1
00:00:10,310 --> 00:00:08,450
records also tell us that during the

2
00:00:12,650 --> 00:00:10,320
reign of Charlemagne there were many

3
00:00:14,870 --> 00:00:12,660
accounts of encounters with tyrants of

4
00:00:17,269 --> 00:00:14,880
the air and their aerial ships

5
00:00:18,769 --> 00:00:17,279
these accounts so concerned Charlemagne

6
00:00:21,349 --> 00:00:18,779
that those reporting such strange

7
00:00:25,189 --> 00:00:21,359
phenomena were subject to torture and

8
00:00:27,050 --> 00:00:25,199
death here is one recorded event given

9
00:00:28,870 --> 00:00:27,060
between the 8th and 9th century in

10
00:00:32,749 --> 00:00:28,880
France

11
00:00:34,729 --> 00:00:32,759
one day among other instances it chanced

12
00:00:36,830 --> 00:00:34,739
at Leon that three men and a woman were

13
00:00:39,290 --> 00:00:36,840

seen descending from these aerial ships

14

00:00:41,690 --> 00:00:39,300

the entire city gathered about them

15

00:00:43,490 --> 00:00:41,700

saying that they were magicians sent by

16

00:00:46,610 --> 00:00:43,500

Charlemagne's enemy to destroy the

17

00:00:48,830 --> 00:00:46,620

French harvest in vain the four innocent

18

00:00:50,569 --> 00:00:48,840

sought to vindicate themselves saying

19

00:00:52,250 --> 00:00:50,579

that they were their own country folk

20

00:00:54,950 --> 00:00:52,260

and had been carried away a short time

21

00:00:57,709 --> 00:00:54,960

since thy miraculous men who had shown

22

00:00:59,330 --> 00:00:57,719

them unheard of Marvels luckily the

23

00:01:01,729 --> 00:00:59,340

bishop of Leon pronounced the incident

24

00:01:03,770 --> 00:01:01,739

as false saying it was not true these

25

00:01:05,750 --> 00:01:03,780

men had fallen from the sky and what the

26
00:01:07,969 --> 00:01:05,760
town folks said they had seen there was

27
00:01:09,530 --> 00:01:07,979
impossible the people believe that their

28
00:01:11,690 --> 00:01:09,540
good Bishop said rather than their own

29
00:01:13,910 --> 00:01:11,700
eyes instead of Liberty the four

30
00:01:16,910 --> 00:01:13,920
ambassadors from the ship

31
00:01:19,010 --> 00:01:16,920
the date was November 12th the year

32
00:01:21,410 --> 00:01:19,020
1887.

33
00:01:24,050 --> 00:01:21,420
time was near midnight aboard the

34
00:01:26,890 --> 00:01:24,060
sailing ship Siberian when it was

35
00:01:30,410 --> 00:01:26,900
reported that several people awardship

36
00:01:33,649 --> 00:01:30,420
witnessed a huge sphere of Fire

37
00:01:37,969 --> 00:01:33,659
it was observed arising out of the ocean

38
00:01:41,030 --> 00:01:37,979

it Rose to an altitude of 16 meters then

39

00:01:43,429 --> 00:01:41,040

flew Against the Wind and came close to

40

00:01:46,850 --> 00:01:43,439

the ship then dashed off toward the

41

00:01:50,929 --> 00:01:46,860

southeast the sighting lasted a full

42

00:01:57,530 --> 00:01:55,429

within the years 1896 and 97 mysterious

43

00:02:00,050 --> 00:01:57,540

airships were reported all across the

44

00:02:02,630 --> 00:02:00,060

United States in Oakland California

45

00:02:04,670 --> 00:02:02,640

group of streetcar passengers reported a

46

00:02:05,929 --> 00:02:04,680

winged cigar that sent out a stream of

47

00:02:07,609 --> 00:02:05,939

bright light

48

00:02:11,270 --> 00:02:07,619

the sighting spread through Colorado

49

00:02:13,910 --> 00:02:11,280

Texas Kansas Nebraska Iowa and many

50

00:02:17,930 --> 00:02:13,920

other states particularly in the Midwest

51
00:02:21,050 --> 00:02:17,940
on April 11 1897 Walter McCann of Rogers

52
00:02:23,390 --> 00:02:21,060
Park a few miles north of Chicago took a

53
00:02:25,130 --> 00:02:23,400
photograph from an Airship the New York

54
00:02:27,290 --> 00:02:25,140
Herald as well as the Chicago Herald

55
00:02:31,670 --> 00:02:27,300
Tribune pronounced the plates as being

56
00:02:38,089 --> 00:02:35,030
Dr Jacques valet International Authority

57
00:02:39,410 --> 00:02:38,099
on the UFO experience first thing I'd

58
00:02:41,990 --> 00:02:39,420
like to dispel

59
00:02:44,630 --> 00:02:42,000
is a frequent misconception that UFOs

60
00:02:46,970 --> 00:02:44,640
are limited to this country very often

61
00:02:49,430 --> 00:02:46,980
people ask me how can I never hear about

62
00:02:52,190 --> 00:02:49,440
UFOs in other parts of the world how can

63
00:02:54,770 --> 00:02:52,200

we only hear about UFOs in America

64
00:02:57,830 --> 00:02:54,780
well UFOs are not an American phenomenon

65
00:02:59,270 --> 00:02:57,840
they are a worldwide phenomenon that's

66
00:03:00,949 --> 00:02:59,280
one of their most dramatic

67
00:03:04,610 --> 00:03:00,959
characteristics

68
00:03:06,530 --> 00:03:04,620
the first major wave of sightings and

69
00:03:09,050 --> 00:03:06,540
sightings tend to come in very intense

70
00:03:12,050 --> 00:03:09,060
series over a couple of months over a

71
00:03:14,030 --> 00:03:12,060
given region of the world the first such

72
00:03:18,589 --> 00:03:14,040
major wave occurred over this

73
00:03:23,990 --> 00:03:20,449
there was a major wave in this country

74
00:03:26,210 --> 00:03:24,000
in 1947 mainly in the western states and

75
00:03:29,809 --> 00:03:26,220
then there have been waves in the U.S in

76
00:03:31,850 --> 00:03:29,819
1950 1952 and so on and there have been

77
00:03:33,530 --> 00:03:31,860
intense concentrations of sightings in

78
00:03:35,589 --> 00:03:33,540
Africa

79
00:03:38,930 --> 00:03:35,599
in Latin America

80
00:03:41,869 --> 00:03:38,940
in Mexico in the Soviet Union in the

81
00:03:44,089 --> 00:03:41,879
People's Republic of China Australia New

82
00:03:46,070 --> 00:03:44,099
Zealand and on and on and on I don't

83
00:03:49,250 --> 00:03:46,080
know of any single country that has not

84
00:03:52,729 --> 00:03:49,260
had a series of UFO sightings

85
00:03:54,770 --> 00:03:52,739
May 1975 Manitoba Canada

86
00:03:57,350 --> 00:03:54,780
unidentified flying objects have been

87
00:03:59,089 --> 00:03:57,360
reported over the small town of Carmen

88
00:04:02,630 --> 00:03:59,099

the objects have been seen by many

89

00:04:07,250 --> 00:04:02,640

witnesses over a period of several weeks

90

00:04:10,550 --> 00:04:07,260

May 13 1975 cameraman Alan Carr of

91

00:04:13,130 --> 00:04:10,560

station CKY in Manitoba photographs two

92

00:04:15,830 --> 00:04:13,140

separate sightings overcoming in front

93

00:04:19,250 --> 00:04:15,840

of four Witnesses the first sighting

94

00:04:21,110 --> 00:04:19,260

occurs at approximately 10 30 pm the

95

00:04:23,270 --> 00:04:21,120

object appears to be stationary just

96

00:04:26,090 --> 00:04:23,280

above the ground then almost

97

00:04:28,969 --> 00:04:26,100

simultaneous with a flash which appears

98

00:04:30,530 --> 00:04:28,979

in the sky the object moves North at

99

00:04:32,810 --> 00:04:30,540

blinding speed

100

00:04:35,990 --> 00:04:32,820

only when the film is later analyzed in

101
00:04:38,749 --> 00:04:36,000
slow motion thus Carr realize what he

102
00:04:41,510 --> 00:04:38,759
has captured photographically

103
00:04:44,510 --> 00:04:41,520
approximately an hour later a second

104
00:04:46,909 --> 00:04:44,520
sighting occurs the object appears over

105
00:04:49,490 --> 00:04:46,919
a group of trees and moves from left to

106
00:04:51,469 --> 00:04:49,500
right at an apparently low relative

107
00:04:54,650 --> 00:04:51,479
altitude to the horizon

108
00:04:56,990 --> 00:04:54,660
again slow motion analysis provides a

109
00:04:58,600 --> 00:04:57,000
fascinating study of this unexplained

110
00:05:03,290 --> 00:04:58,610
event

111
00:05:08,210 --> 00:05:05,629
The astrophysical Institute flew over

112
00:05:10,390 --> 00:05:08,220
its child aboard the Concord packed full

113
00:05:14,390 --> 00:05:10,400

of scientists and scientific apparatus

114

00:05:16,189 --> 00:05:14,400

at 17 000 meters altitude in a Twilight

115

00:05:24,790 --> 00:05:16,199

of a total eclipse

116

00:05:30,409 --> 00:05:27,650

when the photo was enlarged one of the

117

00:05:32,510 --> 00:05:30,419

slides showed which you're not seeing if

118

00:05:34,610 --> 00:05:32,520

you look closely at this Photograph it

119

00:05:38,350 --> 00:05:34,620

resembles exactly what has been cited by

120

00:05:41,689 --> 00:05:38,360

many Americans during 1973 and 74.

121

00:05:45,770 --> 00:05:43,850

as it takes no official position as to

122

00:05:48,170 --> 00:05:45,780

the UFO phenomena and their probable

123

00:05:50,150 --> 00:05:48,180

explanation nevertheless there remains

124

00:05:52,850 --> 00:05:50,160

on the record several unexplainable

125

00:05:55,189 --> 00:05:52,860

sightings by Gemini Apollo and Skylab

126
00:05:56,990 --> 00:05:55,199
astronauts the first sighting occurred

127
00:05:58,850 --> 00:05:57,000
during Gemini 4

128
00:06:01,370 --> 00:05:58,860
of 1965

129
00:06:03,529 --> 00:06:01,380
astronaut Jim mcdiffic suddenly spotted

130
00:06:06,050 --> 00:06:03,539
a cylindrical object with arms and

131
00:06:08,930 --> 00:06:06,060
antenna and when seen against the day

132
00:06:10,670 --> 00:06:08,940
Sky it appeared white or silvery the

133
00:06:11,689 --> 00:06:10,680
object then appeared to be moving toward

134
00:06:13,790 --> 00:06:11,699
the craft

135
00:06:15,710 --> 00:06:13,800
suddenly they lost sight of it

136
00:06:17,510 --> 00:06:15,720
during the sighting the astronauts were

137
00:06:19,969 --> 00:06:17,520
able to take these photographs and movie

138
00:06:22,969 --> 00:06:19,979

films of the UFO

139

00:06:24,950 --> 00:06:22,979

Gemini 5 later that year after three

140

00:06:27,730 --> 00:06:24,960

days and five hours into their mission

141

00:06:30,230 --> 00:06:27,740

were contacted by Houston control center

142

00:06:32,210 --> 00:06:30,240

advising the astronauts that Houston had

143

00:06:34,909 --> 00:06:32,220

picked up and was tracking another

144

00:06:36,529 --> 00:06:34,919

object which was pacing Gemini across

145

00:06:39,650 --> 00:06:36,539

the entire United States

146

00:06:42,650 --> 00:06:39,660

they estimated the UFO between 2 000 to

147

00:06:44,870 --> 00:06:42,660

10 000 yards from the craft and as large

148

00:06:47,270 --> 00:06:44,880

as the Gemini craft itself

149

00:06:49,790 --> 00:06:47,280

because of the limitations of viewing

150

00:06:51,469 --> 00:06:49,800

area aboard their capsule no visual

151
00:06:53,629 --> 00:06:51,479
contact was made

152
00:06:55,249 --> 00:06:53,639
radar continued to track the object

153
00:06:56,629 --> 00:06:55,259
until they passed the Ascension Island

154
00:06:58,610 --> 00:06:56,639
in the Atlantic

155
00:07:02,029 --> 00:06:58,620
it then disappeared

156
00:07:04,550 --> 00:07:02,039
Gemini 10 crew Collins and young picked

157
00:07:06,890 --> 00:07:04,560
up objects traveling together in orbit a

158
00:07:08,110 --> 00:07:06,900
positive identification has to date not

159
00:07:10,490 --> 00:07:08,120
been made

160
00:07:13,790 --> 00:07:10,500
this photo was taken during the Gemini

161
00:07:17,090 --> 00:07:13,800
11 flight on the 18th Revolution 27

162
00:07:21,230 --> 00:07:17,100
hours and 47 minutes after liftoff

163
00:07:23,570 --> 00:07:21,240

September 13 1966 this UFO was tracked

164

00:07:25,790 --> 00:07:23,580

visually and recorded on film by the

165

00:07:28,070 --> 00:07:25,800

crew and is truly considered

166

00:07:30,249 --> 00:07:28,080

unidentified by the photo interpretation

167

00:07:32,510 --> 00:07:30,259

experts at Nasa

168

00:07:34,370 --> 00:07:32,520

perhaps the strongest and most

169

00:07:36,890 --> 00:07:34,380

spectacular of all the sightings took

170

00:07:39,529 --> 00:07:36,900

place aboard Apollo 11 on its way to the

171

00:07:44,150 --> 00:07:39,539

moon for the first moon landing

172

00:07:47,330 --> 00:07:44,160

was one day out on July 16 1969 when

173

00:07:50,029 --> 00:07:47,340

they spotted an unusual object it had a

174

00:07:51,529 --> 00:07:50,039

sizable Dimension to it at first the

175

00:07:53,809 --> 00:07:51,539

crew thought it was the Saturn IV

176

00:07:56,390 --> 00:07:53,819

booster rocket and called Houston for

177

00:07:58,490 --> 00:07:56,400

confirmation Houston informed them the

178

00:07:59,809 --> 00:07:58,500

booster in question with some 6 000

179

00:08:02,809 --> 00:07:59,819

miles away

180

00:08:06,110 --> 00:08:02,819

the object remains unknown

181

00:08:11,330 --> 00:08:06,120

during the Skylab 3 second manned flight

182

00:08:13,309 --> 00:08:11,340

on the 23rd day of 1973 at Sunrise a

183

00:08:14,930 --> 00:08:13,319

series of four exposures were made by

184

00:08:17,089 --> 00:08:14,940

the crew of a visually cited

185

00:08:19,249 --> 00:08:17,099

unidentified flying object or a

186

00:08:21,589 --> 00:08:19,259

satellite as considered by the NASA

187

00:08:24,409 --> 00:08:21,599

photointerpretation laboratory the

188

00:08:27,830 --> 00:08:24,419

Skylab crew noticed a large star-shaped

189

00:08:30,650 --> 00:08:27,840

object brighter than a planetary star

190

00:08:32,870 --> 00:08:30,660

they watched it for about 10 minutes the

191

00:08:35,269 --> 00:08:32,880

estimated its distance is from 30 to 50

192

00:08:38,089 --> 00:08:35,279

nautical miles from Skylab

193

00:08:40,490 --> 00:08:38,099

it too remains an unknown despite North

194

00:08:42,110 --> 00:08:40,500

American air defense and NASA's attempt

195

00:08:44,750 --> 00:08:42,120

to identify it

196

00:08:46,730 --> 00:08:44,760

among the thousands of military men in

197

00:08:48,829 --> 00:08:46,740

recent times who lost their lives while

198

00:08:50,269 --> 00:08:48,839

in the service of their country the

199

00:08:52,930 --> 00:08:50,279

circumstances surrounding Captain

200

00:08:55,670 --> 00:08:52,940

mantel's death are indeed extraordinary

201
00:08:57,530 --> 00:08:55,680
this experienced military pilot who'd

202
00:08:59,389 --> 00:08:57,540
thrown in the invasion in Normandy and

203
00:09:00,769 --> 00:08:59,399
numerous missions over the Ryan under

204
00:09:03,949 --> 00:09:00,779
heavy attack

205
00:09:06,110 --> 00:09:03,959
take with him to his death perhaps the

206
00:09:06,870 --> 00:09:06,120
closest glimpse of what was thought to

207
00:09:08,210 --> 00:09:06,880
be UFO

208
00:09:12,590 --> 00:09:08,220
[Music]

