

1
00:00:11,750 --> 00:00:10,009
well as far as the alien Bible I don't

2
00:00:14,209 --> 00:00:11,760
know what you're really talking about

3
00:00:16,550 --> 00:00:14,219
some of the briefings that I read dealt

4
00:00:18,529 --> 00:00:16,560
with some of the information about uh

5
00:00:21,650 --> 00:00:18,539
you know it's being the product of a

6
00:00:23,150 --> 00:00:21,660
genetic modification right but that's

7
00:00:27,349 --> 00:00:23,160
about all

8
00:00:28,910 --> 00:00:27,359
repercussion is a big story all that and

9
00:00:30,529 --> 00:00:28,920
all that I really have no idea about

10
00:00:32,089 --> 00:00:30,539
well I meant like

11
00:00:35,209 --> 00:00:32,099
the day when they were supposed to

12
00:00:40,549 --> 00:00:38,930
I have no idea it was just a date and uh

13
00:00:42,229 --> 00:00:40,559

it was it was a number that made no

14

00:00:45,530 --> 00:00:42,239

sense to me it was a

15

00:00:51,490 --> 00:00:45,540

601 or 3-0 something obviously in a

16

00:01:02,510 --> 00:00:54,529

that's it as far as supposedly if that

17

00:01:07,630 --> 00:01:04,509

but the power generation

18

00:01:12,109 --> 00:01:07,640

from the development of the anti-matter

19

00:01:15,050 --> 00:01:12,119

to uh to the gravity a wave and the

20

00:01:16,850 --> 00:01:15,060

amplification and that process of the

21

00:01:21,910 --> 00:01:16,860

generation that

22

00:01:26,570 --> 00:01:25,249

that's a pretty lengthy explanation

23

00:01:27,469 --> 00:01:26,580

um in other words the relationship

24

00:01:29,510 --> 00:01:27,479

between the development of the

25

00:01:32,570 --> 00:01:29,520

anti-matter and the gravitational force

26

00:01:38,749 --> 00:01:36,230

well it's I can give you I guess a brief

27

00:01:40,550 --> 00:01:38,759

overview of essentially how that works

28

00:01:42,289 --> 00:01:40,560

if you want an in-depth

29

00:01:45,109 --> 00:01:42,299

description of that you can give me your

30

00:01:45,789 --> 00:01:45,119

address and I can send you a paper on it

31

00:01:51,889 --> 00:01:45,799

um

32

00:01:56,749 --> 00:01:53,990

provide electrical power and the base

33

00:01:59,630 --> 00:01:56,759

gravity wave to amplify and it does that

34

00:02:03,490 --> 00:01:59,640

by interacting matter and antimatter

35

00:02:06,889 --> 00:02:03,500

essentially the way it does that is

36

00:02:09,109 --> 00:02:06,899

injecting an accelerated proton into a

37

00:02:10,630 --> 00:02:09,119

piece of 115 that spontaneously

38

00:02:14,089 --> 00:02:10,640

generates

39

00:02:17,570 --> 00:02:14,099

anti-hydrogen essentially that's reacted

40

00:02:22,089 --> 00:02:20,030

a small area it's a compressed gas

41

00:02:25,250 --> 00:02:22,099

probably a compressed atmospheric gas

42

00:02:28,150 --> 00:02:25,260

and uh you know the antimatter reacting

43

00:02:30,589 --> 00:02:28,160

with matter produces the energy

44

00:02:32,449 --> 00:02:30,599

mainly heat energy and that is converted

45

00:02:34,369 --> 00:02:32,459

into electrical energy by a thermionic

46

00:02:36,250 --> 00:02:34,379

generator it appeared to be 100

47

00:02:39,830 --> 00:02:36,260

efficient

48

00:02:42,710 --> 00:02:39,840

which is you know a difficult concept to

49

00:02:44,030 --> 00:02:42,720

believe anyway uh also the reactor has

50

00:02:46,850 --> 00:02:44,040

two functions that's one of them the

51
00:02:49,970 --> 00:02:46,860
other function is uh it provides the

52
00:02:52,790 --> 00:02:49,980
basic gravity wave that's Amplified and

53
00:02:54,650 --> 00:02:52,800
that appears that the upper sphere of

54
00:02:56,089 --> 00:02:54,660
the amplifier itself and that's tapped

55
00:03:00,530 --> 00:02:56,099
off with a waveguide similar to

56
00:03:03,650 --> 00:03:00,540
microwaves and uh is Amplified

57
00:03:05,330 --> 00:03:03,660
excuse me and focused essentially so how

58
00:03:08,229 --> 00:03:05,340
is the electrical energy related to the

59
00:03:11,750 --> 00:03:08,239
applications the gravitational

60
00:03:13,970 --> 00:03:11,760
the electrical energy is transmitting

61
00:03:16,490 --> 00:03:13,980
essentially without wires and I related

62
00:03:18,710 --> 00:03:16,500
it to almost a Tesla setup it seemed

63
00:03:21,050 --> 00:03:18,720

like each sub component on the craft was

64

00:03:23,149 --> 00:03:21,060
attuned to the frequency that the

65

00:03:26,149 --> 00:03:23,159
reactor was operating at so essentially

66

00:03:28,250 --> 00:03:26,159
the amplifiers themselves receive the

67

00:03:30,649 --> 00:03:28,260
electrical energy like a Tesla coil

68

00:03:32,809 --> 00:03:30,659
transmits power to uh you know a furnace

69

00:03:37,570 --> 00:03:32,819
or two uh

70

00:03:39,949 --> 00:03:37,580
and uh what was the risk of the question

71

00:03:41,809 --> 00:03:39,959
what is the relationship between I think

72

00:03:43,550 --> 00:03:41,819
that's you basically answered it yeah

73

00:03:44,869 --> 00:03:43,560
that's that's how the amplifiers receive

74

00:03:47,089 --> 00:03:44,879
the power through the waveguide to

75

00:03:48,710 --> 00:03:47,099
receive the basic wave it's almost it's

76

00:03:51,470 --> 00:03:48,720

very very similar to a microwave

77

00:03:53,449 --> 00:03:51,480

amplifier and uh you know for more

78

00:03:55,610 --> 00:03:53,459

technical description and I can send you

79

00:03:58,670 --> 00:03:55,620

drawings or things along those lines but

80

00:04:01,369 --> 00:03:58,680

that's basically how it works

81

00:04:04,070 --> 00:04:01,379

I understand you took some one 115 home

82

00:04:06,910 --> 00:04:04,080

with you to uh do some testing on your

83

00:04:09,710 --> 00:04:06,920

own I I obtained it yeah

84

00:04:10,850 --> 00:04:09,720

document any of your testing yeah you

85

00:04:12,890 --> 00:04:10,860

did

86

00:04:14,750 --> 00:04:12,900

yeah the video mostly videotape and

87

00:04:16,729 --> 00:04:14,760

things like that John said it was stolen

88

00:04:18,890 --> 00:04:16,739

from you later last night he said he

89

00:04:21,170 --> 00:04:18,900

stole it back he said

90

00:04:23,030 --> 00:04:21,180

well there's another level to that but

91

00:04:26,810 --> 00:04:23,040

like I said right now it's in private

92

00:04:26,820 --> 00:04:29,629

um

93

00:04:33,409 --> 00:04:31,790

John said last night that a piece a

94

00:04:36,409 --> 00:04:33,419

wedge that's about two inches in length

95

00:04:40,610 --> 00:04:36,419

when we run the ship up for 30 years how

96

00:04:45,770 --> 00:04:42,110

well it really depends on the energy

97

00:04:46,969 --> 00:04:45,780

level the more energy you expend the uh

98

00:04:49,969 --> 00:04:46,979

you know greater consumption of fuel

99

00:04:52,370 --> 00:04:49,979

just like in any any modern machine so

100

00:05:02,270 --> 00:04:52,380

really really all depends on the amount

101
00:05:07,129 --> 00:05:03,050
yeah

102
00:05:09,350 --> 00:05:07,139
I don't know but he was certainly uh

103
00:05:10,969 --> 00:05:09,360
I forgot what his exact title was he was

104
00:05:12,290 --> 00:05:10,979
Chief consultant or something along

105
00:05:14,629 --> 00:05:12,300
those lines

106
00:05:16,430 --> 00:05:14,639
and as far as any amount of Weaponry I

107
00:05:18,590 --> 00:05:16,440
don't I don't think anyone was involved

108
00:05:20,990 --> 00:05:18,600
in that there were certainly some

109
00:05:23,090 --> 00:05:21,000
beam weapon work and uh you know teller

110
00:05:25,969 --> 00:05:23,100
has been involved with that uh

111
00:05:27,590 --> 00:05:25,979
I think his last project at Livermore in

112
00:05:29,990 --> 00:05:27,600
Los Alamos was

113
00:05:32,570 --> 00:05:30,000

um I think he called it super Excalibur

114

00:05:35,090 --> 00:05:32,580

and that was essentially a uh nuclear

115

00:05:37,370 --> 00:05:35,100

bomb detonated in orbit and fiber optic

116

00:05:40,610 --> 00:05:37,380

light guides that directed x-rays to uh

117

00:05:42,710 --> 00:05:40,620

incoming warheads and uh that's his pet

118

00:05:56,749 --> 00:05:42,720

project he loves that thing so I don't

119

00:05:59,629 --> 00:05:58,430

I don't know if anything was on level

120

00:06:01,490 --> 00:05:59,639

well I don't know if there were any

121

00:06:04,189 --> 00:06:01,500

bathrooms on level three I can only

122

00:06:05,930 --> 00:06:04,199

guess and I would imagine that there was

123

00:06:07,430 --> 00:06:05,940

some sort of navigational equipment or

124

00:06:09,230 --> 00:06:07,440

their version of a computer or something

125

00:06:10,689 --> 00:06:09,240

along those lines because I saw nothing

126

00:06:14,029 --> 00:06:10,699

else that

127

00:06:24,370 --> 00:06:14,039

controlled the uh the amplifiers the

128

00:06:29,330 --> 00:06:27,350

uh I really don't

129

00:06:30,710 --> 00:06:29,340

I really don't without access to certain

130

00:06:32,749 --> 00:06:30,720

materials

131

00:06:34,790 --> 00:06:32,759

or maybe new manufacturing techniques

132

00:06:36,650 --> 00:06:34,800

that can produce those but until those

133

00:06:38,090 --> 00:06:36,660

problems are solved you know the fact

134

00:06:41,090 --> 00:06:38,100

that we even know how to how to deal

135

00:06:43,730 --> 00:06:41,100

with it or even duplicate it uh

136

00:06:46,249 --> 00:06:43,740

you know it's pretty useless

137

00:06:49,249 --> 00:06:46,259

other materials might be necessary uh

138

00:06:51,110 --> 00:06:49,259

besides 115 as you know of that were

139

00:06:53,150 --> 00:06:51,120

contained on the shift that might be it

140

00:06:55,909 --> 00:06:53,160

the might the rest of it might be just

141

00:06:58,070 --> 00:06:55,919

uh essentially

142

00:06:59,689 --> 00:06:58,080

polishing up manufacturing techniques

143

00:07:01,670 --> 00:06:59,699

making things smaller you know just

144

00:07:04,550 --> 00:07:01,680

general increasing technology getting a

145

00:07:06,890 --> 00:07:04,560

a small accelerator running at a a

146

00:07:09,290 --> 00:07:06,900

higher energy level uh I don't know

147

00:07:11,029 --> 00:07:09,300

about the the Metallurgy aspect of the

148

00:07:12,350 --> 00:07:11,039

craft I don't think any exotic metals

149

00:07:16,189 --> 00:07:12,360

are necessary though they may be

150

00:07:17,930 --> 00:07:16,199

employed uh I don't I imagine you could

151
00:07:19,010 --> 00:07:17,940
make a craft out of aluminum if

152
00:07:21,830 --> 00:07:19,020
necessary

153
00:07:23,629 --> 00:07:21,840
but uh what part that plays I I don't

154
00:07:26,270 --> 00:07:23,639
know

155
00:07:28,189 --> 00:07:26,280
is there any significance to the saucer

156
00:07:30,170 --> 00:07:28,199
shape the geometry having to do with any

157
00:07:31,790 --> 00:07:30,180
resonance or anything of that nature not

158
00:07:33,170 --> 00:07:31,800
any resonance but it's important most of

159
00:07:35,270 --> 00:07:33,180
the edges on the craft are rounded

160
00:07:37,309 --> 00:07:35,280
because a high voltage feel does appear

161
00:07:39,710 --> 00:07:37,319
at most of the craft except for the

162
00:07:41,089 --> 00:07:39,720
upper the last upper bump there's a

163
00:07:42,589 --> 00:07:41,099

little ring before that now I'm only

164

00:07:44,990 --> 00:07:42,599

talking about one craft so I don't know

165

00:07:46,610 --> 00:07:45,000

about the rest but there's a small ring

166

00:07:48,170 --> 00:07:46,620

before that a darker black one and

167

00:07:50,629 --> 00:07:48,180

that's an insulator ring and that's the

168

00:07:52,730 --> 00:07:50,639

only place above that that upper section

169

00:07:55,550 --> 00:07:52,740

the third level is where high voltage

170

00:07:59,510 --> 00:07:57,830

did any technology that came from the

171

00:08:00,770 --> 00:07:59,520

aliens resemble anything that we can do

172

00:08:03,830 --> 00:08:00,780

today

173

00:08:05,629 --> 00:08:03,840

but we advance to any degree that

174

00:08:10,490 --> 00:08:05,639

they are

175

00:08:11,629 --> 00:08:10,500

well there are some basic things uh you

176

00:08:13,010 --> 00:08:11,639

know the fact that they are using a

177

00:08:14,689 --> 00:08:13,020

little accelerator a little bit smaller

178

00:08:17,330 --> 00:08:14,699

and we have things like that if that's

179

00:08:20,050 --> 00:08:17,340

what you're getting at

180

00:08:22,610 --> 00:08:20,060

anything really advanced

181

00:08:25,909 --> 00:08:22,620

uh well as far as controlling gravity

182

00:08:31,309 --> 00:08:28,369

the way the craft operates

183

00:08:35,029 --> 00:08:31,319

you know by manipulating gravity that's

184

00:08:38,690 --> 00:08:37,610

oh I wanted to ask you I'm talking about

185

00:08:42,230 --> 00:08:38,700

another word

186

00:08:44,570 --> 00:08:42,240

what you observed in terms of

187

00:08:46,550 --> 00:08:44,580

the structure the skin of a thickness

188

00:08:49,790 --> 00:08:46,560

because you know there were reports from

189

00:08:51,949 --> 00:08:49,800

Roswell and otherwear that there was a

190

00:08:54,710 --> 00:08:51,959

very thin type of metal to the skin that

191

00:08:57,230 --> 00:08:54,720

was really undamageable and so on what

192

00:09:00,530 --> 00:08:57,240

was this Construction

193

00:09:02,449 --> 00:09:00,540

well I called it metal and uh I really

194

00:09:04,850 --> 00:09:02,459

can't say that's what it was I called it

195

00:09:07,610 --> 00:09:04,860

metal because I slid my hand across it

196

00:09:09,410 --> 00:09:07,620

and it was cold and it was semi-in

197

00:09:10,550 --> 00:09:09,420

illustrious so did you notice any place

198

00:09:11,750 --> 00:09:10,560

like where you're on an edge or

199

00:09:15,130 --> 00:09:11,760

something where it may have been a lot

200

00:09:17,389 --> 00:09:15,140

thinner than your standard Metals

201
00:09:21,530 --> 00:09:17,399
it's hard from the outside you can't

202
00:09:24,250 --> 00:09:21,540
tell when I walk in the way the

203
00:09:27,230 --> 00:09:24,260
the way the archways are inside

204
00:09:29,050 --> 00:09:27,240
they're probably about four inches thick

205
00:09:34,430 --> 00:09:29,060
anyway so you really can't tell how thin

206
00:09:39,889 --> 00:09:38,030
yes more on this element 115 and your

207
00:09:42,110 --> 00:09:39,899
contention that it couldn't be made here

208
00:09:44,810 --> 00:09:42,120
on Earth

209
00:09:47,030 --> 00:09:44,820
what if we found the right bombardment

210
00:09:48,949 --> 00:09:47,040
of speed the right target shape or the

211
00:09:52,009 --> 00:09:48,959
right containment

212
00:09:54,650 --> 00:09:52,019
well I imagine with enough time you can

213
00:09:57,410 --> 00:09:54,660

make a small amount of it I mean my

214

00:09:58,610 --> 00:09:57,420

analogy is look at uh you know look at

215

00:10:00,110 --> 00:09:58,620

how long it takes to make gold an

216

00:10:02,630 --> 00:10:00,120

accelerator from bismuth or something

217

00:10:06,410 --> 00:10:02,640

like that that may just be a technology

218

00:10:09,590 --> 00:10:06,420

that hasn't Advanced far enough yet

219

00:10:12,230 --> 00:10:09,600

right but the bottom line is you have to

220

00:10:15,170 --> 00:10:12,240

sit there and plug in

221

00:10:17,449 --> 00:10:15,180

protons and neutrons for that matter

222

00:10:19,490 --> 00:10:17,459

into an existing atom and you have to do

223

00:10:21,170 --> 00:10:19,500

it you know essentially on an individual

224

00:10:24,170 --> 00:10:21,180

basis and they're not all going to catch

225

00:10:26,090 --> 00:10:24,180

on and some are gonna but how did how do

226

00:10:30,530 --> 00:10:26,100

you think they got their first piece of

227

00:10:31,730 --> 00:10:30,540

them in a dead star how uh going from I

228

00:10:33,170 --> 00:10:31,740

think it was naturally occurring

229

00:10:36,350 --> 00:10:33,180

somewhere on their Planet just because

230

00:10:40,430 --> 00:10:36,360

it's stable yeah probably some

231

00:10:42,050 --> 00:10:40,440

that's just a guess on my part but uh

232

00:10:44,569 --> 00:10:42,060

you know if that technology was

233

00:10:46,610 --> 00:10:44,579

harnessed quick enough chances are they

234

00:10:48,829 --> 00:10:46,620

didn't have uh you know when they came

235

00:10:50,269 --> 00:10:48,839

here our levels of Technology were

236

00:10:51,350 --> 00:10:50,279

probably fairly new to them they've

237

00:10:52,910 --> 00:10:51,360

probably never been considered an

238

00:10:55,490 --> 00:10:52,920

internal combustion engineer for that

239

00:10:57,530 --> 00:10:55,500

matter you know when it came flying into

240

00:10:58,910 --> 00:10:57,540

the atmosphere saw a little cigar-shaped

241

00:11:00,170 --> 00:10:58,920

things with fire coming out the deck

242

00:11:03,889 --> 00:11:00,180

they probably couldn't conceive of how

243

00:11:06,350 --> 00:11:03,899

they were powered so it's uh you know it

244

00:11:08,930 --> 00:11:06,360

just all all depends how you know what

245

00:11:10,730 --> 00:11:08,940

materials raw materials you have

246

00:11:12,110 --> 00:11:10,740

but you know that's just an opinion that

247

00:11:16,850 --> 00:11:12,120

that was a naturally occurring probably

248

00:11:20,630 --> 00:11:19,130

as of the time that I was there I was

249

00:11:22,310 --> 00:11:20,640

told that they didn't they really didn't

250

00:11:29,710 --> 00:11:22,320

take them any great distance at all

251
00:11:34,970 --> 00:11:32,690
if if we had a working agreement with

252
00:11:37,430 --> 00:11:34,980
the aliens at one time

253
00:11:38,990 --> 00:11:37,440
um what did they give us a user's manual

254
00:11:41,389 --> 00:11:39,000
for these ships why have we had to work

255
00:11:45,949 --> 00:11:41,399
so hard back engineering I own this line

256
00:11:50,389 --> 00:11:48,889
I really don't know you know it almost

257
00:11:53,690 --> 00:11:50,399
seems like there had to have been some

258
00:11:55,550 --> 00:11:53,700
assistance or some information found but

259
00:11:57,949 --> 00:11:55,560
but who knows your information didn't

260
00:12:00,470 --> 00:11:57,959
indicate that now

261
00:12:03,590 --> 00:12:00,480
yeah uh with such tight security around

262
00:12:05,930 --> 00:12:03,600
there supposedly only 500 pounds of this

263
00:12:07,550 --> 00:12:05,940

material how is it somebody can get

264

00:12:09,470 --> 00:12:07,560

someone out of there

265

00:12:11,150 --> 00:12:09,480

because some of them not some of the

266

00:12:14,509 --> 00:12:11,160

material the material is

267

00:12:17,750 --> 00:12:14,519

that they have there is essentially Raw

268

00:12:19,790 --> 00:12:17,760

the material is it has to be machined

269

00:12:21,650 --> 00:12:19,800

into disks these discs have to be

270

00:12:24,670 --> 00:12:21,660

stacked up and then cut into a cone

271

00:12:27,889 --> 00:12:24,680

shape and then sliced

272

00:12:30,470 --> 00:12:27,899

along the long axis of it that work is

273

00:12:32,030 --> 00:12:30,480

done at Los Alamos

274

00:12:33,610 --> 00:12:32,040

I don't I'm not exactly sure no Los

275

00:12:35,630 --> 00:12:33,620

Alamos knows what they're doing

276

00:12:38,150 --> 00:12:35,640

apparently they think that they're

277

00:12:41,210 --> 00:12:38,160

developing uh the little coins they're

278

00:12:43,430 --> 00:12:41,220

working on is some new type of armor and

279

00:12:46,129 --> 00:12:43,440

having worked at Los Alamos and no

280

00:12:49,370 --> 00:12:46,139

people around that area that's how I

281

00:12:54,230 --> 00:12:51,949

did you say anything about project

282

00:12:57,410 --> 00:12:54,240

Looking Glass and the low shift between

283

00:12:59,230 --> 00:12:57,420

gravity and time well gravity in time

284

00:13:02,030 --> 00:12:59,240

are almost essentially the same thing

285

00:13:04,690 --> 00:13:02,040

and looking glass dealt with using

286

00:13:06,949 --> 00:13:04,700

gravity essentially to distort time and

287

00:13:08,389 --> 00:13:06,959

as I said before I really know very

288

00:13:10,550 --> 00:13:08,399

little about that but you know they're

289

00:13:13,370 --> 00:13:10,560

only talking talking about milliseconds

290

00:13:15,290 --> 00:13:13,380

or even less microseconds of uh time

291

00:13:17,269 --> 00:13:15,300

Distortion they're not like looking back

292

00:13:21,490 --> 00:13:17,279

in time to see who killed Kennedy or

293

00:13:25,550 --> 00:13:23,990

the uh the crap that you are you talking

294

00:13:27,530 --> 00:13:25,560

about the scoutcraft is that the one

295

00:13:30,350 --> 00:13:27,540

that's like the adansky picture with the

296

00:13:32,210 --> 00:13:30,360

three domes underneath and if it's not

297

00:13:35,090 --> 00:13:32,220

I'm not exactly sure what the advanced

298

00:13:36,769 --> 00:13:35,100

piece is the saucer shape this is this

299

00:13:40,329 --> 00:13:36,779

is the one that uh

300

00:13:42,170 --> 00:13:40,339

looks like a my one of the Meyer craft

301
00:13:44,930 --> 00:13:42,180
did you see

302
00:13:47,569 --> 00:13:46,250
there are supporters yeah I saw nine

303
00:13:49,550 --> 00:13:47,579
total but that's the only one I got

304
00:13:52,009 --> 00:13:49,560
close enough to do you see along with

305
00:13:53,449 --> 00:13:52,019
the three domes underneath that uh three

306
00:13:55,550 --> 00:13:53,459
balls underneath that has essential

307
00:13:57,170 --> 00:13:55,560
housing underneath and the second

308
00:13:59,030 --> 00:13:57,180
question was

309
00:14:01,970 --> 00:13:59,040
um did anybody give you an indication as

310
00:14:02,949 --> 00:14:01,980
to who was driving or any information on

311
00:14:05,690 --> 00:14:02,959
the man

312
00:14:07,790 --> 00:14:05,700
I assumed that it was humans that were

313
00:14:09,410 --> 00:14:07,800

violating the craft uh so it could have

314

00:14:12,290 --> 00:14:09,420

been remote control but at the one test

315

00:14:13,850 --> 00:14:12,300

flight that I saw on the ground uh they

316

00:14:15,710 --> 00:14:13,860

were in radio communication with someone

317

00:14:16,610 --> 00:14:15,720

and I assumed it was someone in the

318

00:14:18,590 --> 00:14:16,620

craft

319

00:14:19,970 --> 00:14:18,600

I mentioned it's possible that it could

320

00:14:21,350 --> 00:14:19,980

have been a remote Observer somewhere

321

00:14:22,910 --> 00:14:21,360

but uh

322

00:14:24,829 --> 00:14:22,920

and I just assumed that the seats were

323

00:14:28,569 --> 00:14:24,839

retrofitted or they were sitting on the

324

00:14:33,530 --> 00:14:31,389

are you familiar with a couple of

325

00:14:37,009 --> 00:14:33,540

aspects of the question are you familiar

326

00:14:39,949 --> 00:14:37,019

with Howard mangers Electro crab and

327

00:14:42,129 --> 00:14:39,959

Otis cars saucer design and how are

328

00:14:44,449 --> 00:14:42,139

those how are their devices

329

00:14:46,850 --> 00:14:44,459

how do they generate their gravity

330

00:14:51,110 --> 00:14:46,860

fields and compared with what you've

331

00:14:53,810 --> 00:14:51,120

described and lastly can you can you

332

00:14:55,129 --> 00:14:53,820

speculate how the why the

