Whitley Strieber is the author of over forty works of both fiction and nonfiction. His books The Wolfen, The Hunger, Communion, and The Coming Global Superstorm (as The Day After Tomorrow) were all made into feature films. It led to the writing of the epic bestseller Communion that changed the way the world thinks about this enigmatic experience. When he eventually realized that the experience could not be attributed to known factors, he began making an effort to recontact what he calls “the visitors.” The response has been ongoing for the past thirty years, and has been chronicled in Communion, Transformation, Majestic, and now A New World. Many people have encountered the visitors with Whitley, placing it among the most witnessed paranormal events in history. His website, unknowncountry.com, is among the largest in the world dealing with paranormal phenomena and his podcast, Dreamland, has been produced weekly for twenty years. 2020 09 22	FADE TO BLACK Radio	https://youtu.be/w4oIWIKis7s	Ep. 1300 FADE to BLACK Jimmy Church w Seth Breedlove and his new film The Mothman Legacy	Tonight, Director Seth Breedlove joins us for a very special evening and the announcement for the premiere of his new film: The Mothman Legacy. The Mothman Legacy is the story of one of the most frightening American urban myths, the legend of The Mothman, a red-eyed creature seen by some as a harbinger of doom in 1960s rural West Virginia, where sightings of the winged demonic beast were first documented near an old munitions dump known by locals as TNT. Many believe the Mothman to be a 1960's phenomenon, an omen only appearing before tragedy, and disappearing after a flap of sightings and the subsequent Silver Bridge collapse in 1967. But what if there's more? What if the origins of this omen trace back much further and go much deeper than anyone realized? And what if…the sightings never ended? Seth Breedlove is an Ohio filmmaker. He has written, edited, produced and directed shorts and features about a variety of topics but is best known for his production company and the films they've produced under the Small Town Monsters banner. Before film, Breedlove wrote for a number of websites, newspapers and magazines and learned some of the skills he employs as a director while working as a reporter. Breedlove has also appeared on numerous television and radio programs. Air date: September 22, 2020	Transcript Link

Eric was awakened after an intense energetic activation in 2012 when he became aware of the energetic implantation and parasitic construct, by direct observation. The experience led him on a journey to self discovery. This, coupled with ample real world practice, allowed him to gain a deep understanding of this invasive system, how to promote self protection through daily practices, and how to remove these false constructs from himself and others. Eric currently implements energetic tools ranging from parasite/implant removal, meridian clearing/balancing, crystalline organ rejuvenation, theta healing, soul fragment retrieval, remote lymphatic work, and GoldenLight energy work. Physical based practices such as Quantum Pause Breathing, Reverse Breathing, self lymphatic massage, Cycle Stretching, Chi Kung (Qigong), and meditation are also used. Eric considers it his duty, his life's purpose, to share this information with the world, to free all of humanity from the ravages of this system and to help create a world filled with Love, community and light. Dr. Schoch revealed to the world that mankind's history is greater and older than previously believed.
