

1
00:00:03,350 --> 00:00:01,610
the light that's coming at me was

2
00:00:07,190 --> 00:00:03,360
extremely bright the inside of the car

3
00:00:10,669 --> 00:00:07,200
lit up I can remember that and it was a

4
00:00:13,070 --> 00:00:10,679
very dazzling brilliant occurrence

5
00:00:15,230 --> 00:00:13,080
his story is that while driving along a

6
00:00:16,630 --> 00:00:15,240
country road on night Patrol he saw a

7
00:00:18,890 --> 00:00:16,640
light in the far distance

8
00:00:23,689 --> 00:00:18,900
after he'd been watching it for a while

9
00:00:27,290 --> 00:00:25,550
he maintains that he blacked out and

10
00:00:28,670 --> 00:00:27,300
when he came to his car had been thrown

11
00:00:31,009 --> 00:00:28,680
across the road

12
00:00:33,549 --> 00:00:31,019
later examination revealed that the car

13
00:00:36,250 --> 00:00:33,559

itself had been damaged a dented top

14

00:00:38,630 --> 00:00:36,260

smashed headlights shattered windshield

15

00:00:40,490 --> 00:00:38,640

and a bent antenna

16

00:00:42,709 --> 00:00:40,500

something did strike my vehicle

17

00:00:45,350 --> 00:00:42,719

something

18

00:00:47,810 --> 00:00:45,360

didn't want me there apparently or it

19

00:00:49,190 --> 00:00:47,820

was you know I I can't put a judgment on

20

00:00:58,189 --> 00:00:49,200

it

21

00:01:00,889 --> 00:00:58,199

a recording of the actual radio call

22

00:01:02,389 --> 00:01:00,899

that he made seconds after the incident

23

00:01:05,590 --> 00:01:02,399

listen closely

24

00:01:10,550 --> 00:01:05,600

407 what is your condition

25

00:01:12,010 --> 00:01:10,560

[Music]

26

00:01:13,870 --> 00:01:12,020

oh

27

00:01:16,550 --> 00:01:13,880

strange

28

00:01:18,030 --> 00:01:16,560

are you uh what's your condition are you

29

00:01:20,030 --> 00:01:18,040

okay

30

00:01:28,310 --> 00:01:20,040

[Laughter]

31

00:01:30,770 --> 00:01:28,320

[Music]

32

00:01:32,510 --> 00:01:30,780

and for all good hold of 406 Steven and

33

00:01:35,810 --> 00:01:32,520

Cinema's on his way what is it that

34

00:01:38,810 --> 00:01:35,820

happened Deputy Johnson recreated step

35

00:01:41,030 --> 00:01:38,820

by step the events of that night

36

00:01:43,730 --> 00:01:41,040

I was on routine Patrol and I came up to

37

00:01:46,370 --> 00:01:43,740

this intersection and I looked South and

38

00:01:49,910 --> 00:01:46,380

I saw a bright light

39

00:01:52,370 --> 00:01:49,920

just over the center of the roadway

40

00:01:55,190 --> 00:01:52,380

my first impression was the wave maybe

41

00:01:57,649 --> 00:01:55,200

it was a semi with one headlight broken

42

00:01:59,389 --> 00:01:57,659

out and then it dawned on me that the

43

00:02:02,940 --> 00:01:59,399

light was too big around and too intense

44

00:02:02,950 --> 00:02:08,210

[Music]

45

00:02:22,630 --> 00:02:12,290

s

46

00:02:28,610 --> 00:02:22,640

I don't know

47

00:02:30,650 --> 00:02:28,620

I'll explain it all

48

00:02:33,050 --> 00:02:30,660

strange

49

00:02:36,610 --> 00:02:33,060

are you uh what's your condition are you

50

00:02:42,250 --> 00:02:40,010

I heard the glass breaking and relaxed

51
00:02:44,589 --> 00:02:42,260
the brake brakes

52
00:02:47,449 --> 00:02:44,599
[Applause]

