

1  
00:00:00,240 --> 00:00:05,690  
uh my name is Jose Padilla

2  
00:00:13,789 --> 00:00:10,490  
I was born on November 24th 1936.

3  
00:00:18,109 --> 00:00:13,799  
I was 90 years old at that time

4  
00:00:20,510 --> 00:00:18,769  
um

5  
00:00:22,609 --> 00:00:20,520  
we were looking for a cow that was going

6  
00:00:24,830 --> 00:00:22,619  
to calves and did you take your glasses

7  
00:00:26,870 --> 00:00:24,840  
off or do you need them no do you need

8  
00:00:29,589 --> 00:00:26,880  
them no

9  
00:00:33,470 --> 00:00:29,599  
I can see too good but

10  
00:00:40,970 --> 00:00:36,729  
we found we were

11  
00:00:45,709 --> 00:00:40,980  
dodging the rain a heavy storm

12  
00:00:47,209 --> 00:00:45,719  
when a thunder real thunder came up and

13  
00:00:50,389 --> 00:00:47,219

I told Raymond you know it must be

14

00:00:53,330 --> 00:00:50,399  
another test from another bomb

15

00:00:56,090 --> 00:00:53,340  
and he says Noel he says he doesn't look

16

00:00:59,090 --> 00:00:56,100  
like that so we got from underneath the

17

00:01:02,470 --> 00:00:59,100  
ledge of the rocks and uh he says look

18

00:01:05,929 --> 00:01:02,480  
at the smoke coming out from that

19

00:01:07,609 --> 00:01:05,939  
so we got on the horses and shot down

20

00:01:09,590 --> 00:01:07,619  
here down there Arroyo

21

00:01:11,210 --> 00:01:09,600  
we stopped over here take the horses

22

00:01:14,630 --> 00:01:11,220  
over to Mesquite

23

00:01:16,969 --> 00:01:14,640  
start walking up up the hill

24

00:01:18,490 --> 00:01:16,979  
and that's when we see more smoke coming

25

00:01:21,890 --> 00:01:18,500  
out

26

00:01:23,090 --> 00:01:21,900

and went over to the ledge of the Hill

27

00:01:25,370 --> 00:01:23,100

there and

28

00:01:27,649 --> 00:01:25,380

seeing this big huge

29

00:01:29,090 --> 00:01:27,659

uh

30

00:01:31,249 --> 00:01:29,100

something

31

00:01:33,170 --> 00:01:31,259

that object

32

00:01:40,550 --> 00:01:33,180

and uh it happened you know I had my

33

00:01:47,390 --> 00:01:44,149

I threw a hole of it I sit in uh that

34

00:01:48,280 --> 00:01:47,400

these three creatures were run sashaying

35

00:01:49,789 --> 00:01:48,290

back and forth

36

00:01:52,010 --> 00:01:49,799

[Music]

