

1
00:00:08,089 --> 00:00:05,990
all I recall is several people using the

2
00:00:10,250 --> 00:00:08,099
word Roswell

3
00:00:11,810 --> 00:00:10,260
and that must be where the crash occurs

4
00:00:13,610 --> 00:00:11,820
in and then they brought them to the

5
00:00:16,790 --> 00:00:13,620
other place it looked like an at an

6
00:00:19,430 --> 00:00:16,800
airport facility where there was like a

7
00:00:21,650 --> 00:00:19,440
rather good-sized building a hangar

8
00:00:23,750 --> 00:00:21,660
where they had the spaceship and that

9
00:00:26,509 --> 00:00:23,760
where they had the bodies

10
00:00:27,950 --> 00:00:26,519
was it an intact ship

11
00:00:33,650 --> 00:00:27,960
no

12
00:00:34,790 --> 00:00:33,660
was there anything written on the ship

13
00:00:39,950 --> 00:00:34,800

no

14

00:00:42,110 --> 00:00:39,960

kidneys by the time I saw it can you

15

00:00:44,869 --> 00:00:42,120

describe what it looked like yeah did

16

00:00:46,729 --> 00:00:44,879

you touch these yeah they didn't let me

17

00:00:48,410 --> 00:00:46,739

do that but the other people were

18

00:00:50,270 --> 00:00:48,420

committed to do that because they were

19

00:00:52,010 --> 00:00:50,280

very curious about knowing what kind of

20

00:00:55,010 --> 00:00:52,020

materials they were

21

00:01:10,609 --> 00:00:55,020

the

22

00:01:13,370 --> 00:01:10,619

but when you looked at it and you were

23

00:01:16,969 --> 00:01:13,380

close to it it was rather dull

24

00:01:19,749 --> 00:01:16,979

so it had to be energy reflective or

25

00:01:21,649 --> 00:01:19,759

translucent or

26

00:01:24,950 --> 00:01:21,659

glowing

27

00:01:27,590 --> 00:01:24,960

and it was

28

00:01:31,690 --> 00:01:27,600

a disc shaped

29

00:01:34,450 --> 00:01:31,700

and it was not too high it was sort of

30

00:01:37,490 --> 00:01:34,460

concave you know

31

00:01:41,450 --> 00:01:37,500

how big was

32

00:01:41,460 --> 00:01:44,990

it was uh

33

00:01:51,109 --> 00:01:48,830

I'm very bad at a large room and it was

34

00:01:53,350 --> 00:01:51,119

easily one-fourth the size of the room

35

00:01:56,270 --> 00:01:53,360

it was in

36

00:01:59,030 --> 00:01:56,280

were you able to go inside

37

00:02:02,450 --> 00:01:59,040

no I wanted to but the others did go

38

00:02:04,910 --> 00:02:02,460

inside yeah they went inside I was not

39

00:02:06,770 --> 00:02:04,920

permitted to do that not being one of

40

00:02:08,749 --> 00:02:06,780

the others I was just one of the Gophers

41

00:02:10,729 --> 00:02:08,759

you know going for this going for that

42

00:02:12,229 --> 00:02:10,739

you know I was nobody

43

00:02:15,770 --> 00:02:12,239

that was nobody

44

00:02:18,530 --> 00:02:15,780

