60  
00:04:09,190 --> 00:04:01,670  
we're good okay jr. who's on golf ball

61  
00:04:12,640 --> 00:04:09,200  
who's on the line with you ah oh okay

62  
00:04:14,020 --> 00:04:12,650  
calvess how are you man I'm doing hey

63  
00:04:20,110 --> 00:04:14,030

you sound you sound like you've done

64

00:04:28,029 --> 00:04:20,120

radio before you're doing good okay so

65

00:04:32,170 --> 00:04:28,039

jr. okay calvess jr. called in about a

66

00:04:33,650 --> 00:04:32,180

half hour ago and told us about the

67

00:04:36,560 --> 00:04:33,660

conversation that

68

00:04:40,160 --> 00:04:36,570

you guys had and and I said you know

69

00:04:42,500 --> 00:04:40,170

what would it be cool if if you know

70

00:04:44,780 --> 00:04:42,510

maybe one day you could reach out to him

71

00:04:46,850 --> 00:04:44,790

and and have him come on the show and

72

00:04:49,520 --> 00:04:46,860

tell us about it he said hey he's going

73

00:04:49,760 --> 00:04:49,530

to be here in a few minutes so here we

74

00:04:54,380 --> 00:04:49,770

are

75

00:04:56,600 --> 00:04:54,390

the audience has just listened to jr.

