

1

00:00:00,000 --> 00:00:06,000

Tonight on Fact or Fake, Paranormal Files.

2

00:00:06,000 --> 00:00:08,000

I've never seen anything like that before.

3

00:00:08,000 --> 00:00:09,000

Oh, my goodness.

4

00:00:09,000 --> 00:00:11,000

What is he doing?

5

00:00:11,000 --> 00:00:14,000

I have to look up and I saw a little black dot up there.

6

00:00:14,000 --> 00:00:15,000

Unleashed Nightcrawler.

7

00:00:15,000 --> 00:00:17,000

What the heck is happening?

8

00:00:17,000 --> 00:00:18,000

Oh, my God.

9

00:00:18,000 --> 00:00:19,000

Oh, my God.

10

00:00:19,000 --> 00:00:20,000

That's incredible.

11

00:00:20,000 --> 00:00:23,000

Are you seeing anything in the air right now?

12

00:00:23,000 --> 00:00:25,000

Camera 3 just fell over.

13

00:00:25,000 --> 00:00:26,000

We're on the way.

14

00:00:26,000 --> 00:00:28,000

There's definitely something weird going on out here.

15

00:00:28,000 --> 00:00:30,000

You know what? I just heard something.

16

00:00:30,000 --> 00:00:32,000

There's something moving.

17

00:00:32,000 --> 00:00:36,000

I don't want to be worried, but I'm starting to get there.

18

00:00:36,000 --> 00:00:37,000

Oh, my goodness.

19

00:00:37,000 --> 00:00:39,000

There's a flying saucer.

20

00:00:39,000 --> 00:00:41,000

Getting a series of lights right there.

21

00:00:41,000 --> 00:00:44,000

Oh, my God.

22

00:00:44,000 --> 00:00:46,000

What the heck is happening?

23

00:00:58,000 --> 00:01:10,000

Hello, hello.

24

00:01:10,000 --> 00:01:12,000

Hey, Ben. What's going on?

25

00:01:12,000 --> 00:01:13,000

Good.

26

00:01:13,000 --> 00:01:14,000

You guys ready to watch some videos?

27

00:01:14,000 --> 00:01:15,000

Always.

28

00:01:15,000 --> 00:01:16,000

Of course we are.

29

00:01:16,000 --> 00:01:17,000

All right.

30

00:01:17,000 --> 00:01:19,000

Let's start out with what I've got for you today.

31

00:01:19,000 --> 00:01:27,000

For the first time ever, we have two UFOs caught on video crashing into one another.

32

00:01:27,000 --> 00:01:28,000

It happened in Israel.

33

00:01:28,000 --> 00:01:33,000

This guy had seen one UFO splitting into two and sometimes three,

34

00:01:33,000 --> 00:01:41,000

so he decides to take out his video camera, and this is what he captures.

35

00:01:41,000 --> 00:01:43,000

You see this object here?

36

00:01:43,000 --> 00:01:51,000

You'll see something moving from left to right.

37

00:01:51,000 --> 00:01:52,000

Wow.

38

00:01:52,000 --> 00:01:54,000

And then you see kind of a ball.

39

00:01:54,000 --> 00:01:56,000

Definitely an explosion.

40

00:01:56,000 --> 00:02:01,000

It's not necessarily a collision, but these things are just joining again.

41

00:02:01,000 --> 00:02:03,000

That is a possible theory.

42

00:02:03,000 --> 00:02:07,000

You know, lately they've been talking a lot about these kind of organic type UFOs.

43

00:02:07,000 --> 00:02:09,000

It's a process of mitosis.

44

00:02:09,000 --> 00:02:13,000

Cellular division, one cell becomes two, and what's to say that it just wasn't reverse mitosis.

45

00:02:13,000 --> 00:02:17,000

You know, it's in Israel, the Middle East, there's a lot of war going on right there.

46

00:02:17,000 --> 00:02:24,000

Who's to say that this wasn't a plane and that wasn't a missile shooting it down?

47

00:02:24,000 --> 00:02:28,000

Right, because when they collide, there's a big burst of light, and then they go vertically down.

48

00:02:28,000 --> 00:02:31,000

Bradley pulls it down.

49

00:02:31,000 --> 00:02:35,000

Did they go out and look for any debris after the crash?

50

00:02:35,000 --> 00:02:40,000

In fact, they went out the very next day, but investigators found no wreckage whatsoever.

51

00:02:40,000 --> 00:02:43,000

What do you guys think about it being faked or being real?

52

00:02:43,000 --> 00:02:47,000

I'd say it's an actual event that's occurring, so that's a fact, but it would not be in hoaxed.

53

00:02:47,000 --> 00:02:49,000

You think it's worth going out?

54

00:02:49,000 --> 00:02:51,000

I think we should pass with this one. I pass on this one.

55

00:02:51,000 --> 00:02:53,000

What's up with mine?

56

00:02:55,000 --> 00:02:59,000

Okay, guys, this is a ghost case coming all the way from New York.

57

00:02:59,000 --> 00:03:04,000

There was an older woman, her name is Rose Benevuto, and she got into a horrific accident.

58

00:03:04,000 --> 00:03:09,000

She literally walked away from the car accident with no scratches.

59

00:03:09,000 --> 00:03:12,000

Untouched, completely fine.

60

00:03:12,000 --> 00:03:16,000

Later on, there was a photographer, her name is Sharon Bu.

61

00:03:16,000 --> 00:03:18,000

She had taken several pictures of the wreckage.

62

00:03:19,000 --> 00:03:21,000

This is the photograph.

63

00:03:23,000 --> 00:03:25,000

And she... Oh, wow.

64

00:03:25,000 --> 00:03:27,000

She walked away. That's her car.

65

00:03:27,000 --> 00:03:29,000

Unbelievable.

66

00:03:31,000 --> 00:03:35,000

One of the photographs came out very curiously.

67

00:03:35,000 --> 00:03:38,000

There was an image of a figure.

68

00:03:38,000 --> 00:03:42,000

Now, this woman, Rose, swears that this was her guardian angel.

69

00:03:44,000 --> 00:03:47,000

Wow. It looks more angelic.

70

00:03:47,000 --> 00:03:49,000

It does look angelic.

71

00:03:49,000 --> 00:03:51,000

This is shot on film, not digitally.

72

00:03:51,000 --> 00:03:53,000

It's a photograph.

73

00:03:53,000 --> 00:03:57,000

And the odd thing is that it also came out in the negative, which is really hard to fake.

74

00:03:59,000 --> 00:04:01,000

You don't think it could be a refraction of light, though?

75

00:04:01,000 --> 00:04:07,000

I mean, it doesn't necessarily have to be hoaxed, but is there some other reason on why that light coming off like that?

76

00:04:07,000 --> 00:04:10,000

Well, Chilan, you know a bit about photography, right?

77

00:04:10,000 --> 00:04:13,000

Could a light like that actually appear in the negative?

78

00:04:13,000 --> 00:04:14,000

It definitely can.

79

00:04:14,000 --> 00:04:19,000

I mean, a lot of photographers have actually overexposed their negatives to get an effect like that.

80

00:04:19,000 --> 00:04:23,000

You know, I'd almost want to not even investigate and just let myself believe that's what happened.

81

00:04:23,000 --> 00:04:27,000

I feel like I've had guardian angels or powers at be saved my life numerous times,

82

00:04:27,000 --> 00:04:29,000

only I wish I had a photo like that to prove it.

83

00:04:31,000 --> 00:04:34,000

So who thinks we should maybe look at this a little bit later?

84

00:04:34,000 --> 00:04:37,000

I think that we could investigate it a little bit further,

85

00:04:37,000 --> 00:04:40,000

but for now we can set it aside and see what else we have to look at.

86

00:04:40,000 --> 00:04:42,000

Okay, let's move on.

87

00:04:45,000 --> 00:04:47,000

So Bill, tell me about your case today.

88

00:04:47,000 --> 00:04:50,000

Well, this particular video has been making the round to some of the paranormal conferences,

89

00:04:50,000 --> 00:04:52,000

and it's gotten really popular.

90

00:04:52,000 --> 00:04:55,000

This was recorded in Fresno in 2007.

91

00:04:55,000 --> 00:04:57,000

Let me queue it up because I think it speaks for itself.

92

00:04:57,000 --> 00:04:58,000

Okay.

93

00:05:02,000 --> 00:05:05,000

There's a creature coming from the top left of the screen.

94

00:05:05,000 --> 00:05:11,000

I don't know what it is, but it's not like any of the other cryptoids or bigfoot or anything else we've seen before.

95

00:05:12,000 --> 00:05:14,000

Look, you can almost see the little legs at the bottom.

96

00:05:14,000 --> 00:05:15,000

Yeah.

97

00:05:15,000 --> 00:05:18,000

And you can see its shadow as well.

98

00:05:18,000 --> 00:05:19,000

It's very long.

99

00:05:19,000 --> 00:05:21,000

Notice that it has a head.

100

00:05:21,000 --> 00:05:23,000

I've never seen anything like this before.

101

00:05:23,000 --> 00:05:24,000

Me either.

