82

00:04:53,150 --> 00:04:49,890

Don Schmitt Don good evening how are you

83

00:04:55,370 --> 00:04:53,160

man am i back Jimmy yes I'm back good to

84

00:04:55,760 --> 00:04:55,380

be back yeah it's always good to hear

85

00:04:57,650 --> 00:04:55,770

your voice

86

00:05:02,510 --> 00:04:57,660

you know and I was saying earlier today

87

00:05:06,140 --> 00:05:02,520

I said you know Don I like Don and the

88

00:05:09,500 --> 00:05:06,150

reason you know you know why Don I like

89

00:05:11,990 --> 00:05:09,510

you so much you are honest I don't know

90

00:05:16,370 --> 00:05:12,000

if I could add you know you're honest

91

00:05:19,370 --> 00:05:16,380

you're a positive ray of light you're

92

00:05:21,590 --> 00:05:19,380

honest and you have been doing this for

93

00:05:23,030 --> 00:05:21,600

such a long time you've influenced me

94

00:05:24,740 --> 00:05:23,040

I've been reading your stuff for so many

95

00:05:26,130 --> 00:05:24,750

years we become friends over the years

96

00:05:29,670 --> 00:05:26,140

now

97

00:05:33,450 --> 00:05:29,680

which is it's my honor to even say that

98

00:05:36,060 --> 00:05:33,460

but Don you're just a guy trying to

99

00:05:38,760 --> 00:05:36,070

figure this mess out and you have been

100

00:05:41,850 --> 00:05:38,770

doing it for such a long time and I want

101  
00:05:44,190 --> 00:05:41,860  
to thank you on behalf of this community

102  
00:05:45,930 --> 00:05:44,200  
and and everyone else out there just

103  
00:05:48,090 --> 00:05:45,940  
thank you so much for everything was

104  
00:05:50,250 --> 00:05:48,100  
very interpreted I'm very flattered and

105  
00:05:53,490 --> 00:05:50,260  
I I want to finish it

106  
00:05:57,150 --> 00:05:53,500  
I mean why prolong this agony the point

107  
00:05:59,940 --> 00:05:57,160  
being that you know for those of us who

108  
00:06:02,550 --> 00:05:59,950  
really you know at times feel that we

109  
00:06:05,490 --> 00:06:02,560  
may be on you know on the edge

110  
00:06:07,860 --> 00:06:05,500  
we're finally you on the brink that the

111  
00:06:10,710 --> 00:06:07,870  
scroller or the breakthrough or the

112  
00:06:12,470 --> 00:06:10,720  
evidence is finally going to be there if

113  
00:06:15,600 --> 00:06:12,480

some of us get a little overly

114

00:06:17,700 --> 00:06:15,610

passionate and anxious it's mainly

115

00:06:20,730 --> 00:06:17,710

because we want to just get the damn

116

00:06:22,110 --> 00:06:20,740

thing done once and for all how does it

117

00:06:25,170 --> 00:06:22,120

mean for those of us that have spent

118

00:06:27,240 --> 00:06:25,180

almost a lifetime mad at my god I would

119

00:06:30,390 --> 00:06:27,250

never get Walter Andrus who was the

120

00:06:32,430 --> 00:06:30,400

founder the director of MUFON years ago

121

00:06:35,460 --> 00:06:32,440

and when I was working with Kevin

122

00:06:37,470 --> 00:06:35,470

Randall at that time and they wouldn't

123

00:06:39,510 --> 00:06:37,480

give us the time of day was like Kevin

124

00:06:42,660 --> 00:06:39,520

and I couldn't do anything right

125

00:06:44,910 --> 00:06:42,670

regarde know our research so I finally

126

00:06:47,640 --> 00:06:44,920

confronted Walton I I asked him I said

127

00:06:50,040 --> 00:06:47,650

what's the problem and he said well done

128

00:06:50,820 --> 00:06:50,050

if you guys solve this you put us out of

129

00:06:54,060 --> 00:06:50,830

business

130

00:06:55,770 --> 00:06:54,070

did he really or is it yes the point is

131

00:06:59,640 --> 00:06:55,780

I've been trying to put us all out of

132

00:07:02,220 --> 00:06:59,650

business for years because let's finally

133

00:07:04,620 --> 00:07:02,230

solve this damn mystery and you know get

134

00:07:06,720 --> 00:07:04,630

on with the fact that you know we know

135

00:07:08,250 --> 00:07:06,730

it's happening we know it's true we know

136

00:07:11,850 --> 00:07:08,260

we're being visited we know we're not

137

00:07:13,920 --> 00:07:11,860

alone and and then we'll have our ticker

138

00:07:16,860 --> 00:07:13,930

tape parade you know finally you know

139

00:07:18,930 --> 00:07:16,870

that we we saw this altima mystery the

140

00:07:21,360 --> 00:07:18,940

biggest story of the millennium and then

141

00:07:25,350 --> 00:07:21,370

we can get back to our lives of normalcy

142

00:07:32,869 --> 00:07:25,360

and families and now you wouldn't have

143

00:07:34,489 --> 00:07:32,879

anything to do now what

144

00:07:37,189 --> 00:07:34,499

I'm gonna ask you a couple of questions

145

00:07:39,469 --> 00:07:37,199

out of the gate here before before we

146

00:07:42,290 --> 00:07:39,479

get to the book that I've never asked

147

00:07:46,869 --> 00:07:42,300

you before okay all right go ahead

148

00:07:52,309 --> 00:07:46,879

please have you ever seen a UFO Don no I

149

00:07:55,279 --> 00:07:52,319

have seen just as much as most anyone to

150

00:07:57,320 --> 00:07:55,289

kill your light something that for a

151  
00:08:00,619 --> 00:07:57,330  
moment may have looked a little out of

152  
00:08:02,089 --> 00:08:00,629  
the ordinary but know that I could

153  
00:08:03,469 --> 00:08:02,099  
honestly that I would have even told

154  
00:08:06,769 --> 00:08:03,479  
anybody else about it

155  
00:08:08,949 --> 00:08:06,779  
No so you madly no yeah he ever been

156  
00:08:12,469 --> 00:08:08,959  
abducted that you know of

157  
00:08:15,169 --> 00:08:12,479  
I've had people suggest that I have been

158  
00:08:17,359 --> 00:08:15,179  
and I've had just as many people suggest

159  
00:08:21,799 --> 00:08:17,369  
that I should and it would be one way

160  
00:08:24,049 --> 00:08:21,809  
but no no okay last lash back no

161  
00:08:29,600 --> 00:08:24,059  
memories of anything of that sort

162  
00:08:31,369 --> 00:08:29,610  
okay one last question if you're up it

163  
00:08:35,059 --> 00:08:31,379

you're in that you live in the Midwest

164

00:08:36,290 --> 00:08:35,069

and so you're up you're you're cooking

165

00:08:40,969 --> 00:08:36,300

you're in the backyard

166

00:08:44,740 --> 00:08:40,979

nice nice summer night and and it

167

00:08:48,079 --> 00:08:44,750

happened the craft lands in the backyard

168

00:08:51,050 --> 00:08:48,089

dude steps off and says where's Don and

169

00:08:54,050 --> 00:08:51,060

you're there with your apron and your

170

00:08:59,590 --> 00:08:54,060

spatula flipping burgers and you're like

171

00:09:01,189 --> 00:08:59,600

I'm done I said okay come on do you go

172

00:09:07,850 --> 00:09:01,199

do you go

173

00:09:11,749 --> 00:09:07,860

no no why not no why because you know

174

00:09:14,900 --> 00:09:11,759

the fear of the unknown is such that

175

00:09:17,360 --> 00:09:14,910

there are there are no guarantees there

176  
00:09:19,129 --> 00:09:17,370  
are no guarantees that Daniel is elusive

177  
00:09:21,980 --> 00:09:19,139  
phantom that we've been chasing all

178  
00:09:24,230 --> 00:09:21,990  
these years and all of a sudden it

179  
00:09:28,400 --> 00:09:24,240  
becomes you know a Twilight Zone to

180  
00:09:32,329 --> 00:09:28,410  
serve mankind type of situation I don't

181  
00:09:35,600 --> 00:09:32,339  
know it's enough that we are you know

182  
00:09:38,740 --> 00:09:35,610  
forced to you know place our our trust

183  
00:09:41,059 --> 00:09:38,750  
and our very well being in the hands of

184  
00:09:44,150 --> 00:09:41,069  
supposedly more educated you know

185  
00:09:46,490 --> 00:09:44,160  
politicians who only mean us well oh yes

186  
00:09:46,760 --> 00:09:46,500  
and then that we should trust even a

187  
00:09:48,500 --> 00:09:46,770  
high

188  
00:09:52,190 --> 00:09:48,510

intelligence oh yes it would certainly

189

00:09:54,079 --> 00:09:52,200

be the ultimate adventure but I think

190

00:09:57,590 --> 00:09:54,089

just the confrontation would be enough

191

00:10:00,410 --> 00:09:57,600

plus just the realization I know it's a

192

00:10:02,150 --> 00:10:00,420

question Jimmy that you know he probably

193

00:10:05,210 --> 00:10:02,160

goes back to the very beginning would

194

00:10:08,060 --> 00:10:05,220

you get on board would you actually you

195

00:10:09,710 --> 00:10:08,070

know you know step on for that you know

196

00:10:12,620 --> 00:10:09,720

that ride of a lifetime

197

00:10:15,470 --> 00:10:12,630

and honestly I even think back to when

198

00:10:17,269 --> 00:10:15,480

Hynek was even asked that well I was

199

00:10:23,870 --> 00:10:17,279

gonna I was gonna bring it up down

200

00:10:26,870 --> 00:10:23,880

because of Hynek and this is we all have

201  
00:10:32,030 --> 00:10:26,880  
our our memories and our emotional ties

202  
00:10:35,570 --> 00:10:32,040  
to Act three of Close Encounters Close

203  
00:10:37,730 --> 00:10:35,580  
and Krait the craft is there and and and

204  
00:10:40,699 --> 00:10:37,740  
Hynek you know it's got his you know his

205  
00:10:45,139 --> 00:10:40,709  
walk on but the moment when seven

206  
00:10:46,280 --> 00:10:45,149  
seconds seven seconds and everybody is

207  
00:10:49,730 --> 00:10:46,290  
coming off of the crack they're

208  
00:10:53,720 --> 00:10:49,740  
returning back you know to earth and all

209  
00:10:55,760 --> 00:10:53,730  
of this had that thought that that must

210  
00:10:58,280 --> 00:10:55,770  
have been pretty cool what did they see

211  
00:11:00,530 --> 00:10:58,290  
what did they encounter what what are

212  
00:11:03,889 --> 00:11:00,540  
they going to talk about now of course

213  
00:11:05,660 --> 00:11:03,899

that never you know materialized for

214

00:11:09,530 --> 00:11:05,670

Close Encounters part two which they

215

00:11:12,500 --> 00:11:09,540

should have done but didn't you have

216

00:11:15,260 --> 00:11:12,510

that same kind of emotional thought when

217

00:11:17,840 --> 00:11:15,270

the abductees were returning at that

218

00:11:20,470 --> 00:11:17,850

moment you could possibly be one of them

219

00:11:23,240 --> 00:11:20,480

right I mean wouldn't you do it

220

00:11:28,310 --> 00:11:23,250

Illi was more concerned for the fact

221

00:11:31,040 --> 00:11:28,320

that Spielberg ambling they liberally

222

00:11:34,639 --> 00:11:31,050

use you know the file as a cue post at

223

00:11:36,800 --> 00:11:34,649

that time and there were specific scenes

224

00:11:40,670 --> 00:11:36,810

throughout the movie that were based on

225

00:11:44,210 --> 00:11:40,680

actual reports so in many ways we were

226

00:11:46,760 --> 00:11:44,220

looking up or dr. Hynek in that he was

227

00:11:50,870 --> 00:11:46,770

portrayed in such a way that was with

228

00:11:53,150 --> 00:11:50,880

dignity respect and there were political

229

00:11:56,250 --> 00:11:53,160

things there were legal things that were

230

00:11:59,970 --> 00:11:56,260

going on at the time with his publisher

231

00:12:02,670 --> 00:11:59,980

there was withheld royalties and in all

232

00:12:05,120 --> 00:12:02,680

frankness Spielberg did not treat dr.

233

00:12:09,390 --> 00:12:05,130

Hynek as well as he should have

234

00:12:12,000 --> 00:12:09,400

financially hmm and I think because we

235

00:12:15,270 --> 00:12:12,010

were more caught up in that at the time

236

00:12:18,060 --> 00:12:15,280

it it probably spoiled you know that

237

00:12:20,970 --> 00:12:18,070

that elements that impression that I

238

00:12:23,340 --> 00:12:20,980

should have had and then if I take it

239

00:12:25,800 --> 00:12:23,350

even a little bit further it was right

240

00:12:28,920 --> 00:12:25,810

after Allen dr. Hynek they had filmed

241

00:12:31,740 --> 00:12:28,930

the devils tower that very scene mm-hmm

242

00:12:34,290 --> 00:12:31,750

and we had a party we were we had a

243

00:12:37,410 --> 00:12:34,300

dinner party at the Hynek residence in

244

00:12:38,880 --> 00:12:37,420

Evanston you know you know Illinois and

245

00:12:41,130 --> 00:12:38,890

I never forget being with Allen in the

246

00:12:44,340 --> 00:12:41,140

kitchen and I said to him well I suppose

247

00:12:47,250 --> 00:12:44,350

that Close Encounters is is now your

248

00:12:50,070 --> 00:12:47,260

favorite UFO movie to which you

249

00:12:51,780 --> 00:12:50,080

responded no Don I still agree with you

250

00:13:01,740 --> 00:12:51,790

it's still the day of the Earth Stood

251

00:13:04,290 --> 00:13:01,750

Still to this day I watch the day that

252

00:13:07,050 --> 00:13:04,300

the Earth Stood Still and I think to

253

00:13:08,480 --> 00:13:07,060

myself that's exactly how it would go

254

00:13:11,880 --> 00:13:08,490

down

255

00:13:16,080 --> 00:13:11,890

you know the army shoot for yes crazy

256

00:13:19,350 --> 00:13:16,090

stupid you know trigger-happy that

257

00:13:22,380 --> 00:13:19,360

mentality there was you know the the et

258

00:13:25,650 --> 00:13:22,390

on the one you know feared for his life

259

00:13:28,530 --> 00:13:25,660

and you know there's things about it

260

00:13:30,840 --> 00:13:28,540

that I thought were very very accurate

261

00:13:32,610 --> 00:13:30,850

and I love that movie yes

262

00:13:36,210 --> 00:13:32,620

oh absolutely absolutely and especially

263

00:13:38,430 --> 00:13:36,220

at the advent of the Cold War that that

264

00:13:39,930 --> 00:13:38,440

was our response to most every anything

265

00:13:42,060 --> 00:13:39,940

we didn't comprehend we didn't

266

00:13:44,490 --> 00:13:42,070

understand or that we feared right that

267

00:13:47,250 --> 00:13:44,500

we immediately called the called in the

268

00:13:50,010 --> 00:13:47,260

Marines so to speak but I think that's

269

00:13:53,220 --> 00:13:50,020

the reason and I think that that's fee

270

00:13:55,740 --> 00:13:53,230

now if it were a Michael Rennie who

271

00:13:59,340 --> 00:13:55,750

would invite me on board see for the

272

00:14:01,800 --> 00:13:59,350

longest time I you know for having seen

273

00:14:03,750 --> 00:14:01,810

that movie as a young boy right when it

274

00:14:08,340 --> 00:14:03,760

premiered on Saturday night at the

275

00:14:09,570 --> 00:14:08,350

movies on NBC and for years I had

276

00:14:11,830 --> 00:14:09,580

nightmares of gore

277

00:14:13,660 --> 00:14:11,840

waking up in the middle of the night and

278

00:14:19,200 --> 00:14:13,670

seeing him stepping into the doorway of

279

00:14:22,720 --> 00:14:19,210

my bedroom and so so there again as as

280

00:14:24,640 --> 00:14:22,730

benevolent as Klaatu

281

00:14:26,350 --> 00:14:24,650

the Michael Rennie character was he

282

00:14:28,960 --> 00:14:26,360

still threatened thus with total

283

00:14:30,490 --> 00:14:28,970

annihilation yes he did yes he did

284

00:14:32,410 --> 00:14:30,500

yeah you know what a word and I guess

285

00:14:34,240 --> 00:14:32,420

that's the point that you know you

286

00:14:35,500 --> 00:14:34,250

wouldn't trust someone that could squash

287

00:14:40,710 --> 00:14:35,510

you like a bug

288

00:14:45,310 --> 00:14:40,720

and just for the the thrill of just that

289

00:14:47,980 --> 00:14:45,320

momentary you know you know feeling of

290

00:14:50,590 --> 00:14:47,990

just the exhilaration you know being

291

00:14:53,110 --> 00:14:50,600

within I guess I would ask let me can I

292

00:14:55,510 --> 00:14:53,120

take a little tour but keep this thing

293

00:14:57,370 --> 00:14:55,520

on the ground might work far as I'd go

294

00:14:59,860 --> 00:14:57,380

well there was we're not lifting off

295

00:15:01,810 --> 00:14:59,870

there was something else about I can't

296

00:15:05,290 --> 00:15:01,820

believe we're talking about this but can

297

00:15:08,350 --> 00:15:05,300

I know what it's so much fun it in in in

298

00:15:11,140 --> 00:15:08,360

The Day the Earth Stood Still version

299

00:15:13,300 --> 00:15:11,150

one there was another aspect to this

300

00:15:15,460 --> 00:15:13,310

that didn't happen in earth and the

301  
00:15:17,740 --> 00:15:15,470  
flying saucers or any other you know

302  
00:15:21,010 --> 00:15:17,750  
vampires for Mars you know whatever

303  
00:15:24,760 --> 00:15:21,020  
movie right but right that technically

304  
00:15:29,350 --> 00:15:24,770  
the special effects the the spaceship

305  
00:15:33,700 --> 00:15:29,360  
the seamless Gort the everything was

306  
00:15:36,579 --> 00:15:33,710  
real it looked real it was just

307  
00:15:38,650 --> 00:15:36,589  
fantastic it was eye candy and you

308  
00:15:41,079 --> 00:15:38,660  
didn't get that from anything else

309  
00:15:42,579 --> 00:15:41,089  
right it was just you know low-budget

310  
00:15:44,860 --> 00:15:42,589  
stuff fun to watch

311  
00:15:47,290 --> 00:15:44,870  
you know entertainment but the day that

312  
00:15:49,630 --> 00:15:47,300  
the Earth Stood Still technically the

313  
00:15:52,930 --> 00:15:49,640

the construction of everything was

314

00:15:54,310 --> 00:15:52,940

seamless perfection and that was the

315

00:15:57,329 --> 00:15:54,320

other thing that freaked me out about

316

00:16:01,270 --> 00:15:57,339

the movie it took me there it was very

317

00:16:05,260 --> 00:16:01,280

that much of that was a result of the

318

00:16:07,690 --> 00:16:05,270

director Robert Wise who you know was

319

00:16:10,960 --> 00:16:07,700

very much into the subject even at that

320

00:16:15,850 --> 00:16:10,970

time and then to finally have met him

321

00:16:18,220 --> 00:16:15,860

and then for for his attending the

322

00:16:22,420 --> 00:16:18,230

premiere of our Roswell movie at the

323

00:16:23,350 --> 00:16:22,430

Directors Guild and I mean his his

324

00:16:26,019 --> 00:16:23,360

approaching

325

00:16:29,019 --> 00:16:26,029

and then taking me by the hand and just

326

00:16:31,989 --> 00:16:29,029

I am so proud of you boys he just went

327

00:16:36,429 --> 00:16:31,999

on and on and on and coming from someone

328

00:16:39,249 --> 00:16:36,439

you know of that reputation right and it

329

00:16:41,499 --> 00:16:39,259

just came full circle from being you

330

00:16:43,210 --> 00:16:41,509

know just scared to death of his movie

331

00:16:46,119 --> 00:16:43,220

to the point that he was then

332

00:16:48,939 --> 00:16:46,129

complimenting me that many years later

333

00:16:51,249 --> 00:16:48,949

and that he was proud of what we had

334

00:16:53,229 --> 00:16:51,259

accomplished all my I could have never

335

00:16:55,509 --> 00:16:53,239

predicted that in a million years you

336

00:16:58,749 --> 00:16:55,519

know when did I so was the Directors

337

00:17:01,259 --> 00:16:58,759

Guild on Sunset Boulevard yes that's a

338

00:17:04,840 --> 00:17:01,269

big deal man that's how it was it's a

339

00:17:07,299 --> 00:17:04,850

wild absolutely because we had filmed

340

00:17:10,149 --> 00:17:07,309

the movie in thirty five-millimeter with

341

00:17:12,669 --> 00:17:10,159

the thought that my god this we got a

342

00:17:15,579 --> 00:17:12,679

playwright Arthur carpet who did the

343

00:17:17,769 --> 00:17:15,589

screenplay and we got a major cast of

344

00:17:22,329 --> 00:17:17,779

characters top to bottom we have a major

345

00:17:25,600 --> 00:17:22,339

director and Jeremy Kagan and as far as

346

00:17:30,039 --> 00:17:25,610

the who Elliot Goldenthal did this to

347

00:17:32,710 --> 00:17:30,049

score and Steven Posner who did et did

348

00:17:35,470 --> 00:17:32,720

this far as the cinematography so they

349

00:17:38,529 --> 00:17:35,480

thought my god we could go future with

350

00:17:42,399 --> 00:17:38,539

this so they decided let's let's shoot

351

00:17:45,430 --> 00:17:42,409

it in 35 and it had a limited run in a

352

00:17:48,669 --> 00:17:45,440

few theaters la New York I think at

353

00:17:53,519 --> 00:17:48,679

least one in DC and then they pulled the

354

00:17:55,960 --> 00:17:53,529

plug on it so our you know chagrin but

355

00:17:59,830 --> 00:17:55,970

the movie still stands I mean we just

356

00:18:02,259 --> 00:17:59,840

celebrated the 25th anniversary and also

357

00:18:05,320 --> 00:18:02,269

you know not forgetting that we were

358

00:18:09,639 --> 00:18:05,330

nominated Best made-for-tv movie Golden

359

00:18:14,049 --> 00:18:09,649

Globe Awards in 1994 well here we are in

360

00:18:16,870 --> 00:18:14,059

in 2019 where things now are moving

361

00:18:19,539 --> 00:18:16,880

along at a pretty fast clip my friend

362

00:18:23,560 --> 00:18:19,549

they'd like to believe that it's it's

363

00:18:27,340 --> 00:18:23,570

it's it's almost it's almost too much is

364

00:18:30,340 --> 00:18:27,350

it a situation now where we need to be

365

00:18:32,529 --> 00:18:30,350

careful what we wish for you know what

366

00:18:33,680 --> 00:18:32,539

what's your take on that with the way

367

00:18:37,369 --> 00:18:33,690

that

368

00:18:39,139 --> 00:18:37,379

UFOs and et in alien contact or in the

369

00:18:42,230 --> 00:18:39,149

mainstream media and on the news nearly

370

00:18:45,529 --> 00:18:42,240

every day of the week now well god knows

371

00:18:47,169 --> 00:18:45,539

that I have jumped the shark a number of

372

00:18:51,169 --> 00:18:47,179

times myself just in that

373

00:18:53,470 --> 00:18:51,179

over-enthusiasm and obviously it's made

374

00:18:57,740 --> 00:18:53,480

me all the more cautious and

375

00:19:00,330 --> 00:18:57,750

apprehensive and housing here is sure it

376

00:19:01,779 --> 00:19:00,340

just it's just a natural reaction to

377

00:19:04,850 --> 00:19:01,789

[Music]