333

00:14:57,350 --> 00:14:55,139

commercialization of some of these

334

00:15:01,449 --> 00:14:57,360

crafts has been possible with so many

335

00:15:01,459 --> 00:15:05,710

because they don't work

336

00:15:12,490 --> 00:15:09,170

are there any GPS encountered by the

337

00:15:18,949 --> 00:15:14,870

from your interviews you seem to feel

338

00:15:22,009 --> 00:15:18,959

that the area 51 or the escort test side

339

00:15:25,069 --> 00:15:22,019

was kind of slip shot and how it how it

340

00:15:26,329 --> 00:15:25,079

does its research it really doesn't have

341

00:15:28,610 --> 00:15:26,339

this is there to actually do the

342

00:15:30,170 --> 00:15:28,620

research correctly and also I wonder if

343

00:15:31,610 --> 00:15:30,180

I could comment about that and also I'm

344

00:15:33,530 --> 00:15:31,620

wondering what you could tell us about

345

00:15:37,670 --> 00:15:33,540

the other types of ships you saw there

346

00:15:44,269 --> 00:15:40,670

well the uh as far as the research at S4

347

00:15:46,069 --> 00:15:44,279

that was kind of slip shot uh just

348

00:15:47,689 --> 00:15:46,079

because mainly it was being done from a

349

00:15:50,449 --> 00:15:47,699

military point of view

350

00:15:53,269 --> 00:15:50,459

uh if anything

351

00:15:55,129 --> 00:15:53,279

it was a weapons development program and

352

00:15:57,230 --> 00:15:55,139

they were more concerned about what

353

00:15:59,030 --> 00:15:57,240

duplicating the technology not really

354

00:16:01,009 --> 00:15:59,040

duplicating a technology duplicating the

355

00:16:02,990 --> 00:16:01,019

hardware as opposed to back engineering

356

00:16:06,230 --> 00:16:03,000

the technology to find out you know how

357

00:16:08,509 --> 00:16:06,240

these theories actually work and you

358

00:16:10,009 --> 00:16:08,519

know what's going on with them and

359

00:16:12,650 --> 00:16:10,019

so they really weren't taking the

360

00:16:15,350 --> 00:16:12,660

scientific approach and that was causing

361

00:16:16,730 --> 00:16:15,360

some dissension

362

00:16:17,629 --> 00:16:16,740

um I don't remember the second part of

363

00:16:19,310 --> 00:16:17,639

the question

364

00:16:20,810 --> 00:16:19,320

um just what other types of ships did

365

00:16:22,310 --> 00:16:20,820

you see that might have been alien in

366

00:16:25,430 --> 00:16:22,320

origin

367

00:16:26,870 --> 00:16:25,440

I only saw them and they buried in shape

368

00:16:29,629 --> 00:16:26,880

and I was told they had the same

369

00:16:31,910 --> 00:16:29,639

identical uh Power and propulsion system

370

00:16:33,650 --> 00:16:31,920

and that's the extent of my knowledge on

371

00:16:51,110 --> 00:16:33,660

it

372

00:16:52,790 --> 00:16:51,120

they bought up when they were talking

373

00:16:55,790 --> 00:16:52,800

about the aliens or whatever was it a

374

00:16:57,650 --> 00:16:55,800

positive or A negative type slant on

375

00:16:59,810 --> 00:16:57,660

well they really didn't talk about the

376

00:17:02,210 --> 00:16:59,820

aliens uh

377

00:17:04,549 --> 00:17:02,220

the only time I ever heard anybody

378

00:17:06,530 --> 00:17:04,559

mention anything about an alien someone

379

00:17:11,030 --> 00:17:06,540

and I'm just assuming that someone

380

00:17:13,189 --> 00:17:11,040

called it or called the thing a gourd

381

00:17:14,630 --> 00:17:13,199

and that was that was it I heard it in

382

00:17:17,030 --> 00:17:14,640

the middle of a conversation and they

383

00:17:19,429 --> 00:17:17,040

stopped talking when I got up to them so

384

00:17:32,169 --> 00:17:19,439

that was the thing later

385

00:17:38,810 --> 00:17:35,090

nothing along those lines but uh what I

386

00:17:40,610 --> 00:17:38,820

call the console there were three seats

387

00:17:43,130 --> 00:17:40,620

um here if you look at the bottom level

388

00:17:46,130 --> 00:17:43,140

there's a three amplifiers in a Triad

389

00:17:47,870 --> 00:17:46,140

formation directly above each one is

390

00:17:50,210 --> 00:17:47,880

something I call a console and I think

391

00:17:52,430 --> 00:17:50,220

that's uh a secondary part to the

392

00:17:54,730 --> 00:17:52,440

amplifier and an analogy to that would

393

00:17:57,470 --> 00:17:54,740

be that would be the actual amplifier

394

00:17:59,150 --> 00:17:57,480

and the thing hanging underneath would

395

00:18:05,230 --> 00:17:59,160

kind of be a speaker if you're talking

396

00:18:10,490 --> 00:18:07,549

not that I could find

397

00:18:14,049 --> 00:18:10,500

did it seem like there was any place or

398

00:18:19,430 --> 00:18:14,059

even a need for a life support

399

00:18:23,930 --> 00:18:22,250

um how do they navigate and how do we

400

00:18:25,789 --> 00:18:23,940

converse with them

401
00:18:27,710 --> 00:18:25,799
I have the slightest idea how they

402
00:18:29,750 --> 00:18:27,720
navigate you know like I said I think if

403
00:18:31,970 --> 00:18:29,760
that uh

404
00:18:33,830 --> 00:18:31,980
whatever controls the configuration the

405
00:18:36,110 --> 00:18:33,840
amplifier is the focusing which is

406
00:18:38,750 --> 00:18:36,120
basically their their navigation is

407
00:18:40,130 --> 00:18:38,760
almost probably on the upper level of

408
00:18:42,590 --> 00:18:40,140
The Craft that I didn't get to look out

409
00:18:45,169 --> 00:18:42,600
of and as far as the conversation

410
00:18:46,310 --> 00:18:45,179
between them your guess is as good as

411
00:18:49,430 --> 00:18:46,320
mine

412
00:18:56,350 --> 00:18:49,440
it was the local means of propulsion the

413
00:19:05,029 --> 00:19:00,470

is essentially them balancing on and out

414

00:19:07,490 --> 00:19:05,039

of phase gravity wave and it's not as

415

00:19:09,350 --> 00:19:07,500

stable as you would think when the craft

416

00:19:13,789 --> 00:19:09,360

took off it

417

00:19:18,350 --> 00:19:17,090

I mean a modern day Hawker Harrier or

418

00:19:20,570 --> 00:19:18,360

something along those lines of vertical

419

00:19:23,270 --> 00:19:20,580

takeoff craft is much more stable than

420

00:19:25,250 --> 00:19:23,280

them in the Omicron configuration which

421

00:19:26,570 --> 00:19:25,260

is that that mode of travel the Delta

422

00:19:29,930 --> 00:19:26,580

configuration is where they use the

423

00:19:31,730 --> 00:19:29,940

three amplifiers and uh

424

00:19:33,770 --> 00:19:31,740

you know that's those are the only two

425

00:19:36,230 --> 00:19:33,780

methods I I know about removing the crap

426
00:19:38,510 --> 00:19:36,240
can One Pilot as far as you know pilot

427
00:19:39,110 --> 00:19:38,520
this crafter does it take three or do

428
00:19:42,350 --> 00:19:39,120
you know

429
00:19:46,140 --> 00:19:42,360
I don't know I wanted it back in the red

430
00:19:46,150 --> 00:19:50,270
[Music]

431
00:19:55,870 --> 00:19:52,990
no it's stable

432
00:19:58,190 --> 00:19:55,880
yeah theoretically elements

433
00:20:01,310 --> 00:19:58,200
rate should reach a stability around

434
00:20:02,870 --> 00:20:01,320
anywhere from 113 to 116 somewhere in

435
00:20:05,210 --> 00:20:02,880
there and apparently that's true and

436
00:20:09,770 --> 00:20:05,220
again they should reach a stability

437
00:20:10,970 --> 00:20:09,780
somewhere up around 220 some odd but uh

438
00:20:14,450 --> 00:20:10,980

you know whether those elements will

439

00:20:17,510 --> 00:20:14,460

ever be synthesized or found naturally

440

00:20:18,049 --> 00:20:17,520

yeah it's unusually heavy yeah

441

00:20:20,049 --> 00:20:18,059

[Music]

442

00:20:25,130 --> 00:20:20,059

um

443

00:20:30,350 --> 00:20:27,470

do I think we have bases no uh the

444

00:20:31,870 --> 00:20:30,360

monuments of Mars are

445

00:20:34,970 --> 00:20:31,880

interesting

446

00:20:38,330 --> 00:20:34,980

that's about the most I can say if

447

00:20:39,770 --> 00:20:38,340

they're suspicious and uh

448

00:20:41,210 --> 00:20:39,780

yeah I really don't know until there's

449

00:20:43,010 --> 00:20:41,220

more information you know I've seen

450

00:20:45,710 --> 00:20:43,020

pictures of them and things along those

451
00:20:47,930 --> 00:20:45,720
lines but the most recent Mars probe is

452
00:20:49,970 --> 00:20:47,940
taking uh low altitude photographs of

453
00:20:58,310 --> 00:20:49,980
those so I guess everyone will know in

454
00:20:58,320 --> 00:21:02,750
indirectly yeah

455
00:21:07,490 --> 00:21:04,789
what about your perception of

456
00:21:09,230 --> 00:21:07,500
time and length

457
00:21:11,330 --> 00:21:09,240
width and height

458
00:21:15,370 --> 00:21:11,340
is it the same aboard the craft is off

459
00:21:18,890 --> 00:21:15,380
of it 21 important

460
00:21:20,930 --> 00:21:18,900
why are you ever well as long as you're

461
00:21:22,490 --> 00:21:20,940
on the craft everything seems completely

462
00:21:25,970 --> 00:21:22,500
normally your time Flows at a normal

463
00:21:27,830 --> 00:21:25,980

rate and uh if you're off the craft and

464

00:21:29,149 --> 00:21:27,840

you're comparing the time of someone in

465

00:21:30,110 --> 00:21:29,159

the crowd someone off the craft it'll be

466

00:21:31,850 --> 00:21:30,120

a definite difference there anything

467

00:21:34,070 --> 00:21:31,860

where gravity is involved

468

00:21:35,450 --> 00:21:34,080

you know even the shuttle astronauts

469

00:21:36,710 --> 00:21:35,460

they'll come back just because of the

470

00:21:38,270 --> 00:21:36,720

difference in gravity when they come

471

00:21:39,890 --> 00:21:38,280

back they're uh

472

00:21:42,890 --> 00:21:39,900

you know there'll be a slight difference

473

00:21:47,690 --> 00:21:45,409

did you learn of any other well-known

474

00:21:48,770 --> 00:21:47,700

civilian scientists who are involved in

475

00:21:56,510 --> 00:21:48,780

this

476

00:21:59,330 --> 00:21:56,520

involved in the gravity work and he's at

477

00:22:01,970 --> 00:21:59,340

Los Alamos and we've had a little bit of

478

00:22:05,330 --> 00:22:01,980

contact you named me

479

00:22:06,649 --> 00:22:05,340

I'd rather not just because so far no

480

00:22:12,590 --> 00:22:06,659

one's bothering him and I'm sure he

481

00:22:12,600 --> 00:22:16,390

um

482

00:22:21,950 --> 00:22:20,029

only one place yeah

483

00:22:24,110 --> 00:22:21,960

no no there's only one

484

00:22:26,090 --> 00:22:24,120

one place where the seats faced and it

485

00:22:28,370 --> 00:22:26,100

uh you know there again I said that's

486

00:22:29,690 --> 00:22:28,380

advanced technology but it's not that

487

00:22:31,070 --> 00:22:29,700

advanced because you know we have

488

00:22:32,570 --> 00:22:31,080

something along the lines of that Liquid

489

00:22:34,490 --> 00:22:32,580

Crystal that we could

490

00:22:37,370 --> 00:22:34,500

you know make transparent and also use

491

00:22:39,710 --> 00:22:37,380

as uh you know a display of sorts so

492

00:22:41,270 --> 00:22:39,720

that's uh but this was metallic and if

493

00:22:42,169 --> 00:22:41,280

you haven't anything along the lines of

494

00:22:53,810 --> 00:22:42,179

that

495

00:22:53,820 --> 00:23:07,130

probably about 30 seconds or so

496

00:23:10,070 --> 00:23:08,810

now I've heard stories like that though

497

00:23:11,930 --> 00:23:10,080

but

498

00:23:15,289 --> 00:23:11,940

I haven't

499

00:23:20,210 --> 00:23:17,810

strong of course which you've identify

500

00:23:22,850 --> 00:23:20,220

by gravity a I know there's been some

501
00:23:27,370 --> 00:23:22,860
recent theories actually 11th National

502
00:23:32,450 --> 00:23:30,289
does it operate on any principle related

503
00:23:34,430 --> 00:23:32,460
to that yeah my main problem with that

504
00:23:36,470 --> 00:23:34,440
in Stephen Hawking for that matter is

505
00:23:37,730 --> 00:23:36,480
that once you start creating other

506
00:23:39,770 --> 00:23:37,740
dimensions

507
00:23:41,450 --> 00:23:39,780
it's like an excuse I mean in particle

508
00:23:43,130 --> 00:23:41,460
physics they do that too when they can't

509
00:23:44,510 --> 00:23:43,140
figure out something they say well you

510
00:23:46,789 --> 00:23:44,520
know we don't have gravity as well as

511
00:23:49,669 --> 00:23:46,799
caused by the uh the graviton yeah they

512
00:23:51,169 --> 00:23:49,679
make up particles like that yeah you can

513
00:23:52,430 --> 00:23:51,179

do that with Dimensions too where'd it

514

00:23:54,590 --> 00:23:52,440

go I want to do another dimension yeah

515

00:23:56,390 --> 00:23:54,600

it's like an excuse the bottom line is

516

00:23:57,710 --> 00:23:56,400

you know as everyone has said every

517

00:23:59,990 --> 00:23:57,720

physicist has said the answer to

518

00:24:01,970 --> 00:24:00,000

everything is always simple and it's

519

00:24:03,529 --> 00:24:01,980

there's not an 11 dimensional Universe

520

00:24:06,289 --> 00:24:03,539

it does first of all there doesn't need

521

00:24:09,409 --> 00:24:06,299

to be because all this technology works

522

00:24:11,510 --> 00:24:09,419

you know one dimensional essentially a

523

00:24:14,090 --> 00:24:11,520

four-dimensional universe and and uh you

524

00:24:16,010 --> 00:24:14,100

know there's there's no need for it

525

00:24:25,789 --> 00:24:16,020

yourself

526
00:24:25,799 --> 00:24:28,610
in a bus

527
00:24:28,620 --> 00:24:32,890
[Applause]

528
00:24:38,810 --> 00:24:36,049
on the east side I've been like

529
00:24:44,090 --> 00:24:38,820
across the lake no I've never been over

530
00:24:44,100 --> 00:24:47,810
no

531
00:24:51,590 --> 00:24:49,789
Baba getting back to his question about

532
00:24:53,390 --> 00:24:51,600
if there is any difference between being

533
00:24:55,669 --> 00:24:53,400
on the inside of a craft

534
00:24:56,630 --> 00:24:55,679
while it's under power versus being on

535
00:24:57,409 --> 00:24:56,640
the outside of a craft of course you

536
00:24:58,490 --> 00:24:57,419
wouldn't have experienced that because

537
00:25:01,250 --> 00:24:58,500
you weren't you were never on the craft

538
00:25:04,010 --> 00:25:01,260

when it was powered right under power

539

00:25:05,450 --> 00:25:04,020

well by the fact that the screen became

540

00:25:07,190 --> 00:25:05,460

transparent and other things were

541

00:25:09,669 --> 00:25:07,200

operational I can assume that it was

542

00:25:12,049 --> 00:25:09,679

there was some power generated

543

00:25:14,450 --> 00:25:12,059

okay huh

544

00:25:18,230 --> 00:25:14,460

Bob um how long were you a part of the

545

00:25:22,310 --> 00:25:18,240

S4 project and how key of a person were

546

00:25:27,769 --> 00:25:25,250

uh it was probably there are only

547

00:25:29,390 --> 00:25:27,779

six months four months something like

548

00:25:31,070 --> 00:25:29,400

that it's hard to remember and as far as

549

00:25:34,850 --> 00:25:31,080

a key person I'm sure I was the last

550

00:25:36,710 --> 00:25:34,860

rung on the ladder uh

551
00:25:38,149 --> 00:25:36,720
though

552
00:25:40,490 --> 00:25:38,159
because no one has really gotten

553
00:25:42,350 --> 00:25:40,500
anywhere you know they were looking to

554
00:25:44,029 --> 00:25:42,360
me for fresh ideas which I really didn't

555
00:25:45,289 --> 00:25:44,039
have any anything because I didn't know

556
00:25:48,169 --> 00:25:45,299
what you know what really was going on

557
00:25:51,769 --> 00:25:48,179
and where they had been so uh

558
00:25:53,450 --> 00:25:51,779
it was a very disorganized group and

559
00:25:56,510 --> 00:25:53,460
that's

560
00:25:58,010 --> 00:25:56,520
you know I don't know how else to

561
00:26:00,789 --> 00:25:58,020
describe it it was frustrating in that

562
00:26:05,330 --> 00:26:00,799
regard very frustrating

563
00:26:07,130 --> 00:26:05,340

elements does it have emission lines I

564

00:26:09,289 --> 00:26:07,140

imagine it does every other element does

565

00:26:12,010 --> 00:26:09,299

yeah

566

00:26:15,289 --> 00:26:12,020

that well I haven't seen you know any

567

00:26:17,029 --> 00:26:15,299

spectrographical analysis on it or uh

568

00:26:19,610 --> 00:26:17,039

well I actually

569

00:26:21,350 --> 00:26:19,620

they did do I don't know if I if I saw

570

00:26:22,789 --> 00:26:21,360

it though I saw a neutron bombardment

571

00:26:24,470 --> 00:26:22,799

test and density of measurements and

572

00:26:26,149 --> 00:26:24,480

things like that but I I'm sure they

573

00:26:27,769 --> 00:26:26,159

carried out that

574

00:26:29,269 --> 00:26:27,779

that test on it but I would be able to

575

00:26:31,029 --> 00:26:29,279

identify the lines no if you're not

576

00:26:33,230 --> 00:26:31,039

aware of the results

577

00:26:35,090 --> 00:26:33,240

you know they probably showed them to me

578

00:26:41,750 --> 00:26:35,100

but I can't for the life I may remember

579

00:26:45,710 --> 00:26:42,830

okay

580

00:26:47,990 --> 00:26:45,720

in possibly in heavier stars or in you

581

00:26:50,149 --> 00:26:48,000

know planets that uh so you know

582

00:26:56,570 --> 00:26:50,159

surround the larger star system and uh

583

00:27:00,230 --> 00:26:58,190

some people brought up that you know

584

00:27:01,610 --> 00:27:00,240

that's that's ridiculous because you

585

00:27:03,590 --> 00:27:01,620

know all the elements that we know of

586

00:27:05,570 --> 00:27:03,600

are found on Earth and that's you know

587

00:27:07,549 --> 00:27:05,580

that's not true I think it's uh technium

588

00:27:09,230 --> 00:27:07,559

or something along those lines is only

589

00:27:16,190 --> 00:27:09,240

is not found on Earth and it's on the

590

00:27:32,110 --> 00:27:16,909

thank you

591

00:27:36,649 --> 00:27:35,450

uranium is there and I was wondering if

592

00:27:38,450 --> 00:27:36,659

you know you had anything that would

593

00:27:40,490 --> 00:27:38,460

lead you from what you saw with that

594

00:27:42,769 --> 00:27:40,500

propulsion system to think that aliens

595

00:27:44,149 --> 00:27:42,779

may have come here at one time to do

596

00:27:46,190 --> 00:27:44,159

that

597

00:27:49,010 --> 00:27:46,200

I don't know I mean no matter what

598

00:27:53,149 --> 00:27:49,020

uranium is certainly a valuable right

599

00:27:53,159 --> 00:27:59,529

I don't know

600

00:28:09,850 --> 00:28:01,669

in fact when you talk about low level

601
00:28:17,350 --> 00:28:13,570
the Billy Meyer movies

602
00:28:21,890 --> 00:28:19,789
I don't think I've ever seen any motion

603
00:28:23,330 --> 00:28:21,900
yeah he's got some that fly around three

604
00:28:25,130 --> 00:28:23,340
and they've got oh wait I did see that

605
00:28:26,930 --> 00:28:25,140
yeah I did see that I know some other

606
00:28:28,370 --> 00:28:26,940
covering ones where they followed you

607
00:28:29,409 --> 00:28:28,380
know I was strange about the Billy Myer

608
00:28:32,269 --> 00:28:29,419
photographs

609
00:28:33,950 --> 00:28:32,279
the discs that one once he took a

610
00:28:35,630 --> 00:28:33,960
picture of looked exactly like the one

611
00:28:37,190 --> 00:28:35,640
that I looked on but

612
00:28:38,330 --> 00:28:37,200
you know I'm certain hand an expert in

613
00:28:42,230 --> 00:28:38,340

the field but some of those look

614

00:28:43,549 --> 00:28:42,240

unbelievably fake and I can't especially

615

00:28:45,169 --> 00:28:43,559

the thing went with it flying around the

616

00:28:47,090 --> 00:28:45,179

tree I mean boy it looks like it's

617

00:28:48,830 --> 00:28:47,100

hanging from a string

618

00:28:50,870 --> 00:28:48,840

you know why would he do that if he had

619

00:28:52,610 --> 00:28:50,880

some authentic pictures and uh you know

620

00:28:53,590 --> 00:28:52,620

I don't know I have mixed feelings about

621

00:28:56,570 --> 00:28:53,600

that

622

00:28:58,549 --> 00:28:56,580

right how do you feel about our do you

623

00:29:00,289 --> 00:28:58,559

have an opinion of this conflict that

624

00:29:02,450 --> 00:29:00,299

allegedly happened between braves and

625

00:29:04,970 --> 00:29:02,460

the Delta Force and what was it 89 or

626

00:29:07,010 --> 00:29:04,980

whatever anything about that I really

627

00:29:08,390 --> 00:29:07,020

don't really have an opinion I just you

628

00:29:10,490 --> 00:29:08,400

know repeat it

629

00:29:13,070 --> 00:29:10,500

make a really good place

630

00:29:15,190 --> 00:29:13,080

why I don't know

631

00:29:18,889 --> 00:29:17,390

yeah apparently there's one but I was

632

00:29:22,370 --> 00:29:18,899

involved in the project that dealt with

633

00:29:25,789 --> 00:29:23,810

well it's really not a next video

634

00:29:28,250 --> 00:29:25,799

there's the video that I made is being

635

00:29:30,470 --> 00:29:28,260

redone by another company only because

636

00:29:33,049 --> 00:29:30,480

they liked it so much and uh they're

637

00:29:35,630 --> 00:29:33,059

just redoing the uh graphics and making

638

00:29:37,610 --> 00:29:35,640

a little more Technical and you know I'm

639

00:29:39,590 --> 00:29:37,620

just serving as a technical advisor on

640

00:29:41,810 --> 00:29:39,600

it but uh

641

00:29:43,370 --> 00:29:41,820

for the most part it's 60 to 70 percent

642

00:29:46,310 --> 00:29:43,380

of it's you know the identical thing

643

00:29:49,430 --> 00:29:46,320

they just uh wanted to do it because

644

00:29:50,810 --> 00:29:49,440

these particular group of guys uh and um

645

00:29:53,570 --> 00:29:50,820

I think companies called dream Quest

646

00:29:55,130 --> 00:29:53,580

involved in uh special effects we're

647

00:29:56,870 --> 00:29:55,140

really into the UFO thing and they

648

00:29:58,909 --> 00:29:56,880

wanted to do it with modern day stuff

649

00:30:03,889 --> 00:29:58,919

instead of you know knit stockings and

650

00:30:06,669 --> 00:30:05,520

yeah

651

00:30:09,590 --> 00:30:06,679

[Music]

652

00:30:10,970 --> 00:30:09,600

well it's certainly possible you know I

653

00:30:13,250 --> 00:30:10,980

don't I don't have any information on

654

00:30:14,750 --> 00:30:13,260

that but just by the EMP generated you

655

00:30:16,970 --> 00:30:14,760

know by the systems on the craft that

656

00:30:19,149 --> 00:30:16,980

makes perfect sense to me I was going to

657

00:30:21,649 --> 00:30:19,159

ask you what type of weapon do they have

658

00:30:23,450 --> 00:30:21,659

it's some sort of directed energy weapon

659

00:30:26,330 --> 00:30:23,460

and I think it's a

660

00:30:30,370 --> 00:30:26,340

like a laser beam what's going on

661

00:30:37,490 --> 00:30:30,380

a particle probably a neutron

662

00:30:41,389 --> 00:30:39,950

there there might be two but I know

663

00:30:43,250 --> 00:30:41,399

there's one because obviously I was on

664

00:30:45,769 --> 00:30:43,260

one but uh

665

00:30:48,110 --> 00:30:45,779

I can't actually remember if anyone

666

00:30:52,010 --> 00:30:48,120

if there's any direct mention from their

667

00:30:53,870 --> 00:30:52,020

there being a lower level right I really

668

00:30:55,909 --> 00:30:53,880

wasn't allowed to roam freely around the

669

00:30:58,130 --> 00:30:55,919

whole place so I don't know

670

00:31:06,210 --> 00:30:58,140

yeah

671

00:31:12,049 --> 00:31:09,310

[Laughter]

