

1  
00:00:05,410 --> 00:00:02,270  
came out on the deck here

2  
00:00:09,049 --> 00:00:05,420  
and I heard

3  
00:00:10,490 --> 00:00:09,059  
a jet which was way up in the sky so far

4  
00:00:13,669 --> 00:00:10,500  
I just barely could see it but I could

5  
00:00:15,709 --> 00:00:13,679  
hear a faint sound of the jet when I

6  
00:00:18,710 --> 00:00:15,719  
glanced to the right

7  
00:00:21,109 --> 00:00:18,720  
where I saw an object coming down on a

8  
00:00:23,990 --> 00:00:21,119  
downgrade

9  
00:00:29,210 --> 00:00:24,000  
and it was all silver it was a funny

10  
00:00:34,729 --> 00:00:32,870  
then I heard another jet coming from I

11  
00:00:35,750 --> 00:00:34,739  
guess it's over here is the East coming

12  
00:00:38,690 --> 00:00:35,760  
this way

13  
00:00:40,910 --> 00:00:38,700

and this object went to the right

14

00:00:42,709 --> 00:00:40,920

on the top of those trees

15

00:00:44,990 --> 00:00:42,719

and that's what I call to my friend John

16

00:00:48,529 --> 00:00:45,000

and I told John I said John look over

17

00:00:50,330 --> 00:00:48,539

there right you stuck over there I

18

00:00:55,850 --> 00:00:50,340

looked the building two trees and there

19

00:00:57,470 --> 00:00:55,860

was there was a uh silver Dome just was

20

00:00:59,450 --> 00:00:57,480

spinning on the bottom and the top was

21

00:01:01,130 --> 00:00:59,460

just down the steel it was a jet fly

22

00:01:02,689 --> 00:01:01,140

over the top and there's another one

23

00:01:05,149 --> 00:01:02,699

trying to intercepted but both of them

24

00:01:06,950 --> 00:01:05,159

couldn't get it so it came down it stood

25

00:01:09,830 --> 00:01:06,960

right there and after they they couldn't

26

00:01:12,410 --> 00:01:09,840

find they they left and he took Shadow

27

00:01:15,649 --> 00:01:12,420

over the mountain it's gone

28

00:01:17,330 --> 00:01:15,659

the top would steal it was a dome shape

29

00:01:21,230 --> 00:01:17,340

the body

30

00:01:25,670 --> 00:01:21,240

was around the bottom was flat

31

00:01:27,590 --> 00:01:25,680

the base of it was spinning around

32

00:01:29,330 --> 00:01:27,600

the bottom of it was just the bottom

33

00:01:32,530 --> 00:01:29,340

section was just spinning around in the

34

00:01:35,870 --> 00:01:32,540

spin no noise no witness or no nothing

35

00:01:37,249 --> 00:01:35,880

I could have somebody just stood still

36

00:01:40,010 --> 00:01:37,259

and just make sure I was standing on the

37

00:01:42,890 --> 00:01:40,020

deck but this thing I don't know it just

38

00:01:44,810 --> 00:01:42,900

got to be so excited I didn't even think

39

00:01:46,249 --> 00:01:44,820

about the time I was just looking at it

40

00:01:48,050 --> 00:01:46,259

and I could have got the camera right

41

00:01:50,109 --> 00:01:48,060

off there in a second but it just

42

00:01:53,990 --> 00:01:50,119

happened so quick

43

00:01:58,069 --> 00:01:55,969

I couldn't believe my own eyes and it

44

00:01:59,389 --> 00:01:58,079

was just different

45

00:02:01,789 --> 00:01:59,399

hey do something to you when you see

46

00:02:04,789 --> 00:02:01,799

something like that special with no

47

00:02:07,310 --> 00:02:04,799

noise and things finding in this turning

48

00:02:09,469 --> 00:02:07,320

but no windows no sound no nothing no

49

00:02:12,290 --> 00:02:09,479

wheels or no nothing it was just there

50

00:02:14,390 --> 00:02:12,300

last night I looked out here outside the

51  
00:02:16,490 --> 00:02:14,400  
porch about 9 30 and I seen the orange

52  
00:02:18,010 --> 00:02:16,500  
light up through the sky all the rest of

53  
00:02:21,830 --> 00:02:18,020  
the uh

54  
00:02:23,510 --> 00:02:21,840  
Stars was clear right and I seen orange

55  
00:02:25,369 --> 00:02:23,520  
light and the orange light just stood

56  
00:02:27,770 --> 00:02:25,379  
still for so long I didn't know what it

57  
00:02:30,050 --> 00:02:27,780  
was you see it coming this way so I'm

58  
00:02:31,610 --> 00:02:30,060  
going behind the trees because when I

59  
00:02:33,770 --> 00:02:31,620  
first started coming this way I couldn't

60  
00:02:35,630 --> 00:02:33,780  
even Holly tell him until it's getting

61  
00:02:37,550 --> 00:02:35,640  