53
00:02:51,110 --> 00:02:47,459
we're all good hold of 406 Stephen and

54
00:03:04,369 --> 00:02:52,790
Bell was rushed to a local hospital

55
00:03:09,890 --> 00:03:06,830
my eyes were extremely painful as if I'd

56
00:03:12,830 --> 00:03:09,900
been subjected to something like arc

57
00:03:15,830 --> 00:03:12,840
welder burn or something

58
00:03:18,350 --> 00:03:15,840
my uh there's some Sal put in my eyes

59
00:03:20,990 --> 00:03:18,360
and they were covered with an adhesive

60
00:03:22,790 --> 00:03:21,000
bandage but in a matter of six to eight

61
00:03:24,710 --> 00:03:22,800
hours that he cleared up Johnson was

62
00:03:26,390 --> 00:03:24,720
unconscious for 40 minutes before he

63
00:03:28,550 --> 00:03:26,400

radioed for help and was taken to the

64

00:03:30,649 --> 00:03:28,560

hospital a doctor and later an eye

65

00:03:33,050 --> 00:03:30,659

specialist confirmed that Johnson had

66

00:03:35,990 --> 00:03:33,060

suffered mild welder or Flash Burns to

67

00:03:37,970 --> 00:03:36,000

his eyes even stranger both Johnson's

68

00:03:40,369 --> 00:03:37,980

wristwatch and the electric clock in his

69

00:03:42,890 --> 00:03:40,379

patrol car had mysteriously stopped for

70

00:03:44,930 --> 00:03:42,900

14 minutes an investigator from the

71

00:03:47,210 --> 00:03:44,940

center for UFO studies in Evanston

72

00:03:49,430 --> 00:03:47,220

Illinois flew in to examine the damaged

73

00:03:51,170 --> 00:03:49,440

patrol car there was no evidence of

74

00:03:52,789 --> 00:03:51,180

radioactivity and neither the

75

00:03:54,770 --> 00:03:52,799

investigator nor the sheriff could

76

00:03:57,350 --> 00:03:54,780

figure how the two spring-mounted

77

00:03:59,869 --> 00:03:57,360

antennas became bent at almost 90 degree

78

00:04:02,390 --> 00:03:59,879

angles at the scene of the accident skid

79

00:04:04,910 --> 00:04:02,400

marks show Deputy Johnson coasted for

80

00:04:06,229 --> 00:04:04,920

800 feet after impact before applying

81

00:04:08,509 --> 00:04:06,239

the brakes

82

00:04:10,850 --> 00:04:08,519

the area around here has been searched

83

00:04:12,589 --> 00:04:10,860

but nothing's been found all kinds of

84

00:04:14,509 --> 00:04:12,599

small airplane theories have been

85

00:04:16,490 --> 00:04:14,519

bandied around but Deputy Johnson

86

00:04:17,930 --> 00:04:16,500

clearly remembers hearing no engine

87

00:04:20,629 --> 00:04:17,940

noise

88

00:04:22,730 --> 00:04:20,639

and nothing explains the 14-minute laps

89

00:04:25,189 --> 00:04:22,740

in the two timepieces nor the peculiar

90

00:04:27,650 --> 00:04:25,199

bending of the antennas it's a mystery

91

00:04:30,110 --> 00:04:27,660

or as the UFO investigator from Illinois

92

00:04:32,810 --> 00:04:30,120

said it appears to have been a close

93

00:04:34,909 --> 00:04:32,820

encounter of the second kind Mel

94

00:04:37,430 --> 00:04:34,919

Johnson's a very good fellow and he's a

95

00:04:39,890 --> 00:04:37,440

good officer he has three young children

96

00:04:42,950 --> 00:04:39,900

and a nice wife and he's very reliable

97

00:04:46,010 --> 00:04:42,960

person my feeling was that whatever

98

00:04:48,230 --> 00:04:46,020

happened was strange and unknown and

99

00:04:50,810 --> 00:04:48,240

there was no doubt in my mind that Val

100

00:04:53,570 --> 00:04:50,820

was telling what he actually saw this is

101
00:04:59,930 --> 00:04:53,580
Deputy Val Johnson and his wife Roseanne

102
00:05:04,490 --> 00:05:01,749
now

103
00:05:05,870 --> 00:05:04,500
since that incredible experience that

104
00:05:07,370 --> 00:05:05,880
has shocked us all have you had any

105
00:05:09,650 --> 00:05:07,380
other experiences any any other Close

106
00:05:10,730 --> 00:05:09,660
Encounters no sir no has you had any

107
00:05:14,510 --> 00:05:10,740
before this

108
00:05:16,310 --> 00:05:14,520
no no this is the first one well how has

109
00:05:19,490 --> 00:05:16,320
it changed your life

110
00:05:23,270 --> 00:05:19,500
well it's uh it's a broader family unit

111
00:05:24,710 --> 00:05:23,280
closer together uh because it scared

112
00:05:26,330 --> 00:05:24,720
everybody so much you mean well there

113
00:05:28,490 --> 00:05:26,340

was a lot of people confused about it

114

00:05:31,550 --> 00:05:28,500

and a lot of uh unusual stories that

115

00:05:33,890 --> 00:05:31,560

came out about it uh but uh

116

00:05:35,270 --> 00:05:33,900

it's uh brought us closer together as a

117

00:05:36,950 --> 00:05:35,280

family unit was it a religious

118

00:05:39,230 --> 00:05:36,960

experience for you many times these

119

00:05:41,450 --> 00:05:39,240

events are are a religious experience

120

00:05:43,670 --> 00:05:41,460

upon reflection afterwards it's been

121

00:05:46,189 --> 00:05:43,680

about six months now upon a reflection

122

00:05:48,710 --> 00:05:46,199

uh we've kind of come to the uh

123

00:05:50,210 --> 00:05:48,720

conclusion that uh perhaps the creator

124

00:05:52,189 --> 00:05:50,220

has made other things that we can't

125

00:05:53,570 --> 00:05:52,199

readily see or readily identify and

126

00:05:57,590 --> 00:05:53,580

perhaps this is one of the things we

127

00:06:03,890 --> 00:06:01,629

never had any phone call type Sensations

128

00:06:05,450 --> 00:06:03,900

that you wouldn't consider normal like

129

00:06:09,670 --> 00:06:05,460

not busy spells but just something like

130

00:06:38,809 --> 00:06:09,680

ESP things are seeing little missing

131

00:06:56,110 --> 00:06:41,930

here it's a 14 minutes late because I've

132

00:07:01,309 --> 00:06:58,629

these other people all these abductions

133

00:07:02,510 --> 00:07:01,319

and I don't want anything that you're

134

00:07:04,029 --> 00:07:02,520

going to [h__h] up but there's always

135

00:07:06,890 --> 00:07:04,039

the flexibility

136

00:07:08,809 --> 00:07:06,900

who's to say that you weren't abducted

137

00:07:11,629 --> 00:07:08,819

exactly just like these closer Cars

138

00:07:13,370 --> 00:07:11,639

movie show because your mind was

139

00:07:15,890 --> 00:07:13,380

probably brainwashed after sister

140

00:07:17,990 --> 00:07:15,900

speculation and then all of a sudden

141

00:07:19,610 --> 00:07:18,000

these little white man didn't know it's

142

00:07:21,529 --> 00:07:19,620

exactly the spot or they just said your

143

00:07:24,309 --> 00:07:21,539

car was teleported like they sometimes

144

00:07:26,809 --> 00:07:24,319

say there's this notifications and then

145

00:07:29,870 --> 00:07:26,819

you're in the side somebody drives the

146

00:07:31,129 --> 00:07:29,880

car jams on the bridge makes it look

147

00:07:32,870 --> 00:07:31,139

s like you're like that in that

148

00:07:38,089 --> 00:07:32,880