672

00:31:14,269 --> 00:31:12,059

as far as electronic technology my

673

00:31:16,370 --> 00:31:14,279

degree there is from Caltech and physics

674

00:31:19,610 --> 00:31:16,380

is from MIT

675

00:31:22,610 --> 00:31:19,620

when did you graduate did you go to

676
00:31:23,630 --> 00:31:22,620
Pierce College yeah I did okay where did

677
00:31:25,970 --> 00:31:23,640
you hear that

678
00:31:27,710 --> 00:31:25,980
friend who said something that you know

679
00:31:28,730 --> 00:31:27,720
somebody I don't even know I just

680
00:31:29,750 --> 00:31:28,740
thought about something I want to ask

681
00:31:32,029 --> 00:31:29,760
because

682
00:31:34,549 --> 00:31:32,039
it's declared yeah I went to pierce and

683
00:31:36,529 --> 00:31:34,559
Northridge and then uh

684
00:31:38,269 --> 00:31:36,539
I'd buy you know I'm terrible at dates I

685
00:31:40,850 --> 00:31:38,279
don't remember what date I was at Pier

686
00:31:44,930 --> 00:31:40,860
probably like in 76 or something I was

687
00:31:49,549 --> 00:31:47,389
seven or eight

688
00:31:51,110 --> 00:31:49,559

I went to Northridge just for a short

689

00:31:52,669 --> 00:31:51,120

time for some classes on animals at

690

00:31:56,149 --> 00:31:52,679

Caltech and then

691

00:32:00,710 --> 00:31:58,610

yeah some critics have suggested that

692

00:32:03,409 --> 00:32:00,720

there is not a department of Naval

693

00:32:04,909 --> 00:32:03,419

intelligence as shown on your W your IRS

694

00:32:06,049 --> 00:32:04,919

record I wonder if you could address

695

00:32:10,430 --> 00:32:06,059

that

696

00:32:12,710 --> 00:32:10,440

but the bottom line is if you uh then

697

00:32:15,049 --> 00:32:12,720

I've let other people check into that

698

00:32:17,810 --> 00:32:15,059

Bob Explorer is a guy that managed to

699

00:32:19,730 --> 00:32:17,820

trace that down through the IRS and if

700

00:32:23,210 --> 00:32:19,740

you write the ZIP code number on the

701
00:32:26,510 --> 00:32:23,220
bottom of it or NC Dash 101 or something

702
00:32:27,889 --> 00:32:26,520
like that or empty something anyway it

703
00:32:31,490 --> 00:32:27,899
gets to

704
00:32:33,889 --> 00:32:31,500
you know as far as if there's a

705
00:32:35,870 --> 00:32:33,899
departmental there I don't know but uh

706
00:32:37,310 --> 00:32:35,880
you know that's that's the W-2 that I

707
00:32:39,230 --> 00:32:37,320
got sent so

708
00:32:41,930 --> 00:32:39,240
well that same person was saying though

709
00:32:44,930 --> 00:32:41,940
the ZIP code that was on there was

710
00:32:45,970 --> 00:32:44,940
someone that was in reserve unused in

711
00:32:49,909 --> 00:32:45,980
Washington

712
00:32:52,430 --> 00:32:49,919
that was unused yeah well now he had he

713
00:32:53,269 --> 00:32:52,440

had a correspondence with someone in the

714

00:32:55,010 --> 00:32:53,279

Navy

715

00:32:56,870 --> 00:32:55,020

through that address I'm not talking

716

00:32:59,750 --> 00:32:56,880

about Bob Exeter I'm talking about Bill

717

00:33:01,070 --> 00:32:59,760

Moore uh Bill Moore I don't I don't know

718

00:33:04,130 --> 00:33:01,080

Bill Moore

719

00:33:06,110 --> 00:33:04,140

I know he's an enigma himself yeah that

720

00:33:07,250 --> 00:33:06,120

was his point I guess he just gets

721

00:33:08,930 --> 00:33:07,260

everything I say he said well there's

722

00:33:13,130 --> 00:33:08,940

two different types on here and this and

723

00:33:14,509 --> 00:33:13,140

I said well you know I don't know so uh

724

00:33:17,269 --> 00:33:14,519

you know that's basically what I get

725

00:33:19,909 --> 00:33:17,279

sent and uh you know I've seen enough

726

00:33:22,370 --> 00:33:19,919

information where that zip code works

727

00:33:24,409 --> 00:33:22,380

and that's all the information I have I

728

00:33:25,789 --> 00:33:24,419

really have a Pursuit with myself but

729

00:33:27,350 --> 00:33:25,799

maybe clarify for them why you think

730

00:33:29,810 --> 00:33:27,360

this is a legitimate document because of

731

00:33:31,669 --> 00:33:29,820

the certain elements that are there are

732

00:33:34,909 --> 00:33:31,679

correct well because of the amount of

733

00:33:37,570 --> 00:33:34,919

money right yeah except me and that was

734

00:33:39,669 --> 00:33:37,580

correct uh you know so

735

00:33:43,009 --> 00:33:39,679

that's all the information

736

00:33:45,350 --> 00:33:43,019

I have two questions uh they're not

737

00:33:49,009 --> 00:33:45,360

related to each other but one is are

738

00:33:51,370 --> 00:33:49,019

they silent or noiseless and uh be who

739

00:33:55,909 --> 00:33:51,380

signed your paychecks

740

00:33:57,830 --> 00:33:55,919

as far as are they silent or noiseless

741

00:33:58,669 --> 00:33:57,840

there's a slight hiss before they take

742

00:34:01,970 --> 00:33:58,679

off

743

00:34:06,470 --> 00:34:01,980

to a certain altitude and that sounds

744

00:34:07,669 --> 00:34:06,480

like a high voltage hiss of sorts that's

745

00:34:09,109 --> 00:34:07,679

all the sounds that I've heard I've

746

00:34:12,109 --> 00:34:09,119

Heard lots of reports about you know

747

00:34:14,089 --> 00:34:12,119

weird Flames author type sounds but you

748

00:34:15,349 --> 00:34:14,099

know I've never encountered that

749

00:34:17,030 --> 00:34:15,359

um

750

00:34:18,770 --> 00:34:17,040

who signed my paycheck there was a

751

00:34:20,750 --> 00:34:18,780

signature on it but I don't know I'm

752

00:34:22,990 --> 00:34:20,760

gonna lose it was but never even you

753

00:34:25,790 --> 00:34:23,000

know it's time to catch the paycheck of

754

00:34:27,409 --> 00:34:25,800

I've never even concerned me tracing

755

00:34:29,930 --> 00:34:27,419

anything down so there wasn't a company

756

00:34:32,030 --> 00:34:29,940

name up in the corner like most

757

00:34:35,210 --> 00:34:32,040

paychecks well I worked for the federal

758

00:34:36,950 --> 00:34:35,220

government years ago all you know is a

759

00:34:38,750 --> 00:34:36,960

green treasury check there would be no

760

00:34:40,430 --> 00:34:38,760

other papers with it or anything from

761

00:34:42,169 --> 00:34:40,440

the Department of Treasury

762

00:34:46,609 --> 00:34:42,179

now listen to the Department of Naval

763

00:34:50,869 --> 00:34:49,010

thank you Bob a craft like that comes

764

00:34:53,690 --> 00:34:50,879

into our atmosphere would you expect a

765

00:34:55,190 --> 00:34:53,700

loud report that might be well it's

766

00:34:57,050 --> 00:34:55,200

totally dependent on the velocity that

767

00:34:59,810 --> 00:34:57,060

it enters

768

00:35:01,310 --> 00:34:59,820

so if uh you're dealing with selling it

769

00:35:03,349 --> 00:35:01,320

manipulates gravity and doesn't have to

770

00:35:05,450 --> 00:35:03,359

slingshot into the Earth uh you know you

771

00:35:08,170 --> 00:35:05,460

can come in at a low speed not heat up

772

00:35:11,030 --> 00:35:08,180

not not really

773

00:35:13,370 --> 00:35:11,040

right well yeah if you're traveling it's

774

00:35:15,290 --> 00:35:13,380

supersonic then you get a report if

775

00:35:17,930 --> 00:35:15,300

you're not you know you know it's pretty

776

00:35:20,030 --> 00:35:17,940

it's very forward

777

00:35:21,410 --> 00:35:20,040

uh when you were at a sport to your

778

00:35:23,510 --> 00:35:21,420

knowledge what was the approximate

779

00:35:26,030 --> 00:35:23,520

percentage of Civilian versus military

780

00:35:27,470 --> 00:35:26,040

personnel and then what kind of job

781

00:35:29,690 --> 00:35:27,480

category

782

00:35:31,550 --> 00:35:29,700

the civilian Personnel were uh

783

00:35:35,510 --> 00:35:31,560

scientific in nature and the military

784

00:35:37,670 --> 00:35:35,520

personnel were only uh security as far

785

00:35:40,430 --> 00:35:37,680

as the percentage it was a small

786

00:35:42,530 --> 00:35:40,440

percentage of uh scientific to uh

787

00:35:45,290 --> 00:35:42,540

military personnel is there any

788

00:35:47,870 --> 00:35:45,300

secretaries there I'm sure there were

789

00:35:49,970 --> 00:35:47,880

offices all over the place but when I

790

00:35:51,890 --> 00:35:49,980

came into the facility I was essentially

791

00:35:54,890 --> 00:35:51,900

escorted right to where I work

792

00:35:56,210 --> 00:35:54,900

and worked there other than a few amount

793

00:35:58,609 --> 00:35:56,220

of times that I got to walk into the

794

00:36:00,170 --> 00:35:58,619

hangar and under an escort too and when

795

00:36:02,089 --> 00:36:00,180

I left it was the same so like I said

796

00:36:03,950 --> 00:36:02,099

there might be offices there might be

797

00:36:05,630 --> 00:36:03,960

bunkers in there there might be

798

00:36:10,970 --> 00:36:05,640

underground levels there might be an

799

00:36:15,829 --> 00:36:13,849

excuse me how did you eat

800

00:36:18,050 --> 00:36:15,839

the only place I ever ate was at area

801
00:36:22,730 --> 00:36:18,060
51. so if there was a cafeteria there I

802
00:36:27,890 --> 00:36:25,190
I usually came with Dennis Mariani who

803
00:36:31,609 --> 00:36:27,900
was my supervisor now I wasn't on a

804
00:36:34,010 --> 00:36:31,619
full-time swing essentially I flew in

805
00:36:35,870 --> 00:36:34,020
usually between three and or between

806
00:36:38,870 --> 00:36:35,880
four and five o'clock at night and left

807
00:36:41,569 --> 00:36:38,880
by 11. so I was only there for a short

808
00:36:43,550 --> 00:36:41,579
time each day

809
00:36:45,530 --> 00:36:43,560
well before the bus from Groom Lake to

810
00:36:48,589 --> 00:36:45,540
Papoose how many people were on that

811
00:36:51,290 --> 00:36:48,599
reporting with you very few more than

812
00:36:53,990 --> 00:36:51,300
one more than yourself as me me and

813
00:36:55,370 --> 00:36:54,000

Dennis and usually like are actually not

814

00:36:57,170 --> 00:36:55,380

usually occasionally one other person

815

00:36:59,569 --> 00:36:57,180

how about Barry

816

00:37:02,450 --> 00:36:59,579

I don't think I was so very on the bus

817

00:37:06,950 --> 00:37:03,589

is there a chance that any of the

818

00:37:08,569 --> 00:37:06,960

workers might go back yeah barrywood

819

00:37:10,130 --> 00:37:08,579

that's why I spent some time trying to

820

00:37:12,230 --> 00:37:10,140

get a hold of him and there was actually

821

00:37:13,730 --> 00:37:12,240

sometime after all this hit the news and

822

00:37:16,430 --> 00:37:13,740

the whole thing went down we got a call

823

00:37:18,290 --> 00:37:16,440

from Dennis my supervisor and he

824

00:37:19,310 --> 00:37:18,300

arranged a meeting at the union Plaza

825

00:37:21,950 --> 00:37:19,320

Hotel

826

00:37:24,250 --> 00:37:21,960

and when we got there I brought three

827

00:37:26,390 --> 00:37:24,260

people with me and

828

00:37:28,490 --> 00:37:26,400

I didn't think he said he'd be in the

829

00:37:30,410 --> 00:37:28,500

casino area somewhere and we went I

830

00:37:31,730 --> 00:37:30,420

didn't think Gene Huff came with me and

831

00:37:33,890 --> 00:37:31,740

uh

832

00:37:35,810 --> 00:37:33,900

we went into the area

833

00:37:38,089 --> 00:37:35,820

and walking down the corridor I

834

00:37:39,890 --> 00:37:38,099

recognized one of the security personnel

835

00:37:42,050 --> 00:37:39,900

from there and then when I finally found

836

00:37:43,190 --> 00:37:42,060

Dennis he didn't even acknowledge my

837

00:37:45,829 --> 00:37:43,200

presence

838

00:37:48,050 --> 00:37:45,839

uh who couldn't get his attention and

839

00:37:49,730 --> 00:37:48,060

you know I left so apparently either

840

00:37:51,950 --> 00:37:49,740

someone had

841

00:37:53,569 --> 00:37:51,960

known of the conversation and send

842

00:37:55,670 --> 00:37:53,579

someone down there and made themselves

843

00:37:57,829 --> 00:37:55,680

obvious to Dennis or something happened

844

00:37:59,870 --> 00:37:57,839

and we left but I think that was uh

845

00:38:02,569 --> 00:37:59,880

where Dennis really wanted to say

846

00:38:06,170 --> 00:38:04,670

uh I understand that you use hypnotic

847

00:38:08,450 --> 00:38:06,180

regression to get some of the details of

848

00:38:09,829 --> 00:38:08,460

your experience if so what is your

849

00:38:11,750 --> 00:38:09,839

impression of the amount of progression

850

00:38:14,329 --> 00:38:11,760

as a tool

851

00:38:16,510 --> 00:38:14,339

it's probably reasonable because uh

852

00:38:19,250 --> 00:38:16,520

there are specifics

853

00:38:22,310 --> 00:38:19,260

they contend that you can sit there and

854

00:38:23,510 --> 00:38:22,320

reread a document as if you had you know

855

00:38:25,609 --> 00:38:23,520

as if you were there reading it for the

856

00:38:27,109 --> 00:38:25,619

first time and what I was mainly

857

00:38:29,930 --> 00:38:27,119

interested was in some of the schematics

858

00:38:32,329 --> 00:38:29,940

and drawings and uh

859

00:38:34,790 --> 00:38:32,339

you know I did some of the hypnosis

860

00:38:37,730 --> 00:38:34,800

stuff with Lane Keck I have no therapist

861

00:38:39,010 --> 00:38:37,740

in town and I was certainly able to

862

00:38:42,109 --> 00:38:39,020

redraw

863

00:38:43,550 --> 00:38:42,119

a lot of the schematics and you know

864

00:38:46,010 --> 00:38:43,560

engineering drawings along those lines

865

00:38:48,710 --> 00:38:46,020

and it's uh

866

00:38:50,630 --> 00:38:48,720

so as far as using is a tool for that

867

00:38:53,690 --> 00:38:50,640

that seems to work

868

00:38:56,690 --> 00:38:53,700

for anything else

869

00:38:59,089 --> 00:38:56,700

I have two two things uh one's in common

870

00:39:01,910 --> 00:38:59,099

the other one's a question uh first of

871

00:39:05,089 --> 00:39:01,920

all um when I was 12 years old I I saw a

872

00:39:07,370 --> 00:39:05,099

daylight flying disc which looked

873

00:39:10,430 --> 00:39:07,380

exactly like one of Billy Meyer's

874

00:39:14,089 --> 00:39:10,440

photographs 15 years later

875

00:39:17,089 --> 00:39:14,099

and uh and this what do you mean earlier

876

00:39:18,650 --> 00:39:17,099

no uh earlier 15 years earlier I saw

877

00:39:21,890 --> 00:39:18,660

this disc and

878

00:39:24,710 --> 00:39:21,900

Billy Meyer took a photo in 1975 with

879

00:39:27,530 --> 00:39:24,720

the same exactly the same disc that I

880

00:39:30,349 --> 00:39:27,540

saw you know down to the Last Detail it

881

00:39:32,870 --> 00:39:30,359

was the same and then you said that the

882

00:39:35,930 --> 00:39:32,880

sport model looked a lot like the same

883

00:39:40,670 --> 00:39:39,170

interview with Georgetown and uh

884

00:39:42,050 --> 00:39:40,680

I thought that was really interesting

885

00:39:43,310 --> 00:39:42,060

because it kind of tied it all together

886

00:39:45,770 --> 00:39:43,320

for me

887

00:39:48,170 --> 00:39:45,780

and then uh just I just wanted to make

888

00:39:49,910 --> 00:39:48,180

that comment and then the question I had

889

00:39:52,730 --> 00:39:49,920

was uh what was the year of your

890

00:39:55,460 --> 00:39:52,740

graduation from MIT and did you have a

891

00:39:59,810 --> 00:39:55,470

PhD no it's a master's degree

892

00:40:04,510 --> 00:40:01,609

a year what was the year of graduation

893

00:40:09,290 --> 00:40:07,430

82 because I think I left there

894

00:40:11,210 --> 00:40:09,300

went to Los Alamos and went to Los

895

00:40:20,030 --> 00:40:11,220

Alamos

896

00:40:25,069 --> 00:40:22,550

what mind control would happen someone

897

00:40:27,170 --> 00:40:25,079

made the comment that uh that you might

898

00:40:30,710 --> 00:40:27,180

have been uh some sort of mind control

899

00:40:33,650 --> 00:40:30,720

or that came about I uh when I was first

900

00:40:36,530 --> 00:40:33,660

brought there they had a doctor or a

901
00:40:38,569 --> 00:40:36,540
nurse actually in uh political medical

902
00:40:40,550 --> 00:40:38,579
set up there and

903
00:40:42,470 --> 00:40:40,560
right after I had signed all over these

904
00:40:45,290 --> 00:40:42,480
papers and my first time out there I

905
00:40:47,450 --> 00:40:45,300
went in and they did what I perceived to

906
00:40:50,329 --> 00:40:47,460
be an allergen test because I put a grid

907
00:40:52,790 --> 00:40:50,339
on my arm and different uh you know

908
00:40:55,250 --> 00:40:52,800
particularly different chemicals and uh

909
00:40:56,630 --> 00:40:55,260
you know it was their convention that my

910
00:40:58,670 --> 00:40:56,640
blood there's a lot of strange elements

911
00:41:00,109 --> 00:40:58,680
here and unusual things you'd be working

912
00:41:01,910 --> 00:41:00,119
on so they're trying to see if you're

913
00:41:04,849 --> 00:41:01,920

gonna have any adverse reaction to them

914

00:41:08,569 --> 00:41:04,859

and uh I was given something to drink I

915

00:41:11,089 --> 00:41:08,579

I said it smelled like Pine uh which it

916

00:41:13,430 --> 00:41:11,099

did that's the best way I can describe

917

00:41:15,170 --> 00:41:13,440

it and a lot of people jumped on that

918

00:41:16,490 --> 00:41:15,180

saying aha well that's the Mind Control

919

00:41:17,510 --> 00:41:16,500

substance when you leave work you're

920

00:41:18,710 --> 00:41:17,520

going to forget everything when you come

921

00:41:20,390 --> 00:41:18,720

back you didn't remember everything but

922

00:41:22,069 --> 00:41:20,400

you know I think if anything it was an

923

00:41:27,010 --> 00:41:22,079

anti-allergen drug or something along

924

00:41:27,020 --> 00:41:31,190

plenty of threats

925

00:41:35,870 --> 00:41:33,170

like lots of pension or what kind of

926

00:41:37,490 --> 00:41:35,880

stuff well lots of passion and uh you

927

00:41:39,050 --> 00:41:37,500

know jail time that was part of signing

928

00:41:41,450 --> 00:41:39,060

the paperwork as far as bodily harm

929

00:41:43,310 --> 00:41:41,460

after they caught

930

00:41:44,810 --> 00:41:43,320

uh us the time I brought out John Lear

931

00:41:47,150 --> 00:41:44,820

and a couple other people up there then

932

00:41:48,530 --> 00:41:47,160

they threatened me and they really

933

00:41:50,030 --> 00:41:48,540

didn't get much reaction out of that

934

00:41:51,589 --> 00:41:50,040

then they threatened my life at the time

935

00:41:53,750 --> 00:41:51,599

and uh

936

00:41:55,490 --> 00:41:53,760

that

937

00:41:57,829 --> 00:41:55,500

they really threw out of everything they

938

00:41:59,510 --> 00:41:57,839

could without physically you know

939

00:42:00,770 --> 00:41:59,520

attacking well that's what I was

940

00:42:03,589 --> 00:42:00,780

wondering and once they know it was

941

00:42:05,390 --> 00:42:03,599

Billy you and not Dennis or someone else

942

00:42:07,550 --> 00:42:05,400

or anything why didn't they just arrest

943

00:42:09,589 --> 00:42:07,560

you under charges of you know violating

944

00:42:11,450 --> 00:42:09,599

the ACT well they can't arrest me

945

00:42:13,190 --> 00:42:11,460

because they'd have to admit you know

946

00:42:14,450 --> 00:42:13,200

that this is classified material you're

947

00:42:16,430 --> 00:42:14,460

talking about yeah they'd have to

948

00:42:20,150 --> 00:42:16,440

release it you know why didn't they you

949

00:42:22,130 --> 00:42:20,160

know kill me uh you know that I really

950

00:42:24,650 --> 00:42:22,140

don't know so maybe that had to do with

951

00:42:27,290 --> 00:42:24,660

how I got the job or

952

00:42:29,150 --> 00:42:27,300

you know referencing the connection

953

00:42:30,109 --> 00:42:29,160

there teller something along those lines

954

00:42:32,690 --> 00:42:30,119

but

955

00:42:35,690 --> 00:42:32,700

yeah I don't know were there any

956

00:42:38,510 --> 00:42:35,700

contractor names departments divisions

957

00:42:40,250 --> 00:42:38,520

that were mentioned or signs yeah

958

00:42:42,710 --> 00:42:40,260

referring to any companies or anything

959

00:42:45,230 --> 00:42:42,720

like that no but I know EG and G had

960

00:42:47,810 --> 00:42:45,240

nothing to do with it that's the only

961

00:42:49,609 --> 00:42:47,820

light I can on that because uh I

962

00:42:50,870 --> 00:42:49,619

had mentioned that to him once because

963

00:42:53,990 --> 00:42:50,880

that's where I was interviewed at EG

964

00:42:56,030 --> 00:42:54,000

building and uh I thought that it was

965

00:42:58,849 --> 00:42:56,040

part of an easy and G project and I

966

00:43:00,349 --> 00:42:58,859

think it was Dennis who said that uh you

967

00:43:02,690 --> 00:43:00,359

know we don't let those people you know

968

00:43:04,130 --> 00:43:02,700

anywhere near this place or any you know

969

00:43:07,010 --> 00:43:04,140

they were just uh

970

00:43:09,710 --> 00:43:07,020

a sore thumb to them

971

00:43:11,510 --> 00:43:09,720

well as a as one way of getting this

972

00:43:12,890 --> 00:43:11,520

information out at the same time now the

973

00:43:16,309 --> 00:43:12,900

government stop harassing you did you

974

00:43:17,230 --> 00:43:16,319

ever consider bringing them to court

975

00:43:20,210 --> 00:43:17,240

um

976

00:43:22,250 --> 00:43:20,220

your family harassing you and as a

977

00:43:23,690 --> 00:43:22,260

result of that forcing them to with

978

00:43:26,150 --> 00:43:23,700

whatever evidence would I do that I mean

979

00:43:27,770 --> 00:43:26,160

it's hard enough to prove it to uh you

980

00:43:31,130 --> 00:43:27,780

know the layman in general but taking it

981

00:43:33,050 --> 00:43:31,140

to court it's impossible and there's uh

982

00:43:34,670 --> 00:43:33,060

so yeah there's plenty of people that

983

00:43:36,230 --> 00:43:34,680

don't believe me anyway so you never put

984

00:43:38,690 --> 00:43:36,240

out legal counsel with regard to any of

985

00:43:41,569 --> 00:43:38,700

this well a little but yeah initially

986

00:43:42,770 --> 00:43:41,579

and uh you know the bottom line is you

987

00:43:44,390 --> 00:43:42,780

know the attorney said there is actually

988

00:43:46,130 --> 00:43:44,400

nothing to go on it's a total waste of

989

00:43:48,950 --> 00:43:46,140

time and you know if anything it's going

990

00:43:51,530 --> 00:43:48,960

to be a public forum uh to discredit me

991

00:43:53,150 --> 00:43:51,540

in in some manner so uh you know I even

992

00:43:55,210 --> 00:43:53,160

go through with it what about class

993

00:43:58,010 --> 00:43:55,220

action ACLU

994

00:44:00,349 --> 00:43:58,020

but still you need you know some sort of

995

00:44:02,150 --> 00:44:00,359

evidence that uh this happened if I

996

00:44:03,349 --> 00:44:02,160

pulled out a piece of 115 and said here

997

00:44:04,790 --> 00:44:03,359

well what does that have to do with

998

00:44:07,309 --> 00:44:04,800

anything you know

999

00:44:09,589 --> 00:44:07,319

there's nothing that uh

1000

00:44:10,970 --> 00:44:09,599

and what did they do to violate my

1001

00:44:12,890 --> 00:44:10,980

rights but I didn't agree to at the

1002

00:44:14,329 --> 00:44:12,900

beginning so they really had their bases

1003

00:44:16,550 --> 00:44:14,339

covered it's pretty dirty what they did

1004

00:44:20,829 --> 00:44:16,560

to you in Las Vegas there in 1990 in the

1005

00:44:27,130 --> 00:44:24,730

well yeah that was that was my own fault

1006

00:44:30,349 --> 00:44:27,140

so you've been through your counseling

1007

00:44:33,050 --> 00:44:30,359

by saying that right

1008

00:44:34,849 --> 00:44:33,060

how would um someone get a piece of

1009

00:44:37,130 --> 00:44:34,859

paper explain the physical properties

1010

00:44:38,170 --> 00:44:37,140

used in these in this load of

1011

00:44:41,030 --> 00:44:38,180

Transportation

1012

00:44:43,910 --> 00:44:41,040

the physical properties you mean I mean

1013

00:44:50,290 --> 00:44:43,920

the formula is used in the gravity

1014

00:44:56,569 --> 00:44:55,069

there's been nothing for probably these

1015

00:44:58,670 --> 00:44:56,579

four years or three years whatever it's

1016

00:45:00,410 --> 00:44:58,680

been but uh

1017

00:45:02,270 --> 00:45:00,420

the other day

1018

00:45:04,010 --> 00:45:02,280

one of my phone lines has not been

1019

00:45:06,470 --> 00:45:04,020

working and the other one was breaking

1020

00:45:08,089 --> 00:45:06,480

up so I called sentel down and uh

1021

00:45:09,290 --> 00:45:08,099

they checked the house out that there's

1022

00:45:10,670 --> 00:45:09,300

nothing in the wiring here and they

1023

00:45:13,069 --> 00:45:10,680

called me down from Charleston Boulevard

1024

00:45:16,609 --> 00:45:13,079

from the from the telephone pole and

1025

00:45:18,770 --> 00:45:16,619

they said my individual line was cut and

1026
00:45:20,990 --> 00:45:18,780
then the other one the other wires were

1027
00:45:22,790 --> 00:45:21,000
stripped and twist tied together so of

1028
00:45:24,109 --> 00:45:22,800
course me being paranoid thinks well

1029
00:45:26,510 --> 00:45:24,119
someone tapped in there but I really

1030
00:45:28,790 --> 00:45:26,520
can't think of other excuses me being uh

1031
00:45:30,890 --> 00:45:28,800
you know just my single Lions being

1032
00:45:32,630 --> 00:45:30,900
played with but uh that's what he said

1033
00:45:33,650 --> 00:45:32,640
and you know they filed a report on that

1034
00:45:36,410 --> 00:45:33,660
so that's

1035
00:45:39,230 --> 00:45:36,420
one form attack invitation uh you say

1036
00:45:42,050 --> 00:45:39,240
your records at Caltech and MIT are

1037
00:45:43,430 --> 00:45:42,060
somehow disappeared in Los Alamos and

1038
00:45:46,430 --> 00:45:43,440

probably everywhere else is there any

1039

00:45:48,290 --> 00:45:46,440

way you could You Could reconstruct your

1040

00:45:49,910 --> 00:45:48,300

coursework and your professors oh sure

1041

00:45:51,710 --> 00:45:49,920

I've got people that

1042

00:45:53,870 --> 00:45:51,720

um you know that I went to school with

1043

00:45:55,370 --> 00:45:53,880

and Georgia spoke George Napa spoken to

1044

00:45:56,990 --> 00:45:55,380

some of them and you know even flew with

1045

00:45:58,790 --> 00:45:57,000

me up to Los Alamos and spoke to my

1046

00:46:01,130 --> 00:45:58,800

colleagues there and uh you know it's

1047

00:46:04,190 --> 00:46:01,140

just could you could you reveal some of

1048

00:46:05,990 --> 00:46:04,200

your professors at MIT and Caltech

1049

00:46:08,210 --> 00:46:06,000

yeah if you want

1050

00:46:12,309 --> 00:46:08,220

I don't have a list of them here Dr

1051

00:46:17,470 --> 00:46:12,319

duxler I think was one of them and uh

1052

00:46:20,150 --> 00:46:17,480

post field was another host field

1053

00:46:22,490 --> 00:46:20,160

hlhsf idld or something along those

1054

00:46:24,890 --> 00:46:22,500

lines but they remember you oh yeah I

1055

00:46:36,530 --> 00:46:24,900

always feel I know well these are MIT or

1056

00:46:40,970 --> 00:46:37,849

very

1057

00:46:44,690 --> 00:46:40,980

is a guy I worked with a essentially

1058

00:46:46,970 --> 00:46:44,700

worked on the buddy system there and uh

1059

00:46:50,690 --> 00:46:46,980

so when you have ideas to bounce bounce

1060

00:46:52,730 --> 00:46:50,700

off of and Barry Castillo or Castile did

1061

00:46:54,290 --> 00:46:52,740

you see there before you or yeah a long

1062

00:46:56,569 --> 00:46:54,300

time

1063

00:46:58,910 --> 00:46:56,579

or it's probably still there

1064

00:47:01,250 --> 00:46:58,920

you get any information from him

1065

00:47:10,690 --> 00:47:01,260

well he essentially taught me everything

1066

00:47:16,130 --> 00:47:14,150

no they did mention though that this was

1067

00:47:18,770 --> 00:47:16,140

the place that all of this stuff was

1068

00:47:20,150 --> 00:47:18,780

brought to and it was really purposely

1069

00:47:21,710 --> 00:47:20,160

condensed here to keep an eye on

1070

00:47:23,329 --> 00:47:21,720

everything and have uh you know

1071

00:47:24,950 --> 00:47:23,339

immediate access to everything that

1072

00:47:27,130 --> 00:47:24,960

dealt with this uh you know the alien

1073

00:47:29,930 --> 00:47:27,140

technology

1074

00:47:32,450 --> 00:47:29,940

regarding the craft of the alien craft

1075

00:47:35,150 --> 00:47:32,460

were is there any test Personnel that

1076

00:47:37,849 --> 00:47:35,160

crashed them and if so do you know about

1077

00:47:41,569 --> 00:47:37,859

what the cause is for I didn't read

1078

00:47:42,890 --> 00:47:41,579

about any crashes during tests at all

1079

00:47:45,970 --> 00:47:42,900

like you'd think that there would be

1080

00:47:48,109 --> 00:47:45,980

some but uh

1081

00:47:49,550 --> 00:47:48,119

when you were at Caltech are you

1082

00:47:53,450 --> 00:47:49,560

affiliated with any of the student

1083

00:47:58,790 --> 00:47:55,550

all right

1084

00:48:00,890 --> 00:47:58,800

um when I first heard of S4 it reminded

1085

00:48:04,309 --> 00:48:00,900

me a lot of disc testing that I've heard

1086

00:48:05,930 --> 00:48:04,319

of that goes on in Australia at Pine Gap

1087

00:48:07,609 --> 00:48:05,940

and I was wondering if you know anything

1088

00:48:09,650 --> 00:48:07,619

about Pine Gap did you read anything

1089

00:48:11,630 --> 00:48:09,660

about time deaths that you could tell us

1090

00:48:14,450 --> 00:48:11,640

about I really don't keep a breath till

1091

00:48:15,770 --> 00:48:14,460

the UFO information as far as officially

1092

00:48:18,010 --> 00:48:15,780

I never read anything I've heard the

1093

00:48:21,470 --> 00:48:18,020

name Pine Gap mentioned but

1094

00:48:23,329 --> 00:48:21,480

I haven't heard anything about that

1095

00:48:26,950 --> 00:48:23,339

anybody ever approached you with a

1096

00:48:30,770 --> 00:48:26,960

screenplay off it oh God yeah

1097

00:48:33,170 --> 00:48:30,780

constantly do you ever consider it uh

1098

00:48:35,870 --> 00:48:33,180

yeah the main problem Columbia Pictures

1099

00:48:38,270 --> 00:48:35,880

last year really wanted to do it and uh

1100

00:48:41,450 --> 00:48:38,280

they said we're making a screenplay and

1101
00:48:42,770 --> 00:48:41,460
and my only problem is is that uh if you

1102
00:48:44,270 --> 00:48:42,780
guys are going to make a movie it has to

1103
00:48:45,829 --> 00:48:44,280
be exactly what happened and not the

1104
00:48:50,010 --> 00:48:45,839
Hollywood version I don't see Steven

1105
00:48:50,020 --> 00:48:54,170
[Applause]

1106
00:48:54,180 --> 00:48:58,430
but

1107
00:49:02,089 --> 00:48:59,089
um

1108
00:49:05,089 --> 00:49:02,099
speculation why they recruited someone

1109
00:49:07,490 --> 00:49:05,099
with a master specific PhD no that's

1110
00:49:09,530 --> 00:49:07,500
that's a really good question I've

1111
00:49:12,290 --> 00:49:09,540
always said there's plenty more people

1112
00:49:13,970 --> 00:49:12,300
qualified than I am and uh if there's

1113
00:49:17,510 --> 00:49:13,980

any rate there's only two reasons they

1114

00:49:19,730 --> 00:49:17,520

could have is either number one uh was

1115

00:49:21,410 --> 00:49:19,740

that Dr Teller essentially Juiced me

1116

00:49:23,089 --> 00:49:21,420

into the position that said you know

1117

00:49:26,630 --> 00:49:23,099

there's a guy bubbles I know him find a

1118

00:49:27,829 --> 00:49:26,640

place for him or that the fact that I

1119

00:49:31,370 --> 00:49:27,839

have traditionally approached everything

1120

00:49:32,990 --> 00:49:31,380

from a very strange angle and uh you

1121

00:49:34,550 --> 00:49:33,000

know essentially off the beaten path and

1122

00:49:36,470 --> 00:49:34,560

you know tackling you know technical

1123

00:49:38,630 --> 00:49:36,480

problems so it's only one of those two

1124

00:49:41,210 --> 00:49:38,640

reasons and plus is the third one that I

1125

00:49:42,230 --> 00:49:41,220

have no idea about two things do you

1126

00:49:44,270 --> 00:49:42,240

think they'll ever release this

1127

00:49:46,309 --> 00:49:44,280

information and if they don't how do you

1128

00:49:48,349 --> 00:49:46,319

think it'll ever come out besides people

1129

00:49:50,210 --> 00:49:48,359

like you know or it will be something

1130

00:49:51,950 --> 00:49:50,220

like what you're doing

1131

00:49:53,750 --> 00:49:51,960

oh hopefully it's not this way hopefully

1132

00:49:56,690 --> 00:49:53,760

there's going to be a release of

1133

00:49:58,130 --> 00:49:56,700

information eventually but uh

1134

00:50:00,950 --> 00:49:58,140

you know whether or not they're going to

1135

00:50:03,530 --> 00:50:00,960

say uh you know hey we've been keeping

1136

00:50:05,030 --> 00:50:03,540

the secret for so long it almost seems

1137

00:50:08,030 --> 00:50:05,040

to me that they need a staged incident

1138

00:50:10,010 --> 00:50:08,040

to get him off the hook take a flying

1139

00:50:11,700 --> 00:50:10,020

saucer up in a C-130 and push it out the

1140

00:50:17,980 --> 00:50:11,710

back and say hello to the trash

1141

00:50:22,790 --> 00:50:19,870

[Music]

