00:03:47,099
bathroom now these guys stand there with

107
00:03:49,910 --> 00:03:48,420
weapons

108
00:03:51,170 --> 00:03:49,920
well they were learned not I don't know

109
00:03:52,550 --> 00:03:51,180
in other words brave enough to try to

110
00:03:53,869 --> 00:03:52,560
find out he's I got to go to the

111
00:03:56,570 --> 00:03:53,879
bathroom they said keep those weeds over

112
00:03:58,089 --> 00:03:56,580
there use them well by that time we just

113
00:04:01,369 --> 00:03:58,099

headed for the trucks

114

00:04:03,350 --> 00:04:01,379

I gotta I have a daughter and a son that

115

00:04:05,149 --> 00:04:03,360

both went into the military within the

116

00:04:07,250 --> 00:04:05,159

last two or three years one went into

117

00:04:09,890 --> 00:04:07,260

Marine Corps one win in the U.S Air

118

00:04:11,750 --> 00:04:09,900

Force my daughter come to me from the

119

00:04:13,970 --> 00:04:11,760

United States Marine Corps and she said

120

00:04:15,830 --> 00:04:13,980

dad your name come up on a computer as

121

00:04:18,170 --> 00:04:15,840

my father I had to sign a statement

122

00:04:20,870 --> 00:04:18,180

saying I would never ask a request for

123

00:04:22,670 --> 00:04:20,880

any information from Kecksburg my son

124

00:04:24,710 --> 00:04:22,680

had to sign two states oh about you

125

00:04:25,730 --> 00:04:24,720

about yourself pardon any information

126

00:04:27,530 --> 00:04:25,740

about yourself

127

00:04:28,670 --> 00:04:27,540

you had your daughter had to sign a

128

00:04:30,650 --> 00:04:28,680

paper that said she would not ask for

129

00:04:33,110 --> 00:04:30,660

any information about you not about me

130

00:04:34,790 --> 00:04:33,120

but about you okay you might want to

131

00:04:37,249 --> 00:04:34,800

come up as her father okay but you know

132

00:04:40,249 --> 00:04:37,259

what no wait a minute Montel okay then

133

00:04:42,469 --> 00:04:40,259

my son and the U.S Air Force had to sign

134

00:04:43,909 --> 00:04:42,479

two papers one damn way get to just jump

135

00:04:45,409 --> 00:04:43,919

to the chase because part of the chase

136

00:04:46,550 --> 00:04:45,419

here is the fact that I spent I'm

137

00:04:48,230 --> 00:04:46,560

telling you I had some of the highest

138

00:04:50,330 --> 00:04:48,240

clearances this country has to offer

139

00:04:52,490 --> 00:04:50,340

I've been through files on top of files

140

00:04:54,550 --> 00:04:52,500

on top of files I still ain't seen

141

00:04:57,710 --> 00:04:54,560

nothing yet but did you have period

142

00:04:59,390 --> 00:04:57,720

you didn't have a need to know that's

143

00:05:00,950 --> 00:04:59,400

also not true the Sun goes in the Air

144

00:05:02,689 --> 00:05:00,960

Force and they tell him he can't even

145

00:05:05,390 --> 00:05:02,699

request to go to Wright-Patterson Air

146

00:05:07,310 --> 00:05:05,400

Force Base for Duty because I seen

147

00:05:09,530 --> 00:05:07,320

something and that's where my UFO is

148

00:05:10,850 --> 00:05:09,540

saying maybe maybe I did why women maybe

149

00:05:12,110 --> 00:05:10,860

as MLS was something that they didn't

150

00:05:14,450 --> 00:05:12,120

have a qualification for it right

151

00:05:15,830 --> 00:05:14,460

Patterson has nothing to do with it okay

152

00:05:17,450 --> 00:05:15,840

all right hold on the government is

153

00:05:18,710 --> 00:05:17,460

covering this up they don't want no one

154

00:05:20,570 --> 00:05:18,720

to know they don't want no one to get

155

00:05:22,790 --> 00:05:20,580

access to anything because they're

156

00:05:25,670 --> 00:05:22,800

afraid people will find out the truth
