

1  
00:00:05,570 --> 00:00:02,510  
I Enlisted the Marine Corps under the

2  
00:00:08,030 --> 00:00:05,580  
delayed entry program in July of 1994.

3  
00:00:10,370 --> 00:00:08,040  
and I graduated Mount Tabor high school

4  
00:00:13,789 --> 00:00:10,380  
and went to Salem North Carolina

5  
00:00:16,369 --> 00:00:13,799  
on in June of 1995.

6  
00:00:19,250 --> 00:00:16,379  
and I I enlisted of course you know

7  
00:00:22,790 --> 00:00:19,260  
delayed entry a year so I went to boot

8  
00:00:25,370 --> 00:00:22,800  
camp on the 18th of June Sunday

9  
00:00:28,849 --> 00:00:25,380  
I went to boot camp I graduated eight

10  
00:00:31,690 --> 00:00:28,859  
September of 95 and from there my MOS

11  
00:00:33,950 --> 00:00:31,700  
was 0.311 which was a grunt

12  
00:00:35,930 --> 00:00:33,960  
and from there I went to school of

13  
00:00:38,990 --> 00:00:35,940

infantry training at Camp Geiger

14

00:00:41,030 --> 00:00:39,000

in late September of 95

15

00:00:43,549 --> 00:00:41,040

I did not complete training because I

16

00:00:46,190 --> 00:00:43,559

was injured and I hurt my back and I was

17

00:00:48,410 --> 00:00:46,200

sent to uh the the the uh the medical

18

00:00:51,170 --> 00:00:48,420

platoon there on the on Camp Geiger

19

00:00:53,330 --> 00:00:51,180

North Carolina which is adjacent to a

20

00:00:56,630 --> 00:00:53,340

campus Union and I was there I don't

21

00:01:01,189 --> 00:00:56,640

know for about a month or two months and

22

00:01:03,049 --> 00:01:01,199

in January January late January of 96 I

23

00:01:06,289 --> 00:01:03,059

was giving new orders and giving a new

24

00:01:08,929 --> 00:01:06,299

MOS military occupational skill

25

00:01:11,990 --> 00:01:08,939

our listing is 7212 Stinger Avenger

26  
00:01:14,750 --> 00:01:12,000  
Gunner and subsequently uh given 10 days

27  
00:01:16,250 --> 00:01:14,760  
leave and then sent to Fort Bliss at El

28  
00:01:19,250 --> 00:01:16,260  
Paso Texas

29  
00:01:22,969 --> 00:01:19,260  
so I was in training for to be a air

30  
00:01:24,890 --> 00:01:22,979  
defense Gunner on the fim 90 92 Alpha

31  
00:01:26,749 --> 00:01:24,900  
stinger missile it's a surface deer

32  
00:01:29,630 --> 00:01:26,759  
missile and the Avenger weapon system

33  
00:01:31,490 --> 00:01:29,640  
which is a pedestal and a turret with uh

34  
00:01:34,850 --> 00:01:31,500  
with eight Stingers amount on the back

35  
00:01:39,350 --> 00:01:34,860  
of a Humvee and I was in training for

36  
00:01:41,030 --> 00:01:39,360  
February to uh late May of 96. and then

37  
00:01:44,210 --> 00:01:41,040  
after graduating from that school I was

38  
00:01:47,510 --> 00:01:44,220

reassigned my first Duty station uh a

39

00:01:49,730 --> 00:01:47,520

second Marine Air Wing uh 28th Marine

40

00:01:51,410 --> 00:01:49,740

air control group second low altitude

41

00:01:52,190 --> 00:01:51,420

air defensive Italian Shreveport North

42

00:01:55,249 --> 00:01:52,200

Carolina

43

00:02:00,170 --> 00:01:55,259

well then I was assigned a battery B

44

00:02:03,050 --> 00:02:00,180

uh and uh in June of that of 96 and I

45

00:02:06,830 --> 00:02:03,060

went on several Ops in operations we

46

00:02:09,229 --> 00:02:06,840

call them Ops for short and uh basically

47

00:02:12,110 --> 00:02:09,239

I was there and then I was transferred

48

00:02:14,530 --> 00:02:12,120

over to uh the section for laser strike

49

00:02:17,030 --> 00:02:14,540

in February of 97.

