23

00:01:07,190 --> 00:01:03,760

his life career and four cases maybe

24

00:01:09,270 --> 00:01:07,200

five maybe six maybe seven cases that

25

00:01:11,750 --> 00:01:09,280

he's investigated and written about that

26

00:01:14,230 --> 00:01:11,760

may involve possibly the paranormal

27

00:01:16,310 --> 00:01:14,240

maybe the supernatural or something else

28

00:01:17,510 --> 00:01:16,320

all together and i would like to welcome

29

00:01:19,749 --> 00:01:17,520

for the first time to fade to black

30

00:01:21,030 --> 00:01:19,759

david pilates david welcome my friend

31

00:01:23,190 --> 00:01:21,040

how are you

32

00:01:25,749 --> 00:01:23,200

hey jimmy uh pleasure to be with you

33

00:01:27,590 --> 00:01:25,759

finally yeah i know right i know we keep

34

00:01:31,350 --> 00:01:27,600

talking about this but

35

00:01:32,789 --> 00:01:31,360

it it it seriously it is uh it's it's

36

00:01:34,310 --> 00:01:32,799

it's something that we've been looking

37

00:01:36,789 --> 00:01:34,320

forward to for a long time we just have

38

00:01:38,149 --> 00:01:36,799

been able to to get it lined up but

39

00:01:40,469 --> 00:01:38,159

tonight's the night and then we're going

40

00:01:42,069 --> 00:01:40,479

to do back to back shows actually

41

00:01:44,870 --> 00:01:42,079

and we're going to have you back for the

42

00:01:46,389 --> 00:01:44,880

premiere of uh your next documentary so

43

00:01:47,350 --> 00:01:46,399

you know what too much of a good thing

44

00:01:52,710 --> 00:01:47,360

right

45

00:01:55,749 --> 00:01:52,720

exactly now uh this is this is how we

46

00:01:57,510 --> 00:01:55,759

see i'm already nervous david but

47

00:01:59,749 --> 00:01:57,520

let's do this first

48

00:02:01,910 --> 00:01:59,759

uh you get the first time guest

49

00:02:03,030 --> 00:02:01,920

disclaimer now next time you're on the

50

00:02:04,630 --> 00:02:03,040

show you're not going to get it but

51
00:02:05,830 --> 00:02:04,640
you're going to get it tonight which is

52
00:02:08,229 --> 00:02:05,840
this

53
00:02:10,150 --> 00:02:08,239
it's just you and i sitting on my couch

54
00:02:12,229 --> 00:02:10,160
having a conversation as friends and

55
00:02:14,229 --> 00:02:12,239
where that conversation starts it starts

56
00:02:16,869 --> 00:02:14,239
where it ends and ends but we're gonna

57
00:02:18,309 --> 00:02:16,879
end his friends there you go all right

58
00:02:21,110 --> 00:02:18,319
you ready

59
00:02:22,790 --> 00:02:21,120
oh i guess yes see that's good it can't

60
00:02:24,229 --> 00:02:22,800
now see i got you

61
00:02:26,229 --> 00:02:24,239
off guard

62
00:02:27,430 --> 00:02:26,239
okay now um

63
00:02:30,470 --> 00:02:27,440

uh

64

00:02:33,190 --> 00:02:30,480

your your work has been out there for

65

00:02:35,670 --> 00:02:33,200

quite a while now and you have earned

66

00:02:37,270 --> 00:02:35,680

the reputation that you've got that that

67

00:02:39,509 --> 00:02:37,280

is awesome

68

00:02:40,710 --> 00:02:39,519

and so without spending a whole lot of

69

00:02:42,710 --> 00:02:40,720

time

70

00:02:44,869 --> 00:02:42,720

you know discussing that i do want to

71

00:02:48,229 --> 00:02:44,879

push it back a little bit though

72

00:02:51,830 --> 00:02:48,239

into your years in law enforcement

73

00:02:55,350 --> 00:02:51,840

where you know how an investigation

74

00:02:58,070 --> 00:02:55,360

should be handled how it should be done

75

00:03:00,229 --> 00:02:58,080

and when you're out there today looking

76

00:03:02,869 --> 00:03:00,239

at these different cases

77

00:03:04,949 --> 00:03:02,879

you can smell when something isn't quite

78

00:03:07,270 --> 00:03:04,959

right and shouldn't other law

79

00:03:08,470 --> 00:03:07,280

enforcement agencies i mean

80

00:03:12,869 --> 00:03:08,480

know

81

00:03:14,790 --> 00:03:12,879

who you are and and

82

00:03:16,390 --> 00:03:14,800

you know and maybe deal with you a

83

00:03:19,110 --> 00:03:16,400

little bit different you know when it's

84

00:03:21,509 --> 00:03:19,120

not right

85

00:03:23,750 --> 00:03:21,519

yeah and i i guess i've been pretty good

86

00:03:26,070 --> 00:03:23,760

at sniffing around and

87

00:03:27,830 --> 00:03:26,080

delineating what's fact what's fiction

88

00:03:30,070 --> 00:03:27,840

what's interesting what's not and what

89

00:03:32,070 --> 00:03:30,080

looks suspicious and what doesn't

90

00:03:33,750 --> 00:03:32,080

but i think it's the perspective i mean

91

00:03:37,910 --> 00:03:33,760

i worked for a big police department

92

00:03:41,030 --> 00:03:37,920

1400 officers city of san jose right and

93

00:03:41,830 --> 00:03:41,040

i i spent a total of 20 years being a

94

00:03:43,750 --> 00:03:41,840

cop

95

00:03:46,229 --> 00:03:43,760

doing a lot of different things i worked

96

00:03:47,509 --> 00:03:46,239

in the decoy part of the police

97

00:03:49,990 --> 00:03:47,519

department for a while where you dress

98

00:03:52,630 --> 00:03:50,000

up like an old man and you get rolled by

99

00:03:54,789 --> 00:03:52,640

the hoodlums downtown and i bought drugs

100

00:03:56,710 --> 00:03:54,799

as a narcotics officer for a while and i

101
00:03:58,869 --> 00:03:56,720
worked intelligence and

102
00:04:00,309 --> 00:03:58,879
i worked task forces too

103
00:04:01,990 --> 00:04:00,319
and one of the things that i got to

104
00:04:03,830 --> 00:04:02,000
respect because i worked with so many

105
00:04:05,110 --> 00:04:03,840
different people and jurisdictions over

106
00:04:06,149 --> 00:04:05,120
time

107
00:04:07,750 --> 00:04:06,159
is

108
00:04:08,869 --> 00:04:07,760
that perspective that different people

109
00:04:11,830 --> 00:04:08,879
have

110
00:04:13,589 --> 00:04:11,840
and when i'm accumulating cases from all

111
00:04:15,830 --> 00:04:13,599
over the world

112
00:04:17,990 --> 00:04:15,840
but kind of keep it in perspective of

113
00:04:19,749 --> 00:04:18,000

just north america for a second

114

00:04:22,150 --> 00:04:19,759

a lot of these places that have a

115

00:04:23,749 --> 00:04:22,160

missing person have very limited

116

00:04:24,870 --> 00:04:23,759

resources

117

00:04:28,230 --> 00:04:24,880

and

118

00:04:30,310 --> 00:04:28,240

95 percent of all the people that search

119

00:04:31,430 --> 00:04:30,320

for missing people are volunteers like

120

00:04:32,469 --> 00:04:31,440

you and me

121

00:04:35,030 --> 00:04:32,479

and they go out and they get their

122

00:04:37,350 --> 00:04:35,040

certifications on their own they pay up

123

00:04:38,870 --> 00:04:37,360

for their own certifications they do it

124

00:04:40,950 --> 00:04:38,880

on their own time they keep take

125

00:04:42,870 --> 00:04:40,960

vacation time to do it and when they're

126

00:04:44,230 --> 00:04:42,880

searching they're not compensated

127

00:04:45,749 --> 00:04:44,240

they're taking time off from work and

128

00:04:47,670 --> 00:04:45,759

their family to go out and be a good

129

00:04:49,110 --> 00:04:47,680

citizen wow

130

00:04:50,230 --> 00:04:49,120

yeah a lot of people don't know this

131

00:04:52,310 --> 00:04:50,240

right and

132

00:04:54,469 --> 00:04:52,320

when they go out there

133

00:04:56,790 --> 00:04:54,479

and they're they're thinking one thing

134

00:04:59,030 --> 00:04:56,800

this person's lost

135

00:05:01,510 --> 00:04:59,040

they need our help now

136

00:05:03,350 --> 00:05:01,520

they'll just break their back spend 16

137

00:05:06,070 --> 00:05:03,360

hours a day searching

138

00:05:08,150 --> 00:05:06,080

and when they find that person case

139

00:05:09,590 --> 00:05:08,160

closed we found them thank god let's

140

00:05:11,029 --> 00:05:09,600

leave them alone

141

00:05:14,550 --> 00:05:11,039

you know maybe because they only had

142

00:05:16,230 --> 00:05:14,560

their underwear on or maybe because uh

143

00:05:17,990 --> 00:05:16,240

they had some injuries to them that just

144

00:05:19,830 --> 00:05:18,000

didn't make any sense they didn't care

145

00:05:21,430 --> 00:05:19,840

they did their job

146

00:05:23,430 --> 00:05:21,440

they found the person they're not

147

00:05:25,670 --> 00:05:23,440

investigators they're not police

148

00:05:27,350 --> 00:05:25,680

officers they're not deputy sheriffs

149

00:05:29,029 --> 00:05:27,360

thank god somebody was looking and they

150

00:05:31,590 --> 00:05:29,039

found the people

151
00:05:33,670 --> 00:05:31,600
now from that perspective i don't have

152
00:05:34,790 --> 00:05:33,680
anything i can say negative about the

153
00:05:36,830 --> 00:05:34,800
search and rescue people they're

154
00:05:42,150 --> 00:05:36,840
phenomenal

155
00:05:44,550 --> 00:05:42,160
but once the body or the citizen gets

156
00:05:45,749 --> 00:05:44,560
turned over to either their relatives or

157
00:05:48,870 --> 00:05:45,759
the police

158
00:05:50,550 --> 00:05:48,880
there's very little to zero follow-up

159
00:05:52,710 --> 00:05:50,560
that goes on

160
00:05:54,070 --> 00:05:52,720
now in the in the instance where a body

161
00:05:57,029 --> 00:05:54,080
is found

162
00:05:59,350 --> 00:05:57,039
yes they take that body and sometimes

163
00:06:00,950 --> 00:05:59,360

there's a there's an autopsy now in

164

00:06:02,710 --> 00:06:00,960

certain states like california if it's

165

00:06:04,469 --> 00:06:02,720

an unattended death there's for sure

166

00:06:07,029 --> 00:06:04,479

going to be an autopsy

167

00:06:08,790 --> 00:06:07,039

but a lot of these rural areas

168

00:06:11,749 --> 00:06:08,800

i mean sometimes in the old days the

169

00:06:12,550 --> 00:06:11,759

dentist did the autopsy right right

170

00:06:14,629 --> 00:06:12,560

so

171

00:06:17,350 --> 00:06:14,639

i mean there wasn't there wasn't a real

172

00:06:19,590 --> 00:06:17,360

a good accountability of what happened

173

00:06:22,309 --> 00:06:19,600

but sometimes they wrote down a lot of

174

00:06:25,029 --> 00:06:22,319

things that were suspicious

175

00:06:26,070 --> 00:06:25,039

a lot of times in these cases it appears

176

00:06:28,070 --> 00:06:26,080

as though

177

00:06:30,309 --> 00:06:28,080

the person fell from height but there

178

00:06:32,150 --> 00:06:30,319

was no height to fall from or it doesn't

179

00:06:34,629 --> 00:06:32,160

make any sense

180

00:06:35,670 --> 00:06:34,639

other times they're found without

181

00:06:37,270 --> 00:06:35,680

clothes

182

00:06:38,870 --> 00:06:37,280

and the report says oh they must have

183

00:06:39,749 --> 00:06:38,880

been hypothermic and they stripped their

184

00:06:44,469 --> 00:06:39,759

clothes

185

00:06:46,629 --> 00:06:44,479

proximity to where they disappeared and

