

**It was gigantic.**

**We saw this round shape,  
it seemed metallic.**

**It projected light beams. It had  
four series of three beams each.**

1  
00:00:04,910 --> 00:00:02,090  
strange lights can be seen in the night

2  
00:00:08,509 --> 00:00:04,920  
sky above the Plaza Hotel

3  
00:00:11,750 --> 00:00:08,519  
on November 7 1990 a tourist floating in

4  
00:00:13,690 --> 00:00:11,760  
the old Town's 17-story rooftop pool saw

5  
00:00:17,170 --> 00:00:13,700  
something which set off a chain reaction

6  
00:00:21,410 --> 00:00:17,180  
it was 7 20 PM

7  
00:00:24,410 --> 00:00:21,420  
she saw a very hard Ariel phenomenon and

8  
00:00:27,550 --> 00:00:24,420  
she she was surprised so she she asked

9  
00:00:29,870 --> 00:00:27,560  
the Lifeguard to to have a look at it

10  
00:00:30,950 --> 00:00:29,880  
bernardinette has chronicled the events

11  
00:00:33,709 --> 00:00:30,960  
of that night

12  
00:00:36,650 --> 00:00:33,719  
she was also very surprised by what she

13  
00:00:40,990 --> 00:00:36,660

was seeing so she called the hotel a

14

00:00:45,350 --> 00:00:41,000

security officer and as soon as he saw

15

00:00:51,850 --> 00:00:45,360

the Ariel phenomenon was overwhelmed and

16

00:00:57,410 --> 00:00:55,069

was also dispatched to the scene he

17

00:00:59,569 --> 00:00:57,420

happened to ride the hotel elevator with

18

00:01:05,929 --> 00:00:59,579

a policeman we were going going up you

19

00:01:07,850 --> 00:01:05,939

see he asked may I use my gun you see it

20

00:01:09,850 --> 00:01:07,860

was just joke and the people were

21

00:01:14,570 --> 00:01:09,860

laughing I was laughing

22

00:01:19,310 --> 00:01:14,580

uh when we arrived together on the roof

23

00:01:24,070 --> 00:01:19,320

he looked in the sky and he said sacrum

24

00:01:27,950 --> 00:01:25,969

metallic

25

00:01:35,890 --> 00:01:27,960

steady

26

00:01:42,370 --> 00:01:39,710

and so the big director of our operation

27

00:01:46,190 --> 00:01:42,380

of the police that night

28

00:01:48,649 --> 00:01:46,200

arrived also on the scene and it was

29

00:01:52,069 --> 00:01:48,659

even overwhelmed by what we're seeing so

30

00:01:55,789 --> 00:01:52,079

he called the RCMP I got here at the

31

00:01:58,190 --> 00:01:55,799

hotel at about nine o'clock and I came

32

00:02:02,710 --> 00:01:58,200

up met sergeant maso and a lot of people

33

00:02:09,350 --> 00:02:07,010

I contacted the airport the military I

34

00:02:13,250 --> 00:02:09,360

talked to the colonel in charge of

35

00:02:16,250 --> 00:02:13,260

saints and military operations and I was

36

00:02:18,470 --> 00:02:16,260

told that there was no no Canadian

37

00:02:21,410 --> 00:02:18,480

military operation going on

38

00:02:23,510 --> 00:02:21,420

I also confirmed with Dorval and

39

00:02:26,510 --> 00:02:23,520

Mirabelle if they had anything on radar

40

00:02:28,430 --> 00:02:26,520

and they answered in the negative but

41

00:02:47,949 --> 00:02:28,440

yet you could see something there nobody

42

00:02:47,959 --> 00:02:56,470

if you found this effect

43

00:03:02,710 --> 00:02:59,630

then we have no answer some people were

44

00:03:06,890 --> 00:03:02,720

saying yes it is

45

00:03:09,170 --> 00:03:06,900

something from the space

46

00:03:11,330 --> 00:03:09,180

at nine o'clock that night bellybo's

47

00:03:13,850 --> 00:03:11,340

colleague Marcela Ross took this

48

00:03:16,430 --> 00:03:13,860

photograph of The Apparition

49

00:03:18,910 --> 00:03:16,440

it was a build up more and more

50

00:03:21,350 --> 00:03:18,920

witnesses more and more action

51  
00:03:23,750 --> 00:03:21,360  
and always the same the phenomenon

52  
00:03:27,410 --> 00:03:23,760  
doesn't change the sighting had lasted

53  
00:03:29,809 --> 00:03:27,420  
almost three hours from 7 20 to 10 10.