102

00:05:24,000 --> 00:05:26,000

It's really, it's weird.

103

00:05:26,000 --> 00:05:28,000

I don't know what else to call it.

104

00:05:28,000 --> 00:05:30,000

Now, what's this one coming in here?

105

00:05:32,000 --> 00:05:33,000

Oh my goodness!

106

00:05:33,000 --> 00:05:34,000

What is he doing?

107

00:05:34,000 --> 00:05:35,000

What is he doing?

108

00:05:38,000 --> 00:05:42,000

Anatomically speaking, I've never seen anything that looks like either of these figures before.

109

00:05:42,000 --> 00:05:43,000

No.

110

00:05:43,000 --> 00:05:44,000

I've never seen anything like it.

111

00:05:44,000 --> 00:05:45,000

Where was it walking toward?

112

00:05:45,000 --> 00:05:49,000

I don't know where it was walking towards, but, you know, in response to what you're saying too,

113

00:05:49,000 --> 00:05:52,000

I forwarded a copy of this clip to Animal Control in Fresno.

114

00:05:52,000 --> 00:05:56,000

They have never seen anything like this, and nothing else has been reported like it in the area.

115

00:05:56,000 --> 00:06:00,000

The reason why I set up the camera, because there were dogs barking in the area,

116

00:06:00,000 --> 00:06:03,000

and so he thought maybe there was burglars or prowlers coming through.

117

00:06:03,000 --> 00:06:05,000

So he put a surveillance camera up.

118

00:06:05,000 --> 00:06:08,000

When he woke up, he saw it on his camera,

119

00:06:08,000 --> 00:06:13,000

rewound the VHS VCR, and taped it right off the screen.

120

00:06:13,000 --> 00:06:18,000

Now, unfortunately, these surveillance VCRs will re-record over themselves.

121

00:06:18,000 --> 00:06:22,000

So what was recorded on the camcorder is the only footage that exists.

122

00:06:22,000 --> 00:06:26,000

The gentleman who recorded it is now reaching out to the paranormal community for help.

123

00:06:27,000 --> 00:06:28,000

I like it.

124

00:06:28,000 --> 00:06:31,000

I think it's like nothing we've ever done before.

125

00:06:31,000 --> 00:06:33,000

I think this could be a contender for us.

126

00:06:33,000 --> 00:06:36,000

I agree. We've got a very compelling video.

127

00:06:36,000 --> 00:06:37,000

We have a credible witness.

128

00:06:37,000 --> 00:06:44,000

Plus, we've got an actual physical, tangible location we can do a lot of experiments with.

129

00:06:44,000 --> 00:06:47,000

Why don't we see what else we have? Let's keep it on the list of contenders.

130

00:06:47,000 --> 00:06:48,000

Okay.

131

00:06:48,000 --> 00:06:49,000

Austin, I think you got something.

132

00:06:53,000 --> 00:06:55,000

I got in contact with a gentleman named Mark Preston.

133

00:06:55,000 --> 00:06:57,000

He was with his family on 4th of July weekend.

134

00:06:57,000 --> 00:06:59,000

This happened in 2009.

135

00:06:59,000 --> 00:07:01,000

They're in the backyard just having a barbecue.

136

00:07:01,000 --> 00:07:03,000

They look up. They see this object.

137

00:07:03,000 --> 00:07:05,000

Austin, where was this shot?

138

00:07:05,000 --> 00:07:06,000

Lake Havasu, Arizona.

139

00:07:06,000 --> 00:07:08,000

A lot of activity in that area.

140

00:07:08,000 --> 00:07:09,000

Oh, it's been a hotbed of activity.

141

00:07:09,000 --> 00:07:10,000

All right, let's take a look.

142

00:07:12,000 --> 00:07:14,000

Let's see if I can get it on camera.

143

00:07:15,000 --> 00:07:17,000

All right, there it is. I got it on camera.

144

00:07:19,000 --> 00:07:20,000

There's a cloud.

145

00:07:21,000 --> 00:07:23,000

And there's a flying saucer.

146

00:07:23,000 --> 00:07:27,000

It's literally saucer shaped with a disc and then a little globe in the center.

147

00:07:29,000 --> 00:07:31,000

Well, the way it's shining, it looks metallic.

148

00:07:31,000 --> 00:07:32,000

Yeah, it does.

149

00:07:32,000 --> 00:07:36,000

Okay, and one thing I really like about this is I truly feel their reactions are genuine.

150

00:07:36,000 --> 00:07:37,000

They're trying to figure out what it is.

151

00:07:37,000 --> 00:07:41,000

What's interesting to me too is that it looks like it has hard edges.

152

00:07:42,000 --> 00:07:44,000

It's metallic. It's reflecting the sunlight.

153

00:07:44,000 --> 00:07:49,000

It's not often that you get such a sharp image with high reflectivity like this is.

154

00:07:50,000 --> 00:07:52,000

Wow, look at that.

155

00:07:54,000 --> 00:07:55,000

What do you guys think?

156

00:07:55,000 --> 00:07:56,000

You think we have enough to go on on this one?

157

00:07:56,000 --> 00:07:58,000

I think there's a lot to go for there.

158

00:07:58,000 --> 00:08:01,000

I do feel that we have so many things weighing for us in this case.

159

00:08:01,000 --> 00:08:03,000

I would love to go check it out.

160

00:08:03,000 --> 00:08:06,000

I think that we should keep this on the list of contenders.

161

00:08:06,000 --> 00:08:08,000

Well, Cheethan, it's your turn.

162

00:08:11,000 --> 00:08:13,000

All right, so I have a video that was sent in from a family.

163

00:08:13,000 --> 00:08:14,000

They put it online.

164

00:08:14,000 --> 00:08:17,000

It has over four million hits and it's a ghost video.

165

00:08:17,000 --> 00:08:20,000

Now the Underwood family went to Gettysburg, Pennsylvania for a vacation

166

00:08:20,000 --> 00:08:23,000

and they were just hanging out at night and this is what they shot.

167

00:08:23,000 --> 00:08:24,000

Take a look.

168

00:08:24,000 --> 00:08:26,000

He's moved it, right?

169

00:08:29,000 --> 00:08:30,000

Right there.

170

00:08:30,000 --> 00:08:31,000

See?

171

00:08:31,000 --> 00:08:32,000

Look.

172

00:08:35,000 --> 00:08:37,000

Right there on the left.

173

00:08:37,000 --> 00:08:38,000

Are you seeing that as well?

174

00:08:38,000 --> 00:08:39,000

Yeah, yeah, right there.

175

00:08:43,000 --> 00:08:45,000

Gettysburg, Pennsylvania, especially in this area,

176

00:08:45,000 --> 00:08:49,000

this is called Triangular Field and more than 50,000 soldiers died

177

00:08:49,000 --> 00:08:51,000

while going into Civil War here.

178

00:08:51,000 --> 00:08:53,000

So a lot of people actually saw this video

179

00:08:53,000 --> 00:08:56,000

and thought that these are the ghosts of the soldiers.

180

00:08:56,000 --> 00:09:00,000

The shadow figure or ghost is following the same trajectory every time.

181

00:09:00,000 --> 00:09:02,000

It's that same movement, same place.

182

00:09:02,000 --> 00:09:03,000

It just keeps moving right there.

183

00:09:03,000 --> 00:09:05,000

Exactly, it is the same movement.

184

00:09:05,000 --> 00:09:07,000

If it was a free spirit or whatever you would call it,

185

00:09:07,000 --> 00:09:10,000

you wouldn't just keep seeing it doing this in the exact same position.

186

00:09:10,000 --> 00:09:14,000

It kind of looked like lights to me, like sort of headlights

187

00:09:14,000 --> 00:09:17,000

and there are some paved roads out there for tourists to drive on.

188

00:09:17,000 --> 00:09:19,000

So how does everyone feel about this case?

189

00:09:19,000 --> 00:09:22,000

Is there enough there that we can try and replicate it

190

00:09:22,000 --> 00:09:23,000

or do we need more information?

191

00:09:23,000 --> 00:09:26,000

It's not at the top of my list, but I would consider it maybe later.

192

00:09:26,000 --> 00:09:28,000

Yeah, I agree with Austin.

193

00:09:28,000 --> 00:09:30,000

Well, if it's not at the top of our list right now,

194

00:09:30,000 --> 00:09:33,000

which cases that we've seen today do you think make the top three?

195

00:09:35,000 --> 00:09:37,000

I really like night crawlers.

196

00:09:38,000 --> 00:09:40,000

I'm really liking Havasu.

197

00:09:41,000 --> 00:09:44,000

I think you guys know which one I like, the ghost car angel.

198

00:09:44,000 --> 00:09:48,000

It's a very compelling story, however, I'm a little worried

199

00:09:48,000 --> 00:09:50,000

that there's not much there to investigate.

200

00:09:50,000 --> 00:09:52,000

Yeah, all we have is a picture.

201

00:09:52,000 --> 00:09:53,000

We don't have any video to go by.

202

00:09:53,000 --> 00:09:55,000

I like Havasu too.

203

00:09:55,000 --> 00:09:56,000

Havasu sounds like fun.