186

00:06:47,749 --> 00:06:46,639

there was no time for hypothermia to set

187

00:06:52,230 --> 00:06:47,759

in

188

00:06:54,150 --> 00:06:52,240

reports doesn't make sense and it's if

189

00:06:56,550 --> 00:06:54,160

i'm understanding you correctly and it

190

00:06:58,629 --> 00:06:56,560

makes a lot of sense by the way if i'm

191

00:07:00,950 --> 00:06:58,639

understanding you correctly

192

00:07:04,469 --> 00:07:00,960

once search and rescue

193

00:07:08,070 --> 00:07:04,479

finds the body locates the body

194

00:07:11,990 --> 00:07:08,080

and that for them everything technically

195

00:07:13,830 --> 00:07:12,000

may be over in that nobody's going out

196

00:07:16,790 --> 00:07:13,840

a couple of miles away and looking for

197

00:07:19,029 --> 00:07:16,800

evidence or poking around or looking for

198

00:07:19,990 --> 00:07:19,039

you know that there is no

199

00:07:23,430 --> 00:07:20,000

uh

200

00:07:26,629 --> 00:07:23,440

csi right crime scene investigation

201
00:07:29,589 --> 00:07:26,639
of the forensics of the area or anything

202
00:07:31,670 --> 00:07:29,599
like that to look for something else

203
00:07:34,070 --> 00:07:31,680
pretty much it's case closed at that

204
00:07:37,189 --> 00:07:34,080
point am i understanding you

205
00:07:38,870 --> 00:07:37,199
about 95 of the time i'd say that's true

206
00:07:41,110 --> 00:07:38,880
i'll just talk off the cuff for a second

207
00:07:43,430 --> 00:07:41,120
there was a case

208
00:07:46,390 --> 00:07:43,440
15 years ago out of oregon

209
00:07:48,230 --> 00:07:46,400
and this older dad 65 years old was

210
00:07:49,350 --> 00:07:48,240
hunting with his sons

211
00:07:51,270 --> 00:07:49,360
and

212
00:07:53,270 --> 00:07:51,280
it started snowing real hard they agreed

213
00:07:55,189 --> 00:07:53,280

to meet back at the car

214

00:07:57,189 --> 00:07:55,199

the dad didn't make it back massive

215

00:07:58,550 --> 00:07:57,199

search 10-day search they didn't find

216

00:08:01,670 --> 00:07:58,560

anything

217

00:08:03,510 --> 00:08:01,680

fast forward 10 months that next summer

218

00:08:05,749 --> 00:08:03,520

a physician is 10 miles into the

219

00:08:08,150 --> 00:08:05,759

wilderness with his family looking for a

220

00:08:09,990 --> 00:08:08,160

place to camp and he sees a rifle

221

00:08:12,390 --> 00:08:10,000

leaning against a tree

222

00:08:15,110 --> 00:08:12,400

he sees some clothing laying there

223

00:08:16,950 --> 00:08:15,120

and he sees some glasses

224

00:08:19,430 --> 00:08:16,960

he says hey something's not right right

225

00:08:21,430 --> 00:08:19,440

so they come out they notify the sheriff

226

00:08:23,110 --> 00:08:21,440

the sheriff goes back in they run the

227

00:08:27,189 --> 00:08:23,120

serial number on the gun and it's this

228

00:08:29,430 --> 00:08:27,199

old guy's gun and all of his clothes and

229

00:08:30,710 --> 00:08:29,440

nothing's making sense and his glasses

230

00:08:31,670 --> 00:08:30,720

are there and he can't see without his

231

00:08:33,750 --> 00:08:31,680

glasses

232

00:08:36,310 --> 00:08:33,760

well it turns out i was able to contact

233

00:08:38,709 --> 00:08:36,320

this retired deputy sheriff a great guy

234

00:08:40,630 --> 00:08:38,719

and i said hey what happened with this

235

00:08:42,469 --> 00:08:40,640

and he goes my god davey he says i was a

236

00:08:44,149 --> 00:08:42,479

deputy sheriff for 32 years and you're

237

00:08:46,470 --> 00:08:44,159

asking me about the one case in my

238

00:08:48,470 --> 00:08:46,480

career that didn't make any sense

239

00:08:50,150 --> 00:08:48,480

he says myself and another deputy were

240

00:08:52,310 --> 00:08:50,160

sent in by the sheriff

241

00:08:54,550 --> 00:08:52,320

to look for evidence of where this man

242

00:08:56,150 --> 00:08:54,560

was and what happened to him

243

00:08:57,910 --> 00:08:56,160

and he said all all of the clothes he

244

00:08:59,590 --> 00:08:57,920

was wearing was right there his glasses

245

00:09:01,750 --> 00:08:59,600

were right there his rifle was right

246

00:09:03,990 --> 00:09:01,760

there and we searched out for a radius

247

00:09:05,990 --> 00:09:04,000

of a mile and a half we didn't find any

248

00:09:07,509 --> 00:09:06,000

bones we never found him

249

00:09:09,269 --> 00:09:07,519

we never found anything that made any

250

00:09:10,870 --> 00:09:09,279

sense about all this

251
00:09:13,430 --> 00:09:10,880
and he said the worst thing about it was

252
00:09:15,110 --> 00:09:13,440
is that the family couldn't get a death

253
00:09:17,110 --> 00:09:15,120
certificate because they couldn't prove

254
00:09:18,070 --> 00:09:17,120
the guy was dead even though everyone

255
00:09:20,150 --> 00:09:18,080
knew

256
00:09:21,509 --> 00:09:20,160
but he said what happened to this man he

257
00:09:22,710 --> 00:09:21,519
said it'll haunt me for the rest of my

258
00:09:24,710 --> 00:09:22,720
life

259
00:09:26,790 --> 00:09:24,720
did they ever find the body

260
00:09:28,710 --> 00:09:26,800
no never found it

261
00:09:32,150 --> 00:09:28,720
the uh

262
00:09:33,030 --> 00:09:32,160
the thought of and this is when when you

263
00:09:34,870 --> 00:09:33,040

go

264

00:09:36,870 --> 00:09:34,880

through

265

00:09:38,470 --> 00:09:36,880

okay i mean it like this we you and i

266

00:09:40,470 --> 00:09:38,480

can talk about this and people can

267

00:09:43,750 --> 00:09:40,480

listen to it but

268

00:09:46,710 --> 00:09:43,760

when you read case after case these

269

00:09:48,790 --> 00:09:46,720

aren't isolated incidents how many cases

270

00:09:51,030 --> 00:09:48,800

have you investigated in the last 15

271

00:09:53,630 --> 00:09:51,040

years 20 years

272

00:09:55,190 --> 00:09:53,640

so i've written about maybe 1200

273

00:09:57,829 --> 00:09:55,200

1200

274

00:10:00,550 --> 00:09:57,839

this isn't some isolated incident that

275

00:10:03,269 --> 00:10:00,560

that may or may not make the news

276

00:10:05,190 --> 00:10:03,279

right you start to see a pattern here

277

00:10:06,949 --> 00:10:05,200

and when you when you read this case

278

00:10:09,990 --> 00:10:06,959

after case in this book

279

00:10:10,870 --> 00:10:10,000

where um i'm finding myself going wait a

280

00:10:12,710 --> 00:10:10,880

minute

281

00:10:15,030 --> 00:10:12,720

i didn't hear about this

282

00:10:17,829 --> 00:10:15,040

you know this wasn't in the news this

283

00:10:20,470 --> 00:10:17,839

isn't but it it's a repetitive thing

284

00:10:23,110 --> 00:10:20,480

over and over again ultimately

285

00:10:25,910 --> 00:10:23,120

what do you think that we're looking at

286

00:10:27,350 --> 00:10:25,920

here is it a case of uh

287

00:10:29,750 --> 00:10:27,360

of um

288

00:10:32,069 --> 00:10:29,760

you know law enforcement not having the

289

00:10:32,870 --> 00:10:32,079

resource to do investigations to resolve

290

00:10:34,949 --> 00:10:32,880

these

291

00:10:36,630 --> 00:10:34,959

or is there something more

292

00:10:39,110 --> 00:10:36,640

uh crazy i mean what do you think

293

00:10:40,870 --> 00:10:39,120

ultimately is happening

294

00:10:43,269 --> 00:10:40,880

so when i first started to do this jimmy

295

00:10:44,870 --> 00:10:43,279

i i read a couple hundred reports in the

296

00:10:47,030 --> 00:10:44,880

first couple months

297

00:10:49,110 --> 00:10:47,040

and after that i started to think hey i

298

00:10:51,670 --> 00:10:49,120

remember this happening in a couple

299

00:10:53,350 --> 00:10:51,680

other cases and i went back and i

300

00:10:55,829 --> 00:10:53,360

started to make these piles in the

301
00:10:57,350 --> 00:10:55,839
basement of my house and i had maybe 12

302
00:10:59,509 --> 00:10:57,360
of these piles

303
00:11:01,590 --> 00:10:59,519
and each one of the piles represented

304
00:11:02,949 --> 00:11:01,600
something unusual that happened in that

305
00:11:05,030 --> 00:11:02,959
search

306
00:11:07,509 --> 00:11:05,040
and in all other cases the number one

307
00:11:09,509 --> 00:11:07,519
most unusual thing i call it a profile

308
00:11:11,910 --> 00:11:09,519
point right was that

309
00:11:13,670 --> 00:11:11,920
bloodhounds or canines would be brought

310
00:11:15,509 --> 00:11:13,680
to the scene and they couldn't pick up

311
00:11:17,750 --> 00:11:15,519
the scent of the victim

312
00:11:20,310 --> 00:11:17,760
sometimes the dog would walk in a circle

313
00:11:21,829 --> 00:11:20,320

and sit down at the handler's feet

314

00:11:24,310 --> 00:11:21,839

as though it didn't want to go down the

315

00:11:26,389 --> 00:11:24,320

trail or it couldn't pick up a scent the

316

00:11:27,910 --> 00:11:26,399

hammer couldn't tell other times they'd

317

00:11:29,670 --> 00:11:27,920

walk down the trail a bit and then turn

318

00:11:31,509 --> 00:11:29,680

around and come back

319

00:11:33,670 --> 00:11:31,519

professional trackers that were brought

320

00:11:35,430 --> 00:11:33,680

to the scene couldn't find tracks that

321

00:11:37,430 --> 00:11:35,440

left the area where the victim was last

322

00:11:40,550 --> 00:11:37,440

seen right

323

00:11:55,030 --> 00:11:40,560

other times the victim's clothes or

324

00:11:59,590 --> 00:11:58,230

event could be rain blizzard snow dust

325

00:12:03,030 --> 00:11:59,600

storm

326

00:12:04,150 --> 00:12:03,040

clouds clouds i saw that over and over

327

00:12:06,470 --> 00:12:04,160

again

328

00:12:08,790 --> 00:12:06,480

anything that could inhibit support air

329

00:12:10,870 --> 00:12:08,800

support right uh inhibit the search

330

00:12:13,910 --> 00:12:10,880

effort etc

331

00:12:16,629 --> 00:12:13,920

and i started to make these stacks

332

00:12:17,509 --> 00:12:16,639

well one of the subsets of these stacks

333

00:12:20,069 --> 00:12:17,519

was

334

00:12:22,550 --> 00:12:20,079

granite and boulders

335

00:12:23,750 --> 00:12:22,560

and i didn't think much about it at the

336

00:12:26,230 --> 00:12:23,760

beginning

337

00:12:27,590 --> 00:12:26,240

but after a couple years i had this oh

338

00:12:30,230 --> 00:12:27,600

wow

339

00:12:32,230 --> 00:12:30,240

and when i was on the police department

340

00:12:34,550 --> 00:12:32,240

and we were looking for say a serial

341

00:12:36,230 --> 00:12:34,560

bank robber or rapist

342

00:12:38,470 --> 00:12:36,240

we would have a map of the city and we'd

343

00:12:40,710 --> 00:12:38,480

start to put pins in the map where the

344

00:12:43,269 --> 00:12:40,720

person committed their crime

345

00:12:45,269 --> 00:12:43,279

and we knew that the closest

346

00:12:46,790 --> 00:12:45,279

the first crime the person commits is

