occasionally think how quickly our

8
00:00:40,600 --> 00:00:37,940
differences worldwide would vanish if we

9
00:00:47,490 --> 00:00:40,610

is craft and everybody how you do it

33
00:02:52,699 --> 00:02:46,680
how you doing

34
00:02:56,559 --> 00:02:52,709
all right tonight tonight we have very

35
00:03:03,110 --> 00:02:56,569
special guest Emery Smith is here

36
00:03:06,470 --> 00:03:03,120
we're gonna have a a very what's the

37
00:03:08,179 --> 00:03:06,480
word of productive open conversation

38
00:03:10,069 --> 00:03:08,189

tonight we're gonna do all of that

39

00:03:12,890 --> 00:03:10,079

Emery will be joining us at the bottom

40

00:03:17,569 --> 00:03:12,900

of the hour and then tomorrow night is

41

00:03:20,149 --> 00:03:17,579

fate or night open lines all night long

42

00:03:22,759 --> 00:03:20,159

I know we haven't had a Fator night in a

43

00:03:26,119 --> 00:03:22,769

month you know lots of different reasons

44

00:03:28,729 --> 00:03:26,129

why we you know I I was in the hospital

45

00:03:36,530 --> 00:03:28,739

and then this happened and my back and

46

00:03:39,710 --> 00:03:36,540

my neck and my my my leg and I just fell

47

00:03:41,599 --> 00:03:39,720

apart momentarily and then we had to

48

00:03:43,789 --> 00:03:41,609

move guests around and then we had to

49

00:03:45,500 --> 00:03:43,799

occupy a couple of fate or nights and

50

00:03:48,080 --> 00:03:45,510

there's probably a holiday or two in

51
00:03:49,520 --> 00:03:48,090
there as well but but for whatever the

52
00:03:52,069 --> 00:03:49,530
reasons are we haven't had a fate or

53
00:03:54,110 --> 00:03:52,079
night in a month so tomorrow night open

54
00:03:56,240 --> 00:03:54,120
lines all night long I know I threatened

55
00:03:58,479 --> 00:03:56,250
you with an AMA now I'm not gonna do

56
00:04:01,789 --> 00:03:58,489
that we'll do that next week but

57
00:04:03,199 --> 00:04:01,799
tomorrow night open lines and it's my

58
00:04:07,460 --> 00:04:03,209
favorite night of the week and I haven't

59
00:04:08,960 --> 00:04:07,470
been able to do that for a month hard to

60
00:04:10,909 --> 00:04:08,970
believe but tomorrow night's Fator night

61
00:04:15,890 --> 00:04:10,919
open lines all night long follow us on

62
00:04:21,740 --> 00:04:15,900
twitter at jay church radio simple at JT

63

warfare specialists and lead decon

86

00:05:18,690 --> 00:05:16,750

Response units during this time Emory

87

00:05:21,630 --> 00:05:18,700

developed the first military-industrial

88

00:05:23,370 --> 00:05:21,640

laboratory tissue database complex that

89

00:05:25,860 --> 00:05:23,380

was used for a joint civilian military

90

00:05:28,530 --> 00:05:25,870

venture and sharing tissue sample data a

91

00:05:31,230 --> 00:05:28,540

varying origins collected from

92

00:05:33,660 --> 00:05:31,240

classified areas working at the

93

00:05:36,210 --> 00:05:33,670

laboratories became a milestone for man

94

00:05:38,100 --> 00:05:36,220

in his pursuit of the truth and today he

95

00:05:40,950 --> 00:05:38,110

openly talks about his experience

96

00:05:43,830 --> 00:05:40,960

working at these facilities as website

97

00:05:45,510 --> 00:05:43,840

is Emory Smith dotnet and I would like

98

00:05:48,120 --> 00:05:45,520

to welcome back to fade to black

99

00:05:51,300 --> 00:05:48,130

mr. Emory Smith Emory good evening how

100

00:05:52,320 --> 00:05:51,310

are you man oh great Jimmy thanks for

101
00:05:54,480 --> 00:05:52,330
having me on the show again

102
00:05:57,800 --> 00:05:54,490
Chloe the pleasure it's a great to hear

103
00:05:59,580 --> 00:05:57,810
your voice I hope all is well and

104
00:06:02,160 --> 00:05:59,590
actually you know what

105
00:06:04,890 --> 00:06:02,170
Emory I'm gonna start here let's hit the

106
00:06:07,760 --> 00:06:04,900
ground running all right let's go let's

107
00:06:16,980 --> 00:06:11,520
never before in the history of this

108
00:06:20,610 --> 00:06:16,990
planet has UFOs and in the subject of

109
00:06:24,570 --> 00:06:20,620
ETS been in the mainstream media like it

110
00:06:29,940 --> 00:06:24,580
is today these are exciting times aren't

111
00:06:31,560 --> 00:06:29,950
they absolutely and especially since I

112
00:06:33,660 --> 00:06:31,570
came for this in a jump in the

113
00:06:37,020 --> 00:06:33,670

transition of the government you know

114

00:06:39,240 --> 00:06:37,030

trying to get together and you know

115

00:06:41,160 --> 00:06:39,250

start making a plan of what are we going

116

00:06:44,910 --> 00:06:41,170

to tell the people and they're slowly

117

00:06:46,520 --> 00:06:44,920

breaking the civilians in by showing you

118

00:06:51,060 --> 00:06:46,530

know cities that's blurry

119

00:06:52,380 --> 00:06:51,070

you know reporting from the media saying

120

00:06:54,770 --> 00:06:52,390

you know the people are saying this the

121

00:06:56,760 --> 00:06:54,780

media is picking up on and

122

00:06:58,830 --> 00:06:56,770

extraterrestrial vehicles now and

123

00:07:00,480 --> 00:06:58,840

reporting them and every now and then

124

00:07:03,210 --> 00:07:00,490

things slip through and there was a lot

125

00:07:07,590 --> 00:07:03,220

more going on that the world doesn't

126

00:07:09,460 --> 00:07:07,600

really know about especially higher up

127

00:07:11,620 --> 00:07:09,470

there in our atmosphere

128

00:07:13,450 --> 00:07:11,630

and every now and then the you know

129

00:07:16,930 --> 00:07:13,460

arson class that do come down and

130

00:07:19,840 --> 00:07:16,940

they're so proud that they're but I'm

131

00:07:22,780 --> 00:07:19,850

very excited to see more and more of

132

00:07:26,620 --> 00:07:22,790

this disclosure if you were happening at

133

00:07:29,050 --> 00:07:26,630

a more rapid rate if I can ask you Emory

134

00:07:32,500 --> 00:07:29,060

to take out your headset and microphone

135

00:07:38,140 --> 00:07:32,510

and let's uh let's go direct into the

136

00:07:40,360 --> 00:07:38,150

phone you got it okay and I'm only

137

00:07:43,300 --> 00:07:40,370

saying that because it's just you know I

138

00:07:49,090 --> 00:07:43,310

just want the audience to hear every

139

00:07:53,710 --> 00:07:49,100

word right every word and I I think that

140

00:07:55,720 --> 00:07:53,720

this this last two years that the world

141

00:07:57,850 --> 00:07:55,730

in general whether it's a mainstream

142

00:08:01,630 --> 00:07:57,860

media or just the average person on the

143

00:08:04,480 --> 00:08:01,640

street is is okay talking about UFOs

144

00:08:07,030 --> 00:08:04,490

were in the past it was totally taboo

145

00:08:10,360 --> 00:08:07,040

and it was difficult for anybody to talk

146

00:08:14,680 --> 00:08:10,370

about it without having somebody reacted

147

00:08:16,330 --> 00:08:14,690

strangely right no you know as a matter

148

00:08:19,600 --> 00:08:16,340

of fact look what the military is doing

149

00:08:21,940 --> 00:08:19,610

you know making it public saying you

150

00:08:24,760 --> 00:08:21,950

know hey you guys are now allowed to

151

00:08:25,630 --> 00:08:24,770

report unidentified flying objects or

152

00:08:30,070 --> 00:08:25,640

whatever they're going to be calling

153

00:08:32,770 --> 00:08:30,080

them and I know that's not 100% true

154

00:08:34,240 --> 00:08:32,780

they're not going to really get that

155

00:08:37,570 --> 00:08:34,250

information to the public

156

00:08:39,100 --> 00:08:37,580

you know as much as a civilian has it a

157

00:08:40,779 --> 00:08:39,110

lot better access is getting something

158

00:08:42,760 --> 00:08:40,789

out to the media for sure because

159

00:08:46,830 --> 00:08:42,770

they're always looking for a story in

160

00:08:50,500 --> 00:08:46,840

small towns I wanted to for

161

00:08:54,870 --> 00:08:50,510

clarification for total transparency in

162

00:08:59,170 --> 00:08:54,880

the past on this program I had mentioned

163

00:09:04,480 --> 00:08:59,180

3,000 alien autopsies that you had

164

00:09:07,600 --> 00:09:04,490

performed and was was I in error with

165

00:09:10,450 --> 00:09:07,610

that data that was was given to me but I

166

00:09:13,480 --> 00:09:10,460

need to understand this has been brought

167

00:09:14,860 --> 00:09:13,490

up over and over again from members of

168

00:09:18,579 --> 00:09:14,870

this community where they're just like

169

00:09:22,490 --> 00:09:18,589

3,000 alien bodies and I have to

170

00:09:26,910 --> 00:09:22,500

question what I were saying

171

00:09:29,250 --> 00:09:26,920

can he help what was it 3000 bottom

172

00:09:31,800 --> 00:09:29,260

there's not three everyone I've never

173

00:09:34,380 --> 00:09:31,810

used the word 3000 alien autopsies

174

00:09:37,020 --> 00:09:34,390

because all I was doing

175

00:09:40,560 --> 00:09:37,030

I've done about 3,000 or more tissue

176

00:09:42,900 --> 00:09:40,570

samples off of tissues now what these

177

00:09:44,580 --> 00:09:42,910

beings are not all extraterrestrial some

178

00:09:47,730 --> 00:09:44,590

are hybrids some are actually grown

179

00:09:49,710 --> 00:09:47,740

there I've come to find out later on so

180

00:09:52,620 --> 00:09:49,720

you know it's not number one it's not

181

00:09:55,200 --> 00:09:52,630

3,000 bodies I know this is 3000 tissue

182

00:09:58,710 --> 00:09:55,210

samples where in one day you can get 10

183

00:10:00,840 --> 00:09:58,720

to 15 samples from one being or a part

184

00:10:02,790 --> 00:10:00,850

of the being or an organ of that being

185

00:10:05,640 --> 00:10:02,800

and you might revisit that saying being

186

00:10:07,590 --> 00:10:05,650

maybe six months down the road to get

187

00:10:09,960 --> 00:10:07,600

more set apples mm-hmm so these are

188

00:10:13,080 --> 00:10:09,970

samples this is not actual full-body

189

00:10:16,590 --> 00:10:13,090

autopsies and a lot of these species

190

00:10:18,510 --> 00:10:16,600

were mostly human and formed just so

191

00:10:20,150 --> 00:10:18,520

that the public knows is not like three

192

00:10:22,350 --> 00:10:20,160

three thousand different

193

00:10:24,300 --> 00:10:22,360

extraterrestrial species it was

194

00:10:26,160 --> 00:10:24,310

definitely not like that and I know that

195

00:10:28,140 --> 00:10:26,170

somehow got out through some colleagues

196

00:10:30,360 --> 00:10:28,150

I spend favorite you know just talking

197

00:10:32,010 --> 00:10:30,370

about me I think the pop culture got

198

00:10:34,770 --> 00:10:32,020

involved and just said you know this guy

199

00:10:38,640 --> 00:10:34,780

it's just you know the guy who does the

200

00:10:40,080 --> 00:10:38,650

chop shop and a lot of negativity behind

201
00:10:42,900 --> 00:10:40,090
it which I don't like being called a

202
00:10:44,460 --> 00:10:42,910
whistleblower or anything like that I'm

203
00:10:45,990 --> 00:10:44,470
just an insider and just here to tell

204
00:10:49,500 --> 00:10:46,000
the story you know what happened to my

205
00:10:52,410 --> 00:10:49,510
life all right now moving on from that

206
00:10:54,510 --> 00:10:52,420
because I need a clarification for

207
00:10:56,850 --> 00:10:54,520
myself you know if you know if I ever

208
00:10:59,220 --> 00:10:56,860
talk about this in the future I need to

209
00:11:02,730 --> 00:10:59,230
I need to be absolutely accurate that I

210
00:11:05,480 --> 00:11:02,740
thank you for answering you recently got

211
00:11:09,870 --> 00:11:05,490
back one of my favorite things to do is

212
00:11:11,730 --> 00:11:09,880
to go out and and sky watch and going

213
00:11:14,130 --> 00:11:11,740

out with a group of people or friends

214

00:11:16,950 --> 00:11:14,140

and and looking to the skies and

215

00:11:19,050 --> 00:11:16,960

checking things out and I was watching

216

00:11:21,210 --> 00:11:19,060

some of your stuff I haven't had a

217

00:11:24,300 --> 00:11:21,220

chance to talk to you about this that

218

00:11:27,180 --> 00:11:24,310

was going on up at Shasta and you also

219

00:11:29,640 --> 00:11:27,190

did a Q&A up there too as well what did

220

00:11:33,180 --> 00:11:29,650

you guys who was there what did you do

221

00:11:35,580 --> 00:11:33,190

up at yeah well you know we're we are

222

00:11:39,120 --> 00:11:35,590

filming you know

223

00:11:41,580 --> 00:11:39,130

our docu-series the beans and yo guys

224

00:11:43,560 --> 00:11:41,590

going to see that in the future and also

225

00:11:44,580 --> 00:11:43,570

we're doing a lot of patreon stuff it's

226

00:11:47,010 --> 00:11:44,590

gonna be starting up here in the next

227

00:11:49,830 --> 00:11:47,020

month and what we did is we first I was

228

00:11:51,810 --> 00:11:49,840

invited to the Shambhala monastery there

229

00:11:54,210 --> 00:11:51,820

and Telly's where Kelly's a little

230

00:11:56,790 --> 00:11:54,220

California and that's where Buddha

231

00:11:58,560 --> 00:11:56,800

Maitreya has his beautiful compound out

232

00:12:00,750 --> 00:11:58,570

there so such a nice setup with the

233

00:12:01,830 --> 00:12:00,760

pyramid and the dome homes and the

234

00:12:03,600 --> 00:12:01,840

underground catacombs

235

00:12:05,400 --> 00:12:03,610

they do a lot of amazing regenerative

236

00:12:08,550 --> 00:12:05,410

healing so I first have a stopped there

237

00:12:10,230 --> 00:12:08,560

for about two days and did some filming

238

00:12:12,330 --> 00:12:10,240

there with them some interviews and

239

00:12:14,370 --> 00:12:12,340

learned their technologies of healing

240

00:12:16,020 --> 00:12:14,380

and regenerative medicine I want to know

241

00:12:18,000 --> 00:12:16,030

what they were doing also if I could

242

00:12:20,370 --> 00:12:18,010

help them get some new technology in

243

00:12:23,720 --> 00:12:20,380

there and it was such a pleasant place

244

00:12:27,120 --> 00:12:23,730

to be the whole place is built on a

245

00:12:29,000 --> 00:12:27,130

mound of obsidian so they actually you

246

00:12:31,890 --> 00:12:29,010

know how to dig down into the obsidian

247

00:12:34,770 --> 00:12:31,900

to make this facility so from there I

248

00:12:37,110 --> 00:12:34,780

was invited to speak at the I am school

249

00:12:39,600 --> 00:12:37,120

and Shasta California I was loved

250

00:12:43,400 --> 00:12:39,610

szostak I go there once a year at least

251

00:12:48,140 --> 00:12:43,410

and the I am school is just just a

252

00:12:52,100 --> 00:12:48,150

beautiful and integral integrative

253

00:12:56,790 --> 00:12:52,110

consciousness and science together and

254

00:13:00,450 --> 00:12:56,800

the the woman I was in contact where

255

00:13:02,000 --> 00:13:00,460

Erica had set up this teaching day where

256

00:13:07,770 --> 00:13:02,010

I could come in and teach all the kids

257

00:13:10,470 --> 00:13:07,780

ages were think from 13 to 18 and they

258

00:13:14,100 --> 00:13:10,480

were so received so well they had really

259

00:13:15,900 --> 00:13:14,110

great questions and and I did this all

260

00:13:17,280 --> 00:13:15,910

in volunteer for those loved children I

261

00:13:19,380 --> 00:13:17,290

wanted to go out and teach at the

262

00:13:21,540 --> 00:13:19,390

schools so I was asked to come out there

263

00:13:24,210 --> 00:13:21,550

I did it and in turn they turned around

264

00:13:26,850 --> 00:13:24,220

said hey why don't we set up a Q&A for

265

00:13:28,830 --> 00:13:26,860

you so you can at least make some money

266

00:13:30,690 --> 00:13:28,840

back to pay for your team because I go

267

00:13:33,240 --> 00:13:30,700

with a big team as you know everywhere I

268

00:13:35,460 --> 00:13:33,250

go and I said well that'd be fantastic

269

00:13:37,680 --> 00:13:35,470

so which would just have been a week of

270

00:13:41,250 --> 00:13:37,690

just you know getting the word out there

271

00:13:43,860 --> 00:13:41,260

70 people showed up at the Q&A and was

272

00:13:46,230 --> 00:13:43,870

so beautiful at the bottom of the shaft

273

00:13:48,480 --> 00:13:46,240

is ski resort there and it was out

274

00:13:49,470 --> 00:13:48,490

outside and the Sun was setting and

275

00:13:52,530 --> 00:13:49,480

shaft it was the

276

00:13:54,600 --> 00:13:52,540

as I was speaking and Chasse Tina I will

277

00:13:56,640 --> 00:13:54,610

leave her out and it was just a

278

00:14:00,030 --> 00:13:56,650

beautiful setting and the people there

279

00:14:02,400 --> 00:14:00,040

had some really good conscious questions

280

00:14:04,770 --> 00:14:02,410

and the children were there as well and

281

00:14:06,540 --> 00:14:04,780

I made the children memorize like when

282

00:14:08,820 --> 00:14:06,550

we go out on our expeditions with our

283

00:14:11,280 --> 00:14:08,830

core team I have everyone memorize about

284

00:14:13,830 --> 00:14:11,290

300 questions before going out and doing

285

00:14:15,780 --> 00:14:13,840

our contact work because once you need

286

00:14:18,030 --> 00:14:15,790

an extraterrestrial you know face to

287

00:14:19,620 --> 00:14:18,040

face they the information is less than a

288

00:14:22,800 --> 00:14:19,630

second those questions are all answered

289

00:14:25,160 --> 00:14:22,810

so I had these students just memorize

290

00:14:27,840 --> 00:14:25,170

five questions like what would you ask

291

00:14:31,550 --> 00:14:27,850

person from another civilization and

292

00:14:34,260 --> 00:14:31,560

they had some amazing questions really

293

00:14:36,780 --> 00:14:34,270

really conscious questions and very

294

00:14:39,000 --> 00:14:36,790

scientific - do you remember any other

295

00:14:43,350 --> 00:14:39,010

do you remember do you remember any of

296

00:14:46,440 --> 00:14:43,360

the questions that they had yeah a lot

297

00:14:48,900 --> 00:14:46,450

of them were like why are you here what

298

00:14:51,000 --> 00:14:48,910

technology can you share with us to help

299

00:14:54,350 --> 00:14:51,010

us clean up the planet that was my

300

00:14:59,490 --> 00:14:54,360

favorite one you know where are you from

301

00:15:01,890 --> 00:14:59,500

what is it like there you know a lot of

302

00:15:04,170 --> 00:15:01,900

questions about you know how having a

303

00:15:06,090 --> 00:15:04,180

were they from why are you here what's

304

00:15:07,800 --> 00:15:06,100

the agenda can you please share some

305

00:15:09,930 --> 00:15:07,810

technology to help us clean the planet

306

00:15:13,220 --> 00:15:09,940

up you know can you teach us telepathy

307

00:15:17,460 --> 00:15:13,230

you know a lot of educational very

308

00:15:20,280 --> 00:15:17,470

mature type of questions that are just

309

00:15:22,350 --> 00:15:20,290

working with kids the questions are so

310

00:15:24,480 --> 00:15:22,360

different than the adults it's just

311

00:15:27,300 --> 00:15:24,490

night and day because they're more about

312

00:15:29,930 --> 00:15:27,310

you know creating they're more about

313

00:15:32,940 --> 00:15:29,940

helping the planet helping each other

314

00:15:34,980 --> 00:15:32,950

while adults are more like give me your

315

00:15:37,260 --> 00:15:34,990

weapons you know how do you make you

316

00:15:38,760 --> 00:15:37,270

know this craft what you know what's

317

00:15:41,190 --> 00:15:38,770

their propulsion unit on this ground

318

00:15:43,080 --> 00:15:41,200

it's just a different dynamic you can

319

00:15:45,140 --> 00:15:43,090

see the sincerity and the children and

320

00:15:47,970 --> 00:15:45,150

of course adults too are very sincere

321

00:15:49,380 --> 00:15:47,980

but it's just a different aspect that

322

00:15:51,780 --> 00:15:49,390

I've been noticing when teaching

323

00:15:53,400 --> 00:15:51,790

children compared to the adults so we

324

00:15:54,930 --> 00:15:53,410

had the joke that the adults and

325

00:15:58,230 --> 00:15:54,940

children came out that night but for the

326

00:16:00,120 --> 00:15:58,240

Q&A and then after the Q&A I decided

327

00:16:03,330 --> 00:16:00,130

such a beautiful night I decided to stay

328

00:16:06,690 --> 00:16:03,340

and do a little contact work

329

00:16:09,150 --> 00:16:06,700

and basically within about seven minutes

330

00:16:11,970 --> 00:16:09,160

into it I think they told me on film

331

00:16:15,360 --> 00:16:11,980

here we started having all this lovely

332

00:16:17,610 --> 00:16:15,370

activity you know in the in the sky and

333

00:16:21,240 --> 00:16:17,620

you know these are alleged meteorites

334

00:16:24,830 --> 00:16:21,250

and other phenomena and we of course we

335

00:16:27,660 --> 00:16:24,840

did a small meditation that evening and

336

00:16:30,540 --> 00:16:27,670

and did an ohm you know and just try to

337

00:16:32,460 --> 00:16:30,550

break in this group of 70 people you

338

00:16:36,000 --> 00:16:32,470

know holding hands and being of the same

339

00:16:37,740 --> 00:16:36,010

vibratory frequency so we can all have

340

00:16:39,270 --> 00:16:37,750

the same experiences you know if you get

341

00:16:40,530 --> 00:16:39,280

a couple people in there that are afraid

342

00:16:42,750 --> 00:16:40,540

you know they're not going to come too

343

00:16:46,800 --> 00:16:42,760

close and you know let you kick the

344

00:16:48,600 --> 00:16:46,810

tires on on the craft there and but

345

00:16:50,610 --> 00:16:48,610

everyone got to see something I brought

346

00:16:52,620 --> 00:16:50,620

my night-vision goggles sets and passed

347

00:16:55,170 --> 00:16:52,630

them around and people who were brought

348

00:16:56,670 --> 00:16:55,180

up to a whole new world of the universe

349

00:16:59,490 --> 00:16:56,680

because you could see so much more stars

350

00:17:01,950 --> 00:16:59,500

with that so many more craft and out of

351

00:17:06,690 --> 00:17:01,960

the 70 people believe it or not two of

352

00:17:09,390 --> 00:17:06,700

them two of them were the only two that

353

00:17:11,310 --> 00:17:09,400

they said actually experienced contact

354

00:17:12,960 --> 00:17:11,320

like going out trying to make contact so

355

00:17:15,210 --> 00:17:12,970

we got you know good sixty-eight people

356

00:17:18,090 --> 00:17:15,220

there for their very first time making

357

00:17:20,000 --> 00:17:18,100

contact and you know we stayed there I

358

00:17:23,340 --> 00:17:20,010

think another hour and a half two hours

359

00:17:24,780 --> 00:17:23,350

after that and just had a miraculous

360

00:17:27,330 --> 00:17:24,790

time and they're gonna be posting those

361

00:17:30,180 --> 00:17:27,340

uh videos and pictures up in the near

362

00:17:33,420 --> 00:17:30,190

future on my website what did you guys

363

00:17:35,190 --> 00:17:33,430

end up seeing well we saw

364

00:17:37,140 --> 00:17:35,200

number one we saw a lot of discs there

365

00:17:40,080 --> 00:17:37,150

was a gold disc and a blue disc that

366

00:17:43,160 --> 00:17:40,090

flux didn't flux doubt many people saw

367

00:17:46,230 --> 00:17:43,170

it we also had very slow-moving types of

368

00:17:47,910 --> 00:17:46,240

meteors kind of looked like not comments

369

00:17:49,470 --> 00:17:47,920

but you know when we have really close

370

00:17:51,180 --> 00:17:49,480

meteor showers where streaks across the

371

00:17:54,780 --> 00:17:51,190

whole sky well these would go really

372

00:17:57,930 --> 00:17:54,790

slow leaving this you know aura of light

373

00:18:01,140 --> 00:17:57,940

behind it which I know we do have

374

00:18:02,610 --> 00:18:01,150

captured on film I do believe and a lot

375

00:18:03,810 --> 00:18:02,620

of people were taking pictures as well

376

00:18:06,840 --> 00:18:03,820

but they didn't have the right equipment

377

00:18:08,370 --> 00:18:06,850

for it and we didn't come packed to have

378

00:18:10,580 --> 00:18:08,380

you know the special equipment we just

379

00:18:13,710 --> 00:18:10,590

had all the night-vision goggles and and

380

00:18:17,130 --> 00:18:13,720

lasers and context of such as the

381

00:18:18,720 --> 00:18:17,140

electromagnetic field meter

382

00:18:21,150 --> 00:18:18,730

and the storm trackers that we normally

383

00:18:23,010 --> 00:18:21,160

use on these expeditions but the people

384

00:18:25,049 --> 00:18:23,020

were just so enthralled but no one

385

00:18:26,820 --> 00:18:25,059

wanted to go home people were starting

386

00:18:29,549 --> 00:18:26,830

to go to their cars and bring out

387

00:18:31,830 --> 00:18:29,559

blankets and lay down and it was just a

388

00:18:35,340 --> 00:18:31,840

really joyful night that and it's so

389

00:18:37,650 --> 00:18:35,350

peacefully and lovely with a signaling

390

00:18:39,299 --> 00:18:37,660

at the end of the night we we always say

391

00:18:41,910 --> 00:18:39,309

there's anything else you'd like to show

392

00:18:45,120 --> 00:18:41,920

us or appear his safe in my sector for

393

00:18:47,820 --> 00:18:45,130

you and after about a minute we had a

394

00:18:50,480 --> 00:18:47,830

bunch of these these strobe lights going

395

00:18:53,669 --> 00:18:50,490

off right above us and Medina

396

00:18:56,100 --> 00:18:53,679

isn't it now you had 68 people that were

397

00:18:59,460 --> 00:18:56,110

experiencing this for the first time and

398

00:19:03,960 --> 00:18:59,470

I have been in that atmosphere it is so

399

00:19:05,490 --> 00:19:03,970

much fun to have people see this for the

400

00:19:08,070 --> 00:19:05,500

first time because I remember the first

401

00:19:11,430 --> 00:19:08,080

time I went out on a sky watch and I

402

00:19:15,480 --> 00:19:11,440

know how it changed me and I totally

403

00:19:17,789 --> 00:19:15,490

enjoy watching somebody else experience

404

00:19:19,230 --> 00:19:17,799

it for the first time and if he had 68

405

00:19:21,270 --> 00:19:19,240

people out there doing this for the

406

00:19:25,320 --> 00:19:21,280

first time how much fun can one person

407

00:19:27,000 --> 00:19:25,330

have must have been great and pleasant

408

00:19:30,180 --> 00:19:27,010

knowing that we had the children there

409

00:19:31,530 --> 00:19:30,190

which is you know it's sad but we're

410

00:19:33,419 --> 00:19:31,540

gonna start doing this for the children

411

00:19:35,669 --> 00:19:33,429

because the children are our future

412

00:19:38,280 --> 00:19:35,679

that's what we really need to focus the

413

00:19:39,870 --> 00:19:38,290

education so everything new and arguably

414

00:19:41,310 --> 00:19:39,880

around Jimmy is because of the children

415

00:19:43,140 --> 00:19:41,320

today so we really got to take care of

416

00:19:45,870 --> 00:19:43,150

them and educate them and steer them and

417

00:19:46,860 --> 00:19:45,880

you know the right direction and allow

418

00:19:48,990 --> 00:19:46,870

them of course to make their own

419

00:19:50,730 --> 00:19:49,000

freewill choice but given the right

420

00:19:53,310 --> 00:19:50,740

science the right facts the right

421

00:19:55,650 --> 00:19:53,320

history and the right educational

422

00:19:58,200 --> 00:19:55,660

consciousness teachings so they can make

423

00:20:01,080 --> 00:19:58,210

you know a conscious decision and I

424

00:20:02,880 --> 00:20:01,090

think as they grow in change so being

425

00:20:04,200 --> 00:20:02,890

out there not only with the adults but

426

00:20:07,409 --> 00:20:04,210

with you know a third of them are

427

00:20:10,230 --> 00:20:07,419

children of various ages and seeing how

428

00:20:12,630 --> 00:20:10,240

receptive they were and I remember there

429

00:20:16,680 --> 00:20:12,640

was a smaller child right next to me

430

00:20:18,120 --> 00:20:16,690

probably about by I and he was always

431

00:20:19,650 --> 00:20:18,130

holding on to my leg and follow me

432

00:20:21,510 --> 00:20:19,660

around that night and he said he was

433

00:20:23,430 --> 00:20:21,520

gonna help me bring bring them and he

434

00:20:25,169 --> 00:20:23,440

said something to that fact not quote

435

00:20:27,330 --> 00:20:25,179

unquote but something about he's gonna

436

00:20:29,190 --> 00:20:27,340

help me and I just started almost been

437

00:20:30,460 --> 00:20:29,200

crying or the goodness guys great look

438

00:20:32,470 --> 00:20:30,470

at that they are so

439

00:20:34,690 --> 00:20:32,480

everyone's looking up and around and

440

00:20:36,669 --> 00:20:34,700

being aware it really target vector

441

00:20:38,259 --> 00:20:36,679

these guys then and that was just you

442

00:20:40,389 --> 00:20:38,269

know a couple of hours of work which

443

00:20:42,549 --> 00:20:40,399

usually takes you know five to six days

444

00:20:45,310 --> 00:20:42,559

of people you know really getting on the

445

00:20:46,779 --> 00:20:45,320

same level in frequency and vibration to

446

00:20:48,580 --> 00:20:46,789

make contact so it happened really

447