209
00:09:14,150 --> 00:09:12,600
the date is January the 7th 1948 the

210
00:09:16,550 --> 00:09:14,160
time is two o'clock in the afternoon

211
00:09:20,269 --> 00:09:16,560
here at the gardenland Air Force Base

212
00:09:22,850 --> 00:09:20,279
just outside of Louisville Kentucky

213
00:09:26,150 --> 00:09:22,860

a Kentucky state policeman calls in to

214

00:09:28,690 --> 00:09:26,160

report what he has cited it's an unusual

215

00:09:32,870 --> 00:09:28,700

aircraft circular in appearance

216

00:09:35,030 --> 00:09:32,880

approximately 250 to 300 feet in

217

00:09:36,970 --> 00:09:35,040

diameter I'd say it's moving westwardly

218

00:09:39,470 --> 00:09:36,980

at a pretty good clip any information

219

00:09:41,810 --> 00:09:39,480

negative I will check with our

220

00:09:44,150 --> 00:09:41,820

commanding officer instructions were

221

00:09:46,310 --> 00:09:44,160

given to contact nearby right Patterson

222

00:09:48,410 --> 00:09:46,320

Air Base to see if they had any

223

00:09:50,690 --> 00:09:48,420

experimental aircraft up in that area

224

00:09:52,130 --> 00:09:50,700

flight test we have no experimental

225

00:09:54,829 --> 00:09:52,140

aircraft in the area

226

00:09:59,090 --> 00:09:54,839

the reports still continue to come in

227

00:10:00,670 --> 00:09:59,100

from adjoining towns at 1 45 pm

228

00:10:03,590 --> 00:10:00,680

it happens

229

00:10:06,230 --> 00:10:03,600

it's very wide and looks like an

230

00:10:08,570 --> 00:10:06,240

umbrella I don't know what it is through

231

00:10:10,790 --> 00:10:08,580

the binoculars it appears to have a red

232

00:10:13,030 --> 00:10:10,800

border at the bottom at times in a red

233

00:10:16,190 --> 00:10:13,040

border at the top and

234

00:10:19,070 --> 00:10:16,200

approximately 2 30 PM a flight of Air

235

00:10:21,110 --> 00:10:19,080

Force p-51s come into view the base

236

00:10:23,449 --> 00:10:21,120

commander decides to contact the flight

237

00:10:26,329 --> 00:10:23,459

leader Captain mantel

238

00:10:29,210 --> 00:10:26,339

this is godman base commander Roger

239

00:10:30,490 --> 00:10:29,220

Goodman Tower this is ng869 flight

240

00:10:33,290 --> 00:10:30,500

leaderboard

241

00:10:35,389 --> 00:10:33,300

ng869 from godman Tower we have an

242

00:10:37,730 --> 00:10:35,399

object out south of godman here that we

243

00:10:39,590 --> 00:10:37,740

were unable to identify we'd like you to

244

00:10:40,970 --> 00:10:39,600

take a look for it Roger and we'll take

245

00:10:43,370 --> 00:10:40,980

a look for you if you give me the

246

00:10:45,470 --> 00:10:43,380

correct reading mantel moves ahead of

247

00:10:47,329 --> 00:10:45,480

its wingman the tower advises the flight

248

00:10:50,569 --> 00:10:47,339

leader to correct his course five

249

00:10:52,009 --> 00:10:50,579

degrees to the left to 210 degrees from

250

00:10:55,670 --> 00:10:52,019

godman Tower

251
00:10:58,910 --> 00:10:55,680
Codman Tower this is flight leader ng869

252
00:11:00,949 --> 00:10:58,920
Captain mantel object traveling at half

253
00:11:03,230 --> 00:11:00,959
my speed and directly ahead of me and

254
00:11:06,130 --> 00:11:03,240
above and I'm closing in to take a good

255
00:11:08,990 --> 00:11:06,140
look can you give us a description

256
00:11:10,190 --> 00:11:09,000
here's the challenge and and to be a

257
00:11:13,069 --> 00:11:10,200
tremendous

258
00:11:15,889 --> 00:11:13,079
going to 20 000 feet

259
00:11:19,750 --> 00:11:15,899
it's level off under 15 000 feet and and

260
00:11:24,350 --> 00:11:19,760
start down at approximately 3 15 p.m

261
00:11:26,569 --> 00:11:24,360
godman Tower loses sight of the UFO five

262
00:11:29,090 --> 00:11:26,579
minutes later the report came in that

263
00:11:31,130 --> 00:11:29,100

Captain mantel's plane had crashed he

264

00:11:35,509 --> 00:11:31,140

was found dead his watch had stopped at

265

00:11:40,009 --> 00:11:38,030

what was it caused this experienced

266

00:11:41,690 --> 00:11:40,019

pilot to become intrigued with an object

267

00:11:45,710 --> 00:11:41,700

that he would unwittingly give his life

268

00:11:50,810 --> 00:11:48,470

six months later a cylindrical shaped

269

00:11:53,030 --> 00:11:50,820

object giving off a phosphorescent glow

270

00:11:55,370 --> 00:11:53,040

was to be cited in the night sky over

271

00:11:58,910 --> 00:11:55,380

Robbins Air Force Base in Georgia

272

00:12:01,610 --> 00:11:58,920

at 2 45 a.m Captain c as Childs and

273

00:12:03,370 --> 00:12:01,620

first officer JB Whitted were piloting a

274

00:12:07,130 --> 00:12:03,380

routine Eastern Airlines flight number

275

00:12:09,710 --> 00:12:07,140

576 from Houston to Atlanta when wooded

276
00:12:12,470 --> 00:12:09,720
reports we cited an object coming to

277
00:12:14,569 --> 00:12:12,480
tortoise this strange object had a

278
00:12:16,910 --> 00:12:14,579
stream of red fire coming from its tail

279
00:12:19,670 --> 00:12:16,920
and I could see it was much larger than

280
00:12:21,410 --> 00:12:19,680
anything I had seen or read about Giles

281
00:12:22,970 --> 00:12:21,420
then notices that the object had no

282
00:12:25,430 --> 00:12:22,980
wings supporting it

283
00:12:28,670 --> 00:12:25,440
it passed us on the right side its speed

284
00:12:31,009 --> 00:12:28,680
was about 700 miles per hour and both

285
00:12:32,030 --> 00:12:31,019
men get a very good look at this unusual

286
00:12:34,910 --> 00:12:32,040
object

287
00:12:37,790 --> 00:12:34,920
it was about 100 feet long shaped like a

288
00:12:40,490 --> 00:12:37,800

cigar as it passed they clearly saw two

289

00:12:42,110 --> 00:12:40,500

rows of windows an upright lower that

290

00:12:44,030 --> 00:12:42,120

were large and square

291

00:12:46,550 --> 00:12:44,040

during that evening there was a thorough

292

00:12:48,949 --> 00:12:46,560

at this the one passenger who was awake

293

00:12:50,210 --> 00:12:48,959

on that Eastern Airlines flight Clarence

294

00:12:53,629 --> 00:12:50,220

mcelvey

295

00:12:57,050 --> 00:12:53,639

I was startled frightened

296

00:12:58,430 --> 00:12:57,060

a male Steward came to me and said I

297

00:13:00,889 --> 00:12:58,440

notice you've been looking out the

298

00:13:02,509 --> 00:13:00,899

window will you talk to the pilot and I

299

00:13:05,449 --> 00:13:02,519

said well of course

300

00:13:08,389 --> 00:13:05,459

pilate came down with his clipboard

301
00:13:10,790 --> 00:13:08,399
he was visibly shaken he told me that he

302
00:13:13,910 --> 00:13:10,800
had been a flyer in the war and it

303
00:13:15,530 --> 00:13:13,920
covered so many million miles of flight

304
00:13:18,470 --> 00:13:15,540
and I'd never seen anything like this

305
00:13:22,009 --> 00:13:18,480
before what was it that I saw

306
00:13:25,009 --> 00:13:22,019
I saw this object with cigar shaped it

307
00:13:29,030 --> 00:13:25,019
had a row of Windows behind them it was

308
00:13:30,470 --> 00:13:29,040
lit out of the rear was a cherry red

309
00:13:32,810 --> 00:13:30,480
flame

310
00:13:35,389 --> 00:13:32,820
this hair-raising experience was

311
00:13:37,490 --> 00:13:35,399
witnessed by three aircraft a passenger

312
00:13:38,870 --> 00:13:37,500
and ground observers added more

313
00:13:40,730 --> 00:13:38,880

corroboration

314

00:13:42,710 --> 00:13:40,740

the conclusion of an air intelligence

315

00:13:44,990 --> 00:13:42,720

report was that the object remained

316

00:13:47,329 --> 00:13:45,000

unidentified as to origin construction

317

00:13:50,150 --> 00:13:47,339

and power source and goes into the

318

00:13:51,769 --> 00:13:50,160

Record classified as unknown

319

00:13:55,080 --> 00:13:51,779

thank you

320

00:13:58,850 --> 00:13:55,090

this is the Pentagon of Washington DC

321

00:14:00,650 --> 00:13:58,860

[Music]

322

00:14:02,870 --> 00:14:00,660

achieve of public information for the

323

00:14:04,970 --> 00:14:02,880

United States Air Force from 1969 to

324

00:14:07,370 --> 00:14:04,980

1974.

