17

00:02:32,920 --> 00:02:30,560

at the college st. Michael in Freiburg

18

00:02:35,199 --> 00:02:32,930

where he already as a student he

19

00:02:38,800 --> 00:02:35,209

occupied his time with the study of the

20

00:02:42,100 --> 00:02:38,810

ancient holy writings while managing

21

00:02:44,590 --> 00:02:42,110

director of a Swiss 5-star hotel he

22

00:02:48,910 --> 00:02:44,600

wrote his first book called Chariots of

23

00:02:50,800 --> 00:02:48,920

the Gods changed the world which was an

24

00:02:53,770 --> 00:02:50,810

immediate bestseller in the United

25

00:02:56,320 --> 00:02:53,780

States Germany and later in 38 other

26
00:02:58,660 --> 00:02:56,330
countries in the United States Erich von

27
00:03:00,310 --> 00:02:58,670
däniken one instant fame as a result of

28
00:03:03,040 --> 00:03:00,320
the television special in search of

29
00:03:05,830 --> 00:03:03,050
ancient astronauts based upon his first

30
00:03:09,520 --> 00:03:05,840
book in 1993 the German television

31
00:03:12,280 --> 00:03:09,530
station stat1 started a twenty five part

32
00:03:15,040 --> 00:03:12,290
TV series with and by Erich von däniken

33
00:03:18,430 --> 00:03:15,050
entitled pathways of the gods

34
00:03:21,220 --> 00:03:18,440
in 1996 the American TV company ABC

35
00:03:23,380 --> 00:03:21,230
produced a one-hour special filmed all

36
00:03:26,199 --> 00:03:23,390
over the world entitled Chariots of the

37
00:03:28,420 --> 00:03:26,209
Gods the mysteries continue this film

38
00:03:32,800 --> 00:03:28,430

was broadcast on ABC network on

39
00:03:35,229 --> 00:03:32,810
September 26 1996 in 1997 ABC produced

40
00:03:37,720 --> 00:03:35,239
another documentary with von Daniken

41
00:03:41,140 --> 00:03:37,730
seen on the Discovery Channel and then

42
00:03:44,610 --> 00:03:41,150
in Germany the biggest TV network RTL

43
00:03:47,620 --> 00:03:44,620
showed the film on November 26 1996

44
00:03:49,640 --> 00:03:47,630
seven point seven million viewers in

45
00:03:52,460 --> 00:03:49,650
Germany alone watched the

46
00:03:56,030 --> 00:03:52,470
program today Erich von däniken

47
00:03:58,039 --> 00:03:56,040
continues his filming with ABC and RTL I

48
00:04:01,970 --> 00:03:58,049
would like to welcome to the program

49
00:04:04,729 --> 00:04:01,980
very humbly live from Switzerland mr.

