

1
00:00:04,850 --> 00:00:03,130
there's a day like today in 1983

2
00:00:06,470 --> 00:00:04,860
when

3
00:00:09,230 --> 00:00:06,480
we seen this

4
00:00:10,549 --> 00:00:09,240
object well it was an object it was a

5
00:00:11,450 --> 00:00:10,559
shining back there we didn't know what

6
00:00:12,589 --> 00:00:11,460
it was

7
00:00:14,289 --> 00:00:12,599
and I couldn't really get a clear

8
00:00:16,129 --> 00:00:14,299
picture of it

9
00:00:19,310 --> 00:00:16,139
I went in the house and got my

10
00:00:21,710 --> 00:00:19,320
binoculars and looked out across the

11
00:00:23,210 --> 00:00:21,720
field and make out what was out there

12
00:00:25,009 --> 00:00:23,220
and I couldn't really see very good

13
00:00:26,870 --> 00:00:25,019

because of the way the the terrain is

14
00:00:28,730 --> 00:00:26,880
but with your naked eye you've seen some

15
00:00:30,710 --> 00:00:28,740
stuff Belinda yeah I did glittering and

16
00:00:31,970 --> 00:00:30,720
without you well that's what he told me

17
00:00:34,430 --> 00:00:31,980
he said there's something out there I

18
00:00:36,049 --> 00:00:34,440
keep seeing something flickering it's

19
00:00:38,690 --> 00:00:36,059
out of the ordinary you just don't see

20
00:00:41,590 --> 00:00:38,700
something you know shining and

21
00:00:43,910 --> 00:00:41,600
flickering across

22
00:00:45,790 --> 00:00:43,920
it was right across there now when you

23
00:00:48,709 --> 00:00:45,800
got here can you put the binoculars up

24
00:00:50,750 --> 00:00:48,719
what exactly could you do I want to put

25
00:00:52,310 --> 00:00:50,760
a binoculars up and looked in there

26

00:00:54,830 --> 00:00:52,320

there was a

27

00:00:56,930 --> 00:00:54,840

a green cone-shaped craft back here it

28

00:00:59,090 --> 00:00:56,940

was green it looked solid

29

00:01:00,770 --> 00:00:59,100

and it had a there was a door on it with

30

00:01:03,470 --> 00:01:00,780

a platform coming out onto the side of

31

00:01:05,509 --> 00:01:03,480

the hill and then the lizard type uh

32

00:01:07,310 --> 00:01:05,519

creature he was standing next to the

33

00:01:08,690 --> 00:01:07,320

cone-shaped ship but I told Paul I said

34

00:01:10,370 --> 00:01:08,700

look Paula there's something back there

35

00:01:12,710 --> 00:01:10,380

look at this look at this and she took

36

00:01:15,710 --> 00:01:12,720

the binoculars and looked through them I

37

00:01:18,890 --> 00:01:15,720

took him and I looked

38

00:01:21,590 --> 00:01:18,900

it's like that and I couldn't see the

39

00:01:24,710 --> 00:01:21,600

like I didn't see the crap but I could

40

00:01:27,890 --> 00:01:24,720

see the creature and then I got uh which

41

00:01:30,230 --> 00:01:27,900

creature it had big green eyes

42

00:01:33,050 --> 00:01:30,240

and it looked like um

43

00:01:35,330 --> 00:01:33,060

leaves on it or like it was camouflaged

44

00:01:37,670 --> 00:01:35,340

and I'm looking at it

45

00:01:39,230 --> 00:01:37,680

and then it looked at me with its big

46

00:01:41,569 --> 00:01:39,240

eyes

47

00:01:44,510 --> 00:01:41,579

and my heart just stopped beating and I

48

00:01:46,910 --> 00:01:44,520

couldn't breathe and I said it's staring

49

00:01:49,550 --> 00:01:46,920

right back at me

50

00:01:51,889 --> 00:01:49,560

and so then I handed them back to Ryan I

51
00:01:53,569 --> 00:01:51,899
said I saw this thing and it's not

52
00:01:56,569 --> 00:01:53,579
looking right back at me

53
00:01:59,389 --> 00:01:56,579
and so then he started looking some more

54
00:02:02,929 --> 00:01:59,399
and I was really getting scared

55
00:02:04,609 --> 00:02:02,939
now where is it which one saw the cowl

56
00:02:06,889 --> 00:02:04,619
and these two little girls that see

57
00:02:08,270 --> 00:02:06,899
that's uh that's where we looked again I

58
00:02:10,190 --> 00:02:08,280
was back there trying to find out where

59
00:02:12,050 --> 00:02:10,200
that ship and everything was back and

60
00:02:13,250 --> 00:02:12,060
forth and I could see it and I passed

61
00:02:14,510 --> 00:02:13,260
the binoculars back to Paul again

62
00:02:16,630 --> 00:02:14,520
because we're fighting back and forth of

63
00:02:19,610 --> 00:02:16,640

a binoculars a man

64

00:02:21,949 --> 00:02:19,620

has it moved you know and that's when

65

00:02:23,750 --> 00:02:21,959

she looked and seen the little that

66

00:02:24,770 --> 00:02:23,760

little girl I looked it because see then

67

00:02:26,990 --> 00:02:24,780

I'm looking over there and I'm thinking

68

00:02:30,229 --> 00:02:27,000

all right if he's right there then

69

00:02:34,490 --> 00:02:30,239