325

00:14:09,110 --> 00:14:07,380

it was here at the Pentagon the defense

326

00:14:11,569 --> 00:14:09,120

department first became interested in

327

00:14:13,250 --> 00:14:11,579

the UFO phenomenon this occurred in the

328

00:14:15,410 --> 00:14:13,260

late 1940s

329

00:14:17,329 --> 00:14:15,420

with reports about objects and lights

330

00:14:19,670 --> 00:14:17,339

seen in the Sky by military personnel

331

00:14:22,129 --> 00:14:19,680

and others the Air Force decided to

332

00:14:24,050 --> 00:14:22,139

investigate the matter anyway there was

333

00:14:26,750 --> 00:14:24,060

that one possibility that these flying

334

00:14:30,230 --> 00:14:26,760

objects could well be foreign weapons

335

00:14:32,449 --> 00:14:30,240

used for test purposes and might affect

336

00:14:34,490 --> 00:14:32,459

our national security

337

00:14:36,769 --> 00:14:34,500

the investigative Branch was called

338

00:14:38,870 --> 00:14:36,779

project sign the project had only been

339

00:14:41,750 --> 00:14:38,880

underway for about two weeks when The

340

00:14:42,889 --> 00:14:41,760

Mantel crash had made headlines Across

341

00:14:44,810 --> 00:14:42,899

the Nation

342

00:14:46,790 --> 00:14:44,820

the staff's investigation was far from

343

00:14:48,889 --> 00:14:46,800

complete but public pressure was

344

00:14:51,290 --> 00:14:48,899

enormous they were forced to come up

345

00:14:53,329 --> 00:14:51,300

with an answer to really quiet growing

346

00:14:56,750 --> 00:14:53,339

speculation that mantel had been killed

347

00:14:59,509 --> 00:14:56,760

by hostile aliens and some Flying Saucer

348

00:15:01,970 --> 00:14:59,519

that's when we decided that mantel had

349

00:15:04,550 --> 00:15:01,980

chased the planet Venus however this was

350

00:15:06,470 --> 00:15:04,560

an initial finding the chills and wooded

351
00:15:08,810 --> 00:15:06,480
case had an impact on the Air Force

352
00:15:11,810 --> 00:15:08,820
project it presented the first close-up

353
00:15:13,550 --> 00:15:11,820
account by highly reliable Witnesses the

354
00:15:16,970 --> 00:15:13,560
object described LED some of the staff

355
00:15:18,710 --> 00:15:16,980
to postulate an extraterrestrial Theory

356
00:15:20,870 --> 00:15:18,720
and they wrote up an estimate of the

357
00:15:23,509 --> 00:15:20,880
situation which at the time was

358
00:15:27,230 --> 00:15:23,519
classified top secret suggesting that

359
00:15:29,210 --> 00:15:27,240
the saucers were from outer space

360
00:15:30,650 --> 00:15:29,220
this theory was rejected by the Air

361
00:15:32,449 --> 00:15:30,660
Force Chief of Staff General Hyde

362
00:15:34,670 --> 00:15:32,459
Vandenberg and even other project

363
00:15:37,009 --> 00:15:34,680

science staff members as not having

364

00:15:39,590 --> 00:15:37,019

enough proof so the Extraterrestrial

365

00:15:41,689 --> 00:15:39,600

visitation idea was dropped for the time

366

00:15:44,509 --> 00:15:41,699

being

367

00:15:46,730 --> 00:15:44,519

it's been said ingested if these UFOs

368

00:15:48,889 --> 00:15:46,740

are from other worlds and they wanted to

369

00:15:50,810 --> 00:15:48,899

be known all they'd have to do is land

370

00:15:53,150 --> 00:15:50,820

in the White House lawn

371

00:15:55,550 --> 00:15:53,160

but an incredible incident too quickly

372

00:15:59,389 --> 00:15:55,560

forgotten in time took place over our

373

00:16:01,730 --> 00:15:59,399

capital in 1952 Air Force spokesman for

374

00:16:04,610 --> 00:16:01,740

the Pentagon and UFOs at that time Mr

375

00:16:07,009 --> 00:16:04,620

alchop relates the famous incident that

376

00:16:09,530 --> 00:16:07,019

stirred the capital causing requests

377

00:16:12,230 --> 00:16:09,540

from even President Truman to be kept up

378

00:16:14,990 --> 00:16:12,240

to date on all the details

379

00:16:18,590 --> 00:16:15,000

there were radar reports of unidentified

380

00:16:21,290 --> 00:16:18,600

flying objects over the nation's capital

381

00:16:23,210 --> 00:16:21,300

we had three reports one came from

382

00:16:26,569 --> 00:16:23,220

Andrews Air Force Base radar control

383

00:16:29,269 --> 00:16:26,579

room and two from the radar controls at

384

00:16:31,250 --> 00:16:29,279

Washington National Airport

385

00:16:31,970 --> 00:16:31,260

the first sightings consisted of a

386

00:16:34,189 --> 00:16:31,980

number

387

00:16:36,949 --> 00:16:34,199

of unidentified targets picked up on

388

00:16:39,769 --> 00:16:36,959

radar then a call was placed from

389

00:16:41,990 --> 00:16:39,779

National to the Andrews Air Force Base

390

00:16:44,090 --> 00:16:42,000

flight controllers they were apparently

391

00:16:46,189 --> 00:16:44,100

tracking the same targets

392

00:16:49,370 --> 00:16:46,199

then Andrews reported a visual

393

00:16:52,189 --> 00:16:49,380

observation of three objects that were

394

00:16:54,970 --> 00:16:52,199

apparently in the same position as those

395

00:16:57,710 --> 00:16:54,980

indicated by our radar sex

396

00:17:00,170 --> 00:16:57,720

the target stayed on radar until about

397

00:17:02,870 --> 00:17:00,180

12 30 A.M

398

00:17:05,630 --> 00:17:02,880

they moved slowly at first about 100 to

399

00:17:06,650 --> 00:17:05,640

200 miles per hour then one of the

400

00:17:09,309 --> 00:17:06,660

targets

401
00:17:13,069 --> 00:17:09,319
sped away at a fantastic rate of speed

402
00:17:14,590 --> 00:17:13,079
it moved West from Andrews toward

403
00:17:18,890 --> 00:17:14,600
Riverdale

404
00:17:19,850 --> 00:17:18,900
the estimated speed was 7 300 miles per

405
00:17:21,650 --> 00:17:19,860
hour

406
00:17:24,770 --> 00:17:21,660
at this time

407
00:17:27,409 --> 00:17:24,780
in the tower we had about seven Targets

408
00:17:29,750 --> 00:17:27,419
on the radar scope

409
00:17:32,750 --> 00:17:29,760
these unidentified objects were flying

410
00:17:35,330 --> 00:17:32,760
all over the city they even violated the

411
00:17:37,310 --> 00:17:35,340
restricted air corridors here over the

412
00:17:38,150 --> 00:17:37,320
White House and over the Capitol

413
00:17:40,970 --> 00:17:38,160

building

414

00:17:43,789 --> 00:17:40,980

the phenomena wasn't to subside the

415

00:17:45,830 --> 00:17:43,799

following Saturday night July 26th a

416

00:17:47,150 --> 00:17:45,840

Repeat Performance unsettles the capital

417

00:17:49,130 --> 00:17:47,160

again

418

00:17:51,230 --> 00:17:49,140

I was awakened the following Saturday

419

00:17:54,470 --> 00:17:51,240

night around midnight by a telephone

420

00:17:56,330 --> 00:17:54,480

call to my home in Virginia it was the

421

00:17:59,510 --> 00:17:56,340

public information officer for the

422

00:18:01,850 --> 00:17:59,520

Federal Aviation Authority he told me

423

00:18:04,549 --> 00:18:01,860

the air traffic control Radars were

424

00:18:06,470 --> 00:18:04,559

again picking up a large number of UFOs

425

00:18:08,090 --> 00:18:06,480

over the Capital Area

426

00:18:10,310 --> 00:18:08,100

first they would follow a definite

427

00:18:11,450 --> 00:18:10,320

flight path and then they would suddenly

428

00:18:13,669 --> 00:18:11,460

disappear

429

00:18:16,430 --> 00:18:13,679

others will come into view just as

430

00:18:18,590 --> 00:18:16,440

suddenly a place the phone call to the

431

00:18:20,930 --> 00:18:18,600

command post in the Pentagon and I asked

432

00:18:23,270 --> 00:18:20,940

for an intercept

433

00:18:25,850 --> 00:18:23,280

2 40 A.M

434

00:18:30,409 --> 00:18:25,860

we got a radio call from the Flight of

435

00:18:32,630 --> 00:18:30,419

the f-94s do aircraft in the flight they

436

00:18:34,010 --> 00:18:32,640

also at about that moment appeared on

437

00:18:36,409 --> 00:18:34,020

our scope

438

00:18:39,529 --> 00:18:36,419

and at that moment a very frightening

439

00:18:42,169 --> 00:18:39,539

thing happened to us all of our unknown

440

00:18:45,289 --> 00:18:42,179

traffic completely disappeared the

441

00:18:48,650 --> 00:18:47,330

flight leader called in and said well it

442

00:18:50,810 --> 00:18:48,660

doesn't look like we're going to do any

443

00:18:53,150 --> 00:18:50,820

good here so we're going to go back to

444

00:18:55,789 --> 00:18:53,160

base and at the very moment those

445

00:18:58,130 --> 00:18:55,799

aircraft was appearing all of our

446

00:18:59,150 --> 00:18:58,140

unknown traffic appeared again on our

447

00:19:01,130 --> 00:18:59,160

scope

448

00:19:04,010 --> 00:19:01,140

and again it was a very frightening

449

00:19:06,710 --> 00:19:04,020

experience we called Andrews Air Force

450

00:19:08,330 --> 00:19:06,720

Base and they reported exactly the same

451
00:19:10,909 --> 00:19:08,340
thing happened to their school of course

452
00:19:13,010 --> 00:19:10,919
at 10 A.M on the morning after the

453
00:19:15,470 --> 00:19:13,020
sighting General Landry at the request

454
00:19:17,090 --> 00:19:15,480
of President Truman called intelligence

455
00:19:19,490 --> 00:19:17,100
to find out what was happening over

456
00:19:21,409 --> 00:19:19,500
Washington it was the largest and

457
00:19:24,190 --> 00:19:21,419
longest Press Conference held in the

458
00:19:26,990 --> 00:19:24,200
Pentagon since World War II

459
00:19:28,430 --> 00:19:27,000
General Samford headed the conference

460
00:19:30,529 --> 00:19:28,440
and said that he was personally

461
00:19:31,669 --> 00:19:30,539
satisfied that the radar scope sightings

462
00:19:34,010 --> 00:19:31,679
were the result of temperature

463
00:19:36,049 --> 00:19:34,020

inversions which are known and account

464

00:19:38,330 --> 00:19:36,059

for certain blips on radar

465

00:19:40,669 --> 00:19:38,340

although this was the conclusion of the

466

00:19:43,190 --> 00:19:40,679

Air Force investigations interestingly

467

00:19:45,049 --> 00:19:43,200

enough the actual report begins with

468

00:19:47,510 --> 00:19:45,059

this opening comet

469

00:19:50,510 --> 00:19:47,520

a study of the various reports regarding

470

00:19:52,909 --> 00:19:50,520

the subject radar sightings do not allow

471

00:19:54,310 --> 00:19:52,919

a positive and final explanation to be

472

00:19:58,190 --> 00:19:54,320

made

473

00:20:00,529 --> 00:19:58,200

the CIA now would enter the picture by

474

00:20:03,770 --> 00:20:00,539

convening a panel of top scientists to

475

00:20:05,810 --> 00:20:03,780

examine the UFO phenomenon the cia's

476
00:20:07,850 --> 00:20:05,820
concern was that recent waves of

477
00:20:09,529 --> 00:20:07,860
sightings might constitute a threat to

478
00:20:11,630 --> 00:20:09,539
our national security

479
00:20:14,450 --> 00:20:11,640
the thinking was that the enemy could

480
00:20:16,010 --> 00:20:14,460
exploit UFOs as a decoy in the

481
00:20:19,370 --> 00:20:16,020
preparation for an attack on the United

482
00:20:20,750 --> 00:20:19,380
States five outstanding scientists and

483
00:20:22,549 --> 00:20:20,760
various Air Force and CIA

484
00:20:25,430 --> 00:20:22,559
Representatives would meet on Wednesday

485
00:20:27,770 --> 00:20:25,440
January 14 1953

486
00:20:29,450 --> 00:20:27,780
among the panel members is one associate

487
00:20:31,730 --> 00:20:29,460
member who is destined to have more

488
00:20:34,310 --> 00:20:31,740

experience with the UFO phenomena than

489

00:20:37,130 --> 00:20:34,320

any other American scientist to date Dr

490

00:20:38,810 --> 00:20:37,140

J Allen heineck astrophysicist and head

491

00:20:41,770 --> 00:20:38,820

of the astronomy Department of

492

00:20:45,289 --> 00:20:43,970

I was called into the meeting on

493

00:20:47,930 --> 00:20:45,299

Thursday

494

00:20:49,250 --> 00:20:47,940

the panel members were seated around

495

00:20:51,710 --> 00:20:49,260

this table

496

00:20:53,870 --> 00:20:51,720

it was a rather somber and impressive

497

00:20:56,029 --> 00:20:53,880

occasion actually

498

00:20:58,010 --> 00:20:56,039

I was a junior member and I remember

499

00:21:00,049 --> 00:20:58,020

feeling considerably nervous and

500

00:21:02,630 --> 00:21:00,059

apprehensive about being in front of

501
00:21:04,730 --> 00:21:02,640
this Powerhouse of scientists

502
00:21:06,770 --> 00:21:04,740
but then for the past four years I had

503
00:21:08,870 --> 00:21:06,780
been Scientific Advisor to the U.S Air

504
00:21:11,450 --> 00:21:08,880
Force on this very problem

505
00:21:13,610 --> 00:21:11,460
there were two films that were were of

506
00:21:14,750 --> 00:21:13,620
particular interest to the panel at that

507
00:21:17,930 --> 00:21:14,760
time

508
00:21:20,510 --> 00:21:17,940
one was a film taken by a Navy officer

509
00:21:22,549 --> 00:21:20,520
while on vacation in Utah near Tremonton

510
00:21:24,549 --> 00:21:22,559
Utah and the other was a film taken in

511
00:21:28,490 --> 00:21:24,559
Great Falls Montana

512
00:21:31,190 --> 00:21:28,500
by the owner of the local baseball team

513
00:21:33,890 --> 00:21:31,200

the Utah film had already been subjected

514

00:21:36,350 --> 00:21:33,900

to some thousand or so man hours of

515

00:21:44,270 --> 00:21:36,360

analysis by the Navy's photographic

516

00:21:49,549 --> 00:21:47,450

so the panel got up in their chairs and

517

00:21:51,169 --> 00:21:49,559

crouched around the wall whose family

518

00:21:54,169 --> 00:21:51,179

films they asked to have the films run

519

00:21:56,810 --> 00:21:54,179

several times as a matter of fact

520

00:22:00,289 --> 00:21:56,820

now the Navy had on the basis of their

521

00:22:02,570 --> 00:22:00,299

detailed analysis of the Utah films they

522

00:22:04,789 --> 00:22:02,580

had concluded that the objects shown in

523

00:22:06,470 --> 00:22:04,799

the films could not be Birds balloons

524

00:22:08,570 --> 00:22:06,480

aircraft and so forth but indeed that

525

00:22:12,289 --> 00:22:08,580

they were self-luminous unidentified

526

00:22:17,450 --> 00:22:15,110

despite this conclusion the panel

527

00:22:19,490 --> 00:22:17,460

rejected it and concluded that the

528

00:22:21,649 --> 00:22:19,500

objects were they couldn't be

529

00:22:24,890 --> 00:22:21,659

unidentified therefore they had to be

530

00:22:29,390 --> 00:22:27,289

I came away from the meeting and from

531

00:22:30,590 --> 00:22:29,400

the room with the distinct feeling

532

00:22:34,490 --> 00:22:30,600

however

533

00:22:38,270 --> 00:22:34,500

that the panel had deliberately moved to

534

00:22:41,210 --> 00:22:38,280

debunk the whole subject and not to give

535

00:22:45,310 --> 00:22:41,220

it the serious scientific attention

536

00:22:51,470 --> 00:22:48,890

it seems the CIA was to become involved

537

00:22:54,950 --> 00:22:51,480

in the UFO phenomena again in a most

538

00:22:57,230 --> 00:22:54,960

unusual way a series of episodes would

539

00:22:59,169 --> 00:22:57,240

take place that up until the Airing of

540

00:23:01,970 --> 00:22:59,179

this program were not public knowledge

541

00:23:03,710 --> 00:23:01,980

the events were so bizarre that it's

542

00:23:05,570 --> 00:23:03,720

hard to conceive they happen to