347

00:12:49,350 --> 00:12:46,800

usually the closest to their home and

348

00:12:51,910 --> 00:12:49,360

they'll start moving outward from there

349

00:12:53,750 --> 00:12:51,920

and we'd start to track and we would use

350

00:12:55,190 --> 00:12:53,760

a profiler to tell us where the person

351
00:12:57,030 --> 00:12:55,200
would go next

352
00:12:59,509 --> 00:12:57,040
and i thought well maybe i had to start

353
00:13:00,310 --> 00:12:59,519
putting pins in a u.s map

354
00:13:02,550 --> 00:13:00,320
and

355
00:13:05,990 --> 00:13:02,560
that was oh my god after four or five

356
00:13:08,629 --> 00:13:06,000
years it starts to really lay itself out

357
00:13:10,870 --> 00:13:08,639
and there are 59

358
00:13:12,389 --> 00:13:10,880
geographical clusters of missing people

359
00:13:14,230 --> 00:13:12,399
in north america

360
00:13:16,389 --> 00:13:14,240
that fit the profile points we

361
00:13:17,590 --> 00:13:16,399
established after looking at thousands

362
00:13:19,750 --> 00:13:17,600
of cases

363
00:13:21,910 --> 00:13:19,760

and the number one location in the

364

00:13:23,910 --> 00:13:21,920

united states well in the world at this

365

00:13:26,710 --> 00:13:23,920

point for missing people fitting our

366

00:13:28,550 --> 00:13:26,720

profile points is yosemite national park

367

00:13:30,150 --> 00:13:28,560

which also just happens to be the number

368

00:13:31,350 --> 00:13:30,160

one place in the world for boulders and

369

00:13:33,509 --> 00:13:31,360

granites

370

00:13:36,310 --> 00:13:33,519

and one of the biggest tourist

371

00:13:38,310 --> 00:13:36,320

destinations in the united states

372

00:13:40,310 --> 00:13:38,320

and what people would think right away

373

00:13:41,750 --> 00:13:40,320

is oh these people must be disappearing

374

00:13:43,750 --> 00:13:41,760

from the back country when they're on

375

00:13:44,870 --> 00:13:43,760

these long backpacking

376

00:13:46,710 --> 00:13:44,880

excursions

377

00:13:48,310 --> 00:13:46,720

incorrect

378

00:13:51,110 --> 00:13:48,320

several of the disappearances have

379

00:13:53,829 --> 00:13:51,120

happened right in yosemite valley

380

00:13:55,269 --> 00:13:53,839

there is something else here

381

00:13:57,750 --> 00:13:55,279

that

382

00:13:59,910 --> 00:13:57,760

i found interesting somebody just

383

00:14:01,990 --> 00:13:59,920

tweeted as i'm thinking this well you

384

00:14:04,389 --> 00:14:02,000

know don't walk alone you know lesson is

385

00:14:06,310 --> 00:14:04,399

don't walk alone in the woods

386

00:14:09,590 --> 00:14:06,320

case after case here you just brought up

387

00:14:12,150 --> 00:14:09,600

the point with the the father and sons

388

00:14:14,470 --> 00:14:12,160

case after case here it's

389

00:14:17,990 --> 00:14:14,480

uh it's a group of people i mean they

390

00:14:19,829 --> 00:14:18,000

are not doing this stuff alone

391

00:14:22,069 --> 00:14:19,839

and and they still wind up missing

392

00:14:23,829 --> 00:14:22,079

sometimes feet from

393

00:14:26,550 --> 00:14:23,839

uh whether it's a weather disturbance or

394

00:14:27,590 --> 00:14:26,560

something else uh from their family or

395

00:14:30,870 --> 00:14:27,600

friends

396

00:14:33,829 --> 00:14:30,880

and they weren't alone were they

397

00:14:36,470 --> 00:14:33,839

well i call it the point of separation

398

00:14:38,150 --> 00:14:36,480

meaning a group is walking down a trail

399

00:14:40,230 --> 00:14:38,160

and let's say somebody in that group

400

00:14:41,990 --> 00:14:40,240

gets ahead of the group and comes goes

401
00:14:45,030 --> 00:14:42,000
around a turn

402
00:14:46,790 --> 00:14:45,040
and they're momentarily out of sight or

403
00:14:48,150 --> 00:14:46,800
somebody steps behind another person

404
00:14:50,629 --> 00:14:48,160
behind a bush

405
00:14:52,069 --> 00:14:50,639
that point of separation something

406
00:14:59,750 --> 00:14:52,079
happens

407
00:15:01,750 --> 00:14:59,760
some reason or another there's been

408
00:15:04,150 --> 00:15:01,760
maybe a handful of cases i've written

409
00:15:06,550 --> 00:15:04,160
about in eight books where multiple

410
00:15:09,430 --> 00:15:06,560
people have disappeared simultaneously

411
00:15:11,670 --> 00:15:09,440
but it is really really unusual if

412
00:15:14,470 --> 00:15:11,680
there's one thing that you could take

413
00:15:15,590 --> 00:15:14,480

off the list and i'm going to suggest

414

00:15:17,590 --> 00:15:15,600

something

415

00:15:19,350 --> 00:15:17,600

and you tell me if i'm correct

416

00:15:20,710 --> 00:15:19,360

if you would do the same thing but if we

417

00:15:21,590 --> 00:15:20,720

were going to take one thing off the

418

00:15:24,150 --> 00:15:21,600

list

419

00:15:25,670 --> 00:15:24,160

would it be serial killing a serial

420

00:15:27,030 --> 00:15:25,680

killer is that one thing we just take

421

00:15:28,230 --> 00:15:27,040

off the list

422

00:15:29,829 --> 00:15:28,240

well in fact

423

00:15:32,150 --> 00:15:29,839

we'll get to that right now

424

00:15:34,230 --> 00:15:32,160

so part of the vetting process that we

425

00:15:36,949 --> 00:15:34,240

use to ensure

426
00:15:39,590 --> 00:15:36,959
that these cases don't have a rational

427
00:15:41,269 --> 00:15:39,600
aspect to them is

428
00:15:43,350 --> 00:15:41,279
a criminal element

429
00:15:44,550 --> 00:15:43,360
is there a possibility that a crime

430
00:15:46,870 --> 00:15:44,560
occurred and that's why the person

431
00:15:48,550 --> 00:15:46,880
disappeared if that's if that's part of

432
00:15:49,670 --> 00:15:48,560
the equation we don't put it in our

433
00:15:52,550 --> 00:15:49,680
stack

434
00:15:55,350 --> 00:15:52,560
another one is if the person has

435
00:15:56,790 --> 00:15:55,360
known mental illness is suicidal we

436
00:15:59,910 --> 00:15:56,800
won't look at it

437
00:16:02,550 --> 00:15:59,920
uh if there's

438
00:16:03,430 --> 00:16:02,560

some something rational to explain what

439

00:16:05,670 --> 00:16:03,440
happened

440

00:16:08,389 --> 00:16:05,680
no we won't we won't get into it if

441

00:16:10,790 --> 00:16:08,399
there's predation by an animal any

442

00:16:12,710 --> 00:16:10,800
evidence of that we won't take it

443

00:16:14,629 --> 00:16:12,720
and all of these things are listed in

444

00:16:16,389 --> 00:16:14,639
the search and rescue report and these

445

00:16:18,069 --> 00:16:16,399
are also things that are vetted out by

446

00:16:19,990 --> 00:16:18,079
them at the beginning because

447

00:16:23,670 --> 00:16:20,000
that gives them an angle at how they're

448

00:16:24,710 --> 00:16:23,680
going to conduct their search why is it

449

00:16:26,470 --> 00:16:24,720
that

450

00:16:28,069 --> 00:16:26,480
uh and we're going to head to a break

451
00:16:30,310 --> 00:16:28,079
and when we come back i'm going to let

452
00:16:32,710 --> 00:16:30,320
everybody know we're going to start off

453
00:16:35,189 --> 00:16:32,720
with one of the great now you know what

454
00:16:37,110 --> 00:16:35,199
david i thought that i knew everything

455
00:16:39,829 --> 00:16:37,120
or close to it

456
00:16:41,030 --> 00:16:39,839
but this mount rainier uh

457
00:16:42,470 --> 00:16:41,040
case that we're going to talk about

458
00:16:46,150 --> 00:16:42,480
after the break

459
00:16:48,069 --> 00:16:46,160
that that's a mind bender on every level

460
00:16:50,470 --> 00:16:48,079
by the way that thing has got some

461
00:16:52,790 --> 00:16:50,480
issues with it from top to bottom all

462
00:16:55,189 --> 00:16:52,800
the way to today um we're going to do

463
00:16:55,910 --> 00:16:55,199

that when we come back but before we get

464

00:16:56,790 --> 00:16:55,920

there

465

00:16:57,509 --> 00:16:56,800

um

466

00:17:02,470 --> 00:16:57,519

the

467

00:17:06,230 --> 00:17:02,480

talking about

468

00:17:07,909 --> 00:17:06,240

an elimination of the criminal element

469

00:17:11,189 --> 00:17:07,919

why is it that

470

00:17:13,110 --> 00:17:11,199

your critics out there and i know you

471

00:17:15,189 --> 00:17:13,120

you know this question is coming

472

00:17:17,909 --> 00:17:15,199

why your critics out there will say you

473

00:17:20,110 --> 00:17:17,919

know what i've looked at the material if

474

00:17:23,350 --> 00:17:20,120

there's a reasonable rational

475

00:17:26,470 --> 00:17:23,360

explanation to all of it there's nothing

476
00:17:29,270 --> 00:17:26,480
crazy going on here nothing to see move

477
00:17:31,110 --> 00:17:29,280
along how do you respond to that

478
00:17:33,110 --> 00:17:31,120
that's really easy

479
00:17:35,190 --> 00:17:33,120
when i do a presentation at a big

480
00:17:36,549 --> 00:17:35,200
conference i ask people in the audience

481
00:17:38,230 --> 00:17:36,559
right near the beginning how many here

482
00:17:39,510 --> 00:17:38,240
are uh parents

483
00:17:41,830 --> 00:17:39,520
everyone raises their hand and i said

484
00:17:43,029 --> 00:17:41,840
okay if we put your child down on a

485
00:17:44,870 --> 00:17:43,039
trail

486
00:17:47,110 --> 00:17:44,880
in the middle of nowhere and you walk

487
00:17:49,669 --> 00:17:47,120
away what's your child gonna do

488
00:17:51,430 --> 00:17:49,679

and half the people say uh maybe walk

489

00:17:53,270 --> 00:17:51,440

around three four or five minutes and

490

00:17:55,190 --> 00:17:53,280

then lay down and take a nap other

491

00:17:57,590 --> 00:17:55,200

people say oh they're gonna run down the

492

00:17:59,110 --> 00:17:57,600

trail downhill and just you know get

493

00:18:00,630 --> 00:17:59,120

tired in 20 minutes and lay down and

494

00:18:03,669 --> 00:18:00,640

take a nap

495

00:18:05,750 --> 00:18:03,679

and i put up a graph that shows

496

00:18:07,430 --> 00:18:05,760

the number of kids

497

00:18:08,789 --> 00:18:07,440

that i've written about

498

00:18:10,950 --> 00:18:08,799

two years old

499

00:18:12,950 --> 00:18:10,960

that have been found nine miles and two

500

00:18:15,029 --> 00:18:12,960

mountain ranges away where there are no

501
00:18:16,710 --> 00:18:15,039
roads

502
00:18:18,710 --> 00:18:16,720
how does that two-year-old do that in

503
00:18:21,510 --> 00:18:18,720
nine hours

504
00:18:23,430 --> 00:18:21,520
or another two-year-old that's found 3

505
00:18:24,710 --> 00:18:23,440
500 feet higher than where they

506
00:18:26,070 --> 00:18:24,720
disappeared

507
00:18:28,070 --> 00:18:26,080
up a mountain

508
00:18:31,430 --> 00:18:28,080
but these aren't just one or two cases i

509
00:18:33,830 --> 00:18:31,440
have a whole table of these on pages

510
00:18:36,549 --> 00:18:33,840
and so if you're rational

511
