

1
00:00:07,610 --> 00:00:06,470
very okay

2
00:00:10,009 --> 00:00:07,620
hi

3
00:00:13,970 --> 00:00:10,019
we're sitting here in the living room of

4
00:00:16,609 --> 00:00:13,980
the roaches and they all reportedly saw

5
00:00:19,790 --> 00:00:16,619
a flying saucer or I'm sorry a UFO of

6
00:00:23,090 --> 00:00:19,800
flying saucers one kind of UFO a few

7
00:00:25,250 --> 00:00:23,100
years ago and I'd like to find out a

8
00:00:28,390 --> 00:00:25,260
little information about it where you

9
00:00:31,849 --> 00:00:28,400
saw it when you saw it describe it so

10
00:00:35,330 --> 00:00:31,859
bury you and the clearest

11
00:00:37,190 --> 00:00:35,340
picture of it but what happened where

12
00:00:39,470 --> 00:00:37,200
where did you see it

13
00:00:41,450 --> 00:00:39,480

just kind of describe your experience

14

00:00:44,209 --> 00:00:41,460

for us well it was more than a few years

15

00:00:46,970 --> 00:00:44,219

ago it was more like 10 or 11.

16

00:00:50,090 --> 00:00:46,980

and we were coming from Fort Wayne we

17

00:00:53,690 --> 00:00:50,100

live in Arcola it's west of Fort Wayne

18

00:00:56,450 --> 00:00:53,700

and we were just coming into Arcola and

19

00:00:58,610 --> 00:00:56,460

we were with myself and two of my

20

00:01:01,130 --> 00:00:58,620

friends were coming home and we saw this

21

00:01:02,630 --> 00:01:01,140

like a blip in the sky

22

00:01:09,649 --> 00:01:02,640

and

23

00:01:13,429 --> 00:01:09,659

what we had known as far as helicopters

24

00:01:16,850 --> 00:01:13,439

and standard planes and such and we just

25

00:01:18,890 --> 00:01:16,860

sort of watched it and then

26
00:01:20,749 --> 00:01:18,900
joked around about what it might be and

27
00:01:23,270 --> 00:01:20,759
then sort of dropped the idea of it and

28
00:01:26,090 --> 00:01:23,280
I took this other friend of mine on home

29
00:01:28,190 --> 00:01:26,100
well you were in your car yes we were in

30
00:01:31,370 --> 00:01:28,200
our car you first saw it from your car

31
00:01:33,530 --> 00:01:31,380
right did you stop the car no

32
00:01:36,469 --> 00:01:33,540
because well it was just in a continuous

33
00:01:39,109 --> 00:01:36,479
motion and it seemed to fade off more to

34
00:01:41,450 --> 00:01:39,119
the West Was the object above you in

35
00:01:43,490 --> 00:01:41,460
front of you behind you I guess I'd be

36
00:01:44,990 --> 00:01:43,500
to the South be off to the left

37
00:01:48,170 --> 00:01:45,000
and above

38
00:01:51,050 --> 00:01:48,180

and my friend well he lived at the lake

39

00:01:53,270 --> 00:01:51,060

which was North the opposite direction

40

00:01:56,330 --> 00:01:53,280

was the object was

41

00:02:01,670 --> 00:01:56,340

and we dropped him off and came back

42

00:02:04,730 --> 00:02:01,680

and we got down to I guess his Arcola

43

00:02:06,350 --> 00:02:04,740

Road or Yellow River Road and the road I

44

00:02:08,570 --> 00:02:06,360

was coming on T's into this and the

45

00:02:11,089 --> 00:02:08,580

object was right straight

46

00:02:13,309 --> 00:02:11,099

in front of us I mean it's off in a

47

00:02:14,809 --> 00:02:13,319

distance but it was right there we had

48

00:02:17,510 --> 00:02:14,819

to see it

49

00:02:19,430 --> 00:02:17,520

and my brother was with me at the time

50

00:02:20,510 --> 00:02:19,440

and we comment on the fact that this

51

00:02:22,369 --> 00:02:20,520

isn't

52

00:02:23,449 --> 00:02:22,379

normal for what we know in a way of

53

00:02:27,470 --> 00:02:23,459

aircraft

54

00:02:29,510 --> 00:02:27,480

so being teenagers you know 15 16 17 or

55

00:02:31,430 --> 00:02:29,520

whatever we knew that no one would

56

00:02:33,470 --> 00:02:31,440

believe us so we stopped at the first

57

00:02:37,610 --> 00:02:33,480

neighbor that we came to

58

00:02:39,650 --> 00:02:37,620

and we call Mr Mrs Johnson out your two

59

00:02:40,610 --> 00:02:39,660

kids he said we'd like you to look at

60

00:02:43,970 --> 00:02:40,620

something

61

00:02:47,150 --> 00:02:43,980

and we told him what we saw and we point

62

00:02:49,729 --> 00:02:47,160

out where we were seeing the object and

63

00:02:51,710 --> 00:02:49,739

sure enough they saw the same thing the

64

00:02:54,410 --> 00:02:51,720

neighbors awesome yes

65

00:02:56,210 --> 00:02:54,420

and where where was the object at this

66

00:02:59,869 --> 00:02:56,220

time uh

67

00:03:02,509 --> 00:02:59,879

well it was still in the west or in the

68

00:03:05,869 --> 00:03:02,519

South but uh

69

00:03:07,250 --> 00:03:05,879

it was let's see

70

00:03:11,390 --> 00:03:07,260

it's hard to describe the direction

71

00:03:13,610 --> 00:03:11,400

because as far as them how far away your

72

00:03:16,970 --> 00:03:13,620

products

73

00:03:19,729 --> 00:03:16,980