50

00:02:21,710 --> 00:02:17,040

after going to weapons attacked his

51  
00:02:24,110 --> 00:02:21,720  
instructor uh uh uh 197 in Yuma Arizona

52  
00:02:26,510 --> 00:02:24,120  
when I got back I was asked if I wanted

53  
00:02:28,490 --> 00:02:26,520  
to go and I said sure So I volunteered

54  
00:02:31,070 --> 00:02:28,500  
and I was sent to the section and we

55  
00:02:33,530 --> 00:02:31,080  
shipped out in May well excuse me of

56  
00:02:36,710 --> 00:02:33,540  
March excuse me of that that uh that

57  
00:02:39,050 --> 00:02:36,720  
year we were sent there to uh provide

58  
00:02:41,089 --> 00:02:39,060  
perimeter security to this radar

59  
00:02:43,309 --> 00:02:41,099  
installation basically these radar

60  
00:02:45,830 --> 00:02:43,319  
station was tracking supposedly drug

61  
00:02:48,770 --> 00:02:45,840  
aircraft that were exiting in and out of

62  
00:02:50,089 --> 00:02:48,780  
Peru and Bolivian airspace basically

63  
00:02:54,530 --> 00:02:50,099

what we were doing there you know we had

64

00:02:57,589 --> 00:02:54,540

live ammo and weapons and one day

65

00:03:00,830 --> 00:02:57,599

uh Sergeant Allen and uh

66

00:03:03,050 --> 00:03:00,840

and uh the other the other surgeon and

67

00:03:04,130 --> 00:03:03,060

I'll remember his name soon Sergeant

68

00:03:07,729 --> 00:03:04,140

Adkins

69

00:03:11,030 --> 00:03:07,739

they were and sergeant montelegra and he

70

00:03:13,309 --> 00:03:11,040

was uh he was a staff sergeant E7 all

71

00:03:16,430 --> 00:03:13,319

right I mean excuse me E6 the other guys

72

00:03:18,470 --> 00:03:16,440

were E5 sergeant and uh they they came

73

00:03:21,170 --> 00:03:18,480

to us and said look you know we got we

74

00:03:23,809 --> 00:03:21,180

got a situation where we we have one an

75

00:03:27,649 --> 00:03:23,819

aircraft crash that's possibly friendly

76

00:03:29,030 --> 00:03:27,659

and they need us to go and secure the

77

00:03:30,770 --> 00:03:29,040

crash site

78

00:03:32,750 --> 00:03:30,780

and we're like fine said well this is

79

00:03:35,330 --> 00:03:32,760

early this is late at night I'm about 11

80

00:03:37,490 --> 00:03:35,340

or 12 at night and I was on guard Duty

81

00:03:39,290 --> 00:03:37,500

that night so I was already up and it

82

00:03:40,970 --> 00:03:39,300

was my shift we have 12-hour shifts 12

83

00:03:43,789 --> 00:03:40,980

on 12 off

84

00:03:46,670 --> 00:03:43,799

and where we where we rotate the the our

85

00:03:49,070 --> 00:03:46,680

section uh so we all went out that night

86

00:03:50,869 --> 00:03:49,080

we got up I don't know three or four in

87

00:03:53,149 --> 00:03:50,879

the morning and headed out and Humvees

88

00:03:54,110 --> 00:03:53,159

we had about five or six Hummers and we

89

00:03:55,970 --> 00:03:54,120

drove

90

00:03:57,410 --> 00:03:55,980

to where we needed to go and then we

91

00:03:58,850 --> 00:03:57,420

from there you know we had to hunt

92

00:04:00,890 --> 00:03:58,860

through the bush

93

00:04:03,229 --> 00:04:00,900

so we got there I don't know six seven

94

00:04:04,850 --> 00:04:03,239

just just one Dale I had just just

95

00:04:07,070 --> 00:04:04,860

started to get light

96

00:04:09,229 --> 00:04:07,080

and uh well we found the area really

97

00:04:11,509 --> 00:04:09,239

easy because there was a there was a

98

00:04:14,330 --> 00:04:11,519

huge gash in the land where where

99

00:04:16,310 --> 00:04:14,340

something had crashed and it

100

00:04:17,689 --> 00:04:16,320

it didn't break anything you know you

101  
00:04:20,090 --> 00:04:17,699  
know I don't know if you've ever been to

102  
00:04:21,650 --> 00:04:20,100  
a crash site where you know you had you

103  
00:04:24,650 --> 00:04:21,660  
know trees you know just broken like

104  
00:04:26,870 --> 00:04:24,660  
like in half everything was burned and

105  
00:04:29,749 --> 00:04:26,880  
it was like like if you had almost cut

106  
00:04:32,150 --> 00:04:29,759  
like a warm butter with a knife I mean

107  
00:04:34,730 --> 00:04:32,160  
it was just it's like it's it's like

108  
00:04:36,710 --> 00:04:34,740  
something on fire or had entered or some

109  
00:04:38,330 --> 00:04:36,720  
kind of energy like a laser almost had

110  
00:04:41,330 --> 00:04:38,340  
had like gutted I mean it was really

111  
00:04:43,010 --> 00:04:41,340  
strange and anyway I was I was in the

112  
00:04:44,450 --> 00:04:43,020  
front with Sergeant Allen Sergeant

113  
00:04:47,990 --> 00:04:44,460

Atkins we were up front

114

00:04:49,790 --> 00:04:48,000

and we were we were Point basically and

115

00:04:51,770 --> 00:04:49,800

we were like I don't know 10 20 meters

116

00:04:54,110 --> 00:04:51,780

ahead of everyone else we had we all had

117

00:04:55,790 --> 00:04:54,120

maps and radios and Compasses so we knew

118

00:04:57,890 --> 00:04:55,800

so we wouldn't get lost

119

00:05:00,530 --> 00:04:57,900

and basically we were the first ones to

120

00:05:03,590 --> 00:05:00,540

see the object and basically what

121

00:05:05,629 --> 00:05:03,600

happened is we didn't go straight up the

122

00:05:07,550 --> 00:05:05,639

hill because basically this thing went

123

00:05:09,830 --> 00:05:07,560

up the hill and then off into the side

124

00:05:12,950 --> 00:05:09,840

of of of the Ravine of the ridge this is

125

00:05:15,110 --> 00:05:12,960

about a 200 foot Ridge at least solid

126

00:05:17,629 --> 00:05:15,120

Granite I mean it's rock I don't know if

127

00:05:18,830 --> 00:05:17,639

it's green it was buried in the side of

128

00:05:21,050 --> 00:05:18,840

the cliff

129

00:05:23,629 --> 00:05:21,060

but anyway we didn't go straight up we

130

00:05:26,029 --> 00:05:23,639

went to the to the on to the left and

131

00:05:28,129 --> 00:05:26,039

walked up to the top of the Ridge and

132

00:05:30,710 --> 00:05:28,139

that's when we saw the craft this is a

133

00:05:32,510 --> 00:05:30,720

huge ship and you know I used to be in

134

00:05:34,670 --> 00:05:32,520

the Sci-Fi movies when I was a kid but

135

00:05:36,890 --> 00:05:34,680

this is nothing like I'd ever seen

136

00:05:38,090 --> 00:05:36,900

and when I first saw it you know I was

137

00:05:39,230 --> 00:05:38,100

scared it scared at the end of the heck

138

00:05:42,170 --> 00:05:39,240

out of him you know I didn't know what

139

00:05:45,110 --> 00:05:42,180

to do and and it was just I was really

140

00:05:48,469 --> 00:05:45,120

it was really confusing so we I went we

141

00:05:50,510 --> 00:05:48,479

all climbed down and um it was it was

142

00:05:52,850 --> 00:05:50,520

buried for about a 45 degree angle and

143

00:05:55,129 --> 00:05:52,860

into the side of the uh into this into

144

00:05:56,330 --> 00:05:55,139

the side of the the cliff there the the

145

00:05:58,670 --> 00:05:56,340

ridge

146

00:06:01,430 --> 00:05:58,680

and I mean this is steep Cliff I mean

147

00:06:04,850 --> 00:06:01,440