37

00:01:54,289 --> 00:01:52,020

describe to me what the what the object

38

00:01:57,649 --> 00:01:54,299

looked like and roughly how far away the

39

00:01:59,690 --> 00:01:57,659

color the shape everything okay the that

40

00:02:02,350 --> 00:01:59,700

sheep or

41

00:02:04,249 --> 00:02:02,360

crap whatever you want to call it

42

00:02:07,429 --> 00:02:04,259

was about

43

00:02:10,729 --> 00:02:07,439

I see in machine on footsteps it might

44

00:02:14,690 --> 00:02:10,739

have been about uh 30 feet long on an

45

00:02:18,050 --> 00:02:14,700

oval shape and uh almost uh

46

00:02:20,330 --> 00:02:18,060

uh higher than uh the rafters on the

47

00:02:22,850 --> 00:02:20,340

house now the rafters in the house are

48

00:02:31,210 --> 00:02:22,860

usually 15 feet

49

00:02:38,150 --> 00:02:33,650

shape okay

50

00:02:39,589 --> 00:02:38,160

uh the colors was uh like a grayish

51  
00:02:41,150 --> 00:02:39,599  
so you're looking at this object what

52  
00:02:42,290 --> 00:02:41,160  
are you thinking

53  
00:02:45,290 --> 00:02:42,300  
um

54  
00:02:46,729 --> 00:02:45,300  
taking what what is it you know

55  
00:02:48,830 --> 00:02:46,739  
and uh

56  
00:02:50,449 --> 00:02:48,840  
afterwards you know when we

57  
00:02:52,970 --> 00:02:50,459  
've seen these creatures running back

58  
00:02:56,449 --> 00:02:52,980  
and forth uh

59  
00:02:58,250 --> 00:02:56,459  
I wasn't scared Remy was scared

60  
00:02:59,809 --> 00:02:58,260  
he wanted to get out of it and I throw

61  
00:03:01,729 --> 00:02:59,819  
him ellipsis

62  
00:03:03,410 --> 00:03:01,739  
you know people are running back and

63  
00:03:07,490 --> 00:03:03,420

forth you know they're they're squeaking

64

00:03:09,589 --> 00:03:07,500

like uh like a like a a rabbit

65

00:03:12,649 --> 00:03:09,599

and I started thinking well they are

66

00:03:16,200 --> 00:03:12,659

there animals or what yeah

67

00:03:18,110 --> 00:03:16,210

but uh after that you know I says

68

00:03:21,229 --> 00:03:18,120

[Music]