where's what's with Shining

70

00:02:36,170 --> 00:02:34,500

and I saw this big black cow laying down

71

00:02:38,330 --> 00:02:36,180

with its mouth and I said

72

00:02:40,309 --> 00:02:38,340

my God they gotta go

73

00:02:42,050 --> 00:02:40,319

I thought what are they doing to it and

74

00:02:44,210 --> 00:02:42,060

it was just laying there

75

00:02:46,070 --> 00:02:44,220

and said its eyes open

76

00:02:48,350 --> 00:02:46,080

and its tongue was like

77

00:02:50,710 --> 00:02:48,360

hanging out a little bit not real bad

78

00:02:53,809 --> 00:02:50,720

but it just laid there and didn't move

79

00:02:56,210 --> 00:02:53,819

and they just were running their fingers

80

00:02:58,430 --> 00:02:56,220

over it like that and the running them

81

00:03:00,290 --> 00:02:58,440

down and looking at their fingers now

82

00:03:01,970 --> 00:03:00,300

these are two little white two little

83

00:03:04,190 --> 00:03:01,980

silver

84

00:03:07,610 --> 00:03:04,200

um beans

85

00:03:10,430 --> 00:03:07,620

and their heads didn't look like there

86

00:03:12,290 --> 00:03:10,440

was no helmet on so because I didn't I

87

00:03:14,210 --> 00:03:12,300

thought I wonder if they can breathe our

88

00:03:16,190 --> 00:03:14,220

air so you would think like a an

89

00:03:17,930 --> 00:03:16,200

astronaut helmet or something I didn't

90

00:03:20,390 --> 00:03:17,940

see nothing like that but they had these

91

00:03:22,130 --> 00:03:20,400

little pecks on their back okay now show

92

00:03:24,050 --> 00:03:22,140

me again let's say that the cow and the

93

00:03:27,290 --> 00:03:24,060

cow was laying down here and it's

94

00:03:28,729 --> 00:03:27,300

completely still uh-huh and it's its

95

00:03:30,710 --> 00:03:28,739

head is like right where your foot would

96

00:03:32,330 --> 00:03:30,720

be in its mouths open and then there was

97

00:03:34,670 --> 00:03:32,340

one being on one side and one on the

98

00:03:38,809 --> 00:03:34,680

other and they just reached over to it

99

00:03:40,490 --> 00:03:38,819

and were like fingering through its hair

100

00:03:42,710 --> 00:03:40,500

on its neck because like see there's a

101
00:03:45,229 --> 00:03:42,720
snack in the head and they were just

102
00:03:47,570 --> 00:03:45,239
doing like that and then looking at your

103
00:03:49,369 --> 00:03:47,580
fingers then the next thing is they had

104
00:03:50,449 --> 00:03:49,379
their hands over it and it was a black

105
00:03:53,089 --> 00:03:50,459
ramp

106
00:03:56,210 --> 00:03:53,099
and this they just went like this

107
00:03:59,990 --> 00:03:56,220
and the cows went up and it just floated

108
00:04:02,630 --> 00:04:00,000
right up the ramp into a hill

109
00:04:04,670 --> 00:04:02,640
and and once it got into the hill block

110
00:04:06,350 --> 00:04:04,680
where the trees are see me like a

111
00:04:09,110 --> 00:04:06,360
conveyor belt or something yeah they

112
00:04:11,210 --> 00:04:09,120
just like flowed did the cow float the

113
00:04:14,449 --> 00:04:11,220

cow just floated right up and dope I

114

00:04:17,870 --> 00:04:14,459

mean there was no nobody hauled it I

115

00:04:20,150 --> 00:04:17,880

mean it just moved right onto that ramp

116

00:04:22,790 --> 00:04:20,160

and just went right up and went

117

00:04:24,830 --> 00:04:22,800

disappeared right into the hill where

118

00:04:26,749 --> 00:04:24,840

the trees are and everything and it

119

00:04:29,570 --> 00:04:26,759

looked like there was actually a hill

120

00:04:31,790 --> 00:04:29,580

that it went up into which was the ship

121

00:04:33,230 --> 00:04:31,800

and Paula got me real nervous I got

122

00:04:34,430 --> 00:04:33,240

scared she got real scared because she

123

00:04:37,070 --> 00:04:34,440

said hey if they're doing that to

124

00:04:39,050 --> 00:04:37,080

animals what can they you know what's

125

00:04:40,550 --> 00:04:39,060

next here we are a family they can come

126

00:04:41,689 --> 00:04:40,560

over here and do is say well please if

127

00:04:43,790 --> 00:04:41,699

they're doing you know out in the

128

00:04:46,850 --> 00:04:43,800

Boondocks we told everyone you know I

129

00:04:50,450 --> 00:04:46,860

said oh man you know we saw these aliens

130

00:04:52,850 --> 00:04:50,460

out there with this cow they said oh

131

00:04:55,070 --> 00:04:52,860

sure you did nobody could find nothing

132

00:04:57,350 --> 00:04:55,080

like we were crazy so later on I said oh

133

00:04:59,030 --> 00:04:57,360

how's everything going with your cows

134

00:05:01,010 --> 00:04:59,040

over there and he said yeah yeah we're