378

00:19:06,889 --> 00:19:04,860

believing and and wanting something to

379

00:19:10,580 --> 00:19:06,899

finally be the final solution to the

380

00:19:13,639 --> 00:19:10,590

point that you rely on the experts to

381

00:19:15,830 --> 00:19:13,649

lead the way and then it falls short

382

00:19:18,080 --> 00:19:15,840

but you're the one left as far as with

383

00:19:22,279 --> 00:19:18,090

the egg on the face and that's where we

384

00:19:24,080 --> 00:19:22,289

may if it's different with this and I

385

00:19:26,690 --> 00:19:24,090

saved for this reason and I pointed this

386

00:19:29,509 --> 00:19:26,700

out a number of times if this was the

387

00:19:31,369 --> 00:19:29,519

Air Force because the Air Force has been

388

00:19:35,119 --> 00:19:31,379

leading the deception in the cover-up

389

00:19:37,549 --> 00:19:35,129

for now 72 years that's right if it were

390

00:19:41,869 --> 00:19:37,559

to be the Air Force today I wouldn't

391

00:19:43,490 --> 00:19:41,879

give them you know the time of day it's

392

00:19:45,409 --> 00:19:43,500

just how do you put the genie back in

393

00:19:47,360 --> 00:19:45,419

the bottle how do you finally say just

394

00:19:48,950 --> 00:19:47,370

kidding you know we were lying all these

395

00:19:51,669 --> 00:19:48,960

years and now we're going to tell you

396

00:19:55,039 --> 00:19:51,679

the truth finally but with the Navy and

397

00:19:58,039 --> 00:19:55,049

I this was these were discussions we had

398

00:20:00,470 --> 00:19:58,049

years ago and even going back to Hynek

399

00:20:03,379 --> 00:20:00,480

an especially polis project Bluebook

400

00:20:04,759 --> 00:20:03,389

now what most people aren't aware of it

401  
00:20:06,740 --> 00:20:04,769  
they don't consider is that with

402  
00:20:09,110 --> 00:20:06,750  
Bluebook they think that in that in

403  
00:20:13,039 --> 00:20:09,120  
encompass all the reports that were

404  
00:20:14,990 --> 00:20:13,049  
coming in Air Force Navy Army Marine

405  
00:20:17,480 --> 00:20:15,000  
Corps that type of it they know it was

406  
00:20:20,720 --> 00:20:17,490  
almost all Air Force in fact when blue

407  
00:20:23,210 --> 00:20:20,730  
book was Declassified back in 77 it was

408  
00:20:24,019 --> 00:20:23,220  
or were all the Navy cases where all the

409  
00:20:26,690 --> 00:20:24,029  
other branches

410  
00:20:30,350 --> 00:20:26,700  
well they had their own investigations

411  
00:20:31,820 --> 00:20:30,360  
and they kept them to themselves they

412  
00:20:34,820 --> 00:20:31,830  
were a number public they were never

413  
00:20:37,759 --> 00:20:34,830

announced but nonetheless they had their

414

00:20:40,789 --> 00:20:37,769

own investigations and what we love to

415

00:20:42,340 --> 00:20:40,799

see those so here the Navy is acting

416

00:20:45,320 --> 00:20:42,350

like they're the new kids on the block

417

00:20:47,539 --> 00:20:45,330

when they've had global surveillance I

418

00:20:49,369 --> 00:20:47,549

mean the Air Force you know is

419

00:20:51,680 --> 00:20:49,379

- with it you know there's sovereign

420

00:20:54,919 --> 00:20:51,690

airspace and if we acquire other

421

00:20:57,109 --> 00:20:54,929

countries reports you know it's it's

422

00:21:00,289 --> 00:20:57,119

it's it's it's very seldom that we have

423

00:21:03,289 --> 00:21:00,299

access to the foreign cases but with the

424

00:21:06,440 --> 00:21:03,299

Navy you know they've been investigating

425

00:21:09,859 --> 00:21:06,450

this for just as long and they they're

426

00:21:12,799 --> 00:21:09,869

their files are brimming over and so

427

00:21:16,009 --> 00:21:12,809

that's where I have some hope that with

428

00:21:18,019 --> 00:21:16,019

the Navy and I keep pointing out as well

429

00:21:20,210 --> 00:21:18,029

they're in competition with the other

430

00:21:21,919 --> 00:21:20,220

branches don't and don't let anybody kid

431

00:21:23,989 --> 00:21:21,929

you that they're all working together no

432

00:21:25,639 --> 00:21:23,999

they do not work together and it was

433

00:21:28,820 --> 00:21:25,649

quite evident like with Desert Storm

434

00:21:31,279 --> 00:21:28,830

with when Stormin Norman Schwarzkopf you

435

00:21:33,919 --> 00:21:31,289

know with the army was lamenting the

436

00:21:36,289 --> 00:21:33,929

fact that the Air Force wasn't telling

437

00:21:38,599 --> 00:21:36,299

them when they clearly declared air

438

00:21:41,659 --> 00:21:38,609

supremacy if they could march into

439

00:21:44,659 --> 00:21:41,669

downtown Baghdad safely or not and the

440

00:21:47,930 --> 00:21:44,669

Navy was still launching as far as as

441

00:21:51,080 --> 00:21:47,940

far as Tomahawk missiles and cruise

442

00:21:54,680 --> 00:21:51,090

missiles and nobody was on on the same

443

00:21:57,680 --> 00:21:54,690

page together so that's recently so

444

00:22:00,259 --> 00:21:57,690

that's where I have hope that with the

445

00:22:03,619 --> 00:22:00,269

Navy now maybe stepping a foot into the

446

00:22:06,320 --> 00:22:03,629

fore and saying now we're going to open

447

00:22:08,989 --> 00:22:06,330

our doors we're gonna because our record

448

00:22:10,609 --> 00:22:08,999

is clear we haven't been lying about

449

00:22:12,950 --> 00:22:10,619

this we've been very methodically

450

00:22:16,700 --> 00:22:12,960

working on this for now 70 some years

451  
00:22:19,249 --> 00:22:16,710  
and this is what we know and the second

452  
00:22:22,729 --> 00:22:19,259  
part of it being the fact that social

453  
00:22:24,950 --> 00:22:22,739  
media is going to continue the pressure

454  
00:22:27,019 --> 00:22:24,960  
you mentioned as far as that it there's

455  
00:22:29,629 --> 00:22:27,029  
an ad a that goes by that we're not

456  
00:22:31,970 --> 00:22:29,639  
getting more information another report

457  
00:22:34,369 --> 00:22:31,980  
more news coverage and that's the

458  
00:22:37,159 --> 00:22:34,379  
difference there should be a momentum

459  
00:22:39,799 --> 00:22:37,169  
and a crescendo that finally we reach a

460  
00:22:42,259 --> 00:22:39,809  
point that people are not going to storm

461  
00:22:43,999 --> 00:22:42,269  
area51 they're just going to all start

462  
00:22:46,310 --> 00:22:44,009  
pointing the finger at Washington and

463  
00:22:50,239 --> 00:22:46,320

saying you've had to proof all these

464

00:22:54,789 --> 00:22:50,249

years and we demand to see it what about

465

00:22:59,790 --> 00:22:54,799

the part where the Navy is saying well

466

00:23:04,020 --> 00:22:59,800

yeah you know they're seeing something

467

00:23:07,830 --> 00:23:04,030

we don't know what's going on but we're

468

00:23:09,720 --> 00:23:07,840

interested well that part that that's a

469

00:23:11,790 --> 00:23:09,730

little misleading isn't it the Navy

470

00:23:14,040 --> 00:23:11,800

knows exactly what's going on why would

471

00:23:17,250 --> 00:23:14,050

they well sure they do yeah I mean they

472

00:23:21,600 --> 00:23:17,260

know they know if these are drones and

473

00:23:23,160 --> 00:23:21,610

our technology or foreign technology you

474

00:23:26,010 --> 00:23:23,170

know Russians in Europe

475

00:23:28,200 --> 00:23:26,020

why should but it's still I break it

476

00:23:30,780 --> 00:23:28,210

down to the three possibilities but

477

00:23:32,880 --> 00:23:30,790

either they're ours and we don't want

478

00:23:36,930 --> 00:23:32,890

the Russians the Chinese to know that we

479

00:23:39,240 --> 00:23:36,940

have this new technology or they're

480

00:23:41,160 --> 00:23:39,250

either Russian or Chinese and we have a

481

00:23:43,110 --> 00:23:41,170

lot of catching up to do and they're

482

00:23:46,340 --> 00:23:43,120

waiting for the paycheck you know we we

483

00:23:49,430 --> 00:23:46,350

need you know increased military

484

00:23:52,470 --> 00:23:49,440

allowance you know they play catch-up or

485

00:23:54,300 --> 00:23:52,480

there are no ones and they don't know

486

00:23:58,080 --> 00:23:54,310

anything about it and they're just as

487

00:24:00,270 --> 00:23:58,090

much in the dark as we are and I believe

488

00:24:03,030 --> 00:24:00,280

it's the latter I believe it's a case of

489

00:24:05,460 --> 00:24:03,040

that they are just as much in awe at

490

00:24:08,280 --> 00:24:05,470

what they are observing no less than

491

00:24:12,420 --> 00:24:08,290

they were 72 years ago that the

492

00:24:15,120 --> 00:24:12,430

phenomena still smacks of you know a

493

00:24:18,750 --> 00:24:15,130

technology that we cannot bridge we

494

00:24:21,840 --> 00:24:18,760

cannot catch up to and as a result they

495

00:24:23,700 --> 00:24:21,850

the pilots themselves are just oh my god

496

00:24:24,930 --> 00:24:23,710

did you see what that thing just did

497

00:24:27,780 --> 00:24:24,940

right right right

498

00:24:30,420 --> 00:24:27,790

it's very interesting to me and I hope

499

00:24:32,520 --> 00:24:30,430

that you know I don't trust the Pentagon

500

00:24:35,520 --> 00:24:32,530

I don't trust the Navy I don't trust the

501  
00:24:38,400 --> 00:24:35,530  
Air Force I don't trust the MIAA of any

502  
00:24:40,350 --> 00:24:38,410  
I know like you said they've been

503  
00:24:44,280 --> 00:24:40,360  
ridiculing this community for a very

504  
00:24:46,880 --> 00:24:44,290  
very very long time and and come along

505  
00:24:50,040 --> 00:24:46,890  
now and go hey I'm now your best friend

506  
00:24:52,980 --> 00:24:50,050  
dad that yeah and anything now you can

507  
00:24:54,750 --> 00:24:52,990  
trust that I can believe us well I think

508  
00:24:58,140 --> 00:24:54,760  
that's one of the wonderful things that

509  
00:25:01,320 --> 00:24:58,150  
Roswell has especially taught me in that

510  
00:25:04,440 --> 00:25:01,330  
if the government could resort to such

511  
00:25:06,600 --> 00:25:04,450  
extreme measures back at that time in

512  
00:25:10,440 --> 00:25:06,610  
other words that secrecy was more

513  
00:25:12,360 --> 00:25:10,450

important than anyone civil rights that

514

00:25:13,950 --> 00:25:12,370

if they could do that for a for a

515

00:25:15,780 --> 00:25:13,960

weather balloon

516

00:25:17,940 --> 00:25:15,790

then what could they do for something

517

00:25:20,340 --> 00:25:17,950

really extraordinary in their opinion

518

00:25:24,720 --> 00:25:20,350

right yes in their opinion yes yes yes

519

00:25:27,300 --> 00:25:24,730

and when we come back I want you to

520

00:25:30,020 --> 00:25:27,310

think about this again this is a

521

00:25:35,940 --> 00:25:30,030

question I've never asked you before but

522

00:25:38,300 --> 00:25:35,950

you in working with Hynek did you this

523

00:25:41,280 --> 00:25:38,310

is a yes-or-no question did you memorize

524

00:25:44,850 --> 00:25:41,290

Project Blue Book did you go over all of

525

00:25:47,460 --> 00:25:44,860

the cases that were there no for one

526

00:25:50,250 --> 00:25:47,470

simple reason because Heinicke ready

527

00:25:52,680 --> 00:25:50,260

forewarn is that it was a scam that all

528

00:25:56,010 --> 00:25:52,690

the hardcore cases as he would put it

529

00:25:58,440 --> 00:25:56,020

went upstairs that there was really

530

00:26:02,340 --> 00:25:58,450

nothing significant in the Blue Book

531

00:26:05,940 --> 00:26:02,350

files most of the cases were they

532

00:26:09,060 --> 00:26:05,950

explained the the cases as he would say

533

00:26:11,340 --> 00:26:09,070

they would jump cartwheels in going to

534

00:26:15,270 --> 00:26:11,350

the press the public whenever they could

535

00:26:17,910 --> 00:26:15,280

explain away a case and in knowing that

536

00:26:20,430 --> 00:26:17,920

he was so totally frustrated that he did

537

00:26:23,340 --> 00:26:20,440

not have access to the data the

538

00:26:25,650 --> 00:26:23,350

legitimate cases that he was hoping the

539

00:26:28,080 --> 00:26:25,660

longer he would allow them to string him

540

00:26:30,060 --> 00:26:28,090

along baby finally take him into the

541

00:26:32,130 --> 00:26:30,070

confidence and I can honestly tell your

542

00:26:35,010 --> 00:26:32,140

audience and you Jimmy up to the day he

543

00:26:36,390 --> 00:26:35,020

died they never did when we come back

544

00:26:40,110 --> 00:26:36,400

we're going to continue this discussion

545

00:26:43,880 --> 00:26:40,120

it's a way way too important did you get

546

00:26:46,560 --> 00:26:43,890

a chance we've got one minute one last

547

00:26:49,260 --> 00:26:46,570

did you get a chance to formulate an

548

00:26:54,230 --> 00:26:49,270

opinion on Project Blue Book on History

549

00:26:58,200 --> 00:26:54,240

Channel well first of all anything that

550

00:27:00,840 --> 00:26:58,210

provides a new audience a new level of

551  
00:27:03,270 --> 00:27:00,850  
entertainment that draws a a new

552  
00:27:05,580 --> 00:27:03,280  
selection of people into the fall I

553  
00:27:08,760 --> 00:27:05,590  
think is commendable but as far as the

554  
00:27:11,250 --> 00:27:08,770  
accuracy no because Hynek spend very

555  
00:27:13,500 --> 00:27:11,260  
little of any type any time in the field

556  
00:27:15,870 --> 00:27:13,510  
the one in about the only case that he

557  
00:27:18,900 --> 00:27:15,880  
actually investigated in the field was

558  
00:27:21,720 --> 00:27:18,910  
the coral in April of 64 right there's

559  
00:27:23,640 --> 00:27:21,730  
no why's they kept him away knowing that

560  
00:27:26,549 --> 00:27:23,650  
he was going to question their every

561  
00:27:28,680 --> 00:27:26,559  
move that one scene in

562  
00:27:30,870 --> 00:27:28,690  
I'm gonna roll to a commercial here but

563  
00:27:34,440 --> 00:27:30,880

there's that one scene where he's

564

00:27:37,710 --> 00:27:34,450

walking through von braun's laboratory

565

00:27:41,159 --> 00:27:37,720

right and the ETS are in the tanks of

566

00:27:44,820 --> 00:27:41,169

liquid I don't like now now wait a

567

00:27:47,010 --> 00:27:44,830

minute here right now right well of

568

00:27:50,159 --> 00:27:47,020

course don't I just talk to myself if

569

00:27:52,200 --> 00:27:50,169

they are revealing you know stuff from

570

00:27:54,659 --> 00:27:52,210

his diary or something that's never been

571

00:27:57,419 --> 00:27:54,669

you know discussed before and that

572

00:27:59,610 --> 00:27:57,429

actually happened holy crap but I know

573

00:28:01,710 --> 00:27:59,620

that it didn't but this is it it never

574

00:28:04,860 --> 00:28:01,720

did no of course not but this is the

575

00:28:07,549 --> 00:28:04,870

thing the people out there that are

576

00:28:10,620 --> 00:28:07,559

seeing this for the first time are

577

00:28:12,210 --> 00:28:10,630

assuming you know because of the way

578

00:28:14,039 --> 00:28:12,220

that they start the show and the way

579

00:28:19,250 --> 00:28:14,049

they know this from the actual files

580

00:28:22,470 --> 00:28:19,260

abroad to Blue Book right that this is a

581

00:28:25,380 --> 00:28:22,480

nonfiction treatment you're right that

582

00:28:27,810 --> 00:28:25,390

this actually has correct and that is

583

00:28:29,789 --> 00:28:27,820

correct and when they say that these are

584

00:28:32,399 --> 00:28:29,799

from the files of Project Blue Book

585

00:28:35,100 --> 00:28:32,409

they're portraying cases that blue book

586

00:28:37,680 --> 00:28:35,110

never investigated that is the term

587

00:28:39,120 --> 00:28:37,690

deception on their part strictly for

588

00:28:41,549 --> 00:28:39,130

entertainment purposes and we know

589

00:28:43,560 --> 00:28:41,559

that's what the show is all about I you

590

00:28:46,320 --> 00:28:43,570

know what it's fun to watch though find

591

00:28:48,419 --> 00:28:46,330

the watch I think so it's it's fun to

592

00:28:51,510 --> 00:28:48,429

watch let's take a break our guest

593

00:28:53,039 --> 00:28:51,520

599

00:29:22,440 --> 00:29:20,090

[Music]