69

00:03:22,790 --> 00:03:21,239

which uh I was pretty sure that they

70

00:03:24,290 --> 00:03:22,800

were injured

71

00:03:26,390 --> 00:03:24,300

that's what they were running back and

72

00:03:29,690 --> 00:03:26,400

forth squillion in it and then he says

73

00:03:32,990 --> 00:03:29,700

no no no he says we better get home

74

00:03:35,390 --> 00:03:33,000

all right yes afterwards

75

00:03:37,009 --> 00:03:35,400

he says you go ahead and go he says I'm

76

00:03:40,550 --> 00:03:37,019

going to go in the horse and take off

77

00:03:41,930 --> 00:03:40,560

that's what now then he started crying

78

00:03:44,149 --> 00:03:41,940

and uh

79

00:03:45,289 --> 00:03:44,159

we just got back on the horses and took

80

00:03:48,170 --> 00:03:45,299

off

81

00:03:50,390 --> 00:03:48,180

went home told my dad about it and he

82

00:03:52,490 --> 00:03:50,400

says uh we'll wait a couple of days

83

00:03:53,750 --> 00:03:52,500

we'll go and check it out did your dad

84

00:03:55,670 --> 00:03:53,760

believe you

85

00:03:57,589 --> 00:03:55,680

um at first he didn't

86

00:03:59,330 --> 00:03:57,599

but then when I told him you know we we

87

00:04:01,630 --> 00:03:59,340

seen that you know then he started

88

00:04:06,110 --> 00:04:01,640

realizing you know that uh

89

00:04:07,729 --> 00:04:06,120

we've seen something that uh so he took

90

00:04:09,710 --> 00:04:07,739

off our work that day

91

00:04:10,729 --> 00:04:09,720

and this policeman came over you know

92

00:04:12,710 --> 00:04:10,739

and

93

00:04:15,410 --> 00:04:12,720

gave him a ride over here

94

00:04:18,890 --> 00:04:15,420

and we got on our pickup truck Remy and

95

00:04:21,229 --> 00:04:18,900

I we drove when we drove down where that

96

00:04:23,870 --> 00:04:21,239

turn was right there that was real

97

00:04:27,530 --> 00:04:23,880

dangerous we couldn't see nothing

98

00:04:29,870 --> 00:04:27,540

the look of someone had pushed rubbish

99

00:04:32,090 --> 00:04:29,880

and all it on top of it you know where

100

00:04:33,950 --> 00:04:32,100

you couldn't see it then the sun started

101  
00:04:36,230 --> 00:04:33,960  
shining up that's when we started

102  
00:04:38,990 --> 00:04:36,240  
looking at that the big object because

103  
00:04:40,730 --> 00:04:39,000  
it's living there but someone has swept

104  
00:04:43,010 --> 00:04:40,740  
the ground

105  
00:04:45,350 --> 00:04:43,020  
with something and clean up

106  
00:04:48,170 --> 00:04:45,360  
everything that was there

107  
00:04:50,749 --> 00:04:48,180  
that was there when we left it

108  
00:04:53,090 --> 00:04:50,759  
the day and a half

109  
00:04:54,310 --> 00:04:53,100  
can you describe to me in in better

110  
00:04:58,370 --> 00:04:54,320  
detail

111  
00:04:59,629 --> 00:04:58,380  
how you saw these kids as you described

112  
00:05:04,189 --> 00:04:59,639  
them as children

113  
00:05:08,510 --> 00:05:06,710

gash I guess it was an opening in the in

114

00:05:10,730 --> 00:05:08,520

the there was a

115

00:05:12,770 --> 00:05:10,740

um a guess

116

00:05:17,330 --> 00:05:12,780

on that ship

117

00:05:20,749 --> 00:05:17,340

that was ripped like um for example a uh

118

00:05:23,270 --> 00:05:20,759

a panel yeah that was ripped off grab a

119

00:05:25,430 --> 00:05:23,280

rock presents if you could show me

120

00:05:27,710 --> 00:05:25,440

if it was something like this just show

121

00:05:29,510 --> 00:05:27,720

me you know describe to me show me with

122

00:05:31,550 --> 00:05:29,520

your hands where where the how the

123

00:05:33,950 --> 00:05:31,560

object was on the ground can you put it

124

00:05:36,710 --> 00:05:33,960

down to the ground how what angle you

125

00:05:38,629 --> 00:05:36,720

saw that where the gas was all that can

126

00:05:39,670 --> 00:05:38,639

you show me the object Plus

127

00:05:40,909 --> 00:05:39,680

sitting that way

128

00:05:44,450 --> 00:05:40,919

[Music]

129

00:05:45,890 --> 00:05:44,460

the gas was on this side right here

130

00:05:49,070 --> 00:05:45,900

he's describe to me what they look like

131

00:05:52,490 --> 00:05:49,080

color their skin their eyes uh they were

132

00:05:55,909 --> 00:05:52,500

uh ball handed

133

00:05:59,749 --> 00:05:55,919

um slang eyes teardrop eyes

134

00:06:02,270 --> 00:05:59,759

uh no ears unless they had had a a

135

00:06:05,870 --> 00:06:02,280

coating of something on it and I noticed

136

00:06:09,830 --> 00:06:05,880

that their shoulders were kind of narrow

137

00:06:12,950 --> 00:06:09,840

but had long arms and what I surprised

138

00:06:15,150 --> 00:06:12,960

me that they had four fingers

139

00:06:18,050 --> 00:06:15,160

perfect only four fingers

140

00:06:22,189 --> 00:06:18,060

[Music]