543

00:23:08,029 --> 00:23:05,580

individuals associated with such

544

00:23:10,789 --> 00:23:08,039

no-nonsense organizations as the Office

545

00:23:13,130 --> 00:23:10,799

of Naval intelligence and the CIA

546

00:23:16,190 --> 00:23:13,140

this man is retired lieutenant colonel

547

00:23:19,130 --> 00:23:16,200

Robert friend U.S Air Force and former

548

00:23:20,690 --> 00:23:19,140

head of Project Blue Book friend now I'm

549

00:23:23,149 --> 00:23:20,700

the management staff of celestial

550

00:23:25,310 --> 00:23:23,159

Industries Incorporated which bills and

551
00:23:28,070 --> 00:23:25,320
launches missiles for a defense testing

552
00:23:30,130 --> 00:23:28,080
purposes friend now relates this most

553
00:23:32,810 --> 00:23:30,140
unusual experience

554
00:23:34,549 --> 00:23:32,820
1959 when I was invited to attend a

555
00:23:35,870 --> 00:23:34,559
briefing and security portion of this

556
00:23:38,510 --> 00:23:35,880
building

557
00:23:40,730 --> 00:23:38,520
it seems a retired rear Admiral had

558
00:23:41,990 --> 00:23:40,740
interest contact with extraterrestrial

559
00:23:44,090 --> 00:23:42,000
beings

560
00:23:46,070 --> 00:23:44,100
two Naval Intelligence Officers were

561
00:23:48,190 --> 00:23:46,080
sent to investigate

562
00:23:52,010 --> 00:23:48,200
the naval officers met with the woman

563
00:23:54,409 --> 00:23:52,020

and she went into a trance supposedly to

564

00:23:56,210 --> 00:23:54,419

establish contact with the purported

565

00:23:58,190 --> 00:23:56,220

extraterrestrials

566

00:24:00,529 --> 00:23:58,200

and then they asked her scientific and

567

00:24:02,330 --> 00:24:00,539

Technical questions that a woman of her

568

00:24:03,430 --> 00:24:02,340

education could not possibly know the

569

00:24:06,890 --> 00:24:03,440

answers to

570

00:24:09,350 --> 00:24:06,900

yet as the questions were put to her she

571

00:24:11,510 --> 00:24:09,360

was able to answer easily with seeming

572

00:24:13,370 --> 00:24:11,520

telepathic help from these purported

573

00:24:15,710 --> 00:24:13,380

extraterrestrials

574

00:24:19,130 --> 00:24:15,720

according to the report she indicated

575

00:24:21,830 --> 00:24:19,140

there was an organization oeev which

576
00:24:24,049 --> 00:24:21,840
meant Universal Association of planets

577
00:24:26,690 --> 00:24:24,059
and that organization had a project

578
00:24:28,549 --> 00:24:26,700
uenza meaning Earth which was being

579
00:24:31,610 --> 00:24:28,559
conducted

580
00:24:33,350 --> 00:24:31,620
then an unexpected turn took place one

581
00:24:35,330 --> 00:24:33,360
of the naval officers was informed by

582
00:24:37,370 --> 00:24:35,340
the woman that they the

583
00:24:39,890 --> 00:24:37,380
extraterrestrials were willing to answer

584
00:24:42,169 --> 00:24:39,900
questions directly through him a naval

585
00:24:44,149 --> 00:24:42,179
Commander an intelligence officer with

586
00:24:45,950 --> 00:24:44,159
no priority experience in telepathic

587
00:24:48,710 --> 00:24:45,960
communication

588
00:24:50,810 --> 00:24:48,720

took over and attempted to write down

589

00:24:52,610 --> 00:24:50,820

the answers to questions put to him by

590

00:24:54,649 --> 00:24:52,620

his fellow naval officer

591

00:24:56,810 --> 00:24:54,659

the word travels back quickly to

592

00:25:00,110 --> 00:24:56,820

Washington officials in a very skeptical

593

00:25:02,210 --> 00:25:00,120

CIA nevertheless there was no reason to

594

00:25:03,909 --> 00:25:02,220

totally disbelieve the report of this

595

00:25:07,610 --> 00:25:03,919

highly respected Navy Commander

596

00:25:09,649 --> 00:25:07,620

questions were put to him such as do you

597

00:25:12,590 --> 00:25:09,659

favor any government

598

00:25:14,149 --> 00:25:12,600

religious group or race and would there

599

00:25:16,909 --> 00:25:14,159

be a third world war

600

00:25:20,330 --> 00:25:16,919

the answer to both was no

601
00:25:23,270 --> 00:25:20,340
the group then asked if they could see a

602
00:25:25,909 --> 00:25:23,280
spaceship and the commander still in a

603
00:25:27,649 --> 00:25:25,919
trance told him to go to the window and

604
00:25:29,750 --> 00:25:27,659
they would have proof

605
00:25:32,210 --> 00:25:29,760
the group moved to the window where they

606
00:25:34,430 --> 00:25:32,220
supposedly observed a UFO

607
00:25:36,350 --> 00:25:34,440
I was told that a call was made for

608
00:25:39,230 --> 00:25:36,360
radar confirmation

609
00:25:41,390 --> 00:25:39,240
the reply came back that that particular

610
00:25:43,130 --> 00:25:41,400
quadrant of the area was blanked out on

611
00:25:44,930 --> 00:25:43,140
radar at the time

612
00:25:47,090 --> 00:25:44,940
after being briefed on all of the

613
00:25:49,850 --> 00:25:47,100

details I asked the commander if he

614

00:25:51,950 --> 00:25:49,860

would attempt to contact me

615

00:25:53,870 --> 00:25:51,960

he sat for several minutes

616

00:25:56,029 --> 00:25:53,880

and then appeared in the Deep trance

617

00:25:58,070 --> 00:25:56,039

with his Adam's Apple moving up and down

618

00:26:00,409 --> 00:25:58,080

rapidly

619

00:26:03,169 --> 00:26:00,419

questions were put to him and he

620

00:26:06,350 --> 00:26:03,179

answered them by printing in rather

621

00:26:08,810 --> 00:26:06,360

large letters using rapid but jerky

622

00:26:11,149 --> 00:26:08,820

motions it wasn't at all like his

623

00:26:13,490 --> 00:26:11,159

natural hand

624

00:26:14,750 --> 00:26:13,500

during the course of the questioning we

625

00:26:17,029 --> 00:26:14,760

learned the names of some of the

626
00:26:18,250 --> 00:26:17,039
so-called extraterrestrials one was

627
00:26:22,250 --> 00:26:18,260
Krill

628
00:26:25,430 --> 00:26:22,260
c-r-l-l-l another Alamo

629
00:26:33,769 --> 00:26:30,890
and another Alpha a f f a purportedly

630
00:26:35,450 --> 00:26:33,779
from the planet Uranus a case that just

631
00:26:37,549 --> 00:26:35,460
as well could have been written by a

632
00:26:39,950 --> 00:26:37,559
very imaginative science fiction writer

633
00:26:41,450 --> 00:26:39,960
but here in my hand is the actual

634
00:26:43,669 --> 00:26:41,460
account of the incident by one of the

635
00:26:46,130 --> 00:26:43,679
Asians present at that time

636
00:26:49,070 --> 00:26:46,140
the names of seven men present or listed

637
00:26:51,470 --> 00:26:49,080
here because of the unusual nature of

638
00:26:54,049 --> 00:26:51,480

the incident and at their request their

639

00:26:55,970 --> 00:26:54,059

names will remain confidential

640

00:26:58,370 --> 00:26:55,980

another reason for control of the Blue

641

00:27:01,070 --> 00:26:58,380

Book files was to protect the names of

642

00:27:03,890 --> 00:27:01,080

witnesses to help satisfy public demand

643

00:27:05,690 --> 00:27:03,900

periodic summary releases were made we

644

00:27:07,970 --> 00:27:05,700

had no proof that we were indeed being

645

00:27:10,730 --> 00:27:07,980

visited by extraterrestrial vehicles

646

00:27:11,870 --> 00:27:10,740

under intelligent control however we

647

00:27:14,570 --> 00:27:11,880

couldn't prove that there weren't

648

00:27:16,490 --> 00:27:14,580

spaceships either it created dilemma for

649

00:27:19,970 --> 00:27:16,500

the Air Force

650

00:27:22,669 --> 00:27:19,980

in 1966 an important incident takes

651
00:27:24,769 --> 00:27:22,679
place in Michigan it creates enough of

652
00:27:26,930 --> 00:27:24,779
an uproar that President Gerald Ford

653
00:27:29,570 --> 00:27:26,940
would at that time call for a

654
00:27:32,330 --> 00:27:29,580
congressional hearing on UFOs

655
00:27:34,850 --> 00:27:32,340
your exerts from Ford's actual letter to

656
00:27:37,370 --> 00:27:34,860
the house armed services committee the

657
00:27:39,769 --> 00:27:37,380
Air Force and a consultant Dr J Allen

658
00:27:41,990 --> 00:27:39,779
heineck to investigate various reports

659
00:27:44,450 --> 00:27:42,000
and he dismissed all of them as products

660
00:27:47,269 --> 00:27:44,460
of college student pranks or swamp gas

661
00:27:50,029 --> 00:27:47,279
or an impression created by the rising

662
00:27:52,010 --> 00:27:50,039
crescent moon and the planet Venus I do

663
00:27:55,310 --> 00:27:52,020

not agree that all of these reports can

664

00:27:57,710 --> 00:27:55,320

be or should be so easily explained away

665

00:27:59,870 --> 00:27:57,720

I am proposing that the science and

666

00:28:01,850 --> 00:27:59,880

astronautics committee or the armed

667

00:28:04,909 --> 00:28:01,860

services Committee of the house schedule

668

00:28:06,950 --> 00:28:04,919

hearings on the subject of UFOs and

669

00:28:08,930 --> 00:28:06,960

invite testimony from both the executive

670

00:28:11,810 --> 00:28:08,940

branch of government and some persons

671

00:28:13,310 --> 00:28:11,820

who claim to have seen UFOs I think we

672

00:28:16,070 --> 00:28:13,320

owe it to the people to establish

673

00:28:19,549 --> 00:28:16,080

credibility regarding UFOs

674

00:28:20,830 --> 00:28:19,559

sincerely Gerald R Ford member of

675

00:28:25,669 --> 00:28:20,840

Congress

676
00:28:27,950 --> 00:28:25,679
an open hearing under the chairmanship

677
00:28:30,590 --> 00:28:27,960
of el Mendel rivers of the house armed

678
00:28:33,289 --> 00:28:30,600
services committee only three persons

679
00:28:36,830 --> 00:28:33,299
are invited to testify the secretary of

680
00:28:38,750 --> 00:28:36,840
the Air Force Dr J Allen heineck and

681
00:28:41,330 --> 00:28:38,760
Project Blue Book head at the time

682
00:28:43,490 --> 00:28:41,340
Colonel Hector Quintanilla

683
00:28:45,590 --> 00:28:43,500
Hector Quintanilla relates the events

684
00:28:48,830 --> 00:28:45,600
and reports of the unusual sighting that

685
00:28:52,909 --> 00:28:48,840
led up to the Congressional hearing

686
00:28:58,010 --> 00:28:55,370
it's upon the original reports from the

687
00:29:01,789 --> 00:28:58,020
sheriff's department it all began at 8

688
00:29:04,490 --> 00:29:01,799

35 pm on March 20th when Frank Manor who

689

00:29:05,810 --> 00:29:04,500

used to live over there reported to the

690

00:29:08,330 --> 00:29:05,820

Sheriff's Office

691

00:29:10,490 --> 00:29:08,340

that he had seen a strange object in the

692

00:29:13,070 --> 00:29:10,500

swamp over there

693

00:29:15,529 --> 00:29:13,080

according to the police report

694

00:29:16,690 --> 00:29:15,539

the police officer and company with a

695

00:29:19,250 --> 00:29:16,700

complainant

696

00:29:21,950 --> 00:29:19,260

proceeded along Territorial Road until

697

00:29:24,289 --> 00:29:21,960

they reached Grant Road at which time to

698

00:29:25,490 --> 00:29:24,299

turn left proceeded to the end of the

699

00:29:28,190 --> 00:29:25,500

road

700

00:29:30,950 --> 00:29:28,200

secure the vehicle got out of the

701
00:29:34,549 --> 00:29:30,960
automobile proceeded along the cornfield

702
00:29:36,970 --> 00:29:34,559
keeping the trees lined to their left

703
00:29:39,950 --> 00:29:36,980
then across an open field to the creek

704
00:29:42,830 --> 00:29:39,960
across the creek and reached this point

705
00:29:44,330 --> 00:29:42,840
which was our vantage point and observed

706
00:29:50,870 --> 00:29:44,340
the object

707
00:29:52,789 --> 00:29:50,880
as brown in color quilted with a

708
00:29:55,370 --> 00:29:52,799
porthole in the center

709
00:29:56,990 --> 00:29:55,380
sort of flat on the bottom cone shape

710
00:30:00,110 --> 00:29:57,000
towards the top

711
00:30:02,930 --> 00:30:00,120
two small lights one at each in one

712
00:30:06,409 --> 00:30:02,940
glowing bluish green the other one a

713
00:30:08,389 --> 00:30:06,419

brilliant red with a glow at the bottom

714

00:30:10,430 --> 00:30:08,399

and of course by the time I arrived the

715

00:30:13,370 --> 00:30:10,440

situation was so charged with emotion

716

00:30:15,289 --> 00:30:13,380

that it was impossible for me to do any

717

00:30:17,630 --> 00:30:15,299

really serious investigating

718

00:30:19,789 --> 00:30:17,640

I had to fight my way through reporters

719

00:30:21,529 --> 00:30:19,799

to interview the witnesses other

720

00:30:24,350 --> 00:30:21,539

sightings were reported over the area

721

00:30:26,810 --> 00:30:24,360

and a solution from Dr heineck and major

722

00:30:29,210 --> 00:30:26,820

quintinella seemed in the offing

723

00:30:30,769 --> 00:30:29,220

well the pressure was mounting for an

724

00:30:32,750 --> 00:30:30,779

official explanation

725

00:30:35,510 --> 00:30:32,760

there were more than 60 newsmen jammed

726
00:30:37,130 --> 00:30:35,520
in at that news conference I gave what I

727
00:30:39,710 --> 00:30:37,140
thought to be at that time the only

728
00:30:43,789 --> 00:30:39,720
scientific explanation possible for the

729
00:30:46,190 --> 00:30:43,799
faint lights in the swampy area

730
00:30:48,409 --> 00:30:46,200
that it could be swamp gas and even

731
00:30:50,570 --> 00:30:48,419
though I went on to emphasize that I

732
00:30:52,310 --> 00:30:50,580
couldn't prove it in a court of law that

733
00:30:53,210 --> 00:30:52,320
that was the full explanation for these

734
00:30:55,250 --> 00:30:53,220
sightings

735
00:30:56,990 --> 00:30:55,260
well the press picked up the phrase

736
00:30:58,909 --> 00:30:57,000
swamp gas

737
00:31:01,190 --> 00:30:58,919
and rushed off to the

738
00:31:03,830 --> 00:31:01,200

telephones and I was to come into a

739

00:31:05,389 --> 00:31:03,840

great deal of criticism over it what was

740

00:31:07,610 --> 00:31:05,399

the outcome of that Congressional

741

00:31:09,950 --> 00:31:07,620

hearing I believe the Air Force

742

00:31:12,409 --> 00:31:09,960

presented its site quite openly and

743

00:31:15,950 --> 00:31:12,419

completely it seemed to satisfy the

744

00:31:19,970 --> 00:31:18,590

now a remarkable observation is to be

745

00:31:22,310 --> 00:31:19,980

recorded

746

00:31:24,710 --> 00:31:22,320

the facts are correct the Air Force must

747

00:31:27,649 --> 00:31:24,720

now consider the possibility of beings

748

00:31:30,470 --> 00:31:27,659

related to UFOs

749

00:31:33,110 --> 00:31:30,480

in Socorro New Mexico here just outside

750

00:31:36,590 --> 00:31:33,120

of this quiet desert town

751
00:31:38,870 --> 00:31:36,600
state highway patrol officer Lani Zamora

752
00:31:41,990 --> 00:31:38,880
was on duty as he had been for the past

753
00:31:44,649 --> 00:31:42,000
several years a black Chevrolet was

754
00:31:47,330 --> 00:31:44,659
observed speeding by the courthouse

755
00:31:48,830 --> 00:31:47,340
Samora put his highway patrol car into

756
00:31:52,510 --> 00:31:48,840
Pursuit

757
00:31:56,149 --> 00:31:52,520
Lonnie chased the car North on U.S 85.

758
00:31:58,310 --> 00:31:56,159
as he passed this hilly area Zamora

759
00:31:59,690 --> 00:31:58,320
heard a Roar and something caught his

760
00:32:02,990 --> 00:31:59,700
attention

761
00:32:05,690 --> 00:32:03,000
10 or 15 seconds pass

762
00:32:11,100 --> 00:32:05,700
Lonnie then calls in to the Sheriff's

763
00:32:15,310 --> 00:32:12,909

[Applause]

