

1
00:00:07,490 --> 00:00:06,470
personally there is life throughout the

2
00:00:09,589 --> 00:00:07,500
Universe

3
00:00:12,650 --> 00:00:09,599
the scientists in our country alone

4
00:00:16,730 --> 00:00:12,660
spends billions of dollars every year

5
00:00:18,470 --> 00:00:16,740
trying to communicate with life on other

6
00:00:20,870 --> 00:00:18,480
planets

7
00:00:23,210 --> 00:00:20,880
and here is a person that is not only

8
00:00:26,929 --> 00:00:23,220
communicated but has been communicated

9
00:00:31,310 --> 00:00:26,939
to and we will hear the from her and

10
00:00:33,770 --> 00:00:31,320
have the joy of her and it is our and my

11
00:00:36,170 --> 00:00:33,780
great privilege to introduce to you

12
00:00:38,930 --> 00:00:36,180
Elizabeth

13
00:00:38,940 --> 00:00:55,069

please come forward

14

00:00:59,270 --> 00:00:56,450

really

15

00:01:01,610 --> 00:00:59,280

these very beloved people

16

00:01:04,430 --> 00:01:01,620

Jim and Diana

17

00:01:06,649 --> 00:01:04,440

who've created this glorious beautiful

18

00:01:09,109 --> 00:01:06,659

place of light

19

00:01:11,810 --> 00:01:09,119

and to all of you

20

00:01:16,070 --> 00:01:11,820

lovely people

21

00:01:19,550 --> 00:01:16,080

thank you it's really a great privilege

22

00:01:21,469 --> 00:01:19,560

to be able to come here and be with you

23

00:01:24,170 --> 00:01:21,479

all

24

00:01:26,990 --> 00:01:24,180

and I feel

25

00:01:30,170 --> 00:01:27,000

the vibrations

26
00:01:33,770 --> 00:01:30,180
the wonderful atmosphere here is quite

27
00:01:38,090 --> 00:01:33,780
beautiful because it gives me the

28
00:01:42,109 --> 00:01:38,100
dimensions that are so necessary in life

29
00:01:45,310 --> 00:01:42,119
because the dimensions are what we live

30
00:01:48,830 --> 00:01:45,320
in all the time

31
00:01:53,510 --> 00:01:48,840
and I wish to think

32
00:01:56,810 --> 00:01:53,520
Jim and Diana again for their incredible

33
00:01:59,149 --> 00:01:56,820
and wonderful fantastic

34
00:02:01,850 --> 00:01:59,159
hospitality

35
00:02:05,389 --> 00:02:01,860
in inviting me here

36
00:02:07,789 --> 00:02:05,399
to such a lovely country and to such

37
00:02:11,809 --> 00:02:07,799
lovely people

38
00:02:14,869 --> 00:02:11,819

and I feel just one with all of you and

39

00:02:20,570 --> 00:02:14,879

love you all and

40

00:02:25,070 --> 00:02:22,070

because

41

00:02:26,330 --> 00:02:25,080

there's our planet our beautiful planet

42

00:02:28,729 --> 00:02:26,340

Earth

43

00:02:32,210 --> 00:02:28,739

it's all we've got

44

00:02:37,130 --> 00:02:32,220

she's very vulnerable

45

00:02:45,229 --> 00:02:41,030

and if we don't look after her

46

00:02:46,850 --> 00:02:45,239

then we have nowhere else to go so what

47

00:02:50,390 --> 00:02:46,860

are we going to do

48

00:02:52,210 --> 00:02:50,400

and we're not looking after her

49

00:02:56,949 --> 00:02:52,220

we're gradually

50

00:02:58,690 --> 00:02:56,959

systematically and in some instances

51
00:03:01,729 --> 00:02:58,700
deliberately

52
00:03:04,630 --> 00:03:01,739
destroying her beauty

53
00:03:09,110 --> 00:03:04,640
and above all destroying the atmosphere

54
00:03:15,890 --> 00:03:10,690
from

55
00:03:22,670 --> 00:03:18,890
we have to

56
00:03:26,089 --> 00:03:22,680
change very rapidly there isn't much

57
00:03:32,750 --> 00:03:30,229
eons ago we were put here to look after

58
00:03:34,610 --> 00:03:32,760
planet Earth

59
00:03:39,050 --> 00:03:34,620
we will put here

60
00:03:41,210 --> 00:03:39,060
by men from outer space other people

61
00:03:44,930 --> 00:03:41,220
far more advanced

62
00:03:48,550 --> 00:03:44,940
in science and technology

63
00:03:53,570 --> 00:03:48,560

and spiritually which is very vital

64

00:03:53,580 --> 00:03:57,949

in technology or

65

00:04:03,530 --> 00:03:59,570

plants

66

00:04:04,309 --> 00:04:03,540

if you are not spiritually advanced as

67

00:04:08,690 --> 00:04:04,319

well

68

00:04:10,250 --> 00:04:08,700

and can understand the vital things

69

00:04:15,649 --> 00:04:10,260

of life

70

00:04:19,449 --> 00:04:15,659

the physics of nature

71

00:04:22,069 --> 00:04:19,459

and have complete harmonic interaction

72

00:04:27,409 --> 00:04:22,079

with all nature

73

00:04:28,850 --> 00:04:27,419

and all Beauty which is our universe our

74

00:04:31,550 --> 00:04:28,860

galaxy

75

00:04:34,850 --> 00:04:31,560

and we are a part of that hell

76

00:04:36,230 --> 00:04:34,860

we're a part of the herald Galaxy

77

00:04:37,689 --> 00:04:36,240

because

78

00:04:41,629 --> 00:04:37,699

as

79

00:04:43,730 --> 00:04:41,639

electromagnetic particles that is every

80

00:04:48,530 --> 00:04:43,740

one of you

81

00:04:51,710 --> 00:04:48,540

you are all electromagnetic beings

82

00:04:55,550 --> 00:04:51,720

you are all condensed light

83

00:04:59,270 --> 00:04:55,560

light which is of all creation

84

00:05:01,670 --> 00:04:59,280

the solids the liquids the gases

85

00:05:04,670 --> 00:05:01,680

the scene the Unseen

86

00:05:07,969 --> 00:05:04,680

all of creation is light

87

00:05:10,189 --> 00:05:07,979

and this is the glory and the beauty of

88

00:05:12,290 --> 00:05:10,199

the Hill Cosmos

89

00:05:14,930 --> 00:05:12,300

and we are apart

90

00:05:17,330 --> 00:05:14,940

of this beautiful

91

00:05:19,850 --> 00:05:17,340

Cosmos

92

00:05:23,870 --> 00:05:19,860

and we must realize

93

00:05:25,990 --> 00:05:23,880

that we were put here beyond the girl to

94

00:05:29,570 --> 00:05:26,000

take care of this particular Planet

95

00:05:31,310 --> 00:05:29,580

because this whole system the whole

96

00:05:35,810 --> 00:05:31,320

solar system

97

00:05:38,749 --> 00:05:35,820

is over 5 billion years old in time as

98

00:05:41,390 --> 00:05:38,759

we understand it here on the surface of

99

00:05:46,490 --> 00:05:43,850

it's a very wonderful thing

100

00:05:50,990 --> 00:05:46,500

to realize

101
00:05:54,050 --> 00:05:51,000
that humankind the majority of them here

102
00:05:56,450 --> 00:05:54,060
on this planet

103
00:05:59,990 --> 00:05:56,460
unfortunately

104
00:06:02,450 --> 00:06:00,000
are a product of their environment

105
00:06:03,950 --> 00:06:02,460
and they become

106
00:06:08,270 --> 00:06:03,960
ignorant

107
00:06:10,670 --> 00:06:08,280
they become selfish they become greedy

108
00:06:13,249 --> 00:06:10,680
they want to grab everything they

109
00:06:17,570 --> 00:06:13,259
possibly can

110
00:06:19,670 --> 00:06:17,580
they do not realize that in so doing

111
00:06:23,510 --> 00:06:19,680
their mind

112
00:06:26,409 --> 00:06:23,520
the whole attitude of Mind changes

113
00:06:30,350 --> 00:06:26,419

through ignorance they become fearful

114

00:06:35,270 --> 00:06:30,360

and that breeds aggression

115

00:06:38,990 --> 00:06:35,280

and that breeds hate and War

116

00:06:44,050 --> 00:06:39,000

and this is an attitude of mind that

117

00:06:47,809 --> 00:06:44,060

must is vital to be changed because

118

00:06:50,570 --> 00:06:47,819

mankind human kind of this planet can

119

00:06:54,770 --> 00:06:50,580

only understand the greater things in

120

00:06:59,930 --> 00:06:54,780

life the greater dimensions

121

00:07:03,050 --> 00:06:59,940

when he expands his consciousness

122

00:07:04,969 --> 00:07:03,060

we live in the fourth dimension all the

123

00:07:08,629 --> 00:07:04,979

time

124

00:07:13,129 --> 00:07:08,639

and humankind here are not aware of this

125

00:07:21,309 --> 00:07:17,930

the result is there is great confusion

126
00:07:25,490 --> 00:07:21,319
they live in a three-dimensional world

127
00:07:28,309 --> 00:07:25,500
of length breadth and height

128
00:07:29,510 --> 00:07:28,319
they cannot understand the fourth

129
00:07:32,270 --> 00:07:29,520
dimension

130
00:07:34,969 --> 00:07:32,280
up there which is very very wonderful

131
00:07:38,510 --> 00:07:34,979
which gives you the complete vision of

132
00:07:43,309 --> 00:07:40,129
this

133
00:07:47,629 --> 00:07:43,319
isn't incredible

134
00:07:48,710 --> 00:07:47,639
and as Jim said before fantastic it is

135
00:07:51,350 --> 00:07:48,720
fantastic

136
00:07:55,249 --> 00:07:51,360
it's very wonderful

137
00:07:57,830 --> 00:07:55,259
to have this knowledge to realize

138
00:08:02,270 --> 00:07:57,840

that we are a part of the entire

139

00:08:03,650 --> 00:08:02,280

universe and so being we must

140

00:08:07,309 --> 00:08:03,660

live

141

00:08:14,270 --> 00:08:10,790

when I was a child

142

00:08:17,270 --> 00:08:14,280

I realized that there was far more to

143

00:08:20,330 --> 00:08:17,280

life than just the mundane everyday

144

00:08:24,830 --> 00:08:23,450

I had the privilege to be born in the

145

00:08:26,510 --> 00:08:24,840

country

146

00:08:30,170 --> 00:08:26,520

away

147

00:08:34,070 --> 00:08:30,180

in the vastness of nature

148

00:08:37,610 --> 00:08:34,080

on a farm right away in the mountains

149

00:08:40,490 --> 00:08:37,620

that was quite beautiful and I was able

150

00:08:42,589 --> 00:08:40,500

to commune with nature

151
00:08:46,070 --> 00:08:42,599
commune with

152
00:08:47,690 --> 00:08:46,080
the weather the storms the clouds

153
00:08:51,350 --> 00:08:47,700
the beauty

154
00:08:55,490 --> 00:08:51,360
that surrounds this planet

155
00:08:58,130 --> 00:08:55,500
and I knew right back even then

156
00:08:59,570 --> 00:08:58,140
that there were other people up there

157
00:09:03,949 --> 00:08:59,580
out there

158
00:09:06,530 --> 00:09:03,959
must be this couldn't be the only planet

159
00:09:08,449 --> 00:09:06,540
inhabited

160
00:09:10,970 --> 00:09:08,459
by humans

161
00:09:14,570 --> 00:09:10,980
because the human being is the most

162
00:09:16,190 --> 00:09:14,580
adaptable creature of all

163
00:09:18,829 --> 00:09:16,200

then

164

00:09:24,110 --> 00:09:18,839

one afternoon

165

00:09:31,490 --> 00:09:27,889

and I'm a great animal lover great

166

00:09:38,329 --> 00:09:34,130

and we saw this great

167