00:20:50,590 --> 00:20:48,590

quickly so I was blessed to be

448

00:20:55,180 --> 00:20:50,600

surrounded by a bunch of lovely people

449

00:20:59,169 --> 00:20:55,190

who really got into a great time well

450

00:21:00,700 --> 00:20:59,179

why why do you think it is that because

451
00:21:04,330 --> 00:21:00,710
if you go back to when you and I were

452
00:21:07,810 --> 00:21:04,340
children and if we had the chance to

453
00:21:10,539 --> 00:21:07,820
talk to an extraterrestrial the last

454
00:21:14,139 --> 00:21:10,549
thing that we would think about is is is

455
00:21:15,549 --> 00:21:14,149
the planet or humanity or feeding or

456
00:21:19,810 --> 00:21:15,559
anything like that we would want to know

457
00:21:23,139 --> 00:21:19,820
can you teleport you know you know you

458
00:21:24,639 --> 00:21:23,149
know we would ask those questions which

459
00:21:25,899 --> 00:21:24,649
are the same questions that we would ask

460
00:21:28,450 --> 00:21:25,909
today as adults

461
00:21:30,970 --> 00:21:28,460
and and I totally get where you're

462
00:21:33,100 --> 00:21:30,980
coming from why why do you think the

463
00:21:41,799 --> 00:21:33,110

children today are so different from

464

00:21:47,860 --> 00:21:41,809

when you and I were younger and it

465

00:21:53,499 --> 00:21:47,870

really has to do with setting numbers

466

00:21:56,860 --> 00:21:53,509

were raising that not only great things

467

00:21:59,560 --> 00:21:56,870

about also the negative aspects so I do

468

00:22:01,629 --> 00:21:59,570

believe that these children were really

469

00:22:03,879 --> 00:22:01,639

aware about the threat that cause is

470

00:22:06,669 --> 00:22:03,889

under and about the destruction work

471

00:22:08,560 --> 00:22:06,679

we're doing to it and that was really

472

00:22:11,080 --> 00:22:08,570

educational for me to see that they

473

00:22:12,789 --> 00:22:11,090

really have done their homework and of

474

00:22:14,409 --> 00:22:12,799

course the school the I am school

475

00:22:16,269 --> 00:22:14,419

teaches about all this as well so

476
00:22:17,889 --> 00:22:16,279
they're getting though instead of being

477
00:22:19,570 --> 00:22:17,899
in a public school where you're kind of

478
00:22:22,269 --> 00:22:19,580
programmed a certain way and I thought

479
00:22:24,009 --> 00:22:22,279
is for the curriculum this school allows

480
00:22:24,610 --> 00:22:24,019
the students to kind of they're off on

481
00:22:27,669 --> 00:22:24,620
their own

482
00:22:31,960 --> 00:22:27,679
and a lesson

483
00:22:34,419 --> 00:22:31,970
faith in a really nice space where they

484
00:22:36,700 --> 00:22:34,429
can be creative and talk out loud about

485
00:22:39,100 --> 00:22:36,710
it without being chastised so I think

486
00:22:41,919 --> 00:22:39,110
that has a lot to do do with it is that

487
00:22:44,440 --> 00:22:41,929
the parents and the teachers that are

488
00:22:46,330 --> 00:22:44,450

out there especially

489

00:22:47,860 --> 00:22:46,340

I can flip things and is really

490

00:22:50,020 --> 00:22:47,870

important because they're the ones that

491

00:22:52,840 --> 00:22:50,030

are making the difference for our future

492

00:22:55,300 --> 00:22:52,850

I need you to uh position yourself

493

00:22:56,080 --> 00:22:55,310

wherever you're at to get some better

494

00:22:59,320 --> 00:22:56,090

reception

495

00:23:03,430 --> 00:22:59,330

and so just you can go ahead and do that

496

00:23:07,060 --> 00:23:03,440

but I get some more bars for me Emory

497

00:23:10,960 --> 00:23:07,070

give me give me some more bars and the

498

00:23:13,810 --> 00:23:10,970

the new this docu-series that you're out

499

00:23:16,590 --> 00:23:13,820

there shooting right now the beings it's

500

00:23:20,500 --> 00:23:16,600

just something that we can talk about

501
00:23:22,840 --> 00:23:20,510
yeah we haven't released the trailer yet

502
00:23:25,630 --> 00:23:22,850
that will be coming out can you hear me

503
00:23:28,360 --> 00:23:25,640
okay now yeah I got to I got you okay

504
00:23:30,760 --> 00:23:28,370
yeah so the being we've been filming

505
00:23:34,690 --> 00:23:30,770
this now for over two years

506
00:23:38,350 --> 00:23:34,700
we still have another year to go we will

507
00:23:41,170 --> 00:23:38,360
be visiting places and collecting DNA

508
00:23:44,800 --> 00:23:41,180
from unknown origin

509
00:23:46,240 --> 00:23:44,810
tissue samples and me and Miss Skye will

510
00:23:47,260 --> 00:23:46,250
be traveling the planet and you guys

511
00:23:49,270 --> 00:23:47,270
will be coming with us

512
00:23:51,040 --> 00:23:49,280
so that would be quite the journey so

513
00:23:53,290 --> 00:23:51,050

you guys can see what we actually do in

514

00:23:55,150 --> 00:23:53,300

the field and how we collect data and

515

00:23:58,660 --> 00:23:55,160

how we bring it back to you know the

516

00:24:02,110 --> 00:23:58,670

universities to get tested um and it's

517

00:24:05,400 --> 00:24:02,120

just a really great adventure story and

518

00:24:08,230 --> 00:24:05,410

it's life like a real deal what we do

519

00:24:11,530 --> 00:24:08,240

when we go on our expeditions and it is

520

00:24:14,380 --> 00:24:11,540

very it can be very scary sometimes and

521

00:24:16,810 --> 00:24:14,390

being in different countries and you

522

00:24:19,060 --> 00:24:16,820

know working with the political

523

00:24:20,890 --> 00:24:19,070

government we got access to a lot of a

524

00:24:25,000 --> 00:24:20,900

lot of archaeological sites which I've

525

00:24:26,380 --> 00:24:25,010

never been shown before and also there's

526

00:24:28,960 --> 00:24:26,390

a lot of different money that are out

527

00:24:30,730 --> 00:24:28,970

there and coming out we have a great

528

00:24:32,980 --> 00:24:30,740

lineup as far as where we're going to be

529

00:24:35,770 --> 00:24:32,990

taking everyone on the journey with us

530

00:24:39,010 --> 00:24:35,780

with our GoPros and our film crew to

531

00:24:41,320 --> 00:24:39,020

show you hey this is how we actually

532

00:24:42,850 --> 00:24:41,330

find something this is how we found it

533

00:24:44,530 --> 00:24:42,860

these are the connections that it takes

534

00:24:46,860 --> 00:24:44,540

to get into these countries get into

535

00:24:49,180 --> 00:24:46,870

these archaeological sites with all the

536

00:24:51,520 --> 00:24:49,190

certificates and licensing you need to

537

00:24:54,550 --> 00:24:51,530

do this and also the favors you have to

538

00:24:56,170 --> 00:24:54,560

do which we'll get into later but yeah

539

00:24:57,970 --> 00:24:56,180

so it's gonna be a really exciting

540

00:25:00,820 --> 00:24:57,980

adventure packed at

541

00:25:03,549 --> 00:25:00,830

type of you know on site plus bringing

542

00:25:06,730 --> 00:25:03,559

in other you know knowledgeable people

543

00:25:08,620 --> 00:25:06,740

and scientists and physicians that have

544

00:25:11,799 --> 00:25:08,630

worked with us in the past to get their

545

00:25:15,610 --> 00:25:11,809

take on it as well how do you choose a

546

00:25:18,640 --> 00:25:15,620

university school or laboratory to test

547

00:25:21,970 --> 00:25:18,650

these samples are they blind samples

548

00:25:24,280 --> 00:25:21,980

what do you tell them you know where the

549

00:25:26,830 --> 00:25:24,290

stuff is coming yeah that's a great

550

00:25:28,480 --> 00:25:26,840

that's awesome what we do Jimmy is just

551

00:25:30,820 --> 00:25:28,490

like I did with the atacama bean you

552

00:25:33,549 --> 00:25:30,830

know we went over to Barcelona I

553

00:25:36,250 --> 00:25:33,559

collected the sample I took it back to

554

00:25:38,650 --> 00:25:36,260

stand for dr. Gary know and we picked

555

00:25:42,370 --> 00:25:38,660

Gary Nolan because he was the most

556

00:25:45,000 --> 00:25:42,380

upcoming geneticist out there and of

557

00:25:47,890 --> 00:25:45,010

course I don't exist Grier doesn't exist

558

00:25:50,530 --> 00:25:47,900

we can't be those people because we're

559

00:25:53,169 --> 00:25:50,540

bringing these specimens back so we

560

00:25:56,020 --> 00:25:53,179

decided let's you know of course pick

561

00:25:57,340 --> 00:25:56,030

the best of the best to say hey what is

562

00:25:59,260 --> 00:25:57,350

this and that's kind of what we did we

563

00:26:01,900 --> 00:25:59,270

gave him says Hugh Cleese toast you know

564

00:26:04,810 --> 00:26:01,910

what this is you know came from you know

565

00:26:07,750 --> 00:26:04,820

a possible mummy and we didn't say

566

00:26:09,280 --> 00:26:07,760

anything else and then we sent all you

567

00:26:12,310 --> 00:26:09,290

know then we said hey let's send all the

568

00:26:14,590 --> 00:26:12,320

cat scans and MRIs and x-rays to the

569

00:26:16,659 --> 00:26:14,600

world's leading pediatric bone

570

00:26:19,539 --> 00:26:16,669

specialists who wrote the book literally

571

00:26:22,990 --> 00:26:19,549

on you know pediatric bone or speed of

572

00:26:24,610 --> 00:26:23,000

surgery and that's dr. Lachman and he

573

00:26:27,010 --> 00:26:24,620

you know came back and wrote his report

574

00:26:31,480 --> 00:26:27,020

and Gary's initial report you know show

575

00:26:33,430 --> 00:26:31,490

that it was not that much human so

576

00:26:34,990 --> 00:26:33,440

that's what happened and that's what

577

00:26:36,820 --> 00:26:35,000

we're going to do we're going to kind of

578

00:26:38,919 --> 00:26:36,830

replicate that and show you guys what it

579

00:26:41,230 --> 00:26:38,929

takes we pick people that are very

580

00:26:44,560 --> 00:26:41,240

influential that have a tremendous

581

00:26:47,320 --> 00:26:44,570

academic background and we say hey test

582

00:26:49,720 --> 00:26:47,330

this but I'm doing a different twist on

583

00:26:52,409 --> 00:26:49,730

it because I'm not just testing it at

584

00:26:55,600 --> 00:26:52,419

one place which I think was a bad idea

585

00:26:58,990 --> 00:26:55,610

because you know things can happen

586

00:27:01,390 --> 00:26:59,000

mistakes can happen in the military

587

00:27:04,630 --> 00:27:01,400

industrial complex what we would do is

588

00:27:06,669 --> 00:27:04,640

you know there would be maybe I would

589

00:27:09,130 --> 00:27:06,679

take a sample of something from one

590

00:27:11,289 --> 00:27:09,140

tissue sample from this piece of tissue

591

00:27:11,890 --> 00:27:11,299

and maybe three others would also take

592

00:27:14,140 --> 00:27:11,900

sample

593

00:27:15,669 --> 00:27:14,150

that they have the same tissue and it

594

00:27:18,640 --> 00:27:15,679

would go out to maybe five or six

595

00:27:20,950 --> 00:27:18,650

different testing facilities so then

596

00:27:22,630 --> 00:27:20,960

they would compare data so what I what

597

00:27:25,000 --> 00:27:22,640

I'm going to do is when I get these

598

00:27:29,440 --> 00:27:25,010

tissue samples there will be three you

599

00:27:31,539 --> 00:27:29,450

know unknown to each other facilities

600

00:27:34,210 --> 00:27:31,549

and universities that are qualified to

601
00:27:35,860 --> 00:27:34,220
test these samples and then and also

602
00:27:37,570 --> 00:27:35,870
include the scientific community so

603
00:27:39,190 --> 00:27:37,580
everyone can see that the data as we're

604
00:27:41,830 --> 00:27:39,200
processing it so it's notice there's no

605
00:27:43,390 --> 00:27:41,840
secrets going on or shenanigans to you

606
00:27:45,370 --> 00:27:43,400
know to show the public this is how we

607
00:27:47,139 --> 00:27:45,380
did it and we have three different test

608
00:27:48,760 --> 00:27:47,149
results let's go through all three of

609
00:27:53,730 --> 00:27:48,770
those right now with the head physician

610
00:27:56,680 --> 00:27:53,740
and see you know if they match up is the

611
00:27:59,799 --> 00:27:56,690
the series we have to wait for another

612
00:28:06,070 --> 00:27:59,809
year how much of it is shot and in the

613
00:28:11,110 --> 00:28:06,080

can actually more than more than half so

614

00:28:12,850 --> 00:28:11,120

I believe they might be putting I don't

615

00:28:15,370 --> 00:28:12,860

know for sure but I was talking to my

616

00:28:17,529 --> 00:28:15,380

director and producer and they said they

617

00:28:20,470 --> 00:28:17,539

might be releasing some trailers and

618

00:28:23,440 --> 00:28:20,480

maybe some tidbits in in the near future

619

00:28:25,450 --> 00:28:23,450

before it gets launched next year so

620

00:28:27,070 --> 00:28:25,460

they're also thinking about maybe you

621

00:28:29,590 --> 00:28:27,080

know working with different networks to

622

00:28:31,630 --> 00:28:29,600

have more like 30 minute clips and then

623

00:28:34,570 --> 00:28:31,640

bring it all together or there might be

624

00:28:35,860 --> 00:28:34,580

also three one-hour like in a

625

00:28:38,500 --> 00:28:35,870

docu-series know around would like maybe

626
00:28:39,639 --> 00:28:38,510
three one-hour clips but well this

627
00:28:42,250 --> 00:28:39,649
that's still up in the air but the

628
00:28:45,430 --> 00:28:42,260
footage is already amazing outstanding

629
00:28:47,649 --> 00:28:45,440
and we think the most adventure we're

630
00:28:49,240 --> 00:28:47,659
going to have is this next six or seven

631
00:28:52,180 --> 00:28:49,250
months we're going to be going to a

632
00:28:57,100 --> 00:28:52,190
couple of really amazing places such as

633
00:28:59,470 --> 00:28:57,110
Mexico and Africa to uncover some pretty

634
00:29:01,690 --> 00:28:59,480
phenomenal things and to approve or

635
00:29:03,850 --> 00:29:01,700
disapprove and try to find out you know

636
00:29:07,539 --> 00:29:03,860
what what is this you know what is this

637
00:29:09,730 --> 00:29:07,549
artifact what is the DNA of this piece

638
00:29:12,220 --> 00:29:09,740

of tissue and really get into the nuts

639

00:29:15,850 --> 00:29:12,230

and bolts and make it also very

640

00:29:17,830 --> 00:29:15,860

educational and bringing the viewer with

641

00:29:19,570 --> 00:29:17,840

us so they really believe they're right

642

00:29:21,789 --> 00:29:19,580

there next to our side that's pretty

643

00:29:24,130 --> 00:29:21,799

exciting stuff and we need to take a

644

00:29:25,350 --> 00:29:24,140

break and we'll do that right here our

645

00:29:27,810 --> 00:29:25,360

guest tonight is M

this short break

654
00:30:09,289 --> 00:30:07,669
all right welcome back fade to black I'm

655
00:30:15,409 --> 00:30:09,299
wheels Jimmy Church our guest tonight

656
00:30:24,649 --> 00:30:15,419
Emery Smith let's get straight back to

657
00:30:29,509 --> 00:30:24,659
it and Emery you and I you had mentioned

658
00:30:32,600 --> 00:30:29,519
to me a couple of weeks ago in a in a

659
00:30:36,080 --> 00:30:32,610
very cryptic way you said I'm in

660
00:30:38,840 --> 00:30:36,090
Washington DC and you had sent me a

661
00:30:43,310 --> 00:30:38,850
picture from your hotel window looked

662
00:30:45,919 --> 00:30:43,320
like one of the monuments out there and

663
00:30:49,960 --> 00:30:45,929

it was pretty cool but that's all that I

664

00:30:54,109 --> 00:30:49,970

got what were you doing in Washington DC

665

00:30:56,470 --> 00:30:54,119

well what I while I can say is that I

666

00:31:01,190 --> 00:30:56,480

was over there initially to help a

667

00:31:02,960 --> 00:31:01,200

daughter of a VIP that was ill but as

668

00:31:03,830 --> 00:31:02,970

soon as I arrived DC everyone kind of

669

00:31:07,359 --> 00:31:03,840

knew I was there

670

00:31:10,849 --> 00:31:07,369

and I gots to go sit in on a meeting

671

00:31:13,909 --> 00:31:10,859

with some political figures and large

672

00:31:16,879 --> 00:31:13,919

corporations and they were talking about

673

00:31:18,669 --> 00:31:16,889

extraterrestrial agendas of you know how

674

00:31:21,169 --> 00:31:18,679

are we going to bring this to fruition

675

00:31:24,769 --> 00:31:21,179

how are we going to explain to the

676

00:31:26,659 --> 00:31:24,779

public and there was two other people

677

00:31:29,450 --> 00:31:26,669

there with similar classifications that

678

00:31:33,139 --> 00:31:29,460

I had back in the day and they were

679

00:31:35,720 --> 00:31:33,149

asking us to you know help help them do

680

00:31:37,340 --> 00:31:35,730

this project but I just didn't feel

681

00:31:39,499 --> 00:31:37,350

right with it because of the people that

682

00:31:41,749 --> 00:31:39,509

were there the corporations involved and

683

00:31:43,940 --> 00:31:41,759

I just didn't want to be a puppeteer for

684

00:31:46,430 --> 00:31:43,950

anyone or sign my life away for anything

685

00:31:48,919 --> 00:31:46,440

so I turned that down and that's about

686

00:31:53,210 --> 00:31:48,929

all I can say about that we thought

687

00:31:57,590 --> 00:31:53,220

we'll get in trouble they wanted to what

688

00:32:01,009 --> 00:31:57,600

push disclosure forward and use use them

689

00:32:03,019 --> 00:32:01,019

to help facilitate it correct and

690

00:32:07,340 --> 00:32:03,029

there's it's not just me there are other

691

00:32:10,070 --> 00:32:07,350

figures there that that attended that

692

00:32:11,539 --> 00:32:10,080

they were trying to you know talk to to

693

00:32:11,960 --> 00:32:11,549

see if we were up for something like

694

00:32:19,550 --> 00:32:11,970

that

695

00:32:21,590 --> 00:32:19,560

and was it TT si no it wasn't actually I

696

00:32:24,130 --> 00:32:21,600

I mean I told a couple of my friends and

697

00:32:26,270 --> 00:32:24,140

family members but no it wasn't

698

00:32:29,780 --> 00:32:26,280

interesting and when you say

699

00:32:32,200 --> 00:32:29,790

corporations you don't have to say

700

00:32:37,280 --> 00:32:32,210

specifically but we talked on like

701
00:32:42,620 --> 00:32:37,290
aerospace communications and energy so

702
00:32:47,330 --> 00:32:42,630
like Verizon big like you know like

703
00:32:48,980 --> 00:32:47,340
Google big or or you know what I mean

704
00:32:52,850 --> 00:32:48,990
military and like military industrial

705
00:32:56,230 --> 00:32:52,860
complex big right and the bigger ones in

706
00:33:01,700 --> 00:32:56,240
the AMIA I should say or the em I see

707
00:33:05,060 --> 00:33:01,710
Brett very interesting and in the end

708
00:33:07,880 --> 00:33:05,070
you declined was because did you feel a

709
00:33:11,300 --> 00:33:07,890
little dirty about what that you know

710
00:33:13,720 --> 00:33:11,310
they were proposing yeah they just

711
00:33:16,750 --> 00:33:13,730
seemed a little sketchy to be honest and

712
00:33:19,790 --> 00:33:16,760
the plan wasn't completely formulated

713
00:33:22,520 --> 00:33:19,800

the briefing and that just wasn't

714

00:33:24,380 --> 00:33:22,530

impressed with you know walking into

715

00:33:26,210 --> 00:33:24,390

something and not knowing the end plan

716

00:33:28,820 --> 00:33:26,220

like what was the end game what was the

717

00:33:30,470 --> 00:33:28,830

end message and one thing is well say

718

00:33:32,750 --> 00:33:30,480

and I won't talk anymore is they wanted

719

00:33:34,340 --> 00:33:32,760

to do this over five years and I was

720

00:33:40,880 --> 00:33:34,350

trying to convince them to do it in one

721

00:33:44,780 --> 00:33:40,890

year and whatever I mean fine for what

722

00:33:48,440 --> 00:33:44,790

agenda I mean to inform the public or so

723

00:33:51,080 --> 00:33:48,450

they could make money well that that was

724

00:33:54,110 --> 00:33:51,090

not clear I mean I'm sure they'll use

725

00:33:57,680 --> 00:33:54,120

this to make money I'm sure you know a

726
00:34:01,700 --> 00:33:57,690
lot of technology will come out because

727
00:34:04,400 --> 00:34:01,710
of this agenda like for instance will

728
00:34:06,560 --> 00:34:04,410
say for example if a craft crashes

729
00:34:08,840 --> 00:34:06,570
somewhere all of a sudden and we were to

730
00:34:11,389 --> 00:34:08,850
retrieve it and it had technology in

731
00:34:13,430 --> 00:34:11,399
there that boosted our our technology

732
00:34:14,990 --> 00:34:13,440
our tech here on the planet I think

733
00:34:20,510 --> 00:34:15,000
there would be a lot of money making in

734
00:34:24,710 --> 00:34:20,520
that the the interest in doing this now

735
00:34:26,060 --> 00:34:24,720
I would find the timing suspect you know

736
00:34:29,210 --> 00:34:26,070
we have everything that is happening

737
00:34:31,040 --> 00:34:29,220
right now on all fronts and these

738
00:34:32,200 --> 00:34:31,050

conversations are happening whether it's

739

00:34:35,230 --> 00:34:32,210

with the senator with the

740

00:34:40,260 --> 00:34:35,240

maybe or President Trump or television

741

00:34:44,200 --> 00:34:40,270

and and and mass media it seems like an

742

00:34:46,570 --> 00:34:44,210

opportunistic type of proposal that they

743

00:34:48,220 --> 00:34:46,580

couldn't do this before but now people

744

00:34:51,250 --> 00:34:48,230

are talking about it so maybe it's a

745

00:34:52,440 --> 00:34:51,260

safe zone am I am I very far off from

746

00:34:55,530 --> 00:34:52,450

thinking like that

747

00:34:58,000 --> 00:34:55,540

no you're dead-on jimmying because

748

00:34:59,620 --> 00:34:58,010

what's happening is you know all these

749

00:35:02,710 --> 00:34:59,630

little cube box satellites are getting

750

00:35:04,480 --> 00:35:02,720

put up that pretty much any civilian now

751
00:35:08,200 --> 00:35:04,490
with a half a million dollars can afford

752
00:35:10,079 --> 00:35:08,210
one and what that means is there's going

753
00:35:13,060 --> 00:35:10,089
to be a lot of more eyes in the sky

754
00:35:14,890 --> 00:35:13,070
where you can control your own satellite

755
00:35:15,430 --> 00:35:14,900
and be anywhere in the world in three

756
00:35:17,950 --> 00:35:15,440
minutes

757
00:35:20,140 --> 00:35:17,960
I mean zooming in on places with

758
00:35:22,810 --> 00:35:20,150
high-power cameras and special cameras

759
00:35:25,750 --> 00:35:22,820
with special filters to divulge

760
00:35:27,550 --> 00:35:25,760
information so I believe that a lot of

761
00:35:31,450 --> 00:35:27,560
disclosure not only happened through

762
00:35:33,010 --> 00:35:31,460
Gaia earth I mean because of the melting

763
00:35:37,079 --> 00:35:33,020

polar caps and what that's going to show

764

00:35:39,460 --> 00:35:37,089

but I also believe a lot of amateur

765

00:35:41,320 --> 00:35:39,470

people with cameras and satellite

766

00:35:42,970 --> 00:35:41,330

cameras and telescopes are going to be

767

00:35:46,150 --> 00:35:42,980

picking up more and more activity and

768

00:35:48,690 --> 00:35:46,160

it's going to force and you know really

769

00:35:51,780 --> 00:35:48,700

force the government to really respond

770

00:35:53,770 --> 00:35:51,790

because there's going to be too much

771

00:35:55,170 --> 00:35:53,780

information out there but people are

772

00:35:57,940 --> 00:35:55,180

going to be bringing in and and

773

00:36:00,070 --> 00:35:57,950

discussing like what you know what is

774

00:36:01,900 --> 00:36:00,080

what are these pyramids down here and

775

00:36:05,050 --> 00:36:01,910

they are so what is this thing sticking

776

00:36:07,810 --> 00:36:05,060

out of the ice they're not gonna be able

777

00:36:10,630 --> 00:36:07,820

to hide that for much longer with their

778

00:36:12,730 --> 00:36:10,640

technology did you see the pictures that

779

00:36:15,599 --> 00:36:12,740

I posted earlier this week with the

780

00:36:19,089 --> 00:36:15,609

coordinates of the face in Antarctica

781

00:36:22,230 --> 00:36:19,099

yeah is is that part of what you're

782

00:36:25,240 --> 00:36:22,240

talking about I I want your take on that

783

00:36:29,920 --> 00:36:25,250

the you know on what do you feel that

784

00:36:34,240 --> 00:36:29,930

you saw it no matter what if it's

785

00:36:38,380 --> 00:36:34,250

natural if it's if it's man-made none of

786

00:36:41,940 --> 00:36:38,390

that matters to me it's a face I don't

787

00:36:43,830 --> 00:36:41,950

have to use your imagination here or or

788

00:36:46,560 --> 00:36:43,840

interpret Oh

789

00:36:49,590 --> 00:36:46,570

force yourself to see a face it is

790

00:36:52,080 --> 00:36:49,600

clearly a face I don't know how it got

791

00:36:55,740 --> 00:36:52,090

there what was your first impressions

792

00:36:57,840 --> 00:36:55,750

when you saw those images I thought that

793

00:37:01,650 --> 00:36:57,850

wasn't intentional either distance

794

00:37:03,420 --> 00:37:01,660

though or real info I'm 50/50 I play

795

00:37:04,950 --> 00:37:03,430

devil's advocate even with myself and I

796

00:37:06,990 --> 00:37:04,960

see some to something because there's

797

00:37:09,240 --> 00:37:07,000

always a reason they really didn't want

798

00:37:11,520 --> 00:37:09,250

us to see it they wouldn't show it so

799

00:37:14,100 --> 00:37:11,530

this might be part of that information

800

00:37:16,200 --> 00:37:14,110

you know getting us program hey let's

801
00:37:17,790 --> 00:37:16,210
get ready there might be some life out

802
00:37:19,740 --> 00:37:17,800
there there are still a few people on

803
00:37:21,420 --> 00:37:19,750
the planet that do not you know believe

804
00:37:23,010 --> 00:37:21,430
this and there's also many people on the

805
00:37:25,530 --> 00:37:23,020
planet that don't have access to know

806
00:37:27,330 --> 00:37:25,540
about this and the indigenous tribes are

807
00:37:29,490 --> 00:37:27,340
on the planet so I think they're trying

808
00:37:32,100 --> 00:37:29,500
to break this and slowly by you know

809
00:37:33,810 --> 00:37:32,110
every now and then you know one of the

810
00:37:36,270 --> 00:37:33,820
jet fires will pick something up on

811
00:37:39,480 --> 00:37:36,280
their cameras or you know now we have

812
00:37:42,300 --> 00:37:39,490
this face down in Antarctica so you see

813
00:37:44,280 --> 00:37:42,310

they slowly bring things in but no one

814

00:37:45,960 --> 00:37:44,290

answers it you know the government

815

00:37:47,340 --> 00:37:45,970

doesn't answer about this Alyssa you

816

00:37:49,230 --> 00:37:47,350

probably know more about it than I do I

817

00:37:51,480 --> 00:37:49,240

don't follow it look at it once and then

818

00:37:54,030 --> 00:37:51,490

I go on to the next is this something

819

00:37:58,350 --> 00:37:54,040

that you would cover like say in in

820

00:38:01,470 --> 00:37:58,360

cosmic disclosure yeah this would be

821

00:38:04,980 --> 00:38:01,480

something we would put on definitely on

822

00:38:08,460 --> 00:38:04,990

one of our diet programs cosmic would be

823

00:38:10,740 --> 00:38:08,470

great for that I know the producers are

824

00:38:12,810 --> 00:38:10,750

really working diligently to get some

825

00:38:15,090 --> 00:38:12,820

really good scientists archaeologists on

826

00:38:17,990 --> 00:38:15,100

the show that have first-hand experience

827

00:38:23,370 --> 00:38:18,000

but you know it is a very sensitive

828

00:38:25,950 --> 00:38:23,380

arena and subject because of all the all

829

00:38:27,750 --> 00:38:25,960

that that's involved that entails for

830

00:38:32,150 --> 00:38:27,760

this big cover-up that they've been

831

00:38:34,500 --> 00:38:32,160

doing for you know 50 60 70 80 years now

832

00:38:36,810 --> 00:38:34,510

down there so I think you know this is

833

00:38:38,730 --> 00:38:36,820

going to be that opportunity for us to

834

00:38:40,050 --> 00:38:38,740

see you know how the governments are

835

00:38:42,630 --> 00:38:40,060

going to respond to this especially the

836

00:38:45,660 --> 00:38:42,640

scientific humanity needs to step it up

837

00:38:48,120 --> 00:38:45,670

and and find out you know what is this

838

00:38:50,730 --> 00:38:48,130

you know what really is this or is this

839

00:38:52,410 --> 00:38:50,740

just something that was put there did

840

00:38:54,380 --> 00:38:52,420

they make this just temporarily so it

841

00:38:56,760 --> 00:38:54,390

melts and then we don't see it anymore

842

00:38:57,670 --> 00:38:56,770

you know there's a many different ways

843

00:39:00,940 --> 00:38:57,680

we could play it

844

00:39:02,349 --> 00:39:00,950

with this face I wanted to ask you about

845

00:39:05,099 --> 00:39:02,359

a couple of other things that have

846

00:39:11,140 --> 00:39:05,109

happened recently and one of them was

847

00:39:13,510 --> 00:39:11,150

the leaked Admiral Wilson dr. Eric gave

848

00:39:15,849 --> 00:39:13,520

us documents that there was 15 pages

849

00:39:18,670 --> 00:39:15,859

there did you have a chance to look at

850

00:39:22,089 --> 00:39:18,680

those documents yeah actually I read the

851
00:39:23,710 --> 00:39:22,099
first seven I haven't read the last

852
00:39:28,900 --> 00:39:23,720
seven I was going to do that today