764

00:32:17,870 --> 00:32:15,320

1044 an accident

765

00:32:20,090 --> 00:32:17,880

then he said I'll be physics out of the

766

00:32:23,269 --> 00:32:20,100

car which

767

00:32:24,470 --> 00:32:23,279

going to be investigating a possible

768

00:32:28,090 --> 00:32:24,480

management

769

00:32:30,769 --> 00:32:28,100

and I went up this uh wrote

770

00:32:33,470 --> 00:32:30,779

about a half a mile and then I stopped

771

00:32:35,570 --> 00:32:33,480

my car and I got out and looked out and

772

00:32:37,370 --> 00:32:35,580

I could see a white

773

00:32:39,529 --> 00:32:37,380

looking object

774

00:32:41,750 --> 00:32:39,539

in the distance I thought it was an

775

00:32:43,789 --> 00:32:41,760

overturned car at first but I got into

776

00:32:46,310 --> 00:32:43,799

my patrol car it went up closer to it

777

00:32:50,090 --> 00:32:46,320

and when I started to get out of the car

778

00:32:53,090 --> 00:32:50,100

I could I heard a big Roar

779

00:32:55,210 --> 00:32:53,100

as I got to it I could see a

780

00:32:58,730 --> 00:32:55,220

a couple of look like a couple of

781

00:33:00,590 --> 00:32:58,740

coveralls hanging from a close line I

782

00:33:02,870 --> 00:33:00,600

couldn't see what it was but it looked

783

00:33:05,510 --> 00:33:02,880

like a couple of corals some more I

784

00:33:08,029 --> 00:33:05,520

called in he sounded very excited he

785

00:33:11,930 --> 00:33:08,039

said he watched an object lift up slowly

786

00:33:14,029 --> 00:33:11,940

and disappeared into the sky very fast I

787

00:33:16,789 --> 00:33:14,039

went down to where the object had been

788

00:33:18,110 --> 00:33:16,799

and I noticed that brush was burning in

789

00:33:20,889 --> 00:33:18,120

several places

790

00:33:23,090 --> 00:33:20,899

the object had left four perpendicular

791

00:33:25,370 --> 00:33:23,100

Impressions on the ground

792

00:33:28,490 --> 00:33:25,380

I noticed the several bushes were

793

00:33:31,250 --> 00:33:28,500

smalding but they felt cold to the touch

794

00:33:34,549 --> 00:33:31,260

I noticed what appeared to be a couple

795

00:33:37,070 --> 00:33:34,559

of Pavel footprints on the ground

796

00:33:38,990 --> 00:33:37,080

I knew Lonnie had seen something the

797

00:33:46,370 --> 00:33:39,000

proof was right there

798

00:33:49,370 --> 00:33:48,470

but it was very interesting to say the

799

00:33:51,769 --> 00:33:49,380

least

800

00:33:54,169 --> 00:33:51,779

it seems to differ from practically all

801
00:33:57,110 --> 00:33:54,179
the earlier cases we investigated from

802
00:33:58,549 --> 00:33:57,120
one standpoint the vehicle had left pod

803
00:34:00,889 --> 00:33:58,559
marks

804
00:34:03,470 --> 00:34:00,899
there was an Insignia observed by Lani

805
00:34:06,590 --> 00:34:03,480
Zamora on the side of the craft

806
00:34:10,550 --> 00:34:06,600
the Insignia was unidentifiable not

807
00:34:13,310 --> 00:34:10,560
American no Russian and last of all the

808
00:34:15,290 --> 00:34:13,320
observation of these two people in some

809
00:34:18,050 --> 00:34:15,300
sort of suit but what did the

810
00:34:19,790 --> 00:34:18,060
investigation turn up what was the

811
00:34:21,950 --> 00:34:19,800
official Air Force estimation of the

812
00:34:24,649 --> 00:34:21,960
situation we went over the case

813
00:34:27,290 --> 00:34:24,659

completely we had saw samples tested at

814

00:34:29,149 --> 00:34:27,300

the air materials laboratory the front

815

00:34:31,550 --> 00:34:29,159

bushes were analyzed for propellant

816

00:34:34,129 --> 00:34:31,560

residue we measured the distances

817

00:34:36,829 --> 00:34:34,139

between the Pod marks my first reaction

818

00:34:39,290 --> 00:34:36,839

was that it was a lunar test module from

819

00:34:41,869 --> 00:34:39,300

NASA or the air force that seemed to be

820

00:34:44,089 --> 00:34:41,879

the only logical explanation this was

821

00:34:46,129 --> 00:34:44,099

probably the best documented case in the

822

00:34:48,109 --> 00:34:46,139

Air Force files and I checked it out

823

00:34:50,930 --> 00:34:48,119

everywhere all the way up to the top

824

00:34:51,950 --> 00:34:50,940

even to the White House command post and

825

00:34:54,589 --> 00:34:51,960

nothing

826

00:34:57,710 --> 00:34:54,599

according to the official status of the

827

00:35:02,990 --> 00:34:57,720

sighting of Lani Zamora case carried as

828

00:35:09,050 --> 00:35:05,050

April 19

829

00:35:11,810 --> 00:35:09,060

1897 in Leroy Kansas a farmer named

830

00:35:14,630 --> 00:35:11,820

Alexander Hamilton his son and a

831

00:35:16,550 --> 00:35:14,640

farmhand are awakened by strange noises

832

00:35:18,829 --> 00:35:16,560

from the cattle pen

833

00:35:21,890 --> 00:35:18,839

going outside they discovered through

834

00:35:23,030 --> 00:35:21,900

Hamilton's utter amazement an enormous

835

00:35:25,069 --> 00:35:23,040

airship

836

00:35:27,829 --> 00:35:25,079

with a brilliant Searchlight

837

00:35:30,170 --> 00:35:27,839

is slowly descending over the cowlot

838

00:35:33,230 --> 00:35:30,180

fearfully

839

00:35:34,670 --> 00:35:33,240

Hamilton moves closer and is titled to

840

00:35:36,710 --> 00:35:34,680

find that one of his cows has been

841

00:35:38,150 --> 00:35:36,720

caught by a red cable running down from

842

00:35:40,310 --> 00:35:38,160

the ship

843

00:35:44,630 --> 00:35:40,320

the next day after an extensive search

844

00:35:45,530 --> 00:35:44,640

he discovers the cow's hide legs and

845

00:35:48,250 --> 00:35:45,540

head

846

00:35:51,170 --> 00:35:48,260

in a field miles away

847

00:35:54,589 --> 00:35:51,180

this is one of the first recorded cattle

848

00:35:56,329 --> 00:35:54,599

mutilations connected with UFOs the

849

00:35:59,510 --> 00:35:56,339

report could easily be dismissed as a

850

00:36:02,210 --> 00:35:59,520

tall tale if there were no others but

851
00:36:04,970 --> 00:36:02,220
since then thousands of bizarre animal

852
00:36:07,270 --> 00:36:04,980
mutilations have been discovered not

853
00:36:10,790 --> 00:36:07,280
only in this country but in Africa

854
00:36:16,609 --> 00:36:10,800
Australia Brazil and many European

855
00:36:21,109 --> 00:36:19,010
in this country mutilations have

856
00:36:23,810 --> 00:36:21,119
occurred in over 30 states in the last

857
00:36:25,609 --> 00:36:23,820
five years alone frustrated ranchers and

858
00:36:28,190 --> 00:36:25,619
law enforcement officials have come to

859
00:36:31,250 --> 00:36:28,200
recognize with classic signature of the

860
00:36:34,849 --> 00:36:31,260
mysterious mutilators often in a remote

861
00:36:38,390 --> 00:36:34,859
area a cow will be found dead the sex

862
00:36:41,569 --> 00:36:38,400
organs removed and the tongue veneer and

863
00:36:43,490 --> 00:36:41,579

an eye all surgically cut out

864

00:36:45,829 --> 00:36:43,500

the body more often than not has been

865

00:36:47,810 --> 00:36:45,839

drained of blood though no blood has

866

00:36:50,329 --> 00:36:47,820

been found on the ground

867

00:36:52,430 --> 00:36:50,339

in fact there are no tribes or prints of

868

00:36:54,890 --> 00:36:52,440

any kind near the body

869

00:36:58,970 --> 00:36:54,900

and yet amazingly enough there is no

870

00:37:03,770 --> 00:37:01,730

one of the first states to be hit by the

871

00:37:05,930 --> 00:37:03,780

mutilations was Colorado

872

00:37:08,569 --> 00:37:05,940

reported Bill Jackson of the Sterling

873

00:37:12,530 --> 00:37:08,579

advocate covered the story from the very

874

00:37:15,290 --> 00:37:12,540

beginning a classic mutilation or or say

875

00:37:17,630 --> 00:37:15,300

90 to 95 percent of the mutilations will

876

00:37:19,990 --> 00:37:17,640

be almost identical some part of the

877

00:37:22,430 --> 00:37:20,000

face will be gone

878

00:37:26,270 --> 00:37:22,440

exposing nothing but you know the

879

00:37:28,550 --> 00:37:26,280

Jawbone and I will be taken the tongue

880

00:37:31,010 --> 00:37:28,560

will be cut out and an ear will be taken

881

00:37:33,410 --> 00:37:31,020

the rectal area of the animal will be

882

00:37:35,870 --> 00:37:33,420

what appears to be bored out the

883

00:37:37,550 --> 00:37:35,880

reproductive organs will be removed in

884

00:37:40,069 --> 00:37:37,560

the case of a cow the other will either

885

00:37:41,530 --> 00:37:40,079

be entirely removed or parts of it will

886

00:37:43,150 --> 00:37:41,540

be removed

887

00:37:46,190 --> 00:37:43,160

usually

888

00:37:48,109 --> 00:37:46,200

in again in probably 90 or 95 percent of

889

00:37:50,329 --> 00:37:48,119

the cases there will be no blood

890

00:37:52,130 --> 00:37:50,339

whatsoever in the animal and there will

891

00:37:54,109 --> 00:37:52,140

be no traces of Blood on the ground

892

00:37:56,569 --> 00:37:54,119

where it where it fell or where it was

893

00:37:58,670 --> 00:37:56,579

mutilated all you've got is the carcass

894

00:38:02,870 --> 00:37:58,680

and you've got no idea why it died or

895

00:38:09,290 --> 00:38:06,770

or it All Began in 1975. it was a

896

00:38:11,510 --> 00:38:09,300

bizarre time nobody ever seen anything

897

00:38:13,790 --> 00:38:11,520

like this before not only did we have

898

00:38:15,589 --> 00:38:13,800

the mutilated dead animals on the

899

00:38:17,990 --> 00:38:15,599

Prairie we also started getting the

900

00:38:19,490 --> 00:38:18,000

lights in the sky at night along that

901
00:38:21,170 --> 00:38:19,500
time there were many theories that were

902
00:38:23,690 --> 00:38:21,180
being developed and why this was being

903
00:38:26,329 --> 00:38:23,700
done the satanic Cults were being blamed

904
00:38:28,490 --> 00:38:26,339
dope Smugglers UFOs government

905
00:38:31,250 --> 00:38:28,500
experiment of some kind

906
00:38:33,829 --> 00:38:31,260
as time went on the situation became so

907
00:38:38,870 --> 00:38:33,839
widespread and that it is time that

908
00:38:43,790 --> 00:38:41,569
be the the old quarter the Dog smokers

909
00:38:45,829 --> 00:38:43,800
which left us two possibilities number

910
00:38:48,109 --> 00:38:45,839
one it was being done by any government

911
00:38:50,510 --> 00:38:48,119
let's say or number two it was being

912
00:38:53,569 --> 00:38:50,520
done by UFOs

913
00:38:55,970 --> 00:38:53,579

as more and more cases were reported the

914

00:38:57,589 --> 00:38:55,980

Colorado Bureau of Investigation was

915

00:39:00,290 --> 00:38:57,599

called in um

916

00:39:01,970 --> 00:39:00,300

position is basically one

917

00:39:04,310 --> 00:39:01,980

of

918

00:39:06,170 --> 00:39:04,320

where Predators at least our

919

00:39:10,010 --> 00:39:06,180

investigation determined that Predators

920

00:39:13,670 --> 00:39:10,020

were responsible for probably 99 percent

921

00:39:16,550 --> 00:39:13,680

of the reports of mutilations

922

00:39:19,190 --> 00:39:16,560

as I said there were 203 separate

923

00:39:23,089 --> 00:39:19,200

reports received from this agency

924

00:39:26,150 --> 00:39:23,099

but of the 203 we only received 45

925

00:39:28,310 --> 00:39:26,160

tissue samples to conduct microscopic

926
00:39:31,910 --> 00:39:28,320
analysis on

927
00:39:35,930 --> 00:39:31,920
of the 45 tissue samples we found that

928
00:39:40,430 --> 00:39:35,940
only two of those 45 had actually been

929
00:39:44,390 --> 00:39:42,130
when they first started they would send

930
00:39:46,069 --> 00:39:44,400
samples of these animals

931
00:39:48,650 --> 00:39:46,079
to the CBI

932
00:39:50,510 --> 00:39:48,660
to Fort Collins to to try and determine

933
00:39:52,849 --> 00:39:50,520
what what was the cause of their death

934
00:39:55,130 --> 00:39:52,859
what was mutilating

935
00:39:56,810 --> 00:39:55,140
and nine times out of ten or more the

936
00:39:59,690 --> 00:39:56,820
report would come back

937
00:40:02,390 --> 00:39:59,700
that were being caused by predators

938
00:40:03,770 --> 00:40:02,400

now these ranchers and the sheriffs in

939

00:40:05,390 --> 00:40:03,780

these rural areas

940

00:40:06,770 --> 00:40:05,400

I've been around cattle all their lives

941

00:40:07,910 --> 00:40:06,780

they've been around coyotes all their

942

00:40:09,890 --> 00:40:07,920

lives

943

00:40:11,329 --> 00:40:09,900

and they knew that this this just wasn't

944

00:40:14,650 --> 00:40:11,339

possible

945

00:40:17,810 --> 00:40:14,660

coyote would not do that Predators

946

00:40:20,089 --> 00:40:17,820

when they come in and start to eat now

947

00:40:22,730 --> 00:40:20,099

I'm and I'm talking about four-legged

948

00:40:24,950 --> 00:40:22,740

predators they'll come in and they'll

949

00:40:26,030 --> 00:40:24,960

bite and then they'll pull and they'll

950

00:40:29,150 --> 00:40:26,040

tear

951

00:40:31,310 --> 00:40:29,160

uh the uh the cuts we have even we can't

952

00:40:34,910 --> 00:40:31,320

make Cuts like this we've tried this

953

00:40:37,490 --> 00:40:34,920

many times and our own dead animals with

954

00:40:40,970 --> 00:40:37,500

scaffold razors and knives and we can't

955

00:40:42,710 --> 00:40:40,980

make the same Cuts we've had cattle that

956

00:40:45,349 --> 00:40:42,720

we've

957

00:40:47,150 --> 00:40:45,359

went and investigated that were you know

958

00:40:49,130 --> 00:40:47,160

called in I think I have a mutilation

959

00:40:51,829 --> 00:40:49,140

here and we went out we've seen it and

960

00:40:53,270 --> 00:40:51,839

it was not a mutilation and these are

961

00:40:54,609 --> 00:40:53,280

not the ones that's reported the ones

962

00:40:57,770 --> 00:40:54,619

that we

963

00:41:00,290 --> 00:40:57,780

clasped as a classic type mutilation arm

964

00:41:03,890 --> 00:41:00,300

action mutilations and they're not

965

00:41:05,650 --> 00:41:03,900

Predators animals wild animals Predators

966

00:41:07,910 --> 00:41:05,660

coyotes

967

00:41:11,089 --> 00:41:07,920

won't approach

968

00:41:12,829 --> 00:41:11,099

these these carcasses but in the case of

969

00:41:14,630 --> 00:41:12,839

an animal being mutilated in the winter

970

00:41:16,310 --> 00:41:14,640

time there's possibly something about

971

00:41:18,410 --> 00:41:16,320

the cold weather that may mask whatever

972

00:41:20,690 --> 00:41:18,420

it is it keeps Predators away and that

973

00:41:22,790 --> 00:41:20,700

will be the exception to the rule is

974

00:41:23,930 --> 00:41:22,800

this animal here is any uh pretty much

975

00:41:28,569 --> 00:41:23,940

like the other ones you had there was

976
00:41:34,270 --> 00:41:31,609
all the calories you've done eight years

977
00:41:38,510 --> 00:41:34,280
old according to the way I looked at her

978
00:41:41,329 --> 00:41:38,520
her teeth at eight or nine

979
00:41:42,950 --> 00:41:41,339
I know what definitely it wasn't uh

980
00:41:52,790 --> 00:41:42,960
animals

981
00:41:57,490 --> 00:41:55,069
Don you know now on this Critter here

982
00:42:00,050 --> 00:41:57,500
oh this looks like a real incised wound

983
00:42:01,670 --> 00:42:00,060
look is definitely cut oh yeah

984
00:42:03,589 --> 00:42:01,680
everything you tell that I mean even at

985
00:42:05,569 --> 00:42:03,599
the age that it is right now

986
00:42:08,210 --> 00:42:05,579
that's opposed to the way it is to where

987
00:42:10,130 --> 00:42:08,220
the animals have been to it on this

988
00:42:11,150 --> 00:42:10,140

other side over here kind of noticed

989

00:42:14,150 --> 00:42:11,160

there you know the difference they're

990

00:42:16,810 --> 00:42:14,160

done between here and how animals have

991

00:42:19,310 --> 00:42:16,820

been to that and that flesh is torn and

992

00:42:21,050 --> 00:42:19,320

it's not a real in size but yet when we

993

00:42:23,990 --> 00:42:21,060

seen this animal the other day

994

00:42:26,810 --> 00:42:24,000

now these were all precise good clean

995

00:42:28,250 --> 00:42:26,820

cuts unfortunately so that's a good

996

00:42:30,770 --> 00:42:28,260

example of what we was trying to say

997

00:42:32,870 --> 00:42:30,780

about the lab up there that said that uh

998

00:42:34,730 --> 00:42:32,880

they said it was Predators doing it

999

00:42:38,030 --> 00:42:34,740

but that definitely wasn't a predator

1000

00:42:40,490 --> 00:42:38,040

would there no I wouldn't say

1001
00:42:42,950 --> 00:42:40,500
oh it looks like uh they went clear from

1002
00:42:44,810 --> 00:42:42,960
the navel here turn back in underneath

1003
00:42:46,010 --> 00:42:44,820
here and took the whole bag and out of

1004
00:42:48,589 --> 00:42:46,020
