would like to welcome back to fade to

100

00:05:20,060 --> 00:05:17,400

black Billy Carson Billy good evening

101
00:05:21,920 --> 00:05:20,070
man how you doing good evening man glad

102
00:05:24,290 --> 00:05:21,930
to be back on it's been uh you know a

103
00:05:27,200 --> 00:05:24,300
few months I'm happy to be back you know

104
00:05:30,140 --> 00:05:27,210
I would have you on every week which

105
00:05:34,310 --> 00:05:30,150
we've done that in the past you know

106
00:05:36,980 --> 00:05:34,320
because you are doing so many different

107
00:05:39,500 --> 00:05:36,990
things and and contributing not only to

108
00:05:41,440 --> 00:05:39,510
this community but to the world I mean

109
00:05:44,870 --> 00:05:41,450
you've got your television programming

110
00:05:48,950 --> 00:05:44,880
you're working on a movie you're writing

111
00:05:51,590 --> 00:05:48,960
books you're doing research all around

112
00:05:53,450 --> 00:05:51,600
the world you're always on a plane I

113
00:05:55,850 --> 00:05:53,460

probably spend more time in the air than

114

00:05:58,460 --> 00:05:55,860

you do on the ground and you still find

115

00:05:59,840 --> 00:05:58,470

time for us here on fade to black so I

116

00:06:00,519 --> 00:05:59,850

want to thank you for everything that

117

00:06:02,049 --> 00:06:00,529

you do for the

118

00:06:03,549 --> 00:06:02,059

community it's been an amazing ride

119

00:06:08,319 --> 00:06:03,559

thank you

120

00:06:10,239 --> 00:06:08,329

now you know what we actually the phone

121

00:06:12,969 --> 00:06:10,249

lines I'm gonna open up in a second

122

00:06:16,389 --> 00:06:12,979

seven four seven two two eight two zero

123

00:06:19,539 --> 00:06:16,399

five one and interacting with the

124

00:06:23,559 --> 00:06:19,549

audiences is an amazing thing and I

125

00:06:25,929 --> 00:06:23,569

really enjoy when you and I get to spend

126

00:06:28,839 --> 00:06:25,939

time together in public and I get to

127

00:06:31,029 --> 00:06:28,849

kind of kick back and watch people

128

00:06:34,089 --> 00:06:31,039

gravitate to you with a list of

129

00:06:36,759 --> 00:06:34,099

questions you've got a lot of patience

130

00:06:38,169 --> 00:06:36,769

man you've got a lot of patience and and

131

00:06:41,139 --> 00:06:38,179

that's what you want to do though you

132

00:06:44,079 --> 00:06:41,149

want to get out there and and kind of

133

00:06:46,719 --> 00:06:44,089

shake it up a little bit don't you yeah

134

00:06:48,369 --> 00:06:46,729

absolutely I mean you know I guess maybe

135

00:06:51,369 --> 00:06:48,379

I'm not at the point yet in my career

136

00:06:52,899 --> 00:06:51,379

where you know I'm I'm walking around

137

00:06:54,489 --> 00:06:52,909

with bodyguards whatever and keeping

138

00:06:55,959 --> 00:06:54,499

people away but I just like the kid out

139

00:06:59,049 --> 00:06:55,969

there with the people man and embrace

140

00:07:00,879 --> 00:06:59,059

them they've embraced me and you know

141

00:07:02,739 --> 00:07:00,889

answer as many questions as I possibly

142

00:07:05,079 --> 00:07:02,749

can shake hands

143

00:07:07,419 --> 00:07:05,089

you know give out hugs kiss the babies

144

00:07:09,100 --> 00:07:07,429

whatever it takes I just feel like you

145

00:07:11,350 --> 00:07:09,110

know they've given me so much I like to

146

00:07:17,699 --> 00:07:11,360

give back as much as much of myself as I

147

00:07:21,509 --> 00:07:17,709

possibly could and here we go the UFO

148

00:07:24,249 --> 00:07:21,519

question and ufology in this community

149

00:07:26,679 --> 00:07:24,259

you know you just move along and there's

150

00:07:30,909 --> 00:07:26,689

you know there's always the story of the

151
00:07:33,459 --> 00:07:30,919
moment and you I never get surprised

152
00:07:39,059 --> 00:07:33,469
when something breaks and there's

153
00:07:42,249 --> 00:07:39,069
something new and here we have this

154
00:07:45,219 --> 00:07:42,259
situation today with these videos and

155
00:07:47,439 --> 00:07:45,229
these pictures that have surfaced on the

156
00:07:50,649 --> 00:07:47,449
web I know you've had a chance to check

157
00:07:54,639 --> 00:07:50,659
them out before I do want to ask you

158
00:07:59,019 --> 00:07:54,649
about those but are you surprised about

159
00:08:00,939 --> 00:07:59,029
something like this surfacing to be

160
00:08:03,509 --> 00:08:00,949
honest with you I'm not because my team

161
00:08:05,799 --> 00:08:03,519
of anomaly hunters have been pulling up

162
00:08:08,739 --> 00:08:05,809
thousands and thousands of these kind of

163
00:08:11,919 --> 00:08:08,749

kinds of images over the last seven

164

00:08:14,050 --> 00:08:11,929

years to the tune of now 58,000

165

00:08:16,720 --> 00:08:14,060

documented anomalies that have made

166

00:08:19,240 --> 00:08:16,730

before maybe not as dramatic as a

167

00:08:22,720 --> 00:08:19,250

silicon footage but it's been you know

168

00:08:25,030 --> 00:08:22,730

we're kind of like numb to these kind of

169

00:08:26,440 --> 00:08:25,040

events happening because we you know

170

00:08:27,940 --> 00:08:26,450

we've been pulling up and finding these

171

00:08:29,530 --> 00:08:27,950

time now there's a couple of unique

172

00:08:31,240 --> 00:08:29,540

things about this versus what we've been

173

00:08:33,520 --> 00:08:31,250

finding static images versus some of

174

00:08:35,080 --> 00:08:33,530

these these you know these these video

175

00:08:37,300 --> 00:08:35,090

images that you they'll be found here

176
00:08:39,490 --> 00:08:37,310
but that you know whoever found these

177
00:08:40,630 --> 00:08:39,500
and it's really amazing footage but I'm

178
00:08:42,880 --> 00:08:40,640
kind of numb to it

179
00:08:45,100 --> 00:08:42,890
I'm really excited about it but I'm numb

180
00:08:47,800 --> 00:08:45,110
to like the oh this it could this be

181
00:08:53,050 --> 00:08:47,810
real I'm like I think it is all real in

182
00:09:00,190 --> 00:08:53,060
my opinion and let's start with the

183
00:09:03,790 --> 00:09:00,200
video from third phase of Moon now we we

184
00:09:10,120 --> 00:09:03,800
have to assume out of the gate that this

185
00:09:13,720 --> 00:09:10,130
is just some really good CG ICG imaging

186
00:09:15,400 --> 00:09:13,730
from a very talented animator that has

187
00:09:19,060 --> 00:09:15,410
created something that looks really cool

188
00:09:22,270 --> 00:09:19,070

we start there because if we start on

189

00:09:25,330 --> 00:09:22,280

the other side then these videos are

190

00:09:28,240 --> 00:09:25,340

real and it was shot inside of an alien

191

00:09:32,590 --> 00:09:28,250

spacecraft on the you know orbiting

192

00:09:35,170 --> 00:09:32,600

Jupiter or or Saturn or Mars that's a

193

00:09:37,150 --> 00:09:35,180

pretty big leap right should we start

194

00:09:40,720 --> 00:09:37,160

with the other side that this is just a

195

00:09:44,200 --> 00:09:40,730

brilliant well done hoax on what we can

196

00:09:47,980 --> 00:09:44,210

you know I mean it would take a lot of

197

00:09:50,230 --> 00:09:47,990

real high quality experience

198

00:09:53,200 --> 00:09:50,240

professionalism to be able to create a

199

00:09:54,520 --> 00:09:53,210

hoax based on what I saw and I've

200

00:09:56,800 --> 00:09:54,530

watched it now about three or four

201
00:10:00,250 --> 00:09:56,810
different times on a couple different

202
00:10:03,510 --> 00:10:00,260
devices as well just because of some of

203
00:10:06,130 --> 00:10:03,520
these very small nuances that you can

204
00:10:09,070 --> 00:10:06,140
you know that giveth the give you the

205
00:10:13,780 --> 00:10:09,080
perception of reality in terms of dust

206
00:10:16,810 --> 00:10:13,790
particles ice particles spray dust on

207
00:10:19,990 --> 00:10:16,820
glass I mean it's it could kind of could

208
00:10:21,970 --> 00:10:20,000
it be a fake yes it could be but wow

209
00:10:24,040 --> 00:10:21,980
what an amazing work

210
00:10:26,470 --> 00:10:24,050
I mean this guy whoever the guy or

211
00:10:29,199 --> 00:10:26,480
people whoever they are if it is a fake

212
00:10:31,780 --> 00:10:29,209
need to be hired by the top you know

213
00:10:36,340 --> 00:10:31,790

Hollywood industry execs yeah I couldn't

214

00:10:39,790 --> 00:10:36,350

agree more and there's uh there's

215

00:10:42,550 --> 00:10:39,800

another part of this that as I'm looking

216

00:10:45,280 --> 00:10:42,560

at it look I have an open mind and I

217

00:10:49,000 --> 00:10:45,290

always say anything is possible yeah so

218

00:10:52,389 --> 00:10:49,010

if we go with that side we cope with the

219

00:10:55,710 --> 00:10:52,399

open mind side that this was shot from

220

00:11:00,670 --> 00:10:55,720

inside of a craft that is not our own

221

00:11:03,129 --> 00:11:00,680

that's that's you know and and where did

222

00:11:07,750 --> 00:11:03,139

the videos come from if that is the case

223

00:11:11,189 --> 00:11:07,760

how did they make it back to earth you

224

00:11:15,519 --> 00:11:11,199

know I I don't know what to say because

225

00:11:17,350 --> 00:11:15,529

the own as far as I know and you're more

226
00:11:20,560 --> 00:11:17,360
of an expert on the secret space program

227
00:11:24,100 --> 00:11:20,570
than I am but as far as I know we

228
00:11:29,110 --> 00:11:24,110
haven't had a manned craft orbiting

229
00:11:33,310 --> 00:11:29,120
Saturn or Jupiter or well or Mars for

230
00:11:39,069 --> 00:11:33,320
that matter and so the answer to all of

231
00:11:42,009 --> 00:11:39,079
this is that it must be an alien ET

232
00:11:45,100 --> 00:11:42,019
spacecraft that's the only answer it

233
00:11:46,900 --> 00:11:45,110
can't be one of ours and it's the

234
00:11:50,230 --> 00:11:46,910
writing that's on the side of the panel

235
00:11:52,389 --> 00:11:50,240
right on the left of the of one of the

236
00:11:57,819 --> 00:11:52,399
portals there's some kind of hieroglyphs

237
00:12:00,370 --> 00:11:57,829
some strange symbols that are there some

238
00:12:04,180 --> 00:12:00,380

say that it says insert here if you spin

239

00:12:06,280 --> 00:12:04,190

each one of the symbols in a certain

240

00:12:08,769 --> 00:12:06,290

direction and and flip it over backwards

241

00:12:12,280 --> 00:12:08,779

it says insert here I don't see that but

242

00:12:15,639 --> 00:12:12,290

but I haven't spun and and and and

243

00:12:17,290 --> 00:12:15,649

inverted the images but that's what this

244

00:12:20,769 --> 00:12:17,300

would have to be right this would have

245

00:12:23,199 --> 00:12:20,779

to be from in an alien spacecraft

246

00:12:27,579 --> 00:12:23,209

something not of this earth right if

247

00:12:30,309 --> 00:12:27,589

it's from Jupiter Saturn and Mars yeah I

248

00:12:33,759 --> 00:12:30,319

mean even looking back into like be all

249

00:12:34,540 --> 00:12:33,769

100 of three information from the 70s

250

00:12:37,389 --> 00:12:34,550

where we were talking

251
00:12:39,550 --> 00:12:37,399
about a book that came out and even a

252
00:12:41,889 --> 00:12:39,560
video series that came out talking about

253
00:12:44,100 --> 00:12:41,899
people that had left planet Earth to go

254
00:12:47,290 --> 00:12:44,110
to a breakaway civilization on Mars and

255
00:12:49,900 --> 00:12:47,300
supposedly even before Kennedy made

256
00:12:51,430 --> 00:12:49,910
those famous words in his speech saying

257
00:12:52,990 --> 00:12:51,440
that we were going to go to the moon and

258
00:12:54,940 --> 00:12:53,000
do the other things that we already had

259
00:12:57,730 --> 00:12:54,950
people in a very small breakaway

260
00:12:59,980 --> 00:12:57,740
civilization on Mars according to this

261
00:13:03,340 --> 00:12:59,990
alternative three information however

262
00:13:07,569 --> 00:13:03,350
the technology used to get to Mars and

263
00:13:09,880 --> 00:13:07,579

that you know in that document still

264

00:13:13,329 --> 00:13:09,890

couldn't get out to Saturn and Jupiter

265

00:13:15,550 --> 00:13:13,339

so oh hell them but really scratching my

266

00:13:17,920 --> 00:13:15,560

head here if it's not alternative 3

267

00:13:20,800 --> 00:13:17,930

technology from the 70s of which really

268

00:13:23,980 --> 00:13:20,810

originated from the early 60s then what

269

00:13:28,810 --> 00:13:23,990

type of technology is this the the

270

00:13:32,050 --> 00:13:28,820

glyphs kind of remind me of the there

271

00:13:35,680 --> 00:13:32,060

was a disclosure of information from ex

272

00:13:38,769 --> 00:13:35,690

and former military officers that came

273

00:13:41,470 --> 00:13:38,779

out in 2010 and aired on CNN live

274

00:13:44,290 --> 00:13:41,480

worldwide in the middle of the afternoon

275

00:13:46,990 --> 00:13:44,300

and all these former military officers

276

00:13:49,600 --> 00:13:47,000

came on talking about these sightings of

277

00:13:54,100 --> 00:13:49,610

UFOs at military bases there was one

278

00:13:56,380 --> 00:13:54,110

incident where there was a gentleman it

279

00:13:58,420 --> 00:13:56,390

was called the radish was at Renison

280

00:13:59,980 --> 00:13:58,430

forest incident mm-hmm

281

00:14:02,530 --> 00:13:59,990

where he touched one of the craft that

282

00:14:04,990 --> 00:14:02,540

landed and he began to see all these

283

00:14:06,340 --> 00:14:05,000

digital zeros and ones in his mind but

284

00:14:08,170 --> 00:14:06,350

which spelled out a whole phrase but

285

00:14:09,940 --> 00:14:08,180

however the craft that he saw had these

286

00:14:14,110 --> 00:14:09,950

same type of glyphs on it which was kind

287

00:14:21,160 --> 00:14:14,120

of interesting the the other part of

288

00:14:24,250 --> 00:14:21,170

this though Billy is the okay I don't

289

00:14:27,939 --> 00:14:24,260

want to sound I don't want to sound like

290

00:14:32,079 --> 00:14:27,949

I'm pooh-poohing anything because I I

291

00:14:36,250 --> 00:14:32,089

don't know but when I look at the 28

292

00:14:40,449 --> 00:14:36,260

images that are there those are very

293

00:14:43,030 --> 00:14:40,459

very very compelling and they span what

294

00:14:45,130 --> 00:14:43,040

looks like to me they span decades it's

295

00:14:46,790 --> 00:14:45,140

not like these were just one set of

296

00:14:49,759 --> 00:14:46,800

files from one set of

297

00:14:53,780 --> 00:14:49,769

for you know from voyager or from

298

00:14:56,300 --> 00:14:53,790

mariner or whatever those are very very

299