853
00:39:31,630 --> 00:39:28,910
but yet it seems it seems legitimate the

854
00:39:33,220 --> 00:39:31,640
the way it's written and of course you

855
00:39:35,230 --> 00:39:33,230
know I was looking for you know whose

856
00:39:38,620 --> 00:39:35,240
signatures are on there and the stamps

857
00:39:40,839 --> 00:39:38,630
of what organizations were military

858
00:39:42,609 --> 00:39:40,849
organizations were and what three-letter

859
00:39:46,329 --> 00:39:42,619
agencies were involved with this and it

860
00:39:50,460 --> 00:39:46,339
it looked pretty pretty authentic to me

861
00:39:57,430 --> 00:39:50,470
well the on the last page on page 15

862
00:40:01,089 --> 00:39:57,440
there yeah on page 15 it says and I can

863
00:40:05,500 --> 00:40:01,099

just paraphrase here but you know what

864

00:40:12,519 --> 00:40:05,510

I'll just pull it up and the the way

865

00:40:14,589 --> 00:40:12,529

that this is presented it says that the

866

00:40:18,599 --> 00:40:14,599

this is a conversation going down

867

00:40:29,400 --> 00:40:22,900

Wilson Thomas Wilson and the comment

868

00:40:34,089 --> 00:40:29,410

that was there says that UFOs are real

869

00:40:38,680 --> 00:40:34,099

abductions are not now that's that's a

870

00:40:41,170 --> 00:40:38,690

pretty crazy statement to make and with

871

00:40:43,000 --> 00:40:41,180

something like that

872

00:40:46,510 --> 00:40:43,010

what do you make of it do you think that

873

00:40:48,940 --> 00:40:46,520

the abduction phenomena is is not real

874

00:40:51,269 --> 00:40:48,950

or maybe suggesting that it well it's

875

00:40:54,549 --> 00:40:51,279

not ET maybe it's these are government

876

00:40:58,510 --> 00:40:54,559

military abductions that they're staying

877

00:40:59,289 --> 00:40:58,520

at it to maybe by the CIA yeah that's

878

00:41:03,670 --> 00:40:59,299

what he's saying

879

00:41:07,210 --> 00:41:03,680

letter you know I always get beat up for

880

00:41:09,370 --> 00:41:07,220

this because a lot of the abductees you

881

00:41:10,839 --> 00:41:09,380

know always challenged me on this but

882

00:41:11,630 --> 00:41:10,849

I'm not saying that abductions don't

883

00:41:15,050 --> 00:41:11,640

happen I'm saying

884

00:41:16,910 --> 00:41:15,060

they happen I just don't believe they're

885

00:41:18,680 --> 00:41:16,920

all extraterrestrial abductions I

886

00:41:21,980 --> 00:41:18,690

believe most of these abductions are

887

00:41:23,480 --> 00:41:21,990

staged abductions where militaries

888

00:41:26,540 --> 00:41:23,490

involved for security they don't know

889

00:41:29,450 --> 00:41:26,550

what's going on and the private military

890

00:41:32,540 --> 00:41:29,460

corporations come in and you know staged

891

00:41:34,580 --> 00:41:32,550

these abductions I believe that what

892

00:41:37,400 --> 00:41:34,590

he's saying here and I'm you know how to

893

00:41:38,690 --> 00:41:37,410

write in front of me that the objections

894

00:41:42,140 --> 00:41:38,700

are not real it's because he obviously

895

00:41:43,910 --> 00:41:42,150

has some sort of inside information he

896

00:41:45,020 --> 00:41:43,920

might not know all the information of

897

00:41:48,050 --> 00:41:45,030

real abduction so he's definitely

898

00:41:50,060 --> 00:41:48,060

stating that alien Kaleo abductions are

899

00:41:52,370 --> 00:41:50,070

not real which would lead us to believe

900

00:41:54,650 --> 00:41:52,380

that he knows something about the staged

901
00:41:57,040 --> 00:41:54,660
abduction so I'm going with that for

902
00:42:01,010 --> 00:41:57,050
sure on this one and what do you think

903
00:42:04,490 --> 00:42:01,020
what is your opinion outside of this

904
00:42:08,750 --> 00:42:04,500
document about alien abductions where we

905
00:42:12,170 --> 00:42:08,760
have you know direct contact reported by

906
00:42:13,940 --> 00:42:12,180
literally thousands if not tens of

907
00:42:16,670 --> 00:42:13,950
thousands of people on the record and

908
00:42:18,890 --> 00:42:16,680
there's probably millions out there that

909
00:42:22,100 --> 00:42:18,900
have had contact that haven't talked

910
00:42:24,530 --> 00:42:22,110
about it yet but this is a huge group of

911
00:42:28,970 --> 00:42:24,540
people that are gonna stand up and go

912
00:42:31,340 --> 00:42:28,980
I'm know and they are real so what do we

913
00:42:32,870 --> 00:42:31,350

do with that you know what I mean what

914

00:42:36,050 --> 00:42:32,880

do we do with the millions out there

915

00:42:39,110 --> 00:42:36,060

that have had these experiences and then

916

00:42:42,770 --> 00:42:39,120

suddenly the the government's position

917

00:42:45,110 --> 00:42:42,780

is that this isn't real so are they

918

00:42:47,960 --> 00:42:45,120

suggesting that everybody is has a

919

00:42:51,530 --> 00:42:47,970

mental illness of some kind this is some

920

00:42:55,820 --> 00:42:51,540

kind of mass mass memory you know that's

921

00:43:00,050 --> 00:42:55,830

put out there or are they actually real

922

00:43:02,230 --> 00:43:00,060

alien abductions well I think what we

923

00:43:05,990 --> 00:43:02,240

need to first is like start categorizing

924

00:43:09,530 --> 00:43:06,000

abductions because we have proof that

925

00:43:11,420 --> 00:43:09,540

there are staged staged abductions from

926

00:43:15,890 --> 00:43:11,430

military paperwork and from this letter

927

00:43:19,310 --> 00:43:15,900

and also from many insiders so we know

928

00:43:21,710 --> 00:43:19,320

that's happening now what's the other

929

00:43:23,780 --> 00:43:21,720

agenda to that well why do they do that

930

00:43:25,430 --> 00:43:23,790

why are they do state stage abductions

931

00:43:28,730 --> 00:43:25,440

first let's talk about that

932

00:43:31,310 --> 00:43:28,740

because in order to get the agenda ready

933

00:43:35,810 --> 00:43:31,320

to prep the world for let's say you know

934

00:43:37,490 --> 00:43:35,820

if they alien invasion as you know Ron

935

00:43:40,820 --> 00:43:37,500

Ron Brown said one time in his

936

00:43:43,700 --> 00:43:40,830

interviews that you know there's going

937

00:43:45,410 --> 00:43:43,710

to be this fake alien invasion well in

938

00:43:48,230 --> 00:43:45,420

order to do that we first need to build

939

00:43:49,910 --> 00:43:48,240

fear into the majority of the population

940

00:43:53,120 --> 00:43:49,920

or at least a very small percentage of

941

00:43:55,430 --> 00:43:53,130

it using media using the staged

942

00:44:00,200 --> 00:43:55,440

abductions so they'll go down to you

943

00:44:02,360 --> 00:44:00,210

know you know some small town or even a

944

00:44:05,390 --> 00:44:02,370

large town and staged an abduction right

945

00:44:08,660 --> 00:44:05,400

outside of town and they'll gas the

946

00:44:10,880 --> 00:44:08,670

people you know and those people will

947

00:44:13,130 --> 00:44:10,890

you know not know what's going on and

948

00:44:14,960 --> 00:44:13,140

the gas will knock them out and then

949

00:44:16,400 --> 00:44:14,970

they could carry them and transport them

950

00:44:18,530 --> 00:44:16,410

and pull the car off the side of the

951
00:44:22,130 --> 00:44:18,540
road and let's say take them to a

952
00:44:23,960 --> 00:44:22,140
staging facility nearby and as they're

953
00:44:26,480 --> 00:44:23,970
groggy waking up you know have these

954
00:44:28,520 --> 00:44:26,490
beings there with big eyes and big

955
00:44:31,790 --> 00:44:28,530
bulging heads and colored in you know

956
00:44:32,750 --> 00:44:31,800
green skin and surgical masks and that's

957
00:44:34,310 --> 00:44:32,760
what they're going to remember and

958
00:44:37,160 --> 00:44:34,320
they'll give us some more versed which

959
00:44:38,720 --> 00:44:37,170
makes you forget in surgery and then you

960
00:44:40,580 --> 00:44:38,730
know they wake up you know only

961
00:44:42,680 --> 00:44:40,590
remembering half of what happened and it

962
00:44:44,450 --> 00:44:42,690
was very terrifying so then don't go all

963
00:44:47,300 --> 00:44:44,460

the way to Zimbabwe do the same thing

964

00:44:49,370 --> 00:44:47,310

there same thing in Beijing same thing

965

00:44:51,710 --> 00:44:49,380

in Cebu in the Philippines same thing in

966

00:44:53,480 --> 00:44:51,720

Russia same thing in Alaska they'll go

967

00:44:56,480 --> 00:44:53,490

to all these places do the exact same

968

00:44:58,970 --> 00:44:56,490

thing and then wait a couple years and

969

00:45:01,550 --> 00:44:58,980

when these investigators are hired to go

970

00:45:05,540 --> 00:45:01,560

investigate this they're like oh my gosh

971

00:45:08,630 --> 00:45:05,550

this guy in Fort Myers Florida had this

972

00:45:11,180 --> 00:45:08,640

same exact story as the guy in

973

00:45:14,480 --> 00:45:11,190

Johannesburg which had the same exact

974

00:45:16,730 --> 00:45:14,490

story as the guy and Seoul so it's like

975

00:45:18,140 --> 00:45:16,740

wow so these scientists are course

976

00:45:20,060 --> 00:45:18,150

they're doing their due diligence these

977

00:45:23,090 --> 00:45:20,070

people are having memory recalls some

978

00:45:24,770 --> 00:45:23,100

sort of abduction how many of those are

979

00:45:25,850 --> 00:45:24,780

real abductions I don't know the numbers

980

00:45:27,230 --> 00:45:25,860

that's that's why I'm saying there

981

00:45:29,870 --> 00:45:27,240

should be something put in place to

982

00:45:32,600 --> 00:45:29,880

really you know narrow down what's

983

00:45:34,790 --> 00:45:32,610

happening these to these people so

984

00:45:36,170 --> 00:45:34,800

that's like one of one of the agendas

985

00:45:39,230 --> 00:45:36,180

the other thing that they can do

986

00:45:41,240 --> 00:45:39,240

scientifically is they can you know in

987

00:45:45,020 --> 00:45:41,250

but you know these thoughts in your head

988

00:45:47,420 --> 00:45:45,030

they can you know take your astral body

989

00:45:50,390 --> 00:45:47,430

out of your body when you're you know

990

00:45:52,700 --> 00:45:50,400

not conscious and give you these these

991

00:45:55,520 --> 00:45:52,710

imprints these bio imprints into the

992

00:45:57,500 --> 00:45:55,530

brain and memories that you really think

993

00:45:59,420 --> 00:45:57,510

this happened now you're still at home

994

00:46:03,230 --> 00:45:59,430

but you really believe you're somewhere

995

00:46:06,470 --> 00:46:03,240

else and it's that real of technology

996

00:46:09,890 --> 00:46:06,480

that they have today and then classified

997

00:46:14,210 --> 00:46:09,900

projects to you know move your authority

998

00:46:16,400 --> 00:46:14,220

and also imprint memories into your mind

999

00:46:18,130 --> 00:46:16,410

and they do this this has been proven of

1000

00:46:21,740 --> 00:46:18,140

course in the projects of cloning and

1001
00:46:23,840 --> 00:46:21,750
and also with some of the hybridization

1002
00:46:25,370 --> 00:46:23,850
programs that have a you know taking

1003
00:46:29,210 --> 00:46:25,380
consciousness from one being and putting

1004
00:46:32,200 --> 00:46:29,220
it into another there now the the reason

1005
00:46:35,660 --> 00:46:32,210
for doing that would that be to cover up

1006
00:46:38,870 --> 00:46:35,670
the sighting of some military black

1007
00:46:40,670 --> 00:46:38,880
project aircraft that they want you know

1008
00:46:44,510 --> 00:46:40,680
some diversion on and they don't want

1009
00:46:47,150 --> 00:46:44,520
that disclosed so they'll use UFOs or

1010
00:46:50,990 --> 00:46:47,160
ETS as a cover story is that the reason

1011
00:46:53,000 --> 00:46:51,000
for doing it yeah that's that's one of

1012
00:46:55,790 --> 00:46:53,010
the cover-ups is when they do get busted

1013
00:46:57,830 --> 00:46:55,800

with you know like we didn't know about

1014

00:47:01,370 --> 00:46:57,840

the f119 for twenty thirty years later

1015

00:47:03,140 --> 00:47:01,380

and it was already being you know built

1016

00:47:05,710 --> 00:47:03,150

so imagine what they have today and

1017

00:47:08,150 --> 00:47:05,720

people do spot these things you know

1018

00:47:09,800 --> 00:47:08,160

around the planet every now and then and

1019

00:47:12,560 --> 00:47:09,810

get them on video and of course it's

1020

00:47:14,000 --> 00:47:12,570

better to say well that triangle is

1021

00:47:15,260 --> 00:47:14,010

definitely an extraterrestrial craft

1022

00:47:18,230 --> 00:47:15,270

it's just hovering there we don't have

1023

00:47:21,260 --> 00:47:18,240

that technology because if we say well

1024

00:47:23,000 --> 00:47:21,270

that's our secret weapon it's to control

1025

00:47:26,870 --> 00:47:23,010

the planet that wouldn't go over so well

1026
00:47:28,310 --> 00:47:26,880
you mean the f-117 I'm sorry I'm sorry

1027
00:47:29,090 --> 00:47:28,320
that 1/7 yeah I was going to say the

1028
00:47:31,970 --> 00:47:29,100
f119

1029
00:47:37,520 --> 00:47:31,980
that's that's safer correcting that's a

1030
00:47:41,170 --> 00:47:37,530
super secret and that if that is going

1031
00:47:44,660 --> 00:47:41,180
on which for me that terrifies me more

1032
00:47:47,390 --> 00:47:44,670
than then ETS coming to this planet all

1033
00:47:50,210 --> 00:47:47,400
right in that our government would do

1034
00:47:52,510 --> 00:47:50,220
something like this to its own citizens

1035
00:47:54,220 --> 00:47:52,520
or any any you know country

1036
00:47:56,200 --> 00:47:54,230
planetary well they've done it in the

1037
00:47:58,390 --> 00:47:56,210
past I mean you know they've done

1038
00:48:00,040 --> 00:47:58,400

experiments on us in the past I mean

1039

00:48:02,500 --> 00:48:00,050

when we find out later on that they were

1040

00:48:04,390 --> 00:48:02,510

poisoning us and our children so I mean

1041

00:48:06,490 --> 00:48:04,400

what's not to say it's still going on we

1042

00:48:08,440 --> 00:48:06,500

won't find out about it till you know 50

1043

00:48:10,090 --> 00:48:08,450

years down the road and by then

1044

00:48:11,950 --> 00:48:10,100

everyone's like you know already forgot

1045

00:48:16,840 --> 00:48:11,960

about what happened to those people

1046

00:48:20,590 --> 00:48:16,850

yeah and MKULTRA which was a real

1047

00:48:23,500 --> 00:48:20,600

program and Senator Frank church of

1048

00:48:27,010 --> 00:48:23,510

Idaho and and and his uncovering of that

1049

00:48:28,630 --> 00:48:27,020

and the ordering you know by the CIA at

1050

00:48:32,500 --> 00:48:28,640

that point you know destroy all

1051
00:48:36,010 --> 00:48:32,510
documents right and that that order went

1052
00:48:37,930 --> 00:48:36,020
out and people are shredding stuff all

1053
00:48:40,240 --> 00:48:37,940
across the country probably around the

1054
00:48:43,030 --> 00:48:40,250
world as some document survived that's

1055
00:48:48,640 --> 00:48:43,040
what made it to Congress in the Senate

1056
00:48:51,070 --> 00:48:48,650
and this program was revealed and when

1057
00:48:54,460 --> 00:48:51,080
when people talk about MKULTRA today

1058
00:48:59,350 --> 00:48:54,470
it's more of a science fiction aspect

1059
00:49:01,810 --> 00:48:59,360
even even a conspiratorial view of it

1060
00:49:05,380 --> 00:49:01,820
that it's it's made up like it's tinfoil

1061
00:49:08,830 --> 00:49:05,390
hat it was a real government program

1062
00:49:11,560 --> 00:49:08,840
with thousands of people ordinary

1063
00:49:14,910 --> 00:49:11,570

citizens and college students involved

1064

00:49:18,970 --> 00:49:14,920

in it this is an made-up fantasy is it

1065

00:49:22,210 --> 00:49:18,980

no this is very real and I definitely

1066

00:49:23,980 --> 00:49:22,220

believe my home so my opinion that they

1067

00:49:27,610 --> 00:49:23,990

are still doing things like this to

1068

00:49:30,160 --> 00:49:27,620

innocent people you know collecting them

1069

00:49:32,020 --> 00:49:30,170

for experiments such as homeless people

1070

00:49:36,490 --> 00:49:32,030

and people that would not be normally

1071

00:49:39,640 --> 00:49:36,500

missed I remember this is about a year

1072

00:49:42,190 --> 00:49:39,650

ago I went through data and I was sent a

1073

00:49:45,910 --> 00:49:42,200

bunch of data about missing people

1074

00:49:48,280 --> 00:49:45,920

around the world right every year and

1075

00:49:51,790 --> 00:49:48,290

women children adults it doesn't matter

1076

00:49:53,620 --> 00:49:51,800

and the amount in this modern day that

1077

00:49:55,780 --> 00:49:53,630

we live in where we have accountability

1078

00:49:58,060 --> 00:49:55,790

and we have cell phones and we have GPS

1079

00:50:00,370 --> 00:49:58,070

and and we have you know real-time

1080

00:50:04,440 --> 00:50:00,380

access to just about you know everybody

1081

00:50:06,250 --> 00:50:04,450

certainly in a in a modern society and

1082

00:50:08,890 --> 00:50:06,260

the amount of

1083

00:50:11,470 --> 00:50:08,900

people that absolutely just go missing

1084

00:50:14,440 --> 00:50:11,480

those numbers are unbelievable most

1085

00:50:17,230 --> 00:50:14,450

people don't understand how many people

1086

00:50:20,560 --> 00:50:17,240

actually go missing each year without a

1087

00:50:25,990 --> 00:50:20,570

trace the number we talked about no they

1088

00:50:28,720 --> 00:50:26,000

don't they don't why is is what I don't

1089

00:50:30,190 --> 00:50:28,730

well it's such a huge number I don't

1090

00:50:32,530 --> 00:50:30,200

know the exact number now I haven't

1091

00:50:34,930 --> 00:50:32,540

checked out in a year but yeah the

1092

00:50:39,390 --> 00:50:34,940

numbers are there they're unbelievable

1093

00:50:45,970 --> 00:50:39,400

now what what you would think that

1094

00:50:48,370 --> 00:50:45,980

eventually they surface right and the

1095

00:50:50,890 --> 00:50:48,380

numbers start to equalize themselves and

1096

00:50:54,700 --> 00:50:50,900

it's not millions of people it's only

1097

00:50:57,190 --> 00:50:54,710

you know 10,000 because they they they

1098

00:50:59,490 --> 00:50:57,200

surface later and they're back you know

1099

00:51:05,080 --> 00:50:59,500

in in society that's not the case

1100

00:51:06,850 --> 00:51:05,090

they're gone they vanish yeah that that

1101
00:51:08,770 --> 00:51:06,860
is something that really should the

1102
00:51:10,930 --> 00:51:08,780
public should start looking out for and

1103
00:51:12,750 --> 00:51:10,940
I think organizations need to start

1104
00:51:15,640 --> 00:51:12,760
inquiring and investigating this

1105
00:51:17,260 --> 00:51:15,650
phenomenon because there's it's not just

1106
00:51:19,600 --> 00:51:17,270
your United States it's all around the

1107
00:51:22,780 --> 00:51:19,610
world especially in third world

1108
00:51:24,520 --> 00:51:22,790
countries even more and it's not just

1109
00:51:27,010 --> 00:51:24,530
sex trafficking these are people going

1110
00:51:30,100 --> 00:51:27,020
missing adults you know older people

1111
00:51:32,350 --> 00:51:30,110
senior citizens this is a plethora of

1112
00:51:35,440 --> 00:51:32,360
different age groups they're just gone

1113
00:51:37,740 --> 00:51:35,450

and you can go online and search and

1114

00:51:40,300 --> 00:51:37,750

you'll see all the faces there it's

1115

00:51:41,710 --> 00:51:40,310

overwhelming to be honest well yeah I

1116

00:51:44,830 --> 00:51:41,720

mean you have to look at it that way

1117

00:51:48,130 --> 00:51:44,840

because you know I'm 55 years old and if

1118

00:51:50,230 --> 00:51:48,140

I disappear tomorrow I'm not I'm not

1119

00:52:02,970 --> 00:51:50,240

abducted or kidnapped into a sex

1120

00:52:08,530 --> 00:52:05,500

yeah so we have to look at it that way

1121

00:52:11,080 --> 00:52:08,540

you know it's not just young you know

1122

00:52:13,930 --> 00:52:11,090

boys and girls it's yes it's it's it's

1123

00:52:15,430 --> 00:52:13,940

all across the board and certainly sex

1124

00:52:19,000 --> 00:52:15,440

trafficking has something to do with it

1125

00:52:20,050 --> 00:52:19,010

but it could be et it could be something

1126
00:52:22,630 --> 00:52:20,060
else and

1127
00:52:26,410 --> 00:52:22,640
could be you know crazy time vortexes

1128
00:52:28,510 --> 00:52:26,420
and then all kinds of explanations out

1129
00:52:30,940 --> 00:52:28,520
there I don't know what they are but the

1130
00:52:33,760 --> 00:52:30,950
numbers are huge and I went through it I

1131
00:52:34,510 --> 00:52:33,770
went through a country by country and

1132
00:52:47,800 --> 00:52:34,520
it's

1133
00:52:49,840 --> 00:52:47,810
goes on all around the world well look

1134
00:52:51,190 --> 00:52:49,850
let's take a break right here I need to

1135
00:52:54,070 --> 00:52:51,200
get this out of the way when we come

1136
00:52:58,210 --> 00:52:54,080
back we're gonna jump into regenerative

1137
00:52:59,950 --> 00:52:58,220
medicine and what is going on with all

1138
00:53:04,090 --> 00:52:59,960

of your projects and recent research

1139

00:53:06,010 --> 00:53:04,100

it's a very complex and comprehensive

1140

00:53:08,590 --> 00:53:06,020

issue and we'll get a full explanation

1141

00:53:10,450 --> 00:53:08,600

of all of it from Emory right after this

1142

00:53:11,710 --> 00:53:10,460

short break this is fade to black our

1143

00:53:15,610 --> 00:53:11,720

military church on the GameChanger

1144

00:53:57,130 --> 00:53:15,620

network and kg ra the planets stay with

1145

00:54:02,620 --> 00:53:59,450

welcome back fade to black I'm going to

1146

00:54:06,170 --> 00:54:02,630

church our guest tonight Emory Smith and

1147

00:54:09,920 --> 00:54:06,180

very very interesting conversation so

1148

00:54:14,180 --> 00:54:09,930

far and Emory a couple of things really

1149

00:54:18,980 --> 00:54:14,190

quick before we move forward I just got

1150

00:54:26,780 --> 00:54:18,990

a text during the break from George

1151
00:54:29,420 --> 00:54:26,790
Noory so he's listening right now so and

1152
00:54:32,930 --> 00:54:29,430
he said you know be sure to tell Emery I

1153
00:54:36,350 --> 00:54:32,940
said hello so I did that and speaking of

1154
00:54:40,340 --> 00:54:36,360
George and Gaia you know he has his show

1155
00:54:45,080 --> 00:54:40,350
beyond belief and and you've got cosmic

1156
00:54:48,160 --> 00:54:45,090
disclosure and I kind of danced over

1157
00:54:51,170 --> 00:54:48,170
that really quick I wanted to

1158
00:54:54,290 --> 00:54:51,180
can I get secret stuff out of you you

1159
00:54:56,480 --> 00:54:54,300
know what's upcoming do you have can you

1160
00:55:00,380 --> 00:54:56,490
talk about guest and things like that I

1161
00:55:04,310 --> 00:55:00,390
haven't had a chair Oh - okay is that

1162
00:55:05,810 --> 00:55:04,320
cool yeah I'll just take some heat for

1163
00:55:07,490 --> 00:55:05,820

it later but I think all the fader nots

1164

00:55:08,350 --> 00:55:07,500

need to know what's coming up right on

1165

00:55:11,660 --> 00:55:08,360

right on

1166

00:55:13,250 --> 00:55:11,670

yeah I'll bear the heat on this one

1167

00:55:15,110 --> 00:55:13,260

because we already did it it's just not

1168

00:55:16,940 --> 00:55:15,120

shown yet so this is really inside

1169

00:55:18,650 --> 00:55:16,950

information since I'm an insider I think

1170

00:55:21,320 --> 00:55:18,660

we should do this yeah what we got

1171

00:55:23,360 --> 00:55:21,330

coming up the good thing is I have a

1172

00:55:24,920 --> 00:55:23,370

show out there with Randy bitin himer

1173

00:55:27,860 --> 00:55:24,930

he's a new new to the scene you guys

1174

00:55:30,170 --> 00:55:27,870

gotta check him out he's amazing and I

1175

00:55:33,170 --> 00:55:30,180

just got aired I think two shows that

1176
00:55:35,060 --> 00:55:33,180
Randy Cramer now there's there's a guy

1177
00:55:37,460 --> 00:55:35,070
worth listening to for a little bit he's

1178
00:55:41,600 --> 00:55:37,470
got some really interesting amazing

1179
00:55:44,540 --> 00:55:41,610
stories of his 20 M back and being on

1180
00:55:46,430 --> 00:55:44,550
Mars and it was like a lot of little

1181
00:55:49,070 --> 00:55:46,440
correlation things he said that really

1182
00:55:51,110 --> 00:55:49,080
sparks my interest but a really nice guy

1183
00:55:53,420 --> 00:55:51,120
so we did some episodes of 10 that's

1184
00:55:57,350 --> 00:55:53,430
going to be I think 2 of I have already

1185
00:56:02,450 --> 00:55:57,360
aired you know Randy yeah Jimmy yes I

1186
00:56:04,700 --> 00:56:02,460
said yep okay yeah and of course I did

1187
00:56:09,230 --> 00:56:04,710
sergeant Clifford stone and raw as well

1188
00:56:13,160 --> 00:56:09,240

and he showed me some amazing

1189

00:56:16,310 --> 00:56:13,170

bangs pieces of craft and also pieces of

1190

00:56:17,120 --> 00:56:16,320

alleged craft ET craft and from the

1191

00:56:20,180 --> 00:56:17,130

crash site

1192

00:56:22,850 --> 00:56:20,190

and a lot of documentation you know just

1193

00:56:24,470 --> 00:56:22,860

a lot of brilliant stuff that he

1194

00:56:26,210 --> 00:56:24,480

requested from the government so we're

1195

00:56:28,609 --> 00:56:26,220

going to going through those files and

1196

00:56:31,550 --> 00:56:28,619

talking about his experiences with

1197

00:56:35,300 --> 00:56:31,560

extraterrestrial craft and the other one

1198

00:56:39,640 --> 00:56:35,310

is of course my favorite my good buddy

1199

00:56:41,780 --> 00:56:39,650

David Adair very well recognized

1200

00:56:44,960 --> 00:56:41,790

aerospace guy he was in the military

1201
00:56:48,230 --> 00:56:44,970
mayor for an army and he's been on a lot

1202
00:56:49,880 --> 00:56:48,240
of crash retrievals as well and has done

1203
00:56:52,760 --> 00:56:49,890
just amazing things he's just an amazing

1204
00:56:56,570 --> 00:56:52,770
guy so look forward to those three guys

1205
00:56:58,700 --> 00:56:56,580
in the next coming seasons you're going

1206
00:57:02,180 --> 00:56:58,710
to really we dive really deep and you

1207
00:57:05,300 --> 00:57:02,190
know I'm switching to a host now since

1208
00:57:07,190 --> 00:57:05,310
there was an opening for that and I got

1209
00:57:10,580 --> 00:57:07,200
the blessings from David Wilcock to take

1210
00:57:13,220 --> 00:57:10,590
that over and so it's working as a nice

1211
00:57:15,440 --> 00:57:13,230
transition I think I like being the host

1212
00:57:18,200 --> 00:57:15,450
and being able to get into these

1213
00:57:20,240 --> 00:57:18,210

insiders heads and see you know bring

1214

00:57:23,210 --> 00:57:20,250

out this information because you got to

1215

00:57:25,310 --> 00:57:23,220

have a right person to really get you

1216

00:57:27,320 --> 00:57:25,320

know it's really scientific about it and

1217

00:57:29,690 --> 00:57:27,330

really to extract the information and

1218

00:57:32,080 --> 00:57:29,700

it's kind of easy for me to do because

1219

00:57:34,550 --> 00:57:32,090

you know they have already done it to me

1220

00:57:36,670 --> 00:57:34,560

so it was a really neat neat transition

1221

00:57:40,190 --> 00:57:36,680

so look forward to that stuff you go to

1222

00:57:45,050 --> 00:57:40,200

DICOM slash emery and sign up there at

1223

00:57:49,130 --> 00:57:45,060

the nice set up the the subjects that

1224

00:57:53,260 --> 00:57:49,140

you're gonna that you cover are you

1225

00:57:56,030 --> 00:57:53,270

going to expand in in other directions

1226

00:58:00,050 --> 00:57:56,040

you know what I mean how are you gonna

1227

00:58:05,180 --> 00:58:00,060

push cosmic forward and you know quite

1228

00:58:08,030 --> 00:58:05,190

frankly not run out of material well the

1229

00:58:11,000 --> 00:58:08,040

thing is getting more more insiders new

1230

00:58:13,760 --> 00:58:11,010

insiders you know and we're having you

1231

00:58:15,349 --> 00:58:13,770

know new people come up to us that

1232

00:58:17,359 --> 00:58:15,359

they're vetting right now that we're

1233

00:58:19,010 --> 00:58:17,369

trying to that because there's a lot of

1234

00:58:20,720 --> 00:58:19,020

people coming forward but we're trying

1235

00:58:22,540 --> 00:58:20,730

look for some documentation to go along

1236

00:58:24,510 --> 00:58:22,550

with it but

1237

00:58:28,450 --> 00:58:24,520

you're going to see new people new faces

1238

00:58:29,860 --> 00:58:28,460

like Randy biting hammer and Randy

1239

00:58:32,590 --> 00:58:29,870

Cramer I was kind of big on the scene

1240

00:58:34,960 --> 00:58:32,600

and there's others coming out I can't

1241

00:58:37,270 --> 00:58:34,970

mention their names of course yet but

1242

00:58:39,070 --> 00:58:37,280

it's gonna be brilliant and lovely

1243

00:58:41,380 --> 00:58:39,080

you're just as a plethora of information

1244

00:58:44,350 --> 00:58:41,390

and these you know new Sciences and new

1245

00:58:48,190 --> 00:58:44,360