141

00:06:26,510 --> 00:06:25,010

probably longer than what a monkey would

142

00:06:28,790 --> 00:06:26,520

have

143

00:06:31,129 --> 00:06:28,800

were they naked

144

00:06:34,490 --> 00:06:31,139

um they didn't have they didn't show no

145

00:06:37,189 --> 00:06:34,500

no sign of a genitals or anything just

146

00:06:40,550 --> 00:06:37,199

like a it seemed like it was like a a

147

00:06:43,249 --> 00:06:40,560

tight uniform or that was the ski their

148

00:06:47,990 --> 00:06:46,189

the nose you know you can see no no no

149

00:06:49,370 --> 00:06:48,000

holes for the notion where they could

150

00:06:53,809 --> 00:06:49,380

breathe

151

00:06:57,230 --> 00:06:53,819

the mouth was an open

152

00:06:59,029 --> 00:06:57,240

real round kind of round

153

00:07:01,990 --> 00:06:59,039

okay and then and then what were they

154

00:07:04,430 --> 00:07:02,000

doing like I said that they were just um

155

00:07:07,010 --> 00:07:04,440

running back and forth you know like uh

156

00:07:10,249 --> 00:07:07,020

trying to hold each other

157

00:07:13,490 --> 00:07:10,259

uh like uh for example if uh they were

158

00:07:19,189 --> 00:07:13,500

lacking up oxygen and trying to you know

159

00:07:23,950 --> 00:07:21,529

what did you think to yourself when you

160

00:07:26,809 --> 00:07:23,960

saw them what were you thinking

161

00:07:30,230 --> 00:07:26,819

uh I wasn't thinking I was just

162

00:07:32,270 --> 00:07:30,240

surprised you know that it's a shock

163

00:07:33,230 --> 00:07:32,280

the surprise to see anything like that

164

00:07:35,809 --> 00:07:33,240

that

165

00:07:38,930 --> 00:07:35,819

we had never seen anything on our lives

166

00:07:42,170 --> 00:07:38,940

uh adding around pictures pictures never

167

00:07:44,390 --> 00:07:42,180

showed anything of a UFOs or anything

168

00:07:47,029 --> 00:07:44,400

and to me when they stand up and they

169

00:07:48,529 --> 00:07:47,039

were going back and forth because when I

170

00:07:52,790 --> 00:07:48,539

looked it up without looking into the

171

00:07:55,790 --> 00:07:52,800

binoculars they they remind me of a a

172

00:07:57,710 --> 00:07:55,800

fire ant standing up

173

00:08:02,689 --> 00:07:57,720

the way that their head was you know in

174

00:08:02,699 --> 00:08:09,770

what do you say to someone who

175

00:08:17,270 --> 00:08:13,909

uh well I would ask him you know if uh

176  
00:08:28,210 --> 00:08:20,540  
and if they weren't you know I was

177  
00:08:31,430 --> 00:08:28,220  
[Music]

178  
00:08:33,769 --> 00:08:31,440  
okay so so can you just maybe just talk

179  
00:08:36,110 --> 00:08:33,779  
a little bit about what you saw

180  
00:08:40,610 --> 00:08:36,120  
the size of the craft where the position

181  
00:08:42,250 --> 00:08:40,620  
was that he landed right in here the

182  
00:08:45,410 --> 00:08:42,260  
position was that there was a little

183  
00:08:46,250 --> 00:08:45,420  
hump right there where he was leaning on

184  
00:08:49,730 --> 00:08:46,260  
his side

185  
00:08:51,889 --> 00:08:49,740  
and you could see that the hole was from

186  
00:08:54,050 --> 00:08:51,899  
uh we were behind that mountain right

187  
00:08:56,870 --> 00:08:54,060  
there

188  
00:09:00,050 --> 00:08:56,880

looking up this way and the hole was

189

00:09:02,690 --> 00:09:00,060

facing up I'd say the West and that's

190

00:09:04,310 --> 00:09:02,700

where I uh uh we've seen this little

191

00:09:05,410 --> 00:09:04,320

creatures running back and forth you

192

00:09:08,750 --> 00:09:05,420

know

193

00:09:12,350 --> 00:09:08,760

when it crashed from that mountain right

194

00:09:14,530 --> 00:09:12,360

there yeah right behind there the brush

195

00:09:18,530 --> 00:09:14,540

was pretty pretty hybrid

196

00:09:20,030 --> 00:09:18,540

and there used to be a cactus trees we

197

00:09:22,730 --> 00:09:20,040

changed you know in the Years you know

198

00:09:26,630 --> 00:09:24,710

[Music]

199

00:09:29,990 --> 00:09:26,640

of what the crabs look like its position

200

00:09:31,490 --> 00:09:30,000

what you were thinking all that uh it

201  
00:09:40,490 --> 00:09:31,500  
was

202  
00:09:40,700 --> 00:09:40,500  
know a lot of smoke coming out of the

203  
00:09:42,769 --> 00:09:40,710  
ground

204  
00:09:47,509 --> 00:09:42,779  
[Music]