the hole works out

1005
00:42:50,270 --> 00:42:48,599
and uh they cord down into the rectum

1006
00:42:52,069 --> 00:42:50,280
the whole rectal area

1007
00:42:55,609 --> 00:42:52,079
and looks like it got back into some of

1008
00:42:57,710 --> 00:42:55,619
the reproductive organs back in there

1009
00:42:58,910 --> 00:42:57,720
as the mutilations and the and the

1010
00:43:00,290 --> 00:42:58,920
sightings of the lights in the sky

1011
00:43:02,690 --> 00:43:00,300
continued

1012
00:43:04,010 --> 00:43:02,700
it got to a point where where ranchers

1013
00:43:06,109 --> 00:43:04,020

in the northeastern part of the state

1014

00:43:08,210 --> 00:43:06,119

begin arming themselves

1015

00:43:10,550 --> 00:43:08,220

they weren't getting the results they

1016

00:43:12,530 --> 00:43:10,560

wanted from State authorities they were

1017

00:43:15,349 --> 00:43:12,540

concerned for their families and they

1018

00:43:17,870 --> 00:43:15,359

never knew when they might be next they

1019

00:43:20,390 --> 00:43:17,880

began patrolling their pasture Landing

1020

00:43:22,730 --> 00:43:20,400

watching over their herds at night

1021

00:43:25,790 --> 00:43:22,740

the lights from the sky when they got

1022

00:43:28,490 --> 00:43:25,800

too close to a herd of cattle the ranch

1023

00:43:31,670 --> 00:43:28,500

were shot well I think everybody was a

1024

00:43:33,349 --> 00:43:31,680

little edgy everybody everybody started

1025

00:43:35,390 --> 00:43:33,359

carrying high-powered rifles on what

1026
00:43:38,030 --> 00:43:35,400
good it would then but everybody was

1027
00:43:40,069 --> 00:43:38,040
awfully nervous I'm completely convinced

1028
00:43:41,930 --> 00:43:40,079
that there's something there it's not

1029
00:43:43,370 --> 00:43:41,940
normal

1030
00:43:45,109 --> 00:43:43,380
there's a lot of questions that are

1031
00:43:46,849 --> 00:43:45,119
unanswered I'm sure and hopefully

1032
00:43:49,309 --> 00:43:46,859
someday maybe somebody will figure it

1033
00:43:52,010 --> 00:43:49,319
out and identifiable lights in the sky

1034
00:43:53,870 --> 00:43:52,020
have appeared in virtually every area of

1035
00:43:56,510 --> 00:43:53,880
this country which has been plagued by

1036
00:43:58,490 --> 00:43:56,520
cattle mutilations but no explanation

1037
00:44:00,950 --> 00:43:58,500
has been found for these strange

1038
00:44:02,809 --> 00:44:00,960

sightings there are some who believe

1039

00:44:05,150 --> 00:44:02,819

that these objects in the sky are

1040

00:44:08,150 --> 00:44:05,160

responsible for thousands of mysterious

1041

00:44:12,650 --> 00:44:08,160

cattle deaths which continue to this day

1042

00:44:17,150 --> 00:44:15,170

though state and local officials have

1043

00:44:20,390 --> 00:44:17,160

stated their views about the mutilation

1044

00:44:24,530 --> 00:44:20,400

mystery surprisingly few veterinarians

1045

00:44:27,109 --> 00:44:24,540

will speak publicly about the situation

1046

00:44:29,569 --> 00:44:27,119

this man is an exception Dr William

1047

00:44:30,950 --> 00:44:29,579

Fitzgerald runs an animal clinic in

1048

00:44:33,109 --> 00:44:30,960

Durango Colorado

1049

00:44:35,270 --> 00:44:33,119

because of his expertise in the field of

1050

00:44:37,370 --> 00:44:35,280

veterinary medicine he was asked by the

1051
00:44:39,349 --> 00:44:37,380
Sheriff's Office to perform an autopsy

1052
00:44:42,410 --> 00:44:39,359
on a mutilated cow found in a remote

1053
00:44:44,750 --> 00:44:42,420
area of state-owned forest

1054
00:44:46,609 --> 00:44:44,760
this particular animal had been largely

1055
00:44:49,430 --> 00:44:46,619
exsanguinated

1056
00:44:52,069 --> 00:44:49,440
the anus and about the

1057
00:44:53,569 --> 00:44:52,079
first four inches of the rectum had been

1058
00:44:55,550 --> 00:44:53,579
removed

1059
00:44:57,589 --> 00:44:55,560
the

1060
00:44:59,569 --> 00:44:57,599
propusal skin

1061
00:45:02,150 --> 00:44:59,579
and last two or three inches of the

1062
00:45:03,589 --> 00:45:02,160
penis had been severed flush with the

1063
00:45:08,329 --> 00:45:03,599

body wall

1064

00:45:12,829 --> 00:45:08,339

the left eye had been removed

1065

00:45:14,450 --> 00:45:12,839

and the last one third of the tongue had

1066

00:45:16,849 --> 00:45:14,460

been cut

1067

00:45:19,309 --> 00:45:16,859

a portion of the lips on the left side

1068

00:45:21,950 --> 00:45:19,319

of the animal were also

1069

00:45:24,109 --> 00:45:21,960

sawed off

1070

00:45:26,510 --> 00:45:24,119

uh presumably to gain access to the

1071

00:45:27,890 --> 00:45:26,520

tongue but this makes no sense because

1072

00:45:29,390 --> 00:45:27,900

that portion of the tongue could have

1073

00:45:31,370 --> 00:45:29,400

been easily pulled out and cut off

1074

00:45:34,010 --> 00:45:31,380

without that so I don't understand that

1075

00:45:39,710 --> 00:45:37,550

reports I have heard some that I have

1076

00:45:42,370 --> 00:45:39,720

read subsequent to this time

1077

00:45:44,870 --> 00:45:42,380

indicate that people have seen

1078

00:45:46,069 --> 00:45:44,880

mutilations that they attributed to

1079

00:45:48,829 --> 00:45:46,079

predators

1080

00:45:50,750 --> 00:45:48,839

and

1081

00:45:52,550 --> 00:45:50,760

if this was a predator he had two feet

1082

00:45:55,490 --> 00:45:52,560

and a six inch knife

1083

00:45:57,349 --> 00:45:55,500

because it was a very sharp single cut

1084

00:45:59,450 --> 00:45:57,359

in most instances

1085

00:46:02,630 --> 00:45:59,460

and although not the world's leading

1086

00:46:04,190 --> 00:46:02,640

expert I work with knives frequently I

1087

00:46:05,210 --> 00:46:04,200

know what they do I know the marks they

1088

00:46:08,270 --> 00:46:05,220

leave

1089

00:46:10,490 --> 00:46:08,280

next sanguination the removal of blood

1090

00:46:12,950 --> 00:46:10,500

from an animal has been a predominant

1091

00:46:15,230 --> 00:46:12,960

trademark of the mutilators

1092

00:46:17,870 --> 00:46:15,240

few officials have found an answer to

1093

00:46:20,450 --> 00:46:17,880

the technique used in this procedure

1094

00:46:22,430 --> 00:46:20,460

Dr Fitzgerald describes what he thinks

1095

00:46:25,730 --> 00:46:22,440

is the method

1096

00:46:27,530 --> 00:46:25,740

if a large bore needle is placed in the

1097

00:46:28,910 --> 00:46:27,540

animal's jugular vein while the animal

1098

00:46:32,089 --> 00:46:28,920

is sedated

1099

00:46:34,430 --> 00:46:32,099

under anesthesia or awake if you like

1100

00:46:37,130 --> 00:46:34,440

somehow restrained over

1101

00:46:40,069 --> 00:46:37,140

the animal's heart will function as a

1102

00:46:41,390 --> 00:46:40,079

pump and will pump out very nearly all

1103

00:46:43,490 --> 00:46:41,400

of its blood

1104

00:46:47,329 --> 00:46:43,500

through

1105

00:46:52,069 --> 00:46:50,150

as the animal's blood supply begins to

1106

00:46:54,710 --> 00:46:52,079

diminish a natural physiological

1107

00:46:56,630 --> 00:46:54,720

mechanism takes over and sequesters or

1108

00:46:58,730 --> 00:46:56,640

draws what remaining blood is left into

1109

00:47:00,470 --> 00:46:58,740

the internal organs in the center to

1110

00:47:03,470 --> 00:47:00,480

supply the vital organs deliver at the

1111

00:47:07,569 --> 00:47:03,480

heart the brain and it will leave

1112

00:47:11,329 --> 00:47:07,579

the peripheral area the skin all of the

1113

00:47:15,290 --> 00:47:11,339

non-vital centers largely bloodless

1114

00:47:18,170 --> 00:47:15,300

so if you can successfully withdraw The

1115

00:47:21,890 --> 00:47:18,180

major portion of an animal's blood

1116

00:47:23,569 --> 00:47:21,900

you can cut on that animal and there

1117

00:47:26,690 --> 00:47:23,579

will be virtually no bleeding at all

1118

00:47:33,589 --> 00:47:28,250

I know that

1119

00:47:38,750 --> 00:47:36,349

the animal was apparently restrained

1120

00:47:41,150 --> 00:47:38,760

with something other than ropes why I

1121

00:47:44,750 --> 00:47:41,160

don't know it was apparently washed

1122

00:47:46,849 --> 00:47:44,760

completely clean why I don't know

1123

00:47:49,730 --> 00:47:46,859

uh

1124

00:47:54,170 --> 00:47:52,069

it was in a very remote area perhaps

1125

00:47:56,690 --> 00:47:54,180

these things tie together perhaps

1126

00:47:58,190 --> 00:47:56,700

whoever whatever

1127

00:48:00,710 --> 00:47:58,200

perform this

1128

00:48:02,930 --> 00:48:00,720

didn't want to be observed

1129

00:48:03,710 --> 00:48:02,940

I think one of my initial feelings was

1130

00:48:05,569 --> 00:48:03,720

that

1131

00:48:06,829 --> 00:48:05,579

somebody certainly went to an awful lot

1132

00:48:08,150 --> 00:48:06,839

of trouble to get back into a remote

1133

00:48:09,710 --> 00:48:08,160

area where I don't believe you'd

1134

00:48:11,210 --> 00:48:09,720

casually know there were even cattle to

1135

00:48:14,950 --> 00:48:11,220

do all of this

1136

00:48:20,690 --> 00:48:17,990

Dulce New Mexico similar to The Plains

1137

00:48:23,870 --> 00:48:20,700

of Colorado in its isolation but nestled

1138

00:48:27,650 --> 00:48:23,880

among Rolling Hills and small mountains

1139

00:48:29,809 --> 00:48:27,660

is the land of the hikaria Apache

1140

00:48:32,690 --> 00:48:29,819

tradition is strong here

1141

00:48:34,730 --> 00:48:32,700

Indian women weave intricate baskets and

1142

00:48:37,490 --> 00:48:34,740

create delicate bead work

1143

00:48:39,770 --> 00:48:37,500

the men preside over tribal business

1144

00:48:43,069 --> 00:48:39,780

and raise cattle

1145

00:48:45,530 --> 00:48:43,079

here as in Logan County the night sky

1146

00:48:47,990 --> 00:48:45,540

has been lit with the glow of unknown

1147

00:48:49,790 --> 00:48:48,000

flying objects and cattle are found

1148

00:48:52,190 --> 00:48:49,800

mutilated

1149

00:48:54,589 --> 00:48:52,200

officer Gabe Valdez of the New Mexico

1150

00:48:56,510 --> 00:48:54,599

State Police and retired scientist

1151

00:48:58,430 --> 00:48:56,520

Howard Burgess who pioneered the

1152

00:49:00,829 --> 00:48:58,440

development of Kirlian Photography in

1153

00:49:03,470 --> 00:49:00,839

this country periodically pool their

1154

00:49:06,349 --> 00:49:03,480

knowledge and expertise in an effort to

1155

00:49:09,470 --> 00:49:06,359

solve the mutilation mystery officer

1156

00:49:13,550 --> 00:49:09,480

Valdez describes how it all began it was

1157

00:49:16,609 --> 00:49:13,560

in 1976 June the 14th

1158

00:49:18,770 --> 00:49:16,619

we when we first had one of our Academy

1159

00:49:21,290 --> 00:49:18,780

relations here in Dulce

1160

00:49:24,589 --> 00:49:21,300

the Kerala that was nearly belonged to

1161

00:49:26,569 --> 00:49:24,599

Mr Emmanuel Gomez anytime that we do

1162

00:49:30,290 --> 00:49:26,579

find one that uh

1163

00:49:32,809 --> 00:49:30,300

it's not too decomposed and it's a

1164

00:49:35,270 --> 00:49:32,819

it's fresh enough for us to do some

1165

00:49:37,849 --> 00:49:35,280

tests or I do call on Mr Burgess because

1166

00:49:41,450 --> 00:49:37,859

he has a lot of knowledge in the field

1167

00:49:43,490 --> 00:49:41,460

of science that is very helpful to me in

1168

00:49:46,010 --> 00:49:43,500

conducting my investigations

1169

00:49:48,109 --> 00:49:46,020

Howard Burgess had a theory that some of

1170

00:49:50,210 --> 00:49:48,119

the cattle had been marked prior to

1171

00:49:52,130 --> 00:49:50,220

their mutilation with something which

1172

00:49:55,670 --> 00:49:52,140

would show up in their ultraviolet light

1173

00:49:58,490 --> 00:49:55,680

but be invisible to the naked eye

1174

00:50:01,069 --> 00:49:58,500

late one night he and Valdez conducted

1175

00:50:04,190 --> 00:50:01,079

an experiment and found that out of 80

1176
00:50:06,829 --> 00:50:04,200
head of cattle five were indeed marked

1177
00:50:10,069 --> 00:50:06,839
with a powdery white substance visible

1178
00:50:13,430 --> 00:50:10,079
only under ultraviolet light

1179
00:50:15,770 --> 00:50:13,440
so we took ultraviolet with some special

1180
00:50:19,970 --> 00:50:15,780
filters and ran the cattle through it

1181
00:50:22,430 --> 00:50:19,980
and what appears to be markings glowed

1182
00:50:25,550 --> 00:50:22,440
under ultraviolet it's invisible to the

1183
00:50:29,329 --> 00:50:25,560
normal eye but under ultraviolet it does

1184
00:50:32,510 --> 00:50:29,339
glow then we removed the hair from the

1185
00:50:35,210 --> 00:50:32,520
region that does glow and we removed a

1186
00:50:39,050 --> 00:50:35,220
control sample we took these to the lab

1187
00:50:43,790 --> 00:50:39,060
and had chemical checks run on them

1188
00:50:46,730 --> 00:50:43,800

we did find that the sample that did low

1189

00:50:49,370 --> 00:50:46,740

is extremely high in potassium and

1190

00:50:51,770 --> 00:50:49,380

magnesium at the time this was

1191

00:50:55,190 --> 00:50:51,780

interesting but it didn't mean much to

1192

00:50:58,309 --> 00:50:55,200

us until we ran onto other things that

1193

00:51:01,790 --> 00:50:58,319

began to tie in with it the time came on

1194

00:51:04,370 --> 00:51:01,800

July 3 1978 when a UFO was sighted over

1195

00:51:06,950 --> 00:51:04,380

Taos New Mexico as it hovered over the

1196

00:51:09,829 --> 00:51:06,960

town it dropped a thin film of Ashes

1197

00:51:11,930 --> 00:51:09,839

onto the ground Mill the ashes contained

1198

00:51:14,329 --> 00:51:11,940

high levels of magnesium and potassium

1199

00:51:16,970 --> 00:51:14,339

the same elements found on the cattle

1200

00:51:21,170 --> 00:51:16,980

under ultraviolet light but there was

1201
00:51:23,870 --> 00:51:21,180
more my finders at least 25 elements in

1202
00:51:27,230 --> 00:51:23,880
there there's a good possibility that it

1203
00:51:30,710 --> 00:51:27,240
may be something that's organic if it is

1204
00:51:33,230 --> 00:51:30,720
this just opens up a real bag of worms

1205
00:51:36,049 --> 00:51:33,240
because anything can happen if this is

1206
00:51:37,809 --> 00:51:36,059
an organic material that has come from

1207
00:51:41,650 --> 00:51:37,819
one of these

1208
00:51:45,890 --> 00:51:41,660
crafts and this as the people told us

1209
00:51:47,569 --> 00:51:45,900
directly fell from the craft that was

1210
00:51:51,290 --> 00:51:47,579
hovering over the area

1211
00:51:53,329 --> 00:51:51,300
one evening in 1975 Logan County Sheriff

1212
00:51:55,270 --> 00:51:53,339
takes Graves took his deputies into the

1213
00:51:57,349 --> 00:51:55,280

countryside around Sterling Colorado

1214

00:51:59,329 --> 00:51:57,359

determined to track the bright lights

1215

00:52:01,069 --> 00:51:59,339

which had been skimming across the

1216

00:52:03,589 --> 00:52:01,079

ranches and farmlands for the last

1217

00:52:06,710 --> 00:52:03,599

several weeks reported Bill Jackson

1218

00:52:08,630 --> 00:52:06,720

describes the sequence of events

1219

00:52:10,730 --> 00:52:08,640

we were just getting started in this we

1220

00:52:13,190 --> 00:52:10,740

really didn't know what we were doing we

1221

00:52:14,990 --> 00:52:13,200

weren't prepared for anything like this

1222

00:52:17,930 --> 00:52:15,000

of course

1223

00:52:19,910 --> 00:52:17,940

but as as time went on we realized we

1224

00:52:21,710 --> 00:52:19,920

couldn't catch them so maybe we can take

1225

00:52:25,130 --> 00:52:21,720

pictures of them and discover something

1226

00:52:30,049 --> 00:52:27,549

about a year and a half later

1227

00:52:31,910 --> 00:52:30,059

the lights we turned I mean relations

1228

00:52:34,430 --> 00:52:31,920

were still going on

1229

00:52:37,790 --> 00:52:34,440

so we uh we arranged with the Honeywell

1230

00:52:41,270 --> 00:52:37,800

people in Denver to borrow a 1100

1231

00:52:43,730 --> 00:52:41,280

millimeter lentar lens from them

1232

00:52:46,010 --> 00:52:43,740

and got some high speed recording film

1233

00:52:48,950 --> 00:52:46,020

from Kodak

1234

00:52:52,010 --> 00:52:48,960

and then we sat and we waited

1235

00:52:53,690 --> 00:52:52,020

uh hoping that the the lights would come

1236

00:52:55,790 --> 00:52:53,700

back when we'd have a chance and finally

1237

00:52:58,609 --> 00:52:55,800

that that chance came

1238

00:53:01,490 --> 00:52:58,619

it was a stationary object that we saw

1239

00:53:03,950 --> 00:53:01,500

for approximately 30 to 45 minutes and

1240

00:53:11,060 --> 00:53:03,960

with resulting shots were interesting to

1241

00:53:21,410 --> 00:53:17,770

[Music]