1142

00:50:24,890 --> 00:50:22,800

they don't apply once you've distorted

1143

00:50:26,510 --> 00:50:24,900

distorting gravity essentially having a

1144

00:50:28,609 --> 00:50:26,520

gravity amplifier distorts time and

1145

00:50:30,010 --> 00:50:28,619

space and that those really don't apply

1146

00:50:32,510 --> 00:50:30,020

there's no interaction

1147

00:50:34,609 --> 00:50:32,520

so there would be no effect on humans

1148

00:50:37,130 --> 00:50:34,619

either no there's no effect inside at

1149

00:50:41,809 --> 00:50:39,170

Bob didger uh when you were working on

1150

00:50:44,050 --> 00:50:41,819

the S4 project did your education and

1151
00:50:46,910 --> 00:50:44,060
whatever scientific Vision that you have

1152
00:50:48,170 --> 00:50:46,920
permit you to believe that at some point

1153
00:50:50,270 --> 00:50:48,180
you'd be able to make a meaningful

1154
00:50:52,549 --> 00:50:50,280
contribution to the program and and if

1155
00:50:55,069 --> 00:50:52,559
so after how much time

1156
00:50:56,329 --> 00:50:55,079
uh I was always in serious doubt whether

1157
00:50:58,569 --> 00:50:56,339
or not they were going to get rid of me

1158
00:51:01,010 --> 00:50:58,579
because I had

1159
00:51:03,349 --> 00:51:01,020
there really really wasn't anything that

1160
00:51:05,630 --> 00:51:03,359
I could contribute I wasn't an expert in

1161
00:51:06,650 --> 00:51:05,640
any particular field that they were

1162
00:51:08,030 --> 00:51:06,660
dealing with

1163
00:51:11,410 --> 00:51:08,040

so

1164

00:51:13,190 --> 00:51:11,420

far as

1165

00:51:15,049 --> 00:51:13,200

determining what element they were

1166

00:51:16,910 --> 00:51:15,059

dealing with was but that was

1167

00:51:18,109 --> 00:51:16,920

significant right

1168

00:51:30,829 --> 00:51:18,119

yeah

1169

00:51:35,809 --> 00:51:33,470

um did you come from a pretty uh

1170

00:51:37,430 --> 00:51:35,819

your was your your education pretty

1171

00:51:40,549 --> 00:51:37,440

traditionally grounded as far as your

1172

00:51:42,530 --> 00:51:40,559

own views as far as physics and West is

1173

00:51:44,809 --> 00:51:42,540

common knowledge as opposed to the

1174

00:51:46,250 --> 00:51:44,819

actual things and in other words how

1175

00:51:48,410 --> 00:51:46,260

surprised were you when they started

1176
00:51:51,410 --> 00:51:48,420
showing you all this hardware and these

1177
00:51:53,950 --> 00:51:51,420
Concepts that could do things that was

1178
00:51:56,890 --> 00:51:53,960
really oh very I was

1179
00:51:58,730 --> 00:51:56,900
like

1180
00:52:02,150 --> 00:51:58,740
even when I was reading the

1181
00:52:04,309 --> 00:52:02,160
documentation you know the alien

1182
00:52:06,770 --> 00:52:04,319
the alien question really never entered

1183
00:52:07,970 --> 00:52:06,780
my mind I kept pushing it off to you

1184
00:52:11,390 --> 00:52:07,980
know all this group of scientists

1185
00:52:12,890 --> 00:52:11,400
secretly came up with I never and I I

1186
00:52:14,329 --> 00:52:12,900
just had a mental block against that

1187
00:52:15,950 --> 00:52:14,339
because I always thought flying saucers

1188
00:52:18,710 --> 00:52:15,960

were totally ridiculous and the people

1189

00:52:21,170 --> 00:52:18,720

that uh really paid attention to such

1190

00:52:24,849 --> 00:52:21,180

phenomena were were just out in left

1191

00:52:27,410 --> 00:52:24,859

field you know they belong thanks Bob

1192

00:52:30,650 --> 00:52:27,420

really made very little sense to me that

1193

00:52:32,750 --> 00:52:30,660

that you know anyone would deal with

1194

00:52:35,690 --> 00:52:32,760

something like that so I really held out

1195

00:52:39,049 --> 00:52:35,700

to the very end and uh yeah they finally

1196

00:52:44,510 --> 00:52:40,849

wow that escort

1197

00:52:51,470 --> 00:52:44,520

did you ever hear any Air Force or

1198

00:52:56,390 --> 00:52:53,329

yeah I probably did

1199

00:52:58,010 --> 00:52:56,400

but I can't remember I do remember

1200

00:53:00,349 --> 00:52:58,020

someone talking about something along

1201
00:53:02,750 --> 00:53:00,359
those lines

1202
00:53:04,970 --> 00:53:02,760
uh I I don't think they were pilots but

1203
00:53:07,069 --> 00:53:04,980
they were someone

1204
00:53:08,990 --> 00:53:07,079
related to the Air Force I don't

1205
00:53:11,329 --> 00:53:09,000
remember who or they were talking about

1206
00:53:13,490 --> 00:53:11,339
the Air Force and I think they mentioned

1207
00:53:16,309 --> 00:53:13,500
a squadron and I don't know if that was

1208
00:53:18,170 --> 00:53:16,319
what they called the group that flew the

1209
00:53:20,390 --> 00:53:18,180
craft or it was someone else you know a

1210
00:53:25,010 --> 00:53:20,400
groom Lake

1211
00:53:30,370 --> 00:53:27,710
no it really wasn't much you know idle

1212
00:53:32,510 --> 00:53:30,380
banter going on

1213
00:53:34,069 --> 00:53:32,520

as far as like the gravitational field

1214

00:53:37,010 --> 00:53:34,079

with these crafts and so forth if you

1215

00:53:39,470 --> 00:53:37,020

were to amplify it enough because you

1216

00:53:41,569 --> 00:53:39,480

um enlarge the area that you want to

1217

00:53:43,130 --> 00:53:41,579

take in other words could you move more

1218

00:53:45,589 --> 00:53:43,140

than just the craft itself say two

1219

00:53:47,630 --> 00:53:45,599

crafts under the same power source and

1220

00:53:50,150 --> 00:53:47,640

so forth

1221

00:53:52,130 --> 00:53:50,160

or even you know even ever consider

1222

00:53:54,109 --> 00:53:52,140

something like that as

1223

00:53:56,270 --> 00:53:54,119

feasible

1224

00:54:00,829 --> 00:53:56,280

like a tractor band

1225

00:54:04,190 --> 00:54:02,569

essentially in the field that was being

1226
00:54:06,349 --> 00:54:04,200
omitted

1227
00:54:07,490 --> 00:54:06,359
um I don't see I really don't know what

1228
00:54:09,589 --> 00:54:07,500
uh

1229
00:54:12,170 --> 00:54:09,599
you know how the level of energy relates

1230
00:54:14,329 --> 00:54:12,180
to the amount of mass that can be bent

1231
00:54:15,130 --> 00:54:14,339
that way or how the amount of space they

1232
00:54:18,710 --> 00:54:15,140
can

1233
00:54:20,390 --> 00:54:18,720
those numbers I really don't have so

1234
00:54:23,089 --> 00:54:20,400
it's just again so you think it'd be

1235
00:54:28,490 --> 00:54:25,609
probably

1236
00:54:33,170 --> 00:54:31,190
I really don't know that uh anything

1237
00:54:35,510 --> 00:54:33,180
that I assume was control systems or

1238
00:54:36,770 --> 00:54:35,520

instrumentation was up up above and I

1239

00:54:38,870 --> 00:54:36,780

think that's where the navigation

1240

00:54:41,089 --> 00:54:38,880

computation took place and

1241

00:54:45,290 --> 00:54:41,099

uh you know I dealt with only the strict

1242

00:54:50,990 --> 00:54:48,230

when you were at S4 was there ever

1243

00:54:54,170 --> 00:54:51,000

either a period within a day or even a

1244

00:54:55,970 --> 00:54:54,180

couple of days where you at this point

1245

00:54:58,670 --> 00:54:55,980

don't remember what you were doing

1246

00:55:00,530 --> 00:54:58,680

during that time was there ever a period

1247

00:55:02,690 --> 00:55:00,540

of time

1248

00:55:05,329 --> 00:55:02,700

yeah I kind of I said that and again

1249

00:55:06,890 --> 00:55:05,339

that's been taken and bent a lot of

1250

00:55:09,650 --> 00:55:06,900

different ways too there were times that

1251
00:55:11,450 --> 00:55:09,660
I left and it's because so much stuff I

1252
00:55:13,190 --> 00:55:11,460
was exposed to

1253
00:55:15,950 --> 00:55:13,200
I was essentially drowned in information

1254
00:55:17,030 --> 00:55:15,960
and when I got back home I couldn't I

1255
00:55:20,030 --> 00:55:17,040
really couldn't remember what day

1256
00:55:22,910 --> 00:55:20,040
anything happened uh you know did I

1257
00:55:30,470 --> 00:55:22,920
forget big chunks of knowledge no I just

1258
00:55:33,170 --> 00:55:31,790
second you probably don't want to get

1259
00:55:35,089 --> 00:55:33,180
into this but I really appreciate if you

1260
00:55:38,270 --> 00:55:35,099
would when you were walking either by

1261
00:55:40,010 --> 00:55:38,280
the hallway or down by the door yeah

1262
00:55:41,569 --> 00:55:40,020
with the window in it and you look

1263
00:55:44,210 --> 00:55:41,579

through will you go into that and

1264

00:55:46,490 --> 00:55:44,220

describe what you did see I mean even if

1265

00:55:48,290 --> 00:55:46,500

you're not sure it's safe just say

1266

00:55:49,970 --> 00:55:48,300

that's exactly as it was well this has

1267

00:55:52,549 --> 00:55:49,980

to be taken in the right context too

1268

00:55:54,589 --> 00:55:52,559

first of all being surrounded by the

1269

00:55:56,270 --> 00:55:54,599

you know flying saucers knowing that the

1270

00:55:58,190 --> 00:55:56,280

alien thing exists and all this

1271

00:56:00,829 --> 00:55:58,200

technology uh you know when I was

1272

00:56:03,290 --> 00:56:00,839

walking down a hall to the uh I don't

1273

00:56:05,750 --> 00:56:03,300

remember I was going anymore but uh

1274

00:56:08,150 --> 00:56:05,760

different doors for the hangers or small

1275

00:56:09,890 --> 00:56:08,160

nine inch square windows with wire mesh

1276
00:56:12,290 --> 00:56:09,900
running through them and I I looked in

1277
00:56:14,809 --> 00:56:12,300
one as I I walked by and was still told

1278
00:56:16,790 --> 00:56:14,819
to keep my head forward and uh

1279
00:56:19,130 --> 00:56:16,800
I saw the backs of two guys and they

1280
00:56:21,770 --> 00:56:19,140
were talking to a child or I thought it

1281
00:56:23,990 --> 00:56:21,780
was a small child and you know of course

1282
00:56:27,470 --> 00:56:24,000
I told that to John Larry said that was

1283
00:56:29,089 --> 00:56:27,480
an alien and uh I don't know what it was

1284
00:56:31,069 --> 00:56:29,099
I don't know if it was a small guy but

1285
00:56:32,750 --> 00:56:31,079
it just looked weird it was a glance so

1286
00:56:37,190 --> 00:56:32,760
you know do I think it was an alien

1287
00:56:40,910 --> 00:56:37,200
though did you see the quote small guy

1288
00:56:45,470 --> 00:56:43,490

I saw the small town it's called a small

1289

00:56:48,290 --> 00:56:45,480

guy that they were talking to yeah what

1290

00:56:50,030 --> 00:56:48,300

did it but I it was just it was just a

1291

00:56:51,890 --> 00:56:50,040

glance I have no idea that's why I said

1292

00:56:53,569 --> 00:56:51,900

but believe me if it had a rounded head

1293

00:56:55,849 --> 00:56:53,579

and big eyes I'd say hey there's an

1294

00:56:58,910 --> 00:56:55,859

alien there but yeah I can't say that

1295

00:57:00,950 --> 00:56:58,920

but it wasn't small

1296

00:57:02,450 --> 00:57:00,960

ER yeah see I don't think anyone could

1297

00:57:05,210 --> 00:57:02,460

bring their kids down there so I don't

1298

00:57:06,549 --> 00:57:05,220

know for that matter they could have

1299

00:57:08,930 --> 00:57:06,559

been holding up

1300

00:57:11,569 --> 00:57:08,940

a crowd that has done a lot of personal

1301
00:57:13,250 --> 00:57:11,579
experience right but also look at it

1302
00:57:15,470 --> 00:57:13,260
from a technical Viewpoint that it could

1303
00:57:17,150 --> 00:57:15,480
be a Model A life-size model and they

1304
00:57:18,829 --> 00:57:17,160
were trying to see how how the size

1305
00:57:20,150 --> 00:57:18,839
relationship works in the seats and

1306
00:57:21,290 --> 00:57:20,160
other parts of the craft and you know

1307
00:57:25,030 --> 00:57:21,300
what's accessible so it doesn't

1308
00:57:28,190 --> 00:57:25,040
necessarily mean that it's a living

1309
00:57:30,290 --> 00:57:28,200
do you mind speaking at all about how

1310
00:57:33,710 --> 00:57:30,300
this body of knowledge has affected you

1311
00:57:36,470 --> 00:57:33,720
emotionally or maybe spiritually are you

1312
00:57:39,589 --> 00:57:36,480
frightened by the implications of what

1313
00:57:42,290 --> 00:57:39,599

all this means or no

1314

00:57:44,510 --> 00:57:42,300

um you've no doubt thought about the the

1315

00:57:46,730 --> 00:57:44,520

overall agenda

1316

00:57:49,910 --> 00:57:46,740

especially that I'm sure you know yeah

1317

00:57:51,829 --> 00:57:49,920

but it's difficult to really uh

1318

00:57:53,809 --> 00:57:51,839

you know put a finger on it

1319

00:57:57,410 --> 00:57:53,819

says there's so little evidence to go

1320

00:57:58,970 --> 00:57:57,420

and and really 99 of the stuff that I

1321

00:58:01,490 --> 00:57:58,980

hear

1322

00:58:02,750 --> 00:58:01,500

I really don't even come close to

1323

00:58:04,190 --> 00:58:02,760

believing at all and it's not just

1324

00:58:07,250 --> 00:58:04,200

because I'm skeptical it's because it's

1325

00:58:08,870 --> 00:58:07,260

absolutely ridiculous uh you know I even

1326

00:58:12,170 --> 00:58:08,880

though it's stepping on a lot of

1327

00:58:13,670 --> 00:58:12,180

people's toes you know I I think 99 of

1328

00:58:16,609 --> 00:58:13,680

the sightings out here

1329

00:58:19,130 --> 00:58:16,619

are absolutely not flying saucers most

1330

00:58:20,690 --> 00:58:19,140

people are watching 737s coming to uh

1331

00:58:22,549 --> 00:58:20,700

Groom Lake and they make turn up there

1332

00:58:25,430 --> 00:58:22,559

and there's lights on the planes and uh

1333

00:58:27,349 --> 00:58:25,440

that I mean along the other same lines

1334

00:58:29,210 --> 00:58:27,359

there's uh

1335

00:58:31,430 --> 00:58:29,220

these parachuted flares that they fire

1336

00:58:32,990 --> 00:58:31,440

off near the Athens Lake area and

1337

00:58:34,849 --> 00:58:33,000

they're in orange color which is pretty

1338

00:58:36,650 --> 00:58:34,859

coincidental and they're on essentially

1339

00:58:38,630 --> 00:58:36,660

a modified small hot air balloon so the

1340

00:58:41,150 --> 00:58:38,640

burning heat of the flare keeps it

1341

00:58:42,530 --> 00:58:41,160

a float longer and uh whether they're

1342

00:58:45,410 --> 00:58:42,540

doing that for disinformation or

1343

00:58:46,910 --> 00:58:45,420

practicing how missiles lock onto you

1344

00:58:49,490 --> 00:58:46,920

know heat seeking targets you know I

1345

00:58:51,890 --> 00:58:49,500

don't know but I think 99 of that stuff

1346

00:58:55,730 --> 00:58:51,900

is what you know people

1347

00:58:58,010 --> 00:58:55,740

this area it seems as if even knowing

1348

00:59:00,710 --> 00:58:58,020

that we possess alien technology hasn't

1349

00:59:04,190 --> 00:59:00,720

even made you a believer

1350

00:59:05,450 --> 00:59:04,200

that's probably true but it has I mean I

1351
00:59:09,530 --> 00:59:05,460
believe the stuff that I work on there's

1352
00:59:11,750 --> 00:59:09,540
absolutely no question in my mind but uh

1353
00:59:14,630 --> 00:59:11,760
I think everyone can only go so far and

1354
00:59:16,670 --> 00:59:14,640
I can't I just hate to speculate because

1355
00:59:18,650 --> 00:59:16,680
I hate to be wrong I don't want to say

1356
00:59:20,210 --> 00:59:18,660
well you know this they had to be given

1357
00:59:22,849 --> 00:59:20,220
to us because you know we didn't shoot

1358
00:59:24,589 --> 00:59:22,859
them down and you know it's so I I just

1359
00:59:27,770 --> 00:59:24,599
stop right there we forget sometimes

1360
00:59:29,089 --> 00:59:27,780
you're a scientist maybe so I I just I

1361
00:59:31,370 --> 00:59:29,099
stopped with what I'm I'm pretty sure

1362
00:59:36,609 --> 00:59:31,380
with him and that's it what is your

1363
00:59:40,609 --> 00:59:39,049

well I can't like I said I stopped

1364

00:59:43,010 --> 00:59:40,619

before that you know I have lots of

1365

00:59:45,049 --> 00:59:43,020

possible ideas in my mind but based only

1366

00:59:46,849 --> 00:59:45,059

on what your experience was only on what

1367

00:59:49,730 --> 00:59:46,859

you saw what is your synopsis my

1368

00:59:53,150 --> 00:59:49,740

synopsis of what I know to be true that

1369

00:59:55,910 --> 00:59:53,160

the government is holding uh nine alien

1370

00:59:58,270 --> 00:59:55,920

spacecraft uh

1371

01:00:01,970 --> 00:59:58,280

that are repelled by

1372

01:00:03,470 --> 01:00:01,980

a modified gravity generator

1373

01:00:05,690 --> 01:00:03,480

um

1374

01:00:08,089 --> 01:00:05,700

it's being the work is being conducted

1375

01:00:10,849 --> 01:00:08,099

15 miles south of Green Lake

1376

01:00:13,609 --> 01:00:10,859

at that isolated area only designated as

1377

01:00:14,870 --> 01:00:13,619

S4 that at least one of those crafts

1378

01:00:16,430 --> 01:00:14,880

operate

1379

01:00:19,789 --> 01:00:16,440

and

1380

01:00:24,470 --> 01:00:19,799

that's about it okay thank you Bob did

1381

01:00:28,130 --> 01:00:26,569

no not at all

1382

01:00:29,089 --> 01:00:28,140

did you ever see the word S4 written

1383

01:00:33,890 --> 01:00:29,099

anywhere

1384

01:00:38,030 --> 01:00:34,970

that's a good question

1385

01:00:43,329 --> 01:00:40,970

the question is did he ever see S4

1386

01:00:46,490 --> 01:00:43,339

written anywhere

1387

01:00:49,010 --> 01:00:46,500

on your badge

1388

01:00:50,589 --> 01:00:49,020

yeah the S4 was punched out on the back

1389

01:00:54,950 --> 01:00:50,599

touchdowns

1390

01:00:57,170 --> 01:00:54,960

I was thinking it was a sign and I think

1391

01:00:58,970 --> 01:00:57,180

because it's hard to see I think near

1392

01:01:01,069 --> 01:00:58,980

when you approach the papoose mountain

1393

01:01:04,910 --> 01:01:01,079

range that there is a sign that

1394

01:01:06,170 --> 01:01:04,920

designates it as S4 but if I I I'm

1395

01:01:07,609 --> 01:01:06,180

pretty sure I saw a sign there because I

1396

01:01:10,069 --> 01:01:07,619

can only see out the front window when

1397

01:01:11,809 --> 01:01:10,079

I'm going through there and I'm not I'm

1398

01:01:13,910 --> 01:01:11,819

really not sure what it what it said but

1399

01:01:15,950 --> 01:01:13,920

it since most other science designated

1400

01:01:17,569 --> 01:01:15,960

it's an area or Tech area or something

1401
01:01:19,309 --> 01:01:17,579
along those lines that might have been

1402
01:01:20,630 --> 01:01:19,319
S4 if that's because that's what you're

1403
01:01:23,950 --> 01:01:20,640
referring to so you just heard it orally

1404
01:01:26,210 --> 01:01:23,960
S4 orally that's how you

1405
01:01:28,370 --> 01:01:26,220
yeah and as someone else mentioned on

1406
01:01:30,410 --> 01:01:28,380
the badge it was star punched out there

1407
01:01:32,030 --> 01:01:30,420
but as far as an actual sign to the area

1408
01:01:34,010 --> 01:01:32,040
uh

1409
01:01:35,150 --> 01:01:34,020
I didn't see it in any other writing so

1410
01:01:36,890 --> 01:01:35,160
did you ever see it on the vaginal since

1411
01:01:39,349 --> 01:01:36,900
it was punched out you wouldn't see it

1412
01:01:41,450 --> 01:01:39,359
well that's it it really says it

1413
01:01:48,950 --> 01:01:41,460

directly above it I mean the star punch

1414

01:01:52,730 --> 01:01:51,109

because Bill Moore's making a big thing

1415

01:01:54,289 --> 01:01:52,740

I said how is how do you write it he's

1416

01:01:55,970 --> 01:01:54,299

trying to George now trying to debunk

1417

01:01:57,789 --> 01:01:55,980

the whole thing how do you write S4 you

1418

01:02:00,370 --> 01:01:57,799

know

1419

01:02:02,990 --> 01:02:00,380

does that make a difference right right

1420

01:02:04,789 --> 01:02:03,000

that's what you call picking this yeah

1421

01:02:06,470 --> 01:02:04,799

yeah well I know there's a lot of people

1422

01:02:08,530 --> 01:02:06,480

that don't believe the story you know

1423

01:02:10,910 --> 01:02:08,540

all together but uh you know I

1424

01:02:13,190 --> 01:02:10,920

it's uh

1425

01:02:14,690 --> 01:02:13,200

it's it's difficult but it you know it's

1426

01:02:17,990 --> 01:02:14,700

really a limit to what you know what

1427

01:02:19,930 --> 01:02:18,000

else could I possibly do uh you know to

1428

01:02:21,710 --> 01:02:19,940

show people what happened other than uh

1429

01:02:23,089 --> 01:02:21,720

you know relaying some of the

1430

01:02:25,130 --> 01:02:23,099

information into things along those

1431

01:02:27,950 --> 01:02:25,140

lines but

1432

01:02:30,289 --> 01:02:27,960

um what kind of work are you doing now a

1433

01:02:32,930 --> 01:02:30,299

variety of things I mean everything from

1434

01:02:34,250 --> 01:02:32,940

uh I have three separate companies one

1435

01:02:36,950 --> 01:02:34,260

is uh

1436

01:02:39,710 --> 01:02:36,960

deals with commercial photo processing

1437

01:02:42,230 --> 01:02:39,720

the other one is uh developing and

1438

01:02:44,210 --> 01:02:42,240

repairing Alpha radiation detectors for

1439

01:02:46,130 --> 01:02:44,220

radiation off of

1440

01:02:47,210 --> 01:02:46,140

plutonium which unfortunately that's

1441

01:02:50,329 --> 01:02:47,220

going down the tubes because they

1442

01:02:53,870 --> 01:02:50,339

stopped the testing out here and uh I do

1443

01:02:56,890 --> 01:02:53,880

computer Graphics a lot of that and uh

1444

01:02:59,150 --> 01:02:56,900

actually music videos believe it or not

1445

01:03:02,630 --> 01:02:59,160

are you still building and racing jet

1446

01:03:04,069 --> 01:03:02,640

cars well I don't I don't do it for

1447

01:03:07,370 --> 01:03:04,079

money anymore and then I just take the

1448

01:03:09,530 --> 01:03:07,380

jet car out and run it around but I kind

1449

01:03:11,270 --> 01:03:09,540

of got scared when most I when I

1450

01:03:12,670 --> 01:03:11,280

originally started raising jet cars or

1451

01:03:16,130 --> 01:03:12,680

uh

1452

01:03:19,190 --> 01:03:16,140

like 25 people or something along those

1453

01:03:22,010 --> 01:03:19,200

lines that were licensed to drive uh and

1454

01:03:23,569 --> 01:03:22,020

uh now they're flight seven and the guy

1455

01:03:25,370 --> 01:03:23,579

when I stopped racing the guy that

1456

01:03:27,470 --> 01:03:25,380

trained me the crash so you know

1457

01:03:30,170 --> 01:03:27,480

whatever else is dead so I don't raise

1458

01:03:31,910 --> 01:03:30,180

anyone I still have the Lamborghini

1459

01:03:33,289 --> 01:03:31,920

the body's sitting in the backyard the

1460

01:03:36,230 --> 01:03:33,299

car I take out once and every couple

1461

01:03:38,630 --> 01:03:36,240

weeks to the dry lake around

1462

01:03:41,089 --> 01:03:38,640

any questions do you have any idea how

1463

01:03:44,210 --> 01:03:41,099

they achieved that proton source of

1464

01:03:46,849 --> 01:03:44,220

steady stream is such a small reaction

1465

01:03:49,010 --> 01:03:46,859

it could be a radioactive element I mean

1466

01:03:52,970 --> 01:03:49,020

you could use

1467

01:03:54,950 --> 01:03:52,980

well a proton Source could certainly be

1468

01:03:56,329 --> 01:03:54,960

they could be using alpha particles for

1469

01:03:57,770 --> 01:03:56,339

that matter which is essentially a

1470

01:04:00,410 --> 01:03:57,780

helium nuclei

1471

01:04:01,490 --> 01:04:00,420

and there's lots of elements that can do

1472

01:04:05,630 --> 01:04:01,500

that

1473

01:04:09,109 --> 01:04:05,640

the other part is in the video we saw

1474

01:04:11,349 --> 01:04:09,119

the badge having the letters and capital

1475

01:04:13,970 --> 01:04:11,359

letters Maj

1476

01:04:16,849 --> 01:04:13,980

turnovers that actually on your badge

1477

01:04:18,410 --> 01:04:16,859

yeah that was really on there and uh I

1478

01:04:21,049 --> 01:04:18,420

was told Majestic was the level of

1479

01:04:22,910 --> 01:04:21,059

clearance that that was cleared for that

1480

01:04:26,450 --> 01:04:22,920

also that makes you know you wonder

1481

01:04:29,569 --> 01:04:26,460

about you know Bill Moore's thing at the

1482

01:04:32,750 --> 01:04:29,579

mj-12 documents and all that all right

1483

01:04:35,569 --> 01:04:32,760

is that you know actual or uh

1484

01:04:37,190 --> 01:04:35,579

considering that these guys have made

1485

01:04:40,130 --> 01:04:37,200

posters that they're here and things

1486

01:04:42,289 --> 01:04:40,140

like that they could have taken Majestic

1487

01:04:44,510 --> 01:04:42,299

and made it the name of it just as kind

1488

01:04:47,089 --> 01:04:44,520

of a tongue-in-cheek thing uh you know

1489

01:04:49,549 --> 01:04:47,099

or was that actual evidence that the

1490

01:04:51,109 --> 01:04:49,559

Majestic 12 actually just existed and

1491

01:04:54,250 --> 01:04:51,119

all that so what about your other

1492

01:04:56,329 --> 01:04:54,260

associates is there a vaginal identicals

1493

01:04:57,890 --> 01:04:56,339

pretty much so except Dennis is like

1494

01:05:02,630 --> 01:04:57,900

different and for the most part they had

1495

01:05:06,530 --> 01:05:04,789

at one time you said that you thought

1496

01:05:09,430 --> 01:05:06,540

you know uh the scientific Community

1497

01:05:11,770 --> 01:05:09,440

should be the ones in charge or you know

1498

01:05:14,030 --> 01:05:11,780

tried to research this and everything

1499

01:05:16,309 --> 01:05:14,040

what name would you put out what do you

1500

01:05:18,530 --> 01:05:16,319

think would be qualified enough they had

1501
01:05:20,990 --> 01:05:18,540
a group like that you know um as far as

1502
01:05:23,089 --> 01:05:21,000
being able to uh decipher what's going

1503
01:05:24,130 --> 01:05:23,099
on you know and stuff like that do you

1504
01:05:26,089 --> 01:05:24,140
have any names

1505
01:05:27,950 --> 01:05:26,099
uh yeah but they were friends

1506
01:05:29,630 --> 01:05:27,960
essentially that I've worked with before

1507
01:05:31,549 --> 01:05:29,640
but I know what their expertise is

1508
01:05:32,930 --> 01:05:31,559
actual qualifications go on and so forth

1509
01:05:34,370 --> 01:05:32,940
like that and do you think that the

1510
01:05:37,069 --> 01:05:34,380
names you come up with they feel long

1511
01:05:38,930 --> 01:05:37,079
enough you get along well enough well

1512
01:05:40,490 --> 01:05:38,940
one of them was Joe benonetti a guy that

1513
01:05:43,309 --> 01:05:40,500

I worked with in Los Alamos one of my

1514

01:05:46,849 --> 01:05:43,319

colleagues and uh I was trying to force

1515

01:05:48,230 --> 01:05:46,859

his resume on them and uh you know they

1516

01:05:49,670 --> 01:05:48,240

did take it and look at it and I was

1517

01:05:53,270 --> 01:05:49,680

kind of hoping that he would uh he would

1518

01:05:56,569 --> 01:05:53,280

be a big phone to the project but uh

1519

01:06:00,410 --> 01:05:56,579

you know I already left by the time

1520

01:06:08,410 --> 01:06:03,530

uh concerning local sightings here

1521

01:06:10,789 --> 01:06:08,420

um I've personally seen two at one time

1522

01:06:12,770 --> 01:06:10,799

maneuvering and I remember the third one

1523

01:06:15,109 --> 01:06:12,780

later and they learned to perform

1524

01:06:17,750 --> 01:06:15,119

exactly like your video and if you took

1525

01:06:19,970 --> 01:06:17,760

that night at the broadcast now not to

1526

01:06:22,309 --> 01:06:19,980

I'm not attacking anyone that's had

1527

01:06:24,829 --> 01:06:22,319

sightings but uh you know there are a

1528

01:06:29,210 --> 01:06:27,109

there's a lot of atmospheric phenomena

1529

01:06:32,610 --> 01:06:29,220

that can relate to I begin to sound like

1530

01:06:38,390 --> 01:06:34,930

[Music]

