

1
00:00:04,850 --> 00:00:03,290
morning ladies and gentlemen my name is

2
00:00:07,190 --> 00:00:04,860
Clifford Stone I'm a Sergeant First

3
00:00:09,890 --> 00:00:07,200
Class United States Army

4
00:00:11,450 --> 00:00:09,900
I had a secret clearance with nuclear

5
00:00:13,669 --> 00:00:11,460
assurity

6
00:00:15,410 --> 00:00:13,679
I could get the clearance that I needed

7
00:00:16,970 --> 00:00:15,420
to do whatever it was that was necessary

8
00:00:19,490 --> 00:00:16,980
for me to do at the time on Special

9
00:00:21,349 --> 00:00:19,500
Operations when I was called in on those

10
00:00:23,390 --> 00:00:21,359
what I'm referring to here is that I was

11
00:00:26,689 --> 00:00:23,400
involved in situations where we actually

12
00:00:28,849 --> 00:00:26,699
did recovery subtract of crashed saucers

13
00:00:31,070 --> 00:00:28,859

for lack of a better term to Breeze

14

00:00:33,889 --> 00:00:31,080

thereof there were bodies that were

15

00:00:35,569 --> 00:00:33,899

involved with some of these crashes also

16

00:00:37,549 --> 00:00:35,579

some were alive

17

00:00:38,870 --> 00:00:37,559

while we were doing all this we were

18

00:00:40,369 --> 00:00:38,880

telling the American public there was

19

00:00:41,869 --> 00:00:40,379

nothing to it we were telling the world

20

00:00:43,970 --> 00:00:41,879

there was nothing to it

21

00:00:46,549 --> 00:00:43,980

I'd like to go into detail on some of

22

00:00:49,010 --> 00:00:46,559

the cases about the nuts and bolts cases

23

00:00:51,889 --> 00:00:49,020

right here but I will be available if

24

00:00:54,350 --> 00:00:51,899

you have any questions concerning my

25

00:00:56,689 --> 00:00:54,360

involvement in this you can talk to Dr

26

00:00:57,770 --> 00:00:56,699

Greer to arrange for me to get to talk

27

00:01:00,529 --> 00:00:57,780

to you

28

00:01:02,389 --> 00:01:00,539

but the whole situation is we've set

29

00:01:05,210 --> 00:01:02,399

back we've told the American people that

30

00:01:07,190 --> 00:01:05,220

there's no such thing as UFOs

31

00:01:09,350 --> 00:01:07,200

I've been involved where we have

32

00:01:13,910 --> 00:01:09,360

recovered these objects we know them to

33

00:01:16,370 --> 00:01:13,920

be of extraterrestrials in 1969 I had an

34

00:01:18,050 --> 00:01:16,380

event that happened to me while I was

35

00:01:20,690 --> 00:01:18,060

stationed at Fort Lee Virginia we went

36

00:01:22,850 --> 00:01:20,700

to Indian Town Gap Pennsylvania

37

00:01:24,410 --> 00:01:22,860

that would be my first exposure to any

38

00:01:26,570 --> 00:01:24,420

time that we would be recovering an

39

00:01:28,910 --> 00:01:26,580

unidentified flying object

40

00:01:31,190 --> 00:01:28,920

when we went there we already had people

41

00:01:32,990 --> 00:01:31,200

that was already in in the facility we

42

00:01:34,370 --> 00:01:33,000

were a backup team which was supposed to

43

00:01:36,350 --> 00:01:34,380

be NBC because there was supposed to be

44

00:01:38,030 --> 00:01:36,360

some nuclear materials that was on board

45

00:01:40,069 --> 00:01:38,040

this craft

46

00:01:42,170 --> 00:01:40,079

later on most people involved would have

47

00:01:44,090 --> 00:01:42,180

been were were to be told that there was

48

00:01:45,950 --> 00:01:44,100

nothing on board it was nothing more

49

00:01:47,149 --> 00:01:45,960

than just a crash of one of our aircraft

50

00:01:48,710 --> 00:01:47,159

I know better

51
00:01:50,210 --> 00:01:48,720
because I was one of the people that

52
00:01:52,310 --> 00:01:50,220
approached it with a geiger counter to

53
00:01:53,749 --> 00:01:52,320
get surface readings I was the first

54