50
00:04:07,520 --> 00:04:04,739
Erich von däniken Eric are you with us

51
00:04:09,259 --> 00:04:07,530
sir of course I am with you I'm sitting

52
00:04:11,149 --> 00:04:09,269
in Switzerland in the Swiss mountains

53
00:04:14,000 --> 00:04:11,159
and at the moment it's cold and frozen

54
00:04:18,499 --> 00:04:14,010
it doesn't look like summer does the

55
00:04:21,710 --> 00:04:18,509
snow ever go away in Switzerland not at

56
00:04:23,930 --> 00:04:21,720
the Alps but which is higher than 3000

57
00:04:27,560 --> 00:04:23,940
meters there are the glaciers they are

58
00:04:29,779 --> 00:04:27,570
still there it just does it does it ever

59
00:04:33,020 --> 00:04:29,789
would you ever put on shorts you don't

60
00:04:35,510 --> 00:04:33,030
do you it's it's yes we do when when we

61
00:04:38,390 --> 00:04:35,520
have a real summer but the last summer

62
00:04:40,189 --> 00:04:38,400
and this summer at least until today is

63
00:04:44,540 --> 00:04:40,199

not a ring somewhere it's cold

64

00:04:50,710 --> 00:04:44,550

so so much for global warming as they

65

00:04:52,969 --> 00:04:50,720

say right now a couple of things and

66

00:04:55,839 --> 00:04:52,979

again we were talking before the show

67

00:04:59,240 --> 00:04:55,849

this is just a free-form conversation

68

00:05:02,420 --> 00:04:59,250

between friends and wherever we start

69

00:05:05,350 --> 00:05:02,430

and wherever we finish is what we do so

70

00:05:11,659 --> 00:05:05,360

are you ready to go yes I'm ready to go

71

00:05:16,370 --> 00:05:11,669

are you surprised about the fascination

72

00:05:19,879 --> 00:05:16,380

with society today and the ancient alien

73

00:05:21,320 --> 00:05:19,889

phenomenon when your book first was

74

00:05:24,950 --> 00:05:21,330

introduced tonight and first published

75

00:05:28,760 --> 00:05:24,960

in 1968 it took the world by storm and

76

00:05:31,790 --> 00:05:28,770

it hasn't really stopped has it now it

77

00:05:34,700 --> 00:05:31,800

never stopped because there are always

78

00:05:37,909 --> 00:05:34,710

new information coming you see always

79

00:05:41,240 --> 00:05:37,919

new temples somewhere in the desert or

80

00:05:44,360 --> 00:05:41,250

in the jungle are discovered always new

81

00:05:46,879 --> 00:05:44,370

old writings are translated so it's a

82

00:05:49,640 --> 00:05:46,889

neverending story each months

83

00:05:53,659 --> 00:05:49,650

practically new informations land on my

84

00:05:55,909 --> 00:05:53,669

desk do you think the Internet has a lot

85

00:05:59,269 --> 00:05:55,919

to do with that to where everybody can

86

00:06:00,950 --> 00:05:59,279

go and study and research and find out

87

00:06:03,110 --> 00:06:00,960

fascinating things on their own

88

00:06:03,410 --> 00:06:03,120

well they've initely yes because the

89

00:06:05,180 --> 00:06:03,420

common

90

00:06:07,820 --> 00:06:05,190

education is much easier now with the

91

00:06:09,820 --> 00:06:07,830

internet than it was before but on the

92

00:06:13,010 --> 00:06:09,830

other side there is a certain danger

93

00:06:15,260 --> 00:06:13,020

because as it was in the newspapers in

94

00:06:18,170 --> 00:06:15,270

earlier days it's with the Internet

95

00:06:21,560 --> 00:06:18,180

not only the truth in the Internet

96

00:06:24,740 --> 00:06:21,570

sometimes also life oh absolutely

97

00:06:28,010 --> 00:06:24,750

and when you're you just touched upon it

98

00:06:31,310 --> 00:06:28,020

when your book came out you chose to

99

00:06:34,300 --> 00:06:31,320

write after the book put out the the the

100

00:06:37,430 --> 00:06:34,310

fabulous movie Chariots of the Gods and

101
00:06:41,420 --> 00:06:37,440
that was the only thing that you could

102
00:06:43,700 --> 00:06:41,430
do then and it's still its popularity I

103
00:06:46,000 --> 00:06:43,710
can't imagine how long that movie was in

104
00:06:49,010 --> 00:06:46,010
the theaters but it was a long long time

105
00:06:52,340 --> 00:06:49,020
yeah true and in the meantime we have

106
00:06:55,070 --> 00:06:52,350
the television as you mentioned jest we

107
00:06:57,770 --> 00:06:55,080
have this fantastic series ancient

108
00:07:02,090 --> 00:06:57,780
aliens from the History Channel and I'm

109
00:07:04,520 --> 00:07:02,100
very happy about this yeah and and with

110
00:07:07,280 --> 00:07:04,530
ancient aliens the first season I

111
00:07:10,700 --> 00:07:07,290
couldn't believe what I was seeing on TV

112
00:07:14,090 --> 00:07:10,710
was just like finally mainstream media

113
00:07:16,820 --> 00:07:14,100

is is paying attention to this but that

114

00:07:20,870 --> 00:07:16,830

series which is now in its seventh

115

00:07:23,570 --> 00:07:20,880

season soon to be eight or nine has it's

116

00:07:25,580 --> 00:07:23,580

like number one right now on cable and

117

00:07:28,970 --> 00:07:25,590

are you surprised with that success

118

00:07:33,020 --> 00:07:28,980

because it is huge well I am surprised

119

00:07:35,720 --> 00:07:33,030

that it happens worldwide except in the

120

00:07:38,240 --> 00:07:35,730

German world you see ancient aliens I

121

00:07:40,850 --> 00:07:38,250

have some French in South America I have

122

00:07:42,860 --> 00:07:40,860

some friends in Singapore they called me

123

00:07:44,960 --> 00:07:42,870

and they say Eric we are just looking to

124

00:07:47,120 --> 00:07:44,970

Angela aliens but here in the

125

00:07:50,150 --> 00:07:47,130

german-speaking world you cannot see it

126
00:07:52,220 --> 00:07:50,160
except if you look at it through Google

127
00:07:55,400 --> 00:07:52,230
then it works and I'm absolutely

128
00:07:58,430 --> 00:07:55,410
surprised I'm happy about it why why is

129
00:08:01,820 --> 00:07:58,440
that why wouldn't it be in Germany or

130
00:08:05,060 --> 00:08:01,830
Switzerland you see here we have a

131
00:08:07,540 --> 00:08:05,070
special society from the scientific

132
00:08:10,040 --> 00:08:07,550
community they always want to be

133
00:08:12,890 --> 00:08:10,050
reasonable which I understand a

134
00:08:16,850 --> 00:08:12,900
scientist has to be reasonable and for

135
00:08:19,490 --> 00:08:16,860
them it's still unreasonable that

136
00:08:22,219 --> 00:08:19,500
the rest should be here thousands of

137
00:08:24,379 --> 00:08:22,229
years ago for them it makes no sense

138
00:08:27,980 --> 00:08:24,389

that some extraterrestrials had the

139

00:08:31,070 --> 00:08:27,990

possibility to travel the distances from

140

00:08:33,259 --> 00:08:31,080

star to star for them it makes no sense

141

00:08:37,069 --> 00:08:33,269

that extraterrestrials may have looked

142

00:08:39,019 --> 00:08:37,079

similar than humans so for the people

143

00:08:41,089 --> 00:08:39,029

who want to be serious for the people

144

00:08:43,550 --> 00:08:41,099

who want to be reasonable it makes not

145

00:08:45,380 --> 00:08:43,560

much sense and there is a lake in

146

00:08:47,930 --> 00:08:45,390

discussion here in the german-speaking

147

00:08:50,360 --> 00:08:47,940

world we are really different than the

148

00:08:52,610 --> 00:08:50,370

Americans the Americans are definitely

149

00:08:54,500 --> 00:08:52,620

much open up to all these things in

150

00:08:57,560 --> 00:08:54,510

America you can discuss all these things

151

00:08:59,569 --> 00:08:57,570

you can be pro or you can be against it

152

00:09:02,060 --> 00:08:59,579

doesn't matter but here they don't even

153

00:09:05,480 --> 00:09:02,070

stop a discussion at least not in TV

154

00:09:08,509 --> 00:09:05,490

that you know that must really frustrate

155

00:09:11,630 --> 00:09:08,519

you because hearing that it just doesn't

156

00:09:13,910 --> 00:09:11,640

make sense to me part of science is

157

00:09:18,230 --> 00:09:13,920

discovery and you have to question

158

00:09:20,810 --> 00:09:18,240

things to to go and improve them and

159

00:09:24,769 --> 00:09:20,820

it's that kind of backwards isn't it

160

00:09:27,920 --> 00:09:24,779

yeah exactly that's the way it should be

161

00:09:30,590 --> 00:09:27,930

here but in practice it's not so you see

162

00:09:32,840 --> 00:09:30,600

a few weeks ago I just had some speeches

163

00:09:34,910 --> 00:09:32,850

in Czechoslovakia so in Czechia and

164

00:09:37,579 --> 00:09:34,920

Slovakia and there we were of some

165

00:09:39,889 --> 00:09:37,589

universities or in the United States

166

00:09:42,050 --> 00:09:39,899

sometimes I'm talking at in universities

167

00:09:44,350 --> 00:09:42,060

while in Germany you never talk in

168

00:09:47,600 --> 00:09:44,360

universities you always talk in some

169

00:09:49,610 --> 00:09:47,610

bookstores or city halls or something

170

00:09:51,949 --> 00:09:49,620

like this the University

171

00:09:54,769 --> 00:09:51,959

it's just that they think now this is

172

00:09:56,980 --> 00:09:54,779

unreasonable we cannot discuss a thing

173

00:10:02,240 --> 00:09:56,990

like a refund any society in public

174

00:10:04,699 --> 00:10:02,250

easily change of course well it's the

175

00:10:07,250 --> 00:10:04,709

same thing with Egypt too you know the

176

00:10:09,310 --> 00:10:07,260

Egyptologists over there and anybody

177

00:10:13,160 --> 00:10:09,320

that is graduated from the University

178

00:10:15,710 --> 00:10:13,170

cannot step outside of what is taught in

179

00:10:18,530 --> 00:10:15,720

the textbooks and as soon as somebody

180

00:10:21,560 --> 00:10:18,540

suggests anything strange about Egypt

181

00:10:24,050 --> 00:10:21,570

you know they're crazy they're they're

182

00:10:27,199 --> 00:10:24,060

nutty and and they they don't want to

183

00:10:30,000 --> 00:10:27,209

change at all it doesn't matter if it's

184

00:10:32,700 --> 00:10:30,010

dates it doesn't matter about the

185

00:10:36,060 --> 00:10:32,710

instruction of the pyramids or or

186

00:10:38,130 --> 00:10:36,070

anything as soon as you question Egypt

187

00:10:41,150 --> 00:10:38,140

at all you're completely shut down and

188

00:10:44,450 --> 00:10:41,160

ignored at least by by the so-called

189

00:10:46,890 --> 00:10:44,460

Egyptologists you see here is a story

190

00:10:49,290 --> 00:10:46,900

some thousands of years ago it's about

191

00:10:51,270 --> 00:10:49,300

two thousand four hundred years back

192

00:10:55,140 --> 00:10:51,280

from now on the Greek historian

193

00:10:57,840 --> 00:10:55,150

Herodotus was in Egypt and he has

194

00:11:00,480 --> 00:10:57,850

written two books about Egypt and the

195

00:11:03,450 --> 00:11:00,490

second book he says that under the Great

196

00:11:05,300 --> 00:11:03,460

Pyramid there is a lake so as he an

197

00:11:08,880 --> 00:11:05,310

english lake there is a sarcophagus

198

00:11:11,040 --> 00:11:08,890

covered by the water by absolutely clear

199

00:11:14,840 --> 00:11:11,050

water and here the author says he was

200

00:11:18,240 --> 00:11:14,850

there himself now a geologist never took

201
00:11:20,550 --> 00:11:18,250
Herodotus for true they said this must

202
00:11:22,590 --> 00:11:20,560
be a mistake or fantasy or whatever it

203
00:11:24,840 --> 00:11:22,600
is impossible that under the Great

204
00:11:28,380 --> 00:11:24,850
Pyramid is a lake but in the meantime

205
00:11:30,960 --> 00:11:28,390
this lake was discovered I was there I

206
00:11:33,840 --> 00:11:30,970
made photographs in the clear water

207
00:11:36,450 --> 00:11:33,850
there is in fact a sarcophagus now in

208