stories from these insiders that will

1246

00:58:49,750 --> 00:58:48,200

that are pretty remarkable and I think

1247

00:58:52,060 --> 00:58:49,760

that the audience is really going to be

1248

00:58:57,010 --> 00:58:52,070

engaged yeah these are exciting times

1249

00:59:00,310 --> 00:58:57,020

and and I look forward to it you you do

1250

00:59:05,230 --> 00:59:00,320

what 8 episodes four episodes a month

1251
00:59:09,630 --> 00:59:05,240
how does that work yeah what happened

1252
00:59:12,460 --> 00:59:09,640
you know it's possible for us to shoot

1253
00:59:14,320 --> 00:59:12,470
when someone flies in like David there

1254
00:59:16,360 --> 00:59:14,330
you know we'll usually have two days of

1255
00:59:19,870 --> 00:59:16,370
shooting well we might shoot you know

1256
00:59:21,970 --> 00:59:19,880
four to six episodes a day it depends

1257
00:59:25,060 --> 00:59:21,980
you know after we let's say we get two

1258
00:59:26,530 --> 00:59:25,070
days twelve episodes that's really comes

1259
00:59:28,720 --> 00:59:26,540
out to about eight episodes because

1260
00:59:31,210 --> 00:59:28,730
after all the editing and you know maybe

1261
00:59:33,130 --> 00:59:31,220
if you know one show is not that great

1262
00:59:34,600 --> 00:59:33,140
or they don't like it they might scrub

1263
00:59:36,490 --> 00:59:34,610

it so we always shoot a lot the good

1264

00:59:38,530 --> 00:59:36,500

thing is everything that we've shot so

1265

00:59:42,310 --> 00:59:38,540

far has been used nothing has been

1266

00:59:44,350 --> 00:59:42,320

thrown out but it's possible for me to

1267

00:59:46,810 --> 00:59:44,360

do you know three interviews in one

1268

00:59:48,550 --> 00:59:46,820

month that just happened recently and we

1269

00:59:52,150 --> 00:59:48,560

were flying around and also doing it

1270

00:59:53,200 --> 00:59:52,160

here at Dyea headquarters the filming of

1271

00:59:56,890 --> 00:59:53,210

you know people flying in me

1272

00:59:58,570 --> 00:59:56,900

interviewing them so it was uh that's

1273

01:00:01,210 --> 00:59:58,580

that kind of the protocol of how that

1274

01:00:04,300 --> 01:00:01,220

unfolds well actually yeah whatever

1275

01:00:05,980 --> 01:00:04,310

these episodes are already shot a lot of

1276

01:00:08,410 --> 01:00:05,990

time you see them they could be three to

1277

01:00:10,570 --> 01:00:08,420

six months out like three six months ago

1278

01:00:11,830 --> 01:00:10,580

so it's funny when people see me and

1279

01:00:13,630 --> 01:00:11,840

they're like oh my gosh you look so

1280

01:00:14,860 --> 01:00:13,640

different than TV and I'm just saying

1281

01:00:16,930 --> 01:00:14,870

well that's because you're watching

1282

01:00:20,430 --> 01:00:16,940

pictures of me six months ago you know

1283

01:00:26,340 --> 01:00:20,440

when I was 300 pounds well how did you

1284

01:00:29,620 --> 01:00:26,350

make the transition from guest to host

1285

01:00:32,050 --> 01:00:29,630

Hosting's a whole nother thing where you

1286

01:00:34,390 --> 01:00:32,060

are now asking questions instead of

1287

01:00:35,860 --> 01:00:34,400

answering them it's it's a lot more

1288

01:00:39,550 --> 01:00:35,870

difficult than the

1289

01:00:41,350 --> 01:00:39,560

what most people think it is yes it is

1290

01:00:44,230 --> 01:00:41,360

that's extremely difficult and I

1291

01:00:46,090 --> 01:00:44,240

definitely needed some pointers and you

1292

01:00:49,690 --> 01:00:46,100

know by looking at my other colleagues

1293

01:00:51,760 --> 01:00:49,700

and you know taking some classes in this

1294

01:00:54,850 --> 01:00:51,770

you know this is a kind of different

1295

01:00:57,460 --> 01:00:54,860

area for me so I really really had to

1296

01:00:59,110 --> 01:00:57,470

embrace it and you know look at myself

1297

01:01:01,240 --> 01:00:59,120

on TV and go oh my gosh I can't believe

1298

01:01:02,830 --> 01:01:01,250

I have my arms crossed I can't believe I

1299

01:01:04,900 --> 01:01:02,840

did this I mean and just being really

1300

01:01:06,700 --> 01:01:04,910

humble about it and getting really good

1301
01:01:09,550 --> 01:01:06,710
constructive criticism from the team at

1302
01:01:10,990 --> 01:01:09,560
gaya they're amazing for helping me you

1303
01:01:12,370 --> 01:01:11,000
know through this transition and they

1304
01:01:15,610 --> 01:01:12,380
just approached me and said you know

1305
01:01:18,340 --> 01:01:15,620
would you mind doing this and I said

1306
01:01:22,150 --> 01:01:18,350
sure because there it was an opening

1307
01:01:24,460 --> 01:01:22,160
there and they we're trying to find

1308
01:01:26,800 --> 01:01:24,470
someone that Liz and Boulder that could

1309
01:01:28,720 --> 01:01:26,810
be there wherever they want and since

1310
01:01:31,540 --> 01:01:28,730
I'm already here it was just a good shoe

1311
01:01:36,280 --> 01:01:31,550
and you know for that to happen well

1312
01:01:37,990 --> 01:01:36,290
excited for the new stuff and Gaia is

1313
01:01:41,410 --> 01:01:38,000

easy to find I don't have the links up

1314

01:01:46,360 --> 01:01:41,420

at Jimmy Church radio but Gaia I think

1315

01:01:49,570 --> 01:01:46,370

it's just guy a.com now right on let's

1316

01:01:52,330 --> 01:01:49,580

get into a regenerative medicine and I

1317

01:01:59,020 --> 01:01:52,340

want to start first with a definition

1318

01:02:03,700 --> 01:01:59,030

what is regenerative medicine well any

1319

01:02:07,900 --> 01:02:03,710

type of therapy or medicine or anything

1320

01:02:11,490 --> 01:02:07,910

that has clinically shown that it helps

1321

01:02:13,930 --> 01:02:11,500

regenerate cellular tissue and at the

1322

01:02:16,620 --> 01:02:13,940

pinpoint of this of course is a lot to

1323

01:02:19,900 --> 01:02:16,630

do with biologics and stem cells and

1324

01:02:21,430 --> 01:02:19,910

platelet rich plasma on the cellular

1325

01:02:22,930 --> 01:02:21,440

level but they are coming out with

1326

01:02:25,690 --> 01:02:22,940

different types of proteins and amino

1327

01:02:28,870 --> 01:02:25,700

acids that are ritand inequities are

1328

01:02:32,800 --> 01:02:28,880

synthetic and and also concentrators

1329

01:02:34,720 --> 01:02:32,810

from other animals and from other humans

1330

01:02:37,810 --> 01:02:34,730

that can be concentrated sterilized and

1331

01:02:39,610 --> 01:02:37,820

and utilized on the body to help promote

1332

01:02:42,400 --> 01:02:39,620

cellular function and help regenerate

1333

01:02:43,660 --> 01:02:42,410

cells and because your cells in their

1334

01:02:45,460 --> 01:02:43,670

body they're all different than muscle

1335

01:02:46,660 --> 01:02:45,470

cells different than the skin that's

1336

01:02:48,780 --> 01:02:46,670

different than your heart that's

1337

01:02:51,150 --> 01:02:48,790

different than your lung tissue so

1338

01:02:55,020 --> 01:02:51,160

they have now really fine-tuned this

1339

01:02:58,110 --> 01:02:55,030

therapy with many many beautiful types

1340

01:02:59,760 --> 01:02:58,120

of therapies out there that are

1341

01:03:02,430 --> 01:02:59,770

autologous which means it comes from

1342

01:03:05,280 --> 01:03:02,440

your own body of course I was one of the

1343

01:03:07,320 --> 01:03:05,290

pioneers in that one of my inventions

1344

01:03:10,200 --> 01:03:07,330

and patents is a concentrated self

1345

01:03:12,090 --> 01:03:10,210

separator that concentrates stem cells

1346

01:03:14,880 --> 01:03:12,100

from your bone marrow and stem cells

1347

01:03:16,410 --> 01:03:14,890

from your blood also stromal vascular

1348

01:03:18,870 --> 01:03:16,420

fractionated stem cells from your fat

1349

01:03:20,850 --> 01:03:18,880

around your belly button and when we

1350

01:03:22,620 --> 01:03:20,860

concentrate these and this is all done

1351

01:03:24,390 --> 01:03:22,630

with this within at the patient's

1352

01:03:26,100 --> 01:03:24,400

bedside within an hour we can

1353

01:03:28,530 --> 01:03:26,110

concentrate your own body's healing

1354

01:03:30,930 --> 01:03:28,540

factors and spin them down in a

1355

01:03:33,510 --> 01:03:30,940

centrifuge and isolate those factors and

1356

01:03:34,560 --> 01:03:33,520

then put it in a place of your that

1357

01:03:36,270 --> 01:03:34,570

needs it the most now it might be

1358

01:03:38,730 --> 01:03:36,280

systemically it might be a full-body

1359

01:03:42,270 --> 01:03:38,740

stem cell infusion or it might be a

1360

01:03:45,300 --> 01:03:42,280

localized rich plasma treatment where

1361

01:03:46,890 --> 01:03:45,310

you're injecting into the joint there's

1362

01:03:50,400 --> 01:03:46,900

many different aspects that we can go

1363

01:03:54,890 --> 01:03:50,410

with this where does where does the

1364

01:03:59,520 --> 01:03:54,900

knowledge from for this come from I

1365

01:04:02,880 --> 01:03:59,530

assume you don't have you're not a

1366

01:04:05,550 --> 01:04:02,890

medical doctor right I understand your

1367

01:04:07,980 --> 01:04:05,560

military training in these fields but

1368

01:04:10,380 --> 01:04:07,990

this seems to be a very complex issue

1369

01:04:12,300 --> 01:04:10,390

and there are those out there better

1370

01:04:14,750 --> 01:04:12,310

than say been he's not a doctor

1371

01:04:17,730 --> 01:04:14,760

right there's no formal training here

1372

01:04:20,820 --> 01:04:17,740

where does the knowledge for all of this

1373

01:04:22,170 --> 01:04:20,830

come from well I mean I do have over

1374

01:04:25,110 --> 01:04:22,180

three and sixty college credit hours

1375

01:04:29,670 --> 01:04:25,120

from the Air Force so that's more than a

1376

01:04:31,320 --> 01:04:29,680

PhD we do have of course the training I

1377

01:04:34,290 --> 01:04:31,330

received in the Air Force you know was

1378

01:04:36,170 --> 01:04:34,300

not even available in any University for

1379

01:04:39,150 --> 01:04:36,180

the stuff I was doing but the basics of

1380

01:04:43,260 --> 01:04:39,160

biology and surgical technology and

1381

01:04:45,090 --> 01:04:43,270

being being an emergency medicine field

1382

01:04:48,150 --> 01:04:45,100

you know all I have all those

1383

01:04:52,110 --> 01:04:48,160

certificates and all those titles and I

1384

01:04:54,990 --> 01:04:52,120

still have you know my my credit hours

1385

01:04:56,460 --> 01:04:55,000

you know I never applied it when I got

1386

01:04:58,470 --> 01:04:56,470

out of the military which I could have

1387

01:05:00,330 --> 01:04:58,480

and got a couple degrees right off the

1388

01:05:02,609 --> 01:05:00,340

bat because that's gonna be a device

1389

01:05:03,989 --> 01:05:02,619

manufacturer now

1390

01:05:06,630 --> 01:05:03,999

that means I'm going to create things

1391

01:05:09,599 --> 01:05:06,640

that help people heal and help cheer

1392

01:05:12,509 --> 01:05:09,609

them and I knew by working with surgeons

1393

01:05:15,239 --> 01:05:12,519

for that long that it's not a good idea

1394

01:05:17,609 --> 01:05:15,249

for a surgeon to tell us another surgeon

1395

01:05:19,710 --> 01:05:17,619

hey you're just not doing that right you

1396

01:05:21,509 --> 01:05:19,720

should use my device it's better and

1397

01:05:23,489 --> 01:05:21,519

what you've been doing is wrong your

1398

01:05:25,859 --> 01:05:23,499

whole life that would not go over so

1399

01:05:28,099 --> 01:05:25,869

well but being a clinical practitioner

1400

01:05:31,230 --> 01:05:28,109

who works under the license of a surgeon

1401

01:05:33,870 --> 01:05:31,240

you can get away with a lot more so

1402

01:05:37,670 --> 01:05:33,880

that's what I was doing and I was

1403

01:05:40,769 --> 01:05:37,680

actually one of the first CME accredited

1404

01:05:42,509 --> 01:05:40,779

organizations to hold the Florida

1405

01:05:44,819 --> 01:05:42,519

International platelet gel and stem cell

1406

01:05:47,190 --> 01:05:44,829

symposium so physicians actually would

1407

01:05:49,680 --> 01:05:47,200

come to get crit hours for a mean even

1408

01:05:52,140 --> 01:05:49,690

though I'm not a medical doctor I had

1409

01:05:53,759 --> 01:05:52,150

medical doctors on my team and I spoke

1410

01:05:56,069 --> 01:05:53,769

for most the time during the three-day

1411

01:05:58,049 --> 01:05:56,079

course and Melbourne Florida at the

1412

01:06:01,109 --> 01:05:58,059

Space Coast era Medical Institute every

1413

01:06:03,029 --> 01:06:01,119

quarter so doctors apply all around the

1414

01:06:05,579 --> 01:06:03,039

world to come in and also receive a

1415

01:06:08,789 --> 01:06:05,589

certificate of training from me to do

1416

01:06:11,339 --> 01:06:08,799

you know this harvesting of blood and

1417

01:06:13,349 --> 01:06:11,349

fat in bone marrow so they could you

1418

01:06:16,739 --> 01:06:13,359

know take it to their clinics and help

1419

01:06:19,349 --> 01:06:16,749

you know heal and cure people it sounds

1420

01:06:22,410 --> 01:06:19,359

almost too good to be true like this

1421

01:06:27,660 --> 01:06:22,420

could actually like change the world and

1422

01:06:30,120 --> 01:06:27,670

change lifestyles and create hope is is

1423

01:06:33,900 --> 01:06:30,130

that too extreme am I going too far with

1424

01:06:35,940 --> 01:06:33,910

this I develop my device I know total

1425

01:06:39,509 --> 01:06:35,950

knee replacement surgery has gone down

1426

01:06:41,970 --> 01:06:39,519

by 50% so that says a lot about the

1427

01:06:44,460 --> 01:06:41,980

products and what the way I was smooth

1428

01:06:47,039 --> 01:06:44,470

about it wasn't considered telling the

1429

01:06:49,829 --> 01:06:47,049

doctor oh you're doing it wrong it's

1430

01:06:51,870 --> 01:06:49,839

more like hey I got this new device it

1431

01:06:54,630 --> 01:06:51,880

may do this it may do that why don't you

1432

01:06:56,279 --> 01:06:54,640

use it and let me know you know with

1433

01:06:57,779 --> 01:06:56,289

your results and then when they would

1434

01:06:59,279 --> 01:06:57,789

come back and like oh my goodness I

1435

01:07:01,319 --> 01:06:59,289

didn't have to do this new surgery

1436

01:07:03,870 --> 01:07:01,329

because we rebuilt the articular

1437

01:07:06,120 --> 01:07:03,880

cartilage just by using these injections

1438

01:07:07,979 --> 01:07:06,130

I said my goodness that sounds fantastic

1439

01:07:09,989 --> 01:07:07,989

can you write that up in a white paper

1440

01:07:12,660 --> 01:07:09,999

for me so I'm pulling the same thing I

1441

01:07:14,430 --> 01:07:12,670

did with you know how we picked the air

1442

01:07:16,140 --> 01:07:14,440

you know on how he picked dr. Lochner

1443

01:07:16,620 --> 01:07:16,150

and all these people just getting the

1444

01:07:19,740 --> 01:07:16,630

right

1445

01:07:22,200 --> 01:07:19,750

you know people on board to note so when

1446

01:07:24,000 --> 01:07:22,210

they say something is legitimate it's

1447

01:07:26,160 --> 01:07:24,010

backed up with white papers they did

1448

01:07:28,710 --> 01:07:26,170

their own studies there's not me saying

1449

01:07:30,990 --> 01:07:28,720

my products are the best it's it's the

1450

01:07:33,000 --> 01:07:31,000

world thing memories products are the

1451

01:07:35,430 --> 01:07:33,010

best and that's what I just wanted so I

1452

01:07:36,900 --> 01:07:35,440

accomplished that mission and it's

1453

01:07:39,360 --> 01:07:36,910

helping people all around the world

1454

01:07:41,070 --> 01:07:39,370

right now and you there's there's five

1455

01:07:42,720 --> 01:07:41,080

or six other companies out there doing I

1456

01:07:43,820 --> 01:07:42,730

don't know I don't not own that company

1457

01:07:45,960 --> 01:07:43,830

anymore by the way

1458

01:07:48,270 --> 01:07:45,970

however the product is still out there

1459

01:07:50,730 --> 01:07:48,280

it's called the Genesis system and it

1460

01:07:52,980 --> 01:07:50,740

concentrates the many different types of

1461

01:07:54,540 --> 01:07:52,990

cells in the body and there's other

1462

01:07:57,030 --> 01:07:54,550

systems out there as well

1463

01:07:59,640 --> 01:07:57,040

that do similar things but of course

1464

01:08:04,860 --> 01:07:59,650

mine's the best you mentioned earlier

1465

01:08:08,040 --> 01:08:04,870

your patent those are your words how

1466

01:08:11,430 --> 01:08:08,050

many patents do you have how many

1467

01:08:13,560 --> 01:08:11,440

inventions and are these researchable

1468

01:08:15,570 --> 01:08:13,570

you know because you know how it is

1469

01:08:18,750 --> 01:08:15,580

right yeah there's there's no document

1470

01:08:21,240 --> 01:08:18,760

here yes right now yeah anyone can type

1471

01:08:24,120 --> 01:08:21,250

in Emory Smith and the Patent Office and

1472

01:08:26,250 --> 01:08:24,130

you guys can see all my stuff but the

1473

01:08:28,980 --> 01:08:26,260

one I'm known for of course is the cell

1474

01:08:31,200 --> 01:08:28,990

separator concentrating kit and also the

1475

01:08:36,030 --> 01:08:31,210

spray the autologous spray Thompson

1476

01:08:38,040 --> 01:08:36,040

device which we use to mix a type of

1477

01:08:40,680 --> 01:08:38,050

alcohol it's called autologous ROM and

1478

01:08:42,810 --> 01:08:40,690

10% thousand four admits with 5,000

1479

01:08:45,510 --> 01:08:42,820

years of bovines Ramnath powder I've

1480

01:08:48,930 --> 01:08:45,520

used a sprayer device to spray and mix

1481

01:08:51,930 --> 01:08:48,940

the biologics with medications to help

1482

01:08:54,930 --> 01:08:51,940

activate platelets and fibrinogen so it

1483

01:08:59,310 --> 01:08:54,940

clots and if you go to my website Henry

1484

01:09:01,650 --> 01:08:59,320

Smith net there is a video there of me

1485

01:09:04,290 --> 01:09:01,660

treating a snakebite king cobra snake

1486

01:09:07,770 --> 01:09:04,300

bite on David weathers which shows that

1487

01:09:10,890 --> 01:09:07,780

process of how I did it and you can also

1488

01:09:13,380 --> 01:09:10,900

type in on Google PRP snakebite

1489

01:09:15,210 --> 01:09:13,390

platelet-rich plasma snakebite and it

1490

01:09:16,950 --> 01:09:15,220

should come up and there's a nice video

1491

01:09:19,410 --> 01:09:16,960

they're done by Discovery Channel on me

1492

01:09:19,980 --> 01:09:19,420

Discovery Health and a few other

1493

01:09:22,320 --> 01:09:19,990

channels

1494

01:09:24,599 --> 01:09:22,330

what's the reason the first what's the

1495

01:09:27,750 --> 01:09:24,609

reason for spraying this snakebite what

1496

01:09:30,450 --> 01:09:27,760

happened well what happened to this poor

1497

01:09:32,459 --> 01:09:30,460

guy he is I was volunteering that

1498

01:09:34,829 --> 01:09:32,469

the Octagon Wildlife Sanctuary in

1499

01:09:39,570 --> 01:09:34,839

Florida or down in Sarasota Fort Myers

1500

01:09:41,789 --> 01:09:39,580

area DeSoto County I think and he this

1501

01:09:44,370 --> 01:09:41,799

is this big animal sanctuary with you

1502

01:09:47,400 --> 01:09:44,380

know big wild cats you know just think

1503

01:09:50,010 --> 01:09:47,410

of every zoo animal possible and I was

1504

01:09:52,470 --> 01:09:50,020

doing volunteer work they're doing wound

1505

01:09:54,420 --> 01:09:52,480

care on a lot of the animals and the zoo

1506

01:09:57,840 --> 01:09:54,430

manager David weathers also known as the

1507

01:09:59,880 --> 01:09:57,850

Cobra kid who's a you know he he's a

1508

01:10:01,320 --> 01:09:59,890

venomous snake handler so he's used to

1509

01:10:03,750 --> 01:10:01,330

doing this his whole life and wrestling

1510

01:10:06,180 --> 01:10:03,760

alligators is a great guy and he came up

1511

01:10:08,070 --> 01:10:06,190

to me one day he's like I am you know

1512

01:10:09,330 --> 01:10:08,080

that stuff you put on the Tigers you

1513

01:10:12,180 --> 01:10:09,340

know you think maybe you could put it on

1514

01:10:13,740 --> 01:10:12,190

my wound and I said oh what happened and

1515

01:10:15,600 --> 01:10:13,750

you know Dave's there and his wife

1516

01:10:18,270 --> 01:10:15,610

beater you know working on the farm

1517

01:10:19,500 --> 01:10:18,280

there and he lifts up his his wife

1518

01:10:21,530 --> 01:10:19,510

beater there and has this makeshift

1519

01:10:24,540 --> 01:10:21,540

bandage on and he like pulled it off

1520

01:10:27,390 --> 01:10:24,550

he's like oh I got bit by a Cobra a few

1521

01:10:29,670 --> 01:10:27,400

days ago and when he pulled the bandage

1522

01:10:31,890 --> 01:10:29,680

off Jimmy it was horrific and you could

1523

01:10:34,830 --> 01:10:31,900

see the video - it's on like I said look

1524

01:10:36,780 --> 01:10:34,840

at that thing and it was just all black

1525

01:10:38,970 --> 01:10:36,790

and necrotic I said Dave it

1526

01:10:40,590 --> 01:10:38,980

I said you're jaundiced looking your

1527

01:10:44,220 --> 01:10:40,600

sister you have a systemic infection

1528

01:10:46,260 --> 01:10:44,230

here you need to go to the doctor right

1529

01:10:49,650 --> 01:10:46,270

now or you might die tonight and you're

1530

01:10:51,600 --> 01:10:49,660

feverish and I said I cannot put a live

1531

01:10:54,209 --> 01:10:51,610

tissue graft that I make with your own

1532

01:10:56,640 --> 01:10:54,219

blood onto this wound because your wound

1533

01:11:00,240 --> 01:10:56,650

is completely dead there's no dead cells

1534

01:11:02,820 --> 01:11:00,250

for the graph to adhere to and start the

1535

01:11:06,990 --> 01:11:02,830

genome upregulation upregulation of a

1536

01:11:09,479 --> 01:11:07,000

cell receptor site so the cell can you

1537

01:11:11,490 --> 01:11:09,489

know replicate so I said go to the

1538

01:11:13,590 --> 01:11:11,500

hospital get that thing all tube ride it

1539

01:11:15,450 --> 01:11:13,600

out you know debride it and just you

1540

01:11:17,400 --> 01:11:15,460

know clean it up yet on and on about it

1541

01:11:18,510 --> 01:11:17,410

I said I'm not touching you and she you

1542

01:11:21,660 --> 01:11:18,520

know get that thing cleaned out

1543

01:11:25,350 --> 01:11:21,670

professionally by a surgeon and so the

1544

01:11:26,700 --> 01:11:25,360

next thing he did was he said okay how

1545

01:11:28,800 --> 01:11:26,710

about tomorrow at noon I said I'll stop

1546

01:11:31,650 --> 01:11:28,810

by and maybe we can you know help you

1547

01:11:33,900 --> 01:11:31,660

out and so the next day came by and he

1548

01:11:36,240 --> 01:11:33,910

looks great and we you know put him on

1549

01:11:40,709 --> 01:11:36,250

the table and we drew his blood and spun

1550

01:11:42,060 --> 01:11:40,719

it down and we noticed when we took the

1551
01:11:43,890 --> 01:11:42,070
badge off I was like oh my goodness it's

1552
01:11:46,500 --> 01:11:43,900
completely

1553
01:11:48,180 --> 01:11:46,510
and the edges were all you know cut away

1554
01:11:49,880 --> 01:11:48,190
I was like really professionally done

1555
01:11:52,440 --> 01:11:49,890
you could see down to his intestine

1556
01:11:54,530 --> 01:11:52,450
because these venom was like acid and

1557
01:11:56,880 --> 01:11:54,540
1/8 you know through his skin is

1558
01:12:01,890 --> 01:11:56,890
subcutaneous layer and his fashio and

1559
01:12:04,410 --> 01:12:01,900
his muscle and I said well babe no you

1560
01:12:05,910 --> 01:12:04,420
should be in hospital still and getting

1561
01:12:07,530 --> 01:12:05,920
care and he said well this they said I

1562
01:12:10,140 --> 01:12:07,540
got to leave this wound open it won't

1563
01:12:15,720 --> 01:12:10,150

heal for you know three to nine months

1564

01:12:17,130 --> 01:12:15,730

and and I said well I said well you know

1565

01:12:18,720 --> 01:12:17,140

hopefully they you know this is a very

1566

01:12:20,610 --> 01:12:18,730

long time though I said hopefully the

1567

01:12:22,620 --> 01:12:20,620

beginning stages here with with all the

1568

01:12:25,500 --> 01:12:22,630

results we've been having this is still

1569

01:12:28,260 --> 01:12:25,510

what we were testing everything um that

1570

01:12:30,410 --> 01:12:28,270

we were able to do this for him that we

1571

01:12:32,790 --> 01:12:30,420

took the blood and we I started you know

1572

01:12:34,830 --> 01:12:32,800

taking the blood and if we spin it down

1573

01:12:36,300 --> 01:12:34,840

and harvest the platelets and plasma we

1574

01:12:38,220 --> 01:12:36,310

have to activate it and that's what that

1575

01:12:42,420 --> 01:12:38,230

sprayers for and you'll you'll see a

1576

01:12:44,610 --> 01:12:42,430

similar device on the video an earlier

1577

01:12:46,080 --> 01:12:44,620

prototype so when you push these two

1578

01:12:47,760 --> 01:12:46,090

syringes it's like the stuff you buy at

1579

01:12:49,650 --> 01:12:47,770

Home Depot when you're mixing the glues

1580

01:12:54,090 --> 01:12:49,660

together to activate them it's the same

1581

01:12:57,570 --> 01:12:54,100

thing we're mixing this medication which

1582

01:12:59,580 --> 01:12:57,580

is thrombin made from a cow we have

1583

01:13:01,560 --> 01:12:59,590

thrombin in our own blood stream that

1584

01:13:04,410 --> 01:13:01,570

activates called tissue thromboplastin

1585

01:13:06,660 --> 01:13:04,420

and when the blood hits the air you know

1586

01:13:08,850 --> 01:13:06,670

your blood clot and it's because of this

1587

01:13:11,820 --> 01:13:08,860

tissue thromboplastin so we were able to

1588

01:13:14,010 --> 01:13:11,830

control how we want this autologous

1589

01:13:17,460 --> 01:13:14,020

tissue graft to clot with this

1590

01:13:21,120 --> 01:13:17,470

medication and also adding an

1591

01:13:23,610 --> 01:13:21,130

anticoagulant to it so it would so that

1592

01:13:26,520 --> 01:13:23,620

the blood would not quite late until we

1593

01:13:28,770 --> 01:13:26,530

added the problem and the calcium so as

1594

01:13:30,180 --> 01:13:28,780

I'm injecting this and infusing this

1595

01:13:32,700 --> 01:13:30,190

into this open wound

1596

01:13:34,710 --> 01:13:32,710

I said eh this is fantastic you know it

1597

01:13:36,750 --> 01:13:34,720

looks great I said who's your surgeon

1598

01:13:38,720 --> 01:13:36,760

because I know all the docs pretty much

1599

01:13:42,270 --> 01:13:38,730

within a few hundred square miles and

1600

01:13:45,420 --> 01:13:42,280

case he just looked at me and he said oh

1601

01:13:48,180 --> 01:13:45,430

my gosh I said oh my gosh David he's

1602

01:13:51,300 --> 01:13:48,190

like hey man I'm sorry you know I just

1603

01:13:54,420 --> 01:13:51,310

smoked a fatty and got my razor out and

1604

01:13:57,120 --> 01:13:54,430

got some scissors and I just went at it

1605

01:13:57,870 --> 01:13:57,130

and I and you know I just was like oh my

1606

01:14:01,080 --> 01:13:57,880

goodness

1607

01:14:03,890 --> 01:14:01,090

you know we're all gonna go to jail for

1608

01:14:06,270 --> 01:14:03,900

you know treating this this kid who

1609

01:14:09,959 --> 01:14:06,280

basically you know is supposed to go get

1610

01:14:11,970 --> 01:14:09,969

the proper medical attention first and I

1611

01:14:13,950 --> 01:14:11,980

said well what'd you do he's like well I

1612

01:14:15,510 --> 01:14:13,960

just went in I saw these anti box for

1613

01:14:19,290 --> 01:14:15,520

the Tigers and I just you know injected

1614

01:14:20,310 --> 01:14:19,300

myself I feel great and and I Here I am

1615

01:14:22,830 --> 01:14:20,320

about to have a heart attack and he

1616

01:14:24,149 --> 01:14:22,840

grabs my arm II says Emory it's alright

1617

01:14:25,709 --> 01:14:24,159

man don't worry about it

1618

01:14:29,490 --> 01:14:25,719

I said why he goes because I used

1619

01:14:31,439 --> 01:14:29,500

alcohol and then I just was like oh my

1620

01:14:35,280 --> 01:14:31,449

goodness and so I thought that was funny

1621

01:14:38,040 --> 01:14:35,290

at the same time I was gonna go run and

1622

01:14:41,660 --> 01:14:38,050

hide and it was maybe four I don't know

1623

01:14:45,030 --> 01:14:43,649

you know I was probably five days

1624

01:14:47,310 --> 01:14:45,040

there's like five days later he called

1625

01:14:51,000 --> 01:14:47,320

me says what are you doing and I said

1626
01:14:52,200 --> 01:14:51,010
well nothing I said how are you doing so

1627
01:14:54,240 --> 01:14:52,210
that I feel great

1628
01:14:56,459 --> 01:14:54,250
he's like um do you have time to go

1629
01:15:00,120 --> 01:14:56,469
outside and I said why he goes go CNN

1630
01:15:02,609 --> 01:15:00,130
ABC CBS and you know everyone's there

1631
01:15:04,350 --> 01:15:02,619
they want to interview I said why he

1632
01:15:07,140 --> 01:15:04,360
goes because my wound is completely

1633
01:15:08,520 --> 01:15:07,150
healed and everyone heard about my cobra

1634
01:15:10,410 --> 01:15:08,530