it's straight up and down and uh

148

00:06:07,310 --> 00:06:04,860

it was Dripping this serp-like uh like

149

00:06:09,830 --> 00:06:07,320

surf viscosity this liquid uh it was

150

00:06:10,790 --> 00:06:09,840

everywhere all down everywhere when we

151  
00:06:12,950 --> 00:06:10,800  
went down there because there were

152  
00:06:16,550 --> 00:06:12,960  
plants and everything it was it was

153  
00:06:20,090 --> 00:06:16,560  
weird it was a a purplish green color

154  
00:06:22,490 --> 00:06:20,100  
and it was it was a greenish purple and

155  
00:06:24,110 --> 00:06:22,500  
it kind of like like fluctuated like you

156  
00:06:25,730 --> 00:06:24,120  
couldn't really when you you'd look at

157  
00:06:27,890 --> 00:06:25,740  
it one time and you look at again and it

158  
00:06:29,330 --> 00:06:27,900  
would like it's almost like I don't know

159  
00:06:31,550 --> 00:06:29,340  
if it was like alive and it was just

160  
00:06:33,590 --> 00:06:31,560  
changing but every time you looked at it

161  
00:06:35,210 --> 00:06:33,600  
you saw a different shade of greenish

162  
00:06:37,490 --> 00:06:35,220  
purple this is strange

163  
00:06:40,010 --> 00:06:37,500

there was a there was one light on it

164

00:06:42,409 --> 00:06:40,020

that slowly went around and it and the

165

00:06:43,969 --> 00:06:42,419

Machine I could hear it I could hear I

166

00:06:47,029 --> 00:06:43,979

guess because it was still functioning

167

00:06:49,969 --> 00:06:47,039

and it had like a like a hum to it like

168

00:06:51,830 --> 00:06:49,979

like a really bass like say if you

169

00:06:54,050 --> 00:06:51,840

unplugged an ant from a guitar that kind

170

00:06:55,490 --> 00:06:54,060

of you know it was really really you

171

00:06:57,409 --> 00:06:55,500

know it was really deep

172

00:06:59,809 --> 00:06:57,419

and it kind of fluctuated and then

173

00:07:01,670 --> 00:06:59,819

finally it just cut off and everything

174

00:07:03,710 --> 00:07:01,680

just seemed to stop

175

00:07:06,110 --> 00:07:03,720

except the colors and the shades and it

176  
00:07:08,629 --> 00:07:06,120  
was still that way uh when I was looking

177  
00:07:10,070 --> 00:07:08,639  
at the craft it was buried so I could

178  
00:07:13,010 --> 00:07:10,080  
see the back of it and there were these

179  
00:07:16,189 --> 00:07:13,020  
large vents well they look like vents

180  
00:07:18,230 --> 00:07:16,199  
sort of like a fish gill on the back I

181  
00:07:19,850 --> 00:07:18,240  
couldn't see around the other side and I

182  
00:07:21,050 --> 00:07:19,860  
guess I'm assuming it was the same way

183  
00:07:22,969 --> 00:07:21,060  
on the other side

184  
00:07:24,170 --> 00:07:22,979  
that look like I don't know that they

185  
00:07:28,189 --> 00:07:24,180  
could that could have been used for

186  
00:07:29,809 --> 00:07:28,199  
propulsion I'm not sure uh uh again this

187  
00:07:32,029 --> 00:07:29,819  
this this liquid that had come out of

188  
00:07:34,249 --> 00:07:32,039

the ship was it got all my Camis and you

189

00:07:36,409 --> 00:07:34,259

know it it discolored them and ate them

190

00:07:38,689 --> 00:07:36,419

almost like acid and then ate some of

191

00:07:41,570 --> 00:07:38,699

the skin off excuse me the hair off my

192

00:07:42,890 --> 00:07:41,580

arms and it was and I didn't know that

193

00:07:44,870 --> 00:07:42,900

until later on

194

00:07:46,070 --> 00:07:44,880

but basically when I was down there with

195

00:07:49,610 --> 00:07:46,080

the ship

196

00:07:51,170 --> 00:07:49,620

there was three holes I guess I'd assume

197

00:07:53,510 --> 00:07:51,180

that they were hatches but I I there's

198

00:07:55,850 --> 00:07:53,520

no way to tell they were not flush with

199

00:07:57,350 --> 00:07:55,860

the uh with with the body the main body

200

00:07:58,969 --> 00:07:57,360

of The Craft there I don't know a few

201  
00:08:00,890 --> 00:07:58,979  
inches below

202  
00:08:03,110 --> 00:08:00,900  
I knew there was one on top because you

203  
00:08:04,969 --> 00:08:03,120  
could slightly see it I don't know about

204  
00:08:07,610 --> 00:08:04,979  
the other side but there was another

205  
00:08:10,010 --> 00:08:07,620  
hatch the same same width and diameter

206  
00:08:12,830 --> 00:08:10,020  
or whatever of the top hatch and it was

207  
00:08:14,689 --> 00:08:12,840  
kind of crooked to the side and it was

208  
00:08:16,249 --> 00:08:14,699  
half open

209  
00:08:19,249 --> 00:08:16,259  
and I didn't see any lights or anything

210  
00:08:20,450 --> 00:08:19,259  
coming out of it but I felt this

211  
00:08:22,730 --> 00:08:20,460  
presence

212  
00:08:25,369 --> 00:08:22,740  
that it's real strange I guess it was

213  
00:08:27,230 --> 00:08:25,379

almost like I think the Creon I told

214

00:08:29,570 --> 00:08:27,240

Leslie this I thought the creatures were

215

00:08:30,770 --> 00:08:29,580

they conned me and it was like weird and

216

00:08:32,750 --> 00:08:30,780

they were I think they were trying to

217

00:08:34,430 --> 00:08:32,760

communicate with me like I guess

218

00:08:36,170 --> 00:08:34,440

telepathically it's really weird and I

219

00:08:38,570 --> 00:08:36,180

don't believe in in any of that stuff

220

00:08:39,709 --> 00:08:38,580

but in any way it was I could I could

221

00:08:41,750 --> 00:08:39,719

hear like

222

00:08:44,389 --> 00:08:41,760

and it was terrible because it kept

223

00:08:46,070 --> 00:08:44,399

going and it still comes and goes it's

224

00:08:48,590 --> 00:08:46,080

like basically sitting in your car and

225

00:08:51,050 --> 00:08:48,600

turning on like an AM station that's not

226

00:08:53,150 --> 00:08:51,060

that you know it's just white noise and

227

00:08:54,889 --> 00:08:53,160

it's turning up really high and that's

228

00:08:56,389 --> 00:08:54,899

what I heard when I when I first got in

229

00:08:58,550 --> 00:08:56,399

there this is pretty crude

230

00:09:01,130 --> 00:08:58,560

two-dimensional drawing but this is

231

00:09:04,610 --> 00:09:01,140

jungle here and this is the craft and it

232

00:09:07,430 --> 00:09:04,620

was embedded uh in in the in in the Rock

233

00:09:10,310 --> 00:09:07,440

like this and I I'm not sure if this

234

00:09:12,230 --> 00:09:10,320

tapered off or how it went but these

235

00:09:14,509 --> 00:09:12,240

right here are the hatches these two

236

00:09:15,710 --> 00:09:14,519

objects here this one was the one that

237

00:09:17,750 --> 00:09:15,720

was half open

238

00:09:19,009 --> 00:09:17,760

and you could see into it but I mean it

239

00:09:22,130 --> 00:09:19,019

was just black it was like looking into

240

00:09:24,530 --> 00:09:22,140

a closet 10 meters in width and about 20

241

00:09:25,790 --> 00:09:24,540

meters in length I'm just not sure it's

242

00:09:27,710 --> 00:09:25,800

just an estimate from what I remember

243

00:09:29,990 --> 00:09:27,720

but it was huge

244

00:09:31,550 --> 00:09:30,000