204

00:09:56,000 --> 00:09:58,000

It seems like we can do some really good stuff out there.

205

00:09:58,000 --> 00:10:01,000

Could I witness good video?

206

00:10:01,000 --> 00:10:03,000

Fresno and Havasu is what I'm hearing.

207

00:10:03,000 --> 00:10:05,000

I think we have our two cases.

208

00:10:06,000 --> 00:10:11,000

Bill, what do you say that you take Larry and Gael with you to Fresno?

209

00:10:11,000 --> 00:10:12,000

Night crawlers.

210

00:10:12,000 --> 00:10:16,000

All right, and I will go with Austin and Shilan and we'll go to Havasu.

211

00:10:16,000 --> 00:10:17,000

Okay?

212

00:10:17,000 --> 00:10:18,000

Okay, great.

213

00:10:18,000 --> 00:10:19,000

All right.

214

00:10:29,000 --> 00:10:32,000

Coming up on Fact or Faked Paranormal Files.

215

00:10:32,000 --> 00:10:33,000

I need to find out something.

216

00:10:33,000 --> 00:10:34,000

He heard his dogs barking.

217

00:10:34,000 --> 00:10:35,000

He came out.

218

00:10:35,000 --> 00:10:37,000

That's when he saw the two beings.

219

00:10:37,000 --> 00:10:38,000

There's something moving.

220

00:10:38,000 --> 00:10:39,000

There's more than one.

221

00:10:39,000 --> 00:10:41,000

I see it right there, right above the cloud line.

222

00:10:41,000 --> 00:10:43,000

You catch a shimmering back and forth.

223

00:10:51,000 --> 00:10:54,000

This particular video has been making the rounds of the paranormal conferences.

224

00:10:54,000 --> 00:10:57,000

I got in contact with a gentleman named Mark Preston.

225

00:10:57,000 --> 00:10:58,000

He was with his family.

226

00:10:58,000 --> 00:10:59,000

They see this object.

227

00:10:59,000 --> 00:11:01,000

I think we have our two cases.

228

00:11:03,000 --> 00:11:10,000

We're on the way to Fresno now to meet Jose, who was the witness that recorded the night crawlers in his yard.

229

00:11:10,000 --> 00:11:17,000

We're fortunate that we have Gael with us because she speaks fluent Spanish and Jose speaks very little English.

230

00:11:17,000 --> 00:11:19,000

She's going to be our translator.

231

00:11:28,000 --> 00:11:29,000

See.

232

00:11:29,000 --> 00:11:31,000

Much gusto, Larry.

233

00:11:31,000 --> 00:11:32,000

Much gusto.

234

00:11:32,000 --> 00:11:33,000

Gracias, Gael.

235

00:11:33,000 --> 00:11:36,000

Gracias por invitarnos a su casa.

236

00:11:36,000 --> 00:11:38,000

Gracias a ustedes por venir.

237

00:11:38,000 --> 00:11:42,000

Nos puede explicar qué pasó exactamente aquí, por favor.

238

00:11:42,000 --> 00:11:44,000

Sí, pero como las 12.

239

00:11:44,000 --> 00:11:46,000

It was about 12 a.m. when it happened.

240

00:11:46,000 --> 00:11:48,000

Estaban los perros ladrando y yo salí para pasar.

241

00:11:48,000 --> 00:11:50,000

He heard his dogs barking.

242

00:11:50,000 --> 00:11:53,000

He came out to look at the area and scan.

243

00:11:53,000 --> 00:11:54,000

Pero yo sé para atrás.

244

00:11:54,000 --> 00:11:55,000

He didn't see anything.

245

00:11:55,000 --> 00:11:58,000

He ran back inside.

246

00:11:59,000 --> 00:12:02,000

That's when he saw the two beings on the video.

247

00:12:04,000 --> 00:12:08,000

Can he show us where he thinks they may have entered and exited the yard?

248

00:12:08,000 --> 00:12:13,000

Yo pensé que entraron desde ahí por aquí, como a esta dirección.

249

00:12:13,000 --> 00:12:14,000

Por aquí.

250

00:12:14,000 --> 00:12:16,000

So the gate was closed.

251

00:12:16,000 --> 00:12:18,000

Okay, the gate was closed.

252

00:12:18,000 --> 00:12:20,000

Wow, that's very, very thin.

253

00:12:20,000 --> 00:12:21,000

Yeah.

254

00:12:22,000 --> 00:12:25,000

Se mira que entra por la reja, o no?

255

00:12:25,000 --> 00:12:26,000

No.

256

00:12:26,000 --> 00:12:28,000

You can't see it actually come through.

257

00:12:28,000 --> 00:12:30,000

It's too dark.

258

00:12:30,000 --> 00:12:33,000

Well, we're going to try to help in any way we can.

259

00:12:33,000 --> 00:12:34,000

Perfecto.

260

00:12:34,000 --> 00:12:35,000

Gracias, ¿pueso?

261

00:12:35,000 --> 00:12:36,000

A ustedes.

262

00:12:38,000 --> 00:12:42,000

If it is a host, I have no idea how he created it.

263

00:12:42,000 --> 00:12:44,000

And that's what we're going to try to simulate tonight.

264

00:12:47,000 --> 00:12:50,000

We're going to put our own camera up in the corner where it originally was

265

00:12:50,000 --> 00:12:52,000

and try to recreate the video.

266

00:12:57,000 --> 00:13:00,000

I've got all the important landmarks on this front yard

267

00:13:00,000 --> 00:13:03,000

are hitting just about the spots they are on the original video.

268

00:13:07,000 --> 00:13:11,000

One of the most popular theories about the Nightcrawler case is that it was a hoax.

269

00:13:11,000 --> 00:13:15,000

A lot of people believe that maybe it was a kid dressed like one of these creatures.

270

00:13:15,000 --> 00:13:19,000

In order to put this theory to rest, we're going to do just that.

271

00:13:20,000 --> 00:13:22,000

I've enlisted the help of a neighborhood child.

272

00:13:22,000 --> 00:13:25,000

We're going to dress him up like a Nightcrawler.

273

00:13:25,000 --> 00:13:29,000

And have him walk across the lawn in the same path that the creature did.

274

00:13:33,000 --> 00:13:37,000

We're marking the path that we observed the figure in the video move.

275

00:13:37,000 --> 00:13:38,000

So we'll walk here.

276

00:13:38,000 --> 00:13:40,000

From here in this path.

277

00:13:40,000 --> 00:13:41,000

Yeah, that looks really good.

278

00:13:41,000 --> 00:13:44,000

And I want you to kick out your feet like this.

279

00:13:45,000 --> 00:13:46,000

Perfect.

280

00:13:46,000 --> 00:13:50,000

There's no way that a small child like that's going to be able to walk a perfect beeline

281

00:13:50,000 --> 00:13:52,000

like this creature is.

282

00:13:52,000 --> 00:13:54,000

You ready, Dominic?

283

00:13:56,000 --> 00:13:59,000

Initially, the aliens walk.

284

00:14:02,000 --> 00:14:04,000

Okay, there he is.

285

00:14:10,000 --> 00:14:15,000

What we're seeing here with Dominic is not where we're seeing over here in Jose's video.

286

00:14:15,000 --> 00:14:19,000

This is obviously a person and I don't know what that is, but that's not a child.

287

00:14:25,000 --> 00:14:26,000

You did a great job.

288

00:14:26,000 --> 00:14:28,000

Thank you very much.

289

00:14:28,000 --> 00:14:30,000

Let's move on to a new experiment.

290

00:14:30,000 --> 00:14:32,000

This time something more mechanical.

291

00:14:34,000 --> 00:14:36,000

I've got a mechanical Nightcrawler.

292

00:14:37,000 --> 00:14:41,000

What I've done here is connected a couple of turntables to some electric motors.

293

00:14:41,000 --> 00:14:45,000

This will spin this way and the leg will come up and then it sort of drops back.

294

00:14:45,000 --> 00:14:46,000

Good job, Phil.

295

00:14:46,000 --> 00:14:47,000

Thank you.

296

00:14:48,000 --> 00:14:55,000

The idea is that if there's a puppet that perhaps it was moved across the yard with like a pulley system.

297

00:14:55,000 --> 00:14:57,000

We're going to put it on the rig.

298

00:14:57,000 --> 00:15:03,000

We're going to pull the puppet across the yard and hopefully we'll have more success with this experiment than we did with the first one.

299

00:15:03,000 --> 00:15:05,000

This is looking pretty taut.

300

00:15:06,000 --> 00:15:07,000

This looks really good.

301

00:15:07,000 --> 00:15:11,000

Yeah, once we have it in motion, that's the real test here.

302

00:15:11,000 --> 00:15:16,000

I'm going to go ahead and power up Nightcrawler.

303

00:15:19,000 --> 00:15:22,000

And we are ready to set go whenever you are.

304

00:15:23,000 --> 00:15:24,000

And I'm going to begin to pull.

305

00:15:25,000 --> 00:15:26,000

All right.

306

00:15:30,000 --> 00:15:32,000

Well, it's moving easy enough.

