

1  
00:00:07,670 --> 00:00:03,830  
it happened on the night of November 1st

2  
00:00:08,629 --> 00:00:07,680  
to 2nd 1989 near plesetsk arkangelsk

3  
00:00:11,390 --> 00:00:08,639  
region

4  
00:00:13,549 --> 00:00:11,400  
truck drivers Oleg kirzakov and Nikolai

5  
00:00:16,609 --> 00:00:13,559  
baranchikov were returning home to

6  
00:00:18,830 --> 00:00:16,619  
Moscow from a business trip it was very

7  
00:00:21,050 --> 00:00:18,840  
dark and suddenly around one of the

8  
00:00:23,689 --> 00:00:21,060  
turns the headlights illuminated a

9  
00:00:25,970 --> 00:00:23,699  
strange fantastic object

10  
00:00:27,470 --> 00:00:25,980  
the Truck Engine suddenly died and the

11  
00:00:30,109 --> 00:00:27,480  
car stopped

12  
00:00:32,870 --> 00:00:30,119  
frightened the driver sat in silence for

13  
00:00:35,330 --> 00:00:32,880

a while watching the strange object

14

00:00:37,610 --> 00:00:35,340

there was a dog in the cab with them

15

00:00:40,250 --> 00:00:37,620

as soon as the car stopped something

16

00:00:42,650 --> 00:00:40,260

strange started happening to the dog

17

00:00:44,630 --> 00:00:42,660

the dog jumped off jumped over me and

18

00:00:47,090 --> 00:00:44,640

jumped back the back of the truck has a

19

00:00:49,790 --> 00:00:47,100

sleeper cab the dog was huddled there on

20

00:00:52,310 --> 00:00:49,800

the sleeper cab after a while Olex says

21

00:00:55,549 --> 00:00:52,320

I'll go take a look I tried to dissuade

22

00:00:57,830 --> 00:00:55,559

him at first I say don't go we don't

23

00:01:00,729 --> 00:00:57,840

know what it is yet but he did come out

24

00:01:04,009 --> 00:01:00,739

I wanted to examine it in a better way

25

00:01:06,050 --> 00:01:04,019

when I began to approach the object I

26

00:01:08,090 --> 00:01:06,060

felt some kind of whether it was a

27

00:01:09,050 --> 00:01:08,100

protective field around this ship or my

28

00:01:11,750 --> 00:01:09,060

fear

29

00:01:14,149 --> 00:01:11,760

I couldn't figure it out right away

30

00:01:17,090 --> 00:01:14,159

but when I stopped stood for a moment

31

00:01:19,190 --> 00:01:17,100

took a few more steps and realized that

32

00:01:22,789 --> 00:01:19,200

something was holding me not letting me

33

00:01:28,550 --> 00:01:25,310

and then automatically I caught myself

34

00:01:30,649 --> 00:01:28,560

thinking that it was a flying vehicle I

35

00:01:32,990 --> 00:01:30,659

received a telepathic mental signal

36

00:01:35,270 --> 00:01:33,000

which was duplicated by the flash of the

37

00:01:38,210 --> 00:01:35,280

screen in front of my eyes but at a

38

00:01:40,429 --> 00:01:38,220

distance of about an arm's length and on

39

00:01:44,690 --> 00:01:40,439

it as it is written here and displayed

40

00:01:48,649 --> 00:01:47,030

I didn't immediately understand what it

41

00:01:51,190 --> 00:01:48,659

was what they needed

42

00:01:54,830 --> 00:01:51,200

I tried to reach the screen with my hand

43

00:01:58,130 --> 00:01:54,840

but it passed through my hand either he

44

00:02:00,889 --> 00:01:58,140

was in my mind or he really was

45

00:02:03,050 --> 00:02:00,899

so it wasn't a material object yes I

46

00:02:05,149 --> 00:02:03,060

tried to touch it I saw this moment as

47

00:02:07,130 --> 00:02:05,159

he did several times with his hands like

48

00:02:08,809 --> 00:02:07,140

this it was as if he was groping for

49

00:02:12,290 --> 00:02:08,819

something in front of him did that

50

00:02:14,030 --> 00:02:12,300

surprise you actually I was surprised I

51  
00:02:16,850 --> 00:02:14,040  
thought for a few minutes what kind of