00:01:55,850 --> 00:01:53,759
person to go ahead and see that there

55
00:01:58,370 --> 00:01:55,860
were bodies on it that would be the

56
00:02:01,249 --> 00:01:58,380
first of approximately 12 events UFO

57
00:02:04,429 --> 00:02:01,259
crashes are not events that take place

58
00:02:07,490 --> 00:02:04,439
every day they're rare

59
00:02:11,449 --> 00:02:07,500
I know we're not alone in the universe I

60
00:02:13,250 --> 00:02:11,459
know that the absence of evidence is not

61
00:02:15,650 --> 00:02:13,260
evidence of absence

62
00:02:21,309 --> 00:02:15,660
it's evidence that it's been denied to

63
00:02:26,690 --> 00:02:24,170

I stand before you today in my almighty

64

00:02:28,130 --> 00:02:26,700

God and I tell you this if Congress

65

00:02:31,070 --> 00:02:28,140

calls me and

66

00:02:33,589 --> 00:02:31,080

and says will you testify in detail what

67

00:02:35,290 --> 00:02:33,599

you know I stand here today prepared and

68

00:02:37,729 --> 00:02:35,300

ready to do just that

69

00:02:40,070 --> 00:02:37,739

governments must never lie to the people

70

00:02:43,790 --> 00:02:40,080

for no reason

71

00:02:48,050 --> 00:02:45,350

our visit to Laughlin in the United

72

00:02:50,750 --> 00:02:48,060

States we had the Good Fortune to meet

73

00:02:52,610 --> 00:02:50,760

up with Clifford Stone a man who claims

74

00:02:55,070 --> 00:02:52,620

personal knowledge of how an elite unit

75

00:02:57,830 --> 00:02:55,080

of U.S Special Forces were for many

76
00:02:59,509 --> 00:02:57,840
years engaged in the actual recovery of

77
00:03:01,930 --> 00:02:59,519
extraterrestrial craft in their

78
00:03:04,670 --> 00:03:01,940
occupants

79
00:03:07,250 --> 00:03:04,680
Clifford two specific areas associated

80
00:03:10,550 --> 00:03:07,260
with project Moon dust one as I

81
00:03:12,350 --> 00:03:10,560
understand it the recovery of debris

82
00:03:15,589 --> 00:03:12,360
that you would expect to find coming in

83
00:03:18,290 --> 00:03:15,599
from Outer orbits and such like decaying

84
00:03:20,330 --> 00:03:18,300
satellites and the like but also another

85
00:03:21,710 --> 00:03:20,340
side to project moonest as well can you

86
00:03:24,949 --> 00:03:21,720
elaborate on that for us certainly

87
00:03:27,530 --> 00:03:24,959
project mooned Us by definition is the

88
00:03:30,890 --> 00:03:27,540

overall field exploitation program of

89

00:03:33,949 --> 00:03:30,900

only two things objects of non-us origin

90

00:03:36,350 --> 00:03:33,959

which would involve Soviet Satellites

91

00:03:38,990 --> 00:03:36,360

and of course we would want those for

92

00:03:40,850 --> 00:03:39,000

technical analysis to determine the

93

00:03:43,369 --> 00:03:40,860

capabilities of those satellites for

94

00:03:45,350 --> 00:03:43,379

intelligence purposes and the other

95

00:03:48,289 --> 00:03:45,360

being objects of Unknown Origin the

96

00:03:50,030 --> 00:03:48,299

objects of Unknown Origin is our

97

00:03:55,309 --> 00:03:50,040

interest of

98

00:03:58,850 --> 00:03:55,319

particular program

99

00:04:01,970 --> 00:03:58,860

now in order to accomplish the recovery

100

00:04:05,330 --> 00:04:01,980

of these objects the United States Air

101
00:04:08,089 --> 00:04:05,340
Force had in place what was called uh

102
00:04:09,830 --> 00:04:08,099
Operation Blue flight teams these

103
00:04:12,050 --> 00:04:09,840
consisted of a three-man team that was

104
00:04:15,350 --> 00:04:12,060
prepared to go anywhere in the world to

105
00:04:17,569 --> 00:04:15,360
recovery these set items

106
00:04:19,849 --> 00:04:17,579
on more than one occasion

107
00:04:21,610 --> 00:04:19,859
we have recovered objects of non-us

108
00:04:26,510 --> 00:04:21,620