1242

00:53:22,970 --> 00:53:21,420

shortly after these final exposures the

1243

00:53:25,190 --> 00:53:22,980

object has disappeared it was almost

1244

00:53:29,569 --> 00:53:25,200

like somebody hit a light switch and it

1245

00:53:35,390 --> 00:53:31,670

what all these are identifiable lights

1246

00:53:36,890 --> 00:53:35,400

what is their nature and their purpose

1247

00:53:41,809 --> 00:53:36,900

and that it is time that world

1248

00:53:45,829 --> 00:53:43,609

they appeared in the night skies

1249

00:53:47,930 --> 00:53:45,839

immediately prior to the discovery of

1250

00:53:51,290 --> 00:53:47,940

mutilated cattle

1251

00:53:52,580 --> 00:53:51,300

how many more animals will die if all

1252

00:54:00,950 --> 00:53:52,590

the mystery is soak

1253

00:54:07,190 --> 00:54:04,430

in 1974 I received a call from a woman

1254

00:54:09,049 --> 00:54:07,200

who had a strange story to tell one

1255

00:54:10,970 --> 00:54:09,059

night as she and three friends were

1256

00:54:13,069 --> 00:54:10,980

returning to Los Angeles from Lompoc

1257

00:54:15,349 --> 00:54:13,079

California they encountered an

1258

00:54:17,150 --> 00:54:15,359

unidentified light in the sky

1259

00:54:19,250 --> 00:54:17,160

thinking at first it was a helicopter

1260

00:54:21,589 --> 00:54:19,260

the friends paid little attention

1261

00:54:24,530 --> 00:54:21,599

when the object began to fly the unusual

1262

00:54:26,510 --> 00:54:24,540

patterns at extremely high speeds the

1263

00:54:28,069 --> 00:54:26,520

passengers soon realized they were

1264

00:54:31,010 --> 00:54:28,079

dealing with something out of the

1265

00:54:33,470 --> 00:54:31,020

ordinary what happened next is best told

1266

00:54:35,510 --> 00:54:33,480

in the woman's own words Helen is a

1267

00:54:38,870 --> 00:54:35,520

fictional name a real name is being

1268

00:54:40,970 --> 00:54:38,880

withheld at her request

1269

00:54:42,950 --> 00:54:40,980

I thought commended Skies from the top

1270

00:54:45,170 --> 00:54:42,960

of the mountain range and go straight up

1271

00:54:47,510 --> 00:54:45,180

and do a nine degree angle toward us and

1272

00:54:48,650 --> 00:54:47,520

I called it to the attention to Don John

1273

00:54:51,230 --> 00:54:48,660

and Sue

1274

00:54:54,589 --> 00:54:51,240

and they saw it too

1275

00:54:57,049 --> 00:54:54,599

and it was there I was not under alcohol

1276

00:54:59,030 --> 00:54:57,059

or anything like that and it came

1277

00:55:01,549 --> 00:54:59,040

starting to be really erratic things in

1278

00:55:03,710 --> 00:55:01,559

the sky it was a small white light and

1279

00:55:06,770 --> 00:55:03,720

very easy to see we were not mistaking

1280

00:55:08,510 --> 00:55:06,780

anything it came over to the car except

1281

00:55:10,370 --> 00:55:08,520

everyone went around on the other side

1282

00:55:12,829 --> 00:55:10,380

of the tour of the other Hills and came

1283

00:55:15,650 --> 00:55:12,839

back fell to go to the car by this time

1284

00:55:18,589 --> 00:55:15,660

because it was so close it was

1285

00:55:22,010 --> 00:55:18,599

eight Lanes freeway at least in diameter

1286

00:55:24,650 --> 00:55:22,020

and even a little wider Saucy shaped a

1287

00:55:27,349 --> 00:55:24,660

very white luminescent light emitted

1288

00:55:28,309 --> 00:55:27,359

from the entirety of it the ship stayed

1289

00:55:30,770 --> 00:55:28,319

above us

1290

00:55:33,230 --> 00:55:30,780

out in front of us about um

1291

00:55:34,790 --> 00:55:33,240

a minute or two we watched it and none

1292

00:55:37,250 --> 00:55:34,800

of it's the same thing

1293

00:55:38,750 --> 00:55:37,260

and we just kept driving and they kept

1294

00:55:41,450 --> 00:55:38,760

staying in front of us and then out of

1295

00:55:44,690 --> 00:55:41,460

the perimeter of its closest to us

1296

00:55:46,490 --> 00:55:44,700

came four white beams of light very much

1297

00:55:49,250 --> 00:55:46,500

like funnel shaped smaller at the

1298

00:55:51,230 --> 00:55:49,260

perimeter and they descended upon us and

1299

00:55:53,390 --> 00:55:51,240

came around each one of our bodies

1300

00:55:55,490 --> 00:55:53,400

and out of each one of our bodies we

1301
00:55:57,770 --> 00:55:55,500
started to float into that beam of light

1302
00:56:01,390 --> 00:55:57,780
the best description would

1303
00:56:05,569 --> 00:56:01,400
would be molecularly being dispersed and

1304
00:56:07,849 --> 00:56:05,579
when I looked over Don and Sue and John

1305
00:56:09,770 --> 00:56:07,859
their bodies their legs and their

1306
00:56:11,210 --> 00:56:09,780
bottoms are still on the car seat and

1307
00:56:13,130 --> 00:56:11,220
their heads and their shoulders and

1308
00:56:15,589 --> 00:56:13,140
their chest molecules were going through

1309
00:56:17,450 --> 00:56:15,599
the roof of the car along with mine we

1310
00:56:18,950 --> 00:56:17,460
didn't lose Consciousness while this

1311
00:56:20,809 --> 00:56:18,960
happened we were completely conscious of

1312
00:56:23,390 --> 00:56:20,819
going through the roof

1313
00:56:25,790 --> 00:56:23,400

and the bottom molecules of our body

1314

00:56:27,410 --> 00:56:25,800

were coming through too and we were

1315

00:56:29,030 --> 00:56:27,420

about three and a half or four feet

1316

00:56:31,910 --> 00:56:29,040

outside the car

1317

00:56:34,670 --> 00:56:31,920

going toward the ship and we hit energy

1318

00:56:36,470 --> 00:56:34,680

field a strong one and remembered

1319

00:56:39,770 --> 00:56:36,480

nothing

1320

00:56:43,790 --> 00:56:39,780

I did remember we were coming back

1321

00:56:46,250 --> 00:56:43,800

the same process going back into the car

1322

00:56:48,650 --> 00:56:46,260

it wasn't until several years later

1323

00:56:51,170 --> 00:56:48,660

that Helen realized she had experienced

1324

00:56:54,290 --> 00:56:51,180

more than share remembered mental images

1325

00:56:56,450 --> 00:56:54,300

which she couldn't explain caused her to

1326

00:56:59,210 --> 00:56:56,460

visit a specialist who put her through a

1327

00:57:01,370 --> 00:56:59,220

memory regression in this relaxed State

1328

00:57:04,069 --> 00:57:01,380

Helen recalled the evening in question

1329

00:57:07,609 --> 00:57:04,079

and described in detail the experience

1330

00:57:10,549 --> 00:57:07,619

of being taken aboard the UFO

1331

00:57:13,010 --> 00:57:10,559

I came too and standing in front of me

1332

00:57:15,710 --> 00:57:13,020

was a very tall man with why they share

1333

00:57:19,010 --> 00:57:15,720

kind of bronze beautifully tan type of

1334

00:57:21,589 --> 00:57:19,020

skin and he had

1335

00:57:23,569 --> 00:57:21,599

a long type of rogueish gown on and he

1336

00:57:27,589 --> 00:57:23,579

was looking at me and very very friendly

1337

00:57:29,390 --> 00:57:27,599

and he said it he supposed I'd like to

1338

00:57:31,250 --> 00:57:29,400

know what we were doing here

1339

00:57:32,930 --> 00:57:31,260

and I looked around and I did want to

1340

00:57:35,089 --> 00:57:32,940

know there was a huge room that we were

1341

00:57:37,130 --> 00:57:35,099

in that had a hallway off the front and

1342

00:57:39,970 --> 00:57:37,140

hallway off to the side and the round

1343

00:57:42,290 --> 00:57:39,980

curved hallways the room was very light

1344

00:57:43,910 --> 00:57:42,300

iridescent light radiated all over but

1345

00:57:45,170 --> 00:57:43,920

you didn't see a light bulb anywhere in

1346

00:57:46,970 --> 00:57:45,180

fact you didn't see hardly anything

1347

00:57:48,890 --> 00:57:46,980

except for the swivel chairs we were

1348

00:57:52,670 --> 00:57:48,900

sitting in and

1349

00:57:54,410 --> 00:57:52,680

he proceeded to help me up and we walked

1350

00:57:56,930 --> 00:57:54,420

together over to the

1351
00:57:58,730 --> 00:57:56,940
screen in front of us across the room

1352
00:58:02,809 --> 00:57:58,740
and he showed us some information

1353
00:58:04,910 --> 00:58:02,819
pictures and it was very cordial and

1354
00:58:07,309 --> 00:58:04,920
very easy to talk with

1355
00:58:09,290 --> 00:58:07,319
the man spoke to me in English but

1356
00:58:11,450 --> 00:58:09,300
concurrent with everything he said was a

1357
00:58:13,790 --> 00:58:11,460
great great deal of telepathic

1358
00:58:17,089 --> 00:58:13,800
communication and it was completely

1359
00:58:19,970 --> 00:58:17,099
peaceful feeling there

1360
00:58:22,670 --> 00:58:19,980
it all made sense he showed us the

1361
00:58:24,589 --> 00:58:22,680
screen with many images on it that

1362
00:58:26,329 --> 00:58:24,599
clarified some of the things he was

1363
00:58:28,370 --> 00:58:26,339

saying he also said that he'd been

1364

00:58:30,890 --> 00:58:28,380

around with the other people there for

1365

00:58:33,109 --> 00:58:30,900

thousands of years and that they had

1366

00:58:34,910 --> 00:58:33,119

been picking up people and giving

1367

00:58:37,370 --> 00:58:34,920

information to people

1368

00:58:39,530 --> 00:58:37,380

for the use of putting it into this

1369

00:58:42,349 --> 00:58:39,540

world into this Society

1370

00:58:43,849 --> 00:58:42,359

to bring about a lot of better changes

1371

00:58:47,210 --> 00:58:43,859

and

1372

00:58:49,670 --> 00:58:47,220

the interesting thing was that um there

1373

00:58:52,010 --> 00:58:49,680

are some people he indicated who have

1374

00:58:53,930 --> 00:58:52,020

who we know and read about who were

1375

00:58:55,069 --> 00:58:53,940

given information by him this is what he

1376
00:58:56,930 --> 00:58:55,079
told me

1377
00:59:00,170 --> 00:58:56,940
and um

1378
00:59:01,910 --> 00:59:00,180
there was no fear that's predominant I

1379
00:59:04,250 --> 00:59:01,920
think in everything

1380
00:59:06,589 --> 00:59:04,260
from this large room where we first came

1381
00:59:07,849 --> 00:59:06,599
on the man led me down into a couple

1382
00:59:10,309 --> 00:59:07,859
other rooms

1383
00:59:12,049 --> 00:59:10,319
and the one that's very interesting was

1384
00:59:14,990 --> 00:59:12,059
more or less in the center of this ship

1385
00:59:17,329 --> 00:59:15,000
and it was a room full of dials and full

1386
00:59:19,609 --> 00:59:17,339
of men dressed in more form-fitting

1387
00:59:22,069 --> 00:59:19,619
clothes whereas the one who met me had a

1388
00:59:23,589 --> 00:59:22,079

type of ambassadorial Robeson and these

1389

00:59:25,730 --> 00:59:23,599

guys had more like

1390

00:59:28,309 --> 00:59:25,740

turtlenecks and Levi's they're still

1391

00:59:29,569 --> 00:59:28,319

white soft iridescent and very

1392

00:59:32,030 --> 00:59:29,579

comfortable looking and they were

1393

00:59:34,730 --> 00:59:32,040

working there was plenty of dials and

1394

00:59:37,430 --> 00:59:34,740

there was lots of screens types of

1395

00:59:39,109 --> 00:59:37,440

Scopes there and they were doing things

1396

00:59:42,890 --> 00:59:39,119

um very involved and none of them paid

1397

00:59:46,130 --> 00:59:42,900

any attention to us they kept their work

1398

00:59:48,230 --> 00:59:46,140

after he'd taken me to these rooms we

1399

00:59:49,730 --> 00:59:48,240

were walking again down the hall to go

1400

00:59:51,770 --> 00:59:49,740

back to the car

1401
00:59:53,450 --> 00:59:51,780
and while we were walking I remember

1402
00:59:56,210 --> 00:59:53,460
telling him you know nobody's going to

1403
00:59:57,890 --> 00:59:56,220
believe me and he said it's really nice

1404
00:59:59,510 --> 00:59:57,900
dog doing because it doesn't matter if

1405
01:00:02,030 --> 00:59:59,520
anybody believes you

1406
01:00:04,730 --> 01:00:02,040
and there was a purpose to being told

1407
01:00:07,490 --> 01:00:04,740
these things and what I learned and what

1408
01:00:08,390 --> 01:00:07,500
John and Sue had learned too had its

1409
01:00:09,829 --> 01:00:08,400
purpose

1410
01:00:17,870 --> 01:00:09,839
and

1411
01:00:20,390 --> 01:00:17,880
not even feel anything unusual

1412
01:00:22,250 --> 01:00:20,400
and then we came back to the room we

1413
01:00:24,950 --> 01:00:22,260

were put back in the car the same way as

1414

01:00:27,770 --> 01:00:24,960

we were taken out and we just this

1415

01:00:30,589 --> 01:00:27,780

tremendous sense of peace and that there

1416

01:00:33,530 --> 01:00:30,599

was a lot more going on them and we had

1417

01:00:39,230 --> 01:00:36,710

in December of 1969 amidst great public

1418

01:00:41,870 --> 01:00:39,240

controversy the Condon reports from the

1419

01:00:44,390 --> 01:00:41,880

University of Colorado was finally out

1420

01:00:46,069 --> 01:00:44,400

in summary they found no evidence that

1421

01:00:48,470 --> 01:00:46,079

UFOs were a threat to the National

1422

01:00:49,789 --> 01:00:48,480

Security in the late Dr Condon

1423

01:00:51,770 --> 01:00:49,799

recommended that the Air Force

1424

01:00:54,470 --> 01:00:51,780

terminated its involvement in UFO

1425

01:00:56,930 --> 01:00:54,480

investigations and Analysis

1426

01:00:59,750 --> 01:00:56,940

in 1969 the Air Force officially

1427

01:01:02,450 --> 01:00:59,760

disbanded Project Blue Book and the

1428

01:01:04,549 --> 01:01:02,460

study of the UFO phenomenon

1429

01:01:08,750 --> 01:01:04,559

the conclusions of Project Blue Book

1430

01:01:11,630 --> 01:01:08,760

were one no UFO reported investigated

1431

01:01:14,089 --> 01:01:11,640

and evaluated by the Air Force has ever

1432

01:01:17,150 --> 01:01:14,099

given any indication of threat to our

1433

01:01:18,770 --> 01:01:17,160

national security two there is no

1434

01:01:22,069 --> 01:01:18,780

evidence submitted that sightings

1435

01:01:24,589 --> 01:01:22,079

categorized as unidentified represent

1436

01:01:26,510 --> 01:01:24,599

technological developments or principles

1437

01:01:29,990 --> 01:01:26,520

beyond the range of present-day

1438

01:01:32,270 --> 01:01:30,000

scientific knowledge and three there is

1439

01:01:34,150 --> 01:01:32,280

no evidence indicating that these

1440

01:01:38,210 --> 01:01:34,160

unidentified objects are

1441

01:01:41,089 --> 01:01:38,220

extraterrestrial the files of over 12

1442

01:01:43,190 --> 01:01:41,099

000 cases were placed into storage but

1443

01:01:45,130 --> 01:01:43,200

the ubiquitous UFO wasn't to be

1444

01:01:47,930 --> 01:01:45,140

influenced by this government position

1445

01:01:49,849 --> 01:01:47,940

incidents were to continue with daily

1446

01:01:51,650 --> 01:01:49,859

reports of flying objects finding their

1447

01:01:54,829 --> 01:01:51,660

way into the news media

1448

01:01:58,549 --> 01:01:54,839

in the closing months of 1973 and early

1449

01:02:01,370 --> 01:01:58,559

into 1974 alone there are over 1 000

a veteran pilot and a newsman filmed

1495

01:04:07,549 --> 01:04:06,430

seven objects

1496

01:04:11,990 --> 01:04:07,559

[Music]