600

00:29:26,759 --> 00:29:22,450

welcome back fade to black I'm your

601  
00:29:29,549 --> 00:29:26,769  
signature tonight Don Schmidt Tom Carey

602  
00:29:31,529 --> 00:29:29,559  
and Don wrote you opposed secrets inside

603  
00:29:33,029 --> 00:29:31,539  
right Pat it's right there holding it up

604  
00:29:36,480 --> 00:29:33,039  
and go to Amazon get it now just

605  
00:29:38,070 --> 00:29:36,490  
released in paperback I've read this

606  
00:29:40,740 --> 00:29:38,080  
thing cover to cover now three times

607  
00:29:43,649 --> 00:29:40,750  
down it's a great read I learned so much

608  
00:29:47,730 --> 00:29:43,659  
stuff from this book and this is my next

609  
00:29:49,440 --> 00:29:47,740  
question I set you up for the fall with

610  
00:29:53,669 --> 00:29:49,450  
this next question and it's this

611  
00:29:55,200 --> 00:29:53,679  
honestly Don Roswell comes along you've

612  
00:29:56,879 --> 00:29:55,210  
been working with Hynek you've been

613  
00:30:00,060 --> 00:29:56,889

doing this you've been investigated in

614

00:30:03,509 --> 00:30:00,070

look at you are just you know you're up

615

00:30:07,139 --> 00:30:03,519

to it it to your neck Roswell comes

616

00:30:11,340 --> 00:30:07,149

along did you go well wait a minute here

617

00:30:13,470 --> 00:30:11,350

hold on did you go back and and and look

618

00:30:16,619 --> 00:30:13,480

through your research material going

619

00:30:19,769 --> 00:30:16,629

back you know 50 60 years to find any

620

00:30:22,169 --> 00:30:19,779

mention of Roswell anywhere you know

621

00:30:25,860 --> 00:30:22,179

what I mean it's not in blue book it's

622

00:30:28,049 --> 00:30:25,870

not it's not anywhere this is strange to

623

00:30:29,999 --> 00:30:28,059

me what went through your mind not you

624

00:30:35,070 --> 00:30:30,009

know if you think about it not Kehoe

625

00:30:37,830 --> 00:30:35,080

right not Long John Neville out of York

626

00:30:41,700 --> 00:30:37,840

do a late night dog radio nobody

627

00:30:45,060 --> 00:30:41,710

mentioned Roswell before did they well I

628

00:30:47,850 --> 00:30:45,070

mean there were a few mentions like with

629

00:30:54,029 --> 00:30:47,860

Frank Edwards and Harold Wilkins and a

630

00:30:57,180 --> 00:30:54,039

few books through the 60s and as we all

631

00:31:00,419 --> 00:30:57,190

know the main whistleblower was a major

632

00:31:03,570 --> 00:31:00,429

Jesse Marcel the intelligence officer at

633

00:31:06,749 --> 00:31:03,580

Roswell 1947 when he broke his oath of

634

00:31:10,289 --> 00:31:06,759

secrecy in 1978 when he was diagnosed

635

00:31:12,480 --> 00:31:10,299

with emphysema but even when the first

636

00:31:15,029 --> 00:31:12,490

book came out in 1980 Roswell incident

637

00:31:17,340 --> 00:31:15,039

by Morin Berlitz I didn't buy it I

638

00:31:20,399 --> 00:31:17,350

wasn't interested in fact it was very

639

00:31:22,860 --> 00:31:20,409

skeptical on the very notion in fact I

640

00:31:24,419 --> 00:31:22,870

wrote a paper in 1985 that I just could

641

00:31:26,810 --> 00:31:24,429

not accept that they could keep

642

00:31:30,869 --> 00:31:26,820

something of that magnitude a secret

643

00:31:33,510 --> 00:31:30,879

after all that time but they were so if

644

00:31:36,840 --> 00:31:33,520

so effective

645

00:31:40,740 --> 00:31:36,850

far as in creating the straw man and

646

00:31:44,910 --> 00:31:40,750

tearing it down and getting the press as

647

00:31:48,930 --> 00:31:44,920

far as to align themselves with the

648

00:31:51,750 --> 00:31:48,940

counters story that the true nature of

649

00:31:53,700 --> 00:31:51,760

what took place and the fact that they

650

00:31:55,950 --> 00:31:53,710

were very adept at keeping secrets

651  
00:31:57,720 --> 00:31:55,960  
because it was in the face of the

652  
00:32:00,510 --> 00:31:57,730  
Manhattan Project with the atomic bomb

653  
00:32:03,420 --> 00:32:00,520  
and then just two years after World War

654  
00:32:06,060 --> 00:32:03,430  
two so they were all heavily school in

655  
00:32:07,800 --> 00:32:06,070  
keeping their mouths quiet and as a

656  
00:32:11,310 --> 00:32:07,810  
result it couldn't have happened at a

657  
00:32:13,380 --> 00:32:11,320  
better time to keep secrets and so even

658  
00:32:15,840 --> 00:32:13,390  
approaching this as a skeptic nine years

659  
00:32:18,990 --> 00:32:15,850  
later in 1989 with Kevin Randle as we

660  
00:32:20,700 --> 00:32:19,000  
both were skeptical on the case when we

661  
00:32:22,890 --> 00:32:20,710  
thought we'd make a single weekend jaunt

662  
00:32:24,930 --> 00:32:22,900  
down to New Mexico and you know prove

663  
00:32:27,740 --> 00:32:24,940

this was a weather balloon device or

664

00:32:30,360 --> 00:32:27,750

something something just as prosaic and

665

00:32:32,550 --> 00:32:30,370

it was within the first trip and

666

00:32:34,770 --> 00:32:32,560

speaking to firsthand witnesses that

667

00:32:38,040 --> 00:32:34,780

handled the wreckage and we thought what

668

00:32:41,250 --> 00:32:38,050

if we're wrong and we quickly realized

669

00:32:43,410 --> 00:32:41,260

that they were all on you know very

670

00:32:46,020 --> 00:32:43,420

consistent describing the same details

671

00:32:48,390 --> 00:32:46,030

the same exotic qualities of the

672

00:32:50,880 --> 00:32:48,400

wreckage and we realized we better come

673

00:32:53,340 --> 00:32:50,890

up with speed on this because we did not

674

00:32:55,980 --> 00:32:53,350

have anything in our notes and in our

675

00:32:58,350 --> 00:32:55,990

files regarding this and the last thing

676

00:33:00,420 --> 00:32:58,360

we wanted was for this to hit us like a

677

00:33:02,490 --> 00:33:00,430

ton of bricks and then we wouldn't be

678

00:33:06,450 --> 00:33:02,500

able to crawl out underneath it right

679

00:33:09,780 --> 00:33:06,460

and when you go and listen which which I

680

00:33:11,690 --> 00:33:09,790

have done and you go and listen to I

681

00:33:14,700 --> 00:33:11,700

just brought up Long John Noble and

682

00:33:18,200 --> 00:33:14,710

listen to his series of radio shows out

683

00:33:23,360 --> 00:33:18,210

of New York and one of them specifically

684

00:33:26,220 --> 00:33:23,370

has Kenneth Arnold on Donald Kehoe and

685

00:33:28,200 --> 00:33:26,230

four or five other researchers and

686

00:33:29,760 --> 00:33:28,210

they're all you know his show was called

687

00:33:31,080 --> 00:33:29,770

the party line so he would have like

688

00:33:32,960 --> 00:33:31,090

five guests and they would sit around

689

00:33:35,820 --> 00:33:32,970

and talk about things and and this is

690

00:33:37,980 --> 00:33:35,830

1958 so they're all sitting there

691

00:33:41,160 --> 00:33:37,990

talking and they're they're bringing up

692

00:33:43,440 --> 00:33:41,170

Nazi flying saucers in 1958 they're

693

00:33:46,200 --> 00:33:43,450

bringing up menzel alright they're

694

00:33:50,909 --> 00:33:46,210

bringing up about other men yeah

695

00:33:55,169 --> 00:33:50,919

Donald Hollinger yeah yeah no no no the

696

00:33:57,810 --> 00:33:55,179

the p-51 Mustang over Ohio both Thomas

697

00:34:02,310 --> 00:33:57,820

Mantell Montell what I say mensier

698

00:34:03,930 --> 00:34:02,320

Montel and and and and Kenneth Arnold of

699

00:34:06,359 --> 00:34:03,940

course is talking about mountain we're

700

00:34:10,349 --> 00:34:06,369

near and they're bringing up all of

701  
00:34:12,440 --> 00:34:10,359  
these nobody mentions Roswell and

702  
00:34:15,809 --> 00:34:12,450  
Kehoe's book flying saucers are real

703  
00:34:19,260 --> 00:34:15,819  
which I have over at the house it was

704  
00:34:21,809 --> 00:34:19,270  
just gifted to me an original copy of

705  
00:34:26,099 --> 00:34:21,819  
the book no mention of Roswell you know

706  
00:34:29,250 --> 00:34:26,109  
and it is it's it's amazing to me not

707  
00:34:32,069 --> 00:34:29,260  
only the cover-up but that the rest of

708  
00:34:35,040 --> 00:34:32,079  
America managed to forget about a2 as

709  
00:34:39,569 --> 00:34:35,050  
well it was covered majorly in July of

710  
00:34:42,659 --> 00:34:39,579  
1947 but was effectively erased from pop

711  
00:34:44,819 --> 00:34:42,669  
culture too that nobody else just

712  
00:34:47,180 --> 00:34:44,829  
wondering you know yes it was and we

713  
00:34:48,419 --> 00:34:47,190

need to also keep in mind that up till

714

00:34:53,159 --> 00:34:48,429

Roswell

715

00:34:55,649 --> 00:34:53,169

there was a spiraling upward list of

716

00:34:58,200 --> 00:34:55,659

reports that were coming in banner

717

00:34:59,940 --> 00:34:58,210

headlines your listeners could go to any

718

00:35:02,760 --> 00:34:59,950

public library and pull out all the

719

00:35:05,460 --> 00:35:02,770

microfilm on the microfiche of the

720

00:35:08,640 --> 00:35:05,470

newspapers the press accounts that last

721

00:35:10,170 --> 00:35:08,650

week of June first week of July of 1947

722

00:35:14,130 --> 00:35:10,180

and you would swear we were being

723

00:35:16,559 --> 00:35:14,140

invaded and for a lot of the people at

724

00:35:19,109 --> 00:35:16,569

the Pentagon at that time it was like oh

725

00:35:21,569 --> 00:35:19,119

my god we have a real War of the Worlds

726

00:35:24,510 --> 00:35:21,579

just nine years after that radio

727

00:35:26,910 --> 00:35:24,520

broadcast you know we have one actually

728

00:35:29,280 --> 00:35:26,920

on our hands because we don't know what

729

00:35:31,559 --> 00:35:29,290

we're dealing with and then the attempts

730

00:35:33,120 --> 00:35:31,569

to try to bring one down and then the

731

00:35:35,849 --> 00:35:33,130

attempts at least try to capture

732

00:35:38,160 --> 00:35:35,859

something on camera and then roswell

733

00:35:40,319 --> 00:35:38,170

happens and they put off that press

734

00:35:42,839 --> 00:35:40,329

release on tuesday july 8th that they

735

00:35:45,480 --> 00:35:42,849

actually captured a flying saucer but

736

00:35:47,460 --> 00:35:45,490

that was all part of the staged cover-up

737

00:35:51,109 --> 00:35:47,470

that was all part of how they were going

738

00:35:53,880 --> 00:35:51,119

to then deal with the entire situation

739

00:35:56,250 --> 00:35:53,890

because it wasn't just a balloon press

740

00:35:58,650 --> 00:35:56,260

conference where they swept this under

741

00:36:00,090 --> 00:35:58,660

the carpet forever or they had hoped to

742

00:36:02,700 --> 00:36:00,100

but then they put on

743

00:36:05,880 --> 00:36:02,710

balloon demonstrations all over the

744

00:36:08,730 --> 00:36:05,890

country over the next few weeks trying

745

00:36:12,570 --> 00:36:08,740

to put a nail in the tire flying saucer

746

00:36:15,540 --> 00:36:12,580

coffin and the sighting reports dropped

747

00:36:17,490 --> 00:36:15,550

off drastically you would have sworn

748

00:36:20,520 --> 00:36:17,500

that they packed up and went home

749

00:36:23,340 --> 00:36:20,530

whoever they were and the sightings

750

00:36:26,700 --> 00:36:23,350

continued it's just that the people

751  
00:36:29,370 --> 00:36:26,710  
because of now the escalating ridicule

752  
00:36:31,680 --> 00:36:29,380  
factor the fact that the government was

753  
00:36:34,050 --> 00:36:31,690  
demonstrating that we're not going to

754  
00:36:36,240 --> 00:36:34,060  
treat this subject seriously we're not

755  
00:36:38,520 --> 00:36:36,250  
gonna listen to you any longer because

756  
00:36:41,160 --> 00:36:38,530  
as far as we're concerned they're just

757  
00:36:44,160 --> 00:36:41,170  
balloons it's all explainable they're

758  
00:36:47,460 --> 00:36:44,170  
all hoaxes nothing to see here

759  
00:36:50,430 --> 00:36:47,470  
but in reality the phenomena persisted

760  
00:36:54,960 --> 00:36:50,440  
and then especially leading up to the

761  
00:36:58,560 --> 00:36:54,970  
overflights of DC in July of 1952 then

762  
00:36:59,910 --> 00:36:58,570  
it was a case of where the CIA steps in

763  
00:37:01,890 --> 00:36:59,920

and goes well the Air Force is

764

00:37:04,230 --> 00:37:01,900

incompetent they can't even control the

765

00:37:07,710 --> 00:37:04,240

situation any longer so we're going to

766

00:37:11,250 --> 00:37:07,720

and then the rest becomes history but it

767

00:37:14,330 --> 00:37:11,260

was all done in such a way whether it

768

00:37:17,550 --> 00:37:14,340

was keyhole who they were spoon feeding

769

00:37:19,190 --> 00:37:17,560

just mundane cases just to keep him

770

00:37:22,350 --> 00:37:19,200

distracted

771

00:37:24,180 --> 00:37:22,360

they kept they kept evil on a tight

772

00:37:27,180 --> 00:37:24,190

leash they kept hiding on a tight leash

773

00:37:30,200 --> 00:37:27,190

they were making sure that they did not

774

00:37:34,340 --> 00:37:30,210

have as I was describing Hynek earlier

775

00:37:38,180 --> 00:37:34,350

access to the hard core the real

776

00:37:40,710 --> 00:37:38,190

important cases that were going on and

777

00:37:42,510 --> 00:37:40,720

that's where Project Blue Book was such

778

00:37:44,400 --> 00:37:42,520

a disappointment because when they were

779

00:37:49,380 --> 00:37:44,410

funny Declassified there was really

780

00:37:55,620 --> 00:37:49,390

nothing there was there was there a

781

00:37:58,770 --> 00:37:55,630

change in in hynek's belief system of

782

00:38:03,330 --> 00:37:58,780

the reality of the UFO question later on

783

00:38:05,640 --> 00:38:03,340

and his life did was there and putting

784

00:38:08,070 --> 00:38:05,650

the TV series aside and his family aside

785

00:38:11,190 --> 00:38:08,080

but from what you knew do you think that

786

00:38:13,290 --> 00:38:11,200

he was exposed to the truth about UFOs

787

00:38:18,270 --> 00:38:13,300

and just never

788

00:38:25,760 --> 00:38:18,280

about it not intentionally and whatever

789

00:38:30,980 --> 00:38:25,770

truth you was exposed to was by his own

790

00:38:32,850 --> 00:38:30,990

tenacity his own aggressiveness in

791

00:38:35,850 --> 00:38:32,860

finding the truth

792

00:38:38,450 --> 00:38:35,860

he was never provided the truth that we

793

00:38:41,130 --> 00:38:38,460

have ever been able to determine in fact

794

00:38:42,720 --> 00:38:41,140

when Alan Hendry was our chief

795

00:38:47,010 --> 00:38:42,730

investigator at the Center for UFO

796

00:38:49,560 --> 00:38:47,020

studies and he was with the family after

797

00:38:51,690 --> 00:38:49,570

dr. Hynek was at the Moffitt clinic in

798

00:38:55,080 --> 00:38:51,700

San Francisco and he had the brain tumor

799

00:38:59,430 --> 00:38:55,090

removed and even in the old recovery

800

00:39:02,010 --> 00:38:59,440

room right after that operation that

801  
00:39:03,930 --> 00:39:02,020  
that Alan was that Hynek was was tossing

802  
00:39:05,880 --> 00:39:03,940  
and turning and all he kept saying over

803  
00:39:09,900 --> 00:39:05,890  
and over again why can't they tell me

804  
00:39:12,270 --> 00:39:09,910  
why can't they tell me now so even at

805  
00:39:15,810 --> 00:39:12,280  
that point he felt that he had been

806  
00:39:18,060 --> 00:39:15,820  
totally abandoned that he in many ways I

807  
00:39:20,250 --> 00:39:18,070  
tell the story and he had told this to

808  
00:39:23,580 --> 00:39:20,260  
myself and a few others including Budd

809  
00:39:28,220 --> 00:39:23,590  
Hopkins the late Budd Hopkins that he

810  
00:39:31,320 --> 00:39:28,230  
knew Donald Rumsfeld personally in fact

811  
00:39:33,780 --> 00:39:31,330  
when Rumsfeld originally was a

812  
00:39:37,530 --> 00:39:33,790  
congressman Hynek was one of his

813  
00:39:41,600 --> 00:39:37,540

constituents in Evanston Illinois in

814

00:39:47,160 --> 00:39:41,610

fact when they had the initial hearings

815

00:39:51,330 --> 00:39:47,170

before Congress in 1966 the very person

816

00:39:53,640 --> 00:39:51,340

who glowingly introduced Hynek on the

817

00:39:55,410 --> 00:39:53,650

floor as far as the House of

818

00:39:59,400 --> 00:39:55,420

Representatives was none other than

819

00:40:02,820 --> 00:39:59,410

congressman Donald Rumsfeld and then

820

00:40:06,330 --> 00:40:02,830

when Rumsfeld became Gerald Ford's first

821

00:40:09,360 --> 00:40:06,340

secretary of defense and then later when

822

00:40:13,230 --> 00:40:09,370

he became george w bush's secretary

823

00:40:15,480 --> 00:40:13,240

defense so but it was during the Ford

824

00:40:17,820 --> 00:40:15,490

administration that Hynek was in

825

00:40:20,280 --> 00:40:17,830

Washington and he thought I'm going to

826

00:40:22,800 --> 00:40:20,290

pay a little visit to my former

827

00:40:25,560 --> 00:40:22,810

congressman and I'm gonna lay it on the

828

00:40:26,620 --> 00:40:25,570

table and honey would tell us the story

829

00:40:29,049 --> 00:40:26,630

that he was

830

00:40:31,029 --> 00:40:29,059

sitting in Rumsfeld's office then

831

00:40:34,059 --> 00:40:31,039

Secretary of Defense for the first time

832

00:40:37,299 --> 00:40:34,069

as far as under Gerald Ford President

833

00:40:42,099 --> 00:40:37,309

Gerald Ford and he find he said to him I

834

00:40:45,430 --> 00:40:42,109

believe I've given enough of my life

835

00:40:49,420 --> 00:40:45,440

that I deserve an answer I've devoted

836

00:40:54,309 --> 00:40:49,430

and committed myself to providing as far

837

00:40:56,920 --> 00:40:54,319

as a scientific attitude towards the

838

00:40:59,200 --> 00:40:56,930

resolution of the UFO phenomenon I've

839

00:41:01,450 --> 00:40:59,210

given you all these years and you have

840

00:41:04,029 --> 00:41:01,460

given me nothing in return I believe I

841

00:41:05,620 --> 00:41:04,039

deserve something and Hynek would

842

00:41:08,170 --> 00:41:05,630

describe that Rumsfeld got up from

843

00:41:10,509 --> 00:41:08,180

behind his desk walked over to him

844

00:41:13,359 --> 00:41:10,519

looked down at him and put his finger

845

00:41:19,720 --> 00:41:13,369

right in his face and said you have no

846

00:41:21,039 --> 00:41:19,730

right to know I have I have here I'm not

847

00:41:24,569 --> 00:41:21,049

gonna hold them up to the camera or go

848

00:41:26,920 --> 00:41:24,579

through it I have a bunch of hynek's

849

00:41:30,999 --> 00:41:26,930

original investigations you know from

850

00:41:32,769 --> 00:41:31,009

Sophos Koufos and looking through them

851

00:41:34,720 --> 00:41:32,779

and the way that the interviews were

852

00:41:36,460 --> 00:41:34,730

conducted and looking at the signatures

853

00:41:38,769 --> 00:41:36,470

at the bottom of you know the

854

00:41:42,609 --> 00:41:38,779

investigators as well as the witnesses

855

00:41:44,109 --> 00:41:42,619

these are incredible cases and and most

856

00:41:45,670 --> 00:41:44,119

of them have covered them on the show

857

00:41:47,200 --> 00:41:45,680

but they're not out there in the

858

00:41:50,499 --> 00:41:47,210

mainstream they have been covered in

859

00:41:52,960 --> 00:41:50,509

books or documentaries and there there

860

00:41:56,440 --> 00:41:52,970

are some very important cases that were

861

00:42:00,759 --> 00:41:56,450

happening there why why didn't

862

00:42:02,529 --> 00:42:00,769

Hynek choose to go more public with this

863

00:42:04,599 --> 00:42:02,539

it seems like he would be able to pound

864

00:42:06,759 --> 00:42:04,609

his fist on the table and go look this

865

00:42:10,029 --> 00:42:06,769

is look at this case and look at this

866

00:42:12,309 --> 00:42:10,039

case and look at this case and and be

867

00:42:14,799 --> 00:42:12,319

more vocal about it it seemed like he

868

00:42:18,789 --> 00:42:14,809

went in the other direction was he

869

00:42:20,740 --> 00:42:18,799

frustrated totally frustrated and he and

870

00:42:22,720 --> 00:42:20,750

more and more bitter as far as

871

00:42:25,150 --> 00:42:22,730

especially in the latter part of his

872

00:42:27,069 --> 00:42:25,160

life and he would often make the comment

873

00:42:29,380 --> 00:42:27,079

what will Carl say what will Carl say

874

00:42:33,370 --> 00:42:29,390

right when we were working on a kv-1

875

00:42:37,120 --> 00:42:33,380

sting Carl Sagan and much of that stem

876

00:42:39,910 --> 00:42:37,130

from that infamous debate between the

877

00:42:40,450 --> 00:42:39,920

two of them and and poor Allen Hynek who

878

00:42:44,020 --> 00:42:40,460

came occur

879

00:42:46,210 --> 00:42:44,030

like Don Knotts with his shaking hands

880

00:42:49,240 --> 00:42:46,220

and with his notes and his his speech

881

00:42:51,070 --> 00:42:49,250

and then Seguin you know the consummate

882

00:42:53,050 --> 00:42:51,080

performer stepping off from the podium

883

00:42:55,450 --> 00:42:53,060

and taking the microphone and just doing

884

00:42:58,570 --> 00:42:55,460

stick for an hour that type of thing

885

00:43:01,060 --> 00:42:58,580

Hynek never got over that and it was no

886

00:43:04,810 --> 00:43:01,070

less than the way men's old Donald Men's

887

00:43:07,300 --> 00:43:04,820

of the Harvard astrophysicist and what

888

00:43:10,240 --> 00:43:07,310

Edward Condon as far as with the Condon

889

00:43:13,599 --> 00:43:10,250

report what they did the Hynek they were

890

00:43:17,500 --> 00:43:13,609

constantly ridiculing and making every

891

00:43:20,980 --> 00:43:17,510

effort to discredit him and Hynek not

892

00:43:23,079 --> 00:43:20,990

only was he a slight demure man but he

893

00:43:27,160 --> 00:43:23,089

also was a soft-spoken very humble

894

00:43:29,800 --> 00:43:27,170

scientist and I never heard him once

895

00:43:32,349 --> 00:43:29,810

become angry or agitated to the point

896

00:43:35,770 --> 00:43:32,359

that even raised his voice because I

897

00:43:37,720 --> 00:43:35,780

don't know if he was capable of really

898

00:43:41,230 --> 00:43:37,730

you know demonstrating as far as that

899

00:43:43,329 --> 00:43:41,240

level of frustration did you know did

900

00:43:46,329 --> 00:43:43,339

you learn something from that Don in

901  
00:43:49,480 --> 00:43:46,339  
that you've never given up you know

902  
00:43:51,190 --> 00:43:49,490  
you've you've you've gone through your

903  
00:43:53,920 --> 00:43:51,200  
ups and downs in this community of all

904  
00:43:57,520 --> 00:43:53,930  
years and oh yeah did you learn

905  
00:44:00,160 --> 00:43:57,530  
something from the way that dr. Hynek

906  
00:44:01,690 --> 00:44:00,170  
dealt with this and his personality are

907  
00:44:05,290 --> 00:44:01,700  
you different because of it

908  
00:44:10,030 --> 00:44:05,300  
I look back on a number of things first

909  
00:44:13,480 --> 00:44:10,040  
of all on one occasion with the Koufos

910  
00:44:15,190 --> 00:44:13,490  
head an investigator is a test that they

911  
00:44:19,420 --> 00:44:15,200  
were circulating throughout the field

912  
00:44:22,270 --> 00:44:19,430  
and it was after a board meeting and I

913  
00:44:25,390 --> 00:44:22,280

was at the Hynek residence and John T

914

00:44:27,550 --> 00:44:25,400

Timmerman was our vice president at that

915

00:44:31,030 --> 00:44:27,560

time it was a major benefactor for the

916

00:44:33,940 --> 00:44:31,040

center and so he was very closely allied

917

00:44:37,930 --> 00:44:33,950

with dr. Hynek at that time and I'll

918

00:44:40,500 --> 00:44:37,940

never forget Timmerman commenting to dr.