I was in terms of miles but it's it was

74

00:03:22,070 --> 00:03:19,739

it's definitely rather large because it

75

00:03:24,649 --> 00:03:22,080

was still more or less still clear for

76

00:03:27,290 --> 00:03:24,659

as big as it was yeah so far away

77

00:03:30,050 --> 00:03:27,300

it was it was it high in the sky or did

78

00:03:31,850 --> 00:03:30,060

it seem to be close to the ground it was

79

00:03:33,649 --> 00:03:31,860

I'd say it was rather hot at the time

80

00:03:36,050 --> 00:03:33,659

and

81

00:03:38,690 --> 00:03:36,060

while

82

00:03:40,910 --> 00:03:38,700

and begin to lower and I was kind of

83

00:03:43,009 --> 00:03:40,920

excited about it so I left the Johnson

84

00:03:45,289 --> 00:03:43,019

Place it went on home and this was about

85

00:03:47,149 --> 00:03:45,299

a half a mile down the road got my folks

86

00:03:48,949 --> 00:03:47,159

my two sisters out

87

00:03:50,690 --> 00:03:48,959

and we

88

00:03:52,910 --> 00:03:50,700

just sit there and watched it for maybe

89
00:03:55,309 --> 00:03:52,920
I don't know 10 15 minutes more you know

90
00:03:57,530 --> 00:03:55,319
how much time has transpired from the

91
00:04:00,289 --> 00:03:57,540
time you first saw it in your car say to

92
00:04:05,210 --> 00:04:00,299
the time you went to the Johnsons

93
00:04:09,289 --> 00:04:07,789
and we watched it at home maybe for

94
00:04:13,190 --> 00:04:09,299
another 15 minutes after leaving

95
00:04:17,330 --> 00:04:13,200
Johnson's and then well we saw that

96
00:04:20,750 --> 00:04:17,340
it was sort of a cylinder type deal with

97
00:04:23,810 --> 00:04:20,760
window panes and had a

98
00:04:25,730 --> 00:04:23,820
green and red light I believe the top

99
00:04:28,129 --> 00:04:25,740
and it seemed to rotate because in the

100
00:04:30,110 --> 00:04:28,139
bottom there was a large Spotlight and

101
00:04:32,570 --> 00:04:30,120
every once while it would rotate

102
00:04:34,010 --> 00:04:32,580
or it was seen me rotating in a Flash

103
00:04:35,810 --> 00:04:34,020
onto the ground

104
00:04:39,890 --> 00:04:35,820
and you couldn't look directly at the

105
00:04:43,670 --> 00:04:39,900
light it was considerably bright it was

106
00:04:45,469 --> 00:04:43,680
like landing craft lights on a bigger

107
00:04:48,469 --> 00:04:45,479
airplane now when you were home inside

108
00:04:51,530 --> 00:04:48,479
how close was it what

109
00:04:53,330 --> 00:04:51,540
was it much closer at this point I mean

110
00:04:56,390 --> 00:04:53,340
it sounds as if you had a much better

111
00:04:58,430 --> 00:04:56,400
picture of it now well it had moved

112
00:05:00,350 --> 00:04:58,440
closer to both Johnson's and us like I

113
00:05:02,390 --> 00:05:00,360

said was only half a mile apart

114

00:05:03,830 --> 00:05:02,400
but it wasn't still in terms of miles

115

00:05:06,770 --> 00:05:03,840
away

116

00:05:09,890 --> 00:05:06,780
because when it disappeared it just went

117

00:05:11,270 --> 00:05:09,900
down behind there the Johnson's Barn

118

00:05:13,010 --> 00:05:11,280
and you can see it was off in the

119

00:05:14,749 --> 00:05:13,020
distance yet but it was so far off you

120

00:05:16,730 --> 00:05:14,759
know it was it went lower to just

121

00:05:20,150 --> 00:05:16,740
disappeared behind the barn

122

00:05:22,249 --> 00:05:20,160
but if if the object was behind the barn

123

00:05:25,490 --> 00:05:22,259
that's getting pretty close thing so it

124

00:05:27,890 --> 00:05:25,500
was a half mile from well they're in

125

00:05:29,689 --> 00:05:27,900
related well our house was a half mile

126

00:05:32,270 --> 00:05:29,699

from Johnson's

127

00:05:33,650 --> 00:05:32,280

but it's just like any other object it

128

00:05:35,510 --> 00:05:33,660

goes it could be off in a distance like

129

00:05:37,909 --> 00:05:35,520

going down over a hill you know it could

130

00:05:40,189 --> 00:05:37,919

be miles away but yet it could disappear

131

00:05:42,890 --> 00:05:40,199

like that and that's about the way this

132

00:05:45,110 --> 00:05:42,900

was so it seemed as if it was behind the

133

00:05:47,629 --> 00:05:45,120

Johnsons yes it just went down on the

134

00:05:50,270 --> 00:05:47,639

horizon I guess you'd say did it seem to

135

00:05:52,249 --> 00:05:50,280

be remaining stationary or was it moving

136

00:05:55,490 --> 00:05:52,259

at all during this time

137

00:05:56,749 --> 00:05:55,500

uh the house slow turn to it and this

138

00:05:59,689 --> 00:05:56,759

well that's the thing that caught right

139

00:06:00,830 --> 00:05:59,699

at first because when we first noticed

140

00:06:03,409 --> 00:06:00,840

it when we were coming from Fort Wayne

141

00:06:05,330 --> 00:06:03,419

it would be stationary

142

00:06:07,909 --> 00:06:05,340

and all of a sudden a drop