1531

01:06:40,490 --> 01:06:38,400

right let me just to give it a fair

1532

01:06:44,930 --> 01:06:40,500

Shake in fact uh

1533

01:06:49,010 --> 01:06:46,670

Glenn Campbell I wrote that area for

1534

01:06:51,289 --> 01:06:49,020

only one guy and uh brought up uh I

1535

01:06:53,569 --> 01:06:51,299

don't think he believes my story but uh

1536

01:06:55,309 --> 01:06:53,579

I think he uh

1537

01:06:56,930 --> 01:06:55,319

brought up some very good points in

1538

01:06:59,270 --> 01:06:56,940

there and that a lot of that stuff could

1539

01:07:01,130 --> 01:06:59,280

be mistaken and if you're looking at

1540

01:07:02,750 --> 01:07:01,140

something with the naked eye a lot of

1541

01:07:04,309 --> 01:07:02,760

times it can look like it jumps around

1542

01:07:06,289 --> 01:07:04,319

and things like that especially if

1543

01:07:07,910 --> 01:07:06,299

you're staring at it for a long time uh

1544

01:07:09,230 --> 01:07:07,920

it all depends it all depends how it's

1545

01:07:10,789 --> 01:07:09,240

like that obviously if it's something

1546

01:07:13,549 --> 01:07:10,799

dramatic if something's close if

1547

01:07:15,650 --> 01:07:13,559

something makes a a tremendous jump a

1548

01:07:17,029 --> 01:07:15,660

great distance other than a little you

1549

01:07:18,710 --> 01:07:17,039

know tiny white light that looks like

1550

01:07:20,809 --> 01:07:18,720

the head of a pen that's a different

1551

01:07:23,390 --> 01:07:20,819

story you know and if that's what you

1552

01:07:25,250 --> 01:07:23,400

saw then that remains unexplained well

1553

01:07:29,930 --> 01:07:25,260

that's what I'm referring to because was

1554

01:07:36,049 --> 01:07:32,390

more of your videos sometimes almost

1555

01:07:38,809 --> 01:07:36,059

strobes and they were down on the ground

1556

01:07:45,370 --> 01:07:38,819

break took off and moved around with my

1557

01:07:49,190 --> 01:07:47,510

take off but when they were moving

1558

01:07:50,809 --> 01:07:49,200

around they could shut the light

1559

01:07:52,250 --> 01:07:50,819

completely off now they can't shut them

1560

01:07:53,870 --> 01:07:52,260

off what happened is the craft probably

1561

01:07:55,130 --> 01:07:53,880

pitched with the bottom towards you and

1562

01:07:57,589 --> 01:07:55,140

it looked like the light was off because

1563

01:08:00,529 --> 01:07:57,599

you can't see the light from the Vine

1564

01:08:02,809 --> 01:08:00,539

I see things all right two questions one

1565

01:08:05,870 --> 01:08:02,819

is nothing both but why do they generate

1566

01:08:09,710 --> 01:08:05,880

white why why do you see me white at all

1567

01:08:11,630 --> 01:08:09,720

well just answer that one first is uh

1568

01:08:13,549 --> 01:08:11,640

that's essentially operating like a

1569

01:08:15,470 --> 01:08:13,559

fluorescent tube anywhere you have uh

1570

01:08:17,209 --> 01:08:15,480

you can take a powerful radio

1571

01:08:18,289 --> 01:08:17,219

transmitter and you take a neon tube

1572

01:08:20,450 --> 01:08:18,299

when you bring it near it it's going to

1573

01:08:21,849 --> 01:08:20,460

light up just because the uh the atoms

1574

01:08:23,990 --> 01:08:21,859

are getting excited

1575

01:08:25,189 --> 01:08:24,000

for the surrounding area right you know

1576

01:08:27,169 --> 01:08:25,199

the electrons go into a high energy

1577

01:08:28,729 --> 01:08:27,179

State we drop down and release a photon

1578

01:08:29,930 --> 01:08:28,739

and that's what's going on and secondly

1579

01:08:32,630 --> 01:08:29,940

just a 2

1580

01:08:37,550 --> 01:08:34,729

back on some

1581

01:08:40,430 --> 01:08:37,560

few more on your uh your ideas what

1582

01:08:43,130 --> 01:08:40,440

containers are and why we will refer to

1583

01:08:45,530 --> 01:08:43,140

Containers fast containers

1584

01:08:47,450 --> 01:08:45,540

I I can't even guess you know all I can

1585

01:08:49,430 --> 01:08:47,460

say is exactly the way it was written

1586

01:08:51,470 --> 01:08:49,440

and you know it because as soon as I

1587

01:08:52,910 --> 01:08:51,480

speculate on something you know it's

1588

01:08:54,530 --> 01:08:52,920

people are going to lean towards that

1589

01:08:56,590 --> 01:08:54,540

way and it's not fair did those

1590

01:09:00,110 --> 01:08:56,600

documents at all ascribe a purpose

1591

01:09:02,209 --> 01:09:00,120

genetic manipulations are being done

1592

01:09:04,970 --> 01:09:02,219

you know this was not a large briefing I

1593

01:09:06,709 --> 01:09:04,980

had 90 of the material that I read was

1594

01:09:09,470 --> 01:09:06,719

dealing with my project and what I mean

1595

01:09:11,329 --> 01:09:09,480

briefings I mean two sheets of paper is

1596

01:09:13,070 --> 01:09:11,339

the uh just the information I got on

1597

01:09:15,169 --> 01:09:13,080

whatever else was going on probably to

1598

01:09:22,030 --> 01:09:15,179

alleviate you know my curiosity and that

1599

01:09:25,970 --> 01:09:24,650

now the Aurora I did see once on the way

1600

01:09:28,309 --> 01:09:25,980

out there and the only reason I say it's

1601

01:09:31,010 --> 01:09:28,319

the Aurora is uh

1602

01:09:34,309 --> 01:09:31,020

I uh I was told it by Dennis in the bus

1603

01:09:37,789 --> 01:09:34,319

and uh it makes an unbelievably loud

1604

01:09:40,610 --> 01:09:37,799

sound and I think when I heard it I said

1605

01:09:42,410 --> 01:09:40,620

it sounds like the sky is tearing and

1606

01:09:44,809 --> 01:09:42,420

from what I understand it operates on

1607

01:09:46,309 --> 01:09:44,819

liquid methane powered engine there's a

1608

01:09:49,610 --> 01:09:46,319

lot of this information has gotten out

1609

01:09:52,610 --> 01:09:49,620

in uh Aviation week and Popular Science

1610

01:09:54,410 --> 01:09:52,620

and it looked if this in fact was Aurora

1611

01:09:55,370 --> 01:09:54,420

it was certainly a strange aircraft it

1612

01:09:57,050 --> 01:09:55,380

looked like if you know what the old

1613

01:09:59,750 --> 01:09:57,060

X-15 looked like a very long

1614

01:10:02,630 --> 01:09:59,760

saundercraft with short Wings on it and

1615

01:10:05,570 --> 01:10:02,640

a square exhaust that had little veins

1616

01:10:08,870 --> 01:10:05,580

in it is it quite large

1617

01:10:12,950 --> 01:10:08,880

is it large yes it's quite large it's a

1618

01:10:14,330 --> 01:10:12,960

really overgrown thing and uh there are

1619

01:10:16,010 --> 01:10:14,340

a couple people that came up who I

1620

01:10:17,750 --> 01:10:16,020

described the sound to one of them was

1621

01:10:19,550 --> 01:10:17,760

uh

1622

01:10:21,290 --> 01:10:19,560

John Andrews from the testers model

1623

01:10:23,149 --> 01:10:21,300

Corporation and they're always spying

1624

01:10:25,010 --> 01:10:23,159

around to make the most recent models of

1625

01:10:26,810 --> 01:10:25,020

a stealth and things like that and he

1626
01:10:28,370 --> 01:10:26,820
heard the exact sound that I described

1627
01:10:31,310 --> 01:10:28,380
unfortunately you couldn't record it but

1628
01:10:35,270 --> 01:10:31,320
that really got him lit up he probably

1629
01:10:40,550 --> 01:10:37,750
yeah okay

1630
01:10:41,930 --> 01:10:40,560
all right quick when you listen to some

1631
01:10:43,490 --> 01:10:41,940
abduction reports whether or not people

1632
01:10:45,290 --> 01:10:43,500
believe it or not this is very common

1633
01:10:47,050 --> 01:10:45,300
thread of people being moved by blue

1634
01:10:49,189 --> 01:10:47,060
beams of light

1635
01:10:51,290 --> 01:10:49,199
did you ever talk to anybody in your

1636
01:10:53,390 --> 01:10:51,300
work about technology that could explain

1637
01:10:54,830 --> 01:10:53,400
that or is there extrapolation motion

1638
01:10:56,270 --> 01:10:54,840

systems that you worked on principles

1639

01:10:57,770 --> 01:10:56,280

that could explain something any of the

1640

01:10:59,450 --> 01:10:57,780

three gravity amplifiers could do that

1641

01:11:00,890 --> 01:10:59,460

could lift something off the ground or

1642

01:11:02,870 --> 01:11:00,900

for that matter compacted into the

1643

01:11:05,570 --> 01:11:02,880

ground that's not a problem because the

1644

01:11:07,729 --> 01:11:05,580

craft in fact can operate on one

1645

01:11:09,350 --> 01:11:07,739

amplifier in Omicron mode hovering that

1646

01:11:11,209 --> 01:11:09,360

would leave the other amplifiers free to

1647

01:11:13,130 --> 01:11:11,219

do anything so I imagine they could pick

1648

01:11:14,870 --> 01:11:13,140

up cows or whatever else they want to do

1649

01:11:16,070 --> 01:11:14,880

but you know the craft that I worked on

1650

01:11:17,209 --> 01:11:16,080

there were there was actually no

1651
01:11:18,950 --> 01:11:17,219
provisions

1652
01:11:20,630 --> 01:11:18,960
for anything to come in through the

1653
01:11:22,850 --> 01:11:20,640
bottom of the craft

1654
01:11:24,890 --> 01:11:22,860
or anything along those lines so I I

1655
01:11:26,330 --> 01:11:24,900
don't know how if that in fact goes

1656
01:11:28,550 --> 01:11:26,340
happens in a completely different type

1657
01:11:30,110 --> 01:11:28,560
of craft does a blue sound is a blue

1658
01:11:30,890 --> 01:11:30,120
color consistent with what you would

1659
01:11:32,689 --> 01:11:30,900
expect

1660
01:11:33,950 --> 01:11:32,699
that's more consistent on the grass

1661
01:11:35,450 --> 01:11:33,960
glowing Orange

1662
01:11:38,270 --> 01:11:35,460
because you know the interaction of the

1663
01:11:43,149 --> 01:11:38,280

it should the you know nitrogen

1664

01:11:46,490 --> 01:11:45,050

she's not cat I said well at least

1665

01:11:47,930 --> 01:11:46,500

Marco's injection molded because there

1666

01:11:50,570 --> 01:11:47,940

was no sharp objects even where the

1667

01:11:51,709 --> 01:11:50,580

seats meet the floors curved the top of

1668

01:11:54,229 --> 01:11:51,719

everything

1669

01:11:55,729 --> 01:11:54,239

uh I think the analogy I gave it looked

1670

01:11:58,430 --> 01:11:55,739

like it was completely made of wax and

1671

01:12:00,110 --> 01:11:58,440

heated till it melted and then cool down

1672

01:12:03,110 --> 01:12:00,120

everything is completely perfectly

1673

01:12:06,350 --> 01:12:03,120

rounded and uh if in fact you're talking

1674

01:12:07,910 --> 01:12:06,360

about something that's uh containing a

1675

01:12:09,890 --> 01:12:07,920

high voltage field that's exactly what

1676

01:12:12,590 --> 01:12:09,900

you want to have to you know prevent the

1677

01:12:15,229 --> 01:12:12,600

corona discharge from spraying off

1678

01:12:16,729 --> 01:12:15,239

can you focus the gravity wave on

1679

01:12:18,709 --> 01:12:16,739

something that so many millions and

1680

01:12:20,030 --> 01:12:18,719

millions of miles away well first of all

1681

01:12:22,610 --> 01:12:20,040

I don't think they focus it that far

1682

01:12:24,229 --> 01:12:22,620

away okay I was talking to with someone

1683

01:12:26,390 --> 01:12:24,239

else uh

1684

01:12:27,830 --> 01:12:26,400

I think these trips are made in several

1685

01:12:29,630 --> 01:12:27,840

small jumps

1686

01:12:31,790 --> 01:12:29,640

because the amount of energy required to

1687

01:12:33,590 --> 01:12:31,800

do something like that in the it's not

1688

01:12:36,229 --> 01:12:33,600

really that not the amount of energy but

1689

01:12:38,990 --> 01:12:36,239

if you're looking at three amplifiers

1690

01:12:40,850 --> 01:12:39,000

that Focus down to something the size of

1691

01:12:42,950 --> 01:12:40,860

a tennis ball

1692

01:12:45,649 --> 01:12:42,960

that the amount of precision that's

1693

01:12:47,689 --> 01:12:45,659

required to move the amplifier with a

1694

01:12:49,910 --> 01:12:47,699

minimal deviation out there eventually

1695

01:12:53,689 --> 01:12:49,920

is going to exceed anyone's level of

1696

01:12:57,530 --> 01:12:53,699

technology so if you're doing a jump

1697

01:12:59,330 --> 01:12:57,540

of a thousand miles I mean that's

1698

01:13:01,430 --> 01:12:59,340

tremendously impressive if you're doing

1699

01:13:03,649 --> 01:13:01,440

a I you know I can't see them jumping a

1700

01:13:07,669 --> 01:13:03,659

light year much less dirty it just

1701
01:13:07,679 --> 01:13:13,380
um

1702
01:13:13,390 --> 01:13:16,970
[Music]