bite because it they actually have the

1635
01:15:12,959 --> 01:15:10,420
cobra bite video he was being filmed

1636
01:15:16,169 --> 01:15:12,969
when he got bit by the Cobra so that

1637
01:15:18,629 --> 01:15:16,179
that little video kind of launched me

1638
01:15:20,609 --> 01:15:18,639

into this regenerative medicine as a

1639

01:15:22,319 --> 01:15:20,619

pioneer because the doctors said that

1640

01:15:24,629 --> 01:15:22,329

this would take you know months to heal

1641

01:15:27,209 --> 01:15:24,639

and I healed the wound skin to skin in

1642

01:15:30,600 --> 01:15:27,219

seven days with no infection yeah the

1643

01:15:32,850 --> 01:15:30,610

the video I've got it up on Twitter so

1644

01:15:35,490 --> 01:15:32,860

everybody can go and check that out it's

1645

01:15:37,620 --> 01:15:35,500

on Discovery Health and I'm just gonna

1646

01:15:40,770 --> 01:15:37,630

warn everybody the open wound and

1647

01:15:42,689 --> 01:15:40,780

everything is pretty gnarly yeah it's

1648

01:15:44,700 --> 01:15:42,699

pretty gnarly and I want to roll this

1649

01:15:47,339 --> 01:15:44,710

video for just one second you can hear

1650

01:15:49,709 --> 01:15:47,349

it yeah there you are how old are you

1651

01:15:59,180 --> 01:15:49,719

yeah that's healed yeah that's pretty

1652

01:16:07,129 --> 01:16:00,750

let me see

1653

01:16:11,000 --> 01:16:07,139

let's say 29 yeah yeah there it is

1654

01:16:13,850 --> 01:16:11,010

that is uh that's a that's a pretty

1655

01:16:19,000 --> 01:16:13,860

gnarly okay I'm gonna stop it now I know

1656

01:16:28,520 --> 01:16:24,259

now the the ideas for this where do they

1657

01:16:31,489 --> 01:16:28,530

come from well I you know I had a

1658

01:16:33,979 --> 01:16:31,499

mixture of course working not only in

1659

01:16:37,330 --> 01:16:33,989

surgery but in the labs and you know as

1660

01:16:40,219 --> 01:16:37,340

a before they started getting into

1661

01:16:42,709 --> 01:16:40,229

certain classification of a FSCS you

1662

01:16:44,419 --> 01:16:42,719

know miami see it was pretty broad so i

1663

01:16:46,969 --> 01:16:44,429

worked in all the surgical units all the

1664

01:16:48,830 --> 01:16:46,979

clinics and the laboratories and would

1665

01:16:51,229 --> 01:16:48,840

rotate out of the emergency room so i

1666

01:16:54,319 --> 01:16:51,239

was doing all these different things cuz

1667

01:16:56,330 --> 01:16:54,329

you know i had Boies accepted any type

1668

01:16:57,709 --> 01:16:56,340

of vegetation they would give me hey

1669

01:16:59,239 --> 01:16:57,719

smith you want to sign up for this

1670

01:17:01,250 --> 01:16:59,249

course yeah hey smith you want to do

1671

01:17:04,120 --> 01:17:01,260

this yeah oh yes yes yes and I was just

1672

01:17:06,709 --> 01:17:04,130

a sponge for information also getting

1673

01:17:08,659 --> 01:17:06,719

certificates of training and you know

1674

01:17:12,620 --> 01:17:08,669

any courses I could take the help

1675

01:17:15,620 --> 01:17:12,630

further my career and I believe after

1676

01:17:17,750 --> 01:17:15,630

also being in the projects and seeing

1677

01:17:20,649 --> 01:17:17,760

how they were regenerating bodies and

1678

01:17:23,600 --> 01:17:20,659

seeing that we had the power within us

1679

01:17:26,839 --> 01:17:23,610

you know to do this I had a small

1680

01:17:29,870 --> 01:17:26,849

opportunity after I got out with a

1681

01:17:31,609 --> 01:17:29,880

couple of gentlemen to you know just

1682

01:17:33,169 --> 01:17:31,619

embark on this and try to develop

1683

01:17:37,129 --> 01:17:33,179

something where we can heal ourselves

1684

01:17:38,959 --> 01:17:37,139

from within and I already knew that you

1685

01:17:41,060 --> 01:17:38,969

know we had that in our bodies already

1686

01:17:44,389 --> 01:17:41,070

but the thing was how do you concentrate

1687

01:17:47,060 --> 01:17:44,399

the body's own healing factors into like

1688

01:17:48,709 --> 01:17:47,070

an injection or pill and that's what I

1689

01:17:50,540 --> 01:17:48,719

was trying to figure out and we figured

1690

01:17:52,459 --> 01:17:50,550

it out that you know just like

1691

01:17:53,870 --> 01:17:52,469

concentrating your own natural occurring

1692

01:17:57,259 --> 01:17:53,880

growth factors which are found in your

1693

01:17:59,859 --> 01:17:57,269

platelets that stimulate stem cells into

1694

01:18:03,109 --> 01:17:59,869

replicating so it was the platelet-rich

1695

01:18:05,120 --> 01:18:03,119

plasma and platelets peer plasma and

1696

01:18:07,580 --> 01:18:05,130

then right from there we went into stem

1697

01:18:11,239 --> 01:18:07,590

cells that happened over you know 15 20

1698

01:18:12,979 --> 01:18:11,249

years what I would think that big farmer

1699

01:18:17,659 --> 01:18:12,989

doesn't want this out I mean that's the

1700

01:18:20,409 --> 01:18:17,669

obvious statement to make here into it

1701

01:18:24,040 --> 01:18:20,419

they basically

1702

01:18:27,810 --> 01:18:24,050

did not approve us for eBay many times

1703

01:18:30,339 --> 01:18:27,820

that we tried to get FDA 510 K approval

1704

01:18:33,489 --> 01:18:30,349

and it was this because we were wording

1705

01:18:36,100 --> 01:18:33,499

it wrong we didn't really realize um me

1706

01:18:39,279 --> 01:18:36,110

not being a savvy business owner at that

1707

01:18:41,229 --> 01:18:39,289

age I didn't really realize you know

1708

01:18:44,049 --> 01:18:41,239

it's all how you word it with the FDA

1709

01:18:46,870 --> 01:18:44,059

and you know we could do a thousand

1710

01:18:49,479 --> 01:18:46,880

patients on quadriplegic with stem cells

1711

01:18:51,549 --> 01:18:49,489

and send it in it'll get rejected

1712

01:18:53,560 --> 01:18:51,559

they'll be like you need more and then

1713

01:18:55,330 --> 01:18:53,570

Yin I'm being sarcastic but you know

1714

01:18:56,469 --> 01:18:55,340
celebrex can get approved with twenty

1715

01:18:59,529 --> 01:18:56,479
patients and I'm just being sarcastic

1716

01:19:01,359 --> 01:18:59,539
but it's like since they don't want any

1717

01:19:03,279 --> 01:19:01,369
cures they don't want to know what it

1718

01:19:05,229 --> 01:19:03,289
does you know they want to do what it

1719

01:19:07,209 --> 01:19:05,239
does which means you know okay this is

1720

01:19:09,850 --> 01:19:07,219
be really bland it concentrates cells

1721

01:19:11,889 --> 01:19:09,860
instead of saying it concentrates me so

1722

01:19:13,270 --> 01:19:11,899
these proteins dis and we've done all

1723

01:19:16,270 --> 01:19:13,280
these studies and spend all this money

1724

01:19:18,370 --> 01:19:16,280
they're like no no no it's just gets

1725

01:19:20,500 --> 01:19:18,380
rejected so it is kind of hitting your

1726

01:19:24,609 --> 01:19:20,510

head against the wall luckily I got in

1727

01:19:28,299 --> 01:19:24,619

before all these new licensing in law

1728

01:19:30,429 --> 01:19:28,309

came down on the FDA so myself and

1729

01:19:32,139 --> 01:19:30,439

another company was potato list for them

1730

01:19:34,389 --> 01:19:32,149

to really pay attention to regenerative

1731

01:19:37,270 --> 01:19:34,399

medicine that's otologist biologics

1732

01:19:39,759 --> 01:19:37,280

because what the FDA wants to do now you

1733

01:19:42,009 --> 01:19:39,769

can look this up is they want to license

1734

01:19:43,600 --> 01:19:42,019

your blood so when it leaves the body

1735

01:19:45,429 --> 01:19:43,610

they're saying well once it leaves the

1736

01:19:48,129 --> 01:19:45,439

body and you're going to change it or

1737

01:19:50,080 --> 01:19:48,139

process that that doubt falls under you

1738

01:19:51,520 --> 01:19:50,090

know they're trying to make it look like

1739

01:19:53,679 --> 01:19:51,530

at the pharmaceutical but they can't

1740

01:19:55,889 --> 01:19:53,689

because it's your own blood so it's like

1741

01:19:58,629 --> 01:19:55,899

they're trying to patent your own blood

1742

01:20:02,409 --> 01:19:58,639

why you know I need to take a break

1743

01:20:05,679 --> 01:20:02,419

right here but I would think well okay

1744

01:20:08,319 --> 01:20:05,689

we donate blood all the time we don't

1745

01:20:10,989 --> 01:20:08,329

own that blood anymore but if the blood

1746

01:20:13,149 --> 01:20:10,999

is bad or if there's disease in it or

1747

01:20:16,060 --> 01:20:13,159

they're something then it does come back

1748

01:20:22,419 --> 01:20:16,070

to you right you are held responsible

1749

01:20:25,479 --> 01:20:22,429

for it is is that a way for them to get

1750

01:20:27,850 --> 01:20:25,489

around it right once you release once

1751

01:20:30,520 --> 01:20:27,860

you release it it's it's no longer yours

1752

01:20:33,100 --> 01:20:30,530

and we can we can do with it what we

1753

01:20:33,939 --> 01:20:33,110

want well that's what's saying it's a

1754

01:20:37,900 --> 01:20:33,949

process

1755

01:20:40,240 --> 01:20:37,910

everyone has blood you know altar were

1756

01:20:41,620 --> 01:20:40,250

doing is concentrating your own cells

1757

01:20:43,200 --> 01:20:41,630

and putting it back into you that's what

1758

01:20:45,340 --> 01:20:43,210

I love about it it's all natural and

1759

01:20:48,130 --> 01:20:45,350

what they're trying to say is well once

1760

01:20:50,860 --> 01:20:48,140

it leaves the body and if you add any

1761

01:20:53,620 --> 01:20:50,870

medications to anticoagulants or

1762

01:20:56,080 --> 01:20:53,630

anything to manipulate it well then it

1763

01:20:58,900 --> 01:20:56,090

fall it might it may fall under another

1764

01:21:01,810 --> 01:20:58,910

jurisdiction meal in FDA of the

1765

01:21:04,080 --> 01:21:01,820

biologics division and also that could

1766

01:21:06,910 --> 01:21:04,090

be up for you know them owning it and

1767

01:21:08,620 --> 01:21:06,920

that's what scares me is like how can he

1768

01:21:11,650 --> 01:21:08,630

patent you know someone's blood but they

1769

01:21:14,320 --> 01:21:11,660

have patented like one of the lawsuits I

1770

01:21:17,229 --> 01:21:14,330

was involved with the government set up

1771

01:21:18,490 --> 01:21:17,239

against me in the early years was you

1772

01:21:21,729 --> 01:21:18,500

know they went and bought this silly

1773

01:21:23,709 --> 01:21:21,739

patents with mixing blood and vitamin C

1774

01:21:28,930 --> 01:21:23,719

together and then putting it on a wound

1775

01:21:30,930 --> 01:21:28,940

and they sued me for that and and it was

1776

01:21:33,490 --> 01:21:30,940

it was horrendous because I was never

1777

01:21:35,800 --> 01:21:33,500

mixing blood what's vitamin C ever but

1778

01:21:37,630 --> 01:21:35,810

they knew how much money I had in the

1779

01:21:39,010 --> 01:21:37,640

account they knew it except you know

1780

01:21:41,800 --> 01:21:39,020

suing me that I'll just run out of money

1781

01:21:43,570 --> 01:21:41,810

and you know take you know take whatever

1782

01:21:45,700 --> 01:21:43,580

they had the offer whatever they had to

1783

01:21:48,040 --> 01:21:45,710

offer and that's what I did well we'll

1784

01:21:49,780 --> 01:21:48,050

talk Kelly yeah we'll talk about that

1785

01:21:51,700 --> 01:21:49,790

after the break I gotta jump in right

1786

01:21:54,220 --> 01:21:51,710

here and get this break in our guest

1787

01:21:57,430 --> 01:21:54,230

tonight is Emory Smith this is fade to

1788

01:21:59,650 --> 01:21:57,440

black I am your host Jimmy Church on the

1789

01:22:13,600 --> 01:21:59,660

game changer Network in kg re the planet

1790

01:22:17,210 --> 01:22:15,650

welcome back fade to black I'm real

1791

01:22:23,300 --> 01:22:17,220

Jimmy Church our guest tonight Emory

1792

01:22:26,600 --> 01:22:23,310

Smith and our conversation is about what

1793

01:22:29,030 --> 01:22:26,610

Emory was doing in regenerative medicine

1794

01:22:36,260 --> 01:22:29,040

which continues to this day

1795

01:22:40,970 --> 01:22:36,270

by the way but back when the the FTA 510

1796

01:22:44,660 --> 01:22:40,980

K approval for that Center fuge watch to

1797

01:22:49,610 --> 01:22:44,670

explain what a 510 K is and why that was

1798

01:22:52,670 --> 01:22:49,620

so important yeah what a 5 s be a 510 K

1799

01:22:55,010 --> 01:22:52,680

is is basically a certificate for the

1800

01:22:58,490 --> 01:22:55,020

device manufacturer to sell a product

1801
01:23:00,470 --> 01:22:58,500
that has been tested on that safe and

1802
01:23:04,430 --> 01:23:00,480
effective to be used on humans and

1803
01:23:06,170 --> 01:23:04,440
animals there's usually falls into the

1804
01:23:09,050 --> 01:23:06,180
same category but another can gain

1805
01:23:11,330 --> 01:23:09,060
things now and that allows someone

1806
01:23:13,340 --> 01:23:11,340
because this is like an implant this is

1807
01:23:17,470 --> 01:23:13,350
not a regular test tube that I invented

1808
01:23:21,260 --> 01:23:17,480
because the test tube part has to be

1809
01:23:23,900 --> 01:23:21,270
able to withstand and keep the cells

1810
01:23:26,240 --> 01:23:23,910
viable and then put them back in the

1811
01:23:27,860 --> 01:23:26,250
body a regular test tube like one that's

1812
01:23:30,550 --> 01:23:27,870
made out of glass for instance would

1813
01:23:33,020 --> 01:23:30,560

kind of destroy this process as glass

1814

01:23:37,400 --> 01:23:33,030

believe it or not activate blood and

1815

01:23:39,470 --> 01:23:37,410

make the clot immediately so we had to

1816

01:23:41,450 --> 01:23:39,480

write up a protocol and we have to do

1817

01:23:43,360 --> 01:23:41,460

lots of stringent testing on the

1818

01:23:45,560 --> 01:23:43,370

polycarbonate plastic that we use

1819

01:23:47,960 --> 01:23:45,570

because once you take blood out of the

1820

01:23:50,150 --> 01:23:47,970

body you want to keep it from touching

1821

01:23:52,310 --> 01:23:50,160

the air so it's a completely enclosed

1822

01:23:55,400 --> 01:23:52,320

system so the blood really doesn't come

1823

01:23:57,650 --> 01:23:55,410

in contact with the air and after that

1824

01:24:00,530 --> 01:23:57,660

process we deliver it back into the

1825

01:24:02,960 --> 01:24:00,540

patient so there's very or little damage

1826

01:24:06,080 --> 01:24:02,970

to any of the cells which we call you

1827

01:24:09,410 --> 01:24:06,090

know humanizing the cells during during

1828

01:24:12,050 --> 01:24:09,420

the centrifuge process and that was just

1829

01:24:15,140 --> 01:24:12,060

you know doing algorithms algorithms and

1830

01:24:17,240 --> 01:24:15,150

ratios based on the diameter and

1831

01:24:19,250 --> 01:24:17,250

circumference of the actual rotor and

1832

01:24:21,920 --> 01:24:19,260

the buckets that are in there to hold

1833

01:24:23,820 --> 01:24:21,930

the tube and finding out the density of

1834

01:24:25,650 --> 01:24:23,830

every cell that you

1835

01:24:27,690 --> 01:24:25,660

have in the blood and then measuring

1836

01:24:29,580 --> 01:24:27,700

that and putting it under a certain

1837

01:24:32,190 --> 01:24:29,590

amount of g-force for a certain amount

1838

01:24:34,230 --> 01:24:32,200

of revolutions per minute and then you

1839

01:24:36,060 --> 01:24:34,240

know after you know years and years and

1840

01:24:39,810 --> 01:24:36,070

years of testing we've really fine-tuned

1841

01:24:41,970 --> 01:24:39,820

it and that's what this amazing patent

1842

01:24:44,370 --> 01:24:41,980

is about it's about this centrifuge tube

1843

01:24:46,860 --> 01:24:44,380

assembly that allows us to take blood

1844

01:24:49,260 --> 01:24:46,870

keep it from being contaminated in the

1845

01:24:51,210 --> 01:24:49,270

air or by people and then having it

1846

01:24:54,960 --> 01:24:51,220

reintroduced into the body like a

1847

01:24:57,510 --> 01:24:54,970

surgical implant now it sounds to me

1848

01:25:01,200 --> 01:24:57,520

like there's a lot of money floating

1849

01:25:05,160 --> 01:25:01,210

around here that there was profits it is

1850

01:25:08,010 --> 01:25:05,170

the medical industry as well did you

1851

01:25:11,100 --> 01:25:08,020

profit from this are you profiting from

1852

01:25:15,120 --> 01:25:11,110

it today or is somebody else making

1853

01:25:18,630 --> 01:25:15,130

money off of this technology yes I mean

1854

01:25:22,350 --> 01:25:18,640

it's a huge profit markup it's a very

1855

01:25:24,000 --> 01:25:22,360

lucrative device manufacturer is very

1856

01:25:26,490 --> 01:25:24,010

lucrative because we find distributors

1857

01:25:28,920 --> 01:25:26,500

that are already out there and sign

1858

01:25:32,010 --> 01:25:28,930

licenses with them for us to distribute

1859

01:25:35,100 --> 01:25:32,020

the products and it's a great markup and

1860

01:25:37,050 --> 01:25:35,110

at the same time it reduces surgery so

1861

01:25:39,090 --> 01:25:37,060

this might be an avenue for someone who

1862

01:25:41,430 --> 01:25:39,100

needs surgery but we're gonna try this

1863

01:25:43,620 --> 01:25:41,440

out first before we do surgery because

1864

01:25:45,810 --> 01:25:43,630

it's cheaper more cost-effective for the

1865

01:25:47,820 --> 01:25:45,820

patient and there's no downtime with

1866

01:25:49,920 --> 01:25:47,830

infusions and injections usually out

1867

01:25:51,770 --> 01:25:49,930

within the same day within the same

1868

01:25:54,450 --> 01:25:51,780

couple hours sometimes

1869

01:25:56,280 --> 01:25:54,460

you know one of the big problems I had

1870

01:25:59,040 --> 01:25:56,290

with the orthopedic surgeons and the

1871

01:26:01,530 --> 01:25:59,050

early days was trying to convince them

1872

01:26:03,690 --> 01:26:01,540

that you know when they do a total knee

1873

01:26:05,220 --> 01:26:03,700

down in South Florida I know they get

1874

01:26:07,950 --> 01:26:05,230

you know twenty five hundred thirty five

1875

01:26:09,810 --> 01:26:07,960

hundred dollars at the time for that

1876
01:26:12,390 --> 01:26:09,820
total knee and that patient is you know

1877
01:26:13,800 --> 01:26:12,400
pretty much needs a physician that's

1878
01:26:16,800 --> 01:26:13,810
just meant to follow up with them all

1879
01:26:19,400 --> 01:26:16,810
week and physical therapy so I basically

1880
01:26:21,630 --> 01:26:19,410
told them well for the cost of you know

1881
01:26:24,360 --> 01:26:21,640
that you know what they had to put down

1882
01:26:26,340 --> 01:26:24,370
anyway for their insurance up front that

1883
01:26:29,790 --> 01:26:26,350
they would be able to pay for this

1884
01:26:31,140 --> 01:26:29,800
procedure cash and then it was like well

1885
01:26:32,760 --> 01:26:31,150
we want to hear more what you have to

1886
01:26:34,380 --> 01:26:32,770
say but at the beginning was like get

1887
01:26:35,760 --> 01:26:34,390
out of our clinic they're gonna kill our

1888
01:26:37,500 --> 01:26:35,770

total knee business because that's how

1889

01:26:39,480 --> 01:26:37,510

we make money we don't want something

1890

01:26:40,890 --> 01:26:39,490

that's going to interfere with that but

1891

01:26:42,540 --> 01:26:40,900

once there you found out a way to make

1892

01:26:44,960 --> 01:26:42,550

money off it in a way that they can

1893

01:26:47,940 --> 01:26:44,970

incorporate it into their medical

1894

01:26:51,090 --> 01:26:47,950

protocols for that surgeon you know

1895

01:26:53,730 --> 01:26:51,100

people started seeing results and if it

1896

01:26:56,070 --> 01:26:53,740

did not you know prevent the surgery at

1897

01:26:57,480 --> 01:26:56,080

least it you know prevented the surgery

1898

01:27:01,320 --> 01:26:57,490

from happening

1899

01:27:03,120 --> 01:27:01,330

make sooner so maybe it prolong them

1900

01:27:04,290 --> 01:27:03,130

from having surgery which is really

1901

01:27:07,110 --> 01:27:04,300

important to a lot of people who are

1902

01:27:08,730 --> 01:27:07,120

still working especially construction

1903

01:27:10,830 --> 01:27:08,740

work there's an active people like

1904

01:27:12,480 --> 01:27:10,840

police officers and the fire department

1905

01:27:14,160 --> 01:27:12,490

any type of active job you want to get

1906

01:27:16,290 --> 01:27:14,170

back into that job you don't want a lot

1907

01:27:20,240 --> 01:27:16,300

of downtime so this really helped out

1908

01:27:23,220 --> 01:27:20,250

with that now your lifestyle changed

1909

01:27:25,680 --> 01:27:23,230

right oh yeah I mean definitely I wasn't

1910

01:27:28,410 --> 01:27:25,690

making that much money and in the Air

1911

01:27:30,540 --> 01:27:28,420

Force as you know when I got out to go

1912

01:27:32,550 --> 01:27:30,550

take care of my family got back down in

1913

01:27:35,130 --> 01:27:32,560

Fort Myers I just got a surgical tech

1914

01:27:38,190 --> 01:27:35,140

surgical first assist job at the Leo

1915

01:27:41,010 --> 01:27:38,200

Memorial Health Systems there and and

1916

01:27:43,550 --> 01:27:41,020

then hooked up with a couple of great

1917

01:27:46,410 --> 01:27:43,560

guys that were down there that wanted to

1918

01:27:50,550 --> 01:27:46,420

start another business and work through

1919

01:27:52,620 --> 01:27:50,560

them to make this all happen and it was

1920

01:27:55,470 --> 01:27:52,630

pretty it was until maybe ten years

1921

01:27:57,450 --> 01:27:55,480

after that we started seeing like huge

1922

01:28:00,030 --> 01:27:57,460

profits you know making a lot of money

1923

01:28:01,740 --> 01:28:00,040

the company now is worth you know one

1924

01:28:03,180 --> 01:28:01,750

hundred and sixty five million dollars

1925

01:28:05,610 --> 01:28:03,190

or more

1926

01:28:07,560 --> 01:28:05,620

I was benefitting yeah I was living the

1927

01:28:10,320 --> 01:28:07,570

high life I went from you know rags to

1928

01:28:13,020 --> 01:28:10,330

riches pretty quick and you know had

1929

01:28:18,330 --> 01:28:13,030

homes all around the US and a dozen cars

1930

01:28:20,310 --> 01:28:18,340

and I was doing quite well and then and

1931

01:28:24,360 --> 01:28:20,320

then there was a big shutdown of the

1932

01:28:26,970 --> 01:28:24,370

project and you know a big lawsuit

1933

01:28:30,840 --> 01:28:26,980

entailed and they knew how much money I

1934

01:28:32,190 --> 01:28:30,850

had and and I initiated this lawsuit but

1935

01:28:35,880 --> 01:28:32,200

they knew that I would run out of money

1936

01:28:38,400 --> 01:28:35,890

because I wasn't smart enough to know

1937

01:28:40,650 --> 01:28:38,410

I'm not a lawyer I wasn't smart enough

1938

01:28:42,750 --> 01:28:40,660

to know that I took the wrong route into

1939

01:28:46,560 --> 01:28:42,760

and handling this so of course I lost

1940

01:28:48,120 --> 01:28:46,570

everything and the reason I was I was

1941

01:28:50,730 --> 01:28:48,130

making a lot of money off this company a

1942

01:28:51,870 --> 01:28:50,740

few million a year personally but that

1943

01:28:56,310 --> 01:28:51,880

was fun

1944

01:29:03,390 --> 01:28:56,320

my free energy lab that I had for seven

1945

01:29:06,359 --> 01:29:03,400

years and again for clarification here

1946

01:29:09,330 --> 01:29:06,369

because there there's a few different

1947

01:29:15,270 --> 01:29:09,340

phases in your life certainly free

1948

01:29:19,589 --> 01:29:15,280

energy the the et question dr. Greer

1949

01:29:22,890 --> 01:29:19,599

Steven Greer and and C SETI all of this

1950

01:29:28,529 --> 01:29:22,900

was on the horizon and so you were able

1951

01:29:32,160 --> 01:29:28,539

to use what money you had left to go

1952

01:29:34,739 --> 01:29:32,170

into C SETI and and build a laboratory

1953

01:29:38,040 --> 01:29:34,749

over there and then and start to

1954

01:29:40,669 --> 01:29:38,050

investigate UFOs right well I didn't

1955

01:29:43,799 --> 01:29:40,679

build anything for C study I was just

1956

01:29:47,549 --> 01:29:43,809

there vice-president and their financial

1957

01:29:49,830 --> 01:29:47,559

officer for the the movie Cirrus and I

1958

01:29:52,290 --> 01:29:49,840

volunteered for them you know for many

1959

01:29:53,790 --> 01:29:52,300

years never you know got a paycheck or

1960

01:29:55,589 --> 01:29:53,800

anything like that I don't think people

1961

01:29:58,080 --> 01:29:55,599

are aware that I was just a volunteer I

1962

01:30:01,229 --> 01:29:58,090

was wealthy enough to be a volunteer and

1963

01:30:03,509 --> 01:30:01,239

help them out and and give my time and

1964

01:30:08,850 --> 01:30:03,519

money and effort into them and it was a

1965

01:30:11,429 --> 01:30:08,860

great organization at that time and yeah

1966

01:30:13,469 --> 01:30:11,439

so that kind of was where it all kind of

1967

01:30:15,929 --> 01:30:13,479

stem from but I did not make any

1968

01:30:17,910 --> 01:30:15,939

laboratory for them I had my own private

1969

01:30:20,160 --> 01:30:17,920

laboratory with a couple of scientists

1970

01:30:24,359 --> 01:30:20,170

that no one knew about except the people

1971

01:30:26,910 --> 01:30:24,369

that were involved the staying on the

1972

01:30:30,719 --> 01:30:26,920

UFO part of this and you know the

1973

01:30:34,640 --> 01:30:30,729

extra-terrestrial side of it when you

1974

01:30:39,719 --> 01:30:34,650

went over to see SETI were they aware

1975

01:30:41,879 --> 01:30:39,729

was dr. Greer aware of the tissue work

1976

01:30:46,640 --> 01:30:41,889

that you had done back in the Air Force

1977

01:30:49,500 --> 01:30:46,650

and your you know I'd say UFO

1978

01:30:54,209 --> 01:30:49,510

extraterrestrial background was he aware

1979

01:30:57,089 --> 01:30:54,219

of any of that Steve was not aware of my

1980

01:30:59,969 --> 01:30:57,099

extraterrestrial background in the

1981

01:31:02,399 --> 01:30:59,979

military he was aware of my medical

1982

01:31:04,860 --> 01:31:02,409

accomplishments that's why he chose me

1983

01:31:07,740 --> 01:31:04,870

to do the tissue harvesting

1984

01:31:10,920 --> 01:31:07,750

the Atacama being not anyone else he

1985

01:31:15,810 --> 01:31:10,930

made that command decision I had access

1986

01:31:17,940 --> 01:31:15,820

of course to sterile equipment and you

1987

01:31:21,410 --> 01:31:17,950

know DNA harvesting kits and things like

1988

01:31:24,450 --> 01:31:21,420

this that we needed for the mission and

1989

01:31:26,100 --> 01:31:24,460

I'm not sure why he chose me I think I

1990

01:31:29,700 --> 01:31:26,110

know why because he probably had heads

1991

01:31:32,370 --> 01:31:29,710

up we we were definitely having a lot of

1992

01:31:36,780 --> 01:31:32,380

contact him and I during the years at

1993

01:31:38,790 --> 01:31:36,790

subsea SETI that was a little a little

1994

01:31:41,850 --> 01:31:38,800

bit more active than normal he would say

1995

01:31:44,640 --> 01:31:41,860

with me coming on board and we had a lot

1996

01:31:47,790 --> 01:31:44,650

of really great moments out there in the

1997

01:31:50,430 --> 01:31:47,800

field where he knew that I knew

1998

01:31:52,980 --> 01:31:50,440

telepathy I mean he knew something some

1999

01:31:55,140 --> 01:31:52,990

abilities that I had that he had to and

2000

01:31:58,200 --> 01:31:55,150

I stood out from the crowd and I think

2001

01:32:01,440 --> 01:31:58,210

that's why I rate I went up in the rank

2002

01:32:05,610 --> 01:32:01,450

so quickly after going to a few sessions

2003

01:32:08,250 --> 01:32:05,620

a few missions which these that you know

2004

01:32:10,440 --> 01:32:08,260

they offered me a position to come help

2005

01:32:12,060 --> 01:32:10,450

out with security was the first thing I

2006

01:32:14,130 --> 01:32:12,070

know people are out there saying oh

2007

01:32:16,410 --> 01:32:14,140

that's these party guard but there's a

2008

01:32:17,850 --> 01:32:16,420

lot going on from the background like

2009

01:32:19,650 --> 01:32:17,860

you guys didn't know about a lot of

2010

01:32:20,100 --> 01:32:19,660

people don't know that that's me I'm

2011

01:32:23,460 --> 01:32:20,110

serious

2012

01:32:24,900 --> 01:32:23,470

so collecting the DNA because they don't

2013

01:32:28,920 --> 01:32:24,910

show my face and that was part of

2014

01:32:31,410 --> 01:32:28,930

keeping me kind of and then the secret

2015

01:32:33,780 --> 01:32:31,420

in the background there to be utilized

2016

01:32:35,460 --> 01:32:33,790

for things like this but you know I had

2017

01:32:40,500 --> 01:32:35,470

to come forward a few years ago because

2018

01:32:43,830 --> 01:32:40,510

of the energy device now we'll get back

2019

01:32:48,570 --> 01:32:43,840

into the energy device in a second but

2020

01:32:50,610 --> 01:32:48,580

I'm very curious as to you guys going

2021

01:32:55,140 --> 01:32:50,620

out in the field I'm talking about dr.