00:09:42,350 --> 00:09:38,339

object going across the sky

168

00:09:44,389 --> 00:09:42,360

it was about the size of that globe of

169

00:09:49,190 --> 00:09:44,399

Earth

170

00:09:52,970 --> 00:09:49,200

and it went quite slowly across the sky

171

00:09:54,829 --> 00:09:52,980

and we were feeding our puppies at the

172

00:09:58,670 --> 00:09:54,839

time

173

00:10:01,190 --> 00:09:58,680

and they of course felt this

174

00:10:03,050 --> 00:10:01,200

that I don't think they even saw it but

175

00:10:06,889 --> 00:10:03,060

they sensed it

176

00:10:09,430 --> 00:10:06,899

and they ran yelping into the kennel

177

00:10:14,509 --> 00:10:09,440

and of course we both ran for the house

178

00:10:17,150 --> 00:10:14,519

to tell our parents what we had seen

179

00:10:20,990 --> 00:10:17,160

and they were sitting on this wide

180

00:10:23,630 --> 00:10:21,000

Veranda as stoop as we call it in South

181

00:10:30,350 --> 00:10:26,990

and they couldn't see it of course

182

00:10:31,430 --> 00:10:30,360

because The Veranda roof slid down like

183

00:10:34,610 --> 00:10:31,440

that

184

00:10:36,650 --> 00:10:34,620

and I remember them saying it must have

185

00:10:39,530 --> 00:10:36,660

been a meteor

186

00:10:40,310 --> 00:10:39,540

and I said no that was no me too I knew

187

00:10:42,470 --> 00:10:40,320

them

188

00:10:46,130 --> 00:10:42,480

within me I knew

189

00:10:50,509 --> 00:10:46,140

and this was how it all started

190

00:10:53,870 --> 00:10:50,519

I became interested in the sky in all

191

00:11:01,310 --> 00:10:58,250

I learned to fly to fly airplanes to go

192

00:11:04,730 --> 00:11:01,320

up there into the sky and to see to find

193

00:11:11,569 --> 00:11:08,329

to go into the storm clouds to find out

194

00:11:14,569 --> 00:11:11,579

all about nature and the natural physics

195

00:11:20,030 --> 00:11:16,190

then

196

00:11:23,509 --> 00:11:20,040

cut a long story short because this is a

197

00:11:27,050 --> 00:11:23,519

very very long story and this evening I

198

00:11:29,630 --> 00:11:27,060

can only touch on the fringes of it it's

199

00:11:32,170 --> 00:11:29,640

such a tremendous

200

00:11:34,670 --> 00:11:32,180

story

201
00:11:36,530 --> 00:11:34,680
then later

202
00:11:40,130 --> 00:11:36,540
when I was married

203
00:11:40,810 --> 00:11:40,140
we were flying up from Durban

204
00:11:42,650 --> 00:11:40,820
to

205
00:11:45,710 --> 00:11:42,660
Johannesburg

206
00:11:48,069 --> 00:11:45,720
now this is quite long distance it's

207
00:11:56,329 --> 00:11:49,970
500

208
00:11:58,670 --> 00:11:56,339
and we took a shortcut across the

209
00:12:01,790 --> 00:11:58,680
drakensberg which is the most beautiful

210
00:12:03,710 --> 00:12:01,800
range of mountains

211
00:12:11,690 --> 00:12:03,720
and

212
00:12:14,630 --> 00:12:11,700
it was long

213
00:12:16,550 --> 00:12:14,640

felt grass as we call it at that time

214

00:12:19,610 --> 00:12:16,560

long seeding grass

215

00:12:24,050 --> 00:12:19,620

and we were in a DH plane that's a de

216

00:12:28,970 --> 00:12:27,470

my first husband was the pilot and I was

217

00:12:31,130 --> 00:12:28,980

the Navigator

218

00:12:32,210 --> 00:12:31,140

and I looked to the east to get my

219

00:12:35,150 --> 00:12:32,220

bearings

220

00:12:38,210 --> 00:12:35,160

and they're coming out of the sky was a

221

00:12:40,490 --> 00:12:38,220

great blue white sphere

222

00:12:43,009 --> 00:12:40,500

coming straight for us on a collision

223

00:12:47,629 --> 00:12:46,009

and I forgot about the earphones and

224

00:12:48,530 --> 00:12:47,639

tacked my husband on the back of his

225

00:12:51,230 --> 00:12:48,540

neck

226

00:12:54,829 --> 00:12:51,240

and he came and saw this and of course

227

00:12:56,509 --> 00:12:54,839

we lost altitude he got such a shock and

228

00:13:00,110 --> 00:12:56,519

this

229

00:13:03,230 --> 00:13:00,120

enormous craft came straight for us

230

00:13:05,030 --> 00:13:03,240

and as it approached us

231

00:13:07,370 --> 00:13:05,040

it leveled out

232

00:13:11,569 --> 00:13:07,380

and paste beside us

233

00:13:13,430 --> 00:13:11,579

and I could see this enormous ship

234

00:13:16,610 --> 00:13:13,440

she was beautiful

235

00:13:17,990 --> 00:13:16,620

a great hole that was spinning

236

00:13:22,970 --> 00:13:18,000

and

237

00:13:25,670 --> 00:13:22,980

Hills

238

00:13:27,590 --> 00:13:25,680

were light

239

00:13:38,150 --> 00:13:27,600

we haven't got these beautiful rainbow

240

00:13:44,509 --> 00:13:41,530

it was like this the different colored

241

00:13:47,509 --> 00:13:44,519

lights of the spectrum

242

00:13:51,710 --> 00:13:47,519

that were coming from her

243

00:13:54,350 --> 00:13:51,720

and out of the porth hills and beneath

244

00:13:57,470 --> 00:13:54,360

it was the most beautiful night of all

245

00:13:59,329 --> 00:13:57,480

of the deepest Violet like this carpet

246

00:14:02,150 --> 00:13:59,339

it really was

247

00:14:05,690 --> 00:14:02,160

this is why I was so anxious

248

00:14:07,670 --> 00:14:05,700

to come here because I think I knew that

249

00:14:09,710 --> 00:14:07,680

this was right

250

00:14:10,910 --> 00:14:09,720

because here are the colors of the

251
00:14:13,310 --> 00:14:10,920
spaceship

252
00:14:14,810 --> 00:14:13,320
the colors of the rainbow the colors of

253
00:14:17,930 --> 00:14:14,820
the spectrum

254
00:14:20,389 --> 00:14:17,940
which again is the natural physics of

255
00:14:23,870 --> 00:14:20,399
the electromagnetic wavelength of the

256
00:14:26,750 --> 00:14:23,880
universe which is nice broken up into

257
00:14:28,370 --> 00:14:26,760
different frequencies which is the most

258
00:14:30,829 --> 00:14:28,380
wonderful thing

259
00:14:32,350 --> 00:14:30,839
and there she was this great ship of

260
00:14:36,050 --> 00:14:32,360
light

261
00:14:41,030 --> 00:14:36,060
pacing beside us and all the time we

262
00:14:44,449 --> 00:14:41,040
were losing altitude over the mountains

263
00:14:47,689 --> 00:14:44,459

then she suddenly disappeared in the

264

00:14:51,170 --> 00:14:47,699

tremendous burst of white light and she

265

00:14:58,610 --> 00:14:55,490

well we managed to rectify the the plane

266

00:15:01,490 --> 00:14:58,620

because by then we were being hit by a

267

00:15:04,490 --> 00:15:01,500

lot of turbulence over the mountains and

268

00:15:08,810 --> 00:15:04,500

we landed safely eventually at the

269

00:15:13,790 --> 00:15:08,820

Airfield in Johannesburg and of course

270

00:15:16,490 --> 00:15:13,800

my husband being a very seasoned pilot

271

00:15:20,990 --> 00:15:16,500

all he could say about it was that thing

272

00:15:23,750 --> 00:15:21,000

in the sky and he immediately found Air

273

00:15:26,449 --> 00:15:23,760

Force Headquarters in Pretoria and

274

00:15:29,150 --> 00:15:26,459

reported that her incident

275

00:15:32,870 --> 00:15:29,160

so they asked us to wait there

276

00:15:35,629 --> 00:15:32,880

and they immediately sent Heather to Air

277

00:15:38,810 --> 00:15:35,639

Force officers to interrogate us

278

00:15:41,350 --> 00:15:38,820

and we sat over cups of coffee well into

279

00:15:45,410 --> 00:15:41,360

the night discussing this

280

00:15:46,610 --> 00:15:45,420

and but I knew here was the spaceship

281

00:15:49,790 --> 00:15:46,620

back again

282

00:15:52,610 --> 00:15:49,800

I didn't say anything because my woman's

283

00:15:54,170 --> 00:15:52,620

intuition I knew would not be understood

284

00:15:58,850 --> 00:15:54,180

by

285

00:16:02,750 --> 00:15:58,860

very down-to-earth Air Force offices

286

00:16:06,530 --> 00:16:02,760

so I kept my thoughts to myself

287

00:16:11,150 --> 00:16:08,509

the Second World War

288

00:16:14,410 --> 00:16:11,160

just prior to that

289

00:16:18,829 --> 00:16:14,420

we were stationed in England

290

00:16:21,889 --> 00:16:18,839

at De havillands experimental station

291

00:16:23,870 --> 00:16:21,899

which is at Hatfield in Harvard and

292

00:16:27,170 --> 00:16:23,880

England

293

00:16:29,569 --> 00:16:27,180

and then I had access

294

00:16:32,629 --> 00:16:29,579

to various documents

295

00:16:36,230 --> 00:16:32,639

by then I was in Air Force intelligence

296

00:16:39,350 --> 00:16:36,240

South African Air Force seconded to the

297

00:16:43,009 --> 00:16:39,360

Royal Air Force intelligence

298

00:16:45,350 --> 00:16:43,019

so I had access to these documents and

299

00:16:46,850 --> 00:16:45,360

all the time I was looking for a

300

00:16:50,389 --> 00:16:46,860

circular craft

301
00:16:53,329 --> 00:16:50,399
and of course I never found any

302
00:16:56,749 --> 00:16:53,339
blueprints of a circular craft

303
00:16:59,509 --> 00:16:56,759
all I could find was the usual you know

304
00:17:02,569 --> 00:16:59,519
top and tail and wings and all the rest

305
00:17:04,490 --> 00:17:02,579
of it something very primitive

306
00:17:06,350 --> 00:17:04,500
and

307
00:17:09,350 --> 00:17:06,360
anyway

308
00:17:13,850 --> 00:17:09,360
the second world war came about

309
00:17:15,069 --> 00:17:13,860
and this is all history and

310
00:17:18,289 --> 00:17:15,079
then

311
00:17:20,329 --> 00:17:18,299
eventually when I got home again

312
00:17:23,510 --> 00:17:20,339
the South Africa

313
00:17:25,789 --> 00:17:23,520

the first thing I was allowed to do was

314

00:17:28,610 --> 00:17:25,799

to fly again

315

00:17:30,530 --> 00:17:28,620

and the first thing I did was to fly

316

00:17:31,850 --> 00:17:30,540

into those beautiful drakensberg

317

00:17:34,850 --> 00:17:31,860

mountains

318

00:17:36,230 --> 00:17:34,860

seeking all the time in the sky for that

319

00:17:39,350 --> 00:17:36,240

spaceship

320

00:17:42,350 --> 00:17:39,360

and I knew the communication was there

321

00:17:46,610 --> 00:17:42,360

because this was telepathic

322

00:17:51,740 --> 00:17:46,620

it was very real because I had practiced

323

00:18:03,669 --> 00:17:57,690

[Music]

