

1
00:00:08,330 --> 00:00:05,930
the reports of people being abducted and

2
00:00:10,790 --> 00:00:08,340
of genetic testing have taken on a new

3
00:00:13,549 --> 00:00:10,800
feature in Brazil samples of human

4
00:00:16,189 --> 00:00:13,559
organs and tissue have been taken as if

5
00:00:18,349 --> 00:00:16,199
from cattle Medical Science does not

6
00:00:20,510 --> 00:00:18,359
know the instruments used to carry out

7
00:00:24,170 --> 00:00:20,520
the unbelievably precise surgical

8
00:00:27,769 --> 00:00:24,180
operations we have reported about 20 to

9
00:00:31,070 --> 00:00:27,779
25 cases in which UFOs approaching their

10
00:00:33,950 --> 00:00:31,080
weaknesses just attacked them for a no

11
00:00:37,250 --> 00:00:33,960
reason and in sometimes these attacks

12
00:00:39,650 --> 00:00:37,260
without in depth of the victims

13
00:00:42,229 --> 00:00:39,660

and there's a very special case that we

14

00:00:45,049 --> 00:00:42,239

are focusing our attention

15

00:00:48,889 --> 00:00:45,059

in the last six months which is the

16

00:00:52,790 --> 00:00:48,899

first case ever reported in a world of a

17

00:00:55,970 --> 00:00:52,800

human mutilation by extraterrestrial

18

00:00:59,689 --> 00:00:55,980

this case is very very ugly is a case

19

00:01:03,049 --> 00:00:59,699

that must be shown because it's real but

20

00:01:05,929 --> 00:01:03,059

it's also a case that Chuck people the

21

00:01:08,149 --> 00:01:05,939

case happened a man was found about 48

22

00:01:12,710 --> 00:01:08,159

hours after his death

23

00:01:18,170 --> 00:01:12,720

with several wounds Cuts in the body and

24

00:01:20,690 --> 00:01:18,180

with removal of many vital organs

25

00:01:23,690 --> 00:01:20,700

we have connected scales to mutilations

26
00:01:27,590 --> 00:01:23,700
of animals that happen for 40 years all

27
00:01:29,570 --> 00:01:27,600
over the world and are made by accident

28
00:01:32,210 --> 00:01:29,580
well for instance

29
00:01:33,350 --> 00:01:32,220
we have these photographs to show what

30
00:01:35,450 --> 00:01:33,360
we mean

31
00:01:37,969 --> 00:01:35,460
this is a photograph made by the police

32
00:01:41,990 --> 00:01:37,979
of the state of Sao Paulo you can see

33
00:01:44,289 --> 00:01:42,000
holes in the man's upper arm near the

34
00:01:47,569 --> 00:01:44,299
shoulders and you can see the the

35
00:01:49,429 --> 00:01:47,579
tissues from the mandibles of the men

36
00:01:53,210 --> 00:01:49,439
were extracted

37
00:01:56,450 --> 00:01:53,220
and the cuts were precisely done in

38
00:01:59,569 --> 00:01:56,460

countering the bonds of the face the

39

00:02:02,569 --> 00:01:59,579

eyes were also removed along with great

40

00:02:05,830 --> 00:02:02,579

extensions of tissues along the head

41

00:02:08,749 --> 00:02:05,840

many holes were found symmetrical holes

42

00:02:12,710 --> 00:02:08,759

perforations were found in the men's

43

00:02:15,949 --> 00:02:12,720

Head throughout which were extracted

44

00:02:18,949 --> 00:02:15,959

part of the brain tissue this is a very

45

00:02:21,470 --> 00:02:18,959

amazing picture but it's very very

46

00:02:24,050 --> 00:02:21,480

similar fantastically similar to the

47

00:02:26,570 --> 00:02:24,060

ones we have taken from animal mutilated

48

00:02:29,089 --> 00:02:26,580

all over the world now I'm gonna show

49

00:02:33,170 --> 00:02:29,099

you an even worse picture

50

00:02:34,210 --> 00:02:33,180

which is this one and here you can see

51

00:02:37,430 --> 00:02:34,220

clearly

52

00:02:40,910 --> 00:02:37,440

different holes one of them is in the

53

00:02:44,030 --> 00:02:40,920

men's leg the left leg and one is in the

54

00:02:47,270 --> 00:02:44,040

umbilical area throughout this hole was

55

00:02:49,910 --> 00:02:47,280

extracted a lot of organs like the

56

00:02:53,089 --> 00:02:49,920

stomach the liver some a part of the

57

00:02:55,970 --> 00:02:53,099

lung the heart and intestines and other

58

00:02:59,630 --> 00:02:55,980

organs were extracted by this hole that

59

00:03:02,270 --> 00:02:59,640

is not very big at all and experts that

60

00:03:05,930 --> 00:03:02,280

performed at autopsies in their body

61

00:03:08,630 --> 00:03:05,940

concluded that it was you the sense of a

62

00:03:11,690 --> 00:03:08,640

sucking device like a vacuum cleaner or

63

00:03:15,170 --> 00:03:11,700

surfing to extract this parts of the

64

00:03:16,369 --> 00:03:15,180

human body and the testicles were house

65

00:03:18,589 --> 00:03:16,379

cut out

66

00:03:21,710 --> 00:03:18,599

and we can see exactly the same thing

67

00:03:25,190 --> 00:03:21,720

happen with animals all over the world

68

00:03:27,949 --> 00:03:25,200

we got information of 12. other

69

00:03:31,490 --> 00:03:27,959

different cases in which people have

70

00:03:33,890 --> 00:03:31,500

been found with similar cuts and wounds