2022

01:32:56,430 --> 01:32:55,150

Greer and what you were exposed to what

2023

01:32:59,820 --> 01:32:56,440

were you guys seeing out there were you

2024

01:33:03,720 --> 01:32:59,830

doing sky watches did you make any you

2025

01:33:08,130 --> 01:33:03,730

know any contact did you see a gun I

2026

01:33:11,760 --> 01:33:08,140

mean I mean you can go check our at the

2027

01:33:13,650 --> 01:33:11,770

world world Tuesday radio plays they say

2028

01:33:16,410 --> 01:33:13,660

he goes on there and we talked about our

2029

01:33:18,750 --> 01:33:16,420

missions usually after an expedition a

2030

01:33:21,509 --> 01:33:18,760

week later but we had fun

2031

01:33:23,899 --> 01:33:21,519

nominal amounts of the I've taken a

2032

01:33:28,500 --> 01:33:23,909

phenomenal not the photography for them

2033

01:33:31,319 --> 01:33:28,510

capturing a lot of these beings you know

2034

01:33:34,200 --> 01:33:31,329

during the ce-5 expeditions you know we

2035

01:33:36,660 --> 01:33:34,210

had many craft come up on the beach many

2036

01:33:39,689 --> 01:33:36,670

crafts directly above us

2037

01:33:43,189 --> 01:33:39,699

many extraterrestrials within you know a

2038

01:33:46,049 --> 01:33:43,199

few feet of us were communicating

2039

01:33:51,149 --> 01:33:46,059

there's a few times where we did some

2040

01:33:54,060 --> 01:33:51,159

astral projection meditations were we

2041

01:33:56,129 --> 01:33:54,070

were making contact in the mind and

2042

01:33:57,569 --> 01:33:56,139

using telepathy who were we then and I

2043

01:33:59,689 --> 01:33:57,579

could actually talk to each other at the

2044

01:34:02,129 --> 01:33:59,699

same time vector the deities in and

2045

01:34:06,720 --> 01:34:02,139

establish a you know like an ambassador

2046

01:34:08,490 --> 01:34:06,730

type meeting it really fantastical I

2047

01:34:09,779 --> 01:34:08,500

know it sounds pretty out there but it

2048

01:34:12,600 --> 01:34:09,789

was you know it's true it's real stuff

2049

01:34:14,189 --> 01:34:12,610

and these ETS are there and they he's

2050

01:34:15,990 --> 01:34:14,199

come up with an amazing protocol to

2051
01:34:17,669 --> 01:34:16,000
bring me then I was really interested to

2052
01:34:20,189 --> 01:34:17,679
see what the civilians were doing and

2053
01:34:22,080 --> 01:34:20,199
also you know I missed the camaraderie I

2054
01:34:23,129 --> 01:34:22,090
missed the mission oriented things and

2055
01:34:25,740 --> 01:34:23,139
you know he's very mission we're gonna

2056
01:34:28,319 --> 01:34:25,750
die so I like that you know that's that

2057
01:34:29,819 --> 01:34:28,329
leadership about him so we had a you

2058
01:34:34,439 --> 01:34:29,829
know it was really a great time out

2059
01:34:37,140 --> 01:34:34,449
there and therefore that yeah let me

2060
01:34:40,709 --> 01:34:37,150
jump in you just said that their ROI or

2061
01:34:43,109 --> 01:34:40,719
et beings a few feet from you I mean was

2062
01:34:45,209 --> 01:34:43,119
this something physical was it

2063
01:34:47,879 --> 01:34:45,219

interdimensional what do you mean there

2064

01:34:50,609 --> 01:34:47,889

were et not being a few feet from here

2065

01:34:53,689 --> 01:34:50,619

what were you saying it can yes you can

2066

01:34:56,160 --> 01:34:53,699

come in many different forms so they can

2067

01:34:59,549 --> 01:34:56,170

holographically you know show themselves

2068

01:35:03,029 --> 01:34:59,559

but they're you know past Saturn or in

2069

01:35:04,709 --> 01:35:03,039

our EXO atmosphere a cloak so they can

2070

01:35:06,569 --> 01:35:04,719

actually show themselves without being

2071

01:35:08,700 --> 01:35:06,579

harmed and they're others say they're

2072

01:35:11,009 --> 01:35:08,710

holographic imaging is really a lot

2073

01:35:12,299 --> 01:35:11,019

better than ours and then communicate

2074

01:35:16,439 --> 01:35:12,309

that way they can communicate

2075

01:35:19,439 --> 01:35:16,449

inter-dimensionally which means it's

2076

01:35:21,660 --> 01:35:19,449

non-local so they by locate so they

2077

01:35:24,000 --> 01:35:21,670

could be somewhere and also have a

2078

01:35:27,930 --> 01:35:24,010

presence on earth even though they're

2079

01:35:31,379 --> 01:35:27,940

behind the moon and then you have like

2080

01:35:32,580 --> 01:35:31,389

three-dimensional physical landings

2081

01:35:35,280 --> 01:35:32,590

where there's beings actual

2082

01:35:37,200 --> 01:35:35,290

come out of these craft and you know hi

2083

01:35:39,990 --> 01:35:37,210

Conover sometimes they don't land right

2084

01:35:42,330 --> 01:35:40,000

there in the circle but a little bit of

2085

01:35:46,229 --> 01:35:42,340

ways away and then they come marching in

2086

01:35:47,729 --> 01:35:46,239

and we had this happen and in France and

2087

01:35:49,800 --> 01:35:47,739

this is all documented stuff with

2088

01:35:52,109 --> 01:35:49,810

cameras and videos and I don't know

2089

01:35:55,680 --> 01:35:52,119

Steve has released a lot of this I've

2090

01:35:58,800 --> 01:35:55,690

been following but I know that it's real

2091

01:36:01,649 --> 01:35:58,810

and we have amazing contact and being

2092

01:36:03,780 --> 01:36:01,659

interdimensional also means that the

2093

01:36:05,760 --> 01:36:03,790

being also could be the craft and the

2094

01:36:10,490 --> 01:36:05,770

craft could be just a spark in the air

2095

01:36:13,379 --> 01:36:10,500

in front of you and most noticed were

2096

01:36:15,510 --> 01:36:13,389

taking the light being picture which is

2097

01:36:18,740 --> 01:36:15,520

pretty famous out there and the US Navy

2098

01:36:25,260 --> 01:36:18,750

said that it was the best picture a

2099

01:36:26,640 --> 01:36:25,270

civilian has ever taken and what they

2100

01:36:27,990 --> 01:36:26,650

didn't know because the picture was

2101
01:36:29,000 --> 01:36:28,000
leaked to the US Navy without our

2102
01:36:33,810 --> 01:36:29,010
permission

2103
01:36:35,490 --> 01:36:33,820
that it was me that just a picture which

2104
01:36:39,330 --> 01:36:35,500
they probably probably found out later

2105
01:36:43,169 --> 01:36:39,340
what I described this image yeah this

2106
01:36:46,140 --> 01:36:43,179
image is of a beautiful light it looks

2107
01:36:49,620 --> 01:36:46,150
like a it kind of looks like a lens

2108
01:36:52,410 --> 01:36:49,630
flare in a way but it's not a lens flare

2109
01:36:54,709 --> 01:36:52,420
and there are so people know when you

2110
01:36:58,320 --> 01:36:54,719
take pictures and you see doctor you see

2111
01:37:01,350 --> 01:36:58,330
lens flares or colors that's also a way

2112
01:37:05,189 --> 01:37:01,360
that each is communicates safely through

2113
01:37:09,180 --> 01:37:05,199

electronics they can kind of reprogram

2114

01:37:12,180 --> 01:37:09,190

them to give messages either through

2115

01:37:15,089 --> 01:37:12,190

sound or through through photons and

2116

01:37:17,010 --> 01:37:15,099

images and on pictures and on digital

2117

01:37:19,879 --> 01:37:17,020

cameras especially the older digital

2118

01:37:23,640 --> 01:37:19,889

cameras pick up on a little bit better

2119

01:37:27,030 --> 01:37:23,650

and so this being basically is a tear

2120

01:37:30,330 --> 01:37:27,040

kind of a tear drop site being I have a

2121

01:37:33,050 --> 01:37:30,340

lot of pictures of this thing of similar

2122

01:37:41,460 --> 01:37:33,060

beings like this and I had a one of my

2123

01:37:46,930 --> 01:37:44,410

okay so I'm gonna take a picture of it

2124

01:37:53,380 --> 01:37:46,940

I'm gonna send it to you right now and I

2125

01:37:54,640 --> 01:37:53,390

got somebody working on that and and you

2126

01:37:56,350 --> 01:37:54,650

guys can see this picture of this

2127

01:37:59,020 --> 01:37:56,360

beautiful being thing is this teardrop

2128

01:38:00,490 --> 01:37:59,030

type of being it's hard to explain but

2129

01:38:01,990 --> 01:38:00,500

it has this beautiful rainbow halo

2130

01:38:05,110 --> 01:38:02,000

around it you can see the head see the

2131

01:38:08,140 --> 01:38:05,120

heart chakra you can kind of see the

2132

01:38:10,630 --> 01:38:08,150

etheric field in this this being so it's

2133

01:38:13,390 --> 01:38:10,640

a very majestic looking picture and I

2134

01:38:17,350 --> 01:38:13,400

had a friend thank me a beautiful

2135

01:38:18,520 --> 01:38:17,360

picture of this this original so they

2136

01:38:20,710 --> 01:38:18,530

took acrylic paint and they made a

2137

01:38:23,860 --> 01:38:20,720

beautiful picture and it's always behind

2138

01:38:26,680 --> 01:38:23,870

me when I do interview sometimes at the

2139

01:38:30,790 --> 01:38:26,690

office and people are always asking you

2140

01:38:32,800 --> 01:38:30,800

know you know what is that behind you in

2141

01:38:36,760 --> 01:38:32,810

that picture and it's this beautiful

2142

01:38:38,770 --> 01:38:36,770

lighting and we have dozens of photos in

2143

01:38:43,870 --> 01:38:38,780

different places around the planet of

2144

01:38:46,810 --> 01:38:43,880

this similar beam and so I'll send uh so

2145

01:38:49,180 --> 01:38:46,820

we what we did is we made little posters

2146

01:38:51,340 --> 01:38:49,190

out of the of the acrylic painting

2147

01:38:52,780 --> 01:38:51,350

picture that my friend painted and we're

2148

01:38:54,880 --> 01:38:52,790

going to have those available for people

2149

01:38:56,530 --> 01:38:54,890

should purchase and we're gonna take a

2150

01:38:58,840 --> 01:38:56,540

picture of it right now just text it to

2151
01:39:00,250 --> 01:38:58,850
you Jimmy okay yeah I'm trying to see

2152
01:39:02,760 --> 01:39:00,260
what you're looking at and then the

2153
01:39:04,900 --> 01:39:02,770
people will kind of understand you know

2154
01:39:08,790 --> 01:39:04,910
exactly what this looks like and this is

2155
01:39:11,170 --> 01:39:08,800
the artist's rendition of the being and

2156
01:39:14,770 --> 01:39:11,180
then we're going to put the original up

2157
01:39:18,100 --> 01:39:14,780
later this year but we have no dozens of

2158
01:39:21,040 --> 01:39:18,110
these beings on film even up till just

2159
01:39:24,310 --> 01:39:21,050
recently and they come in a form of

2160
01:39:25,900 --> 01:39:24,320
light now that light means in another

2161
01:39:28,540 --> 01:39:25,910
dimension they might make another form

2162
01:39:30,520 --> 01:39:28,550
so when they come into this dimension

2163
01:39:32,230 --> 01:39:30,530

they have many forms when they're

2164

01:39:34,240 --> 01:39:32,240

transdimensional interdimensional beings

2165

01:39:36,910 --> 01:39:34,250

because they can change the way they

2166

01:39:38,530 --> 01:39:36,920

look they can become a 3d they can look

2167

01:39:40,630 --> 01:39:38,540

like a light they couldn't look like a

2168

01:39:42,370 --> 01:39:40,640

ghost they can look like almost anything

2169

01:39:43,960 --> 01:39:42,380

they want because they're not to miss

2170

01:39:46,090 --> 01:39:43,970

dimension now if you Jimmy went back

2171

01:39:49,990 --> 01:39:46,100

into the 2d you know you just be the

2172

01:39:54,070 --> 01:39:50,000

exact flat G flat Emery right right so

2173

01:39:54,600 --> 01:39:54,080

imagine something that that is four or

2174

01:39:56,370 --> 01:39:54,610

five

2175

01:39:58,110 --> 01:39:56,380

coming back into this dimension will

2176
01:39:59,760 --> 01:39:58,120
definitely look different we would look

2177
01:40:02,760 --> 01:39:59,770
different if we went into another

2178
01:40:04,170 --> 01:40:02,770
dimension or if we came back into a

2179
01:40:06,120 --> 01:40:04,180
different dimension we'd have a

2180
01:40:10,500 --> 01:40:06,130
different physical appearance that's

2181
01:40:16,200 --> 01:40:10,510
right yeah there's the the other aspect

2182
01:40:17,970 --> 01:40:16,210
of this when you were looking at these

2183
01:40:21,660 --> 01:40:17,980
beings on the beach right that were a

2184
01:40:24,270 --> 01:40:21,670
few feet from you and and you're looking

2185
01:40:26,640 --> 01:40:24,280
do you recognize what kind of species

2186
01:40:29,940 --> 01:40:26,650
you're looking at and do you have any

2187
01:40:33,270 --> 01:40:29,950
idea about how many different

2188
01:40:36,420 --> 01:40:33,280

civilizations may be visiting us you

2189

01:40:38,190 --> 01:40:36,430

don't like right now that's that's the

2190

01:40:40,320 --> 01:40:38,200

big question that I have we talked about

2191

01:40:43,590 --> 01:40:40,330

Gray's or we talked about Nordics and in

2192

01:40:45,660 --> 01:40:43,600

mantis beings and reptilians I think

2193

01:40:49,200 --> 01:40:45,670

those are all generalized statements

2194

01:40:53,580 --> 01:40:49,210

when we have you know a hundred billion

2195

01:40:57,210 --> 01:40:53,590

planets just within reach of us here in

2196

01:41:00,030 --> 01:40:57,220

the Milky Way there must be huge amounts

2197

01:41:03,260 --> 01:41:00,040

of different civilizations visiting us

2198

01:41:07,200 --> 01:41:03,270

do you have any idea what that number is

2199

01:41:09,810 --> 01:41:07,210

well it's an unlimited amount of number

2200

01:41:11,850 --> 01:41:09,820

because think of it this way everywhere

2201

01:41:15,180 --> 01:41:11,860

like when you're looking at earth and

2202

01:41:17,820 --> 01:41:15,190

all the species on earth not just humans

2203

01:41:20,100 --> 01:41:17,830

at all the species you know that's a lot

2204

01:41:23,880 --> 01:41:20,110

of different species even in the

2205

01:41:25,710 --> 01:41:23,890

different races in being human look how

2206

01:41:29,400 --> 01:41:25,720

many there are and all those races

2207

01:41:31,230 --> 01:41:29,410

intermingle guys so with my studies

2208

01:41:34,470 --> 01:41:31,240

through you know looking at genetics and

2209

01:41:37,800 --> 01:41:34,480

DNA of these beings the most profound

2210

01:41:41,310 --> 01:41:37,810

thing I found out was that they have

2211

01:41:44,760 --> 01:41:41,320

human DNA our DNA and we have different

2212

01:41:46,170 --> 01:41:44,770

percentages of their DNA so one thing is

2213

01:41:48,060 --> 01:41:46,180

out there in the universe there's a lot

2214

01:41:50,760 --> 01:41:48,070

of intermingling going on

2215

01:41:53,400 --> 01:41:50,770

just like here on planet Earth and it

2216

01:41:55,730 --> 01:41:53,410

doesn't matter if it's you know a gray

2217

01:41:59,370 --> 01:41:55,740

and a Reptoid you know they might be

2218

01:42:02,940 --> 01:41:59,380

five percent human you know forty five

2219

01:42:04,440 --> 01:42:02,950

percent our turn and fifty percent

2220

01:42:06,570 --> 01:42:04,450

Reptoids so there is a lot of

2221

01:42:08,370 --> 01:42:06,580

intermingling we're starting to find out

2222

01:42:10,649 --> 01:42:08,380

is going on out there so

2223

01:42:13,200 --> 01:42:10,659

species are pretty unlimited in numbers

2224

01:42:15,000 --> 01:42:13,210

and the different star systems like it's

2225

01:42:17,129 --> 01:42:15,010

weird someone says well I'm from Sarah

2226

01:42:18,680 --> 01:42:17,139

you know and I'm like well that's just

2227

01:42:21,600 --> 01:42:18,690

the star system that has you know

2228

01:42:23,310 --> 01:42:21,610

thousands of planets so I don't think

2229

01:42:26,550 --> 01:42:23,320

people really look at it that way

2230

01:42:28,470 --> 01:42:26,560

because the universe is so vast and I

2231

01:42:30,689 --> 01:42:28,480

had a great experience up there at the

2232

01:42:33,270 --> 01:42:30,699

Shambala monster monster getting access

2233

01:42:34,950 --> 01:42:33,280

to their giant telescope works we canal

2234

01:42:37,140 --> 01:42:34,960

we're going to do a live shot on that

2235

01:42:39,510 --> 01:42:37,150

one day where I'm going to take you into

2236

01:42:41,580 --> 01:42:39,520

the universe live streaming it on your

2237

01:42:46,020 --> 01:42:41,590

big screen and I show you all the star

2238

01:42:47,879 --> 01:42:46,030

systems and all the nebulas and and that

2239

01:42:49,320 --> 01:42:47,889

and that shows you a little bit more so

2240

01:42:52,740 --> 01:42:49,330

there's unlimited species out there

2241

01:42:59,610 --> 01:42:52,750

Jimmy they're around the universe in

2242

01:43:01,229 --> 01:42:59,620

this dimension the the DNA on this

2243

01:43:04,189 --> 01:43:01,239

planet it doesn't matter what you're

2244

01:43:07,800 --> 01:43:04,199

looking at the construction of

2245

01:43:12,050 --> 01:43:07,810

everything is based on the same twenty

2246

01:43:15,030 --> 01:43:12,060

amino acids which must be common

2247

01:43:17,640 --> 01:43:15,040

throughout the Milky Way all right and

2248

01:43:21,570 --> 01:43:17,650

those basic building blocks which are

2249

01:43:25,320 --> 01:43:21,580

constructed or constructing DNA they

2250

01:43:28,260 --> 01:43:25,330

must be similar just because of the

2251

01:43:31,050 --> 01:43:28,270

nature of chemistry and those amino

2252

01:43:34,229 --> 01:43:31,060

acids and how DNA would be constructed

2253

01:43:36,209 --> 01:43:34,239

right yes that's correct

2254

01:43:40,290 --> 01:43:36,219

we're just have a little we have some

2255

01:43:43,919 --> 01:43:40,300

gaps in our first but we're just not as

2256

01:43:48,470 --> 01:43:43,929

fully activated species yet I'll say but

2257

01:43:52,050 --> 01:43:48,480

were we're moving in that direction the

2258

01:43:53,729 --> 01:43:52,060

going back to those beings the first

2259

01:43:55,740 --> 01:43:53,739

part of that question was I'm talking

2260

01:43:58,470 --> 01:43:55,750

about on the beach that you said were

2261

01:44:01,879 --> 01:43:58,480

feed from you my question was were they

2262

01:44:05,040 --> 01:44:01,889

physical and and what did they look like

2263

01:44:07,399 --> 01:44:05,050

yeah we we do have a picture of that

2264

01:44:10,500 --> 01:44:07,409

somewhere I'll have to find inside then

2265

01:44:12,720 --> 01:44:10,510

what it look like is we have a group of

2266

01:44:17,370 --> 01:44:12,730

like 50 people out there and a craft

2267

01:44:20,790 --> 01:44:17,380

came up and this is this is down in

2268

01:44:22,140 --> 01:44:20,800

southern Florida and we were on the Gulf

2269

01:44:24,780 --> 01:44:22,150

of Mexico

2270

01:44:27,570 --> 01:44:24,790

and there was a crap we heard all this

2271

01:44:30,180 --> 01:44:27,580

amazing lights were blinking as we were

2272

01:44:33,150 --> 01:44:30,190

doing a CEO at the ce-5 protocols and

2273

01:44:35,270 --> 01:44:33,160

after we did the puja and all these

2274

01:44:37,590 --> 01:44:35,280

scintillating lights were across the bay

2275

01:44:40,010 --> 01:44:37,600

gets the mangroves and on the other side

2276

01:44:43,170 --> 01:44:40,020

of the mangroves is the Gulf of Mexico

2277

01:44:45,210 --> 01:44:43,180

so first it became very electrostatic

2278

01:44:48,180 --> 01:44:45,220

and I was the first feeling everyone was

2279

01:44:50,760 --> 01:44:48,190

feeling and the next thing we saw in the

2280

01:44:55,200 --> 01:44:50,770

field was you know which is only maybe

2281

01:44:59,940 --> 01:44:55,210

you know 75 feet away was all these

2282

01:45:01,350 --> 01:44:59,950

really bright lights and at first of

2283

01:45:03,960 --> 01:45:01,360

course the mind wants that oh those are

2284

01:45:05,550 --> 01:45:03,970

just lightning bugs and but there's

2285

01:45:08,930 --> 01:45:05,560

definitely no one likes getting bugs out

2286

01:45:11,520 --> 01:45:08,940

at that at that time and I remember

2287

01:45:13,740 --> 01:45:11,530

Steven stood up and walk out to surf on

2288

01:45:18,840 --> 01:45:13,750

I followed him right behind him with the

2289

01:45:22,170 --> 01:45:18,850

camera and to our amazement these lights

2290

01:45:24,030 --> 01:45:22,180

these glowing tennis ball-sized lights

2291

01:45:26,640 --> 01:45:24,040

off all the tennis ball-sized lights

2292

01:45:27,150 --> 01:45:26,650

that were really bright but not burning

2293

01:45:29,340 --> 01:45:27,160

your eye

2294

01:45:30,990 --> 01:45:29,350

we're fluctuating in and out and there

2295

01:45:34,500 --> 01:45:31,000

was a dozen of them in this little

2296

01:45:36,330 --> 01:45:34,510

grassy knoll and what happened was he

2297

01:45:38,340 --> 01:45:36,340

started walking into the grass and they

2298

01:45:41,070 --> 01:45:38,350

started like starting to come towards

2299

01:45:43,050 --> 01:45:41,080

them and then I call the entire group

2300

01:45:45,150 --> 01:45:43,060

over because it was just amazing that

2301
01:45:47,580 --> 01:45:45,160
they're still staying here which means

2302
01:45:50,280 --> 01:45:47,590
the group was really cohesive when in

2303
01:45:53,850 --> 01:45:50,290
frequency and they all walked up and it

2304
01:45:56,040 --> 01:45:53,860
was it was people think you're ready to

2305
01:45:58,820 --> 01:45:56,050
see any tea but when it when those light

2306
01:46:02,280 --> 01:45:58,830
starts forming into small little bodies

2307
01:46:06,090 --> 01:46:02,290
which looks maybe a foot to two feet

2308
01:46:10,970 --> 01:46:06,100
tall very own belong there ectomorphic

2309
01:46:14,220 --> 01:46:10,980
they're a bluish grey species that

2310
01:46:15,840 --> 01:46:14,230
people started actually passing out they

2311
01:46:17,220 --> 01:46:15,850
were walking up to the grass line but

2312
01:46:19,770 --> 01:46:17,230
they weren't going further and the

2313
01:46:22,020 --> 01:46:19,780

lights came right up to them these being

2314

01:46:24,030 --> 01:46:22,030

started to manifest and show their true

2315

01:46:25,890 --> 01:46:24,040

forms and people actually started

2316

01:46:28,740 --> 01:46:25,900

passing out because it was so

2317

01:46:31,530 --> 01:46:28,750

overwhelming with energy and love and

2318

01:46:35,130 --> 01:46:31,540

just it was a very emotional time for a

2319

01:46:35,730 --> 01:46:35,140

lot of people to see this and then we