00:14:58,940 --> 00:14:56,310

compelling they don't match up with my

300

00:15:01,670 --> 00:14:58,950

eyes with what is in the third phase of

301
00:15:06,319 --> 00:15:01,680
moon not to say that they're not from

302
00:15:09,680 --> 00:15:06,329
the same USB drive right but if it is a

303
00:15:14,509 --> 00:15:09,690
concerted effort with the cicada group

304
00:15:17,389 --> 00:15:14,519
to put all of this out there as a giant

305
00:15:18,980 --> 00:15:17,399
gain and i don't know if you're familiar

306
00:15:22,819 --> 00:15:18,990
with cicada

307
00:15:24,800 --> 00:15:22,829
but when cicada first surfaced and it

308
00:15:26,930 --> 00:15:24,810
was about two years ago and there were a

309
00:15:30,259 --> 00:15:26,940
lot of people on it and trying to figure

310
00:15:33,740 --> 00:15:30,269
it out I had done many shows on it it

311
00:15:36,440 --> 00:15:33,750
was a lot of work from a group of

312
00:15:40,160 --> 00:15:36,450
individuals around the planet that were

313
00:15:43,190 --> 00:15:40,170

very very smart putting this together

314

00:15:45,980 --> 00:15:43,200

and we never really did find out what

315

00:15:49,370 --> 00:15:45,990

the bottom line was with cicada or who

316

00:15:53,750 --> 00:15:49,380

was behind it but now I see cicada tied

317

00:15:57,620 --> 00:15:53,760

in with this and it could be a a giant

318

00:16:01,850 --> 00:15:57,630

game right put together by very smart

319

00:16:03,710 --> 00:16:01,860

individuals or it this could be part of

320

00:16:06,680 --> 00:16:03,720

disclosure and bringing all of this

321

00:16:08,449 --> 00:16:06,690

forward from the cicada group with stuff

322

00:16:11,600 --> 00:16:08,459

that has never been published before

323

00:16:14,180 --> 00:16:11,610

because I haven't found any of it on the

324

00:16:16,670 --> 00:16:14,190

web anywhere and that's the part you

325

00:16:18,889 --> 00:16:16,680

know there's part of me that wants to

326

00:16:21,860 --> 00:16:18,899

this to be solid then there's the other

327

00:16:24,500 --> 00:16:21,870

part that says you know what very clever

328

00:16:26,840 --> 00:16:24,510

people putting this together and then

329

00:16:28,810 --> 00:16:26,850

could there be the third part it's done

330

00:16:32,150 --> 00:16:28,820

for a reason it's done for disclosure

331

00:16:36,530 --> 00:16:32,160

right yeah it's very possible I mean you

332

00:16:38,900 --> 00:16:36,540

have to think so far with the such a

333

00:16:40,579 --> 00:16:38,910

small amount of information being out

334

00:16:43,100 --> 00:16:40,589

there it makes you kind of wonder

335

00:16:46,040 --> 00:16:43,110

there's no real profit in this so I mean

336

00:16:48,769 --> 00:16:46,050

what is the endgame at this if it's if

337

00:16:50,000 --> 00:16:48,779

it's fake it would be on every YouTube

338

00:16:52,910 --> 00:16:50,010

channel everywhere and everybody would

339

00:16:54,769 --> 00:16:52,920

be monetizing it I that I brought that

340

00:16:58,670 --> 00:16:54,779

up I brought that up with Rita right

341

00:17:02,570 --> 00:16:58,680

before the show that's a lot of work too

342

00:17:05,600 --> 00:17:02,580

to just do for no reason right and one

343

00:17:08,600 --> 00:17:05,610

of the big reasons is money yeah

344

00:17:11,570 --> 00:17:08,610

absolutely any why not if you're good

345

00:17:14,360 --> 00:17:11,580

because there there certainly is a huge

346

00:17:17,780 --> 00:17:14,370

amount of clicks here that are being

347

00:17:21,170 --> 00:17:17,790

wasted for people out there that that

348

00:17:25,970 --> 00:17:21,180

know how to take advantage of monetizing

349

00:17:28,340 --> 00:17:25,980

in in social media yeah I agree

350

00:17:29,720 --> 00:17:28,350

it's I mean you know it's always comes

351

00:17:31,370 --> 00:17:29,730

down to these days we're still in the

352

00:17:32,960 --> 00:17:31,380

matrix and money is a big part of being

353

00:17:34,790 --> 00:17:32,970

in the matrix unfortunately even though

354

00:17:37,280 --> 00:17:34,800

it's fake but we still have to utilize

355

00:17:39,560 --> 00:17:37,290

it to maneuver and to go through all

356

00:17:41,990 --> 00:17:39,570

this effort and properly from what I saw

357

00:17:45,530 --> 00:17:42,000

that would have cost a lot of money to

358

00:17:47,780 --> 00:17:45,540

to create effort and time so to do it

359

00:17:51,290 --> 00:17:47,790

for free I don't know it's very strange

360

00:17:53,890 --> 00:17:51,300

if it is yeah and and like for you right

361

00:17:56,720 --> 00:17:53,900

you've got a million followers on

362

00:18:00,560 --> 00:17:56,730

Instagram right none for Bill knowledge

363

00:18:04,580 --> 00:18:00,570

a million followers mm-hmm if you had

364

00:18:09,140 --> 00:18:04,590

these videos just imagine what you could

365

00:18:11,270 --> 00:18:09,150

do with them right I mean you know I

366

00:18:14,630 --> 00:18:11,280

would have it up on everything you know

367

00:18:18,080 --> 00:18:14,640

but again this information that was so

368

00:18:19,400 --> 00:18:18,090

restricted it's really strange man you

369

00:18:21,230 --> 00:18:19,410

know I don't even know why it was full

370

00:18:23,300 --> 00:18:21,240

down the first time like what was the

371

00:18:26,510 --> 00:18:23,310

purpose of being pulled down I heard the

372

00:18:29,600 --> 00:18:26,520

guys mention that they now going to put

373

00:18:32,030 --> 00:18:29,610

commentary over it to peruse so if it's

374

00:18:34,070 --> 00:18:32,040

now if you can't even stay up then you

375

00:18:36,500 --> 00:18:34,080

know who owns this stuff and I I mean

376

00:18:38,750 --> 00:18:36,510

where's the I don't know I don't see any

377

00:18:41,840 --> 00:18:38,760

financial gain so far any significant

378

00:18:45,500 --> 00:18:41,850

financial gain so if it's just for fun

379

00:18:48,880 --> 00:18:45,510

and and and laughs Wow what somebody's

380

00:18:52,420 --> 00:18:48,890

got a strange sense of uh you know

381

00:18:54,920 --> 00:18:52,430

comedy I don't know strange yeah and

382

00:18:57,260 --> 00:18:54,930

there was something else that happened

383

00:19:01,220 --> 00:18:57,270

again I don't know if it's to you know

384

00:19:04,280 --> 00:19:01,230

well anyway the original set of the 28

385

00:19:06,740 --> 00:19:04,290

images that we put up on Facebook and I

386

00:19:08,150 --> 00:19:06,750

did it for a reason okay I wanted them

387

00:19:11,390 --> 00:19:08,160

documented

388

00:19:13,910 --> 00:19:11,400

one of them out there on social media so

389

00:19:17,230 --> 00:19:13,920

they're there they can't go anywhere now

390

00:19:20,840 --> 00:19:17,240

so they're out there but the original

391

00:19:26,030 --> 00:19:20,850

set of 28 images was put up on imager

392

00:19:30,040 --> 00:19:26,040

and they are down now you know so how

393

00:19:33,200 --> 00:19:30,050

did how did that happen I'm not so sure

394

00:19:35,270 --> 00:19:33,210

but it adds to the intrigue I was able

395

00:19:37,790 --> 00:19:35,280

to chase them down I've got them and and

396

00:19:41,240 --> 00:19:37,800

once I saw that they were down on imager

397

00:19:43,220 --> 00:19:41,250

and the other accounts out there for

398

00:19:47,690 --> 00:19:43,230

file-sharing they're all pulled down

399

00:19:50,030 --> 00:19:47,700

yeah I I thought well okay let's get

400

00:19:52,370 --> 00:19:50,040

them back up there but doesn't that add

401
00:19:55,820 --> 00:19:52,380
to the intrigue right not only the

402
00:19:58,040 --> 00:19:55,830
removal of YouTube but imager and other

403
00:20:00,890 --> 00:19:58,050
file sharing platforms the images were

404
00:20:02,360 --> 00:20:00,900
pulled out why would they do that yeah I

405
00:20:05,290 --> 00:20:02,370
mean that's amazing first of all to be

406
00:20:07,760 --> 00:20:05,300
able to identify those specific images

407
00:20:10,760 --> 00:20:07,770
you know and then to be able to go and

408
00:20:13,340 --> 00:20:10,770
pull them down that's really really

409
00:20:14,870 --> 00:20:13,350
bizarre I mean you're thinking I'm

410
00:20:16,190 --> 00:20:14,880
looking at these images I mean for the

411
00:20:17,870 --> 00:20:16,200
average person who doesn't know really

412
00:20:19,760 --> 00:20:17,880
what they're looking at they may be like

413
00:20:22,250 --> 00:20:19,770

oh these are just some old space images

414

00:20:24,770 --> 00:20:22,260

or some you know very poor quality space

415

00:20:26,810 --> 00:20:24,780

images but people like us who are able

416

00:20:29,390 --> 00:20:26,820

to see these anomalies and so forth and

417

00:20:30,740 --> 00:20:29,400

we know we have the backstory the only

418

00:20:33,650 --> 00:20:30,750

can see something that's very intriguing

419

00:20:35,150 --> 00:20:33,660

and intimate interesting there so you

420

00:20:37,870 --> 00:20:35,160

know there's a reason why they would

421

00:20:40,130 --> 00:20:37,880

pull down and it's got to be because

422

00:20:42,110 --> 00:20:40,140

somebody somewhere or some people

423

00:20:44,570 --> 00:20:42,120

somewhere didn't want this information

424

00:20:49,400 --> 00:20:44,580

getting out to the masses at that time

425

00:20:50,780 --> 00:20:49,410

and and maybe now it's the time I can't

426
00:20:52,480 --> 00:20:50,790
see them pulling them down to say oh we

427
00:20:55,370 --> 00:20:52,490
don't want to expose our hoaxes because

428
00:20:56,330 --> 00:20:55,380
so far the images that I've seen and

429
00:20:58,250 --> 00:20:56,340
I've even looked at some of the

430
00:21:00,380 --> 00:20:58,260
magnifying glass which takes away a lot

431
00:21:02,300 --> 00:21:00,390
of the pixelation unless you see if

432
00:21:04,130 --> 00:21:02,310
you're looking at photoshopped or CGI

433
00:21:05,930 --> 00:21:04,140
you can tell by the edges and so forth

434
00:21:08,510 --> 00:21:05,940
so far I haven't seen anything that

435
00:21:11,210 --> 00:21:08,520
looks edited or created so it's been a

436
00:21:12,620 --> 00:21:11,220
very interesting it's a there's a lot of

437
00:21:14,840 --> 00:21:12,630
intrigue on this man and it's gonna

438
00:21:16,610 --> 00:21:14,850

probably you know last for a long time a

439

00:21:18,910 --> 00:21:16,620

lot of quit more the more you look at it

440

00:21:22,340 --> 00:21:18,920

the more question marks it raises

441

00:21:26,210 --> 00:21:22,350

opening up the phone lines now seven

442

00:21:29,720 --> 00:21:26,220

four seven two two eight two zero five

443

00:21:35,060 --> 00:21:29,730

one seven four seven two two eight two

444

00:21:38,300 --> 00:21:35,070

zero five one and let's get to a couple

445

00:21:41,750 --> 00:21:38,310

of basic things you've got a lot of

446

00:21:45,400 --> 00:21:41,760

projects that you are working on and one

447

00:21:49,280 --> 00:21:45,410

of them is the deep cycle battery and

448

00:21:51,260 --> 00:21:49,290

the first prototype is now finished yep

449

00:21:53,540 --> 00:21:51,270

the first prototype is finished this is

450

00:21:55,970 --> 00:21:53,550

one of the very first pieces of tech at

451
00:21:58,970 --> 00:21:55,980
first-class Space Agency you know

452
00:22:01,910 --> 00:21:58,980
anytime you go into any area of business

453
00:22:04,220 --> 00:22:01,920
and you're trying to you know make it

454
00:22:05,450 --> 00:22:04,230
profitable and make it it makes where

455
00:22:06,800 --> 00:22:05,460
the funding is going where it supposed

456
00:22:09,590 --> 00:22:06,810
to go you want to get the low-lying

457
00:22:11,420 --> 00:22:09,600
fruit and one of the first low-lying

458
00:22:14,840 --> 00:22:11,430
fruits that we were able to tap into was

459
00:22:16,640 --> 00:22:14,850
an order for from Nigeria for a deep

460
00:22:18,590 --> 00:22:16,650
cycle battery a specific order for

461
00:22:19,910 --> 00:22:18,600
specific specifications that they wanted

462
00:22:22,430 --> 00:22:19,920
in the battery because they have a lot

463
00:22:23,990 --> 00:22:22,440

of brownouts there where the power goes

464

00:22:26,660 --> 00:22:24,000

down for sometimes an hour sometimes

465

00:22:30,080 --> 00:22:26,670

three days and a lot of people do have

466

00:22:31,700 --> 00:22:30,090

these 75 amp our backup batteries to

467

00:22:33,470 --> 00:22:31,710

keep your refrigerator on and a fan

468

00:22:36,140 --> 00:22:33,480

blowing just so they don't lose their

469

00:22:38,600 --> 00:22:36,150

food and they can stay cool but the

470

00:22:41,120 --> 00:22:38,610

problem with those is once they run out

471

00:22:42,830 --> 00:22:41,130

and the power is still down now you have

472

00:22:44,180 --> 00:22:42,840

to recharge it and you can't recharge it

473

00:22:48,250 --> 00:22:44,190

unless you plug it in but there's no

474

00:22:51,710 --> 00:22:48,260

power and there's a big big conundrum so

475

00:22:55,100 --> 00:22:51,720

we developed over our first class space

476

00:22:58,100 --> 00:22:55,110

a 400 amp hour deep cycle battery within

477

00:23:00,920 --> 00:22:58,110

the same size as the current 75 amp hour

478

00:23:03,160 --> 00:23:00,930

deep cycle batteries that they have it's

479

00:23:05,630 --> 00:23:03,170

able to take a trickle charge from solar

480

00:23:09,080 --> 00:23:05,640

it's got a trickle charge manager on it

481

00:23:11,450 --> 00:23:09,090

and it's also got a power inverter and

482

00:23:13,430 --> 00:23:11,460

it has the capability of keeping your

483

00:23:16,520 --> 00:23:13,440

house up and running with several

484

00:23:18,470 --> 00:23:16,530

appliances for at least a week you know

485

00:23:20,360 --> 00:23:18,480

so it's and your trickle charges all the

486

00:23:22,370 --> 00:23:20,370

way through so kind of really kind of

487

00:23:25,160 --> 00:23:22,380

even be extended almost indefinitely and

488

00:23:27,140 --> 00:23:25,170

they can kick in in instantaneously and

489

00:23:29,210 --> 00:23:27,150

any type of a brownout and keep your

490

00:23:31,430 --> 00:23:29,220

refrigerator on your air conditioner or

491

00:23:33,230 --> 00:23:31,440

small air conditioner powered

492

00:23:34,700 --> 00:23:33,240

you know important appliances like a

493

00:23:37,159 --> 00:23:34,710

microwave oven or whatever you need to

494

00:23:39,710 --> 00:23:37,169

use to keep those things functioning

495

00:23:42,200 --> 00:23:39,720

properly so the two dignitaries are on

496