I mean it was Big Man

245

00:09:33,410 --> 00:09:31,560

and it was shaped like almost like

246

00:09:34,610 --> 00:09:33,420

between an egg and like a teardrop

247

00:09:36,410 --> 00:09:34,620

almost

248

00:09:38,030 --> 00:09:36,420

and it was really it looked really

249

00:09:40,850 --> 00:09:38,040

aerodynamic

250

00:09:42,889 --> 00:09:40,860

at least in the shade but the closer I I

251  
00:09:45,050 --> 00:09:42,899  
was close enough to take out detail on

252  
00:09:46,430 --> 00:09:45,060  
it that every it was not just smooth

253  
00:09:48,889 --> 00:09:46,440  
there was there was you know there was

254  
00:09:51,110 --> 00:09:48,899  
bumps and you know notches and things in

255  
00:09:52,790 --> 00:09:51,120  
it it was really organic

256  
00:09:55,490 --> 00:09:52,800  
it was almost like art

257  
00:09:57,170 --> 00:09:55,500  
I I that that's really how you would it

258  
00:09:59,090 --> 00:09:57,180  
looked like something that that somebody

259  
00:10:01,250 --> 00:09:59,100  
made in a shop you know

260  
00:10:04,190 --> 00:10:01,260  
it didn't have that clunkiness or that

261  
00:10:06,170 --> 00:10:04,200  
that that tin can you know kind of deal

262  
00:10:08,150 --> 00:10:06,180  
it was more of a it was more of art I

263  
00:10:10,790 --> 00:10:08,160

would I would say look to be that it was

264

00:10:12,590 --> 00:10:10,800

it could have been handmade but you know

265

00:10:15,050 --> 00:10:12,600

out of what and what materials I don't

266

00:10:17,690 --> 00:10:15,060

know definitely not nothing like nothing

267

00:10:20,210 --> 00:10:17,700

like titanium it wasn't it see this is

268

00:10:22,310 --> 00:10:20,220

the whole thing it looked metal but it

269

00:10:24,710 --> 00:10:22,320

didn't it didn't have any reflection on

270

00:10:26,570 --> 00:10:24,720

it man I mean you know the the sun's

271

00:10:28,850 --> 00:10:26,580

coming down and if you got something

272

00:10:30,949 --> 00:10:28,860

made a metal regardless of it I mean

273

00:10:32,810 --> 00:10:30,959

maybe if it's subdued with paint and

274

00:10:34,670 --> 00:10:32,820

it's got a cami sheam on it you know

275

00:10:37,130 --> 00:10:34,680

you're not going to see any reflection

276

00:10:40,370 --> 00:10:37,140

but you know I could see the different

277

00:10:42,889 --> 00:10:40,380

the different shades of The Craft they

278

00:10:45,170 --> 00:10:42,899

didn't shine it just like it was it

279

00:10:47,329 --> 00:10:45,180

didn't reflect anything and and I

280

00:10:54,290 --> 00:10:47,339

guarantee if I threw like a flashlight

281

00:10:58,250 --> 00:10:56,150

well the creatures I think were calling

282

00:11:00,769 --> 00:10:58,260

me to help them everything was going to

283

00:11:03,230 --> 00:11:00,779

be all right then I was so mesmerizing

284

00:11:05,389 --> 00:11:03,240

into it and you know Sergeant Allen and

285

00:11:06,949 --> 00:11:05,399

Atkins they're hollering their cousin I

286

00:11:10,130 --> 00:11:06,959

mean you know get the hell out of there

287

00:11:12,290 --> 00:11:10,140

why well I think that why they I think

288

00:11:13,550 --> 00:11:12,300

that they were scared and they didn't

289

00:11:15,769 --> 00:11:13,560

want me to get hurt I don't I don't know

290

00:11:17,930 --> 00:11:15,779

and they're real pissed off at me after

291

00:11:19,310 --> 00:11:17,940

subsequently but uh basically what

292

00:11:22,550 --> 00:11:19,320

happened was uh

293

00:11:24,590 --> 00:11:22,560

after we climbed back up the the I think

294

00:11:26,690 --> 00:11:24,600

the doe Department of energy people were

295

00:11:28,670 --> 00:11:26,700

there they knew about it and I don't

296

00:11:30,590 --> 00:11:28,680

know why we went there

297

00:11:31,790 --> 00:11:30,600

still to this day but anyway I was

298

00:11:34,310 --> 00:11:31,800

arrested

299

00:11:37,190 --> 00:11:34,320

I had all my gear taken from me by men

300

00:11:39,110 --> 00:11:37,200

and black hammies had new new name tags

301

00:11:41,870 --> 00:11:39,120

they were older men probably in their

302

00:11:44,389 --> 00:11:41,880

late 30s or 40s how long was I at the

303

00:11:46,130 --> 00:11:44,399

site uh probably about 15 20 minutes we

304

00:11:47,990 --> 00:11:46,140

were the first people on this on the on

305

00:11:49,970 --> 00:11:48,000

the position yeah and then shortly you

306

00:11:51,530 --> 00:11:49,980

said there were other people right there

307

00:11:53,150 --> 00:11:51,540

were other people I guess they were

308

00:11:55,009 --> 00:11:53,160

government I don't know

309

00:11:58,490 --> 00:11:55,019

they were there they had containment

310

00:12:02,389 --> 00:11:58,500

suits and they they had guys they they

311

00:12:03,470 --> 00:12:02,399

had a position that that was that looked

312

00:12:05,090 --> 00:12:03,480

like I don't know if it was already

313

00:12:07,990 --> 00:12:05,100

there or there was some Gap in the

314

00:12:12,949 --> 00:12:08,000

jungle where they landed two CH 47

315

00:12:14,509 --> 00:12:12,959

Chinooks their army uh twin rotor uh you

316

00:12:16,190 --> 00:12:14,519

know helicopters and they're big and

317

00:12:18,230 --> 00:12:16,200

they had guys coming out in these

318

00:12:19,850 --> 00:12:18,240

containment suits they must have just

319

00:12:21,170 --> 00:12:19,860

got there I don't know while we were

320

00:12:23,150 --> 00:12:21,180

down on the gorge because when we

321

00:12:24,949 --> 00:12:23,160

climbed up there those guys were and

322

00:12:26,210 --> 00:12:24,959

then well there were the guys in the

323

00:12:28,970 --> 00:12:26,220

black cammies

324

00:12:31,430 --> 00:12:28,980

and then they took me they put me on a

325

00:12:33,949 --> 00:12:31,440

cot that they had and they had me uh

326

00:12:35,930 --> 00:12:33,959

cuffed with those uh they had me cuff

327

00:12:38,569 --> 00:12:35,940

both hands down and then they had my uh

328

00:12:40,550 --> 00:12:38,579

my my legs tied together with this those

329

00:12:42,350 --> 00:12:40,560

uh plastic Fasteners that the police use

330

00:12:44,629 --> 00:12:42,360

I don't know you know they're like kind

331

00:12:48,290 --> 00:12:44,639

of like cuffs and then they took me in

332

00:12:52,009 --> 00:12:48,300

the ch47 and they they sent me to we we

333

00:12:53,629 --> 00:12:52,019

took off and and uh and uh they they

334

00:12:55,910 --> 00:12:53,639

didn't drug me or anything like that and

335

00:12:57,170 --> 00:12:55,920

I was just awake there and that they

336

00:12:59,210 --> 00:12:57,180

explained why they were treating you

337

00:13:01,550 --> 00:12:59,220

this way no no they said that you know

338

00:13:03,470 --> 00:13:01,560

that that that was they were cussing at

339

00:13:05,930 --> 00:13:03,480

me saying that I was a dumb [h\_\_h] and

340

00:13:08,030 --> 00:13:05,940

that why don't you why don't you [h\_\_h]