ready to turn with the turn I said John

62  
00:02:40,250 --> 00:02:37,560  
look between the trees you see that UFO

63  
00:02:41,690 --> 00:02:40,260

and he looked at he saw it and he hasn't

64

00:02:42,970 --> 00:02:41,700

been the same since

65

00:02:45,350 --> 00:02:42,980

go around

66

00:02:46,910 --> 00:02:45,360

he's still worried about me you never

67

00:02:48,290 --> 00:02:46,920

know that something could land in the

68

00:02:49,550 --> 00:02:48,300

yard or something could land in the

69

00:02:52,190 --> 00:02:49,560

field somewhere and nobody would know

70

00:02:56,750 --> 00:02:52,200

you see and then all of a sudden just go

71

00:03:00,110 --> 00:02:56,760

on the way to Elkview from Charleston uh

72

00:03:03,170 --> 00:03:00,120

me and two of my friends we saw just it

73

00:03:05,030 --> 00:03:03,180

just kind of like a triangular shape

74

00:03:08,030 --> 00:03:05,040

without bottom big light in the middle

75

00:03:10,190 --> 00:03:08,040

and then two lights going on either side

76

00:03:12,410 --> 00:03:10,200

and it was really strange because they

77

00:03:15,050 --> 00:03:12,420

were just seemed to be hovering there

78

00:03:17,930 --> 00:03:15,060

and we was actually moving very slowly

79

00:03:21,770 --> 00:03:17,940

and the other one was stationary right

80

00:03:23,270 --> 00:03:21,780

at the same in the same spot and we all

81

00:03:25,430 --> 00:03:23,280

everybody in the car song Everybody

82

00:03:28,729 --> 00:03:25,440

describing the same way no one could

83

00:03:30,949 --> 00:03:28,739

tell what they were and um we eventually

84

00:03:33,589 --> 00:03:30,959

drove around the another corner and then

85

00:03:35,690 --> 00:03:33,599

we couldn't even see him anymore we were

86

00:03:38,509 --> 00:03:35,700

really really wondering if we were just

87

00:03:40,970 --> 00:03:38,519

seeing things or if it was just

88

00:03:42,470 --> 00:03:40,980

playing or some kind of military thing

89

00:03:45,470 --> 00:03:42,480

and we were thinking of all the excuses

90

00:03:47,030 --> 00:03:45,480

possible but really it was so strange it

91

00:03:49,009 --> 00:03:47,040

was just this big

92

00:03:50,449 --> 00:03:49,019

this big white light and one was right

93

00:03:52,250 --> 00:03:50,459

underneath the other one it was just

94

00:03:54,229 --> 00:03:52,260

hovering there because I came out on the

95

00:03:56,630 --> 00:03:54,239

deck here I noticed off to the corner of

96

00:03:58,430 --> 00:03:56,640

the house a flat you know a little flash

97

00:03:59,930 --> 00:03:58,440

I thought maybe it was a lightning bug

98

00:04:01,850 --> 00:03:59,940

so I was going to tell the baby to look

99

00:04:03,589 --> 00:04:01,860

over there then it shot down the lower

100

00:04:05,390 --> 00:04:03,599

end of the driveway too fast to be a

101  
00:04:07,130 --> 00:04:05,400  
lightning bug

102  
00:04:08,869 --> 00:04:07,140  
and then we just started watching it

103  
00:04:10,250 --> 00:04:08,879  
from there and it just started darting

104  
00:04:12,530 --> 00:04:10,260  
through the trees

105  
00:04:14,149 --> 00:04:12,540  
way too fast to be a lightning bug

106  
00:04:16,729 --> 00:04:14,159  
and we were told you know possible

107  
00:04:19,009 --> 00:04:16,739  
lightning bugs but way too fast for them

108  
00:04:21,170 --> 00:04:19,019  
and the brightness of the light was too

109  
00:04:23,689 --> 00:04:21,180  
light to be it even a lightning bug

110  
00:04:25,490 --> 00:04:23,699  
because it was a bright bluish

111  
00:04:27,590 --> 00:04:25,500  
lake to where lightning bugs we know are

112  
00:04:30,290 --> 00:04:27,600  
yellow

113  
00:04:32,930 --> 00:04:30,300

and they can't confuse the two of them

114

00:04:34,670 --> 00:04:32,940

got here and uh while you're cooking out

115

00:04:37,430 --> 00:04:34,680

here you see these strange lights is

116

00:04:39,890 --> 00:04:37,440

that correct yes it is

117

00:04:41,810 --> 00:04:39,900

yeah in the late evening

118

00:04:43,909 --> 00:04:41,820

and a late evening well you gotta tell

119

00:04:46,249 --> 00:04:43,919

me Well actually about dusk actually

120

00:04:47,330 --> 00:04:46,259

well about 9 30.