307

00:15:34,000 --> 00:15:35,000

Oh my gosh, look at that thing.

308

00:15:37,000 --> 00:15:38,000

It's just so awesome.

309

00:15:38,000 --> 00:15:41,000

It's just so wobbly.

310

00:15:41,000 --> 00:15:49,000

It definitely has a sloppy motion compared to that graceful movement, the gate.

311

00:15:51,000 --> 00:15:52,000

How did that look?

312

00:15:52,000 --> 00:15:54,000

I don't think we've got our Nightcrawler.

313

00:15:56,000 --> 00:15:57,000

What didn't match?

314

00:15:57,000 --> 00:16:03,000

Did not have the same motion that the creature in Jose's video had.

315

00:16:03,000 --> 00:16:07,000

Okay, let's set back up and perhaps put a cover on it and see how that works.

316

00:16:07,000 --> 00:16:09,000

Copy that. Let's give it a shot.

317

00:16:11,000 --> 00:16:15,000

In the case of the second creature, it's got almost like a covering on its body.

318

00:16:17,000 --> 00:16:18,000

So I've got this.

319

00:16:19,000 --> 00:16:20,000

I'm going to put it over its head.

320

00:16:20,000 --> 00:16:23,000

I'm interested to see how it's going to look once we put a sheet over it.

321

00:16:23,000 --> 00:16:24,000

And you won't see those legs.

322

00:16:24,000 --> 00:16:26,000

You won't see that head.

323

00:16:26,000 --> 00:16:28,000

If you guys are ready, I'm going to go ahead and power it up.

324

00:16:28,000 --> 00:16:30,000

Copy that. We're ready to go.

325

00:16:34,000 --> 00:16:36,000

Okay, the legs are in motion. I'm going to begin the pulley.

326

00:16:45,000 --> 00:16:47,000

I think we've upgraded quite a bit.

327

00:16:47,000 --> 00:16:51,000

I mean, look at the fabric and how it's blowing on the legs.

328

00:16:51,000 --> 00:16:52,000

Yes.

329

00:16:52,000 --> 00:16:54,000

It's similar to the original video.

330

00:16:56,000 --> 00:17:01,000

It's still swaying and really inconsistent in the way it's moving.

331

00:17:02,000 --> 00:17:04,000

Hey guys, how'd that look?

332

00:17:04,000 --> 00:17:06,000

That's actually a lot better.

333

00:17:06,000 --> 00:17:11,000

The only thing that's not matching up is just that there's this side to side sway

334

00:17:11,000 --> 00:17:15,000

that the creature in the video we saw did not have.

335

00:17:18,000 --> 00:17:23,000

What I could do is actually just take it off that cable, off the pulley system.

336

00:17:23,000 --> 00:17:27,000

I attached that puppet to a stick and walk it across very carefully, the lawn.

337

00:17:27,000 --> 00:17:30,000

I think that will solve our stability issue.

338

00:17:30,000 --> 00:17:34,000

And we have access to great editing software back at the office.

339

00:17:34,000 --> 00:17:37,000

I could easily remove myself from this video and...

340

00:17:37,000 --> 00:17:39,000

And it'll be like you were never there.

341

00:17:39,000 --> 00:17:40,000

Exactly.

342

00:17:40,000 --> 00:17:41,000

I think that's a great idea.

343

00:17:45,000 --> 00:17:48,000

You're in position. Go ahead and start walking across the yard.

344

00:17:54,000 --> 00:17:57,000

It's still kind of rocking. This way it's pivoting when it touches the ground.

345

00:17:58,000 --> 00:18:00,000

It's still too difficult, Bill.

346

00:18:02,000 --> 00:18:06,000

I don't think that this is a puppet that we're seeing in Jose's video.

347

00:18:06,000 --> 00:18:09,000

I don't think we'll know for certain until we get it into the edit room

348

00:18:09,000 --> 00:18:12,000

and try to remove Larry from the video.

349

00:18:13,000 --> 00:18:18,000

I say we try and find out if maybe this could be something that's alive that's living in this area.

350

00:18:20,000 --> 00:18:22,000

Something's unexplainable in this video.

351

00:18:22,000 --> 00:18:27,000

And if it wasn't a hoax, it's quite possible these creatures may be nearby.

352

00:18:27,000 --> 00:18:30,000

Just north of here is an expansive watered area.

353

00:18:30,000 --> 00:18:32,000

We're going to pack up and head over there now.

354

00:18:43,000 --> 00:18:46,000

Maybe this could be something that's alive that's living in this area.

355

00:18:46,000 --> 00:18:49,000

Just north of here is an expansive watered area.

356

00:18:49,000 --> 00:18:52,000

It's quite possible these creatures may be nearby.

357

00:19:05,000 --> 00:19:09,000

Why don't you go ahead and make a horseshoe shape with the cameras around this plateau we're on.

358

00:19:09,000 --> 00:19:12,000

We can get one over here, two, three and four.

359

00:19:14,000 --> 00:19:16,000

Sounds good. I'll get started with the first one.

360

00:19:17,000 --> 00:19:22,000

Another box of tape here, I got two more boxes of tape here so we're set up for hours.

361

00:19:24,000 --> 00:19:26,000

Do you see my camera set up yet?

362

00:19:27,000 --> 00:19:29,000

We can't see anything on our end.

363

00:19:29,000 --> 00:19:34,000

We're trying to hook up the other power source, apparently the one we had up has some problems.

364

00:19:43,000 --> 00:19:44,000

I'm going to try.

365

00:19:44,000 --> 00:19:46,000

Can you read me?

366

00:19:47,000 --> 00:19:48,000

Copy that.

367

00:19:48,000 --> 00:19:50,000

I'm going to need a new battery for the walkie actually.

368

00:19:54,000 --> 00:19:56,000

There's some weird stuff going on tonight.

369

00:19:57,000 --> 00:20:00,000

I went through two walkie batteries in ten minutes.

370

00:20:00,000 --> 00:20:03,000

We have a battery that usually feeds all our cameras.

371

00:20:03,000 --> 00:20:07,000

That didn't turn on. I mean there's definitely something weird going on out here.

372

00:20:09,000 --> 00:20:11,000

Alright it's up and ready to go.

373

00:20:11,000 --> 00:20:16,000

This area shouldn't have anything that's going to be interfering with our gear, at least not that I know of.

374

00:20:17,000 --> 00:20:22,000

We're going to see if there's a source we haven't documented that's causing all of our equipment to fail.

375

00:20:22,000 --> 00:20:29,000

We're going to do an EMF sweep and try to get baseline readings and if there's very conduit that we don't know about that's not documented

376

00:20:29,000 --> 00:20:33,000

then we're going to use the metal detector to see if we can pick up that pipe.

377

00:20:33,000 --> 00:20:34,000

We'll see you in a bit.

378

00:20:34,000 --> 00:20:35,000

Alright.

379

00:20:42,000 --> 00:20:44,000

Here it is.

380

00:20:49,000 --> 00:20:52,000

Still no change in the meter reading.

381

00:20:52,000 --> 00:20:56,000

We're still looking at the perimeter and still investigating the tree line.

382

00:20:58,000 --> 00:20:59,000

You know what's kind of odd?

383

00:20:59,000 --> 00:21:00,000

What?

384

00:21:00,000 --> 00:21:01,000

My metal detector went out.

385

00:21:02,000 --> 00:21:03,000

It went out?

386

00:21:03,000 --> 00:21:05,000

Yeah. This had a new battery in it.

387

00:21:05,000 --> 00:21:06,000

Are you serious?

388

00:21:06,000 --> 00:21:08,000

Yeah. Yeah. This thing's out now too.

389

00:21:11,000 --> 00:21:16,000

My walkie talkie died. The IRM out of this won't power up and now my metal detector won't work.

390

00:21:18,000 --> 00:21:21,000

Something in this area is definitely causing electronics to fail.

391

00:21:21,000 --> 00:21:23,000

I don't know what it is.

392

00:21:23,000 --> 00:21:28,000

Maybe it's the creatures in the area that Jose reported that's somehow causing our equipment to malfunction.

393

00:21:30,000 --> 00:21:31,000

Anything on here?

394

00:21:32,000 --> 00:21:35,000

Still no spikes, no change in the reading.

395

00:21:36,000 --> 00:21:40,000

Did you guys hear that?

396

00:21:41,000 --> 00:21:42,000

I do hear that.

397

00:21:43,000 --> 00:21:45,000

Lara, do you hear that? It's like a hype.

398

00:21:49,000 --> 00:21:51,000

Let's go, let's go over there.

399

00:21:51,000 --> 00:21:52,000

Run.

400

00:22:04,000 --> 00:22:06,000

Hey guys, do you happen to be next to Camera 4?

401

00:22:06,000 --> 00:22:09,000

No, why? What's the issue with Camera 4?

402

00:22:10,000 --> 00:22:11,000

Camera 4 just went out.

403

00:22:13,000 --> 00:22:17,000

I'm not sure why I didn't know if maybe you guys were close to it and maybe bumped the cord or something.

404

00:22:19,000 --> 00:22:20,000

You know what?