00:23:44,659 --> 00:23:42,210

their way here next week to meet me in

497

00:23:46,850 --> 00:23:44,669

Fort Lauderdale along with one inspector

498

00:23:48,680 --> 00:23:46,860

to check out the work and if everything

499

00:23:51,139 --> 00:23:48,690

checks out they're gonna take 1 million

500

00:23:54,560 --> 00:23:51,149

of these deep-cycle batteries holy crap

501
00:23:57,230 --> 00:23:54,570
yeah and there's an inverter built-in so

502
00:24:00,379 --> 00:23:57,240
you can actually plug straight into it

503
00:24:01,700 --> 00:24:00,389
correct yeah looks right into it and you

504
00:24:03,830 --> 00:24:01,710
can put various different types of

505
00:24:07,700 --> 00:24:03,840
inverters depending on the needs and the

506
00:24:09,350 --> 00:24:07,710
800 you know 800 watts to 3000 I think

507
00:24:11,960 --> 00:24:09,360
it's still a little power it'll take

508
00:24:13,759 --> 00:24:11,970
that so you can use power drills on this

509
00:24:15,740 --> 00:24:13,769
and you know anything so it's pretty

510
00:24:17,149 --> 00:24:15,750
strong and I found a man that's very

511
00:24:19,249 --> 00:24:17,159
heavy I mean the one that they're using

512
00:24:21,769 --> 00:24:19,259
now probably is about 75 pounds mine

513
00:24:25,899 --> 00:24:21,779

weighs about almost 200 pounds in the

514

00:24:28,789 --> 00:24:25,909

same exact size let's that and if it

515

00:24:31,810 --> 00:24:28,799

I've got calls on hold and I want to get

516

00:24:35,450 --> 00:24:31,820

to those but really quick easy answer

517

00:24:38,149 --> 00:24:35,460

how long when if it's fully charged how

518

00:24:39,440 --> 00:24:38,159

long well it depends on how many things

519

00:24:41,119 --> 00:24:39,450

are plugged into it of course yeah

520

00:24:43,190 --> 00:24:41,129

depends on what's plugged into it yes

521

00:24:45,830 --> 00:24:43,200

depends on how heavy the usage is but

522

00:24:48,440 --> 00:24:45,840

with the trickle charge solar panel you

523

00:24:50,419 --> 00:24:48,450

can at least keep it charging and if you

524

00:24:51,919 --> 00:24:50,429

really monitor your usage on the

525

00:24:53,629 --> 00:24:51,929

appliances that are plugged in you can

526
00:24:55,369 --> 00:24:53,639
keep it going almost indefinitely wow

527
00:24:57,169 --> 00:24:55,379
that's incredible that's incredible

528
00:24:59,869 --> 00:24:57,179
but uh let's go to the phones you ready

529
00:25:05,860 --> 00:24:59,879
yep hi you're live on fade to black

530
00:25:12,259 --> 00:25:09,529
how you doin Annie I'm very familiar

531
00:25:13,970 --> 00:25:12,269
with the area awesome awesome

532
00:25:16,279 --> 00:25:13,980
yeah very familiar with your your work

533
00:25:20,419 --> 00:25:16,289
as well let's go talk to you I had a

534
00:25:23,990 --> 00:25:20,429
couple questions when it comes to I know

535
00:25:26,990 --> 00:25:24,000
you're studying free energy not non

536
00:25:30,499 --> 00:25:27,000
point source energy as well as counter

537
00:25:33,590 --> 00:25:30,509
gravity and those types of technologies

538
00:25:37,399 --> 00:25:33,600

and I guess my first question is you

539

00:25:41,869 --> 00:25:37,409

know having such suppressed types of

540

00:25:45,430 --> 00:25:41,879

technologies over time you know how are

541

00:25:49,430 --> 00:25:45,440

you able to sort of publicly

542

00:25:52,400 --> 00:25:49,440

this type of technology and and I get

543

00:25:54,860 --> 00:25:52,410

that follow up how how could others like

544

00:25:56,840 --> 00:25:54,870

myself possible get involved in this

545

00:26:00,520 --> 00:25:56,850

arena as well and a full out and

546

00:26:03,200 --> 00:26:00,530

development of this type of technology

547

00:26:04,490 --> 00:26:03,210

that is a fantastic question and I'm

548

00:26:05,840 --> 00:26:04,500

glad you brought that up cause a lot of

549

00:26:09,590 --> 00:26:05,850

people are scratching ahead to the same

550

00:26:14,030 --> 00:26:09,600

thing the biggest secret for this whole

551
00:26:16,610 --> 00:26:14,040
thing is to not make it secret don't do

552
00:26:17,990 --> 00:26:16,620
don't get patents don't spend tens of

553
00:26:20,299 --> 00:26:18,000
thousands of dollars on patents we're

554
00:26:21,890 --> 00:26:20,309
doing everything open-source and as a

555
00:26:23,480 --> 00:26:21,900
matter of fact in terms of getting other

556
00:26:26,060 --> 00:26:23,490
people involved I'm getting ready to

557
00:26:27,710 --> 00:26:26,070
start an open-source group and this

558
00:26:28,850 --> 00:26:27,720
open-source group will have people like

559
00:26:31,340 --> 00:26:28,860
yourself and others that'll be

560
00:26:31,970 --> 00:26:31,350
interested in oh definitely make an

561
00:26:33,680 --> 00:26:31,980
announcement

562
00:26:35,930 --> 00:26:33,690
I'm sure Jimmy will be able to make an

563
00:26:37,520 --> 00:26:35,940

announcement about it as well and we're

564

00:26:39,110 --> 00:26:37,530

gonna get everybody in this open source

565

00:26:41,480 --> 00:26:39,120

group and we're all gonna bounce ideas

566

00:26:43,040 --> 00:26:41,490

and suggestions and engineering and

567

00:26:45,440 --> 00:26:43,050

concepts back and forth off of each

568

00:26:47,810 --> 00:26:45,450

other and schematics and drawings and

569

00:26:49,400 --> 00:26:47,820

R&D and everything and make everything

570

00:26:50,960 --> 00:26:49,410

open-source because once the information

571

00:26:52,250 --> 00:26:50,970

is out there it's like the internet it's

572

00:26:54,799 --> 00:26:52,260

out there see these images were taken

573

00:26:57,080 --> 00:26:54,809

down offer all these different pages the

574

00:26:59,270 --> 00:26:57,090

coelacanth images but Jimmy Church has

575

00:27:01,880 --> 00:26:59,280

them so you know it's like it's like

576
00:27:03,470 --> 00:27:01,890
conscious thought and once you once you

577
00:27:05,720 --> 00:27:03,480
get your conscious thought through the

578
00:27:08,000 --> 00:27:05,730
writing of a book for example and people

579
00:27:09,410 --> 00:27:08,010
read that book now your consciousness

580
00:27:11,000 --> 00:27:09,420
has literally been transferred into

581
00:27:12,380 --> 00:27:11,010
other people's minds and that's how

582
00:27:15,230 --> 00:27:12,390
we're gonna keep it going and that's how

583
00:27:18,230 --> 00:27:15,240
we're gonna take away any risk of threat

584
00:27:19,850 --> 00:27:18,240
of anything it's once you put a patent

585
00:27:21,860 --> 00:27:19,860
on something then they can use eminent

586
00:27:24,169 --> 00:27:21,870
domain and take it over and cancel out

587
00:27:25,850 --> 00:27:24,179
the patent and say we own the rights to

588
00:27:28,120 --> 00:27:25,860

it now and all this cover kind of crazy

589

00:27:33,980 --> 00:27:28,130

stuff so everything's open source and

590

00:27:36,230 --> 00:27:33,990

the second part from Alex was Minh he

591

00:27:39,669 --> 00:27:36,240

study how can you know where can he go

592

00:27:42,620 --> 00:27:39,679

for resource material on this oh well

593

00:27:44,600 --> 00:27:42,630

well within the open source in the group

594

00:27:47,030 --> 00:27:44,610

that we're going to create for the four

595

00:27:49,490 --> 00:27:47,040

people to join and actually for free and

596

00:27:52,010 --> 00:27:49,500

and and kind of communicate back and

597

00:27:54,380 --> 00:27:52,020

forth there'll be a lot of great ideas

598

00:27:56,030 --> 00:27:54,390

and links and sources of information

599

00:27:58,190 --> 00:27:56,040

different experiments that have happened

600

00:27:58,850 --> 00:27:58,200

and overtime and everything else so that

601
00:28:00,049 --> 00:27:58,860
we can all

602
00:28:02,120 --> 00:28:00,059
kind of shared a wealth of information

603
00:28:03,919 --> 00:28:02,130
back and forth so in that group is where

604
00:28:05,090 --> 00:28:03,929
we're going to have all the the links

605
00:28:06,740 --> 00:28:05,100
and everybody will be sharing their own

606
00:28:08,990 --> 00:28:06,750
sources that they've discovered and

607
00:28:10,490 --> 00:28:09,000
found and concepts and ideas that we're

608
00:28:12,259 --> 00:28:10,500
all gonna join together in this group

609
00:28:14,810 --> 00:28:12,269
that I'm gonna create and it'll be a

610
00:28:16,880 --> 00:28:14,820
public group Alex thank you for the

611
00:28:20,779 --> 00:28:16,890
phone call man and enjoy the rest of

612
00:28:23,960 --> 00:28:20,789
your week thank you yeah thank you Alex

613
00:28:26,690 --> 00:28:23,970

and you know and you bring up one of the

614

00:28:29,389 --> 00:28:26,700

best points that we can bring up it

615

00:28:31,669 --> 00:28:29,399

seems that anytime that there was

616

00:28:33,350 --> 00:28:31,679

something clever write something clever

617

00:28:35,000 --> 00:28:33,360

something that was outside of the box

618

00:28:38,120 --> 00:28:35,010

something that was going against the

619

00:28:41,810 --> 00:28:38,130

grain and you know going against the

620

00:28:47,060 --> 00:28:41,820

system and their profit margins there's

621

00:28:49,340 --> 00:28:47,070

a patent and then bye-bye yeah and and

622

00:28:51,980 --> 00:28:49,350

the the government is able to in

623

00:28:53,720 --> 00:28:51,990

interest of national security they could

624

00:28:56,680 --> 00:28:53,730

do whatever they want to clamp something

625

00:28:59,509 --> 00:28:56,690

down and maybe even get ownership of it

626
00:29:02,480 --> 00:28:59,519
but this happens over and over again and

627
00:29:05,090 --> 00:29:02,490
the way to avoid all of that is just to

628
00:29:05,629 --> 00:29:05,100
just go public right be completely

629
00:29:10,610 --> 00:29:05,639
visible

630
00:29:13,250 --> 00:29:10,620
you can and put the information on an

631
00:29:14,659 --> 00:29:13,260
open source type of a way you know some

632
00:29:16,039 --> 00:29:14,669
things you have to keep quiet for your

633
00:29:17,750 --> 00:29:16,049
company so that you can actually make a

634
00:29:19,009 --> 00:29:17,760
deal like the deep sort I mean a deep

635
00:29:20,450 --> 00:29:19,019
cycle battery I'm not gonna give out the

636
00:29:23,180 --> 00:29:20,460
exact instructions on that right this

637
00:29:25,190 --> 00:29:23,190
moment but things like that aren't that

638
00:29:26,750 --> 00:29:25,200

earth-shattering but some of the other

639

00:29:28,190 --> 00:29:26,760

stuff you just have to make it kind of

640

00:29:29,450 --> 00:29:28,200

open source and you have to put the

641

00:29:30,889 --> 00:29:29,460

information out there whoever can

642

00:29:33,680 --> 00:29:30,899

develop it and build it and sell it to

643

00:29:35,419 --> 00:29:33,690

somebody else to make a profit fantastic

644

00:29:36,519 --> 00:29:35,429

whoever can develop it and build it for

645

00:29:39,590 --> 00:29:36,529

themselves and use it for themselves

646

00:29:44,180 --> 00:29:39,600

fantastic and that is the only way to

647

00:29:46,310 --> 00:29:44,190

defeat this oligarchy i l've got 45

648

00:29:48,379 --> 00:29:46,320

seconds but I have to ask you this you

649

00:29:51,490 --> 00:29:48,389

and I are both car guys right and we

650

00:29:56,299 --> 00:29:51,500

love our cars and we love our watches

651
00:30:01,149 --> 00:29:56,309
it's just Billy and Jimmy but Ford

652
00:30:04,340 --> 00:30:01,159
announced yesterday the Mustang Mach II

653
00:30:07,430 --> 00:30:04,350
all-electric SUV slash Mustang

654
00:30:09,470 --> 00:30:07,440
four-wheel drive would you give up

655
00:30:12,769 --> 00:30:09,480
look you're developing a deep cycle

656
00:30:14,899 --> 00:30:12,779
battery would you give up would you give

657
00:30:19,510 --> 00:30:14,909
up everything to drive electric cars and

658
00:30:23,930 --> 00:30:19,520
give give away the pleasure of a v8 I

659
00:30:26,090 --> 00:30:23,940
would only do it if the the electric car

660
00:30:27,590 --> 00:30:26,100
was self-sustaining electric right now

661
00:30:29,330 --> 00:30:27,600
people don't realize driving electric

662
00:30:31,730 --> 00:30:29,340
car you still put you're still using gas

663
00:30:33,769 --> 00:30:31,740

because you have to charge it up the

664

00:30:37,190 --> 00:30:33,779

electricity plugging in which goes to a

665

00:30:38,330 --> 00:30:37,200

power plant which uses oil so if you

666

00:30:40,340 --> 00:30:38,340

know when they come out with a car

667

00:30:42,529 --> 00:30:40,350

that's got the solar metallic paint

668

00:30:44,269 --> 00:30:42,539

built into the paint right and they're

669

00:30:46,430 --> 00:30:44,279

using the braking energy for recharging

670

00:30:48,049 --> 00:30:46,440

the batteries now you've got a fully

671

00:30:50,149 --> 00:30:48,059

sustainable vehicle that's electric

672

00:30:52,639 --> 00:30:50,159

that's not utilizing fossil fuels I'm

673

00:30:56,930 --> 00:30:52,649

all for that yeah yeah the carbon

674

00:31:00,200 --> 00:30:56,940

footprint of an electric car if it kind

675

00:31:05,060 --> 00:31:00,210

of negates everything but yeah I took

676

00:31:09,320 --> 00:31:05,070

why why can't there be a completely

677

00:31:11,840 --> 00:31:09,330

solar finished electric vehicle right do

678

00:31:14,750 --> 00:31:11,850

you drive it and as you are driving it

679

00:31:17,120 --> 00:31:14,760

it's charging and you've got unlimited

680

00:31:20,629 --> 00:31:17,130

range not a 300 mile range where you're

681

00:31:23,210 --> 00:31:20,639

chasing fast charge stations across the

682

00:31:24,980 --> 00:31:23,220

country right so it needs to be the

683

00:31:26,779 --> 00:31:24,990

opposite all right let's take our brake

684

00:31:29,840 --> 00:31:26,789

right here we'll come back tonight is

685

00:31:31,760 --> 00:31:29,850

night one of our open lines week here on

686

00:31:35,389 --> 00:31:31,770

fade to black tonight it's Billy Carson

687

00:31:38,029 --> 00:31:35,399

the Colin number is seven four seven two

688

00:31:41,560 --> 00:31:38,039

two eight two zero five one and I would

689

00:31:45,649 --> 00:31:41,570

like to say hello to everybody over at

690

00:31:48,409 --> 00:31:45,659

UPN that's right.you p.m. thank you Tony

691

00:31:51,820 --> 00:31:48,419

sweet tonight was supposed to be a test

692

00:31:54,440 --> 00:31:51,830

of our network we're live over at UPN

693

00:31:55,340 --> 00:31:54,450

right on we'll be right back after this

694

00:32:10,760 --> 00:31:55,350

short break

695

00:32:18,360 --> 00:32:15,770

[Music]

