1  
00:00:05,210 --> 00:00:02,180  
hi this is Jimmy church have fade to

2  
00:00:09,110 --> 00:00:05,220  
black and coast to coast am and recently

3  
00:00:13,610 --> 00:00:09,120  
the National Solar Observatory was

4  
00:00:15,980 --> 00:00:13,620  
raided and evacuated by the FBI there

5  
00:00:19,040 --> 00:00:15,990  
was a lot of mystery surrounding why

6  
00:00:22,849 --> 00:00:19,050  
they did this and what is going on in

7  
00:00:26,420 --> 00:00:22,859  
sunspot New Mexico with the evacuation

8  
00:00:29,570 --> 00:00:26,430  
and the total shutdown of information to

9  
00:00:32,780 --> 00:00:29,580  
the media and the public as to why they

10  
00:00:36,410 --> 00:00:32,790  
went in and evacuated the compound and

11  
00:00:36,920 --> 00:00:36,420  
the United States Post Office right

12  
00:00:41,270 --> 00:00:36,930  
there

13  
00:00:44,690 --> 00:00:41,280

so today is September 14th 2018 and I

14

00:00:47,950 --> 00:00:44,700

interviewed ransom Godwin who went up

15

00:00:50,360 --> 00:00:47,960

two days ago on September 12th and

16

00:00:54,590 --> 00:00:50,370

videotaped the compound

17

00:00:57,170 --> 00:00:54,600

what follows is his video documentation

18

00:01:00,319 --> 00:00:57,180

in the interview I conducted with him

19

00:01:02,990 --> 00:01:00,329

today does this answer all of the

20

00:01:06,170 --> 00:01:03,000

questions that we have absolutely not

21

00:01:09,020 --> 00:01:06,180

but it certainly shows you exactly what

22

00:01:15,859 --> 00:01:09,030

is going on right now up at the National

23

00:01:18,580 --> 00:01:15,869

Solar Observatory what day did you the

24

00:01:22,010 --> 00:01:18,590

video was posted today September 14th

25

00:01:23,660 --> 00:01:22,020

actually I posted it yesterday yeah what

26

00:01:26,420 --> 00:01:23,670

up there filmed on the 12th I believe it

27

00:01:28,179 --> 00:01:26,430

was so okay so this was shot on

28

00:01:31,100 --> 00:01:28,189

September 12th what time did you arrive

29

00:01:32,569 --> 00:01:31,110

um well you know I think it was I

30

00:01:34,399 --> 00:01:32,579

believe it was like 1:00 in the

31

00:01:35,899 --> 00:01:34,409

afternoon so I'm not mistaken I'm not

32

00:01:38,060 --> 00:01:35,909

really sure on the time it was sometime

33

00:01:39,679 --> 00:01:38,070

in the midday though because I got a

34

00:01:41,660 --> 00:01:39,689

late start and had to drive up the

35

00:01:43,370 --> 00:01:41,670

mountain when you I'm not really sure it

36

00:01:46,429 --> 00:01:43,380

was between 1:00 and 3:00 I would say

37

00:01:49,010 --> 00:01:46,439

when you first arrived there in the

38

00:01:52,520 --> 00:01:49,020

video I think you stated that there was

39

00:01:54,649 --> 00:01:52,530

a sheriff there yes there's a sheriff's

40

00:01:56,600 --> 00:01:54,659

deputy there and he seemed to be

41

00:01:59,090 --> 00:01:56,610

checking out a car that was parked on

42

00:02:03,139 --> 00:01:59,100

the road and let me tell you from living

43

00:02:05,179 --> 00:02:03,149

here he seemed very uninterested around

44

00:02:06,560 --> 00:02:05,189

here I mean I'm not trying to be mean to

45

00:02:08,419 --> 00:02:06,570

the law enforcement but they're really

46

00:02:10,130 --> 00:02:08,429

pushy and nosy about what people are

47

00:02:12,170 --> 00:02:10,140

doing when they check someone out so it

48

00:02:13,790 --> 00:02:12,180

was really odd to me that he just left

49

00:02:15,860 --> 00:02:13,800

without asking me anything

50

00:02:19,190 --> 00:02:15,870

he saw me with cameras and every day and

51  
00:02:21,650 --> 00:02:19,200  
he just bounced so so you you proceeded

52  
00:02:26,450 --> 00:02:21,660  
up the hill with your son you you're

53  
00:02:29,060 --> 00:02:26,460  
both shooting video and the first thing