00:11:38,820 --> 00:11:36,460
public you hear nothing about it about

209
00:11:41,160 --> 00:11:38,830
this discovery you never hear that the

210
00:11:44,370 --> 00:11:41,170
old Herodotus was right and that our

211
00:11:46,530 --> 00:11:44,380
agita lodges were wrong the same figure

212
00:11:51,330 --> 00:11:46,540
Herodotus in his second book of history

213
00:11:53,760 --> 00:11:51,340

he says he was in taped table sorry he

214

00:11:56,190 --> 00:11:53,770

was in table Haven is today's looks or

215

00:12:01,140 --> 00:11:56,200

on the Nile and there the priest showed

216

00:12:03,180 --> 00:12:01,150

him 241 statue when stopped you next to

217

00:12:05,930 --> 00:12:03,190

the other and the high priest give a

218

00:12:08,700 --> 00:12:05,940

short explanation to every statue so it

219

00:12:11,190 --> 00:12:08,710

said the names when he was living etc

220

00:12:15,510 --> 00:12:11,200

and at the end the high priest said

221

00:12:18,870 --> 00:12:15,520

these 241 status represent eleven

222

00:12:22,620 --> 00:12:18,880

thousand three hundred forty years at

223

00:12:25,620 --> 00:12:22,630

that time the gods from the sky what

224

00:12:29,580 --> 00:12:25,630

among the humans since their time they

225

00:12:32,430 --> 00:12:29,590

have never come back now Egypt info for

226

00:12:35,970 --> 00:12:32,440

Egyptologist the history of Egypt begins

227

00:12:38,370 --> 00:12:35,980

about 3000 BC so hereabouts figure of

228

00:12:41,040 --> 00:12:38,380

eleven thousand four hundred years makes

229

00:12:43,810 --> 00:12:41,050

no sense to it technologies but I'm

230

00:12:45,730 --> 00:12:43,820

afraid I I guess

231

00:12:48,880 --> 00:12:45,740

the old historian herodotus was right

232

00:12:52,060 --> 00:12:48,890

and that we are wrong well exactly and

233

00:12:54,040 --> 00:12:52,070

with with gobekli tepe and you touched

234

00:12:57,130 --> 00:12:54,050

on the magic number there i mean it's

235

00:13:01,600 --> 00:12:57,140

always a 3000 bc 3000 bc that's the

236

00:13:04,480 --> 00:13:01,610

start of everything 3000 bc when we now

237

00:13:09,000 --> 00:13:04,490

we've discovered gobekli tepe in in

238

00:13:11,410 --> 00:13:09,010

Turkey which clearly is carbon dated and

239

00:13:15,960 --> 00:13:11,420

possibly even fourteen thousand years

240

00:13:19,840 --> 00:13:15,970

ago and so that that fills this gap and

241

00:13:21,790 --> 00:13:19,850

and nobody wants to change yet I I just

242

00:13:22,360 --> 00:13:21,800

don't know what more proof do they need

243

00:13:25,480 --> 00:13:22,370

Eric

244

00:13:30,040 --> 00:13:25,490

well I really don't know it all has to

245

00:13:34,000 --> 00:13:30,050

to do with our ideology you see we have

246

00:13:36,910 --> 00:13:34,010

this fantastic that as Darwin's theory

247

00:13:39,040 --> 00:13:36,920

of evolution and definitely Darwin was

248

00:13:41,290 --> 00:13:39,050

right there evolution no doubt of this

249

00:13:44,800 --> 00:13:41,300

but according to Darwin's theory of

250

00:13:47,890 --> 00:13:44,810

evolution there is no higher Society no

251

00:13:50,530 --> 00:13:47,900

higher culture let's say 14,000 years

252

00:13:55,000 --> 00:13:50,540

ago that makes no sense because our

253

00:13:58,120 --> 00:13:55,010

human way we adopt developed slowly from

254

00:14:00,550 --> 00:13:58,130

the Stone Age people we had the Bears we

255

00:14:04,150 --> 00:14:00,560

had the Arabs we had to chisel stones

256

00:14:06,910 --> 00:14:04,160

etc we were cavemen so slowly slowly we

257

00:14:10,840 --> 00:14:06,920

evolved to our stage which we have today

258

00:14:12,910 --> 00:14:10,850

so a civilization 14,000 years ago who

259

00:14:14,980 --> 00:14:12,920

had writing who moved stone block

260

00:14:17,530 --> 00:14:14,990

doesn't fit into this theory

261

00:14:20,610 --> 00:14:17,540

that's why nobody talks about it in

262

00:14:23,970 --> 00:14:20,620

public it seems to me and you have

263

00:14:26,320 --> 00:14:23,980

certainly proven this but says

264

00:14:29,920 --> 00:14:26,330

civilizations have probably come and

265

00:14:32,560 --> 00:14:29,930

gone dozens of times this this ten

266

00:14:35,200 --> 00:14:32,570

thousand years ago ice age and they

267

00:14:37,630 --> 00:14:35,210

don't want to talk about it at all if

268

00:14:42,790 --> 00:14:37,640

it's before ten thousand years is crazy

269

00:14:45,580 --> 00:14:42,800

talk you know yep I just arriving on a

270

00:14:49,270 --> 00:14:45,590

book again and I remember we had this

271

00:14:54,310 --> 00:14:49,280

atomic bomb this blast in the in the the

272

00:14:57,550 --> 00:14:54,320

Second World War in 1945 in Hiroshima so

273

00:15:00,519 --> 00:14:57,560

this terrible atomic bomb and 80

274

00:15:04,150 --> 00:15:00,529

thousand people were killed etc but the

275

00:15:07,420 --> 00:15:04,160

change story you find in the fifth book

276

00:15:10,630 --> 00:15:07,430

of the Mahabharata the Mahabharata is an

277

00:15:12,970 --> 00:15:10,640

old Indian story at least 5000 years ago

278

00:15:13,510 --> 00:15:12,980

and there you'll find that one of the

279

00:15:16,390 --> 00:15:13,520

God

280

00:15:19,180 --> 00:15:16,400

his name was gorgeou he destroyed three

281

00:15:22,120 --> 00:15:19,190

city with the bomb coming out of the

282

00:15:26,230 --> 00:15:22,130

firmament but that city was burnt out

283

00:15:28,120 --> 00:15:26,240

immediatly we within seconds thousands

284

00:15:31,420 --> 00:15:28,130

and ten thousands of people burned down

285

00:15:34,810 --> 00:15:31,430

died and those who were far away they

286

00:15:37,780 --> 00:15:34,820

still the unburned children in the womb

287

00:15:40,420 --> 00:15:37,790

of the woman were died so all this

288

00:15:45,700 --> 00:15:40,430

happened before but nobody takes care of

289

00:15:48,130 --> 00:15:45,710

it when when they you know they them

290

00:15:50,650 --> 00:15:48,140

when they come to you and they they say

291

00:15:53,800 --> 00:15:50,660

if you know what I mean where is the

292

00:15:56,110 --> 00:15:53,810

proof what's what's the one thing that

293

00:15:58,960 --> 00:15:56,120

you could just that you would like to

294

00:16:02,860 --> 00:15:58,970

put on the table and say aha right here

295

00:16:03,610 --> 00:16:02,870

it's this you see I have an archive here

296

00:16:06,100 --> 00:16:03,620

in my office

297

00:16:08,410 --> 00:16:06,110

with about two hundred thousand pictures

298

00:16:11,170 --> 00:16:08,420

all these two hundred thousand pictures

299

00:16:13,960 --> 00:16:11,180

in the mean times are digitally lies in

300

00:16:16,300 --> 00:16:13,970

the computer so I show to these

301
00:16:19,450 --> 00:16:16,310
criticism I showed them some of the best

302
00:16:22,150 --> 00:16:19,460
pictures for example the tombstone of

303
00:16:24,400 --> 00:16:22,160
Palenque the tombstone of Palenque is

304
00:16:29,140 --> 00:16:24,410
known in the meantime because ancient

305
00:16:31,960 --> 00:16:29,150
alien shows it Palenque is a city of the

306
00:16:33,850 --> 00:16:31,970
Maya culture and Palenque there is one

307
00:16:38,770 --> 00:16:33,860
of the temple called the temple of

308
00:16:41,800 --> 00:16:38,780
inscription and in 1952 professor

309
00:16:44,380 --> 00:16:41,810
Alberto ruse that Mexican archaeologists

310
00:16:47,560 --> 00:16:44,390
discovered under this temple of

311
00:16:49,840 --> 00:16:47,570
inscription a tomb the tomb was covered

312
00:16:52,840 --> 00:16:49,850
with the large stone I mean large

313
00:16:56,350 --> 00:16:52,850

because it's three meter eighty long to

314

00:16:59,650 --> 00:16:56,360

me 220 laughs one stone block fantastic

315

00:17:02,590 --> 00:16:59,660

and on the stone block she slit out you

316

00:17:05,590 --> 00:17:02,600

see a figure bending forward almost like

317

00:17:07,960 --> 00:17:05,600

a racing motorcyclist he uses his two

318

00:17:10,480 --> 00:17:07,970

hands to manipulate some control he's

319

00:17:11,289 --> 00:17:10,490

sitting on a chair the heel of his left

320

00:17:14,799 --> 00:17:11,299

foot

321

00:17:16,899 --> 00:17:14,809

is on some kind of pedal and outside he

322

00:17:19,509 --> 00:17:16,909

is sitting in a kind of vehicle outside

323

00:17:21,489 --> 00:17:19,519

you see a linking flame coming out so

324

00:17:25,109 --> 00:17:21,499

this is very very impressive

325

00:17:27,460 --> 00:17:25,119

now since the discovery in 1952

326

00:17:29,950 --> 00:17:27,470

archaeologists had all kinds of

327

00:17:32,139 --> 00:17:29,960

explanation reasonable explanations of

328

00:17:35,139 --> 00:17:32,149

course they said this figure represents

329

00:17:37,269 --> 00:17:35,149

tackle tackle was one of the mile

330

00:17:40,259 --> 00:17:37,279

leaders of the city of Palenque it

331

00:17:44,409 --> 00:17:40,269

represents buckle and tackle is falling

332

00:17:48,159 --> 00:17:44,419

into the day the open mouth of a monster

333

00:17:51,070 --> 00:17:48,169

so he's dying and he will be resurrected

334

00:17:54,009 --> 00:17:51,080

at one day now the newest translation

335

00:17:57,190 --> 00:17:54,019

from the Maya specialists they say the

336

00:18:00,060 --> 00:17:57,200

contrary now Pat Cal is not falling into

337

00:18:03,820 --> 00:18:00,070

the open mouth of a monster buckle is

338

00:18:06,729 --> 00:18:03,830

stopping from the earth outside to the

339

00:18:09,549 --> 00:18:06,739

universe so the explanation has changed

340

00:18:11,409 --> 00:18:09,559

now when I have critics here I showed

341

00:18:14,080 --> 00:18:11,419

them this picture and I give them the

342

00:18:17,169 --> 00:18:14,090

old explanation I explain the changing

343

00:18:21,220 --> 00:18:17,179

of the explorations until today so step

344

00:18:23,200 --> 00:18:21,230

by step we came for forward or I showed

345

00:18:26,560 --> 00:18:23,210

them the old Indian lecture literature

346

00:18:28,149 --> 00:18:26,570

or I show them a book of Enoch there are

347

00:18:30,609 --> 00:18:28,159

English and German translations of e

348

00:18:33,310 --> 00:18:30,619

note and all these things the critics

349

00:18:35,590 --> 00:18:33,320

have never heard of it then they accept

350

00:18:38,019 --> 00:18:35,600

that we have something to say they

351

00:18:40,810 --> 00:18:38,029

accept that we are not just idiots with

352

00:18:43,539 --> 00:18:40,820

and fantasies we have some old writings

353

00:18:46,060 --> 00:18:43,549

and we have some pictures to show we can

354

00:18:49,269 --> 00:18:46,070

prove that the so-called gods were

355

00:18:51,549 --> 00:18:49,279

represented in stones in sculptures in

356

00:18:54,279 --> 00:18:51,559

temples and in so many times the

357

00:18:57,970 --> 00:18:54,289

so-called God they came down from the

358

00:19:00,759 --> 00:18:57,980

sky in flying chariots always so slowly

359

00:19:03,310 --> 00:19:00,769

slowly when the critics see these proofs

360

00:19:05,289 --> 00:19:03,320

they become quiet and that's what we

361

00:19:06,549 --> 00:19:05,299

need to do I do it practically every

362

00:19:08,619 --> 00:19:06,559

week

363

00:19:10,299 --> 00:19:08,629

this is fade to black and the dark

364

00:19:12,009 --> 00:19:10,309

matter radio network I'm your host Amy

365

00:19:14,680 --> 00:19:12,019

Church Eric we're gonna take a quick

366