341

00:13:09,410 --> 00:13:08,040

people ever you know pay attention to

342

00:13:10,970 --> 00:13:09,420

orders and you weren't supposed to be

343

00:13:12,949 --> 00:13:10,980

there and you're not supposed to see

344

00:13:14,690 --> 00:13:12,959

this and you know you're going to be

345

00:13:16,370 --> 00:13:14,700

dangerous if we let you go and all this

346

00:13:17,329 --> 00:13:16,380

stuff you know I mean I thought I

347

00:13:19,069 --> 00:13:17,339

thought they were going to kill me for

348

00:13:22,190 --> 00:13:19,079

about two days I think

349

00:13:23,750 --> 00:13:22,200

and uh they had a tenant colonel from

350

00:13:27,889 --> 00:13:23,760

the Air Force

351

00:13:29,509 --> 00:13:27,899

and he did not I identify himself he

352

00:13:31,610 --> 00:13:29,519

might have I just don't remember

353

00:13:33,650 --> 00:13:31,620

and he told me you know you know you

354

00:13:35,030 --> 00:13:33,660

know if we just uh took you out in the

355

00:13:37,190 --> 00:13:35,040

jungle you know they'd never find you

356

00:13:39,290 --> 00:13:37,200

out there and I'm like well and you know

357

00:13:40,610 --> 00:13:39,300

I didn't want to say you know you know I

358

00:13:42,710 --> 00:13:40,620

didn't want to test them to see if you'd

359

00:13:44,269 --> 00:13:42,720

really do that sussing yeah I mean he's

360

00:13:47,569 --> 00:13:44,279

like you got to sign these papers and

361

00:13:49,910 --> 00:13:47,579

you never saw this and I don't exist and

362

00:13:52,550 --> 00:13:49,920

this situation never happened and if you

363

00:13:54,590 --> 00:13:52,560

tell anybody uh you know you'll just

364

00:13:57,769 --> 00:13:54,600

come up missing and he was a real

365

00:13:59,810 --> 00:13:57,779

abrasive just just just a cynical uh

366

00:14:02,030 --> 00:13:59,820

[h\_\_\h] I guess the best way to put it

367

00:14:04,430 --> 00:14:02,040

it was I was at the same installation

368

00:14:06,710 --> 00:14:04,440

but they had me segregated with Air

369

00:14:08,509 --> 00:14:06,720

Force personnel for like three weeks and

370

00:14:10,670 --> 00:14:08,519

then after that I was sent back

371

00:14:12,949 --> 00:14:10,680

approximately all I saw there was

372

00:14:15,710 --> 00:14:12,959

Americans and there's a lot of other

373

00:14:17,150 --> 00:14:15,720

nationalities there are Chinese Germans

374

00:14:19,069 --> 00:14:17,160

I think were there I mean a lot of other

375

00:14:21,110 --> 00:14:19,079

people were at this other base

376

00:14:23,030 --> 00:14:21,120

but I mean this thing it was really I

377

00:14:25,430 --> 00:14:23,040

mean I didn't go in and all they did was

378

00:14:27,050 --> 00:14:25,440

take me to like a like a

379

00:14:28,850 --> 00:14:27,060

you couldn't call it a cell it was more

380

00:14:30,710 --> 00:14:28,860

of like uh

381

00:14:32,509 --> 00:14:30,720

it was more like an interrogation room

382

00:14:35,389 --> 00:14:32,519

and I sat in there for I don't know 15

383

00:14:37,069 --> 00:14:35,399

hours of those guys with the with the

384

00:14:38,870 --> 00:14:37,079

light I mean they put this light in my

385

00:14:41,030 --> 00:14:38,880

face and they were yelling at me

386

00:14:43,670 --> 00:14:41,040

and I couldn't really relatively

387

00:14:46,189 --> 00:14:43,680

identify any of these guys but I knew I

388

00:14:48,110 --> 00:14:46,199

knew that I knew one of them was at the

389

00:14:49,790 --> 00:14:48,120

at the crash site because they were one

390

00:14:51,650 --> 00:14:49,800

of the guys that I recognized because he

391

00:14:53,930 --> 00:14:51,660

was in uh black fatigues and he was like

392

00:14:56,569 --> 00:14:53,940

what'd you see and he's like yeah he's

393

00:14:58,490 --> 00:14:56,579

like growling you know he goes are you a

394

00:15:01,009 --> 00:14:58,500

patriot you like the Constitution I'm

395

00:15:02,389 --> 00:15:01,019

like yeah and he's like well we know we

396

00:15:04,129 --> 00:15:02,399

do it you know we're on our own program

397

00:15:05,629 --> 00:15:04,139

you know we don't obey we just do what

398

00:15:07,129 --> 00:15:05,639

we want and he's like yeah and they're

399

00:15:08,689 --> 00:15:07,139

like and they're growling and they're

400

00:15:10,009 --> 00:15:08,699

relishing you know and they're yelling

401  
00:15:11,810 --> 00:15:10,019  
at me and they're they're hollering and

402  
00:15:13,490 --> 00:15:11,820  
cursing and you didn't see anything you

403  
00:15:15,290 --> 00:15:13,500  
know and we'll do you and your whole

404  
00:15:16,970 --> 00:15:15,300  
goddamn family and they're they're you

405  
00:15:19,189 --> 00:15:16,980  
know it was it was basically that for

406  
00:15:20,930 --> 00:15:19,199  
about eight or nine hours I mean they

407  
00:15:22,490 --> 00:15:20,940  
took breaks they were like look man

408  
00:15:23,870 --> 00:15:22,500  
we're gonna we're gonna we're gonna just

409  
00:15:26,990 --> 00:15:23,880  
we're gonna take you off in a

410  
00:15:27,949 --> 00:15:27,000  
helicopters kick your ass out out in the

411  
00:15:29,629 --> 00:15:27,959  
jungle and you're just gonna you're

412  
00:15:31,970 --> 00:15:29,639  
gonna you know we're gonna end you and

413  
00:15:33,590 --> 00:15:31,980

all this and they didn't physically they

414

00:15:35,689 --> 00:15:33,600

didn't physically put their hands on me

415

00:15:37,009 --> 00:15:35,699

but I was sitting in a chair and I was

416

00:15:37,790 --> 00:15:37,019

handcuffed at the chair and I couldn't

417

00:15:39,769 --> 00:15:37,800

move

418

00:15:41,750 --> 00:15:39,779

so basically you know it was just this

419

00:15:43,490 --> 00:15:41,760

this like harassment I didn't need

420

00:15:46,009 --> 00:15:43,500

anything for like a whole day

421

00:15:47,509 --> 00:15:46,019

no water no nothing I just sat there my

422

00:15:50,090 --> 00:15:47,519

section was about eight eight to ten

423

00:15:51,769 --> 00:15:50,100

guys and they all saw it no I know just

424

00:15:53,689 --> 00:15:51,779

me and Sergeant Allen and Sergeant

425

00:15:55,730 --> 00:15:53,699

Adkins we're the only ones that saw it

426  
00:15:57,889 --> 00:15:55,740  
now they saw the crash and well at least

427  
00:15:59,509 --> 00:15:57,899  
you know the the jungle where it came

428  
00:16:01,129 --> 00:15:59,519  
through they saw all that but they

429  
00:16:03,350 --> 00:16:01,139  
didn't go into the ridge because like I

430  
00:16:06,170 --> 00:16:03,360  
said we were 10 to 20 meters in front of

431  
00:16:07,970 --> 00:16:06,180  
them and they radio just you know to

432  
00:16:10,550 --> 00:16:07,980  
Hall that we found and everything's fine

433  
00:16:14,629 --> 00:16:10,560  
I was in it was in late March early

434  
00:16:16,310 --> 00:16:14,639  
April of 97. so we're talking like when

435  
00:16:18,889 --> 00:16:16,320  
I got back you know I approached

436  
00:16:20,870 --> 00:16:18,899  
Sergeant Allen about it because of

437  
00:16:23,030 --> 00:16:20,880  
course he's married he's got like a one

438  
00:16:25,670 --> 00:16:23,040

or two kids and I went to his house on

439

00:16:27,290 --> 00:16:25,680

the on base housing and he got all upset

440

00:16:28,790 --> 00:16:27,300

and threw me out of his house said he

441

00:16:30,590 --> 00:16:28,800

didn't want to talk about it

442

00:16:33,410 --> 00:16:30,600

and I mean they scared I guess they

443

00:16:34,730 --> 00:16:33,420

scared those guys too man and see I mean

444

00:16:36,350 --> 00:16:34,740

you gotta understand you know I can't

445

00:16:38,389 --> 00:16:36,360

speak for the rest of the armed service

446

00:16:40,430 --> 00:16:38,399

but the Marine Corps everything's it's

447

00:16:42,410 --> 00:16:40,440

you know it's monolithic

448

00:16:43,850 --> 00:16:42,420

and uh when they're told to do something

449

00:16:45,350 --> 00:16:43,860

they're gonna they're gonna do it and

450

00:16:47,629 --> 00:16:45,360

and if you don't want to go along

451

00:16:49,550 --> 00:16:47,639

they'll just they'll they'll basically

452

00:16:52,009 --> 00:16:49,560

or railroad you I didn't want to keep my

453

00:16:53,930 --> 00:16:52,019

mouth shut about it and I told my first

454

00:16:56,509 --> 00:16:53,940

Sergeant First Sergeant Powell I told

455

00:16:57,710 --> 00:16:56,519

him about it and I don't even know if I

456

00:16:59,810 --> 00:16:57,720

don't think he's still there anymore I

457

00:17:02,329 --> 00:16:59,820

mean we're talking three years ago

458

00:17:05,270 --> 00:17:02,339

so uh yes there was life forms in the

459

00:17:07,309 --> 00:17:05,280

ship I and I could that they were it's