but they went inside they also wanted to

45

00:02:20,210 --> 00:02:18,540

see the method of propulsion they were

46

00:02:22,309 --> 00:02:20,220

interested to see if they wanted to see

47

00:02:26,470 --> 00:02:22,319

if they had any other

48

00:02:29,809 --> 00:02:26,480

types of control devices or

49

00:02:32,990 --> 00:02:29,819

communication devices or what kind of

50

00:02:34,729 --> 00:02:33,000

even things they had for the journey in

51
00:02:37,670 --> 00:02:34,739
other words if they had come such a long

52
00:02:41,030 --> 00:02:37,680
distance how are they able to do that

53
00:02:42,589 --> 00:02:41,040
and so forth you know what you and I

54
00:02:45,290 --> 00:02:42,599
would call food

55
00:02:47,589 --> 00:02:45,300
or respiratory gases you know what did

56
00:02:49,490 --> 00:02:47,599
they use they were very interested in

57
00:02:51,650 --> 00:02:49,500
identifying that

58
00:02:53,809 --> 00:02:51,660
it looked like in

59
00:02:56,570 --> 00:02:53,819
some of them told me yes and it's it's

60
00:02:58,910 --> 00:02:56,580
very much oddly like a lot of science

61
00:03:01,850 --> 00:02:58,920
fiction movies today

62
00:03:04,610 --> 00:03:01,860
a lot of equipment very trim

63
00:03:06,610 --> 00:03:04,620

all along the perimeter

64

00:03:09,410 --> 00:03:06,620

things that would come up from the floor

65

00:03:13,610 --> 00:03:09,420

automatically pods that would come out

66

00:03:17,750 --> 00:03:14,630

um

67

00:03:20,270 --> 00:03:17,760

can you tell us a little bit about the

68

00:03:22,790 --> 00:03:20,280

the beings and

69

00:03:24,710 --> 00:03:22,800

communicating pathic what kind of

70

00:03:31,790 --> 00:03:24,720

information was given did they ask you

71

00:03:38,449 --> 00:03:34,070

them several questions and they asked us

72

00:03:41,210 --> 00:03:38,459

several questions not myself

73

00:03:44,089 --> 00:03:41,220

individually or me particularly but the

74

00:03:49,789 --> 00:03:44,099

people I was people I was with

75

00:03:54,350 --> 00:03:53,210

wanted to know they wanted to know how

76

00:03:57,550 --> 00:03:54,360

long

77

00:04:03,410 --> 00:04:00,649

they wanted to know if there were some

78

00:04:05,830 --> 00:04:03,420

conditions that terminated what we call

79

00:04:07,910 --> 00:04:05,840

quote unquote our life

80

00:04:09,710 --> 00:04:07,920

in other words what you and I would

81

00:04:12,229 --> 00:04:09,720

consider diseases

82

00:04:14,449 --> 00:04:12,239

or stresses on our body to terminate our

83

00:04:19,189 --> 00:04:14,459

life

84

00:04:19,199 --> 00:04:23,560

asked let me see if I can remember

85

00:04:27,590 --> 00:04:25,909

[Music]