405

00:22:20,000 --> 00:22:23,000

I think we should be looking for something that's organic.

406

00:22:23,000 --> 00:22:28,000

We should break out the thermal camera and we should see if we can spot something that's alive and moving.

407

00:22:29,000 --> 00:22:33,000

It just came back. I'm not sure if it's something that's touching it.

408

00:22:33,000 --> 00:22:36,000

I can't see anything with it right now.

409

00:22:36,000 --> 00:22:38,000

I didn't see anything before it went out.

410

00:22:38,000 --> 00:22:40,000

So I'm not sure what it is.

411

00:22:43,000 --> 00:22:44,000

Here's your thermal imager.

412

00:22:44,000 --> 00:22:45,000

Okay.

413

00:22:45,000 --> 00:22:46,000

Great.

414

00:22:47,000 --> 00:22:50,000

Monitor 4 just went out again.

415

00:22:52,000 --> 00:22:53,000

Again?

416

00:22:53,000 --> 00:22:54,000

Yeah, I just went out right now.

417

00:22:54,000 --> 00:22:55,000

Camera 4 just went out again.

418

00:22:55,000 --> 00:22:57,000

You know what? I'm just heading out there right now.

419

00:22:57,000 --> 00:22:59,000

Yeah, keep me up to date with the radio.

420

00:23:01,000 --> 00:23:03,000

Alright, that's really interesting.

421

00:23:06,000 --> 00:23:08,000

We were all here.

422

00:23:10,000 --> 00:23:13,000

I mean they were right here and for some reason Camera 4 just went out.

423

00:23:13,000 --> 00:23:15,000

Okay, there it is.

424

00:23:19,000 --> 00:23:21,000

I'm not seeing anything out of the ordinary.

425

00:23:24,000 --> 00:23:26,000

Something just fell in front of our camera.

426

00:23:26,000 --> 00:23:29,000

Camera 3 just fell over completely.

427

00:23:29,000 --> 00:23:31,000

You say by 3 now?

428

00:23:31,000 --> 00:23:34,000

Yeah, our whole Camera 3 just fell over.

429

00:23:37,000 --> 00:23:38,000

We're on the way.

430

00:23:38,000 --> 00:23:40,000

What the heck is happening?

431

00:23:40,000 --> 00:23:43,000

I don't see anything but Camera 3 is down.

432

00:23:49,000 --> 00:23:53,000

I don't want to be worried, but I'm starting to get there.

433

00:23:55,000 --> 00:23:58,000

You know what? I just heard something on the trees beyond it.

434

00:23:58,000 --> 00:24:00,000

So, Lauer, how much of you can see it?

435

00:24:01,000 --> 00:24:03,000

There's something at that tree line over there.

436

00:24:03,000 --> 00:24:05,000

I see you. I see where you're pointing.

437

00:24:05,000 --> 00:24:07,000

I don't see anything.

438

00:24:11,000 --> 00:24:13,000

There's something moving through those trees over there.

439

00:24:20,000 --> 00:24:22,000

There's something moving. There's something moving, Bill.

440

00:24:22,000 --> 00:24:24,000

Look. Look. Look.

441

00:24:24,000 --> 00:24:26,000

Actually, it's more than one. It's more than one.

442

00:24:35,000 --> 00:24:36,000

Here's your thermal imager.

443

00:24:36,000 --> 00:24:37,000

Great.

444

00:24:37,000 --> 00:24:39,000

There's something moving through those trees over there.

445

00:24:40,000 --> 00:24:42,000

Actually, it's more than one.

446

00:24:52,000 --> 00:24:54,000

It's more than one.

447

00:24:58,000 --> 00:25:01,000

It looks like it's moving somewhere from the tree.

448

00:25:01,000 --> 00:25:03,000

You know what it looks like.

449

00:25:07,000 --> 00:25:09,000

They're gone.

450

00:25:09,000 --> 00:25:11,000

They're gone.

451

00:25:13,000 --> 00:25:15,000

I'm going to head over there.

452

00:25:26,000 --> 00:25:28,000

This is where they must have gone.

453

00:25:29,000 --> 00:25:31,000

Look at this.

454

00:25:32,000 --> 00:25:35,000

Something has been walking this path, and it's going right to the water hole.

455

00:25:35,000 --> 00:25:37,000

There was some sort of disturbance.

456

00:25:37,000 --> 00:25:40,000

It looks like it's, you know, like something was treading through here.

457

00:25:44,000 --> 00:25:46,000

It's close to 5 a.m. at this point.

458

00:25:46,000 --> 00:25:48,000

We've been here all night.

459

00:25:48,000 --> 00:25:50,000

I'm not quite sure what else we could do.

460

00:25:50,000 --> 00:25:52,000

Well, I mean, I'm with you.

461

00:25:52,000 --> 00:25:55,000

I don't know if we can accomplish anything else while we're out here.

462

00:25:55,000 --> 00:25:57,000

I think we should take the evidence we've gathered so far,

463

00:25:57,000 --> 00:25:59,000

and we should pack it up for the night.

464

00:26:05,000 --> 00:26:07,000

My gosh, you guys were out there forever.

465

00:26:07,000 --> 00:26:09,000

Well, a lot was going on.

466

00:26:09,000 --> 00:26:12,000

Yo, I know. I could see it. I could hear it. I could feel it.

467

00:26:12,000 --> 00:26:14,000

There was so much that was going on just right here.

468

00:26:14,000 --> 00:26:17,000

I can't even imagine what was going on out there with you guys.

469

00:26:17,000 --> 00:26:19,000

It felt like we were the ones being torred with,

470

00:26:19,000 --> 00:26:22,000

and we were the ones that were being targeted,

471

00:26:22,000 --> 00:26:24,000

not the other way around.

472

00:26:24,000 --> 00:26:26,000

There was definitely some movement back there,

473

00:26:26,000 --> 00:26:28,000

so we have a lot of tape to review.

474

00:26:28,000 --> 00:26:29,000

I say we pack up and go.

475

00:26:29,000 --> 00:26:30,000

Most definitely. Let's get out of here.

476

00:26:30,000 --> 00:26:32,000

Agreed.

477

00:26:35,000 --> 00:26:37,000

Long trip, huh?

478

00:26:37,000 --> 00:26:38,000

Yeah.

479

00:26:38,000 --> 00:26:40,000

So Fresno team, tell me about your investigation.

480

00:26:40,000 --> 00:26:42,000

I started off with a really good witness interview,

481

00:26:42,000 --> 00:26:43,000

Jose, the homeowner.

482

00:26:43,000 --> 00:26:45,000

Did Jose seem like an incredible witness to you?

483

00:26:45,000 --> 00:26:47,000

Most certainly. He was a great witness.

484

00:26:47,000 --> 00:26:50,000

I was able to run voice analysis on this interview,

485

00:26:50,000 --> 00:26:52,000

and I want you guys to see the results.

486

00:26:52,000 --> 00:26:53,000

Ben, if you could cue that up for me.

487

00:26:53,000 --> 00:26:54,000

All right.

488

00:27:01,000 --> 00:27:03,000

All right, he says he heard his dogs barking.

489

00:27:03,000 --> 00:27:06,000

He went, looked out his window, didn't see anything.

490

00:27:06,000 --> 00:27:09,000

This whole interview is just full of truth.

491

00:27:09,000 --> 00:27:12,000

There is some stress. There is excitement through this interview,

492

00:27:12,000 --> 00:27:16,000

but as we were interviewing him, he was literally shaking.

493

00:27:16,000 --> 00:27:20,000

What he thinks he saw, he doesn't know what it is,

494

00:27:20,000 --> 00:27:22,000

and it does scare him to death.

495

00:27:23,000 --> 00:27:26,000

So you don't think that this could have been a hoax at all?

496

00:27:26,000 --> 00:27:28,000

If it was, he wasn't in on it.

497

00:27:28,000 --> 00:27:30,000

Well, if it's not paranormal and it is a hoax,

498

00:27:30,000 --> 00:27:33,000

then somebody must have pulled it on Jose.

499

00:27:33,000 --> 00:27:35,000

So we put that to the test,

500

00:27:35,000 --> 00:27:36,000

and we came up with a couple of ideas

501

00:27:36,000 --> 00:27:38,000

on how we could replicate the video.

502

00:27:38,000 --> 00:27:40,000

So one of them, the simplest one,

503

00:27:40,000 --> 00:27:43,000

was that it was just simply a child walking across the yard.

504

00:27:43,000 --> 00:27:47,000

And even though we found a kid that was about the right height,

505

00:27:47,000 --> 00:27:49,000

it was just simply too big.

506

00:27:50,000 --> 00:27:53,000

So next was like, maybe it was a puppet.

507

00:27:53,000 --> 00:27:55,000

So we built a mechanized puppet,

508

00:27:55,000 --> 00:27:59,000

and we moved it on a pulley system across the yard.

509

00:27:59,000 --> 00:28:02,000

The problem with using the pulley system

510

00:28:02,000 --> 00:28:04,000

is that the puppet tended to sort of bounce

511

00:28:04,000 --> 00:28:06,000

because of the length of the rope.