143

00:06:10,010 --> 00:06:07,919

and seen accelerated well like I said

144

00:06:12,310 --> 00:06:10,020

speeds that we didn't realize what

145

00:06:14,090 --> 00:06:12,320

seemed to be possible would take off in

146

00:06:16,189 --> 00:06:14,100

horizontal directions vertical

147

00:06:18,590 --> 00:06:16,199

directions and just stop and go at will

148

00:06:22,010 --> 00:06:18,600

so it could go backwards frontwards to

149

00:06:25,330 --> 00:06:22,020

the side climb and drive right

150

00:06:28,249 --> 00:06:25,340

did it have any of the features we

151

00:06:31,370 --> 00:06:28,259

associate with normal aircraft like

152

00:06:33,170 --> 00:06:31,380

wings propellers not that we can make

153

00:06:35,930 --> 00:06:33,180

out it like I said it looks cylinder to

154

00:06:39,050 --> 00:06:35,940

me and it seemed to have two maybe three

155

00:06:40,909 --> 00:06:39,060

levels to it and because the center of

156

00:06:42,950 --> 00:06:40,919

it seemed to have what looked like

157

00:06:45,050 --> 00:06:42,960

conventional window panes and you can

158

00:06:47,029 --> 00:06:45,060

see that there were lights on the inside

159

00:06:49,129 --> 00:06:47,039

or what seemed to be lights coming from

160

00:06:50,870 --> 00:06:49,139

inside because it was illuminated and at

161

00:06:53,150 --> 00:06:50,880

the top there were the two

162

00:06:55,189 --> 00:06:53,160

other lights the red and the green and

163

00:06:56,450 --> 00:06:55,199

at the bottom was the spotlight there

164

00:06:57,950 --> 00:06:56,460

may have been two spotlights I don't

165

00:07:00,650 --> 00:06:57,960

know

166

00:07:03,170 --> 00:07:00,660

do you feel as if it as if it were

167

00:07:06,170 --> 00:07:03,180

following you

168

00:07:08,570 --> 00:07:06,180

no not really because

169

00:07:11,029 --> 00:07:08,580

it continued in what I believe its own

170

00:07:12,230 --> 00:07:11,039

pattern straight going street lights I

171

00:07:14,029 --> 00:07:12,240

guess would be West

172

00:07:16,129 --> 00:07:14,039

whereas when we turned off and went to

173

00:07:18,170 --> 00:07:16,139

the lake to take my friend home there it

174

00:07:20,330 --> 00:07:18,180

was and it wasn't exactly as if it was

175

00:07:21,650 --> 00:07:20,340

following us North when we turned

176

00:07:23,930 --> 00:07:21,660

because it was their

177

00:07:26,870 --> 00:07:23,940

where it was when we left it

178

00:07:29,870 --> 00:07:26,880

but apparently it was in your range of

179

00:07:31,850 --> 00:07:29,880

vision for quite a long time yes so that

180

00:07:33,710 --> 00:07:31,860

that would mean that it was

181

00:07:38,749 --> 00:07:33,720

not moving

182

00:07:40,490 --> 00:07:38,759

it were moving at a great speed it would

183

00:07:42,890 --> 00:07:40,500

have been out of your vision well we're

184

00:07:44,809 --> 00:07:42,900

only talking from when we first cited it

185

00:07:46,430 --> 00:07:44,819

our home was only two miles out of our

186

00:07:48,170 --> 00:07:46,440

Cola and we was right on the outskirts

187

00:07:50,150 --> 00:07:48,180

of our close we're only talking at the

188

00:07:53,089 --> 00:07:50,160

most three miles between my first

189

00:07:55,670 --> 00:07:53,099

sighting and when we last saw it

190

00:07:57,529 --> 00:07:55,680

so about how many minutes then 10

191

00:07:59,890 --> 00:07:57,539

minutes as far as the total viewing of

192

00:08:02,450 --> 00:07:59,900

the object

193

00:08:04,730 --> 00:08:02,460

I'd save me for 20 minutes

194

00:08:07,670 --> 00:08:04,740

in 20 minutes but still if it were even

195

00:08:10,010 --> 00:08:07,680

flying at the rate of a normal aircraft

196

00:08:12,950 --> 00:08:10,020

it would have been out of sight

197

00:08:14,330 --> 00:08:12,960

before 20 minutes wouldn't it probably

198

00:08:16,909 --> 00:08:14,340

if it would have continued in One

199

00:08:19,749 --> 00:08:16,919

Direction but like I said it it would go

200

00:08:28,129 --> 00:08:24,770

the object was in a general area oh yes

201
00:08:30,110 --> 00:08:28,139
for quite some time apparently we stayed

202
00:08:32,029 --> 00:08:30,120
in the same area we just go back and

203
00:08:35,510 --> 00:08:32,039
forth yeah that okay that's what I was

204
00:08:37,969 --> 00:08:35,520
getting at that it was staying in the

205
00:08:39,350 --> 00:08:37,979
same area going up and down like it

206
00:08:40,790 --> 00:08:39,360
would fly into our coal and then come

207
00:08:42,529 --> 00:08:40,800
back out to our house then go back into

208
00:08:45,470 --> 00:08:42,539
our call and then come back out

209
00:08:48,910 --> 00:08:45,480
now as it was moving did it seem to be

210
00:08:51,829 --> 00:08:48,920
moving at a great rate of speed