205  
00:09:49,310 --> 00:09:47,519  
and uh that's what we see from there the

206  
00:09:50,389 --> 00:09:49,320  
creatures you know that they never got

207  
00:09:52,310 --> 00:09:50,399  
out

208  
00:09:54,829 --> 00:09:52,320  
they were just such a shame that through

209  
00:09:56,470 --> 00:09:54,839  
for that whole bus

210  
00:10:00,530 --> 00:09:56,480  
on the object

211  
00:10:03,230 --> 00:10:00,540  
and we stayed here for quite a while

212  
00:10:06,949 --> 00:10:03,240  
after that you know I was gonna tell

213  
00:10:08,150 --> 00:10:06,959

Remy I told Remy I wanted

214

00:10:10,329 --> 00:10:08,160

good

215

00:10:15,829 --> 00:10:14,269

noises we better get home at that time

216

00:10:17,509 --> 00:10:15,839

you know of course he was getting his

217

00:10:18,829 --> 00:10:17,519

name in the afternoon and the sun was

218

00:10:21,050 --> 00:10:18,839

going down

219

00:10:22,730 --> 00:10:21,060

now can you can you take these guys I

220

00:10:24,650 --> 00:10:22,740

was in a film from I'm gonna film from

221

00:10:26,570 --> 00:10:24,660

here and just walk them around and show

222

00:10:28,550 --> 00:10:26,580

them exactly where the craft was how is

223

00:10:30,410 --> 00:10:28,560

this just describe every detail you

224

00:10:32,389 --> 00:10:30,420

possibly can and I'm just gonna film you

225

00:10:37,310 --> 00:10:32,399

guys okay you guys just talk to each

226

00:10:37,320 --> 00:10:43,070

but you're stabbing on my thumb

227

00:10:50,590 --> 00:10:46,490

yeah what is this because nothing grows

228

00:11:00,530 --> 00:10:57,430

[Music]

229

00:11:03,170 --> 00:11:00,540

no vegetation girls like out here so you

230

00:11:05,329 --> 00:11:03,180

notice out here how it is green nothing

231

00:11:08,630 --> 00:11:05,339

grows in here even if you plant it it's

232

00:11:12,050 --> 00:11:08,640

the size of the craft yes it was 30 30

233

00:11:18,050 --> 00:11:12,060

feet uh in a normal shape

234

00:11:24,530 --> 00:11:20,690

[Music]

235

00:11:26,990 --> 00:11:24,540

well it it rested right here

236

00:11:31,310 --> 00:11:27,000

okay he rested right here because when

237

00:11:34,430 --> 00:11:31,320

they uh when they build that uh L frame

238

00:11:39,230 --> 00:11:34,440

the the truck was parked right in here

239

00:11:41,329 --> 00:11:39,240

they loaded on yeah and uh they took it

240

00:11:43,730 --> 00:11:41,339

out from here so the L frame was over

241

00:11:46,490 --> 00:11:43,740

there yeah it was right in here the

242

00:11:48,710 --> 00:11:46,500

elephant okay now where did the the

243

00:11:53,090 --> 00:11:48,720

soldiers put the pieces

244

00:11:55,190 --> 00:11:53,100

cleaning up okay there was a crevice

245

00:11:58,370 --> 00:11:55,200

down in here

246

00:11:59,509 --> 00:11:58,380

that lead into that

247

00:12:02,750 --> 00:11:59,519

um

248

00:12:06,470 --> 00:12:02,760

a bunch of dirt right there and I I'll

249

00:12:08,389 --> 00:12:06,480

show you how the other side is where

250

00:12:09,950 --> 00:12:08,399

they uh push

251

00:12:11,449 --> 00:12:09,960

they pushed all that down

252

00:12:14,449 --> 00:12:11,459

[Music]