configuration at an angle across the

149

00:07:40,969 --> 00:07:38,099

highway only because there's 39 no 14

150

00:07:44,390 --> 00:07:40,979

minutes 13 39 minutes there 39 minutes

151
00:07:45,650 --> 00:07:44,400
there but 14 on the watch God you might

152
00:07:47,629 --> 00:07:45,660
have been somewhere else for 14 minutes

153
00:07:55,070 --> 00:07:47,639
I don't know like they said there's

154
00:07:55,080 --> 00:09:30,070
relationship

155
00:09:37,009 --> 00:09:32,210
almost died

156
00:09:37,019 --> 00:09:41,769
um

157
00:09:49,850 --> 00:09:46,790
okay I would like to know recording were

158
00:09:55,250 --> 00:09:49,860
you uh have ever read any stories on

159
00:09:58,329 --> 00:09:57,470
are you have any interest at all after

160
00:10:02,509 --> 00:09:58,339
that

161
00:10:04,810 --> 00:10:02,519
prior to this incident I have about two

162
00:10:10,570 --> 00:10:04,820
big contentions

163
00:10:16,910 --> 00:10:13,970

about the Russian criminal justice

164

00:10:20,230 --> 00:10:16,920

system so you don't really have any so I

165

00:10:23,690 --> 00:10:20,240

have no real burning desire right

166

00:10:25,490 --> 00:10:23,700

since that time humorous people have

167

00:10:27,670 --> 00:10:25,500

said you just gotta go see closing

168

00:10:30,889 --> 00:10:27,680

colors

169

00:10:33,949 --> 00:10:30,899

and I I don't I don't have the money or

170

00:10:36,350 --> 00:10:33,959

the time off but someone left me a book

171

00:10:45,670 --> 00:10:36,360

but after you haven't read any uh

172

00:10:51,889 --> 00:10:48,610

was there any damage to the radio itself

173

00:10:54,290 --> 00:10:51,899

well to be a new electronics okay I have

174

00:10:56,509 --> 00:10:54,300

a CB radio let's just antenna by the

175

00:10:58,449 --> 00:10:56,519

camera called my series that's your own

176

00:11:00,949 --> 00:10:58,459

personal one yeah

177

00:11:05,090 --> 00:11:00,959

CV has never really worked quite right

178

00:11:07,670 --> 00:11:05,100

too yeah yeah the police radio as far as

179

00:11:09,970 --> 00:11:07,680

I know it was working when I called for

180

00:11:12,290 --> 00:11:09,980

assistance

181

00:11:15,490 --> 00:11:12,300

the only thing I can tell you yeah

182

00:11:17,350 --> 00:11:15,500

there's practically a new battery

183

00:11:19,569 --> 00:11:17,360

this area

184

00:11:22,190 --> 00:11:19,579

that's for the CPU

185

00:11:26,329 --> 00:11:22,200

no okay yeah

186

00:11:31,430 --> 00:11:28,790

to charge it up and it started up it's

187

00:11:49,130 --> 00:11:31,440

driven it out it's more vital so shut it

188

00:11:49,140 --> 00:12:02,750

but

189

00:12:07,970 --> 00:12:04,930

have you ever been contacted by any

190

00:12:10,490 --> 00:12:07,980

people in the state CIA FDI find a goal

191

00:12:12,590 --> 00:12:10,500

officer this is a brainwasher or you

192

00:12:15,230 --> 00:12:12,600

know just a under hypnosis let them do

193

00:12:17,350 --> 00:12:15,240

with people at the National Enquirer

194

00:12:20,630 --> 00:12:17,360

because approach me

195

00:12:25,210 --> 00:12:20,640

right yeah they wanted to take the head

196

00:12:30,310 --> 00:12:27,530

because I told them that first of all

197

00:12:32,630 --> 00:12:30,320

they'd find very little inside

198

00:13:08,710 --> 00:12:32,640

would be like selling your gallbladder

199

00:13:32,710 --> 00:13:10,910

I'm just wondering about the actual

200

00:13:38,889 --> 00:13:34,970

came out

201
00:13:41,590 --> 00:13:38,899
at the same world at 3 19 a.m and never

202
00:13:44,090 --> 00:13:41,600
followed up remember

203
00:13:46,370 --> 00:13:44,100
I don't know how much I can ask what to

204
00:13:48,350 --> 00:13:46,380
put out well I received to fall out the

205
00:13:50,509 --> 00:13:48,360
grade was sent out and I received a call

206
00:13:52,370 --> 00:13:50,519
I called the sheriff we went out to the

207
00:13:54,970 --> 00:13:52,380
states and we made the measurements and

208
00:13:58,069 --> 00:13:54,980
the glass was found different pictures

209
00:14:00,660 --> 00:13:58,079
if my batteries are dead in my camera

210
00:14:18,009 --> 00:14:00,670
so I had I used a

211
00:14:23,389 --> 00:14:20,629
today also if you notice on it I use the

212
00:14:25,790 --> 00:14:23,399
Grid on some of them grid photography

213
00:14:27,170 --> 00:14:25,800

okay sure it's like on the car for the

214

00:14:29,629 --> 00:14:27,180

damage I have grids on some of the

215

00:14:31,069 --> 00:14:29,639

pictures and the skid marks out there I

216

00:14:33,050 --> 00:14:31,079

have a grid in it so you guys could

217

00:14:35,690 --> 00:14:33,060

develop all the measurements

218

00:14:37,670 --> 00:14:35,700

when we got back we interviewed Val we

219

00:14:39,590 --> 00:14:37,680

ran a tape Val

220

00:14:41,569 --> 00:14:39,600

ium and then we off the main machine

221

00:14:42,889 --> 00:14:41,579

everything he said when he called in was

222

00:14:44,930 --> 00:14:42,899

reported

223

00:14:47,870 --> 00:14:44,940

and so then like one thing Val didn't

224

00:14:49,790 --> 00:14:47,880

get to give information on but when Val

225

00:14:52,790 --> 00:14:49,800

said he checked his watch I'll emphasize

226

00:14:55,250 --> 00:14:52,800

this vowels watches 14 minutes off was

227

00:14:58,310 --> 00:14:55,260

it all right so I went and checked the

228

00:14:59,509 --> 00:14:58,320

car which is 14 minutes off and now the

229

00:15:01,610 --> 00:14:59,519

main thing everybody thinks that well

230

00:15:03,290 --> 00:15:01,620

maybe he said I'm wrong see when Val

231

00:15:04,970 --> 00:15:03,300

goes to work the alcohol is in at

232

00:15:07,129 --> 00:15:04,980

correct time in each section

233

00:15:08,569 --> 00:15:07,139

now so then they checked we checked our

234

00:15:12,290 --> 00:15:08,579

log and he called them to correct time

235

00:15:14,689 --> 00:15:12,300

as he worked and he calls in and they

236

00:15:17,030 --> 00:15:14,699

lock him down he also has a log sheet

237

00:15:19,310 --> 00:15:17,040

and he logs stuff down which the two

238

00:15:22,069 --> 00:15:19,320

correspond all the way

239

00:15:24,350 --> 00:15:22,079

so we can verify that his watch and the

240

00:15:26,870 --> 00:15:24,360

clock were both set when he went to work

241

00:15:29,030 --> 00:15:26,880

because he calls in standard procedure

242

00:15:30,650 --> 00:15:29,040

sets his four matches and he keeps a

243

00:15:32,750 --> 00:15:30,660

running log if the incident has turned

244

00:15:38,470 --> 00:15:32,760

the knife which matches the loss of the

245

00:15:44,410 --> 00:15:42,170

which his watch was correct 7 p.m and

246

00:15:48,710 --> 00:15:44,420

84.