211
00:08:54,650 --> 00:08:51,839
when we saw when I saw it when I was

212
00:08:56,570 --> 00:08:54,660
coming home it did but after we when we

213
00:08:58,910 --> 00:08:56,580

were standing on watching it it seemed

214

00:09:01,490 --> 00:08:58,920

to just be more or less hovering

215

00:09:04,009 --> 00:09:01,500

that's why I said it seemed to rotate

216

00:09:05,690 --> 00:09:04,019

and once while this white light would

217

00:09:06,889 --> 00:09:05,700

flash around on the ground and you

218

00:09:10,130 --> 00:09:06,899

couldn't see it

219

00:09:12,490 --> 00:09:10,140

they said you never at any point got a

220

00:09:15,470 --> 00:09:12,500

close-up view of it

221

00:09:16,790 --> 00:09:15,480

right because this was it was probably

222

00:09:19,490 --> 00:09:16,800

nine o'clock at night it was in the

223

00:09:22,250 --> 00:09:19,500

summertime it was still sort of life and

224

00:09:25,250 --> 00:09:22,260

yet it was on the verge of Darkness too

225

00:09:26,990 --> 00:09:25,260

but you travel this road often or at the

226

00:09:30,410 --> 00:09:27,000

time did you travel a lot oh yes quite

227

00:09:33,050 --> 00:09:30,420

often every day had you ever before seen

228

00:09:38,949 --> 00:09:33,060

anything like this no have you ever

229

00:09:43,970 --> 00:09:41,930

let's clear up another Point did you

230

00:09:46,790 --> 00:09:43,980

report it I think you said you did not

231

00:09:48,110 --> 00:09:46,800

we did you felt you did yeah we called

232

00:09:50,389 --> 00:09:48,120

Bearfield

233

00:09:51,350 --> 00:09:50,399

and the neighbors called the Sheriff's

234

00:09:54,350 --> 00:09:51,360

Department

235

00:09:56,150 --> 00:09:54,360

and there was no reported citing of any

236

00:09:57,889 --> 00:09:56,160

object that was so supposedly no

237

00:09:59,150 --> 00:09:57,899

aircraft in that type in the area as far

238

00:10:02,750 --> 00:09:59,160

as a helicopter or anything like that

239

00:10:04,730 --> 00:10:02,760

goes either yeah did barefield see

240

00:10:06,769 --> 00:10:04,740

anything in the radar no and they said

241

00:10:09,290 --> 00:10:06,779

there was nothing there's nothing in

242

00:10:11,329 --> 00:10:09,300

there and what kind of response did you

243

00:10:16,790 --> 00:10:11,339

get from the authorities when you called

244

00:10:22,990 --> 00:10:20,570

this was in 65 or 66 and everything can

245

00:10:26,150 --> 00:10:23,000

you remember the year yeah it was

246

00:10:28,550 --> 00:10:26,160

65. yeah there was a famous sighting in

247

00:10:31,009 --> 00:10:28,560

New Hampshire during that time I wonder

248

00:10:32,269 --> 00:10:31,019

if it was even the same day or the same

249

00:10:34,730 --> 00:10:32,279

year

250

00:10:37,009 --> 00:10:34,740

all I remember was the 65 it must have

251

00:10:38,290 --> 00:10:37,019

been June or July because it's pretty

252

00:10:40,490 --> 00:10:38,300

warm

253

00:10:42,829 --> 00:10:40,500

you know that was when it was a racial

254

00:10:44,630 --> 00:10:42,839

sightings and everybody seemed to think

255

00:10:47,329 --> 00:10:44,640

they saw one everybody was disclaiming

256

00:10:49,430 --> 00:10:47,339

against swamp gas and balloons and every

257

00:10:53,449 --> 00:10:49,440

other thing because if both of you see

258

00:10:58,910 --> 00:10:56,389

anything that you perhaps left out or

259

00:11:00,530 --> 00:10:58,920

your own impression of it

260

00:11:03,170 --> 00:11:00,540

well um

261

00:11:06,110 --> 00:11:03,180

I remember one thing that like it would

262

00:11:07,670 --> 00:11:06,120

go towards Arcola and then there was

263

00:11:09,350 --> 00:11:07,680

like a wooded area right there just

264

00:11:11,990 --> 00:11:09,360

outside of Arcola and then come around

265

00:11:14,030 --> 00:11:12,000

and and it would disappear from sight

266

00:11:15,530 --> 00:11:14,040

from us and then it looked like it would

267

00:11:18,350 --> 00:11:15,540

come up over these trees and look like

268

00:11:20,569 --> 00:11:18,360

it'd have like a big blinding headlight

269

00:11:23,090 --> 00:11:20,579

and it was Brian it looks like it looked

270

00:11:24,889 --> 00:11:23,100

like it was really close but yet it it

271

00:11:27,410 --> 00:11:24,899

took a while for it to get to our house

272

00:11:29,329 --> 00:11:27,420

you know so we figured it was you know

273

00:11:31,130 --> 00:11:29,339

really far off but the light was really

274

00:11:32,930 --> 00:11:31,140

bright it was blind that's probably the

275

00:11:35,290 --> 00:11:32,940

most distinctive Impressions you had it

276

00:11:38,030 --> 00:11:35,300

was a blinding headlight

277

00:11:39,530 --> 00:11:38,040

on the object the windows really got me

278

00:11:41,449 --> 00:11:39,540

