

1
00:00:04,190 --> 00:00:02,030
America's fascination with unidentified

2
00:00:05,690 --> 00:00:04,200
flying objects has been apparent in its

3
00:00:07,909 --> 00:00:05,700
insatiable demand for science fiction

4
00:00:09,589 --> 00:00:07,919
films over the years and those films

5
00:00:11,990 --> 00:00:09,599
have taken on a strange metamorphosis

6
00:00:14,209 --> 00:00:12,000
through the decades in the 50s the dark

7
00:00:16,010 --> 00:00:14,219
foreboding look of this island Earth had

8
00:00:18,109 --> 00:00:16,020
our world scientists the victims of

9
00:00:19,609 --> 00:00:18,119
alien enslavement The Day of the

10
00:00:21,950 --> 00:00:19,619
Triffids told the story of a plant

11
00:00:24,170 --> 00:00:21,960
strangely affected by a force from outer

12
00:00:26,870 --> 00:00:24,180
space films of that period had an

13
00:00:28,790 --> 00:00:26,880

ominous if not terrifying flavor it

14

00:00:30,529 --> 00:00:28,800

wasn't until the 1960s that science

15

00:00:32,930 --> 00:00:30,539

fiction showed its more compassionate

16

00:00:34,729 --> 00:00:32,940

side programs like Star Trek portrayed

17

00:00:37,370 --> 00:00:34,739

humans and Aliens working peacefully

18

00:00:39,290 --> 00:00:37,380

side by side was this coincidence or

19

00:00:41,569 --> 00:00:39,300

carefully planned strategy

20

00:00:43,490 --> 00:00:41,579

Robert exler is a former NASA Mission

21

00:00:45,950 --> 00:00:43,500

specialist who now delivers talks on

22

00:00:48,130 --> 00:00:45,960

alien technology in our society

23

00:00:52,369 --> 00:00:48,140

alien technology

24

00:00:55,850 --> 00:00:52,379

what's that uh television is as everyone

25

00:00:58,369 --> 00:00:55,860

is aware a very subliminal medium uh it

26
00:01:01,189 --> 00:00:58,379
is uh in effect a brainwashing technique

27
00:01:04,549 --> 00:01:01,199
that is why we are impregnated with

28
00:01:07,250 --> 00:01:04,559
certain logos and Jingles that uh tend

29
00:01:10,850 --> 00:01:07,260
to influence our buying well in the same

30
00:01:12,830 --> 00:01:10,860
way we can influence uh acceptability uh

31
00:01:14,510 --> 00:01:12,840
in a number of issues and certainly in

32
00:01:15,830 --> 00:01:14,520
this issue which is certainly considered

33
00:01:16,969 --> 00:01:15,840
very very serious on the part of the

34
00:01:19,370 --> 00:01:16,979
United States government and the

35
00:01:21,170 --> 00:01:19,380
intelligence Community exler believes

36
00:01:23,410 --> 00:01:21,180
that the public over the years is being

37
00:01:25,789 --> 00:01:23,420
prepared for a revolutionary statement

38
00:01:28,429 --> 00:01:25,799

the government got involved in a number

39

00:01:31,310 --> 00:01:28,439

of efforts in films popular films such

40

00:01:34,429 --> 00:01:31,320

as close encounters and E.T which were

41

00:01:37,010 --> 00:01:34,439

virtual box office smashes and in a

42

00:01:39,050 --> 00:01:37,020

capitalistic Society uh you certainly

43

00:01:41,350 --> 00:01:39,060

would have to ask the question why no

44

00:01:45,289 --> 00:01:41,360

follow-up how come there was no sequel

45

00:01:48,289 --> 00:01:45,299

the idea was to bring the public to a

46

00:01:50,270 --> 00:01:48,299

point where maybe we can believe that

47

00:01:52,969 --> 00:01:50,280

we're not as humans we the only

48

00:01:55,010 --> 00:01:52,979

intelligence in the galaxies Leonard

49

00:01:57,350 --> 00:01:55,020

Stringfield a 40-year veteran of UFO

50

00:01:59,389 --> 00:01:57,360

investigations agrees with exler the

51
00:02:02,090 --> 00:01:59,399
public must be prepared before a concept

52
00:02:04,130 --> 00:02:02,100
of such magnitude is introduced

53
00:02:05,510 --> 00:02:04,140
but you can imagine what would have

54
00:02:07,069 --> 00:02:05,520