52  
00:02:19,070 --> 00:02:16,860  
fire they needed then I decided that

53  
00:02:20,210 --> 00:02:19,080  
they really needed a fire or a source of

54  
00:02:22,490 --> 00:02:20,220  
Fire

55  
00:02:26,390 --> 00:02:22,500  
I turned and walked along the other side

56  
00:02:29,170 --> 00:02:26,400  
of the road along the side of the truck

57  
00:02:34,430 --> 00:02:31,550  
the field that was holding me back

58  
00:02:37,190 --> 00:02:34,440  
either moved away or disappeared I no

59  
00:02:39,589 --> 00:02:37,200  
longer felt it when I went to the truck

60  
00:02:42,410 --> 00:02:39,599  
I took matches and a bottle against

61  
00:02:47,990 --> 00:02:42,420  
icing freezing we carry alcohol with us

62  
00:02:53,630 --> 00:02:50,570  
I closed the truck door and went back to

63  
00:02:55,490 --> 00:02:53,640

the same place again I collected the dry

64

00:02:58,309 --> 00:02:55,500

leaves that were lying on the roadside

65

00:03:01,369 --> 00:02:58,319

doused them with alcohol and set them on

66

00:03:03,290 --> 00:03:01,379

fire I saw that there was a doorway in

67

00:03:08,290 --> 00:03:03,300

this spaceship it had not been there

68

00:03:13,550 --> 00:03:10,750

and there's a light in the distance

69

00:03:16,369 --> 00:03:13,560

there is no light on the object but it

70

00:03:18,350 --> 00:03:16,379

is light inside I noticed that something

71

00:03:21,410 --> 00:03:18,360

was moving in my direction through this

72

00:03:25,430 --> 00:03:21,420

doorway in a nutshell inside this

73

00:03:30,350 --> 00:03:25,440

spaceship then I was really afraid I

74

00:03:35,750 --> 00:03:33,290

did you see a silhouette yes like a

75

00:03:38,050 --> 00:03:35,760

shadow coming over me well did he get

76

00:03:41,630 --> 00:03:38,060

out of the spaceship

77

00:03:44,089 --> 00:03:41,640

at the moment when I saw him now and

78

00:03:46,490 --> 00:03:44,099

when I slowly backed away stumbled on

79

00:03:48,410 --> 00:03:46,500

the side of the road and almost fell at

80

00:03:50,449 --> 00:03:48,420

that moment when I looked up this

81

00:03:53,750 --> 00:03:50,459

silhouette was already moving away from

82

00:03:56,030 --> 00:03:53,760

my fire he was already walking along the

83

00:03:58,490 --> 00:03:56,040

corridor in this spaceship then I went

84

00:04:01,550 --> 00:03:58,500

slowly to the same place not immediately

85

00:04:08,530 --> 00:04:01,560

in two or three steps and noticed that I

86

00:04:14,449 --> 00:04:11,210

after standing for a little while I

87

00:04:17,629 --> 00:04:14,459

think what is it I wonder I need to get

88

00:04:20,030 --> 00:04:17,639

a closer look again the letters lit up

89

00:04:22,909 --> 00:04:20,040

on the screen I don't remember exactly

90

00:04:25,490 --> 00:04:22,919

now but a positive answer was given

91

00:04:33,670 --> 00:04:25,500

I decided that since I was in no danger

92

00:04:39,710 --> 00:04:37,790

the stood on three legs on two legs

93

00:04:43,010 --> 00:04:39,720

and the third leg was that he broke

94

00:04:45,469 --> 00:04:43,020

three large trees three Birches this

95

00:04:48,770 --> 00:04:45,479

machine had no stairs no lifting device

96

00:04:53,170 --> 00:04:48,780

I did not see and the threshold of this

97

00:04:57,530 --> 00:04:56,450

how high was the doorway about two

98

00:05:02,090 --> 00:04:57,540

meters

99

00:05:05,150 --> 00:05:02,100

and what was the width

100

00:05:08,090 --> 00:05:05,160

about a meter and a half probably

101  
00:05:10,370 --> 00:05:08,100  
I thought how am I going to get there

102  