247

00:15:50,449 --> 00:15:48,720

okay 1900 to 26. well as when he logs in

248

00:15:52,550 --> 00:15:50,459

for instance when you call in when he

249

00:15:53,990 --> 00:15:52,560

calls in you're not when you're in

250

00:15:55,670 --> 00:15:54,000

Steven he had a call when he called in

251
00:15:58,490 --> 00:15:55,680
and Stephen Stephen

252
00:16:00,769 --> 00:15:58,500
which he logs down which is down at the

253
00:16:02,509 --> 00:16:00,779
office which are the same and were those

254
00:16:05,689 --> 00:16:02,519
two times they're cross-checked though

255
00:16:07,730 --> 00:16:05,699
let's see if you left Stephen was it and

256
00:16:09,889 --> 00:16:07,740
then called in saying I'm leaving Steven

257
00:16:12,470 --> 00:16:09,899
now I don't know it just said 1080

258
00:16:14,030 --> 00:16:12,480
Stephen at one point on the logic and I

259
00:16:15,530 --> 00:16:14,040
I don't you have to ask about that I

260
00:16:23,350 --> 00:16:15,540
don't know if that's leading Stephen or

261
00:16:27,710 --> 00:16:25,730
Stephen on my log sheet and I called in

262
00:16:29,389 --> 00:16:27,720
left the dispatcher know where I am was

263
00:16:30,550 --> 00:16:29,399

the time recorded that I believe it

264

00:16:33,470 --> 00:16:30,560

recorded

265

00:16:35,090 --> 00:16:33,480

see their operator everything that goes

266

00:16:37,550 --> 00:16:35,100

over there is recorded and the operator

267

00:16:39,129 --> 00:16:37,560

runs a log and they operate me back at

268

00:16:40,990 --> 00:16:39,139

the essentials yes

269

00:16:45,710 --> 00:16:41,000

Stephen

270

00:16:47,689 --> 00:16:45,720

still known that the clocks were correct

271

00:16:49,730 --> 00:16:47,699

but yeah because it matches what he

272

00:16:51,290 --> 00:16:49,740

wrote down Trump his instrument to what

273

00:16:53,569 --> 00:16:51,300

the they wrote down from the clock at

274

00:16:55,670 --> 00:16:53,579

the office and it's a recording tape

275

00:16:58,970 --> 00:16:55,680

yeah telephone and radio at the time

276
00:17:00,410 --> 00:16:58,980
between that and this was what time I

277
00:17:02,030 --> 00:17:00,420
know I don't know I don't have it here

278
00:17:03,230 --> 00:17:02,040
this is when he was in Stephen this

279
00:17:05,390 --> 00:17:03,240
wasn't the time I don't think when he

280
00:17:06,669 --> 00:17:05,400
left either this is what one o'clock oh

281
00:17:09,710 --> 00:17:06,679
Clark

282
00:17:14,530 --> 00:17:09,720
it was I spent about an hour in Steven

283
00:17:19,789 --> 00:17:17,689
been interviewed by some government

284
00:17:23,090 --> 00:17:19,799
agency

285
00:17:27,829 --> 00:17:23,100
you know like the I I do I'm lower so

286
00:17:32,650 --> 00:17:27,839
far have you been contacted by well any

287
00:17:36,830 --> 00:17:35,090
all right so then I checked it and we

288
00:17:38,450 --> 00:17:36,840

gathered up the watch and then we took

289

00:17:41,210 --> 00:17:38,460

the eyes were checked right then at this

290

00:17:42,650 --> 00:17:41,220

point I made measurements of the car I

291

00:17:44,150 --> 00:17:42,660

don't have them here you know I thought

292

00:17:45,830 --> 00:17:44,160

I had them just rolled but I don't but I

293

00:17:47,870 --> 00:17:45,840

took all the measurements

294

00:17:49,730 --> 00:17:47,880

for of the car and the damage and

295

00:17:51,770 --> 00:17:49,740

measured everything off and then I took

296

00:17:54,950 --> 00:17:51,780

a series of pictures we have here

297

00:17:58,669 --> 00:17:54,960

all right also uh Kindred to say

298

00:18:00,850 --> 00:17:58,679

something like he sent me a magnet and

299

00:18:04,430 --> 00:18:00,860

some uh

300

00:18:06,289 --> 00:18:04,440

I did some tests for him too uh to do

301

00:18:08,409 --> 00:18:06,299

with magnetism of the car comparing it

302

00:18:12,289 --> 00:18:08,419

with another car

303

00:18:14,330 --> 00:18:12,299

yeah and then I made measurements and we

304

00:18:16,130 --> 00:18:14,340

checked the magnet that's hard to see if

305

00:18:18,950 --> 00:18:16,140

there's another thing I've changed in

306

00:18:20,990 --> 00:18:18,960

the car right beyond that uh like the

307

00:18:22,549 --> 00:18:21,000

syrup we they took the antennas we'll

308

00:18:24,409 --> 00:18:22,559

take it down to 3M

309

00:18:26,150 --> 00:18:24,419

they're examined down there and they say

310

00:18:28,430 --> 00:18:26,160

it wasn't heat that changes because the

311

00:18:30,169 --> 00:18:28,440

molecule changes so the slight

312

00:18:32,570 --> 00:18:30,179

difference all right

313

00:18:35,150 --> 00:18:32,580

and the windows what do you feel the way

314

00:18:36,710 --> 00:18:35,160

I understand it they were pushed in like

315

00:18:38,750 --> 00:18:36,720

it was also sucked out

316

00:18:40,970 --> 00:18:38,760

the damage was in the normal damage I

317

