

Alien whistleblower accepted by town

1
00:00:06,470 --> 00:00:03,889
not all close encounters can be so

2
00:00:08,690 --> 00:00:06,480
easily ignored some claim they have

3
00:00:11,629 --> 00:00:08,700
evidence that aliens are abducting

4
00:00:14,030 --> 00:00:11,639
humans for nefarious experiments come

5
00:00:16,609 --> 00:00:14,040
with Jesus Be Our Guests May these

6
00:00:18,470 --> 00:00:16,619
guests just be blessed amen Tim Cullen

7
00:00:20,269 --> 00:00:18,480
is a cement worker who lives in Yuma

8
00:00:23,150 --> 00:00:20,279
Colorado with his wife Janet a

9
00:00:25,670 --> 00:00:23,160
registered nurse a recent x-ray revealed

10
00:00:28,189 --> 00:00:25,680
a strange object lodged inside Cullen's

11
00:00:31,009 --> 00:00:28,199
body he has no puncture wound or scar

12
00:00:33,490 --> 00:00:31,019
but there is a repressed memory of a

13
00:00:36,049 --> 00:00:33,500

terrifying event in his past

14

00:00:37,370 --> 00:00:36,059

it wasn't 30 seconds after they told me

15

00:00:40,010 --> 00:00:37,380

that I had a piece of metal in my arm

16

00:00:42,410 --> 00:00:40,020

that I knew where it came from

17

00:00:44,990 --> 00:00:42,420

in the secret world Close Encounters

18

00:00:46,729 --> 00:00:45,000

stories have surfaced of people being

19

00:00:49,130 --> 00:00:46,739

taken against their will by

20

00:00:51,770 --> 00:00:49,140

extraterrestrials

21

00:00:54,229 --> 00:00:51,780

one who claims to have been abducted is

22

00:00:57,590 --> 00:00:54,239

Tim Cullen

23

00:00:59,510 --> 00:00:57,600

in May 1978 Tim and Janet Cullen were

24

00:01:01,910 --> 00:00:59,520

driving home from Denver when a bright

25

00:01:04,549 --> 00:01:01,920

light appeared on the horizon wow look

26

00:01:07,310 --> 00:01:04,559

at that suddenly an unidentified flying

27

00:01:11,630 --> 00:01:07,320

object hovered right in their path

28

00:01:15,350 --> 00:01:11,640

it was large and so under shaped and had

29

00:01:16,969 --> 00:01:15,360

multiple lights it wasn't a helicopter

30

00:01:20,210 --> 00:01:16,979

and it wasn't an airplane it wasn't

31

00:01:23,210 --> 00:01:20,220

anything I'd ever seen before what is

32

00:01:25,550 --> 00:01:23,220

that wow it's gonna cross right over the

33

00:01:30,190 --> 00:01:27,770

Democrats seemed to come back up toward

34

00:01:32,270 --> 00:01:30,200

the road as it did that I felt

35

00:01:34,310 --> 00:01:32,280

telepathic communication with the

36

00:01:37,249 --> 00:01:34,320

creatures inside

37

00:01:39,010 --> 00:01:37,259

has it changed me yeah it's changed me

38

00:01:42,170 --> 00:01:39,020

uh

39

00:01:47,929 --> 00:01:42,180

do I find it easy to talk about

40

00:01:52,010 --> 00:01:49,580

because I know what I'm saying

41

00:01:54,289 --> 00:01:52,020

[Music]