324

00:18:09,289 --> 00:18:06,830

it's the most wonderful thing so I

325

00:18:10,970 --> 00:18:09,299

developed my sense of telepathic

326

00:18:14,870 --> 00:18:10,980

communication

327

00:18:17,390 --> 00:18:14,880

and I knew that this spaceship would

328

00:18:21,470 --> 00:18:18,830

then

329

00:18:22,610 --> 00:18:21,480

one day from the farm I'd gone back

330

00:18:24,350 --> 00:18:22,620

again

331

00:18:27,650 --> 00:18:24,360

to the farm

332

00:18:30,890 --> 00:18:27,660

taking my family with me

333

00:18:34,010 --> 00:18:30,900

and I got up early one morning

334

00:18:36,650 --> 00:18:34,020

there was a special mount in there here

335

00:18:39,650 --> 00:18:36,660

that I always used to go up even as a

336

00:18:42,529 --> 00:18:39,660

child I'd take my pony and right to the

337

00:18:49,850 --> 00:18:45,710

this time early in the morning I walked

338

00:18:54,770 --> 00:18:53,150

and it must have been about 10 o'clock

339

00:18:57,890 --> 00:18:54,780

in the morning it was a beautiful

340

00:19:02,090 --> 00:18:57,900

morning with great cumulus clouds going

341

00:19:07,909 --> 00:19:05,029

and I waited there sat down in the first

342

00:19:10,430 --> 00:19:07,919

grass and waiting

343

00:19:11,330 --> 00:19:10,440

when suddenly I saw this flash in the

344

00:19:14,450 --> 00:19:11,340

sky

345

00:19:17,090 --> 00:19:14,460

and then from behind the crowd this

346

00:19:19,490 --> 00:19:17,100

enormous spaceship appeared

347

00:19:22,669 --> 00:19:19,500

and she came down

348

00:19:26,630 --> 00:19:22,679

and hovered to about the Heights

349

00:19:28,970 --> 00:19:26,640

of that lower window there to the lower

350

00:19:31,490 --> 00:19:28,980

point

351
00:19:34,669 --> 00:19:31,500
straight in front of me and I always

352
00:19:37,029 --> 00:19:34,679
remember it was Autumn then

353
00:19:41,029 --> 00:19:37,039
7th of April

354
00:19:43,909 --> 00:19:41,039
and the non-seeding grass beneath was

355
00:19:46,310 --> 00:19:43,919
flattened and agitated as she hovered

356
00:19:50,990 --> 00:19:46,320
over it

357
00:19:55,490 --> 00:19:53,570
because I couldn't go any further I

358
00:19:58,610 --> 00:19:55,500
couldn't go near her that it was like a

359
00:20:01,549 --> 00:19:58,620
war coming down that was invisible you

360
00:20:05,390 --> 00:20:01,559
couldn't push against it

361
00:20:08,810 --> 00:20:05,400
and as she hovered there the light from

362
00:20:10,610 --> 00:20:08,820
her was so bright it wasn't the

363
00:20:14,690 --> 00:20:10,620

reflection of the Sun

364

00:20:16,250 --> 00:20:14,700

off the skin of the ship it was her own

365

00:20:19,789 --> 00:20:16,260

light

366

00:20:21,669 --> 00:20:19,799

that affected my eyes that's why I

367

00:20:26,029 --> 00:20:21,679

didn't want to be in the spotlight now

368

00:20:28,010 --> 00:20:26,039

and it still affects my eyes

369

00:20:31,549 --> 00:20:28,020

but

370

00:20:34,010 --> 00:20:31,559

there she was I could see her despite

371

00:20:37,430 --> 00:20:34,020

the fact that the enormous Hull was

372

00:20:38,870 --> 00:20:37,440

spinning and the dome in the center was

373

00:20:41,510 --> 00:20:38,880

stationary

374

00:20:44,690 --> 00:20:41,520

there were three porthills on my side

375

00:20:47,390 --> 00:20:44,700

that I could see through and standing at

376

00:20:50,210 --> 00:20:47,400

the center Port Hill

377

00:20:52,909 --> 00:20:50,220

was a tall man

378

00:20:55,370 --> 00:20:52,919

and he was standing there with his arms

379

00:20:56,930 --> 00:20:55,380

folded across his chest just looking

380

00:20:59,510 --> 00:20:56,940

back at me

381

00:21:02,090 --> 00:20:59,520

and I slid my ground and looked back at

382

00:21:09,230 --> 00:21:05,570

and I was so fascinated that I could see

383

00:21:12,710 --> 00:21:09,240

clearly despite the haze around the ship

384

00:21:14,570 --> 00:21:12,720

I could see his face

385

00:21:18,350 --> 00:21:14,580

and then

386

00:21:21,350 --> 00:21:18,360

I realized that I must observe his ship

387

00:21:22,669 --> 00:21:21,360

because this was part of my work in

388

00:21:33,110 --> 00:21:22,679

intelligence

389

00:21:39,169 --> 00:21:35,810

effortlessly

390

00:21:42,049 --> 00:21:39,179

and sometimes it would be so rapid that

391

00:21:45,230 --> 00:21:42,059

like an aircraft propeller all you could

392

00:21:48,049 --> 00:21:45,240

see was a haziness

393

00:21:50,510 --> 00:21:48,059

and just the dome in the center which

394

00:21:54,770 --> 00:21:50,520

was quite clear

395

00:21:57,770 --> 00:21:54,780

then suddenly she started to rise

396

00:21:59,090 --> 00:21:57,780

and this blast of hot air hit against my

397

00:22:01,730 --> 00:21:59,100

face

398

00:22:04,130 --> 00:22:01,740

and then suddenly she went up and

399

00:22:06,230 --> 00:22:04,140

disappeared in a great burst of light as

400

00:22:08,330 --> 00:22:06,240

she had done before

401
00:22:11,149 --> 00:22:08,340
at the same time

402
00:22:14,149 --> 00:22:11,159
I sat down suddenly in the grass I

403
00:22:16,130 --> 00:22:14,159
realized that I was going up to my heads

404
00:22:19,490 --> 00:22:16,140
just went up and disappeared into the

405
00:22:22,070 --> 00:22:19,500
sky I never saw it again and I realized

406
00:22:27,049 --> 00:22:22,080
that I would also go up with a force of

407
00:22:28,970 --> 00:22:27,059
gravity and anti-gravity rather and so I

408
00:22:31,070 --> 00:22:28,980
sat down the grass and thought about it

409
00:22:35,169 --> 00:22:31,080
for a long time

410
00:22:38,870 --> 00:22:35,179
was it gone maybe I hadn't

411
00:22:42,289 --> 00:22:38,880
realized maybe I was a little afraid

412
00:22:47,029 --> 00:22:42,299
maybe I wasn't ready

413
00:22:50,570 --> 00:22:47,039

and then it wasn't until 18 months later

414

00:22:52,850 --> 00:22:50,580

that I went up the same Mountain

415

00:22:54,529 --> 00:22:52,860

and there she was

416

00:22:57,890 --> 00:22:54,539

landed

417

00:23:03,350 --> 00:22:57,900

in the dip in the top of this mountain

418

00:23:05,690 --> 00:23:03,360

and standing beside her was The Tall Man

419

00:23:08,510 --> 00:23:05,700

I never hesitated

420

00:23:11,810 --> 00:23:08,520

I ran straight to him

421

00:23:14,870 --> 00:23:11,820

down that rough slope I felt as if I had

422

00:23:17,029 --> 00:23:14,880

wings to my feet I never even tripped

423

00:23:19,789 --> 00:23:17,039

over these great Tufts of grass and

424

00:23:22,070 --> 00:23:19,799

stones and rocks and all sorts of things

425

00:23:31,850 --> 00:23:22,080

and

426

00:23:33,350 --> 00:23:31,860

afraid this time

427

00:23:36,110 --> 00:23:33,360

and

428

00:23:38,750 --> 00:23:36,120

I was so overcome that I all I could do

429

00:23:39,830 --> 00:23:38,760

was to just shake my head I couldn't say

430

00:23:43,970 --> 00:23:39,840

anything

431

00:23:46,010 --> 00:23:43,980

and then everything happened at once

432

00:23:49,310 --> 00:23:46,020

he just picked me up

433

00:23:52,370 --> 00:23:49,320

stepped onto the hull of the ship and in

434

00:23:54,470 --> 00:23:52,380

through the door it was open

435

00:23:57,590 --> 00:23:54,480

halfway between

436

00:24:00,710 --> 00:23:57,600

the Dome and the hull

437

00:24:03,289 --> 00:24:00,720

and as he walked through I glanced back

438

00:24:07,190 --> 00:24:03,299

over his shoulder and saw the doors

439

00:24:09,529 --> 00:24:07,200

closed together and they just sealed and

440

00:24:12,789 --> 00:24:09,539

there was a circular wall you couldn't

441

00:24:16,789 --> 00:24:12,799

see where a door was

442

00:24:21,110 --> 00:24:16,799

and sitting at the controls was another

443

00:24:24,770 --> 00:24:21,120

man and I remember his flashing smile

444

00:24:27,049 --> 00:24:24,780

and as he sent me to the floor which was

445

00:24:31,690 --> 00:24:27,059

covered

446

00:24:36,289 --> 00:24:31,700

with the most glorious Rose Red

447

00:24:38,330 --> 00:24:36,299

carpeting type of springy carpeting

448

00:24:40,190 --> 00:24:38,340

and the first thing I did was to go

449

00:24:42,710 --> 00:24:40,200

straight to the porthole to look out

450

00:24:45,350 --> 00:24:42,720

because I could feel this

451
00:24:47,090 --> 00:24:45,360
there was a vibration coming through the

452
00:24:49,909 --> 00:24:47,100
floor

453
00:24:51,710 --> 00:24:49,919
and as I approached the porthill it

454
00:24:54,770 --> 00:24:51,720
just closed I came in front of me and

455
00:24:57,409 --> 00:24:54,780
the whole wall was just smooth shiny

456
00:25:01,310 --> 00:24:57,419
curved wall

457
00:25:03,710 --> 00:25:01,320
and then the tall man came to me

458
00:25:07,250 --> 00:25:03,720
picked me up again as if I was a feather

459
00:25:11,210 --> 00:25:07,260
and sat me down on the bench there was a

460
00:25:14,330 --> 00:25:11,220
half moon bench this side and that side

461
00:25:16,070 --> 00:25:14,340
and in the center like that was the

462
00:25:21,649 --> 00:25:16,080
viewing lens

463
00:25:23,930 --> 00:25:21,659

came up almost to the height of the

464

00:25:28,370 --> 00:25:23,940

globe

465

00:25:35,750 --> 00:25:31,190

and it was her

466

00:25:38,330 --> 00:25:35,760

into the floor and encircling it was a

467

00:25:43,070 --> 00:25:38,340

band of gold pure gold

468

00:25:45,769 --> 00:25:43,080

and he gently said look into the viewing

469

00:25:49,070 --> 00:25:45,779

lens and you will see everything

470

00:25:52,310 --> 00:25:49,080

and there was just

471

00:25:55,190 --> 00:25:52,320

the scene of everything I could see

472

00:26:00,110 --> 00:25:55,200

above below and to the side in all

473

00:26:02,990 --> 00:26:00,120

directions as if I wasn't in a spaceship

474

00:26:05,510 --> 00:26:03,000

and I realized that the walls were

475

00:26:08,390 --> 00:26:05,520

changing colors we were moving

476
00:26:11,029 --> 00:26:08,400
changing color like you've got here the

477
00:26:15,169 --> 00:26:11,039
rainbow colors

478
00:26:17,210 --> 00:26:15,179
and the circular smooth walls

479
00:26:19,370 --> 00:26:17,220
and the colors were beautiful then there

480
00:26:22,970 --> 00:26:19,380
was this great Dome above

481
00:26:25,250 --> 00:26:22,980
and that was also changing color and the

482
00:26:28,370 --> 00:26:25,260
light simply came from the walls in the

483
00:26:30,049 --> 00:26:28,380
dome there were no separate electric

484
00:26:33,890 --> 00:26:30,059
lights at all

485
00:26:36,649 --> 00:26:33,900
the whole lighting system just emanated

486
00:26:39,289 --> 00:26:36,659
from the walls and the Dome

487
00:26:40,549 --> 00:26:39,299
and they were certainly no separate

488
00:26:43,669 --> 00:26:40,559

lights

489

00:26:45,590 --> 00:26:43,679

and there were no cables or anything to

490

00:26:50,149 --> 00:26:45,600

connect it

491

00:26:51,830 --> 00:26:50,159

it really was the most beautiful sights

492

00:26:54,710 --> 00:26:51,840

and then

493

00:26:57,590 --> 00:26:54,720

I spent the whole day with them

494

00:26:59,330 --> 00:26:57,600

they took me

495

00:27:02,870 --> 00:26:59,340

with them

496

00:27:06,289 --> 00:27:02,880

and brought me back again