00:18:42,409 --> 00:18:40,980

mean it was it was that's how it was a

318

00:18:43,850 --> 00:18:42,419

new blame that guy before you he was

319

00:18:46,190 --> 00:18:43,860

pushed in and it's also like it just

320

00:18:47,510 --> 00:18:46,200

sucked out too so that could be that

321

00:18:49,810 --> 00:18:47,520

could be a shock wave but that would not

322

00:18:55,190 --> 00:18:49,820

be a physical impact like

323

00:18:56,750 --> 00:18:55,200

this isn't my field so on the uh on the

324

00:18:58,310 --> 00:18:56,760

rest of the damage I don't know I guess

325

00:18:59,390 --> 00:18:58,320

I took a series of pictures because of

326

00:19:00,770 --> 00:18:59,400

many pictures we put and made

327

00:19:04,070 --> 00:19:00,780

measurements you know we gathering

328

00:19:07,010 --> 00:19:04,080

information up and there isn't uh okay

329

00:19:08,810 --> 00:19:07,020

one thing about it a great added

330

00:19:11,390 --> 00:19:08,820

explanation for here okay when Greg was

331

00:19:14,470 --> 00:19:11,400

here Greg could see you know Mark might

332

00:19:17,570 --> 00:19:14,480

light skin marks right

333

00:19:19,990 --> 00:19:17,580

now if his car was died the minute at

334

00:19:23,510 --> 00:19:20,000

this spot

335

00:19:25,669 --> 00:19:23,520

right it would leave those marks until

336

00:19:27,669 --> 00:19:25,679

if the motor company yeah it'll be just

337

00:19:29,750 --> 00:19:27,679

entering compression and doing that

338

00:19:31,610 --> 00:19:29,760

they're called yacht they're just if you

339

00:19:33,770 --> 00:19:31,620

get down and look down you can see

340

00:19:36,289 --> 00:19:33,780

they're not it's not a skinny Mark but

341

00:19:38,570 --> 00:19:36,299

then at this point if it breaks within

342

00:19:40,669 --> 00:19:38,580

stepped on which fit the sequence of

343

00:19:42,950 --> 00:19:40,679

events here now if this is a course

344

00:19:44,810 --> 00:19:42,960

during a power brake car yes so that

345

00:19:46,370 --> 00:19:44,820

would mean that if the car was pointed

346

00:20:18,669 --> 00:19:46,380

directly in the engine without then it

347

00:20:24,830 --> 00:20:22,250

if you assume that the engine died does

348

00:20:26,510 --> 00:20:24,840

this allow if by just pure chance and

349

00:20:29,029 --> 00:20:26,520

luck the car is going straight down the

350

00:20:30,830 --> 00:20:29,039

road does this allow you to my car is

351

00:20:32,930 --> 00:20:30,840

not power steering so I don't know

352

00:20:35,930 --> 00:20:32,940

um does this allow the car to stay in a

353

00:20:37,430 --> 00:20:35,940

virtually perfect straight no no or does

354

00:20:40,330 --> 00:20:37,440

it just wander around no it won't even

355

00:20:43,549 --> 00:20:40,340

pull like a my experience

356

00:20:46,070 --> 00:20:43,559

if the road is at an angle yeah so yeah

357

00:21:10,789 --> 00:20:46,080

but if you your car dies okay you know

358

00:21:14,650 --> 00:21:12,830

because this is a player in a high flood

359

00:21:17,870 --> 00:21:14,660

area out here

360

00:21:19,610 --> 00:21:17,880

but then the the brakes locked um was

361

00:21:21,529 --> 00:21:19,620

there any important we're assuming no

362

00:21:24,169 --> 00:21:21,539

that's just an assumption there I all we

363

00:21:25,730 --> 00:21:24,179

know is when he said here all down I'll

364

00:21:27,590 --> 00:21:25,740

listen to that we've got skid marks we

365

00:21:28,850 --> 00:21:27,600

get yard marks we got damage and the

366

00:21:30,409 --> 00:21:28,860

vehicle sitting here and he didn't know

367

00:21:32,270 --> 00:21:30,419

if he put the brakes on or not no he

368

00:21:34,610 --> 00:21:32,280

doesn't but again it's like I said

369

00:21:35,990 --> 00:21:34,620

thousand experienced officer and even if

370

00:21:38,390 --> 00:21:36,000

he wasn't totally knocked out and

371

00:21:40,669 --> 00:21:38,400

knocked half cents was he still could

372

00:21:42,649 --> 00:21:40,679

could yeah could try to fight this you

373

00:21:44,870 --> 00:21:42,659

know it's a reaction yes he could he's

374

00:21:46,610 --> 00:21:44,880

an experienced officer and he's been you

375

00:21:49,330 --> 00:21:46,620

know doing a lot of driving and stuff is

376

00:22:03,430 --> 00:21:49,340

your watch a electronic watch or a

377

00:22:03,440 --> 00:22:18,610

at the time

378

00:22:23,870 --> 00:22:22,010

a week before the incident I was to a

379

00:22:25,909 --> 00:22:23,880

dentist they had full mouth x-rays in

380

00:22:27,950 --> 00:22:25,919

preparation for decor

381

00:22:30,409 --> 00:22:27,960

about a week later I went back to the

382

00:22:32,570 --> 00:22:30,419

same dentist searched both the Quran

383

00:22:33,649 --> 00:22:32,580

working up a schedule what she's going

384

00:22:35,630 --> 00:22:33,659

to do first

385

00:22:38,149 --> 00:22:35,640