00:18:38,390 --> 00:18:36,559
and if you're logical you're gonna say

512
00:18:39,990 --> 00:18:38,400
that's impossible

513
00:18:42,789 --> 00:18:40,000

but it's reality

514

00:18:44,310 --> 00:18:42,799

and the people that are my naysayers i

515

00:18:45,510 --> 00:18:44,320

can guarantee they've never read the

516

00:18:49,590 --> 00:18:45,520

books

517

00:18:50,710 --> 00:18:49,600

they have an agenda that we just don't

518

00:18:52,390 --> 00:18:50,720

understand

519

00:18:54,070 --> 00:18:52,400

because if you're a parent you'll look

520

00:18:56,950 --> 00:18:54,080

at this and go my kid couldn't even come

521

00:18:58,470 --> 00:18:56,960

close to doing that is that

522

00:19:03,510 --> 00:18:58,480

do you

523

00:19:05,190 --> 00:19:03,520

no i'm sure you have i want to know how

524

00:19:07,590 --> 00:19:05,200

many times do you actually look at

525

00:19:09,110 --> 00:19:07,600

somebody and go okay stop have you read

526

00:19:09,990 --> 00:19:09,120

my books

527

00:19:12,150 --> 00:19:10,000

right

528

00:19:13,909 --> 00:19:12,160

do you look for that response out of

529

00:19:16,150 --> 00:19:13,919

somebody because i think that's a great

530

00:19:18,630 --> 00:19:16,160

question to ask somebody

531

00:19:19,990 --> 00:19:18,640

you know there's honestly when i go to

532

00:19:22,150 --> 00:19:20,000

the conferences

533

00:19:24,870 --> 00:19:22,160

it just seems like everybody knows the

534

00:19:26,710 --> 00:19:24,880

material really really well i don't get

535

00:19:28,789 --> 00:19:26,720

hardly anybody when i'm face to face

536

00:19:29,830 --> 00:19:28,799

with them that challenges me

537

00:19:31,830 --> 00:19:29,840

because

538

00:19:34,230 --> 00:19:31,840

you know if you know your material well

539

00:19:36,710 --> 00:19:34,240

jimmy you could take anybody apart very

540

00:19:38,470 --> 00:19:36,720

easily it's it's going to be very hard

541

00:19:41,190 --> 00:19:38,480

for somebody to come back at me at this

542

00:19:43,510 --> 00:19:41,200

point and say oh this all makes sense

543

00:19:45,350 --> 00:19:43,520

because i made a presentation from the

544

00:19:47,510 --> 00:19:45,360

largest search and rescue organization

545

00:19:49,430 --> 00:19:47,520

in the world it's called nassar

546

00:19:51,270 --> 00:19:49,440

and i laid all of this out

547

00:19:53,750 --> 00:19:51,280

hour and a half presentation

548

00:19:55,430 --> 00:19:53,760

and at the very end everyone's clapping

549

00:19:57,909 --> 00:19:55,440

two guys in the back of the room giant

550

00:20:00,150 --> 00:19:57,919

guys stand up and they go mr politis

551
00:20:02,230 --> 00:20:00,160
we're alaska state troopers

552
00:20:04,470 --> 00:20:02,240
and we are in charge of all the search

553
00:20:06,150 --> 00:20:04,480
and rescue in the state of alaska

554
00:20:08,789 --> 00:20:06,160
and we've come to probably 10 of these

555
00:20:11,430 --> 00:20:08,799
conferences and you're the first person

556
00:20:13,270 --> 00:20:11,440
that's ever stood up here and said

557
00:20:14,390 --> 00:20:13,280
something that nobody here wants to talk

558
00:20:16,390 --> 00:20:14,400
about

559
00:20:18,150 --> 00:20:16,400
we all know that we're normally

560
00:20:19,590 --> 00:20:18,160
searching in a two-mile radius for a

561
00:20:21,430 --> 00:20:19,600
small child

562
00:20:22,710 --> 00:20:21,440
but you just presented to us how many

563
00:20:24,630 --> 00:20:22,720

times we've got to start thinking

564

00:20:27,029 --> 00:20:24,640

outside the box that these kids are

565

00:20:28,710 --> 00:20:27,039

somehow getting outside of that zone and

566

00:20:30,070 --> 00:20:28,720

not by their own force

567

00:20:31,350 --> 00:20:30,080

and you're just saying something that we

568

00:20:32,630 --> 00:20:31,360

all need to hear and thank you for

569

00:20:34,549 --> 00:20:32,640

saying it

570

00:20:37,430 --> 00:20:34,559

so do you think you're do you think

571

00:20:40,310 --> 00:20:37,440

you're affecting change

572

00:20:42,470 --> 00:20:40,320

um awareness for sure

573

00:20:45,029 --> 00:20:42,480

uh change i don't know

574

00:20:48,390 --> 00:20:45,039

there's groups that are so slow to

575

00:20:49,750 --> 00:20:48,400

change law enforcement search and rescue

576

00:20:51,430 --> 00:20:49,760

there's a lot of things that are written

577

00:20:53,270 --> 00:20:51,440

about me out there that are one thousand

578

00:20:55,110 --> 00:20:53,280

percent not true like they said oh

579

00:20:57,110 --> 00:20:55,120

politis thinks it's this or politis

580

00:20:59,590 --> 00:20:57,120

thinks it's that and that immediately

581

00:21:01,190 --> 00:20:59,600

turns off that part of the world

582

00:21:03,110 --> 00:21:01,200

they say oh he's already come to

583

00:21:05,110 --> 00:21:03,120

conclusions that it's aliens or

584

00:21:07,350 --> 00:21:05,120

something right i've never i've never

585

00:21:10,070 --> 00:21:07,360

said anything like that i've never even

586

00:21:12,630 --> 00:21:10,080

come to close to a hypothesis or naming

587

00:21:14,549 --> 00:21:12,640

suspects in any of my books i relate

588

00:21:17,510 --> 00:21:14,559

just facts

589

00:21:21,110 --> 00:21:17,520

i remember uh this is this is quite a

590

00:21:23,909 --> 00:21:21,120

while ago but i remember hearing

591

00:21:25,669 --> 00:21:23,919

somebody say your your name had come up

592

00:21:27,190 --> 00:21:25,679

and somebody said ah he thinks it's

593

00:21:30,070 --> 00:21:27,200

bigfoot

594

00:21:32,470 --> 00:21:30,080

and i just i kind of stepped back and

595

00:21:34,870 --> 00:21:32,480

went well you know i i think he's done

596

00:21:35,830 --> 00:21:34,880

bigfoot investigations but i don't think

597

00:21:38,549 --> 00:21:35,840

david

598

00:21:40,549 --> 00:21:38,559

has ever come to a conclusion i've how

599

00:21:41,909 --> 00:21:40,559

many times have i asked you that

600

00:21:44,070 --> 00:21:41,919

right

601
00:21:45,990 --> 00:21:44,080

yeah and

602
00:21:47,830 --> 00:21:46,000

you know that you were the bigfoot guy

603
00:21:49,350 --> 00:21:47,840

that you've been blaming the missing the

604
00:21:52,789 --> 00:21:49,360

411 books

605
00:21:56,149 --> 00:21:52,799

uh are about uh uh bigfoot and that it

606
00:21:57,990 --> 00:21:56,159

couldn't be further from the truth

607
00:21:59,590 --> 00:21:58,000

and again jimmy you can't control what

608
00:22:01,430 --> 00:21:59,600

other people say

609
00:22:03,190 --> 00:22:01,440

but i mean there's a coup a couple of

610
00:22:05,590 --> 00:22:03,200

times on facebook somebody will say

611
00:22:07,590 --> 00:22:05,600

something totally irrational

612
00:22:09,190 --> 00:22:07,600

and the thousands of people that have

613
00:22:11,830 --> 00:22:09,200

read my books that are on my facebook

614

00:22:14,870 --> 00:22:11,840

page just annihilate the person with

615

00:22:15,830 --> 00:22:14,880

facts not opinions facts

616

00:22:20,470 --> 00:22:15,840

and

617

00:22:23,430 --> 00:22:20,480

it's hard for anybody to hurt you

618

00:22:25,029 --> 00:22:23,440

what do you do uh with something we've

619

00:22:27,029 --> 00:22:25,039

got about two minutes

620

00:22:28,230 --> 00:22:27,039

speaking of aliens because you you just

621

00:22:29,909 --> 00:22:28,240

mentioned that

622

00:22:32,470 --> 00:22:29,919

what do you do

623

00:22:35,110 --> 00:22:32,480

uh with the case like say the outlook

624

00:22:37,029 --> 00:22:35,120

pass right over in russia famous case

625

00:22:38,950 --> 00:22:37,039

where the

626

00:22:40,870 --> 00:22:38,960

there was

627

00:22:43,590 --> 00:22:40,880

with with everything that happened and

628

00:22:45,350 --> 00:22:43,600

it's still not resolved to this day but

629

00:22:49,669 --> 00:22:45,360

with everything that happened

630

00:22:51,750 --> 00:22:49,679

uh which was bad where the town said hey

631

00:22:53,270 --> 00:22:51,760

there were lights in the sky we saw

632

00:22:55,990 --> 00:22:53,280

things happen

633

00:22:58,870 --> 00:22:56,000

above their campsite

634

00:23:00,390 --> 00:22:58,880

uh as this was going down

635

00:23:02,630 --> 00:23:00,400

what do you do when there's something

636

00:23:05,270 --> 00:23:02,640

like that mentioned in in one of these

637

00:23:07,350 --> 00:23:05,280

tragic cases

638

00:23:08,789 --> 00:23:07,360

luckily for me it doesn't fit our

639

00:23:11,029 --> 00:23:08,799

profile points and i haven't written

640

00:23:13,190 --> 00:23:11,039

about it

641

00:23:14,390 --> 00:23:13,200

and that's a good political answer okay

642

00:23:16,870 --> 00:23:14,400

dude

643

00:23:19,190 --> 00:23:16,880

do you have a separate pile yeah

644

00:23:22,789 --> 00:23:19,200

do you have a separate pile okay

645

00:23:25,510 --> 00:23:22,799

you know we all have a lot of piles okay

646

00:23:27,510 --> 00:23:25,520

so you've got a light in the sky pile

647

00:23:29,830 --> 00:23:27,520

uh now i don't actually don't have one

648

00:23:32,310 --> 00:23:29,840

of those but i do have some

649

00:23:34,950 --> 00:23:32,320

that have some strange characteristics

650

00:23:36,630 --> 00:23:34,960

with it like a physicist that in arizona

651
00:23:38,149 --> 00:23:36,640
that case

652
00:23:40,710 --> 00:23:38,159
and that's a that's that's pretty

653
00:23:42,549 --> 00:23:40,720
interesting case and and i i hope that

654
00:23:45,110 --> 00:23:42,559
we can get to that tonight

655
00:23:46,870 --> 00:23:45,120
i am going to say i just brought up the

656
00:23:48,549 --> 00:23:46,880
mount rainier case

657
00:23:51,190 --> 00:23:48,559
and the

658
00:23:52,870 --> 00:23:51,200
fascinating thing for me as i started to

659
00:23:55,669 --> 00:23:52,880
read about it we'll get into it in depth

660
00:23:56,549 --> 00:23:55,679
when we come back but it was the dates

661
00:23:58,710 --> 00:23:56,559
and

662
00:24:00,950 --> 00:23:58,720
all of us in ufology know those key

663
00:24:02,149 --> 00:24:00,960

dates right and i'm like wait a minute

664

00:24:06,630 --> 00:24:02,159

here

665

00:24:10,149 --> 00:24:06,640

and we'll talk about that when we come

666

00:24:11,830 --> 00:24:10,159

back and i think there may be an alien

667

00:24:14,710 --> 00:24:11,840

e.t connection in that mount rainier

668

00:24:17,190 --> 00:24:14,720

case what say you mr pilates

669

00:24:18,789 --> 00:24:17,200

i didn't write it for my health i know i

670

00:24:20,070 --> 00:24:18,799

know it's it's pretty crazy let's see

671

00:24:22,390 --> 00:24:20,080

when we come back our guest tonight

672

00:24:23,909 --> 00:24:22,400

[Music]