origin

109
00:04:28,850 --> 00:04:26,520
that was also of Unknown Origin in short

110
00:04:30,469 --> 00:04:28,860
the best that once they did the field

111
00:04:32,830 --> 00:04:30,479
exploitation

112
00:04:35,210 --> 00:04:32,840
the best they could do is come

113
00:04:38,150 --> 00:04:35,220

around Circle what we call round robin

114

00:04:40,790 --> 00:04:38,160

to tell us what the objects were not

115

00:04:42,350 --> 00:04:40,800

leaving us to only speculate what the

116

00:04:44,390 --> 00:04:42,360

objects were

117

00:04:46,610 --> 00:04:44,400

in more than one instance

118

00:04:49,550 --> 00:04:46,620

these objects were referred to as

119

00:04:51,950 --> 00:04:49,560

objects of non-earthly origin

120

00:04:53,689 --> 00:04:51,960

and the intelligence community

121

00:04:56,150 --> 00:04:53,699

you're very careful about saying

122

00:04:57,710 --> 00:04:56,160

interplanetary it's a word you don't

123

00:05:00,070 --> 00:04:57,720

want to use in the intelligence

124

00:05:03,290 --> 00:05:00,080

Community you're very careful about

125

00:05:06,890 --> 00:05:03,300

using the term UFO or unidentified

126

00:05:09,650 --> 00:05:06,900

flying object unconventional aircraft

127

00:05:11,570 --> 00:05:09,660

our unknown aircraft case in point the

128

00:05:14,270 --> 00:05:11,580

unit involved with these programs was

129

00:05:16,850 --> 00:05:14,280

was formerly the 460 second air

130

00:05:19,189 --> 00:05:16,860

intelligence Service uh Squadron out of

131

00:05:20,749 --> 00:05:19,199

Fort Belvoir Virginia an Army Post but

132

00:05:23,510 --> 00:05:20,759

it was an Air Force unit that was doing

133

00:05:25,610 --> 00:05:23,520

this a highly Elite

134

00:05:29,090 --> 00:05:25,620

the best the Air Force had to offer

135

00:05:31,490 --> 00:05:29,100

within the uh Community what most people

136

00:05:33,170 --> 00:05:31,500

are not aware of is that from the

137

00:05:35,469 --> 00:05:33,180

conception of that unit just several

138

00:05:39,529 --> 00:05:35,479

months later after it was uh

139

00:05:42,430 --> 00:05:39,539

conceptualized and formally activated it

140

00:05:45,890 --> 00:05:42,440

took over the full investigation of UFOs

141

00:05:49,909 --> 00:05:45,900

have we got a year for this yes sir 1953

142

00:05:53,629 --> 00:05:49,919

January the 20th January the 21st I

143

00:05:55,790 --> 00:05:53,639

believe it was 1953 a 460 second came

144

00:05:57,230 --> 00:05:55,800

into existence

145

00:06:00,529 --> 00:05:57,240

by

146

00:06:03,350 --> 00:06:00,539

March April 1953 in accordance with

147

00:06:08,950 --> 00:06:03,360

change wand Air Force regulation 200-52

148

00:06:11,469 --> 00:06:08,960

or 200-2 uh it was given the operational

149

00:06:14,810 --> 00:06:11,479

control of the investigations

150

00:06:18,170 --> 00:06:14,820

prior that prior to that contrary to

151

00:06:21,050 --> 00:06:18,180

popular belief Blue Book still did not

152

00:06:23,809 --> 00:06:21,060

have a hand on the investigations OSI

153

00:06:25,490 --> 00:06:23,819

had a handle on the investigations in

154

00:06:28,210 --> 00:06:25,500

conjunction with you folks during the

155

00:06:31,610 --> 00:06:28,220

second World War the British

156

00:06:34,010 --> 00:06:31,620

MI6 created what was called operation

157

00:06:35,990 --> 00:06:34,020

crossbow dead reckoning

158

00:06:38,330 --> 00:06:36,000

what were the Germans working on that

159

00:06:40,610 --> 00:06:38,340

they were about to launch against uh

160

00:06:42,950 --> 00:06:40,620

cities in England

161

00:06:45,409 --> 00:06:42,960

cic was charged with the responsibility