54  
00:03:32,089 --> 00:03:29,819  
the next morning the LA price story

55  
00:03:34,850 --> 00:03:32,099  
caused the sensation

56  
00:03:37,610 --> 00:03:34,860  
the morning after I was working and we

57  
00:03:39,770 --> 00:03:37,620  
had a lot of phone calls from media and

58  
00:03:40,550 --> 00:03:39,780  
also from various people out of the

59  
00:03:43,850 --> 00:03:40,560  
public

60  
00:03:46,250 --> 00:03:43,860  
and we had no nothing to answer really

61  
00:03:48,789 --> 00:03:46,260  
so I had to to make a little

62  
00:03:51,110 --> 00:03:48,799  
investigation

63  
00:03:53,270 --> 00:03:51,120

marxelina is a meteorologist with

64

00:03:55,850 --> 00:03:53,280

Environment Canada and an amateur

65

00:03:57,890 --> 00:03:55,860

astronomer he believes the lights which

66

00:04:00,229 --> 00:03:57,900

caused the commotion were nutting more

67

00:04:02,990 --> 00:04:00,239

than Northern Lights technically an

68

00:04:04,809 --> 00:04:03,000

aurora borealis more than one people

69

00:04:08,390 --> 00:04:04,819

that at least three

70

00:04:11,509 --> 00:04:08,400

witness reports in Aurora because they

71

00:04:14,089 --> 00:04:11,519

know Aurora are and their description of

72

00:04:18,229 --> 00:04:14,099

the phenomena is the same as the other

73

00:04:21,490 --> 00:04:18,239

description from General witness but

74

00:04:24,710 --> 00:04:21,500

somebody that don't know the sky well

75

00:04:28,010 --> 00:04:24,720

which is not very skilled in reporting

76

00:04:31,010 --> 00:04:28,020

something in the sky could be a

77

00:04:33,230 --> 00:04:31,020

fooled by light in the sky the magnet

78

00:04:35,030 --> 00:04:33,240

wasn't so sure he'd seen Delights

79

00:04:37,430 --> 00:04:35,040

himself that night while leaving his

80

00:04:39,770 --> 00:04:37,440

office in Old Montreal I saw that very

81

00:04:42,770 --> 00:04:39,780

hard light that was threat between these

82

00:04:46,030 --> 00:04:42,780

two buildings it was the greenish light

83

00:04:49,490 --> 00:04:46,040

which looked like

84

00:04:51,230 --> 00:04:49,500

but was still doesn't move like these

85

00:04:53,510 --> 00:04:51,240

Northern Lights usually you know moves

86

00:04:55,670 --> 00:04:53,520

Jeanette owns a computer company but

87

00:04:59,390 --> 00:04:55,680

devotes much of his spare time to the

88

00:05:02,390 --> 00:04:59,400

study of UFOs I decided to look into

89

00:05:05,210 --> 00:05:02,400

this case since a lot of witnesses there

90

00:05:07,610 --> 00:05:05,220

the quality of the witness was very good

91

00:05:09,170 --> 00:05:07,620

and they were also photographic evidence

92

00:05:11,629 --> 00:05:09,180

that was there so I said to myself

93

00:05:14,450 --> 00:05:11,639

there's probably ways you know with the

94

00:05:16,870 --> 00:05:14,460

collection of the mythological data the

95

00:05:19,550 --> 00:05:16,880

witnesses testimony and the photograph

96

00:05:21,409 --> 00:05:19,560

negative that would be maybe analyzed to

97

00:05:24,290 --> 00:05:21,419

determine if it was a light reflection

98

00:05:26,810 --> 00:05:24,300

or an object Gwinnett collaborated with

99

00:05:29,330 --> 00:05:26,820

Dr Richard Haynes a retired NASA

100