512

00:28:06,000 --> 00:28:10,000

Then we moved on to, well, maybe Larry can sort of walk

513

00:28:10,000 --> 00:28:13,000

the mechanized puppet across the yard on a pole.

514

00:28:13,000 --> 00:28:17,000

So we did that, and then I removed Larry's image in the Yedda Bay.

515

00:28:24,000 --> 00:28:27,000

As you can see, despite our best efforts,

516

00:28:27,000 --> 00:28:29,000

we really weren't able to replicate the video.

517

00:28:29,000 --> 00:28:31,000

And after we tried all three experiments,

518

00:28:31,000 --> 00:28:33,000

and we still couldn't get an answer,

519

00:28:33,000 --> 00:28:35,000

we decided to do a night investigation,

520

00:28:35,000 --> 00:28:38,000

and that's when things really started to get strange.

521

00:28:38,000 --> 00:28:41,000

Within an hour, my walkie batteries died,

522

00:28:41,000 --> 00:28:43,000

and then our camera started to go out.

523

00:28:43,000 --> 00:28:45,000

We had our thermal camera with us,

524

00:28:45,000 --> 00:28:49,000

and we turned it on, and here's what we got on camera.

525

00:28:49,000 --> 00:28:51,000

Once we saw these in the thermal camera,

526

00:28:51,000 --> 00:28:53,000

we realized we're looking at two creatures.

527

00:28:53,000 --> 00:28:54,000

Maybe they were deer.

528

00:28:54,000 --> 00:28:56,000

We did follow them as far as we could.

529

00:28:56,000 --> 00:28:59,000

It ended up leading to a small natural lake,

530

00:28:59,000 --> 00:29:01,000

and that's where we lost sight of them.

531

00:29:01,000 --> 00:29:03,000

It could be some sort of indigenous creature

532

00:29:03,000 --> 00:29:05,000

that we still haven't discovered.

533

00:29:05,000 --> 00:29:09,000

Based on the apparent truthfulness of our witness, Jose,

534

00:29:09,000 --> 00:29:13,000

and based on the fact we have something on our mind,

535

00:29:13,000 --> 00:29:15,000

we found a little bit of a mystery.

536

00:29:15,000 --> 00:29:17,000

We found a little bit of a mystery.

537

00:29:17,000 --> 00:29:21,000

In fact, we have something unidentified moving out there.

538

00:29:21,000 --> 00:29:24,000

We can't say right now that we know this was faked.

539

00:29:24,000 --> 00:29:27,000

You weren't able to prove the video was hoaxed,

540

00:29:27,000 --> 00:29:30,000

so I say this is unexplainable.

541

00:29:30,000 --> 00:29:31,000

Great job, guys.

542

00:29:36,000 --> 00:29:38,000

Tell us about Havasu.

543

00:29:38,000 --> 00:29:40,000

Well, as you know,

544

00:29:40,000 --> 00:29:43,000

Chilan and Austin and I went to Lake Havasu

545

00:29:43,000 --> 00:29:45,000

after watching Mark Preston's footage

546

00:29:45,000 --> 00:29:48,000

of a flying saucer that was filmed over his house

547

00:29:48,000 --> 00:29:50,000

July 4th of 2009.

548

00:29:52,000 --> 00:29:56,000

And Mr. Preston was very perplexed at what he saw.

549

00:29:56,000 --> 00:29:59,000

So it went out to Havasu, and this is what happened.

550

00:30:06,000 --> 00:30:07,000

This lake is beautiful.

551

00:30:07,000 --> 00:30:09,000

You know, it's also one of the number one locations

552

00:30:09,000 --> 00:30:11,000

for UFO sightings in all of Arizona.

553

00:30:15,000 --> 00:30:18,000

There were eight sightings that were recorded in 2008.

554

00:30:18,000 --> 00:30:21,000

In 2009, there were 22 sightings.

555

00:30:21,000 --> 00:30:23,000

That's a triple jump right there, numbers.

556

00:30:34,000 --> 00:30:36,000

How you doing? I'm Ben.

557

00:30:36,000 --> 00:30:37,000

Nice to meet you.

558

00:30:37,000 --> 00:30:40,000

We'd like to check out, you know, where you shot this thing.

559

00:30:41,000 --> 00:30:44,000

What were you guys doing before you started filming?

560

00:30:44,000 --> 00:30:47,000

Kind of take us through exactly what was going on that afternoon.

561

00:30:47,000 --> 00:30:49,000

We were just getting rid of barbecue back here,

562

00:30:49,000 --> 00:30:52,000

just kind of chatting, and I happened to look up at the sky,

563

00:30:52,000 --> 00:30:55,000

and I saw a little black dot up there in the clouds.

564

00:30:57,000 --> 00:30:59,000

Kind of afraid to say the word flying saucer,

565

00:30:59,000 --> 00:31:01,000

because it was like a perfect one, I'm thinking.

566

00:31:03,000 --> 00:31:05,000

We were seeing the same thing.

567

00:31:05,000 --> 00:31:08,000

So it was kind of, is that really what we're seeing?

568

00:31:08,000 --> 00:31:10,000

What part of the sky did you first see it?

569

00:31:10,000 --> 00:31:12,000

It was just probably straight up there,

570

00:31:12,000 --> 00:31:14,000

probably about 4,000 feet up through the telephone wires.

571

00:31:20,000 --> 00:31:22,000

And where did you last see it?

572

00:31:22,000 --> 00:31:26,000

About 20 minutes later, it was up around up in the front of the house.

573

00:31:26,000 --> 00:31:28,000

It had gone all the way around by the mountains

574

00:31:28,000 --> 00:31:31,000

and was probably up about 6,000 feet, I'd say.

575

00:31:31,000 --> 00:31:33,000

And that's when you see the commercial jet flying over.

576

00:31:35,000 --> 00:31:37,000

There goes a jet right by it.

577

00:31:38,000 --> 00:31:40,000

This is the camera that I used on it.

578

00:31:40,000 --> 00:31:43,000

I think it's okay if I take that camera and conduct some experiments.

579

00:31:47,000 --> 00:31:50,000

I think we could set up the glass right about here.

580

00:31:50,000 --> 00:31:51,000

Perfect.

581

00:31:51,000 --> 00:31:54,000

Even though I believe Mark and his family are telling the truth,

582

00:31:54,000 --> 00:31:57,000

we have to fulfill our due diligence and look at this from all angles.

583

00:31:59,000 --> 00:32:01,000

Our first experiment is going to be a reflection test.

584

00:32:01,000 --> 00:32:04,000

What we're doing right now is we have the frame built.

585

00:32:04,000 --> 00:32:07,000

I'm glad you guys are doing this because I barely passed wood shop.

586

00:32:09,000 --> 00:32:14,000

We need to angle it so that we are perpendicular right to where he was looking out.

587

00:32:15,000 --> 00:32:18,000

What we're going to do is take an object similar to the UFO

588

00:32:18,000 --> 00:32:20,000

and try to reflect it off of a pane of glass.

589

00:32:22,000 --> 00:32:23,000

Just set it down on the lip.

590

00:32:23,000 --> 00:32:24,000

Perfect.

591

00:32:24,000 --> 00:32:25,000

That's it.

592

00:32:25,000 --> 00:32:26,000

There it is.

593

00:32:26,000 --> 00:32:30,000

What we're going to do with the shadow box is put this flying saucer in the middle of it

594

00:32:30,000 --> 00:32:34,000

and then take a search light to shine against the saucer,

595

00:32:34,000 --> 00:32:36,000

which will reflect back towards the pane of glass.

596

00:32:36,000 --> 00:32:40,000

We're taking Mark's exact camera here, the one that he used.

597

00:32:43,000 --> 00:32:44,000

Do you see that?

598

00:32:45,000 --> 00:32:46,000

Grab it.

599

00:32:46,000 --> 00:32:47,000

Can you record that?

600

00:32:49,000 --> 00:32:50,000

I see it right there.

601

00:32:50,000 --> 00:32:52,000

Right above the cloud line.

602

00:32:53,000 --> 00:32:55,000

You can see the cloud line that's right above it.

603

00:32:55,000 --> 00:32:57,000

You catch a shimmering back and forth.

604

00:32:57,000 --> 00:32:58,000

Where are you guys seeing it?

605

00:32:58,000 --> 00:32:59,000

See the long cloud?

606

00:32:59,000 --> 00:33:01,000

The plane where it looks like a tabletop right above it.

607

00:33:01,000 --> 00:33:02,000

It's going real small.

608

00:33:02,000 --> 00:33:03,000

You can barely see it.

609

00:33:03,000 --> 00:33:04,000

It's floating away.

610

00:33:07,000 --> 00:33:16,000

I saw a little black dot up there in the cloud.

611

00:33:16,000 --> 00:33:17,000

I see it right there.

612

00:33:17,000 --> 00:33:19,000

Right above the cloud line.

613

00:33:19,000 --> 00:33:20,000

Where are you guys seeing it?

614

00:33:24,000 --> 00:33:27,000

While setting up our experiment, and as we're looking up in the sky,

615

00:33:27,000 --> 00:33:29,000

I just caught an object floating.