162

00:06:48,409 --> 00:06:45,419

of recovering debris of so-called Foo

163

00:06:51,409 --> 00:06:48,419

Fighters in 1943

164

00:06:53,629 --> 00:06:51,419

so long before

165

00:06:56,629 --> 00:06:53,639

Kenneth Arnold saw his sighting

166

00:06:58,309 --> 00:06:56,639

in the state of Washington

167

00:07:00,590 --> 00:06:58,319

near Mount Rainier

168

00:07:05,510 --> 00:07:00,600

we were already underway investigating

169

00:07:08,749 --> 00:07:05,520

UFOs Scandinavia 1946. sure so where is

170

00:07:10,270 --> 00:07:08,759

all this taking us now presumably it's

171

00:07:12,529 --> 00:07:10,280

absolutely

172

00:07:15,490 --> 00:07:12,539

convinced that you have the the

173

00:07:18,650 --> 00:07:15,500

information which

174

00:07:21,170 --> 00:07:18,660

doubt points to what some people would

175

00:07:23,390 --> 00:07:21,180

call a cover-up but this is a modern

176
00:07:26,290 --> 00:07:23,400
modern term now we're talking about a

177
00:07:28,550 --> 00:07:26,300
cover-up of documentation in the 90s

178
00:07:30,409 --> 00:07:28,560
specifically referring to events albeit

179
00:07:32,749 --> 00:07:30,419
decades ago

180
00:07:34,490 --> 00:07:32,759
how significant is that if you're going

181
00:07:37,430 --> 00:07:34,500
to try and convince Congressional

182
00:07:39,350 --> 00:07:37,440
hearings and and the like to take on

183
00:07:41,570 --> 00:07:39,360
board this whole thing how significant

184
00:07:43,629 --> 00:07:41,580
are these findings well this the

185
00:07:45,830 --> 00:07:43,639
findings are quite significant because

186
00:07:48,230 --> 00:07:45,840
the paperwork

187
00:07:50,570 --> 00:07:48,240
I can tell you some fascinating stories

188
00:07:52,249 --> 00:07:50,580

of while I was in the military

189

00:07:53,270 --> 00:07:52,259

but it would just be another fascinating

190

00:07:54,529 --> 00:07:53,280

story

191

00:07:56,809 --> 00:07:54,539

people

192

00:07:58,370 --> 00:07:56,819

have had their lives destroyed

193

00:08:00,529 --> 00:07:58,380

and we set back

194

00:08:02,450 --> 00:08:00,539

feel sorry for him because they don't

195

00:08:05,390 --> 00:08:02,460

have it all together yet these were real

196

00:08:07,189 --> 00:08:05,400

events and I know they were real events

197

00:08:09,230 --> 00:08:07,199

so this is never going to go ahead and

198

00:08:09,950 --> 00:08:09,240

Break Down The Walls of Jericho if you

199

00:08:12,010 --> 00:08:09,960

wish

200

00:08:14,990 --> 00:08:12,020

but the documentation

201
00:08:16,790 --> 00:08:15,000
provides that there is something going

202
00:08:18,710 --> 00:08:16,800
on Wendell Stevens was a lieutenant

203
00:08:20,809 --> 00:08:18,720
colonel in technical intelligence in the

204
00:08:23,510 --> 00:08:20,819
U.S Air Force and is now a UFO

205
00:08:26,330 --> 00:08:23,520
investigator now having a an

206
00:08:29,450 --> 00:08:26,340
extraterrestrial vehicle and some bodies

207
00:08:31,969 --> 00:08:29,460
in their hands didn't know when the next

208
00:08:33,949 --> 00:08:31,979
one would come down where they came from

209
00:08:36,829 --> 00:08:33,959
what they were going to do about it

210
00:08:39,469 --> 00:08:36,839
there were a lot of unanswered questions

211
00:08:41,570 --> 00:08:39,479
and the United States was in a turmoil

212
00:08:44,810 --> 00:08:41,580
at the time administratively because we

213
00:08:46,790 --> 00:08:44,820

were shifting from a war economy and a

214

00:08:48,430 --> 00:08:46,800

military industrial command structure to

215

00:08:51,710 --> 00:08:48,440

a civilian structure

216

00:08:54,170 --> 00:08:51,720

so the military was still dominant

217