though because you could really see the

279

00:11:43,430 --> 00:11:41,459

window so like there was two feet in

280

00:11:46,069 --> 00:11:43,440

front of you the windows did

281

00:11:48,769 --> 00:11:46,079

despite the fact that it was quite some

282

00:11:50,090 --> 00:11:48,779

distance yeah it was you could really

283

00:11:51,769 --> 00:11:50,100

see the lineup you could really see the

284

00:11:54,949 --> 00:11:51,779

windows on it okay how can you account

285

00:11:56,329 --> 00:11:54,959

for that a normal aircraft for example

286

00:11:58,670 --> 00:11:56,339

if it were

287

00:12:00,590 --> 00:11:58,680

a half mile away in the air I think it

288

00:12:04,130 --> 00:12:00,600

would be difficult to

289

00:12:05,690 --> 00:12:04,140

pinpoint a window for example

290

00:12:07,910 --> 00:12:05,700

you couldn't do it there's something

291

00:12:10,490 --> 00:12:07,920

illuminating from it that seemed to

292

00:12:12,590 --> 00:12:10,500

magnify it that brought it sharper into

293

00:12:15,170 --> 00:12:12,600

your focus no I just feel it was a large

294

00:12:17,269 --> 00:12:15,180

aircraft and it was illuminated from the

295

00:12:19,850 --> 00:12:17,279

inside you couldn't see anybody inside

296

00:12:21,410 --> 00:12:19,860

like you see was the windows we need

297

00:12:22,670 --> 00:12:21,420

people or anything like that let's say

298

00:12:25,009 --> 00:12:22,680

we saw an object

299

00:12:28,009 --> 00:12:25,019

and that was it but

300

00:12:30,470 --> 00:12:28,019

okay we have three distinct things

301
00:12:33,590 --> 00:12:30,480
correct we have a blinding headlight and

302
00:12:37,370 --> 00:12:33,600
a very very bright headlight or

303
00:12:39,829 --> 00:12:37,380
Spotlight of some kind we have very uh

304
00:12:42,949 --> 00:12:39,839
clear view of Windows that was your main

305
00:12:46,009 --> 00:12:42,959
impression and you mentioned also the

306
00:12:47,750 --> 00:12:46,019
the red and green lights on it now these

307
00:12:50,269 --> 00:12:47,760
were in addition to the spotlight or

308
00:12:51,769 --> 00:12:50,279
were these the spotlight doesn't these

309
00:12:54,110 --> 00:12:51,779
are what appear to be on top of the

310
00:12:56,329 --> 00:12:54,120
craft they were on top they had a

311
00:12:59,329 --> 00:12:56,339
headlight type thing coming from the

312
00:13:01,509 --> 00:12:59,339
front of it and it was cylindering well

313
00:13:04,490 --> 00:13:01,519

the headlight seemed to be hanging from

314

00:13:05,810 --> 00:13:04,500

below a wooden to me it didn't seem as

315

00:13:08,030 --> 00:13:05,820

if it was attached right to the front as

316

00:13:10,129 --> 00:13:08,040

if you went on a vehicle or a chopper or

317

00:13:12,350 --> 00:13:10,139

something like that it hung

318

00:13:14,509 --> 00:13:12,360

from underneath of it

319

00:13:17,210 --> 00:13:14,519

the spotlight in the headlight was I

320

00:13:19,069 --> 00:13:17,220

think were like the same light at times

321

00:13:20,629 --> 00:13:19,079

it would just looked like it was hanging

322

00:13:22,730 --> 00:13:20,639

straight down but other times it looked

323

00:13:25,370 --> 00:13:22,740

like it was coming you know straight out

324

00:13:28,129 --> 00:13:25,380

from the side like on a turn and it

325

00:13:30,230 --> 00:13:28,139

would come back up up by the trees you

326

00:13:31,910 --> 00:13:30,240

could look like at a headlight yeah did

327

00:13:34,670 --> 00:13:31,920

you both see the red and green lights

328

00:13:37,610 --> 00:13:34,680

yes I did they were very sharp they were

329

00:13:41,810 --> 00:13:37,620

unmistakably ready this was in addition

330

00:13:43,790 --> 00:13:41,820

to the Spotlight right and did you see

331

00:13:46,129 --> 00:13:43,800

the windows also

332

00:13:46,139 --> 00:13:50,690

but you know

333

00:13:55,730 --> 00:13:52,970

yeah

334

00:13:57,430 --> 00:13:55,740

so that the three of your in agreement

335

00:14:00,470 --> 00:13:57,440

with what you saw

336

00:14:01,990 --> 00:14:00,480

frequently people will you know seeing

337

00:14:04,250 --> 00:14:02,000

the same thing or how different

338

00:14:06,769 --> 00:14:04,260

descriptions of it this would imply that

339

00:14:08,810 --> 00:14:06,779

you all got a very good view and a

340

00:14:12,290 --> 00:14:08,820

fairly consistent view rather than just

341

00:14:14,870 --> 00:14:12,300

a glimpse or one sharp view that lasted

342

00:14:17,569 --> 00:14:14,880

for perhaps a second you you had time

343

00:14:20,150 --> 00:14:17,579

enough to see this object and even to

344

00:14:23,210 --> 00:14:20,160

study it I think so is there anything

345

00:14:25,490 --> 00:14:23,220

else about about it that you can

346