86

00:04:29,570 --> 00:04:27,600

I thought I'd never forget some of this

87

00:04:31,150 --> 00:04:29,580

I don't know why my mind is so blank on

88

00:04:35,510 --> 00:04:31,160

some of these things

89

00:04:37,969 --> 00:04:35,520

they asked a lot of the scientists uh

90

00:04:41,570 --> 00:04:37,979

what was their

91

00:04:44,930 --> 00:04:41,580

best system of going out into the

92

00:04:48,249 --> 00:04:44,940

atmosphere or going into the ocean and

93

00:04:53,330 --> 00:04:48,259

How Deeply we had penetrated

94

00:04:58,249 --> 00:04:56,270

and of course they were very quick to

95

00:05:04,969 --> 00:04:58,259

let us know

96

00:05:09,830 --> 00:05:07,370

um they

97

00:05:11,450 --> 00:05:09,840

they did not Menace us or threaten us at

98

00:05:13,430 --> 00:05:11,460

all because they knew right away we were

99

00:05:17,330 --> 00:05:13,440

intellectually inferior

100

00:05:19,490 --> 00:05:17,340

and scientifically inferior

101
00:05:21,290 --> 00:05:19,500
then how was it that they crashed was

102
00:05:23,689 --> 00:05:21,300
there any information about that if they

103
00:05:25,550 --> 00:05:23,699
have such technology how is it that

104
00:05:27,290 --> 00:05:25,560
something had gone wrong and that was

105
00:05:29,749 --> 00:05:27,300
one of the major things that we asked

106
00:05:31,490 --> 00:05:29,759
them we asked them what they ate we

107
00:05:35,210 --> 00:05:31,500
asked them what kind of gases they

108
00:05:38,110 --> 00:05:35,220
needed we asked them about their life

109
00:05:41,270 --> 00:05:38,120
support their

110
00:05:44,029 --> 00:05:41,280
origin we asked them what they use for

111
00:05:46,189 --> 00:05:44,039
propulsion we asked them what there was

112
00:05:48,890 --> 00:05:46,199
things things like that and we asked

113
00:05:51,950 --> 00:05:48,900

them what they thought went wrong

114

00:05:55,010 --> 00:05:51,960

you know if and why they were first of

115

00:05:57,170 --> 00:05:55,020

all even coming here why did they come

116

00:05:59,150 --> 00:05:57,180

to visit us

117

00:06:01,430 --> 00:05:59,160

do you remember what they said obviously

118

00:06:04,010 --> 00:06:01,440

they're so obviously Superior why would

119

00:06:06,230 --> 00:06:04,020

they want to come to Earth what did they

120

00:06:12,830 --> 00:06:10,010

well this one indicated

121

00:06:13,969 --> 00:06:12,840

at least telepathically like they I

122

00:06:17,029 --> 00:06:13,979

think it

123

00:06:21,189 --> 00:06:17,039

they don't have a sex like we do so I

124

00:06:27,110 --> 00:06:21,199

can't say here see or something uh

125

00:06:27,120 --> 00:06:31,430

they were exploring

126

00:06:35,930 --> 00:06:34,249

intergalactic Galactic base what we

127

00:06:37,550 --> 00:06:35,940

would call Intergalactic space you

128

00:06:41,570 --> 00:06:37,560

didn't call it that

129

00:06:43,070 --> 00:06:41,580

uh search a better Source than where

130

00:06:47,689 --> 00:06:43,080

they were

131

00:06:49,490 --> 00:06:47,699

they are from

132

00:06:51,710 --> 00:06:49,500

because of some physical condition

133

00:06:54,830 --> 00:06:51,720

energy wise

134

00:06:58,070 --> 00:06:54,840

and they needed to go some other place

135

00:06:59,930 --> 00:06:58,080

and so we took it but they were wanting

136

00:07:02,029 --> 00:06:59,940

to maybe colonize

137

00:07:04,070 --> 00:07:02,039

some other place

138

00:07:06,110 --> 00:07:04,080

and they were finding that Earth was

139

00:07:08,749 --> 00:07:06,120

entirely unsuitable too and that's why

140

00:07:09,529 --> 00:07:08,759

they were because they found out that we

141

00:07:11,749 --> 00:07:09,539

are

142

00:07:14,170 --> 00:07:11,759

not at their level at all they had

143

00:07:16,770 --> 00:07:14,180

nothing to fear from us

144

00:07:20,629 --> 00:07:16,780

a little bit now

145

00:07:24,469 --> 00:07:22,670

but they still didn't know what happened

146

00:07:27,050 --> 00:07:24,479

to their propulsion system that would

147

00:07:28,969 --> 00:07:27,060

have brought them down well they didn't

148

00:07:30,650 --> 00:07:28,979

exactly know they knew that it was a

149

00:07:33,469 --> 00:07:30,660

malfunction of something but they they