54  
00:02:33,140 --> 00:02:29,070  
that struck me that also struck you is

55  
00:02:37,220 --> 00:02:33,150  
there was nobody there no FBI no

56  
00:02:40,520 --> 00:02:37,230  
security no security guards nothing it

57  
00:02:41,690 --> 00:02:40,530  
was just a virtual ghost town yeah

58  
00:02:44,300 --> 00:02:41,700  
that's right

59  
00:02:48,680 --> 00:02:44,310  
you went around started to try to open

60  
00:02:51,140 --> 00:02:48,690  
up doors how many doors overall were

61  
00:02:54,050 --> 00:02:51,150  
unlocked what were you able to walk into

62  
00:02:56,540 --> 00:02:54,060  
and take a look around that's the thing

63  
00:02:58,400 --> 00:02:56,550

is I actually didn't find any unlock

64

00:03:01,040 --> 00:02:58,410

doors most of the doors from the

65

00:03:02,990 --> 00:03:01,050

observatory and the lab that I came

66

00:03:05,870 --> 00:03:03,000

across were locked so you know of course

67

00:03:08,300 --> 00:03:05,880

I didn't try to do anything else so I

68

00:03:11,990 --> 00:03:08,310

never went in any place I just looked in

69

00:03:14,960 --> 00:03:12,000

the windows was the housing that you

70

00:03:18,710 --> 00:03:14,970

looked at was it emptied of any stuff or

71

00:03:20,900 --> 00:03:18,720

were the belongings still inside um all

72

00:03:23,630 --> 00:03:20,910

of the places that I saw pretty much had

73

00:03:26,330 --> 00:03:23,640

you know anything that wasn't of

74

00:03:28,910 --> 00:03:26,340

immediate use was just kind of left

75

00:03:31,510 --> 00:03:28,920

there and they seemed to have taken the

76

00:03:33,800 --> 00:03:31,520

time to board up most of the residences

77

00:03:36,770 --> 00:03:33,810

so you can't look inside of them

78

00:03:39,290 --> 00:03:36,780

what do you mean the windows had I mean

79

00:03:40,970 --> 00:03:39,300

like it looked like they boarded it up

80

00:03:44,570 --> 00:03:40,980

for like a hurricane or something you

81

00:03:47,449 --> 00:03:44,580

know like all of the windows had plywood

82

00:03:50,390 --> 00:03:47,459

in them so some people took some time to

83

00:03:54,820 --> 00:03:50,400

board up the houses before they left at

84

00:03:58,880 --> 00:03:54,830

least and another shot is an x-files

85

00:03:59,570 --> 00:03:58,890

DVD suspiciously on the top of a trash

86

00:04:01,510 --> 00:03:59,580

can

87

00:04:04,150 --> 00:04:01,520

yeah I thought that was funny in that

88

00:04:06,530 --> 00:04:04,160

but it is yeah it was the x-files

89

00:04:09,110 --> 00:04:06,540

ultimate access I believe it said or

90

00:04:10,850 --> 00:04:09,120

something like that or something to that

91

00:04:13,270 --> 00:04:10,860

effect but yes that was bizarre that the

92

00:04:15,830 --> 00:04:13,280

only thing that we really saw was

93

00:04:17,900 --> 00:04:15,840

x-files reference kind of like somebody

94

00:04:20,030 --> 00:04:17,910

was playing a joke or leaving a clue or

95

00:04:22,730 --> 00:04:20,040

you know I'm not really sure but it was

96

00:04:24,140 --> 00:04:22,740

oddly placed on top of the trash can

97

00:04:25,880 --> 00:04:24,150

right next to the window so you could

98

00:04:27,439 --> 00:04:25,890

see it one of the other things that

99

00:04:31,070 --> 00:04:27,449

struck me about

100

00:04:32,420 --> 00:04:31,080

the compound was how many vehicles were

101  
00:04:34,879 --> 00:04:32,430  
left behind

102  
00:04:37,999 --> 00:04:34,889  
how many cars and vehicles did you see I

103  
00:04:39,499 --> 00:04:38,009  
think about well including work vehicles

104  
00:04:41,029 --> 00:04:39,509  
and stuff because that's the the

105  
00:04:43,219 --> 00:04:41,039  
majority of the vehicles that I saw

106  
00:04:44,480 --> 00:04:43,229  
there were all government tagged you

107  
00:04:46,640 --> 00:04:44,490  