00:14:28,129 --> 00:14:25,500

remember anything else that it did

347

00:14:30,710 --> 00:14:28,139

anything else on it

348

00:14:32,990 --> 00:14:30,720

anything that the lights perhaps did

349

00:14:36,470 --> 00:14:33,000

like the red and green lights did they

350

00:14:38,449 --> 00:14:36,480

fly shining off or did they stay on no

351
00:14:42,110 --> 00:14:38,459
to me the lights are on top of the craft

352
00:14:44,090 --> 00:14:42,120
were on at all times and the beacon or

353
00:14:46,189 --> 00:14:44,100
whatever the white line whatever it was

354
00:14:48,050 --> 00:14:46,199
on the bottom of the craft seemed to be

355
00:14:49,370 --> 00:14:48,060
on all times but it just wasn't facing

356
00:14:52,370 --> 00:14:49,380
us at the times because you can see

357
00:14:55,129 --> 00:14:52,380
where it might be shining off in a

358
00:14:56,750 --> 00:14:55,139
distance it gave me one of it wasn't not

359
00:15:00,050 --> 00:14:56,760
facing us it gave the appearance of the

360
00:15:01,730 --> 00:15:00,060
Lincoln Tower light shining off like a

361
00:15:04,370 --> 00:15:01,740
beacon through clouds that type of fact

362
00:15:06,769 --> 00:15:04,380
did this light ever hit you directly to

363
00:15:11,030 --> 00:15:06,779

the point where you had to turn your

364

00:15:14,389 --> 00:15:11,040

head no no but it was very bright very

365

00:15:16,310 --> 00:15:14,399

yeah extremely bright

366

00:15:18,590 --> 00:15:16,320

and it just

367

00:15:20,689 --> 00:15:18,600

lit up the sky

368

00:15:22,910 --> 00:15:20,699

I wouldn't say go so far to say it lit

369

00:15:25,189 --> 00:15:22,920

up the sky but whatever it was shining

370

00:15:27,410 --> 00:15:25,199

almost definitely lit up yeah it was

371

00:15:29,509 --> 00:15:27,420

yeah to be more precise than the the

372

00:15:32,150 --> 00:15:29,519

area that it was in lit up as a result

373

00:15:35,829 --> 00:15:32,160

of this bright spotlight

374

00:15:40,030 --> 00:15:35,839

and yet you were able to see the entire

375

00:15:42,710 --> 00:15:40,040

object to describe it as cylinder well

376

00:15:44,870 --> 00:15:42,720

to say that we could see that I could

377

00:15:47,389 --> 00:15:44,880

see the entire object isn't really

378

00:15:49,009 --> 00:15:47,399

correct because it just from the lights

379

00:15:50,090 --> 00:15:49,019

that were on it

380

00:15:51,230 --> 00:15:50,100

you know I could see it there was a

381

00:15:52,850 --> 00:15:51,240

light on the bottom the bright light on

382

00:15:53,689 --> 00:15:52,860

the bottom the green and red light at

383

00:15:56,449 --> 00:15:53,699

the top

384

00:15:58,370 --> 00:15:56,459

and the fluorescent type effect or the

385

00:16:00,110 --> 00:15:58,380

eliminating effect in the center and the

386

00:16:02,210 --> 00:16:00,120

window pane effect

387

00:16:04,009 --> 00:16:02,220

and the way it could turn

388

00:16:08,449 --> 00:16:04,019

I

389

00:16:10,430 --> 00:16:08,459

mean that's the only the only shade that

390

00:16:12,350 --> 00:16:10,440

I could visualize it ever being it

391

00:16:14,870 --> 00:16:12,360

looked like it was silver in color

392

00:16:19,129 --> 00:16:14,880

silver

393

00:16:21,889 --> 00:16:19,139

and I I really didn't notice that

394

00:16:23,689 --> 00:16:21,899

you mentioned something else I think we

395

00:16:27,470 --> 00:16:23,699

should pick up on you mentioned levels

396

00:16:30,050 --> 00:16:27,480

or layers yes yeah it seemed to

397

00:16:32,210 --> 00:16:30,060

because the

398

00:16:34,790 --> 00:16:32,220

Craft Like I said had the lights top the

399

00:16:37,550 --> 00:16:34,800

bottom and the panes the pains seemed to

400

00:16:39,170 --> 00:16:37,560

divide it I mean the distance from the

401
00:16:41,569 --> 00:16:39,180
top where the lights were

402
00:16:43,129 --> 00:16:41,579
to the window panes and from the window

403
00:16:45,530 --> 00:16:43,139
panes of the white light at the bottom

404
00:16:48,710 --> 00:16:45,540
seem to be

405
00:16:50,210 --> 00:16:48,720
just really a large gap I mean so much

406
00:16:53,030 --> 00:16:50,220
of a gap that it couldn't possibly be

407
00:16:55,910 --> 00:16:53,040
one you know like one large shell I mean

408
00:16:57,410 --> 00:16:55,920
let's pretty tall or at elevators or

409
00:16:59,689 --> 00:16:57,420
something I don't know but

410
00:17:01,370 --> 00:16:59,699
do you have an approximate size of the

411
00:17:04,929 --> 00:17:01,380
object I mean

412
00:17:07,370 --> 00:17:04,939
even let's say very big

413
00:17:10,130 --> 00:17:07,380

small and from what you're saying it was

414

00:17:11,870 --> 00:17:10,140

very big I would say our object was

415

00:17:15,169 --> 00:17:11,880

extremely large

416

00:17:16,069 --> 00:17:15,179