00:05:31,490 --> 00:05:29,340

research scientist in California Haynes

101  
00:05:33,590 --> 00:05:31,500  
directed the research gennett collected

102  
00:05:35,510 --> 00:05:33,600  
the data and interviewed key Witnesses

103  
00:05:36,409 --> 00:05:35,520  
who had been present on the roof of the

104  
00:05:38,210 --> 00:05:36,419  
hotel

105  
00:05:40,689 --> 00:05:38,220  
but they were not the only people who

106  
00:05:42,950 --> 00:05:40,699  
saw something unusual that night

107  
00:05:46,010 --> 00:05:42,960  
Pierre Co Martin was driving home from

108  
00:05:48,050 --> 00:05:46,020  
work between 10 30 and 11 o'clock when

109  
00:05:51,350 --> 00:05:48,060  
something caught his attention

110  
00:05:54,350 --> 00:05:51,360  
I could see something some kind of a

111  
00:05:57,110 --> 00:05:54,360  
flying object on top of the Olympic

112  
00:05:58,490 --> 00:05:57,120  
Tower right there which is very well lit

113  
00:06:00,529 --> 00:05:58,500

first I thought it was a

114

00:06:02,570 --> 00:06:00,539

promotional blimp surrounded by very

115

00:06:05,629 --> 00:06:02,580

bright lights and that thing was

116

00:06:08,330 --> 00:06:05,639

basically going east as I was

117

00:06:10,490 --> 00:06:08,340

from here on I figured out that this

118

00:06:13,430 --> 00:06:10,500

thing must have been pretty big pretty

119

00:06:15,590 --> 00:06:13,440

darn big because there was no blend I

120

00:06:18,950 --> 00:06:15,600

can't define the type of object I can't

121

00:06:21,529 --> 00:06:18,960

I've never seen anything like that

122

00:06:24,129 --> 00:06:21,539

perplexed he stopped here near his home

123

00:06:26,689 --> 00:06:24,139

in Ashu and continued his observation

124

00:06:29,510 --> 00:06:26,699

the lighting was definitely very strong

125

00:06:31,189 --> 00:06:29,520

it was definitely big I could hear from

126  
00:06:33,950 --> 00:06:31,199  
here and this is where I heard the sound

127  
00:06:36,249 --> 00:06:33,960  
of the object it was like uh some kind

128  
00:06:40,070 --> 00:06:36,259  
of a neat purring sound

129  
00:06:42,529 --> 00:06:40,080  
just a little rhythmic purring and the

130  
00:06:44,990 --> 00:06:42,539  
way this thing was moving was uh very

131  
00:06:47,450 --> 00:06:45,000  
strange because it was very static it

132  
00:06:50,150 --> 00:06:47,460  
could be very static for wouldn't budge

133  
00:06:53,210 --> 00:06:50,160  
and and then it would like Glide and go

134  
00:06:55,189 --> 00:06:53,220  
down very very fast kumerte watched it

135  
00:06:58,070 --> 00:06:55,199  
hover in the vicinity of a neighborhood

136  
00:07:00,469 --> 00:06:58,080  
power station and basically the hydro

137  
00:07:03,950 --> 00:07:00,479  
Quebec station should be just about

138  
00:07:07,670 --> 00:07:03,960

around there and I'll find out later on

139

00:07:11,510 --> 00:07:07,680

that during the time of his observation

140

00:07:14,270 --> 00:07:11,520

of that phenomenon above that station a

141

00:07:18,850 --> 00:07:14,280

power failure occur and oddly enough it

142

00:07:24,529 --> 00:07:18,860

is a route which goes to the which Feed

143

00:07:29,689 --> 00:07:26,390

Kenneth and Haynes published their

144

00:07:32,089 --> 00:07:29,699