know like they had the Sun SPOT

108  
00:04:48,499 --> 00:04:46,650  
Observatory logo on them or they were

109  
00:04:51,800 --> 00:04:48,509  
just a playing car with government tags

110  
00:04:53,689 --> 00:04:51,810  
and I would say probably four or five

111  
00:04:56,480 --> 00:04:53,699  
just regular cars but they did have a

112  
00:04:58,070 --> 00:04:56,490  
lot of work trucks equipment and a real

113  
00:05:01,339 --> 00:04:58,080

bizarre thing is they have a maintenance

114

00:05:03,379 --> 00:05:01,349

garage there and the bay was open and

115

00:05:05,240 --> 00:05:03,389

there's tools and all kinds of stuff in

116

00:05:07,070 --> 00:05:05,250

there but there's no one around to watch

117

00:05:09,140 --> 00:05:07,080

it so it was kind of bizarre that they

118

00:05:10,610 --> 00:05:09,150

didn't even close up the I guess that's

119

00:05:12,230 --> 00:05:10,620

a maintenance bay or whatever they

120

00:05:14,510 --> 00:05:12,240

didn't even close it up or lock it up so

121

00:05:15,709 --> 00:05:14,520

it appears that anybody could go up

122

00:05:18,499 --> 00:05:15,719

there and do whatever they want

123

00:05:21,110 --> 00:05:18,509

including yourself or anybody else well

124

00:05:24,589 --> 00:05:21,120

this is just an opinion of mine but it

125

00:05:26,209 --> 00:05:24,599

seems to be that they're trying to you

126

00:05:27,890 --> 00:05:26,219

know kind of make it seem like it's no

127

00:05:29,510 --> 00:05:27,900

big deal there's nobody watching it

128

00:05:31,430 --> 00:05:29,520

there's you know like you said there's

129

00:05:32,450 --> 00:05:31,440

really no info out about it it seems

130

00:05:35,420 --> 00:05:32,460

like they're going out of their way to

131

00:05:37,159 --> 00:05:35,430

try to make it where you know it's

132

00:05:38,839 --> 00:05:37,169

nothing don't worry about it nothing's

133

00:05:40,969 --> 00:05:38,849

happening there but at the same time the

134

00:05:43,550 --> 00:05:40,979

oddness of no information make sure it

135

00:05:46,730 --> 00:05:43,560

more that much more of a mystery were

136

00:05:48,529 --> 00:05:46,740

you able to check out the computers that

137

00:05:51,159 --> 00:05:48,539

are up there condemned ones that I fall

138

00:05:53,570 --> 00:05:51,169

through the windows we're all older

139

00:05:55,820 --> 00:05:53,580

computers like I didn't see any laptops

140

00:05:58,309 --> 00:05:55,830

or anything so like anything that's real

141

00:05:59,839 --> 00:05:58,319

computers or you know hard drives or

142

00:06:00,519 --> 00:05:59,849

servers or anything like that I didn't

143

00:06:03,980 --> 00:06:00,529

see anything

144

00:06:06,019 --> 00:06:03,990

up-to-date left behind yeah and was

145

00:06:08,839 --> 00:06:06,029

everything did it look disturbed like

146

00:06:09,619 --> 00:06:08,849

maybe some things were there but were

147

00:06:12,290 --> 00:06:09,629

removed

148

00:06:14,659 --> 00:06:12,300

maybe newer computers oh yeah yeah

149

00:06:16,760 --> 00:06:14,669

that's there's a lot of desks in there

150

00:06:18,559 --> 00:06:16,770

and stuff like that that you could tell

151  
00:06:20,659 --> 00:06:18,569  
where people's workstations or whatever

152  
00:06:23,149 --> 00:06:20,669  
and that they're just empty now they

153  
00:06:24,980 --> 00:06:23,159  
took whatever they had and bounced I

154  
00:06:27,800 --> 00:06:24,990  
wanted to ask you around some the

155  
00:06:30,409 --> 00:06:27,810  
reports of helicopters you live in the

156  
00:06:32,480 --> 00:06:30,419  
area did you see any Blackhawk

157  
00:06:35,629 --> 00:06:32,490  
helicopters flying around yourself last

158  
00:06:37,790 --> 00:06:35,639  
week no I didn't but let me tell you we

159  
00:06:39,420 --> 00:06:37,800  
