

1
00:00:06,050 --> 00:00:03,949
in July 1968 a Mr Walter Ritzzy's car

2
00:00:08,330 --> 00:00:06,060
broke down in the Dolomite mountains in

3
00:00:11,209 --> 00:00:08,340
Italy and he recalls it as if it were

4
00:00:16,849 --> 00:00:13,789
I was walking for help and suddenly I

5
00:00:20,269 --> 00:00:16,859
walked into a wall of fog and about 300

6
00:00:23,510 --> 00:00:20,279
meters there was a huge UFO I continued

7
00:00:25,670 --> 00:00:23,520
walking in about 40 to 50 meters to the

8
00:00:27,650 --> 00:00:25,680
right of the UFO there seemed to be an

9
00:00:30,769 --> 00:00:27,660
enormous robot figure

10
00:00:32,330 --> 00:00:30,779
had three legs with four arms and it

11
00:00:33,190 --> 00:00:32,340
seemed to be working outside of the

12
00:00:36,229 --> 00:00:33,200
object

13
00:00:39,290 --> 00:00:36,239

has befuddled the light was incredibly

14

00:00:41,209 --> 00:00:39,300

intense and it hurt my eyes it had a

15

00:00:43,790 --> 00:00:41,219

kind of Halo of orange violet light

16

00:00:44,930 --> 00:00:43,800

which reached about half a meter beyond

17

00:00:46,610 --> 00:00:44,940

the skin

18

00:00:48,830 --> 00:00:46,620

the light didn't spread further than

19

00:00:52,430 --> 00:00:48,840

this Halo and Where I Stood was still

20

00:01:36,469 --> 00:01:25,190

foreign

21

00:01:42,010 --> 00:01:38,410

he said they came from another galaxy

22

00:01:44,810 --> 00:01:42,020

very very far away from another planet

23

00:01:46,870 --> 00:01:44,820

which had at some point suffered from

24

00:01:49,609 --> 00:01:46,880

some kind of disaster

25

00:01:52,670 --> 00:01:49,619

it was ten times bigger than Earth and

26
00:02:00,069 --> 00:01:52,680
it had two sons a large son and a

27
00:02:00,079 --> 00:02:06,410
made it

28
00:02:06,420 --> 00:02:10,850
[Music]

29
00:02:10,860 --> 00:02:17,770
okay

30
00:02:23,750 --> 00:02:21,350
the UFO was transport ship and they were

31
00:02:25,970 --> 00:02:23,760
collecting samples of animal life from

32
00:02:28,130 --> 00:02:25,980
our planet some of which they put there

33
00:02:30,589 --> 00:02:28,140
in the first place the planet was

34
00:02:35,270 --> 00:02:30,599
similar to Earth we had plants and grass

35
00:02:35,280 --> 00:02:38,710
Russia

36
00:02:43,430 --> 00:02:41,150
he went on to say that our planets

37
00:02:45,350 --> 00:02:43,440
suffered from some kind of imbalance

38
00:02:48,710 --> 00:02:45,360

and they're at some point in the future

39

00:02:50,750 --> 00:02:48,720

there would be an incredible disaster

40

00:02:53,390 --> 00:02:50,760

a crack would appear in the crust of the

41

00:02:57,830 --> 00:02:53,400

earth and the middle of the Atlantic

42

00:02:57,840 --> 00:03:00,880

o

43

00:03:00,890 --> 00:03:04,369

[Music]

44

00:03:04,379 --> 00:03:10,309

is

45

00:03:10,319 --> 00:03:17,000

shut up

46

00:03:17,010 --> 00:03:20,649

[Music]

47

00:03:26,570 --> 00:03:24,470

he also spoke about God when I asked

48

00:03:29,509 --> 00:03:26,580

questions he looked at me as if I was a

49

00:03:31,130 --> 00:03:29,519

fool when he looked at me I felt

50

00:03:34,190 --> 00:03:31,140

undressed

51
00:03:36,290 --> 00:03:34,200
I felt an inner happiness when he spoke

52
00:03:49,430 --> 00:03:36,300
which I can't describe

53
00:03:49,440 --> 00:04:00,080
foreign

54
00:04:02,270 --> 00:04:01,600
[Music]

55
00:04:04,390 --> 00:04:02,280
[Applause]

56
00:04:07,610 --> 00:04:04,400
[Music]

57
00:04:10,550 --> 00:04:07,620
I became desperate and looked wildly

58
00:04:13,490 --> 00:04:10,560
around at the forest

59
00:04:14,830 --> 00:04:13,500
I spoke out loud and begged him not to

60
00:04:20,629 --> 00:04:14,840
leave

61
00:04:22,390 --> 00:04:20,639
he replied he had to go and couldn't

62
00:04:24,530 --> 00:04:22,400
leave me anything at all

63
00:04:28,629 --> 00:04:24,540

it would harm me

64

00:04:33,370 --> 00:04:31,090

and I sob like a child

65

00:04:37,030 --> 00:04:33,380

I pleaded with them

66

00:04:39,290 --> 00:04:37,040

I was inconsolable

67

00:04:42,350 --> 00:04:39,300

this was a very deep and moving

68

00:04:44,030 --> 00:04:42,360

experience even after so many years the

69

00:04:46,969 --> 00:04:44,040

feelings are still fresh and Vivid for

70

00:04:48,770 --> 00:04:46,979

Mr ritzy all of the conversation had

71

00:04:51,830 --> 00:04:48,780

happened by telepathy

72

00:04:53,870 --> 00:04:51,840

for a year after the encounter Mr ritzy

73

00:04:56,689 --> 00:04:53,880

suffered from a skin problem and a

74

00:04:58,969 --> 00:04:56,699

neuro-vegetive disorder his hair fell

75

00:05:00,830 --> 00:04:58,979

out a common event among those who have

76

00:05:02,870 --> 00:05:00,840

had such a close encounter