919

00:44:42,640 --> 00:44:40,510

Hynek you know I didn't notice Don's

920

00:44:46,089 --> 00:44:42,650

results in the test aren't you going to

921

00:44:49,060 --> 00:44:46,099

give Don two tests and a heinie kind of

922

00:44:52,829 --> 00:44:49,070

smirk and then he went give him that he

923

00:44:55,559 --> 00:44:52,839

could test me and

924

00:44:57,779 --> 00:44:55,569

you know the you're coming from you know

925

00:45:00,719 --> 00:44:57,789

J Allen Hynek and I could test him and

926

00:45:03,959 --> 00:45:00,729

then later before the Smithsonian debate

927

00:45:06,450 --> 00:45:03,969

which included Hynek and art again chief

928

00:45:11,579 --> 00:45:06,460

investigator Ellen Hendry and dr. Bruce

929

00:45:14,370 --> 00:45:11,589

Maccabee versus Philip J class and James

930

00:45:17,969 --> 00:45:14,380

Oberg and Robert Schaeffer yes its own

931

00:45:19,440 --> 00:45:17,979

Ian I was hynek's coaches I would have

932

00:45:21,839 --> 00:45:19,450

loved to have been on that when I would

933

00:45:23,459 --> 00:45:21,849

have slap some people around but I was

934

00:45:25,289 --> 00:45:23,469

one of his coaches so in other words as

935

00:45:28,079 --> 00:45:25,299

we were rehearsing and practicing I was

936

00:45:29,670 --> 00:45:28,089

one of the coaches and then I stand I

937

00:45:31,289 --> 00:45:29,680

step forward after Ellen passed away

938

00:45:33,660 --> 00:45:31,299

three years later we're having the very

939

00:45:37,259 --> 00:45:33,670

first archeological dig at the crash

940

00:45:39,809 --> 00:45:37,269

site at the debris field and Mimi Hynek

941

00:45:43,380 --> 00:45:39,819

Alan's widow was there with us

942

00:45:45,450 --> 00:45:43,390

she had an archaeological background

943

00:45:47,549 --> 00:45:45,460

they were you know she was living in

944

00:45:50,160 --> 00:45:47,559

Scottsdale as the Hynix did in the last

945

00:45:52,109 --> 00:45:50,170

two years of his life and so we thought

946

00:45:54,630 --> 00:45:52,119

of just how our four tuned you know

947

00:45:57,630 --> 00:45:54,640

wonderful that she could drive over from

948

00:46:00,900 --> 00:45:57,640

Arizona and be with us and if she said

949

00:46:02,609 --> 00:46:00,910

it once she said it a dozen times when

950

00:46:06,930 --> 00:46:02,619

she looked at us and she went

951  
00:46:10,249 --> 00:46:06,940  
Ellen would be so proud of you boys and

952  
00:46:13,620 --> 00:46:10,259  
I'd so I have to think of you know that

953  
00:46:15,509 --> 00:46:13,630  
dr. J Allen Hynek started something and

954  
00:46:18,180 --> 00:46:15,519  
I damn well I'm gonna do all I can to

955  
00:46:19,829 --> 00:46:18,190  
finish it because I'd like to believe he

956  
00:46:23,099 --> 00:46:19,839  
is still up there looking down and going

957  
00:46:29,609 --> 00:46:23,109  
I'm proud of you boys hopefully he

958  
00:46:33,719 --> 00:46:29,619  
didn't watch the new series though well

959  
00:46:36,930 --> 00:46:33,729  
it's it's it's it's credit long overdue

960  
00:46:39,950 --> 00:46:36,940  
but again what so much creative license

961  
00:46:44,729 --> 00:46:39,960  
that Hollywood has a reputation of

962  
00:46:47,849 --> 00:46:44,739  
exercising but he always would tell us

963  
00:46:49,769 --> 00:46:47,859

as long as I'm there at the at the

964

00:46:52,049 --> 00:46:49,779

finish line it doesn't matter who's

965

00:46:55,019 --> 00:46:52,059

there first or how we get there I just

966

00:46:57,690 --> 00:46:55,029

want to be there I didn't know it was so

967

00:47:00,569 --> 00:46:57,700

part of it yeah yeah yeah I'm on every

968

00:47:03,239 --> 00:47:00,579

episode which I did I watch a couple of

969

00:47:05,160 --> 00:47:03,249

them twice i sat out loud to read a few

970

00:47:06,859 --> 00:47:05,170

Takao man he's turning in his grave

971

00:47:09,240 --> 00:47:06,869

right now

972

00:47:11,010 --> 00:47:09,250

because I didn't I didn't know that you

973

00:47:13,770 --> 00:47:11,020

know he was involved in shootouts and

974

00:47:15,540 --> 00:47:13,780

plane crashes and oh man body

975

00:47:19,380 --> 00:47:15,550

I know I know recreations of plane

976

00:47:22,140 --> 00:47:19,390

crashes and and just but he did love

977

00:47:24,270 --> 00:47:22,150

field investigation that was the one of

978

00:47:26,310 --> 00:47:24,280

the things he was so stifled with the

979

00:47:29,760 --> 00:47:26,320

airforce with Project Blue Book who

980

00:47:32,790 --> 00:47:29,770

always again kept him away kept him away

981

00:47:35,340 --> 00:47:32,800

from fieldwork and once he started the

982

00:47:37,320 --> 00:47:35,350

center and that's when he could go to

983

00:47:40,380 --> 00:47:37,330

Papua New Guinea and he could go up to

984

00:47:43,820 --> 00:47:40,390

his Dahlan and he could stretch through

985

00:47:47,190 --> 00:47:43,830

knee-deep snow and the Hudson Valley

986

00:47:49,020 --> 00:47:47,200

boomerang sightings in the early 80s and

987

00:47:51,270 --> 00:47:49,030

Jenny Zeidman who was his private

988

00:47:53,580 --> 00:47:51,280

secretary and we were always joking that

989

00:47:55,410 --> 00:47:53,590

you know Ellen's you know in his element

990

00:47:59,400 --> 00:47:55,420

right now because he's out there playing

991

00:48:01,560 --> 00:47:59,410

cowboys and Indians and to us it was it

992

00:48:05,870 --> 00:48:01,570

was much more than that but it was like

993

00:48:08,760 --> 00:48:05,880

he was doing exactly what the Air Force

994

00:48:12,390 --> 00:48:08,770

essentially handcuffed him from doing

995

00:48:14,760 --> 00:48:12,400

and that was actual field investigation

996

00:48:18,000 --> 00:48:14,770

because if Ellen could have done what

997

00:48:24,810 --> 00:48:18,010

the series is is portraying dramatizing

998

00:48:26,940 --> 00:48:24,820

he would have now your your book which

999

00:48:29,670 --> 00:48:26,950

we're talking about Hynek in project

1000

00:48:33,480 --> 00:48:29,680

blue book your book UFO secrets inside

1001

00:48:36,930 --> 00:48:33,490

wright-patterson hynek's offices blue

1002

00:48:39,630 --> 00:48:36,940

books offices were iPad right absolutely

1003

00:48:41,310 --> 00:48:39,640

project sign project grudge and Project

1004

00:48:44,820 --> 00:48:41,320

Blue Book all headquartered at

1005

00:48:46,950 --> 00:48:44,830

wright-patt and he did he understand the

1006

00:48:48,720 --> 00:48:46,960

history because we're gonna start

1007

00:48:51,210 --> 00:48:48,730

talking about right Pat right now but

1008

00:48:55,410 --> 00:48:51,220

did he understand the history of right

1009

00:48:59,190 --> 00:48:55,420

Pat and and its ties to aliens and et at

1010

00:49:02,940 --> 00:48:59,200

that time no he did not and in fact that

1011

00:49:07,020 --> 00:49:02,950

was the ongoing you know joke that as

1012

00:49:11,580 --> 00:49:07,030

long as no one even realized that there

1013

00:49:14,310 --> 00:49:11,590

were sub levels that there were secret

1014

00:49:17,580 --> 00:49:14,320

hangars again Hynek and even jenny

1015

00:49:20,099 --> 00:49:17,590

Zeidman would describe how they had a

1016

00:49:22,440 --> 00:49:20,109

specific route a drive

1017

00:49:25,529 --> 00:49:22,450

onto the base and they went directly to

1018

00:49:28,829 --> 00:49:25,539

Blue Book headquarters which was just a

1019

00:49:32,359 --> 00:49:28,839

single room in one of the office

1020

00:49:37,140 --> 00:49:32,369

buildings and he never was allowed to

1021

00:49:40,680 --> 00:49:37,150

see or or tour any other buildings

1022

00:49:43,529 --> 00:49:40,690

hangars facilities on the base if

1023

00:49:46,079 --> 00:49:43,539

actually talked about that if they drove

1024

00:49:47,969 --> 00:49:46,089

off course if they in fact she feared

1025

00:49:50,549 --> 00:49:47,979

for her life on one occasion where she

1026

00:49:52,199 --> 00:49:50,559

described that she found herself in a

1027

00:49:53,039 --> 00:49:52,209

restricted area and she thought she was

1028

00:49:58,650 --> 00:49:53,049

going to get shot

1029

00:50:01,049 --> 00:49:58,660

I had a friend it doesn't matter who it

1030

00:50:02,249 --> 00:50:01,059

was on this show this couple of years

1031

00:50:03,660 --> 00:50:02,259

ago and we were just having a

1032

00:50:08,309 --> 00:50:03,670

conversation like you and I are having

1033

00:50:14,489 --> 00:50:08,319

now and that this person worked on the

1034

00:50:17,459 --> 00:50:14,499

base and said that everybody on base at

1035

00:50:19,609 --> 00:50:17,469

wright-patt civilian employee government

1036

00:50:23,430 --> 00:50:19,619

employee Air Force it doesn't matter

1037

00:50:25,259 --> 00:50:23,440

everybody talks about UFOs everybody

1038

00:50:28,229 --> 00:50:25,269

dance about the alien bodies at

1039

00:50:30,959 --> 00:50:28,239

wright-patt it's like yeah it's an open

1040

00:50:33,569 --> 00:50:30,969

conversation they have t-shirts right

1041

00:50:36,959 --> 00:50:33,579

you can go can't you go to the right bat

1042

00:50:39,900 --> 00:50:36,969

gift shop and buy a hand at the very

1043

00:50:44,130 --> 00:50:39,910

Arab air museum absolutely and you can

1044

00:50:46,140 --> 00:50:44,140

take a tour and the the the guide will

1045

00:50:48,479 --> 00:50:46,150

even jokingly point to a different

1046

00:50:50,219 --> 00:50:48,489

hangar you know depending on what day of

1047

00:50:52,289 --> 00:50:50,229

the week and say and that's where we

1048

00:50:54,390 --> 00:50:52,299

keep the pickled aliens on ice right

1049

00:50:57,539 --> 00:50:54,400

right right so that's how you do it

1050

00:50:59,549 --> 00:50:57,549

right you don't do it you keep me you

1051  
00:51:01,559 --> 00:50:59,559  
keep this gritting it you keep mocking

1052  
00:51:04,999 --> 00:51:01,569  
it you keep making fun of it I'll give

1053  
00:51:09,079 --> 00:51:05,009  
you a quick example Jimmy when the first

1054  
00:51:11,759 --> 00:51:09,089  
version of this now new book came out

1055  
00:51:16,160 --> 00:51:11,769  
inside the real area 51 the secret

1056  
00:51:20,339 --> 00:51:18,299  
producer-director paul davids was

1057  
00:51:23,489 --> 00:51:20,349  
contacted by public relations at

1058  
00:51:25,469 --> 00:51:23,499  
wright-patterson and they asked you

1059  
00:51:26,969 --> 00:51:25,479  
wouldn't have any of the props or you

1060  
00:51:28,920 --> 00:51:26,979  
wouldn't know where we could find any of

1061  
00:51:32,400 --> 00:51:28,930  
the props from the Roswell movie that

1062  
00:51:33,930 --> 00:51:32,410  
you did a number of years ago and any

1063  
00:51:36,930 --> 00:51:33,940

respond it was a matter of

1064

00:51:40,410 --> 00:51:36,940

fact I have the very animatronic alien

1065

00:51:44,309 --> 00:51:40,420

in my possession that was from the movie

1066

00:51:47,460 --> 00:51:44,319

and they said well it would be possible

1067

00:51:48,930 --> 00:51:47,470

that we might be able to borrow it for

1068

00:51:51,690 --> 00:51:48,940

some extended period of time

1069

00:51:53,460 --> 00:51:51,700

and Paul immediately called me and he

1070

00:51:57,690 --> 00:51:53,470

said what I'm thinking I could make this

1071

00:52:00,720 --> 00:51:57,700

into a you know a summer tour I could do

1072

00:52:03,300 --> 00:52:00,730

a cross-country Drive from LA to Dayton

1073

00:52:05,010 --> 00:52:03,310

Ohio with the alien you know sitting

1074

00:52:09,200 --> 00:52:05,020

next to me in the front seat right on

1075

00:52:15,960 --> 00:52:09,210

and I said well let's do it if we can

1076  
00:52:18,630 --> 00:52:15,970  
get 101 consolidation and that was we

1077  
00:52:20,609 --> 00:52:18,640  
want to show the movie we'll bring the

1078  
00:52:23,880 --> 00:52:20,619  
alien if we can show the Roswell movie

1079  
00:52:26,609 --> 00:52:23,890  
on the base and the base commander got

1080  
00:52:29,430 --> 00:52:26,619  
involved and immediately declined and

1081  
00:52:34,079 --> 00:52:29,440  
said we are not about to provide our

1082  
00:52:36,930 --> 00:52:34,089  
staff and personnel with a position

1083  
00:52:40,290 --> 00:52:36,940  
contrary to official Air Force policy on

1084  
00:52:42,030 --> 00:52:40,300  
the subject but so once again we're not

1085  
00:52:43,410 --> 00:52:42,040  
gonna let you think for yourselves we're

1086  
00:52:45,210 --> 00:52:43,420  
not gonna provide you with an

1087  
00:52:47,069 --> 00:52:45,220  
opportunity no now mind you when the

1088  
00:52:51,089 --> 00:52:47,079

movie first came out on video was a

1089

00:52:53,010 --> 00:52:51,099

number one requested film by a on

1090

00:52:55,440 --> 00:52:53,020

military bases all around the world of

1091

00:52:57,630 --> 00:52:55,450

course it was and what so they did they

1092

00:53:01,010 --> 00:52:57,640

didn't have it at the post exchange at

1093

00:53:04,589 --> 00:53:01,020

wright-patt you couldn't rent it well

1094

00:53:08,490 --> 00:53:04,599

they may have initially but it may have

1095

00:53:11,099 --> 00:53:08,500

been quickly you know withdrawn as far

1096

00:53:12,750 --> 00:53:11,109

as from the shelves but here and and we

1097

00:53:16,740 --> 00:53:12,760

finally figured out what they were doing

1098

00:53:20,190 --> 00:53:16,750

our book was slated for release the very

1099

00:53:22,770 --> 00:53:20,200

book on wright-patterson for September

1100

00:53:25,680 --> 00:53:22,780

of that year the very time that they

1101

00:53:28,230 --> 00:53:25,690

wanted to display the aliens from the

1102

00:53:31,319 --> 00:53:28,240

movie and again make a mockery of it

1103

00:53:34,790 --> 00:53:31,329

we're not hiding anything we're not

1104

00:53:38,130 --> 00:53:34,800

covering anything up here's the alien

1105

00:53:40,230 --> 00:53:38,140

that type of situation let's take a

1106

00:53:42,630 --> 00:53:40,240

break oh whoa let's take a break while

1107

00:53:44,430 --> 00:53:42,640

their bluff and we want let's take a

1108

00:53:45,750 --> 00:53:44,440

break right here and when we come back

1109

00:53:50,100 --> 00:53:45,760

this is what we're gonna do we're gonna

1110

00:53:52,290 --> 00:53:50,110

some fun I'm going to randomly choose

1111

00:53:56,670 --> 00:53:52,300

some subjects from the book and I want

1112

00:53:58,830 --> 00:53:56,680

your color commentary please let's to it

1113

00:54:00,150 --> 00:53:58,840

1125

00:55:07,469 --> 00:55:05,199

have posted a lot of a lot of great

1126

00:55:10,679 --> 00:55:07,479

stuff here for Dom tonight I'll see if I

1127

00:55:13,140 --> 00:55:10,689

can squeeze it in hey Don are you going

1128

00:55:15,870 --> 00:55:13,150

to area 51 on September 20th did I see

1129

00:55:18,870 --> 00:55:15,880

your name sign yes yes I have a campsite

1130

00:55:23,279 --> 00:55:18,880

all selected and I'm going to take my

1131

00:55:26,399 --> 00:55:23,289

telescope and I'm not you know we were

1132

00:55:29,519 --> 00:55:26,409

joking last night setting up a water

1133

00:55:31,289 --> 00:55:29,529

stand and oh that's the money that's the

1134

00:55:33,929 --> 00:55:31,299

money play right there that's the money

1135

00:55:36,269 --> 00:55:33,939

play that's a good call that's somebody

1136

00:55:38,249 --> 00:55:36,279

seriously said Don we really need to do

1137

00:55:42,529 --> 00:55:38,259

that and I'd be willing to invest the

1138

00:55:46,229 --> 00:55:42,539

money I have an RV and it's like no no

1139

00:55:48,569 --> 00:55:46,239

again you know you think back area 51

1140

00:55:50,609 --> 00:55:48,579

back in the 90s when you know those

1141

00:55:52,979 --> 00:55:50,619

former employees had that class-action

1142

00:55:55,499 --> 00:55:52,989

suit right where they claim that they

1143

00:55:57,569 --> 00:55:55,509

have been exposed to all types of toxic

1144

00:55:59,099 --> 00:55:57,579

waste and everything was coming in

1145

00:56:01,049 --> 00:55:59,109

nothing was going out that type of thing

1146

00:56:02,279 --> 00:56:01,059

if they could treat their own employees

1147

00:56:04,229 --> 00:56:02,289

like that what do you think they're

1148

00:56:07,229 --> 00:56:04,239

gonna do to a bunch of invaders that

1149

00:56:11,459 --> 00:56:07,239

would storm the gates so to speak so are

1150

00:56:12,779 --> 00:56:11,469

you surprised about the attention that

1151

00:56:14,729 --> 00:56:12,789

this has got not only from the

1152

00:56:16,409 --> 00:56:14,739

mainstream media but you've got two

1153

00:56:18,059 --> 00:56:16,419

million people that have signed up for

1154

00:56:19,759 --> 00:56:18,069

this thing and another three million

1155

00:56:23,489 --> 00:56:19,769

that are saying they're interested I

1156

00:56:26,489 --> 00:56:23,499

know but I'm trusting that of those two

1157

00:56:29,549 --> 00:56:26,499

to three million or five million that

1158

00:56:31,829 --> 00:56:29,559

most of them are not within the UFO

1159

00:56:33,120 --> 00:56:31,839

community they're not legitimate you

1160

00:56:37,229 --> 00:56:33,130

know researchers and investigators

1161

00:56:39,479 --> 00:56:37,239

they're not even students of the topic

1162

00:56:44,130 --> 00:56:39,489

I know it's I'd say it was at a gamer

1163

00:56:45,749 --> 00:56:44,140

who actually made the proposal initially

1164

00:56:49,019 --> 00:56:45,759

and now he's saying was morrible on a

1165

00:56:51,569 --> 00:56:49,029

lark that he never intended it to be you

1166

00:56:54,149 --> 00:56:51,579

know serious you know effort on his part

1167

00:56:54,839 --> 00:56:54,159

and it's just kind of gotten it's gotten

1168

00:56:59,749 --> 00:56:54,849

out of control

1169

00:57:02,910 --> 00:56:59,759

but it truly demonstrates the naivety of

1170

00:57:04,829 --> 00:57:02,920

people and that my god I mean

1171

00:57:08,460 --> 00:57:04,839

signs are right there for all to see

1172

00:57:11,430 --> 00:57:08,470

that lethal force you know will be

1173

00:57:14,490 --> 00:57:11,440

utilized if anyone you know trespasses

1174

00:57:18,900 --> 00:57:14,500

beyond a certain point and they're not

1175

00:57:20,760 --> 00:57:18,910

kidding and I think all one need do is

1176

00:57:22,620 --> 00:57:20,770

Google the area and you'll see that

1177

00:57:24,990 --> 00:57:22,630

there are no RV camps there are no

1178

00:57:28,370 --> 00:57:25,000

motels there are no restaurants there

1179

00:57:31,049 --> 00:57:28,380

there's no rest stops don't gas stations

1180

00:57:33,650 --> 00:57:31,059

they're in for a rude awakening if they

1181

00:57:36,539 --> 00:57:33,660

think that they're going to just

1182

00:57:38,549 --> 00:57:36,549

nonchalantly march in and make a parade

1183

00:57:41,099 --> 00:57:38,559

out of this yeah I'm holding up to the

1184

00:57:44,940 --> 00:57:41,109

camera or one of the signs from area 51

1185

00:57:46,530 --> 00:57:44,950

that don't ask me how I got it but got

1186

00:57:49,380 --> 00:57:46,540

it right here holding it up to the

1187

00:57:53,520 --> 00:57:49,390

camera you two uh it's a big sign too

1188

00:57:56,670 --> 00:57:53,530

it's it literally says use of deadly

1189

00:57:59,579 --> 00:57:56,680

force authorized and got it right here

1190

00:58:03,059 --> 00:57:59,589

well this is the other interesting part

1191

00:58:05,789 --> 00:58:03,069

though it may have started off as a joke

1192

00:58:09,180 --> 00:58:05,799

and you know a gamer in the gamer

1193

00:58:12,960 --> 00:58:09,190

community okay but the interest in area

1194

00:58:14,970 --> 00:58:12,970

51 seems to be real that's that's what

1195

00:58:18,450 --> 00:58:14,980

lutely yeah that's where this thing took

1196

00:58:21,329 --> 00:58:18,460

off because this was on the back of

1197

00:58:24,180 --> 00:58:21,339

everybody's mind right it's like they

1198

00:58:25,530 --> 00:58:24,190

had a reason now because they've been

1199

00:58:27,809 --> 00:58:25,540

thinking about it for a long time

1200

00:58:29,910 --> 00:58:27,819

they've heard about it and now there's

1201

00:58:31,589 --> 00:58:29,920

this I don't I don't think anybody

1202

00:58:36,270 --> 00:58:31,599

realized that that many people actually

1203

00:58:39,150 --> 00:58:36,280

knew what area 51 was but and the very

1204

00:58:42,450 --> 00:58:39,160

fact that here again we have come full

1205

00:58:44,819 --> 00:58:42,460

circle the point being that they're not

1206

00:58:47,339 --> 00:58:44,829

they're not demanding to see documents

1207

00:58:49,589 --> 00:58:47,349

they're not looking to see well we want

1208

00:58:52,500 --> 00:58:49,599

to see the best pictures the best though

1209

00:58:56,099 --> 00:58:52,510

the prettiest pictures you have of UFOs

1210

00:58:58,170 --> 00:58:56,109

no they're demanding to see the physical

1211

00:59:00,299 --> 00:58:58,180

evidence they're demanding to see the

1212

00:59:05,309 --> 00:59:00,309

bodies well what are we talking about

1213

00:59:09,930 --> 00:59:05,319

all over we're talking Roswell so it I

1214

00:59:12,630 --> 00:59:09,940

guess I should be at least somewhat you

1215

00:59:15,930 --> 00:59:12,640

know at least flattered complemented by

1216

00:59:16,740 --> 00:59:15,940

the fact that it doesn't go away that no

1217

00:59:18,690 --> 00:59:16,750

matter

1218

00:59:22,860 --> 00:59:18,700

often they come up with another

1219

00:59:24,860 --> 00:59:22,870

explanation for 1947 that even different

1220

00:59:29,850 --> 00:59:24,870

variations on the same balloon theme

1221

00:59:33,210 --> 00:59:29,860

that it doesn't go away that Roswell has

1222

00:59:36,720 --> 00:59:33,220

become a household word around the world

1223

00:59:40,200 --> 00:59:36,730

and it does not you know imply crashed

1224

00:59:43,500 --> 00:59:40,210

weather balloon it is it's exactly what

1225

00:59:46,500 --> 00:59:43,510

we're seeing in the news today I mean

1226  
00:59:48,840 --> 00:59:46,510  
Tucker Carlson every time he talks about

1227  
00:59:49,320 --> 00:59:48,850  
this subject and no matter who he talked

1228  
00:59:52,850 --> 00:59:49,330  
to

1229  
00:59:56,340 --> 00:59:52,860  
he asks do that the government have

1230  
01:00:01,130 --> 00:59:56,350  
physical evidence and he actually words

1231  
01:00:04,020 --> 01:00:01,140  
it do they had a crashed UFO

1232  
01:00:07,440 --> 01:00:04,030  
well again yeah we're talking Roswell

1233  
01:00:11,220 --> 01:00:07,450  
yeah yeah yeah yeah and in the in the

1234  
01:00:13,650 --> 01:00:11,230  
recent Davis Wilson leaked documents

1235  
01:00:16,610 --> 01:00:13,660  
there's a pretty interesting line I

1236  
01:00:22,170 --> 01:00:16,620  
think it's on the last page on page 15

1237  
01:00:28,580 --> 01:00:22,180  
which said UFO crashes and landings are

1238  
01:00:32,850 --> 01:00:28,590

real abductions are not and to say

1239

01:00:35,430 --> 01:00:32,860

crashes and landed craft well that says

1240

01:00:38,450 --> 01:00:35,440

two different things one is involuntary

1241

01:00:41,910 --> 01:00:38,460

all right the crash and one is not

1242

01:00:45,030 --> 01:00:41,920

landed and that's that's a pretty

1243

01:00:47,670 --> 01:00:45,040

telling situation that there is it is

1244

01:00:51,630 --> 01:00:47,680

but it could be also a play on words

1245

01:00:54,080 --> 01:00:51,640

because even at the time of Roswell many

1246

01:00:59,070 --> 01:00:54,090

of the press accounts describe it as

1247

01:01:03,210 --> 01:00:59,080

landed and in fact even to this day many

1248

01:01:06,720 --> 01:01:03,220

of the press stories on Roswell

1249

01:01:09,840 --> 01:01:06,730

referred to it as the UFO had landed in

1250

01:01:12,180 --> 01:01:09,850

New Mexico landed north of Roswell that

1251

01:01:14,520 --> 01:01:12,190

type of things yes there's clearly a

1252

01:01:18,390 --> 01:01:14,530

distinction between a crash and a

1253

01:01:19,680 --> 01:01:18,400

landing for any of us who fly and makes

1254

01:01:26,130 --> 01:01:19,690

all the difference in the world

1255

01:01:28,200 --> 01:01:26,140

but the whenever I'm asked for example

1256

01:01:30,150 --> 01:01:28,210

well do you believe in abductions you

1257

01:01:30,360 --> 01:01:30,160

believe in missing time experiences or

1258

01:01:32,160 --> 01:01:30,370

do you

1259

01:01:35,160 --> 01:01:32,170

believe in other crashes that type of

1260

01:01:36,840 --> 01:01:35,170

thing and I have to always catch myself

1261

01:01:38,760 --> 01:01:36,850

and that if I accept

1262

01:01:41,010 --> 01:01:38,770

Roswell then I have to accept that

1263

01:01:43,800 --> 01:01:41,020

everything else is possible mm-hmm I

1264

01:01:46,560 --> 01:01:43,810

just can't you know put these guidelines

1265

01:01:48,120 --> 01:01:46,570

on you know these restrictions on well

1266

01:01:49,620 --> 01:01:48,130

but this is my case this is what I'm

1267

01:01:51,690 --> 01:01:49,630

working on and it automatically

1268

01:01:53,490 --> 01:01:51,700

disqualifies anything else I'm

1269

01:01:55,470 --> 01:01:53,500

threatened by anybody else's research

1270

01:01:57,930 --> 01:01:55,480

anything else somebody else is working

1271

01:02:02,040 --> 01:01:57,940

on well no that's that would be totally

1272

01:02:06,210 --> 01:02:02,050

disingenuous on my part the in the book

1273

01:02:09,570 --> 01:02:06,220

there's lots of reasons to get the book

1274

01:02:13,850 --> 01:02:09,580