76

00:05:00,710 --> 00:04:56,610

and now you're on the show with us

77

00:05:03,170 --> 00:05:00,720

so rather than repeat what JR said I

78

00:05:05,620 --> 00:05:03,180

would like to hear straight from you he

79

00:05:09,860 --> 00:05:05,630

said that you were in the Coast Guard in

80

00:05:14,780 --> 00:05:09,870

2003 right yeah yeah so I've been I was

81

00:05:20,080 --> 00:05:14,790

in a closed car from from 1996 and I was

82

00:05:23,480 --> 00:05:20,090

I was uh I was discharged in 2004 2004

83

00:05:28,280 --> 00:05:23,490

okay so what happened what happened back

84

00:05:29,870 --> 00:05:28,290

in 2003 so yeah so what I was talking to

85

00:05:32,330 --> 00:05:29,880

y'all I can start a little earlier than

86

00:05:38,450 --> 00:05:32,340

2000 City so I go I could remember as

87

00:05:39,830 --> 00:05:38,460

early as 2000 and we weird we the

88

00:05:42,590 --> 00:05:39,840

co-star we started doing something

89

00:05:44,390 --> 00:05:42,600

different where we started doing joint

90

00:05:47,090 --> 00:05:44,400

operations with other with other

91

00:05:50,270 --> 00:05:47,100

branches of the military so so I was

92

00:05:53,570 --> 00:05:50,280

part of the j-rock team and uh and I do

93

00:05:56,330 --> 00:05:53,580

remember on one of my missions um we

94

00:05:59,930 --> 00:05:56,340

were doing we were doing this this

95

00:06:03,200 --> 00:05:59,940

training mission a co-op with with the

96

00:06:05,930 --> 00:06:03,210

maybe and and you know we were we were

97

00:06:07,820 --> 00:06:05,940

off the coast of California like like

98

00:06:11,630 --> 00:06:07,830

I'm that kind of a kind of 80 miles west

99

00:06:13,790 --> 00:06:11,640

of of Catalina Island I can tell you

100

00:06:16,400 --> 00:06:13,800

guys pho what we call the location on

101  
00:06:19,190 --> 00:06:16,410  
but out there you know we do we do some

102  
00:06:21,380 --> 00:06:19,200  
drills and stuff like that and back then

103  
00:06:25,220 --> 00:06:21,390  
I was out of navigating around with a

104  
00:06:28,220 --> 00:06:25,230  
navigator specialist and and my job was

105  
00:06:31,610 --> 00:06:28,230  
to watch the radar and see what do we

106  
00:06:33,830 --> 00:06:31,620  
see um part of part of my job is that

107  
00:06:37,370 --> 00:06:33,840  
you know we we little parade I look up

108  
00:06:40,520 --> 00:06:37,380  
weapons systems and we assist all all

109  
00:06:41,990 --> 00:06:40,530  
branches and and you know I remember

110  
00:06:44,659 --> 00:06:42,000  
we're out there looking and I couldn't

111  
00:06:46,370 --> 00:06:44,669  
see anything my commanding officer to

112  
00:06:47,360 --> 00:06:46,380  
rely on show you nothing anything cuz

113  
00:06:49,970 --> 00:06:47,370

there's something out there

114

00:06:52,909 --> 00:06:49,980

and I was like nope so I remember going

115

00:06:55,100 --> 00:06:52,919

up to the deck with binoculars and arel

116

00:06:57,650 --> 00:06:55,110

I yeah look all the way up and when I

117

00:07:00,860 --> 00:06:57,660

see that when I looked up I saw the

118

00:07:04,790 --> 00:07:00,870

object nearly falling and it was going

119

00:07:06,890 --> 00:07:04,800

so fast that it looked like it looked

120

00:07:09,170 --> 00:07:06,900

like a pill yeah you know you could look

121

00:07:11,570 --> 00:07:09,180

like a pill right because they were

122

00:07:13,879 --> 00:07:11,580

giving trails they were giving tracers

123

00:07:16,520 --> 00:07:13,889

and this is broad daylight and we're

124

00:07:19,250 --> 00:07:16,530

lying I was like what is that and as I

125

00:07:21,770 --> 00:07:19,260

was descending descending descending and

126  
00:07:24,770 --> 00:07:21,780  
like it was coming down so fast that we

127  
00:07:27,950 --> 00:07:24,780  
couldn't see and then all I heard and

128  
00:07:29,680 --> 00:07:27,960  
