August 27/

1
00:00:07,909 --> 00:00:04,670
my estimates with scanning it with the

2
00:00:10,190 --> 00:00:07,919
binoculars you know it was like we I

3
00:00:11,870 --> 00:00:10,200
actually was scanning and it wasn't like

4
00:00:13,129 --> 00:00:11,880
uh

5
00:00:15,230 --> 00:00:13,139
I guess it was in the whole field of

6
00:00:17,150 --> 00:00:15,240
view but it was uh you know I was

7
00:00:19,550 --> 00:00:17,160
scanning with binoculars and it was just

8
00:00:21,950 --> 00:00:19,560
it was incredible uh you know the length

9
00:00:24,189 --> 00:00:21,960
I would say uh I I still think it was

10
00:00:27,230 --> 00:00:24,199
about a mile long

11
00:00:29,990 --> 00:00:27,240
it was just another ordinary day in

12
00:00:32,510 --> 00:00:30,000
Salida Colorado Tim Edwards restaurant

13
00:00:34,190 --> 00:00:32,520

was closed for the afternoon and he was

14

00:00:36,770 --> 00:00:34,200

working on his new home with his

15

00:00:39,310 --> 00:00:36,780

six-year-old daughter Brandy and that's

16

00:00:41,510 --> 00:00:39,320

when this ordinary Sunday became

17

00:00:43,850 --> 00:00:41,520

extraordinary we're probably out here a

18

00:00:45,170 --> 00:00:43,860

couple minutes Brandi started saying you

19

00:00:47,690 --> 00:00:45,180

know Daddy's or something up in the sky

20

00:00:49,130 --> 00:00:47,700

I didn't pay attention to her again she

21

00:00:52,790 --> 00:00:49,140

said Dave there's something up in the

22

00:00:54,229 --> 00:00:52,800

sky and uh I saw him paying attention to

23

00:00:57,229 --> 00:00:54,239

her finally he says daddy or something

24

00:00:58,850 --> 00:00:57,239

on the sky I looked up and the sun was

25

00:01:02,029 --> 00:00:58,860

just on this side of the gutter here

26
00:01:05,570 --> 00:01:02,039
August 27th so we were protected from

27
00:01:07,609 --> 00:01:05,580
the Sun here this is what Tim saw you're

28
00:01:12,630 --> 00:01:07,619
watching the actual videotape he

29
00:01:12,640 --> 00:01:16,929
[Music]