150

00:07:36,529 --> 00:07:33,479

didn't know and in fact One Beat Just on

151
00:07:38,450 --> 00:07:36,539
the verge of trying to

152
00:07:40,969 --> 00:07:38,460
go with a couple engineers and

153
00:07:43,850 --> 00:07:40,979
scientists into it in more detail when

154
00:07:45,830 --> 00:07:43,860
he's succumbed it's a company

155
00:07:49,010 --> 00:07:45,840
and they couldn't drink in there were

156
00:07:51,290 --> 00:07:49,020
they only one ship or did they were they

157
00:07:54,230 --> 00:07:51,300
just a there by themselves as a scout

158
00:07:55,610 --> 00:07:54,240
ship for what were there any others in

159
00:07:58,850 --> 00:07:55,620
the Armada

160
00:08:00,710 --> 00:07:58,860
they claimed there were eight that was a

161
00:08:02,689 --> 00:08:00,720
Maverick that somehow

162
00:08:05,629 --> 00:08:02,699
lost

163
00:08:08,029 --> 00:08:05,639

physician or something I don't know what

164

00:08:09,350 --> 00:08:08,039

it was a Time Warp or what that they got

165

00:08:10,969 --> 00:08:09,360

out of

166

00:08:13,969 --> 00:08:10,979

the direction where the others were even

167

00:08:20,930 --> 00:08:16,309

and

168

00:08:24,890 --> 00:08:20,940

one ship he claimed crashed in Siberia

169

00:08:26,330 --> 00:08:24,900

in the same group thanks of course he

170

00:08:29,029 --> 00:08:26,340

didn't know what it was called but we

171

00:08:32,029 --> 00:08:29,039

told them it's the United States

172

00:08:35,329 --> 00:08:32,039

did he say where they were from and what

173

00:08:37,430 --> 00:08:35,339

star system you said and were they from

174

00:08:39,949 --> 00:08:37,440

this galaxy

175

00:08:42,350 --> 00:08:39,959

they indicated to us that they were not

176
00:08:43,550 --> 00:08:42,360
from our galaxy definitely not from our

177
00:08:45,410 --> 00:08:43,560
galaxy

178
00:08:48,290 --> 00:08:45,420
and the uh

179
00:08:51,050 --> 00:08:48,300
star system name was absolute gibberish

180
00:08:53,630 --> 00:08:51,060
to us we didn't know

181
00:08:55,670 --> 00:08:53,640
was that at that point in time uh do you

182
00:08:58,790 --> 00:08:55,680
have any knowledge whether we found that

183
00:09:05,030 --> 00:09:01,130
so far as I know we still have it

184
00:09:09,410 --> 00:09:05,949
um

185
00:09:11,269 --> 00:09:09,420
what do and how many people were around

186
00:09:12,650 --> 00:09:11,279
when you were doing or were there

187
00:09:14,150 --> 00:09:12,660
government people were there other

188
00:09:15,889 --> 00:09:14,160

scientists and the people there were

189

00:09:17,329 --> 00:09:15,899

military people there were scientists

190

00:09:20,210 --> 00:09:17,339

there were

191

00:09:22,490 --> 00:09:20,220

lower Echelon people

192

00:09:25,930 --> 00:09:22,500

there were many individuals about about

193

00:09:29,269 --> 00:09:25,940

both men and women many people

194

00:09:31,790 --> 00:09:29,279

how did you get from where you were with

195

00:09:33,829 --> 00:09:31,800

the scientist you were with to that

196

00:09:38,030 --> 00:09:33,839

point of where the shipping military

197

00:09:42,710 --> 00:09:40,190

um were you interrogated at all before

198

00:09:44,930 --> 00:09:42,720

they allowed you to see this

199

00:09:47,750 --> 00:09:44,940

no because I was just sort of in the

200

00:09:50,930 --> 00:09:47,760

background and I I was just you know I

201
00:09:54,889 --> 00:09:50,940
had no positive

202
00:09:57,590 --> 00:09:54,899
even fifth or sixth line interest in it

203
00:10:00,110 --> 00:09:57,600
or anything I was just a vegan assisting

204
00:10:03,410 --> 00:10:00,120
the scientists that I was with

205
00:10:05,750 --> 00:10:03,420
and part of his Entourage so to speak

206
00:10:07,310 --> 00:10:05,760
and that's why I was there and I was

207
00:10:09,949 --> 00:10:07,320
just permitted to be there

208
00:10:14,269 --> 00:10:09,959
how did you feel when you saw this and

209
00:10:22,250 --> 00:10:17,990
well I was quite overwhelmed and odd I I

210
00:10:24,410 --> 00:10:22,260
uh real or fantasy I wondered whether

211
00:10:29,170 --> 00:10:24,420
there was somebody

212
00:10:32,280 --> 00:10:30,710
[Music]

213
00:10:33,970 --> 00:10:32,290

untruth on us

214

00:10:35,870 --> 00:10:33,980

[Music]