I've heard it hovering right by right by

129  
00:07:33,469 --> 00:07:29,690  
the water

130  
00:07:38,690 --> 00:07:33,479  
okay tell me how far from you was this

131  
00:07:40,700 --> 00:07:38,700  
object this party was like maybe like

132  
00:07:43,310 --> 00:07:40,710  
three between three to five miles away

133  
00:07:45,379 --> 00:07:43,320  
from us okay so that's close enough on

134  
00:07:48,439 --> 00:07:45,389  
the open ocean to hear something I got

135  
00:07:51,890 --> 00:07:48,449  
you okay so you can hear it we could see

136  
00:07:54,110 --> 00:07:51,900  
it and and it was fast I mean I mean the

137  
00:07:56,330 --> 00:07:54,120  
stuff that I was doing it was really

138  
00:07:59,330 --> 00:07:56,340

really fast like I could totally see how

139

00:08:01,760 --> 00:07:59,340

people would think it's a UFO or or

140

00:08:04,790 --> 00:08:01,770

anything anything of that nature it was

141

00:08:07,219 --> 00:08:04,800

it was small compared to what we

142

00:08:08,629 --> 00:08:07,229

normally see right well we see like my

143

00:08:11,089 --> 00:08:08,639

different type of missile but riding

144

00:08:13,310 --> 00:08:11,099

three or or any or any kind of a Scud

145

00:08:15,260 --> 00:08:13,320

missiles you know it's very large and

146

00:08:16,870 --> 00:08:15,270

almost like the size of a car well this

147

00:08:20,420 --> 00:08:16,880

thing was like I don't know it's like

148

00:08:24,379 --> 00:08:20,430

maybe about about no bigger than three

149

00:08:24,950 --> 00:08:24,389

foot and and you know we couldn't see

150

00:08:28,850 --> 00:08:24,960

the radar

151

00:08:31,640 --> 00:08:28,860

we actually got visual and then later on

152

00:08:34,820 --> 00:08:31,650

actually after the mission what success

153

00:08:36,350 --> 00:08:34,830

I asked I go what was this and then arm

154

00:08:38,659 --> 00:08:36,360

because I cannot tell you guys the main

155

00:08:40,760 --> 00:08:38,669

it was a type of missile it was thought

156

00:08:43,430 --> 00:08:40,770

like for lack of a better word it was a

157

00:08:46,280 --> 00:08:43,440

scud missile that we were that we that

158

00:08:48,170 --> 00:08:46,290

the government was testing dropping it

159

00:08:52,030 --> 00:08:48,180

out dropping it out of a real fast plane

160

00:08:56,480 --> 00:08:52,040

and yeah it was uh it was uh s far and

161

00:08:59,270 --> 00:08:56,490

sr-71 a modified sr-71 will drop me we

162

00:09:00,860 --> 00:08:59,280

drop these projectile and and we were

163

00:09:03,850 --> 00:09:00,870

just scanning

164

00:09:06,470 --> 00:09:03,860

she see what kind of data we could get

165

00:09:10,370 --> 00:09:06,480

yeah it was way up there there's way up

166

00:09:12,350 --> 00:09:10,380

there I'm 18,000 feet and that's what

167

00:09:15,920 --> 00:09:12,360

was it was it was a it was a type of

168

00:09:17,870 --> 00:09:15,930

missile and what it was doing I mean it

169

00:09:20,420 --> 00:09:17,880

was she was literally being remote

170

00:09:23,380 --> 00:09:20,430

controlled from somewhere and the stuff

171

00:09:28,610 --> 00:09:23,390

that he was doing was pretty amazing

172

00:09:30,200 --> 00:09:28,620

when you say what it was doing okay let

173

00:09:31,880 --> 00:09:30,210

me ask you a couple of questions because

174

00:09:35,150 --> 00:09:31,890

I want to know what what it was doing

175

00:09:38,050 --> 00:09:35,160

did it it right it stopped did it enter

176

00:09:41,330 --> 00:09:38,060

the water or did it stop above the water

177

00:09:43,400 --> 00:09:41,340

it stopped right above the water I mean

178

00:09:44,930 --> 00:09:43,410

did not answer it did not enter it was

179

00:09:47,840 --> 00:09:44,940

stopped right about the water it could

180

00:09:50,420 --> 00:09:47,850

hover and then it would take a cake off

181