1703
01:13:16,980 --> 01:13:20,510
I never heard of them

1704
01:13:26,209 --> 01:13:23,930
in the video surrounding UFOs in Mexico

1705
01:13:27,490 --> 01:13:26,219
City during the eclipse there's some

1706
01:13:31,490 --> 01:13:27,500
very remarkable

1707
01:13:34,310 --> 01:13:31,500
video of a pulsation of some sort of

1708
01:13:35,689 --> 01:13:34,320
field surrounding these UFOs would that

1709
01:13:37,910 --> 01:13:35,699
be an attribute would that be

1710
01:13:44,470 --> 01:13:37,920
attributable the type of technology that

1711
01:14:06,590 --> 01:13:47,110
seem to be changing as well

1712
01:14:06,600 --> 01:14:17,510
amazing

1713
01:14:21,530 --> 01:14:19,790

apparently whatever I don't know what

1714

01:14:23,750 --> 01:14:21,540

else to call it other than some sort of

1715

01:14:26,090 --> 01:14:23,760

anesthetizing

1716

01:14:28,850 --> 01:14:26,100

hypnosis along those lines but anything

1717

01:14:31,669 --> 01:14:28,860

that distracts attention uh

1718

01:14:34,010 --> 01:14:31,679

at a high level and you know certainly

1719

01:14:37,189 --> 01:14:34,020

uh you know some sort of stimulant drug

1720

01:14:40,189 --> 01:14:37,199

or something that gets someone riled up

1721

01:14:43,010 --> 01:14:40,199

would not permit that to happen it's

1722

01:14:44,689 --> 01:14:43,020

just like in modern hypnosis or not

1723

01:14:46,310 --> 01:14:44,699

really modern hypnosis but in hypnosis

1724

01:14:47,630 --> 01:14:46,320

in general if you're not in a relaxed

1725

01:14:50,570 --> 01:14:47,640

State you're not you're not going to get

1726

01:14:52,370 --> 01:14:50,580

into that level of Consciousness so uh

1727

01:14:55,370 --> 01:14:52,380

you know if you're in a great alert

1728

01:14:58,550 --> 01:14:55,380

awake state it's going to be hard to uh

1729

01:15:00,169 --> 01:14:58,560

you know cause that effect if you know

1730

01:15:02,330 --> 01:15:00,179

again if in fact that is correct

1731

01:15:04,189 --> 01:15:02,340

information what context was that

1732

01:15:06,350 --> 01:15:04,199

information in

1733

01:15:07,790 --> 01:15:06,360

that dealt with some of the biological

1734

01:15:09,709 --> 01:15:07,800

effects

1735

01:15:12,350 --> 01:15:09,719

of the uh

1736

01:15:14,330 --> 01:15:12,360

of the aliens on

1737

01:15:17,229 --> 01:15:14,340

I think essentially on the human race is

1738

01:15:19,550 --> 01:15:17,239

what it was that's how it was termed it

1739

01:15:21,890 --> 01:15:19,560

this was in I think it was in part of

1740

01:15:24,229 --> 01:15:21,900

the autopsy reports because they had the

1741

01:15:27,110 --> 01:15:24,239

single organ they had in their body uh

1742

01:15:29,450 --> 01:15:27,120

cross-sectioned and and split up and I

1743

01:15:31,070 --> 01:15:29,460

think there was a

1744

01:15:32,630 --> 01:15:31,080

comments in there about what different

1745

01:15:34,010 --> 01:15:32,640

functions of the brains are and I think

1746

01:15:36,709 --> 01:15:34,020

that's where this came up as they're

1747

01:15:39,530 --> 01:15:36,719

trying to relate some unlong lobe of the

1748

01:15:41,930 --> 01:15:39,540

brain to uh to this function but that's

1749

01:15:43,250 --> 01:15:41,940

so typical there again you know like in

1750

01:15:44,930 --> 01:15:43,260

particle physics we don't know what it

1751
01:15:48,410 --> 01:15:44,940
is so hey that's what does it you know

1752
01:15:51,470 --> 01:15:48,420
it's not necessarily true

1753
01:15:52,550 --> 01:15:51,480
yes I hope it'll be with an offended

1754
01:15:56,090 --> 01:15:52,560
last question

1755
01:15:59,209 --> 01:15:56,100
I have to ask it to verify your Bona

1756
01:16:00,890 --> 01:15:59,219
fides have you ever gone up by Any Other

1757
01:16:09,530 --> 01:16:00,900
Name

1758
01:16:09,540 --> 01:16:14,870
as far as I know

1759
01:16:14,880 --> 01:16:17,810
yeah

1760
01:16:23,030 --> 01:16:19,370
do you have any other biological

1761
01:16:26,510 --> 01:16:25,250
no that's all I have and that was uh

1762
01:16:32,709 --> 01:16:26,520
essentially just from looking at a

1763
01:16:37,729 --> 01:16:35,090

this is really just a comment because

1764

01:16:40,550 --> 01:16:37,739

you mentioned how you feel about feeling

1765

01:16:43,189 --> 01:16:40,560

mired that whole thing that

1766

01:16:46,250 --> 01:16:43,199

you said that the craft that you worked

1767

01:16:47,689 --> 01:16:46,260

on looks just like the craft that from

1768

01:16:49,490 --> 01:16:47,699

the Philly Meyer one of them yeah

1769

01:16:50,209 --> 01:16:49,500

however

1770

01:16:53,110 --> 01:16:50,219

um

1771

01:16:56,330 --> 01:16:53,120

yeah beings that Billy buyers supposedly

1772

01:16:59,810 --> 01:16:56,340

was in contact with are supposedly

1773

01:17:01,850 --> 01:16:59,820

full-size like average human beings

1774

01:17:05,090 --> 01:17:01,860

and you said that the staff you've

1775

01:17:07,189 --> 01:17:05,100

worked on had children that a full

1776

01:17:08,930 --> 01:17:07,199

person could not sit on but if you

1777

01:17:11,090 --> 01:17:08,940

looked at the Billy Myers information I

1778

01:17:12,410 --> 01:17:11,100

think somewhere in there maybe I've got

1779

01:17:15,050 --> 01:17:12,420

this wrong because some of this stuff

1780

01:17:16,669 --> 01:17:15,060

has gone through my head that they the

1781

01:17:18,470 --> 01:17:16,679

people in large people and apparently

1782

01:17:20,750 --> 01:17:18,480

include that craft did not produce the

1783

01:17:23,510 --> 01:17:20,760

craft do you think Billy Myers said it

1784

01:17:25,189 --> 01:17:23,520

was uh it was obtained from creatures

1785

01:17:28,570 --> 01:17:25,199

that were two meters tall or a meter

1786

01:17:32,270 --> 01:17:31,189

that Billy Myers

1787

01:17:35,870 --> 01:17:32,280

yeah

1788

01:17:40,370 --> 01:17:37,970

well so are our guys for that matter so

1789

01:17:43,189 --> 01:17:40,380

I imagine they could be retrofitted but

1790

01:17:45,050 --> 01:17:43,199

you know I I don't know I can't go

1791

01:17:47,390 --> 01:17:45,060

either way I know the one that I worked

1792

01:17:49,610 --> 01:17:47,400

on was small and was certainly

1793

01:17:51,169 --> 01:17:49,620

uncomfortable for you know anything in

1794

01:17:57,669 --> 01:17:51,179

the area five to six feet to walk around

1795

01:18:02,630 --> 01:18:00,709

I don't know that's information that uh

1796

01:18:05,510 --> 01:18:02,640

you know wasn't given

1797

01:18:07,390 --> 01:18:05,520

but I did I think as I said on my tape

1798

01:18:09,770 --> 01:18:07,400

and an interview somewhere one of them

1799

01:18:12,229 --> 01:18:09,780

absolutely had a projectile hole through

1800

01:18:13,850 --> 01:18:12,239

it and uh the only thing I don't believe

1801

01:18:17,689 --> 01:18:13,860

it was shot down this is a personal

1802

01:18:19,310 --> 01:18:17,699

belief but uh more along the lines I

1803

01:18:20,930 --> 01:18:19,320

believe it was stood up on its side just

1804

01:18:22,490 --> 01:18:20,940

to see you know how the metal would

1805

01:18:24,530 --> 01:18:22,500

react to a high-speed projectile going

1806

01:18:27,229 --> 01:18:24,540

through it

1807

01:18:28,970 --> 01:18:27,239

you were you were there for what four to

1808

01:18:30,770 --> 01:18:28,980

six months yeah

1809

01:18:33,770 --> 01:18:30,780

um you had a lot of contact with

1810

01:18:37,189 --> 01:18:33,780

security obviously yeah too much too

1811

01:18:39,410 --> 01:18:37,199

much more a safe person how did they act

1812

01:18:42,229 --> 01:18:39,420

it depends each one goes

1813

01:18:44,810 --> 01:18:42,239

no I never talked to him I can't stand

1814

01:18:47,390 --> 01:18:44,820

him they only went so far you know if I

1815

01:18:49,430 --> 01:18:47,400

walked if I was in the lab area and I

1816

01:18:51,530 --> 01:18:49,440

went to the bathroom the guy that came

1817

01:18:53,870 --> 01:18:51,540

with me or that was by the door went to

1818

01:18:55,790 --> 01:18:53,880

the bathroom he would go so far and if I

1819

01:18:57,229 --> 01:18:55,800

was leaving the perimeter someone there

1820

01:19:01,729 --> 01:18:57,239

would be another guy that went from that

1821

01:19:04,310 --> 01:19:01,739

distance on yeah was he Army Air Force

1822

01:19:06,830 --> 01:19:04,320

can you tell I don't know any insignias

1823

01:19:08,689 --> 01:19:06,840

on his uniform no he might have been

1824

01:19:10,669 --> 01:19:08,699

like I said they had a dark blue uniform

1825

01:19:12,470 --> 01:19:10,679

most of the guys there except a few of

1826

01:19:16,310 --> 01:19:12,480

the people outside had that desert camo

1827

01:19:18,530 --> 01:19:16,320

it's like here Beret cap

1828

01:19:21,890 --> 01:19:18,540

no they didn't have any ads on

1829

01:19:24,470 --> 01:19:21,900

there was many Insignia or anything

1830

01:19:26,630 --> 01:19:24,480

that's all and that was it boy they're

1831

01:19:27,950 --> 01:19:26,640

yeah there might have been but you know

1832

01:19:29,209 --> 01:19:27,960

at the time I probably didn't pay much

1833

01:19:31,490 --> 01:19:29,219

attention to it I was trying to put the

1834

01:19:34,790 --> 01:19:31,500

guy in my mind though they never wanted

1835

01:19:36,530 --> 01:19:34,800

to talk they all seemed like a Stern uh

1836

01:19:37,790 --> 01:19:36,540

Delta Force bike or were they like oh

1837

01:19:41,149 --> 01:19:37,800

yeah

1838

01:19:42,530 --> 01:19:41,159

interested in what was going on and you

1839

01:19:45,290 --> 01:19:42,540

know what they've been briefed on I have

1840

01:19:46,970 --> 01:19:45,300

no idea but um

1841

01:19:49,790 --> 01:19:46,980

to them it seemed like we were a

1842

01:19:51,790 --> 01:19:49,800

nuisance but you know it's the reason

1843

01:19:53,990 --> 01:19:51,800

that they're there

1844

01:19:58,930 --> 01:19:54,000

did you ever see any inside Hardware

1845

01:20:01,910 --> 01:19:58,940

this machine the nuts and bolts wires

1846

01:20:03,470 --> 01:20:01,920

and obviously probably did did it look

1847

01:20:04,850 --> 01:20:03,480

like our nuts and bolts and wires would

1848

01:20:06,229 --> 01:20:04,860

get in the hardware store or what well

1849

01:20:07,490 --> 01:20:06,239

as far as fastening devices everything

1850

01:20:09,290 --> 01:20:07,500

was

1851
01:20:11,870 --> 01:20:09,300
formed together there were no nuts and

1852
01:20:14,990 --> 01:20:11,880
bolts uh why is there no connecting

1853
01:20:17,149 --> 01:20:15,000
wires even between electrical systems

1854
01:20:20,149 --> 01:20:17,159
um so what

1855
01:20:23,149 --> 01:20:20,159
what was the course of energy how did it

1856
01:20:24,770 --> 01:20:23,159
go from one area to another area

1857
01:20:29,330 --> 01:20:24,780
the best guess is essentially an

1858
01:20:33,350 --> 01:20:31,550
a transmitter and essentially receiver

1859
01:20:34,729 --> 01:20:33,360
tuned to the transmitting frequency and

1860
01:20:36,410 --> 01:20:34,739
receives the electrical power and you

1861
01:20:38,510 --> 01:20:36,420
know there again that's not real

1862
01:20:40,790 --> 01:20:38,520
advanced technology Tesla did that in

1863
01:20:48,830 --> 01:20:40,800

the 30s lights on a console with a

1864

01:20:52,850 --> 01:20:49,630

construction

1865

01:20:52,860 --> 01:20:56,169

yes

1866

01:21:00,649 --> 01:20:59,149

could you recount for us in detail uh

1867

01:21:03,110 --> 01:21:00,659

your memory of what happened the night

1868

01:21:08,890 --> 01:21:03,120

that you and the group of people were

1869

01:21:12,770 --> 01:21:11,330

no no it just uh it was it was

1870

01:21:14,630 --> 01:21:12,780

compelling and I just would be curious

1871

01:21:16,370 --> 01:21:14,640

to hear when you

1872

01:21:18,790 --> 01:21:16,380

particular there was one aspect of the

1873

01:21:22,910 --> 01:21:18,800

story he said evidently when they were

1874

01:21:24,410 --> 01:21:22,920

vehicles of some tenant unmarked Broncos

1875

01:21:26,530 --> 01:21:24,420

were how many

1876

01:21:29,209 --> 01:21:26,540

he said five on each side of the road

1877

01:21:32,270 --> 01:21:29,219

and it must have been a different time

1878

01:21:35,330 --> 01:21:32,280

no jump from the either jump in the car

1879

01:21:36,590 --> 01:21:35,340

or left the occupants of the car to go

1880

01:21:37,910 --> 01:21:36,600

out into the desert so that you wouldn't

1881

01:21:42,490 --> 01:21:37,920

be discovered amongst the people there

1882

01:21:47,930 --> 01:21:46,010

we uh we drove out well I mean generally

1883

01:21:49,850 --> 01:21:47,940

is a nice guy and I like him but you

1884

01:21:53,030 --> 01:21:49,860

know he does have a tendency to add

1885

01:21:57,910 --> 01:21:53,040

about 15 color to stories and if a story

1886

01:21:57,920 --> 01:22:05,169

but uh

1887

01:22:10,910 --> 01:22:09,050

Gene uh my wife at the time and her

1888

01:22:13,729 --> 01:22:10,920

sister

1889

01:22:14,990 --> 01:22:13,739

we're gonna go out and see what we could

1890

01:22:18,310 --> 01:22:15,000

see because it was a test flight coming

1891

01:22:23,510 --> 01:22:21,110

John knew that we were up to something

1892

01:22:25,189 --> 01:22:23,520

because we didn't invite him in and he

1893

01:22:27,830 --> 01:22:25,199

showed up at the house and said okay you

1894

01:22:30,530 --> 01:22:27,840

know we'll work on you know come on

1895

01:22:33,310 --> 01:22:30,540

um we had rented a car because the only

1896

01:22:35,149 --> 01:22:33,320

reason we rented a car was because

1897

01:22:36,950 --> 01:22:35,159

sister-in-law was in from out of town

1898

01:22:39,890 --> 01:22:36,960

all I've ever owned usually the sports

1899

01:22:41,450 --> 01:22:39,900

cars they see two people and uh again

1900

01:22:44,990 --> 01:22:41,460

that's all we had so we'd rented a car

1901

01:22:46,790 --> 01:22:45,000

and we all piled into that and uh

1902

01:22:48,410 --> 01:22:46,800

we drove out there I don't remember what

1903

01:22:51,350 --> 01:22:48,420

time we got there at it

1904

01:22:54,229 --> 01:22:51,360

but it got dark we waited right Till

1905

01:22:57,950 --> 01:22:54,239

Dusk to drive up the road

1906

01:23:01,189 --> 01:22:57,960

and we've got uh probably about

1907

01:23:03,229 --> 01:23:01,199

seven miles in I think and we're very

1908

01:23:04,250 --> 01:23:03,239

careful not to hit the brakes because we

1909

01:23:05,750 --> 01:23:04,260

don't know what the lights going on

1910

01:23:07,130 --> 01:23:05,760

because we knew they're by watching up

1911

01:23:09,050 --> 01:23:07,140

on the road beforehand we knew there

1912

01:23:11,570 --> 01:23:09,060

were Security Guys running around just

1913

01:23:13,970 --> 01:23:11,580

looking is the mailbox Road no I've

1914

01:23:15,649 --> 01:23:13,980

never been on a mailbox Road that's the

1915

01:23:17,030 --> 01:23:15,659

only other Brew row that okay you know

1916

01:23:18,770 --> 01:23:17,040

big one that goes up there well it's

1917

01:23:20,390 --> 01:23:18,780

probably on mailbox road but I didn't

1918

01:23:21,470 --> 01:23:20,400

watch anything from that

1919

01:23:23,750 --> 01:23:21,480

um

1920

01:23:25,910 --> 01:23:23,760

we drove in probably about five to seven

1921

01:23:27,950 --> 01:23:25,920

miles and

1922

01:23:29,630 --> 01:23:27,960

I had brought we brought all kinds of

1923

01:23:31,669 --> 01:23:29,640

stuff with us we bought uh Geiger

1924

01:23:32,990 --> 01:23:31,679

counters we brought a Celestron tennis

1925

01:23:34,729 --> 01:23:33,000

telescope

1926

01:23:37,790 --> 01:23:34,739

I brought a nine millimeter pistol

1927

01:23:39,890 --> 01:23:37,800

because I didn't I really didn't want to

1928

01:23:41,750 --> 01:23:39,900

get caught and

1929

01:23:44,030 --> 01:23:41,760

um

1930

01:23:45,350 --> 01:23:44,040

we came up there and as we stopped the

1931

01:23:48,229 --> 01:23:45,360

car

1932

01:23:50,030 --> 01:23:48,239

uh my sister-in-law was driving she

1933

01:23:52,370 --> 01:23:50,040

stepped on the brakes

1934

01:23:54,410 --> 01:23:52,380

and so we stopped right there and just

1935

01:23:56,510 --> 01:23:54,420

waited we didn't see any reaction

1936

01:23:58,250 --> 01:23:56,520

and then somebody opened the door and

1937

01:24:00,050 --> 01:23:58,260

the dome light went on and as soon as

1938

01:24:02,330 --> 01:24:00,060

that happened two different sets of

1939

01:24:06,470 --> 01:24:02,340

headlights lit up on either side of us

1940

01:24:08,030 --> 01:24:06,480

and we said that's it we're dead so uh I

1941

01:24:10,130 --> 01:24:08,040

went in the truck and I got my pistol

1942

01:24:11,510 --> 01:24:10,140

and I went out to the desert they were

1943

01:24:13,430 --> 01:24:11,520

far enough away oh no what happened when

1944

01:24:15,229 --> 01:24:13,440

I got there we hopped in the car and

1945

01:24:16,729 --> 01:24:15,239

then started really all and asked back

1946

01:24:17,930 --> 01:24:16,739

to the exit and if we'd get to the road

1947

01:24:19,729 --> 01:24:17,940

in time you know we're out of there to

1948

01:24:21,169 --> 01:24:19,739

his jurisdiction there's no problem so

1949

01:24:23,689 --> 01:24:21,179

we got about halfway up there and I

1950

01:24:26,570 --> 01:24:23,699

think there were three vehicles the

1951

01:24:28,010 --> 01:24:26,580

maximum I stopped and you know we

1952

01:24:30,290 --> 01:24:28,020

figured we're not getting out of there

1953

01:24:31,669 --> 01:24:30,300

because uh as we're getting close to the

1954

01:24:33,410 --> 01:24:31,679

top of the road you can see the other

1955

01:24:35,149 --> 01:24:33,420

vehicle pull in I said well yeah we're

1956

01:24:36,850 --> 01:24:35,159

trapped something I got off and ran out

1957

01:24:40,610 --> 01:24:36,860

to the desert

1958

01:24:42,770 --> 01:24:40,620

uh now the rest of the story is from the

1959

01:24:44,470 --> 01:24:42,780

people that were there because I was out

1960

01:24:48,169 --> 01:24:44,480

in the desert laying down on the ground

1961

01:24:50,209 --> 01:24:48,179

uh supposedly what happened was uh

1962

01:24:53,689 --> 01:24:50,219

see these guys came out

1963

01:24:57,729 --> 01:24:53,699

John set up the telescope real fast and

1964

01:25:02,570 --> 01:25:00,649

the guys came over and said

1965

01:25:03,890 --> 01:25:02,580

I think John interrupted him say hey

1966

01:25:05,149 --> 01:25:03,900

what are you guys trying to do a drug

1967

01:25:06,470 --> 01:25:05,159

deal or something did we interrupt

1968

01:25:08,390 --> 01:25:06,480

something and you know they kind of just

1969

01:25:10,910 --> 01:25:08,400

shrug that off and John said well we're

1970

01:25:12,229 --> 01:25:10,920

looking at Jupiter and uh you know they

1971

01:25:13,850 --> 01:25:12,239

said what are you guys doing out here

1972

01:25:14,930 --> 01:25:13,860

they just ignored whoever he had to say

1973

01:25:17,090 --> 01:25:14,940

and

1974

01:25:18,530 --> 01:25:17,100

went on for a while I don't remember the

1975

01:25:20,270 --> 01:25:18,540

conversation because I wasn't wasn't

1976

01:25:22,490 --> 01:25:20,280

there but uh

1977

01:25:23,630 --> 01:25:22,500

no it was Pitch Black you couldn't see

1978

01:25:25,490 --> 01:25:23,640

your hand in printing price it was a

1979

01:25:27,470 --> 01:25:25,500

moon last night and they said all right

1980

01:25:29,630 --> 01:25:27,480

we'll just get the hell out of here

1981

01:25:31,550 --> 01:25:29,640

they back off down the road and they

1982

01:25:33,290 --> 01:25:31,560

stopped but we didn't know that and

1983

01:25:35,270 --> 01:25:33,300

turned around you can see all this

1984

01:25:37,490 --> 01:25:35,280

happening right because no my head was

1985

01:25:39,770 --> 01:25:37,500

down I didn't want my glasses are my

1986

01:25:41,450 --> 01:25:39,780

white face shining so

1987

01:25:42,890 --> 01:25:41,460

um a few hundred yards away our yards

1988

01:25:44,930 --> 01:25:42,900

away they had stopped no one knew this

1989

01:25:47,330 --> 01:25:44,940

at the time and I came back

1990

01:25:49,669 --> 01:25:47,340

you know out of the desert and uh but

1991

01:25:52,550 --> 01:25:49,679

you know I'm usually very sarcastic and

1992