1497

01:04:14,750 --> 01:04:12,000

January 4 1979 Jerusalem police on duty

1498

01:04:16,789 --> 01:04:14,760

see three mysterious objects at high

1499

01:04:20,750 --> 01:04:16,799

altitude

1500

01:04:23,329 --> 01:04:20,760

January 5th 1979 Johannesburg South

1501

01:04:25,789 --> 01:04:23,339

Africa a woman and her son reports

1502

01:04:28,250 --> 01:04:25,799

seeing half a dozen occupants in front

1503

01:04:30,829 --> 01:04:28,260

of a brightly colored craft on the

1504

01:04:33,710 --> 01:04:30,839

lonely Country Road Ordinary People are

1505

01:04:36,230 --> 01:04:33,720

seeing something all over the globe

1506

01:04:38,690 --> 01:04:36,240

but what have the experts seen

1507

01:04:41,569 --> 01:04:38,700

NORAD and the Air Force do have

1508

01:04:43,809 --> 01:04:41,579

extremely sophisticated equipment and by

1509

01:04:46,309 --> 01:04:43,819

use of the phased array radar facility

1510

01:04:47,329 --> 01:04:46,319

surveillance is maintained on objects in

1511

01:04:49,730 --> 01:04:47,339

space

1512

01:04:52,309 --> 01:04:49,740

but the system is only designed to track

1513

01:04:55,069 --> 01:04:52,319

things like rockets satellites and

1514

01:04:57,710 --> 01:04:55,079

man-made debris objects with specific

1515

01:05:00,470 --> 01:04:57,720

trajectories and which hold an orbital

1516

01:05:02,930 --> 01:05:00,480

or flight velocity of approximately 4.8

1517

01:05:05,510 --> 01:05:02,940

nautical miles per second

1518

01:05:08,150 --> 01:05:05,520

this system is designed to discriminate

1519

01:05:10,190 --> 01:05:08,160

between objects in space for example it

1520

01:05:12,230 --> 01:05:10,200

will ignore a mid-air entering the

1521

01:05:14,870 --> 01:05:12,240

Earth's atmosphere but will quickly

1522

01:05:16,970 --> 01:05:14,880

sputter satellite as it begins re-entry

1523

01:05:19,250 --> 01:05:16,980

objects can also be photographed with

1524

01:05:21,530 --> 01:05:19,260

Incredible Precision by the electro

1525

01:05:23,089 --> 01:05:21,540

Optical surveillance system and it's

1526

01:05:25,250 --> 01:05:23,099

very good at its job

1527

01:05:28,849 --> 01:05:25,260

however it's not designed to photograph

1528

01:05:31,250 --> 01:05:28,859

everything just specific items and

1529

01:05:34,069 --> 01:05:31,260

particular missions

1530

01:05:37,190 --> 01:05:34,079

the sky is so vast it is virtually

1531

01:05:39,890 --> 01:05:37,200

impossible to wage for track and

1532

01:05:42,650 --> 01:05:39,900

photograph all unidentified phenomena

1533

01:05:43,910 --> 01:05:42,660

there is just not sufficient time or

1534

01:05:46,430 --> 01:05:43,920

budget

1535

01:05:47,930 --> 01:05:46,440

so it is not really accurate to say that

1536

01:05:50,510 --> 01:05:47,940

our sophisticated equipment and

1537

01:05:53,990 --> 01:05:50,520

Personnel are able to identify and

1538

01:05:57,170 --> 01:05:54,000

examine any and all UFOs on the contrary

1539

01:06:00,890 --> 01:05:57,180

they are programmed to study men-built

1540

01:06:03,670 --> 01:06:00,900

machines and only that

1541

01:06:07,069 --> 01:06:03,680

among the many reports of UFOs in late

1542

01:06:08,930 --> 01:06:07,079

1973 one incident would stand out

1543

01:06:11,750 --> 01:06:08,940

because of the credibility of the four

1544

01:06:14,030 --> 01:06:11,760

Witnesses this is Major coin army

1545

01:06:17,030 --> 01:06:14,040

helicopter pilot his co-pilot Lieutenant

1546

01:06:19,430 --> 01:06:17,040

irigo jetsy aromatic Sergeant Healy and

1547

01:06:21,109 --> 01:06:19,440

Robert janicek these men had just

1548

01:06:24,109 --> 01:06:21,119

finished their annual flight physical

1549

01:06:26,450 --> 01:06:24,119

early that day and were found fit and

1550

01:06:30,230 --> 01:06:26,460

sound of mind they would take off from

1551

01:06:32,510 --> 01:06:30,240

Port Columbus Airport about 10 30 PM but

1552

01:06:35,390 --> 01:06:32,520

what was about to follow and the

1553

01:06:37,730 --> 01:06:35,400

subsequent report they filed was put to

1554

01:06:40,430 --> 01:06:37,740

the test The credibility of these men

1555

01:06:42,109 --> 01:06:40,440

approximately eight miles east of

1556

01:06:44,750 --> 01:06:42,119

Mansfield

1557

01:06:47,150 --> 01:06:44,760

our crew chief Sergeant Robert yanosik

1558

01:06:49,430 --> 01:06:47,160

observed a red light on the East Horizon

1559

01:06:51,470 --> 01:06:49,440

are you gentlemen see the same red light

1560

01:06:53,990 --> 01:06:51,480

yes I did

1561

01:06:56,690 --> 01:06:54,000

our helicopter was flying on an orderly

1562

01:07:02,150 --> 01:06:56,700

heading we were playing at an altitude

1563

01:07:06,710 --> 01:07:05,270

kissing the helicopter moving along in a

1564

01:07:09,410 --> 01:07:06,720

parallel Direction with our aircraft

1565

01:07:12,829 --> 01:07:09,420

which direction from the helicopter was

1566

01:07:15,589 --> 01:07:12,839

he had moving it was it was to our

1567

01:07:18,470 --> 01:07:15,599

rights to the right side of the

1568

01:07:21,109 --> 01:07:18,480

helicopter and it was moving with us as

1569

01:07:24,529 --> 01:07:21,119

we were heading north towards Cleveland

1570

01:07:26,270 --> 01:07:24,539

at this time he indicated that the light

1571

01:07:28,309 --> 01:07:26,280

changed its direction was coming

1572

01:07:30,950 --> 01:07:28,319

directly at the helicopter

1573

01:07:33,650 --> 01:07:30,960

the same altitude

1574

01:07:35,150 --> 01:07:33,660

and as the helicopter

1575

01:07:37,670 --> 01:07:35,160

was

1576

01:07:40,190 --> 01:07:37,680

maintaining a speed of 90 knots

1577

01:07:42,289 --> 01:07:40,200

the object came at a terrific speed from

1578

01:07:44,990 --> 01:07:42,299

The Horizon we estimated 15 miles

1579

01:07:47,150 --> 01:07:45,000

visibility was reported 15 miles that

1580

01:07:49,130 --> 01:07:47,160

night did you gentlemen see the object

1581

01:07:51,950 --> 01:07:49,140

at this time after they had been pointed

1582

01:07:54,349 --> 01:07:51,960

out by the sergeant no not at that time

1583

01:07:56,630 --> 01:07:54,359

I was flying left Cedar co-pilot and

1584

01:07:58,010 --> 01:07:56,640

this ability from that seed from an

1585

01:08:00,289 --> 01:07:58,020

optic approaching from the right is

1586

01:08:02,930 --> 01:08:00,299

rather limited so I was having a

1587

01:08:04,609 --> 01:08:02,940

difficulty seeing the octave and it was

1588

01:08:05,990 --> 01:08:04,619

that for that reason the major coin

1589

01:08:08,270 --> 01:08:06,000

didn't take the aircraft out of control

1590

01:08:10,069 --> 01:08:08,280

from me I grabbed the controls from

1591

01:08:12,049 --> 01:08:10,079

Lieutenant jutsy because I thought it

1592

01:08:14,870 --> 01:08:12,059

was going to hit us like braced for

1593

01:08:16,849 --> 01:08:14,880

impact with that I pushed the collective

1594

01:08:17,809 --> 01:08:16,859

down to get the helicopter to start to

1595

01:08:19,729 --> 01:08:17,819

descend

1596

01:08:22,130 --> 01:08:19,739

I then looked at the altimeter it was

1597

01:08:23,809 --> 01:08:22,140

showing 1700 feet through descending a

1598

01:08:26,510 --> 01:08:23,819

thousand feet a minute

1599

01:08:29,150 --> 01:08:26,520

the helicopter began to descend and as

1600

01:08:31,010 --> 01:08:29,160

this object came at the helicopter it

1601
01:08:33,169 --> 01:08:31,020
seemed to descend with the helicopter

1602
01:08:34,910 --> 01:08:33,179
when the helicopter went down the object

1603
01:08:36,829 --> 01:08:34,920
came down but it still came directly at

1604
01:08:38,930 --> 01:08:36,839
our broadside as if to hit the

1605
01:08:40,610 --> 01:08:38,940
helicopter from the right side and that

1606
01:08:44,870 --> 01:08:40,620
it is time that world governments

1607
01:08:49,309 --> 01:08:46,910
did anyone else see the object at this

1608
01:08:50,990 --> 01:08:49,319
time yes I was watching it come on out

1609
01:08:53,150 --> 01:08:51,000
of the East to Rising

1610
01:08:55,249 --> 01:08:53,160
and uh the only thing I felt was when

1611
01:08:57,530 --> 01:08:55,259
the skipper took over the controls and

1612
01:08:58,729 --> 01:08:57,540
we started to auto rotate down and I've

1613
01:09:00,470 --> 01:08:58,739

never been involved in the mid-air

1614

01:09:03,590 --> 01:09:00,480

Collision so I was just watching this

1615

01:09:07,370 --> 01:09:03,600

thing come at us it was at this time

1616

01:09:09,349 --> 01:09:07,380

Light Came swung 90 degrees from the UFO

1617

01:09:11,450 --> 01:09:09,359

towards the helicopter and it came in

1618

01:09:13,189 --> 01:09:11,460

through the front of the plexiglass and

1619

01:09:14,570 --> 01:09:13,199

the entire cabinet side turned green

1620

01:09:16,130 --> 01:09:14,580

from the light

1621

01:09:18,590 --> 01:09:16,140

it was a pyramid-shaped type of light

1622

01:09:20,209 --> 01:09:18,600

that beamed down and came through the

1623

01:09:22,789 --> 01:09:20,219

front of the helicopter

1624

01:09:24,289 --> 01:09:22,799

how long was your aircraft bathed in

1625

01:09:27,169 --> 01:09:24,299

this beam

1626

01:09:29,510 --> 01:09:27,179

the light that came in the cockpit

1627

01:09:31,669 --> 01:09:29,520

apparently lasted only for a few seconds

1628

01:09:34,430 --> 01:09:31,679

but it was enough time

1629

01:09:36,289 --> 01:09:34,440

and I observed the red instrument panel

1630

01:09:38,570 --> 01:09:36,299

lights utilized for nightfly to be

1631

01:09:39,829 --> 01:09:38,580

absorbed by the green lights was it

1632

01:09:41,510 --> 01:09:39,839

possible for you to determine the

1633

01:09:44,329 --> 01:09:41,520

outline of this object against the star

1634

01:09:47,390 --> 01:09:44,339

background yes sir

1635

01:09:50,030 --> 01:09:47,400

it was a cigar shaped object like a

1636

01:09:52,849 --> 01:09:50,040

symmetrical airfoil with the Dome on it

1637

01:09:55,209 --> 01:09:52,859

it was a solid object too it was a

1638

01:09:59,450 --> 01:09:55,219

metallic structure to it

1639

01:10:01,430 --> 01:09:59,460

and you could see lights reflecting off

1640

01:10:03,770 --> 01:10:01,440

the structure because and you could not

1641

01:10:06,950 --> 01:10:03,780

see any of the stars or

1642

01:10:08,750 --> 01:10:06,960

uh behind the object itself well while

1643

01:10:11,630 --> 01:10:08,760

all this was going on what was the

1644

01:10:13,669 --> 01:10:11,640

attitude of the helicopter apparently

1645

01:10:17,390 --> 01:10:13,679

when we were supposed to be descending

1646

01:10:19,070 --> 01:10:17,400

at 2 000 feet a minute at 100 knots

1647

01:10:21,890 --> 01:10:19,080

we were climbing

1648

01:10:23,930 --> 01:10:21,900

at a thousand feet a minute

1649

01:10:26,090 --> 01:10:23,940

with the controls still established for

1650

01:10:29,930 --> 01:10:26,100

a descent

1651

01:10:33,950 --> 01:10:29,940

and it we went from 1700 feet up to 3

1652

01:10:36,110 --> 01:10:33,960

500 feet and topped out at 3 800 feet

1653

01:10:37,370 --> 01:10:36,120

and I would like to stress one important

1654

01:10:40,250 --> 01:10:37,380

fact

1655

01:10:42,530 --> 01:10:40,260

and that is there is approximately 20

1656

01:10:45,169 --> 01:10:42,540

years of Army Aviation experience

1657

01:10:47,390 --> 01:10:45,179

between the four men on board the

1658

01:10:48,890 --> 01:10:47,400

helicopter that night

1659

01:10:51,890 --> 01:10:48,900

we have been trained to follow

1660

01:10:53,209 --> 01:10:51,900

procedures and regulations in reporting

1661

01:10:56,149 --> 01:10:53,219

incidences

1662

01:10:59,270 --> 01:10:56,159

regardless of how they're accepted

1663

01:11:01,729 --> 01:10:59,280

and we try to follow those procedures

1664

01:11:02,990 --> 01:11:01,739

and we reported the incident as it

1665

01:11:05,390 --> 01:11:03,000

occurred

1666

01:11:08,510 --> 01:11:05,400

and have avoided any speculation on the

1667

01:11:13,370 --> 01:11:10,430

while our government's official position

1668

01:11:15,169 --> 01:11:13,380

is not to speculate on this subject we

1669

01:11:16,970 --> 01:11:15,179

can choose to let our minds explore

1670

01:11:18,950 --> 01:11:16,980

other possibilities

1671

01:11:21,830 --> 01:11:18,960

to use our imaginations

1672

01:11:24,350 --> 01:11:21,840

for if we consider the Astro scientists

1673

01:11:26,450 --> 01:11:24,360

agree on one point that the possibility

1674

01:11:28,970 --> 01:11:26,460

of life elsewhere is not only quite

1675

01:11:29,930 --> 01:11:28,980

probable some feel it is there without a

1676

01:11:32,090 --> 01:11:29,940

doubt

1677

01:11:34,729 --> 01:11:32,100

let us suppose then that these objects

1678

01:11:37,570 --> 01:11:34,739

are real space Vehicles extraterrestrial

1679

01:11:39,950 --> 01:11:37,580

origin and not an illusion of the Mind

1680

01:11:43,010 --> 01:11:39,960

perhaps we can begin to accept such

1681

01:11:44,750 --> 01:11:43,020

ideas as various reported UFO shapes and

1682

01:11:46,610 --> 01:11:44,760

configurations by looking at our own

1683

01:11:50,270 --> 01:11:46,620

aviation history

1684

01:11:52,209 --> 01:11:50,280

we have in 71 years devised dozens of

1685

01:11:54,770 --> 01:11:52,219

aircraft shapes

1686

01:12:00,729 --> 01:11:54,780

propeller driven biplanes to lunar

1687

01:12:05,990 --> 01:12:03,950

and by projecting into the future it's

1688

01:12:08,870 --> 01:12:06,000

conceivable and our technology may lead

1689

01:12:11,570 --> 01:12:08,880

us to similar developments as to the

1690

01:12:13,970 --> 01:12:11,580

UFO's Behavior if they are space

1691

01:12:16,070 --> 01:12:13,980

Vehicles they appear to have a movement

1692

01:12:18,649 --> 01:12:16,080

in advance of our understanding of what

1693

01:12:21,050 --> 01:12:18,659

is possible in the 20th century but we

1694

01:12:24,229 --> 01:12:21,060

must realize however it stretches our

1695

01:12:27,590 --> 01:12:24,239

imagination there will be a 21st and

1696

01:12:29,930 --> 01:12:27,600

22nd and 23rd Century where the

1697

01:12:32,330 --> 01:12:29,940

impossibilities of today may be

1698

01:12:34,910 --> 01:12:32,340

tomorrow's commonplace

1699

01:12:37,910 --> 01:12:34,920

if these vehicles are of Origins outside

1700

01:12:39,890 --> 01:12:37,920

our Earth then we must assume they are

1701

01:12:42,890 --> 01:12:39,900

managed controlled and operated by some

1702

01:12:45,350 --> 01:12:42,900

sort of beings perhaps similar to us

1703

01:12:47,510 --> 01:12:45,360

from sketchy reports around the world we

1704

01:12:49,010 --> 01:12:47,520

can begin to construct a hazy portrait

1705

01:12:50,689 --> 01:12:49,020

of these aliens

1706

01:12:54,470 --> 01:12:50,699

reports indicate

1707

01:12:57,830 --> 01:12:54,480

Ashen pale white skin perhaps with a

1708

01:13:01,130 --> 01:12:57,840

thin protective membrane over them eyes

1709

01:13:02,510 --> 01:13:01,140

large far apart with a wraparound

1710

01:13:05,570 --> 01:13:02,520

appearance

1711

01:13:08,990 --> 01:13:05,580

knows indefinite two small breathing

1712

01:13:10,250 --> 01:13:09,000

holes a slipped mouth or a small or no

1713

01:13:14,750 --> 01:13:10,260

opening at all

1714

01:13:16,850 --> 01:13:14,760

Behavior cautious curious firm ability

1715

01:13:18,910 --> 01:13:16,860

to paralyze on touch

1716

01:13:22,430 --> 01:13:18,920

sounds emitted

1717

01:13:25,430 --> 01:13:22,440

humming who's in a foreign language or

1718

01:13:27,410 --> 01:13:25,440

some accent buzzing as if electronic

1719

01:13:30,290 --> 01:13:27,420

from their head and chest

1720

01:13:31,910 --> 01:13:30,300

wearing head protection or overall body

1721

01:13:35,630 --> 01:13:31,920

protection

1722

01:13:38,149 --> 01:13:35,640

we just might not be scientific and

1723

01:13:40,250 --> 01:13:38,159

technically sophisticated to the extent

1724

01:13:42,890 --> 01:13:40,260

that's necessary in order to recognize

1725

01:13:45,169 --> 01:13:42,900

what is the real evidence in this in in

1726

01:13:47,090 --> 01:13:45,179

what we have collected I think we should

1727

01:13:51,649 --> 01:13:47,100

also think of other possible hypotheses

1728

01:13:57,410 --> 01:13:54,830

um interlocking universes where forms of

1729

01:13:58,810 --> 01:13:57,420

matter which don't mesh with ours except

1730

01:14:02,209 --> 01:13:58,820

under

1731

01:14:04,910 --> 01:14:02,219

strange conditions to assume that we are

1732

01:14:06,350 --> 01:14:04,920

on the level of intelligence

1733

01:14:09,290 --> 01:14:06,360

that a

1734

01:14:12,729 --> 01:14:09,300

that would have necessity be visiting us

1735

01:14:15,050 --> 01:14:12,739

if they have the ability to come here

1736

01:14:16,370 --> 01:14:15,060

there may be no common Bridge of

1737

01:14:18,590 --> 01:14:16,380

understanding

1738

01:14:20,209 --> 01:14:18,600

there may be attempts at communication

1739

01:14:21,350 --> 01:14:20,219

and we don't recognize it as

1740

01:14:23,930 --> 01:14:21,360

communication

1741

01:14:27,350 --> 01:14:23,940

we must always be aware of the fact that

1742

01:14:29,990 --> 01:14:27,360

we may be testing the wrong hypothesis

1743

01:14:32,950 --> 01:14:30,000

as for instance in the days when people

1744

01:14:35,709 --> 01:14:32,960

talked about Stones falling from heaven

1745

01:14:38,270 --> 01:14:35,719

that was testing the wrong hypothesis

1746

01:14:39,890 --> 01:14:38,280

meteorites do exist the phenomenon

1747

01:14:43,310 --> 01:14:39,900

exists but they're not stones that fall

1748

01:14:45,410 --> 01:14:43,320

from Heaven There are stones that the

1749

01:14:47,270 --> 01:14:45,420

Earth collides with when they're in

1750

01:14:49,570 --> 01:14:47,280

orbit around the sun

1751

01:14:52,250 --> 01:14:49,580

it's arrogant

1752

01:14:53,810 --> 01:14:52,260

egocentric egotistical for us to think

1753

01:14:55,250 --> 01:14:53,820

that we are the highest intelligences in

1754

01:14:58,510 --> 01:14:55,260

the universe I think that's completely

1755

01:15:00,770 --> 01:14:58,520

preposterous as far as the

1756

01:15:02,030 --> 01:15:00,780

extraterrestrial intelligence is

1757

01:15:04,970 --> 01:15:02,040

concerned

1758

01:15:06,830 --> 01:15:04,980

I believe it's out there we have not

1759

01:15:08,209 --> 01:15:06,840

been able to come up with a logical

1760

01:15:11,270 --> 01:15:08,219

explanation

1761

01:15:14,870 --> 01:15:11,280

at least our scientists have not

1762

01:15:17,209 --> 01:15:14,880

the only plausible explanation that does

1763

01:15:18,350 --> 01:15:17,219

that would explain all of these

1764

01:15:22,570 --> 01:15:18,360

sightings

1765

01:15:26,350 --> 01:15:22,580

is the theory that these could be

1766

01:15:30,530 --> 01:15:26,360

intelligently controlled vehicles

1767

01:15:33,350 --> 01:15:30,540

controlled by an alien species alien to

1768

01:15:35,570 --> 01:15:33,360

this planet how would the public react

1769

01:15:38,149 --> 01:15:35,580

if this event were true

1770

01:15:39,970 --> 01:15:38,159

to find the answer Dr Leon festinger of

1771

01:15:42,290 --> 01:15:39,980

the new school for social research

1772

01:15:44,330 --> 01:15:42,300

consulted a number of prominent social

1773

01:15:46,729 --> 01:15:44,340

psychologists from several universities

1774

01:15:48,950 --> 01:15:46,739

across the United States you must

1775

01:15:51,470 --> 01:15:48,960

realize that social scientists can only

1776

01:15:53,630 --> 01:15:51,480

make educated guesses about reactions to

1777

01:15:55,970 --> 01:15:53,640

such a new and snorkeling event but

1778

01:15:57,050 --> 01:15:55,980

nevertheless certain Behavior can be

1779

01:15:59,570 --> 01:15:57,060

predicted

1780

01:16:03,590 --> 01:15:59,580

Dr Aronson of the University of Texas

1781

01:16:05,750 --> 01:16:03,600

points out that many people already have

1782

01:16:08,030 --> 01:16:05,760

strong beliefs about the existence or

1783

01:16:10,310 --> 01:16:08,040

non-existence of extraterrestrial beings

1784

01:16:13,370 --> 01:16:10,320

and are committed to these beliefs

1785

01:16:15,590 --> 01:16:13,380

Dr walster tells us that if these

1786

01:16:16,790 --> 01:16:15,600

extraterrestrial beings were Advanced

1787

01:16:18,830 --> 01:16:16,800

Beyond this

1788

01:16:20,750 --> 01:16:18,840

we would probably gain technological

1789

01:16:22,790 --> 01:16:20,760

information from them

1790

01:16:24,770 --> 01:16:22,800

many Americans May worry that their

1791

01:16:25,550 --> 01:16:24,780

benefactor will demand something in

1792

01:16:28,070 --> 01:16:25,560

return

1793

01:16:29,630 --> 01:16:28,080

constant gratitude or acknowledgment of

1794

01:16:32,570 --> 01:16:29,640

their superiority

1795

01:16:34,630 --> 01:16:32,580

as far as Panic is concerned most of my

1796

01:16:37,010 --> 01:16:34,640

associates agree that it wouldn't happen

1797

01:16:39,110 --> 01:16:37,020

unless there were one in imminent danger

1798

01:16:42,110 --> 01:16:39,120

with no Escape or chance to protect

1799

01:16:45,410 --> 01:16:42,120

oneself and two it resulted in loss of

1800

01:16:48,110 --> 01:16:45,420

contact with family or primary groups

1801

01:16:50,330 --> 01:16:48,120

and last there is also the question of

1802

01:16:52,010 --> 01:16:50,340

longer term effects what would happen

1803

01:16:54,890 --> 01:16:52,020

over many years

1804

01:16:57,169 --> 01:16:54,900

one social psychologist suggests that it

1805

01:16:59,750 --> 01:16:57,179

might help to unite the world

1806

01:17:02,270 --> 01:16:59,760

if the visitors from space proved to be

1807

01:17:05,870 --> 01:17:02,280

an enemy He suggests

1808

01:17:08,810 --> 01:17:05,880

then we would unite as one species to

1809

01:17:11,090 --> 01:17:08,820

drive the Invader away and then to live

1810

01:17:13,790 --> 01:17:11,100

in peace thereafter

1811

01:17:14,689 --> 01:17:13,800

we've so far talked of the past and the

1812

01:17:16,729 --> 01:17:14,699

present

1813

01:17:17,689 --> 01:17:16,739

but what are the possibilities of the

1814

01:17:19,910 --> 01:17:17,699

future

1815

01:17:22,370 --> 01:17:19,920

it seems almost certain that if other

1816

01:17:24,350 --> 01:17:22,380

beings more advanced than ourselves do

1817

01:17:26,810 --> 01:17:24,360

inhabit other sectors of the universe

1818

01:17:29,510 --> 01:17:26,820

then it's quite probable there will come

1819

01:17:32,510 --> 01:17:29,520

that day that moment in time when

1820

01:17:34,490 --> 01:17:32,520

official contact will be made

1821

01:17:36,830 --> 01:17:34,500

let's look at an incident that might

1822

01:17:38,330 --> 01:17:36,840

happen in the future or perhaps could

1823

01:17:40,910 --> 01:17:38,340

have happened already

1824

01:17:42,830 --> 01:17:40,920

the premise is that contact is made by

1825

01:17:44,510 --> 01:17:42,840

extraterrestrial beings with

1826
01:17:46,790 --> 01:17:44,520
representatives in the United States Air

1827
01:17:49,669 --> 01:17:46,800
Force at Holloman Air Force Base in the

1828
01:17:55,430 --> 01:17:53,270
the day is clear it's about 5 32 a.m at

1829
01:17:58,070 --> 01:17:55,440
Holloman Air Force Base traffic light

1830
01:18:00,890 --> 01:17:58,080
one Recon plane is on the field ready

1831
01:18:02,570 --> 01:18:00,900
for takeoff when Sergeant man is given a

1832
01:18:11,220 --> 01:18:02,580
report of an approaching unidentified

1833
01:18:11,230 --> 01:18:18,550
[Music]

1834
01:18:23,690 --> 01:18:21,410
I think

1835
01:18:24,910 --> 01:18:23,700
with Edwards make contact with them

1836
01:18:37,550 --> 01:18:24,920
[Music]

1837
01:18:41,390 --> 01:18:37,560
you're in a restricted military air

1838
01:18:46,689 --> 01:18:41,400

Corridor call the base commander base

1839

01:18:46,699 --> 01:18:53,560

this is Colonel Warner yes yes

1840

01:18:53,570 --> 01:18:58,490

[Music]

1841

01:19:05,510 --> 01:19:03,050

civilian Patrol okay all right uh it's

1842

01:19:08,390 --> 01:19:05,520

down to Red Alert unidentified a craft

1843

01:19:10,010 --> 01:19:08,400

approaching hey Bill give me a quick

1844

01:19:11,689 --> 01:19:10,020

check with Wright Patterson intelligence

1845

01:19:13,430 --> 01:19:11,699

there may be an experimental Craftsman

1846

01:19:19,680 --> 01:19:13,440

somewhere I don't know here alert the

1847

01:19:37,130 --> 01:19:27,470

[Music]

1848

01:19:39,350 --> 01:19:37,140

military interceptors are dispatched to

1849

01:19:40,450 --> 01:19:39,360

escort the unidentified crafts out of

1850

01:19:45,410 --> 01:19:40,460

the area

1851

01:19:48,350 --> 01:19:45,420

[Music]

1852

01:19:50,270 --> 01:19:48,360

during a routine photographic Mission a

1853

01:19:52,010 --> 01:19:50,280

tech sergeant and staff sergeant of the

1854

01:19:54,410 --> 01:19:52,020

base photographic team were aboard a

1855

01:19:56,810 --> 01:19:54,420

helicopter at the time and run off

1856

01:20:00,410 --> 01:19:56,820

several feet of film of the three

1857

01:20:01,910 --> 01:20:00,420

objects one of which breaks away and

1858

01:20:04,430 --> 01:20:01,920

begins a descent

1859

01:20:06,790 --> 01:20:04,440

a second high-speed camera crew on the

1860

01:20:09,590 --> 01:20:06,800

ground runs off approximately 600 feet

1861

01:20:11,149 --> 01:20:09,600

the cameras continue to roll as the

1862

01:20:13,610 --> 01:20:11,159

extraordinary vehicle Welcome to The

1863

01:20:18,530 --> 01:20:16,310

almost silently about 10 feet off the

1864

01:20:21,470 --> 01:20:18,540

ground for nearly a minute and yours

1865

01:20:24,649 --> 01:20:21,480

like a shipping anchor then sets down on

1866

01:20:26,930 --> 01:20:24,659

three extension pads commander and two

1867

01:20:28,790 --> 01:20:26,940

officers along with two Base Air Force

1868

01:20:32,270 --> 01:20:28,800

scientists arrive and wait

1869

01:20:34,430 --> 01:20:32,280

apprehensively the panel slides open on

1870

01:20:38,450 --> 01:20:34,440

the side of the craft stepping forward

1871

01:20:40,490 --> 01:20:38,460

one then two and a third what appear to

1872

01:20:43,669 --> 01:20:40,500

be met and dressed in tight-fitting

1873

01:20:47,090 --> 01:20:43,679

jumpsuits perhaps short by our standards

1874

01:20:50,689 --> 01:20:47,100

with an odd blue gray complexion eyes

1875

01:20:52,910 --> 01:20:50,699

set far apart a large pronounced nose

1876
01:20:54,530 --> 01:20:52,920
they were a headpiece that resembles a

1877
01:20:56,570 --> 01:20:54,540
rope-like design

1878
01:20:58,570 --> 01:20:56,580
a commander and The two scientists

1879
01:21:00,830 --> 01:20:58,580
stepped forward to greet the visitors

1880
01:21:02,930 --> 01:21:00,840
arrangements are made by some sort of

1881
01:21:05,810 --> 01:21:02,940
communication and the group quickly

1882
01:21:08,090 --> 01:21:05,820
retires to an inner office in the king

1883
01:21:10,610 --> 01:21:08,100
one area

1884
01:21:12,350 --> 01:21:10,620
Left Behind Standish stun group both

1885
01:21:14,510 --> 01:21:12,360
military personnel

1886
01:21:18,760 --> 01:21:14,520
who the visitors are where they're from

1887
01:21:22,370 --> 01:21:18,770
and what they want is unknown

1888
01:21:25,070 --> 01:21:22,380

[Music]

1889

01:21:27,890 --> 01:21:25,080

we now have a new challenge perhaps the

1890

01:21:29,930 --> 01:21:27,900

most Monumental in recorded history the

1891

01:21:32,149 --> 01:21:29,940

opportunity to investigate a phenomenon

1892

01:21:34,490 --> 01:21:32,159

that could change our destiny

1893

01:21:37,010 --> 01:21:34,500

to the study and understanding of the

1894

01:21:40,130 --> 01:21:37,020

UFO phenomena we may discover a new

1895

01:21:41,990 --> 01:21:40,140

energy force or how to use it or it

1896

01:21:43,550 --> 01:21:42,000

could lead to an understanding of our

1897

01:21:46,430 --> 01:21:43,560

relationship to life throughout the

1898

01:21:49,189 --> 01:21:46,440

Universe and if there are beings from

1899

01:21:52,189 --> 01:21:49,199

distant Advanced societies we may be

1900

01:21:54,310 --> 01:21:52,199

privileged to see a revelation a look at

1901

01:21:57,709 --> 01:21:54,320

ourselves a thousand years in the future

1902

01:22:00,890 --> 01:21:57,719

and perhaps at this very moment located

1903

01:22:03,470 --> 01:22:00,900

in another galaxy somewhere in Infinite

1904

01:22:05,930 --> 01:22:03,480

Space other beings raise similar

1905

01:22:08,990 --> 01:22:05,940

questions and discuss the possibilities