report in 1992. Jeanette had collected

145

00:07:34,969 --> 00:07:32,099

an exhaustive amount of data much of it

146

00:07:38,089 --> 00:07:34,979

meteorological pains had done the

147

00:07:40,010 --> 00:07:38,099

analysis his conclusion the evidence for

148

00:07:42,589 --> 00:07:40,020

the existence of a highly unusual

149

00:07:43,909 --> 00:07:42,599

hovering silent large object is

150

00:07:46,010 --> 00:07:43,919

indisputable

151  
00:07:48,589 --> 00:07:46,020  
there is nothing about these particular

152  
00:07:50,510 --> 00:07:48,599  
meteorological conditions that could

153  
00:07:53,270 --> 00:07:50,520  
produce an optical effect of the kind

154  
00:07:56,270 --> 00:07:53,280  
described by these Witnesses it's a

155  
00:07:59,510 --> 00:07:56,280  
perfect inquiry except the conclusion

156  
00:08:02,089 --> 00:07:59,520  
the strongest Aurora happens quite often

157  
00:08:06,230 --> 00:08:02,099  
like a crowd like a spot of light with

158  
00:08:09,290 --> 00:08:06,240  
Rays limiting so you look at that and

159  
00:08:11,930 --> 00:08:09,300  
look at this and remember try to

160  
00:08:13,969 --> 00:08:11,940  
remember and try to make a drawing a day

161  
00:08:16,129 --> 00:08:13,979  
after or so you will probably find

162  
00:08:18,770 --> 00:08:16,139  
something like that why isn't there any

163  
00:08:21,710 --> 00:08:18,780

record of this particular phenomenon

164

00:08:24,830 --> 00:08:21,720

that night well that's still uh some

165

00:08:29,230 --> 00:08:24,840

problems there is no report I know

166

00:08:31,930 --> 00:08:29,240

observation by objective device of

167

00:08:34,010 --> 00:08:31,940

activity in the

168

00:08:37,490 --> 00:08:34,020

magnetosphere that night

169

00:08:40,969 --> 00:08:37,500

but according to some authorities in

170

00:08:44,630 --> 00:08:40,979

Aurora it could be a localized phenomena

171

00:08:47,690 --> 00:08:44,640

the photographs were also analyzed and

172

00:08:49,910 --> 00:08:47,700

special tools that NASA were used to

173

00:08:53,150 --> 00:08:49,920

look at that okay this is a 3D rendering

174

00:08:54,470 --> 00:08:53,160

of the negative and this is what we are

175

00:08:57,710 --> 00:08:54,480

seeing here

176  
00:09:00,650 --> 00:08:57,720  
and this is the scan which goes you know

177  
00:09:02,630 --> 00:09:00,660  
through it to try to find out if we are

178  
00:09:04,490 --> 00:09:02,640  
talking about an object or just a

179  
00:09:07,430 --> 00:09:04,500  
reflection conclusion it was an object

180  
00:09:11,389 --> 00:09:07,440  
this was no atmospheric uh you know

181  
00:09:13,310 --> 00:09:11,399  
situation or no I saw an object I saw

182  
00:09:15,970 --> 00:09:13,320  
light and an object nobody talk about

183  
00:09:20,030 --> 00:09:15,980  
extraterrestrial everybody was very

184  
00:09:22,130 --> 00:09:20,040  
careful about this but it was a very

185  
00:09:23,590 --> 00:09:22,140  
strong impression that something had

186  
00:09:27,710 --> 00:09:23,600  
something

187  
00:09:28,970 --> 00:09:27,720  
out of this world was present in this

188  
00:09:31,130 --> 00:09:28,980

world

189

00:09:33,470 --> 00:09:31,140

I won't turn around and say yes yes now