497

00:27:10,810 --> 00:27:06,299

that late evening

498

00:27:15,289 --> 00:27:10,820

and so the whole story began from that

499

00:27:18,049 --> 00:27:15,299

and after that I had nine wonderful

500

00:27:19,390 --> 00:27:18,059

years of Earth time

501
00:27:24,169 --> 00:27:19,400
with

502
00:27:29,830 --> 00:27:27,049
of course I've written a book about it

503
00:27:38,409 --> 00:27:29,840
it's all in my book which is entitled

504
00:27:43,750 --> 00:27:41,810
of course with

505
00:27:46,310 --> 00:27:43,760
ordinary

506
00:27:49,610 --> 00:27:46,320
atmospheric craft

507
00:27:51,890 --> 00:27:49,620
as you know we have the sound barrier

508
00:27:55,669 --> 00:27:51,900
but with spaceships

509
00:27:58,310 --> 00:27:55,679
we have the light barrier

510
00:28:01,310 --> 00:27:58,320
and she is created

511
00:28:04,450 --> 00:28:01,320
we never talk about construction or

512
00:28:07,430 --> 00:28:04,460
anything like that she is literally

513
00:28:13,370 --> 00:28:07,440

created in space

514

00:28:20,210 --> 00:28:16,850

now this is just the opposite to the

515

00:28:24,110 --> 00:28:20,220

atomic bomb which is created

516

00:28:28,930 --> 00:28:26,570

that is the destructive way of doing

517

00:28:30,890 --> 00:28:28,940

things

518

00:28:34,330 --> 00:28:30,900

they create

519

00:28:36,890 --> 00:28:34,340

from Pure light energy which is the

520

00:28:39,950 --> 00:28:36,900

electromagnetic wavelength of the entire

521

00:28:43,610 --> 00:28:39,960

universe in which we live

522

00:28:46,909 --> 00:28:43,620

and we live in different

523

00:28:49,130 --> 00:28:46,919

frequencies within this

524

00:28:53,390 --> 00:28:49,140

as you know

525

00:29:02,750 --> 00:28:58,130

so you really are this is true

526

00:29:06,529 --> 00:29:02,760

you cannot go into that spaceship and

527

00:29:10,190 --> 00:29:06,539

this you know exactly what is happening

528

00:29:13,250 --> 00:29:10,200

as I mentioned just now

529

00:29:17,090 --> 00:29:13,260

they create her from Pure light energy

530

00:29:21,529 --> 00:29:17,100

into substance and this is done in space

531

00:29:25,430 --> 00:29:21,539

so that you take the natural circular

532

00:29:30,350 --> 00:29:25,440

shape of all celestial objects

533

00:29:36,590 --> 00:29:32,269

she uses

534

00:29:43,310 --> 00:29:40,850

the electromagnetic wavelength of space

535

00:29:45,889 --> 00:29:43,320

create her power system

536

00:29:49,010 --> 00:29:45,899

and this basically is different

537

00:29:52,010 --> 00:29:49,020

frequencies of light

538

00:29:54,230 --> 00:29:52,020

so that the whole skin of the ship

539

00:29:56,810 --> 00:29:54,240

is created

540

00:30:00,230 --> 00:29:56,820

with an atomic structure

541

00:30:04,970 --> 00:30:00,240

that is conducive to energizing

542

00:30:07,730 --> 00:30:04,980

so that when the ship is in movement

543

00:30:19,789 --> 00:30:07,740

the whole skin of the ship clears and

544

00:30:28,909 --> 00:30:23,330

so here we have

545

00:30:36,110 --> 00:30:30,409

that's

546

00:30:42,350 --> 00:30:39,590

and the power system is such

547

00:30:44,870 --> 00:30:42,360

that as my book

548

00:30:46,789 --> 00:30:44,880

explains

549

00:30:51,289 --> 00:30:46,799

she is

550

00:30:52,850 --> 00:30:51,299

a faster than light spaceship

551
00:30:57,409 --> 00:30:52,860
up there

552
00:31:00,950 --> 00:30:57,419
is no such thing as velocity

553
00:31:03,950 --> 00:31:00,960
we then think of speed or velocity of

554
00:31:06,889 --> 00:31:03,960
any kind she simply moves from one point

555
00:31:09,590 --> 00:31:06,899
to another from one point

556
00:31:12,889 --> 00:31:09,600
which is a solar system

557
00:31:16,850 --> 00:31:12,899
to another star system

558
00:31:20,810 --> 00:31:16,860
and this is done instantaneously

559
00:31:21,649 --> 00:31:20,820
through the Matrix of space because out

560
00:31:24,950 --> 00:31:21,659
there

561
00:31:28,850 --> 00:31:24,960
it is not a vacuum

562
00:31:31,370 --> 00:31:28,860
there is The Ether of space

563
00:31:34,909 --> 00:31:31,380

and you have this wonderful cosmic

564

00:31:39,409 --> 00:31:34,919

energy which is the Natural Energy of

565

00:31:43,010 --> 00:31:39,419

the entire galaxy in which we all live

566

00:31:44,990 --> 00:31:43,020

we could utilize it here

567

00:31:47,870 --> 00:31:45,000

we could tap it

568

00:31:49,549 --> 00:31:47,880

from the atmosphere we could take it

569

00:31:53,289 --> 00:31:49,559

from space

570

00:31:56,570 --> 00:31:53,299

this is purely and simply

571

00:32:00,350 --> 00:31:56,580

electricity which is another frequency

572

00:32:20,810 --> 00:32:03,049

in fact have the door open please it's

573

00:32:25,789 --> 00:32:23,690

so here we have it's not going to affect

574

00:32:32,529 --> 00:32:25,799

you there I hope you're not going to be

575

00:32:39,169 --> 00:32:37,370

all wrong of me to ask that that anyway

576
00:32:42,470 --> 00:32:39,179
here we have

577
00:32:44,750 --> 00:32:42,480
something that is very beautiful very

578
00:32:46,370 --> 00:32:44,760
natural very wonderful

579
00:32:48,409 --> 00:32:46,380
but

580
00:32:53,870 --> 00:32:48,419
we are dealing

581
00:33:01,130 --> 00:32:58,430
which is also a frequency of light

582
00:33:04,930 --> 00:33:01,140
and the electromagnetism

583
00:33:08,149 --> 00:33:04,940
is very vital to all of us as we are

584
00:33:10,250 --> 00:33:08,159
electromagnetic beings and you cannot go

585
00:33:13,130 --> 00:33:10,260
in that spaceship unless you know

586
00:33:16,190 --> 00:33:13,140
exactly what is happening

587
00:33:19,610 --> 00:33:16,200
you have to know within your mind

588
00:33:22,730 --> 00:33:19,620

what is taking place how she is

589

00:33:25,730 --> 00:33:22,740

utilizing that cosmic energy which is

590

00:33:32,769 --> 00:33:29,990

because you have gravity

591

00:33:36,169 --> 00:33:32,779

it's electric

592

00:33:39,769 --> 00:33:36,179

electromagnetism gravity

593

00:33:41,930 --> 00:33:39,779

and resonance which is harmonic it's a

594

00:33:43,789 --> 00:33:41,940

harmonic interaction of all these

595

00:33:48,950 --> 00:33:43,799

frequencies of light

596

00:33:51,769 --> 00:33:48,960

that she uses for her power system

597

00:33:53,930 --> 00:33:51,779

and you must know exactly how she is

598

00:33:57,649 --> 00:33:53,940

utilizing this

599

00:34:00,529 --> 00:33:57,659

cosmic energy otherwise

600

00:34:02,509 --> 00:34:00,539

you cannot leave your mind behind I mean

601
00:34:04,669 --> 00:34:02,519
you're going in your physical body but

602
00:34:07,610 --> 00:34:04,679
your mind is the most important part of

603
00:34:10,909 --> 00:34:07,620
you the mind is vital

604
00:34:13,790 --> 00:34:10,919
it controls your body

605
00:34:17,690 --> 00:34:13,800
it controls your thinking

606
00:34:20,149 --> 00:34:17,700
it controls your health it controls

607
00:34:22,010 --> 00:34:20,159
everything

608
00:34:24,290 --> 00:34:22,020
and it's vital

609
00:34:26,629 --> 00:34:24,300
to know and to be a part of that

610
00:34:30,109 --> 00:34:26,639
spaceship

611
00:34:34,369 --> 00:34:30,119
and this is a secret

612
00:34:35,690 --> 00:34:34,379
of the connection with these wonderful

613
00:34:40,010 --> 00:34:35,700

people

614

00:34:42,589 --> 00:34:40,020

from space they are very ancient

615

00:34:45,950 --> 00:34:42,599

civilization

616

00:34:48,950 --> 00:34:45,960

they put us here in the first place

617

00:34:51,409 --> 00:34:48,960

to look after this planet

618

00:34:54,530 --> 00:34:51,419

we were not defended from the primates

619

00:34:57,650 --> 00:34:54,540

of this planet we were father thy men

620

00:34:57,660 --> 00:35:02,570

the arms a girl millions of years ago

621

00:35:08,990 --> 00:35:06,530

there are millions of years ahead of us

622

00:35:11,870 --> 00:35:09,000

they live

623

00:35:15,109 --> 00:35:11,880

very beautiful lives

624

00:35:16,730 --> 00:35:15,119

their civilization

625

00:35:19,670 --> 00:35:16,740

is simple

626

00:35:22,609 --> 00:35:19,680

it's not complicated

627

00:35:26,270 --> 00:35:22,619

full of drastic happenings as we have to

628

00:35:26,280 --> 00:35:31,450

they have an abundance of everything

629

00:35:37,250 --> 00:35:35,810

is taken care of and guided and

630

00:35:41,030 --> 00:35:37,260

organized

631

00:35:44,810 --> 00:35:41,040

by the scientists the astrophysicists

632

00:35:47,750 --> 00:35:44,820

the meteorologists who understand

633

00:35:50,810 --> 00:35:47,760

the weather patterns and how vital that

634

00:35:54,470 --> 00:35:50,820

is to the life of a planet

635

00:35:58,250 --> 00:35:54,480

all the Flora and the fauna

636

00:36:01,910 --> 00:35:58,260

and how what happens on the surface of a

637

00:36:03,829 --> 00:36:01,920

planet you must realize affects the star

638

00:36:06,410 --> 00:36:03,839

of that system

639

00:36:08,150 --> 00:36:06,420

you are all connected to the star of

640

00:36:11,030 --> 00:36:08,160

your system

641

00:36:14,810 --> 00:36:11,040

what happens on the Sun

642

00:36:17,329 --> 00:36:14,820

affects you it can affect your heart it

643

00:36:19,910 --> 00:36:17,339

can affect the rhythm of your heart

644

00:36:22,069 --> 00:36:19,920

because when you get the maximum period

645

00:36:25,790 --> 00:36:22,079

of sunspot cycle

646

00:36:28,490 --> 00:36:25,800

you get this vast solar flares

647

00:36:32,089 --> 00:36:28,500

that come out

648

00:36:34,910 --> 00:36:32,099

from the Sun from the sunspots that are

649

00:36:37,730 --> 00:36:34,920

triggered off by magnetism

650

00:36:41,270 --> 00:36:37,740

and it can affect the rhythm of your

651
00:36:43,790 --> 00:36:41,280
heart and that's why so many people can

652
00:36:46,849 --> 00:36:43,800
suffer from heart attacks

653
00:36:50,569 --> 00:36:46,859
it happens so quickly so suddenly

654
00:36:53,089 --> 00:36:50,579
and scientists here don't realize this

655
00:36:56,390 --> 00:36:53,099
majority of them are a lot of guesses

656
00:37:00,410 --> 00:36:56,400
anyway as far as the universe is

657
00:37:02,329 --> 00:37:00,420
concerned they have no idea really what

658
00:37:06,710 --> 00:37:02,339
the universe is

659
00:37:10,550 --> 00:37:06,720
and how organized and intelligent it is

660
00:37:13,910 --> 00:37:10,560
we live in an intelligent universe where

661
00:37:17,810 --> 00:37:13,920
nature is organized

662
00:37:22,670 --> 00:37:17,820
so wonderfully and we're about here on

663
00:37:25,790 --> 00:37:22,680

this planet to disrupt that organization

664

00:37:28,430 --> 00:37:25,800

we're chopping down the trees we're

665

00:37:30,950 --> 00:37:28,440

getting rid of the vital things that

666

00:37:34,490 --> 00:37:30,960

give us oxygen

667

00:37:36,470 --> 00:37:34,500

and where we chop down trees the deserts

668

00:37:40,670 --> 00:37:36,480

will appear

669

00:37:42,770 --> 00:37:40,680

and more and more deserts will spread

670

00:37:52,190 --> 00:37:42,780

until

671

00:37:57,950 --> 00:37:55,430

Mars was also a beautiful planet with

672

00:38:00,050 --> 00:37:57,960

its pearly caps

673

00:38:04,069 --> 00:38:00,060