and it's a lot of new information but I

1275

01:02:18,360 --> 01:02:13,860

want to go directly to a couple of

1276

01:02:21,570 --> 01:02:18,370

chapters and one which it's pretty

1277

01:02:27,180 --> 01:02:21,580

amazing and you covered it before but

1278

01:02:30,150 --> 01:02:27,190

it's June crane yes June crane she's no

1279

01:02:34,170 --> 01:02:30,160

longer a she's no longer witness but who

1280

01:02:36,920 --> 01:02:34,180

is June crane June crane worked at

1281

01:02:40,140 --> 01:02:36,930

wright-patterson in the early to mid

1282

01:02:45,720 --> 01:02:40,150

1950s she was a secretary who work

1283

01:02:49,590 --> 01:02:45,730

specifically in document and actually

1284

01:02:51,600 --> 01:02:49,600

monitoring inventory things that were

1285

01:02:56,330 --> 01:02:51,610

coming onto the base of things that were

1286

01:03:00,450 --> 01:02:56,340

going off the base and it was it was

1287

01:03:03,900 --> 01:03:00,460

some at some point that she actually saw

1288

01:03:06,120 --> 01:03:03,910

reports concerning crashed saucers in

1289

01:03:09,180 --> 01:03:06,130

other words there was they were keeping

1290

01:03:14,100 --> 01:03:09,190

track obviously of such wreckage coming

1291

01:03:17,870 --> 01:03:14,110

onto the base and she recounted on a

1292

01:03:20,970 --> 01:03:17,880

number of occasions where she spoke to

1293

01:03:25,230 --> 01:03:20,980

personnel who had just arrived back at

1294

01:03:28,020 --> 01:03:25,240

the base and on one occasion one

1295

01:03:30,840 --> 01:03:28,030

reference New Mexico reference what had

1296

01:03:32,820 --> 01:03:30,850

happened back in 47 referenced the fact

1297

01:03:36,000 --> 01:03:32,830

that it was more than just records but

1298

01:03:39,440 --> 01:03:36,010

it was also bodies and on another

1299

01:03:42,720 --> 01:03:39,450

occasion June crane was actually

1300

01:03:44,039 --> 01:03:42,730

provided a piece to hold she held a

1301

01:03:46,589 --> 01:03:44,049

piece of the memory

1302

01:03:49,049 --> 01:03:46,599

Tyrael whether it was from Roswell or

1303

01:03:51,299 --> 01:03:49,059

some subsequent other you know

1304

01:03:54,029 --> 01:03:51,309

subsequent crash nonetheless she

1305

01:03:56,939 --> 01:03:54,039

described it exactly as the Roswell

1306

01:03:58,499 --> 01:03:56,949

witnesses that when you creased it you

1307

01:04:00,749 --> 01:03:58,509

crumbled it when you follow that when

1308

01:04:03,179 --> 01:04:00,759

you released your grip it returned right

1309

01:04:08,069 --> 01:04:03,189

before your eyes to its original shape

1310

01:04:10,259 --> 01:04:08,079

and size no damage whatsoever and when

1311

01:04:12,229 --> 01:04:10,269

we first interviewed we were the Kevin

1312

01:04:15,719 --> 01:04:12,239

Randle and I were the first ones to

1313

01:04:19,559 --> 01:04:15,729

interview Jayne but we majoun but we

1314

01:04:24,089 --> 01:04:19,569

used a pseudonym at her request and it

1315

01:04:26,729 --> 01:04:24,099

was then ten years later not quite but

1316

01:04:28,880 --> 01:04:26,739

when the Air Force came out with the

1317

01:04:31,799 --> 01:04:28,890

aunt of her morphic wouldn't crash dummy

1318

01:04:35,400 --> 01:04:31,809

explanation and that was her final straw

1319

01:04:38,219 --> 01:04:35,410

she felt that it was the last insult

1320

01:04:40,890 --> 01:04:38,229

that she was going to tolerate and she

1321

01:04:44,370 --> 01:04:40,900

went public and she stood up and she

1322

01:04:48,089 --> 01:04:44,380

used her name she had cancer at the time

1323

01:04:51,120 --> 01:04:48,099

so it was enough of the lies and she

1324

01:04:53,939 --> 01:04:51,130

stepped forward and said I saw it I held

1325

01:04:56,279 --> 01:04:53,949

it in my hands I saw the documents I saw

1326

01:04:58,739 --> 01:04:56,289

the reports I spoke to the people who

1327

01:05:01,039 --> 01:04:58,749

were involved and ladies and gentlemen

1328

01:05:03,779 --> 01:05:01,049

it's true it did happen and

1329

01:05:06,359 --> 01:05:03,789

wright-patterson was the final and

1330

01:05:11,189 --> 01:05:06,369

depository of this proof that we were

1331

01:05:14,130 --> 01:05:11,199

not alone and it was the the crash don't

1332

01:05:16,979 --> 01:05:14,140

you know what that crash dummy situation

1333

01:05:19,589 --> 01:05:16,989

was like one of the final straws for me

1334

01:05:23,549 --> 01:05:19,599

to when when that report came out

1335

01:05:26,130 --> 01:05:23,559

because even I and it sounds like June

1336

01:05:29,009 --> 01:05:26,140

did too but even I knew that the dates

1337

01:05:31,019 --> 01:05:29,019

were wrong right I knew that the dates

1338

01:05:34,259 --> 01:05:31,029

were wrong and I remember driving home

1339

01:05:38,189 --> 01:05:34,269

in my car five years removed five years

1340

01:05:41,249 --> 01:05:38,199

Rajic project Excelsior and high dive

1341

01:05:43,380 --> 01:05:41,259

didn't even originate until 1952 that's

1342

01:05:47,189 --> 01:05:43,390

right and then they came up with that

1343

01:05:50,339 --> 01:05:47,199

you know that concoction that is not in

1344

01:05:53,819 --> 01:05:50,349

a single medical or psychiatric journal

1345

01:05:55,829 --> 01:05:53,829

anywhere of time compression the idea

1346

01:05:57,510 --> 01:05:55,839

that as we get older we not only start

1347

01:06:00,330 --> 01:05:57,520

to confuse the years

1348

01:06:03,000 --> 01:06:00,340

but also the decades while poppycock and

1349

01:06:06,359 --> 01:06:03,010

then on top of it we immediately sent a

1350

01:06:09,120 --> 01:06:06,369

fax to the Pentagon at that time which

1351

01:06:12,030 --> 01:06:09,130

we inform them that just for your

1352

01:06:14,760 --> 01:06:12,040

information all of the body witnesses

1353

01:06:18,180 --> 01:06:14,770

that we have interviewed concerning the

1354

01:06:21,480 --> 01:06:18,190

1947 incident were no longer in New

1355

01:06:24,210 --> 01:06:21,490

Mexico in 1952 so they could not have

1356

01:06:26,520 --> 01:06:24,220

been witnesses to any wooden crash

1357

01:06:30,060 --> 01:06:26,530

dummies as you would suggest

1358

01:06:31,440 --> 01:06:30,070

so as the pentagon spokesperson at the

1359

01:06:33,540 --> 01:06:31,450

very end of that press conference when

1360

01:06:36,330 --> 01:06:33,550

he was asked by reporter well one of the

1361

01:06:38,370 --> 01:06:36,340

people don't believe this explanation to

1362

01:06:40,040 --> 01:06:38,380

which he responded well then I guess

1363

01:06:43,830 --> 01:06:40,050

we'll be back in another few years

1364

01:06:46,830 --> 01:06:43,840

offering another explanation so it was

1365

01:06:49,530 --> 01:06:46,840

it was simply a case of running out the

1366

01:06:52,650 --> 01:06:49,540

clock stalling for time and that's all

1367

01:06:56,490 --> 01:06:52,660

they were doing did she have did June

1368

01:06:59,580 --> 01:06:56,500

have a security clearance yes she did

1369

01:07:02,090 --> 01:06:59,590

yes she did and she also said I think

1370

01:07:08,130 --> 01:07:02,100

you mentioned it in the book she signed

1371

01:07:10,830 --> 01:07:08,140

an NDA non-disclosure right and she

1372

01:07:12,630 --> 01:07:10,840

again she would comment that because she

1373

01:07:15,000 --> 01:07:12,640

was dying of cancer she would comment

1374

01:07:17,460 --> 01:07:15,010

they couldn't hurt her any longer in

1375

01:07:21,930 --> 01:07:17,470

fact she even dared them to try to take

1376

01:07:26,220 --> 01:07:21,940

some action or you know some reprisal as

1377

01:07:28,500 --> 01:07:26,230

far as on her speaking out of it because

1378

01:07:32,000 --> 01:07:28,510

she was calling their bluff she just

1379

01:07:35,099 --> 01:07:32,010

felt that they forced her to live with

1380

01:07:37,490 --> 01:07:35,109

news with information about the biggest

1381

01:07:40,830 --> 01:07:37,500

story you know of the millennium and

1382

01:07:45,930 --> 01:07:40,840

here she saw that she was going to die

1383

01:07:48,420 --> 01:07:45,940

with no nobody having any idea any

1384

01:07:50,520 --> 01:07:48,430

awareness of what she knew to be the

1385

01:07:53,160 --> 01:07:50,530

truth all that time and she was gonna

1386

01:07:55,380 --> 01:07:53,170

make sure that she had the last word how

1387

01:07:57,780 --> 01:07:55,390

many many people work at wright-patt I

1388

01:08:00,030 --> 01:07:57,790

mean you have the air force but you also

1389

01:08:01,830 --> 01:08:00,040

have all of the government civilian

1390

01:08:03,840 --> 01:08:01,840

employees too as well in the support

1391

01:08:06,870 --> 01:08:03,850

system that's at wright-patt and it's a

1392

01:08:09,150 --> 01:08:06,880

big base oh yes it's like it's like a

1393

01:08:11,020 --> 01:08:09,160

small city in fact it is a city onto

1394

01:08:13,780 --> 01:08:11,030

itself in fact they have their own new

1395

01:08:14,830 --> 01:08:13,790

the reactor on the base but during World

1396

01:08:18,579 --> 01:08:14,840

War two

1397

01:08:22,720 --> 01:08:18,589

it went up to almost 50,000 personnel in

1398

01:08:26,620 --> 01:08:22,730

the base and at times it has been 70 75

1399

01:08:30,550 --> 01:08:26,630

thousand so it's just II it's it's the

1400

01:08:33,550 --> 01:08:30,560

number one and in fact again the thought

1401

01:08:36,099 --> 01:08:33,560

that area 51 is this end all that it's

1402

01:08:38,829 --> 01:08:36,109

this you know the ultimate you know

1403

01:08:41,650 --> 01:08:38,839

security you know military facility in

1404

01:08:44,190 --> 01:08:41,660

the world no wright-patt still holds you

1405

01:08:46,900 --> 01:08:44,200

know that honor it is the number one

1406

01:08:49,990 --> 01:08:46,910

military facility in the world yeah it's

1407

01:08:53,230 --> 01:08:50,000

pretty massive it's pretty massive now

1408

01:08:55,660 --> 01:08:53,240

when you have that many not only Air

1409

01:08:57,970 --> 01:08:55,670

Force personnel but civilian employees

1410

01:08:59,920 --> 01:08:57,980

that are government employees but that

1411

01:09:02,920 --> 01:08:59,930

are not active Air Force personnel on

1412

01:09:07,329 --> 01:09:02,930

the base it's impossible to keep

1413

01:09:11,170 --> 01:09:07,339

everybody quiet now there are you have

1414

01:09:12,280 --> 01:09:11,180

the the patriotic duty as a citizen to

1415

01:09:15,250 --> 01:09:12,290

keep your mouth shut

1416

01:09:17,950 --> 01:09:15,260

that's part of working for the military

1417

01:09:20,380 --> 01:09:17,960

and I respect that but then there's the

1418

01:09:23,140 --> 01:09:20,390

other side of it where it is impossible

1419

01:09:26,020 --> 01:09:23,150

to keep everybody quiet forever

1420

01:09:28,329 --> 01:09:26,030

is she the fourth is she the first of

1421

01:09:31,570 --> 01:09:28,339

many that could be coming forward and at

1422

01:09:35,470 --> 01:09:31,580

some point where aliens are not

1423

01:09:38,770 --> 01:09:35,480

necessarily a security or a military

1424

01:09:43,900 --> 01:09:38,780

situation but it's a humanity you know

1425

01:09:46,690 --> 01:09:43,910

story here it you know where the the the

1426

01:09:49,270 --> 01:09:46,700

the mind is gonna change on your

1427

01:09:51,039 --> 01:09:49,280

position on this is she the first of

1428

01:09:53,050 --> 01:09:51,049

many that will be coming forward what do

1429

01:09:56,500 --> 01:09:53,060

you think I would certainly like to

1430

01:09:59,290 --> 01:09:56,510

believe so and though we named a good

1431

01:10:02,050 --> 01:09:59,300

number of a former wright-patt personnel

1432

01:10:06,010 --> 01:10:02,060

both military and civilian and certainly

1433

01:10:08,770 --> 01:10:06,020

one of our our star witnesses who

1434

01:10:12,460 --> 01:10:08,780

happened to be at t2 which would become

1435

01:10:14,950 --> 01:10:12,470

foreign technology division in 1961 was

1436

01:10:19,240 --> 01:10:14,960

the late Arthur Exxon General Arthur

1437

01:10:22,750 --> 01:10:19,250

exon he was at the base when the Roswell

1438

01:10:24,400 --> 01:10:22,760

material first arrived and Gaye was a

1439

01:10:26,950 --> 01:10:24,410

full account of what he

1440

01:10:29,770 --> 01:10:26,960

learned as far as the testing on that

1441

01:10:32,950 --> 01:10:29,780

wreckage at that at that time and then

1442

01:10:35,830 --> 01:10:32,960

in 1964 he was the base commander at

1443

01:10:38,050 --> 01:10:35,840

wright-patt and even as the base

1444

01:10:40,990 --> 01:10:38,060

commander he described to us that there

1445

01:10:42,190 --> 01:10:41,000

were entire areas of the base that were

1446

01:10:46,450 --> 01:10:42,200

off-limits

1447

01:10:49,840 --> 01:10:46,460

even to him as the base commander and so

1448

01:10:53,260 --> 01:10:49,850

that just fueled more and more of the

1449

01:10:56,110 --> 01:10:53,270

the the storyline of these multi

1450

01:10:59,800 --> 01:10:56,120

multiple levels the subterranean levels

1451

01:11:03,160 --> 01:10:59,810

and we've heard as many as 10 10 levels

1452

01:11:06,790 --> 01:11:03,170

beneath the surface on these huge

1453

01:11:10,090 --> 01:11:06,800

hangars and vaults and storage areas and

1454

01:11:13,660 --> 01:11:10,100

and secret places that even the base

1455

01:11:16,720 --> 01:11:13,670

commander didn't have access to and we

1456

01:11:19,810 --> 01:11:16,730

our good friend Ben Hanson formerly with

1457

01:11:23,650 --> 01:11:19,820

the FBI and then did the sci-fi channel

1458

01:11:30,190 --> 01:11:23,660

fact or faked TV series and his very

1459

01:11:34,570 --> 01:11:30,200

grand father was a civil engineer and he

1460

01:11:36,850 --> 01:11:34,580

was he was on T W Y as far as they was

1461

01:11:40,660 --> 01:11:36,860

on temporary duty at wright-patt for a

1462

01:11:44,620 --> 01:11:40,670

number of summers and his assignment was

1463

01:11:46,630 --> 01:11:44,630

to service the elevators that ran to

1464

01:11:51,610 --> 01:11:46,640

these multiple levels beneath the

1465

01:11:55,570 --> 01:11:51,620

surface and before he died all he would

1466

01:11:56,830 --> 01:11:55,580

admit was we are not alone that's what

1467

01:12:00,360 --> 01:11:56,840

he told Ben's father

1468

01:12:04,930 --> 01:12:00,370

based on what he supposedly saw or heard

1469

01:12:07,150 --> 01:12:04,940

at wright-patt but nonetheless he was a

1470

01:12:12,670 --> 01:12:07,160

witness to the fact that they are these

1471

01:12:16,140 --> 01:12:12,680

these sub levels that so much of our

1472

01:12:20,050 --> 01:12:16,150

history and especially our UFO history

1473

01:12:24,070 --> 01:12:20,060

has been hidden away has been part of

1474

01:12:27,010 --> 01:12:24,080

this underground vault and I'd like to

1475

01:12:29,920 --> 01:12:27,020

believe that this book exposes much of

1476

01:12:35,860 --> 01:12:29,930

that based on the testimony of a lot of

1477

01:12:37,890 --> 01:12:35,870

these former personnel if you if you

1478

01:12:42,939 --> 01:12:37,900

were given a choice

1479

01:12:46,569 --> 01:12:42,949

to take the full tour of area 51 or you

1480

01:12:47,669 --> 01:12:46,579

get the full tour of wright-patt where

1481

01:12:51,279 --> 01:12:47,679

do you go

1482

01:12:54,040 --> 01:12:51,289

51 yeah you got to do from all yeah from

1483

01:12:56,649 --> 01:12:54,050

all of the all of our sources from all

1484

01:12:59,770 --> 01:12:56,659

the information including a former

1485

01:13:03,069 --> 01:12:59,780

deputy commander on the base just about

1486

01:13:06,430 --> 01:13:03,079

everything if not everything was cleared

1487

01:13:08,680 --> 01:13:06,440

out of right path in the early 80s we

1488

01:13:11,350 --> 01:13:08,690

had a full-bird colonel made the comment

1489

01:13:14,080 --> 01:13:11,360

to us that as he put it they were having

1490

01:13:15,759 --> 01:13:14,090

a hell of a time being in the heart of

1491

01:13:19,149 --> 01:13:15,769

Dayton Ohio I mean they're right in the

1492

01:13:21,129 --> 01:13:19,159

middle of a city there yep and it just

1493

01:13:22,959 --> 01:13:21,139

didn't make any sense any longer so

1494

01:13:26,500 --> 01:13:22,969

little by little they were shipping

1495

01:13:29,140 --> 01:13:26,510

things out and obviously the most viable

1496

01:13:31,180 --> 01:13:29,150

the most logical place would be

1497

01:13:33,490 --> 01:13:31,190

someplace you know out in the desert

1498

01:13:37,209 --> 01:13:33,500

someplace out in the mountains and what

1499

01:13:39,370 --> 01:13:37,219

are we describing Groom Lake well the

1500

01:13:42,279 --> 01:13:39,380

same the same statements have been made

1501

01:13:44,169 --> 01:13:42,289

about area 51 that it's the ever is

1502

01:13:49,080 --> 01:13:44,179

blown and everything's been shipped out

1503

01:13:53,290 --> 01:13:49,090

and is now at wright-patt B which well

1504

01:13:55,390 --> 01:13:53,300

no no I was I wouldn't believe things

1505

01:13:57,879 --> 01:13:55,400

went back the right path that would make

1506

01:14:01,450 --> 01:13:57,889

no sense at all for having been on the

1507

01:14:05,049 --> 01:14:01,460

base and again it is in the middle of

1508

01:14:08,220 --> 01:14:05,059

Dayton Ohio and that would make no sense

1509

01:14:12,459 --> 01:14:08,230

at all now we have heard for example

1510

01:14:16,600 --> 01:14:12,469

during that that the class-action suit

1511

01:14:20,370 --> 01:14:16,610

against 51 back in the 90s that much of

1512

01:14:24,310 --> 01:14:20,380

the activity was shifted to area 52

1513

01:14:27,640 --> 01:14:24,320

which is Utah Dugway yes

1514

01:14:30,430 --> 01:14:27,650

Doug wait yes and what what we also

1515

01:14:34,029 --> 01:14:30,440

described in the book is that we have a

1516

01:14:38,890 --> 01:14:34,039

first-hand retired colonel in the late

1517

01:14:42,839 --> 01:14:38,900

50s who testified that he saw one of the

1518

01:14:45,879 --> 01:14:42,849

bodies didn't know you know of what

1519

01:14:48,430 --> 01:14:45,889

event what is you know how it was

1520

01:14:51,580 --> 01:14:48,440

recovered what did involved but then he

1521

01:14:55,990 --> 01:14:51,590

saw a cadaver not human

1522

01:14:58,900 --> 01:14:56,000

at Dugway in the late 50s and then we

1523

01:15:02,410 --> 01:14:58,910

tie that in with the story of the late

1524

01:15:03,430 --> 01:15:02,420

Colonel George Weinbrenner who happened

1525

01:15:07,390 --> 01:15:03,440

to be a Hynix

1526

01:15:09,340 --> 01:15:07,400

last boss at right path and Weinbrenner

1527

01:15:12,580 --> 01:15:09,350

was a head of the foreign technology

1528

01:15:16,060 --> 01:15:12,590

division which did all the reverse

1529

01:15:19,330 --> 01:15:16,070

engineering whenever they had recovered

1530

01:15:21,820 --> 01:15:19,340

big or a german messerschmitt or

1531

01:15:25,630 --> 01:15:21,830

anything that they wanted to see how it

1532

01:15:28,000 --> 01:15:25,640

flew how it ticked and that's how even

1533

01:15:31,000 --> 01:15:28,010

the Operation Paperclip with the German

1534

01:15:33,850 --> 01:15:31,010

and the Nazi scientists were often

1535

01:15:37,900 --> 01:15:33,860

utilized and they spent a good amount of

1536

01:15:39,820 --> 01:15:37,910

their time at wright-patt but so the

1537

01:15:44,170 --> 01:15:39,830

point being that whatever happened in

1538

01:15:46,300 --> 01:15:44,180

Roswell it also went to wright-patt so

1539

01:15:48,730 --> 01:15:46,310

it went to foreign technology in an

1540

01:15:51,520 --> 01:15:48,740

attempt to reverse engineer and find out

1541

01:15:54,790 --> 01:15:51,530

how it flew so to speak but Weinbrenner

1542

01:15:58,630 --> 01:15:54,800

hynek's last boss at foreign technology

1543

01:16:00,450 --> 01:15:58,640

before he died he sent a message to

1544

01:16:04,420 --> 01:16:00,460

robert EMA

1545

01:16:07,960 --> 01:16:04,430

personal friend Emma Nagar who wrote the

1546

01:16:11,260 --> 01:16:07,970

book ufos past president future and he

1547

01:16:14,980 --> 01:16:11,270

had been contracted in the mid-70s to do

1548

01:16:18,640 --> 01:16:14,990

a documentary for the air force and his

1549

01:16:22,270 --> 01:16:18,650

main contact was george Weinbrenner at

1550

01:16:24,850 --> 01:16:22,280

wright-patt and the story is that

1551

01:16:29,050 --> 01:16:24,860

Weinbrenner before he died sent a

1552

01:16:34,660 --> 01:16:29,060

personal note to emma which read

1553

01:16:37,300 --> 01:16:34,670

george we have five bodies in Utah hmm

1554

01:16:39,340 --> 01:16:37,310

well we know what t we know what he was

1555

01:16:44,230 --> 01:16:39,350

talking about and he was referencing

1556

01:16:47,770 --> 01:16:44,240

Dudley so then the last time I had

1557

01:16:49,650 --> 01:16:47,780

dinner with Colonel Robert friend our

1558

01:16:52,030 --> 01:16:49,660

friend just passed away a few months ago

1559

01:16:55,450 --> 01:16:52,040

but I had dinner with him on one

1560

01:16:57,460 --> 01:16:55,460

occasion in Los Angeles and I asked him

1561

01:17:01,330 --> 01:16:57,470

point-blank right to his face I said

1562

01:17:05,410 --> 01:17:01,340

colonel if you did have bodies now now

1563

01:17:09,520 --> 01:17:05,420

friend was the second-last director of a

1564

01:17:11,680 --> 01:17:09,530

Project Blue Book so he was still very

1565

01:17:13,960 --> 01:17:11,690

skeptical very coy he didn't want to

1566

01:17:16,120 --> 01:17:13,970

admit anything and I kept pressing him

1567

01:17:16,870 --> 01:17:16,130

and I finally said Colonel if you did

1568

01:17:20,410 --> 01:17:16,880

have bodies

1569

01:17:22,510 --> 01:17:20,420

if Roswell did happen if you had bodies

1570

01:17:25,240 --> 01:17:22,520

and you had to preserve them where would

1571

01:17:26,830 --> 01:17:25,250

they be today and he without hesitation

1572

01:17:29,140 --> 01:17:26,840

he went why of course

1573

01:17:32,310 --> 01:17:29,150

Dugway biological medical research

1574

01:17:37,690 --> 01:17:32,320

facility that's where they would be

1575

01:17:41,050 --> 01:17:37,700

interesting so they would so the point

1576

01:17:43,540 --> 01:17:41,060

being it wouldn't be right pat if things

1577

01:17:46,930 --> 01:17:43,550

have been moved out of groom lake out of

1578

01:17:51,280 --> 01:17:46,940

51 that is where we're focusing right

1579

01:17:53,920 --> 01:17:51,290

now area 52 Dugway in Utah well with the

1580

01:17:56,470 --> 01:17:53,930

backwards engineering which would have

1581

01:18:00,340 --> 01:17:56,480

to take place with with any type of

1582

01:18:02,710 --> 01:18:00,350

technology like this the that reverse

1583

01:18:06,610 --> 01:18:02,720

engineering was happening at wright-patt

1584

01:18:09,400 --> 01:18:06,620

and then tested at area 51 they wouldn't

1585

01:18:11,590 --> 01:18:09,410

test it in Dayton and of course I'm you

1586

01:18:14,290 --> 01:18:11,600

know reverencing bob lazar and the

1587

01:18:17,430 --> 01:18:14,300

things that he had I've seen it at s4 is

1588

01:18:20,830 --> 01:18:17,440

is that the way it would have gone down

1589

01:18:23,590 --> 01:18:20,840

I'm still very skeptical and in fact I

1590

01:18:26,620 --> 01:18:23,600

still maintain the position Jeremy that

1591

01:18:28,780 --> 01:18:26,630

it's a cover-up of ignorant that after

1592

01:18:31,780 --> 01:18:28,790

all these years they still can't find me

1593

01:18:34,330 --> 01:18:31,790

on button so to speak I think it's base

1594

01:18:36,160 --> 01:18:34,340

it's partly you know human arrogance

1595

01:18:39,190 --> 01:18:36,170

that we think we can bridge the

1596

01:18:41,020 --> 01:18:39,200

technology sure that if you know

1597

01:18:43,330 --> 01:18:41,030

different than sending a television back

1598

01:18:45,130 --> 01:18:43,340

to the Middle Ages and yeah I'm sure

1599

01:18:47,230 --> 01:18:45,140

they could figure it out of course they

1600

01:18:49,210 --> 01:18:47,240

couldn't know they could and and the

1601

01:18:51,850 --> 01:18:49,220

very thought that we've been able to

1602

01:18:54,460 --> 01:18:51,860

reverse-engineer something that maybe

1603

01:18:56,200 --> 01:18:54,470

you know simply a hundred years ahead of

1604

01:18:59,620 --> 01:18:56,210

us

1605

01:19:02,620 --> 01:18:59,630

no that's possible but I find it I find

1606

01:19:04,660 --> 01:19:02,630

it unlikely because here you have these

1607

01:19:07,180 --> 01:19:04,670

Navy pilots and as I have often

1608

01:19:10,450 --> 01:19:07,190

encountered and talking to sac officers

1609

01:19:14,170 --> 01:19:10,460

and pilots all over the country they are

1610

01:19:18,130 --> 01:19:14,180

still in all of this technology they are

1611

01:19:19,030 --> 01:19:18,140

still behaving as though my god these

1612

01:19:22,840 --> 01:19:19,040

things are

1613

01:19:26,890 --> 01:19:22,850

find the laws of physics how can they do

1614

01:19:29,260 --> 01:19:26,900

that well it's it's a very easy way to

1615

01:19:31,420 --> 01:19:29,270

look at it and to demonstrate and it's

1616

01:19:34,320 --> 01:19:31,430

like this Don you know what a cellphone

1617

01:19:37,480 --> 01:19:34,330

is I've seen your flip phone okay so you

1618

01:19:41,290 --> 01:19:37,490

know no no I got rid of that it's all

1619

01:19:45,700 --> 01:19:41,300

yours you guys know how chic that is

1620