190

00:09:37,130 --> 00:09:33,480

I believe in in UFOs and life on other

191

00:09:40,610 --> 00:09:37,140

clients but since the the sighting and

192

00:09:46,130 --> 00:09:40,620

on November uh I have to admit that uh

193

00:09:52,970 --> 00:09:50,509

Ono pogi November 9th in 1991. more than

194

00:09:54,290 --> 00:09:52,980

40 people all shared a stunning

195

00:09:57,710 --> 00:09:54,300

experience

196

00:09:59,930 --> 00:09:57,720

I saw this uh this thing it was not

197

00:10:02,329 --> 00:09:59,940

looking like an object at all it's

198

00:10:04,850 --> 00:10:02,339

stunned there's no other word that was

199

00:10:07,130 --> 00:10:04,860

stunned Bernard Gannett said that he saw

200

00:10:09,949 --> 00:10:07,140

the UFO as he hurried home from a late

201  
00:10:12,230 --> 00:10:09,959  
night at the office it was more like a

202  
00:10:15,470 --> 00:10:12,240  
kind of pencil of light it was a

203  
00:10:18,050 --> 00:10:15,480  
greenish color but working very uh

204  
00:10:20,630 --> 00:10:18,060  
guests at the Montreal Bonaventure Hotel

205  
00:10:23,150 --> 00:10:20,640  
reported seeing the UFO while swimming

206  
00:10:25,370 --> 00:10:23,160  
in the rooftop pool lifeguard Lin

207  
00:10:27,230 --> 00:10:25,380  
sanpierre was on duty that night so I

208  
00:10:29,630 --> 00:10:27,240  
stepped outside I looked at the lights

209  
00:10:31,550 --> 00:10:29,640  
and I was kind of scared because I

210  
00:10:34,070 --> 00:10:31,560  
didn't know what it was so I went back

211  
00:10:36,050 --> 00:10:34,080  
in I said somebody pinched me because I

212  
00:10:38,230 --> 00:10:36,060  
don't believe what I see this is a

213  
00:10:41,030 --> 00:10:38,240

photograph of the object they all saw

214

00:10:42,829 --> 00:10:41,040

shrouded by a thick blanket of fog the

215

00:10:45,290 --> 00:10:42,839

UFO appeared to hover low in the night

216

00:10:47,389 --> 00:10:45,300

sky for nearly three hours my first

217

00:10:48,889 --> 00:10:47,399

reaction while driving was well it's

218

00:10:50,810 --> 00:10:48,899

probably some kind of a promotional

219

00:10:53,030 --> 00:10:50,820

stunt for the Olympic Stadium you know

220

00:10:54,949 --> 00:10:53,040

it's probably a game or something I saw

221

00:10:57,650 --> 00:10:54,959

about I would say

222

00:10:59,449 --> 00:10:57,660

six seven eight spots

223

00:11:00,710 --> 00:10:59,459

thin

224

00:11:02,990 --> 00:11:00,720

shape of a neck

225

00:11:05,030 --> 00:11:03,000

I could even hear the sound that thing

226

00:11:08,230 --> 00:11:05,040

was making it was a very definite

227

00:11:11,449 --> 00:11:08,240

purring sound you know some kind of a

228

00:11:14,690 --> 00:11:11,459

every Corners that I went I had that

229

00:11:17,569 --> 00:11:14,700

thing over my head that was puzzled

230

00:11:20,290 --> 00:11:17,579

basically what is this thing but never

231

00:11:23,389 --> 00:11:20,300

never did I think that I was seeing a

232

00:11:25,310 --> 00:11:23,399

UFO or some sort you know or that this

233

00:11:27,590 --> 00:11:25,320

thing would be coming from

234

00:11:29,210 --> 00:11:27,600

knows where eyewitnesses called

235

00:11:31,190 --> 00:11:29,220