I don't know how it compared to a 747 or

417

00:17:18,049 --> 00:17:16,079

anything like that it's been

418

00:17:21,590 --> 00:17:18,059

considerable time since I've seen it

419

00:17:22,490 --> 00:17:21,600

but I would say it was it was larger

420

00:17:24,530 --> 00:17:22,500

than

421

00:17:26,990 --> 00:17:24,540

most conventional aircraft yeah we need

422

00:17:28,189 --> 00:17:27,000

something to to compare it to now it's

423

00:17:33,530 --> 00:17:28,199

good

424

00:17:37,669 --> 00:17:35,570

can you remember anything that they said

425

00:17:39,950 --> 00:17:37,679

when you called it in

426
00:17:42,770 --> 00:17:39,960
and first of all how many people saw

427
00:17:44,930 --> 00:17:42,780
this the three of you that the Johnsons

428
00:17:47,630 --> 00:17:44,940
Mr Mr Johnson that's five two other

429
00:17:49,730 --> 00:17:47,640
brothers two other brothers no parents

430
00:17:53,029 --> 00:17:49,740
and your parents so nine their two

431
00:17:55,789 --> 00:17:53,039
children yeah okay 11 people then 11

432
00:17:57,529 --> 00:17:55,799
people and they all would verify this

433
00:18:00,169 --> 00:17:57,539
that they saw it and they would all

434
00:18:03,289 --> 00:18:00,179
agree and I assume you've all talked

435
00:18:05,330 --> 00:18:03,299
about this is to watch yourself well

436
00:18:08,150 --> 00:18:05,340
John since I haven't seen them since I

437
00:18:10,970 --> 00:18:08,160
moved has been probably six seven years

438
00:18:12,950 --> 00:18:10,980

but I would like to hope that the thing

439

00:18:15,169 --> 00:18:12,960

that they would verify it because they

440

00:18:17,690 --> 00:18:15,179

did see it okay that's a sizable number

441

00:18:20,270 --> 00:18:17,700

of people I mean 11 people to see the

442

00:18:22,130 --> 00:18:20,280

same object at the same time did you

443

00:18:24,110 --> 00:18:22,140

tell the authorities all this did you go

444

00:18:27,830 --> 00:18:24,120

into as much detail as we're going into

445

00:18:29,870 --> 00:18:27,840

today no we just simply called Fairfield

446

00:18:31,370 --> 00:18:29,880

to find if there was any sightings of

447

00:18:33,650 --> 00:18:31,380

any or if there was any aircraft in the

448

00:18:36,049 --> 00:18:33,660

area they said no that was more or less

449

00:18:38,150 --> 00:18:36,059

conversation we hung up and supposedly

450

00:18:40,330 --> 00:18:38,160

the neighbors called the sheriff to find

451
00:18:43,430 --> 00:18:40,340
out if anybody else reported anything

452
00:18:44,630 --> 00:18:43,440
and he said well we don't think so and

453
00:18:46,430 --> 00:18:44,640
that was about the size of that we

454
00:18:49,310 --> 00:18:46,440
talked to share with yourself no we did

455
00:18:52,190 --> 00:18:49,320
not neither of you sure so you called

456
00:18:53,990 --> 00:18:52,200
two people or you called Bearfield and

457
00:18:55,850 --> 00:18:54,000
the sheriff was called by somebody else

458
00:18:59,210 --> 00:18:55,860
yes

459
00:19:00,250 --> 00:18:59,220
had anybody else reported seeing this on

460
00:19:02,270 --> 00:19:00,260
that day

461
00:19:04,370 --> 00:19:02,280
knocked my knowledge no one's ever

462
00:19:07,789 --> 00:19:04,380
knowledge nobody else had called in with

463
00:19:10,430 --> 00:19:07,799

a sighting Fairfield had not tracked it

464

00:19:13,549 --> 00:19:10,440

on the radar no they said they hadn't

465

00:19:16,909 --> 00:19:13,559

they said they had not

466

00:19:19,370 --> 00:19:16,919

and did barefield did the people at

467

00:19:20,810 --> 00:19:19,380

Bearfield just kind of dismiss you or is

468

00:19:24,049 --> 00:19:20,820

that around your

469

00:19:26,029 --> 00:19:24,059

hallucinating kind of well we never when

470

00:19:29,330 --> 00:19:26,039

we called we didn't really say hey we've

471

00:19:31,130 --> 00:19:29,340

seen a UFO we just called and asked are

472

00:19:33,770 --> 00:19:31,140

there aircraft in the area

473

00:19:36,830 --> 00:19:33,780

and we specified here it was you know

474

00:19:40,430 --> 00:19:36,840

concerned about and they said no did you

475

00:19:41,930 --> 00:19:40,440

tell them in any way what you saw no you

476
00:19:44,690 --> 00:19:41,940
did not

477
00:19:46,010 --> 00:19:44,700
but when the sheriff was called what was

478
00:19:48,289 --> 00:19:46,020
he told

479
00:19:50,270 --> 00:19:48,299
that you saw an object well we're not

480
00:19:51,169 --> 00:19:50,280
exactly sure of that because we didn't

481
00:19:54,529 --> 00:19:51,179
call

482
00:19:59,029 --> 00:19:54,539
it was as far as a note with Mr Johnson

483
00:20:03,890 --> 00:20:01,450
so as far as you know really you you you

484
00:20:06,110 --> 00:20:03,900
didn't really report it to Bear field

485
00:20:09,310 --> 00:20:06,120