121

00:04:49,850 --> 00:04:47,340

okay

122

00:04:51,770 --> 00:04:49,860

and we'll start blinking down here on

123

00:04:55,249 --> 00:04:51,780

the ridge

124

00:04:56,210 --> 00:04:55,259

and first we thought they were lightning

125

00:05:01,010 --> 00:04:56,220

bugs

126

00:05:06,830 --> 00:05:03,469

and they went way too fast

127

00:05:11,090 --> 00:05:08,870

and then their favorite thing to do is

128

00:05:14,510 --> 00:05:11,100

come up the driveway

129

00:05:16,070 --> 00:05:14,520

right down in the lower half of the

130

00:05:17,810 --> 00:05:16,080

woods right here

131

00:05:19,850 --> 00:05:17,820

and as it gets darker then we start

132

00:05:21,590 --> 00:05:19,860

seeing them off the ridges and we can

133

00:05:23,090 --> 00:05:21,600

see them just flashing through the trees

134

00:05:24,890 --> 00:05:23,100

and then every now and then you'll just

135

00:05:26,330 --> 00:05:24,900

see one just right up out of the trees

136

00:05:27,590 --> 00:05:26,340

and just keep going right up into the

137

00:05:29,930 --> 00:05:27,600

sky

138

00:05:31,550 --> 00:05:29,940

off off the far Ridge here and we've

139

00:05:33,050 --> 00:05:31,560

seen a couple off this Ridge over here

140

00:05:35,270 --> 00:05:33,060

as well

141

00:05:38,570 --> 00:05:35,280

just shoot right up into the sky

142

00:05:40,070 --> 00:05:38,580

it all started late June because it was

143

00:05:42,170 --> 00:05:40,080

cold in June so we didn't really come

144

00:05:44,510 --> 00:05:42,180

out on the deck much

145

00:05:47,749 --> 00:05:44,520

so we came out on the deck and

146

00:05:51,110 --> 00:05:47,759

it started getting dark and looked out

147

00:05:52,730 --> 00:05:51,120

big blue blinking lights but I'm like

148

00:05:54,529 --> 00:05:52,740

what are they ladybugs and stuff was

149

00:05:57,249 --> 00:05:54,539

like it was like I mean not ladybugs uh

150

00:05:59,930 --> 00:05:57,259

lightning bugs

151  
00:06:02,090 --> 00:05:59,940  
they're moving way too fast

152  
00:06:03,409 --> 00:06:02,100  
so I I came up with any kind of

153  
00:06:04,850 --> 00:06:03,419  
explanation I could think of

154  
00:06:07,490 --> 00:06:04,860  
scientifically

155  
00:06:10,550 --> 00:06:07,500  
you know like oh it's a lightning bug

156  
00:06:13,310 --> 00:06:10,560  
it's just uh uh phosphorus in the air

157  
00:06:15,710 --> 00:06:13,320  
making them be blue or there's a house

158  
00:06:18,170 --> 00:06:15,720  
up here that's made of glass maybe it's

159  
00:06:20,330 --> 00:06:18,180  
somehow being hit by light and it's

160  
00:06:22,189 --> 00:06:20,340  
beaming funny lights everywhere and

161  
00:06:25,070 --> 00:06:22,199  
trying to come up with any kind of

162  
00:06:27,650 --> 00:06:25,080  
explanation for what they were

163  
00:06:29,990 --> 00:06:27,660

but then uh so I went to work and

164

00:06:30,950 --> 00:06:30,000

unfortunately informed people of my blue

165

00:06:33,409 --> 00:06:30,960

lights

166

00:06:36,770 --> 00:06:33,419

so it was when do you need a straight

167

00:06:38,930 --> 00:06:36,780

jacket uh Wendy go to your KMart Blue

168

00:06:41,510 --> 00:06:38,940

Light Special all kinds of good stuff

169

00:06:43,370 --> 00:06:41,520

like that so finally I go to work and a

170

00:06:45,170 --> 00:06:43,380

girl there goes Wendy did you ever go to

171

00:06:47,629 --> 00:06:45,180

planetcom.net

172

00:06:49,850 --> 00:06:47,639

there's a guy making a movie about the

173

00:06:51,710 --> 00:06:49,860

lights in West Virginia

174

00:06:53,749 --> 00:06:51,720

no way

175

00:06:55,790 --> 00:06:53,759

I have to get a hold of this guy and

176  
00:06:58,010 --> 00:06:55,800  
bring it and have him come up and see

177  
00:07:00,890 --> 00:06:58,020  
these blue lights maybe he'll know what

178  
00:07:03,469 --> 00:07:00,900  
they are or know someone that has seen

179  
00:07:05,330 --> 00:07:03,479  
them before or something like that

180  
00:07:08,510 --> 00:07:05,340  
but apparently they were completely

181  
00:07:10,490 --> 00:07:08,520  
different than the lights you see they

182  
00:07:12,710 --> 00:07:10,500  
come so close to that so close to you

183  
00:07:14,809 --> 00:07:12,720  
like they want to be around you you know

184  
00:07:17,270 --> 00:07:14,819  
Philip will sit on Sat on that bench

185  
00:07:19,790 --> 00:07:17,280  
with his nephew and they were literally

186  
00:07:21,230 --> 00:07:19,800  
hovering under the bench me and his

187  
00:07:22,610 --> 00:07:21,240  
nephew's wife said nothing because we

188  
00:07:24,950 --> 00:07:22,620

didn't want him to jump up or anything

189

00:07:26,570 --> 00:07:24,960

but they literally just came up the side

190