2320

01:46:38,220 --> 01:46:35,740

stayed out

2321

01:46:41,880 --> 01:46:38,230

there and had some telepathy and some

2322

01:46:44,730 --> 01:46:41,890

communication and some downloads and it

2323

01:46:47,040 --> 01:46:44,740

all was over with and maybe 20 20

2324

01:46:50,280 --> 01:46:47,050

minutes for that part of the night the

2325

01:46:52,980 --> 01:46:50,290

rest of night was just amazing crap were

2326

01:46:55,830 --> 01:46:52,990

coming above us so much that two

2327

01:46:58,530 --> 01:46:55,840

Blackhawk helicopters came in and buzzed

2328

01:47:00,060 --> 01:46:58,540

us and then you know the tire ruined the

2329

01:47:02,370 --> 01:47:00,070

night once they come but it's great

2330

01:47:05,310 --> 01:47:02,380

confirmation when we're doing these sea

2331

01:47:07,130 --> 01:47:05,320

fires in the military craft come in and

2332

01:47:09,390 --> 01:47:07,140

try to break us up

2333

01:47:12,990 --> 01:47:09,400

fascinating I've seen some of the video

2334

01:47:14,700 --> 01:47:13,000

of that night too and it's pretty

2335

01:47:17,670 --> 01:47:14,710

incredible let's take a break right here

2336

01:47:19,290 --> 01:47:17,680

Emory I'm gonna get you to hang on not

2337

01:47:21,810 --> 01:47:19,300

quite ready to end this conversation

2338

01:47:24,030 --> 01:47:21,820

tonight it's do some overtime our guest

2339

01:47:26,310 --> 01:47:24,040

tonight Emory Smith I am your host Jimmy

2340

01:47:29,070 --> 01:47:26,320

church tomorrow night is Fator night

2341

01:47:31,200 --> 01:47:29,080

open lines all night long on the

2342

01:47:33,150 --> 01:47:31,210

GameChanger network in Katy RA the

2343

01:47:45,830 --> 01:47:33,160

planet we'll be right back after this

2344

01:47:49,439 --> 01:47:47,609

welcome back fade to black

2345

01:47:52,500 --> 01:47:49,449

I'm eros Jimmy Church our guest tonight

2346

01:47:54,180 --> 01:47:52,510

Emory Smith fascinating conversation

2347

01:47:57,419 --> 01:47:54,190

tonight we've covered just about

2348

01:48:01,830 --> 01:47:57,429

everything and going through some of the

2349

01:48:04,290 --> 01:48:01,840

ce-5 Collins with dr. Greer fascinating

2350

01:48:07,229 --> 01:48:04,300

and you know I've seen some of his

2351

01:48:09,350 --> 01:48:07,239

videos over the years and I'm very

2352

01:48:12,299 --> 01:48:09,360

impressed with it and some of it is

2353

01:48:15,060 --> 01:48:12,309

nearly identical to some of the things

2354

01:48:16,799 --> 01:48:15,070

that I've experienced too with with

2355

01:48:19,470 --> 01:48:16,809

groups of people so we know that there

2356

01:48:22,649 --> 01:48:19,480

is something going on which brings me

2357

01:48:25,739 --> 01:48:22,659

around to the obvious question which is

2358

01:48:28,830 --> 01:48:25,749

disclosure right everybody wants it and

2359

01:48:32,580 --> 01:48:28,840

wants it now is there a timetable if you

2360

01:48:34,979 --> 01:48:32,590

had a crystal ball Emory you know what

2361

01:48:36,239 --> 01:48:34,989

what disclosure really is and and how

2362

01:48:39,890 --> 01:48:36,249

long is this going to take

2363

01:48:42,180 --> 01:48:39,900

until we can like close the door on this

2364

01:48:44,669 --> 01:48:42,190

yeah I mean I really believe that

2365

01:48:47,850 --> 01:48:44,679

disclosure is happening every day I know

2366

01:48:50,580 --> 01:48:47,860

it's it's you have to be patient the

2367

01:48:54,750 --> 01:48:50,590

fact that they're releasing new

2368

01:48:57,600 --> 01:48:54,760

technologies and new materials out there

2369

01:48:59,549 --> 01:48:57,610

is a good sign that pretty soon people

2370

01:49:00,870 --> 01:48:59,559

are going to be looking at this thing

2371

01:49:02,250 --> 01:49:00,880

you know how did you make this how'd you

2372

01:49:05,819 --> 01:49:02,260

get this we're just not smart enough to

2373

01:49:08,009 --> 01:49:05,829

do this I do believe that Antarctica

2374

01:49:10,950 --> 01:49:08,019

will show a lot once it's melted you

2375

01:49:13,020 --> 01:49:10,960

know just like you saw that face you

2376

01:49:15,540 --> 01:49:13,030

know it could be just some ice I have to

2377

01:49:16,979 --> 01:49:15,550

be skeptical on everything I see down

2378

01:49:19,649 --> 01:49:16,989

there because you just never know what

2379

01:49:21,810 --> 01:49:19,659

kind of agenda they're rolling because

2380

01:49:24,180 --> 01:49:21,820

of what I've just heard recently in DC

2381

01:49:26,129 --> 01:49:24,190

it looks like a five-year kind of

2382

01:49:28,890 --> 01:49:26,139

release but they don't have five years

2383

01:49:30,629 --> 01:49:28,900

to release it because the public's going

2384

01:49:34,290 --> 01:49:30,639

to know about it I think within the next

2385

01:49:37,020 --> 01:49:34,300

year so I'm hoping for that and just

2386

01:49:39,899 --> 01:49:37,030

hoping that the civilian take charge and

2387

01:49:42,239 --> 01:49:39,909

you know start getting some of these raw

2388

01:49:45,930 --> 01:49:42,249

data in and photographs and videos

2389

01:49:47,759 --> 01:49:45,940

that's undeniable I believe that people

2390

01:49:50,640 --> 01:49:47,769

are standing up and being more educated

2391

01:49:52,649 --> 01:49:50,650

on this and the acceptance of it of

2392

01:49:54,359 --> 01:49:52,659

course is overwhelming by the media now

2393

01:49:57,060 --> 01:49:54,369

like you said earlier it's never been

2394

01:49:57,810 --> 01:49:57,070

more media coverage than there is right

2395

01:49:59,640 --> 01:49:57,820

now which is a

2396

01:50:02,040 --> 01:49:59,650

great sign that looks like the

2397

01:50:04,680 --> 01:50:02,050

government does want to move forward

2398

01:50:07,379 --> 01:50:04,690

with some agenda to prove that ETS do

2399

01:50:09,750 --> 01:50:07,389

exist I don't know if that's good or bad

2400

01:50:11,669 --> 01:50:09,760

and how that will affect us like do not

2401

01:50:13,979 --> 01:50:11,679

have my own opinion on a time line I

2402

01:50:15,720 --> 01:50:13,989

mean I have my own opinion you know that

2403

01:50:17,819 --> 01:50:15,730

hopefuls you know that it should be

2404

01:50:19,589 --> 01:50:17,829

within the next one to five years but

2405

01:50:21,330 --> 01:50:19,599

like I said Earth doesn't have that much

2406

01:50:23,700 --> 01:50:21,340

time we need to get this technology out

2407

01:50:26,459 --> 01:50:23,710

now we need to reverse engineer it and

2408

01:50:28,200 --> 01:50:26,469

it already is done but if they need time

2409

01:50:29,550 --> 01:50:28,210

and I'm saying this out loud because I

2410

01:50:32,339 --> 01:50:29,560

know they're listening if they need time

2411

01:50:34,350 --> 01:50:32,349

I think that's okay but they shouldn't

2412

01:50:36,209 --> 01:50:34,360

sit on this for more than a year they

2413

01:50:40,020 --> 01:50:36,219

need to really get get on the ball here

2414

01:50:43,919 --> 01:50:40,030

and start so that's the the earth people

2415

01:50:46,080 --> 01:50:43,929

know this is real and that there are

2416

01:50:49,050 --> 01:50:46,090

extraterrestrials there yes they have

2417

01:50:50,370 --> 01:50:49,060

technology that could really help us but

2418

01:50:54,990 --> 01:50:50,380

you know we do have to go through

2419

01:50:56,729 --> 01:50:55,000

certain things as a society to bring us

2420

01:51:00,359 --> 01:50:56,739

together and some of these might be

2421

01:51:03,689 --> 01:51:00,369

catastrophic event as well to bring us

2422

01:51:06,419 --> 01:51:03,699

together so we won't be so hurtful to

2423

01:51:08,550 --> 01:51:06,429

each other so we really need this to

2424

01:51:10,140 --> 01:51:08,560

change the conscious level of everyone

2425

01:51:12,359 --> 01:51:10,150

during this time and I think it's

2426
01:51:16,709 --> 01:51:12,369
happening I just think there's more and

2427
01:51:19,169 --> 01:51:16,719
more you know people coming on board you

2428
01:51:21,149 --> 01:51:19,179
know I see the effects on you know the

2429
01:51:23,189 --> 01:51:21,159
letters we get and the emails we get and

2430
01:51:25,800 --> 01:51:23,199
I thank all of you guys for that because

2431
01:51:27,660 --> 01:51:25,810
they're really good questions and a lot

2432
01:51:31,410 --> 01:51:27,670
of people are volunteering to step up

2433
01:51:32,760 --> 01:51:31,420
and to you know you know speak out and I

2434
01:51:35,060 --> 01:51:32,770
think the more insiders that come

2435
01:51:38,040 --> 01:51:35,070
forward please contact me if you are one

2436
01:51:39,689 --> 01:51:38,050
to get your information and story out

2437
01:51:41,819 --> 01:51:39,699
because it really is important that the

2438
01:51:43,709 --> 01:51:41,829

more people we have come forward the

2439

01:51:46,350 --> 01:51:43,719

more disclosure that happens so I think

2440

01:51:49,319 --> 01:51:46,360

it's going to be over time the earth

2441

01:51:52,709 --> 01:51:49,329

needs it to be done now hopefully we'll

2442

01:51:57,629 --> 01:51:52,719

be done within the next year so how much

2443

01:52:01,169 --> 01:51:57,639

do we trust Washington and and and the

2444

01:52:05,819 --> 01:52:01,179

Pentagon with disclosure I mean they

2445

01:52:08,790 --> 01:52:05,829

have spent decades ridiculing and

2446

01:52:12,150 --> 01:52:08,800

teasing this community

2447

01:52:14,130 --> 01:52:12,160

and and and laughing at it and now we're

2448

01:52:16,170 --> 01:52:14,140

supposed to be in this in this

2449

01:52:19,500 --> 01:52:16,180

friendship mode how much do we trust

2450

01:52:21,810 --> 01:52:19,510

Washington with what they're doing well

2451

01:52:26,130 --> 01:52:21,820

Washington is really controlled also by

2452

01:52:27,900 --> 01:52:26,140

the major corporations they kind of just

2453

01:52:29,670 --> 01:52:27,910

do what they have to do I know people

2454

01:52:32,550 --> 01:52:29,680

think the president and all the people

2455

01:52:34,320 --> 01:52:32,560

and just their political and kings and

2456

01:52:37,740 --> 01:52:34,330

queens can just go and do whatever but

2457

01:52:40,280 --> 01:52:37,750

they really can't you know they need our

2458

01:52:42,950 --> 01:52:40,290

help for sure they would be immediately

2459

01:52:45,800 --> 01:52:42,960

terminated if they were to mess up so

2460

01:52:48,240 --> 01:52:45,810

they're they're really being careful of

2461

01:52:51,600 --> 01:52:48,250

how they move forward with this and

2462

01:52:53,490 --> 01:52:51,610

who's responsible for the cover-up to it

2463

01:52:55,320 --> 01:52:53,500

wheezes and I think people are going to

2464

01:52:57,660 --> 01:52:55,330

want some answers so that they're trying

2465

01:53:01,320 --> 01:52:57,670

to make that agenda now well that's

2466

01:53:03,810 --> 01:53:01,330

that's that's pretty obvious but then

2467

01:53:08,870 --> 01:53:03,820

there's the other side of it Emery which

2468

01:53:12,660 --> 01:53:08,880

I think members of this community

2469

01:53:15,920 --> 01:53:12,670

absolutely have to will not accept

2470

01:53:18,840 --> 01:53:15,930

anything less than the government

2471

01:53:20,550 --> 01:53:18,850

handling the disclosure aspect you know

2472

01:53:23,280 --> 01:53:20,560

and having the president disclose on

2473

01:53:24,570 --> 01:53:23,290

live TV that this has been going on and

2474

01:53:27,270 --> 01:53:24,580

that there's been a cover-up

2475

01:53:29,430 --> 01:53:27,280

and it's so we'd like we have a

2476

01:53:31,920 --> 01:53:29,440

double-edged sword you'll trust the

2477

01:53:33,570 --> 01:53:31,930

government to say that but you don't

2478

01:53:35,550 --> 01:53:33,580

trust the government to handle

2479

01:53:38,190 --> 01:53:35,560

disclosure but the only way that you

2480

01:53:40,740 --> 01:53:38,200

will accept it is if it comes out of

2481

01:53:45,120 --> 01:53:40,750

Washington it's it's it's kind of a

2482

01:53:46,890 --> 01:53:45,130

paradox as I see it yeah I mean they're

2483

01:53:50,460 --> 01:53:46,900

backpedaling because I don't think they

2484

01:53:53,550 --> 01:53:50,470

expected in Arctica to melt so quickly I

2485

01:53:56,040 --> 01:53:53,560

don't think they were going to have you

2486

01:54:00,090 --> 01:53:56,050

know information leaked out like these

2487

01:54:02,670 --> 01:54:00,100

photos and videos so they are definitely

2488

01:54:05,010 --> 01:54:02,680

preparing some sort of agenda I don't

2489

01:54:07,440 --> 01:54:05,020

know how that's going to be for us and

2490

01:54:09,660 --> 01:54:07,450

what that's going to look like I just

2491

01:54:12,240 --> 01:54:09,670

know there is definitely talk about it

2492

01:54:14,720 --> 01:54:12,250

and they are working on something to

2493

01:54:17,370 --> 01:54:14,730

release to the the people of the planet

2494

01:54:18,930 --> 01:54:17,380

because they have to they're on it they

2495

01:54:20,760 --> 01:54:18,940

are on a timeline I don't know what that

2496

01:54:22,860 --> 01:54:20,770

timeline is that I know it's you know

2497

01:54:25,020 --> 01:54:22,870

less than five years

2498

01:54:25,740 --> 01:54:25,030

and I don't know who came up with that

2499

01:54:28,050 --> 01:54:25,750

number

2500

01:54:33,780 --> 01:54:28,060

it was just brought up what's the latest

2501

01:54:36,540 --> 01:54:33,790

on your unity device oh well it's you

2502

01:54:38,760 --> 01:54:36,550

know it's been validated I can't really

2503

01:54:42,090 --> 01:54:38,770

talk about it it's still kind of NDA on

2504

01:54:45,180 --> 01:54:42,100

that I do talk about it like just to

2505

01:54:46,740 --> 01:54:45,190

some one-on-one people you know at the

2506

01:54:49,350 --> 01:54:46,750

meetings and things but I can't really

2507

01:54:52,169 --> 01:54:49,360

get too much into it hopefully this is

2508

01:54:56,669 --> 01:54:52,179

going to be brought to the world as far

2509

01:55:02,669 --> 01:54:56,679

as it being an operative system next

2510

01:55:05,209 --> 01:55:02,679

year publicly so stay tuned it's great

2511

01:55:08,820 --> 01:55:05,219

news for all of us and for everyone and

2512

01:55:11,250 --> 01:55:08,830

hopefully next year at this by this time

2513

01:55:15,500 --> 01:55:11,260

you've already have seen it functioned

2514

01:55:18,840 --> 01:55:15,510

but is it does it fall under the

2515

01:55:21,030 --> 01:55:18,850

perpetual motion category that you know

2516

01:55:22,680 --> 01:55:21,040

it's not going to get patented or it's

2517

01:55:26,070 --> 01:55:22,690

going to get poo pooped you know by the

2518

01:55:29,010 --> 01:55:26,080

Patent Office is is the fall under that

2519

01:55:32,220 --> 01:55:29,020

come yeah yeah that's what that is a big

2520

01:55:35,459 --> 01:55:32,230

problem and there's many modifications

2521

01:55:41,490 --> 01:55:35,469

made to this this device and that's all

2522

01:55:44,970 --> 01:55:41,500

I can say right now well what I'm

2523

01:55:46,800 --> 01:55:44,980

suggesting is is that the complication

2524

01:55:51,600 --> 01:55:46,810

is that it doesn't fall under that

2525

01:55:53,430 --> 01:55:51,610

category or is something else in right

2526

01:55:56,220 --> 01:55:53,440

the group that I hand over to is very

2527

01:55:58,590 --> 01:55:56,230

conscious and it's not about money you

2528

01:56:00,870 --> 01:55:58,600

know it's about getting this you know

2529

01:56:03,180 --> 01:56:00,880

out to the public the right way working

2530

01:56:05,400 --> 01:56:03,190

with leaf scientists around the world

2531

01:56:09,240 --> 01:56:05,410

and political governments and the force

2532

01:56:10,979 --> 01:56:09,250

the corporations to you know work

2533

01:56:12,930 --> 01:56:10,989

together you know instead of just

2534

01:56:15,450 --> 01:56:12,940

dropping a bomb on someone because the

2535

01:56:18,720 --> 01:56:15,460

amount of energy that these devices make

2536

01:56:20,669 --> 01:56:18,730

are also can be used for bad things so

2537

01:56:23,580 --> 01:56:20,679

that's really the hold up is trying to

2538

01:56:27,330 --> 01:56:23,590

you know have a way to control that and

2539

01:56:29,250 --> 01:56:27,340

I thought a great way would be to at

2540

01:56:33,000 --> 01:56:29,260

least have you know a scalable size

2541

01:56:35,130 --> 01:56:33,010

device hooked up to the power plants so

2542

01:56:36,299 --> 01:56:35,140

we can still be on grid we can still pay

2543

01:56:38,279 --> 01:56:36,309

our electric bill

2544

01:56:39,959 --> 01:56:38,289

who cares because at least the energy

2545

01:56:41,939 --> 01:56:39,969

will be clean and we can clear and clean

2546

01:56:45,120 --> 01:56:41,949

up the atmosphere and then also use

2547

01:56:47,310 --> 01:56:45,130

these devices and and make other devices

2548

01:56:48,569 --> 01:56:47,320

to help clean up the oceans because you

2549

01:56:50,370 --> 01:56:48,579

know when you when you talk about

2550

01:56:52,200 --> 01:56:50,380

overunity and talking about the physics

2551

01:56:54,660 --> 01:56:52,210

and the energy behind that you can

2552

01:56:58,049 --> 01:56:54,670

actually transmute garbage in the oceans

2553

01:56:59,970 --> 01:56:58,059

and bacteria and viruses all sorts of

2554

01:57:03,779 --> 01:56:59,980

amazing healing things for the planet

2555

01:57:05,399 --> 01:57:03,789

and people not just the energy aspect of

2556

01:57:07,410 --> 01:57:05,409

getting us energy from around the world

2557

01:57:08,240 --> 01:57:07,420

which would give us you know clean water

2558

01:57:10,979 --> 01:57:08,250

everywhere

2559

01:57:13,589 --> 01:57:10,989

around the planet and also that would

2560

01:57:16,260 --> 01:57:13,599

help out with crops and and really heal

2561

01:57:18,870 --> 01:57:16,270

you know the people of Earth first and

2562

01:57:23,160 --> 01:57:18,880

the planet before doing anything else

2563

01:57:26,939 --> 01:57:23,170

too wild is it scalable I mean yeah can

2564

01:57:30,660 --> 01:57:26,949

it can it be the size of a cell phone

2565

01:57:34,560 --> 01:57:30,670

and it can it be you know much larger in

2566

01:57:37,169 --> 01:57:34,570

power cities I mean definitely excited

2567

01:57:39,930 --> 01:57:37,179

all to fit in the back of the car and

2568

01:57:44,549 --> 01:57:39,940

also sizeable enough to power our entire

2569

01:57:46,410 --> 01:57:44,559

city you know it's that's not a problem

2570

01:57:49,649 --> 01:57:46,420

the Energy's all there it's just how we

2571

01:57:52,740 --> 01:57:49,659

how we choose to store it how we choose

2572

01:57:54,959 --> 01:57:52,750

to utilize that where the excess energy

2573

01:57:58,740 --> 01:57:54,969

goes because it's an unlimited amount of

2574

01:58:02,879 --> 01:57:58,750

energy where does does it have energy

2575

01:58:05,609 --> 01:58:02,889

going into it does a plug in the wall no

2576

01:58:08,010 --> 01:58:05,619

no it pulls up and pulls out the energy

2577

01:58:09,750 --> 01:58:08,020

from within time and space I can't get

2578

01:58:11,910 --> 01:58:09,760

into the mechanics of it of course right

2579

01:58:15,330 --> 01:58:11,920

now until next year hmm

2580

01:58:16,830 --> 01:58:15,340

very interesting one line I've got not

2581

01:58:19,770 --> 01:58:16,840

one last I've got a bunch of questions

2582

01:58:22,950 --> 01:58:19,780

here that keep coming in from the

2583

01:58:25,620 --> 01:58:22,960

audience and this is from Sarah Sarah

2584

01:58:28,109 --> 01:58:25,630

Han she says clarify this please so is

2585

01:58:31,680 --> 01:58:28,119

there a sense of the rainbow light

2586

01:58:35,729 --> 01:58:31,690

beings versus rainbow light brings

2587

01:58:39,089 --> 01:58:35,739

versus benevolent ETS manifesting during

2588

01:58:42,330 --> 01:58:39,099

career protocols give give the good guys

2589

01:58:48,689 --> 01:58:42,340

a chance to be known as legit is is

2590

01:58:50,070 --> 01:58:48,699

there a mix of both it can happen it's

2591

01:58:53,610 --> 01:58:50,080

rare but it can have

2592

01:58:56,160 --> 01:58:53,620

then where there are entities that are

2593

01:58:59,580 --> 01:58:56,170

there a lot of these entities however

2594

01:59:02,040 --> 01:58:59,590

are into classified projects the shadow

2595

01:59:04,650 --> 01:59:02,050

agents that are using very high-tech

2596

01:59:07,140 --> 01:59:04,660

equipment to come and disrupt the ce-5

2597

01:59:08,850 --> 01:59:07,150

they're using energetic beam weapons and

2598

01:59:12,890 --> 01:59:08,860

scaler and photometry as well to

2599

01:59:14,880 --> 01:59:12,900

mind-control people and to also

2600

01:59:18,930 --> 01:59:14,890

short-circuit people's neurological

2601
01:59:20,850 --> 01:59:18,940
systems so they can't focus or they get

2602
01:59:24,300 --> 01:59:20,860
sick and have to leave which breaks the

2603
01:59:29,160 --> 01:59:24,310
continuity of the team when doing ce-5

2604
01:59:31,140 --> 01:59:29,170
protocols so there are there are there's

2605
01:59:32,730 --> 01:59:31,150
the possibility for negative energies

2606
01:59:35,250 --> 01:59:32,740
and entities to be in these places

2607
01:59:37,770 --> 01:59:35,260
because of the contact work we're doing

2608
01:59:40,710 --> 01:59:37,780
and you know persons mentioning the

2609
01:59:44,520 --> 01:59:40,720
rainbow light which is just another form

2610
01:59:48,660 --> 01:59:44,530
of different kinds of entities that give

2611
01:59:52,200 --> 01:59:48,670
off light and you know there are no so

2612
01:59:54,030 --> 01:59:52,210
much light among us that we will conquer

2613
01:59:56,790 --> 01:59:54,040

this I mean this is going to be an easy

2614

01:59:58,590 --> 01:59:56,800

thing as far as time and us being here

2615

02:00:02,360 --> 01:59:58,600

at this magnificent time because we're

2616

02:00:05,190 --> 02:00:02,370

forever beings I wanted to ask you about