705
00:25:33,269 --> 00:25:32,080
all right welcome back fade to black i'm

706
00:25:34,950 --> 00:25:33,279
here with jimmy church i was just

707
00:25:36,630 --> 00:25:34,960
listening to the commercials during the

708
00:25:40,549 --> 00:25:36,640
break here in the bunker

709
00:25:41,909 --> 00:25:40,559
and yeah i was in the er on sunday and i

710
00:25:44,870 --> 00:25:41,919
just want to say this i want to thank

711
00:25:48,710 --> 00:25:44,880
ronnie mcmullen and life change tea

712
00:25:51,190 --> 00:25:48,720
because that's what got me back to earth

713
00:25:55,350 --> 00:25:51,200

right there life changed tea

714

00:25:58,630 --> 00:25:55,360

drinking uh colostrum uh gi joy

715

00:26:01,590 --> 00:25:58,640

and uh everything else uh i went on a

716

00:26:04,230 --> 00:26:01,600

massive dosage and i feel great life

717

00:26:06,710 --> 00:26:04,240

changed t now uh david

718

00:26:08,710 --> 00:26:06,720

um somebody this is like the best

719

00:26:13,190 --> 00:26:08,720

question of the night right here

720

00:26:15,029 --> 00:26:13,200

uh is it 411 or 4-1-1 let's solve this

721

00:26:17,510 --> 00:26:15,039

right now because i've heard both from

722

00:26:21,269 --> 00:26:17,520

host over the years with david as a

723

00:26:24,390 --> 00:26:21,279

guest i'm in the 4-1-1 camp and that is

724

00:26:25,750 --> 00:26:24,400

a tweet from cortana so what is it i

725

00:26:28,630 --> 00:26:25,760

think i think it depends on your age

726

00:26:29,669 --> 00:26:28,640

jimmy uh if you're old like us

727

00:26:32,149 --> 00:26:29,679

then

728

00:26:34,390 --> 00:26:32,159

when your mom said hey get on the phone

729

00:26:36,710 --> 00:26:34,400

call information and give me the phone

730

00:26:38,549 --> 00:26:36,720

number for the local mcdonald's

731

00:26:39,590 --> 00:26:38,559

well i should say call 4-1-1 that's

732

00:26:40,630 --> 00:26:39,600

right

733

00:26:43,990 --> 00:26:40,640

and

734

00:26:45,110 --> 00:26:44,000

if you're a newbie maybe 4-11 in reality

735

00:26:48,310 --> 00:26:45,120

it doesn't matter whatever you're

736

00:26:50,070 --> 00:26:48,320

comfortable with yeah you know what i'm

737

00:26:53,830 --> 00:26:50,080

kind of both because you're right it's

738

00:26:56,870 --> 00:26:53,840

always been 9-1-1 or 4-1-1 of course

739

00:26:58,630 --> 00:26:56,880

right of course and then a 9-11

740

00:27:01,350 --> 00:26:58,640

and then so you've got that

741

00:27:04,710 --> 00:27:01,360

you know in your frontal lobes so yeah

742

00:27:07,590 --> 00:27:04,720

that's that's okay i'm going 4-1-1

743

00:27:10,070 --> 00:27:07,600

and i've said both tonight so i let's uh

744

00:27:12,789 --> 00:27:10,080

let's let's let's give a credit to our

745

00:27:15,430 --> 00:27:12,799

generation let's go to uh

746

00:27:17,110 --> 00:27:15,440

this this mount rainier case and i'm

747

00:27:19,110 --> 00:27:17,120

gonna let you see well i'm gonna set it

748

00:27:22,710 --> 00:27:19,120

up and i'm gonna let you run with it

749

00:27:25,269 --> 00:27:22,720

but as i started to read about this case

750

00:27:26,950 --> 00:27:25,279

uh first off it's military second it's

751

00:27:29,350 --> 00:27:26,960

it's in the air

752

00:27:33,510 --> 00:27:29,360

but the third thing was the date and

753

00:27:34,950 --> 00:27:33,520

it's 1946 and the second that i saw that

754

00:27:37,990 --> 00:27:34,960

i was in

755

00:27:39,029 --> 00:27:38,000

and it's pretty interesting but for me

756

00:27:42,070 --> 00:27:39,039

the

757

00:27:43,750 --> 00:27:42,080

of course

758

00:27:45,590 --> 00:27:43,760

but it's what we're going to be

759

00:27:47,029 --> 00:27:45,600

discussing at the end of the case which

760

00:27:50,149 --> 00:27:47,039

i find that

761

00:27:52,470 --> 00:27:50,159

just absolutely fascinating so what

762

00:27:54,310 --> 00:27:52,480

happened

763

00:27:56,470 --> 00:27:54,320

so first of all mount rainier national

764

00:27:59,909 --> 00:27:56,480

park is in the state of washington last

765

00:28:01,909 --> 00:27:59,919

year they had 1.5 million visitors

766

00:28:03,909 --> 00:28:01,919

and i doubt that there's a handful of

767

00:28:05,909 --> 00:28:03,919

people that visited that park that know

768

00:28:07,430 --> 00:28:05,919

what i'm going to tell you

769

00:28:10,950 --> 00:28:07,440

but mount rainier is the highest

770

00:28:11,909 --> 00:28:10,960

mountain in the cascade range at 14 410

771

00:28:13,750 --> 00:28:11,919

feet

772

00:28:15,830 --> 00:28:13,760

and it's considered it's ranked in the

773

00:28:17,029 --> 00:28:15,840

top 16 of the most dangerous mountains

774

00:28:19,909 --> 00:28:17,039

in the world

775

00:28:22,230 --> 00:28:19,919

with 26 glaciers on it

776

00:28:24,470 --> 00:28:22,240

now we're going to go back december 10th

777

00:28:27,710 --> 00:28:24,480

1946

778

00:28:30,470 --> 00:28:27,720

six united states marine curtis commando

779

00:28:32,710 --> 00:28:30,480

r-5c transports

780

00:28:35,350 --> 00:28:32,720

were sitting on the tarmac at el toro

781

00:28:37,990 --> 00:28:35,360

marine base in southern california

782

00:28:40,149 --> 00:28:38,000

and they were loaded with 200 soldiers

783

00:28:41,909 --> 00:28:40,159

to be flown to the sandpoint naval air

784

00:28:44,389 --> 00:28:41,919

station in seattle

785

00:28:46,310 --> 00:28:44,399

it's about a six and a half hour flight

786

00:28:49,269 --> 00:28:46,320

and these planes at the time could fly

787

00:28:51,990 --> 00:28:49,279

up to about 24 500 feet

788

00:28:53,510 --> 00:28:52,000

and the cargo area was not pressurized

789

00:28:56,230 --> 00:28:53,520

so they usually tried to stay a little

790

00:28:59,269 --> 00:28:56,240

bit lower so you could breathe yeah no

791

00:29:02,870 --> 00:28:59,279

oxygen right right and the flight plan

792

00:29:04,950 --> 00:29:02,880

called them to fly at about 9000 feet

793

00:29:07,510 --> 00:29:04,960

well six the six planes left in a

794

00:29:08,549 --> 00:29:07,520

staggered procession at about 10 36 in

795

00:29:10,789 --> 00:29:08,559

the morning

796

00:29:12,389 --> 00:29:10,799

now how did i get this information

797

00:29:13,909 --> 00:29:12,399

when i i started to put these pieces

798

00:29:16,389 --> 00:29:13,919

together and i filed the freedom of

799

00:29:18,710 --> 00:29:16,399

information act request against the

800

00:29:21,029 --> 00:29:18,720

the navy and the marines and i got a

801
00:29:23,190 --> 00:29:21,039
whole crapload of information so that's

802
00:29:26,310 --> 00:29:23,200
where i got most of this but

803
00:29:28,230 --> 00:29:26,320
one of the r5cs was piloted by major

804
00:29:32,070 --> 00:29:28,240
robert riley

805
00:29:33,909 --> 00:29:32,080
and at 4 13 pm he contacted toledo ohio

806
00:29:36,070 --> 00:29:33,919
air traffic control reporting that he

807
00:29:38,950 --> 00:29:36,080
was getting ice on his wings

808
00:29:41,110 --> 00:29:38,960
and he asked for permission to go higher

809
00:29:43,750 --> 00:29:41,120
to get out of the wet

810
00:29:46,950 --> 00:29:43,760
and get out of the clouds he estimated

811
00:29:49,190 --> 00:29:46,960
he was 30 miles south of

812
00:29:52,149 --> 00:29:49,200
his destination which was the naval air

813
00:29:54,549 --> 00:29:52,159

station he was told to contact aircraft

814

00:29:56,470 --> 00:29:54,559

air traffic control once he reached his

815

00:29:58,950 --> 00:29:56,480

new altitude

816

00:30:00,710 --> 00:29:58,960

and he would get approval to go up well

817

00:30:02,950 --> 00:30:00,720

he never got a hold of air traffic

818

00:30:05,190 --> 00:30:02,960

control assuming everyone assumed he

819

00:30:06,389 --> 00:30:05,200

flew up higher and got out of the bad

820

00:30:08,870 --> 00:30:06,399

weather

821

00:30:11,830 --> 00:30:08,880

now during this time five of the r5cs

822

00:30:13,830 --> 00:30:11,840

had already landed in seattle

823

00:30:16,230 --> 00:30:13,840

now notes in the freedom of information

824

00:30:18,389 --> 00:30:16,240

act file stated that the everett

825

00:30:20,630 --> 00:30:18,399

washington air traffic control should

826

00:30:23,269 --> 00:30:20,640

have been able to hear this plane and

827

00:30:25,029 --> 00:30:23,279

they never did and there was enough fuel

828

00:30:27,669 --> 00:30:25,039

for this thing to fly for 10 hours they

829

00:30:30,710 --> 00:30:27,679

were about six and a half hours into it

830

00:30:32,950 --> 00:30:30,720

well riley's r5c never arrived at the

831

00:30:35,830 --> 00:30:32,960

naval air station

832

00:30:38,470 --> 00:30:35,840

on december 11th the entire pacific

833

00:30:41,669 --> 00:30:38,480

northwest went into high alert

834

00:30:44,470 --> 00:30:41,679

as the search for this r5c was going on

835

00:30:46,470 --> 00:30:44,480