00:07:27,469 --> 00:07:26,580

and just hovered under the bench with

191

00:07:29,990 --> 00:07:27,479

them

192

00:07:33,050 --> 00:07:30,000

and I mean they come really close right

193

00:07:34,790 --> 00:07:33,060

into the bushes real close

194

00:07:37,070 --> 00:07:34,800

what can you tell me about the lights

195

00:07:41,089 --> 00:07:37,080

that you saw

196

00:07:42,290 --> 00:07:41,099

it it came up there close to me

197

00:07:45,830 --> 00:07:42,300

um

198

00:07:49,010 --> 00:07:45,840

they were like over the Ridge and stuff

199

00:07:52,969 --> 00:07:49,020

and they shoot across the mountains and

200

00:07:55,550 --> 00:07:52,979

stuff they come up close by the ridge

201  
00:07:57,230 --> 00:07:55,560  
were you afraid of them

202  
00:08:00,050 --> 00:07:57,240  
the first time you saw him were you

203  
00:08:03,230 --> 00:08:00,060  
afraid of them aliens

204  
00:08:07,370 --> 00:08:03,240  
one time I was in a discussion group of

205  
00:08:09,409 --> 00:08:07,380  
some really tuned in people and uh

206  
00:08:11,990 --> 00:08:09,419  
anyway one person in the group was very

207  
00:08:16,129 --> 00:08:12,000  
was pretty psychic and had the

208  
00:08:17,629 --> 00:08:16,139  
information to um go out

209  
00:08:21,409 --> 00:08:17,639  
on my farm

210  
00:08:22,930 --> 00:08:21,419  
uh this was east of Timberville on April

211  
00:08:25,969 --> 00:08:22,940  
the 4th at four o'clock in the morning

212  
00:08:28,670 --> 00:08:25,979  
and I had forgotten the year now but

213  
00:08:33,050 --> 00:08:28,680

it's been about 10 or 12 years ago this

214

00:08:35,930 --> 00:08:33,060

is 0-2 and um so we did it there were 14

215

00:08:37,070 --> 00:08:35,940

people went out on April 4th at four

216

00:08:40,490 --> 00:08:37,080

o'clock in the morning well we didn't

217

00:08:42,350 --> 00:08:40,500

see anything and I I remember saying

218

00:08:44,570 --> 00:08:42,360

well let's wait it was Daylight Saving

219

00:08:47,630 --> 00:08:44,580

Time so let's wait till five o'clock so

220

00:08:50,570 --> 00:08:47,640

at five o'clock exactly we saw a

221

00:08:54,530 --> 00:08:50,580

cone-shaped saying go slowly across the

222

00:08:57,889 --> 00:08:54,540

sky across New Market Gap and it was

223

00:09:00,170 --> 00:08:57,899

um it was green and it was gold on the

224

00:09:02,210 --> 00:09:00,180

outside edge and it didn't just zoom

225

00:09:04,790 --> 00:09:02,220

across the sky it just went slowly

226

00:09:10,130 --> 00:09:04,800

across the sky and of course we all just

227

00:09:10,140 --> 00:09:16,430

thank you

228

00:09:18,949 --> 00:09:18,050

I guess it was around five o'clock in

229

00:09:21,050 --> 00:09:18,959

the morning

230

00:09:22,009 --> 00:09:21,060

and uh I had this nightmare terrible

231

00:09:24,170 --> 00:09:22,019

nightmare

232

00:09:25,850 --> 00:09:24,180

and as I woke up

233

00:09:27,650 --> 00:09:25,860

I actually just turned my head and I was

234

00:09:29,750 --> 00:09:27,660

looking out the window

235

00:09:31,790 --> 00:09:29,760

and I saw this

236

00:09:34,250 --> 00:09:31,800

really bright light

237

00:09:36,170 --> 00:09:34,260

so I take a walk over to the window

238

00:09:37,850 --> 00:09:36,180

and I you know I was thinking well this

239

00:09:40,130 --> 00:09:37,860

isn't a star because

240

00:09:42,650 --> 00:09:40,140

it's the brightest star I've ever seen

241

00:09:44,870 --> 00:09:42,660

like the star Bethlehem or something

242

00:09:47,509 --> 00:09:44,880

so I I look you know I'm wiping my eyes

243

00:09:49,610 --> 00:09:47,519

making sure I'm not seeing things

244

00:09:52,190 --> 00:09:49,620

so like what I did was a binoculars out

245

00:09:53,449 --> 00:09:52,200

of here I started looking at the uh

246

00:09:55,610 --> 00:09:53,459

the light

247

00:09:56,990 --> 00:09:55,620

and I I really at that time I knew it

248

00:09:59,150 --> 00:09:57,000

wasn't

249

00:10:01,190 --> 00:09:59,160

a star

250

00:10:03,230 --> 00:10:01,200

so I woke my roommate up to come take a

251  
00:10:05,630 --> 00:10:03,240  
look and what we saw at the time was

252  
00:10:06,829 --> 00:10:05,640  
there was a the object was right above

253  
00:10:11,090 --> 00:10:06,839  
the ridge

254  
00:10:14,090 --> 00:10:11,100  
and then there was a light coming down

255  
00:10:16,130 --> 00:10:14,100  
from the object into the woods and then

256  
00:10:19,970 --> 00:10:16,140  
in the woods there was like a blinking

257  
00:10:21,350 --> 00:10:19,980  
light real faint but something blinking

258  
00:10:23,570 --> 00:10:21,360  
so it stayed that way from about

259  
00:10:25,490 --> 00:10:23,580  
probably 10 or 15 minutes

260  
00:10:27,410 --> 00:10:25,500  