253

00:12:15,949 --> 00:12:14,459

because this wasn't there before the

254

00:12:17,509 --> 00:12:15,959

crevice was right down over here like

255

00:12:20,090 --> 00:12:17,519

that and they were brushing everything

256

00:12:27,310 --> 00:12:20,100

inside it's possible that there's pieces

257

00:12:33,170 --> 00:12:30,590

on this other side

258

00:12:35,030 --> 00:12:33,180

when that bulldozer came over and uh

259

00:12:38,690 --> 00:12:35,040

cleaned up over here and built this Dam

260

00:12:41,030 --> 00:12:38,700

here they uh they uh

261

00:12:43,129 --> 00:12:41,040

it's possible that some of them pieces

262

00:12:49,190 --> 00:12:43,139

came up up the ground

263

00:12:55,490 --> 00:12:53,030

a bulldozer came over here they dumped

264

00:12:56,690 --> 00:12:55,500

some of that out and the crevice that

265

00:12:58,250 --> 00:12:56,700

was right there where they preached the

266

00:13:00,550 --> 00:12:58,260

pieces that it's possible because they

267

00:13:02,750 --> 00:13:00,560

pushed it up here

268

00:13:07,009 --> 00:13:02,760

could they have done it on purpose to

269

00:13:08,990 --> 00:13:07,019

bury the pieces uh no no that that was

270

00:13:11,269 --> 00:13:09,000

to build a demo here for the water for

271

00:13:18,829 --> 00:13:13,430

but they might be some pieces laying

272

00:13:24,889 --> 00:13:21,170

where we're standing right now

273

00:13:28,550 --> 00:13:24,899

the berm behind you wasn't there no

274

00:13:34,550 --> 00:13:28,560

no that was a um uh it was flat

275

00:13:39,650 --> 00:13:37,730

it was flat afterwards my cousin built

276

00:13:40,910 --> 00:13:39,660

this with a bulldozer so that he could

277

00:13:43,670 --> 00:13:40,920

build a dam

278

00:13:46,430 --> 00:13:43,680

to collect water for the cattle can we

279

00:13:48,710 --> 00:13:46,440

just talk talk a little bit about about

280

00:13:50,329 --> 00:13:48,720

the about the craft and about the

281

00:13:53,430 --> 00:13:50,339

occupants

282

00:13:54,889 --> 00:13:53,449

[Music]

283

00:13:57,590 --> 00:13:54,899

um

284

00:14:01,069 --> 00:13:57,600

while we were there watching him

285

00:14:04,069 --> 00:14:01,079

uh the occupants that were in there like

286

00:14:05,889 --> 00:14:04,079

I said before you know they they seemed

287

00:14:11,090 --> 00:14:05,899

to me like they were hurt

288

00:14:15,769 --> 00:14:13,730

and like I said I tried to convince

289

00:14:18,170 --> 00:14:15,779

Iranian you know we could come on and

290

00:14:22,430 --> 00:14:18,180

help them because I know that they were

291

00:14:25,389 --> 00:14:22,440

injured but Remy

292

00:14:29,449 --> 00:14:25,399

didn't want to do that so

293

00:14:30,350 --> 00:14:29,459

we just went home when we came back a

294

00:14:33,350 --> 00:14:30,360

couple of days later

295

00:14:36,590 --> 00:14:33,360

[Music]