01:25:54,649 --> 01:25:52,560

joke around and uh what I said was when

1993

01:25:56,149 --> 01:25:54,659

Gene Huff was standing there I said man

1994

01:25:58,070 --> 01:25:56,159

we're lucky those guys didn't see the

1995

01:25:59,450 --> 01:25:58,080

other 50 Delta Force we had out there or

1996

01:26:00,649 --> 01:25:59,460

something along those lines you know

1997

01:26:02,090 --> 01:26:00,659

that could have taken them out at any

1998

01:26:03,470 --> 01:26:02,100

time and he laughed and it was just I

1999

01:26:06,470 --> 01:26:03,480

don't remember the exact content of the

2000

01:26:08,330 --> 01:26:06,480

joke but uh those guys heard that

2001
01:26:10,070 --> 01:26:08,340
and they're sitting there watching us so

2002
01:26:11,510 --> 01:26:10,080
I guess now I've learned about most of

2003
01:26:14,270 --> 01:26:11,520
this from the debriefing afterwards I'm

2004
01:26:16,610 --> 01:26:14,280
going to take my hand so the guys that

2005
01:26:18,110 --> 01:26:16,620
were there were on top of the truck or

2006
01:26:19,490 --> 01:26:18,120
Jeep they had and they went to arms

2007
01:26:21,110 --> 01:26:19,500
because they thought there were guys

2008
01:26:22,189 --> 01:26:21,120
standing out there so they had us all in

2009
01:26:24,890 --> 01:26:22,199
our gun point we didn't know what was

2010
01:26:26,510 --> 01:26:24,900
going on and we're sitting there talking

2011
01:26:28,129 --> 01:26:26,520
about everything that had happened

2012
01:26:29,990 --> 01:26:28,139
flying saucers and all that stuff

2013
01:26:32,390 --> 01:26:30,000

sitting on the bumper and we're just

2014

01:26:33,890 --> 01:26:32,400

looking off down the road we see a

2015

01:26:35,330 --> 01:26:33,900

little green light drop on the ground

2016

01:26:37,129 --> 01:26:35,340

and roll around and it was a night

2017

01:26:39,350 --> 01:26:37,139

vision scope and someone picks it up and

2018

01:26:40,790 --> 01:26:39,360

it disappears and you know we all said

2019

01:26:42,229 --> 01:26:40,800

well let's get the hell out of here

2020

01:26:43,370 --> 01:26:42,239

what's that what happened what's that

2021

01:26:44,870 --> 01:26:43,380

one of the guards that dropped a night

2022

01:26:46,970 --> 01:26:44,880

vision scope and it rolled on the ground

2023

01:26:48,709 --> 01:26:46,980

and we could see the little green image

2024

01:26:50,870 --> 01:26:48,719

rolling around and you see it pick up

2025

01:26:52,910 --> 01:26:50,880

and you know disappear and it was only

2026

01:26:54,649 --> 01:26:52,920

like from here to the you know the

2027

01:26:56,689 --> 01:26:54,659

netting over there that was the distance

2028

01:26:58,550 --> 01:26:56,699

because it was completely dark wow and

2029

01:27:00,350 --> 01:26:58,560

uh so we got scared and you know as soon

2030

01:27:01,790 --> 01:27:00,360

as we got in the car we all agreed there

2031

01:27:04,430 --> 01:27:01,800

right there you know and they heard

2032

01:27:05,810 --> 01:27:04,440

everything so we took off and we got to

2033

01:27:07,970 --> 01:27:05,820

the you know top of the road in Lincoln

2034

01:27:11,090 --> 01:27:07,980

County Sheriff was there

2035

01:27:12,530 --> 01:27:11,100

and that was another major hassle so he

2036

01:27:14,209 --> 01:27:12,540

wanted to search the car we wouldn't let

2037

01:27:17,330 --> 01:27:14,219

him in he was in radio contact with the

2038

01:27:19,810 --> 01:27:17,340

base or these guys out there and uh they

2039

01:27:22,490 --> 01:27:19,820

said where did the extra guy come from

2040

01:27:23,930 --> 01:27:22,500

you know that completely confused him

2041

01:27:26,209 --> 01:27:23,940

because they had never I guess he had

2042

01:27:27,530 --> 01:27:26,219

never seen me come up or something like

2043

01:27:29,629 --> 01:27:27,540

that they thought I was another guy that

2044

01:27:31,070 --> 01:27:29,639

walked around however can anyway the big

2045

01:27:33,229 --> 01:27:31,080

problem was that there was another guy

2046

01:27:35,270 --> 01:27:33,239

and I think legally they can only hold

2047

01:27:37,550 --> 01:27:35,280

you there for an hour and we were there

2048

01:27:39,350 --> 01:27:37,560

for like 59 minutes and he said you know

2049

01:27:41,990 --> 01:27:39,360

okay go but you know he really wanted to

2050

01:27:44,570 --> 01:27:42,000

search well I gotta backtrack a bit John

2051

01:27:46,370 --> 01:27:44,580

Lehrer made the Colossal mistake we were

2052

01:27:48,169 --> 01:27:46,380

under just minimal suspicion at the time

2053

01:27:50,570 --> 01:27:48,179

and he asked for everyone's ID

2054

01:27:52,370 --> 01:27:50,580

him in the trunk we had everything the

2055

01:27:54,709 --> 01:27:52,380

guy recounters and all that stuff and

2056

01:27:55,850 --> 01:27:54,719

you know the the people that didn't want

2057

01:27:57,110 --> 01:27:55,860

to show their ID he said well we don't

2058

01:27:58,910 --> 01:27:57,120

have it we left it at home and the other

2059

01:28:01,070 --> 01:27:58,920

ones that did you know took it out and

2060

01:28:02,750 --> 01:28:01,080

John said wait money's in the trunk and

2061

01:28:04,250 --> 01:28:02,760

he opens the trunk and there's all the

2062

01:28:05,990 --> 01:28:04,260

stuff laying there and that's that's

2063

01:28:07,490 --> 01:28:06,000

when the cop decided to keep us for a

2064

01:28:10,370 --> 01:28:07,500

long time we've always hassled John

2065

01:28:11,810 --> 01:28:10,380

about that forever and he said so you

2066

01:28:13,490 --> 01:28:11,820

guys are out here with a geiger counter

2067

01:28:15,110 --> 01:28:13,500

a telescope and all this other hardware

2068

01:28:16,850 --> 01:28:15,120

sound equipment and video stuff and

2069

01:28:18,290 --> 01:28:16,860

you're just out you know just out

2070

01:28:20,570 --> 01:28:18,300

walking around and you know we all said

2071

01:28:22,189 --> 01:28:20,580

yeah and you know so that's when he kept

2072

01:28:23,689 --> 01:28:22,199

us and that's how that's really what

2073

01:28:26,330 --> 01:28:23,699

happened that day and the following day

2074

01:28:30,790 --> 01:28:26,340

it was a work day for me but I was taken

2075

01:28:35,410 --> 01:28:33,470

right well that was uh that was kind of

2076

01:28:37,850 --> 01:28:35,420

a turning point

2077

01:28:39,890 --> 01:28:37,860

you officially fired no I was never

2078

01:28:41,930 --> 01:28:39,900

fired see at the time they were going to

2079

01:28:43,490 --> 01:28:41,940

pull my clearance before that

2080

01:28:47,450 --> 01:28:43,500

so it's I don't know if that was ever

2081

01:28:49,430 --> 01:28:47,460

clear the main reason was for me not

2082

01:28:51,530 --> 01:28:49,440

progressing any further there

2083

01:28:53,030 --> 01:28:51,540

was they halted my clearance because at

2084

01:28:55,010 --> 01:28:53,040

the time I had

2085

01:28:57,229 --> 01:28:55,020

my phone was being tapped and I I

2086

01:28:58,850 --> 01:28:57,239

allowed that I signed the uh you know

2087

01:29:01,669 --> 01:28:58,860

the order to do that and I'm going

2088

01:29:04,129 --> 01:29:01,679

through my background and uh you know at

2089

01:29:06,470 --> 01:29:04,139

the time I you know did tell my wife

2090

01:29:09,410 --> 01:29:06,480

what was going on until later and you

2091

01:29:11,209 --> 01:29:09,420

know as things progress but uh

2092

01:29:13,450 --> 01:29:11,219

she was having an affair with somebody

2093

01:29:16,010 --> 01:29:13,460

on the phone

2094

01:29:19,570 --> 01:29:16,020

and I was her flight instructor that I

2095

01:29:24,110 --> 01:29:22,129

this was going on just like in you know

2096

01:29:26,149 --> 01:29:24,120

the astronaut program not only do you

2097

01:29:27,709 --> 01:29:26,159

have to have you know security as far as

2098

01:29:28,970 --> 01:29:27,719

I know connection to foreign governments

2099

01:29:30,470 --> 01:29:28,980

or things like that but as far as your

2100

01:29:31,669 --> 01:29:30,480

family lives it has to be stable because

2101

01:29:34,070 --> 01:29:31,679

they don't want any you know loose

2102

01:29:36,410 --> 01:29:34,080

cannons running around yeah so this was

2103

01:29:38,870 --> 01:29:36,420

going on I had no knowledge of it and

2104

01:29:40,189 --> 01:29:38,880

they said well you know we're gonna what

2105

01:29:42,530 --> 01:29:40,199

they were gonna do not say anything to

2106

01:29:44,390 --> 01:29:42,540

me and wait until

2107

01:29:46,790 --> 01:29:44,400

one way or another the situation

2108

01:29:49,370 --> 01:29:46,800

resolved itself either you know my wife

2109

01:29:52,490 --> 01:29:49,380

took off or you know

2110

01:29:54,110 --> 01:29:52,500

came to an end or whatever so uh when I

2111

01:29:55,970 --> 01:29:54,120

was in uh

2112

01:29:57,770 --> 01:29:55,980

debriefing essentially that day you know

2113

01:29:59,209 --> 01:29:57,780

this is when they really started

2114

01:30:00,890 --> 01:29:59,219

attacking me and hassling me and that's

2115

01:30:02,510 --> 01:30:00,900

when they took out the phone transcripts

2116

01:30:04,910 --> 01:30:02,520

Anyway by the way Bob your wife's

2117

01:30:06,430 --> 01:30:04,920

fighting somebody and that was uh the

2118

01:30:09,290 --> 01:30:06,440

last time

2119

01:30:12,890 --> 01:30:09,300

so that was a real rather profound

2120

01:30:15,110 --> 01:30:12,900

meeting yeah right anyways so that was

2121

01:30:24,910 --> 01:30:15,120

uh it's been just pretty pulled over

2122

01:30:28,550 --> 01:30:27,169

yeah but not that really changes

2123

01:30:32,090 --> 01:30:28,560

anything

2124

01:30:33,590 --> 01:30:32,100

it's just little technical things that

2125

01:30:35,350 --> 01:30:33,600

you know it's really not worth bringing

2126

01:30:38,209 --> 01:30:35,360

it

2127

01:30:40,910 --> 01:30:38,219

yeah real quick did you see the

2128

01:30:42,350 --> 01:30:40,920

paperwork and now they got got the discs

2129

01:30:44,090 --> 01:30:42,360

to start with

2130

01:30:48,669 --> 01:30:44,100

now

2131

01:30:53,510 --> 01:30:51,050

are there dangerous levels of radiation

2132

01:30:55,970 --> 01:30:53,520

in this area because of testing these

2133

01:30:57,530 --> 01:30:55,980

they did previously now and we at this

2134

01:31:01,970 --> 01:30:57,540

point we just I think we wanted to see

2135

01:31:14,050 --> 01:31:03,890

remember it was just like a staple to

2136

01:31:18,350 --> 01:31:16,490

before I got to enter the background I

2137

01:31:19,610 --> 01:31:18,360

don't know

2138

01:31:21,830 --> 01:31:19,620

Bob this might be important because

2139

01:31:23,990 --> 01:31:21,840

Jacques police is such stature and he's

2140

01:31:26,090 --> 01:31:24,000

trying to debunk you on the basis of

2141

01:31:29,149 --> 01:31:26,100

your supposedly he's telling your

2142

01:31:31,850 --> 01:31:29,159

reporters only that you saw a DVM and an

2143

01:31:33,470 --> 01:31:31,860

oscilloscope at S4 as far as the

2144

01:31:35,270 --> 01:31:33,480

equipment there yeah

2145

01:31:38,930 --> 01:31:35,280

this is another thing that's gotten so

2146

01:31:40,010 --> 01:31:38,940

Twisted actually who's a UFO writer or

2147

01:31:41,050 --> 01:31:40,020

something

2148

01:31:43,669 --> 01:31:41,060

um

2149

01:31:45,229 --> 01:31:43,679

came to see me in Las Vegas I don't

2150

01:31:48,169 --> 01:31:45,239

remember how long ago it was but after

2151
01:31:50,750 --> 01:31:48,179
the George Knapp thing and um

2152
01:31:52,189 --> 01:31:50,760
he came down with some producers from

2153
01:31:55,790 --> 01:31:52,199
Universal Studios who was going to make

2154
01:31:57,830 --> 01:31:55,800
a movie about his um his book Intruders

2155
01:32:01,189 --> 01:31:57,840
or not Intruders that's anyone else uh

2156
01:32:02,930 --> 01:32:01,199
dementia anyway they came down with him

2157
01:32:04,970 --> 01:32:02,940
and they said well we want to know what

2158
01:32:05,689 --> 01:32:04,980
you think of this and uh

2159
01:32:07,430 --> 01:32:05,699
yeah

2160
01:32:09,530 --> 01:32:07,440
you know just give us your opinion if

2161
01:32:10,790 --> 01:32:09,540
this jobs and I looked at the

2162
01:32:12,709 --> 01:32:10,800
information and he explained it to me

2163
01:32:14,810 --> 01:32:12,719

and I said that has nothing to do with

2164

01:32:17,149 --> 01:32:14,820

the craft that I worked on or any of the

2165

01:32:20,030 --> 01:32:17,159

technology that I was involved in Period

2166

01:32:23,090 --> 01:32:20,040

and uh Jack really didn't appreciate

2167

01:32:24,470 --> 01:32:23,100

that but they asked for my opinion so I

2168

01:32:25,790 --> 01:32:24,480

said and you know as far as the

2169

01:32:26,750 --> 01:32:25,800

conclusions he's drawn I don't agree

2170

01:32:29,090 --> 01:32:26,760

with him I think they're completely

2171

01:32:30,470 --> 01:32:29,100

wrong and so on and so forth so he

2172

01:32:32,570 --> 01:32:30,480

really didn't like me after that point

2173

01:32:34,250 --> 01:32:32,580

so he began to interview me and he said

2174

01:32:36,350 --> 01:32:34,260

well what did you do here and here and I

2175

01:32:38,209 --> 01:32:36,360

went over things and there's one and

2176
01:32:39,770 --> 01:32:38,219
this is on tape I don't see why he would

2177
01:32:41,870 --> 01:32:39,780
even make a fuss about it but he said

2178
01:32:44,030 --> 01:32:41,880
well well what kind of equipment did you

2179
01:32:46,129 --> 01:32:44,040
have to work with and I said a wide

2180
01:32:47,270 --> 01:32:46,139
variety of you know of different things

2181
01:32:48,950 --> 01:32:47,280
and he said well what about at your

2182
01:32:50,930 --> 01:32:48,960
bench what was on your bench I said

2183
01:32:53,149 --> 01:32:50,940
anything you'd find in a normal Tech

2184
01:32:55,310 --> 01:32:53,159
bench I said oscilloscopes dvms things

2185
01:32:56,810 --> 01:32:55,320
like that and he said okay and then you

2186
01:32:58,550 --> 01:32:56,820
know later I heard through the grapevine

2187
01:33:00,350 --> 01:32:58,560
that he's out doing election and Bob

2188
01:33:02,270 --> 01:33:00,360

Lazar so he's back engineered the flying

2189

01:33:05,270 --> 01:33:02,280

saucers with an oscilloscope and a DVM

2190

01:33:08,209 --> 01:33:05,280

and yeah it was on tape and I think a

2191

01:33:09,950 --> 01:33:08,219

lot of that's he's really pretty pissed

2192

01:33:11,209 --> 01:33:09,960

at me for shooting down the movie but I

2193

01:33:13,070 --> 01:33:11,219

had no idea that was going to be the

2194

01:33:15,229 --> 01:33:13,080

effect or else I would have reserved my

2195

01:33:17,770 --> 01:33:15,239

opinion

2196

01:33:20,689 --> 01:33:17,780

just the way it goes

2197

01:33:22,810 --> 01:33:20,699

what was the physical layout of the

2198

01:33:25,250 --> 01:33:22,820

compound where you've worked at like

2199

01:33:27,770 --> 01:33:25,260

could you describe it

2200

01:33:30,290 --> 01:33:27,780

uh it was long it was but up the side on

2201

01:33:32,689 --> 01:33:30,300

the side of the mountain range there and

2202

01:33:34,250 --> 01:33:32,699

all the hangar doors went alongside and

2203

01:33:38,149 --> 01:33:34,260

then there's a long Corridor that goes

2204

01:33:40,250 --> 01:33:38,159

down in back of the hangers uh off that

2205

01:33:42,470 --> 01:33:40,260

car door comes

2206

01:33:45,530 --> 01:33:42,480

uh several rooms only two or three of

2207

01:33:48,169 --> 01:33:45,540

which I've been in the medical area the

2208

01:33:49,370 --> 01:33:48,179

uh lab that I worked in and there's a

2209

01:33:50,870 --> 01:33:49,380

small little room where I write some

2210

01:33:53,030 --> 01:33:50,880

briefing some things along those lines

2211

01:33:55,129 --> 01:33:53,040

but I've been in any of the other rooms

2212

01:33:57,590 --> 01:33:55,139

or know if there are things behind it or

2213

01:33:59,750 --> 01:33:57,600

underneath it so that's that's all I can

2214

01:34:04,430 --> 01:33:59,760

help you with on that

2215

01:34:06,169 --> 01:34:04,440

um last night John Lear said that you

2216

01:34:09,169 --> 01:34:06,179

really didn't believe that there was

2217

01:34:11,149 --> 01:34:09,179

anything unusual going on in those space

2218

01:34:13,010 --> 01:34:11,159

shuttle shots you thought it was ice

2219

01:34:29,649 --> 01:34:13,020

particles you know these ones they've

2220

01:34:32,930 --> 01:34:31,610

unfortunately it would be neat if

2221

01:34:34,790 --> 01:34:32,940

they're applying sausage but if you see

2222

01:34:38,169 --> 01:34:34,800

a bright white flash first that's the

2223

01:34:40,970 --> 01:34:38,179

positioning Thruster firing on the floor

2224

01:34:43,370 --> 01:34:40,980

no it doesn't it normally doesn't do

2225

01:34:45,350 --> 01:34:43,380

that you know they those are station

2226

01:34:47,689 --> 01:34:45,360

keeping thrusters and that it all

2227

01:34:49,250 --> 01:34:47,699

depends if the Thruster is firing in the

2228

01:34:50,689 --> 01:34:49,260

direction of the shuttle keeping its

2229

01:34:52,310 --> 01:34:50,699

forward momentum there'll be no attitude

2230

01:34:53,870 --> 01:34:52,320

change that's only if they're firing a

2231

01:34:56,090 --> 01:34:53,880

pitch rocket will you see a change like

2232

01:34:58,129 --> 01:34:56,100

that and the fact that it flew forward

2233

01:35:00,050 --> 01:34:58,139

means it was firing in the direction of

2234

01:35:01,610 --> 01:35:00,060

the shuttle so those little dots and

2235

01:35:03,290 --> 01:35:01,620

things you see I mean I firmly believe

2236

01:35:04,910 --> 01:35:03,300

because I've seen other things along

2237

01:35:06,169 --> 01:35:04,920

those lines are right on the lens

2238

01:35:08,750 --> 01:35:06,179

they're not on the horizon that's why

2239

01:35:10,129 --> 01:35:08,760

you see a flash there's a delay and then

2240

01:35:11,629 --> 01:35:10,139

particles that are normally floating in

2241

01:35:13,850 --> 01:35:11,639

space you see Dart off like that because

2242

01:35:15,890 --> 01:35:13,860

of the delay time from that and uh you

2243

01:35:18,709 --> 01:35:15,900

know until I see something else that uh

2244

01:35:20,450 --> 01:35:18,719

leads me to believe this I know it it

2245

01:35:21,590 --> 01:35:20,460

looked neat you know like there was a

2246

01:35:23,629 --> 01:35:21,600

flash that's something that came up from

2247

01:35:25,010 --> 01:35:23,639

the ground but if you just watch that

2248

01:35:27,590 --> 01:35:25,020

and think that these are right against

2249

01:35:30,649 --> 01:35:27,600

the lens and that right flash is one of

2250

01:35:31,430 --> 01:35:30,659

the very uh thrusters firing that uh you

2251

01:35:33,530 --> 01:35:31,440

know you'll probably have a different

2252

01:35:35,870 --> 01:35:33,540

opinion of it what about the right angle

2253

01:35:37,550 --> 01:35:35,880

move it's a 45 degree turn which means

2254

01:35:38,870 --> 01:35:37,560

it has to stop it's crazy you're talking

2255

01:35:40,189 --> 01:35:38,880

about little dust particles that are

2256

01:35:41,629 --> 01:35:40,199

moving and then when the thrusts are

2257

01:35:43,129 --> 01:35:41,639

fired you know it doesn't there's

2258

01:35:44,629 --> 01:35:43,139

there's no Mass to them in the reverse

2259

01:35:47,570 --> 01:35:44,639

Direction other particles in the video

2260

01:35:48,950 --> 01:35:47,580

to do the exact same thing well yeah if

2261

01:35:50,750 --> 01:35:48,960

you look at the whole video on that just

2262

01:35:52,790 --> 01:35:50,760

to crop down there's all kinds of junk

2263

01:35:54,470 --> 01:35:52,800

floating around and when that Thruster

2264

01:35:56,330 --> 01:35:54,480

fires there's about a one second delay

2265

01:35:57,950 --> 01:35:56,340

and everything goes flying off exactly

2266

01:35:59,689 --> 01:35:57,960

like you'd expect everything goes flying

2267

01:36:02,030 --> 01:35:59,699

off and drifting except for one item

2268

01:36:03,770 --> 01:36:02,040

that accelerates it like 10 times the

2269

01:36:06,120 --> 01:36:03,780

speed of all the other items in the

2270

01:36:07,430 --> 01:36:06,130

video yeah but there's there's

2271

01:36:09,430 --> 01:36:07,440

[Music]