Montreal's largest French language

236

00:11:32,990 --> 00:11:31,200

newspaper lombres

237

00:11:35,389 --> 00:11:33,000

Porter and photographer were dispatched

238

00:11:38,810 --> 00:11:35,399

to the hotel rooftop I believe that I

239

00:11:42,710 --> 00:11:38,820

have seen lights or glimmers

240

00:11:44,509 --> 00:11:42,720

uh but I cannot say at all what it is a

241

00:11:46,670 --> 00:11:44,519

nearby construction site was lit with

242

00:11:48,230 --> 00:11:46,680

spotlights pointed Skyward some

243

00:11:50,210 --> 00:11:48,240

eyewitnesses dismissed what they were

244

00:11:51,050 --> 00:11:50,220

seeing as the light's reflection in the

245

00:11:54,470 --> 00:11:51,060

fog

246

00:11:57,170 --> 00:11:54,480

after those lights were shut down uh the

247

00:11:59,150 --> 00:11:57,180

phenomenon the lights remained in the

248

00:12:01,850 --> 00:11:59,160

sky so it was not a reflection of some

249

00:12:04,370 --> 00:12:01,860

sort Constable Moray received the first

250

00:12:06,290 --> 00:12:04,380

reports of a UFO sighting he called the

251

00:12:08,630 --> 00:12:06,300

airport and the military to see if they

252

00:12:09,470 --> 00:12:08,640

were picking up the object on radar they

253

00:12:13,970 --> 00:12:09,480

were not

254

00:12:16,630 --> 00:12:13,980

well in my experience I I did see uh

255

00:12:20,210 --> 00:12:16,640

a fair bit of of everything

256

00:12:22,430 --> 00:12:20,220

but I I never encountered anything

257

00:12:25,490 --> 00:12:22,440

similar to that it did not disappear

258

00:12:27,949 --> 00:12:25,500

quickly it faded away type of thing

259

00:12:29,990 --> 00:12:27,959

the next morning a cursory account of

260

00:12:32,290 --> 00:12:30,000

the UFO sighting written by Jules

261

00:12:34,910 --> 00:12:32,300

beliveau was published in LA Press

262

00:12:37,430 --> 00:12:34,920

accompanied by one of the pictures taken

263

00:12:38,829 --> 00:12:37,440

by photographer Marcelo Roche from the

264

00:12:41,630 --> 00:12:38,839

hotel rooftop

265

00:12:43,370 --> 00:12:41,640

Bernard Gannett read that article and

266

00:12:46,569 --> 00:12:43,380

realized that what he had seen the night

267

00:12:49,670 --> 00:12:46,579

before needed further investigation

268

00:12:52,009 --> 00:12:49,680

the police were unresponsive so Gannett

269

00:12:54,110 --> 00:12:52,019

contacted aerial anomalies expert Dr

270

00:12:55,970 --> 00:12:54,120

Richard Haynes

271

00:12:58,910 --> 00:12:55,980

one of the things that's important about

272

00:13:02,210 --> 00:12:58,920

this sighting is the number of Highly

273

00:13:04,670 --> 00:13:02,220

credible eyewitnesses that later Drew

274

00:13:07,129 --> 00:13:04,680

pictures of what they saw they all

275

00:13:09,590 --> 00:13:07,139

pretty much saw the same thing well why

276

00:13:12,710 --> 00:13:09,600

is that significant because it says it

277

00:13:14,389 --> 00:13:12,720

is not hallucination Dr Haynes examined

278

00:13:17,269 --> 00:13:14,399

the color negatives of the UFO

279

00:13:19,670 --> 00:13:17,279

photographs he also analyzed digital

280

00:13:22,009 --> 00:13:19,680

enhancements of the images which yielded

281

00:13:24,350 --> 00:13:22,019

controversial results