00:05:12,770 --> 00:05:10,380  
from the Hall of the spaceship such a

103  
00:05:15,070 --> 00:05:12,780  
rod moved out it first went horizontally

104  
00:05:18,710 --> 00:05:15,080  
to the ground and then into the ground

105  
00:05:20,510 --> 00:05:18,720  
it was like a railing I took it and

106  
00:05:24,290 --> 00:05:20,520  
immediately found myself at the

107  
00:05:29,330 --> 00:05:27,350  
once inside the mysterious object Oleg

108  
00:05:32,150 --> 00:05:29,340  
first found himself in a wide dark

109  
00:05:34,129 --> 00:05:32,160  
Corridor and then after walking seven to

110  
00:05:36,710 --> 00:05:34,139  
eight meters he found himself at the

111  
00:05:38,990 --> 00:05:36,720  
entrance to a spacious round Hall

112  
00:05:41,210 --> 00:05:39,000  
from it radiated corridors that led to

113  
00:05:43,129 --> 00:05:41,220

other rooms of the spaceship in one of

114

00:05:44,629 --> 00:05:43,139

the doorways stood a beam about two

115

00:05:47,210 --> 00:05:44,639

meters tall

116

00:05:49,610 --> 00:05:47,220

it was shrouded in a dark Haze and its

117

00:05:52,310 --> 00:05:49,620

Contours were gradually changing

118

00:05:54,710 --> 00:05:52,320

entering the hall Oleg noticed the racks

119

00:05:56,629 --> 00:05:54,720

of devices located along the walls and

120

00:05:58,430 --> 00:05:56,639

the control panel which moved in a

121

00:06:00,770 --> 00:05:58,440

circle colored lights glowed on the

122

00:06:03,770 --> 00:06:00,780

dashboards forming various geometric

123

00:06:06,350 --> 00:06:03,780

shapes then other two meter tall beans

124

00:06:09,770 --> 00:06:06,360

appeared in the hall also shrouded in a

125

00:06:11,390 --> 00:06:09,780

dark Haze what are these beings who are

126  
00:06:13,129 --> 00:06:11,400  
they where did they come from questions

127  
00:06:15,710 --> 00:06:13,139  
arose in the head

128  
00:06:17,930 --> 00:06:15,720  
in response the Dome of the hall began

129  
00:06:20,689 --> 00:06:17,940  
to gradually fade and a picture of the

130  
00:06:22,550 --> 00:06:20,699  
Starry Sky appeared on it one of the

131  
00:06:24,650 --> 00:06:22,560  
Stars began to grow larger and burn

132  
00:06:26,749 --> 00:06:24,660  
brighter than the others is this the

133  
00:06:30,050 --> 00:06:26,759  
star you came from Oleg asked mentally

134  
00:06:32,689 --> 00:06:30,060  
yes came the telepathic reply is it in

135  
00:06:35,210 --> 00:06:32,699  
our galaxy again a positive response

136  
00:06:37,850 --> 00:06:35,220  
there was no fear and Oleg asked the

137  
00:06:40,969 --> 00:06:37,860  
question again I asked is this a base

138  
00:06:42,830 --> 00:06:40,979

ship or a landing module they said it

139

00:06:44,749 --> 00:06:42,840

was a landing module

140

00:06:48,010 --> 00:06:44,759

then I asked the purpose of their

141

00:06:50,390 --> 00:06:48,020

expedition they said it was scientific

142

00:06:52,670 --> 00:06:50,400

but they were all transmitting it

143

00:06:57,050 --> 00:06:52,680

telepathically through this screen

144

00:07:01,670 --> 00:06:58,430

have you already understood

145

00:07:04,070 --> 00:07:01,680

telepathically yes I even thought about

146

00:07:05,150 --> 00:07:04,080

it myself several times and didn't say

147

00:07:08,270 --> 00:07:05,160

anything

148

00:07:10,490 --> 00:07:08,280

and I got the answer I asked if they

149

00:07:11,990 --> 00:07:10,500

were from the same planet or star and

150

00:07:15,170 --> 00:07:12,000

was told that they were from different

151  
00:07:17,930 --> 00:07:15,180  
planets I also asked what more

152  
00:07:20,150 --> 00:07:17,940  