live in Otero County so to see a black

160  
00:06:41,760 --> 00:06:39,430  
helicopters not that

161  
00:06:44,190 --> 00:06:41,770  
here we're next to Holloman Air Force

162  
00:06:45,990 --> 00:06:44,200  
Base Fort Bliss and the White Sands

163  
00:06:49,350 --> 00:06:46,000

Missile Range is right next to us a

164

00:06:51,090 --> 00:06:49,360

really high amount of government money

165

00:06:53,630 --> 00:06:51,100

that's been spent in this area because

166

00:06:56,940 --> 00:06:53,640

we're also 90 miles north of the border

167

00:06:58,350 --> 00:06:56,950

there are also reports everything is a

168

00:07:01,230 --> 00:06:58,360

rumor right now

169

00:07:03,990 --> 00:07:01,240

you know alien content et contact

170

00:07:07,020 --> 00:07:04,000

something was seen by the Sun but

171

00:07:11,520 --> 00:07:07,030

there's another story traveling around

172

00:07:14,370 --> 00:07:11,530

the net that the Chinese had some type

173

00:07:19,020 --> 00:07:14,380

of antenna array installed up there and

174

00:07:22,230 --> 00:07:19,030

was monitoring and spying on white sands

175

00:07:23,720 --> 00:07:22,240

did you see any evidence of anything

176

00:07:27,090 --> 00:07:23,730

like that that was out of place

177

00:07:29,010 --> 00:07:27,100

no I didn't and not only that the way

178

00:07:31,500 --> 00:07:29,020

that the mountain set up here all you

179

00:07:33,330 --> 00:07:31,510

would need is a telescopic lens and you

180

00:07:35,850 --> 00:07:33,340

know anything to watch anything in the

181

00:07:38,520 --> 00:07:35,860

valley it's not hard to see the white

182

00:07:40,140 --> 00:07:38,530

sands or Holloman Air Force Base a lot

183

00:07:41,700 --> 00:07:40,150

of people concentrate on the white sand

184

00:07:44,610 --> 00:07:41,710

thing because it's a little more famous

185

00:07:46,680 --> 00:07:44,620

but Holloman is actually where most of

186

00:07:50,520 --> 00:07:46,690

the secret testing that they've done all

187

00:07:51,450 --> 00:07:50,530

the way back since the 50s and actually

188

00:07:53,400 --> 00:07:51,460

you know I don't know if you know

189

00:07:56,070 --> 00:07:53,410

there's a couple stories of like UFOs

190

00:07:57,810 --> 00:07:56,080

actually landing at Holloman yes and to

191

00:08:00,180 --> 00:07:57,820

see lights in the sky in this valley is

192

00:08:02,790 --> 00:08:00,190

really not uncommon did you see anything

193

00:08:07,140 --> 00:08:02,800

up there that was left behind like food

194

00:08:10,890 --> 00:08:07,150

any any trash any evidence of of people

195

00:08:14,070 --> 00:08:10,900

being there or did they just sanitized

196

00:08:16,740 --> 00:08:14,080

the entire compound actually sanitized I

197

00:08:18,240 --> 00:08:16,750

think would be a you know a correct word

198

00:08:21,060 --> 00:08:18,250

because it did look like there was a

199

00:08:23,580 --> 00:08:21,070

thorough cleaning and moving as far as

200

00:08:25,050 --> 00:08:23,590

like and one of the hallways the one

201

00:08:27,150 --> 00:08:25,060

with the x-file thing you can see that

202

00:08:28,620 --> 00:08:27,160

someone had recently mopped the floor in

203

00:08:30,480 --> 00:08:28,630

there and there was footprints through

204

00:08:32,190 --> 00:08:30,490

the wet through the wet mopping that

205

00:08:34,350 --> 00:08:32,200

dried so you could see the footprints up

206

00:08:36,750 --> 00:08:34,360

and down the hall and all of the glass

207

00:08:38,730 --> 00:08:36,760

and everything is clean on all of the

208

00:08:40,950 --> 00:08:38,740

buildings like really clean so it was

209

00:08:42,390 --> 00:08:40,960

recently cleaned and there was an odd

210

00:08:44,190 --> 00:08:42,400

smell there I don't know if that was a

211

00:08:46,170 --> 00:08:44,200