215

00:10:38,150 --> 00:10:35,880

and

216

00:10:39,650 --> 00:10:38,160

it's just that the people there was such

217

00:10:42,410 --> 00:10:39,660

activity

218

00:10:50,930 --> 00:10:42,420

and be here and interest on a part of

219

00:10:56,949 --> 00:10:53,150

but otherwise you'd think you were

220

00:11:00,410 --> 00:10:56,959

almost in part of some science fiction

221

00:11:02,030 --> 00:11:00,420

betrayal I mean you know some set or

222

00:11:03,889 --> 00:11:02,040

something

223

00:11:06,889 --> 00:11:03,899

did you have a security classification

224

00:11:09,170 --> 00:11:06,899

at that point in time or they just let

225

00:11:11,389 --> 00:11:09,180

you in without and kind of we all had

226

00:11:13,910 --> 00:11:11,399

the security clearance

227

00:11:15,829 --> 00:11:13,920

was that immediately before you went

228

00:11:18,410 --> 00:11:15,839

there or had you had one when you were

229

00:11:21,700 --> 00:11:18,420

working with uh

230

00:11:26,810 --> 00:11:23,449

[Music]

231

00:11:28,250 --> 00:11:26,820

and that secures security clearance was

232

00:11:30,410 --> 00:11:28,260

respected

233

00:11:34,550 --> 00:11:30,420

the only reason we could go is that's a

234

00:11:37,069 --> 00:11:34,560

craft or did they deactivate it after it

235

00:11:40,009 --> 00:11:37,079

was immediately deactivated

236

00:11:41,630 --> 00:11:40,019

in the other experiences you've had the

237

00:11:44,930 --> 00:11:41,640

other work you've done did you ever have

238

00:11:47,750 --> 00:11:44,940

any other kinds of security clearances

239

00:11:50,930 --> 00:11:47,760

I've never had a necessity since to have

240

00:11:53,750 --> 00:11:50,940

a security clearance no do you I've had

241

00:11:56,389 --> 00:11:53,760

a paper by the government

242

00:11:58,490 --> 00:11:56,399

on the ultimate structure of matter and

243

00:12:00,829 --> 00:11:58,500

National Academy of Science but I have

244

00:12:02,870 --> 00:12:00,839

had no security clearance

245

00:12:05,569 --> 00:12:02,880

do you remember what they call that

246

00:12:10,490 --> 00:12:05,579

clearance that you had did you have did

247

00:12:10,500 --> 00:12:16,130

I don't even recall that except A5

248

00:12:21,230 --> 00:12:19,009

I don't I don't I'd have to look that up

249

00:12:23,389 --> 00:12:21,240

I don't know whether I even have a note

250

00:12:24,829 --> 00:12:23,399

on that

251

00:12:27,470 --> 00:12:24,839

oh

252

00:12:30,230 --> 00:12:27,480

the program that you're working on with

253

00:12:32,569 --> 00:12:30,240

uh with Einstein was it funded by the

254

00:12:34,430 --> 00:12:32,579

government or was it a university grant

255

00:12:38,090 --> 00:12:34,440

grant

256

00:12:41,449 --> 00:12:38,100

to him at that University at that time

257

00:12:42,889 --> 00:12:41,459

to have outstanding students from around

258

00:12:44,930 --> 00:12:42,899

the country

259

00:12:48,110 --> 00:12:44,940

picked to work with him that particular

260

00:12:50,509 --> 00:12:48,120

summer in nuclear chemistry

261

00:12:52,790 --> 00:12:50,519

did you have a title that was given to

262

00:12:54,470 --> 00:12:52,800

you while you worked there special