00:19:17,289 --> 00:19:14,690

break when we come back I want to know

367

395

00:21:52,470 --> 00:21:48,100

eric indulge me for a second i had

396

00:21:54,210 --> 00:21:52,480

mentioned before the break that i when

397

00:21:57,600 --> 00:21:54,220

when it comes to cherry to the gods and

398

00:21:59,940 --> 00:21:57,610

and the original movie back then one of

399

00:22:02,690 --> 00:21:59,950

the most shocking things presented there

400

00:22:05,340 --> 00:22:02,700

was there was dozens of things but for

401
00:22:07,830 --> 00:22:05,350
most of the world nobody had ever heard

402
00:22:11,430 --> 00:22:07,840
of nazca or that something like this

403
00:22:13,500 --> 00:22:11,440
could even exist and and it seems like

404
00:22:15,780 --> 00:22:13,510
even though you didn't discover it you

405
00:22:18,360 --> 00:22:15,790
certainly introduced it to the world and

406
00:22:21,150 --> 00:22:18,370
I couldn't believe what I was seeing

407
00:22:23,160 --> 00:22:21,160
then what when you Fleur

408
00:22:25,770 --> 00:22:23,170
first flew over and snapped those famous

409
00:22:31,620 --> 00:22:25,780
pictures what was going through your

410
00:22:34,410 --> 00:22:31,630
mind if he it was in November 1964 I had

411
00:22:36,870 --> 00:22:34,420
a Peruvian friend who was studying with

412
00:22:40,230 --> 00:22:36,880
me in Switzerland in high school and he

413
00:22:43,590 --> 00:22:40,240

invited me to visit him in Peru so they

414

00:22:46,020 --> 00:22:43,600

were practically rich parents and one

415

00:22:49,260 --> 00:22:46,030

day he told me that there is a strange

416

00:22:51,090 --> 00:22:49,270

desert in the south of Lima about 500

417

00:22:54,000 --> 00:22:51,100

kilometres south of Lima and in the

418

00:22:56,970 --> 00:22:54,010

desert - awesome lines he didn't do more

419

00:22:59,550 --> 00:22:56,980

and I didn't do nothing about it so we

420

00:23:02,040 --> 00:22:59,560

went down by the car and I was standing

421

00:23:04,560 --> 00:23:02,050

on this desert and I saw some of the

422

00:23:06,930 --> 00:23:04,570

lines because you see only very very

423

00:23:09,230 --> 00:23:06,940

small part of the lines when you are on

424

00:23:13,140 --> 00:23:09,240

the ground you have to stand directly

425

00:23:16,380 --> 00:23:13,150

upon one line so the next two days we

426

00:23:18,960 --> 00:23:16,390

organized and flight it was only

427

00:23:21,210 --> 00:23:18,970

possible to the to the army to the air

428

00:23:23,190 --> 00:23:21,220

Air Force the Peruvian Air Force but

429

00:23:25,590 --> 00:23:23,200

because the father was rich so there was

430

00:23:28,860 --> 00:23:25,600

no problem then we could fly over his

431

00:23:32,000 --> 00:23:28,870

Nazca and I saw these gigantic lines

432

00:23:34,740 --> 00:23:32,010

they start abruptly they end abruptly

433

00:23:37,170 --> 00:23:34,750

seen from the air you have the

434

00:23:40,380 --> 00:23:37,180

impression - looking down up at an old

435

00:23:43,140 --> 00:23:40,390

airport of course it's not an airport

436

00:23:45,630 --> 00:23:43,150

but it looks like an airport from the

437

00:23:48,360 --> 00:23:45,640

from the air and in the midst of these

438

00:23:51,240 --> 00:23:48,370

lines you see big figures figures of

439

00:23:54,000 --> 00:23:51,250

spiders of monkeys of all kinds of

440

00:23:57,060 --> 00:23:54,010

things that they all look up worth to

441

00:23:59,310 --> 00:23:57,070

the sky even on some top of some

442

00:24:02,040 --> 00:23:59,320

mountains you find some big figures

443

00:24:04,170 --> 00:24:02,050

engraved which you can see only from the

444

00:24:05,670 --> 00:24:04,180

air when you are down in the desert you

445

00:24:09,720 --> 00:24:05,680

can look up at the mountain you see

446

00:24:12,510 --> 00:24:09,730

nothing so I was the first one who

447

00:24:15,360 --> 00:24:12,520

brought this to public with my book

448

00:24:17,060 --> 00:24:15,370

Chariots of the Gods and also in 1968

449

00:24:20,040 --> 00:24:17,070

with the movie Chariots of the Gods

450

00:24:22,740 --> 00:24:20,050

there was an old lady a German lady

451
00:24:24,840 --> 00:24:22,750
working there Miss Maria Reiche a and

452
00:24:27,840 --> 00:24:24,850
she was studying Nautica she was

453
00:24:30,600 --> 00:24:27,850
absolutely a brilliant scientist but she

454
00:24:33,540 --> 00:24:30,610
was not an archaeologist her profession

455
00:24:36,870 --> 00:24:33,550
was geology and measurement in geology

456
00:24:37,440 --> 00:24:36,880
she had all kinds of ideas what this

457
00:24:40,020 --> 00:24:37,450
could be

458
00:24:44,070 --> 00:24:40,030
and by the end when she was an old lady

459
00:24:46,380 --> 00:24:44,080
she said I spent my life to solve this

460
00:24:48,799 --> 00:24:46,390
mystery but I could not solve the

461
00:24:52,890 --> 00:24:48,809
mystery I still don't know what is true

462
00:24:55,230 --> 00:24:52,900
why what did the locals know did they

463
00:24:57,930 --> 00:24:55,240

know that you know there was monkeys and

464

00:24:59,520 --> 00:24:57,940

spiders or did they just what were the

465

00:25:02,970 --> 00:24:59,530

rumors going around or were they just

466

00:25:04,950 --> 00:25:02,980

lines in the desert there was just lines

467

00:25:07,950 --> 00:25:04,960

in the desert and some figures and the

468

00:25:10,380 --> 00:25:07,960

locals did not knew much about it it was

469

00:25:13,350 --> 00:25:10,390

a pure coincidence in in the forties I

470

00:25:17,640 --> 00:25:13,360

don't remember exactly which year when

471

00:25:20,790 --> 00:25:17,650

an American professor of geology was

472

00:25:22,770 --> 00:25:20,800

flying over Nazca and the reason why he

473

00:25:24,570 --> 00:25:22,780

was flying was not the lines he didn't

474

00:25:27,660 --> 00:25:24,580

knew nothing about the line the reason

475

00:25:29,880 --> 00:25:27,670

was he was looking for water water under

476

00:25:32,580 --> 00:25:29,890

the earth you know some channels or some

477

00:25:35,880 --> 00:25:32,590

under under earth water and then he

478

00:25:39,090 --> 00:25:35,890

found these lines and late later the

479

00:25:39,419 --> 00:25:39,100

German geologist mrs. Maria Rifa came to

480

00:25:41,220 --> 00:25:39,429

Peru

481

00:25:43,590 --> 00:25:41,230

she didn't knew nothing about these

482

00:25:45,660 --> 00:25:43,600

lines either but by coincidence she

483

00:25:49,230 --> 00:25:45,670

turned together with this American 400

484

00:25:52,800 --> 00:25:49,240

oh we were losing Erik now we lost him

509
00:27:40,280 --> 00:27:36,060
anything extraordinary in the sky

510
00:27:42,980 --> 00:27:40,290
yourself now unfortunately now I never

511
00:27:46,280 --> 00:27:42,990
had to change to see a UFO I would love

512
00:27:49,940 --> 00:27:46,290
to I never saw a UFO of course I had

513
00:27:52,430 --> 00:27:49,950

some wonderful dreams so spiritual

514

00:27:55,550 --> 00:27:52,440

people telling people would say I had

515

00:27:58,880 --> 00:27:55,560

some well spiritual contact with them

516

00:28:01,250 --> 00:27:58,890

but in practice in my life I never saw a

517

00:28:04,850 --> 00:28:01,260

UFO what about your family

518

00:28:07,610 --> 00:28:04,860

growing up what was the feeling back

519

00:28:10,840 --> 00:28:07,620

then I you know we're talking many years

520

00:28:14,150 --> 00:28:10,850

ago but where was your family

521

00:28:17,060 --> 00:28:14,160

open-minded to oh yes to the paranoia

522

00:28:19,970 --> 00:28:17,070

you see as I said before I was educated

523

00:28:22,400 --> 00:28:19,980

at a strict Catholic and my father was a

524

00:28:24,940 --> 00:28:22,410

strict Catholic and when he neared about

525

00:28:28,430 --> 00:28:24,950

this story and also my mother

526

00:28:30,140 --> 00:28:28,440

they asked me but Eric do you still

527

00:28:32,390 --> 00:28:30,150

believe in God or do you become numb

528

00:28:36,200 --> 00:28:32,400

what no we're atheist and I could

529

00:28:38,240 --> 00:28:36,210

absolutely convinced him that I God is

530

00:28:40,450 --> 00:28:38,250

bigger and bigger than ever you never

531

00:28:42,350 --> 00:28:40,460

lost lose God when you deal with

532

00:28:45,920 --> 00:28:42,360

extraterrestrials so they were very

533

00:28:47,810 --> 00:28:45,930

helpful but my father died early sure

534

00:28:51,980 --> 00:28:47,820

shortly after Chariots of the Gods was

535

00:28:53,870 --> 00:28:51,990

in the market in 1968 he died with them

536

00:28:58,160 --> 00:28:53,880

not because because of the trouble with

537

00:29:00,410 --> 00:28:58,170

me well he didn't get to see it

538

00:29:04,520 --> 00:29:00,420

published in like a hundred million

539

00:29:09,950 --> 00:29:04,530

languages you know oh that's that's

540

00:29:11,390 --> 00:29:09,960

that's too bad the the modern ways of

541

00:29:16,560 --> 00:29:11,400

looking at things and I'm talking about

542

00:29:19,249 --> 00:29:16,570

Hollywood when you have like Prometheus

543

00:29:23,580 --> 00:29:19,259

and Stargate and some of these other

544

00:29:25,980 --> 00:29:23,590

huge blockbusters they all kind of used

545

00:29:29,370 --> 00:29:25,990

you for a source indirectly or directly

546

00:29:29,940 --> 00:29:29,380

how does that make you feel I'm happy

547

00:29:32,399 --> 00:29:29,950

about it

548

00:29:35,070 --> 00:29:32,409

of course I you know I love all these

549

00:29:37,769 --> 00:29:35,080

films as long as they are not completely

550

00:29:40,379 --> 00:29:37,779

nonsense as long as they make sense

551
00:29:43,049 --> 00:29:40,389
there is a reason and even science

552
00:29:45,210 --> 00:29:43,059
behind it I love all these movies I love

553
00:29:46,950 --> 00:29:45,220
this part of this blockbuster

554
00:29:49,379 --> 00:29:46,960
because it brings two thing into

555
00:29:52,350 --> 00:29:49,389
discussion more and more people start to

556
00:29:55,470 --> 00:29:52,360
ask are we alone is something out there

557
00:29:57,690 --> 00:29:55,480
is it possibility were with it etc and

558
00:30:00,810 --> 00:29:57,700
this is very important because the

559
00:30:04,139 --> 00:30:00,820
society is changing is changing always

560
00:30:06,539 --> 00:30:04,149
from Stone Age to the middle age now we

561
00:30:08,820 --> 00:30:06,549
are changing again it's a new paradigm a

562
00:30:11,100 --> 00:30:08,830
coming up so I'm very happy about these

563
00:30:12,659 --> 00:30:11,110

movies do they ever consult you do you

564

00:30:14,759 --> 00:30:12,669

ever get a phone call and they want to

565

00:30:17,279 --> 00:30:14,769

ask in some case yes

566

00:30:21,360 --> 00:30:17,289

you know when roland emmerich had his

567

00:30:24,180 --> 00:30:21,370

first movie stargate then we had a

568

00:30:25,649 --> 00:30:24,190

telephone conversation and i said you

569

00:30:27,840 --> 00:30:25,659

read airing from the anything very well

570

00:30:31,440 --> 00:30:27,850

and yes yes I accept I read all your

571

00:30:33,269 --> 00:30:31,450

books so I was happy about it now with

572

00:30:35,399 --> 00:30:33,279

with with with you know with ancient

573

00:30:37,320 --> 00:30:35,409

aliens of course I'm a consultant they

574

00:30:41,340 --> 00:30:37,330

asked me all the time and they make

575

00:30:44,070 --> 00:30:41,350

interviews with me do has this this may

576

00:30:47,519 --> 00:30:44,080