616

00:33:29,000 --> 00:33:31,000

Can't really tell exactly what it is.

617

00:33:31,000 --> 00:33:33,000

I'm not seeing anything.

618

00:33:33,000 --> 00:33:34,000

You zoomed it in?

619

00:33:34,000 --> 00:33:35,000

Yeah.

620

00:33:35,000 --> 00:33:36,000

I'm going to find it.

621

00:33:36,000 --> 00:33:37,000

Zoom it up as close as possible.

622

00:33:38,000 --> 00:33:40,000

Oh, I'm almost losing it.

623

00:33:40,000 --> 00:33:41,000

Describe what it was.

624

00:33:41,000 --> 00:33:42,000

It was white.

625

00:33:42,000 --> 00:33:44,000

It looked like it was just floating with the wind projections.

626

00:33:44,000 --> 00:33:47,000

It honestly looked like what it was doing, just being pulled along.

627

00:33:47,000 --> 00:33:49,000

It was almost like a square shape,

628

00:33:49,000 --> 00:33:51,000

and it just kind of came up along the ridgeline of the clouds

629

00:33:51,000 --> 00:33:54,000

and just took off and kind of disappeared fairly quickly.

630

00:33:54,000 --> 00:33:57,000

Let's keep our eyes open and let's get back to finishing this.

631

00:33:57,000 --> 00:33:58,000

Yeah, definitely.

632

00:34:01,000 --> 00:34:04,000

So we're using the actual camera that Mark Preston used

633

00:34:04,000 --> 00:34:06,000

to film this object.

634

00:34:07,000 --> 00:34:09,000

We're trying to replicate it as best as we can.

635

00:34:09,000 --> 00:34:11,000

We have this pane glass window.

636

00:34:11,000 --> 00:34:14,000

We're going to take our UFO object,

637

00:34:14,000 --> 00:34:15,000

hang it in the middle here,

638

00:34:15,000 --> 00:34:17,000

and shine a light towards the object,

639

00:34:17,000 --> 00:34:20,000

which will in turn reflect it back towards the window.

640

00:34:21,000 --> 00:34:23,000

So why don't you bring in the object?

641

00:34:23,000 --> 00:34:24,000

Start back here.

642

00:34:24,000 --> 00:34:25,000

Start bringing it up.

643

00:34:25,000 --> 00:34:27,000

I will hit it with this.

644

00:34:27,000 --> 00:34:29,000

Now, I am not actually on camera.

645

00:34:29,000 --> 00:34:33,000

I'm not seeing anything of any type of reflection yet.

646

00:34:34,000 --> 00:34:36,000

I don't think that it's dark enough,

647

00:34:36,000 --> 00:34:38,000

or these lights are strong enough.

648

00:34:39,000 --> 00:34:42,000

The only time you see it is as soon as you get it into the sunlight.

649

00:34:44,000 --> 00:34:49,000

In the actual video, you can tell that the object is straight solid.

650

00:34:50,000 --> 00:34:52,000

This is so transparent.

651

00:34:52,000 --> 00:34:54,000

We're not able to make it look solid,

652

00:34:54,000 --> 00:34:55,000

nor anything like the video.

653

00:34:55,000 --> 00:34:59,000

When the Preston shot this video, they actually saw that UFO.

654

00:34:59,000 --> 00:35:00,000

It doesn't mean it was a UFO.

655

00:35:00,000 --> 00:35:01,000

It still could have been a balloon,

656

00:35:01,000 --> 00:35:03,000

or an object just floating in the sky,

657

00:35:03,000 --> 00:35:04,000

for all we know as of right now,

658

00:35:04,000 --> 00:35:06,000

but I do definitely agree it was not this.

659

00:35:08,000 --> 00:35:10,000

It is very apparent we are dealing with the UFO.

660

00:35:11,000 --> 00:35:14,000

It's either an extraterrestrial unidentified flying object,

661

00:35:14,000 --> 00:35:16,000

or an unbelievably fake object.

662

00:35:17,000 --> 00:35:19,000

The most important thing I grabbed out of this

663

00:35:19,000 --> 00:35:21,000

is the fact that I truly believe the Preston's now.

664

00:35:21,000 --> 00:35:23,000

It was not a hoax coming from their end.

665

00:35:23,000 --> 00:35:25,000

It could have still been a hoax from somebody else,

666

00:35:25,000 --> 00:35:28,000

possibly a balloon, or something in the sky.

667

00:35:28,000 --> 00:35:30,000

We are going to do a couple more experiments

668

00:35:30,000 --> 00:35:32,000

to see if there was another possible explanation.

669

00:35:33,000 --> 00:35:37,000

If this was a hoax, it had to be launched from somewhere down by the lake.

670

00:35:37,000 --> 00:35:38,000

So I say we go down there,

671

00:35:38,000 --> 00:35:40,000

and we've launched something up in there for ourselves.

672

00:35:40,000 --> 00:35:42,000

It looks like where the Preston saw the UFO

673

00:35:42,000 --> 00:35:46,000

is on the southern end of the Havasu State Park.

674

00:35:46,000 --> 00:35:48,000

And it's actually a safe area

675

00:35:48,000 --> 00:35:50,000

where we can launch something into the sky as well.

676

00:35:50,000 --> 00:35:51,000

I'll stay back here with Mark's camera,

677

00:35:51,000 --> 00:35:54,000

and I'll try to set something up that looks similar

678

00:35:54,000 --> 00:35:55,000

to how he was filming.

679

00:35:55,000 --> 00:35:58,000

And we'll try to get the thing up between one and 3,000 feet.

680

00:35:58,000 --> 00:35:59,000

Are we ready to go?

681

00:35:59,000 --> 00:36:00,000

Yeah.

682

00:36:00,000 --> 00:36:01,000

All right.

683

00:36:03,000 --> 00:36:08,000

We secured an open parking lot,

684

00:36:08,000 --> 00:36:12,000

which is right below where the actual sightings were seen.

685

00:36:12,000 --> 00:36:14,000

We're going to set up a big balloon.

686

00:36:14,000 --> 00:36:15,000

We're going to launch it off in the sky

687

00:36:15,000 --> 00:36:18,000

to see if we can simulate the actual event that occurred.

688

00:36:18,000 --> 00:36:21,000

So we can hook up this balloon to a, hopefully,

689

00:36:21,000 --> 00:36:24,000

heavy enough object so we don't float away.

690

00:36:24,000 --> 00:36:30,000

Now, these balloons are really easily found on the Internet.

691

00:36:30,000 --> 00:36:37,000

These aren't very expensive, just a couple hundred dollars.

692

00:36:37,000 --> 00:36:38,000

Hey, Ben.

693

00:36:38,000 --> 00:36:39,000

We're really excited over here.

694

00:36:39,000 --> 00:36:41,000

This balloon is getting airborne.

695

00:36:41,000 --> 00:36:42,000

Excellent.

696

00:36:42,000 --> 00:36:45,000

Let me know when you've got the balloon to a sufficient height

697

00:36:45,000 --> 00:36:49,000

so I can start looking for it.

698

00:36:49,000 --> 00:36:53,000

The wind down here, how this UFO balloon is already pulling,

699

00:36:53,000 --> 00:36:56,000

it's going to go crazy up there.

700

00:36:56,000 --> 00:36:57,000

Hey, Chee-Lan.

701

00:36:57,000 --> 00:37:00,000

The wind is really starting to pick up up here.

702

00:37:00,000 --> 00:37:01,000

How is it down where you guys are?

703

00:37:01,000 --> 00:37:05,000

I'm getting a reading of five to ten miles an hour of wind down here.

704

00:37:05,000 --> 00:37:10,000

Didn't Mr. Preston say that that was what the conditions were on his day?

705

00:37:10,000 --> 00:37:11,000

I believe that's true.

706

00:37:11,000 --> 00:37:14,000

We're working on the situation with this plane overhead.

707

00:37:14,000 --> 00:37:16,000

That could be a problem.

708

00:37:16,000 --> 00:37:25,000

We've got to get ahold of somebody at the airport to alert the banner to our,

709

00:37:25,000 --> 00:37:31,000

who's up ahead over our area because we obviously don't want him to run into a UFO

710

00:37:31,000 --> 00:37:34,000

he didn't expect to be there.

711

00:37:34,000 --> 00:37:38,000

I just wanted to make sure that someone who's manning the Unicom radios

712

00:37:38,000 --> 00:37:45,000

can advise this banner toer that we're going to be working probably right in his altitude.

713

00:37:45,000 --> 00:37:48,000

I just called the Lake Havasu City Airport.

714

00:37:48,000 --> 00:37:51,000

It doesn't look like we're going to be able to get that plane to move.

715

00:37:51,000 --> 00:37:55,000

So we can't launch the balloon as high as we originally wanted.

716

00:37:55,000 --> 00:37:58,000

We can still put it up in the air too, we get.

717

00:38:02,000 --> 00:38:05,000

One, two, three.

718

00:38:07,000 --> 00:38:08,000

Whoa, alright.