263

00:12:58,370 --> 00:12:54,480

student

264

00:13:00,129 --> 00:12:58,380

no

265

00:13:04,129 --> 00:13:00,139

I was the only student

266

00:13:06,050 --> 00:13:04,139

lucky you come on I was his pet I have

267

00:13:07,850 --> 00:13:06,060

to admit that

268

00:13:11,690 --> 00:13:07,860

I was

269

00:13:14,269 --> 00:13:11,700

I have president that there were 29 and

270

00:13:15,470 --> 00:13:14,279

I had some Were You There When the only

271

00:13:19,790 --> 00:13:15,480

girl either

272

00:13:22,790 --> 00:13:19,800

when the the last alien crash died were

273

00:13:26,150 --> 00:13:22,800

you there at that point in time

274

00:13:30,230 --> 00:13:26,160

no I wasn't I was uh I was back at the

275

00:13:32,569 --> 00:13:30,240

motel in a city nearby and I had been

276

00:13:35,269 --> 00:13:32,579

told and I was pretty would be able to

277

00:13:38,030 --> 00:13:35,279

keep being alive

278

00:13:40,250 --> 00:13:38,040

how many were there originally

279

00:13:46,670 --> 00:13:40,260

nine

280

00:13:48,230 --> 00:13:46,680

we communicated with that one so there

281

00:13:50,930 --> 00:13:48,240

were nine

282

00:13:54,470 --> 00:13:50,940

and can you describe they were

283

00:13:57,170 --> 00:13:54,480

oh I sure can I remember that very well

284

00:14:00,470 --> 00:13:57,180

they were

285

00:14:04,790 --> 00:14:00,480

a very light soft

286

00:14:08,110 --> 00:14:04,800

uh great I call it grayish green really

287

00:14:11,350 --> 00:14:08,120

and they had a slim lean

288

00:14:15,230 --> 00:14:11,360

uh they had no nose but they had

289

00:14:17,389 --> 00:14:15,240

markings where a nose

290

00:14:21,410 --> 00:14:17,399

opening would be

291

00:14:23,690 --> 00:14:21,420

they had eyes and a mouth no eyebrows

292

00:14:27,110 --> 00:14:23,700

they had ears

293

00:14:30,350 --> 00:14:27,120

they had a very forehead and I'd say

294

00:14:34,569 --> 00:14:30,360

relative to the rest of their body

295

00:14:37,310 --> 00:14:34,579

and the ones that I saw were

296

00:14:39,470 --> 00:14:37,320

approximately maybe uh

297

00:14:41,509 --> 00:14:39,480

five feet tall

298

00:14:43,850 --> 00:14:41,519

five feet five something that that

299

00:14:44,870 --> 00:14:43,860

they're small by what a mannered on

300

00:14:47,389 --> 00:14:44,880

Earth

301

00:14:51,069 --> 00:14:47,399

what did their eyes look like

302

00:14:53,509 --> 00:14:51,079

Their Eyes Were enormous they were

303

00:14:57,290 --> 00:14:53,519

very prominent they were the most

304

00:14:59,810 --> 00:14:57,300

obvious thing you'd see on their face

305

00:15:03,350 --> 00:14:59,820

were there any pupils

306

00:15:07,009 --> 00:15:03,360

I noticed but I never saw any pupils

307

00:15:14,150 --> 00:15:10,430

were almost uh

308

00:15:16,730 --> 00:15:14,160

brown black they were very very dark

309

00:15:19,430 --> 00:15:16,740

were they all the same color in terms of

310

00:15:22,550 --> 00:15:19,440

the oh yes

311

00:15:25,850 --> 00:15:22,560

did they have any kind of clothing on

312

00:15:28,630 --> 00:15:25,860

yes they had suits on what did they look

313

00:15:36,829 --> 00:15:31,009

[Music]