seem strange but this is how my mind

577

00:30:50,310 --> 00:30:47,529

works have you ever had anybody from

578

00:30:53,249 --> 00:30:50,320

either your government or maybe the

579

00:30:56,039 --> 00:30:53,259

United States but mentioned to you off

580

00:31:00,360 --> 00:30:56,049

the record that you are right that

581

00:31:02,999 --> 00:31:00,370

you're onto something well of course me

582

00:31:05,580 --> 00:31:03,009

I mean there are some scientific books

583

00:31:07,799 --> 00:31:05,590

on the market in the meantime which are

584

00:31:10,619 --> 00:31:07,809

written by scientists from different

585

00:31:12,690 --> 00:31:10,629

branches for example in New York there's

586

00:31:15,360 --> 00:31:12,700

a professor in philosophy his name is

587

00:31:17,789 --> 00:31:15,370

professor dr. Louie Navia he has

588

00:31:19,919 --> 00:31:17,799

published book from the sand from the

589

00:31:22,190 --> 00:31:19,929

philosophical point of view and he came

590

00:31:25,259 --> 00:31:22,200

to the same conclusion or we have

591

00:31:26,909 --> 00:31:25,269

anthropologists like Peter Horne who

592

00:31:30,419 --> 00:31:26,919

have come to the same conclusion now

593

00:31:32,909 --> 00:31:30,429

something is wrong in our evolution

594

00:31:34,950 --> 00:31:32,919

there are more and more and here even as

595

00:31:37,350 --> 00:31:34,960

I said in the beginning the scientific

596

00:31:40,470 --> 00:31:37,360

community is not accepting or what I'm

597

00:31:43,139 --> 00:31:40,480

doing but many scientists are very very

598

00:31:45,509 --> 00:31:43,149

proud and happy when we are in

599

00:31:47,639 --> 00:31:45,519

discussion and these are fair discussion

600

00:31:50,279 --> 00:31:47,649

and open discussions you see in

601
00:31:53,100 --> 00:31:50,289
Switzerland we have a newspaper which is

602
00:31:55,560 --> 00:31:53,110
called bleaker bleakest the biggest

603
00:31:58,169 --> 00:31:55,570
newspaper and since three years

604
00:32:01,230 --> 00:31:58,179
Erich von däniken writes a column every

605
00:32:03,720 --> 00:32:01,240
three weeks since three years in brick

606
00:32:06,989 --> 00:32:03,730
about extraterrestrials and it has a big

607
00:32:09,690 --> 00:32:06,999
audience so slowly floating something is

608
00:32:13,739 --> 00:32:09,700
changing well I totally agree and I

609
00:32:16,470 --> 00:32:13,749
think now that the want to say

610
00:32:19,139 --> 00:32:16,480
population now everybody here the the

611
00:32:21,509 --> 00:32:19,149
the the people that live on earth I

612
00:32:24,119 --> 00:32:21,519
think we're getting a little smarter and

613
00:32:27,749 --> 00:32:24,129

the internet certainly helps that and

614

00:32:30,210 --> 00:32:27,759

television and and mass media but now I

615

00:32:34,919 --> 00:32:30,220

think the only sensible conclusion is

616

00:32:39,779 --> 00:32:34,929

that yes we were visited that that be we

617

00:32:42,090 --> 00:32:39,789

are being visited now and we have the

618

00:32:45,509 --> 00:32:42,100

evidence we feel good about this it only

619

00:32:46,139 --> 00:32:45,519

makes sense that were not alone in this

620

00:32:48,989 --> 00:32:46,149

universe

621

00:32:53,909 --> 00:32:48,999

and I think that they're frustrated with

622

00:32:56,989 --> 00:32:53,919

the denial from from officials from both

623

00:32:59,879 --> 00:32:56,999

academia and governments themselves

624

00:33:02,730 --> 00:32:59,889

you see concerning the past thousands of

625

00:33:04,889 --> 00:33:02,740

years I can clearly prove my case of

626

00:33:07,470 --> 00:33:04,899

course we have never found an

627

00:33:09,769 --> 00:33:07,480

extraterrestrial object I was never able

628

00:33:12,359 --> 00:33:09,779

to present to the scientific community

629

00:33:14,850 --> 00:33:12,369

some objects which is thousands of years

630

00:33:17,190 --> 00:33:14,860

ago which the extraterrestrials left on

631

00:33:20,070 --> 00:33:17,200

the planet but we can prove by

632

00:33:23,399 --> 00:33:20,080

indication and indications if you have a

633

00:33:26,279 --> 00:33:23,409

lot of them are so strong that we would

634

00:33:29,340 --> 00:33:26,289

we would win every court case with our

635

00:33:31,909 --> 00:33:29,350

indications so concerning the past I can

636

00:33:34,200 --> 00:33:31,919

clearly prove we were visited by

637

00:33:36,570 --> 00:33:34,210

extraterrestrials and this goes on

638

00:33:39,330 --> 00:33:36,580

because when these visitors left our

639

00:33:44,340 --> 00:33:39,340

planet they promised to our forefathers

640

00:33:48,000 --> 00:33:44,350

we will return this promise of returning

641

00:33:50,220 --> 00:33:48,010

was practices in every old culture this

642

00:33:52,350 --> 00:33:50,230

matter if you take the Maya if you take

643

00:33:53,610 --> 00:33:52,360

the up stakes if you take the Egyptian

644

00:33:57,330 --> 00:33:53,620

doesn't matter what culture in the past

645

00:34:00,090 --> 00:33:57,340

they all were expecting some gods to

646

00:34:02,909 --> 00:34:00,100

return and the same belief we have in

647

00:34:05,460 --> 00:34:02,919

our today's religion again I'm educated

648

00:34:08,099 --> 00:34:05,470

as a Christian we believe that Jesus one

649

00:34:11,369 --> 00:34:08,109

day will return but the Muslim society

650

00:34:14,369 --> 00:34:11,379

believes that their Mohave will return

651
00:34:15,359 --> 00:34:14,379
the Buddhist religion they wait the

652
00:34:19,560 --> 00:34:15,369
return of their Buddha

653
00:34:22,770 --> 00:34:19,570
the great Jewish communica community is

654
00:34:24,359 --> 00:34:22,780
waiting since more than 5,700 years for

655
00:34:27,030 --> 00:34:24,369
the returning of their Messiah

656
00:34:30,629 --> 00:34:27,040
so not only the cultures which died out

657
00:34:34,080 --> 00:34:30,639
had this expectation also our today's

658
00:34:36,210 --> 00:34:34,090
religion now honestly not every religion

659
00:34:39,389 --> 00:34:36,220
can be right some of them must be wrong

660
00:34:42,149 --> 00:34:39,399
and I'm afraid there is no Messiah or no

661
00:34:45,180 --> 00:34:42,159
Buddha or no Jesus Jesus on Omaha Beach

662
00:34:47,700 --> 00:34:45,190
to return simply extraterrestrials and

663
00:34:51,060 --> 00:34:47,710

it makes sense to be prepared for such

664

00:34:54,869 --> 00:34:51,070

an event do you think Sitchin was right

665

00:34:57,090 --> 00:34:54,879

oh yes many cases we know each other

666

00:34:59,760 --> 00:34:57,100

very very good I was not the friend of

667

00:35:02,570 --> 00:34:59,770

his 12th planet because the 12th planet

668

00:35:06,210 --> 00:35:02,580

you know was surrounding our our Sun in

669

00:35:08,400 --> 00:35:06,220

3,600 years our astronomers should know

670

00:35:10,260 --> 00:35:08,410

this because we can measure a planet

671

00:35:12,570 --> 00:35:10,270

even if you don't see it you can measure

672

00:35:14,970 --> 00:35:12,580

it but I was a very fan of Zachariah

673

00:35:17,790 --> 00:35:14,980

sitting with all these translations from

674

00:35:21,720 --> 00:35:17,800

the Sumerian cookie forms what he came

675

00:35:27,240 --> 00:35:21,730

out it absolutely great can you read

676

00:35:29,400 --> 00:35:27,250

Sumerian no not at all in Germany we

677

00:35:31,950 --> 00:35:29,410

have a professor in Sumer and resume

678

00:35:34,410 --> 00:35:31,960

analogy his name is dr. Beauregard and

679

00:35:37,590 --> 00:35:34,420

this doctor broke out now for the first

680

00:35:40,650 --> 00:35:37,600

time has translated all Sumerian

681

00:35:43,500 --> 00:35:40,660

cuneiform writings with modern sense and

682

00:35:45,450 --> 00:35:43,510

I have his manuscript on my desk I had

683

00:35:47,670 --> 00:35:45,460

him on the phone two or three times he's

684

00:35:50,130 --> 00:35:47,680

an old man in the mean time and he said

685

00:35:53,760 --> 00:35:50,140

Erik now it makes sense

686

00:35:55,490 --> 00:35:53,770

in the past our translations always we

687

00:35:58,190 --> 00:35:55,500

had to find for religious of

688

00:36:01,310 --> 00:35:58,200

psychological interpretation

689

00:36:04,490 --> 00:36:01,320

that was wrong now it makes sense there

690

00:36:07,130 --> 00:36:04,500

was a space station around the air there

691

00:36:09,950 --> 00:36:07,140

were smaller vehicles going up to the

692

00:36:11,089 --> 00:36:09,960

space station coming down the gods were

693

00:36:13,280 --> 00:36:11,099

extraterrestrials

694

00:36:16,690 --> 00:36:13,290

and this you can prove in the mean time

695

00:36:20,900 --> 00:36:16,700

by new translations so the world changes

696

00:36:23,420 --> 00:36:20,910

that's interesting is there any way to

697

00:36:25,190 --> 00:36:23,430

look at this online and to investigate

698

00:36:26,089 --> 00:36:25,200

this further I would like to look into

699

00:36:28,339 --> 00:36:26,099

this myself

700

00:36:29,839 --> 00:36:28,349

yeah but the book exists only in German

701
00:36:33,620 --> 00:36:29,849
language at the moment well you're gonna

702
00:36:35,500 --> 00:36:33,630
have to translate for me it's really so

703
00:36:38,420 --> 00:36:35,510
complicated you came up some lady

704
00:36:40,730 --> 00:36:38,430
somebody a big American publisher has to

705
00:36:43,640 --> 00:36:40,740
do this one of the things that I find

706
00:36:47,770 --> 00:36:43,650
frustrating with a Sitchin is his

707
00:36:53,329 --> 00:36:47,780
detractors and the skeptics and in that

708
00:36:56,120 --> 00:36:53,339
it's very very easy to say no it doesn't

709
00:36:57,620 --> 00:36:56,130
exist when you're when you're dealing

710
00:36:59,540 --> 00:36:57,630
with something that you don't have any

711
00:37:01,520 --> 00:36:59,550
concrete proof I mean that's the easiest

712
00:37:04,730 --> 00:37:01,530
thing to do is is to be a critic or a

713
00:37:07,010 --> 00:37:04,740

debunker and and with Sitchin I just

714

00:37:10,700 --> 00:37:07,020

feel like he was out there on his own

715

00:37:13,700 --> 00:37:10,710

and he couldn't get anybody to stand up

716

00:37:16,190 --> 00:37:13,710

and support him from academia because

717

00:37:19,220 --> 00:37:16,200

they are all afraid they are all afraid

718

00:37:22,040 --> 00:37:19,230

to lose their reputation as we said in

719

00:37:26,359 --> 00:37:22,050

the beginning all scientists want to be

720

00:37:29,839 --> 00:37:26,369

reasonable and what we do for them is

721

00:37:32,720 --> 00:37:29,849

still unreasonable soon a scientists

722

00:37:35,270 --> 00:37:32,730

look into the matter seriously they all

723

00:37:37,819 --> 00:37:35,280

change their mind but they are afraid

724

00:37:40,730 --> 00:37:37,829

afraid to look into the matter they

725

00:37:43,550 --> 00:37:40,740

don't see the old books the old texts

726

00:37:47,740 --> 00:37:43,560

they still have the old ton of you but

727

00:37:50,809 --> 00:37:47,750

again this will change be sure that our

728

00:37:52,700 --> 00:37:50,819

form of thinking will change you see in

729

00:37:55,700 --> 00:37:52,710

the past when we have an old text we had

730

00:37:58,250 --> 00:37:55,710

a word like heaven so Abraham was taken

731

00:38:00,380 --> 00:37:58,260

into the heaven but I'm sorry in the

732

00:38:02,839 --> 00:38:00,390

heaven there was a war now

733

00:38:05,599 --> 00:38:02,849

I'm educated as a Catholic when I was a

734