30
00:01:22,789 --> 00:01:19,789
Tim taped the object for more than an

31
00:01:24,710 --> 00:01:22,799
hour his father also saw it I said my

32
00:01:27,249 --> 00:01:24,720
guards what is that

33
00:01:29,289 --> 00:01:27,259
and to me it appeared as a long

34
00:01:33,230 --> 00:01:29,299
pencil-like

35
00:01:36,469 --> 00:01:33,240
aluminum foil triangle object in the in

36
00:01:40,310 --> 00:01:36,479
the sky moving erratic but stay in this

37
00:01:43,670 --> 00:01:40,320
the north and west of the Sun

38
00:01:46,069 --> 00:01:43,680

Salida means Gateway Indian legend has

39

00:01:49,370 --> 00:01:46,079

it that this area was a window to other

40

00:01:51,590 --> 00:01:49,380

worlds in recent years ufologists have

41

00:01:54,230 --> 00:01:51,600

echoed those sentiments saying in

42

00:01:56,510 --> 00:01:54,240

essence that Salida is a Stargate a

43

00:01:58,850 --> 00:01:56,520

Gateway for beings from other worlds

44

00:02:01,310 --> 00:01:58,860

we've seen three lights over here since

45

00:02:03,590 --> 00:02:01,320

Tim siding UFO Watchers have converged

46

00:02:06,170 --> 00:02:03,600

on this Tiny Town they are especially

47

00:02:08,510 --> 00:02:06,180

excited for a couple of reasons number

48

00:02:10,370 --> 00:02:08,520

one it happened during the day and we

49

00:02:11,690 --> 00:02:10,380

just don't have that many sightings that

50

00:02:14,990 --> 00:02:11,700

are captured on tape during the day

51
00:02:17,390 --> 00:02:15,000
number two it's a large cylindrical or

52
00:02:18,949 --> 00:02:17,400
cigar-shaped object and there's not a

53
00:02:20,410 --> 00:02:18,959
lot of those seen and there's not a lot

54
00:02:22,729 --> 00:02:20,420
of video footage of those available

55
00:02:25,670 --> 00:02:22,739
similar sightings were reported in

56
00:02:28,850 --> 00:02:25,680
Sacramento on August 21st in Grand

57
00:02:31,610 --> 00:02:28,860
Junction the morning of Tim's siding and

58
00:02:34,970 --> 00:02:31,620
in Boulder Colorado on August 27th and

59
00:02:36,589 --> 00:02:34,980
28th by seven different Witnesses all

60
00:02:39,710 --> 00:02:36,599
described what they say was a

61
00:02:41,750 --> 00:02:39,720
cylindrical shaped craft what's that

62
00:02:44,449 --> 00:02:41,760
it's kind of a dark that's the gutter of

63
00:02:46,550 --> 00:02:44,459

the house because Tim is standing next

64

00:02:48,410 --> 00:02:46,560

to the house

65

00:02:50,449 --> 00:02:48,420

looking up in the sky and that's the

66

00:02:52,369 --> 00:02:50,459

gutter the tape has been sent to several

67

00:02:55,070 --> 00:02:52,379

labs around the country including

68

00:02:57,530 --> 00:02:55,080

Village labs in Tempe that's where

69

00:02:59,690 --> 00:02:57,540

computer scientist Jim delatoso spent

70

00:03:02,990 --> 00:02:59,700

more than a month going over the video

71

00:03:06,830 --> 00:03:03,000

frame by frame what we can do

72

00:03:10,490 --> 00:03:06,840

is analyze the edges of that object and

73

00:03:13,070 --> 00:03:10,500

the edges of that object this is a very

74

00:03:16,130 --> 00:03:13,080

large object

75

00:03:17,449 --> 00:03:16,140

about a mile long

76

00:03:22,070 --> 00:03:17,459

it's

77

00:03:24,949 --> 00:03:22,080

very high altitude 70 or 80 000 feet de

78

00:03:28,070 --> 00:03:24,959

la tosa believes what Edward saw is a

79

00:03:30,050 --> 00:03:28,080

UFO as for Tim Edwards he says he

80

00:03:33,050 --> 00:03:30,060

doesn't need a high-tech lab to confirm

81

00:03:35,210 --> 00:03:33,060

what he saw is real he's known it since

82

00:03:38,410 --> 00:03:35,220

that August afternoon when he first

83

00:03:40,550 --> 00:03:38,420

looked up into the sky I am 100

84

00:03:42,770 --> 00:03:40,560

convinced this is a craft from another

85

00:03:56,270 --> 00:03:42,780

world there's no doubt in my mind and

86

00:03:56,280 --> 00:04:02,149

subscribe

87

00:04:08,509 --> 00:04:03,830

there ain't no Little airplane that

88

00:04:12,649 --> 00:04:11,089

first moved more than five miles it's it

89

00:04:14,149 --> 00:04:12,659

moved over that part of the sky there it

90

00:04:20,449 --> 00:04:14,159

probably moved

91

00:04:34,570 --> 00:04:20,459

matter of a second or two

92

00:04:45,310 --> 00:04:37,430

spaceship grow bigger like that

93

00:04:45,320 --> 00:04:59,170

fixing after yourself

94

00:04:59,180 --> 00:05:23,110

[Music]