the issue for the search was the weather

836

00:30:48,710 --> 00:30:46,480

was horrific

837

00:30:51,909 --> 00:30:48,720

blizzard snow

838

00:30:53,430 --> 00:30:51,919

rain depending on the altitude

839

00:30:56,230 --> 00:30:53,440

it was just bad

840

00:30:59,269 --> 00:30:56,240

well rangers at mount rainier reported

841

00:31:00,710 --> 00:30:59,279

hearing a plane pass their location at 4

842

00:31:02,310 --> 00:31:00,720

15 pm

843

00:31:04,470 --> 00:31:02,320

on the day in question

844

00:31:06,549 --> 00:31:04,480

they never heard a crash no impact

845

00:31:08,230 --> 00:31:06,559

nothing unusual

846

00:31:10,549 --> 00:31:08,240

now for five days after the

847

00:31:13,029 --> 00:31:10,559

disappearance the snow just pounded this

848

00:31:14,470 --> 00:31:13,039

region of washington and headlines at

849

00:31:18,230 --> 00:31:14,480

the time stated that the storms

850

00:31:21,110 --> 00:31:18,240

prevented a search for the plane by air

851
00:31:22,710 --> 00:31:21,120
but you got to remember 32 soldiers were

852
00:31:26,149 --> 00:31:22,720
on this plane

853
00:31:27,190 --> 00:31:26,159
now this search went on for months

854
00:31:29,909 --> 00:31:27,200
now

855
00:31:32,070 --> 00:31:29,919
a tattered fragment of a marine's

856
00:31:34,870 --> 00:31:32,080
uniform a weathered piece of a

857
00:31:37,509 --> 00:31:34,880
serviceman's health record and some tiny

858
00:31:39,110 --> 00:31:37,519
bits of record of wreckage

859
00:31:41,350 --> 00:31:39,120
indicated

860
00:31:43,669 --> 00:31:41,360
to the service

861
00:31:46,149 --> 00:31:43,679
that a plane had hit a mountain

862
00:31:49,590 --> 00:31:46,159
a lone hiker on rainier had recovered

863
00:31:52,310 --> 00:31:49,600

some strange things on the snow

864

00:31:54,070 --> 00:31:52,320

and that was located above 10 000 feet

865

00:31:56,549 --> 00:31:54,080

now the reports at the time stated that

866

00:31:59,350 --> 00:31:56,559

the plane exploded and scattered these

867

00:32:01,669 --> 00:31:59,360

remains everywhere now i want to stop

868

00:32:03,590 --> 00:32:01,679

you there for a second because i find

869

00:32:05,509 --> 00:32:03,600

that interesting where

870

00:32:09,830 --> 00:32:05,519

the rangers reported the sound of a

871

00:32:11,430 --> 00:32:09,840

plane at 4 15 but no crash no explosion

872

00:32:13,830 --> 00:32:11,440

now

873

00:32:15,909 --> 00:32:13,840

we have an explosion or at least that's

874

00:32:19,029 --> 00:32:15,919

what they are saying but the rangers

875

00:32:21,110 --> 00:32:19,039

didn't say that they heard an explosion

876

00:32:22,230 --> 00:32:21,120

that is a hundred percent correct

877

00:32:23,669 --> 00:32:22,240

now here's where it gets really

878

00:32:25,830 --> 00:32:23,679

confusing

879

00:32:28,070 --> 00:32:25,840

so the marines are flying the plane

880

00:32:29,990 --> 00:32:28,080

there's marines on the plane and the

881

00:32:31,430 --> 00:32:30,000

navy is making all these statements

882

00:32:33,029 --> 00:32:31,440

that's right

883

00:32:34,789 --> 00:32:33,039

now a lot of people don't know this but

884

00:32:36,470 --> 00:32:34,799

the marines are actually under the

885

00:32:38,549 --> 00:32:36,480

department of the navy

886

00:32:40,710 --> 00:32:38,559

but still it was really weird when i'm

887

00:32:42,549 --> 00:32:40,720

reading all this that there's a marine

888

00:32:43,909 --> 00:32:42,559

general colonel nobody that wants to

889

00:32:44,950 --> 00:32:43,919

make any statements on the part of the

890

00:32:46,950 --> 00:32:44,960

marines

891

00:32:49,029 --> 00:32:46,960

that's all navy

892

00:32:51,190 --> 00:32:49,039

so the nps said very little about this

893

00:32:55,190 --> 00:32:51,200

incident at the beginning

894

00:32:57,110 --> 00:32:55,200

now on august 24th 1947

895

00:33:00,070 --> 00:32:57,120

rangers stated that ten bodies were

896

00:33:02,870 --> 00:33:00,080

located on the tahoma glacier

897

00:33:05,590 --> 00:33:02,880

21 bodies were located by two nps

898

00:33:07,830 --> 00:33:05,600

rangers later and a rep from the navy

899

00:33:10,630 --> 00:33:07,840

said this was true as he went up on the

900

00:33:12,389 --> 00:33:10,640

mountain with the rangers they said that

901
00:33:14,389 --> 00:33:12,399
they didn't know if they could remove

902
00:33:16,470 --> 00:33:14,399
the bodies and they never gave an

903
00:33:17,909 --> 00:33:16,480
explanation right how can they say that

904
00:33:20,230 --> 00:33:17,919
and this is uh

905
00:33:22,630 --> 00:33:20,240
i need to address a couple of direct

906
00:33:27,669 --> 00:33:24,950
are you there i'm here okay wow that was

907
00:33:29,430 --> 00:33:27,679
a weird click did you hear that yeah

908
00:33:31,990 --> 00:33:29,440
okay all right

909
00:33:34,789 --> 00:33:32,000
let's move on that was kind of trippy is

910
00:33:36,830 --> 00:33:34,799
is this we're not talking about uh you

911
00:33:39,750 --> 00:33:36,840
know antarctica or

912
00:33:43,590 --> 00:33:39,760
greenland this is mount rainier outside

913
00:33:46,870 --> 00:33:43,600

of seattle inside of the united states

914

00:33:50,470 --> 00:33:46,880

what is the difficulty in a proper

915

00:33:53,190 --> 00:33:50,480

search and rescue one the day of the day

916

00:33:56,310 --> 00:33:53,200

after not months later and then the

917

00:33:58,950 --> 00:33:56,320

retrieval of how difficult can it be

918

00:34:01,190 --> 00:33:58,960

it's not like we don't have resources

919

00:34:03,509 --> 00:34:01,200

it's outside of seattle

920

00:34:05,110 --> 00:34:03,519

when you started to read this uh the

921

00:34:06,389 --> 00:34:05,120

facts of the case david what went

922

00:34:07,990 --> 00:34:06,399

through your mind on that it doesn't

923

00:34:09,909 --> 00:34:08,000

make any sense

924

00:34:12,389 --> 00:34:09,919

oh you're 100 right it doesn't make

925

00:34:14,950 --> 00:34:12,399

sense to me when you have the resources

926
00:34:19,430 --> 00:34:14,960
of every armed forces group and their

927
00:34:22,710 --> 00:34:21,430
so uh

928
00:34:25,109 --> 00:34:22,720
the navy

929
00:34:26,869 --> 00:34:25,119
and the national park service consult

930
00:34:29,510 --> 00:34:26,879
with the army's mountain division which

931
00:34:32,470 --> 00:34:29,520
are experts in high altitude

932
00:34:34,149 --> 00:34:32,480
about the task of removing the bodies

933
00:34:36,470 --> 00:34:34,159
now it was stated that it would take two

934
00:34:37,829 --> 00:34:36,480
weeks and two dozen men to bring the

935
00:34:39,589 --> 00:34:37,839
bodies down

936
00:34:41,669 --> 00:34:39,599
and then he said it was in a dangerous

937
00:34:44,470 --> 00:34:41,679
area now i'm thinking about this and i'm

938
00:34:46,149 --> 00:34:44,480

thinking who cares if it takes 200 men

939

00:34:47,589 --> 00:34:46,159

to bring those bodies down

940

00:34:49,750 --> 00:34:47,599

if you're a family member you want your

941

00:34:51,109 --> 00:34:49,760

body you want your family's member to

942

00:34:53,430 --> 00:34:51,119

have a burial

943

00:34:57,349 --> 00:34:53,440

you want closure

944

00:34:59,510 --> 00:34:57,359

so an article on august 28 1947 stated

945

00:35:01,109 --> 00:34:59,520

that the navy has said that the 13th

946

00:35:02,950 --> 00:35:01,119

naval district

947

00:35:06,230 --> 00:35:02,960

had an idea about how to remove the

948

00:35:08,790 --> 00:35:06,240

bodies and that it had been abandoned

949

00:35:09,990 --> 00:35:08,800

the families had a memorial service on

950

00:35:12,470 --> 00:35:10,000

the mountain

951
00:35:15,190 --> 00:35:12,480
down near the park

952
00:35:17,510 --> 00:35:15,200
and 2 000 acres of the glacier had been

953
00:35:19,270 --> 00:35:17,520
allocated as a memorial and no travel

954
00:35:22,069 --> 00:35:19,280
zone

955
00:35:24,310 --> 00:35:22,079
now in june of 1982

956
00:35:27,270 --> 00:35:24,320
a climber was on the mountain and found

957
00:35:30,150 --> 00:35:27,280
an odd piece of equipment on it

958
00:35:33,589 --> 00:35:30,160
and brought it down and it was reviewed

959
00:35:36,069 --> 00:35:33,599
and determined to be part of that plane

960
00:35:37,430 --> 00:35:36,079
to this date not one body has ever been

961
00:35:39,589 --> 00:35:37,440
recovered

962
00:35:43,109 --> 00:35:39,599
and there's been no determination of if

963
00:35:45,910 --> 00:35:43,119

the plane had engine problems etc

964

00:35:49,030 --> 00:35:45,920

now let's go back on this the r5c

965

00:35:50,950 --> 00:35:49,040

disappeared near rainier on 12 10 of 46

966

00:35:51,750 --> 00:35:50,960

december 10th

967

00:35:54,790 --> 00:35:51,760

now

968

00:35:55,670 --> 00:35:54,800

fast forward about six and a half seven

969

00:35:59,750 --> 00:35:55,680

months

970

00:36:01,670 --> 00:35:59,760

to june 29th 1947.