we can still see

674

00:38:08,329 --> 00:38:04,079

the riverbeds the dry riverbeds now

675

00:38:12,010 --> 00:38:08,339

it has volcanoes therefore there is life

676

00:38:14,990 --> 00:38:12,020

and the same with Venus

677

00:38:18,970 --> 00:38:15,000

scientists are asking today what

678

00:38:22,790 --> 00:38:18,980

happened to the vast Seas of Venus

679

00:38:23,630 --> 00:38:22,800

Venus is also volcanic and that means

680

00:38:26,030 --> 00:38:23,640

life

681

00:38:27,829 --> 00:38:26,040

because it's the volcanoes that create

682

00:38:30,170 --> 00:38:27,839

the atmosphere

683

00:38:33,290 --> 00:38:30,180

now what we're doing here with our

684

00:38:34,430 --> 00:38:33,300

beautiful atmosphere it's taken millions

685

00:38:36,589 --> 00:38:34,440

of years

686

00:38:39,410 --> 00:38:36,599

to build up

687

00:38:41,510 --> 00:38:39,420

to our ozone layer

688

00:38:46,250 --> 00:38:41,520

we have created

689

00:38:49,370 --> 00:38:46,260

vast Hills in the ozone layer

690

00:38:51,230 --> 00:38:49,380

the result is ultraviolet rays are

691

00:38:55,569 --> 00:38:51,240

coming through

692

00:38:58,550 --> 00:38:55,579

which were killer for vegetation

693

00:39:01,849 --> 00:38:58,560

this we cannot put right

694

00:39:05,030 --> 00:39:01,859

because it takes years of time to build

695

00:39:09,589 --> 00:39:07,670

they were testing the edge bomb in the

696

00:39:12,710 --> 00:39:09,599

atmosphere

697

00:39:15,109 --> 00:39:12,720

this had to be curtailed because they

698

00:39:18,050 --> 00:39:15,119

realized what they were doing

699

00:39:22,730 --> 00:39:18,060

to the atmosphere and not only the

700

00:39:24,770 --> 00:39:22,740

atmosphere but to the star our sun

701
00:39:28,069 --> 00:39:24,780
every time

702
00:39:31,190 --> 00:39:28,079
a hydrogen bomb was exploded

703
00:39:35,270 --> 00:39:31,200
in the atmosphere

704
00:39:37,130 --> 00:39:35,280
an electromagnetic waves

705
00:39:39,589 --> 00:39:37,140
would feed out

706
00:39:41,569 --> 00:39:39,599
into space

707
00:39:43,970 --> 00:39:41,579
and affect the Sun

708
00:39:47,930 --> 00:39:43,980
and therefore Boomerang back onto the

709
00:39:54,650 --> 00:39:50,150
now we plan

710
00:40:00,170 --> 00:39:57,890
by seeding the atmosphere with algae to

711
00:40:02,870 --> 00:40:00,180
bring back the storms and the rains to

712
00:40:05,030 --> 00:40:02,880
cool the surface and to create the Seas

713
00:40:11,390 --> 00:40:05,040

again

714

00:40:14,329 --> 00:40:11,400

all actually happening

715

00:40:18,109 --> 00:40:14,339

and we are being helped

716

00:40:21,410 --> 00:40:18,119

by Arkham's great civilization which is

717

00:40:24,890 --> 00:40:21,420

a very wonderful thing because we can't

718

00:40:29,089 --> 00:40:24,900

go on overpopulating this beautiful

719

00:40:31,609 --> 00:40:29,099

planet we have to find another planet

720

00:40:33,470 --> 00:40:31,619

as in the past we moved out to other

721

00:40:36,410 --> 00:40:33,480

continents

722

00:40:39,470 --> 00:40:36,420

we have to move out now to other planets

723

00:40:43,370 --> 00:40:42,290

because this planet cannot sustain us

724

00:40:47,030 --> 00:40:43,380

all

725

00:40:51,890 --> 00:40:50,450

and when you think of the vast amount of

726
00:40:55,190 --> 00:40:51,900
people

727
00:40:59,270 --> 00:40:55,200
that now exist on this planet

728
00:41:03,890 --> 00:40:59,280
it is a very frightening thought

729
00:41:09,770 --> 00:41:07,130
and nature cannot care

730
00:41:11,930 --> 00:41:09,780
third time

731
00:41:14,630 --> 00:41:11,940
that we shift

732
00:41:18,829 --> 00:41:14,640
a vast number of people

733
00:41:20,150 --> 00:41:18,839
to Mars and this will happen in a very

734
00:41:24,770 --> 00:41:20,160
short time

735
00:41:31,250 --> 00:41:28,370
you see with Arkham civilization they

736
00:41:34,849 --> 00:41:31,260
take over other planets for and prepare

737
00:41:37,790 --> 00:41:34,859
them for human habitation which they are

738
00:41:40,849 --> 00:41:37,800

in the process of doing

739

00:41:44,870 --> 00:41:40,859

they take over other planets instead of

740

00:41:47,329 --> 00:41:44,880

having zoos as we have here and we lock

741

00:41:48,950 --> 00:41:47,339

up the animals and the birds in small

742

00:41:51,650 --> 00:41:48,960

areas

743

00:41:53,870 --> 00:41:51,660

they give them a help in it

744

00:41:56,630 --> 00:41:53,880

with the environment

745

00:41:57,710 --> 00:41:56,640

they have the carnivorous animals on one

746

00:42:00,349 --> 00:41:57,720

planet

747

00:42:02,569 --> 00:42:00,359

and the coniferous fishes there

748

00:42:04,970 --> 00:42:02,579

and they have they have reverse animals

749

00:42:07,430 --> 00:42:04,980

on another planet where they can live

750

00:42:11,089 --> 00:42:07,440

out their lifespan

751
00:42:13,910 --> 00:42:11,099
in peace and harmony with nature

752
00:42:17,030 --> 00:42:13,920
this is how it is meant to be and this

753
00:42:20,089 --> 00:42:17,040
is how they are populating the entire

754
00:42:23,329 --> 00:42:20,099
galaxy gradually

755
00:42:25,069 --> 00:42:23,339
at the present time they are actually

756
00:42:26,510 --> 00:42:25,079
preparing

757
00:42:30,170 --> 00:42:26,520
tenants

758
00:42:33,230 --> 00:42:30,180
in the star system of vegan

759
00:42:36,170 --> 00:42:33,240
for human habitation

760
00:42:37,730 --> 00:42:36,180
that great blue white star there you can

761
00:42:40,730 --> 00:42:37,740
see it nice

762
00:42:43,130 --> 00:42:40,740
as a head we can see it from the

763
00:42:46,670 --> 00:42:43,140

southern hemisphere in the north but you

764

00:42:53,390 --> 00:42:51,710

and that is going to be a beautiful

765

00:42:58,309 --> 00:42:53,400

solar system

766

00:43:03,050 --> 00:42:58,319

for millions and millions of people and

767

00:43:06,650 --> 00:43:03,060

Flora and Fauna their great botanists

768

00:43:09,410 --> 00:43:06,660

they create them they create trees on

769

00:43:11,750 --> 00:43:09,420

the surface of the home planet it is

770

00:43:13,550 --> 00:43:11,760

very beautiful

771

00:43:19,069 --> 00:43:13,560

it is green

772

00:43:23,210 --> 00:43:19,079

lots of trees vast sephard blue Seas

773

00:43:25,130 --> 00:43:23,220

and the atmosphere is very beautiful

774

00:43:28,569 --> 00:43:25,140

because it is

775

00:43:30,230 --> 00:43:28,579

looked after and controlled

776

00:43:33,050 --> 00:43:30,240

scientifically

777

00:43:36,890 --> 00:43:33,060

they live very simply

778

00:43:39,950 --> 00:43:36,900

their dress is simply one garment made

779

00:43:41,569 --> 00:43:39,960

of silk they never use anything that's

780

00:43:45,770 --> 00:43:41,579

synthetic

781

00:43:48,589 --> 00:43:45,780

natural silk that has strengthened even

782

00:43:51,290 --> 00:43:48,599

for their sandals

783

00:43:53,750 --> 00:43:51,300

and the one garment that fits

784

00:43:54,770 --> 00:43:53,760

for the women to the ankles like a

785

00:43:58,370 --> 00:43:54,780

custom

786

00:44:00,290 --> 00:43:58,380

is very very comfortable it's beautiful

787

00:44:02,510 --> 00:44:00,300

because there they don't get the

788

00:44:05,390 --> 00:44:02,520

extremes of climate that we get here

789

00:44:06,770 --> 00:44:05,400

where we have to wear warm clothes to

790

00:44:09,530 --> 00:44:06,780

get warmed

791

00:44:11,870 --> 00:44:09,540

keep ourselves warm and things like that

792

00:44:14,829 --> 00:44:11,880

it's it's very natural they have an

793

00:44:18,710 --> 00:44:14,839

abundance of Natural Foods

794

00:44:21,829 --> 00:44:18,720

and they set lives are ground not with

795

00:44:24,410 --> 00:44:21,839

artificial fertilizers it's all done

796

00:44:29,270 --> 00:44:24,420

with electricity

797

00:44:34,069 --> 00:44:31,730

and it's the same

798

00:44:35,750 --> 00:44:34,079

with life

799

00:44:39,050 --> 00:44:35,760

with healing

800

00:44:41,450 --> 00:44:39,060

there is no Discord of disease

801
00:44:44,390 --> 00:44:41,460
there's no illness

802
00:44:47,089 --> 00:44:44,400
there is no aging process

803
00:44:49,730 --> 00:44:47,099
simply because the body cells do not

804
00:44:53,030 --> 00:44:49,740
degenerate

805
00:44:55,069 --> 00:44:53,040
as I said before here we are a product

806
00:44:57,950 --> 00:44:55,079
of our environment

807
00:44:59,930 --> 00:44:57,960
because we have created an environment

808
00:45:02,030 --> 00:44:59,940
of pollution

809
00:45:05,390 --> 00:45:02,040
of radiation

810
00:45:09,650 --> 00:45:05,400
all these things have detrimental effect

811
00:45:11,390 --> 00:45:09,660
on the cells of our body

812
00:45:13,970 --> 00:45:11,400
and above all

813
00:45:17,390 --> 00:45:13,980

on the brain

814

00:45:19,130 --> 00:45:17,400

we do not protect our heads

815

00:45:21,829 --> 00:45:19,140

our brain

816

00:45:25,970 --> 00:45:21,839

from the effects of intensified

817

00:45:29,170 --> 00:45:25,980

radiation and ultraviolet rays from the

818

00:45:35,510 --> 00:45:33,349

is shrinking and therefore it's

819

00:45:37,190 --> 00:45:35,520

pulsating like this

820

00:45:41,109 --> 00:45:37,200

like a heart

821

00:45:45,230 --> 00:45:41,119

all the time and as it pulsates outward

822

00:45:49,030 --> 00:45:45,240

it releases intensified radiation

823

00:45:51,410 --> 00:45:49,040

which the atmosphere can no longer

824

00:45:55,250 --> 00:45:51,420

protect us from

825

00:45:56,750 --> 00:45:55,260

because we have polluted it to such an

826
00:45:59,329 --> 00:45:56,760
extent

827
00:46:01,790 --> 00:45:59,339
that even the trees are being affected

828
00:46:04,490 --> 00:46:01,800
the plants naturally

829
00:46:08,210 --> 00:46:04,500
they are the first to go

830
00:46:10,790 --> 00:46:08,220
and the trees in Europe are dying

831
00:46:13,930 --> 00:46:10,800
but not only because of the atmosphere

832
00:46:16,609 --> 00:46:13,940
but because of terrible

833
00:46:19,130 --> 00:46:16,619
experiments that they're doing

834
00:46:22,210 --> 00:46:19,140
for military purposes

835
00:46:25,490 --> 00:46:22,220
with a very low frequency

836
00:46:28,069 --> 00:46:25,500
electromagnetic waves

837
00:46:30,290 --> 00:46:28,079
to change the wind patterns throughout

838
00:46:31,430 --> 00:46:30,300

the entire Clinic

839

00:46:34,370 --> 00:46:31,440

which

840

00:46:37,690 --> 00:46:34,380

but not only because of the atmosphere

841

00:46:40,250 --> 00:46:37,700

but because of the Terrible

842

00:46:42,770 --> 00:46:40,260

experiments that they're doing

843

00:46:46,030 --> 00:46:42,780

for military purposes

844

00:46:49,190 --> 00:46:46,040

with a very low frequency

845

00:46:51,770 --> 00:46:49,200

electromagnetic waves

846

00:46:55,910 --> 00:46:51,780

change the wooden patterns throughout

847

00:47:02,210 --> 00:46:59,329

which gives us sudden

848

00:47:04,849 --> 00:47:02,220

extreme weather

849

00:47:05,990 --> 00:47:04,859

like sudden curls sudden blizzards

850

00:47:10,550 --> 00:47:06,000

breaks

851
00:47:13,370 --> 00:47:10,560
storms and hail storms and all this is

852
00:47:19,870 --> 00:47:16,670
for military purposes