95

00:05:23,120 --> 00:05:36,409

go get the binoculars

96

00:05:41,689 --> 00:05:38,510

then we got the binoculars on a lot of

97

00:05:44,150 --> 00:05:41,699

time it turned into uh like the looking

98

00:05:46,909 --> 00:05:44,160

into a fog bank or something like that

99

00:05:50,029 --> 00:05:46,919

and it appeared it was a

100

00:05:52,129 --> 00:05:50,039

it could be a wheel with an inner ball

101
00:05:56,330 --> 00:05:52,139
inside with the wheel with the lights

102
00:06:00,590 --> 00:05:56,340
rotating around at a 360 degree wheel

103
00:06:20,529 --> 00:06:04,249
yep there's something going around it

104
00:06:25,909 --> 00:06:23,390
the three of us meet Brandy and my dad

105
00:06:27,830 --> 00:06:25,919
uh Hall had binoculars on it during this

106
00:06:30,890 --> 00:06:27,840
time frame too during my pause and then

107
00:06:34,010 --> 00:06:30,900
filming and two binoculars would clearly

108
00:06:37,249 --> 00:06:34,020
see a double row of rectangular Windows

109
00:06:39,770 --> 00:06:37,259
on it uh one from a light sequence of a

110
00:06:41,990 --> 00:06:39,780
red to a pale green to a red across the

111
00:06:44,749 --> 00:06:42,000
craft uh it appeared you know to go

112
00:06:48,350 --> 00:06:44,759
across in like almost like a

113
00:06:50,749 --> 00:06:48,360

a wheel on a car or something to go

114

00:06:54,230 --> 00:06:50,759

forward and back an osculating effect

115

00:06:56,270 --> 00:06:54,240

the skin of the crap uh which that was

116

00:06:59,390 --> 00:06:56,280

the only skin was in between the windows

117

00:07:03,050 --> 00:06:59,400

was equal to the height about half the

118

00:07:06,110 --> 00:07:03,060

height of one of the roller windows and

119

00:07:08,689 --> 00:07:06,120

so there was this skin between the

120

00:07:12,590 --> 00:07:08,699

windows but the craft itself was all

121

00:07:14,629 --> 00:07:12,600

lights uh except for that you know the

122

00:07:17,150 --> 00:07:14,639

double row of lights were continuous

123

00:07:19,490 --> 00:07:17,160

with no structure in between its light

124

00:07:20,930 --> 00:07:19,500

it was a solid light around it do all

125

00:07:22,610 --> 00:07:20,940

the telephone calls I made the seven

126

00:07:26,029 --> 00:07:22,620

telephone calls to the Sheriff's

127

00:07:27,650 --> 00:07:26,039

Department uh the radio station twice

128

00:07:29,809 --> 00:07:27,660

the restaurant was able to get one

129

00:07:32,950 --> 00:07:29,819

witness a cook to witness on the north

130

00:07:36,050 --> 00:07:32,960

side of the restaurant at the same time

131

00:07:38,330 --> 00:07:36,060

I failed to say that you know I said it

132

00:07:40,189 --> 00:07:38,340

was up by the sun I failed this tell

133

00:07:42,770 --> 00:07:40,199

everybody that you need to block out the

134

00:07:45,350 --> 00:07:42,780

sun it's just north and west of the Sun

135

00:07:47,210 --> 00:07:45,360

and so it pretty much stayed in that it

136

00:07:49,010 --> 00:07:47,220

did stay in that same area the whole

137

00:07:51,170 --> 00:07:49,020

time we viewed it when the crap left the

138

00:07:53,150 --> 00:07:51,180

area I was on the phone with Peter

139

00:08:07,309 --> 00:07:53,160

Davenport National uniform Reporting

140

00:08:12,589 --> 00:08:10,490

I went down to the local paper and

141

00:08:14,270 --> 00:08:12,599

showed them and then they interviewed me

142

00:08:16,670 --> 00:08:14,280

uh

143

00:08:19,610 --> 00:08:16,680

and that made the front page headlines

144

00:08:22,730 --> 00:08:19,620

the following day uh I went down to the

145

00:08:26,210 --> 00:08:22,740

local radio station and

146

00:08:29,409 --> 00:08:26,220

they put it on the AP news wire and all

147

00:08:32,269 --> 00:08:29,419

the Denver media CBS NBC and ABC

148

00:08:35,750 --> 00:08:32,279

contacted me the following day and uh

149

00:08:39,709 --> 00:08:35,760

all came up and did stories on it with

150

00:08:42,469 --> 00:08:39,719

the Channel 4 CBS doing follow-up

151

00:08:45,410 --> 00:08:42,479

stories on the lab analysis and and

152

00:08:47,750 --> 00:08:45,420

testimony of witnesses and

153

00:08:49,730 --> 00:08:47,760

documentation on the craft I believe it

154

00:08:52,190 --> 00:08:49,740

was about a mile long I stated in the

155

00:08:54,949 --> 00:08:52,200

paper the following day that if it would

156

00:08:57,310 --> 00:08:54,959

have landed it would have uh um it would

157

00:09:00,190 --> 00:08:57,320

have took out Salida at least