00:09:52,640 --> 00:09:50,430

like like if they had boosters not here

182

00:09:56,120 --> 00:09:52,650

and I get had a second second

183

00:09:57,740 --> 00:09:56,130

a second type of rocket in it and it

184

00:10:00,650 --> 00:09:57,750

would just take off I mean but the

185

00:10:02,480 --> 00:10:00,660

speeds was incredible I mean Mach 1 mark

186

00:10:04,760 --> 00:10:02,490

2 was nothing compared to what this

187

00:10:07,310 --> 00:10:04,770

thing could be no any word from mark 3

188

00:10:10,730 --> 00:10:07,320

yeah what color was the fix what color

189

00:10:13,880 --> 00:10:10,740

was it um okay so so when it was

190

00:10:16,340 --> 00:10:13,890

hovering when it was hovering um it kind

191

00:10:19,900 --> 00:10:16,350

of it kind of made greyish kind of like

192

00:10:23,270 --> 00:10:19,910

a like what a typical what a typical um

193

00:10:25,370 --> 00:10:23,280

maybe should look like but when it's

194

00:10:29,060 --> 00:10:25,380

when it's traveling and it's going so

195

00:10:32,720 --> 00:10:29,070

far and looks it looks white it looks

196

00:10:34,850 --> 00:10:32,730

white and and and during the day you

197

00:10:39,530 --> 00:10:34,860

can't really see the traces or anything

198

00:10:43,520 --> 00:10:39,540

that says but I might I mean it looks

199

00:10:44,750 --> 00:10:43,530

like a UFO so I could tell you guys I

200

00:10:47,210 --> 00:10:44,760

mean because we didn't know what and

201  
00:10:48,560 --> 00:10:47,220  
what at first you know we were you know

202  
00:10:50,440 --> 00:10:48,570  
we were speculating we're like okay this

203  
00:10:52,910 --> 00:10:50,450  
must be some sort of an unmanned

204  
00:10:54,770 --> 00:10:52,920  
unmanned drone or something like that

205  
00:10:56,930 --> 00:10:54,780  
because I mean keep in mind guys this is

206  
00:10:59,330 --> 00:10:56,940  
2003 none of this technology was

207  
00:11:05,470 --> 00:10:59,340  
available and we were just like what is

208  
00:11:08,900 --> 00:11:05,480  
this and yeah did you guys talk about it

209  
00:11:10,850 --> 00:11:08,910  
amongst yourself yeah we talked about it

210  
00:11:12,440 --> 00:11:10,860  
amongst ourselves before like okay how

211  
00:11:14,780 --> 00:11:12,450  
can we detect there how can we prepare

212  
00:11:17,210 --> 00:11:14,790  
ourselves to see it right

213  
00:11:19,940 --> 00:11:17,220

and keep in mind this these testing went

214

00:11:23,420 --> 00:11:19,950

on for for like a couple of weeks on day

215

00:11:25,490 --> 00:11:23,430

and night and and and it was so fast and

216

00:11:28,400 --> 00:11:25,500

radars couldn't detect it

217

00:11:30,440 --> 00:11:28,410

they we do have we do have system that I

218

00:11:32,450 --> 00:11:30,450

guess can monitor they could see what it

219

00:11:33,980 --> 00:11:32,460

was doing but none of us had access to

220

00:11:36,770 --> 00:11:33,990

that like they were just wanted to see

221

00:11:38,540 --> 00:11:36,780

like like how can we defend ourselves

222

00:11:41,840 --> 00:11:38,550

against something like that like how can

223

00:11:43,780 --> 00:11:41,850

we detect it and you know and we all

224

00:11:46,880 --> 00:11:43,790

were communicating amongst each other

225

00:11:49,610 --> 00:11:46,890

sharing sharing sharing our our systems

226

00:11:51,530 --> 00:11:49,620

because we do have a we do have a shared

227

00:11:53,810 --> 00:11:51,540

system and a shared weapon system there

228

00:11:56,600 --> 00:11:53,820

that we share amongst each other and and

229

00:11:58,240 --> 00:11:56,610

and just observing each other going back

230

00:12:02,450 --> 00:11:58,250

and forth like like I could tell the

231

00:12:04,760 --> 00:12:02,460

fusion and chaos and and I mean was top

232

00:12:06,830 --> 00:12:04,770

secret because I because one thing that

233