853
00:47:24,309 --> 00:47:19,880
it is actually happening

854
00:47:30,589 --> 00:47:26,630
Arkham civilization

855
00:47:37,130 --> 00:47:33,230
in Russia

856
00:47:39,950 --> 00:47:37,140
at the baithanol Space Center

857
00:47:43,010 --> 00:47:39,960
they had an enormous rocket on the

858
00:47:47,690 --> 00:47:43,020
Gantry ready to blast off

859
00:47:47,700 --> 00:47:52,250
and this military payload

860
00:47:59,450 --> 00:47:54,950
was an h-bomb

861
00:48:03,589 --> 00:48:01,550
when one morning

862
00:48:07,730 --> 00:48:03,599
quietly

863
00:48:09,589 --> 00:48:07,740

two Starships came in and circled around

864

00:48:12,650 --> 00:48:09,599

the base

865

00:48:14,750 --> 00:48:12,660

now this is real it really happened as

866

00:48:18,290 --> 00:48:14,760

I'm telling you everything's real it

867

00:48:20,569 --> 00:48:18,300

really has happened and

868

00:48:23,450 --> 00:48:20,579

these two Starships

869

00:48:25,430 --> 00:48:23,460

quietly circle around the base

870

00:48:29,270 --> 00:48:25,440

the one Starship

871

00:48:31,730 --> 00:48:29,280

circled around the rocket on the gantry

872

00:48:33,050 --> 00:48:31,740

and the whole Gantry collapsed with the

873

00:48:35,770 --> 00:48:33,060

rocket

874

00:48:39,290 --> 00:48:35,780

the Starship since he used

875

00:48:42,170 --> 00:48:39,300

magnetism to pull all the nuts and bolts

876

00:48:44,569 --> 00:48:42,180

out of the gantry

877

00:48:47,809 --> 00:48:44,579

so the housing collapsed

878

00:48:50,150 --> 00:48:47,819

then the other Starship

879

00:48:53,050 --> 00:48:50,160

went to the administration buildings

880

00:48:55,250 --> 00:48:53,060

where all the very highly sensitive

881

00:48:57,410 --> 00:48:55,260

electronic equipment

882

00:49:00,170 --> 00:48:57,420

was housed

883

00:49:03,470 --> 00:49:00,180

and simply punctured Hills in all the

884

00:49:06,230 --> 00:49:03,480

windows with a light Ray

885

00:49:09,190 --> 00:49:06,240

so that the air conditioning so

886

00:49:10,870 --> 00:49:09,200

necessary for all this uh

887

00:49:13,809 --> 00:49:10,880

sophisticated

888

00:49:19,490 --> 00:49:13,819

instrumentation and commute computers

889

00:49:21,829 --> 00:49:19,500

was completely nullified and before

890

00:49:24,829 --> 00:49:21,839

anyone could even get out of their chair

891

00:49:26,510 --> 00:49:24,839

the two Starships disappeared

892

00:49:29,930 --> 00:49:26,520

into the sky

893

00:49:37,130 --> 00:49:33,230

so they are starting

894

00:49:40,430 --> 00:49:37,140

to come in none into our atmosphere

895

00:49:43,550 --> 00:49:40,440

I'm very close surveillance

896

00:49:48,530 --> 00:49:43,560

to see what we are up to

897

00:49:54,470 --> 00:49:51,650

because there was another incident

898

00:49:59,809 --> 00:49:54,480

that occurred

899

00:50:06,349 --> 00:50:03,410

when a great Starship apparently came

900

00:50:12,349 --> 00:50:06,359

across one morning over a very highly

901
00:50:16,670 --> 00:50:15,890
immediately the jet fighters were sent

902
00:50:19,970 --> 00:50:16,680
off

903
00:50:23,690 --> 00:50:19,980
to intercept the spaceship

904
00:50:26,390 --> 00:50:23,700
and the spaceship simply lasted five of

905
00:50:28,010 --> 00:50:26,400
them out of the sky and rammed the sixth

906
00:50:32,990 --> 00:50:28,020
one

907
00:50:36,170 --> 00:50:33,000
wasn't that badly damaged and the pilot

908
00:50:40,430 --> 00:50:36,180
wasn't hit and he was able to land

909
00:50:42,770 --> 00:50:40,440
at the same time they released

910
00:50:44,569 --> 00:50:42,780
the atomic

911
00:50:46,490 --> 00:50:44,579
missiles

912
00:50:50,210 --> 00:50:46,500
from the silos

913
00:50:52,849 --> 00:50:50,220

at the spaceship but she simply

914

00:50:57,410 --> 00:50:52,859

blast with them with the light Ray

915

00:51:05,510 --> 00:51:00,849

so there was a tremendous explosion

916

00:51:08,089 --> 00:51:05,520

actually it was an atomic explosion and

917

00:51:11,089 --> 00:51:08,099

the result was all the other military

918

00:51:14,930 --> 00:51:11,099

equipment and

919

00:51:17,990 --> 00:51:14,940

other explosive devices in the vicinity

920

00:51:20,569 --> 00:51:18,000

were also triggered off so there was the

921

00:51:23,770 --> 00:51:20,579

most tremendous explosion

922

00:51:29,030 --> 00:51:23,780

this was actually on the news

923

00:51:31,370 --> 00:51:29,040

and so this is what is happening they

924

00:51:33,170 --> 00:51:31,380

are keeping a very close watch on us now

925

00:51:35,329 --> 00:51:33,180

because

926
00:51:38,329 --> 00:51:35,339
we are moving into space

927
00:51:41,450 --> 00:51:38,339
and we're taking War into space

928
00:51:44,990 --> 00:51:41,460
and this is what they will stop

929
00:51:48,589 --> 00:51:45,000
they will intervene and stop us

930
00:51:52,130 --> 00:51:48,599
taking aggression and War into space

931
00:51:53,750 --> 00:51:52,140
because this is the first thing and the

932
00:51:56,270 --> 00:51:53,760
most vital thing

933
00:51:58,490 --> 00:51:56,280
because of our atmosphere

934
00:52:01,250 --> 00:51:58,500
would you like the door shut I'm sure

935
00:52:02,690 --> 00:52:01,260
you cared now please I think it's pure

936
00:52:04,910 --> 00:52:02,700
down enough

937
00:52:09,530 --> 00:52:04,920
thank you I don't want you to catch a

938
00:52:15,170 --> 00:52:11,809

give them

939

00:52:16,970 --> 00:52:15,180

I'd love it thank you but please close

940

00:52:31,430 --> 00:52:16,980

the door because I feel you're getting

941

00:52:36,049 --> 00:52:33,530

so here we have

942

00:52:39,710 --> 00:52:36,059

a wonderful race

943

00:52:42,410 --> 00:52:39,720

of people who are setting as an example

944

00:52:45,349 --> 00:52:42,420

that we must follow

945

00:52:48,650 --> 00:52:45,359

it's a very wonderful example

946

00:52:51,290 --> 00:52:48,660

very very gentle people

947

00:52:54,589 --> 00:52:51,300

they don't have walls it doesn't exist

948

00:53:00,170 --> 00:52:58,010

they have no monetary system so there is

949

00:53:04,630 --> 00:53:00,180

no greed

950

00:53:08,930 --> 00:53:04,640

there is no starvation there is no want

951
00:53:13,069 --> 00:53:08,940
it really is a utopian and it really

952
00:53:23,630 --> 00:53:17,450
and their way of living and thinking is

953
00:53:29,150 --> 00:53:25,370
they live

954
00:53:31,670 --> 00:53:29,160
in harmonic interaction with all things

955
00:53:34,609 --> 00:53:31,680
which is so vital

956
00:53:38,690 --> 00:53:34,619
they use harmonic mathematics because

957
00:53:42,849 --> 00:53:38,700
that spaceship when you realize

958
00:53:44,809 --> 00:53:42,859
how she is created in the harmonic

959
00:53:47,630 --> 00:53:44,819
interaction

960
00:53:49,549 --> 00:53:47,640
of her shape

961
00:53:51,650 --> 00:53:49,559
and the radius

962
00:53:54,170 --> 00:53:51,660
of his size

963
00:53:57,770 --> 00:53:54,180

is a harmonic

964

00:53:59,450 --> 00:53:57,780

as it is throughout the entire universe

965

00:54:01,190 --> 00:53:59,460

everything

966

00:54:03,890 --> 00:54:01,200

is harmonic

967

00:54:05,089 --> 00:54:03,900

in the electromagnetic wavelength of

968

00:54:07,849 --> 00:54:05,099

light

969

00:54:09,950 --> 00:54:07,859

you have the harmonic sounds

970

00:54:12,349 --> 00:54:09,960

you have the colors

971

00:54:15,010 --> 00:54:12,359

you have everything

972

00:54:17,750 --> 00:54:15,020

in that

973

00:54:20,390 --> 00:54:17,760

electromagnetic wavelengths and it's

974

00:54:23,510 --> 00:54:20,400

very wonderful because it can be used

975

00:54:25,670 --> 00:54:23,520

for constructive purposes not for

976
00:54:29,109 --> 00:54:25,680
destructive purposes

977
00:54:34,849 --> 00:54:29,119
it can be used for the most incredible

978
00:54:42,829 --> 00:54:40,069
and as the spaceship Moves In Space

979
00:54:47,930 --> 00:54:42,839
there's no such thing

980
00:54:47,940 --> 00:54:52,970
you simply tune in with your mind

981
00:54:57,589 --> 00:54:54,349
to

982
00:55:02,329 --> 00:54:58,790
and

983
00:55:04,010 --> 00:55:02,339
the spaceship goes immediately to that

984
00:55:07,190 --> 00:55:04,020
destination

985
00:55:09,290 --> 00:55:07,200
it can be another star system

986
00:55:12,470 --> 00:55:09,300
26

987
00:55:19,010 --> 00:55:12,480
light years away

988
00:55:21,950 --> 00:55:19,020

or the home planet

989

00:55:24,109 --> 00:55:21,960

in Proxima Centauri

990

00:55:28,069 --> 00:55:24,119

which

991

00:55:30,410 --> 00:55:28,079

is for light years away

992

00:55:35,630 --> 00:55:30,420

well this is near this is our nearest

993

00:55:35,640 --> 00:55:39,710

when arkan took me there

994

00:55:43,549 --> 00:55:42,170

set me down on this very comfortable

995

00:55:48,049 --> 00:55:43,559

bench

996

00:55:50,990 --> 00:55:48,059

this whole area reminds me of it there's

997

00:55:54,950 --> 00:55:51,000

the viewing lens in the center and on

998

00:55:57,109 --> 00:55:54,960

each side our two half moon benches

999

00:55:59,150 --> 00:55:57,119

set low

1000

00:56:01,970 --> 00:55:59,160

into the carpeting

1001
00:56:04,790 --> 00:56:01,980
so that it brings your feet up and you

1002
00:56:06,290 --> 00:56:04,800
sit very comfortably

1003
00:56:18,950 --> 00:56:06,300
and

1004
00:56:22,210 --> 00:56:18,960
spaceship

1005
00:56:26,270 --> 00:56:22,220
because she is a living natural

1006
00:56:29,270 --> 00:56:26,280
celestial object of night

1007
00:56:32,089 --> 00:56:29,280
and I must know exactly what is

1008
00:56:38,210 --> 00:56:35,270
and this is what I did

1009
00:56:40,010 --> 00:56:38,220
and Sharon who was

1010
00:56:43,549 --> 00:56:40,020
with us

1011
00:56:48,230 --> 00:56:43,559
he was the fellow scientist African is

1012
00:56:50,049 --> 00:56:48,240
an astrophysicist and his particular

1013
00:56:53,470 --> 00:56:50,059

interest

1014

00:56:56,569 --> 00:56:53,480

and research is

1015

00:57:01,849 --> 00:56:56,579

variable Stars

1016

00:57:07,190 --> 00:57:04,609

particular research

1017

00:57:12,950 --> 00:57:07,200

is botany

1018

00:57:16,730 --> 00:57:15,349

but he also acted

1019

00:57:18,890 --> 00:57:16,740

as

1020

00:57:20,569 --> 00:57:18,900

what you would call here

1021

00:57:22,849 --> 00:57:20,579

the pilot

1022

00:57:25,250 --> 00:57:22,859

and all he did

1023

00:57:27,950 --> 00:57:25,260

was to tune in

1024

00:57:33,650 --> 00:57:27,960

to the home planet meet on

1025

00:57:41,569 --> 00:57:35,150

and

1026
00:57:46,490 --> 00:57:41,579
minutes I was sitting there I closed my

1027
00:57:49,069 --> 00:57:46,500
eyes and visualized the Starship moving

1028
00:57:51,589 --> 00:57:49,079
through space

1029
00:57:54,410 --> 00:57:51,599
as she used the Matrix

1030
00:57:56,390 --> 00:57:54,420
and the electromagnetic wavelength of

1031
00:58:00,010 --> 00:57:56,400
space

1032
00:58:03,349 --> 00:58:00,020
and I became a part of her you have to

1033
00:58:05,690 --> 00:58:03,359
as you're a part of the earth you have

1034
00:58:09,349 --> 00:58:05,700
the atmosphere to protect you

1035
00:58:12,710 --> 00:58:09,359
you're a part of Earth which is also a

1036
00:58:15,950 --> 00:58:12,720