460

00:17:09,409 --> 00:17:07,319

almost like if someone was like reading

461

00:17:12,650 --> 00:17:09,419

your mind and that's the way it felt and

462

00:17:15,470 --> 00:17:12,660

I felt like I felt a presence this is

463

00:17:16,909 --> 00:17:15,480

like Supernatural I knew it was no

464

00:17:19,130 --> 00:17:16,919

debris that I saw

465

00:17:22,669 --> 00:17:19,140

but there were big gashes in the in

466

00:17:25,069 --> 00:17:22,679

their in the in the rear of the of the

467

00:17:26,990 --> 00:17:25,079

aircraft and uh what I looked what it

468

00:17:28,970 --> 00:17:27,000

looked like is it had been hit with

469

00:17:31,190 --> 00:17:28,980

maybe a service deer missile

470

00:17:32,990 --> 00:17:31,200

uh there were a couple Hawk batteries

471

00:17:36,650 --> 00:17:33,000

and that's homing all the way killer

472

00:17:39,470 --> 00:17:36,660

that's a low to medium uh surfaced air

473

00:17:41,270 --> 00:17:39,480

any any aircraft missile basically it

474

00:17:43,730 --> 00:17:41,280

doesn't have to hit the target in order

475

00:17:45,950 --> 00:17:43,740

to destroy the target what it does is it

476

00:17:48,350 --> 00:17:45,960

gets in proximity of it and it's it has

477

00:17:50,630 --> 00:17:48,360

a high explosive fragmentation Warhead

478

00:17:53,450 --> 00:17:50,640

and it basically explodes like a big

479

00:17:56,750 --> 00:17:53,460

shotgun in the vicinity of the of the uh

480

00:17:59,090 --> 00:17:56,760

the targeted area and and by

481

00:18:02,090 --> 00:17:59,100

fragmentation it's supposed to destroy

482

00:18:04,070 --> 00:18:02,100

the Target or or end or damage it so it

483

00:18:07,130 --> 00:18:04,080

won't be able to continue its mission

484

00:18:09,890 --> 00:18:07,140

so I think we shot it down this is what

485

00:18:11,930 --> 00:18:09,900

I think happened is we shot it down the

486

00:18:14,870 --> 00:18:11,940

Peruvian shot it down

487

00:18:17,270 --> 00:18:14,880

the other guys knew it was flying I knew

488

00:18:18,950 --> 00:18:17,280

these these aircraft were flying because

489

00:18:21,950 --> 00:18:18,960

I had been in the command center there

490

00:18:23,930 --> 00:18:21,960

at the radar installation and and and I

491

00:18:26,870 --> 00:18:23,940

heard a couple women there in the Air

492

00:18:28,669 --> 00:18:26,880

Force talking about aircraft uh flying

493

00:18:29,570 --> 00:18:28,679

in and out of the atmosphere at mach 10

494

00:18:31,430 --> 00:18:29,580

plus

495

00:18:32,690 --> 00:18:31,440

so these aircraft are flying around

496

00:18:34,610 --> 00:18:32,700

there you know they're you know they're

497

00:18:37,070 --> 00:18:34,620

re-entering the atmosphere or whatever

498

00:18:39,590 --> 00:18:37,080

and you know I believe that the higher

499

00:18:41,510 --> 00:18:39,600

ups knew it was fun in the area and

500

00:18:42,770 --> 00:18:41,520

these were these large vents they looked

501  
00:18:44,870 --> 00:18:42,780  
like they went into the craft but I

502  
00:18:46,010 --> 00:18:44,880  
could I couldn't tell but I mean it was

503  
00:18:47,630 --> 00:18:46,020  
a shadow

504  
00:18:49,730 --> 00:18:47,640  
that was the only thing that really cast

505  
00:18:53,270 --> 00:18:49,740  
a shadow the rest of this well this is

506  
00:18:55,310 --> 00:18:53,280  
another thing was these vents cast to

507  
00:18:56,630 --> 00:18:55,320  
The Shadow where you could see where

508  
00:18:58,610 --> 00:18:56,640  
there wasn't light

509  
00:19:00,830 --> 00:18:58,620  
but the Sun was shining right on the

510  
00:19:02,450 --> 00:19:00,840  
object and it didn't cast a shadow not

511  
00:19:04,669 --> 00:19:02,460  
on anything and it was like kind of like

512  
00:19:06,710 --> 00:19:04,679  
absorbing the light it was weird this is

513  
00:19:08,090 --> 00:19:06,720

not one of ours because you know I'm you

514

00:19:09,650 --> 00:19:08,100

know in Stinger school they teach you

515

00:19:12,230 --> 00:19:09,660

about all different kinds of aircraft

516

00:19:14,390 --> 00:19:12,240

and stuff like that and I knew I knew a

517

00:19:16,610 --> 00:19:14,400

lot of aircraft anyway because I I like

518

00:19:18,289 --> 00:19:16,620

I like reading about aircraft and data

519

00:19:20,029 --> 00:19:18,299

and that stuff and uh well essentially

520

00:19:22,070 --> 00:19:20,039

when I saw it I'm like man this is not

521

00:19:25,370 --> 00:19:22,080

this is nothing that I knew of okay

522

00:19:28,250 --> 00:19:25,380

basically the radar was was sitting and

523

00:19:29,810 --> 00:19:28,260

this was again on a hill it's camied up

524

00:19:32,029 --> 00:19:29,820

and you know it rotates and everything

525

00:19:33,650 --> 00:19:32,039

and there's a command bunker that was

526

00:19:36,110 --> 00:19:33,660

built under the under the under the

527

00:19:37,789 --> 00:19:36,120

Earth and I mean it looks like Star Wars

528

00:19:39,710 --> 00:19:37,799

in there and I mean it's it's total

529

00:19:41,930 --> 00:19:39,720

air-conditioned I mean it's really nice

530

00:19:44,150 --> 00:19:41,940

and there's like computers and they got

531

00:19:45,590 --> 00:19:44,160

the the the you know the control panels

532

00:19:47,330 --> 00:19:45,600

and everything that control The Radars

533

00:19:48,770 --> 00:19:47,340

and they're I guess they're linked to

534

00:19:51,830 --> 00:19:48,780

other sites you know and they get other

535

00:19:54,110 --> 00:19:51,840

data coming in and well we had guard

536

00:19:55,490 --> 00:19:54,120

Duty and I and the night that this

537

00:19:57,409 --> 00:19:55,500

happened

538

00:19:59,330 --> 00:19:57,419

this was in the early evening and it was

539

00:20:01,190 --> 00:19:59,340

my shift and I was in there

540

00:20:02,570 --> 00:20:01,200

and I was checking people going in and

541

00:20:04,970 --> 00:20:02,580

out you know they got ID you know

542

00:20:06,830 --> 00:20:04,980

checking out whatever

543

00:20:08,510 --> 00:20:06,840

so like these two girls they come

544

00:20:10,490 --> 00:20:08,520

walking out and they're talking about

545

00:20:12,350 --> 00:20:10,500

well we got these aircraft flying again

546

00:20:13,490 --> 00:20:12,360

and the other girl says yeah you know

547

00:20:16,130 --> 00:20:13,500

they're coming in and out of the

548

00:20:18,350 --> 00:20:16,140

atmosphere but he came in there and

549

00:20:20,690 --> 00:20:18,360

he told me to come back with them and we

550

00:20:22,669 --> 00:20:20,700

go back there and and he goes I want the

551  
00:20:25,010 --> 00:20:22,679  
logs because they log all these fights

552  
00:20:26,930 --> 00:20:25,020  
coming in you know they're bearing what

553  
00:20:27,650 --> 00:20:26,940  
they are what code they're squawking all

554  
00:20:29,990 --> 00:20:27,660  
that

555  
00:20:32,450 --> 00:20:30,000  
so he gets the books and I had to sign

556  
00:20:34,850 --> 00:20:32,460  
off for him to take all that I mean when

557  
00:20:36,289 --> 00:20:34,860  
you got when you got objects that are

558  
00:20:38,570 --> 00:20:36,299  
re-entering the atmosphere and then

559  
00:20:40,370 --> 00:20:38,580  
stopping on a dime and then turning

560  
00:20:41,450 --> 00:20:40,380  
around and going exactly the opposite

561  
00:20:44,090 --> 00:20:41,460  
direction you know that's kind of

562  
00:20:45,830 --> 00:20:44,100  
strange meteors don't do that

563  
00:20:47,150 --> 00:20:45,840

now is this something that was rare or

564

00:20:48,529 --> 00:20:47,160

something that was happening oh this

565

00:20:50,570 --> 00:20:48,539

this happened all the time there's like

566

00:20:52,610 --> 00:20:50,580

three or four incidents where I was Duty

567

00:20:55,370 --> 00:20:52,620

there that the same uh the same Air

568

00:20:57,169 --> 00:20:55,380

Force officer came in there to get books

569

00:21:00,470 --> 00:20:57,179

and do you think these were tracked on

570

00:21:03,350 --> 00:21:00,480

Radars yeah these were tracked from this

571

00:21:05,270 --> 00:21:03,360

particular radar that were logged in

572

00:21:06,470 --> 00:21:05,280

the reason I I guess the reason they

573

00:21:08,270 --> 00:21:06,480

were taking them is they didn't want

574

00:21:10,669 --> 00:21:08,280

people to know that they're tracking

575

00:21:13,370 --> 00:21:10,679

these aircraft I guess I mean again this

576

00:21:15,350 --> 00:21:13,380

I'm just assuming that so

577

00:21:16,190 --> 00:21:15,360

yeah I think they knew it was coming in

578

00:21:18,169 --> 00:21:16,200

and

579

00:21:20,810 --> 00:21:18,179

they said we can't identify it it's