00:12:08,870 --> 00:12:06,840

I was revealed to me is that the plane

234

00:12:11,930 --> 00:12:08,880

that would be playing this missiles came

235

00:12:15,230 --> 00:12:11,940

from sr-71 so I'm like okay that's ours

236

00:12:18,050 --> 00:12:15,240

you guys wanted to be tired you tired

237

00:12:20,180 --> 00:12:18,060

it's a retired plane that only be babe

238

00:12:21,590 --> 00:12:20,190

only the CIA have access to blah blah

239

00:12:23,870 --> 00:12:21,600

blah right oh you know so we knew it was

240

00:12:26,120 --> 00:12:23,880

paused on world top-secret stuff you

241

00:12:27,860 --> 00:12:26,130

know and keep my also 2003 was wartime

242

00:12:30,350 --> 00:12:27,870

you know we're in them in the middle of

243

00:12:32,840 --> 00:12:30,360

a war with Iraq and Afghanistan so did

244

00:12:36,590 --> 00:12:32,850

they scramble right now let me jump in

245

00:12:40,190 --> 00:12:36,600

calvess did they scramble any any jets

246

00:12:47,690 --> 00:12:40,200

did the Navy have it you know f-18s up

247

00:12:50,030 --> 00:12:47,700

in the air when we were dealing with the

248

00:12:51,860 --> 00:12:50,040

baby it was not it was it was no

249

00:12:54,140 --> 00:12:51,870

aircraft carriers involving was just

250

00:12:56,090 --> 00:12:54,150

they were just our cutters and a couple

251  
00:12:59,330 --> 00:12:56,100  
of the spare a couple of battleships but

252  
00:13:01,460 --> 00:12:59,340  
um but I do remember I do remember the

253  
00:13:03,830 --> 00:13:01,470  
very last day of my training mission

254  
00:13:06,710 --> 00:13:03,840  
that I saw the chatter that that I'm

255  
00:13:09,200 --> 00:13:06,720  
that's that what the aircraft carrier

256  
00:13:10,700 --> 00:13:09,210  
out there and that they were doing they

257  
00:13:12,860 --> 00:13:10,710  
were doing some sort of training with it

258  
00:13:16,550 --> 00:13:12,870  
and I did and I did hear it on the

259  
00:13:20,360 --> 00:13:16,560  
chatter that f-18 car could not could

260  
00:13:22,130 --> 00:13:20,370  
not stop this this this object you know

261  
00:13:23,960 --> 00:13:22,140  
and and and they had a co name for it

262  
00:13:24,710 --> 00:13:23,970  
and and I telling based on the code name

263  
00:13:28,370 --> 00:13:24,720

kind of knew what they were talking

264

00:13:30,410 --> 00:13:28,380

about but I did I did I did remember

265

00:13:32,780 --> 00:13:30,420

some of the summer palace am I here yeah

266

00:13:34,040 --> 00:13:32,790

we're testing some alien technology and

267

00:13:35,870 --> 00:13:34,050

I would just kind of laugh at it I mean

268

00:13:38,270 --> 00:13:35,880

like no it's not this is from you

269

00:13:42,520 --> 00:13:38,280

missiles that were working on we're

270

00:13:45,680 --> 00:13:42,530

testing alien technology did anybody

271

00:13:48,800 --> 00:13:45,690

pick this up on their radar you did not

272

00:13:50,660 --> 00:13:48,810

right and you were radar operator so you

273

00:13:56,210 --> 00:13:50,670

didn't pick it up did anybody else pick

274

00:13:59,090 --> 00:13:56,220

it up on radar no no no are you uh are

275

00:14:01,160 --> 00:13:59,100

you do you have any kind of oath or

276

00:14:02,990 --> 00:14:01,170

secrecy that you're breaking and talking

277

00:14:04,580 --> 00:14:03,000

about this or is this okay to talk about

278

00:14:06,110 --> 00:14:04,590

I don't want you to get in any trouble

279

00:14:08,180 --> 00:14:06,120

okay yeah this is okay to talk about

280

00:14:10,430 --> 00:14:08,190

because like I said I like all the stuff

281

00:14:12,170 --> 00:14:10,440

that I saw it I experienced it was from

282

00:14:14,540 --> 00:14:12,180

from a training perspective it was a

283

00:14:15,820 --> 00:14:14,550

training our training missions I mean

284

00:14:19,460 --> 00:14:15,830

they're you know preparing ourselves