he says holy smoke showing your Bridge

386

00:22:40,730 --> 00:22:38,159

work over here at Brooklyn's

387

00:22:42,890 --> 00:22:40,740

I said well what do you mean they said

388

00:22:44,390 --> 00:22:42,900

your Bridge work got the gum line

389

00:22:46,669 --> 00:22:44,400

there's broken off we're going to have

390

00:22:49,669 --> 00:22:46,679

to pull all your roots and repair all

391

00:22:52,430 --> 00:22:49,679

that stuff so he took out the x-rays and

392

00:22:55,190 --> 00:22:52,440

they were intact before the incident now

393

00:22:58,990 --> 00:22:55,200

a week later they're broken off of no

394

00:23:04,450 --> 00:23:02,330

right right these this business over

395

00:23:08,390 --> 00:23:04,460

here

396

00:23:10,370 --> 00:23:08,400

and the route underneath the little bit

397

00:23:16,330 --> 00:23:10,380

of two city was was through this

398

00:23:20,570 --> 00:23:19,310

for the first day or two I felt like I

399

00:23:23,750 --> 00:23:20,580

would have hit in the face with about a

400

00:23:25,669 --> 00:23:23,760

200 pound pillow because because I had

401
00:23:28,610 --> 00:23:25,679
left all of the sinuses but they never

402
00:23:30,409 --> 00:23:28,620
did drainage it went away but the whole

403
00:23:32,270 --> 00:23:30,419
front of my face hurt

404
00:23:35,270 --> 00:23:32,280
so I thought they could be eyes or

405
00:23:36,590 --> 00:23:35,280
sinuses or anything see my whole face I

406
00:23:39,010 --> 00:23:36,600
had this cracking here but there was no

407
00:23:41,870 --> 00:23:39,020
there was no obvious um

408
00:23:42,830 --> 00:23:41,880
like that so if there were an impact or

409
00:23:45,549 --> 00:23:42,840
something like that you would have had

410
00:23:48,110 --> 00:23:45,559
very important at the time

411
00:23:51,789 --> 00:23:48,120
was there any particular pain in here

412
00:23:56,029 --> 00:23:54,590
do you have metal

413
00:23:58,909 --> 00:23:56,039

um

414

00:24:01,190 --> 00:23:58,919

and you actually keep the Capricorn the

415

00:24:05,350 --> 00:24:01,200

tooth was growing off like you know like

416

00:24:09,950 --> 00:24:07,090

so

417

00:24:11,510 --> 00:24:09,960

now Val in my opinion was in a mild

418

00:24:13,490 --> 00:24:11,520

shock even when I thought my five

419

00:24:20,149 --> 00:24:13,500

o'clock five good morning does it take

420

00:24:23,510 --> 00:24:22,190

so I knew to talk about other incidents

421

00:24:25,250 --> 00:24:23,520

we hadn't had any for a long time but

422

00:24:27,770 --> 00:24:25,260

I've been there you know for about 10

423

00:24:31,990 --> 00:24:27,780

years into our police officer definitely

424

00:24:35,270 --> 00:24:32,000

hear it and back in 76 he had many calls

425

00:24:36,310 --> 00:24:35,280

you know life would be families seeing

426
00:24:38,750 --> 00:24:36,320
lights

427
00:24:40,190 --> 00:24:38,760
but now the time when I was mentioning

428
00:24:42,830 --> 00:24:40,200
what that family comes after Detroit

429
00:24:44,870 --> 00:24:42,840
Lakes you know well I got empty and

430
00:24:46,789 --> 00:24:44,880
years ago well even now I'll be honest

431
00:24:47,930 --> 00:24:46,799
with you most people they'll tell you

432
00:24:49,070 --> 00:24:47,940
but they don't want to be mentioned they

433
00:24:50,330 --> 00:24:49,080
don't anybody know about it and they're

434
00:24:52,310 --> 00:24:50,340
embarrassed about it

435
00:24:54,049 --> 00:24:52,320
so we actually had to appoint that a

436
00:24:55,430 --> 00:24:54,059
definitely in hell off you can't dotted

437
00:24:57,289 --> 00:24:55,440
late at night kept seeing lights and

438
00:24:58,549 --> 00:24:57,299

kept following him that he got so much

439

00:25:00,169 --> 00:24:58,559

harassment from the other police

440

00:25:01,730 --> 00:25:00,179

officers in the public that he quit and

441

00:25:03,169 --> 00:25:01,740

moved away

442

00:25:05,570 --> 00:25:03,179

the night Deputy out the kitchen

443

00:25:07,250 --> 00:25:05,580

counting and I've had entire families in

444

00:25:09,529 --> 00:25:07,260

our government has found 10 miles down

445

00:25:12,110 --> 00:25:09,539

so we put it about your area where the

446

00:25:13,850 --> 00:25:12,120

incident happened towards the North West

447

00:25:15,409 --> 00:25:13,860

the whole family was watching an

448

00:25:18,350 --> 00:25:15,419

auditing zipping across and then making

449

00:25:21,110 --> 00:25:18,360

sharp turns you know so that but that

450

00:25:25,029 --> 00:25:21,120

back in 76 it was a lot of there was

451
00:25:28,970 --> 00:25:27,110
you were about a year or something right

452
00:25:31,190 --> 00:25:28,980
now just today it was just there it was

453
00:25:32,570 --> 00:25:31,200
just you know it was kept low profile a

454
00:25:34,490 --> 00:25:32,580
lot of police officers saw stuff that

455
00:25:38,529 --> 00:25:34,500