42

00:01:56,510 --> 00:01:54,299

Tim believes the encounter led to his

43

00:01:58,490 --> 00:01:56,520

abduction and although he has no recall

44

00:02:00,889 --> 00:01:58,500

of the experience he believes he

45

00:02:04,010 --> 00:02:00,899

received an implant that continues to be

46

00:02:06,709 --> 00:02:04,020

monitored by aliens my arm used to buzz

47

00:02:08,690 --> 00:02:06,719

the buzzing sensation was more regular

48

00:02:12,050 --> 00:02:08,700

and getting more intense

49

00:02:13,910 --> 00:02:12,060

and as I was aware of it I would kind I

50

00:02:17,449 --> 00:02:13,920

felt that it would be aware of some of

51
00:02:20,089 --> 00:02:17,459
my thoughts at times and my emotions

52
00:02:22,610 --> 00:02:20,099
and react to those worried about the

53
00:02:25,130 --> 00:02:22,620
sensation he was experiencing Cullen met

54
00:02:27,110 --> 00:02:25,140
with a doctor who examined his arm an

55
00:02:31,449 --> 00:02:27,120
x-ray revealed that Tim had an object

56
00:02:36,650 --> 00:02:33,890
I believe it's possible that this

57
00:02:38,930 --> 00:02:36,660
certainly could be an alien implant I've

58
00:02:42,949 --> 00:02:38,940
been around him for the past almost 24

59
00:02:45,050 --> 00:02:42,959
years and whenever he's had an injury or

60
00:02:48,589 --> 00:02:45,060
a splinter in his finger I've been there

61
00:02:49,970 --> 00:02:48,599
to remove it for him and I think I would

62
00:02:52,610 --> 00:02:49,980
have known about it if he would have had

63
00:02:55,250 --> 00:02:52,620

an injury reluctant to expose his

64

00:02:57,770 --> 00:02:55,260

experience to his personal doctor Cullen

65

00:03:01,190 --> 00:02:57,780

turned to the internet one year later

66

00:03:04,910 --> 00:03:01,200

his search led him to Dr Roger Lear a

67

00:03:07,130 --> 00:03:04,920

California podiatrist Dr Lear removes

68

00:03:09,290 --> 00:03:07,140

objects that patients suspect have been

69

00:03:11,750 --> 00:03:09,300

implanted by aliens and provides his

70

00:03:14,449 --> 00:03:11,760

service for free I am a hundred percent

71

00:03:18,470 --> 00:03:14,459

convinced that the number one these

72

00:03:21,710 --> 00:03:18,480

objects are placed in the human body by

73

00:03:24,350 --> 00:03:21,720

someone or being using a technology

74

00:03:27,050 --> 00:03:24,360

which far exceeds are

75

00:03:28,850 --> 00:03:27,060

because we do not have the ability to

76
00:03:30,890 --> 00:03:28,860
put something in the body without making

77
00:03:33,050 --> 00:03:30,900
a portal of entry that's and that's just

78
00:03:34,850 --> 00:03:33,060
where it starts Dr Lear carefully

79
00:03:37,070 --> 00:03:34,860
screens all his patients before

80
00:03:40,309 --> 00:03:37,080
considering an implant removal the

81
00:03:44,449 --> 00:03:40,319
individual must have a conscious recall

82
00:03:46,850 --> 00:03:44,459
of some involvement with a UFO or an

83
00:03:48,770 --> 00:03:46,860
abduction scenario over the years the

84
00:03:51,830 --> 00:03:48,780
number of qualified participants have

85
00:03:54,589 --> 00:03:51,840
multiplied Tim Cullen meets the criteria

86
00:03:57,530 --> 00:03:54,599
and agrees to travel to Los Angeles to

87
00:03:59,809 --> 00:03:57,540
have the object removed by Dr Lear

88
00:04:01,610 --> 00:03:59,819

okay when Tim had the surgery scheduled

89

00:04:04,070 --> 00:04:01,620

I really wanted to go along with him

90

00:04:07,309 --> 00:04:04,080

because I'm a registered nurse and I

91

00:04:09,470 --> 00:04:07,319

wanted to make sure that everything was

92

00:04:11,929 --> 00:04:09,480

done you know the right techniques were

93

00:04:16,189 --> 00:04:11,939

followed but yes I was apprehensive

94

00:04:17,689 --> 00:04:16,199

about it I am not afraid of anything no

95

00:04:18,949 --> 00:04:17,699

matter how they come at it or what they

96

00:04:21,170 --> 00:04:18,959

do

97

00:04:23,330 --> 00:04:21,180

I figured they'd studied me for 20 years

98

00:04:25,370 --> 00:04:23,340

couldn't prove it was an alien implant

99

00:04:27,650 --> 00:04:25,380

until it was taken out you can say what

100

00:04:31,129 --> 00:04:27,660

you want but you got to have proof you

101
00:04:36,530 --> 00:04:33,469
Tim didn't want to tell anybody the

102
00:04:39,830 --> 00:04:36,540
story for 20 years for fear of reprisals

103
00:04:44,270 --> 00:04:39,840
against him and his family this was a

104
00:04:46,610 --> 00:04:44,280
very compelling a human scenario which

105
00:04:46,870 --> 00:04:46,620
propelled me into doing something for

106
00:04:49,850 --> 00:04:46,880
him

107
00:04:52,670 --> 00:04:49,860
[Music]