696

00:32:20,910 --> 00:32:18,370

welcome back fade to black I am your

697

00:32:23,280 --> 00:32:20,920

host Jimmy Church tonight is night one

698

00:32:26,490 --> 00:32:23,290

of our open lines week here on fade to

699

00:32:29,310 --> 00:32:26,500

black our guest is Billy Carson the

700

00:32:32,580 --> 00:32:29,320

call-in number is seven four seven two

701
00:32:34,440 --> 00:32:32,590
two eight two zero five one seven four

702
00:32:38,220 --> 00:32:34,450
seven two two eight two zero five one

703
00:32:42,240 --> 00:32:38,230
and Billy before we get back to the

704
00:32:44,970 --> 00:32:42,250
phones I wanted to ask you about some of

705
00:32:49,770 --> 00:32:44,980
the technology right now that seems to

706
00:32:54,000 --> 00:32:49,780
be surfacing one is the metamaterials

707
00:32:59,100 --> 00:32:54,010
and T TSA in the Army investigating that

708
00:33:01,440 --> 00:32:59,110
and the possibility of not only et

709
00:33:04,470 --> 00:33:01,450
visiting this planet throughout ancient

710
00:33:07,560 --> 00:33:04,480
history but these technologies that have

711
00:33:12,900 --> 00:33:07,570
been around for a very long time and is

712
00:33:15,210 --> 00:33:12,910
it possible that the combination of what

713
00:33:17,640 --> 00:33:15,220

is happening right now in Egypt we've

714

00:33:19,740 --> 00:33:17,650

got new tunnels that have been

715

00:33:23,250 --> 00:33:19,750

discovered and you've been talking about

716

00:33:26,880 --> 00:33:23,260

what's going on at the Giza complex and

717

00:33:29,730 --> 00:33:26,890

that quite possibly governments and

718

00:33:31,440 --> 00:33:29,740

institutions of power have known this

719

00:33:33,840 --> 00:33:31,450

for a very long time and these

720

00:33:37,770 --> 00:33:33,850

technologies they have been around and

721

00:33:40,080 --> 00:33:37,780

suppressed for millennia right oh yeah

722

00:33:42,840 --> 00:33:40,090

absolutely I mean when you look into the

723

00:33:46,380 --> 00:33:42,850

Sumerian tablets and some of these

724

00:33:50,250 --> 00:33:46,390

ancient stories from the Mahabharata the

725

00:33:52,830 --> 00:33:50,260

Indian Vedas the archer Asus epic the

726

00:33:54,090 --> 00:33:52,840

anomalous as you start to look into a

727

00:33:55,799 --> 00:33:54,100

lot of these ancient texts and

728

00:33:58,410 --> 00:33:55,809

scriptures even the Emerald tablets of

729

00:34:00,299 --> 00:33:58,420

thoth you start to realize that they're

730

00:34:02,850 --> 00:34:00,309

talking about these same types of

731

00:34:05,370 --> 00:34:02,860

advanced technologies being used in

732

00:34:07,290 --> 00:34:05,380

ancient times you have to look at it

733

00:34:08,700 --> 00:34:07,300

through a different type of a lens you

734

00:34:10,950 --> 00:34:08,710

have to understand first of all the

735

00:34:12,750 --> 00:34:10,960

wording that's being used in ancient

736

00:34:14,879 --> 00:34:12,760

times it's not going to say

737

00:34:16,859 --> 00:34:14,889

metamaterials not gonna say UFO

738

00:34:19,109 --> 00:34:16,869

obviously so you have to look at the

739

00:34:22,200 --> 00:34:19,119

wording and then you have to be able to

740

00:34:24,210 --> 00:34:22,210

discern when it's referencing some type

741

00:34:25,889 --> 00:34:24,220

of technology and then you have to be

742

00:34:27,419 --> 00:34:25,899

able to break out those sentences or

743

00:34:28,020 --> 00:34:27,429

those verses and you have to be able to

744

00:34:31,140 --> 00:34:28,030

analyze

745

00:34:32,669 --> 00:34:31,150

and compare them to technologies to get

746

00:34:34,470 --> 00:34:32,679

your answer so it's a very tedious

747

00:34:37,200 --> 00:34:34,480

process to make sure that you're pretty

748

00:34:38,970 --> 00:34:37,210

much spot-on but I also like to bounce

749

00:34:40,919 --> 00:34:38,980

that information off other people that I

750

00:34:42,899 --> 00:34:40,929

trust in the community to make sure that

751

00:34:45,480 --> 00:34:42,909

I'm not just you know having a crazy

752

00:34:47,159 --> 00:34:45,490

thought but there's a lot of mention of

753

00:34:49,110 --> 00:34:47,169

these types of technologies even when

754

00:34:51,090 --> 00:34:49,120

you're going back to things like the

755

00:34:51,720 --> 00:34:51,100

magic carpet which I'm doing a blog on

756

00:34:53,820 --> 00:34:51,730

right now

757

00:34:57,090 --> 00:34:53,830

the magic carpet was a flying device

758

00:34:58,620 --> 00:34:57,100

that was used in ancient times and you

759

00:35:00,210 --> 00:34:58,630

know it's just something that we see

760

00:35:02,220 --> 00:35:00,220

like on a ladder and as you know there's

761

00:35:03,900 --> 00:35:02,230

there's this carpet that you know that

762

00:35:06,780 --> 00:35:03,910

their King sits on and it flies them all

763

00:35:08,100 --> 00:35:06,790

around to me now after really analyzing

764

00:35:09,210 --> 00:35:08,110

a lot of the statements from ancient

765

00:35:11,640 --> 00:35:09,220

texts it looks like that was real

766

00:35:13,860 --> 00:35:11,650

technology so the more I dig in the more

767

00:35:15,570 --> 00:35:13,870

what we think is myth and mythical and

768

00:35:18,920 --> 00:35:15,580

and you know just for a fantasy and

769

00:35:21,930 --> 00:35:18,930

entertainment is more realistic than

770

00:35:24,300 --> 00:35:21,940

what we are living right now so it's

771

00:35:25,770 --> 00:35:24,310

really it's really a weird situation is

772

00:35:29,730 --> 00:35:25,780

like we're just now trying to rediscover

773

00:35:32,850 --> 00:35:29,740

everything that already existed I when I

774

00:35:36,690 --> 00:35:32,860

was a kid and I used to watch all of

775

00:35:40,410 --> 00:35:36,700

those cartoons and and think about what

776

00:35:43,590 --> 00:35:40,420

was actually going on I I bought into it

777

00:35:47,280 --> 00:35:43,600

but I looked at it from a different way

778

00:35:50,310 --> 00:35:47,290

in that I thought it was I thought it

779

00:35:53,040 --> 00:35:50,320

was part of history I didn't you know I

780

00:35:55,730 --> 00:35:53,050

didn't I didn't discount it as as

781

00:36:00,060 --> 00:35:55,740

fantasy or science fiction writing or

782

00:36:02,100 --> 00:36:00,070

mythology or folklore I didn't look at

783

00:36:05,010 --> 00:36:02,110

it that way the genie in the bottle the

784

00:36:09,120 --> 00:36:05,020

flying carpets these were things that I

785

00:36:11,760 --> 00:36:09,130

was easily I could easily accept and

786

00:36:14,190 --> 00:36:11,770

wrap my head around and you can do that

787

00:36:16,140 --> 00:36:14,200

when you're a kid as opposed to when

788

00:36:18,360 --> 00:36:16,150

you're an adult and you tend to block

789

00:36:20,940 --> 00:36:18,370

that stuff out right yeah absolutely

790

00:36:23,340 --> 00:36:20,950

well what happens is you know when a

791

00:36:26,100 --> 00:36:23,350

tree is a young sapling the limbs can

792

00:36:28,830 --> 00:36:26,110

bend easily but once that tree gets much

793

00:36:31,080 --> 00:36:28,840

older and deeper rooted then you try to

794

00:36:33,300 --> 00:36:31,090

bend a limb it will snap you know so

795

00:36:35,670 --> 00:36:33,310

they develop us and they program us as

796

00:36:37,800 --> 00:36:35,680

we get older to relinquish a lot of

797

00:36:41,460 --> 00:36:37,810

those what you won't want to call

798

00:36:43,859 --> 00:36:41,470

childhood ideals and to grasp more

799

00:36:46,080 --> 00:36:43,869

old mature ideals and those mature

800

00:36:49,650 --> 00:36:46,090

ideals put us into this box matrix

801
00:36:50,640 --> 00:36:49,660
system which forces us to forget all of

802
00:36:52,589 --> 00:36:50,650
those fanciful

803
00:36:54,450 --> 00:36:52,599
fancy pen tip I got these bracelet

804
00:36:58,260 --> 00:36:54,460
antipas old things so these braces are

805
00:37:01,320 --> 00:36:58,270
killing me and only focus on go to work

806
00:37:03,359 --> 00:37:01,330
pay the bills go to sleep wake up and do

807
00:37:05,250 --> 00:37:03,369
it all over again and then die so you

808
00:37:08,130 --> 00:37:05,260
know we've got a you know we've got to

809
00:37:10,830 --> 00:37:08,140
maintain our grasp on on what we had

810
00:37:13,080 --> 00:37:10,840
when we were kids and and look into that

811
00:37:14,640 --> 00:37:13,090
and then you know look into that and

812
00:37:16,620 --> 00:37:14,650
with that same mindset look into these

813
00:37:18,690 --> 00:37:16,630

ancient texts and look into these new

814

00:37:21,420 --> 00:37:18,700

discoveries and begin to realize that

815

00:37:22,680 --> 00:37:21,430

our ancient past was far more amazing

816

00:37:25,650 --> 00:37:22,690

and colorful than we can ever even

817

00:37:27,000 --> 00:37:25,660

imagine let's go back to the phones hi

818

00:37:30,570 --> 00:37:27,010

your life I'm fade to black who's

819

00:37:33,720 --> 00:37:30,580

calling hi Jimmy a step from Sacramento

820

00:37:36,770 --> 00:37:33,730

hi Deb how are you say hi to Billy hey

821

00:37:38,970 --> 00:37:36,780

Billy how are you all right that's acid

822

00:37:40,770 --> 00:37:38,980

thank you for being on the show tonight

823

00:37:42,300 --> 00:37:40,780

you know you're the perfect person I

824

00:37:44,460 --> 00:37:42,310

think for me to ask this question of

825

00:37:46,020 --> 00:37:44,470

because of all your experience and

826

00:37:48,180 --> 00:37:46,030

knowledge and it's a big question that

827

00:37:50,640 --> 00:37:48,190

I'm going to try to make very simple and

828

00:37:54,349 --> 00:37:50,650

try to condense it I want to know your

829

00:37:57,210 --> 00:37:54,359

opinion about people who think that

830

00:37:59,540 --> 00:37:57,220

there's really a big alien deception

831

00:38:03,440 --> 00:37:59,550

going on in the means of the elite

832

00:38:06,240 --> 00:38:03,450

invoking evil entities through portals

833

00:38:07,650 --> 00:38:06,250

to make you know that they come through

834

00:38:09,150 --> 00:38:07,660

they're not aliens or they're evil

835

00:38:11,359 --> 00:38:09,160

entities that come through and make

836

00:38:13,890 --> 00:38:11,369

these deals with our government and

837

00:38:15,630 --> 00:38:13,900

provide us with technology and say go

838

00:38:19,200 --> 00:38:15,640

ahead and take people abducted and do

839

00:38:20,880 --> 00:38:19,210

whatever you need and that these space

840

00:38:22,829 --> 00:38:20,890

brothers that are supposedly out there

841

00:38:26,760 --> 00:38:22,839

aren't there that these are really evil

842

00:38:28,500 --> 00:38:26,770

entities any thoughts on that because

843

00:38:30,690 --> 00:38:28,510

it's a really disturbing to think about

844

00:38:32,970 --> 00:38:30,700

and that it's part of this end of times

845

00:38:36,300 --> 00:38:32,980

type scenario and I've heard this on a

846

00:38:37,290 --> 00:38:36,310

podcast on a Christian podcast and I

847

00:38:39,089 --> 00:38:37,300

didn't realize it was a very

848

00:38:41,250 --> 00:38:39,099

conservative Christian podcast and I was

849

00:38:45,960 --> 00:38:41,260

listening to it so I can see where their

850

00:38:49,050 --> 00:38:45,970

motivation is okay great question thanks

851
00:38:53,799 --> 00:38:49,060
for calling in so basically the story

852
00:38:55,900 --> 00:38:53,809
goes is that the that the grey aliens

853
00:38:57,519 --> 00:38:55,910
from the Zeta particular system star

854
00:39:01,239 --> 00:38:57,529
system supposedly had a meeting when

855
00:39:03,699 --> 00:39:01,249
Eisenhower back in the day and another

856
00:39:05,620 --> 00:39:03,709
group came from another planetary system

857
00:39:07,929 --> 00:39:05,630
or another system actually in our own

858
00:39:11,739 --> 00:39:07,939
solar system which was the venous system

859
00:39:13,929 --> 00:39:11,749
and came in and offered health and

860
00:39:16,420 --> 00:39:13,939
wealth and the other one offered

861
00:39:18,189 --> 00:39:16,430
technology that was a grace so the

862
00:39:21,670 --> 00:39:18,199
graves were supposedly the evil ones and

863
00:39:23,109 --> 00:39:21,680

these Vesuvian were supposedly the nice

864

00:39:25,299 --> 00:39:23,119

ones that were help you know offering to

865

00:39:27,130 --> 00:39:25,309

help us you know remodel this planet

866

00:39:29,589 --> 00:39:27,140

into a green planet and eradicate

867

00:39:31,390 --> 00:39:29,599

disease but they weren't offering any

868

00:39:32,620 --> 00:39:31,400

technology this is according to some

869

00:39:36,249 --> 00:39:32,630

information from the stranger at the

870

00:39:38,589 --> 00:39:36,259

Pentagon and the guy's name was valiant

871

00:39:41,439 --> 00:39:38,599

Thor went the captain of this particular

872

00:39:43,269 --> 00:39:41,449

mission and then with the grace it was

873

00:39:45,329 --> 00:39:43,279

no particular name given but that they

874

00:39:47,650 --> 00:39:45,339

had met with Eisenhower and offered

875

00:39:50,829 --> 00:39:47,660

technology in exchange for being able to

876

00:39:53,199 --> 00:39:50,839

abduct a very small amount of people for

877