expeditions come here good or bad for

153  
00:07:23,210 --> 00:07:20,160  
what purpose they visit the Earth

154  
00:07:28,909 --> 00:07:23,220  
they said there were more good ones

155  
00:07:34,129 --> 00:07:31,670  
I just wanted to give them my watch I

156  
00:07:35,629 --> 00:07:34,139  
had a watch on my wrist they refused and

157  
00:07:37,430 --> 00:07:35,639  
said that they had complete information

158  
00:07:39,110 --> 00:07:37,440  
about the Earth

159  
00:07:41,809 --> 00:07:39,120  
basically they can have information

160  
00:07:44,089 --> 00:07:41,819  
about everyone because even when I took

161  
00:07:45,730 --> 00:07:44,099  
the rod when I entered this object they

162  
00:07:48,670 --> 00:07:45,740  
called my body temperature

163  
00:07:51,350 --> 00:07:48,680

that is one touch was enough

164

00:07:55,749 --> 00:07:51,360

apparently the rod was both an elevator

165

00:08:00,309 --> 00:07:57,430

yes

166

00:08:03,170 --> 00:08:00,319

I asked them how is your ship moving

167

00:08:05,029 --> 00:08:03,180

they told me they use electromagnetic

168

00:08:07,430 --> 00:08:05,039

fields to get thrust

169

00:08:13,610 --> 00:08:07,440

I didn't ask what kind of Thruster they

170

00:08:18,170 --> 00:08:16,129

I asked what kind of opening it was on

171

00:08:19,850 --> 00:08:18,180

the wall and then the interior of the

172

00:08:22,070 --> 00:08:19,860

same ship appeared in it

173

00:08:23,990 --> 00:08:22,080

at first I thought that these were some

174

00:08:25,550 --> 00:08:24,000

kind of built-in cameras and they were

175

00:08:27,529 --> 00:08:25,560

filming this Hall

176

00:08:29,830 --> 00:08:27,539

but then I noticed that I didn't see

177

00:08:32,630 --> 00:08:29,840

myself in the doorway

178

00:08:34,670 --> 00:08:32,640

then the picture changed and a slightly

179

00:08:37,010 --> 00:08:34,680

different configuration of the hall was

180

00:08:38,389 --> 00:08:37,020

visible but the beings were also the

181

00:08:40,969 --> 00:08:38,399

same in the hull

182

00:08:43,610 --> 00:08:40,979

actually I could not understand what it

183

00:08:45,350 --> 00:08:43,620

is the image is as three-dimensional as

184

00:08:48,110 --> 00:08:45,360

if there are real beings behind this

185

00:08:52,990 --> 00:08:48,120

opening and then the picture changed

186

00:08:57,769 --> 00:08:55,670

at first there were three beings in the

187

00:09:00,530 --> 00:08:57,779

hall then a fourth appeared and between

188

00:09:03,110 --> 00:09:00,540

them apparently I will not call it a

189

00:09:06,790 --> 00:09:03,120

conversation some kind of activity began

190

00:09:11,570 --> 00:09:09,130

communication

191

00:09:13,610 --> 00:09:11,580

yes between them

192

00:09:16,190 --> 00:09:13,620

and I realized that something was

193

00:09:18,410 --> 00:09:16,200

brewing and I was still afraid not so

194

00:09:21,410 --> 00:09:18,420

much but I began to be afraid that

195

00:09:23,570 --> 00:09:21,420

nothing would happen I asked them you

196

00:09:26,930 --> 00:09:23,580

probably need to but I didn't ask them

197

00:09:30,610 --> 00:09:26,940

to fly away to move somewhere and I got

198

00:09:37,550 --> 00:09:34,430

when we parted with them I asked could I

199

00:09:40,910 --> 00:09:37,560

tell other people what I had seen here I

200

00:09:42,290 --> 00:09:40,920

also received a positive response can I

201  
00:09:44,810 --> 00:09:42,300  
see you again

202  
00:09:50,769 --> 00:09:44,820  
they said if you are in danger we will

203  
00:09:56,690 --> 00:09:53,449  