living beautiful creature

1037
00:58:20,030 --> 00:58:15,960
Earth is living

1038
00:58:22,970 --> 00:58:20,040

and every now and again

1039

00:58:24,890 --> 00:58:22,980

she gets annoyed with all the creatures

1040

00:58:26,809 --> 00:58:24,900

on her surface

1041

00:58:30,770 --> 00:58:26,819

and she shakes them off with an

1042

00:58:33,829 --> 00:58:30,780

earthquake or a volcanic eruption none

1043

00:58:37,609 --> 00:58:33,839

again a volcano Birds top and that's how

1044

00:58:41,210 --> 00:58:37,619

Earth reacts definitely to the masses of

1045

00:58:43,750 --> 00:58:41,220

humanity over her surface

1046

00:58:46,910 --> 00:58:43,760

and when you look down there onto Earth

1047

00:58:49,309 --> 00:58:46,920

and you see these masses of people down

1048

00:58:53,150 --> 00:58:49,319

there you wonder how

1049

00:58:54,530 --> 00:58:53,160

she can bear much longer with it

1050

00:58:57,650 --> 00:58:54,540

anyway

1051
00:59:00,789 --> 00:58:57,660
you become one with her as you do with

1052
00:59:04,970 --> 00:59:00,799
the spaceship and you understand exactly

1053
00:59:06,230 --> 00:59:04,980
how she moves from one star system to

1054
00:59:10,910 --> 00:59:06,240
another

1055
00:59:14,990 --> 00:59:10,920
and it is all done through the mind

1056
00:59:16,490 --> 00:59:15,000
through Sharon's mind he Tunes in to the

1057
00:59:22,250 --> 00:59:16,500
Home Planet

1058
00:59:28,370 --> 00:59:25,309
that I opened my eyes laughing said to

1059
00:59:31,150 --> 00:59:28,380
me what's the viewing lens and there as

1060
00:59:34,910 --> 00:59:31,160
we approach this beautiful star system

1061
00:59:39,710 --> 00:59:34,920
it's a triplet system there are two

1062
00:59:41,329 --> 00:59:39,720
large components which is known as Alpha

1063
00:59:44,329 --> 00:59:41,339

Centauri

1064

00:59:47,690 --> 00:59:44,339
and further away is the smaller

1065

00:59:50,510 --> 00:59:47,700
component the smallest star which is

1066

00:59:54,470 --> 00:59:50,520
Proxima Centauri

1067

00:59:56,089 --> 00:59:54,480
and in orbit around the star our seven

1068

01:00:03,049 --> 00:59:56,099
planets

1069

01:00:06,650 --> 01:00:03,059
are taken over

1070

01:00:11,390 --> 01:00:06,660
by this great civilization

1071

01:00:13,130 --> 01:00:11,400
and they live in Beauty

1072

01:00:15,829 --> 01:00:13,140
with nature

1073

01:00:19,670 --> 01:00:15,839
there are no cities

1074

01:00:22,789 --> 01:00:19,680
they're new roads they know railway

1075

01:00:25,609 --> 01:00:22,799
lines there's nothing like that to break

1076

01:00:28,250 --> 01:00:25,619

up the beauty of the country

1077

01:00:31,010 --> 01:00:28,260

everything is Perfectly Natural and

1078

01:00:35,930 --> 01:00:33,770

you see they use smaller

1079

01:00:39,230 --> 01:00:35,940

circular craft

1080

01:00:40,849 --> 01:00:39,240

for atmospheric flight to get from one

1081

01:00:45,710 --> 01:00:40,859

place to another

1082

01:00:47,990 --> 01:00:45,720

and these use the same power system

1083

01:00:52,130 --> 01:00:48,000

which is anti-gravity

1084

01:00:55,970 --> 01:00:53,870

and

1085

01:00:57,230 --> 01:00:55,980

they're no bigger than some of your big

1086

01:00:58,730 --> 01:00:57,240

cars

1087

01:01:02,630 --> 01:00:58,740

and

1088

01:01:04,730 --> 01:01:02,640

conceit five people comfortably as you

1089

01:01:07,789 --> 01:01:04,740

go from one point on the planet to

1090

01:01:11,030 --> 01:01:07,799

another and over the vast seas because

1091

01:01:13,250 --> 01:01:11,040

the whole planet is covered with vars

1092

01:01:17,329 --> 01:01:13,260

Seas there are no continents they're

1093

01:01:19,910 --> 01:01:17,339

Islands beautiful large islands the

1094

01:01:23,390 --> 01:01:19,920

doctor sees

1095

01:01:26,329 --> 01:01:23,400

because we originally came from the sea

1096

01:01:30,710 --> 01:01:26,339

the salt of the sea still runs in our

1097

01:01:34,430 --> 01:01:30,720

bends which is our electric circuit we

1098

01:01:35,870 --> 01:01:34,440

all have an electric circuit which is

1099

01:01:37,730 --> 01:01:35,880

uh

1100

01:01:40,730 --> 01:01:37,740

system

1101
01:01:44,329 --> 01:01:40,740
of existence

1102
01:01:46,190 --> 01:01:44,339
and that is how healing is done purely

1103
01:01:48,530 --> 01:01:46,200
through electricity

1104
01:01:50,270 --> 01:01:48,540
there's no need to have surgical

1105
01:01:54,109 --> 01:01:50,280
operations

1106
01:01:56,329 --> 01:01:54,119
to remove cancers or any Discord of

1107
01:01:58,309 --> 01:01:56,339
disease

1108
01:02:01,970 --> 01:01:58,319
it is done

1109
01:02:04,010 --> 01:02:01,980
through electricity to put that circuit

1110
01:02:07,130 --> 01:02:04,020
into harmony again

1111
01:02:10,910 --> 01:02:07,140
when it gets out of Harmony you have

1112
01:02:15,470 --> 01:02:13,910
and your electric circuit which is your

1113
01:02:19,670 --> 01:02:15,480

bloodstream

1114

01:02:23,690 --> 01:02:19,680

simply retains a harmonic interaction of

1115

01:02:26,450 --> 01:02:23,700

the entire body so you're cured

1116

01:02:28,490 --> 01:02:26,460

and it's something that's very beautiful

1117

01:02:31,549 --> 01:02:28,500

and very natural

1118

01:02:32,930 --> 01:02:31,559

now a lot of Medical Specialists know

1119

01:02:36,170 --> 01:02:32,940

about this

1120

01:02:38,510 --> 01:02:36,180

but if they gave this to the world

1121

01:02:41,089 --> 01:02:38,520

the doctors wouldn't have any patience

1122

01:02:42,589 --> 01:02:41,099

and the result is they they wouldn't

1123

01:02:46,130 --> 01:02:42,599

have a living

1124

01:02:50,210 --> 01:02:46,140

so again we come back

1125

01:02:54,410 --> 01:02:50,220

to the greed of the monetary system

1126

01:02:58,069 --> 01:02:54,420

this is a very sad State of Affairs

1127

01:02:59,990 --> 01:02:58,079

but something that has been with this

1128

01:03:02,809 --> 01:03:00,000

planet for centuries

1129

01:03:05,870 --> 01:03:02,819

the social system of this planet has

1130

01:03:07,010 --> 01:03:05,880

been wrong for centuries because it is

1131

01:03:10,849 --> 01:03:07,020

far too

1132

01:03:14,569 --> 01:03:10,859

careless too greedy too thoughtless

1133

01:03:16,010 --> 01:03:14,579

but that will gradually change

1134

01:03:18,170 --> 01:03:16,020

through

1135

01:03:22,370 --> 01:03:18,180

the example said

1136

01:03:24,170 --> 01:03:22,380

by Arkham's great civilization

1137

01:03:27,289 --> 01:03:24,180

who live

1138

01:03:30,410 --> 01:03:27,299

in love and harmony

1139

01:03:32,690 --> 01:03:30,420

tolerance understanding

1140

01:03:35,809 --> 01:03:32,700

and they wouldn't dream of interfering

1141

01:03:38,030 --> 01:03:35,819

with us because we have to majority of

1142

01:03:43,250 --> 01:03:38,040

us have to learn through their

1143

01:03:48,710 --> 01:03:45,530

I would like to ask you

1144

01:03:50,990 --> 01:03:48,720

because this is such a vast subject

1145

01:03:55,730 --> 01:03:51,000

I could go on talking to you until

1146

01:03:58,789 --> 01:03:55,740

midnight about it it's so vast I can

1147

01:04:01,430 --> 01:03:58,799

only touch now on the fringes of it but

1148

01:04:03,710 --> 01:04:01,440

I'd like to know what you want to know

1149

01:04:05,990 --> 01:04:03,720

this is the important thing

1150

01:04:08,510 --> 01:04:06,000

because you are important

1151

01:04:10,809 --> 01:04:08,520

your wonderful people all of you

1152

01:04:15,829 --> 01:04:10,819

otherwise you wouldn't be here tonight

1153

01:04:18,170 --> 01:04:15,839

in this wonderful beautiful light Center

1154

01:04:21,770 --> 01:04:18,180

because you are

1155

01:04:25,670 --> 01:04:21,780

beings of light all of you

1156

01:04:29,089 --> 01:04:25,680

and God is light and light is God

1157

01:04:31,849 --> 01:04:29,099

and this is the truth of the universe

1158

01:04:34,250 --> 01:04:31,859

and you're a part of it

1159

01:04:38,690 --> 01:04:34,260

please tell me what you would like to

1160

01:04:44,329 --> 01:04:41,750

okay 35 years

1161

01:04:46,690 --> 01:04:44,339

in fact ever since I was a child I can

1162

01:04:50,450 --> 01:04:46,700

say give a small

1163

01:04:53,809 --> 01:04:50,460

definite emphasis ever since I was a

1164

01:04:53,819 --> 01:04:56,750

because

1165

01:04:56,760 --> 01:05:01,549

this I feel

1166

01:05:19,670 --> 01:05:04,010

is certainly

1167

01:05:25,849 --> 01:05:22,730

because of the number of stars

1168

01:05:26,990 --> 01:05:25,859

you see there there's a higher vibratory

1169

01:05:29,950 --> 01:05:27,000

rate

1170

01:05:33,289 --> 01:05:29,960

and your heart has to become

1171

01:05:36,289 --> 01:05:33,299

acclimatized to a higher vibratory rate

1172

01:05:37,910 --> 01:05:36,299

because the rhythm of the heart is the

1173

01:05:40,430 --> 01:05:37,920

important thing

1174

01:05:43,609 --> 01:05:40,440

I mean they can do heart transplants and

1175

01:05:44,809 --> 01:05:43,619

all sorts of things but that is just a

1176

01:05:47,089 --> 01:05:44,819

pump

1177

01:05:50,990 --> 01:05:47,099

the Rhythm

1178

01:05:52,970 --> 01:05:51,000

is the important thing because this is

1179

01:05:56,809 --> 01:05:52,980

the physics of entire

1180

01:06:01,250 --> 01:05:56,819

being of the entire life of a being

1181

01:06:04,970 --> 01:06:01,260

and this is all in the electromagnetic

1182

01:06:07,250 --> 01:06:04,980

wavelength again which brings us back to

1183

01:06:09,470 --> 01:06:07,260

electricity

1184

01:06:11,809 --> 01:06:09,480

you can live there

1185

01:06:13,990 --> 01:06:11,819

for a certain period

1186

01:06:18,170 --> 01:06:14,000

but you would have to take certain

1187

01:06:19,750 --> 01:06:18,180

natural herbs to regulate the heart

1188

01:06:23,329 --> 01:06:19,760

rhythm

1189

01:06:25,190 --> 01:06:23,339

and when you come back to planet of this

1190

01:06:29,990 --> 01:06:25,200

nature

1191

01:06:35,450 --> 01:06:32,870

that is how our contest came into the

1192

01:06:39,529 --> 01:06:35,460

system was because he was studying the

1193

01:06:41,690 --> 01:06:39,539

variable nature of the Sun

1194

01:06:48,170 --> 01:06:41,700

and

1195

01:06:50,809 --> 01:06:48,180

result is you have to take medication

1196

01:06:53,829 --> 01:06:50,819

all the time to

1197

01:06:57,410 --> 01:06:53,839

that is a natural herbal meditative

1198

01:07:00,230 --> 01:06:57,420

medication to

1199

01:07:01,490 --> 01:07:00,240

rectify the rhythm of the heart to

1200

01:07:04,190 --> 01:07:01,500

withstand

1201

01:07:07,309 --> 01:07:04,200

the lower vibratory rate of this

1202

01:07:11,329 --> 01:07:09,770

because there you have the light from

1203

01:07:14,210 --> 01:07:11,339

three stars

1204

01:07:16,849 --> 01:07:14,220

there's never any night there's always

1205

01:07:23,450 --> 01:07:19,549

because when the two larger components

1206

01:07:26,329 --> 01:07:23,460

set with the rotation of the planet

1207

01:07:29,690 --> 01:07:26,339

the smallest star arises

1208

01:07:38,420 --> 01:07:29,700

so there is always light there

1209

01:07:38,430 --> 01:07:52,510

[Music]