00:38:07,730 --> 00:38:05,609

boy they told me when you are nice in

735

00:38:10,069 --> 00:38:07,740

your life when you are not cheating

736

00:38:11,720 --> 00:38:10,079

other people's lying other people's when

737

00:38:14,329 --> 00:38:11,730

you work you are not the murderer

738

00:38:16,220 --> 00:38:14,339

etc when you died you came to heaven

739

00:38:17,990 --> 00:38:16,230

heaven is the place of absolute

740

00:38:21,440 --> 00:38:18,000

happiness in heaven you are together

741

00:38:24,079 --> 00:38:21,450

near God near the great Almighty God

742

00:38:26,780 --> 00:38:24,089

but I'm sorry in the same heaven there

743

00:38:28,940 --> 00:38:26,790

was a war even in the Christian Jewish

744

00:38:31,790 --> 00:38:28,950

tradition you remember the story of

745

00:38:34,849 --> 00:38:31,800

Lucifer Lucifer was an arc angel in

746

00:38:37,550 --> 00:38:34,859

heaven and when they Lucifer came to the

747

00:38:40,010 --> 00:38:37,560

throne of the Almighty God and said we

748

00:38:42,950 --> 00:38:40,020

don't serve you anymore at the Almighty

749

00:38:46,339 --> 00:38:42,960

God sent out his Archangel Michael to

750

00:38:46,940 --> 00:38:46,349

put Lucifer and his disciples out of

751
00:38:52,310 --> 00:38:46,950
heaven

752
00:38:55,790 --> 00:38:52,320
happiness because you are united with

753
00:38:58,910 --> 00:38:55,800
God you cannot have war at the same time

754
00:39:02,569 --> 00:38:58,920
meaning war or opposition means you are

755
00:39:06,770 --> 00:39:02,579
not happy so we should change words like

756
00:39:09,109 --> 00:39:06,780
heaven into space new tradition or we

757
00:39:12,200 --> 00:39:09,119
have words like angel what is an angel

758
00:39:15,550 --> 00:39:12,210
an angel is the messenger coming down

759
00:39:18,410 --> 00:39:15,560
from the sky to teach the humans but

760
00:39:21,589 --> 00:39:18,420
messengers angels have sex with humans

761
00:39:23,510 --> 00:39:21,599
definitely so change the word angel into

762
00:39:26,660 --> 00:39:23,520
extraterrestrial now you have changed

763
00:39:28,760 --> 00:39:26,670

toward heaven into space angels into

764

00:39:30,230 --> 00:39:28,770

extraterrestrial an archangel is the

765

00:39:33,140 --> 00:39:30,240

leader of a group of extraterrestrial

766

00:39:36,020 --> 00:39:33,150

you only have to change about 10 worlds

767

00:39:40,220 --> 00:39:36,030

with modern sense and the old text

768

00:39:43,280 --> 00:39:40,230

became brand new meaning interpretation

769

00:39:45,290 --> 00:39:43,290

and that's what we need what we do that

770

00:39:48,829 --> 00:39:45,300

would be that would be a best-selling

771

00:39:52,700 --> 00:39:48,839

book the Bible part to think about that

772

00:39:54,740 --> 00:39:52,710

I mean that would that would be a

773

00:39:56,480 --> 00:39:54,750

game-changer and you would certainly

774

00:39:59,270 --> 00:39:56,490

have a target on your back at that point

775

00:40:01,069 --> 00:39:59,280

let's take another break where I've got

776

00:40:03,380 --> 00:40:01,079

a couple other things I want to get out

777

00:40:05,270 --> 00:40:03,390

there and when we come back this is fade

778

00:40:07,280 --> 00:40:05,280

to black on the dark matter radio

779

00:40:11,750 --> 00:40:07,290

network when we come back I'm gonna ask

780

00:40:14,630 --> 00:40:11,760

Eric how he investigates and where does

781

00:40:16,849 --> 00:40:14,640

he get his information from and for all

782

00:40:18,380 --> 00:40:16,859

of us out there that's that's the one

783

00:40:19,010 --> 00:40:18,390

question I think that needs to be

784

00:40:21,020 --> 00:40:19,020

answered

785

00:40:22,460 --> 00:40:21,030

this is fade to black in the dark matter

786

00:40:24,020 --> 00:40:22,470

radio network I'm your host Amy Church

787

00:40:26,180 --> 00:40:24,030

we are live from

788

00:40:43,870 --> 00:40:26,190

always giving it to you straight on the

793

00:41:06,800 --> 00:41:05,160

dark matter radio network hi this is Rob

794

00:41:08,060 --> 00:41:06,810

Reiner from anvil and you're listening

795

00:41:29,670 --> 00:41:08,070

to Jimmy Church

796

00:41:35,080 --> 00:41:32,500

alright this paid fly on the Dark Matter

797

00:41:36,550 --> 00:41:35,090

radio network their Friday edition I am

798

00:41:39,280 --> 00:41:36,560

your host Jimmy Church we on the Dark

799

00:41:43,090 --> 00:41:39,290

Matter radio network live from

800

00:41:45,160 --> 00:41:43,100

Switzerland Erich von däniken Eric I

801
00:41:50,170 --> 00:41:45,170
said before the break one of the I mean

802
00:41:53,109 --> 00:41:50,180
the big question is you know how how do

803
00:41:56,340 --> 00:41:53,119
you investigate and where do you get

804
00:41:59,280 --> 00:41:56,350
your information from where do you start

805
00:42:02,830 --> 00:41:59,290
well the beginning is always

806
00:42:05,170 --> 00:42:02,840
archaeological discoveries I read every

807
00:42:08,800 --> 00:42:05,180
archaeological discovery every book

808
00:42:09,460 --> 00:42:08,810
which I can find now it depends on the

809
00:42:12,280 --> 00:42:09,470
dating

810
00:42:14,650 --> 00:42:12,290
it's an old temple or a new temple when

811
00:42:18,700 --> 00:42:14,660
it's new temple I'm not interested with

812
00:42:21,550 --> 00:42:18,710
new I mean 3,000 years so I'm looking

813
00:42:23,800 --> 00:42:21,560

for discoveries of temples and houses

814

00:42:27,460 --> 00:42:23,810

and whatever which are older than than

815

00:42:30,099 --> 00:42:27,470

3,000 years then I go there of course I

816

00:42:31,930 --> 00:42:30,109

know the archaeological meaning I read

817

00:42:35,620 --> 00:42:31,940

the archeological book but I have

818

00:42:37,750 --> 00:42:35,630

another meaning another century I say if

819

00:42:40,900 --> 00:42:37,760

it has to do something with religion at

820

00:42:43,540 --> 00:42:40,910

their time 3,000 more is in the bag then

821

00:42:45,460 --> 00:42:43,550

we must find some religious culture

822

00:42:48,070 --> 00:42:45,470

sculptures some paintings

823

00:42:50,950 --> 00:42:48,080

something must have showed their gods

824

00:42:53,440 --> 00:42:50,960

they believed so I go there to all these

825

00:42:56,140 --> 00:42:53,450

places and they look to these ruins with

826

00:42:58,990 --> 00:42:56,150

my eyes and my eyes have different view

827

00:43:00,640 --> 00:42:59,000

then the archaeologist has it too now in

828

00:43:04,290 --> 00:43:00,650

the meantime because my books are

829

00:43:07,000 --> 00:43:04,300

worldwide in 32 languages I receive

830

00:43:09,880 --> 00:43:07,010

incredible information from my readers

831

00:43:11,800 --> 00:43:09,890

some lady writes me out of New Zealand

832

00:43:14,740 --> 00:43:11,810

mr. von Daniken you have published some

833

00:43:17,740 --> 00:43:14,750

Stone Age paintings in a cave somewhere

834

00:43:19,990 --> 00:43:17,750

but don't you know something about our

835

00:43:22,900 --> 00:43:20,000

Stone Age paintings they are much more

836

00:43:24,790 --> 00:43:22,910

impressive so I answered I asked for a

837

00:43:26,770 --> 00:43:24,800

scientific literature which

838

00:43:29,590 --> 00:43:26,780

archaeologist has published something

839

00:43:31,840 --> 00:43:29,600

about it then we get in contact as soon

840

00:43:34,990 --> 00:43:31,850

as I find that could be interested

841

00:43:38,200 --> 00:43:35,000

interesting then I fly there in all my

842

00:43:41,650 --> 00:43:38,210

books I write about nothing which I have

843

00:43:43,690 --> 00:43:41,660

not seen untouched I was always there

844

00:43:46,420 --> 00:43:43,700

that's why I have 200 thousands of

845

00:43:48,549 --> 00:43:46,430

pictures in my archive can you give me

846

00:43:51,730 --> 00:43:48,559

one example I'm excited about this can

847

00:43:54,880 --> 00:43:51,740

you give me one example of somebody that

848

00:43:56,559 --> 00:43:54,890

tipped you off and you went wow I didn't

849

00:43:58,539 --> 00:43:56,569

I didn't know about this and it turned

850

00:44:00,789 --> 00:43:58,549

out to be something sensational can you

851
00:44:01,299 --> 00:44:00,799
give me an example of that yes some some

852
00:44:05,019 --> 00:44:01,309
years ago

853
00:44:07,749 --> 00:44:05,029
I had a speech in that in the University

854
00:44:10,240 --> 00:44:07,759
of Bombay India in the meantime it's not

855
00:44:12,249 --> 00:44:10,250
anymore Bombay the second Mumbai and I

856
00:44:15,370 --> 00:44:12,259
had a speech at the University and after

857
00:44:18,069 --> 00:44:15,380
the speech I was attacked by a professor

858
00:44:20,529 --> 00:44:18,079
in Sanskrit he please name was professor

859
00:44:23,319 --> 00:44:20,539
dr. Dilip Kanjilal he was a small man

860
00:44:26,620 --> 00:44:23,329
but he was very brilliant in his brain

861
00:44:29,440 --> 00:44:26,630
and he said Eric you know nothing about

862
00:44:31,960 --> 00:44:29,450
our Indian mythology but you say you

863
00:44:33,819 --> 00:44:31,970

just scratch on the surface this cause

864

00:44:36,910 --> 00:44:33,829

all much people and you have to

865

00:44:39,670 --> 00:44:36,920

understand our Hindu religion etc so we

866

00:44:42,190 --> 00:44:39,680

had discussions he was against me and

867

00:44:44,529 --> 00:44:42,200

then he said during the discussion on

868

00:44:47,049 --> 00:44:44,539

the Indian temples in the shallows of

869

00:44:49,450 --> 00:44:47,059

the Indian temples there up thousands of

870

00:44:52,779 --> 00:44:49,460

manuscripts which nobody translated

871

00:44:55,240 --> 00:44:52,789

manuscript from Sanskrit in Christian so

872

00:44:57,670 --> 00:44:55,250

I said to the professor why don't you

873

00:44:59,140 --> 00:44:57,680

translate it you are able to do it he

874

00:45:02,079 --> 00:44:59,150

says well it's a question of money I

875

00:45:05,440 --> 00:45:02,089

need time I need one or two years I

876

00:45:08,650 --> 00:45:05,450

asked him what's the price I mean if you

877

00:45:11,710 --> 00:45:08,660

take one ear of the audio University can

878

00:45:13,420 --> 00:45:11,720

I pay this of course I could paid it was

879

00:45:16,059 --> 00:45:13,430

about twenty thousand dollars which it

880

00:45:18,430 --> 00:45:16,069

was nothing at that time so he made free

881

00:45:21,730 --> 00:45:18,440

from his university and he started to

882

00:45:24,039 --> 00:45:21,740

translate old Indian texts from Sanskrit

883

00:45:27,099 --> 00:45:24,049

into English and the result was a book

884

00:45:29,079 --> 00:45:27,109

flying machines in ancient India so the

885

00:45:32,289 --> 00:45:29,089

professor completely changed his mind

886

00:45:35,980 --> 00:45:32,299

and it helped me of course to support my

887

00:45:39,249 --> 00:45:35,990

case that's an incredible story and the

888

00:45:42,309 --> 00:45:39,259

reason why I'm asking is the discovery

889

00:45:43,930 --> 00:45:42,319

that we have just made off of Malibu you

890

00:45:49,539 --> 00:45:43,940

and I were just talking about that off

891

00:45:52,749 --> 00:45:49,549

off air was sent to us from one of our

892

00:45:55,299 --> 00:45:52,759

listeners and he sent me an image and he

893

00:45:55,630 --> 00:45:55,309

said check this out something strange is

894

00:45:58,990 --> 00:45:55,640

off

895

00:46:01,800 --> 00:45:59,000

the coast of Malibu and we went and

896

00:46:05,920 --> 00:46:01,810