01:19:51,420 --> 01:19:45,710

today they have that that Don's yeah but

1621

01:19:56,590 --> 01:19:51,430

you and I and an engineer from Apple and

1622

01:20:00,310 --> 01:19:56,600

50 other design engineers right and

1623

01:20:04,180 --> 01:20:00,320

software engineers if we all are on a

1624

01:20:06,700 --> 01:20:04,190

desert island right no means of

1625

01:20:09,130 --> 01:20:06,710

production right but we have the

1626  
01:20:11,410 --> 01:20:09,140  
knowledge that doesn't mean we're gonna

1627  
01:20:15,130 --> 01:20:11,420  
be able to produce iPhones the next day

1628  
01:20:18,100 --> 01:20:15,140  
as a matter of fact you would never see

1629  
01:20:20,890 --> 01:20:18,110  
an iPhone on that desert island because

1630  
01:20:22,930 --> 01:20:20,900  
we may know what they are but the means

1631  
01:20:25,450 --> 01:20:22,940  
of production or how to get it done

1632  
01:20:28,870 --> 01:20:25,460  
that's something else and that's where

1633  
01:20:31,690 --> 01:20:28,880  
society is today is an overlapping of

1634  
01:20:34,690 --> 01:20:31,700  
building on the past but just because

1635  
01:20:36,880 --> 01:20:34,700  
you have the idea of a flying saucer and

1636  
01:20:39,220 --> 01:20:36,890  
the propulsion system doesn't mean you

1637  
01:20:41,490 --> 01:20:39,230  
know how it ticks or that you're gonna

1638  
01:20:44,200 --> 01:20:41,500

be able to build one or that it's gonna

1639

01:20:47,230 --> 01:20:44,210

you know what I mean it's it's not that

1640

01:20:50,500 --> 01:20:47,240

Corey exactly in fact I'll cite the

1641

01:20:53,110 --> 01:20:50,510

example he was a flight engineer he was

1642

01:20:56,710 --> 01:20:53,120

with the three 93rd Bomb Group at

1643

01:21:01,660 --> 01:20:56,720

Roswell in 1947 the late Sergeant

1644

01:21:04,780 --> 01:21:01,670

William Ennis and they were in charge of

1645

01:21:06,730 --> 01:21:04,790

the b-29s the silver plates and he would

1646

01:21:09,070 --> 01:21:06,740

put it we could take them apart down to

1647

01:21:11,560 --> 01:21:09,080

the last rivet and put them back

1648

01:21:14,740 --> 01:21:11,570

together again that's what they did and

1649

01:21:17,860 --> 01:21:14,750

he talked about what happened he talked

1650

01:21:21,820 --> 01:21:17,870

about when they first saw the remains of

1651  
01:21:24,850 --> 01:21:21,830  
the crash and he went gone before I go

1652  
01:21:28,320 --> 01:21:24,860  
you got to find out how that damn thing

1653  
01:21:31,450 --> 01:21:28,330  
flew it didn't have a moving part on it

1654  
01:21:32,770 --> 01:21:31,460  
so what do you reverse engineer yeah

1655  
01:21:34,390 --> 01:21:32,780  
example of what

1656  
01:21:36,850 --> 01:21:34,400  
thing flu whatever it was thought

1657  
01:21:38,890 --> 01:21:36,860  
projection one of the memory material

1658  
01:21:41,080 --> 01:21:38,900  
was the propulsion the very idea you

1659  
01:21:43,510 --> 01:21:41,090  
know you could climb into this into the

1660  
01:21:45,850 --> 01:21:43,520  
seat and you you just tell us you know

1661  
01:21:48,279 --> 01:21:45,860  
you just you know projected you know

1662  
01:21:51,729 --> 01:21:48,289  
your mind as far as what you wanted to

1663  
01:21:55,060 --> 01:21:51,739

do how do you reverse engineer that you

1664

01:21:57,160 --> 01:21:55,070

can't you can't you simply can is it

1665

01:21:59,260 --> 01:21:57,170

would just sit there on the tarmac let's

1666

01:22:01,299 --> 01:21:59,270

uh let's take a quick break our guest

1667

01:22:03,160 --> 01:22:01,309

tonight dodge Schmitt we're talking

1668

01:22:05,020 --> 01:22:03,170

about his book just released in

1682

01:22:50,320 --> 01:22:48,200

ready I'm ready

1683

01:22:54,010 --> 01:22:50,330

I just got I just gotta I just gotta

1684

01:23:00,730 --> 01:22:54,020

hear you share this the fighter ace

1685

01:23:05,710 --> 01:23:00,740

meets something squiggly Colonel Marion

1686

01:23:11,050 --> 01:23:05,720

Magruder he was War College class of 47

1687

01:23:13,480 --> 01:23:11,060

48 and as the War College goes these are

1688

01:23:16,600 --> 01:23:13,490

high-ranking lieutenant colonel is the

1689

01:23:20,080 --> 01:23:16,610

lowest rank but they're all being

1690

01:23:24,130 --> 01:23:20,090

schooled as far as in mainly foreign

1691

01:23:31,270 --> 01:23:24,140

intelligence and then public relations

1692

01:23:37,330 --> 01:23:31,280

as to essentially creating impressions

1693

01:23:40,390 --> 01:23:37,340

and propaganda and topics that you know

1694

01:23:45,190 --> 01:23:40,400

are very sensitive and you know creating

1695

01:23:47,320 --> 01:23:45,200

a human perspective whether on the

1696

01:23:48,760 --> 01:23:47,330

american front or on a foreign front so

1697

01:23:53,800 --> 01:23:48,770

that's what they're being schooled in

1698

01:23:58,890 --> 01:23:53,810

basically public relations so McGruder

1699

01:24:03,880 --> 01:23:58,900

was a triple ace World War two so highly

1700

01:24:06,820 --> 01:24:03,890

highly awarded highly respected member

1701

01:24:10,150 --> 01:24:06,830

of the War College and he's died of

1702

01:24:14,260 --> 01:24:10,160

cancer in 1995 and one by one he

1703

01:24:17,680 --> 01:24:14,270

confides to his five sons that he was

1704

01:24:22,650 --> 01:24:17,690

with the War College and at some point

1705

01:24:27,160 --> 01:24:22,660

they were taken to wright-patterson and

1706

01:24:30,340 --> 01:24:27,170

they had a whole series of projects but

1707

01:24:33,940 --> 01:24:30,350

one of them involve going into a room

1708

01:24:36,250 --> 01:24:33,950

and having some wreckage some metallic

1709

01:24:37,870 --> 01:24:36,260

material passed around that they were

1710

01:24:38,830 --> 01:24:37,880

able to handle that they were able to he

1711

01:24:41,200 --> 01:24:38,840

examined

1712

01:24:43,150 --> 01:24:41,210

and they were asked for their opinions

1713

01:24:46,330 --> 01:24:43,160

they were asked on what do you make of

1714

01:24:48,670 --> 01:24:46,340

this what do you think of this and it

1715

01:24:51,160 --> 01:24:48,680

was against some of the memory material

1716

01:24:54,850 --> 01:24:51,170

this material that right before your

1717

01:24:57,670 --> 01:24:54,860

eyes it was like it was alive you could

1718

01:24:59,890 --> 01:24:57,680

manipulate it you it was malleable you

1719

01:25:02,410 --> 01:24:59,900

could twist it you could crunch it fold

1720

01:25:05,200 --> 01:25:02,420

it and yet it would always return back

1721

01:25:05,950 --> 01:25:05,210

to its original shape and size right

1722

01:25:08,230 --> 01:25:05,960

before your eyes

1723

01:25:12,370 --> 01:25:08,240

and then he would describe that they

1724

01:25:15,490 --> 01:25:12,380

were taken into another room and they

1725

01:25:18,370 --> 01:25:15,500

immediately saw that what was in this

1726

01:25:23,500 --> 01:25:18,380

glass enclosure this other the separated

1727

01:25:25,560 --> 01:25:23,510

room was not human the stories were true

1728

01:25:28,120 --> 01:25:25,570

the rumors were true

1729

01:25:32,370 --> 01:25:28,130

and they were it was explained to them

1730

01:25:37,690 --> 01:25:32,380

that it was the survivor from Roswell

1731

01:25:40,690 --> 01:25:37,700

and he felt great pity for what he saw

1732

01:25:43,870 --> 01:25:40,700

but he felt as though that it was almost

1733

01:25:47,830 --> 01:25:43,880

imprisoned that it was a laboratory

1734

01:25:51,220 --> 01:25:47,840

animal so to speak and what they were

1735

01:25:52,750 --> 01:25:51,230

all doing to it and when he was asked

1736

01:25:55,500 --> 01:25:52,760

well how did it look or what did they

1737

01:25:59,080 --> 01:25:55,510

call it and he used the word squiggly

1738

01:26:02,530 --> 01:25:59,090

that it was a very spindly body and it

1739

01:26:04,420 --> 01:26:02,540

was ashen gray as far as its skin tone

1740

01:26:07,300 --> 01:26:04,430

that type of thing and then he would

1741

01:26:11,130 --> 01:26:07,310

hear that it died a short time

1742

01:26:16,090 --> 01:26:11,140

thereafter as a result of all of their

1743

01:26:19,420 --> 01:26:16,100

experiments and testing and work as far

1744

01:26:22,870 --> 01:26:19,430

as odd on a survivor and then we

1745

01:26:28,300 --> 01:26:22,880

verified that McGruder had actually been

1746

01:26:30,070 --> 01:26:28,310

stationed in April of 1948 and he was at

1747

01:26:34,300 --> 01:26:30,080

wright-patt we found the documents he

1748

01:26:38,710 --> 01:26:34,310

was there in April of 48 so it confirmed

1749

01:26:42,790 --> 01:26:38,720

at least his being assigned to the base

1750

01:26:46,090 --> 01:26:42,800

as part of the War College in April 48

1751

01:26:50,130 --> 01:26:46,100

and then his deathbed testimony to his

1752

01:26:52,380 --> 01:26:50,140

sons each were told the exact same

1753

01:26:56,820 --> 01:26:52,390

account same scenario

1754

01:26:58,620 --> 01:26:56,830

but it it's further confirmed the the

1755

01:27:00,660 --> 01:26:58,630

eyewitness testimony that we've had

1756

01:27:03,510 --> 01:27:00,670

regarding Roswell whether civilian

1757

01:27:06,120 --> 01:27:03,520

whether the fire department whether the

1758

01:27:09,600 --> 01:27:06,130

the Sheriff's Department or whether the

1759

01:27:12,480 --> 01:27:09,610

personnel on the base the the the base

1760

01:27:16,910 --> 01:27:12,490

hospital had Roswell that there was a

1761

01:27:20,390 --> 01:27:16,920

lone survivor a result of the crash I

1762

01:27:26,300 --> 01:27:20,400

want to go through I want to set this up

1763

01:27:30,420 --> 01:27:26,310

really quick what was project sign

1764

01:27:35,310 --> 01:27:30,430

project sign was the very first official

1765

01:27:37,830 --> 01:27:35,320

UFO investigation originating in 1948

1766

01:27:40,950 --> 01:27:37,840

right after Roswell within months after

1767

01:27:44,490 --> 01:27:40,960

Roswell General Lawrence Craig II who

1768

01:27:49,440 --> 01:27:44,500

had sent a representative by the name of

1769

01:27:52,200 --> 01:27:49,450

Ben games he was his aide who went to

1770

01:27:54,600 --> 01:27:52,210

Roswell to represent the general and

1771

01:27:58,530 --> 01:27:54,610

then returned and gave him a full

1772

01:28:02,310 --> 01:27:58,540

account and according to games it is a

1773

01:28:04,800 --> 01:28:02,320

null I mean what the general did with

1774

01:28:07,800 --> 01:28:04,810

the information but it was not about a

1775

01:28:11,480 --> 01:28:07,810

weather balloon recovery and Craig II

1776

01:28:14,010 --> 01:28:11,490

then was the one who made the

1777

01:28:19,850 --> 01:28:14,020

recommendation and then signed the very

1778

01:28:24,900 --> 01:28:19,860

papers that initiated project sign its

1779

01:28:29,330 --> 01:28:24,910

classification was not top secret but it

1780

01:28:33,630 --> 01:28:29,340

was more mid grade to secret at the time

1781

01:28:37,770 --> 01:28:33,640

but what we need to point out is that at

1782

01:28:41,550 --> 01:28:37,780

the end of 49 when they released the

1783

01:28:45,540 --> 01:28:41,560

report and it went up the the chain of

1784

01:28:49,830 --> 01:28:45,550

command to then Secretary of the Air

1785

01:28:54,000 --> 01:28:49,840

Force general Hoyt Vandenberg he ordered

1786

01:28:56,520 --> 01:28:54,010

the report burned destroyed that was the

1787

01:28:59,790 --> 01:28:56,530

unit itself is illegal that was the

1788

01:29:02,100 --> 01:28:59,800

estimate of the situation right no that

1789

01:29:04,740 --> 01:29:02,110

was part of it estimate of situation was

1790

01:29:06,180 --> 01:29:04,750

a preliminary report that we've never

1791

01:29:09,810 --> 01:29:06,190

seen we

1792

01:29:14,420 --> 01:29:09,820

we've had some carrots you know dangled

1793

01:29:18,630 --> 01:29:14,430

at times that a page or two has been

1794

01:29:22,500 --> 01:29:18,640

discovered in someone's files but the

1795

01:29:26,430 --> 01:29:22,510

estimates supposedly was either

1796

01:29:27,090 --> 01:29:26,440

destroyed or hidden away never to be

1797

01:29:29,040 --> 01:29:27,100

seen again

1798

01:29:30,930 --> 01:29:29,050

but it was project sign that was

1799

01:29:33,990 --> 01:29:30,940

actually ordered by Vandenberg to be

1800

01:29:37,830 --> 01:29:34,000

destroyed he would use the argument that

1801  
01:29:40,860 --> 01:29:37,840  
it did not provide enough physical

1802  
01:29:44,280 --> 01:29:40,870  
evidence but one of the things and

1803  
01:29:47,430 --> 01:29:44,290  
checking-in Vandenberg's background he

1804  
01:29:50,460 --> 01:29:47,440  
was very concerned about panic in fact

1805  
01:29:52,740 --> 01:29:50,470  
he talked on a number of occasions about

1806  
01:29:54,990 --> 01:29:52,750  
the War of the Worlds radio broadcast

1807  
01:29:57,630 --> 01:29:55,000  
that he was concerned that we would

1808  
01:29:59,370 --> 01:29:57,640  
actually have that very reaction on the

1809  
01:30:03,210 --> 01:29:59,380  
part of the public and then we have a

1810  
01:30:05,600 --> 01:30:03,220  
project grudge and interesting that it

1811  
01:30:08,250 --> 01:30:05,610  
would even have that very name crunch

1812  
01:30:13,200 --> 01:30:08,260  
where they cleared away almost all of

1813  
01:30:16,430 --> 01:30:13,210

the Pro et consultants investigators

1814

01:30:19,940 --> 01:30:16,440

with sine replace them all with

1815

01:30:23,190 --> 01:30:19,950

hard-line skeptics the bunkers and

1816

01:30:26,040 --> 01:30:23,200

project grudges then final conclusion

1817

01:30:29,760 --> 01:30:26,050

that this was mass hysteria mass

1818

01:30:31,680 --> 01:30:29,770

hallucination and it goes from project

1819

01:30:34,560 --> 01:30:31,690

that is semantic it goes in project

1820

01:30:36,950 --> 01:30:34,570

signs final summation that we were

1821

01:30:39,360 --> 01:30:36,960

dealing with an interplanetary

1822

01:30:41,460 --> 01:30:39,370

phenomenon that we were dealing with

1823

01:30:44,370 --> 01:30:41,470

something manufactured off the planet

1824

01:30:48,770 --> 01:30:44,380

that was project signs final conclusion

1825

01:30:52,590 --> 01:30:48,780

and from that the project grudge

1826

01:30:56,280 --> 01:30:52,600

dismissing it all away as being just

1827

01:30:58,680 --> 01:30:56,290

part of the silly season all media

1828

01:31:01,410 --> 01:30:58,690

induced and that there was nothing there

1829

01:31:05,400 --> 01:31:01,420

was no actual phenomenon and that was

1830

01:31:11,910 --> 01:31:05,410

even you know xperia by the by the

1831

01:31:16,770 --> 01:31:11,920

general public and then we have project

1832

01:31:18,750 --> 01:31:16,780

stork in Blue Book no well hold on hold

1833

01:31:20,120 --> 01:31:18,760

on I don't get it you don't get ahead of

1834

01:31:24,530 --> 01:31:20,130

your schemes young

1835

01:31:28,649 --> 01:31:24,540

we'll get ahead of your skis because

1836

01:31:31,609 --> 01:31:28,659

we've those that have researched the

1837

01:31:35,609 --> 01:31:31,619

subject are somewhat familiar with

1838

01:31:37,830 --> 01:31:35,619

project sign and how one went into the

1839

01:31:43,530 --> 01:31:37,840

other and then and and I think that

1840

01:31:45,800 --> 01:31:43,540

urban legend is that project sign turned

1841

01:31:51,000 --> 01:31:45,810

into grudge which turned into blue book

1842

01:31:53,040 --> 01:31:51,010

okay we can go with that but I have

1843

01:31:57,330 --> 01:31:53,050

never heard of project stork

1844

01:32:02,070 --> 01:31:57,340

not until this book yeah I'm what was

1845

01:32:06,149 --> 01:32:02,080

project stork project stork was at the

1846

01:32:09,540 --> 01:32:06,159

tail end of grudge and then it went into

1847

01:32:14,040 --> 01:32:09,550

because Captain Edward ruppelt was just

1848

01:32:15,990 --> 01:32:14,050

coming into play at the time in fact the

1849

01:32:19,760 --> 01:32:16,000

reason and you describe it accurately

1850

01:32:23,550 --> 01:32:19,770

Jimmy in effect that grudge morphed into

1851  
01:32:27,149 --> 01:32:23,560  
blue books and the point being that with

1852  
01:32:31,290 --> 01:32:27,159  
the newly appointed director Captain

1853  
01:32:33,479 --> 01:32:31,300  
Edward ruppelt with Hynek still as the

1854  
01:32:36,689 --> 01:32:33,489  
scientific consultant that they were

1855  
01:32:39,570 --> 01:32:36,699  
going to completely reverse course and

1856  
01:32:42,180 --> 01:32:39,580  
they were going to approach this sign

1857  
01:32:47,839 --> 01:32:42,190  
typically they were going to come up

1858  
01:32:50,520 --> 01:32:47,849  
with some resolution within a year and

1859  
01:32:54,689 --> 01:32:50,530  
one of the first things that both

1860  
01:32:59,970 --> 01:32:54,699  
repelled and Hynek then advised and

1861  
01:33:03,839 --> 01:32:59,980  
encouraged was a systematic study of the

1862  
01:33:07,560 --> 01:33:03,849  
data and they weren't the air force

1863  
01:33:11,459 --> 01:33:07,570

wasn't going to do it soul project stork

1864

01:33:15,800 --> 01:33:11,469

was contracted out to Battelle Institute

1865

01:33:19,470 --> 01:33:15,810

just down the road in Columbus Ohio and

1866

01:33:22,470 --> 01:33:19,480

they did the statistical analysis and

1867

01:33:27,120 --> 01:33:22,480

it's where a Hynek demonstrated that the

1868

01:33:31,979 --> 01:33:27,130

more data they had the better the cases

1869

01:33:33,450 --> 01:33:31,989

I mean the the the media the skeptics

1870

01:33:36,270 --> 01:33:33,460

were always

1871

01:33:38,760 --> 01:33:36,280

riding this this impression that well

1872

01:33:40,950 --> 01:33:38,770

when the more information we have the

1873

01:33:43,850 --> 01:33:40,960

easier it is to explain away know it was

1874

01:33:47,850 --> 01:33:43,860

the exact opposite and that's what stork

1875

01:33:51,170 --> 01:33:47,860

demonstrated in fact stork demonstrated

1876

01:33:55,680 --> 01:33:51,180

that almost 25 percent of the cases they

1877

01:33:57,600 --> 01:33:55,690

investigated were unexplainable and that

1878

01:34:00,180 --> 01:33:57,610

was another reason that we haven't heard

1879

01:34:01,200 --> 01:34:00,190

about stork because they were making

1880

01:34:04,200 --> 01:34:01,210

progress

1881

01:34:07,080 --> 01:34:04,210

it was an actual scientific

1882

01:34:09,600 --> 01:34:07,090

investigation of the reports that were

1883

01:34:13,080 --> 01:34:09,610

coming in and again the air force that

1884

01:34:15,540 --> 01:34:13,090

was not their assignment blue book as we

1885

01:34:20,150 --> 01:34:15,550

then would quickly see became a public

1886

01:34:22,200 --> 01:34:20,160

relations front they had no intention of

1887

01:34:27,229 --> 01:34:22,210

conducting alleged legitimate

1888

01:34:32,910 --> 01:34:27,239

investigation of the UFO phenomenon the

1889

01:34:39,930 --> 01:34:32,920

the doubt when when blue book started to

1890

01:34:44,030 --> 01:34:39,940

come to its end the impression that the

1891

01:34:47,400 --> 01:34:44,040

world had and the UFO community was that

1892

01:34:49,260 --> 01:34:47,410

the Air Force says we're done there's

1893

01:34:51,620 --> 01:34:49,270

nothing to this we're not going to fund

1894

01:34:55,140 --> 01:34:51,630

this anymore Project Blue Book is closed

1895

01:34:57,630 --> 01:34:55,150

what's the real reason for stopping what

1896

01:35:00,360 --> 01:34:57,640

was the real reason for the downfall of

1897

01:35:02,910 --> 01:35:00,370

a Project Blue Book well first of all

1898

01:35:07,080 --> 01:35:02,920

they needed a scapegoat and that was

1899

01:35:10,260 --> 01:35:07,090

when they hired as far as Washington

1900

01:35:14,790 --> 01:35:10,270

actually hired an outside contractor in

1901

01:35:16,500 --> 01:35:14,800

the guise of dr. Edward Condon they

1902

01:35:20,600 --> 01:35:16,510

conducted as far as the Condon committee

1903

01:35:25,530 --> 01:35:20,610

in University of Colorado at Boulder

1904

01:35:27,240 --> 01:35:25,540

from 1966 to the end of 1968 and they

1905

01:35:32,060 --> 01:35:27,250

produced an over seven hundred page

1906

01:35:35,580 --> 01:35:32,070

report which even the Condon committee

1907

01:35:38,250 --> 01:35:35,590

couldn't explain twenty-five percent of

1908

01:35:44,220 --> 01:35:38,260

the cases they investigated now just

1909

01:35:46,140 --> 01:35:44,230

imagine you have 25 percent unknowns no

1910

01:35:47,429 --> 01:35:46,150

different than Blue Book for having

1911

01:35:52,250 --> 01:35:47,439

investigated over

1912

01:35:55,979 --> 01:35:52,260

10,000 cases and 701 remained

1913

01:35:58,529 --> 01:35:55,989

unexplained how do you then just wash

1914

01:36:02,909 --> 01:35:58,539

your hands and say it's a hundred

1915

01:36:05,159 --> 01:36:02,919

percent explained we've accomplished you

1916

01:36:07,379 --> 01:36:05,169

know we fulfilled our mission it's all

1917

01:36:11,459 --> 01:36:07,389

been explained conventionally

1918

01:36:14,279 --> 01:36:11,469

prosaically astronomically as far as

1919

01:36:15,390 --> 01:36:14,289

conventional aircraft balloons birds

1920

01:36:18,899 --> 01:36:15,400

what-have-you

1921

01:36:20,819 --> 01:36:18,909

but the truth being Condon couldn't

1922

01:36:23,839 --> 01:36:20,829

explain 25 percent of the cases they

1923

01:36:28,709 --> 01:36:23,849

investigated and Bluebook left

1924

01:36:32,969 --> 01:36:28,719

701 cases unexplained that's still a lot

1925

01:36:37,580 --> 01:36:32,979

of meat on that bone and yet the Air

1926

01:36:41,969 --> 01:36:37,590

Force they just used it as their

1927

01:36:46,439 --> 01:36:41,979

official swan song they bowed out at the

1928

01:36:49,939 --> 01:36:46,449

end of 69 officially in January of 1970

1929

01:36:52,649 --> 01:36:49,949

and in reality they went underground

1930

01:36:56,370 --> 01:36:52,659

because as we also demonstrate in the

1931

01:37:00,629 --> 01:36:56,380

book Hynek still served as a consultant

1932

01:37:04,129 --> 01:37:00,639

at wright-patterson on his newly

1933

01:37:08,879 --> 01:37:04,139

assigned title consultant on

1934

01:37:11,459 --> 01:37:08,889

controversial aerial phenomena well I

1935

01:37:14,370 --> 01:37:11,469

know certain colleagues who would like

1936

01:37:17,069 --> 01:37:14,380

to argue that's not UFOs but then please

1937

01:37:19,049 --> 01:37:17,079

tell me what else is that consultant

1938

01:37:23,029 --> 01:37:19,059

controversial aerial phenomenon

1939

01:37:27,299 --> 01:37:23,039

I'm sure it's not the sr-71 blackbird

1940

01:37:30,509 --> 01:37:27,309

well was it their way of keeping Hynek

1941

01:37:33,270 --> 01:37:30,519

under control too as well but yes yes

1942

01:37:35,429 --> 01:37:33,280

totally totally because just imagine

1943

01:37:39,149 --> 01:37:35,439

they announced that they are ending the

1944

01:37:40,949 --> 01:37:39,159

project and Hynek is fully aware that as

1945

01:37:43,439 --> 01:37:40,959

he described and as I mentioned earlier

1946

01:37:45,899 --> 01:37:43,449

in the program all the hardcore cases

1947

01:37:49,259 --> 01:37:45,909

were going upstairs they were going

1948

01:37:52,379 --> 01:37:49,269

directly to Washington even a general

1949

01:37:56,189 --> 01:37:52,389

Arthur exon described to us that as the

1950

01:38:00,550 --> 01:37:56,199

base commander in 1964 that they were

1951

01:38:03,910 --> 01:38:00,560

fully aware that Bluebook was just a

1952

01:38:06,580 --> 01:38:03,920

nickel-and-dime project there it was not

1953

01:38:11,400 --> 01:38:06,590

a legitimate investigation that the true

1954

01:38:14,770 --> 01:38:11,410

investigation involved officers 8 to 12

1955

01:38:17,760 --> 01:38:14,780

even 15 at times who would arrive at

1956

01:38:21,790 --> 01:38:17,770

wright-patt and they would fly off in a

1957

01:38:23,860 --> 01:38:21,800

sign a sign jet in one direction while

1958

01:38:26,020 --> 01:38:23,870

the two investigators at Blue Book would

1959

01:38:28,390 --> 01:38:26,030

fly off and a little single-engine plane

1960

01:38:30,910 --> 01:38:28,400

in the opposite direction Blue Book

1961

01:38:33,820 --> 01:38:30,920

would report back to write Pat and the

1962

01:38:34,750 --> 01:38:33,830

true investigation would report back to

1963

01:38:38,710 --> 01:38:34,760

Washington

1964

01:38:42,160 --> 01:38:38,720

Hynek was aware of that Hynek would have

1965

01:38:44,830 --> 01:38:42,170

immediately started to cry foul but they

1966

01:38:49,780 --> 01:38:44,840

kept them on that short leash and it

1967

01:38:51,700 --> 01:38:49,790

wasn't until the fall of 1973 and that's

1968

01:38:54,850 --> 01:38:51,710

where we have that chapter in the book

1969

01:38:58,150 --> 01:38:54,860

and Colonel Robert friend was a witness

1970

01:39:01,380 --> 01:38:58,160

to it as well as Hynek secretary Jenny

1971

01:39:04,660 --> 01:39:01,390

Zeidman when Hynek stormed out of

1972

01:39:08,500 --> 01:39:04,670

Colonel George Wein Brenner's office

1973

01:39:11,910 --> 01:39:08,510

yelling Patsy's patsies they're trying

1974

01:39:15,070 --> 01:39:11,920

to make us Patsy's all over again and

1975

01:39:17,820 --> 01:39:15,080

that's when Hynek went back to Evanston

1976

01:39:21,610 --> 01:39:17,830

he call up his good friend and colleague

1977

01:39:23,850 --> 01:39:21,620