971

00:36:03,109 --> 00:36:01,680

very close in time and location what i'm

972

00:36:07,990 --> 00:36:03,119

going to tell you

973

00:36:10,950 --> 00:36:08,000

headlines flying type pans tin pans hit

974

00:36:12,630 --> 00:36:10,960

1200 miles per hour flying tin pans hit

975

00:36:14,390 --> 00:36:12,640

1200 miles per hour

976
00:36:16,710 --> 00:36:14,400
pilot ken arnold made the sighting

977
00:36:18,870 --> 00:36:16,720
adjacent to mount rainier

978
00:36:19,910 --> 00:36:18,880
he was a businessman he owned his own

979
00:36:22,710 --> 00:36:19,920
airplane

980
00:36:25,190 --> 00:36:22,720
he was actually flying by mount rainier

981
00:36:27,829 --> 00:36:25,200
looking for this crash

982
00:36:29,670 --> 00:36:27,839
and he saw these strain strange objects

983
00:36:31,829 --> 00:36:29,680
fly by him

984
00:36:34,069 --> 00:36:31,839
now what's really weird about all of

985
00:36:36,630 --> 00:36:34,079
this is this last summer

986
00:36:38,790 --> 00:36:36,640
i happen to be in ohio and bruce mcabee

987
00:36:41,510 --> 00:36:38,800
a physicist an optical physicist is a

988
00:36:43,750 --> 00:36:41,520

good friend and our film crew was there

989

00:36:46,230 --> 00:36:43,760

doing some filming and i sat down and i

990

00:36:48,790 --> 00:36:46,240

talked to bruce about this exact case

991

00:36:50,710 --> 00:36:48,800

and bruce came out with a book about it

992

00:36:53,109 --> 00:36:50,720

and it's a great book and it's called

993

00:36:55,109 --> 00:36:53,119

three minutes in june the ufo sighting

994

00:36:58,470 --> 00:36:55,119

that changed the world

995

00:37:02,950 --> 00:36:58,480

and bruce is an expert at numbers

996

00:37:06,230 --> 00:37:02,960

locations speed etc and he took apart

997

00:37:08,950 --> 00:37:06,240

arnold's observation and validated it a

998

00:37:11,349 --> 00:37:08,960

thousand percent skeptics are trying to

999

00:37:13,270 --> 00:37:11,359

downplay his sighting but bruce proved

1000

00:37:15,750 --> 00:37:13,280

it happened and that the speeds were

1001
00:37:18,150 --> 00:37:15,760
probably very close to accurate when he

1002
00:37:20,790 --> 00:37:18,160
saw these unidentified objects flying by

1003
00:37:23,430 --> 00:37:20,800
rainier at 1200 miles per hour

1004
00:37:26,630 --> 00:37:23,440
now arnold was in the error looking at

1005
00:37:28,790 --> 00:37:26,640
an object in the sky multiple objects

1006
00:37:30,630 --> 00:37:28,800
and this really started the modern world

1007
00:37:32,390 --> 00:37:30,640
of ufo sightings

1008
00:37:34,710 --> 00:37:32,400
and in the book i say well do you

1009
00:37:37,270 --> 00:37:34,720
believe in coincidences

1010
00:37:38,390 --> 00:37:37,280
because it's a mighty big coincidence in

1011
00:37:41,510 --> 00:37:38,400
my mind

1012
00:37:44,950 --> 00:37:41,520
that this entire group

1013
00:37:46,870 --> 00:37:44,960

of soldiers is never found

1014

00:37:48,829 --> 00:37:46,880

allegedly this thing

1015

00:37:51,589 --> 00:37:48,839

piles into a mountain

1016

00:37:53,349 --> 00:37:51,599

and six months later

1017

00:37:56,069 --> 00:37:53,359

the biggest ufo sighting in the world at

1018

00:37:57,190 --> 00:37:56,079

that point happens right next to rainier

1019

00:37:59,190 --> 00:37:57,200

you

1020

00:38:02,230 --> 00:37:59,200

mentioned something

1021

00:38:05,030 --> 00:38:02,240

there that we need to go back and

1022

00:38:07,430 --> 00:38:05,040

uh listen to again

1023

00:38:09,109 --> 00:38:07,440

2 000 acre

1024

00:38:12,710 --> 00:38:09,119

memorial

1025

00:38:14,550 --> 00:38:12,720

at the crash site which is now a no

1026
00:38:16,710 --> 00:38:14,560
travel zone

1027
00:38:20,870 --> 00:38:16,720
2 000 acres

1028
00:38:22,390 --> 00:38:20,880
memorial no travel zone

1029
00:38:24,630 --> 00:38:22,400
that that's

1030
00:38:26,470 --> 00:38:24,640
that smells of cover-up to me and i

1031
00:38:29,670 --> 00:38:26,480
don't go down the conspiracy road

1032
00:38:33,109 --> 00:38:29,680
immediately but this is direct this is a

1033
00:38:35,589 --> 00:38:33,119
2 000 acre memorial nobody's recovered

1034
00:38:37,990 --> 00:38:35,599
and nobody's uh it's a no travel zone so

1035
00:38:39,829 --> 00:38:38,000
nobody can even go up there and check it

1036
00:38:43,990 --> 00:38:39,839
out now right

1037
00:38:46,150 --> 00:38:44,000
so that was written in 1947 by

1038
00:38:47,670 --> 00:38:46,160

i think a commander in the navy that had

1039

00:38:48,870 --> 00:38:47,680

worked with the park service to get this

1040

00:38:51,109 --> 00:38:48,880

established

1041

00:38:53,589 --> 00:38:51,119

and i looked at umpteen dozen maps of

1042

00:38:55,670 --> 00:38:53,599

rainier i couldn't find any no travel

1043

00:38:57,109 --> 00:38:55,680

zone i couldn't find any restricted area

1044

00:38:57,910 --> 00:38:57,119

on rainier

1045

00:39:00,470 --> 00:38:57,920

so i

1046

00:39:02,069 --> 00:39:00,480

if it exists like i said jimmy

1047

00:39:03,990 --> 00:39:02,079

you know i doubt anybody going to

1048

00:39:07,190 --> 00:39:04,000

rainier knows that they're looking at a

1049

00:39:09,990 --> 00:39:07,200

mountain that entombs dozens of military

1050

00:39:15,109 --> 00:39:12,069

what what do you think the connection is

1051
00:39:17,030 --> 00:39:15,119
ultimately i mean the timing and and and

1052
00:39:19,270 --> 00:39:17,040
mount rainier and kenneth arnold and of

1053
00:39:21,030 --> 00:39:19,280
course this incident here

1054
00:39:23,430 --> 00:39:21,040
uh what do you think is there a

1055
00:39:25,829 --> 00:39:23,440
connection it certainly you suggest one

1056
00:39:26,829 --> 00:39:25,839
what do you think it is

1057
00:39:30,310 --> 00:39:26,839
well i mean

1058
00:39:32,230 --> 00:39:30,320
logically i'm a man of facts

1059
00:39:33,910 --> 00:39:32,240
facts are that it's a very strange

1060
00:39:35,349 --> 00:39:33,920
coincidence

1061
00:39:38,470 --> 00:39:35,359
coupled with the fact they didn't

1062
00:39:42,390 --> 00:39:38,480
recover one body off of rainier and when

1063
00:39:45,349 --> 00:39:42,400

you look at the photo which i have

1064

00:39:46,310 --> 00:39:45,359

and i thank john greenwald of the black

1065

00:39:49,109 --> 00:39:46,320

vault

1066

00:39:53,430 --> 00:39:49,119

for getting this document

1067

00:39:55,430 --> 00:39:53,440

there's a photo of this r5c that's that

1068

00:39:57,270 --> 00:39:55,440

looks pretty mangled but it definitely

1069

00:39:58,630 --> 00:39:57,280

is not destroyed

1070

00:40:00,950 --> 00:39:58,640

totally

1071

00:40:03,990 --> 00:40:00,960

and it shows searchers around it

1072

00:40:06,310 --> 00:40:04,000

and my comment to john was this doesn't

1073

00:40:08,550 --> 00:40:06,320

look like everyone was annihilated or

1074

00:40:10,710 --> 00:40:08,560

exploded in that mountain

1075

00:40:12,390 --> 00:40:10,720

so i have no idea

1076

00:40:13,589 --> 00:40:12,400

what's going on but it doesn't make any

1077

00:40:17,510 --> 00:40:13,599

sense to me

1078

00:40:19,910 --> 00:40:17,520

when when we have one of the most uh

1079

00:40:22,390 --> 00:40:19,920

popular models and sayings in the

1080

00:40:25,109 --> 00:40:22,400

military which is no man left behind

1081

00:40:27,430 --> 00:40:25,119

right we understand that we respect that

1082

00:40:30,550 --> 00:40:27,440

how is it possible to allow that to

1083

00:40:32,310 --> 00:40:30,560

happen inside of the united states

1084

00:40:34,310 --> 00:40:32,320

sam wonder i i don't think it could

1085

00:40:36,710 --> 00:40:34,320

happen today just because communications

1086

00:40:39,190 --> 00:40:36,720

is so quick and so thorough and

1087

00:40:41,190 --> 00:40:39,200

maybe in 1947 it didn't reach the

1088

00:40:42,550 --> 00:40:41,200

worldwide notoriety that it would reach

1089

00:40:43,990 --> 00:40:42,560

today and

1090

00:40:46,390 --> 00:40:44,000

you know i'm i'm sure you could get a

1091

00:40:48,069 --> 00:40:46,400

bunch of uh special services people that

1092

00:40:50,470 --> 00:40:48,079

would hike those bodies out right now

1093

00:40:53,190 --> 00:40:50,480

today if they knew so

1094

00:40:57,190 --> 00:40:53,200

it doesn't make any any sense well and

1095

00:40:59,270 --> 00:40:57,200

why not recover them today

1096

00:41:01,589 --> 00:40:59,280

i mean that's the other thing i did it

1097

00:41:03,910 --> 00:41:01,599

seems like it would with helicopters and

1098

00:41:07,190 --> 00:41:03,920

the technology that we have and

1099

00:41:09,990 --> 00:41:07,200

and and night vision and and fleer you

1100

00:41:13,510 --> 00:41:10,000

know an imaging of the ground that would

1101
00:41:16,069 --> 00:41:13,520
be able to locate the exact crash site

1102
00:41:18,309 --> 00:41:16,079
and go and give these guys uh the

1103
00:41:22,309 --> 00:41:18,319
memorial that they deserve

1104
00:41:26,710 --> 00:41:23,910
well when i wrote about this i i was

1105
00:41:29,190 --> 00:41:26,720
surprised that none no show out there

1106
00:41:31,270 --> 00:41:29,200
that's one of these search and rescue or

1107
00:41:33,670 --> 00:41:31,280
you know fringe shows has ever talked

1108
00:41:35,589 --> 00:41:33,680
about this incident

1109
00:41:37,829 --> 00:41:35,599
i i don't get it i don't get it i was

1110
00:41:40,710 --> 00:41:37,839
fascinated with this i i was just

1111
00:41:41,510 --> 00:41:40,720
fascinated with the case and and it's

1112
00:41:44,870 --> 00:41:41,520
it's

1113
00:41:47,910 --> 00:41:44,880

the timing of it being 1946 that is that

1114

00:41:51,349 --> 00:41:47,920

is one issue and the delay of the search

1115

00:41:53,349 --> 00:41:51,359

and rescue and nobody's recovered okay

1116

00:41:56,309 --> 00:41:53,359

it's strange from the word go

1117

00:41:58,150 --> 00:41:56,319

but to have a no travel zone uh spread

1118

00:42:00,230 --> 00:41:58,160

over 2 000 acres

1119

00:42:02,470 --> 00:42:00,240

that that just doesn't sit well with me

1120

00:42:03,910 --> 00:42:02,480

and you're absolutely right this this is

1121

00:42:06,390 --> 00:42:03,920

something that should i didn't know

1122

00:42:08,710 --> 00:42:06,400

about this case i mean everybody should

1123

00:42:13,430 --> 00:42:08,720

know about this case

1124

00:42:17,190 --> 00:42:13,440

i agree now let's uh did this this okay

1125

00:42:19,109 --> 00:42:17,200

this wasn't on your list but since we're

1126

00:42:22,390 --> 00:42:19,119

talking about the military i want to

1127

00:42:23,670 --> 00:42:22,400

talk about the blimp in san francisco

1128

00:42:24,870 --> 00:42:23,680

oh yeah

1129

00:42:27,990 --> 00:42:24,880

that

1130

00:42:30,870 --> 00:42:28,000

it might be stranger than

1131

00:42:33,030 --> 00:42:30,880

this case that we just discussed

1132

00:42:34,870 --> 00:42:33,040

um and i hope i'm not catching you too

1133

00:42:37,990 --> 00:42:34,880

much off guard here

1134

00:42:41,589 --> 00:42:38,000

but here we have uh

1135

00:42:44,550 --> 00:42:41,599

again two missing servicemen that

1136

00:42:47,670 --> 00:42:44,560

disappeared out of a blimp

1137

00:42:49,190 --> 00:42:47,680

in san francisco

1138

00:42:51,030 --> 00:42:49,200

can you can you set that up and let

1139

00:42:53,190 --> 00:42:51,040

everybody know uh

1140

00:42:55,349 --> 00:42:53,200

what happened here

1141

00:42:57,589 --> 00:42:55,359

so ironically the the blimps that

1142

00:42:59,190 --> 00:42:57,599

protected the california coast normally

1143

00:43:01,190 --> 00:42:59,200

went out a treasure island which is

1144

00:43:02,950 --> 00:43:01,200

right off of san francisco

1145

00:43:04,870 --> 00:43:02,960

i grew up in the bay area i grew up in a

1146

00:43:07,030 --> 00:43:04,880

little town called cupertino

1147

00:43:09,670 --> 00:43:07,040

and i it's very close to a place called

1148

00:43:11,829 --> 00:43:09,680

moffett field naval weather station

1149

00:43:14,390 --> 00:43:11,839

and because of certain circumstances

1150

00:43:15,990 --> 00:43:14,400

this day in question this blimp went out

1151

00:43:18,069 --> 00:43:16,000

of moffett field

1152

00:43:20,150 --> 00:43:18,079

and there were supposed to be three

1153

00:43:22,230 --> 00:43:20,160

people on the flight one guy at the last

1154

00:43:23,030 --> 00:43:22,240

minute didn't make it but two people

1155

00:43:24,870 --> 00:43:23,040

went

1156

00:43:27,430 --> 00:43:24,880

and the blimp takes off and it patrols

1157

00:43:28,950 --> 00:43:27,440

up and down the coast very slow very