cleaning agent or what it was I didn't

212

00:08:47,610 --> 00:08:46,180

recognize the smell but if it was really

213

00:08:51,120 --> 00:08:47,620

strong coming from all of the main

214

00:08:53,490 --> 00:08:51,130

building ultimately Ransome what do you

215

00:08:55,470 --> 00:08:53,500

think is going on here

216

00:08:58,530 --> 00:08:55,480

you know I really have no idea because

217

00:09:00,270 --> 00:08:58,540

there's such a lack of information so

218

00:09:02,850 --> 00:09:00,280

it's been there forever it's an icon in

219

00:09:05,190 --> 00:09:02,860

the area the Sun SPOT solar observatory

220

00:09:06,750 --> 00:09:05,200

everybody here knows about it and and

221

00:09:08,340 --> 00:09:06,760

then it's just up and vanished so that's

222

00:09:11,370 --> 00:09:08,350

the main thing and then the fact that

223

00:09:12,720 --> 00:09:11,380

the FBI was the one shut it down you

224

00:09:14,760 --> 00:09:12,730

know it just throws out all kinds of

225

00:09:17,400 --> 00:09:14,770

questions of because I believe the FBI

226

00:09:19,590 --> 00:09:17,410

does investigate extraterrestrial stuff

227

00:09:21,270 --> 00:09:19,600

or at least they used to and they also

228

00:09:23,910 --> 00:09:21,280

are in charge of any kind of you know

229

00:09:26,220 --> 00:09:23,920

terrorist thing that's done through the

230

00:09:27,750 --> 00:09:26,230

mail or anything like that so it's up

231

00:09:30,540 --> 00:09:27,760

for grabs what could possibly happen

232

00:09:33,480 --> 00:09:30,550

there and if there was any type of

233

00:09:37,890 --> 00:09:33,490

hazardous materials dumped into the

234

00:09:40,320 --> 00:09:37,900

community wouldn't you expect the FBI or

235

00:09:43,290 --> 00:09:40,330

Homeland Security or the local sheriff's

236

00:09:45,180 --> 00:09:43,300

department to keep the community

237

00:09:47,760 --> 00:09:45,190

informed about anything that was

238

00:09:49,830 --> 00:09:47,770

dangerous and could affect you know the

239

00:09:53,160 --> 00:09:49,840

local drinking water or the wildlife or

240

00:09:54,930 --> 00:09:53,170

anything else yeah you wouldn't you

241

00:09:56,760 --> 00:09:54,940

would hope so and you would think so but

242

00:09:58,980 --> 00:09:56,770

you know I don't know it seems like the

243

00:10:01,440 --> 00:09:58,990

Sheriff's Department either genuinely

244

00:10:03,510 --> 00:10:01,450

doesn't have any idea about it or they

245

00:10:05,700 --> 00:10:03,520

were told that don't worry about it but

246

00:10:07,320 --> 00:10:05,710

you know it is strange that the only bit

247

00:10:10,200 --> 00:10:07,330

of security that they put up there is

248

00:10:12,120 --> 00:10:10,210

this tiny caution tape that just goes

249

00:10:13,110 --> 00:10:12,130

across the road and a small portable

250

00:10:16,470 --> 00:10:13,120

stop sign

251  
00:10:19,050 --> 00:10:16,480  
Ransome I got a thank you man for for

252  
00:10:21,870 --> 00:10:19,060  
all of this and having the courage to go

253  
00:10:25,290 --> 00:10:21,880  
up there and shoot this amazing footage

254  
00:10:27,240 --> 00:10:25,300  
up at the National Solar Observatory did

255  
00:10:29,700 --> 00:10:27,250  
somebody at the observatory see

256  
00:10:32,370 --> 00:10:29,710  
something was this communicated around

257  
00:10:35,550 --> 00:10:32,380  
the world to other observatories was it

258  
00:10:37,680 --> 00:10:35,560  
et was it something solar with our own

259  
00:10:39,870 --> 00:10:37,690  
Sun this is certainly one of the great

260  
00:10:40,950 --> 00:10:39,880  
mysteries playing out in real time in

261  
00:10:42,660 --> 00:10:40,960  
this country

262  
00:10:45,270 --> 00:10:42,670  
Jimmy Church of fade to black and

263  
00:10:47,760 --> 00:10:45,280

coast-to-coast am we broadcast Monday