285

00:14:20,030 --> 00:14:19,470

when we got deployed out to Iraq or

286

00:14:22,310 --> 00:14:20,040

Afghanistan

287

00:14:23,780 --> 00:14:22,320

so you know like I would not talk about

288

00:14:26,990 --> 00:14:23,790

you know stuff that happened during

289

00:14:28,010 --> 00:14:27,000

active duty so out there in the war but

290

00:14:29,420 --> 00:14:28,020

I could talk about stuff that happened

291

00:14:34,450 --> 00:14:29,430

in training that's not a problem

292

00:14:37,070 --> 00:14:34,460

now what about reports did they have you

293

00:14:39,110 --> 00:14:37,080

describe what you saw did you do any

294

00:14:42,320 --> 00:14:39,120

type you know did they gather everybody

295

00:14:48,410 --> 00:14:42,330

up for a debriefing to see your

296

00:14:51,350 --> 00:14:48,420

reactions no no no just the exercise the

297

00:14:55,160 --> 00:14:51,360

exercise was was the real deal like you

298

00:14:56,870 --> 00:14:55,170

know we were on high alert we we didn't

299

00:14:59,180 --> 00:14:56,880

get much briefing they were just like

300

00:15:00,860 --> 00:14:59,190

you know to be out be out be out I'll

301  
00:15:02,870 --> 00:15:00,870  
come and look out for Emily bogans and

302  
00:15:06,290 --> 00:15:02,880  
stuff like that right you know nothing

303  
00:15:07,940 --> 00:15:06,300  
nothing that is out of the norm no I did

304  
00:15:10,220 --> 00:15:07,950  
not do any reporting because like I said

305  
00:15:12,890 --> 00:15:10,230  
I didn't see anything in my in my weapon

306  
00:15:16,250 --> 00:15:12,900  
system or all my navigation system so

307  
00:15:20,150 --> 00:15:16,260  
there was nothing for me to report the

308  
00:15:22,580 --> 00:15:20,160  
only the only report that I did is is to

309  
00:15:24,860 --> 00:15:22,590  
confirm that we saw what we saw when we

310  
00:15:27,140 --> 00:15:24,870  
were up and back and we saw them to meet

311  
00:15:29,210 --> 00:15:27,150  
and we saw the stubble so uh hovering

312  
00:15:33,620 --> 00:15:29,220  
about it now why would you call it a

313  
00:15:42,120 --> 00:15:33,630

Scud missiles Scud is uh I mean why

314

00:15:47,040 --> 00:15:45,480

Galla I cannot reveal the code name do

315

00:15:48,750 --> 00:15:47,050

you know why I say scud missile is

316

00:15:51,900 --> 00:15:48,760

because later on I did find out that

317

00:15:55,620 --> 00:15:51,910

this then this can be launched from air

318

00:15:57,060 --> 00:15:55,630

from the sea so so it has motivate it

319

00:15:59,670 --> 00:15:57,070

could be launched from multiple type of

320

00:16:02,580 --> 00:15:59,680

system and the other the other similar

321

00:16:06,450 --> 00:16:02,590

reflected using it now what I want you

322

00:16:08,190 --> 00:16:06,460

to do my email and I'm easy to get a

323

00:16:10,680 --> 00:16:08,200

hold of it so Jimmy at Jimmy Church

324

00:16:13,280 --> 00:16:10,690

radio calm what I would like for you to

325

00:16:17,070 --> 00:16:13,290

do and gir knows how to get ahold of me

326

00:16:19,860 --> 00:16:17,080

but oh thank you

327

00:16:21,690 --> 00:16:19,870

Thank You kelvis and by the way kelvis

328

00:16:26,940 --> 00:16:21,700

is the coolest name I've ever heard

329

00:16:30,600 --> 00:16:26,950

is I want you to email me that that

330

00:16:33,900 --> 00:16:30,610

secret name okay just put it in an email

331

00:16:40,110 --> 00:16:33,910

because I have friends right and I just

332

00:16:45,990 --> 00:16:40,120

want to just send it to me and and we'll

333

00:16:48,390 --> 00:16:46,000

keep it private okay I promise you right

334

00:16:52,340 --> 00:16:48,400

now on the air in front of friends and

335

00:16:56,280 --> 00:16:52,350

family that I won't expose anything okay

336

00:17:03,720 --> 00:16:56,290

all right hey man enjoy it and thank

337

00:17:07,110 --> 00:17:03,730