2272

01:36:11,689 --> 01:36:09,440

a breakdown yeah

2273

01:36:14,990 --> 01:36:11,699

what about when

2274

01:36:18,370 --> 01:36:15,000

talking about the Life coming over the

2275

01:36:22,430 --> 01:36:18,380

horizon of the planet under those layers

2276

01:36:25,430 --> 01:36:22,440

and both of the ionosphere yeah but that

2277

01:36:27,050 --> 01:36:25,440

doesn't it still doesn't make sense it

2278

01:36:29,510 --> 01:36:27,060

doesn't take into account that something

2279

01:36:30,950 --> 01:36:29,520

is right on the camera lens you see the

2280

01:36:33,590 --> 01:36:30,960

tape that you listen to it didn't have

2281

01:36:35,689 --> 01:36:33,600

the last transmission from

2282

01:36:37,370 --> 01:36:35,699

to have them I really don't I don't

2283

01:36:39,110 --> 01:36:37,380

remember no I'm not standing on this

2284

01:36:41,169 --> 01:36:39,120

like it's an absolute fact but from what

2285

01:36:49,550 --> 01:36:41,179

I from what I've seen

2286

01:36:53,810 --> 01:36:51,350

I don't know I mean that's that's my

2287

01:36:55,490 --> 01:36:53,820

opinion and I haven't I haven't seen

2288

01:37:00,310 --> 01:36:55,500

anything to Veer me from it but you know

2289

01:37:00,320 --> 01:37:05,390

I don't know that's all I can say

2290

01:37:09,649 --> 01:37:07,790

earlier do you think physics is taking a

2291

01:37:13,450 --> 01:37:09,659

long term by looking for exchange

2292

01:37:19,310 --> 01:37:15,830

not clear on why you're skeptical about

2293

01:37:21,530 --> 01:37:19,320

the ground about the graviton yeah

2294

01:37:24,590 --> 01:37:21,540

every every other Force seems that they

2295

01:37:26,930 --> 01:37:24,600

have an exchange of Articles no not

2296

01:37:29,990 --> 01:37:26,940

necessarily I mean they make it have one

2297

01:37:31,689 --> 01:37:30,000

but you know as time goes on that that

2298

01:37:34,490 --> 01:37:31,699

really hasn't held true

2299

01:37:35,330 --> 01:37:34,500

uh and you know the bottom line is they

2300

01:37:38,330 --> 01:37:35,340

don't

2301

01:37:40,450 --> 01:37:38,340

believe there's a graviton anymore so

2302

01:37:44,030 --> 01:37:40,460

I'm not the only one

2303

01:37:45,890 --> 01:37:44,040

as far as exchange particles

2304

01:37:47,510 --> 01:37:45,900

you know still

2305

01:37:49,310 --> 01:37:47,520

though some of them like The Zeta

2306

01:37:51,530 --> 01:37:49,320

particle maybe that's

2307

01:37:52,610 --> 01:37:51,540

maybe that's an actual thing but you

2308

01:37:55,070 --> 01:37:52,620

know when they're looking at transfers

2309

01:37:57,169 --> 01:37:55,080

of energy I think these are scapegoats

2310

01:37:58,550 --> 01:37:57,179

you know for the most part and uh you

2311

01:38:01,330 --> 01:37:58,560

know a lot of the experiments that I was

2312

01:38:04,550 --> 01:38:01,340

doing in Los Alamos essentially was

2313

01:38:05,870 --> 01:38:04,560

along the same lines but uh you know

2314

01:38:07,910 --> 01:38:05,880

other exchange particles like the

2315

01:38:09,649 --> 01:38:07,920

Intermediate Vector boson you know I

2316

01:38:11,090 --> 01:38:09,659

don't I don't believe that thing exists

2317

01:38:14,510 --> 01:38:11,100

I really don't I think they're grabbing

2318

01:38:17,149 --> 01:38:14,520

at straws and just go on it with excuses

2319

01:38:19,669 --> 01:38:17,159

did you use or see any any kind of

2320

01:38:21,709 --> 01:38:19,679

drawing mechanical drawing or electrical

2321

01:38:22,990 --> 01:38:21,719

schematics really any kind of

2322

01:38:26,629 --> 01:38:23,000

documentation

2323

01:38:27,950 --> 01:38:26,639

which we don't know uh of what we do

2324

01:38:29,629 --> 01:38:27,960

with the amplifier and Engineering

2325

01:38:40,550 --> 01:38:29,639

layouts and things along those lines and

2326

01:38:50,510 --> 01:38:43,490

is there a difference in I mean the

2327

01:38:54,470 --> 01:38:52,430

well zero gravity is ideally What It

2328

01:39:00,709 --> 01:38:54,480

Wants I don't think it wants in any

2329

01:39:03,910 --> 01:39:02,450

no not really

2330

01:39:07,729 --> 01:39:03,920

but as far as you know

2331

01:39:08,990 --> 01:39:07,739

no no atmosphere you know as of 1989

2332

01:39:11,450 --> 01:39:09,000

when I left

2333

01:39:13,070 --> 01:39:11,460

since it is controlling gravity would it

2334

01:39:14,870 --> 01:39:13,080

be possible if these things could either

2335

01:39:16,729 --> 01:39:14,880

make themselves entirely invisible or

2336

01:39:17,870 --> 01:39:16,739

field of invisibility by bending the

2337

01:39:20,209 --> 01:39:17,880

light around the outside of the ship

2338

01:39:23,149 --> 01:39:20,219

yeah I know that's a byproduct of what's

2339

01:39:26,330 --> 01:39:23,159

going on because you know just as

2340

01:39:28,370 --> 01:39:26,340

any large source of gravity bends light

2341

01:39:35,950 --> 01:39:28,380

any intense Focus Source like that and

2342

01:39:43,030 --> 01:39:38,090

some of the equipment in most of the

2343

01:39:46,790 --> 01:39:45,410

uh no I'm not tested it because I don't

2344

01:39:48,470 --> 01:39:46,800

want the facilities to do that but like

2345

01:39:51,590 --> 01:39:48,480

I mentioned to someone else earlier that

2346

01:39:54,350 --> 01:39:51,600

uh this summer I'll be patenting those

2347

01:39:56,990 --> 01:39:54,360

drawings and that that device itself so

2348

01:39:58,250 --> 01:39:57,000

should anyone decide and all of a sudden

2349

01:40:00,370 --> 01:39:58,260

they discovered it and since they've

2350

01:40:04,990 --> 01:40:00,380

made no claim to it

2351

01:40:10,250 --> 01:40:07,910

you know that's that's really part of

2352

01:40:16,070 --> 01:40:10,260

the Federation The Intergalactic patent

2353

01:40:16,080 --> 01:40:24,169

yeah yeah sure

2354

01:40:30,050 --> 01:40:27,890

how do you build a gravity detector so

2355

01:40:32,090 --> 01:40:30,060

you can determine the frequency

2356

01:40:34,070 --> 01:40:32,100

Source direction of a gravity wave

2357

01:40:34,689 --> 01:40:34,080

planet

2358

01:40:40,129 --> 01:40:34,699

s

2359

01:40:43,430 --> 01:40:40,139

tough thing to make and uh there are

2360

01:40:45,590 --> 01:40:43,440

there they are being made and

2361

01:40:47,689 --> 01:40:45,600

I don't exactly follow what they're

2362

01:40:50,990 --> 01:40:47,699

doing but I know the basis of what it is

2363

01:40:52,729 --> 01:40:51,000

it's a giant drum it's uh 20 or 30 feet

2364

01:40:54,590 --> 01:40:52,739

long and it's filled with dry cleaning

2365

01:40:57,229 --> 01:40:54,600

fluid with carbon tetrachloride in there

2366

01:40:59,030 --> 01:40:57,239

and it rotates and I haven't I never

2367

01:41:02,330 --> 01:40:59,040

paid much attention to it I have no idea

2368

01:41:04,970 --> 01:41:02,340

how that detects a gravity wave but uh

2369

01:41:07,629 --> 01:41:04,980

there's I think Caltech has even funded

2370

01:41:12,070 --> 01:41:07,639

funded one of them

2371

01:41:17,930 --> 01:41:14,629

what is the frequency

2372

01:41:20,990 --> 01:41:17,940

the well the frequency the the actual

2373

01:41:22,550 --> 01:41:21,000

reactor operates at is like 7.46 Hertz

2374

01:41:25,030 --> 01:41:22,560

it's a very low frequency that's the

2375

01:41:31,550 --> 01:41:28,910

that the reactor operates at

2376
01:41:33,649 --> 01:41:31,560
if you use any computer process in the

2377
01:41:37,729 --> 01:41:33,659
Control process in the Control process

2378
01:41:42,410 --> 01:41:37,739
no I wasn't affiliated with that

2379
01:41:52,129 --> 01:41:47,330
spend these massive billions of dollars

2380
01:41:54,890 --> 01:41:52,139
on Space projects that are extended you

2381
01:41:56,930 --> 01:41:54,900
know 20 years into the future when it

2382
01:41:59,570 --> 01:41:56,940
knows it has this technology it would

2383
01:42:00,709 --> 01:41:59,580
make them all out

2384
01:42:02,450 --> 01:42:00,719
thank you

2385
01:42:04,189 --> 01:42:02,460
doesn't want to repeat the question but

2386
01:42:06,530 --> 01:42:04,199
oh I want to know why the government

2387
01:42:08,390 --> 01:42:06,540
would continue to spend millions and

2388
01:42:10,189 --> 01:42:08,400

billions I guess of dollars on Space

2389

01:42:12,470 --> 01:42:10,199

projects when you know they have this

2390

01:42:14,209 --> 01:42:12,480

technology and uh well first of all

2391

01:42:15,709 --> 01:42:14,219

you're assuming that

2392

01:42:17,330 --> 01:42:15,719

you know the whole

2393

01:42:18,890 --> 01:42:17,340

the whole one of the government knows

2394

01:42:19,910 --> 01:42:18,900

what's going on and that's probably not

2395

01:42:21,590 --> 01:42:19,920

the case

2396

01:42:24,830 --> 01:42:21,600

NASA probably isn't aware of what's

2397

01:42:26,209 --> 01:42:24,840

going on here uh second of all just

2398

01:42:28,189 --> 01:42:26,219

because they have the stuff they haven't

2399

01:42:29,930 --> 01:42:28,199

you know they haven't left the Earth

2400

01:42:31,970 --> 01:42:29,940

with it and they won't so we still want

2401

01:42:33,649 --> 01:42:31,980

to send things up in orbit and uh that's

2402

01:42:34,850 --> 01:42:33,659

the most efficient we you know way we

2403

01:42:38,209 --> 01:42:34,860

have of doing it is essentially building

2404

01:42:40,129 --> 01:42:38,219

a big firework to go up there but they

2405

01:42:43,390 --> 01:42:40,139

spent the same money in developing this

2406

01:42:45,830 --> 01:42:43,400

technology or half of it

2407

01:42:46,850 --> 01:42:45,840

not necessarily you know realize all the

2408

01:42:50,390 --> 01:42:46,860

money in the world doesn't get you

2409

01:42:51,590 --> 01:42:50,400

anywhere you know though it helps it uh

2410

01:42:53,149 --> 01:42:51,600

and of course if you want to keep

2411

01:42:54,410 --> 01:42:53,159

something secret you know that's out of

2412

01:42:56,090 --> 01:42:54,420

the question but you know putting that

2413

01:42:57,530 --> 01:42:56,100

aside just dumping you know billions and

2414

01:42:58,970 --> 01:42:57,540

billions of dollars into it sure you're

2415

01:43:00,770 --> 01:42:58,980

going to make big strides and you get

2416

01:43:02,689 --> 01:43:00,780

you know real reasonable people to work

2417

01:43:04,189 --> 01:43:02,699

on the thing but you're still going to

2418

01:43:07,550 --> 01:43:04,199

get stuck

2419

01:43:10,310 --> 01:43:07,560

you know around the area of where uh

2420

01:43:13,149 --> 01:43:10,320

you don't have proper materials or you

2421

01:43:15,470 --> 01:43:13,159

know the techniques required

2422

01:43:24,350 --> 01:43:15,480

you can't manufacture these things and

2423

01:43:24,360 --> 01:43:35,930

just paying the yearly feet of women

2424

01:43:35,940 --> 01:43:39,470

they really uh

2425

01:43:44,450 --> 01:43:42,410

didn't go into much it was they wanted

2426

01:43:47,330 --> 01:43:44,460

to know what we were doing out there and

2427

01:43:48,649 --> 01:43:47,340

they went into well

2428

01:43:50,870 --> 01:43:48,659

you know we reviewed this was secret

2429

01:43:52,970 --> 01:43:50,880

when we said it was secret you know we

2430

01:43:54,470 --> 01:43:52,980

didn't mean bring your friends here and

2431

01:43:56,450 --> 01:43:54,480

you know things along those lines they

2432

01:43:58,010 --> 01:43:56,460

had flown in

2433

01:44:00,050 --> 01:43:58,020

uh

2434

01:44:01,010 --> 01:44:00,060

two of the guards that were on that

2435

01:44:03,169 --> 01:44:01,020

truck

2436

01:44:04,490 --> 01:44:03,179

uh that were watching us

2437

01:44:06,709 --> 01:44:04,500

and

2438

01:44:09,290 --> 01:44:06,719

it was my impression that they didn't

2439

01:44:10,850 --> 01:44:09,300

know what was behind the mountain what

2440

01:44:12,290 --> 01:44:10,860

we were watching they were just told to

2441

01:44:14,390 --> 01:44:12,300

guard what was going on

2442

01:44:16,129 --> 01:44:14,400

I made it a point of bringing up the uh

2443

01:44:18,770 --> 01:44:16,139

you know flying saucers and things of

2444

01:44:19,970 --> 01:44:18,780

that sort and uh that's when they

2445

01:44:22,970 --> 01:44:19,980

threatened me that's when they mentioned

2446

01:44:26,990 --> 01:44:22,980

the thing about my wife

2447

01:44:28,790 --> 01:44:27,000

the way the reactor is operating that uh

2448

01:44:32,390 --> 01:44:28,800

yeah you know the pulses that we

2449

01:44:33,950 --> 01:44:32,400

detected out of it were probably uh you

2450

01:44:35,330 --> 01:44:33,960

know instead of a straight DC power

2451

01:44:37,370 --> 01:44:35,340

supply it was a lot more along the lines

2452

01:44:40,090 --> 01:44:37,380

of a pulse as if uh you know we were

2453

01:44:42,530 --> 01:44:40,100

getting bursts of particles coming out

2454

01:44:44,330 --> 01:44:42,540

in any matter of mission and a reaction

2455

01:44:45,709 --> 01:44:44,340

a pulse of energy and that would repeat

2456

01:44:56,090 --> 01:44:45,719

that's around you know seven and a half

2457

01:44:56,100 --> 01:45:01,129

well as they're one of the same

2458

01:45:05,149 --> 01:45:02,990

gravity is

2459

01:45:06,709 --> 01:45:05,159

unfortunately the physics physics hasn't

2460

01:45:08,030 --> 01:45:06,719

gotten to that heart yet that the

2461

01:45:10,609 --> 01:45:08,040

gravity essentially is part of the

2462

01:45:11,810 --> 01:45:10,619

electromagnetic spectrum what's that is

2463

01:45:13,310 --> 01:45:11,820

what frequency is

2464

01:45:15,770 --> 01:45:13,320

that's something I'm reserving for

2465

01:45:17,750 --> 01:45:15,780

myself something

2466

01:45:19,430 --> 01:45:17,760

something about the microwave well you

2467

01:45:22,310 --> 01:45:19,440

know you can kind of sort of figure it

2468

01:45:26,270 --> 01:45:22,320

out by the dimensions of the uh

2469

01:45:26,280 --> 01:45:31,030

you know

2470

01:45:31,040 --> 01:45:38,109

now it's not Photon okay

2471

01:45:41,510 --> 01:45:40,129

but this is part of the equipment that

2472

01:45:43,910 --> 01:45:41,520

I'm working on and you know I want to

2473

01:45:47,149 --> 01:45:43,920

get it operating before uh well we'll

2474

01:45:49,850 --> 01:45:47,159

find out one day absolutely

2475

01:45:52,010 --> 01:45:49,860

did you ever get any idea through any

2476
01:45:53,990 --> 01:45:52,020
documentation or anything that this kind

2477
01:45:58,070 --> 01:45:54,000
of alien technology is being researched

2478
01:46:02,510 --> 01:45:59,870
you know

2479
01:46:05,149 --> 01:46:02,520
Bob this information at S4 about gravity

2480
01:46:06,109 --> 01:46:05,159
propulsion and so on control Wave

2481
01:46:08,689 --> 01:46:06,119
Control

2482
01:46:10,430 --> 01:46:08,699
what does that do to Endeavors like Kip

2483
01:46:13,430 --> 01:46:10,440
Thorne and Caltech with his ligo wanting

2484
01:46:16,310 --> 01:46:13,440
to spend tens of millions or multiplied

2485
01:46:18,470 --> 01:46:16,320
Millions on this light interferometry

2486
01:46:20,330 --> 01:46:18,480
gravity Observatory I mean doesn't it

2487
01:46:22,070 --> 01:46:20,340
rather mothball that

2488
01:46:25,070 --> 01:46:22,080

it does and that's just another reason

2489

01:46:26,810 --> 01:46:25,080

for people not to you know look at this

2490

01:46:28,609 --> 01:46:26,820

from a realistic point of view because

2491

01:46:31,129 --> 01:46:28,619

it really will shoot down a lot of

2492

01:46:33,830 --> 01:46:31,139

research effort like that exactly

2493

01:46:35,390 --> 01:46:33,840

you know it's it shouldn't it shouldn't

2494

01:46:36,950 --> 01:46:35,400

it's uh

2495

01:46:39,830 --> 01:46:36,960

research like that should go on anyway

2496

01:46:42,669 --> 01:46:39,840

if if or nothing else just to prove that

2497

01:46:45,890 --> 01:46:42,679

it doesn't work you know it's uh

2498

01:46:48,470 --> 01:46:45,900

can I ask a follow-up I'm sorry um can

2499

01:46:50,510 --> 01:46:48,480

you speculate as to how you think they

2500

01:46:54,050 --> 01:46:50,520

found us

2501

01:46:56,149 --> 01:46:54,060

well why they came to us I you can you

2502

01:46:59,649 --> 01:46:56,159

can speculate as well as I can I really

2503

01:47:05,870 --> 01:47:02,629

their technology seem to imply that they

2504

01:47:08,090 --> 01:47:05,880

can focus life anywhere else or

2505

01:47:10,609 --> 01:47:08,100

uh it doesn't seem like just randomly

2506

01:47:12,290 --> 01:47:10,619

flying around the block no but if the

2507

01:47:14,810 --> 01:47:12,300

documentation was correct about genetic

2508

01:47:17,649 --> 01:47:14,820

manipulation they didn't have to find us

2509

01:47:30,669 --> 01:47:19,850

you never just happened to Snoop around

2510

01:47:35,870 --> 01:47:34,129

just got back from Russia and uh

2511

01:47:37,010 --> 01:47:35,880

I spoke with him recently and he

2512

01:47:39,169 --> 01:47:37,020

purchased

2513

01:47:40,550 --> 01:47:39,179

since apparently the whole country's up

2514

01:47:42,109 --> 01:47:40,560

for sale I guess he purchased from the

2515

01:47:44,209 --> 01:47:42,119

KGB and the Russian government all

2516

01:47:46,570 --> 01:47:44,219

information pertaining to Flying Saucer

2517

01:47:49,609 --> 01:47:46,580

so he's got that information

2518

01:47:51,590 --> 01:47:49,619

and I think they're uh his company

2519

01:47:52,970 --> 01:47:51,600

Altamira corporation that financed the

2520

01:47:54,229 --> 01:47:52,980

whole trip in the whole nine yards I

2521

01:47:57,169 --> 01:47:54,239

guess will be releasing that but he's

2522

01:48:01,250 --> 01:47:57,179

got uh all that stuff

2523

01:48:21,189 --> 01:48:01,260

just a couple more I'm really beat

2524

01:48:26,689 --> 01:48:24,649

how much according to that EPA monitor a

2525

01:48:29,930 --> 01:48:26,699

quarter of a mile away we're about four

2526

01:48:35,169 --> 01:48:29,940

times the background posts that were

2527

01:48:39,250 --> 01:48:37,430

during the time I found my thermal

2528

01:48:41,750 --> 01:48:39,260

nuclear bomb debt bank it's really the

2529

01:48:44,390 --> 01:48:41,760

most of the plutonium though it doesn't

2530

01:48:47,209 --> 01:48:44,400

you know all go into Fusion uh or vision

2531

01:48:49,250 --> 01:48:47,219

for that matter it um

2532

01:48:51,229 --> 01:48:49,260

into fishing no hydrogen goes into

2533

01:48:53,689 --> 01:48:51,239

Fusion is really consumed in the

2534

01:48:55,430 --> 01:48:53,699

Fireball and you know the other Fallout

2535

01:48:57,770 --> 01:48:55,440

products the radioactive iodine the

2536

01:48:59,330 --> 01:48:57,780

strontium 90 and things like that those

2537

01:49:00,590 --> 01:48:59,340

are all over the place and they're still

2538

01:49:02,629 --> 01:49:00,600

around

2539

01:49:03,950 --> 01:49:02,639

um but you know time has gone by though

2540

01:49:06,169 --> 01:49:03,960

most of them haven't even reached their

2541

01:49:09,050 --> 01:49:06,179

Half-Life yet but they are diluted in a

2542

01:49:10,609 --> 01:49:09,060

large amount of space and uh you know

2543

01:49:12,470 --> 01:49:10,619

it's relatively

2544

01:49:14,290 --> 01:49:12,480

say it's the concentrations aren't that

2545

01:49:17,590 --> 01:49:14,300

high

2546

01:49:20,629 --> 01:49:17,600

chased out by the guards

2547

01:49:22,870 --> 01:49:20,639

oh that's no problem you know you die of

2548

01:49:25,669 --> 01:49:22,880

something else way before that

2549

01:49:27,770 --> 01:49:25,679

so Bob the cash Landrum saucer they gave

2550

01:49:30,229 --> 01:49:27,780

us off this tremendous radioactive

2551

01:49:32,390 --> 01:49:30,239

radiation and causing these ladies

2552

01:49:34,850 --> 01:49:32,400

irreparable harm how does that fit

2553

01:49:37,129 --> 01:49:34,860

that's obviously not Element 115 gravity

2554

01:49:38,870 --> 01:49:37,139

wave no it's not I think that was I'm

2555

01:49:40,490 --> 01:49:38,880

not even convinced that was a you know

2556

01:49:41,390 --> 01:49:40,500

alien craft that might have been a

2557

01:49:43,790 --> 01:49:41,400

government

2558

01:49:47,390 --> 01:49:43,800

attempt at a nuclear powered craft

2559

01:49:49,310 --> 01:49:47,400

incredibly dirty obviously that uh and

2560

01:49:50,930 --> 01:49:49,320

they you know just looking at some of

2561

01:49:52,729 --> 01:49:50,940

the you know medical photographs the

2562

01:49:54,950 --> 01:49:52,739

burns and their you know the loss of

2563

01:49:58,070 --> 01:49:54,960

hair uh you know it was either Gamma or

2564

01:50:00,229 --> 01:49:58,080

neutral or a neutron radiation and uh

2565

01:50:01,550 --> 01:50:00,239

I don't know what the status is that

2566

01:50:03,410 --> 01:50:01,560

brings up another question our friend

2567

01:50:04,970 --> 01:50:03,420

Jeff who actually saw the saucer up

2568

01:50:07,310 --> 01:50:04,980

close it shot out Adam right at mailbox

2569

01:50:08,930 --> 01:50:07,320

he saw it up close these are we showed

2570

01:50:10,729 --> 01:50:08,940

that earlier by the way anyway he said

2571

01:50:12,410 --> 01:50:10,739

that he got a a sort of a sunburn

2572

01:50:14,450 --> 01:50:12,420

probably from UV it's is it possible

2573

01:50:16,669 --> 01:50:14,460

he's craftive off well maybe burn is

2574

01:50:19,910 --> 01:50:16,679

also uh looks like sunburn uh you know

2575

01:50:21,950 --> 01:50:19,920

uh yeah uh beta particles electrons

2576

01:50:23,629 --> 01:50:21,960

looks exactly like summer so this would

2577

01:50:25,970 --> 01:50:23,639

be the radiation from the craft and the

2578

01:50:28,129 --> 01:50:25,980

excess uh yeah but you know he just was

2579

01:50:30,590 --> 01:50:28,139

going for a blood cell test a uh you

2580

01:50:32,209 --> 01:50:30,600

know a high white cell count well

2581

01:50:34,430 --> 01:50:32,219

you know verify that it was radiation

2582

01:50:36,590 --> 01:50:34,440

exposure because you get that you know

2583

01:50:38,750 --> 01:50:36,600

reflex

2584

01:50:40,370 --> 01:50:38,760

but I know it isn't your first choice to

2585

01:50:41,990 --> 01:50:40,380

make public comparison like this so I

2586

01:50:44,209 --> 01:50:42,000

just want to tell you in case nobody

2587

01:50:45,590 --> 01:50:44,219

else needs a cool enough that we all of

2588

01:50:47,460 --> 01:50:45,600

us really appreciate you coming out

2589

01:50:57,109 --> 01:50:47,470

today

2590

01:50:57,119 --> 01:51:00,109

thank you