00:39:55,569 --> 00:39:53,209

scientific experimentation which

878

00:39:59,079 --> 00:39:55,579

supposedly was agreed on but obviously

879

00:40:02,589 --> 00:39:59,089

the deal didn't go as exactly as plan as

880

00:40:04,989 --> 00:40:02,599

we were supposedly given very small

881

00:40:07,559 --> 00:40:04,999

amounts of inadequate technology just

882

00:40:10,120 --> 00:40:07,569

enough to sustain the agreement and

883

00:40:12,599 --> 00:40:10,130

money many more people were abducted

884

00:40:14,859 --> 00:40:12,609

than whatever thought would be possible

885

00:40:16,959 --> 00:40:14,869

according to the you know according to

886

00:40:20,559 --> 00:40:16,969

the theory based off of old documents

887

00:40:23,529 --> 00:40:20,569

and research and and and testimony from

888

00:40:24,939 --> 00:40:23,539

whistleblowers and so forth so it wasn't

889

00:40:26,469 --> 00:40:24,949

they came from multiple portals or

890

00:40:28,749 --> 00:40:26,479

multiple dimensions it was that they

891

00:40:32,259 --> 00:40:28,759

were coming from this data particular

892

00:40:35,049 --> 00:40:32,269

star system and that's a pretty much a

893

00:40:36,969 --> 00:40:35,059

predominant story now these gray aliens

894

00:40:39,279 --> 00:40:36,979

I really do believe that they exist I

895

00:40:41,699 --> 00:40:39,289

think that they are cybernetic organisms

896

00:40:44,499 --> 00:40:41,709

that have probably long outlived their

897

00:40:48,370 --> 00:40:44,509

creators and I think that the main

898

00:40:50,199 --> 00:40:48,380

reason for the for the program what

899

00:40:53,410 --> 00:40:50,209

they're doing of all these abductions is

900

00:40:55,539 --> 00:40:53,420

probably for genetic experiments to do a

901
00:40:58,449 --> 00:40:55,549
hybridization program where they are

902
00:41:01,499 --> 00:40:58,459
trying to combine themselves with the

903
00:41:04,569 --> 00:41:01,509
human DNA for the purpose of obtaining

904
00:41:07,299 --> 00:41:04,579
an afterlife this is from my what my

905
00:41:09,489 --> 00:41:07,309
understanding is according to John Lear

906
00:41:12,819 --> 00:41:09,499
so basically it seems like they may be

907
00:41:14,679 --> 00:41:12,829
trying to merge with real biology so

908
00:41:17,709 --> 00:41:14,689
that they can obtain an afterlife

909
00:41:21,249 --> 00:41:17,719
through a spirit that would suit what it

910
00:41:22,959 --> 00:41:21,259
seems you know so not other other are

911
00:41:25,179 --> 00:41:22,969
they experimenting on opening portals

912
00:41:26,919 --> 00:41:25,189
very possible I think CERN could be a

913
00:41:29,019 --> 00:41:26,929

portal generator behind all the other

914

00:41:31,299 --> 00:41:29,029

science that it really does do does real

915

00:41:33,519 --> 00:41:31,309

science but it could be also a portal

916

00:41:35,380 --> 00:41:33,529

generator there at CERN and they could

917

00:41:37,120 --> 00:41:35,390

be trying to find ways to open portals

918

00:41:39,159 --> 00:41:37,130

and doorways and gateways into other

919

00:41:40,839 --> 00:41:39,169

dimensions because we've got a lot of

920

00:41:43,479 --> 00:41:40,849

mad scientist's on this planet I mean

921

00:41:45,519 --> 00:41:43,489

that's just a fact you know but I think

922

00:41:47,769 --> 00:41:45,529

they're two totally separate stories but

923

00:41:50,620 --> 00:41:47,779

there's always an agenda for an end time

924

00:41:53,469 --> 00:41:50,630

type of a talk and you know it's the end

925

00:41:57,039 --> 00:41:53,479

of times the end of days you know beg

926
00:41:58,239 --> 00:41:57,049
for forgiveness now and also there is a

927
00:42:00,279 --> 00:41:58,249
big theory out there that the government

928
00:42:02,890 --> 00:42:00,289
is trying to plan some type of a fake

929
00:42:04,989 --> 00:42:02,900
alien invasion now I don't put anything

930
00:42:06,669 --> 00:42:04,999
past the government just because they've

931
00:42:09,279 --> 00:42:06,679
done so many things to the people of

932
00:42:11,469 --> 00:42:09,289
this just the United States alone you

933
00:42:14,529 --> 00:42:11,479
know with experimenting on nuclear dust

934
00:42:16,149 --> 00:42:14,539
on people in impoverished areas giving

935
00:42:17,859 --> 00:42:16,159
their own soldiers different types of

936
00:42:20,649 --> 00:42:17,869
drugs and experimenting on their own

937
00:42:23,199 --> 00:42:20,659
soldiers chemic em spraying over

938
00:42:25,209 --> 00:42:23,209

military fields LSD to see how the

939

00:42:27,279 --> 00:42:25,219

soldiers would react I mean crazy stuff

940

00:42:29,890 --> 00:42:27,289

so I don't put anything past them in

941

00:42:31,959 --> 00:42:29,900

terms of of them having anything to do

942

00:42:36,219 --> 00:42:31,969

with the fake alien invasion because

943

00:42:37,509 --> 00:42:36,229

that would definitely allow us to want

944

00:42:38,890 --> 00:42:37,519

to relinquish whatever a little bit of

945

00:42:41,319 --> 00:42:38,900

Rights we have left and give everything

946

00:42:43,390 --> 00:42:41,329

over to them but it's a combination

947

00:42:45,699 --> 00:42:43,400

probably now three different things all

948

00:42:47,739 --> 00:42:45,709

in that one question that are possibly

949

00:42:50,529 --> 00:42:47,749

happening portal generation and

950

00:42:53,199 --> 00:42:50,539

scientific experiments these grey aliens

951
00:42:54,939 --> 00:42:53,209
which I really do believe exist and are

952
00:42:56,739 --> 00:42:54,949
abducting people for a hybridization

953
00:42:58,630 --> 00:42:56,749
program and there could be hybrids

954
00:43:00,609 --> 00:42:58,640
walking amongst us right now and we

955
00:43:02,199 --> 00:43:00,619
wouldn't even know it and then also

956
00:43:04,929 --> 00:43:02,209
obviously the government did with a

957
00:43:07,630 --> 00:43:04,939
fourth the false flags and you know or

958
00:43:09,759 --> 00:43:07,640
the way that they operate to strike fear

959
00:43:11,999 --> 00:43:09,769
in the hearts of its citizens so that we

960
00:43:14,979 --> 00:43:12,009
can release whatever rights that we have

961
00:43:16,630 --> 00:43:14,989
yeah all right thank you belly I know

962
00:43:17,949 --> 00:43:16,640
that was a big question but that's a lot

963
00:43:21,180 --> 00:43:17,959

of great detail thank you very much

964

00:43:24,900 --> 00:43:21,190

thank you Deb enjoy the rest of your

965

00:43:30,550 --> 00:43:24,910

I'll be enjoying the rest of the show

966

00:43:34,480 --> 00:43:30,560

and you know Billy with with what you do

967

00:43:41,140 --> 00:43:34,490

with all of your companies how do you

968

00:43:42,670 --> 00:43:41,150

deal with the the investors or the the

969

00:43:47,590 --> 00:43:42,680

corporate side of it

970

00:43:50,680 --> 00:43:47,600

when the questions arise about not only

971

00:43:52,990 --> 00:43:50,690

eight aliens and et in contact but your

972

00:43:54,160 --> 00:43:53,000

interest in this and the books that you

973

00:43:57,340 --> 00:43:54,170

write and the things that you present

974

00:43:59,920 --> 00:43:57,350

out there do that just is this ever an

975

00:44:02,860 --> 00:43:59,930

issue though it hasn't really been an

976

00:44:04,210 --> 00:44:02,870

issue we just present things in a very

977

00:44:07,030 --> 00:44:04,220

professional manner you know we have

978

00:44:09,460 --> 00:44:07,040

pitch decks we have investment proposals

979

00:44:12,250 --> 00:44:09,470

we have executive summaries and in those

980

00:44:16,560 --> 00:44:12,260

documents we're not talking about aliens

981

00:44:19,480 --> 00:44:16,570

and UFOs and anomalies or you know

982

00:44:21,190 --> 00:44:19,490

esoteric knowledge or we're just talking

983

00:44:24,130 --> 00:44:21,200

straight business you know bottom line

984

00:44:26,440 --> 00:44:24,140

here's what can be produced this is the

985

00:44:28,360 --> 00:44:26,450

effect it can have on the on the market

986

00:44:30,130 --> 00:44:28,370

this is what it can sell for this is

987

00:44:32,800 --> 00:44:30,140

what anticipated sales are these are

988

00:44:34,030 --> 00:44:32,810

projections over the next five years you

989

00:44:36,520 --> 00:44:34,040

know and these are the percentages that

990

00:44:38,880 --> 00:44:36,530

are available to chop up do you want in

991

00:44:41,860 --> 00:44:38,890

or an out you know so we we keep it very

992

00:44:43,600 --> 00:44:41,870

professional you know I mean on first

993

00:44:46,480 --> 00:44:43,610

class basis website I'm not talking

994

00:44:49,180 --> 00:44:46,490

about any anomalies or aliens or you

995

00:44:52,060 --> 00:44:49,190

know anything all you know Gary McKinnon

996

00:44:54,730 --> 00:44:52,070

is not gonna come up on my space YouTube

997

00:44:56,770 --> 00:44:54,740

feed what do you do when you get a

998

00:44:58,510 --> 00:44:56,780

Venture Capital Group you know then and

999

00:45:00,910 --> 00:44:58,520

it's all looking good right there

1000

00:45:02,440 --> 00:45:00,920

they're ready to sign off and you know

1001
00:45:04,300 --> 00:45:02,450
the head of the The Venture Capital

1002
00:45:06,550 --> 00:45:04,310
Group goes you know the other day I

1003
00:45:10,330 --> 00:45:06,560
heard you were on a fade to black

1004
00:45:12,430 --> 00:45:10,340
and we need to sit down and talk because

1005
00:45:14,190 --> 00:45:12,440
I'm not so sure you know are you

1006
00:45:16,600 --> 00:45:14,200
prepared for that kind of conversation

1007
00:45:18,880 --> 00:45:16,610
yeah and I'll be honest with you so far

1008
00:45:21,280 --> 00:45:18,890
it's always been the opposite it's been

1009
00:45:23,020 --> 00:45:21,290
like the whisper talk but it's like I

1010
00:45:26,470 --> 00:45:23,030
believe that kind of stuff you know and

1011
00:45:28,030 --> 00:45:26,480
I was just talking with my my you know

1012
00:45:29,680 --> 00:45:28,040
friend about it I was just talking with

1013
00:45:31,510 --> 00:45:29,690

some of my coworker about you know and

1014

00:45:32,950 --> 00:45:31,520

then they said ask me the usual thing I

1015

00:45:34,150 --> 00:45:32,960

started getting all the questions I get

1016

00:45:37,359 --> 00:45:34,160

hundreds

1017

00:45:39,670 --> 00:45:37,369

of questions you know so it's pretty

1018

00:45:41,769 --> 00:45:39,680

interesting the amount of people that

1019

00:45:44,289 --> 00:45:41,779

are secretly in interested in this stuff

1020

00:45:45,460 --> 00:45:44,299

but just don't openly talk about it and

1021

00:45:47,470 --> 00:45:45,470

then as soon as they found that somebody

1022

00:45:48,849 --> 00:45:47,480

that they're dealing with has access to

1023

00:45:51,069 --> 00:45:48,859

the information or at least some some

1024

00:45:53,170 --> 00:45:51,079

kind of answer they become a very

1025

00:45:55,660 --> 00:45:53,180

intrigued by it so it hasn't blown

1026
00:45:56,890 --> 00:45:55,670
anything up for me yet but let's go back

1027
00:45:58,599 --> 00:45:56,900
to the phones that's good to know

1028
00:46:04,240 --> 00:45:58,609
hi your life I'm fade to black who's

1029
00:46:07,569 --> 00:46:04,250
calling midnight Allen Jimmy how you

1030
00:46:10,839 --> 00:46:07,579
doing I'm doing good Joe how are you all

1031
00:46:12,700 --> 00:46:10,849
right hey you call you got to be right

1032
00:46:16,059 --> 00:46:12,710
after you call I can't believe it I just

1033
00:46:18,460 --> 00:46:16,069
called up how you say yeah say hi to

1034
00:46:20,950 --> 00:46:18,470
Billy and really quick before we get to

1035
00:46:24,039 --> 00:46:20,960
the break what's your question for Billy

1036
00:46:26,289 --> 00:46:24,049
tonight Joe oh yeah yeah it's good to

1037
00:46:29,980 --> 00:46:26,299
talk to you I love you emerald tablets

1038
00:46:33,069 --> 00:46:29,990

tough person I'm a very quickly precise

1039

00:46:35,559 --> 00:46:33,079

question okay I'll make it very clear

1040

00:46:40,450 --> 00:46:35,569

well I like to speak more though but

1041

00:46:43,720 --> 00:46:40,460

I'll say in the East they say life is an

1042

00:46:49,680 --> 00:46:43,730

illusion and so on and so forth

1043

00:46:53,370 --> 00:46:49,690

considering the matrix idea and so on

1044

00:46:57,420 --> 00:46:53,380

it has this planet another a mass

1045

00:47:02,349 --> 00:46:57,430

illusion that has been manipulated and

1046

00:47:05,230 --> 00:47:02,359

created to control us for the last six

1047

00:47:08,259 --> 00:47:05,240

thousand years or so by whatever our

1048

00:47:13,480 --> 00:47:08,269

entities whether they be reptilian etc

1049

00:47:16,390 --> 00:47:13,490

and if so it's their way that it may be

1050

00:47:19,240 --> 00:47:16,400

broken and we can be free from this

1051
00:47:22,589 --> 00:47:19,250
illusion and that's business with my

1052
00:47:26,529 --> 00:47:22,599
question yeah great question Joe was

1053
00:47:29,710 --> 00:47:26,539
obviously there's a lot of chatter right

1054
00:47:31,930 --> 00:47:29,720
now Billy about this not only throughout

1055
00:47:35,049 --> 00:47:31,940
our community but all the way up to the

1056
00:47:38,829 --> 00:47:35,059
highest levels of tech and Silicon