00:08:56,690 --> 00:08:54,180

and they wanted to keep control of this

218

00:08:59,750 --> 00:08:56,700

until they knew what was happening

219

00:09:02,030 --> 00:08:59,760

so they create and remember General

220

00:09:04,550 --> 00:09:02,040

Marshall was our secretary of state at

221

00:09:05,329 --> 00:09:04,560

the time he was a four-star five-star

222

00:09:09,470 --> 00:09:05,339

general

223

00:09:12,110 --> 00:09:09,480

uh these people selected

224

00:09:13,970 --> 00:09:12,120

certain representatives from the

225

00:09:15,050 --> 00:09:13,980

military-industrial complex that they

226
00:09:18,769 --> 00:09:15,060
controlled

227
00:09:21,650 --> 00:09:18,779
generals and Admirals and

228
00:09:23,810 --> 00:09:21,660
certain scientists that worked with the

229
00:09:25,250 --> 00:09:23,820
military and worked with industrial

230
00:09:28,910 --> 00:09:25,260
planning

231
00:09:34,370 --> 00:09:28,920
these men were designated as a task

232
00:09:35,389 --> 00:09:34,380
force to take charge of any event that

233
00:09:38,750 --> 00:09:35,399
followed

234
00:09:41,930 --> 00:09:38,760
and it one did almost a year later on

235
00:09:44,870 --> 00:09:41,940
the 25th of March in 1978 the next one

236
00:09:47,710 --> 00:09:44,880
came I'm sorry 1948

237
00:09:51,230 --> 00:09:47,720
the next one did crash and it came down

238
00:09:54,170 --> 00:09:51,240

under observation by radar so that we

239

00:09:56,090 --> 00:09:54,180

knew where it landed at the time that it

240

00:09:59,570 --> 00:09:56,100

struck the ground

241

00:10:00,769 --> 00:09:59,580

and a helicopter was over it in less

242

00:10:03,889 --> 00:10:00,779

than an hour

243

00:10:07,190 --> 00:10:03,899

it reported what it observed and the

244

00:10:09,590 --> 00:10:07,200

plan generated by these people from the

245

00:10:11,329 --> 00:10:09,600

military industrial complex after the

246

00:10:12,230 --> 00:10:11,339

Roswell crash was immediately put into

247

00:10:14,509 --> 00:10:12,240

place

248

00:10:17,990 --> 00:10:14,519

all the generals and Admirals and

249

00:10:19,790 --> 00:10:18,000

advisors and scientists were contacted

250

00:10:24,290 --> 00:10:19,800

and ordered to

251
00:10:26,930 --> 00:10:24,300
proceed to a base in Colorado where they

252
00:10:29,630 --> 00:10:26,940
were driven picked up and driven to the

253
00:10:32,810 --> 00:10:29,640
crash site now all these men are have

254
00:10:34,670 --> 00:10:32,820
gone to the scene to see for themselves

255
00:10:37,610 --> 00:10:34,680
what

256
00:10:39,650 --> 00:10:37,620
an alien vehicle looks like and they

257
00:10:41,329 --> 00:10:39,660
were going to advise General Marshall

258
00:10:44,870 --> 00:10:41,339
directly who was controlling everything

259
00:10:46,730 --> 00:10:44,880
from a remote position for telephones

260
00:10:50,810 --> 00:10:46,740
on how to proceed

261
00:10:53,090 --> 00:10:50,820
and when an operation is that big you

262
00:10:55,310 --> 00:10:53,100
can't cover everything up we discovered

263
00:10:58,790 --> 00:10:55,320

that the owner of the property where the

264

00:11:01,430 --> 00:10:58,800

vehicle came down was

265

00:11:03,769 --> 00:11:01,440

arrested in his house with his family

266

00:11:06,650 --> 00:11:03,779

and they were kept in the house for four

267

00:11:08,210 --> 00:11:06,660

days not allowed to go outside or

268

00:11:11,150 --> 00:11:08,220

anything all the roads in the area were

269

00:11:12,650 --> 00:11:11,160

blocked all excess was closed people

270

00:11:13,970 --> 00:11:12,660

that lived close enough to know

271

00:11:14,810 --> 00:11:13,980

something about it were kept in their

272

00:11:18,829 --> 00:11:14,820