1158

00:43:31,190 --> 00:43:28,960

methodical

1159

00:43:34,550 --> 00:43:31,200

well on this day they're up off of san

1160

00:43:37,990 --> 00:43:34,560

francisco near daly city off the coast

1161

00:43:40,710 --> 00:43:38,000

and people that were fishing and boaters

1162

00:43:43,829 --> 00:43:40,720

on the water said that they watched this

1163

00:43:45,349 --> 00:43:43,839

thing abruptly turn up and go into the

1164

00:43:47,750 --> 00:43:45,359

clouds

1165

00:43:50,390 --> 00:43:47,760

like very steep angle

1166

00:43:51,270 --> 00:43:50,400

and just before he did that the pilot

1167

00:43:53,510 --> 00:43:51,280

told

1168

00:43:56,870 --> 00:43:53,520

their air traffic control that they were

1169

00:43:58,390 --> 00:43:56,880

investigating a large oil slick off the

1170

00:44:02,950 --> 00:43:58,400

coast

1171

00:44:04,550 --> 00:44:02,960

guard cutters out to look at it as well

1172

00:44:06,790 --> 00:44:04,560

that's the last they heard of them then

1173

00:44:08,309 --> 00:44:06,800

this thing goes up into the clouds

1174

00:44:10,230 --> 00:44:08,319

they try to raise them they can't raise

1175

00:44:11,910 --> 00:44:10,240

them on the radio

1176
00:44:12,790 --> 00:44:11,920
and then all of a sudden the navy gets a

1177
00:44:15,270 --> 00:44:12,800
call

1178
00:44:17,430 --> 00:44:15,280
that their blimp has crashed on a street

1179
00:44:19,510 --> 00:44:17,440
in daly city

1180
00:44:22,790 --> 00:44:19,520
and this is really weird because the

1181
00:44:26,150 --> 00:44:22,800
blimps also carried explosives

1182
00:44:28,069 --> 00:44:26,160
that they could drop if they saw

1183
00:44:29,670 --> 00:44:28,079
like a german submarine let's say or

1184
00:44:31,510 --> 00:44:29,680
something like that

1185
00:44:33,589 --> 00:44:31,520
and so they were concerned

1186
00:44:35,109 --> 00:44:33,599
and they get there and the blimp is in

1187
00:44:36,630 --> 00:44:35,119
one piece

1188
00:44:39,990 --> 00:44:36,640

the doors open

1189

00:44:43,030 --> 00:44:40,000

people watched it hit got right there

1190

00:44:45,349 --> 00:44:43,040

and saw the door open before it crashed

1191

00:44:46,630 --> 00:44:45,359

and nobody was inside

1192

00:44:49,349 --> 00:44:46,640

and

1193

00:44:51,109 --> 00:44:49,359

it is one of the greatest mysteries

1194

00:44:54,230 --> 00:44:51,119

of

1195

00:44:57,349 --> 00:44:54,240

our air force and naval history

1196

00:45:00,470 --> 00:44:57,359

because they could never ever understand

1197

00:45:03,190 --> 00:45:00,480

number one what caused that limp to take

1198

00:45:05,270 --> 00:45:03,200

an abrupt turn and go up into the clouds

1199

00:45:06,950 --> 00:45:05,280

there's no reason the door ever should

1200

00:45:09,750 --> 00:45:06,960

have been open

1201
00:45:11,510 --> 00:45:09,760
and for them to have this kind of slow

1202
00:45:13,670 --> 00:45:11,520
controlled crash because limbs don't

1203
00:45:15,349 --> 00:45:13,680
really you know plow into a building and

1204
00:45:17,270 --> 00:45:15,359
destroy everything it's very slow and

1205
00:45:18,710 --> 00:45:17,280
methodical

1206
00:45:20,630 --> 00:45:18,720
they said these guys were lifetime

1207
00:45:22,150 --> 00:45:20,640
pilots near the blimp like you know the

1208
00:45:23,910 --> 00:45:22,160
inside of your house

1209
00:45:26,230 --> 00:45:23,920
no engine problems were with the blimp

1210
00:45:27,510 --> 00:45:26,240
there was no aeronautical issue and all

1211
00:45:28,710 --> 00:45:27,520
of a sudden these guys

1212
00:45:30,550 --> 00:45:28,720
were just gone

1213
00:45:32,870 --> 00:45:30,560

and so they searched for them off the

1214

00:45:35,670 --> 00:45:32,880

coast for three weeks

1215

00:45:37,270 --> 00:45:35,680

never found either man no man has ever

1216

00:45:38,230 --> 00:45:37,280

surfaced

1217

00:45:39,430 --> 00:45:38,240

now

1218

00:45:40,950 --> 00:45:39,440

there was

1219

00:45:43,589 --> 00:45:40,960

the

1220

00:45:47,270 --> 00:45:43,599

report initially

1221

00:45:51,190 --> 00:45:47,280

that they actually landed at another uh

1222

00:45:53,510 --> 00:45:51,200

base and were safe and and sound

1223

00:45:55,430 --> 00:45:53,520

yeah they there were multiple blimps

1224

00:45:56,870 --> 00:45:55,440

flying simultaneously they all took off

1225

00:45:58,470 --> 00:45:56,880

at once and they all came back and then

1226

00:46:01,270 --> 00:45:58,480

the new ones went out

1227

00:46:03,670 --> 00:46:01,280

and another one of the four that flew

1228

00:46:06,230 --> 00:46:03,680

that coast landed in another location

1229

00:46:08,630 --> 00:46:06,240

that was an understandable mistake but

1230

00:46:10,150 --> 00:46:08,640

still i didn't quite understand how they

1231

00:46:13,829 --> 00:46:10,160

can get that mixed up radio

1232

00:46:14,710 --> 00:46:13,839

transmissions you kind of know who's who

1233

00:46:16,710 --> 00:46:14,720

and

1234

00:46:20,069 --> 00:46:16,720

when you when you read through the facts

1235

00:46:22,550 --> 00:46:20,079

of the case as as i did in the book

1236

00:46:23,589 --> 00:46:22,560

um i am picturing

1237

00:46:25,910 --> 00:46:23,599

uh

1238

00:46:28,630 --> 00:46:25,920

law enforcement and civilians you know

1239

00:46:29,430 --> 00:46:28,640

approaching uh the blimp and going up

1240

00:46:30,790 --> 00:46:29,440

hope

1241

00:46:32,790 --> 00:46:30,800

thinking that they're gonna rescue

1242

00:46:34,950 --> 00:46:32,800

somebody right that there's somebody on

1243

00:46:37,270 --> 00:46:34,960

board and they go up and and there's

1244

00:46:39,349 --> 00:46:37,280

nobody flying this thing

1245

00:46:41,190 --> 00:46:39,359

now we've got a genuine mystery on our

1246

00:46:43,270 --> 00:46:41,200

hands where are the bodies bodies just

1247

00:46:44,470 --> 00:46:43,280

don't well technically

1248

00:46:45,510 --> 00:46:44,480

disappear

1249

00:46:49,190 --> 00:46:45,520

oh yeah

1250

00:46:51,030 --> 00:46:49,200

right i mean now that that's uh

1251
00:46:54,150 --> 00:46:51,040
that's pretty fascinating but they've

1252
00:46:55,349 --> 00:46:54,160
never been found to this day

1253
00:46:56,790 --> 00:46:55,359
nope

1254
00:46:58,230 --> 00:46:56,800
what do uh

1255
00:47:00,550 --> 00:46:58,240
do you think

1256
00:47:03,190 --> 00:47:00,560
okay if we're thinking logically here

1257
00:47:04,550 --> 00:47:03,200
this is what i was doing earlier

1258
00:47:07,030 --> 00:47:04,560
is that

1259
00:47:08,829 --> 00:47:07,040
do you think that they just jumped

1260
00:47:11,750 --> 00:47:08,839
do you think that they wanted to

1261
00:47:13,190 --> 00:47:11,760
disappear and

1262
00:47:15,349 --> 00:47:13,200
you know you know what i mean with that

1263
00:47:17,190 --> 00:47:15,359

this was intentional did they get in a

1264

00:47:19,589 --> 00:47:17,200

fight did they just

1265

00:47:21,829 --> 00:47:19,599

jump out and and fall into the ocean and

1266

00:47:26,069 --> 00:47:21,839

were eaten by sharks or is there

1267

00:47:30,790 --> 00:47:28,470

you know when uh i was in high school i

1268

00:47:33,349 --> 00:47:30,800

took scuba diving lessons got certified

1269

00:47:35,270 --> 00:47:33,359

when i was 14. right and we used to be

1270

00:47:36,870 --> 00:47:35,280

at the junior or the junior college at

1271

00:47:39,910 --> 00:47:36,880

de anza swimming pool and they had this

1272

00:47:41,990 --> 00:47:39,920

high diet and uh some of the guys said

1273

00:47:43,430 --> 00:47:42,000

hey dave you know we'll give you 20

1274

00:47:44,470 --> 00:47:43,440

bucks if you could jump off that high

1275

00:47:45,990 --> 00:47:44,480

dive

1276

00:47:49,829 --> 00:47:46,000

i thought about it i went up there and

1277

00:47:51,349 --> 00:47:49,839

it's it's really high jimmy right

1278

00:47:53,670 --> 00:47:51,359

you've got to have

1279

00:47:55,589 --> 00:47:53,680

you've got to be half nuts just to jump

1280

00:47:57,430 --> 00:47:55,599

off something like that to think that

1281

00:47:59,430 --> 00:47:57,440

somebody's going to jump out of the out

1282

00:48:00,630 --> 00:47:59,440

of a blimp over the ocean

1283

00:48:02,550 --> 00:48:00,640

they got to be

1284

00:48:03,910 --> 00:48:02,560

absolutely crazy

1285

00:48:06,069 --> 00:48:03,920

because the pacific ocean that

1286

00:48:07,750 --> 00:48:06,079

temperature runs between 48 and 54

1287

00:48:10,150 --> 00:48:07,760

degrees up off of san francisco you're

1288

00:48:11,670 --> 00:48:10,160

going to freeze to death that's right

1289

00:48:12,710 --> 00:48:11,680

that's right and they knew that they

1290

00:48:15,670 --> 00:48:12,720

knew that

1291

00:48:18,150 --> 00:48:15,680

so again you know w with uh every other

1292

00:48:20,069 --> 00:48:18,160

case like this that you write about you

1293

00:48:21,510 --> 00:48:20,079

know we have to scratch some things off

1294

00:48:23,829 --> 00:48:21,520

the list here

1295

00:48:27,030 --> 00:48:23,839

and one of them is these guys just

1296

00:48:29,270 --> 00:48:27,040

jumping out for a good time or or

1297

00:48:30,390 --> 00:48:29,280

or trying to run or trying to hide

1298

00:48:32,230 --> 00:48:30,400

you're not going to do that you're not

1299

00:48:34,150 --> 00:48:32,240

going to jump out over the pacific ocean

1300

00:48:36,549 --> 00:48:34,160

you're not going to you're gonna die so

1301

00:48:39,430 --> 00:48:36,559

we can take that off of the list but

1302

00:48:41,510 --> 00:48:39,440

their bodies weren't found on land

1303

00:48:44,309 --> 00:48:41,520

i i don't know this is uh this is a

1304

00:48:48,870 --> 00:48:44,319

mystery that's an amazing truly missing

1305

00:48:52,309 --> 00:48:49,829

david

1306

00:48:55,670 --> 00:48:52,319

yes yes i think you would agree

1307

00:48:59,109 --> 00:48:55,680

oh yes that's why i wrote about it

1308

00:49:02,230 --> 00:48:59,119

um when we come back um i'll prep you

1309

00:49:03,589 --> 00:49:02,240

for this again i i read through uh the

1310

00:49:06,710 --> 00:49:03,599

entire book

1311

00:49:09,990 --> 00:49:06,720

and there were a couple of cases in here

1312

00:49:12,950 --> 00:49:10,000

uh that i wanted to talk about and one

1313

00:49:14,630 --> 00:49:12,960

of them is the blyth yuma case

1314

00:49:18,069 --> 00:49:14,640

and the reason for that and we'll do it

1315

00:49:20,710 --> 00:49:18,079

when we come back um is that uh

1316

00:49:22,150 --> 00:49:20,720

everything that is represented in this

1317

00:49:24,630 --> 00:49:22,160

particular case

1318

00:49:26,630 --> 00:49:24,640

i'm familiar with i lived in pasadena

1319

00:49:29,109 --> 00:49:26,640

for years we have that aspect both of

1320

00:49:33,430 --> 00:49:29,119

these people were from pasadena we all

1321

00:49:35,349 --> 00:49:33,440

know about blyth and and yuma arizona uh

1322

00:49:37,510 --> 00:49:35,359

where this actually resolved we're gonna

1323

00:49:39,430 --> 00:49:37,520

do that when we come back but

1324

00:49:41,990 --> 00:49:39,440

i don't know if you know this david as

1325

00:49:43,510 --> 00:49:42,000

you were writing and investigating uh

1326

00:49:46,309 --> 00:49:43,520

this part of the book

1327

00:49:50,069 --> 00:49:46,319

did you know that there are

1328

00:49:53,589 --> 00:49:50,079

nazca type lines out there

1329

00:49:55,270 --> 00:49:53,599

in the desert between blyth and yuma

1330

00:49:59,670 --> 00:49:55,280

i heard about that one time but i never

1331

00:50:02,470 --> 00:49:59,680

got to confirm it yes oh they are there

1332

00:50:05,270 --> 00:50:02,480

now they're indigenous

1333

00:50:07,430 --> 00:50:05,280

right i know that you know somebody here

1334

00:50:09,910 --> 00:50:07,440

in north america made them we don't know

1335

00:50:12,069 --> 00:50:09,920

how old they are or what they represent

1336

00:50:13,589 --> 00:50:12,079

but they're ginormous and we have our

1337

00:50:16,549 --> 00:50:13,599

own nazca lines right here in north

1338

00:50:18,630 --> 00:50:16,559

america and i'm reading about this case

1339

00:50:20,470 --> 00:50:18,640

and where that plane ended up and it's

1340

00:50:21,990 --> 00:50:20,480

right there we'll discuss all of that i

1341

00:50:24,630 --> 00:50:22,000

know the audience just leaned forward

1342

00:50:26,549 --> 00:50:24,640

going what what what what did jimmy just

1343

00:50:27,910 --> 00:50:26,559

say we'll talk about all of that when we

1344

00:50:29,910 --> 00:50:27,920