you simply asked if they had spotted

486
00:20:13,010 --> 00:20:09,320
anything unusual on their radar okay

487
00:20:15,470 --> 00:20:13,020
would would you say that you're

488
00:20:17,330 --> 00:20:15,480

convinced are you convinced that what

489

00:20:18,950 --> 00:20:17,340

you saw was not

490

00:20:22,029 --> 00:20:18,960

an aircraft

491

00:20:26,090 --> 00:20:22,039

that is a normal aircraft yes

492

00:20:28,909 --> 00:20:26,100

no I don't think it was an airplane oh

493

00:20:30,049 --> 00:20:28,919

we know today I mean it may be some may

494

00:20:32,090 --> 00:20:30,059

have been something that the government

495

00:20:34,850 --> 00:20:32,100

government had as far as experimental

496

00:20:36,710 --> 00:20:34,860

they want to admit to but it's

497

00:20:38,330 --> 00:20:36,720

lowa steaks about anything in the fact

498

00:20:40,070 --> 00:20:38,340

that it was not anything that I've ever

499

00:20:42,230 --> 00:20:40,080

seen and I spent four years in the

500

00:20:45,710 --> 00:20:42,240

military and I've seen a lot of aircraft

501
00:20:47,210 --> 00:20:45,720
and what branch of the military Navy in

502
00:20:49,610 --> 00:20:47,220
Okay so

503
00:20:52,310 --> 00:20:49,620
are you convinced that it was not a norm

504
00:20:54,950 --> 00:20:52,320
where I'm from I am convinced it wasn't

505
00:20:56,510 --> 00:20:54,960
nice I haven't seen any anything like it

506
00:20:59,570 --> 00:20:56,520
since or

507
00:21:02,330 --> 00:20:59,580
even compare in size or and looks or the

508
00:21:04,549 --> 00:21:02,340
lights it had on it or anything are you

509
00:21:06,350 --> 00:21:04,559
convinced yes

510
00:21:07,510 --> 00:21:06,360
it's like my brother said I don't I

511
00:21:10,370 --> 00:21:07,520
don't

512
00:21:12,110 --> 00:21:10,380
necessarily think it was a UFO from

513
00:21:14,090 --> 00:21:12,120

outer space or anything I think it was

514

00:21:17,930 --> 00:21:14,100

more probably our own

515

00:21:21,590 --> 00:21:17,940

than something from well why why do you

516

00:21:23,570 --> 00:21:21,600

think that I know well because do you

517

00:21:26,270 --> 00:21:23,580

believe in the possibility of aircraft

518

00:21:27,590 --> 00:21:26,280

oh yes if we can travel to outer space

519

00:21:28,370 --> 00:21:27,600

and other plants why can't they come

520

00:21:34,430 --> 00:21:28,380

here

521

00:21:36,590 --> 00:21:34,440

planets yeah why not okay possible but

522

00:21:39,230 --> 00:21:36,600

you're you you think there is the

523

00:21:41,930 --> 00:21:39,240

possibility of aircraft from another

524

00:21:43,730 --> 00:21:41,940

planet UFO but in this particular case

525

00:21:46,490 --> 00:21:43,740

you're more inclined to think that it

526

00:21:48,830 --> 00:21:46,500

was a United States yeah kind of

527

00:21:50,690 --> 00:21:48,840

experimental plane or aircraft well I

528

00:21:51,950 --> 00:21:50,700

just myself I just feel that could be a

529

00:21:54,049 --> 00:21:51,960

possibility

530

00:21:56,570 --> 00:21:54,059

from the way it maneuvered I feel the

531

00:21:58,430 --> 00:21:56,580

United States had anything like that it

532

00:22:00,590 --> 00:21:58,440

had been out long it had been out since

533

00:22:03,169 --> 00:22:00,600

that sighting yeah we've there's been

534

00:22:06,590 --> 00:22:03,179

nothing come out and I myself feel that

535

00:22:08,210 --> 00:22:06,600

it was a UFO okay but you you would be

536

00:22:10,549 --> 00:22:08,220

more inclined to think that it was just

537

00:22:13,430 --> 00:22:10,559

some kind of experimental aircraft well

538

00:22:16,789 --> 00:22:13,440

it could be it could be okay you're not

539

00:22:18,950 --> 00:22:16,799

you would all say it could be but you're

540

00:22:21,830 --> 00:22:18,960

you would believe that it's a

541

00:22:23,450 --> 00:22:21,840

UFO oh it's too big UFO if it was

542

00:22:25,130 --> 00:22:23,460

something from our government because if

543

00:22:27,230 --> 00:22:25,140

it was it never brought it out so it's

544

00:22:28,370 --> 00:22:27,240

still classes UFO yeah that's a good

545

00:22:35,930 --> 00:22:28,380

point

546

00:22:42,169 --> 00:22:38,870

so that in closing we could say that

547

00:22:43,070 --> 00:22:42,179

from every way that we describe an

548

00:22:47,630 --> 00:22:43,080

object

549

00:22:51,110 --> 00:22:47,640

size the apparatus connected with it the

550

00:22:53,289 --> 00:22:51,120

lights the red green lights it's flying

551

00:22:56,690 --> 00:22:53,299

maneuverability it's going up and down

552

00:23:00,230 --> 00:22:56,700

sideways back and forth from all these

553

00:23:03,169 --> 00:23:00,240

different things it did not fit in any

554

00:23:05,690 --> 00:23:03,179

way any conventional kind of aircraft