houses

273

00:11:21,350 --> 00:11:18,839

now if it never happened then this

274

00:11:23,930 --> 00:11:21,360

evidence wouldn't exist but now we are

275

00:11:27,050 --> 00:11:23,940

finding solid evidence that something

276
00:11:29,810 --> 00:11:27,060
strange did happen and that that these

277
00:11:32,630 --> 00:11:29,820
events actually took place then we found

278
00:11:34,490 --> 00:11:32,640
people who observed

279
00:11:35,269 --> 00:11:34,500
the recovery of The Craft from a

280
00:11:38,449 --> 00:11:35,279
distance

281
00:11:40,009 --> 00:11:38,459
that saw the the task force moving

282
00:11:43,009 --> 00:11:40,019
across

283
00:11:46,430 --> 00:11:43,019
uh off-roads over a country

284
00:11:47,569 --> 00:11:46,440
to a secure military facility at Los

285
00:11:50,329 --> 00:11:47,579
Alamos

286
00:11:52,250 --> 00:11:50,339
uh and and with these leads we were able

287
00:11:55,730 --> 00:11:52,260
to turn up other Witnesses

288
00:11:57,650 --> 00:11:55,740

all of whom had been sworn to secrecy by

289

00:12:00,530 --> 00:11:57,660

their superiors at the time they

290

00:12:02,690 --> 00:12:00,540

participated in these events and only a

291

00:12:04,250 --> 00:12:02,700

few of them would talk to us and only on

292

00:12:07,310 --> 00:12:04,260

condition that they not be identified

293

00:12:10,069 --> 00:12:07,320

because of their vulnerability

294

00:12:12,650 --> 00:12:10,079

what happens in a case of violation of

295

00:12:14,509 --> 00:12:12,660

security oaths of this nature they could

296

00:12:16,250 --> 00:12:14,519

lose all pain allowances do wherever to

297

00:12:19,130 --> 00:12:16,260

become due they could be imprisoned that

298

00:12:20,690 --> 00:12:19,140

they could be fined a lot of things that

299

00:12:23,150 --> 00:12:20,700

none of them could stand I received

300

00:12:24,590 --> 00:12:23,160

documents but said that a UFO had landed

301
00:12:26,210 --> 00:12:24,600
in the middle of White Sands New Mexico

302
00:12:28,670 --> 00:12:26,220
Proving Grounds

303
00:12:31,310 --> 00:12:28,680
and that this object was inert was under

304
00:12:33,350 --> 00:12:31,320
surveillance and would be kept under

305
00:12:35,269 --> 00:12:33,360
surveillance until they determine uh

306
00:12:37,850 --> 00:12:35,279
whether it was hostile or friendly

307
00:12:39,970 --> 00:12:37,860
and later turned out that uh It was

308
00:12:42,470 --> 00:12:39,980
friendly in that the occupants were dead

309
00:12:44,810 --> 00:12:42,480
and uh when we got a board there were

310
00:12:47,150 --> 00:12:44,820
five bodies the bodies uh were

311
00:12:48,350 --> 00:12:47,160
diminutive in size in other words 3.5

312
00:12:50,870 --> 00:12:48,360
feet

313
00:12:51,889 --> 00:12:50,880

the largest one was uh just under four

314

00:12:53,690 --> 00:12:51,899

feet

315

00:12:56,090 --> 00:12:53,700

two of them were obviously the

316

00:12:58,550 --> 00:12:56,100

commanding officers uh because two of

317

00:13:00,889 --> 00:12:58,560

more eplets on their shoulders

318

00:13:02,090 --> 00:13:00,899

later turns out that they were all male

319

00:13:04,069 --> 00:13:02,100

when we flew them back to Wright

320

00:13:06,949 --> 00:13:04,079

Patterson of course the examination

321

00:13:08,509 --> 00:13:06,959

physical examination and the autopsy of

322

00:13:10,610 --> 00:13:08,519

course revealed that they were indeed

323

00:13:13,190 --> 00:13:10,620

all male I think what has happened over

324

00:13:14,030 --> 00:13:13,200

the years the government has lied so

325

00:13:16,129 --> 00:13:14,040

much

326

00:13:17,930 --> 00:13:16,139

that they have painted themselves into a