108
00:04:54,830 --> 00:04:52,680
day of the surgery a group of ufologists

109
00:04:56,629 --> 00:04:54,840
and journalists assembled to witness the

110
00:04:59,150 --> 00:04:56,639
event

111
00:05:01,490 --> 00:04:59,160
oral surgeon Dr John matriciano is on

112
00:05:03,230 --> 00:05:01,500
hand to perform the procedure he is

113
00:05:05,390 --> 00:05:03,240

skeptical of making an alien connection

114

00:05:06,409 --> 00:05:05,400

to a piece of debris found in the human

115

00:05:09,469 --> 00:05:06,419

body

116

00:05:10,909 --> 00:05:09,479

I'm basically a non-believer you know I

117

00:05:12,350 --> 00:05:10,919

think it's somewhat arrogant of us to

118

00:05:14,270 --> 00:05:12,360

think that if there were some creatures

119

00:05:16,610 --> 00:05:14,280

that come see us way too much you're

120

00:05:18,770 --> 00:05:16,620

going to pass out Cullen is numb for the

121

00:05:22,969 --> 00:05:18,780

entire procedure

122

00:05:22,979 --> 00:05:34,610

would it hurt you no

123

00:05:40,490 --> 00:05:37,730

20 minutes later a quarter inch object

124

00:05:43,550 --> 00:05:40,500

is removed from his wrist according to

125

00:05:45,650 --> 00:05:43,560

Dr Lear the first abnormal sign is the

126

00:05:48,230 --> 00:05:45,660

lack of assist surrounding the object

127

00:05:50,629 --> 00:05:48,240

which in 20 years would have grown to

128

00:05:53,330 --> 00:05:50,639

the size of an almond in a normal

129

00:05:55,969 --> 00:05:53,340

situation where a foreign body has been

130

00:05:58,670 --> 00:05:55,979

inside the human body for a prolonged

131

00:06:01,370 --> 00:05:58,680

period of time there is a fibrous cyst

132

00:06:04,270 --> 00:06:01,380

called an inclusion cyst that forms in

133

00:06:07,430 --> 00:06:04,280

this case there was none

134

00:06:09,290 --> 00:06:07,440

looks like a boy to me but Cullen's

135

00:06:11,210 --> 00:06:09,300

humor belies the importance that the

136

00:06:14,150 --> 00:06:11,220

object might mean improving the

137

00:06:16,189 --> 00:06:14,160

existence of alien life and contact with

138

00:06:18,710 --> 00:06:16,199

the human species I really have to have

139

00:06:20,689 --> 00:06:18,720

it analyzed the object is placed in a

140

00:06:23,150 --> 00:06:20,699

plastic vial containing plasma from

141

00:06:25,550 --> 00:06:23,160

Cullen's blood to preserve it

142

00:06:27,590 --> 00:06:25,560

to secure the evidence the implant is

143

00:06:29,570 --> 00:06:27,600

sealed in a tamper-resistant vial in

144

00:06:31,730 --> 00:06:29,580

front of witnesses

145

00:06:34,010 --> 00:06:31,740

Dr Lear takes the specimen to be

146

00:06:35,809 --> 00:06:34,020

analyzed at digital instruments a

147

00:06:37,909 --> 00:06:35,819

research laboratory near Santa Barbara

148

00:06:40,430 --> 00:06:37,919

California they agree to their first

149

00:06:42,350 --> 00:06:40,440

alien implant examination viewing it as

150

00:06:44,930 --> 00:06:42,360

an opportunity to put their new Atomic

151
00:06:47,090 --> 00:06:44,940
Force microscope to the test

152
00:06:51,529 --> 00:06:47,100
so that's the sample here and I'm going

153
00:06:54,890 --> 00:06:51,539
to put him on a bit of epoxy here Dr

154
00:06:57,230 --> 00:06:54,900
Irene rivenko has a PHD in biology and

155
00:06:59,689 --> 00:06:57,240
is also a medical doctor under the

156
00:07:02,629 --> 00:06:59,699