1057
00:47:42,770 --> 00:47:38,839
Valley and Elon Musk you know that we

1058
00:47:45,740 --> 00:47:42,780
very possibly could be living in

1059
00:47:48,680 --> 00:47:45,750
an illusion that this is a holographic

1060
00:47:51,080 --> 00:47:48,690
representation of what is real mm-hmm

1061
00:47:52,760 --> 00:47:51,090
absolutely and that's a great question I

1062
00:47:55,370 --> 00:47:52,770
really do believe that we're living in a

1063
00:47:57,860 --> 00:47:55,380

matrix but not just one matrix several

1064

00:48:01,940 --> 00:47:57,870

levels of matrixes so basically we have

1065

00:48:03,980 --> 00:48:01,950

the matrix where our reality itself and

1066

00:48:05,780 --> 00:48:03,990

the third dimension is a as a light

1067

00:48:07,940 --> 00:48:05,790

matrix and where we get that is

1068

00:48:11,120 --> 00:48:07,950

basically when you look at the basic

1069

00:48:13,930 --> 00:48:11,130

fundamental constituents of matter you

1070

00:48:16,790 --> 00:48:13,940

realize that matter is all based from

1071

00:48:18,740 --> 00:48:16,800

electromagnetic waves and all an

1072

00:48:20,840 --> 00:48:18,750

electromagnetic wave is is a wave of

1073

00:48:23,180 --> 00:48:20,850

light and so it's a frequency of light

1074

00:48:24,830 --> 00:48:23,190

that we can't see with the human eye but

1075

00:48:26,690 --> 00:48:24,840

if they exist we only can see one

1076

00:48:28,280 --> 00:48:26,700

percent of the of the frequencies out

1077

00:48:30,380 --> 00:48:28,290

here so we're very limited in what we

1078

00:48:32,990 --> 00:48:30,390

can see but we know that waves are all

1079

00:48:34,760 --> 00:48:33,000

waves of light so if everything is made

1080

00:48:36,530 --> 00:48:34,770

of light including your body because

1081

00:48:38,300 --> 00:48:36,540

everything is made of atoms so all atoms

1082

00:48:41,210 --> 00:48:38,310

are made of waves and always are like

1083

00:48:43,760 --> 00:48:41,220

this entire third dimension is nothing

1084

00:48:46,070 --> 00:48:43,770

but an emanating light matrix it's a

1085

00:48:48,890 --> 00:48:46,080

fractal holographic light matrix and an

1086

00:48:50,540 --> 00:48:48,900

apolog Ram if you take the smallest part

1087

00:48:52,190 --> 00:48:50,550

of a hologram out and analyze it you'll

1088

00:48:53,870 --> 00:48:52,200

see the entire picture in that small

1089

00:48:55,970 --> 00:48:53,880

piece the only thing you lose is some of

1090

00:48:57,350 --> 00:48:55,980

the resolution so what we're looking at

1091

00:48:58,760 --> 00:48:57,360

here is that we're living in a fractal

1092

00:49:01,070 --> 00:48:58,770

holographic universe because this is

1093

00:49:03,050 --> 00:49:01,080

where you get our as above so below you

1094

00:49:06,020 --> 00:49:03,060

can look at the universe zoomed out and

1095

00:49:08,000 --> 00:49:06,030

see what brain neurons look like look

1096

00:49:09,560 --> 00:49:08,010

inside of a brain looks the same you can

1097

00:49:11,180 --> 00:49:09,570

look at tree branches and you can look

1098

00:49:13,040 --> 00:49:11,190

at the lungs I mean so forth so I can

1099

00:49:14,840 --> 00:49:13,050

keep going but everything is fractal

1100

00:49:17,060 --> 00:49:14,850

holographic we're living in a matrix

1101

00:49:19,130 --> 00:49:17,070

full effect of nothing but light waves

1102

00:49:21,080 --> 00:49:19,140

and lights and frequency that is

1103

00:49:23,270 --> 00:49:21,090

condensed and slowed down to a vibration

1104

00:49:25,130 --> 00:49:23,280

that gives us the illusion of matter and

1105

00:49:26,540 --> 00:49:25,140

solidity that's one part of the matrix

1106

00:49:28,340 --> 00:49:26,550

the other part of the matrix is the

1107

00:49:30,530 --> 00:49:28,350

system the system that we're living

1108

00:49:32,720 --> 00:49:30,540

under that has been put on us from time

1109

00:49:35,030 --> 00:49:32,730

immemorial that has its living in this

1110

00:49:37,160 --> 00:49:35,040

type of a prison type of a planet system

1111

00:49:39,020 --> 00:49:37,170

and the prison mindset that has its

1112

00:49:41,630 --> 00:49:39,030

locked into thinking that we're capped

1113

00:49:44,450 --> 00:49:41,640

off of how how intelligent we can get

1114

00:49:46,670 --> 00:49:44,460

how advanced we can get and it has us

1115

00:49:49,520 --> 00:49:46,680

like on this very time drip by drip time

1116

00:49:51,620 --> 00:49:49,530

scale and has us locked into religion

1117

00:49:55,460 --> 00:49:51,630

and financial systems that are all as

1118

00:49:57,920 --> 00:49:55,470

well fake and to keep us down to keep

1119

00:49:59,720 --> 00:49:57,930

our lifespan short through foods that's

1120

00:50:01,820 --> 00:49:59,730

all part of this other matrix that has

1121

00:50:04,130 --> 00:50:01,830

been put on top of us by these beings

1122

00:50:06,020 --> 00:50:04,140

who exactly are they there these are

1123

00:50:08,870 --> 00:50:06,030

these Anunnaki beings in my personal

1124

00:50:10,670 --> 00:50:08,880

opinion that came here 450,000 years ago

1125

00:50:13,250 --> 00:50:10,680

and I think they put this system in

1126
00:50:14,599 --> 00:50:13,260
place about 200,000 years ago and we've

1127
00:50:16,250 --> 00:50:14,609
been under it ever since and the only

1128
00:50:18,830 --> 00:50:16,260
way to break it is the final part of the

1129
00:50:21,080 --> 00:50:18,840
question is to elevate our consciousness

1130
00:50:23,270 --> 00:50:21,090
to a higher level which we have the

1131
00:50:25,339 --> 00:50:23,280
capability of doing to where we can see

1132
00:50:27,260 --> 00:50:25,349
through the veil see beyond the veil see

1133
00:50:29,589 --> 00:50:27,270
through the matrix break the matrix code

1134
00:50:31,760 --> 00:50:29,599
by editing it reprogramming your own DNA

1135
00:50:33,680 --> 00:50:31,770
because our DNA has been storing these

1136
00:50:35,320 --> 00:50:33,690
memories and all this information in it

1137
00:50:38,240 --> 00:50:35,330
and locking us into the system

1138
00:50:40,730 --> 00:50:38,250

epigenetically for the last you know how

1139

00:50:42,560 --> 00:50:40,740

many of our generations thousands of

1140

00:50:44,870 --> 00:50:42,570

them generations in my opinion but we

1141

00:50:47,050 --> 00:50:44,880

can change this whole thing by positive

1142

00:50:50,780 --> 00:50:47,060

Reformation meditation eating clean

1143

00:50:52,130 --> 00:50:50,790

research and investigation raising our

1144

00:50:53,660 --> 00:50:52,140

level of consciousness and also

1145

00:50:55,880 --> 00:50:53,670

exhibiting unconditional love for

1146

00:50:57,740 --> 00:50:55,890

everybody on this planet that will then

1147

00:50:59,180 --> 00:50:57,750

reprogram our DNA now our future

1148

00:51:01,790 --> 00:50:59,190

narrator future generations

1149

00:51:04,280 --> 00:51:01,800

epigenetically will be changed and that

1150

00:51:05,870 --> 00:51:04,290

the only didn't on the DNA level and now

1151

00:51:07,960 --> 00:51:05,880

we have people that are growing up

1152

00:51:10,280 --> 00:51:07,970

raised up high level of consciousness

1153

00:51:12,410 --> 00:51:10,290

seeing things differently understanding

1154

00:51:14,599 --> 00:51:12,420

things differently and being able to

1155

00:51:16,940 --> 00:51:14,609

break through this this matrix system

1156

00:51:18,680 --> 00:51:16,950

and redeveloping a brand new system on

1157

00:51:20,900 --> 00:51:18,690

this planet and in our solar system that

1158

00:51:22,550 --> 00:51:20,910

will allow mankind to excel to higher

1159

00:51:26,420 --> 00:51:22,560

levels that they've ever been to before

1160

00:51:27,800 --> 00:51:26,430

and if the reprogramming of that DNA and

1161

00:51:31,070 --> 00:51:27,810

thank you for the phone call Joe

1162

00:51:35,930 --> 00:51:31,080

if the reprogramming of the DNA happens

1163

00:51:40,670 --> 00:51:35,940

within us right now our direct are the

1164

00:51:44,420 --> 00:51:40,680

next generation our children are caring

1165

00:51:47,180 --> 00:51:44,430

that changed DNA right I mean it just

1166

00:51:50,870 --> 00:51:47,190

doesn't happen in 50 years it could

1167

00:51:52,460 --> 00:51:50,880

happen tomorrow absolutely that's what

1168

00:51:53,870 --> 00:51:52,470

people are people keep trying to say

1169

00:51:55,280 --> 00:51:53,880

that we're gonna hit this 5d and we're

1170

00:51:56,599 --> 00:51:55,290

just gonna transfer them to light beings

1171

00:51:57,829 --> 00:51:56,609

I don't think it's gonna exactly happen

1172

00:51:59,060 --> 00:51:57,839

that way in my opinion I mean it could I

1173

00:52:01,300 --> 00:51:59,070

could be wrong but I really believe that

1174

00:52:03,650 --> 00:52:01,310

it's gonna be by us changing our repo

1175

00:52:05,480 --> 00:52:03,660

reprogramming our DNA ourselves which is

1176

00:52:07,099 --> 00:52:05,490

now scientifically proven it's not even

1177

00:52:08,460 --> 00:52:07,109

like we're talking about you know crazy

1178

00:52:09,420 --> 00:52:08,470

stuff here and

1179

00:52:11,099 --> 00:52:09,430

previously self this is real

1180

00:52:14,370 --> 00:52:11,109

peer-reviewed science that it can be

1181

00:52:16,560 --> 00:52:14,380

done by positive affirmations and even

1182

00:52:18,270 --> 00:52:16,570

just talking to yourself and thinking

1183

00:52:19,740 --> 00:52:18,280

positive thoughts can reprogram your DNA

1184

00:52:21,690 --> 00:52:19,750

so imagine when you're doing research

1185

00:52:22,800 --> 00:52:21,700

investigation everything else your next

1186

00:52:24,990 --> 00:52:22,810

generation is going to have that

1187

00:52:26,400 --> 00:52:25,000

reprogrammed DNA and this if they stay

1188

00:52:28,620 --> 00:52:26,410

on that path and they say on that path

1189

00:52:30,570 --> 00:52:28,630

down generation after generation we can

1190

00:52:33,570 --> 00:52:30,580

clean out the genetic pool from a lot of

1191

00:52:34,950 --> 00:52:33,580

the the program for the the programs

1192

00:52:36,990 --> 00:52:34,960

that have been put in place to keep us

1193

00:52:38,640 --> 00:52:37,000

locked down and we can break free of

1194

00:52:42,030 --> 00:52:38,650

that and we can really excel as a

1195

00:52:45,030 --> 00:52:42,040

species yeah and there we've got to head

1196

00:52:48,030 --> 00:52:45,040

towards a break here but a perfect

1197

00:52:50,940 --> 00:52:48,040

example of that was the I think there

1198

00:52:56,970 --> 00:52:50,950

were finches over in England that

1199

00:52:59,400 --> 00:52:56,980

learned how to open up the tops of milk

1200

00:53:01,260 --> 00:52:59,410

bottles that were left on the front

1201
00:53:04,710 --> 00:53:01,270
steps of you know that were delivered in

1202
00:53:07,920 --> 00:53:04,720
the morning and steal the milk right but

1203
00:53:11,130 --> 00:53:07,930
they didn't teach you know each other

1204
00:53:14,910 --> 00:53:11,140
this was in the eggs like the next

1205
00:53:20,579 --> 00:53:14,920
generation of birds in the next city in

1206
00:53:23,400 --> 00:53:20,589
town right the DNA was changed they they

1207
00:53:26,910 --> 00:53:23,410
were born with the ability and the

1208
00:53:31,020 --> 00:53:26,920
knowledge of how to go and steal the

1209
00:53:34,650 --> 00:53:31,030
milk yeah yeah and that is that is

1210
00:53:36,329 --> 00:53:34,660
absolutely changed in programmed DNA you

1211
00:53:39,170 --> 00:53:36,339
can't have a better example of that or

1212
00:53:41,910 --> 00:53:39,180
over in Japan right the monkeys that

1213
00:53:47,190 --> 00:53:41,920

learn how to get the sand off of the

1214

00:53:48,690 --> 00:53:47,200

sweet potatoes yeah you know and you go

1215

00:53:51,660 --> 00:53:48,700

do you look at that and it makes perfect

1216

00:53:53,790 --> 00:53:51,670

sense doesn't it mm-hmm absolutely

1217

00:53:55,230 --> 00:53:53,800

let's let's take a break right here I

1218

00:53:59,550 --> 00:53:55,240

want to thank you for the phone call Joe

1219

00:54:02,099 --> 00:53:59,560

great question and also before I head to

1220

00:54:04,829 --> 00:54:02,109

the break the number is seven four seven

1221

00:54:08,010 --> 00:54:04,839

two two eight two zero five one tonight

1222

00:54:10,470 --> 00:54:08,020

is night one of four straight nights of

1223

00:54:12,000 --> 00:54:10,480

open lines here on fade to black and I

1224

00:54:14,609 --> 00:54:12,010

do want to thank Billy Carson for coming

1225

00:54:16,410 --> 00:54:14,619

in let's take our break this is fade to

1226
00:54:19,560 --> 00:54:16,420
black I am your host Jimmy Church and

1227
00:54:24,930 --> 00:54:19,570
like I said earlier at the last break

1228
00:54:26,850 --> 00:54:24,940
hello to the audience of UPN you see how

1229
00:54:30,060 --> 00:54:26,860
this is fade to black on the game

1230
00:54:31,500 --> 00:54:30,070
changer Network and K G RA the planet

1231
00:54:33,660 --> 00:54:31,510
will be back more with Billy in your

1232
00:54:38,620 --> 00:54:33,670
phone calls right after this short break

1233
00:55:15,890 --> 00:55:13,290
[Music]

1234
00:55:19,380 --> 00:55:15,900
[Applause]