investigated and made the discovery and

897

00:46:08,800 --> 00:46:05,930

if if that hadn't have happened and I

898

00:46:10,870 --> 00:46:08,810

encourage everybody listening to you and

899

00:46:14,530 --> 00:46:10,880

I right now if you know of something

900

00:46:15,280 --> 00:46:14,540

interesting don't sit on it don't ignore

901
00:46:21,520 --> 00:46:15,290
it

902
00:46:23,470 --> 00:46:21,530
guys like you and myself where we can

903
00:46:26,140 --> 00:46:23,480
and we have the resources to go and

904
00:46:28,630 --> 00:46:26,150
investigate because without that you

905
00:46:29,980 --> 00:46:28,640
know there's so many eyes and ears out

906
00:46:32,320 --> 00:46:29,990
there in the world and people are

907
00:46:35,020 --> 00:46:32,330
discovering things all the time and if

908
00:46:37,150 --> 00:46:35,030
you find something let somebody know

909
00:46:39,910 --> 00:46:37,160
about it because if you don't make the

910
00:46:44,740 --> 00:46:39,920
move it could potentially just sit there

911
00:46:48,100 --> 00:46:44,750
like India yeah exactly that's why we in

912
00:46:50,830 --> 00:46:48,110
Germany we have our organization you see

913
00:46:52,990 --> 00:46:50,840

it was early it was called engine SOR

914

00:46:55,510 --> 00:46:53,000

Society in the mean time it's called

915

00:46:58,540 --> 00:46:55,520

Society for investigation in archaeology

916

00:46:59,710 --> 00:46:58,550

and aromatics and safety safety means

917

00:47:01,960 --> 00:46:59,720

search for extraterrestrial intelligence

918

00:47:04,090 --> 00:47:01,970

and in the United States we have a

919

00:47:06,250 --> 00:47:04,100

similar organization which is made by

920

00:47:08,590 --> 00:47:06,260

Georgia to scholars you know Georgia

921

00:47:11,260 --> 00:47:08,600

from ancient aliens the Georgia has he

922

00:47:14,470 --> 00:47:11,270

has his legendary Time magazine on the

923

00:47:17,020 --> 00:47:14,480

market there we always publish every two

924

00:47:20,410 --> 00:47:17,030

months the newest discovery and bring it

925

00:47:23,350 --> 00:47:20,420

into open discussion it has to be that

926
00:47:25,570 --> 00:47:23,360
way and the more that you discuss and

927
00:47:29,350 --> 00:47:25,580
that and the more that I discuss and

928
00:47:31,270 --> 00:47:29,360
programs like this it gets out there and

929
00:47:35,530 --> 00:47:31,280
that's one thing I wanted to touch upon

930
00:47:38,410 --> 00:47:35,540
with all of your success because you've

931
00:47:41,650 --> 00:47:38,420
had an immense amount of success do you

932
00:47:44,370 --> 00:47:41,660
think that you have changed things for

933
00:47:48,280 --> 00:47:44,380
us in other words is there an era before

934
00:47:51,760 --> 00:47:48,290
erich von daniken and then the era after

935
00:47:54,430 --> 00:47:51,770
can you feel it of course there is a

936
00:47:57,640 --> 00:47:54,440
changing you see even before Erich von

937
00:48:00,460 --> 00:47:57,650
däniken before 1968 there was science

938
00:48:03,000 --> 00:48:00,470

fiction writers brilliant men who came

939

00:48:06,490 --> 00:48:03,010

up with the idea that we visit another

940

00:48:09,880 --> 00:48:06,500

planet and the natives would look at as

941

00:48:13,120 --> 00:48:09,890

a form of God so this

942

00:48:15,040 --> 00:48:13,130

a basic idea was not an invention of

943

00:48:17,290 --> 00:48:15,050

Eric's under any content existed in

944

00:48:18,910 --> 00:48:17,300

science-fiction material but I was

945

00:48:21,700 --> 00:48:18,920

practically the first who came out and

946

00:48:24,490 --> 00:48:21,710

took it serious I said now I want to

947

00:48:26,530 --> 00:48:24,500

find proof in temples in sculptors in

948

00:48:29,020 --> 00:48:26,540

holy writings etc and that was the

949

00:48:31,480 --> 00:48:29,030

success of Chariots of the Gods by the

950

00:48:34,810 --> 00:48:31,490

way next month somewhere in the fifth or

951
00:48:37,810 --> 00:48:34,820
sixth August I am in the United States

952
00:48:40,930 --> 00:48:37,820
and I have not only a speech I also have

953
00:48:43,570 --> 00:48:40,940
a so-called workshop where for five or

954
00:48:46,030 --> 00:48:43,580
six hours I show to deliciousness the

955
00:48:48,460 --> 00:48:46,040
most incredible things yeah that's a

956
00:48:50,470 --> 00:48:48,470
contact in the desert and we will be

957
00:48:54,060 --> 00:48:50,480
there by the way we will all wonderful

958
00:48:55,930 --> 00:48:54,070
yeah we are will be broadcasting live

959
00:48:59,200 --> 00:48:55,940
August 8th

960
00:49:01,840 --> 00:48:59,210
that's a Friday night and I'm excited to

961
00:49:04,660 --> 00:49:01,850
actually meet you in person and and I

962
00:49:07,450 --> 00:49:04,670
can't I talked about it on the show

963
00:49:10,810 --> 00:49:07,460

every night about contacting the desert

964

00:49:14,140 --> 00:49:10,820

and the collection of researchers that

965

00:49:19,240 --> 00:49:14,150

is there not only giorgio but yourself

966

00:49:21,910 --> 00:49:19,250

and Nick Pope and and Richard Dolan the

967

00:49:25,390 --> 00:49:21,920

the list goes on and on and on but that

968

00:49:27,900 --> 00:49:25,400

is a huge collection of minds all at the

969

00:49:31,570 --> 00:49:27,910

same place at the same time I encourage

970

00:49:34,150 --> 00:49:31,580

everybody to to take the time and come

971

00:49:35,800 --> 00:49:34,160

out and hang out with all of us and with

972

00:49:38,290 --> 00:49:35,810

that I'm gonna take one more quick break

973

00:49:40,930 --> 00:49:38,300

we'll come back and we'll wrap up with

974

00:49:42,550 --> 00:49:40,940

00:50:43,860 --> 00:50:28,510

giving it to you straight on the dark

984

00:50:43,870 --> 00:51:04,849

985

00:51:10,499 --> 00:51:07,140

all right everybody welcome back fade to

986

00:51:12,210 --> 00:51:10,509

black on a Friday live from Switzerland

987

00:51:14,160 --> 00:51:12,220

Erich von däniken

988

00:51:15,569 --> 00:51:14,170

this is fade to black in the dark matter

989

00:51:19,470 --> 00:51:15,579

radio network I'm your host Amy Church

990

00:51:22,980 --> 00:51:19,480

okay we got that out of the way Eric you

991

00:51:24,480 --> 00:51:22,990

were on the break you wanted you asked

992

00:51:27,450 --> 00:51:24,490

me about our bail what was the question

993

00:51:29,970 --> 00:51:27,460

yet yes not really I didn't know I'm

994

00:51:31,980 --> 00:51:29,980

wondering because I was an up Bill show

995

00:51:37,079 --> 00:51:31,990

two or three times in the past if he

996

00:51:40,049 --> 00:51:37,089

still alive he's doing great he is yes

997

00:51:40,739 --> 00:51:40,059

yes yes he is he's a little younger than

998

00:51:44,099 --> 00:51:40,749

you

999

00:51:47,370 --> 00:51:44,109

not much but he's out in Las Vegas at

1000

00:51:51,120 --> 00:51:47,380

his home out there relaxing and he will

1001
00:51:55,319 --> 00:51:51,130
be back on the air in July and his show

1002
00:51:57,450 --> 00:51:55,329
will follow mine originally I came in to

1003
00:52:01,109 --> 00:51:57,460
sit in for him while he was on his break

1004
00:52:04,890 --> 00:52:01,119
but it looks like he wants the timeslot

1005
00:52:07,589 --> 00:52:04,900
after mine and he has said so and so we

1006
00:52:10,259 --> 00:52:07,599
yeah we will go back-to-back I'll it's

1007
00:52:14,880 --> 00:52:10,269
like opening for the Beatles I'm the

1008
00:52:17,789 --> 00:52:14,890
opening act okay whatever I hear you and

1009
00:52:19,650 --> 00:52:17,799
I just realized you are brilliant you

1010
00:52:21,599 --> 00:52:19,660
are absolutely perfect it makes it

1011
00:52:23,640 --> 00:52:21,609
pleasure you are well educated you

1012
00:52:26,640 --> 00:52:23,650
studied the subject you are talking

1013
00:52:30,059 --> 00:52:26,650

about it's great to talk to you what you

1014

00:52:31,979 --> 00:52:30,069

have to understand one thing when when I

1015

00:52:36,569 --> 00:52:31,989

was younger when Chariots of the Gods

1016

00:52:39,569 --> 00:52:36,579

came out and and the book I begged my

1017

00:52:44,579 --> 00:52:39,579

parents to take me to go see that movie

1018

00:52:47,670 --> 00:52:44,589

and it it changed things there in life

1019

00:52:49,680 --> 00:52:47,680

like you with Nazca and Peru right in

1020

00:52:53,190 --> 00:52:49,690

1964 there are certain things that

1021

00:52:56,309 --> 00:52:53,200

happened in your life that change you

1022

00:52:59,009 --> 00:52:56,319

and Chariots of the Gods did that for me

1023

00:53:01,170 --> 00:52:59,019

and it did and you did it for millions

1024

00:53:04,859 --> 00:53:01,180

of people and we certainly have to

1025

00:53:06,599 --> 00:53:04,869

congratulate you for that thank you okay

1026

00:53:09,329 --> 00:53:06,609

now now that we got all the Pat's in the

1027

00:53:12,630 --> 00:53:09,339

back out of the way I want to talk to

1028

00:53:14,700 --> 00:53:12,640

you about your theme park and what was

1029

00:53:17,100 --> 00:53:14,710

the motivation for doing that in

1030

00:53:21,150 --> 00:53:17,110

Switzerland where everybody is

1031

00:53:24,120 --> 00:53:21,160

derivative you see I live in a place

1032

00:53:26,850 --> 00:53:24,130

called interlaken intellection is in the

1033

00:53:29,790 --> 00:53:26,860

middle of the mountains and it is an

1034

00:53:32,400 --> 00:53:29,800

absolute big tourist place in summer and

1035

00:53:35,310 --> 00:53:32,410

in winter so I had the idea to make a

1036

00:53:38,940 --> 00:53:35,320

team part here with different patios and

1037

00:53:42,180 --> 00:53:38,950

in all the pavilions you should see a in

1038

00:53:43,530 --> 00:53:42,190

in modern in a modern sense for example

1039

00:53:48,570 --> 00:53:43,540

Stonehenge

1040

00:53:51,210 --> 00:53:48,580

gigantic or you see Nazca you fly over

1041

00:53:53,850 --> 00:53:51,220

Nazca and really not just in a movie

1042

00:53:56,640 --> 00:53:53,860

because you under beneath you you have a

1043

00:53:58,950 --> 00:53:56,650

glass bottom and you fly really over you

1044

00:54:00,930 --> 00:53:58,960

can look down so all these things in

1045

00:54:03,450 --> 00:54:00,940

Interlaken we opened the park a few

1046

00:54:04,530 --> 00:54:03,460

years ago and it went very good but

1047

00:54:06,420 --> 00:54:04,540

never in winter

1048

00:54:08,850 --> 00:54:06,430

in winter it was lousy they were

1049

00:54:12,330 --> 00:54:08,860

practically not much visitors so they

1050

00:54:15,150 --> 00:54:12,340

gave up the park in winter and since two

1051

00:54:18,240 --> 00:54:15,160

years it's only open in summer it's in

1052

00:54:21,120 --> 00:54:18,250

intellection Switzerland and especially

1053

00:54:24,240 --> 00:54:21,130

when it's bad weather like today here we

1054

00:54:26,340 --> 00:54:24,250

go everyone goes to the park you can

1055

00:54:27,930 --> 00:54:26,350

stay a whole day with it it's not

1056

00:54:32,600 --> 00:54:27,940

annoying it's fantastic how many

1057

00:54:35,550 --> 00:54:32,610

visitors do you get well normally about

1058

00:54:39,570 --> 00:54:35,560

250,000 a year could be more oh that's

1059

00:54:41,790 --> 00:54:39,580

huge that not so much could be more do

1060

00:54:45,210 --> 00:54:41,800

you think now any of do you think the

1061

00:54:51,450 --> 00:54:45,220

visitors that come to the park are they

1062

00:54:53,790 --> 00:54:51,460

aware of the ancient alien theory or do