then the light disappeared

261  
00:10:30,410 --> 00:10:27,420  
and then the object went higher into the

262  
00:10:33,170 --> 00:10:30,420  
sky probably about I would say maybe

263  
00:10:35,449 --> 00:10:33,180

four or five hundred feet then came back

264

00:10:37,550 --> 00:10:35,459

down to where it was originally

265

00:10:40,310 --> 00:10:37,560

so we sat there and watched it so in

266

00:10:43,070 --> 00:10:40,320

with with the naked eye it looked like a

267

00:10:45,170 --> 00:10:43,080

big star but with the binoculars you can

268

00:10:47,750 --> 00:10:45,180

see that there was an image

269

00:10:49,790 --> 00:10:47,760

like almost like a um around a circular

270

00:10:50,750 --> 00:10:49,800

image where there was a large light in

271

00:10:52,329 --> 00:10:50,760

the center

272

00:10:54,829 --> 00:10:52,339

and then there was like illuminated

273

00:10:57,470 --> 00:10:54,839

panels right around the edge

274

00:10:59,030 --> 00:10:57,480

and it was really distinct I mean you

275

00:11:01,370 --> 00:10:59,040

could see it it was very good with the

276  
00:11:04,550 --> 00:11:01,380  
binoculars so we just watched it and it

277  
00:11:06,829 --> 00:11:04,560  
just hovered for well over an hour till

278  
00:11:09,530 --> 00:11:06,839  
daylight and then disappeared

279  
00:11:11,930 --> 00:11:09,540  
and then what we did every night it was

280  
00:11:13,910 --> 00:11:11,940  
for the next four or five nights

281  
00:11:16,370 --> 00:11:13,920  
I would watch at two o'clock three

282  
00:11:17,870 --> 00:11:16,380  
o'clock four o'clock nothing

283  
00:11:20,329 --> 00:11:17,880  
five o'clock

284  
00:11:22,009 --> 00:11:20,339  
this image appears the very same thing

285  
00:11:24,170 --> 00:11:22,019  
without the beam of light coming down

286  
00:11:26,690 --> 00:11:24,180  
but it starts out above the Ridge and

287  
00:11:28,670 --> 00:11:26,700  
hovers then goes about at 500 to a

288  
00:11:31,370 --> 00:11:28,680

thousand foot in the sky stays there

289

00:11:33,170 --> 00:11:31,380

then it's gone so I called Neighbors

290

00:11:35,269 --> 00:11:33,180

that live across from the ridge

291

00:11:37,310 --> 00:11:35,279

and the first night they actually saw

292

00:11:38,509 --> 00:11:37,320

the light they couldn't they didn't they

293

00:11:40,430 --> 00:11:38,519

didn't have binoculars but they were

294

00:11:42,170 --> 00:11:40,440

looking at the naked eye so they saw the

295

00:11:44,269 --> 00:11:42,180

light but that was about it the second

296

00:11:47,870 --> 00:11:44,279

night I called friends that lived on top

297

00:11:48,710 --> 00:11:47,880

of The Ridge at 4 30 in the morning and

298

00:11:50,750 --> 00:11:48,720

uh

299

00:11:52,910 --> 00:11:50,760

you know they went out and looked and

300

00:11:55,490 --> 00:11:52,920

they couldn't see anything but this

301  
00:11:58,190 --> 00:11:55,500  
would they appeared to be a big light a

302  
00:11:59,870 --> 00:11:58,200  
star but it was weird because I don't

303  
00:12:02,150 --> 00:11:59,880  
know if it was the angle that I have

304  
00:12:04,009 --> 00:12:02,160  
from here that you know that we could

305  
00:12:07,550 --> 00:12:04,019  
see it and someone else couldn't

306  
00:12:12,590 --> 00:12:09,949  
then I guess it was about five or six

307  
00:12:14,690 --> 00:12:12,600  
days later nothing you know and I even

308  
00:12:15,829 --> 00:12:14,700  
even as of late as of last night I was

309  
00:12:17,690 --> 00:12:15,839  
up watching and I didn't see anything

310  
00:12:19,790 --> 00:12:17,700  
you know so it was at actually about

311  
00:12:22,310 --> 00:12:19,800  
five days consecutive that we saw this

312  
00:12:23,810 --> 00:12:22,320  
image if it was just me I probably would

313  
00:12:26,030 --> 00:12:23,820

think you know I'm crazy but you know

314

00:12:27,949 --> 00:12:26,040

Tim my roommate saw it and you know he's

315

00:12:30,650 --> 00:12:27,959

he's usually very skeptical about those

316

00:12:33,050 --> 00:12:30,660

things and he really was

317

00:12:35,030 --> 00:12:33,060

very excited about it uh well we were

318

00:12:36,889 --> 00:12:35,040

just all sitting here and uh it was a

319

00:12:38,150 --> 00:12:36,899

tremendously bright light on White Horse

320

00:12:40,009 --> 00:12:38,160

Mountain and I just thought it was

321

00:12:42,829 --> 00:12:40,019

people spotlight deer with a

322

00:12:44,269 --> 00:12:42,839

ridiculously bright light you know I

323

00:12:45,590 --> 00:12:44,279

didn't know what kind of hat light they

324

00:12:47,750 --> 00:12:45,600

had it was I never seen a light so

325

00:12:48,949 --> 00:12:47,760

bright but we we weren't thinking UFO at

326