580

00:21:22,909 --> 00:21:20,820

violating airspace so they could have

581

00:21:24,529 --> 00:21:22,919

radioed the Peruvian said take them out

582

00:21:26,570 --> 00:21:24,539

and then they shot it down I was

583

00:21:29,510 --> 00:21:26,580

confident that when I saw the the

584

00:21:31,430 --> 00:21:29,520

aircraft it had been hit by something

585

00:21:33,649 --> 00:21:31,440

something that had that had took it out

586

00:21:36,890 --> 00:21:33,659

they were scared and it was the

587

00:21:38,750 --> 00:21:36,900

apprehension the fear and then that they

588

00:21:40,850 --> 00:21:38,760

that they were not here to harm us

589

00:21:42,590 --> 00:21:40,860

that's really what what it felt like and

590

00:21:44,690 --> 00:21:42,600

I mean that's not that's not my own

591

00:21:46,310 --> 00:21:44,700

emotions I've seen the creatures in my

592

00:21:49,430 --> 00:21:46,320

in my thoughts

593

00:21:51,649 --> 00:21:49,440

and I've seen I've and I I saw them what

594

00:21:54,049 --> 00:21:51,659

they look like oval Egghead with big

595

00:21:56,990 --> 00:21:54,059

dark eyes big eyes

596

00:21:58,610 --> 00:21:57,000

a nose and a small mouth New Years

597

00:22:00,649 --> 00:21:58,620

and they were projecting that they

598

00:22:02,690 --> 00:22:00,659

weren't here they were here

599

00:22:04,909 --> 00:22:02,700

they were here they weren't here you

600

00:22:06,409 --> 00:22:04,919

know they weren't going to harm me

601  
00:22:07,970 --> 00:22:06,419  
and that was basically that everything

602  
00:22:09,770 --> 00:22:07,980  
is going to be all right just helped me

603  
00:22:12,409 --> 00:22:09,780  
get just helped us get out of here

604  
00:22:14,810 --> 00:22:12,419  
I think there I don't I don't know how

605  
00:22:16,370 --> 00:22:14,820  
many were on the craft you have to sense

606  
00:22:17,450 --> 00:22:16,380  
more than one yeah definitely more than

607  
00:22:22,370 --> 00:22:17,460  
one

608  
00:22:29,090 --> 00:22:24,890  
did I think it was organic and Alive

609  
00:22:33,470 --> 00:22:29,100  
yeah yeah I think that uh I think uh

610  
00:22:35,990 --> 00:22:33,480  
that that whole craft it's kind of like

611  
00:22:37,669 --> 00:22:36,000  
it's almost like if you had an extension

612  
00:22:40,549 --> 00:22:37,679  
like your arm or your leg

613  
00:22:43,430 --> 00:22:40,559

and I think the way they can I mean this

614

00:22:45,710 --> 00:22:43,440

is just for thinking about it that that

615

00:22:48,289 --> 00:22:45,720

the way they control the craft is with

616

00:22:50,090 --> 00:22:48,299

their thoughts and they have new buttons

617

00:22:51,350 --> 00:22:50,100

or anything they push it's not from

618

00:22:52,970 --> 00:22:51,360

Earth

619

00:22:54,710 --> 00:22:52,980

and I mean I knew that when I looked at

620

00:22:56,570 --> 00:22:54,720

it you know I mean I'm not doing this to

621

00:22:58,370 --> 00:22:56,580

make money or or publicity or anything

622

00:23:00,049 --> 00:22:58,380

but I think it needs to be told I think

623

00:23:01,970 --> 00:23:00,059

people need to hear it whether they

624

00:23:04,730 --> 00:23:01,980

agree with me or not is is a new

625

00:23:07,070 --> 00:23:04,740

consequence their cover was there to

626

00:23:10,370 --> 00:23:07,080

track uh to track drug aircraft I I

627

00:23:11,750 --> 00:23:10,380

think I I don't know but from what I

628

00:23:13,130 --> 00:23:11,760

understand that they were doing a whole

629

00:23:14,210 --> 00:23:13,140

lot more than just tracking drug

630

00:23:17,630 --> 00:23:14,220

aircraft

631

00:23:19,669 --> 00:23:17,640

I mean they had a Blazer range finders

632

00:23:21,049 --> 00:23:19,679

and all kinds of high-tech stuff that

633

00:23:22,730 --> 00:23:21,059

I've never seen before

634

00:23:25,250 --> 00:23:22,740

and I couldn't really explain I knew

635

00:23:27,110 --> 00:23:25,260

that there was a couple lrf's there I

636

00:23:29,330 --> 00:23:27,120

don't know what their lrf Laser

637

00:23:31,789 --> 00:23:29,340

Rangefinder I don't know what they had

638

00:23:33,529 --> 00:23:31,799

to do there but they were huge man look

639

00:23:35,870 --> 00:23:33,539

like big telescopes but they had them in

640

00:23:37,730 --> 00:23:35,880

a bunker and they was able to rise up

641

00:23:39,470 --> 00:23:37,740

and they can just zoom around and I saw

642

00:23:41,810 --> 00:23:39,480

them do I mean just a bunch of weird

643

00:23:43,490 --> 00:23:41,820

stuff and then not even that we had like

644

00:23:46,430 --> 00:23:43,500

a live fire shooting the jungle and

645

00:23:48,529 --> 00:23:46,440

there was Green Berets Army Airborne I

646

00:23:50,570 --> 00:23:48,539

mean a bunch of these spec ops guys a

647

00:23:53,510 --> 00:23:50,580

Delta Force there you know the murders

648

00:23:54,770 --> 00:23:53,520

that Waco were there you know so you

649

00:23:56,870 --> 00:23:54,780

know all these you know all these guys

650

00:23:58,370 --> 00:23:56,880

out there I mean the Chinese Chinese are

651  
00:24:00,169 --> 00:23:58,380  
there you know they're out there

652  
00:24:02,390 --> 00:24:00,179  
training man and we're they're training

653  
00:24:05,029 --> 00:24:02,400  
the peruvians too so it's weird man

654  
00:24:08,330 --> 00:24:05,039  
weird situation oh this is definitely

655  
00:24:12,409 --> 00:24:08,340  
something like NATO or some multi uh

656  
00:24:13,789 --> 00:24:12,419  
multinational deal and what I I keep you

657  
00:24:15,289 --> 00:24:13,799  
know I keep going back and really

658  
00:24:17,390 --> 00:24:15,299  
thinking about that why are all these

659  
00:24:20,330 --> 00:24:17,400  
guys here you know why would the Chinese

660  
00:24:22,789 --> 00:24:20,340  
be concerned with drugs being smuggled

661  
00:24:25,190 --> 00:24:22,799  
or you know or any kind of drug

662  
00:24:27,169 --> 00:24:25,200  
paraphernalia being smuggled into the

663  
00:24:29,990 --> 00:24:27,179

states I mean personally I mean I know

664

00:24:32,090 --> 00:24:30,000

for a fact that I our government are the

665

00:24:34,430 --> 00:24:32,100

ones that are importing drugs

666

00:24:37,190 --> 00:24:34,440

I mean there I mean there's there's I

667

00:24:39,169 --> 00:24:37,200

mean but the fact uh do I think that

668

00:24:40,730 --> 00:24:39,179

that this this Command Center I think it

669

00:24:43,010 --> 00:24:40,740

was permanent I think it's been in

670

00:24:45,950 --> 00:24:43,020

operation for a while they had the big D

671

00:24:47,870 --> 00:24:45,960

you know Delta Oscar echo on the back of

672

00:24:51,289 --> 00:24:47,880

their back and a couple the guys were

673

00:24:53,390 --> 00:24:51,299

wearing like these uh these rain jackets

674

00:24:55,549 --> 00:24:53,400

because it had been raining the fall the

675

00:24:56,870 --> 00:24:55,559

previous day and they were in there and

676  
00:24:59,450 --> 00:24:56,880  
there were other guys that were wearing

677  
00:25:01,070 --> 00:24:59,460  
containment like biological suits it

678  
00:25:03,230 --> 00:25:01,080  
wasn't like that it was more high-tech

679  
00:25:05,149 --> 00:25:03,240  
like those big jumpsuits that you zip up

680  
00:25:07,370 --> 00:25:05,159  
the back and you can like wear a

681  
00:25:09,890 --> 00:25:07,380  
breathing apparatus in there those guys

682  
00:25:12,049 --> 00:25:09,900  
there was about 30 of them at least and

683  
00:25:14,210 --> 00:25:12,059  
they marched right by me as I was as I

684  
00:25:16,190 --> 00:25:14,220  
was being taken away they were marching

685  
00:25:17,510 --> 00:25:16,200  
to get down into the cliff I guess they

686  
00:25:19,130 --> 00:25:17,520  
were in there to check this thing out

687  
00:25:20,570 --> 00:25:19,140  
what do I think happened I think they

688  
00:25:22,430 --> 00:25:20,580

went in there and they took everything

689

00:25:24,769 --> 00:25:22,440

out and they shipped it back home I

690

00:25:26,330 --> 00:25:24,779

think the behavior the people yeah it

691

00:25:28,250 --> 00:25:26,340

was definitely it was this is routine

692

00:25:29,930 --> 00:25:28,260

man I mean these guys were squared away

693

00:25:31,430 --> 00:25:29,940

they know exactly what they're doing

694

00:25:33,649 --> 00:25:31,440

they've been trained to do this stuff

695

00:25:37,070 --> 00:25:33,659

before that was the atmosphere the total

696

00:25:38,630 --> 00:25:37,080

professional cold uh unassuming uh

697

00:25:40,850 --> 00:25:38,640

nature you know it's just you know we're

698

00:25:42,409 --> 00:25:40,860

here to do a job and you get the [h\_\_h]