2617

02:00:08,490 --> 02:00:05,200

this just popped up this is just really

2618

02:00:09,870 --> 02:00:08,500

funny DARPA is a tweet last week where

2619

02:00:12,540 --> 02:00:09,880

they were asking for underground

2620

02:00:16,130 --> 02:00:12,550

facilities so they could do research

2621

02:00:20,010 --> 02:00:16,140

projects what was going on with that

2622

02:00:23,490 --> 02:00:20,020

well the facilities underground and

2623

02:00:25,650 --> 02:00:23,500

Kirtland are all full so I don't think

2624

02:00:27,630 --> 02:00:25,660

they can expand anymore and there's

2625

02:00:31,860 --> 02:00:27,640

course facilities everywhere almost

2626

02:00:33,480 --> 02:00:31,870

every state and around the world so I

2627

02:00:35,460 --> 02:00:33,490

think what they're doing is to save

2628

02:00:37,500 --> 02:00:35,470

money there's a lot of abandoned

2629

02:00:40,140 --> 02:00:37,510

underground facilities that can be

2630

02:00:41,880 --> 02:00:40,150

expanded so they're looking you know for

2631

02:00:44,100 --> 02:00:41,890

that you know you have to understand -

2632

02:00:46,800 --> 02:00:44,110

like the other thing I want to clear up

2633

02:00:49,290 --> 02:00:46,810

is I never worked for Sandia Labs or Los

2634

02:00:51,450 --> 02:00:49,300

Alamos I worked in their underground

2635

02:00:53,820 --> 02:00:51,460

facilities that were rented out by you

2636

02:00:58,650 --> 02:00:53,830

know huge corporations that had to do

2637

02:01:00,780 --> 02:00:58,660

with aerospace and biotech but what what

2638

02:01:03,580 --> 02:01:00,790

would they need these underground

2639

02:01:07,710 --> 02:01:03,590

facilities for what are they researching

2640

02:01:10,660 --> 02:01:07,720

oh my goodness anything with aerospace

2641

02:01:13,330 --> 02:01:10,670

anything with biologics such as you know

2642

02:01:16,380 --> 02:01:13,340

a hybridization growing of tissues 3d

2643

02:01:18,910 --> 02:01:16,390

printing of bodies you know

2644

02:01:20,290 --> 02:01:18,920

consciousness assisted technologies that

2645

02:01:21,790 --> 02:01:20,300

they have reverse-engineered from

2646

02:01:23,740 --> 02:01:21,800

extraterrestrial crafts a lot of reverse

2647

02:01:27,610 --> 02:01:23,750

engineering stuff a lot of materials

2648

02:01:29,650 --> 02:01:27,620

being made utilizing materials that we

2649

02:01:32,920 --> 02:01:29,660

have collected from space and down

2650

02:01:34,720 --> 02:01:32,930

crafts and extraterrestrial DNA there's

2651

02:01:36,520 --> 02:01:34,730

a big exchange going on behind the

2652

02:01:40,570 --> 02:01:36,530

scenes of extraterrestrial DNA with them

2653

02:01:43,780 --> 02:01:40,580

the projects so they're also you know

2654

02:01:44,800 --> 02:01:43,790

making amazing spacecraft that are

2655

02:01:46,510 --> 02:01:44,810

anti-gravity

2656

02:01:48,160 --> 02:01:46,520

we've had it forever they're just

2657

02:01:50,590 --> 02:01:48,170

fine-tuning things and coming out just

2658

02:01:53,320 --> 02:01:50,600

like we come out with new aircraft you

2659

02:01:54,820 --> 02:01:53,330

know every year you know Boeing the same

2660

02:01:56,290 --> 02:01:54,830

thing that's going on underground in

2661

02:01:58,900 --> 02:01:56,300

projects think of it as a whole nother

2662

02:02:01,180 --> 02:01:58,910

world but just you know a thousand years

2663

02:02:03,210 --> 02:02:01,190

more advanced that you know has

2664

02:02:05,950 --> 02:02:03,220

technologies and has the money to

2665

02:02:08,500 --> 02:02:05,960

develop viruses that make us sick and

2666

02:02:10,660 --> 02:02:08,510

also create a pill that cures that virus

2667

02:02:12,580 --> 02:02:10,670

so there's a lot of good things coming

2668

02:02:14,920 --> 02:02:12,590

out of it a lot of bad things also that

2669

02:02:17,440 --> 02:02:14,930

could be utilized but there's also a lot

2670

02:02:20,440 --> 02:02:17,450

of weapons and things like this being

2671

02:02:23,470 --> 02:02:20,450

made that that's far exceeds a bullet or

2672

02:02:25,780 --> 02:02:23,480

a nuclear bomb I can assure you and

2673

02:02:29,080 --> 02:02:25,790

DARPA would be doing this kind of

2674

02:02:31,410 --> 02:02:29,090

research underneath our own cities yeah

2675

02:02:36,100 --> 02:02:31,420

that's uh that's pretty scary

2676

02:02:40,300 --> 02:02:36,110

one I can't let you get away without

2677

02:02:44,680 --> 02:02:40,310

bringing up storm area 51 this is

2678

02:02:48,880 --> 02:02:44,690

September 4th scheduled for September

2679

02:02:54,730 --> 02:02:48,890

20th which is in 16 days it'll be 15

2680

02:02:56,830 --> 02:02:54,740

days here very shortly you you served in

2681

02:02:59,350 --> 02:02:56,840

the Air Force I'm sure you're familiar

2682

02:03:03,780 --> 02:02:59,360

with the security that would be

2683

02:03:07,810 --> 02:03:03,790

surrounding area 51 is this a good idea

2684

02:03:09,880 --> 02:03:07,820

this is a really bad idea I think it's

2685

02:03:11,980 --> 02:03:09,890

great that there's that many people that

2686

02:03:14,020 --> 02:03:11,990

want to do it I think that shows a lot

2687

02:03:17,500 --> 02:03:14,030

but I don't think gathering a million of

2688

02:03:19,960 --> 02:03:17,510

us up and going out into the extremely

2689

02:03:21,040 --> 02:03:19,970

harsh conditions of that desert and of

2690

02:03:22,900 --> 02:03:21,050

course they're going to the roads block

2691

02:03:25,420 --> 02:03:22,910

another 50 miles before you then get

2692

02:03:28,540 --> 02:03:25,430

there and there's no toilets there's no

2693

02:03:30,520 --> 02:03:28,550

water you know a million people on a

2694

02:03:32,080 --> 02:03:30,530

one-lane highway out there is just not

2695

02:03:35,310 --> 02:03:32,090

going to work people are going to be

2696

02:03:38,170 --> 02:03:35,320

getting sick you know I think you know I

2697

02:03:39,970 --> 02:03:38,180

could never I could name of ten other

2698

02:03:41,230 --> 02:03:39,980

places you should storm that you're

2699

02:03:43,840 --> 02:03:41,240

definitely going to find something

2700

02:03:46,600 --> 02:03:43,850

besides that place so that's a really

2701

02:03:48,670 --> 02:03:46,610

put in a position on purpose so

2702

02:03:51,160 --> 02:03:48,680

something like this happened that they

2703

02:03:53,740 --> 02:03:51,170

would easily deter you not only with

2704

02:03:54,580 --> 02:03:53,750

tear gas but also using special

2705

02:03:56,740 --> 02:03:54,590

harmonics

2706

02:03:58,270 --> 02:03:56,750

disrupting frequencies that will bring

2707

02:03:59,680 --> 02:03:58,280

you right down to your knees you're just

2708

02:04:02,170 --> 02:03:59,690

going to want to get out of the line of

2709

02:04:04,420 --> 02:04:02,180

those harmonics that sound vibration

2710

02:04:07,810 --> 02:04:04,430

they're going to be using beanbags

2711

02:04:08,350 --> 02:04:07,820

you know in their guns you know these

2712

02:04:10,390 --> 02:04:08,360

things

2713

02:04:11,320 --> 02:04:10,400

there's a lot of technology they're

2714

02:04:14,050 --> 02:04:11,330

going to use that's going to make it

2715

02:04:15,730 --> 02:04:14,060

very uncomfortable in an already very

2716

02:04:17,050 --> 02:04:15,740

uncomfortable place and I was going to

2717

02:04:20,680 --> 02:04:17,060

go there maybe three or four days

2718

02:04:24,460 --> 02:04:20,690

earlier and maybe do a live broadcast

2719

02:04:26,230 --> 02:04:24,470

and and just kind of tell people about

2720

02:04:28,120 --> 02:04:26,240

the conditions out here and to come

2721

02:04:30,550 --> 02:04:28,130

prepared if you really are going to do

2722

02:04:32,920 --> 02:04:30,560

this because there's going to be alone

2723

02:04:36,010 --> 02:04:32,930

out there and it's not like the nearest

2724

02:04:38,440 --> 02:04:36,020

stores right around the corner or the

2725

02:04:41,410 --> 02:04:38,450

nearest restroom so we we really need to

2726

02:04:43,600 --> 02:04:41,420

think this out and I love it that all

2727

02:04:45,760 --> 02:04:43,610

these people are so amped about it

2728

02:04:48,310 --> 02:04:45,770

whether it's really going to happen I

2729

02:04:51,430 --> 02:04:48,320

don't know but the last thing you want

2730

02:04:52,780 --> 02:04:51,440

to do is storm any military installation

2731

02:04:55,720 --> 02:04:52,790

I think we should be a little bit more

2732

02:04:57,970 --> 02:04:55,730

civilized I think showing up you know

2733

02:05:00,490 --> 02:04:57,980

all these people or at least with the

2734

02:05:02,500 --> 02:05:00,500

numbers on the web I think it's

2735

02:05:04,960 --> 02:05:02,510

something that would definitely go down

2736

02:05:07,210 --> 02:05:04,970

in history I mean this will be an epic

2737

02:05:10,270 --> 02:05:07,220

moment whether it's going to happen or

2738

02:05:13,240 --> 02:05:10,280

not I don't know yeah if somebody shows

2739

02:05:16,480 --> 02:05:13,250

up what if it's the exact opposite

2740

02:05:22,450 --> 02:05:16,490

what if it's crickets on the 20th that

2741

02:05:25,060 --> 02:05:22,460

nobody shows up right well I think I'm

2742

02:05:28,480 --> 02:05:25,070

sure there's many people show up I don't

2743

02:05:29,320 --> 02:05:28,490

know how many I know people will

2744

02:05:31,270 --> 02:05:29,330

definitely show up

2745

02:05:33,370 --> 02:05:31,280

I don't think it's going to be

2746

02:05:37,479 --> 02:05:33,380

million I don't think that'd be wise

2747

02:05:39,580 --> 02:05:37,489

just because the conditions there I

2748

02:05:42,129 --> 02:05:39,590

think we should organize it a little bit

2749

02:05:44,979 --> 02:05:42,139

better and actually you know hold a big

2750

02:05:46,629 --> 02:05:44,989

hearing or something to get the

2751
02:05:48,490 --> 02:05:46,639
government to see wow there's a million

2752
02:05:50,740 --> 02:05:48,500
people that show up at this government

2753
02:05:53,169 --> 02:05:50,750
facility and it's going to get really

2754
02:05:54,970 --> 02:05:53,179
awkward really fast do you think that

2755
02:06:00,029 --> 02:05:54,980
they would actually okay there's there's

2756
02:06:04,859 --> 02:06:00,039
two questions that I have one to allow

2757
02:06:08,260 --> 02:06:04,869
the the highway going out of Las Vegas

2758
02:06:10,299 --> 02:06:08,270
to remain open would they just actually

2759
02:06:12,010 --> 02:06:10,309
just close that down for a couple of

2760
02:06:17,109 --> 02:06:12,020
days and just tell everybody to turn

2761
02:06:19,859 --> 02:06:17,119
around if they saw an imminent gathering

2762
02:06:23,439 --> 02:06:19,869
where it was going to be uncontrollable

2763
02:06:25,209 --> 02:06:23,449

it has to be uncontrollable but you know

2764

02:06:28,120 --> 02:06:25,219

I know they're gonna have a huge

2765

02:06:30,189 --> 02:06:28,130

security force there I mean out just

2766

02:06:32,950 --> 02:06:30,199

unbelievable I think they would

2767

02:06:34,350 --> 02:06:32,960

definitely if they saw the cars piling

2768

02:06:36,700 --> 02:06:34,360

up in the people getting rowdy

2769

02:06:40,299 --> 02:06:36,710

definitely they would shut down a major

2770

02:06:43,419 --> 02:06:40,309

highway if it was a threat you know for

2771

02:06:46,330 --> 02:06:43,429

people getting to that area right and

2772

02:06:49,779 --> 02:06:46,340

what do you make of the the other side

2773

02:06:51,310 --> 02:06:49,789

of it the capitalistic side of the

2774

02:06:55,890 --> 02:06:51,320

United States which there's always

2775

02:07:02,080 --> 02:06:59,229

like here you know I survived area 51

2776

02:07:04,330 --> 02:07:02,090

I'm storming area 51 t-shirts and

2777

02:07:07,180 --> 02:07:04,340

posters and stickers and keychains it's

2778

02:07:10,209 --> 02:07:07,190

already people are buying just you know

2779

02:07:11,620 --> 02:07:10,219

the the merchandise or something that

2780

02:07:13,600 --> 02:07:11,630

you know didn't happen yet

2781

02:07:16,209 --> 02:07:13,610

which I like I said we'll go down the

2782

02:07:18,520 --> 02:07:16,219

history you know if it does it'll be one

2783

02:07:20,799 --> 02:07:18,530

more memorable moment that people will

2784

02:07:24,220 --> 02:07:20,809

have a something to hold on to that

2785

02:07:26,109 --> 02:07:24,230

keychain or that poster I you know it

2786

02:07:28,689 --> 02:07:26,119

doesn't surprise me I think you know

2787

02:07:31,120 --> 02:07:28,699

that's you know saying harm and them

2788

02:07:32,680 --> 02:07:31,130

doing that of course people are going to

2789

02:07:34,620 --> 02:07:32,690

do that you know people need to survive

2790

02:07:39,189 --> 02:07:34,630

they see this as a business opportunity

2791

02:07:41,259 --> 02:07:39,199

to you know go out there and and sell

2792

02:07:42,939 --> 02:07:41,269

their merch and make a you know make

2793

02:07:45,129 --> 02:07:42,949

history you know and have something I

2794

02:07:47,350 --> 02:07:45,139

have a piece of history to take home

2795

02:07:50,169 --> 02:07:47,360

with them that they survived this you

2796

02:07:52,570 --> 02:07:50,179

know this invasion run at you tonight

2797

02:07:54,609 --> 02:07:52,580

let's let's rent a van we'll get a bunch

2798

02:07:57,340 --> 02:07:54,619

of t-shirts printed and we'll do a

2799

02:07:59,140 --> 02:07:57,350

roadside stand out there on the

2800

02:08:02,050 --> 02:07:59,150

extra-terrestrial that way I mean

2801
02:08:03,700 --> 02:08:02,060
because you know that's that that's

2802
02:08:07,390 --> 02:08:03,710
going to be happening and then we have

2803
02:08:10,990 --> 02:08:07,400
you know the suggestion of music events

2804
02:08:13,260 --> 02:08:11,000
and and that kind of thing and that

2805
02:08:16,689 --> 02:08:13,270
feels to me to be a little bit

2806
02:08:18,970 --> 02:08:16,699
opportunistic and what if nobody shows

2807
02:08:20,919 --> 02:08:18,980
up all right that's the other thing

2808
02:08:23,080 --> 02:08:20,929
there you need to have the

2809
02:08:26,280 --> 02:08:23,090
infrastructure if you're gonna pull off

2810
02:08:29,169 --> 02:08:26,290
some kind of event you need to have

2811
02:08:32,050 --> 02:08:29,179
facilities medical facilities bathrooms

2812
02:08:35,919 --> 02:08:32,060
water food all of this needs to be

2813
02:08:39,040 --> 02:08:35,929

provided you just can't expect to have

2814

02:08:41,379 --> 02:08:39,050

50,000 people taken care of or is it

2815

02:08:44,919 --> 02:08:41,389

just gonna be a couple of dozen you know

2816

02:08:47,830 --> 02:08:44,929

that's that's the thing well I think I

2817

02:08:51,010 --> 02:08:47,840

think we still need to report it either

2818

02:08:53,500 --> 02:08:51,020

way because unless there's some giant

2819

02:08:55,350 --> 02:08:53,510

press release that you know you'll be

2820

02:08:59,140 --> 02:08:55,360

arrested if you show up on area 51

2821

02:08:59,439 --> 02:08:59,150

planned or if you take part in this you

2822

02:09:01,780 --> 02:08:59,449

know I

2823

02:09:04,479 --> 02:09:01,790

that's the government actually states

2824

02:09:07,500 --> 02:09:04,489

something in the press which would be

2825

02:09:10,540 --> 02:09:07,510

unprecedented would be pretty amazing

2826
02:09:12,729 --> 02:09:10,550
because that means they're worried that

2827
02:09:18,340 --> 02:09:12,739
they can't handle it yeah how'd that

2828
02:09:20,590 --> 02:09:18,350
happen yeah now do you think that the

2829
02:09:24,430 --> 02:09:20,600
Air Force and their security in the

2830
02:09:26,740 --> 02:09:24,440
military police would actually if if

2831
02:09:29,320 --> 02:09:26,750
somebody made it up to the back gate

2832
02:09:32,340 --> 02:09:29,330
right and that's a long road right

2833
02:09:35,680 --> 02:09:32,350
that's a that's a dozen or so miles

2834
02:09:40,300 --> 02:09:35,690
through the desert to get to either gate

2835
02:09:43,720 --> 02:09:40,310
but if do you think that the military

2836
02:09:47,530 --> 02:09:43,730
police the Air Force police would shoot

2837
02:09:52,720 --> 02:09:47,540
on American citizens on American soil

2838
02:09:56,410 --> 02:09:52,730

I think anyone going past the sign would

2839

02:09:59,140 --> 02:09:56,420

be deterred first I don't I don't see

2840

02:10:02,140 --> 02:09:59,150

them making it that far

2841

02:10:04,840 --> 02:10:02,150

because they're already taking a lot of

2842

02:10:08,140 --> 02:10:04,850

precautions right now putting sensors

2843

02:10:10,570 --> 02:10:08,150

and all the grounds around there and you

2844

02:10:14,290 --> 02:10:10,580

know testing up their security forces

2845

02:10:16,870 --> 02:10:14,300

there already so I think they're

2846

02:10:18,610 --> 02:10:16,880

preparing for the worst and I don't

2847

02:10:20,680 --> 02:10:18,620

believe anyone would really get past

2848

02:10:23,830 --> 02:10:20,690

that line because of the type of

2849

02:10:26,080 --> 02:10:23,840

technology that they're using to disrupt

2850

02:10:28,240 --> 02:10:26,090

the nervous system because it makes it

2851
02:10:30,040 --> 02:10:28,250
pretty unbearable you literally will get

2852
02:10:31,270 --> 02:10:30,050
very sick and pull to your knees and

2853
02:10:33,790 --> 02:10:31,280
you're not gonna be able to walk a step

2854
02:10:35,410 --> 02:10:33,800
you're just gonna you know have to

2855
02:10:38,100 --> 02:10:35,420
endure the pain or get out of the line

2856
02:10:41,080 --> 02:10:38,110
of fire you know what seems a line of

2857
02:10:43,360 --> 02:10:41,090
whatever energy weapon they're using to

2858
02:10:45,070 --> 02:10:43,370
deter people from going there and of

2859
02:10:48,130 --> 02:10:45,080
course you know you can bring gas masks

2860
02:10:50,980 --> 02:10:48,140
and all that all you want you know it's

2861
02:10:53,050 --> 02:10:50,990
it's going to be an unpleasant sight and

2862
02:10:54,280 --> 02:10:53,060
if someone actually got to the gate

2863
02:10:58,510 --> 02:10:54,290

which I don't believe will ever happen

2864

02:11:01,000 --> 02:10:58,520

they would be terminated yeah this this

2865

02:11:03,250 --> 02:11:01,010

is my prediction this is what I think

2866

02:11:07,570 --> 02:11:03,260

they're going to close down the highway

2867

02:11:10,060 --> 02:11:07,580

at at Alamo right which is the last

2868

02:11:11,980 --> 02:11:10,070

major town and anything past that

2869

02:11:14,800 --> 02:11:11,990

there's only a couple of houses there

2870

02:11:17,080 --> 02:11:14,810

and unless you have a driver's license

2871

02:11:20,290 --> 02:11:17,090

with your address on it that says you

2872

02:11:23,320 --> 02:11:20,300

live by the black mailbox you're not

2873

02:11:25,330 --> 02:11:23,330

gonna drive up that freeway on the 20th

2874

02:11:29,050 --> 02:11:25,340

maybe the 19 no they're they're just

2875

02:11:32,290 --> 02:11:29,060

gonna close that down unless it's just

2876

02:11:33,550 --> 02:11:32,300

official traffic but that that's my

2877

02:11:35,980 --> 02:11:33,560

prediction I don't think that they're

2878

02:11:38,410 --> 02:11:35,990

gonna allow anything past Alamo no I

2879

02:11:40,570 --> 02:11:38,420

don't think so the word I'm getting

2880

02:11:42,610 --> 02:11:40,580

which is second-hand information is that

2881

02:11:45,520 --> 02:11:42,620

they're going to be closing down that

2882

02:11:48,370 --> 02:11:45,530

road and no one's going to be able to

2883

02:11:51,460 --> 02:11:48,380

get near it thank you so much Emery and

2884

02:11:54,100 --> 02:11:51,470

was so really quick I got about 90

2885

02:11:57,700 --> 02:11:54,110

seconds left what is next I know you're

2886

02:12:00,040 --> 02:11:57,710

shooting this yeah docu-series but but

2887

02:12:02,620 --> 02:12:00,050

what's up next we've got the patron

2888

02:12:05,380 --> 02:12:02,630

coming out and have this new show called

2889

02:12:07,090 --> 02:12:05,390

insider report that'll be out and that's

2890

02:12:07,690 --> 02:12:07,100

three or four weeks so take a look at

2891

02:12:12,670 --> 02:12:07,700

that

2892

02:12:14,560 --> 02:12:12,680

production company you can kind of catch

2893

02:12:16,240 --> 02:12:14,570

on our new things that are happening and

2894

02:12:18,970 --> 02:12:16,250

the things that are coming up will be

2895

02:12:22,270 --> 02:12:18,980

updated and of course Emory Smith net

2896

02:12:24,280 --> 02:12:22,280

and then check out our new episodes on

2897

02:12:27,610 --> 02:12:24,290

guy you're going to love them now if

2898

02:12:30,250 --> 02:12:27,620

anybody has any medical questions about

2899

02:12:31,930 --> 02:12:30,260

your technology or what you're doing out

2900

02:12:36,240 --> 02:12:31,940

there

2901

02:12:39,310 --> 02:12:36,250

where is the best way to reach you

2902

02:12:40,630 --> 02:12:39,320

well of course on memory Smith net is

2903

02:12:44,500 --> 02:12:40,640

the best place there's an email there

2904

02:12:46,690 --> 02:12:44,510

Emory Smith 33 at gmail we have couple

2905

02:12:48,070 --> 02:12:46,700

people vetting that especially for the

2906

02:12:50,470 --> 02:12:48,080

medical people that needs medical

2907

02:12:53,530 --> 02:12:50,480

attention so those questions kind of

2908

02:12:54,970 --> 02:12:53,540

come to me first and you know we kind of

2909

02:12:58,270 --> 02:12:54,980

put you in the right spot we do have

2910

02:13:00,310 --> 02:12:58,280

under contacting Thunder contacts one of

2911

02:13:02,980 --> 02:13:00,320

the files on Emory Smith dotnet has a

2912

02:13:04,600 --> 02:13:02,990

few of the clinics that I recommend

2913

02:13:07,690 --> 02:13:04,610

people to go to for these stem-cell

2914

02:13:10,150 --> 02:13:07,700

infusions such as regen a stem down in

2915

02:13:12,430 --> 02:13:10,160

2916

02:13:15,280 --> 02:13:12,440

Gauley clinic in Turin on dr. Brian

2918

02:13:19,930 --> 02:13:17,420