00:12:50,690 --> 00:12:48,959

all I thought look at this bunch of

327

00:12:52,430 --> 00:12:50,700

Goofs I don't hunt anyway but I was

328

00:12:55,190 --> 00:12:52,440

thinking they're actually spotlight

329

00:12:58,009 --> 00:12:55,200

and then it flew up into the air and you

330

00:12:59,690 --> 00:12:58,019

know not not like that you know just

331

00:13:01,430 --> 00:12:59,700

normal speed and it flew right over top

332

00:13:02,690 --> 00:13:01,440

of our house it was a weird night

333

00:13:05,569 --> 00:13:02,700

because it was the Northern Lights

334

00:13:06,889 --> 00:13:05,579

sometimes when that happens the sky gets

335

00:13:08,569 --> 00:13:06,899

red right in the middle and it was that

336

00:13:11,090 --> 00:13:08,579

day and we were we had been looking at

337

00:13:14,030 --> 00:13:11,100

the sky up there but now we noticed this

338

00:13:15,590 --> 00:13:14,040

light and uh it flew right off and I

339

00:13:17,090 --> 00:13:15,600

know no plane can land over I've been on

340

00:13:19,370 --> 00:13:17,100

top of that mountain and if it had been

341

00:13:21,530 --> 00:13:19,380

a chopper I'd have heard something but

342

00:13:23,509 --> 00:13:21,540

it made no noise at all it certainly

343

00:13:26,150 --> 00:13:23,519

wasn't anybody spotlighting

344

00:13:28,670 --> 00:13:26,160

but uh I've seen that in my whole

345

00:13:30,949 --> 00:13:28,680

family did but mostly we see these

346

00:13:33,530 --> 00:13:30,959

um orange lights that are um actually

347

00:13:35,629 --> 00:13:33,540

got a sodium colored and they almost got

348

00:13:37,550 --> 00:13:35,639

a floating thing it don't look like no

349

00:13:39,350 --> 00:13:37,560

straight trajectory they look like I

350

00:13:40,970 --> 00:13:39,360

don't know it just looks weird we've

351  
00:13:43,009 --> 00:13:40,980  
seen so many of them we stopped looking

352  
00:13:46,009 --> 00:13:43,019  
you know and a lot of these people down

353  
00:13:47,870 --> 00:13:46,019  
the valley see them I'm not the only one

354  
00:13:50,449 --> 00:13:47,880  
who see next when did this all happen

355  
00:13:53,329 --> 00:13:50,459  
Okay well this was I guess it was about

356  
00:13:54,530 --> 00:13:53,339  
97 it was when I just finished building

357  
00:13:57,710 --> 00:13:54,540  
the house

358  
00:13:59,870 --> 00:13:57,720  
and I was out here one evening and out

359  
00:14:02,690 --> 00:13:59,880  
in that little saddle over there

360  
00:14:04,430 --> 00:14:02,700  
looking over short Mountain I saw some

361  
00:14:05,750 --> 00:14:04,440  
lights come up

362  
00:14:07,550 --> 00:14:05,760  
and

363  
00:14:09,170 --> 00:14:07,560

at first I thought it was an airplane or

364

00:14:12,170 --> 00:14:09,180

something because I wasn't real familiar

365

00:14:13,670 --> 00:14:12,180

with the uh flight patterns in this area

366

00:14:15,530 --> 00:14:13,680

or anything

367

00:14:18,949 --> 00:14:15,540

so you know I sat here and watched it

368

00:14:20,810 --> 00:14:18,959

and they seemed to just stop there and

369

00:14:22,310 --> 00:14:20,820

then they moved to the left a little bit

370

00:14:23,150 --> 00:14:22,320

and then they moved to the right a

371

00:14:24,949 --> 00:14:23,160

little bit

372

00:14:26,690 --> 00:14:24,959

and you know at that point I thought it

373

00:14:28,250 --> 00:14:26,700

was kind of odd yeah

374

00:14:32,030 --> 00:14:28,260

I still didn't really know what was

375

00:14:34,129 --> 00:14:32,040

going on with it and uh then it just

376

00:14:36,710 --> 00:14:34,139

real quick cut down the mountain and it

377

00:14:38,389 --> 00:14:36,720

was gone I think it would be silly of us

378

00:14:40,490 --> 00:14:38,399

to think that there's not something else

379

00:14:42,949 --> 00:14:40,500

that we don't know about and

380

00:14:45,050 --> 00:14:42,959

I think there's plenty out there that we

381

00:14:46,250 --> 00:14:45,060

don't have a clue you know what what the

382

00:14:49,910 --> 00:14:46,260

possibilities

383

00:14:51,410 --> 00:14:49,920

could even be yes if I saw something

384

00:14:53,949 --> 00:14:51,420

that was you know

385

00:14:56,750 --> 00:14:53,959

[Music]

386

00:14:59,210 --> 00:14:56,760

who knows you know but

387

00:15:02,269 --> 00:14:59,220

it was something I certainly didn't

388

00:15:04,790 --> 00:15:02,279

understand I haven't seen it again you

389

00:15:06,949 --> 00:15:04,800

know I see planes and stuff like that at

390

00:15:09,470 --> 00:15:06,959

night I watch them fly over I've never

391

00:15:11,180 --> 00:15:09,480

seen anything like that so

392

00:15:12,850 --> 00:15:11,190

maybe there's some there's

393

00:15:15,790 --> 00:15:12,860

[Music]