happened to the stock market if

55
00:02:09,350 --> 00:02:07,079
something were to come out be announced

56
00:02:11,390 --> 00:02:09,360
by the governor or World governments the

57
00:02:13,850 --> 00:02:11,400
setting of this nature

58
00:02:15,890 --> 00:02:13,860
so they referred to it officially as a

59
00:02:17,690 --> 00:02:15,900
cultural shop stringfield's interest in

60
00:02:19,550 --> 00:02:17,700
the UFO phenomena was peaked when in

61
00:02:22,070 --> 00:02:19,560
World War II he encountered what became

62
00:02:23,570 --> 00:02:22,080
known as Foo Fighters mysterious balls

63
00:02:25,910 --> 00:02:23,580

of light in the sky that plagued and

64

00:02:27,470 --> 00:02:25,920

harassed Pilots Stringfield claims that

65

00:02:30,110 --> 00:02:27,480

the U.S government has even recovered

66

00:02:32,690 --> 00:02:30,120

alien crafts and bodies and has detailed

67

00:02:34,729 --> 00:02:32,700

his findings in several research papers

68

00:02:36,830 --> 00:02:34,739

he's your first hand

69

00:02:40,670 --> 00:02:36,840

bits of information from sources who

70

00:02:42,830 --> 00:02:40,680

have seen the craft and or the bodies in

71

00:02:46,070 --> 00:02:42,840

government custody these are people who

72

00:02:48,110 --> 00:02:46,080

had the need to know access clearance to

73

00:02:50,030 --> 00:02:48,120

receive the bodies for instance at

74

00:02:52,910 --> 00:02:50,040

Wright-Patterson Air Force Base or other

75

00:02:55,190 --> 00:02:52,920

areas Florida did participate in a

76

00:02:57,410 --> 00:02:55,200

retrieval operation if the government

77

00:02:58,729 --> 00:02:57,420

has in fact retrieved alien spacecraft

78

00:03:00,710 --> 00:02:58,739

why haven't they released that

79

00:03:02,690 --> 00:03:00,720

information to the public

80

00:03:05,630 --> 00:03:02,700

obviously if you have some extraordinary

81

00:03:07,430 --> 00:03:05,640

technology you don't really want someone

82

00:03:09,110 --> 00:03:07,440

else to know that you have that

83

00:03:11,449 --> 00:03:09,120

especially if you don't know how to use

84

00:03:12,949 --> 00:03:11,459

it actually the government has been

85

00:03:14,930 --> 00:03:12,959

giving us tidbits according to

86

00:03:16,790 --> 00:03:14,940

Stringfield I think there have been

87

00:03:21,050 --> 00:03:16,800

periods uh where there have been

88

00:03:23,330 --> 00:03:21,060

attempts to educate public or spoon feed

89

00:03:26,270 --> 00:03:23,340

as I say the public with bits of

90

00:03:28,670 --> 00:03:26,280

information so if something suddenly

91

00:03:31,610 --> 00:03:28,680

dramatic should happen it would be

92

00:03:33,410 --> 00:03:31,620

complete you know complete alarm alien

93

00:03:35,630 --> 00:03:33,420

technology has even been incorporated

94

00:03:38,390 --> 00:03:35,640

into one of our military's new toys the

95

00:03:40,009 --> 00:03:38,400

stealth bomber according to exler UFOs

96

00:03:42,589 --> 00:03:40,019

have found their way into every aspect

97

00:03:44,330 --> 00:03:42,599

of Our Lives even kids cereal the

98

00:03:47,330 --> 00:03:44,340

company explained that it was only to

99

00:03:50,449 --> 00:03:47,340

show how active kids imaginations can be

100

00:03:52,250 --> 00:03:50,459

reaction to UFOs is worldwide Pravda

101

00:03:55,130 --> 00:03:52,260

recently reported that a center to study

102

00:03:56,990 --> 00:03:55,140

UFOs had been opened in Moscow has there

103

00:03:58,550 --> 00:03:57,000

in fact been a coordinated effort by the

104

00:04:00,350 --> 00:03:58,560

government to slowly release what they

105

00:04:03,229 --> 00:04:00,360

already know have they been in contact

106

00:04:05,030 --> 00:04:03,239

with alien races if so let's hope