quietly I turned around and walked back

204  
00:09:58,910 --> 00:09:56,700  
to the exit when I left the object then

205  
00:10:00,050 --> 00:09:58,920  
turned around and the doorway was no

206  
00:10:02,509 --> 00:10:00,060  
longer there

207  
00:10:04,310 --> 00:10:02,519  
and I thought I should go to the truck

208  
00:10:06,650 --> 00:10:04,320  
as soon as possible

209  
00:10:09,710 --> 00:10:06,660  
if they leave now something might happen

210  
00:10:11,810 --> 00:10:09,720  
to me and again I received a mental

211  
00:10:14,290 --> 00:10:11,820  
answer that there is nothing wrong that

212  
00:10:17,329 --> 00:10:14,300  
I could be near

213  
00:10:22,070 --> 00:10:17,339

and even as a precaution I read this

214

00:10:27,590 --> 00:10:24,590

after the this object this middle part

215

00:10:31,790 --> 00:10:27,600

began to rotate in the dome this part

216

00:10:34,250 --> 00:10:31,800

start rotating yes in One Direction and

217

00:10:36,829 --> 00:10:34,260

The Dome slowly began to rotate in the

218

00:10:38,750 --> 00:10:36,839

other direction the brighter it started

219

00:10:42,650 --> 00:10:38,760

to shine

220

00:10:44,630 --> 00:10:42,660

yes at first a single strike passed from

221

00:10:45,949 --> 00:10:44,640

above with the articulation of the Dome

222

00:10:48,670 --> 00:10:45,959

of this one

223

00:10:51,710 --> 00:10:48,680

then these nozzles merged into one hole

224

00:10:53,690 --> 00:10:51,720

and such a spot of light was formed and

225

00:10:56,269 --> 00:10:53,700

its color changed

226

00:10:59,329 --> 00:10:56,279

that is the object was not so clearly

227

00:11:01,490 --> 00:10:59,339

visible yes it merged into such a spot

228

00:11:03,470 --> 00:11:01,500

of light then I heard a crack it must

229

00:11:05,990 --> 00:11:03,480

have been leveling off he was standing a

230

00:11:07,250 --> 00:11:06,000

little obliquely as I said leaning on a

231

00:11:09,949 --> 00:11:07,260

few trees

232

00:11:12,110 --> 00:11:09,959

then it swayed and Rose silently

233

00:11:14,569 --> 00:11:12,120

so there was no noise

234

00:11:17,930 --> 00:11:14,579

like our Rockets take off absolutely

235

00:11:24,850 --> 00:11:17,940

nothing no wind no noise

236

00:11:27,530 --> 00:11:24,860

[Music]

237

00:11:30,769 --> 00:11:27,540

after that I noticed that there was

238

00:11:33,290 --> 00:11:30,779

another truck standing 100 to 120 meters

239

00:11:36,290 --> 00:11:33,300

away and there was another passenger car

240

00:11:38,690 --> 00:11:36,300

behind it the people who were there two

241

00:11:41,750 --> 00:11:38,700

men and a woman they immediately ran up

242

00:11:44,569 --> 00:11:41,760

to us after this object flew away

243

00:11:47,470 --> 00:11:44,579

and they began to ask what was it what

244

00:11:51,889 --> 00:11:49,970

so they also sat in their cars and

245

00:11:54,170 --> 00:11:51,899

watched the whole event

246

00:11:56,030 --> 00:11:54,180

I think they even tried to get out of

247

00:11:57,889 --> 00:11:56,040

the cars but they couldn't come up

248

00:12:00,410 --> 00:11:57,899

because this field which I couldn't

249

00:12:02,630 --> 00:12:00,420

overcome I think in the end it didn't

250

00:12:04,670 --> 00:12:02,640

shrink but expanded

251

00:12:06,650 --> 00:12:04,680

and we ended up inside that field

252

00:12:09,550 --> 00:12:06,660

because those people couldn't get close

253

00:12:12,710 --> 00:12:09,560

to that spaceship

254

00:12:15,710 --> 00:12:12,720

they asked what it was but I had a very

255

00:12:18,050 --> 00:12:15,720

strong shock almost nothing could answer