394

00:15:18,170 --> 00:15:15,800

something more than you know about yeah

395

00:15:20,269 --> 00:15:18,180

that's about as far as I can go with

396

00:15:23,090 --> 00:15:20,279

that you know he's coming back through

397

00:15:25,069 --> 00:15:23,100

here it was probably between 12 and 1

398

00:15:27,889 --> 00:15:25,079

o'clock after work

399

00:15:30,470 --> 00:15:27,899

and uh I had a partner with me he was

400

00:15:32,509 --> 00:15:30,480

there asleep

401  
00:15:35,090 --> 00:15:32,519  
and uh

402  
00:15:36,590 --> 00:15:35,100  
I was was I was awake drivers doing the

403  
00:15:38,410 --> 00:15:36,600  
driving

404  
00:15:41,090 --> 00:15:38,420  
and uh

405  
00:15:43,550 --> 00:15:41,100  
I was alert I was looking for deer here

406  
00:15:46,850 --> 00:15:43,560  
along the road it's a bad place

407  
00:15:51,230 --> 00:15:46,860  
and when we got right out here

408  
00:15:57,470 --> 00:15:54,050  
well I noticed my car lit up

409  
00:15:59,389 --> 00:15:57,480  
the hood of my car lit up and

410  
00:16:02,449 --> 00:15:59,399  
it was just

411  
00:16:04,370 --> 00:16:02,459  
about that time I looked out the window

412  
00:16:06,530 --> 00:16:04,380  
up in the sky

413  
00:16:08,689 --> 00:16:06,540

and here went this real bright object

414

00:16:10,490 --> 00:16:08,699

right across here right across that

415

00:16:13,850 --> 00:16:10,500

mountain right there

416

00:16:17,110 --> 00:16:13,860

right there and it was

417

00:16:19,189 --> 00:16:17,120

it looked to me like it was pretty big

418

00:16:21,949 --> 00:16:19,199

it was

419

00:16:23,930 --> 00:16:21,959

I really can't describe the color and

420

00:16:25,550 --> 00:16:23,940

but when the car lit up it wasn't a

421

00:16:27,170 --> 00:16:25,560

white light or anything like that it was

422

00:16:30,230 --> 00:16:27,180

just sort of a glow

423

00:16:34,550 --> 00:16:30,240

about a week or two later I was down at

424

00:16:38,569 --> 00:16:34,560

my dad's on a weekend on Sunday maybe

425

00:16:42,050 --> 00:16:38,579

and he asked me he said did you see that

426

00:16:45,710 --> 00:16:42,060

big bright light yeah the other week

427

00:16:47,569 --> 00:16:45,720

and I said yeah I've seen it so then I

428

00:16:49,790 --> 00:16:47,579

knew I had a witness

429

00:16:52,249 --> 00:16:49,800

that told me that uh

430

00:16:54,829 --> 00:16:52,259

you know when he seen it it was just

431

00:16:57,889 --> 00:16:54,839

something that he'd never seen before

432

00:16:59,509 --> 00:16:57,899

and the way it moved uh

433

00:17:01,970 --> 00:16:59,519

he said it was going to look more or

434

00:17:04,669 --> 00:17:01,980

less parallel to him

435

00:17:07,730 --> 00:17:04,679

and then all at once it made off

436

00:17:09,230 --> 00:17:07,740

right angle move more or less just real

437

00:17:11,630 --> 00:17:09,240

quick

438

00:17:13,850 --> 00:17:11,640

to what it was I you know I have no clue

439

00:17:15,470 --> 00:17:13,860

but I don't think it was a man-made

440

00:17:19,069 --> 00:17:15,480

object

441

00:17:21,169 --> 00:17:19,079

because it had to be as bright in front

442

00:17:25,010 --> 00:17:21,179

of it as it was in the back

443

00:17:27,949 --> 00:17:25,020

because it when it lit my car up and it

444

00:17:30,110 --> 00:17:27,959

was just a split second later when I

445

00:17:32,570 --> 00:17:30,120

seen it through the windshield

446

00:17:36,590 --> 00:17:32,580

so it hadn't been either

447

00:17:40,370 --> 00:17:36,600

you know like a ball or a sphere or

448

00:17:42,529 --> 00:17:40,380

something I I have no idea I've never

449

00:17:47,690 --> 00:17:42,539

seen anything like it since it was

450

00:17:52,610 --> 00:17:50,029

like I saved just a few seconds and it

451  
00:17:54,230 --> 00:17:52,620  
was from one mountain to the other so

452  
00:17:55,909 --> 00:17:54,240  
all we could see was just that far you

453  
00:17:59,810 --> 00:17:55,919  
know coming out of it like a circle

454  
00:18:02,330 --> 00:17:59,820  
coming out of it and it was no sound

455  
00:18:04,490 --> 00:18:02,340  
never heard never heard noise at all it

456  
00:18:06,470 --> 00:18:04,500  
was just just the lights always seen you

457  
00:18:09,529 --> 00:18:06,480  
know more or less Capital to myself

458  
00:18:11,690 --> 00:18:09,539  
because I knew I was to tell anybody

459  
00:18:12,950 --> 00:18:11,700  
they wouldn't have the slightest clue

460  
00:18:16,370 --> 00:18:12,960  
because

461  
00:18:18,289 --> 00:18:16,380  
I think I was crazy something like that

462  
00:18:19,850 --> 00:18:18,299  
we're coming down quarter eight from

463  
00:18:21,830 --> 00:18:19,860

Moorefield it was probably 11 o'clock

464

00:18:26,510 --> 00:18:21,840

Saturday nights probably the second week

465

00:18:28,310 --> 00:18:26,520

of August 04 or March March 04. she was

466

00:18:30,590 --> 00:18:28,320

driving I was just

467

00:18:32,690 --> 00:18:30,600

gaulking at the sky you know and it was

468

00:18:35,990 --> 00:18:32,700

like a a reddish

469

00:18:40,250 --> 00:18:36,000

uh orange light and it turned white

470

00:18:42,350 --> 00:18:40,260

and it kept moving across the sky

471

00:18:44,090 --> 00:18:42,360