Sherm Larsen and said let's get together

1978

01:39:26,800 --> 01:39:23,860

tomorrow we're gonna start that

1979

01:39:29,140 --> 01:39:26,810

organization that you are encouraging me

1980

01:39:32,500 --> 01:39:29,150

to do and that was the birth of the

1981

01:39:35,290 --> 01:39:32,510

Center for UFO studies how were you when

1982

01:39:37,420 --> 01:39:35,300

you got involved I was just out of

1983

01:39:39,670 --> 01:39:37,430

college so I was in my early 20s early

1984

01:39:41,710 --> 01:39:39,680

twenties pretty exciting times weren't

1985

01:39:43,840 --> 01:39:41,720

they oh absolutely

1986

01:39:47,050 --> 01:39:43,850

oh absolutely because we had a common

1987

01:39:51,010 --> 01:39:47,060

enemy there was a you know there was a

1988

01:39:53,980 --> 01:39:51,020

common approach and with Hynek being the

1989

01:39:56,590 --> 01:39:53,990

pioneer being the spokesperson and this

1990

01:39:59,670 --> 01:39:56,600

is after now the you know dr. James

1991

01:40:04,420 --> 01:39:59,680

McDonald has passed away right I've long

1992

01:40:08,320 --> 01:40:04,430

suggested that he was the true scientist

1993

01:40:11,860 --> 01:40:08,330

who wasn't shackled by security by the

1994

01:40:14,110 --> 01:40:11,870

Air Force and so if McDonald would have

1995

01:40:15,940 --> 01:40:14,120

lived we you know

1996

01:40:18,640 --> 01:40:15,950

who knows where we might be today we may

1997

01:40:20,860 --> 01:40:18,650

have expected disclosure many years ago

1998

01:40:24,190 --> 01:40:20,870

with McDonald leading the charge

1999

01:40:27,790 --> 01:40:24,200

but with Hynek he still was under a

2000

01:40:30,640 --> 01:40:27,800

security oh it's back to the day Hynek

2001

01:40:33,970 --> 01:40:30,650

died he still had a security oath to

2002

01:40:37,840 --> 01:40:33,980

maintain yeah James McDonald that that's

2003

01:40:39,700 --> 01:40:37,850

uh that said that's one of the crazy

2004

01:40:42,430 --> 01:40:39,710

stories yeah that's one of the crazy

2005

01:40:44,350 --> 01:40:42,440

crazy stories in all of you follow gee

2006

01:40:47,290 --> 01:40:44,360

and I don't think we'll ever get to the

2007

01:40:49,480 --> 01:40:47,300

bottom of not only his death and the

2008

01:40:53,080 --> 01:40:49,490

reality of it but his personal life and

2009

01:40:54,760 --> 01:40:53,090

how it was just that man man he was

2010

01:40:55,090 --> 01:40:54,770

targeted that's that's all there was to

2011

01:40:59,620 --> 01:40:55,100

it

2012

01:41:02,920 --> 01:40:59,630

and even when he testified in Washington

2013

01:41:05,410 --> 01:41:02,930

and I'll never forget how

2014

01:41:08,380 --> 01:41:05,420

because McDonald was also in the

2015

01:41:12,820 --> 01:41:08,390

forefront of supersonic commercial

2016

01:41:15,940 --> 01:41:12,830

flight and even the SSP as it was as it

2017

01:41:20,380 --> 01:41:15,950

was called before the Concorde and how

2018

01:41:23,260 --> 01:41:20,390

Teddy Kennedy just lambasted him just

2019

01:41:26,650 --> 01:41:23,270

ridiculed him to no end that anybody

2020

01:41:29,770 --> 01:41:26,660

that you know is also in favor of the

2021

01:41:33,460 --> 01:41:29,780

SST and then he's also preaching to us

2022

01:41:37,450 --> 01:41:33,470

about UFOs and they made a laughingstock

2023

01:41:40,540 --> 01:41:37,460

out of him one of one of the best titles

2024

01:41:45,730 --> 01:41:40,550

of any chapter in any book in publishing

2025

01:41:48,730 --> 01:41:45,740

history is chapter 23 the job of jawbone

2026

01:41:54,040 --> 01:41:48,740

that spoke larger jawbone that spoke

2027

01:41:58,270 --> 01:41:54,050

Martian yes what's going on John

2028

01:42:00,880 --> 01:41:58,280

Musgrove John moss growth was a dental

2029

01:42:03,190 --> 01:42:00,890

technician in fact he had even worked he

2030

01:42:06,100 --> 01:42:03,200

was assigned to wright-patterson for

2031

01:42:09,520 --> 01:42:06,110

years before going into private practice

2032

01:42:12,280 --> 01:42:09,530

just outside of Dayton so he was still

2033

01:42:15,520 --> 01:42:12,290

you know in cloth close proximity of the

2034

01:42:21,610 --> 01:42:15,530

base and he worked on the fourth floor

2035

01:42:24,910 --> 01:42:21,620

of a lab facility back in 1979 and his

2036

01:42:27,340 --> 01:42:24,920

boss approached him one day and said I

2037

01:42:31,300 --> 01:42:27,350

need this by tomorrow I need

2038

01:42:33,520 --> 01:42:31,310

to create a replica without haste don't

2039

01:42:36,640 --> 01:42:33,530

ask me any questions and I'll be back

2040

01:42:40,540 --> 01:42:36,650

tomorrow and musgrove would take what he

2041

01:42:43,900 --> 01:42:40,550

thought was a impression from someone's

2042

01:42:46,540 --> 01:42:43,910

mouth and he took it to a sink thinking

2043

01:42:49,510 --> 01:42:46,550

he'd have to you know wash it of any

2044

01:42:51,940 --> 01:42:49,520

blood and he saliva remnant that was was

2045

01:42:54,490 --> 01:42:51,950

on it and he realized it was an actual

2046

01:42:57,970 --> 01:42:54,500

bone it was a was a mandible the lower

2047

01:43:00,280 --> 01:42:57,980

jawbone of something and as he looked at

2048

01:43:01,840 --> 01:43:00,290

he thought my god this isn't human this

2049

01:43:04,000 --> 01:43:01,850

doesn't look like anything I've ever

2050

01:43:06,850 --> 01:43:04,010

seen before I wonder if it's an animal

2051  
01:43:08,350 --> 01:43:06,860  
but then is he he you know examined it

2052  
01:43:11,550 --> 01:43:08,360  
more and more closely he thought whoa

2053  
01:43:13,770 --> 01:43:11,560  
it's too big for most animals it's still

2054  
01:43:16,750 --> 01:43:13,780  
you know looks like some type of a

2055  
01:43:20,110 --> 01:43:16,760  
humanoid something still closely related

2056  
01:43:22,600 --> 01:43:20,120  
to a human he made the made up the

2057  
01:43:26,110 --> 01:43:22,610  
impression made the relief and his boss

2058  
01:43:29,560 --> 01:43:26,120  
returned the next day and warned him not

2059  
01:43:31,390 --> 01:43:29,570  
to say a word that this because masks

2060  
01:43:33,370 --> 01:43:31,400  
rope said well where's the paperwork I

2061  
01:43:34,870 --> 01:43:33,380  
need to sign off on this and he said you

2062  
01:43:37,750 --> 01:43:34,880  
didn't do anything you didn't do

2063  
01:43:40,360 --> 01:43:37,760

anything and that need that requires any

2064

01:43:43,150 --> 01:43:40,370

type of signature and then to ensure

2065

01:43:47,710 --> 01:43:43,160

that mas group wouldn't say anything

2066

01:43:50,620 --> 01:43:47,720

he took the the relief impression to

2067

01:43:53,260 --> 01:43:50,630

create the the second replica the model

2068

01:43:57,310 --> 01:43:53,270

and he crumbled it up and he tossed it

2069

01:44:00,520 --> 01:43:57,320

into the trash so he left and Moscow

2070

01:44:02,560 --> 01:44:00,530

followed at a safe distance and then he

2071

01:44:06,580 --> 01:44:02,570

watched as he went out into the parking

2072

01:44:09,160 --> 01:44:06,590

lot and a musgrove observed two officers

2073

01:44:14,500 --> 01:44:09,170

two Air Force officers with a briefcase

2074

01:44:17,370 --> 01:44:14,510

and they took the original bone mandible

2075

01:44:20,280 --> 01:44:17,380

and the new impression the new replica

2076

01:44:22,990 --> 01:44:20,290

placed them in the briefcase and

2077

01:44:25,600 --> 01:44:23,000

musgrove recognized one of the officers

2078

01:44:29,080 --> 01:44:25,610

from originally being at

2079

01:44:30,250 --> 01:44:29,090

wright-patterson so then it started to

2080

01:44:33,460 --> 01:44:30,260

come together for him he started to

2081

01:44:35,740 --> 01:44:33,470

realize what was at stake what was going

2082

01:44:41,080 --> 01:44:35,750

on he quickly rushed back to his office

2083

01:44:45,400 --> 01:44:41,090

he retrieved that crumbled impression

2084

01:44:48,760 --> 01:44:45,410

relief and he made up a new one he

2085

01:44:54,190 --> 01:44:48,770

created a whole new replica and he kept

2086

01:44:56,920 --> 01:44:54,200

that any a bank security box for 30 31

2087

01:44:59,640 --> 01:44:56,930

years and then it was the late Carl a

2088

01:45:05,200 --> 01:44:59,650

day who was an Emmy award-winning

2089

01:45:11,260 --> 01:45:05,210

reporter at NBC in Dayton and he turned

2090

01:45:14,230 --> 01:45:11,270

it over to him and then they used it for

2091

01:45:17,440 --> 01:45:14,240

leverage and getting stories and sources

2092

01:45:20,590 --> 01:45:17,450

out of right path that he had this that

2093

01:45:24,100 --> 01:45:20,600

he had this replica of what clearly was

2094

01:45:27,190 --> 01:45:24,110

something non-human and in fact since we

2095

01:45:29,770 --> 01:45:27,200

acquired and I remain in contact with

2096

01:45:32,350 --> 01:45:29,780

John Mostow of all these years he made

2097

01:45:35,560 --> 01:45:32,360

another replica for us which we have on

2098

01:45:42,270 --> 01:45:35,570

display at the International UFO museum

2099

01:45:46,420 --> 01:45:42,280

in Roswell and we've had anthropologists

2100

01:45:49,390 --> 01:45:46,430

examine it time and time again and it is

2101  
01:45:54,720 --> 01:45:49,400  
not of any animal any species on earth

2102  
01:45:57,970 --> 01:45:54,730  
and as far as they are concerned it

2103  
01:46:04,570 --> 01:45:57,980  
represent on any species from this earth

2104  
01:46:08,380 --> 01:46:04,580  
I have a bunch of questions from the

2105  
01:46:10,900 --> 01:46:08,390  
listeners take the time to go through

2106  
01:46:15,490 --> 01:46:10,910  
these you ready that's what I'm here for

2107  
01:46:20,200 --> 01:46:15,500  
okay first up what is Don's source for

2108  
01:46:23,950 --> 01:46:20,210  
project stork project stork would be

2109  
01:46:26,650 --> 01:46:23,960  
part of hynek's files and actual and and

2110  
01:46:30,130 --> 01:46:26,660  
Edward repelled the fact that Ruth Built

2111  
01:46:35,140 --> 01:46:30,140  
who in many ways headed the project

2112  
01:46:37,540 --> 01:46:35,150  
because he as an engineer was especially

2113  
01:46:41,020 --> 01:46:37,550

keen on the idea that we were dealing

2114

01:46:43,690 --> 01:46:41,030

with a physical aircraft we were dealing

2115

01:46:46,600 --> 01:46:43,700

with something that was manufactured

2116

01:46:48,310 --> 01:46:46,610

even albeit that it may be off the

2117

01:46:52,540 --> 01:46:48,320

planet that we were dealing with

2118

01:46:54,940 --> 01:46:52,550

Hardware nuts and bolts and so in many

2119

01:46:58,090 --> 01:46:54,950

in fact repelled

2120

01:47:01,780 --> 01:46:58,100

report on unidentified flying objects he

2121

01:47:04,330 --> 01:47:01,790

references a stork to some degree and

2122

01:47:05,680 --> 01:47:04,340

then the documents have also been

2123

01:47:09,640 --> 01:47:05,690

retrieved through Freedom of Information

2124

01:47:11,740 --> 01:47:09,650

Act in recent years next question

2125

01:47:14,320 --> 01:47:11,750

Jimmy does not have any thoughts on

2126

01:47:17,740 --> 01:47:14,330

retired Air Force lieutenant colonel

2127

01:47:19,990 --> 01:47:17,750

Richard French claims that there were

2128

01:47:22,150 --> 01:47:20,000

two craft that came down at Roswell one

2129

01:47:25,870 --> 01:47:22,160

being brought down by military energy

2130

01:47:30,210 --> 01:47:25,880

weapons well first of all it is I used

2131

01:47:33,310 --> 01:47:30,220

to always very affectionately remind my

2132

01:47:35,680 --> 01:47:33,320

recently departed colleague and friend

2133

01:47:38,790 --> 01:47:35,690

Stanton Friedman when he would talk

2134

01:47:42,370 --> 01:47:38,800

about the collision of two objects

2135

01:47:45,880 --> 01:47:42,380

creating multiple crash sites I would

2136

01:47:49,510 --> 01:47:45,890

say Stan we we we need to prove one

2137

01:47:52,630 --> 01:47:49,520

let's not make it ridiculous there is

2138

01:47:55,900 --> 01:47:52,640

absolutely no evidence that there were

2139

01:47:57,580 --> 01:47:55,910

more than one craft involved albeit

2140

01:48:04,120 --> 01:47:57,590

there are multiple sites but all

2141

01:48:09,010 --> 01:48:04,130

concerning one object one one craft of

2142

01:48:11,500 --> 01:48:09,020

unknown origin the the French testimony

2143

01:48:14,560 --> 01:48:11,510

has never been corroborated and in fact

2144

01:48:16,390 --> 01:48:14,570

we interviewed him long before he even

2145

01:48:22,060 --> 01:48:16,400

testified at the citizens hearing in

2146

01:48:25,180 --> 01:48:22,070

Washington and just he's not been able

2147

01:48:30,030 --> 01:48:25,190

to provide any corroboration on his part

2148

01:48:34,240 --> 01:48:30,040

and all of the eyewitness testimony

2149

01:48:37,330 --> 01:48:34,250

supports that this was a single craft

2150

01:48:40,420 --> 01:48:37,340

there was a severe lightning storm that

2151

01:48:44,140 --> 01:48:40,430

also has been verified for the night in

2152

01:48:46,330 --> 01:48:44,150

question and whether we assume that it

2153

01:48:49,660 --> 01:48:46,340

was struck by lightning or it was some

2154

01:48:52,600 --> 01:48:49,670

type of internal malfunction that is

2155

01:48:54,730 --> 01:48:52,610

totally open to speculation we we just

2156

01:48:55,270 --> 01:48:54,740

don't know what actually caused the

2157

01:48:58,180 --> 01:48:55,280

crash

2158

01:49:02,850 --> 01:48:58,190

yeah I mean so we have we have Roswell

2159

01:49:07,570 --> 01:49:02,860

we have corona and we have Aztec right

2160

01:49:08,500 --> 01:49:07,580

well Roswell we talked about Corona that

2161

01:49:13,290 --> 01:49:08,510

is the location

2162

01:49:17,020 --> 01:49:13,300

the debris field that is where the craft

2163

01:49:20,080 --> 01:49:17,030

exploded weather struck by lightning or

2164

01:49:23,380 --> 01:49:20,090

malfunction it rained debris that

2165

01:49:27,100 --> 01:49:23,390

covered an area of almost a mile long

2166

01:49:29,740 --> 01:49:27,110

there was a secondary body sight two and

2167

01:49:33,280 --> 01:49:29,750

a half miles east southeast of that

2168

01:49:36,250 --> 01:49:33,290

location where two bodies were recovered

2169

01:49:40,750 --> 01:49:36,260

and then there was a final impact site

2170

01:49:43,960 --> 01:49:40,760

much closer to Roswell of a egg-shaped

2171

01:49:46,540 --> 01:49:43,970

pod a capsule about the size of a

2172

01:49:49,350 --> 01:49:46,550

Volkswagen Beetle and that's for two

2173

01:49:52,600 --> 01:49:49,360

additional bodies plus the survivor

2174

01:49:57,130 --> 01:49:52,610

recovered Aztek is a separate incident a

2175

01:49:59,620 --> 01:49:57,140

year later but from corona trajectory

2176  
01:50:02,200 --> 01:49:59,630  
towards Roswell is all part of the same

2177  
01:50:09,160 --> 01:50:02,210  
event the same incident so just one

2178  
01:50:12,430 --> 01:50:09,170  
craft not to correct next question does

2179  
01:50:15,460 --> 01:50:12,440  
does mr. Schmitt have info on what the

2180  
01:50:17,020 --> 01:50:15,470  
Wilson Doc's were referring to when it

2181  
01:50:21,040 --> 01:50:17,030  
was mentioned that there was a craft

2182  
01:50:23,980 --> 01:50:21,050  
recovered at an archaeological dig have

2183  
01:50:24,370 --> 01:50:23,990  
you read the Wilson Davis Docs yes I

2184  
01:50:28,270 --> 01:50:24,380  
have

2185  
01:50:32,770 --> 01:50:28,280  
again that would okay that would suggest

2186  
01:50:35,830 --> 01:50:32,780  
again Roswell because even in the

2187  
01:50:39,820 --> 01:50:35,840  
original Roswell incident book by more

2188  
01:50:44,110 --> 01:50:39,830

and Berlitz it was suggested that who

2189

01:50:47,860 --> 01:50:44,120

first stumbled upon the crash site was a

2190

01:50:51,910 --> 01:50:47,870

team of archaeologists and when we

2191

01:50:58,270 --> 01:50:51,920

finally determined that it was Western

2192

01:51:01,480 --> 01:50:58,280

tech that was part of a archaeological

2193

01:51:04,440 --> 01:51:01,490

project north of Roswell at the time of

2194

01:51:10,000 --> 01:51:04,450

the incident the head of the project was

2195

01:51:12,430 --> 01:51:10,010

Professor William curry Holden and Kevin

2196

01:51:15,250 --> 01:51:12,440

Randall had interviewed him just prior

2197

01:51:17,140 --> 01:51:15,260

to his death and he confirmed being

2198

01:51:18,970 --> 01:51:17,150

there they confirmed not only being

2199

01:51:21,550 --> 01:51:18,980

there and that they had seen everything

2200

01:51:22,360 --> 01:51:21,560

he would not elaborate he wouldn't go

2201

01:51:25,120 --> 01:51:22,370

into detail

2202

01:51:26,890 --> 01:51:25,130

just that they were also sworn to

2203

01:51:29,950 --> 01:51:26,900

secrecy they were told to never talk

2204

01:51:33,640 --> 01:51:29,960

about it again but we did confirm they

2205

01:51:34,780 --> 01:51:33,650

were working north of Roswell at the

2206

01:51:38,710 --> 01:51:34,790

time of the incident

2207

01:51:45,430 --> 01:51:38,720

so archaeologists again would suggest

2208

01:51:48,370 --> 01:51:45,440

Roswell next question this is actually

2209

01:51:51,070 --> 01:51:48,380

you kind of touched upon this if we as

2210

01:51:55,500 --> 01:51:51,080

humans had all of the answers to all of

2211

01:52:02,380 --> 01:51:58,660

well I I would I would even go a step

2212

01:52:06,100 --> 01:52:02,390

further and I often pointed this out to

2213

01:52:10,110 --> 01:52:06,110

the skeptical community if we're wrong

2214

01:52:12,610 --> 01:52:10,120

if I'm wrong if the Pro UFO Pro

2215

01:52:14,650 --> 01:52:12,620

investigation prole you know let's

2216

01:52:16,690 --> 01:52:14,660

determine once and for all what we're

2217

01:52:20,170 --> 01:52:16,700

dealing with nobody has any answers

2218

01:52:24,550 --> 01:52:20,180

we're still working on this but if we're

2219

01:52:27,310 --> 01:52:24,560

wrong it doesn't change anything what

2220

01:52:29,070 --> 01:52:27,320

are the skeptical community is wrong it

2221

01:52:34,030 --> 01:52:29,080

changes everything

2222

01:52:37,000 --> 01:52:34,040

and that's why I think they feel that

2223

01:52:43,120 --> 01:52:37,010

they have the most at stake the most to

2224

01:52:45,130 --> 01:52:43,130

lose because overnight it creates like

2225

01:52:48,790 --> 01:52:45,140

even in Bryce is able and Richard

2226

01:52:53,020 --> 01:52:48,800

Dolan's book after eight ad a/d

2227

01:52:55,450 --> 01:52:53,030

disclosure that what effect does that

2228

01:52:57,790 --> 01:52:55,460

have as far as what culturally the

2229

01:52:59,470 --> 01:52:57,800

culture shock what does it have effect

2230

01:53:01,810 --> 01:52:59,480

as far as I have on the economy the

2231

01:53:06,610 --> 01:53:01,820

stock market as far as the price of

2232

01:53:08,470 --> 01:53:06,620

crude oil as far as to the banking the

2233

01:53:11,550 --> 01:53:08,480

international banking institutions

2234

01:53:15,070 --> 01:53:11,560

organized religion on and on and on and

2235

01:53:17,020 --> 01:53:15,080

we all you know live as far as on you

2236

01:53:17,890 --> 01:53:17,030

know very safely on this this little

2237

01:53:20,860 --> 01:53:17,900

capsule called

2238

01:53:22,930 --> 01:53:20,870

a planet Earth and we're all here you

2239

01:53:26,770 --> 01:53:22,940

know going through the you know the same

2240

01:53:28,240 --> 01:53:26,780

you know ride through space which is you

2241

01:53:32,470 --> 01:53:28,250

know just happens to be our very lives

2242

01:53:35,589 --> 01:53:32,480

and we all work and we all play and we

2243

01:53:38,890 --> 01:53:35,599

all hopefully get along with one another

2244

01:53:41,290 --> 01:53:38,900

but this you know throws our a monkey

2245

01:53:43,870 --> 01:53:41,300

wrench and the work so to speak well you

2246

01:53:46,780 --> 01:53:43,880

know and oh I'm sorry go ahead go ahead

2247

01:53:51,010 --> 01:53:46,790

but but but then I would I would take it

2248

01:53:54,339 --> 01:53:51,020

one one step further because given

2249

01:53:57,069 --> 01:53:54,349

Roswell happens okay let's just I'm 99%

2250

01:53:59,109 --> 01:53:57,079

convinced that Roswell indeed was the

2251  
01:53:59,939 --> 01:53:59,119  
recovery of a craft of unknown origin

2252  
01:54:02,950 --> 01:53:59,949  
okay

2253  
01:54:04,300 --> 01:54:02,960  
there was no mass suicide there was no

2254  
01:54:07,569 --> 01:54:04,310  
panic in the streets

2255  
01:54:11,470 --> 01:54:07,579  
those people went through the motions

2256  
01:54:13,359 --> 01:54:11,480  
they did what they had to do they didn't

2257  
01:54:16,629 --> 01:54:13,369  
have anything in the Army Field Manual

2258  
01:54:20,520 --> 01:54:16,639  
how to deal with this there was nothing

2259  
01:54:25,089 --> 01:54:20,530  
and you know as far as in the human

2260  
01:54:29,260 --> 01:54:25,099  
awareness of dealing with in a craft

2261  
01:54:32,020 --> 01:54:29,270  
from another planet even our perception

2262  
01:54:34,180 --> 01:54:32,030  
of visitors from outer space whether it

2263  
01:54:36,700 --> 01:54:34,190

was Flash Gordon or Buck Rogers back

2264

01:54:39,580 --> 01:54:36,710

then but they were flying rockets and

2265

01:54:44,020 --> 01:54:39,590

they look like human beings but yet

2266

01:54:46,089 --> 01:54:44,030

Roswell again changed everything but

2267

01:54:48,100 --> 01:54:46,099

they lived out their lives they worked

2268

01:54:50,620 --> 01:54:48,110

their jobs they raised their families

2269

01:54:53,649 --> 01:54:50,630

they even kept going to church and they

2270

01:54:56,350 --> 01:54:53,659

were there they were back there in 1947

2271

01:54:58,660 --> 01:54:56,360

right and here we are 72 years later and

2272

01:55:01,060 --> 01:54:58,670

we've digressed we can't handle this no

2273

01:55:03,220 --> 01:55:01,070

no no I don't think you would be

2274

01:55:06,790 --> 01:55:03,230

impacted by it any more than I would

2275

01:55:11,140 --> 01:55:06,800

Jimmy and just saying I knew it you're

2276

01:55:17,250 --> 01:55:11,150

right about that and and I think the

2277

01:55:20,530 --> 01:55:17,260

evidence is is is stronger where the

2278

01:55:22,810 --> 01:55:20,540

right roswell was real right we get the

2279

01:55:25,899 --> 01:55:22,820

announcement okay we recovered a flying

2280

01:55:28,089 --> 01:55:25,909

saucer and nobody's gonna freak out on

2281

01:55:30,640 --> 01:55:28,099

that they're gonna freak out and be

2282

01:55:34,839 --> 01:55:30,650

pissed because they were lied to about

2283

01:55:37,810 --> 01:55:34,849

it yeah that the issue that is the issue

2284

01:55:41,830 --> 01:55:37,820

exactly Jimmy the culpability the fact

2285

01:55:44,319 --> 01:55:41,840

that civilians were threatened children

2286

01:55:48,990 --> 01:55:44,329

were threatened the point being that the

2287

01:55:51,920 --> 01:55:49,000

military unless marshal

2288

01:55:55,830 --> 01:55:51,930

law is declared they have absolutely no

2289

01:55:58,650 --> 01:55:55,840

authority over civilians and the fact

2290

01:56:01,590 --> 01:55:58,660

that they were behaving as stormtroopers

2291

01:56:03,960 --> 01:56:01,600

going into people's homes telling

2292

01:56:06,360 --> 01:56:03,970

parents they would kill their children

2293

01:56:08,670 --> 01:56:06,370

if they ever talked about this again

2294

01:56:09,410 --> 01:56:08,680

who's going to be responsible for that

2295

01:56:11,910 --> 01:56:09,420

today

2296

01:56:15,090 --> 01:56:11,920

who's going to finally say what we did

2297

01:56:15,630 --> 01:56:15,100

what we had to do okay yes I can accept

2298

01:56:18,570 --> 01:56:15,640

that

2299

01:56:21,600 --> 01:56:18,580

but the point being you still did it

2300

01:56:25,020 --> 01:56:21,610

you've been lying about even doing it

2301

01:56:25,830 --> 01:56:25,030

all these years and now we're gonna

2302

01:56:28,950 --> 01:56:25,840

trust you

2303

01:56:30,990 --> 01:56:28,960

now we're gonna believe you know what do

2304

01:56:34,050 --> 01:56:31,000

you what do you make of the big push

2305

01:56:36,540 --> 01:56:34,060

that's going on right now with UFOs or

2306

01:56:39,210 --> 01:56:36,550

you want to call me you AP's it doesn't

2307

01:56:44,400 --> 01:56:39,220

matter in the mainstream media is there

2308

01:56:45,900 --> 01:56:44,410

an agenda behind this as we were

2309

01:56:47,550 --> 01:56:45,910

discussing at beginning the program

2310

01:56:51,570 --> 01:56:47,560

Jimmy I'd like to believe that because

2311

01:56:55,190 --> 01:56:51,580

it involves then maybe it's fresh turf

2312

01:56:56,510 --> 01:56:55,200

it's it's it's cases that have not been

2313

01:57:00,660 --> 01:56:56,520

publicized

2314

01:57:03,300 --> 01:57:00,670

the Air Force sign grudge Blue Book

2315

01:57:05,520 --> 01:57:03,310

you know it's except for sign which was

2316

01:57:09,810 --> 01:57:05,530

destroyed but a lot of the case files

2317

01:57:12,120 --> 01:57:09,820

are still there a Blue Book most of the

2318

01:57:15,330 --> 01:57:12,130

case reports are there there was a lot

2319

01:57:18,030 --> 01:57:15,340

of gun camera references I love to see

2320

01:57:20,460 --> 01:57:18,040

those films so there's a lot of

2321

01:57:22,170 --> 01:57:20,470

photographs a lot of film that the Air

2322

01:57:26,100 --> 01:57:22,180

Force is still holding on to but

2323