719

00:38:08,000 --> 00:38:09,000

Alright, that was good though.

720

00:38:09,000 --> 00:38:10,000

That was good. I wanted to take off.

721

00:38:10,000 --> 00:38:13,000

Well, you can tell that the wind is blowing this down

722

00:38:13,000 --> 00:38:17,000

and because it is so huge it's twenty feet and the wind is pushing it down.

723

00:38:17,000 --> 00:38:19,000

You know what? Why don't we go ahead and get the rope set up

724

00:38:19,000 --> 00:38:22,000

so we can actually let it see how high we can get this thing going.

725

00:38:22,000 --> 00:38:26,000

We added tether to the car so we can make sure it's inflated and it's going to take flight.

726

00:38:26,000 --> 00:38:30,000

Now that we know it wants to take off, we're going to go ahead and attach a thousand foot nylon

rope to it

727

00:38:30,000 --> 00:38:32,000

to see how we can get it up in the sky.

728

00:38:34,000 --> 00:38:35,000

Jelon for Ben?

729

00:38:36,000 --> 00:38:37,000

Yes, go ahead Jelon.

730

00:38:37,000 --> 00:38:39,000

Ben, we're going to launch the balloon right now.

731

00:38:39,000 --> 00:38:42,000

Copy that. I will begin rolling.

732

00:38:43,000 --> 00:38:48,000

Let it go, Austin.

733

00:38:48,000 --> 00:38:52,000

Oh my god, that's incredible.

734

00:38:52,000 --> 00:38:53,000

It is going.

735

00:38:53,000 --> 00:38:54,000

It looks so great.

736

00:38:54,000 --> 00:38:57,000

It's flying so far above that and I love the movement.

737

00:38:57,000 --> 00:39:02,000

It looks just like the video that Mark Preston shot.

738

00:39:03,000 --> 00:39:05,000

The way that it's floating and turning.

739

00:39:07,000 --> 00:39:09,000

Benny, you catching anything right now?

740

00:39:13,000 --> 00:39:16,000

I see something.

741

00:39:19,000 --> 00:39:21,000

We have the object in sight.

742

00:39:23,000 --> 00:39:29,000

Now using Mark Preston's camera, I'm at full zoom and it looks almost exactly about the same size

743

00:39:29,000 --> 00:39:31,000

he was looking at when he was at full zoom.

744

00:39:33,000 --> 00:39:37,000

I'm quite impressed that the reflection of the surface is really similar to the video.

745

00:39:37,000 --> 00:39:42,000

It almost looks like I'm looking at a solid rigid metallic surface.

746

00:39:44,000 --> 00:39:45,000

Hey guys.

747

00:39:45,000 --> 00:39:46,000

Hey you.

748

00:39:46,000 --> 00:39:47,000

This is how to look from your side.

749

00:39:47,000 --> 00:39:48,000

It was pretty good.

750

00:39:48,000 --> 00:39:49,000

Yeah.

751

00:39:49,000 --> 00:39:50,000

I mean it was really good.

752

00:39:50,000 --> 00:39:55,000

From where I was, I set it up as the original video and it looked like it had the same reflectivity.

753

00:39:55,000 --> 00:39:59,000

It was getting kind of the same tumbling as the original object.

754

00:39:59,000 --> 00:40:04,000

It wasn't as rigid as the other object, but I think we're getting really close.

755

00:40:05,000 --> 00:40:12,000

Our balloon experiment was pretty convincing, but we still need to find a witness who saw that it was a UFO and saw that it was a balloon.

756

00:40:13,000 --> 00:40:20,000

Lake Havasu during July 4th weekend, there are tens of thousands of visitors, so there had to be at least one witness who also saw the UFO.

757

00:40:20,000 --> 00:40:25,000

So Austin and I are going to canvas the area and Ben's going to go ahead and call some city departments.

758

00:40:25,000 --> 00:40:29,000

Hopefully between both of our efforts, we will find something out.

759

00:40:29,000 --> 00:40:32,000

A family in Lake Havasu actually saw a flying saucer in the area.

760

00:40:32,000 --> 00:40:34,000

Did you see anything like that last year?

761

00:40:34,000 --> 00:40:35,000

I didn't know.

762

00:40:35,000 --> 00:40:36,000

No, I mean no.

763

00:40:36,000 --> 00:40:37,000

No?

764

00:40:38,000 --> 00:40:40,000

Works and recreation.

765

00:40:40,000 --> 00:40:46,000

Yes, I was calling about an incident that happened July 4th of 2009.

766

00:40:46,000 --> 00:40:50,000

I was wondering if anyone had reported seeing a UFO type object.

767

00:40:50,000 --> 00:40:54,000

We've got a ranger here who said that he had seen something like that.

768

00:40:54,000 --> 00:40:55,000

That's great.

769

00:40:55,000 --> 00:40:57,000

Can I talk to someone about it?

770

00:41:00,000 --> 00:41:01,000

Oh, no.

771

00:41:05,000 --> 00:41:07,000

It looks just like the video.

772

00:41:07,000 --> 00:41:11,000

I was wondering if anyone had reported seeing a UFO type object.

773

00:41:11,000 --> 00:41:15,000

We've got a ranger here who said that he had seen something like that.

774

00:41:18,000 --> 00:41:20,000

It was actually a very successful investigation.

775

00:41:20,000 --> 00:41:22,000

We got to try some experiments.

776

00:41:22,000 --> 00:41:24,000

The first one did not go so well.

777

00:41:24,000 --> 00:41:26,000

It just showed up transparent.

778

00:41:27,000 --> 00:41:30,000

It just wasn't giving us any results we wanted.

779

00:41:30,000 --> 00:41:32,000

Experiment number two went a lot better.

780

00:41:32,000 --> 00:41:36,000

We hoisted this balloon that was huge, 20 feet in diameter, into the sky.

781

00:41:38,000 --> 00:41:41,000

Our flying saucer balloon experiment was very convincing.

782

00:41:41,000 --> 00:41:44,000

And its movement almost matched the original Preston footage.

783

00:41:44,000 --> 00:41:49,000

But it was Ben's last discovery that really pushed our investigation over the top.

784

00:41:49,000 --> 00:41:53,000

I called the Lake Havasu State Park Rangers office

785

00:41:53,000 --> 00:41:56,000

and got a hold of ranger Mike Stigler.

786

00:41:56,000 --> 00:41:58,000

Just watch what happened.

787

00:41:58,000 --> 00:42:01,000

I was out at our maintenance building doing some paperwork.

788

00:42:01,000 --> 00:42:02,000

And I heard over the radio,

789

00:42:02,000 --> 00:42:04,000

hey, we have a UFO sighting in Lot 4.

790

00:42:04,000 --> 00:42:07,000

So I went outside and I looked towards Lot 4.

791

00:42:07,000 --> 00:42:10,000

And I probably looked up probably about 1,000, 1,500 feet.

792

00:42:10,000 --> 00:42:18,000

I saw what appeared to be a silver-grey UFO 1950 sci-fi shaped balloon floating in the air.

793

00:42:18,000 --> 00:42:21,000

What? Oh my God.

794

00:42:21,000 --> 00:42:26,000

Officer Mike Stigler actually saw the balloon shortly after it took off.

795

00:42:26,000 --> 00:42:30,000

He watched it go up. He watched it over the course of several minutes.

796

00:42:30,000 --> 00:42:35,000

The family that recorded this, they didn't even bother to call authorities maybe to see what it was.

797

00:42:35,000 --> 00:42:37,000

Maybe an explanation for it.

798

00:42:37,000 --> 00:42:39,000

Well, I think they were as puzzled as anyone else.

799

00:42:39,000 --> 00:42:42,000

They wanted to know if other people had seen it, but not everyone thinks to call.

800

00:42:42,000 --> 00:42:46,000

They even said during the video they're like, is it a UFO?

801

00:42:46,000 --> 00:42:49,000

Is it a motorized vehicle? Someone's flying remotely? Or is it a balloon?

802

00:42:49,000 --> 00:42:52,000

They had no idea. Did the ranger have any idea where the balloon may have come from?

803

00:42:52,000 --> 00:42:54,000

As a matter of fact, he did.

804

00:42:54,000 --> 00:42:57,000

I talked to some of the other rangers and they gave me information.

805

00:42:57,000 --> 00:43:02,000

They were also filming a movie out here at that time and it was possible it was from one of their vendors during the filming.

806

00:43:02,000 --> 00:43:05,000

You went and watched this video online, correct? Correct.

807

00:43:05,000 --> 00:43:09,000

That video, is there any question in your mind that that was a different object?

808

00:43:09,000 --> 00:43:12,000

Nope, that was exactly what I observed.

809

00:43:12,000 --> 00:43:14,000

What do you guys think?

810

00:43:14,000 --> 00:43:17,000

I think the answer is pretty obvious. Fake.

811

00:43:17,000 --> 00:43:19,000

This is not a UFO.

812

00:43:19,000 --> 00:43:23,000

Nothing extraterrestrial about it. Just an extra expensive balloon.

813

00:43:23,000 --> 00:43:26,000

This is not a UFO. It's now identified.