1210

01:07:59,990 --> 01:07:58,309

yes yes it is a natural herb that we can

1211

01:08:04,309 --> 01:08:00,000

grow here too

1212

01:08:06,349 --> 01:08:04,319

in fact yes which one is it it plays in

1213

01:08:09,289 --> 01:08:06,359

the mountains it won't grow in the

1214

01:08:14,569 --> 01:08:09,299

lowlands at all

1215

01:08:19,669 --> 01:08:16,789

and actually just to

1216

01:08:22,610 --> 01:08:19,679

go on a little bit more on that on the

1217

01:08:25,070 --> 01:08:22,620

top of saying saucer Hill in the tower

1218

01:08:26,809 --> 01:08:25,080

in South Africa where the spaceship

1219

01:08:29,570 --> 01:08:26,819

first landed

1220

01:08:33,289 --> 01:08:29,580

in the dip there there is a great

1221

01:08:35,390 --> 01:08:33,299

circular pet where she landed

1222

01:08:38,090 --> 01:08:35,400

and

1223

01:08:40,610 --> 01:08:38,100

the grass is greener in that circular

1224

01:08:43,849 --> 01:08:40,620

patch and these herbs are actually

1225

01:08:46,669 --> 01:08:43,859

growing there it's a silver herb and

1226

01:08:49,010 --> 01:08:46,679

it's very beautiful and it's the same up

1227

01:08:50,749 --> 01:08:49,020

on the heights of Catherine where she

1228

01:08:53,510 --> 01:08:50,759

also landed

1229

01:08:55,010 --> 01:08:53,520

and they photographed it and they

1230

01:08:57,530 --> 01:08:55,020

photographed it from the air

1231

01:09:00,950 --> 01:08:57,540

particularly from the air you can see

1232

01:09:03,590 --> 01:09:00,960

the circular pit because you can see so

1233

01:09:06,530 --> 01:09:03,600

much more from Air photography than you

1234

01:09:06,540 --> 01:09:10,669

thank you

1235

01:09:17,870 --> 01:09:14,930

when you were gone for a period of time

1236

01:09:22,669 --> 01:09:17,880

was that time equal corresponded with

1237

01:09:24,650 --> 01:09:22,679

the time here now time varies it varies

1238

01:09:27,829 --> 01:09:24,660

Wherever You Are

1239

01:09:30,470 --> 01:09:27,839

we have time here simply because we mark

1240

01:09:34,130 --> 01:09:30,480

it off on the clock intervals of time

1241

01:09:35,870 --> 01:09:34,140

and we simply become slaves to it it's

1242

01:09:38,870 --> 01:09:35,880

not necessarily

1243

01:09:42,410 --> 01:09:38,880

the fact that we have to become slaves

1244

01:09:46,130 --> 01:09:42,420

to time but I'm afraid this has a very

1245

01:09:50,150 --> 01:09:46,140

detrimental effect on the health of most

1246

01:09:52,970 --> 01:09:50,160

people it creates stress

1247

01:09:55,910 --> 01:09:52,980

there is no time really out there in

1248

01:10:05,270 --> 01:09:55,920

space it's timeless That's The Fifth

1249

01:10:16,669 --> 01:10:08,930

nine years here and four months there

1250

01:10:30,110 --> 01:10:19,669

I had known wonderful years

1251

01:10:30,120 --> 01:10:34,270

was it you

1252

01:10:40,189 --> 01:10:36,709

and I'd like to know

1253

01:10:45,530 --> 01:10:40,199

the preparation that is necessary to

1254

01:10:50,030 --> 01:10:47,870

well you see

1255

01:10:53,270 --> 01:10:50,040

um as I think I've mentioned you won't

1256

01:10:55,490 --> 01:10:53,280

get very far with a rocket

1257

01:10:57,050 --> 01:10:55,500

and you'll have lots of trouble with

1258

01:10:59,330 --> 01:10:57,060

rockets

1259

01:11:01,189 --> 01:10:59,340

but I think they've been very brave and

1260

01:11:04,130 --> 01:11:01,199

they've trained very hard

1261

01:11:08,030 --> 01:11:04,140

but there's only one way and that is

1262

01:11:11,030 --> 01:11:08,040

with the true Starship

1263

01:11:13,910 --> 01:11:11,040

and this is what they want

1264

01:11:16,850 --> 01:11:13,920

earth scientists this is what they're

1265

01:11:19,550 --> 01:11:16,860

after is the power system of the

1266

01:11:22,610 --> 01:11:19,560

Starship that's why the hell subject has

1267

01:11:28,490 --> 01:11:22,620

been stamped top secret because it's

1268

01:11:35,390 --> 01:11:31,250

well you see there's a lot of confusion

1269

01:11:37,370 --> 01:11:35,400

you must realize in this whole subject

1270

01:11:39,709 --> 01:11:37,380

that they are

1271

01:11:42,530 --> 01:11:39,719

flying sources

1272

01:11:46,250 --> 01:11:42,540

that are Earth constructed

1273

01:11:49,850 --> 01:11:46,260

what we call the nuts and bolts one

1274

01:11:51,229 --> 01:11:49,860

now the real Starship is all in one

1275

01:11:54,110 --> 01:11:51,239

piece

1276

01:11:56,990 --> 01:11:54,120

the whole surface is smooth and all in

1277

01:12:00,590 --> 01:11:57,000

one piece and there are no nuts and

1278

01:12:03,050 --> 01:12:00,600

bolts because remember she is created in

1279

01:12:05,750 --> 01:12:03,060

space from Pure light energy into

1280

01:12:07,970 --> 01:12:05,760

substance and the whole skin of the ship

1281

01:12:11,810 --> 01:12:07,980

is created

1282

01:12:14,270 --> 01:12:11,820

as a natural circular celestial object

1283

01:12:16,910 --> 01:12:14,280

then they bring her to the surface of

1284

01:12:20,270 --> 01:12:16,920

the planet and complete the interior

1285

01:12:22,550 --> 01:12:20,280

which is absolutely beautiful they love

1286

01:12:23,870 --> 01:12:22,560

beauty they live in Beauty they're

1287

01:12:30,410 --> 01:12:23,880

necessary

1288

01:12:42,950 --> 01:12:30,420

thoughts for the brain for the psyche

1289

01:12:50,870 --> 01:12:45,530

yes they will they'll be doing it in an

1290

01:12:57,770 --> 01:12:54,229

yes but as I was saying the confusion

1291

01:12:59,930 --> 01:12:57,780

exists in the fact that there are

1292

01:13:02,750 --> 01:12:59,940

circular craft

1293

01:13:04,250 --> 01:13:02,760

which are commonly known as flying

1294

01:13:06,950 --> 01:13:04,260

sources

1295

01:13:07,910 --> 01:13:06,960

actually built constructed on this

1296

01:13:12,709 --> 01:13:07,920

planet

1297

01:13:16,750 --> 01:13:12,719

by certain Nations and this gives rise

1298

01:13:18,950 --> 01:13:16,760

to much confusion and we as

1299

01:13:22,430 --> 01:13:18,960

meteorologists can tell the difference

1300

01:13:23,510 --> 01:13:22,440

because it has a different effect in the

1301

01:13:25,550 --> 01:13:23,520

atmosphere

1302

01:13:28,070 --> 01:13:25,560

now

1303

01:13:32,510 --> 01:13:28,080

at the end of world war towards the end

1304

01:13:35,870 --> 01:13:32,520

of World War II the German scientists

1305

01:13:39,250 --> 01:13:35,880

were of course then working towards

1306

01:13:43,130 --> 01:13:39,260

faceplate and they created the rockets

1307

01:13:45,770 --> 01:13:43,140

and I know Professor Herman Herbert

1308

01:13:46,729 --> 01:13:45,780

personally he is the father of the

1309

01:13:50,570 --> 01:13:46,739

Rockets

1310

01:13:53,030 --> 01:13:50,580

and he's now 93 years old and a very

1311

01:13:55,310 --> 01:13:53,040

wonderful scientist

1312

01:13:57,770 --> 01:13:55,320

and

1313

01:14:00,790 --> 01:13:57,780

at that time

1314

01:14:04,130 --> 01:14:00,800
they were building certain craft

1315

01:14:08,209 --> 01:14:04,140
helicopter type of craft that was top

1316

01:14:10,370 --> 01:14:08,219
secret we classified them as v7s

1317

01:14:12,669 --> 01:14:10,380
and

1318

01:14:15,410 --> 01:14:12,679
they were

1319

01:14:18,950 --> 01:14:15,420
constructing these crafts in the Eastern

1320

01:14:22,970 --> 01:14:18,960
forest and the the forest gated

1321

01:14:26,090 --> 01:14:22,980
Eastern areas of Germany and in

1322

01:14:27,470 --> 01:14:26,100
underground hangars and in the sides of

1323

01:14:31,189 --> 01:14:27,480
mountains

1324

01:14:34,070 --> 01:14:31,199
and as they perfected these craft they

1325

01:14:37,390 --> 01:14:34,080
threw them out to a secret base because

1326

01:14:41,990 --> 01:14:37,400

by then towards

1327

01:14:43,010 --> 01:14:42,000

1944 45 they knew which way the war was

1328

01:14:44,930 --> 01:14:43,020

going

1329

01:14:50,450 --> 01:14:44,940

and

1330

01:14:54,830 --> 01:14:50,460

in my new book which is entitled the

1331

01:14:59,930 --> 01:14:57,290

they

1332

01:15:02,030 --> 01:14:59,940

had these crafts

1333

01:15:03,050 --> 01:15:02,040

and the Russians of course knew about

1334

01:15:06,290 --> 01:15:03,060

them

1335

01:15:08,570 --> 01:15:06,300

and at the end of World War II

1336

01:15:11,870 --> 01:15:08,580

they split

1337

01:15:14,990 --> 01:15:11,880

European America took half the German

1338

01:15:18,110 --> 01:15:15,000

space scientists captured half of them

1339

01:15:21,770 --> 01:15:18,120

the Russians captured the other half

1340

01:15:24,770 --> 01:15:21,780

and of course you had venomen Brown here

1341

01:15:27,890 --> 01:15:24,780

and

1342

01:15:30,709 --> 01:15:27,900

now the Russians were very anxious to

1343

01:15:33,470 --> 01:15:30,719

get into Berlin first which they did of

1344

01:15:35,810 --> 01:15:33,480

course because they wanted the archives

1345

01:15:38,510 --> 01:15:35,820

of Zimmerman the Berlin Institute

1346

01:15:40,430 --> 01:15:38,520

because there they had the blueprints of

1347

01:15:44,330 --> 01:15:40,440

these craft

1348

01:15:46,310 --> 01:15:44,340

and of course as soon as this happened

1349

01:15:48,530 --> 01:15:46,320

the um

1350

01:15:52,250 --> 01:15:48,540

bases where the craft were being

1351

01:15:55,850 --> 01:15:52,260

constructed were completely destroyed by

1352

01:15:58,729 --> 01:15:55,860

the Germans all the underground bases

1353

01:16:01,310 --> 01:15:58,739

but the Russians knew what was going on

1354

01:16:03,649 --> 01:16:01,320

and they went straight there and they

1355

01:16:06,890 --> 01:16:03,659

actually took the foundations

1356

01:16:12,169 --> 01:16:06,900

of these Laboratories

1357

01:16:15,110 --> 01:16:12,179

to back to Russia to test and to examine

1358

01:16:16,850 --> 01:16:15,120

them to see what type of research had

1359

01:16:19,010 --> 01:16:16,860

been going on there

1360

01:16:24,350 --> 01:16:19,020

and of course

1361

01:16:28,310 --> 01:16:24,360

now today we have certain modified what

1362

01:16:30,649 --> 01:16:28,320

we classify as these sevens as I

1363

01:16:33,590 --> 01:16:30,659

described in my book

1364

01:16:36,830 --> 01:16:33,600

the two the one Russian scientists

1365

01:16:40,010 --> 01:16:36,840

landed and the traffic

1366

01:16:43,430 --> 01:16:40,020

in one of these crafts they're very

1367

01:16:46,729 --> 01:16:43,440

mobile and they're still atmospheric

1368

01:16:49,669 --> 01:16:46,739

craft now the Russians have had a

1369

01:16:51,229 --> 01:16:49,679

space laboratory up there in orbit for

1370

01:16:54,169 --> 01:16:51,239

many many years

1371

01:16:56,750 --> 01:16:54,179

then they had salad at seven now they

1372

01:17:00,410 --> 01:16:56,760

have a very big new one called mer which

1373

01:17:03,890 --> 01:17:00,420

means peace and this is an enormous

1374

01:17:08,570 --> 01:17:03,900

space station and it

1375

01:17:11,930 --> 01:17:08,580

can house 12 men who can live up there

1376

01:17:15,350 --> 01:17:11,940

for long periods of time and they

1377

01:17:17,750 --> 01:17:15,360

continually fearing men and material up

1378

01:17:19,729 --> 01:17:17,760

there all the time now this is purely

1379

01:17:22,910 --> 01:17:19,739

military so you don't hear anything

1380

01:17:26,030 --> 01:17:22,920

about it and

1381

01:17:27,350 --> 01:17:26,040

now at the time

1382

01:17:34,250 --> 01:17:27,360

of

1383

01:17:37,330 --> 01:17:34,260

that information they had already

1384

01:17:38,930 --> 01:17:37,340

perfected one of these

1385

01:17:42,169 --> 01:17:38,940

v7s

1386

01:17:45,410 --> 01:17:42,179

from the German blueprints

1387

01:17:49,010 --> 01:17:45,420

and they were able to learn from the

1388

01:17:51,169 --> 01:17:49,020

space station in those days

1389

01:17:53,709 --> 01:17:51,179

which they did in the drakensberg

1390

01:17:56,570 --> 01:17:53,719

because they detected with their

1391

01:18:01,250 --> 01:17:56,580

sophisticated instruments the proximity

1392

01:18:03,110 --> 01:18:01,260

the electromagnetism of the Starship and

1393

01:18:06,470 --> 01:18:03,120

this is what they were after

1394

01:18:19,510 --> 01:18:06,480

and I describe all this in my book and

1395

01:18:32,169 --> 01:18:22,790

had it been bad news

1396

01:18:39,290 --> 01:18:36,290

well the reason is because I have work

1397

01:18:43,130 --> 01:18:39,300

to do you see today what is happening

1398

01:18:45,410 --> 01:18:43,140

there's a vast educational system that

1399

01:18:47,030 --> 01:18:45,420

is going on throughout the entire planet

1400

01:18:52,130 --> 01:18:47,040

Earth

1401

01:18:55,070 --> 01:18:52,140

and not only in books and magazines and

1402

01:18:58,070 --> 01:18:55,080

children's comics and films

1403

01:19:00,590 --> 01:18:58,080

we also lecture everywhere we tell

1404

01:19:02,750 --> 01:19:00,600

people we talk about it

1405

01:19:04,550 --> 01:19:02,760

now I was scared

1406

01:19:07,070 --> 01:19:04,560

years ago

1407

01:19:09,229 --> 01:19:07,080

that I mustn't talk about it and I

1408

01:19:12,649 --> 01:19:09,239

mustn't write about it

1409

01:19:17,810 --> 01:19:12,659

but I have done so

1410

01:19:20,510 --> 01:19:17,820

and now after 35 years

1411

01:19:22,070 --> 01:19:20,520

I can bring out so much more in a new

1412

01:19:25,970 --> 01:19:22,080

book

1413

01:19:36,470 --> 01:19:25,980

because after 35 years I am no longer

1414

01:19:36,480 --> 01:19:39,729

all right

1415

01:19:47,810 --> 01:19:42,649

how this is connected to

1416

01:19:50,689 --> 01:19:47,820

Spiritual Awakening can sense that going

1417

01:19:55,669 --> 01:19:50,699

to Oregon and Israel as being our seeds

1418

01:20:00,229 --> 01:19:55,679

going from us to them seems linear and

1419

01:20:03,290 --> 01:20:00,239

whereas as a Chrysler sampled that seems

1420

01:20:04,850 --> 01:20:03,300

you know a bit different how does our

1421

01:20:06,709 --> 01:20:04,860

life been

1422

01:20:09,110 --> 01:20:06,719

awareness and consciousness

1423

01:20:11,390 --> 01:20:09,120

fitted with

1424

01:20:15,709 --> 01:20:11,400

the race

1425

01:20:18,410 --> 01:20:15,719

as I said it's an attitude of Mind a way

1426

01:20:20,810 --> 01:20:18,420

of living and thinking

1427

01:20:23,750 --> 01:20:20,820

and if you do that

1428

01:20:28,209 --> 01:20:23,760

in the light which we is an expression

1429

01:20:31,430 --> 01:20:28,219

we use in the light which means love

1430

01:20:34,490 --> 01:20:31,440

understanding tolerance this is

1431

01:20:36,350 --> 01:20:34,500

universal Christ's teachings are

1432

01:20:44,630 --> 01:20:36,360

Universal

1433

01:20:51,770 --> 01:20:48,050

that's right he simply moved it was a

1434

01:20:55,790 --> 01:20:51,780

metamorphosis he simply moved into

1435

01:20:58,149 --> 01:20:55,800

another dimension you must realize that

1436

01:21:01,250 --> 01:20:58,159

there is no such thing as death

1437

01:21:05,630 --> 01:21:01,260

recently Everything Has Changed nothing

1438

01:21:08,330 --> 01:21:05,640

stands still and everything moves

1439

01:21:11,870 --> 01:21:08,340

throughout the entire universe

1440

01:21:16,310 --> 01:21:11,880

Everything Has Changed nothing

1441

01:21:19,570 --> 01:21:16,320

ever stands still and you are condensed

1442

01:21:23,149 --> 01:21:19,580

energy and when your physical body

1443

01:21:24,890 --> 01:21:23,159

decays away because that literally what

1444

01:21:29,890 --> 01:21:24,900

it does

1445

01:21:32,689 --> 01:21:29,900

your energy your soul your spirit

1446

01:21:37,490 --> 01:21:32,699

whatever you wish to call it

1447

01:21:39,649 --> 01:21:37,500

is still very much there because this is

1448

01:21:44,209 --> 01:21:39,659

the energy this is light

1449

01:21:46,689 --> 01:21:44,219

and that never dies and the result is

1450

01:21:48,770 --> 01:21:46,699

it's all done through the

1451

01:21:49,970 --> 01:21:48,780

electromagnetic wavelength of the

1452

01:21:53,450 --> 01:21:49,980

universe

1453

01:21:57,410 --> 01:21:53,460

as you live and think

1454

01:21:59,330 --> 01:21:57,420

Sarah you get on that magnetic waves

1455

01:22:03,050 --> 01:21:59,340

that takes you

1456

01:22:07,070 --> 01:22:03,060

to a higher dimension to a more advanced

1457

01:22:10,189 --> 01:22:07,080

planet where you can be reincarnated and

1458

01:22:13,610 --> 01:22:10,199

it's like a cycle of life it is this as

1459

01:22:15,890 --> 01:22:13,620

nature it's natural it is a circle of

1460

01:22:19,070 --> 01:22:15,900

life that brings you back from the

1461

01:22:21,890 --> 01:22:19,080

energy to the substance and this goes on

1462

01:22:23,450 --> 01:22:21,900

all the time everything is continuous

1463

01:22:27,110 --> 01:22:23,460

change

1464

01:22:32,209 --> 01:22:27,120

and it's really wonderful this you would

1465

01:22:34,850 --> 01:22:32,219

say is fantastic but it really happened

1466

01:22:38,090 --> 01:22:34,860

there is no such thing as death it's

1467

01:22:38,990 --> 01:22:38,100

purely a metamorphosis from one state to

1468

01:22:40,790 --> 01:22:39,000

another

1469

01:22:43,790 --> 01:22:40,800

and then

1470

01:22:46,490 --> 01:22:43,800

you'll know exactly you're still alive

1471

01:22:49,250 --> 01:22:46,500

you know what's happening you can see

1472

01:22:51,229 --> 01:22:49,260

yourself Medical Science has proved it

1473

01:22:53,709 --> 01:22:51,239

too

1474

01:22:56,810 --> 01:22:53,719

in fact one of the greatest scientists

1475

01:22:59,270 --> 01:22:56,820

described to me how on the operating

1476

01:23:02,030 --> 01:22:59,280

table

1477

01:23:04,130 --> 01:23:02,040

he actually died

1478

01:23:05,990 --> 01:23:04,140

and there he was watching what the

1479

01:23:12,900 --> 01:23:06,000

surgeons were doing and he was telling

1480

01:23:17,750 --> 01:23:14,470

[Music]

1481

01:23:19,850 --> 01:23:17,760

it deals with everything absolutely

1482

01:23:22,970 --> 01:23:19,860

everything in life

1483

01:23:25,790 --> 01:23:22,980

and just everything that you think in