01:57:29,030 --> 01:57:26,110

nonetheless this is again another branch

2324

01:57:31,800 --> 01:57:29,040

of the military sticking its neck out

2325

01:57:35,640 --> 01:57:31,810

saying that they're providing new

2326

01:57:40,770 --> 01:57:35,650

regulations for their own personnel to

2327

01:57:46,040 --> 01:57:40,780

freely report such things and so is this

2328

01:57:50,820 --> 01:57:46,050

the advent of a whole new opportunity

2329

01:57:55,110 --> 01:57:50,830

for pilots to now Republic to go to the

2330

01:57:59,240 --> 01:57:55,120

press and report such things or is again

2331

01:58:02,350 --> 01:57:59,250

a smokescreen is it's going to learn at

2332

01:58:04,359 --> 01:58:02,360

some later date that it

2333

01:58:07,330 --> 01:58:04,369

a new aircraft that they have been

2334

01:58:09,879 --> 01:58:07,340

testing and they just did not want to

2335

01:58:14,800 --> 01:58:09,889

divulge or release the information to

2336

01:58:17,770 --> 01:58:14,810

the Russians or the Chinese and we have

2337

01:58:19,890 --> 01:58:17,780

to be very careful and I for one you

2338

01:58:23,500 --> 01:58:19,900

know can speak to that better than most

2339

01:58:28,689 --> 01:58:23,510

because when it looks too good it

2340

01:58:31,930 --> 01:58:28,699

usually is well do you ask why you know

2341

01:58:35,080 --> 01:58:31,940

I mean why now what's the reason for it

2342

01:58:39,250 --> 01:58:35,090

is it because they can't control the

2343

01:58:41,560 --> 01:58:39,260

situation anymore that the public now is

2344

01:58:44,320 --> 01:58:41,570

is going to get the answers that they

2345

01:58:46,959 --> 01:58:44,330

seek and they may find out something

2346

01:58:50,350 --> 01:58:46,969

that the government doesn't want them to

2347

01:58:52,320 --> 01:58:50,360

find out and this is their way of trying

2348

01:58:54,910 --> 01:58:52,330

to get out in front of the story

2349

01:58:58,750 --> 01:58:54,920

well you mentioned like Bob Lazar

2350

01:59:01,899 --> 01:58:58,760

earlier right and the distinction and I

2351  
01:59:05,229 --> 01:59:01,909  
always and I was because I still I'm on

2352  
01:59:09,340 --> 01:59:05,239  
the fence with with wit Lazar and for

2353  
01:59:12,340 --> 01:59:09,350  
this reason we could cite the example of

2354  
01:59:15,580 --> 01:59:12,350  
Edward Snowden whether one believe you

2355  
01:59:17,859 --> 01:59:15,590  
know he to be a hero or a traitor but

2356  
01:59:20,879 --> 01:59:17,869  
nonetheless is a whistleblower a thought

2357  
01:59:23,979 --> 01:59:20,889  
being that he had to flee the country

2358  
01:59:27,189 --> 01:59:23,989  
for protection I mean who would have

2359  
01:59:32,439 --> 01:59:27,199  
ever imagined that you'd have to go to

2360  
01:59:34,620 --> 01:59:32,449  
Russia as an American or for asylum for

2361  
01:59:37,180 --> 01:59:34,630  
nothing more than just speaking out

2362  
01:59:40,540 --> 01:59:37,190  
about something you disagree something

2363  
01:59:42,520 --> 01:59:40,550

you saw and you just you used you felt

2364

01:59:45,459 --> 01:59:42,530

that the public needed to know right and

2365

01:59:49,209 --> 01:59:45,469

yet that was not the case with Lazar

2366

01:59:51,790 --> 01:59:49,219

that he was able to freely speak out and

2367

01:59:54,459 --> 01:59:51,800

there may have been some you know you

2368

01:59:56,800 --> 01:59:54,469

know minor attempts to discredit him but

2369

02:00:00,310 --> 01:59:56,810

nonetheless nobody stopped him he's

2370

02:00:02,010 --> 02:00:00,320

still here he spoke quite freely and he

2371

02:00:04,990 --> 02:00:02,020

I he tricks actually spoke quite

2372

02:00:08,410 --> 02:00:05,000

detailed about something that supposedly

2373

02:00:11,770 --> 02:00:08,420

would be rather sensitive considering

2374

02:00:16,259 --> 02:00:11,780

you know their entire cover-up of the

2375

02:00:18,580 --> 02:00:16,269

entire UFO situation so

2376

02:00:21,459 --> 02:00:18,590

and then bringing it to the fore

2377

02:00:23,679 --> 02:00:21,469

bringing it to today the thought being

2378

02:00:27,699 --> 02:00:23,689

you know I'll hearken back to like when

2379

02:00:32,439 --> 02:00:27,709

the mj-12 documents came out in 1987 and

2380

02:00:35,589 --> 02:00:32,449

I was representing Koufos going back and

2381

02:00:37,449 --> 02:00:35,599

forth to Los Angeles and I was meeting

2382

02:00:39,459 --> 02:00:37,459

with the players at that time I was

2383

02:00:42,489 --> 02:00:39,469

meeting with Bill Moore and Jamie

2384

02:00:45,459 --> 02:00:42,499

Shannon ray and fro and not directly

2385

02:00:47,140 --> 02:00:45,469

with Richard Doty but he would have been

2386

02:00:50,949 --> 02:00:47,150

next on my list

2387

02:00:53,500 --> 02:00:50,959

but the constant promises that we were

2388

02:00:57,129 --> 02:00:53,510

going to get a full truckload of

2389

02:00:59,379 --> 02:00:57,139

documents that disclosure was eminent

2390

02:01:01,179 --> 02:00:59,389

that it was all going to happen and it

2391

02:01:02,859 --> 02:01:01,189

wasn't going to be years it wasn't even

2392

02:01:06,429 --> 02:01:02,869

going to be months it was going to be a

2393

02:01:12,879 --> 02:01:06,439

matter of weeks and then what became of

2394

02:01:15,069 --> 02:01:12,889

it nothing absolutely nothing and so the

2395

02:01:17,229 --> 02:01:15,079

the only thing different today and we

2396

02:01:21,129 --> 02:01:17,239

also talked about this earlier is the

2397

02:01:23,049 --> 02:01:21,139

social media that somebody may have

2398

02:01:25,149 --> 02:01:23,059

thought that they could just test the

2399

02:01:27,819 --> 02:01:25,159

waters they could once again see what

2400

02:01:31,120 --> 02:01:27,829

the public reaction would be right but

2401

02:01:34,479 --> 02:01:31,130

the difference now is they can't put it

2402

02:01:38,339 --> 02:01:34,489

back in the bottle and that now the

2403

02:01:41,949 --> 02:01:38,349

situation with area 51 and the press

2404

02:01:44,580 --> 02:01:41,959

actually treating the subject seriously

2405

02:01:47,709 --> 02:01:44,590

with respect who would have ever thought

2406

02:01:50,709 --> 02:01:47,719

that they are actually you know

2407

02:01:55,209 --> 02:01:50,719

questioning the motives of the military

2408

02:01:58,569 --> 02:01:55,219

and realizing that there indeed is

2409

02:02:03,279 --> 02:01:58,579

something to cover-up to hide

2410

02:02:05,919 --> 02:02:03,289

and so we with the acknowledgement that

2411

02:02:08,830 --> 02:02:05,929

there was an ongoing investigation by

2412

02:02:11,439 --> 02:02:08,840

the Pentagon for all those years into

2413

02:02:13,779 --> 02:02:11,449

recent times and then I would suggest

2414

02:02:15,339 --> 02:02:13,789

well that's only what they acknowledge

2415

02:02:17,739 --> 02:02:15,349

I'll guarantee there still are

2416

02:02:21,489 --> 02:02:17,749

investigating this they don't ever stop

2417

02:02:24,399 --> 02:02:21,499

they have never quit and so the old

2418

02:02:28,149 --> 02:02:24,409

shell game continues and it is a game

2419

02:02:28,690 --> 02:02:28,159

it's a it's a game and that you wonder

2420

02:02:39,130 --> 02:02:28,700

for

2421

02:02:41,470 --> 02:02:39,140

general public and that's where major

2422

02:02:45,250 --> 02:02:41,480

aerospace companies and we can talk

2423

02:02:48,910 --> 02:02:45,260

about Bigelow Aerospace and Bigelow has

2424

02:02:53,380 --> 02:02:48,920

the Mars mission and the the Mars colony

2425

02:02:55,870 --> 02:02:53,390

mission all the you know plans as far as

2426  
02:02:59,920 --> 02:02:55,880  
a manned mission to Mars that type of

2427  
02:03:02,710 --> 02:02:59,930  
thing is it somehow connected to that is

2428  
02:03:05,440 --> 02:03:02,720  
this a way of getting funding for other

2429  
02:03:09,990 --> 02:03:05,450  
projects and is this the Navy's way of

2430  
02:03:12,280 --> 02:03:10,000  
getting additional funding in trying to

2431  
02:03:14,140 --> 02:03:12,290  
discover learn what they're actually

2432  
02:03:16,540 --> 02:03:14,150  
encountering what they're dealing with I

2433  
02:03:20,980 --> 02:03:16,550  
don't know well I don't

2434  
02:03:23,680 --> 02:03:20,990  
well hey died that's uh Wow Wow Don

2435  
02:03:26,830 --> 02:03:23,690  
that's crazy I hadn't even looked at it

2436  
02:03:28,630 --> 02:03:26,840  
from that angle but that's a strong

2437  
02:03:30,700 --> 02:03:28,640  
suggestion you know they always say

2438  
02:03:32,410 --> 02:03:30,710

follow the money right you don't follow

2439

02:03:37,150 --> 02:03:32,420

them follow the money hey I wanted to

2440

02:03:41,200 --> 02:03:37,160

ask you really quick Bill Moore do you

2441

02:03:42,700 --> 02:03:41,210

think he follows the community do you

2442

02:03:46,120 --> 02:03:42,710

think that like this show do you think

2443

02:03:49,750 --> 02:03:46,130

he listens anymore or when when he left

2444

02:03:51,760 --> 02:03:49,760

Las Vegas that night I hate I was there

2445

02:03:54,910 --> 02:03:51,770

yeah yeah you were there you were there

2446

02:03:57,400 --> 02:03:54,920

effects Stan Stan Friedman and I were to

2447

02:04:01,090 --> 02:03:57,410

have met with him privately yet after

2448

02:04:03,700 --> 02:04:01,100

that swan song and then when he slipped

2449

02:04:05,350 --> 02:04:03,710

out the back door because we were still

2450

02:04:08,440 --> 02:04:05,360

willing to give him the benefit of the

2451  
02:04:11,440 --> 02:04:08,450  
doubt we still wanted you know willing

2452  
02:04:15,040 --> 02:04:11,450  
to get a confession from him or at least

2453  
02:04:17,020 --> 02:04:15,050  
who are the other players to use that

2454  
02:04:19,360 --> 02:04:17,030  
word again that we should be concerned

2455  
02:04:21,520 --> 02:04:19,370  
about that we should watch out for what

2456  
02:04:22,990 --> 02:04:21,530  
you don't know he do bailed on us he

2457  
02:04:24,610 --> 02:04:23,000  
bailed on us and he we wouldn't even

2458  
02:04:27,760 --> 02:04:24,620  
meet but do I believe he's still

2459  
02:04:30,460 --> 02:04:27,770  
watching yes do I believe in fact I'm

2460  
02:04:31,990 --> 02:04:30,470  
often and Kevin Randle and and Tom Carey

2461  
02:04:34,150 --> 02:04:32,000  
we have often commented between

2462  
02:04:36,820 --> 02:04:34,160  
ourselves that bill Moore could have had

2463  
02:04:37,580 --> 02:04:36,830

it all yes he did he wouldn't wait horse

2464

02:04:42,740 --> 02:04:37,590

yeah

2465

02:04:45,500 --> 02:04:42,750

investigating Roswell at a time when

2466

02:04:49,839 --> 02:04:45,510

most of the witnesses were still alive

2467

02:04:54,890 --> 02:04:49,849

and to think that they had Jesse Marcel

2468

02:04:57,530 --> 02:04:54,900

who was there at the crash site could

2469

02:04:59,810 --> 02:04:57,540

have taken them and pointed out this is

2470

02:05:02,390 --> 02:04:59,820

where I saw this and this is where I saw

2471

02:05:04,609 --> 02:05:02,400

all that and they never took him back to

2472

02:05:07,939 --> 02:05:04,619

the scene of the crime they never

2473

02:05:09,850 --> 02:05:07,949

thought about that and to me that's

2474

02:05:11,500 --> 02:05:09,860

almost investigator malpractice

2475

02:05:13,970 --> 02:05:11,510

unforgivable

2476

02:05:15,800 --> 02:05:13,980

we didn't have that opportunity we

2477

02:05:18,320 --> 02:05:15,810

didn't have that chance right they did

2478

02:05:20,870 --> 02:05:18,330

right he did right and they allowed

2479

02:05:24,229 --> 02:05:20,880

themselves to get diverted to get

2480

02:05:26,810 --> 02:05:24,239

distracted they they they saw the need

2481

02:05:29,359 --> 02:05:26,820

to speed up the process they didn't have

2482

02:05:31,370 --> 02:05:29,369

the patience and there too I think they

2483

02:05:35,780 --> 02:05:31,380

were trying to capitalize on it as

2484

02:05:36,379 --> 02:05:35,790

quickly as they could and they all paid

2485

02:05:40,399 --> 02:05:36,389

a heavy price

2486

02:05:42,530 --> 02:05:40,409

well Dodie called in to this show you

2487

02:05:46,520 --> 02:05:42,540

should go and listen to it it's up on

2488

02:05:50,870 --> 02:05:46,530

YouTube and just his section he calls in

2489

02:05:54,169 --> 02:05:50,880

and one of the things I asked myself

2490

02:05:57,709 --> 02:05:54,179

okay all right is there any is there

2491

02:06:00,410 --> 02:05:57,719

anybody any disinfo agents or any

2492

02:06:04,220 --> 02:06:00,420

speakers out there today that are like

2493

02:06:07,790 --> 02:06:04,230

Bill Moore that you know are our agents

2494

02:06:11,540 --> 02:06:07,800

and said yes and I said really and it

2495

02:06:14,870 --> 02:06:11,550

goes well and I said do I know them and

2496

02:06:21,589 --> 02:06:14,880

I believe I'm paraphrasing here Don but

2497

02:06:24,919 --> 02:06:21,599

he said yes and and he goes top top two

2498

02:06:30,439 --> 02:06:24,929

on the lecture circuit today like like

2499

02:06:34,370 --> 02:06:30,449

up up you know the top top our boy I

2500

02:06:37,640 --> 02:06:34,380

said don't don't say any names go in

2501  
02:06:40,669 --> 02:06:37,650  
there let's just leave it at that and I

2502  
02:06:42,530 --> 02:06:40,679  
immediately made phone calls I mean I

2503  
02:06:45,950 --> 02:06:42,540  
talked to everybody I talked to Stanton

2504  
02:06:47,810 --> 02:06:45,960  
I talked to Dolan I talked to Linda and

2505  
02:06:49,719 --> 02:06:47,820  
a few other they would be they would be

2506  
02:06:51,580 --> 02:06:49,729  
three right right right

2507  
02:06:53,199 --> 02:06:51,590  
and everybody that I talked to was like

2508  
02:06:54,850 --> 02:06:53,209  
well what do you think Jimmy who do you

2509  
02:06:57,910 --> 02:06:54,860  
think I don't know what do you think

2510  
02:07:00,459 --> 02:06:57,920  
well I don't know I'm everybody got you

2511  
02:07:02,529 --> 02:07:00,469  
know this uncomfortable feeling you know

2512  
02:07:03,580 --> 02:07:02,539  
you know Dodi saying something like that

2513  
02:07:06,399 --> 02:07:03,590

now look Dodi

2514

02:07:09,310 --> 02:07:06,409

he's a disinfo agent maybe that was

2515

02:07:13,569 --> 02:07:09,320

dissin plea right you know get a bunch

2516

02:07:17,259 --> 02:07:13,579

infighting going and and much too much

2517

02:07:20,680 --> 02:07:17,269

to stands credit he did most of the

2518

02:07:23,439 --> 02:07:20,690

research for the book and all he got was

2519

02:07:27,449 --> 02:07:23,449

an acknowledgement right I mean Roswell

2520

02:07:32,160 --> 02:07:27,459

incident with Stanton Friedman yeah and

2521

02:07:35,979 --> 02:07:32,170

even when the the entire mj-12 Fiasco

2522

02:07:37,359 --> 02:07:35,989

started Stan was on the outside he was

2523

02:07:39,669 --> 02:07:37,369

living up in New Brunswick

2524

02:07:42,669 --> 02:07:39,679

as far as Frederick Turing as far as

2525

02:07:47,290 --> 02:07:42,679

progeny in Canada and this was all going

2526

02:07:49,719 --> 02:07:47,300

down in LA Burbank or Mamie Shannon or a

2527

02:07:55,239 --> 02:07:49,729

bill Moore yep Dodie was at Kirtland in

2528

02:07:59,500 --> 02:07:55,249

Albuquerque yep and so stan was you know

2529

02:08:02,620 --> 02:07:59,510

again he was kept out of it because I'm

2530

02:08:05,259 --> 02:08:02,630

I know in my heart that Stan would have

2531

02:08:09,040 --> 02:08:05,269

cried foul that if he would have saw

2532

02:08:12,489 --> 02:08:09,050

anything that he felt would have

2533

02:08:15,219 --> 02:08:12,499

jeopardized his reputation jeopardized

2534

02:08:17,529 --> 02:08:15,229

the Roswell case and I saw it because

2535

02:08:20,979 --> 02:08:17,539

whenever he disagreed with me he was

2536

02:08:23,830 --> 02:08:20,989

quick to say Don this witness isn't

2537

02:08:26,979 --> 02:08:23,840

reliable is illegitimate and more times

2538

02:08:29,399 --> 02:08:26,989

than not he was correct and so he was

2539

02:08:34,390 --> 02:08:29,409

always looking at the bigger picture and

2540

02:08:36,850 --> 02:08:34,400

I think they used Stan as far as to

2541

02:08:39,819 --> 02:08:36,860

their benefit but they never repaid him

2542

02:08:41,410 --> 02:08:39,829

in kind and then and then he became you

2543

02:08:44,080 --> 02:08:41,420

know the biggest champion as far as

2544

02:08:49,629 --> 02:08:44,090

defending MJ as well and the documents

2545

02:08:52,060 --> 02:08:49,639

and where were they they bailed do you

2546

02:08:57,100 --> 02:08:52,070

think do you think we should chase down

2547

02:09:02,109 --> 02:08:57,110

Bill Moore I mean is there is there a

2548

02:09:03,569 --> 02:09:02,119

reason there's enough questions ask but

2549

02:09:07,259 --> 02:09:03,579

is there a reason to

2550

02:09:11,429 --> 02:09:07,269

to bring him back out and and to to

2551  
02:09:16,289 --> 02:09:11,439  
speak with him is there you know what I

2552  
02:09:18,629 --> 02:09:16,299  
know that I know that Greg Bishop did

2553  
02:09:22,559 --> 02:09:18,639  
the last interview with him in recent

2554  
02:09:26,299 --> 02:09:22,569  
years and more coring and based on the

2555  
02:09:31,019 --> 02:09:26,309  
transcript moralist mouth claiming that

2556  
02:09:35,279 --> 02:09:31,029  
it was that the true head of the aviary

2557  
02:09:40,109 --> 02:09:35,289  
that Falcon was actually CIA well it

2558  
02:09:44,819 --> 02:09:40,119  
wasn't it wasn't it Dodi's that was uh

2559  
02:09:50,219 --> 02:09:44,829  
what's-his-name head of the CIA oh man

2560  
02:09:53,729 --> 02:09:50,229  
I can't think of his name right now and

2561  
02:09:58,289 --> 02:09:53,739  
I'm not either because it wasn't a name

2562  
02:10:00,179 --> 02:09:58,299  
that oh my it was invalid Ellis who just

2563  
02:10:02,219 --> 02:10:00,189

you know just stands right out I know it

2564

02:10:05,039 --> 02:10:02,229

was really richard helm richard helm

2565

02:10:12,869 --> 02:10:05,049

it was richard helm and that richard

2566

02:10:16,849 --> 02:10:12,879

helm was part of this and I guess if if

2567

02:10:23,759 --> 02:10:16,859

one were to offer him an opportunity I

2568

02:10:26,189 --> 02:10:23,769

can't think of a better place that he

2569

02:10:28,579 --> 02:10:26,199

not only will be treated fairly but he

2570

02:10:31,939 --> 02:10:28,589

also would get some hardball questions

2571

02:10:35,549 --> 02:10:31,949

you wouldn't treat him with kid gloves

2572

02:10:38,099 --> 02:10:35,559

when do you and yet you're right when

2573

02:10:40,949 --> 02:10:38,109

you say that he he could have had it all

2574

02:10:47,459 --> 02:10:40,959

and I've tried to remind this audience

2575

02:10:51,869 --> 02:10:47,469

time and time again that yeah he cut and

2576

02:10:54,179 --> 02:10:51,879

ran okay yes but without bill more we

2577

02:10:54,750 --> 02:10:54,189

don't have a lot of things with ufology

2578

02:10:59,549 --> 02:10:54,760

today

2579

02:11:05,339 --> 02:10:59,559

I mean game-changing situations like

2580

02:11:08,250 --> 02:11:05,349

Roswell like NJ 12 and and the list is

2581

02:11:10,049 --> 02:11:08,260

long and he was he was out he was

2582

02:11:11,729 --> 02:11:10,059

speaking at all of the conventions he

2583

02:11:13,859 --> 02:11:11,739

was the one person everybody wanted to

2584

02:11:14,489 --> 02:11:13,869

talk to you everybody wanted his next

2585

02:11:16,890 --> 02:11:14,499

book

2586

02:11:20,310 --> 02:11:16,900

everybody wanted to know what documents

2587

02:11:25,370 --> 02:11:20,320

he had coming up next and he was the cat

2588

02:11:28,529 --> 02:11:25,380

at the center and at that point in 88 89

2589

02:11:33,600 --> 02:11:28,539

he was at the top it was him and Stanton

2590

02:11:35,100 --> 02:11:33,610

you you know Randall you know was part

2591

02:11:38,180 --> 02:11:35,110

that you know what I mean they're well

2592

02:11:40,290 --> 02:11:38,190

but but what kevin and i is kevin ran uh

2593

02:11:47,000 --> 02:11:40,300

you know our first book didn't come out

2594

02:11:53,729 --> 02:11:47,010

until 91 and we both went through hell

2595

02:11:57,509 --> 02:11:53,739

mainly at you know at the hands of of

2596

02:12:00,569 --> 02:11:57,519

more and a few others just a constant

2597

02:12:02,549 --> 02:12:00,579

threats of lawsuits regarding our books

2598

02:12:06,149 --> 02:12:02,559

and that we were plagiarizing his work

2599

02:12:08,370 --> 02:12:06,159

and we were stealing his you know his

2600

02:12:10,379 --> 02:12:08,380

case that type of thing and well first

2601  
02:12:13,080 --> 02:12:10,389  
of all how do you copyright and historic

2602  
02:12:17,520 --> 02:12:13,090  
events and we were coming up with all of

2603  
02:12:20,729 --> 02:12:17,530  
our own witnesses and there was nothing

2604  
02:12:23,189 --> 02:12:20,739  
ever produced in our books that has ever

2605  
02:12:25,739 --> 02:12:23,199  
been challenged or claimed to have been

2606  
02:12:29,669 --> 02:12:25,749  
plagiarized i mean you know that's a

2607  
02:12:32,850 --> 02:12:29,679  
non-starter hmm but we were willing and

2608  
02:12:35,399 --> 02:12:32,860  
in fact as i as i described in working

2609  
02:12:40,620 --> 02:12:35,409  
with the Center for UFO studies and

2610  
02:12:43,379 --> 02:12:40,630  
being assigned to work with more and

2611  
02:12:45,750 --> 02:12:43,389  
shandur a as far as the documents Don we

2612  
02:12:50,819 --> 02:12:45,760  
need you to authenticate the documents

2613  
02:12:53,250 --> 02:12:50,829

and even at that time I was in league

2614

02:12:56,580 --> 02:12:53,260

and I was the one at Koufos who was

2615

02:13:02,549 --> 02:12:56,590

briefing the late Paul Harvey at ABC

2616

02:13:04,680 --> 02:13:02,559

News in Chicago and Hynek did it on an

2617

02:13:08,069 --> 02:13:04,690

annual basis and after a Hynek passed

2618

02:13:11,450 --> 02:13:08,079

away in 86 I was the one selected by the

2619

02:13:15,450 --> 02:13:11,460

board of Q Post to then assume that role

2620

02:13:19,229 --> 02:13:15,460

so I'll never forget getting the phone

2621

02:13:21,359 --> 02:13:19,239

call and Don we have some documents we

2622

02:13:23,700 --> 02:13:21,369

haven't seen them but they sound like

2623

02:13:26,520 --> 02:13:23,710

they may be legitimate they sound like

2624

02:13:28,420 --> 02:13:26,530

they may blow the roof off of the entire

2625

02:13:32,100 --> 02:13:28,430

situation

2626

02:13:35,580 --> 02:13:32,110

and could you get them the Paul Harvey

2627

02:13:38,290 --> 02:13:35,590

and I was the one who arranged for

2628

02:13:41,230 --> 02:13:38,300

Elmore and Jamie Shannon array to meet

2629

02:13:46,780 --> 02:13:41,240

with Paul Harvey and he never spoke to

2630

02:13:49,270 --> 02:13:46,790

me again Paul Harvey yeah yeah because

2631

02:13:54,000 --> 02:13:49,280

he was going to call security on them

2632

02:13:59,910 --> 02:13:54,010

because they went into areas that he was

2633

02:14:04,740 --> 02:13:59,920

especially upset offended when they

2634

02:14:08,020 --> 02:14:04,750

started talking about et you know

2635

02:14:11,350 --> 02:14:08,030

orchestration of organized religion and

2636

02:14:14,280 --> 02:14:11,360

Christianity and Jesus Christ was an

2637

02:14:18,960 --> 02:14:14,290

astronaut and that type of thing and

2638

02:14:22,300 --> 02:14:18,970

Paul Harvey was a very devout Kashiwa

2639

02:14:24,910 --> 02:14:22,310

Christian big friend Billy Graham late

2640

02:14:26,140 --> 02:14:24,920

Billy Graham right right right and so

2641

02:14:27,760 --> 02:14:26,150

and I had no idea

2642

02:14:30,760 --> 02:14:27,770

I had no idea and then when they did

2643

02:14:35,130 --> 02:14:30,770

that UFO cover lied that Mike Farrell of

2644

02:14:38,020 --> 02:14:35,140

mass Fame posted and they got into the

2645

02:14:43,410 --> 02:14:38,030

Tibetan music and strawberry ice cream

2646

02:14:46,570 --> 02:14:43,420

Hummer and we were seated here on earth

2647

02:14:50,080 --> 02:14:46,580

that was the first I had you know heard

2648

02:14:53,350 --> 02:14:50,090

of such things so it was like more

2649

02:14:57,760 --> 02:14:53,360

became almost a throwback to the contact

2650

02:15:02,620 --> 02:14:57,770

the element of the 50s that they felt as

2651

02:15:05,530 --> 02:15:02,630

they as the celebrity in them rose they

2652

02:15:09,460 --> 02:15:05,540

had to up the ante more and more to

2653

02:15:12,160 --> 02:15:09,470

remain relevant and that's why with the

2654

02:15:13,300 --> 02:15:12,170

contactees the Howard managers know

2655

02:15:16,390 --> 02:15:13,310

George Adamski

2656

02:15:18,600 --> 02:15:16,400

and the Daniel Frye's they kept coming

2657

02:15:21,100 --> 02:15:18,610

back with more and more glamorous

2658

02:15:25,210 --> 02:15:21,110

experiences with the Venetians and the

2659

02:15:28,000 --> 02:15:25,220

Martians and so on and again more could

2660

02:15:31,060 --> 02:15:28,010

have had that with Roswell just with the

2661

02:15:34,390 --> 02:15:31,070

legitimacy of the case but there - it

2662

02:15:39,430 --> 02:15:34,400

was as though he felt the need to

2663

02:15:40,819 --> 02:15:39,440

glamorize it and produce documents and

2664

02:15:43,879 --> 02:15:40,829

information

2665

02:15:45,890 --> 02:15:43,889

it's not legitimate Don thank you so

2666

02:15:48,620 --> 02:15:45,900