1235
00:55:21,810 --> 00:55:19,390
welcome back fade to black tonight Billy

1236
00:55:23,610 --> 00:55:21,820
Carson night one of our open lines week

1237
00:55:27,840 --> 00:55:23,620
here on fade to black the callin number

1238
00:55:30,600 --> 00:55:27,850

is seven four seven two two eight two

1239

00:55:33,570 --> 00:55:30,610

zero five one seven four seven two two

1240

00:55:37,410 --> 00:55:33,580

eight two zero five one and Billy I

1241

00:55:40,800 --> 00:55:37,420

wanted to ask you when we talk about the

1242

00:55:43,560 --> 00:55:40,810

ease of conversation these days when it

1243

00:55:47,390 --> 00:55:43,570

comes to UFOs and aliens and et contact

1244

00:55:49,950 --> 00:55:47,400

and life out there in the universe I

1245

00:55:52,320 --> 00:55:49,960

realized that the conversations can be

1246

00:55:56,760 --> 00:55:52,330

started easier than it has been in the

1247

00:55:59,760 --> 00:55:56,770

past but why the change in an outlook

1248

00:56:02,250 --> 00:55:59,770

you know not only with the community and

1249

00:56:05,760 --> 00:56:02,260

with the status quo that has just been

1250

00:56:09,570 --> 00:56:05,770

on cruise control but the media and

1251
00:56:12,930 --> 00:56:09,580
governments around the world it's it's

1252
00:56:14,250 --> 00:56:12,940
easier today why the change you know I

1253
00:56:16,380 --> 00:56:14,260
think it has a lot to do with our

1254
00:56:18,930 --> 00:56:16,390
community that over the last 10 years

1255
00:56:21,450 --> 00:56:18,940
this last decade has been powerful with

1256
00:56:24,180 --> 00:56:21,460
the capability for us to release an

1257
00:56:27,420 --> 00:56:24,190
enormous amount of disclosure to the

1258
00:56:29,900 --> 00:56:27,430
general population and that information

1259
00:56:32,130 --> 00:56:29,910
has really propagated through the world

1260
00:56:33,510 --> 00:56:32,140
because everybody knows somebody that we

1261
00:56:35,760 --> 00:56:33,520
don't know so somebody that hears our

1262
00:56:37,710 --> 00:56:35,770
information sees it reads it finds it

1263
00:56:39,750 --> 00:56:37,720

online or wherever they find it in a

1264

00:56:41,520 --> 00:56:39,760

book or whatever and then shares it with

1265

00:56:43,650 --> 00:56:41,530

somebody else and it just keeps going

1266

00:56:46,920 --> 00:56:43,660

and going and going so you you you

1267

00:56:49,290 --> 00:56:46,930

amplify that over a decade and all of a

1268

00:56:51,300 --> 00:56:49,300

sudden it's like wow this disclosure

1269

00:56:53,520 --> 00:56:51,310

movement has really been very powerful

1270

00:56:55,500 --> 00:56:53,530

and its really opened up a lot of minds

1271

00:56:57,600 --> 00:56:55,510

and it's really got people asking

1272

00:56:59,970 --> 00:56:57,610

questions which is the most important

1273

00:57:02,040 --> 00:56:59,980

thing is to ask questions stop taking

1274

00:57:03,210 --> 00:57:02,050

everything for what it was given to you

1275

00:57:05,040 --> 00:57:03,220

and just going over this is the way it's

1276

00:57:08,040 --> 00:57:05,050

got to be people are starting to not

1277

00:57:09,390 --> 00:57:08,050

doubt it but ask questions that may you

1278

00:57:11,190 --> 00:57:09,400

know give you a different point of view

1279

00:57:12,360 --> 00:57:11,200

or a different perspective and they're

1280

00:57:15,300 --> 00:57:12,370

looking for answers to those questions

1281

00:57:17,310 --> 00:57:15,310

so now when I'm at restaurants I can

1282

00:57:19,820 --> 00:57:17,320

hear people you know two tables away

1283

00:57:23,730 --> 00:57:19,830

talking about alien to talking about

1284

00:57:24,810 --> 00:57:23,740

UFOs or conspiracies or false flags or

1285

00:57:26,340 --> 00:57:24,820

whatever I just hear these people

1286

00:57:28,110 --> 00:57:26,350

talking about various different topics

1287

00:57:29,370 --> 00:57:28,120

that you would never ever in a million

1288

00:57:31,980 --> 00:57:29,380

years hear them talking

1289

00:57:34,080 --> 00:57:31,990

in the past now openly in public like

1290

00:57:35,820 --> 00:57:34,090

that but the conversations are just now

1291

00:57:38,040 --> 00:57:35,830

I mean pretty much everywhere people are

1292

00:57:40,590 --> 00:57:38,050

open to talking about it and not as

1293

00:57:42,090 --> 00:57:40,600

embarrassed as it used to be and to want

1294

00:57:44,250 --> 00:57:42,100

you know to have to conceal it and keep

1295

00:57:46,170 --> 00:57:44,260

it quiet and and so forth so it's really

1296

00:57:48,300 --> 00:57:46,180

amazing we've done it it's really to us

1297

00:57:50,520 --> 00:57:48,310

that you know the community itself the

1298

00:57:52,260 --> 00:57:50,530

conscious community has really helped

1299

00:57:53,820 --> 00:57:52,270

spread this information and knowledge

1300

00:57:56,250 --> 00:57:53,830

around the world to make people more

1301
00:57:57,960 --> 00:57:56,260
comfortable with the information I think

1302
00:58:00,300 --> 00:57:57,970
it's really you know hats off to

1303
00:58:03,380 --> 00:58:00,310
ourselves really well and and and the

1304
00:58:06,540 --> 00:58:03,390
big question and there's so many big big

1305
00:58:10,830 --> 00:58:06,550
questions but I think the one that is in

1306
00:58:14,760 --> 00:58:10,840
front of everybody right now is what is

1307
00:58:16,740 --> 00:58:14,770
it that the government truly knows what

1308
00:58:20,880 --> 00:58:16,750
are they in possession of and what

1309
00:58:24,060 --> 00:58:20,890
contact have they made so I'm gonna

1310
00:58:28,800 --> 00:58:24,070
throw that question to you what is it

1311
00:58:30,590 --> 00:58:28,810
that the government truly knows yeah I

1312
00:58:34,170 --> 00:58:30,600
believe that they truly know that there

1313
00:58:35,700 --> 00:58:34,180

is an enormous amount of ancient history

1314

00:58:37,470 --> 00:58:35,710

that's out there in our solar system and

1315

00:58:38,940 --> 00:58:37,480

in the galaxy itself and our Milky Way

1316

00:58:41,550 --> 00:58:38,950

galaxy that points to the fact that

1317

00:58:45,240 --> 00:58:41,560

there are an a numerous amount of

1318

00:58:46,320 --> 00:58:45,250

enormous amount of you know aliens if

1319

00:58:48,060 --> 00:58:46,330

you want to call them that aliens

1320

00:58:50,790 --> 00:58:48,070

because they're not from here out there

1321

00:58:53,160 --> 00:58:50,800

beings so to speak sentient conscious

1322

00:58:55,650 --> 00:58:53,170

beings some have interacted with our

1323

00:58:57,330 --> 00:58:55,660

planet in the ancient times and some are

1324

00:58:59,790 --> 00:58:57,340

interacting with us in my opinion

1325

00:59:01,730 --> 00:58:59,800

currently today only dealing with the

1326

00:59:04,920 --> 00:59:01,740

higher-level elites high-level

1327

00:59:08,520 --> 00:59:04,930

military-industrial complex people and I

1328

00:59:10,920 --> 00:59:08,530

think that they are trying to find a way

1329

00:59:15,450 --> 00:59:10,930

to slowly give us a form of disclosure

1330

00:59:16,920 --> 00:59:15,460

that will not allow them to relinquish

1331

00:59:19,290 --> 00:59:16,930

all of the information that they have

1332

00:59:20,520 --> 00:59:19,300

when these beings these entities but so

1333

00:59:22,410 --> 00:59:20,530

that they can continue to work with them

1334

00:59:25,200 --> 00:59:22,420

in the dark but they would slowly give

1335

00:59:27,090 --> 00:59:25,210

us a little bit at a time warming us up

1336

00:59:28,590 --> 00:59:27,100

for the next time in the ever decades to

1337

00:59:30,660 --> 00:59:28,600

the point where we see them dealing with

1338

00:59:32,910 --> 00:59:30,670

them directly but by then a lot of the

1339

00:59:34,470 --> 00:59:32,920

agendas have been met so for example I

1340

00:59:36,450 --> 00:59:34,480

believe that within the next five years

1341

00:59:38,640 --> 00:59:36,460

are going to announce life on Mars and

1342

00:59:40,740 --> 00:59:38,650

it's going to be called alien life and

1343

00:59:42,360 --> 00:59:40,750

what they're gonna announce is bacteria

1344

00:59:42,870 --> 00:59:42,370

as you know obviously not from Earth

1345

00:59:44,940 --> 00:59:42,880

those

1346

00:59:47,460 --> 00:59:44,950

so it's alien life so they're getting it

1347

00:59:48,509 --> 00:59:47,470

gonna give us bacteria maybe a decade or

1348

00:59:49,680 --> 00:59:48,519

so later they're tell us that there was

1349

00:59:52,049 --> 00:59:49,690

a ancient remnants of an ancient

1350

00:59:53,759 --> 00:59:52,059

civilization maybe a decade or so after

1351

00:59:56,970 --> 00:59:53,769

that we may find out that there's still

1352

00:59:59,519 --> 00:59:56,980

remnants of life in small pockets on the

1353

01:00:01,410 --> 00:59:59,529

planet itself of Mars so I mean just

1354

01:00:02,910 --> 01:00:01,420

that's to give you an example but they

1355

01:00:04,589 --> 01:00:02,920

really do know about this and I think

1356

01:00:07,079 --> 01:00:04,599

the reason why they would keep a secret

1357

01:00:08,819 --> 01:00:07,089

is because of power knowledge is power

1358

01:00:10,319 --> 01:00:08,829

having the capability of getting access

1359

01:00:12,329 --> 01:00:10,329

to information that could give them

1360

01:00:14,999 --> 01:00:12,339

potentially some of the most incredible

1361

01:00:17,339 --> 01:00:15,009

weapons ever developed or the

1362

01:00:18,569 --> 01:00:17,349

technologies ever developed and keeping

1363

01:00:22,440 --> 01:00:18,579

that hidden from the general population

1364

01:00:24,329 --> 01:00:22,450

- kind of like an ace in the hole is the

1365

01:00:25,950 --> 01:00:24,339

main agenda or reason behind it because

1366

01:00:28,230 --> 01:00:25,960

once you get information and share with

1367

01:00:29,190 --> 01:00:28,240

everybody everybody wants access to it

1368

01:00:30,599 --> 01:00:29,200

everybody wants to know all about

1369

01:00:32,579 --> 01:00:30,609

everybody wants to know how this stuff

1370

01:00:34,769 --> 01:00:32,589

works and how how can we utilize it in

1371

01:00:36,480 --> 01:00:34,779

our own communities and cities and you

1372

01:00:37,859 --> 01:00:36,490

know we don't want this weapon what if

1373

01:00:40,650 --> 01:00:37,869

we don't want that you know so it turns

1374

01:00:42,980 --> 01:00:40,660

turned everybody into a you know another

1375

01:00:44,940 --> 01:00:42,990

question marking and another situation

1376
01:00:46,620 --> 01:00:44,950
versus where if you keep everything in

1377
01:00:49,799 --> 01:00:46,630
the dark you can control them and nip

1378
01:00:51,210 --> 01:00:49,809
late the you know that the directive

1379
01:00:52,740 --> 01:00:51,220
that you've got with the people but

1380
01:00:55,710 --> 01:00:52,750
behind the scenes you've got something

1381
01:00:58,859 --> 01:00:55,720
that you can really utilize as a special

1382
01:01:01,349 --> 01:00:58,869
tool a special weapon and you can even

1383
01:01:03,930 --> 01:01:01,359
maybe travel the stars without telling

1384
01:01:06,240 --> 01:01:03,940
anybody and find out you know more

1385
01:01:07,799 --> 01:01:06,250
discoveries and then slowly drip those

1386
01:01:09,720 --> 01:01:07,809
back to the general population as well

1387
01:01:13,470 --> 01:01:09,730
so I think it's just the agenda of

1388
01:01:17,069 --> 01:01:13,480

secrecy and power does does our

1389

01:01:20,150 --> 01:01:17,079

president right now it's President Trump

1390

01:01:24,960 --> 01:01:20,160

but it could be you know any president

1391

01:01:28,769 --> 01:01:24,970

are they are they read in write do they

1392

01:01:30,569 --> 01:01:28,779

know because with the questions that

1393

01:01:34,589 --> 01:01:30,579

were laid out for President Trump by

1394

01:01:37,049 --> 01:01:34,599

Tucker Carlson I'm look I didn't want to

1395

01:01:42,720 --> 01:01:37,059

expect too much from that but he

1396

01:01:46,019 --> 01:01:42,730

certainly implied that UFOs are not here

1397

01:01:47,880 --> 01:01:46,029

but he believes that these pilots are

1398

01:01:51,690 --> 01:01:47,890

great pilots and they're seeing

1399

01:01:53,670 --> 01:01:51,700

something but not UFOs now what does

1400

01:01:56,010 --> 01:01:53,680

that say to you does that say to you

1401

01:01:57,870 --> 01:01:56,020

that the president doesn't know the

1402

01:02:02,390 --> 01:01:57,880

they they haven't spoken to him about it

1403

01:02:04,740 --> 01:02:02,400

or the opposite that he does know and

1404

01:02:07,530 --> 01:02:04,750

he's not going to tell us I mean what

1405

01:02:10,290 --> 01:02:07,540

does that say I think that they all know

1406

01:02:13,980 --> 01:02:10,300

every single president knows from

1407

01:02:15,390 --> 01:02:13,990

Kennedy up even from before Kennedy I

1408

01:02:18,870 --> 01:02:15,400

think it was a little bit known there's

1409

01:02:21,060 --> 01:02:18,880

like the Eisenhower era but Kennedy was

1410

01:02:23,160 --> 01:02:21,070

also one that was known to have come

1411

01:02:24,540 --> 01:02:23,170

across information about aliens and UFOs

1412

01:02:25,830 --> 01:02:24,550

so they wanted to bring to the general

1413

01:02:27,960 --> 01:02:25,840

population which I believe is one of the

1414

01:02:29,760 --> 01:02:27,970

reasons why he was taken out so it could

1415

01:02:33,150 --> 01:02:29,770

be that these future presidents you know

1416

01:02:34,920 --> 01:02:33,160

from after him were you know Harry

1417

01:02:36,540 --> 01:02:34,930

reminded I really do think they use

1418

01:02:38,700 --> 01:02:36,550

Kennedy as an example I think they were

1419

01:02:40,560 --> 01:02:38,710

behind the scenes where in the real

1420

01:02:42,330 --> 01:02:40,570

swear and they saw a video of Kennedy

1421

01:02:43,980 --> 01:02:42,340

and they go go you just follow what we

1422

01:02:45,630 --> 01:02:43,990

say to do because I really do believe

1423

01:02:47,310 --> 01:02:45,640

that all presidents are puppets just my

1424

01:02:48,750 --> 01:02:47,320

personal opinion they're allowed to

1425

01:02:50,880 --> 01:02:48,760

enrich themselves they're allowed to

1426
01:02:52,740 --> 01:02:50,890
make money you're allowed to have a

1427
01:02:54,570 --> 01:02:52,750
certain amount of power over certain

1428
01:02:57,090 --> 01:02:54,580
industries so that they can get rich and

1429
01:02:58,380 --> 01:02:57,100
extremely wealthy and get their book

1430
01:03:00,060 --> 01:02:58,390
deals and everything else but overall

1431
01:03:02,160 --> 01:03:00,070
there's somebody above them that's

1432
01:03:04,500 --> 01:03:02,170
pulling the main strings and they have

1433
01:03:07,260 --> 01:03:04,510
to fall in place and I believe that they

1434
01:03:09,240 --> 01:03:07,270
all do know that they're there to to to

1435
01:03:11,010 --> 01:03:09,250
the full extent of everything that's

1436
01:03:12,990 --> 01:03:11,020
going on they may be shielded a little

1437
01:03:15,480 --> 01:03:13,000
bit from that so they have plausible

1438
01:03:17,520 --> 01:03:15,490

deniability but I do believe that they

1439

01:03:20,010 --> 01:03:17,530

they're very well aware that there are

1440

01:03:21,510 --> 01:03:20,020

UFOs and aliens that exist in that there

1441

01:03:23,670 --> 01:03:21,520

are certain sections of the government

1442

01:03:27,000 --> 01:03:23,680

above top secret that are working along

1443

01:03:28,860 --> 01:03:27,010

with these beings I have just reset the

1444

01:03:32,160 --> 01:03:28,870

software I know everybody that was

1445

01:03:35,610 --> 01:03:32,170

calling in you were getting putting put

1446

01:03:38,370 --> 01:03:35,620

on hold and and shut down so I've

1447

01:03:42,090 --> 01:03:38,380

restarted the software it's taken me a

1448

01:03:45,930 --> 01:03:42,100

few minutes and we should be okay there

1449

01:03:48,030 --> 01:03:45,940

now I don't know yet but seven four

1450

01:03:51,570 --> 01:03:48,040

seven two two eight two zero five one

1451

01:03:55,710 --> 01:03:51,580

we're back live with the phones but

1452

01:03:57,060 --> 01:03:55,720

staying on this line of questions when

1453

01:04:01,050 --> 01:03:57,070

it comes to what's happening today

1454

01:04:04,460 --> 01:04:01,060

there's a there's a second Avenue that

1455

01:04:09,110 --> 01:04:04,470

is playing out here that

1456

01:04:11,720 --> 01:04:09,120

that there's a religious acts aspect to

1457

01:04:14,360 --> 01:04:11,730

what we are seeing in the skies and any

1458

01:04:16,850 --> 01:04:14,370

tea in general that is playing out at

1459

01:04:19,790 --> 01:04:16,860

the Pentagon that is playing out in

1460

01:04:23,390 --> 01:04:19,800

government where they realize that there

1461

01:04:27,650 --> 01:04:23,400

is a religious side to this and I'm not

1462

01:04:31,280 --> 01:04:27,660

so sure what that actually means right I

1463

01:04:35,230 --> 01:04:31,290

don't it is it is it that throughout

1464

01:04:40,130 --> 01:04:35,240

history that ufos and ETA

1465

01:04:43,190 --> 01:04:40,140

it is evolved in that too today or is

1466

01:04:46,520 --> 01:04:43,200

there something more sinister involved

1467

01:04:49,910 --> 01:04:46,530

here and they know this and we can't

1468

01:04:52,130 --> 01:04:49,920

play a direct contact card with the

1469

01:04:54,860 --> 01:04:52,140

population because there's something

1470

01:04:58,100 --> 01:04:54,870

else in play that involves religion I

1471

01:05:00,100 --> 01:04:58,110

know you've heard the same things what

1472

01:05:02,720 --> 01:05:00,110

is it that we should be concerned with

1473

01:05:05,600 --> 01:05:02,730

well you know the religious system that

1474

01:05:07,280 --> 01:05:05,610

was put in place here was put in place

1475

01:05:10,730 --> 01:05:07,290

by these advanced beings in ancient

1476

01:05:12,620 --> 01:05:10,740

times they masqueraded as gods not all

1477

01:05:14,180 --> 01:05:12,630

of them not all of them but some of them

1478

01:05:16,400 --> 01:05:14,190

did you know Thoth is one of the ones

1479

01:05:17,870 --> 01:05:16,410

that did not masquerade as a god then

1480

01:05:19,100 --> 01:05:17,880

people came to grovel at his feet he

1481

01:05:21,260 --> 01:05:19,110

would stand them up and say I'm just the

1482

01:05:23,000 --> 01:05:21,270

son of Atlantis matter of fact at times

1483

01:05:24,680 --> 01:05:23,010

he was known to call himself the son of

1484

01:05:27,110 --> 01:05:24,690

man which obviously made its way into

1485

01:05:29,210 --> 01:05:27,120

Jesus's words in the modern New

1486

01:05:30,440 --> 01:05:29,220

Testament but I talk about this in my

1487

01:05:32,030 --> 01:05:30,450

book compendium of the Emerald tablets

1488

01:05:34,550 --> 01:05:32,040

the fact that religion is such a

1489

01:05:38,240 --> 01:05:34,560

powerful system to put on people because

1490

01:05:40,820 --> 01:05:38,250

it keeps control over them in a way that

1491

01:05:43,760 --> 01:05:40,830

allows the the powers that be the elites

1492

01:05:46,550 --> 01:05:43,770

to literally have manipulate them into

1493

01:05:48,710 --> 01:05:46,560

whatever they want them to do and it's

1494

01:05:51,680 --> 01:05:48,720

also become a multi trillion dollar

1495