you'll never see you documentation we'll

456
00:25:43,669 --> 00:25:41,570
Sports around that place one of those

457
00:25:50,110 --> 00:25:43,679
things I mean by that the following

458
00:25:50,120 --> 00:26:14,890
I mean it wasn't sort of the time

459
00:26:18,710 --> 00:26:16,850
was there

460
00:26:20,210 --> 00:26:18,720
go away from here and what was your

461
00:26:21,830 --> 00:26:20,220
perception at the time did it just sort

462
00:26:24,470 --> 00:26:21,840
of fill everything that you can see yeah

463
00:26:25,909 --> 00:26:24,480

I heard this on the breaking glass the

464

00:26:28,310 --> 00:26:25,919

inside of my head on the inside of the

465

00:26:29,690 --> 00:26:28,320

car just lit right lit up because inside

466

00:26:31,490 --> 00:26:29,700

of a

467

00:26:35,289 --> 00:26:31,500

okay you know what's the last article

468

00:26:37,549 --> 00:26:35,299

when everything sort of lit okay

469

00:26:42,730 --> 00:26:37,559

experience with ball of lightning with

470

00:26:46,310 --> 00:26:44,390

okay

471

00:26:49,210 --> 00:26:46,320

I've never heard of anything around that

472

00:26:51,890 --> 00:26:49,220

area of this type of thing you know

473

00:26:56,110 --> 00:26:51,900

we've had all kinds of letters to people

474

00:27:03,289 --> 00:26:59,769

fires right now

475

00:27:05,750 --> 00:27:03,299

so uh I've never heard of anything ever

476

00:27:07,549 --> 00:27:05,760

getting hit by a while I don't like the

477

00:27:08,529 --> 00:27:07,559

ball lightning explanation because ball

478

00:27:10,850 --> 00:27:08,539

lightning

479

00:27:13,850 --> 00:27:10,860

wouldn't necessarily be stuck by glass

480

00:27:15,230 --> 00:27:13,860

if you stopped by metal so the thing is

481

00:27:27,190 --> 00:27:15,240

the ball lightning wouldn't cover it out

482

00:27:31,789 --> 00:27:29,990

yeah okay but there yeah but that's here

483

00:27:35,409 --> 00:27:31,799

now about

484

00:27:40,210 --> 00:27:38,149

just down by the tree light oh that's

485

00:27:45,070 --> 00:27:40,220

still cool

486

00:27:49,549 --> 00:27:47,750

there's 317. now you're talking about

487

00:27:51,470 --> 00:27:49,559

what I'm looking back all right now the

488

00:27:52,970 --> 00:27:51,480

question is

489

00:27:55,310 --> 00:27:52,980

all right there is one running along

490

00:27:56,690 --> 00:27:55,320

here with this items where in fact you

491

00:27:58,610 --> 00:27:56,700

saw the lights this is going to be the

492

00:28:00,649 --> 00:27:58,620

question I don't think it was clear back

493

00:28:04,090 --> 00:28:00,659

to 317 I wish they thought yeah it was

494

00:28:09,409 --> 00:28:07,789

yeah yeah it'll be a mile you know when

495

00:28:10,789 --> 00:28:09,419

you see a lightning flash everything

496

00:28:12,230 --> 00:28:10,799

lights up yeah the light there's a

497

00:28:14,830 --> 00:28:12,240

there's a blues on the north of the

498

00:28:18,049 --> 00:28:14,840

river nothing like that all right

499

00:28:20,450 --> 00:28:18,059

north of the river yeah north of the uh

500

00:28:22,250 --> 00:28:20,460

for the river runs across there it's

501
00:28:24,950 --> 00:28:22,260
just a little uh is that the snake comes

502
00:28:29,810 --> 00:28:24,960
in there no what is the camera there you

503
00:28:35,049 --> 00:28:33,110
CEO and the Red River runs to along that

504
00:28:38,149 --> 00:28:35,059
road

505
00:28:39,730 --> 00:28:38,159
River makes this makes us they're trying

506
00:28:42,110 --> 00:28:39,740
right along

507
00:28:47,330 --> 00:28:42,120
just switched back in there about where

508
00:28:50,870 --> 00:28:48,890
well it's very very Unknown about

509
00:28:53,570 --> 00:28:50,880
lightning but you know all lightning

510
00:28:55,310 --> 00:28:53,580
won't to the extent that it's a crystal

511
00:28:59,330 --> 00:28:55,320
it would be a ball lightning would be a

512
00:29:01,630 --> 00:28:59,340
very low mass object it's probably a

513
00:29:03,409 --> 00:29:01,640

an ionized gas

514

00:29:04,970 --> 00:29:03,419

on the other hand there have been

515

00:29:06,950 --> 00:29:04,980

reports about like going through

516

00:29:09,590 --> 00:29:06,960

non-conductors the idea being that it's

517

00:29:11,149 --> 00:29:09,600

a it's a sort of a configuration of

518

00:29:13,190 --> 00:29:11,159

electric fields which is causing some

519

00:29:14,630 --> 00:29:13,200

sort of ionization but in that case it

520

00:29:16,370 --> 00:29:14,640

would be able to pass through and not

521

00:29:18,409 --> 00:29:16,380

conduct Heaven reports are passing

522

00:29:19,789 --> 00:29:18,419

through glasses of course it wouldn't go

523

00:29:22,190 --> 00:29:19,799

through

524

00:29:32,990 --> 00:29:22,200

um metal and you could get the glass

525

00:29:33,000 --> 00:29:53,990

Olay

526
00:29:54,000 --> 00:30:35,150
foreign

527
00:30:35,160 --> 00:31:12,769
[Music]