microscope the so-called implant appears

157
00:07:08,270 --> 00:07:02,639
to have some unusual traits

158
00:07:13,370 --> 00:07:10,309
kind of tea this kind of structure on

159
00:07:14,990 --> 00:07:13,380
some metal maybe but in biology I've

160
00:07:17,629 --> 00:07:15,000
never really seen anything like that

161
00:07:19,790 --> 00:07:17,639
puzzled by the lack of a fibrous cyst

162
00:07:22,790 --> 00:07:19,800
she probes what looks like a thin

163
00:07:24,770 --> 00:07:22,800

membrane encasing the object we just got

164

00:07:27,010 --> 00:07:24,780

a little piece of this material and

165

00:07:29,689 --> 00:07:27,020

we're going to let it rain dry in air

166

00:07:30,770 --> 00:07:29,699

this is what we get after a few minutes

167

00:07:31,990 --> 00:07:30,780

in air

168

00:07:35,210 --> 00:07:32,000

and

169

00:07:37,790 --> 00:07:35,220

these parts here is still very squishy

170

00:07:40,790 --> 00:07:37,800

very soft so if I press on the other

171

00:07:43,790 --> 00:07:40,800

part of the tissue here it's very hard

172

00:07:44,990 --> 00:07:43,800

it looks like a resin something like a

173

00:07:47,029 --> 00:07:45,000

plastic

174

00:07:49,129 --> 00:07:47,039

I've never seen this before in human

175

00:07:50,749 --> 00:07:49,139

tissue

176

00:07:52,730 --> 00:07:50,759

a second opinion from a government

177

00:07:55,189 --> 00:07:52,740

laboratory that chooses to remain

178

00:07:58,309 --> 00:07:55,199

anonymous found the object to be highly

179

00:08:00,350 --> 00:07:58,319

unusual amorphous and magnetic a

180

00:08:02,089 --> 00:08:00,360

combination that does not exist in any

181

00:08:04,610 --> 00:08:02,099

form of metal today

182

00:08:07,850 --> 00:08:04,620

exactly what this object is remains

183

00:08:10,129 --> 00:08:07,860

unclear but Dr Lear is hopeful that each

184

00:08:13,730 --> 00:08:10,139

removal brings us closer to the source

185

00:08:16,370 --> 00:08:13,740

of these objects whether Earthly or not

186

00:08:18,589 --> 00:08:16,380

some of the things that we found in the

187

00:08:22,850 --> 00:08:18,599

implant series such as the membrane

188

00:08:26,029 --> 00:08:22,860

which seems to allow a foreign object to

189

00:08:29,390 --> 00:08:26,039

be placed in the human body and prevent

190

00:08:31,610 --> 00:08:29,400

the human body from rejecting it I think

191

00:08:34,250 --> 00:08:31,620

is the most important thing and if we

192

00:08:36,350 --> 00:08:34,260

could understand this better and

193

00:08:40,209 --> 00:08:36,360

duplicated why we would have a

194

00:08:42,649 --> 00:08:40,219

tremendous benefit to Medical Science

195

00:08:45,050 --> 00:08:42,659

though the tests are not conclusive

196

00:08:47,150 --> 00:08:45,060

Cullen still believes the implant is

197

00:08:48,949 --> 00:08:47,160

better off in the hands of science than

198

00:08:50,269 --> 00:08:48,959

in his own I'll tell you what their

199

00:08:51,829 --> 00:08:50,279

research on the membrane has made me

200

00:08:54,949 --> 00:08:51,839

feel real good and I think it's only

201
00:08:57,170 --> 00:08:54,959
truly piece of this puzzle that we can

202
00:08:59,690 --> 00:08:57,180
solve for right now

203
00:09:03,110 --> 00:08:59,700
people around him have been very

204
00:09:04,910 --> 00:09:03,120
supportive I was kind of I guess naive

205
00:09:06,410 --> 00:09:04,920
thinking well we'll go to California and