1063

00:54:57,960 --> 00:54:53,800

they come there not knowing about it and

1064

00:55:00,300 --> 00:54:57,970

leaving educated well it's posed some of

1065

00:55:02,580 --> 00:55:00,310

them have no idea they just come because

1066

00:55:04,410 --> 00:55:02,590

it's bad weather and they ask at the

1067

00:55:06,270 --> 00:55:04,420

hotel reception what can we do here in

1068

00:55:07,770 --> 00:55:06,280

the mountains with bad weather and they

1069

00:55:10,770 --> 00:55:07,780

tell them go to the park and they have

1070

00:55:14,250 --> 00:55:10,780

no idea what what they expect there and

1071

00:55:16,650 --> 00:55:14,260

after it they are completely changed you

1072

00:55:19,860 --> 00:55:16,660

see I made all the texts for the park

1073

00:55:23,670 --> 00:55:19,870

and I was very very careful to always

1074

00:55:25,170 --> 00:55:23,680

end with question marks the part is not

1075

00:55:28,410 --> 00:55:25,180

the park where you have to believe

1076
00:55:30,430 --> 00:55:28,420
something it's not something which tell

1077
00:55:32,109 --> 00:55:30,440
you like a religion this

1078
00:55:34,690 --> 00:55:32,119
the way you have to look at it no on the

1079
00:55:38,380 --> 00:55:34,700
contrary it all ends with question mark

1080
00:55:40,870 --> 00:55:38,390
for example Nazca we give shortly every

1081
00:55:43,480 --> 00:55:40,880
scientific theory which means a few

1082
00:55:45,640 --> 00:55:43,490
phrases professor X's death

1083
00:55:47,170 --> 00:55:45,650
professor Y Shay's death from Missha

1084
00:55:49,960 --> 00:55:47,180
Maria right has a stellitita

1085
00:55:52,720 --> 00:55:49,970
but it all ends with question marks so

1086
00:55:55,359 --> 00:55:52,730
it's a park to be astonished not the

1087
00:55:56,980 --> 00:55:55,369
park to believe at all these people who

1088
00:55:57,490 --> 00:55:56,990

visit the park who don't know nothing

1089

00:55:59,740 --> 00:55:57,500

about it

1090

00:56:01,720 --> 00:55:59,750

they are absolutely astonished at the

1091

00:56:03,849 --> 00:56:01,730

other house are the ones they want to

1092

00:56:05,980 --> 00:56:03,859

come here because they know this is a

1093

00:56:08,890 --> 00:56:05,990

Erich von Daniken's Park and we want to

1094

00:56:11,470 --> 00:56:08,900

see these shows do you hang out are you

1095

00:56:14,680 --> 00:56:11,480

at the park every day and now no not

1096

00:56:17,349 --> 00:56:14,690

every day I have every month always at

1097

00:56:20,109 --> 00:56:17,359

the first Sunday in the month I have a

1098

00:56:22,029 --> 00:56:20,119

speech an open speech at the park which

1099

00:56:24,220 --> 00:56:22,039

by the way is free of entry don't have

1100

00:56:26,289 --> 00:56:24,230

to pay for it so and on my speech

1101
00:56:28,299 --> 00:56:26,299
normally in the path there are about 100

1102
00:56:33,309 --> 00:56:28,309
to 200 people but that's in German

1103
00:56:36,220 --> 00:56:33,319
language that's a problem I was

1104
00:56:38,620 --> 00:56:36,230
picturing you you know at the theme park

1105
00:56:42,220 --> 00:56:38,630
every day and greeting people and then

1106
00:56:44,019 --> 00:56:42,230
you just getting bombed by questions I

1107
00:56:46,900 --> 00:56:44,029
mean all day long I can only imagine

1108
00:56:48,490 --> 00:56:46,910
what that would have been like but yeah

1109
00:56:51,190 --> 00:56:48,500
that's that what that was that was the

1110
00:56:53,680 --> 00:56:51,200
image that I had in my head okay okay

1111
00:57:00,069 --> 00:56:53,690
before I let you go one last quick

1112
00:57:05,920 --> 00:57:00,079
question you are are you 80 yes next

1113
00:57:10,000 --> 00:57:05,930

year born on April 14 1935 so next year

1114

00:57:13,599 --> 00:57:10,010

in the year 15 I am 80 years old but my

1115

00:57:15,730 --> 00:57:13,609

brain works as if I was young nothing

1116

00:57:19,000 --> 00:57:15,740

has changed in my brain I'm very happy

1117

00:57:22,900 --> 00:57:19,010

you can tell too and I always hate the

1118

00:57:25,269 --> 00:57:22,910

GOP's love me what well I can only hope

1119

00:57:27,460 --> 00:57:25,279

that when I'm 80 that I'll be doing

1120

00:57:31,480 --> 00:57:27,470

radio still and somebody would be

1121

00:57:32,079 --> 00:57:31,490

interested in in me but now at the age

1122

00:57:35,319 --> 00:57:32,089

of 80

1123

00:57:38,260 --> 00:57:35,329

are you still jumping on planes and

1124

00:57:41,049 --> 00:57:38,270

crawling through caves and researching

1125

00:57:43,990 --> 00:57:41,059

and investigating absolutely absolutely

1126
00:57:46,840 --> 00:57:44,000
I still jumping on place on planes

1127
00:57:49,390 --> 00:57:46,850
into caves and whatever new discoveries

1128
00:57:53,110 --> 00:57:49,400
come up and I'm interested I go there I

1129
00:57:56,140 --> 00:57:53,120
must see it I must take my own mind I

1130
00:57:57,730 --> 00:57:56,150
must smell it I must feel it without

1131
00:57:59,830 --> 00:57:57,740
this I would never write about it

1132
00:58:01,930 --> 00:57:59,840
I must know the literature about it I

1133
00:58:04,810 --> 00:58:01,940
will know what the archaeological

1134
00:58:07,630 --> 00:58:04,820
archaeology community says to it before

1135
00:58:10,210 --> 00:58:07,640
I write about it I have to ask one

1136
00:58:12,040 --> 00:58:10,220
question and I talk about it it seems

1137
00:58:12,430 --> 00:58:12,050
like every day on this show I mention it

1138
00:58:17,350 --> 00:58:12,440

once

1139

00:58:20,140 --> 00:58:17,360

have you been to gobekli tepe no I was

1140

00:58:23,170 --> 00:58:20,150

not there but I have very good pictures

1141

00:58:24,820 --> 00:58:23,180

from one of my friends I one of my

1142

00:58:27,040 --> 00:58:24,830

friend close friends he's working for

1143

00:58:27,430 --> 00:58:27,050

our organization I first met he was not

1144

00:58:30,400 --> 00:58:27,440

there

1145

00:58:34,750 --> 00:58:30,410

I've that's one of the one of the places

1146

00:58:37,590 --> 00:58:34,760

that I have to get to is gobekli tepe

1147

00:58:40,090 --> 00:58:37,600

for the research that you're doing and

1148

00:58:42,930 --> 00:58:40,100

and all of the theories out there in

1149

00:58:47,700 --> 00:58:42,940

lost civilizations this seems to be a

1150

00:58:50,740 --> 00:58:47,710

game changer a true key to answering I

1151

00:58:54,400 --> 00:58:50,750

know about it it's not very big and

1152

00:58:56,290 --> 00:58:54,410

there are no hotels around there so it's

1153

00:58:58,540 --> 00:58:56,300

not a tourist place no it's so when you

1154

00:59:01,450 --> 00:58:58,550

go there you have probably to sleep in

1155

00:59:02,350 --> 00:59:01,460

tents or you make a long car right

1156

00:59:04,240 --> 00:59:02,360

etcetera

1157

00:59:07,000 --> 00:59:04,250

of course it's possible but it's not

1158

00:59:10,540 --> 00:59:07,010

very big though the whole archaeological

1159

00:59:13,600 --> 00:59:10,550

site yeah it's not but the age of it I

1160

00:59:16,110 --> 00:59:13,610

just I again I talk about it every day

1161

00:59:18,700 --> 00:59:16,120

on this show and I need everybody to

1162

00:59:22,590 --> 00:59:18,710

just like you I need everybody to

1163

00:59:25,480 --> 00:59:22,600

understand exactly the significance of

1164

00:59:28,570 --> 00:59:25,490

something like gobekli tepe and if there

1165

00:59:30,790 --> 00:59:28,580

is a gobekli tepe then there are many

1166

00:59:31,530 --> 00:59:30,800

more out there just waiting to be

1167

00:59:34,630 --> 00:59:31,540

discovered

1168

00:59:37,720 --> 00:59:34,640

that's exactly the point that's exactly

1169

00:59:40,660 --> 00:59:37,730

we will discover more and more and new

1170

00:59:44,530 --> 00:59:40,670

questions come up and we will learn much

1171

00:59:48,130 --> 00:59:44,540

more about our past and our future or do

1172

00:59:51,220 --> 00:59:48,140

you have an expedition planned no not at

1173

00:59:53,410 --> 00:59:51,230

the moment I'm going to Colombia next

1174

00:59:55,780 --> 00:59:53,420

time they're in Colombia new

1175

00:59:57,950 --> 00:59:55,790

subterranean that places have been

1176

01:00:00,970 --> 00:59:57,960

discovered and I will

1177

01:00:03,859 --> 01:00:00,980

they inject ember so when you get back

1178

01:00:05,599 --> 01:00:03,869

from Colombia I would like to invite you

1179

01:00:08,180 --> 01:00:05,609

back on the show and tell us about what

1180

01:00:08,960 --> 01:00:08,190

you find okay it's a great question for

1181

01:00:10,730 --> 01:00:08,970

me thank you

1182

01:00:13,910 --> 01:00:10,740

we will meet anyhow in August somewhere

1183

01:00:17,410 --> 01:00:13,920

yes where we will have a cigarette and

1184

01:00:23,570 --> 01:00:17,420

hang out in Josh are you still a smoker

1185

01:00:25,670 --> 01:00:23,580

I'm ashamed well you know that's where

1186

01:00:29,240 --> 01:00:25,680

this voice comes from so there you go

1187

01:00:32,480 --> 01:00:29,250

exactly raquan daniken thank you very so

1188

01:00:35,780 --> 01:00:32,490

much sir it was a great pleasure and I

1189

01:00:38,150 --> 01:00:35,790

will see you in about one month okay

1190

01:00:41,210 --> 01:00:38,160

have a great great thank you for your

1191

01:00:43,609 --> 01:00:41,220

questions it was a pleasure for me to be

1192

01:00:46,450 --> 01:00:43,619

a neutral I'll talk to you soon thank

1193

01:00:48,890 --> 01:00:46,460

you sir bye bye

1194

01:00:52,220 --> 01:00:48,900

erich von daniken

1195

01:00:53,450 --> 01:00:52,230

thank you sir live from Switzerland

1196

01:00:56,510 --> 01:00:53,460

sounded pretty good too

1197

01:00:59,960 --> 01:00:56,520

you wouldn't think that he was what I

1198

01:01:03,440 --> 01:00:59,970

don't know 9,000 miles away and we'll be

1199

01:01:05,570 --> 01:01:03,450

seeing Eric in about a month at contact

1200

01:01:08,770 --> 01:01:05,580

in the desert Wow

1201
01:01:12,349 --> 01:01:08,780
sensational all right now coming up next

1202
01:01:15,770 --> 01:01:12,359
I'm going to talk to you about the

1203
01:01:17,270 --> 01:01:15,780
Dyatlov pass incident got some graphics

1204
01:01:21,530 --> 01:01:17,280
I have some images

1205
01:01:25,400 --> 01:01:21,540
I interviewed cousin Andre who was here

1206
01:01:27,650 --> 01:01:25,410
this week from Russia and he came into

1207
01:01:30,500 --> 01:01:27,660
the studio here and sat down with us for

1208
01:01:33,200 --> 01:01:30,510
a minute and we shot some video it's

1209
01:01:36,770 --> 01:01:33,210
pretty cool and we'll be getting that

1210
01:01:39,710 --> 01:01:36,780
out very soon but these are some audio

1211
01:01:43,609 --> 01:01:39,720
excerpts of the session that I did with

1212
01:01:45,320 --> 01:01:43,619
Andre not only that but we went and did

1213
01:01:48,530 --> 01:01:45,330

a special report got a bunch of

1214

01:01:50,960 --> 01:01:48,540

information together stuff that we had

1215

01:01:53,089 --> 01:01:50,970

to translate from Russian into English

1216

01:01:54,940 --> 01:01:53,099

and you're just not gonna hear this

1217

01:01:58,120 --> 01:01:54,950

anywhere else

1218

01:02:00,280 --> 01:01:58,130

and we think we've uncovered some new

1219

01:02:00,819 --> 01:02:00,290

evidence is it the end-all we don't know

1220

01:02:02,380 --> 01:02:00,829

yet

1221

01:02:04,470 --> 01:02:02,390

this is fade to black in the dark matter

1222

01:02:06,910 --> 01:02:04,480