296

00:14:40,129 --> 00:14:36,600

that craft was still there

297

00:14:43,370 --> 00:14:40,139

but all the remaining about rubbish and

298

00:14:45,889 --> 00:14:43,380

all that wasn't uh was it looked at

299

00:14:48,230 --> 00:14:45,899

someone had raked everything and cleaned

300

00:14:51,949 --> 00:14:48,240

up I don't know where the soldiers came

301  
00:14:56,269 --> 00:14:51,959  
before that before we got here and clean

302  
00:15:00,590 --> 00:14:56,279  
up or someone had to accommodate

303  
00:15:03,189 --> 00:15:00,600  
okay now when uh my dad and the

304  
00:15:08,210 --> 00:15:03,199  
policeman went in the crab

305  
00:15:11,090 --> 00:15:08,220  
they came out of there you know like

306  
00:15:13,910 --> 00:15:11,100  
like a different person I don't know

307  
00:15:20,990 --> 00:15:16,790  
then he the policeman decided you know

308  
00:15:22,850 --> 00:15:21,000  
that we should go you know and have them

309  
00:15:25,310 --> 00:15:22,860  
come over you know and take care of it

310  
00:15:28,430 --> 00:15:25,320  
that's when they uh decided to bring

311  
00:15:31,310 --> 00:15:28,440  
that trailer and they built up that

312  
00:15:33,769 --> 00:15:31,320  
A-frame for it for that object you know

313  
00:15:37,730 --> 00:15:33,779

to loaded but he said that object sat

314

00:15:42,530 --> 00:15:37,740

over here since the 18th until the 26th

315

00:15:45,129 --> 00:15:42,540

it was at 26 about uh or later than this

316

00:15:47,629 --> 00:15:45,139

that uh

317

00:15:50,090 --> 00:15:47,639

we've seen the soldiers get on the Jeep

318

00:15:52,610 --> 00:15:50,100

where they're all highways I mean the

319

00:15:54,530 --> 00:15:52,620

old road and they took off and no one

320

00:15:57,350 --> 00:15:54,540

stood here that's when we decided to

321

00:15:59,150 --> 00:15:57,360

come down you know and see what was in

322

00:16:01,490 --> 00:15:59,160

there that's where when I took that part

323

00:16:03,230 --> 00:16:01,500

off can we go up to where you were

324

00:16:04,560 --> 00:16:03,240

you're looking at the craft can we walk

325

00:16:05,870 --> 00:16:04,570

up there

326

00:16:10,009 --> 00:16:05,880

[Music]

327

00:16:23,930 --> 00:16:10,019

oh it's a long ways but we can do it I

328

00:16:23,940 --> 00:16:52,249

[Music]

329

00:16:52,259 --> 00:16:58,490

okay so you're standing here okay

330

00:17:07,189 --> 00:17:02,629

we came up this ribena here uh we tied

331

00:17:10,130 --> 00:17:07,199

our horses Down Below on that Arroyo

332

00:17:14,150 --> 00:17:10,140

then from there we walked up here

333

00:17:16,669 --> 00:17:14,160

this was a big big huge Mesquite

334

00:17:19,490 --> 00:17:16,679

here's where we were looking through the

335

00:17:21,250 --> 00:17:19,500

binoculars down below where that

336

00:17:25,069 --> 00:17:21,260

crap

337

00:17:27,890 --> 00:17:25,079

[Music]

338

00:17:29,930 --> 00:17:27,900

tell me what you saw

339

00:17:33,310 --> 00:17:29,940

you seen that the crafter that was a

340

00:17:35,409 --> 00:17:33,320

smoking burning at the bottom

341

00:17:38,330 --> 00:17:35,419

and that's where

342

00:17:42,710 --> 00:17:38,340

we've seen I seen through the binoculars

343

00:17:44,510 --> 00:17:42,720

that the three creatures were sashaying

344

00:17:49,330 --> 00:17:44,520

back and forth through the whole

345

00:17:53,570 --> 00:17:51,830

and tell me to explain once again why we

346

00:17:55,970 --> 00:17:53,580

have the wind has died down so you came

347

00:18:00,169 --> 00:17:58,190

show me what's that show them where you

348

00:18:01,370 --> 00:18:00,179

came from we came from this Ravine out

349

00:18:03,070 --> 00:18:01,380

here

350

00:18:07,190 --> 00:18:03,080

on the East

351  
00:18:09,289 --> 00:18:07,200  
came out we got off our horses dumped

352  
00:18:11,029 --> 00:18:09,299  
Below on the Royal there and tied them

353  
00:18:13,310 --> 00:18:11,039  
down to a Mesquite

354  
00:18:16,370 --> 00:18:13,320  
from there we walked all the way up here

355  
00:18:20,169 --> 00:18:16,380  
came out to where this it used to be a

356  
00:18:23,870 --> 00:18:20,179  
big dream excuse here from here so we

357  
00:18:26,200 --> 00:18:23,880  
started looking at the object up there

358  
00:18:33,710 --> 00:18:26,210  
where where they had landed

359  
00:18:37,430 --> 00:18:33,720  
[Music]

360  
00:18:41,450 --> 00:18:37,440  
but uh four times bigger

361  
00:18:47,330 --> 00:18:44,870  
wow so could that the hole in the truck

362  
00:18:49,070 --> 00:18:47,340  
base at the hole in the crack be as big

363  
00:18:52,530 --> 00:18:49,080

as that road truck

364

00:18:54,950 --> 00:18:52,540

um if you turn the truck upright

365

00:18:57,529 --> 00:18:54,960

[Music]

366

00:18:59,210 --> 00:18:57,539

it was a good uh

367

00:19:02,230 --> 00:18:59,220

probably uh

368

00:19:05,630 --> 00:19:02,240