528
00:31:24,370 --> 00:31:16,250
fall it will blow up yeah when it closes

529
00:31:29,690 --> 00:31:27,470
right the headlight is going to

530
00:31:30,830 --> 00:31:29,700
but it depends on the it depends just

531
00:31:33,289 --> 00:31:30,840
what kind of headlight you've got if

532
00:31:36,669 --> 00:31:33,299
you've got a one that's low pressure you

533
00:31:38,870 --> 00:31:36,679
still think these are stuck off for sure

534
00:31:40,669 --> 00:31:38,880
if you put a tremendous amount of power

535
00:31:44,510 --> 00:31:40,679
through them you heat the gas that's

536
00:31:46,250 --> 00:31:44,520
inside there now you might be able to uh

537
00:31:48,830 --> 00:31:46,260
if you practice then you probably have

538
00:31:51,710 --> 00:31:48,840

an inflation I'm not sure but don't

539

00:31:53,510 --> 00:31:51,720

forget to be almost instantaneous

540

00:31:55,610 --> 00:31:53,520

in that case you put your check with the

541

00:31:57,590 --> 00:31:55,620

glass you put an enormous amount of

542

00:32:00,289 --> 00:31:57,600

shatter the glass and then we'll Pro I

543

00:32:02,810 --> 00:32:00,299

would imagine that important yeah

544

00:32:04,909 --> 00:32:02,820

you know explain the benches I would

545

00:32:06,950 --> 00:32:04,919

like to know about the rainbow okay how

546

00:32:15,669 --> 00:32:06,960

many different options in your area like

547

00:32:20,389 --> 00:32:18,590

our county is quite large and we have

548

00:32:22,370 --> 00:32:20,399

what we call field what we call field

549

00:32:26,149 --> 00:32:22,380

that if it is stationed in various

550

00:32:28,370 --> 00:32:26,159

columns there's two people in Warren so

551
00:32:31,850 --> 00:32:28,380
they're working on another fellow

552
00:32:35,570 --> 00:32:31,860
Drake's and Stephen I'm an [h__\h]

553
00:32:38,269 --> 00:32:35,580
you have an officer in Middle River in

554
00:32:41,450 --> 00:32:38,279
newfolden and driggler the county is

555
00:32:42,830 --> 00:32:41,460
about 92 miles 94 miles long so we have

556
00:32:45,230 --> 00:32:42,840
definitely scattered out and the two

557
00:32:46,669 --> 00:32:45,240
worked out of the whole office okay uh

558
00:32:48,409 --> 00:32:46,679
what is that kind of attitude they're

559
00:32:50,029 --> 00:32:48,419
taking towards this incident you know

560
00:32:52,789 --> 00:32:50,039
are they taking it you know like uh

561
00:32:55,130 --> 00:32:52,799
something uh can't be explained it's

562
00:32:58,250 --> 00:32:55,140
dropped or do they feel that there was

563
00:33:00,470 --> 00:32:58,260

something you'll uh like a spacecraft or

564

00:33:02,570 --> 00:33:00,480

do they think that you're crazy or you

565

00:33:04,669 --> 00:33:02,580

know what is it exact that would you be

566

00:33:07,850 --> 00:33:04,679

able to tell me you know what to do for

567

00:33:12,230 --> 00:33:07,860

sure for sure

568

00:33:14,149 --> 00:33:12,240

for sure and I work and everybody in the

569

00:33:16,070 --> 00:33:14,159

county has been very supportive and

570

00:33:19,430 --> 00:33:16,080

understanding because

571

00:33:21,769 --> 00:33:19,440

there have been I I wouldn't I would say

572

00:33:24,169 --> 00:33:21,779

that there hasn't there isn't a family

573

00:33:27,370 --> 00:33:24,179

in the county that hasn't been

574

00:33:31,970 --> 00:33:27,380

either been touched With An Occurrence

575

00:33:33,649 --> 00:33:31,980

or a sighting or or no one friends or

576

00:33:35,509 --> 00:33:33,659

relatives who've seen things or have

577

00:33:38,029 --> 00:33:35,519

heard of things

578

00:33:39,590 --> 00:33:38,039

so the people are have been very

579

00:33:41,570 --> 00:33:39,600

supportive and understand they haven't

580

00:33:44,389 --> 00:33:41,580

they haven't granted me as raving

581

00:33:46,970 --> 00:33:44,399

lunatic or anything what no not no real

582

00:33:49,190 --> 00:33:46,980

negative attitude no no but I get a

583

00:33:52,549 --> 00:33:49,200

little teasing though man

584

00:33:54,710 --> 00:33:52,559

what do you personally think the object

585

00:33:56,149 --> 00:33:54,720

or whatever it was hits you well I think

586

00:33:58,370 --> 00:33:56,159

when I stumbled across something I

587

00:34:03,350 --> 00:33:58,380

wasn't supposed to see that's my

588

00:34:06,710 --> 00:34:05,149

so you don't think it's a spacecraft

589

00:34:08,930 --> 00:34:06,720

from outer space or do you think maybe