282

00:13:26,750 --> 00:13:24,360

we are talking here about an object it

283

00:13:28,670 --> 00:13:26,760

was not a light reflection let's say

284

00:13:31,610 --> 00:13:28,680

from a man-made the lights on the ground

285

00:13:33,470 --> 00:13:31,620

during their investigation Gannett and

286

00:13:36,050 --> 00:13:33,480

Haynes also discovered that a military

287

00:13:38,449 --> 00:13:36,060

base a few miles from the hotel had

288

00:13:41,090 --> 00:13:38,459

experienced an unexplained power failure

289

00:13:43,790 --> 00:13:41,100

on the night of the UFO sightings

290

00:13:46,370 --> 00:13:43,800

the base experienced a 12 000 volt lead

291

00:13:47,629 --> 00:13:46,380

failure for a period of time I find that

292

00:13:49,970 --> 00:13:47,639

very interesting

293

00:13:52,250 --> 00:13:49,980

a computer mock-up of the UFO was

294

00:13:54,530 --> 00:13:52,260

created based on measurements done on

295

00:13:56,329 --> 00:13:54,540

site it was determined that the UFO

296

00:13:59,150 --> 00:13:56,339

could have been over six thousand feet

297

00:14:00,710 --> 00:13:59,160

wide the calculations and an exhaustive

298

00:14:04,790 --> 00:14:00,720

research report went to more than 50

299

00:14:08,090 --> 00:14:04,800

organizations not one responded that's

300

00:14:10,910 --> 00:14:08,100

significant that a large object could

301  
00:14:14,389 --> 00:14:10,920  
hover over downtown Montreal a major

302  
00:14:16,790 --> 00:14:14,399  
metropolitan area of North America and

303  
00:14:19,370 --> 00:14:16,800  
be seen by so many people pictures drawn

304  
00:14:22,129 --> 00:14:19,380  
of it photographs taken of it and no

305  
00:14:23,329 --> 00:14:22,139  
official response that to me is

306  
00:14:25,910 --> 00:14:23,339  
fascinating

307  
00:14:28,790 --> 00:14:25,920  
it was something quite extraordinary

308  
00:14:31,370 --> 00:14:28,800  
they had the feeling that it was not

309  
00:14:33,410 --> 00:14:31,380  
from here that it was different based on

310  
00:14:35,870 --> 00:14:33,420  
my experience as a police officer I

311  
00:14:38,269 --> 00:14:35,880  
really can't say what the origin of

312  
00:14:40,569 --> 00:14:38,279  
these lights was I'll remember it for

313  
00:14:43,870 --> 00:14:40,579

the rest of my life that's for sure but

314

00:14:46,730 --> 00:14:43,880

since I made a lot of interviews

315

00:14:49,250 --> 00:14:46,740

everybody's asking me questions and

316

00:14:51,470 --> 00:14:49,260

recognizing me in the street they won't

317

00:14:52,610 --> 00:14:51,480

stop me but they look at me like I'm a

318

00:14:56,150 --> 00:14:52,620

UFO

319

00:14:57,829 --> 00:14:56,160

it changed my life in that kind of way I

320

00:15:00,170 --> 00:14:57,839

know that I've seen something I've heard

321

00:15:01,970 --> 00:15:00,180

the thing and no way someone's going to

322

00:15:04,550 --> 00:15:01,980

convince me that I've seen some kind of

323

00:15:06,710 --> 00:15:04,560

a tricky lighting pattern I mean there

324

00:15:09,470 --> 00:15:06,720

was an object up there and it

325

00:15:10,910 --> 00:15:09,480

corresponds to the descriptions that

326

00:15:13,069 --> 00:15:10,920

were taken from the younger people on