the whole time we were driving so we

472

00:18:47,870 --> 00:18:44,100

pulled alongside the road

473

00:18:49,130 --> 00:18:47,880

and just sat there and looked at it they

474

00:18:51,289 --> 00:18:49,140

couldn't figure out what it was because

475

00:18:54,230 --> 00:18:51,299

helicopters don't move like that they

476

00:18:58,850 --> 00:18:54,240

don't zigzag across the sky

477

00:19:02,750 --> 00:18:58,860

I think it was a red reddish white light

478

00:19:04,970 --> 00:19:02,760

and it would appear to just be there

479

00:19:05,810 --> 00:19:04,980

then it would go from one point to the

480

00:19:08,029 --> 00:19:05,820

next

481

00:19:10,010 --> 00:19:08,039

without you seeing it move

482

00:19:12,409 --> 00:19:10,020

and then the next time I'm looking it's

483

00:19:15,230 --> 00:19:12,419

over on my right side and it's

484

00:19:17,210 --> 00:19:15,240

and it's still there and then it's over

485

00:19:19,430 --> 00:19:17,220

here and then it's up here and then it's

486

00:19:21,529 --> 00:19:19,440

over here and it was just

487

00:19:23,289 --> 00:19:21,539

we pulled over but I said this can't be

488

00:19:25,789 --> 00:19:23,299

I mean what the hell is this

489

00:19:28,010 --> 00:19:25,799

you know this light

490

00:19:29,570 --> 00:19:28,020

so we pulled over but sure enough it was

491

00:19:32,090 --> 00:19:29,580

just going wherever the hell wanted to

492

00:19:34,610 --> 00:19:32,100

go and we followed it the whole way down

493

00:19:36,770 --> 00:19:34,620

quarter eight that won a helicopter one

494

00:19:40,250 --> 00:19:36,780

plane it wasn't could have been a

495

00:19:44,750 --> 00:19:40,260

government project who knows I mean yeah

496

00:19:46,909 --> 00:19:44,760

this happened in July of two years ago I

497

00:19:49,610 --> 00:19:46,919

was studying out here after everybody

498

00:19:51,049 --> 00:19:49,620

went to bed looking at stars quite a few

499

00:19:53,029 --> 00:19:51,059

stars out

500

00:19:57,049 --> 00:19:53,039

uh

501  
00:20:01,190 --> 00:19:57,059  
I looked over past this pine tree here

502  
00:20:04,130 --> 00:20:01,200  
quite a ways over and I saw this large

503  
00:20:07,490 --> 00:20:04,140  
cylinder type thing with bright lights

504  
00:20:09,710 --> 00:20:07,500  
and it moves slowly and it finally came

505  
00:20:12,890 --> 00:20:09,720  
around came around and you can see it

506  
00:20:16,070 --> 00:20:12,900  
really closely you know in that area

507  
00:20:20,110 --> 00:20:16,080  
there and it just hovered there for the

508  
00:20:23,270 --> 00:20:20,120  
longest time but it moved slowly well

509  
00:20:25,370 --> 00:20:23,280  
getting there and uh

510  
00:20:28,250 --> 00:20:25,380  
I watched it for the longest time and

511  
00:20:30,470 --> 00:20:28,260  
then I decided to go to bed it was in a

512  
00:20:32,810 --> 00:20:30,480  
distance it's about where that blue area

513  
00:20:35,510 --> 00:20:32,820

is in the sky

514

00:20:38,450 --> 00:20:35,520

about that area and then it moved slowly

515

00:20:40,669 --> 00:20:38,460

closer but it didn't get that close you

516

00:20:44,270 --> 00:20:40,679

know but it was still you could see it

517

00:20:47,270 --> 00:20:44,280

was a pretty large object it was very

518

00:20:49,970 --> 00:20:47,280

large you know with bright lights you

519

00:20:52,310 --> 00:20:49,980

know going down I decided that I had

520

00:20:54,169 --> 00:20:52,320

enough stories to finish this film after

521

00:20:55,669 --> 00:20:54,179

all how many more are necessary to show

522

00:20:57,049 --> 00:20:55,679

that something strange indeed is

523

00:21:00,010 --> 00:20:57,059

happening out here

524

00:21:02,690 --> 00:21:00,020

what exactly I'm not sure military

525

00:21:04,730 --> 00:21:02,700

probably some of it but certainly not

526

00:21:06,830 --> 00:21:04,740

all of it so what are we to make of it

527

00:21:09,289 --> 00:21:06,840

after I saw that I thought well you know

528

00:21:10,730 --> 00:21:09,299

maybe it's something to uh what people

529

00:21:12,529 --> 00:21:10,740

are saying you know I mean they're

530

00:21:14,630 --> 00:21:12,539

seeing these objects

531

00:21:17,390 --> 00:21:14,640

oh I almost forgot to tell you what I

532

00:21:19,430 --> 00:21:17,400

saw remember Wendy Phillip and Shayna

533

00:21:21,230 --> 00:21:19,440

the ones who told us about the strange

534

00:21:23,090 --> 00:21:21,240

bluish lights that would make their way

535

00:21:25,730 --> 00:21:23,100

through the woods and up to their home

536

00:21:28,130 --> 00:21:25,740

well I saw that also we all saw

537

00:21:30,289 --> 00:21:28,140

something else that night a large

538

00:21:32,210 --> 00:21:30,299

glowing round object like a full moon a

539

00:21:33,890 --> 00:21:32,220

period above the Mountain Ridge and then

it dropped out of sight below the Ridge

541

00:21:38,690 --> 00:21:36,780

and reappeared a few moments later

542

00:21:40,909 --> 00:21:38,700

we all watched it as it started to go

543

00:21:42,950 --> 00:21:40,919

straight up into the sky seemingly

544

00:21:44,930 --> 00:21:42,960

changing color from white to Orange

545

00:21:48,350 --> 00:21:44,940

before it disappeared