314

00:15:40,970 --> 00:15:38,810

the only thing was though that I didn't

315

00:15:44,150 --> 00:15:40,980

recognize the fabric

316

00:15:46,550 --> 00:15:44,160

it didn't look like any fabric that I

317

00:15:48,949 --> 00:15:46,560

would know as a chemist or even today

318

00:15:59,090 --> 00:15:48,959

that I would recognize was there any

319

00:15:59,100 --> 00:16:02,410

what about their shoes

320

00:16:08,750 --> 00:16:05,449

their shoes were all looked like they

321

00:16:11,810 --> 00:16:08,760

were connected they were in one piece

322

00:16:14,689 --> 00:16:11,820

and their their hands

323

00:16:16,550 --> 00:16:14,699

their limbs were covered

324

00:16:18,829 --> 00:16:16,560

you know right down to what we would

325

00:16:21,350 --> 00:16:18,839

call the wrist

326

00:16:22,670 --> 00:16:21,360

what color was it and did it have was

327

00:16:25,009 --> 00:16:22,680

any kind of trim

328

00:16:27,889 --> 00:16:25,019

you mean the suit itself

329

00:16:31,910 --> 00:16:27,899

oh it had like an Insignia on it

330

00:16:37,790 --> 00:16:33,530

maybe I'd have to draw it for you it

331

00:16:46,189 --> 00:16:42,350

not an artist but it looks like

332

00:16:46,199 --> 00:16:49,850

I didn't know what it meant

333

00:16:56,810 --> 00:16:54,410

it's the Insignia the Insignia was

334

00:16:59,030 --> 00:16:56,820

almost in the middle

335

00:17:01,850 --> 00:16:59,040

the Garment it wasn't off on the side

336

00:17:03,949 --> 00:17:01,860

like we would expect to be did they need

337

00:17:05,270 --> 00:17:03,959

any special breathing apparatuses or

338

00:17:06,829 --> 00:17:05,280

were they did they appear to be

339

00:17:08,809 --> 00:17:06,839

breathing on their own and that was just

340

00:17:09,829 --> 00:17:08,819

amazing things that we were starting

341

00:17:12,230 --> 00:17:09,839

about

342

00:17:13,610 --> 00:17:12,240

where they could apparently survive in

343

00:17:15,949 --> 00:17:13,620

our atmosphere

344

00:17:17,449 --> 00:17:15,959

and they had apparently come such a long

345

00:17:19,789 --> 00:17:17,459

way

346

00:17:22,309 --> 00:17:19,799

did they seem to indicate that the atmos

347

00:17:24,650 --> 00:17:22,319

similar to our breathing

348

00:17:26,750 --> 00:17:24,660

they asked us about that and we asked

349

00:17:29,630 --> 00:17:26,760

them about it yes they seem to indicate

350

00:17:31,190 --> 00:17:29,640

yes that it was quite similar it was not

351

00:17:33,650 --> 00:17:31,200

identical to ours though because they

352

00:17:35,330 --> 00:17:33,660

claimed they had made tests

353

00:17:37,549 --> 00:17:35,340

did they tell you anything about because

354

00:17:40,130 --> 00:17:37,559

of their lifestyle was there

355

00:17:42,529 --> 00:17:40,140

we tried to find that out before we

356

00:17:46,930 --> 00:17:42,539

could they really

357

00:17:49,909 --> 00:17:46,940

we were very interested in not

358

00:17:51,950 --> 00:17:49,919

antagonizing them at all so to the point

359

00:17:55,010 --> 00:17:51,960

where we had them answer too many of

360

00:17:58,490 --> 00:17:55,020

ours so we never really found that out

361

00:18:01,190 --> 00:17:58,500

we just knew that they don't live all

362

00:18:03,470 --> 00:18:01,200

above ground according to what they told

363

00:18:06,830 --> 00:18:03,480

a lot of there's

364

00:18:09,289 --> 00:18:06,840

what we would call Subterranean did they

365

00:18:11,510 --> 00:18:09,299

seem repelled by our parents since they

366

00:18:16,070 --> 00:18:11,520

look so different

367

00:18:18,529 --> 00:18:16,080

oh they they thought we were very odd

368

00:18:21,110 --> 00:18:18,539

since you indicated that they were

369

00:18:23,330 --> 00:18:21,120

either androgynous or had no sex did

370

00:18:25,549 --> 00:18:23,340

they mention how they procreated

371

00:18:27,529 --> 00:18:25,559

that was another thing which we asked

372

00:18:30,770 --> 00:18:27,539

them about and we couldn't pin down

373

00:18:32,930 --> 00:18:30,780

either but no that they had just like we

374

00:18:37,250 --> 00:18:32,940

have at all

375

00:18:39,590 --> 00:18:37,260

did they tell you how they reproduce

376

00:18:41,810 --> 00:18:39,600

did they refuse or they just nobody

377

00:18:44,510 --> 00:18:41,820

broke them

378

00:18:46,549 --> 00:18:44,520

no they agree with that so they really

379

00:18:48,890 --> 00:18:46,559

were kind of limited in what they felt

380

00:18:51,890 --> 00:18:48,900

was appropriate to tell you

381