699

00:25:44,390 --> 00:25:42,419

out of our ways is basically that

700

00:25:46,190 --> 00:25:44,400

attitude I was raised in a Christian

701  
00:25:48,350 --> 00:25:46,200  
home to believe that there was a God and

702  
00:25:51,049 --> 00:25:48,360  
that he created everything you know the

703  
00:25:52,310 --> 00:25:51,059  
universe and here they are these these

704  
00:25:54,710 --> 00:25:52,320  
creatures that I've never seen before

705  
00:25:56,390 --> 00:25:54,720  
never come in contact with and this

706  
00:25:58,970 --> 00:25:56,400  
happens man and it just it made me go

707  
00:26:00,470 --> 00:25:58,980  
almost crazy you know not like suicidal

708  
00:26:02,930 --> 00:26:00,480  
but I just couldn't

709  
00:26:04,669 --> 00:26:02,940  
I had to like reevaluate everything that

710  
00:26:06,049 --> 00:26:04,679  
I knew it's sort of like when you're a

711  
00:26:09,110 --> 00:26:06,059  
kid you know you've been told Santa

712  
00:26:10,610 --> 00:26:09,120  
Claus is is you know real and then you

713  
00:26:12,769 --> 00:26:10,620

find out that he's really not and the

714

00:26:14,510 --> 00:26:12,779

Tooth Fairy you know it's like now that

715

00:26:16,789 --> 00:26:14,520

you know there's new going back there's

716

00:26:18,350 --> 00:26:16,799

like no there's no denial there's no

717

00:26:19,669 --> 00:26:18,360

saying well you know this is you know I

718

00:26:20,750 --> 00:26:19,679

didn't really see this and and I

719

00:26:22,789 --> 00:26:20,760

couldn't really deal with it you know it

720

00:26:24,769 --> 00:26:22,799

was that is that what do I do you know

721

00:26:27,169 --> 00:26:24,779

do I tell people but I mean who's going

722

00:26:28,909 --> 00:26:27,179

to believe that that that that Alliance

723

00:26:30,110 --> 00:26:28,919

Corporal I mean or in the Marine Corps

724

00:26:31,850 --> 00:26:30,120

in the middle of the [h\_\_h] jungle is

725

00:26:33,289 --> 00:26:31,860

going to see an aircraft like this it's

726

00:26:35,750 --> 00:26:33,299

more like I was sitting there watching

727

00:26:37,970 --> 00:26:35,760

like like a film like I was sitting and

728

00:26:39,769 --> 00:26:37,980

I was watching what was happening and I

729

00:26:41,149 --> 00:26:39,779

was uh I was basically you know with

730

00:26:42,950 --> 00:26:41,159

these aliens

731

00:26:45,289 --> 00:26:42,960

these creatures and they were touching

732

00:26:47,690 --> 00:26:45,299

me you know not not like sexually or

733

00:26:49,430 --> 00:26:47,700

with uh instruments or anything uh they

734

00:26:51,890 --> 00:26:49,440

were holding my hands and they had their

735

00:26:53,149 --> 00:26:51,900

hands on me they only had four fingers

736

00:26:54,830 --> 00:26:53,159

by the way

737

00:26:57,409 --> 00:26:54,840

what feeling did you get

738

00:26:58,970 --> 00:26:57,419

I was a warm Like Loving Feeling like

739

00:27:01,310 --> 00:26:58,980

like you would have if you were with a

740

00:27:03,590 --> 00:27:01,320

family these creatures are like I guess

741

00:27:04,669 --> 00:27:03,600

you could probably the closest thing I

742

00:27:07,730 --> 00:27:04,679

could say that they were like almost

743

00:27:09,049 --> 00:27:07,740

like angels and if if I had to I'd go

744

00:27:12,890 --> 00:27:09,059

with them right now

745

00:27:15,470 --> 00:27:12,900

I I mean I'd get I I I want and I had

746

00:27:17,990 --> 00:27:15,480

this obsession with that you know I

747

00:27:19,549 --> 00:27:18,000

guess it was I guess because the pain of

748

00:27:21,649 --> 00:27:19,559

the experience and then the Marine Corps

749

00:27:24,529 --> 00:27:21,659

that I just wanted to escape you know

750

00:27:26,090 --> 00:27:24,539

and and I I was thinking about you know

751

00:27:28,310 --> 00:27:26,100

being with these creatures a lot and

752

00:27:30,169 --> 00:27:28,320

wanting to go with them and wanting to

753

00:27:32,930 --> 00:27:30,179

get out of here because these different

754

00:27:35,210 --> 00:27:32,940

agencies are just on their own they they

755

00:27:37,190 --> 00:27:35,220

don't obey the law they they're just a

756

00:27:39,529 --> 00:27:37,200

rogue you know they're just they're just

757

00:27:41,810 --> 00:27:39,539

off on their own I don't do I think this

758

00:27:43,430 --> 00:27:41,820

is a project that goes up through the

759

00:27:46,730 --> 00:27:43,440

government and everyone has a piece in

760

00:27:48,289 --> 00:27:46,740

it uh no I think these guys just operate

761

00:27:50,529 --> 00:27:48,299

on their own no one knows what they do

762

00:27:53,570 --> 00:27:50,539

these guys they're just off on their own

763

00:27:55,669 --> 00:27:53,580

uh there's no oversight no control they

764

00:27:57,289 --> 00:27:55,679

just do whatever they want they don't I

765

00:28:00,049 --> 00:27:57,299

mean and they're evil man these people

766

00:28:02,330 --> 00:28:00,059

are evil you know do I think it goes to

767

00:28:03,890 --> 00:28:02,340

Bill Clinton and to the Congress there

768

00:28:05,450 --> 00:28:03,900

may be guys up there that know about it

769

00:28:06,950 --> 00:28:05,460

they're not going to say anything man

770

00:28:08,810 --> 00:28:06,960

they say anything you know they're

771

00:28:13,190 --> 00:28:08,820

through you know for those of you don't

772

00:28:16,130 --> 00:28:13,200

know I knew I knew Marine snipers that I

773

00:28:18,890 --> 00:28:16,140

now I've heard other guys talk about it

774

00:28:20,330 --> 00:28:18,900

and and uh I've heard that that these

775

00:28:22,490 --> 00:28:20,340

guys you know they go on the streets and

776

00:28:23,990 --> 00:28:22,500

they stalk people and they kill them I

777

00:28:25,970 --> 00:28:24,000

knew that Air Force I knew that excuse

778

00:28:29,450 --> 00:28:25,980

me that Army Airborne snipers do the

779

00:28:31,430 --> 00:28:29,460

same thing they use Delta Force to uh to

780

00:28:34,549 --> 00:28:31,440

go to go grab these people and silence

781

00:28:36,590 --> 00:28:34,559

them by killing them uh and maybe

782

00:28:39,590 --> 00:28:36,600

something else ought to tell and well

783

00:28:41,269 --> 00:28:39,600

you know if this goes on uh where do

784

00:28:44,029 --> 00:28:41,279

they get the money to finance all this

785

00:28:46,549 --> 00:28:44,039

stuff well very simply either they're

786

00:28:48,769 --> 00:28:46,559

selling arms they're selling drugs

787

00:28:51,110 --> 00:28:48,779

a lot a lot of this business about you

788

00:28:53,149 --> 00:28:51,120

know having uh the spec ops and they get

789

00:28:54,590 --> 00:28:53,159

these unlimited amounts of money they're

790

00:28:56,570 --> 00:28:54,600

not coming it's not coming from the

791

00:28:58,610 --> 00:28:56,580

government Coffer it's coming from

792

00:29:01,190 --> 00:28:58,620

running drugs or weapons