206
00:09:08,269 --> 00:09:06,420
if you have this removed and then we'll

207
00:09:11,269 --> 00:09:08,279
just go back to our little life in Yuma

208
00:09:13,430 --> 00:09:11,279
but that's not the way it's been Tim has

209
00:09:15,530 --> 00:09:13,440
wanted to get the word out about what

210
00:09:18,110 --> 00:09:15,540
happened to him and to get more people

211
00:09:20,750 --> 00:09:18,120
aware of it it's definitely different

212
00:09:23,030 --> 00:09:20,760
than life used to be

213
00:09:25,670 --> 00:09:23,040

this is a donation can for Tim Collins

214

00:09:29,030 --> 00:09:25,680

sending him one way to Mars

215

00:09:31,310 --> 00:09:29,040

all donations is welcome Tim I'm going

216

00:09:33,470 --> 00:09:31,320

to present this to you

217

00:09:35,930 --> 00:09:33,480

well thank you Mary since the surgery

218

00:09:38,690 --> 00:09:35,940

Tim Cullen's tale of an alien abduction

219

00:09:41,329 --> 00:09:38,700

has made him a celebrity and a curiosity

220

00:09:43,850 --> 00:09:41,339

in Yuma Colorado although he knows many

221

00:09:46,009 --> 00:09:43,860

are skeptical of his story Cullen says

222

00:09:47,930 --> 00:09:46,019

the event was real and it's happening to

223

00:09:51,170 --> 00:09:47,940

others I wonder if anybody here tonight

224

00:09:53,210 --> 00:09:51,180

has had any experience Barbara Lam is a

225

00:09:54,949 --> 00:09:53,220

regression therapist who specializes in

226

00:09:57,110 --> 00:09:54,959

treating patients who believe they've

227

00:09:59,630 --> 00:09:57,120

had contact with aliens she witnessed

228

00:10:01,550 --> 00:09:59,640

Tim Cullen's surgery and says the time

229

00:10:03,410 --> 00:10:01,560

has come for people to accept the

230

00:10:06,650 --> 00:10:03,420

possibility that abductions are

231

00:10:09,170 --> 00:10:06,660

occurring be as open-minded as possible

232

00:10:12,110 --> 00:10:09,180

about the fact that these very unusual

233

00:10:15,350 --> 00:10:12,120

things are happening I think that there

234

00:10:17,810 --> 00:10:15,360

has been a lot of prejudice about UFOs

235

00:10:27,310 --> 00:10:17,820

and extraterrestrials and people who

236

00:10:32,570 --> 00:10:29,750

her weekly support group has been

237

00:10:34,130 --> 00:10:32,580

growing steadily for five years

238

00:10:38,690 --> 00:10:34,140

I just had

239

00:10:41,509 --> 00:10:38,700

um this really large headed being with

240

00:10:43,490 --> 00:10:41,519

this low chin

241

00:10:45,889 --> 00:10:43,500

um take me on a ship

242

00:10:48,350 --> 00:10:45,899

and then they put me back the people can

243

00:10:51,949 --> 00:10:48,360

discuss their own experiences and

244

00:10:53,750 --> 00:10:51,959

compare notes with other people and when

245

00:10:56,269 --> 00:10:53,760

they talk to other people who've met

246

00:10:58,610 --> 00:10:56,279

some of the same beings or have had some

247

00:11:00,470 --> 00:10:58,620

of the same procedures happen and yet

248

00:11:03,350 --> 00:11:00,480

these people who seem to be very normal

249

00:11:05,030 --> 00:11:03,360

likable functional people that's very

250

00:11:06,829 --> 00:11:05,040

reassuring to each one of the

251

00:11:10,310 --> 00:11:06,839

experiencers

252

00:11:12,470 --> 00:11:10,320

at least allow for the possibility that

253

00:11:15,350 --> 00:11:12,480

this could be happening because indeed