01:05:53,720 --> 01:05:51,690

industry so you know you're talking

1496

01:05:57,020 --> 01:05:53,730

about the religious system just in

1497

01:05:59,510 --> 01:05:57,030

America alone makes more money though

1498

01:06:01,190 --> 01:05:59,520

generates more money than the all the

1499

01:06:03,140 --> 01:06:01,200

companies in Silicon Valley Valley

1500

01:06:04,910 --> 01:06:03,150

combined in one year that's a lot of

1501
01:06:07,520 --> 01:06:04,920
revenue now I add that by the multiply

1502
01:06:09,470 --> 01:06:07,530
that by the world so it's a definitely

1503
01:06:12,680 --> 01:06:09,480
an agenda there when you add the

1504
01:06:13,700 --> 01:06:12,690
religious aspect to it adding religion

1505
01:06:21,440 --> 01:06:13,710
to

1506
01:06:23,240 --> 01:06:21,450
the money it's like adding another layer

1507
01:06:25,460 --> 01:06:23,250
to really oh by the way you know yeah

1508
01:06:28,010 --> 01:06:25,470
religion is real and these beings are

1509
01:06:29,870 --> 01:06:28,020
part of their religion to type thing and

1510
01:06:32,120 --> 01:06:29,880
now you still got the people you know

1511
01:06:34,330 --> 01:06:32,130
sucked into the system versus saying

1512
01:06:36,860 --> 01:06:34,340
religion is doesn't exist the only thing

1513
01:06:38,600 --> 01:06:36,870

that exists is spirituality and these

1514

01:06:40,250 --> 01:06:38,610

beings are have nothing to do with

1515

01:06:42,110 --> 01:06:40,260

religion these ancient guys were not

1516

01:06:44,450 --> 01:06:42,120

gods it were just people like us

1517

01:06:47,060 --> 01:06:44,460

they're never gonna say that they want

1518

01:06:49,580 --> 01:06:47,070

that religious aspect to still be there

1519

01:06:51,140 --> 01:06:49,590

and what's very interesting is when I

1520

01:06:53,560 --> 01:06:51,150

pull down one of the anomalies from the

1521

01:06:57,110 --> 01:06:53,570

planet Venus through the usgs.gov

1522

01:07:00,230 --> 01:06:57,120

imagery radar imagery that was taken

1523

01:07:03,200 --> 01:07:00,240

I found an anomaly there that was at the

1524

01:07:05,180 --> 01:07:03,210

ridge that resembles a city and the

1525

01:07:07,790 --> 01:07:05,190

thing about this city is unlike the ones

1526

01:07:10,040 --> 01:07:07,800

we've discovered on Mars Mars there's a

1527

01:07:12,290 --> 01:07:10,050

lot of broken-down dilapidated

1528

01:07:15,830 --> 01:07:12,300

structures broken pieces everywhere

1529

01:07:17,020 --> 01:07:15,840

completely demolished but on Venus this

1530

01:07:19,460 --> 01:07:17,030

city was intact

1531

01:07:20,960 --> 01:07:19,470

which to me was very interesting but the

1532

01:07:22,760 --> 01:07:20,970

reason why I bring it up is because one

1533

01:07:24,260 --> 01:07:22,770

of the buildings there and this image

1534

01:07:26,000 --> 01:07:24,270

I'll send you a copy of this image it

1535

01:07:28,010 --> 01:07:26,010

was actually on TV this image that I

1536

01:07:31,940 --> 01:07:28,020

found there's a building there that has

1537

01:07:35,030 --> 01:07:31,950

a cross on top did they propagate this

1538

01:07:38,210 --> 01:07:35,040

religious theme across the entire solar

1539

01:07:41,600 --> 01:07:38,220

system how many people the day fool with

1540

01:07:43,670 --> 01:07:41,610

this with this religious system to to

1541

01:07:46,130 --> 01:07:43,680

allow themselves to take the people over

1542

01:07:47,620 --> 01:07:46,140

to me this cargo cults property a stream

1543

01:07:50,570 --> 01:07:47,630

of them all the way across the galaxy

1544

01:07:53,330 --> 01:07:50,580

we're more advanced beings meet up with

1545

01:07:55,070 --> 01:07:53,340

less advanced people and manipulate them

1546

01:07:56,480 --> 01:07:55,080

and take them over by masquerading as

1547

01:07:57,890 --> 01:07:56,490

guards I think that's probably just a

1548

01:08:01,580 --> 01:07:57,900

standard theme throughout the entire

1549

01:08:03,530 --> 01:08:01,590

galaxy they sent me this image yeah I

1550

01:08:07,670 --> 01:08:03,540

sent to you right now yeah I want to see

1551

01:08:12,410 --> 01:08:07,680

this image and when you say cross is it

1552

01:08:16,010 --> 01:08:12,420

a cross like a Christian cross or is it

1553

01:08:17,570 --> 01:08:16,020

a cross like the red cross like so I

1554

01:08:24,899 --> 01:08:17,580

thought that Christian cross at the top

1555

01:08:27,689 --> 01:08:24,909

of a building and this was on Venus

1556

01:08:29,010 --> 01:08:27,699

on Venus yeah I did I provide the source

1557

01:08:30,209 --> 01:08:29,020

links and everything because I don't

1558

01:08:31,860 --> 01:08:30,219

want to be the only one that had looked

1559

01:08:33,689 --> 01:08:31,870

at it I've so I've given it all the

1560

01:08:34,260 --> 01:08:33,699

source material all the documentation on

1561

01:08:36,419 --> 01:08:34,270

it

1562

01:08:38,669 --> 01:08:36,429

I was featured on George Noory show on

1563

01:08:40,289 --> 01:08:38,679

beyond the leaf on Gaia where the image

1564

01:08:41,669 --> 01:08:40,299

was presented there on the TV show so

1565

01:08:43,410 --> 01:08:41,679

one of those shows that I long to out of

1566

01:08:44,550 --> 01:08:43,420

the four it's probably the second

1567

01:08:46,050 --> 01:08:44,560

episode I was on with George or the

1568

01:08:48,240 --> 01:08:46,060

first episode with George Noory on

1569

01:08:51,120 --> 01:08:48,250

beyond belief you'll see it there as

1570

01:08:53,669 --> 01:08:51,130

well and on the show no I want to see it

1571

01:08:57,660 --> 01:08:53,679

now I'm getting it right up for you

1572

01:09:01,110 --> 01:08:57,670

right away I have I missed that episode

1573

01:09:03,769 --> 01:09:01,120

of beyond belief

1574

01:09:07,769 --> 01:09:03,779

I would have talked about this already

1575

01:09:11,039 --> 01:09:07,779

was this I know I'm about to take a look

1576

01:09:14,579 --> 01:09:11,049

at this image was this city on the

1577

01:09:16,169 --> 01:09:14,589

surface of Venus or was it up up in the

1578

01:09:19,050 --> 01:09:16,179

clouds where the temperature is

1579

01:09:21,180 --> 01:09:19,060

different no it's on the surface which

1580

01:09:23,010 --> 01:09:21,190

makes me start questioning the whole

1581

01:09:26,519 --> 01:09:23,020

thing about the temperature because all

1582

01:09:28,649 --> 01:09:26,529

of a sudden you start to realize okay

1583

01:09:32,280 --> 01:09:28,659

let me research Venus now that I saw

1584

01:09:34,620 --> 01:09:32,290

this wait a minute why is there 14

1585

01:09:37,439 --> 01:09:34,630

missions to Venus by Russia the Venera

1586

01:09:40,050 --> 01:09:37,449

missions why did why was Russia able to

1587

01:09:43,399 --> 01:09:40,060

land probes on Venus that transmitted

1588

01:09:45,629 --> 01:09:43,409

but video and sound from the surface and

1589

01:09:47,399 --> 01:09:45,639

landed by parachute what kind of

1590

01:09:51,539 --> 01:09:47,409

material is this parachute made out of

1591

01:09:54,149 --> 01:09:51,549

if it can survive all these crazy molten

1592

01:09:55,740 --> 01:09:54,159

rain molten iron LED rain and you know

1593

01:09:57,750 --> 01:09:55,750

and all these temperatures and

1594

01:09:58,919 --> 01:09:57,760

everything else right come on it's a

1595

01:09:59,700 --> 01:09:58,929

bunch of garbage I think that they're

1596

01:10:02,610 --> 01:09:59,710

making it up

1597

01:10:04,860 --> 01:10:02,620

this-this-this venero mission landed and

1598

01:10:07,740 --> 01:10:04,870

sent back imagery and photos from the

1599

01:10:09,899 --> 01:10:07,750

surface of Venus over several days okay

1600

01:10:11,729 --> 01:10:09,909

and they sent 14 missions there so

1601
01:10:13,470 --> 01:10:11,739
they're getting to the server so they

1602
01:10:16,770 --> 01:10:13,480
had been to the surface of Venus now one

1603
01:10:18,390 --> 01:10:16,780
of the more recent data coming back from

1604
01:10:22,649 --> 01:10:18,400
the Venus missions is showing that

1605
01:10:25,470 --> 01:10:22,659
there's actually organic material on

1606
01:10:26,879 --> 01:10:25,480
Venus so how do they know that organic

1607
01:10:28,830 --> 01:10:26,889
material on the surface of Venus I

1608
01:10:30,959 --> 01:10:28,840
really do believe that Venus is a

1609
01:10:32,669 --> 01:10:30,969
habitable planet and my purse after

1610
01:10:33,629 --> 01:10:32,679
seeing these cities what are they doing

1611
01:10:34,919 --> 01:10:33,639
there that should be completely

1612
01:10:37,140 --> 01:10:34,929
destroyed it should be burnt it should

1613
01:10:38,400 --> 01:10:37,150

even exist but they're there I just

1614

01:10:39,870 --> 01:10:38,410

found them the images

1615

01:10:42,810 --> 01:10:39,880

get it ready for you here yeah while

1616

01:10:44,280 --> 01:10:42,820

you're sending that in let's go back to

1617

01:10:48,060 --> 01:10:44,290

the phones hi you're live on fade to

1618

01:10:50,220 --> 01:10:48,070

black who's calling hey hi Jimmy its

1619

01:10:50,910 --> 01:10:50,230

Stacy with a knife through Colorado hi

1620

01:10:53,120 --> 01:10:50,920

Billy

1621

01:10:56,070 --> 01:10:53,130

hello hey what's up how are you doing

1622

01:10:58,320 --> 01:10:56,080

I'm good I just want to remind you who I

1623

01:11:00,510 --> 01:10:58,330

am for one because I thought I was

1624

01:11:03,660 --> 01:11:00,520

having dinner with my friend Jason quit

1625

01:11:07,110 --> 01:11:03,670

and my husband in bowler but you were in

1626

01:11:09,900 --> 01:11:07,120

town filming with her beyond belief and

1627

01:11:12,450 --> 01:11:09,910

we're having dinner with Sid Goldberg so

1628

01:11:15,180 --> 01:11:12,460

I walk into the restaurant I'm used to

1629

01:11:17,570 --> 01:11:15,190

bumping interested I was planning to see

1630

01:11:20,550 --> 01:11:17,580

Jason but you sitting there at the table

1631

01:11:22,530 --> 01:11:20,560

thrill my mind for the biggest loop like

1632

01:11:25,260 --> 01:11:22,540

I was so thrown off I was not expecting

1633

01:11:27,930 --> 01:11:25,270

Billy Carson to be sitting in the tea

1634

01:11:31,560 --> 01:11:27,940

house in Boulder but that was such a fun

1635

01:11:33,000 --> 01:11:31,570

evening yeah it was it was good to talk

1636

01:11:34,560 --> 01:11:33,010

to you again that was great we had a

1637

01:11:38,160 --> 01:11:34,570

great time great dinner great weight

1638

01:11:41,220 --> 01:11:38,170

conversation - that was a lot of fun and

1639

01:11:43,260 --> 01:11:41,230

actually I wanted to ask you something

1640

01:11:45,300 --> 01:11:43,270

then and I couldn't because it really is

1641

01:11:47,550 --> 01:11:45,310

on behalf of all the state or not it's

1642

01:11:50,550 --> 01:11:47,560

not just me over and we are putting

1643

01:11:52,500 --> 01:11:50,560

together a cookbook of recipes because

1644

01:11:55,290 --> 01:11:52,510

when people love each other we eat

1645

01:11:57,870 --> 01:11:55,300

together and we see each other and I

1646

01:11:59,490 --> 01:11:57,880

wanted to see if you have a recipe you

1647

01:12:03,930 --> 01:11:59,500

will contribute to our fade to black

1648

01:12:06,240 --> 01:12:03,940

cookbook oh absolutely I definitely have

1649

01:12:09,210 --> 01:12:06,250

a recipe for that no doubt can dilute

1650

01:12:12,270 --> 01:12:09,220

Lee that's great okay in your mind first

1651
01:12:14,970 --> 01:12:12,280
hold on hold on hold on for a second

1652
01:12:17,970 --> 01:12:14,980
here don't derail this show come in here

1653
01:12:19,790 --> 01:12:17,980
and take over talking about food trying

1654
01:12:21,870 --> 01:12:19,800
to trying to pull at my heartstrings

1655
01:12:24,690 --> 01:12:21,880
Billy can you cook

1656
01:12:29,780 --> 01:12:24,700
I can cook man I can really throw down

1657
01:12:32,970 --> 01:12:29,790
really but do you run a clean lifestyle

1658
01:12:40,500 --> 01:12:32,980
all of the recipes for the fade to black

1659
01:12:43,170 --> 01:12:40,510
cookbook have to involve beef you

1660
01:12:48,290 --> 01:12:43,180
ignored him I'm making up the rules the

1661
01:12:53,790 --> 01:12:51,660
anyway if you give us

1662
01:12:57,330 --> 01:12:53,800
I'll have something phenomenal for you I

1663
01:12:58,680 --> 01:12:57,340

do a phenomenal vegan baked ziti yeah I

1664

01:13:00,900 --> 01:12:58,690

will blow your mind you won't even know

1665

01:13:02,550 --> 01:13:00,910

that it's not real meat in there I got

1666

01:13:04,200 --> 01:13:02,560

so many dishes I mean you know my own I

1667

01:13:06,120 --> 01:13:04,210

own plant-based alternatives on

1668

01:13:09,330 --> 01:13:06,130

Instagram and Facebook which there's

1669

01:13:11,250 --> 01:13:09,340

almost a million followers in itself and

1670

01:13:13,350 --> 01:13:11,260

on there are nothing but hundreds and

1671

01:13:15,090 --> 01:13:13,360

hundreds of recipes of food to show

1672

01:13:17,370 --> 01:13:15,100

people that we don't just eat lettuce

1673

01:13:21,570 --> 01:13:17,380

and grass we actually have real real

1674

01:13:23,910 --> 01:13:21,580

meals okay I know food was a big

1675

01:13:28,140 --> 01:13:23,920

interest for you I knew you ate well but

1676

01:13:33,479 --> 01:13:28,150

I just didn't know and he's a basketball

1677

01:13:40,860 --> 01:13:33,489

coach man okay but but Billy I'm gonna

1678

01:13:45,540 --> 01:13:40,870

ask you this why is it that vegan right

1679

01:13:49,200 --> 01:13:45,550

will always say it's it tastes like me

1680

01:13:52,470 --> 01:13:49,210

you'll never know that it's not me

1681

01:13:53,640 --> 01:13:52,480

why put the emphasis on that I mean well

1682

01:13:54,870 --> 01:13:53,650

you're trying to get people to

1683

01:13:57,060 --> 01:13:54,880

understand that there's something that

1684

01:13:58,620 --> 01:13:57,070

about meat that people obviously they

1685

01:14:00,689 --> 01:13:58,630

liked the texture they like they're so

1686

01:14:02,760 --> 01:14:00,699

you because you're so used to it so you

1687

01:14:04,709 --> 01:14:02,770

want them to feel like it's not just you

1688

01:14:07,320 --> 01:14:04,719

eating a bunch of grass or you know you

1689

01:14:09,180 --> 01:14:07,330

had a cow or something but that you

1690

01:14:11,340 --> 01:14:09,190

there's actually some substance and some

1691

01:14:12,870 --> 01:14:11,350

you know some hardiness to the meal

1692

01:14:15,150 --> 01:14:12,880

that's gonna give you that same

1693

01:14:16,770 --> 01:14:15,160

quote-unquote satisfaction even of the

1694

01:14:18,810 --> 01:14:16,780

feeling of being full and everything

1695

01:14:20,700 --> 01:14:18,820

right so it's a way to help people kind

1696

01:14:22,709 --> 01:14:20,710

of correlate what it you know what the

1697

01:14:25,080 --> 01:14:22,719

food is gonna be like when they try to

1698

01:14:27,689 --> 01:14:25,090

eat it so you can you know and I'm not

1699

01:14:29,430 --> 01:14:27,699

one of those hardcore vegan guys like

1700

01:14:30,900 --> 01:14:29,440

nobody can come around me eating I don't

1701

01:14:33,990 --> 01:14:30,910

care what anybody eats to be honest with

1702

01:14:36,090 --> 01:14:34,000

you around me or whatever you know and I

1703

01:14:38,220 --> 01:14:36,100

have some some buddies around me that

1704

01:14:39,330 --> 01:14:38,230

doesn't eat that's not a vegan it

1705

01:14:40,860 --> 01:14:39,340

doesn't matter doesn't bother me

1706

01:14:44,189 --> 01:14:40,870

whatsoever they can eat whatever they

1707

01:14:45,419 --> 01:14:44,199

want I just eat what I eat and I really

1708

01:14:46,860 --> 01:14:45,429

did be honest with you I began eating

1709

01:14:48,780 --> 01:14:46,870

like this because I was afraid to

1710

01:14:50,880 --> 01:14:48,790

swallow the meat when I was you know a

1711

01:14:52,350 --> 01:14:50,890

kid right I was afraid I just knew that

1712

01:14:54,000 --> 01:14:52,360

there were blood vessels and things in

1713

01:14:55,530 --> 01:14:54,010

there to me it looked kind of grossed me

1714

01:14:56,970 --> 01:14:55,540

out so I didn't want to eat you swallow

1715

01:14:58,439 --> 01:14:56,980

I would just chew it and spit it out and

1716

01:15:00,150 --> 01:14:58,449

then my dad got mad and my mom would

1717

01:15:02,010 --> 01:15:00,160

just give me side dishes right right

1718

01:15:03,570 --> 01:15:02,020

yeah it's not like I'm trying to beat

1719

01:15:04,740 --> 01:15:03,580

that whole world down to be a vegan it's

1720

01:15:08,970 --> 01:15:04,750

just what I

1721

01:15:11,010 --> 01:15:08,980

like what what I don't understand and I

1722

01:15:14,180 --> 01:15:11,020

haven't quite figured this out because

1723

01:15:18,570 --> 01:15:14,190

I've gone through periods of my life of

1724

01:15:21,990 --> 01:15:18,580

attempting a vegan diet or a vegetarian

1725

01:15:25,130 --> 01:15:22,000

diet I should say yeah and and Rita and

1726

01:15:28,530 --> 01:15:25,140

I will go out and we'll have a vegan day

1727

01:15:31,440 --> 01:15:28,540

right we'll be with our vegan friends

1728

01:15:32,970 --> 01:15:31,450

and we'll have a vegan lunch and a vegan

1729

01:15:33,710 --> 01:15:32,980

dinner let me tell you something on the

1730

01:15:38,250 --> 01:15:33,720

way home

1731

01:15:41,160 --> 01:15:38,260

mmm-hmm were starving and I will I will

1732

01:15:46,850 --> 01:15:41,170

pull it I will pull into the first

1733

01:15:50,910 --> 01:15:46,860

frigging hot dog stand that we see and

1734

01:15:53,910 --> 01:15:50,920

and I can't I can't figure that part of

1735

01:15:57,390 --> 01:15:53,920

it out and I can't Institute the change

1736

01:15:59,100 --> 01:15:57,400

and then and I go back and I'm not doing

1737

01:16:03,210 --> 01:15:59,110

this for Laughs I'm just telling you how

1738

01:16:07,520 --> 01:16:03,220

it is right man Benihana has got to be

1739

01:16:11,820 --> 01:16:07,530

open right now come on let's go and so

1740

01:16:16,170 --> 01:16:11,830

years ago I was a 21 22 years old and I

1741

01:16:19,680 --> 01:16:16,180

did it like a full solid year of no red

1742

01:16:22,710 --> 01:16:19,690

meat okay I did chicken and fish and and

1743

01:16:28,500 --> 01:16:22,720

and that was like every other day I did

1744

01:16:33,450 --> 01:16:28,510

I committed after a year my band signed

1745

01:16:39,660 --> 01:16:33,460

a deal right and and the manager took us

1746

01:16:42,090 --> 01:16:39,670

out to a Japanese Steakhouse in Pasadena

1747

01:16:44,520 --> 01:16:42,100

and I'm kind of freaking out about it

1748

01:16:47,580 --> 01:16:44,530

right I thought oh man if I eat a steak

1749

01:16:49,890 --> 01:16:47,590

I'll die you know if it's so good for a

1750

01:16:51,600 --> 01:16:49,900

year I don't know how my system and I

1751

01:16:52,620 --> 01:16:51,610

get there and I'm smelling and I'm gonna

1752

01:16:57,330 --> 01:16:52,630

tell you right now

1753

01:17:00,630 --> 01:16:57,340

I had a filet mignon okay grilled and I

1754

01:17:04,140 --> 01:17:00,640

ate the whole thing and I thought I was

1755

01:17:07,950 --> 01:17:04,150

probably gonna be in a hospital I woke

1756

01:17:12,750 --> 01:17:07,960

up I woke up the next day and I felt

1757

01:17:16,920 --> 01:17:12,760

great right and and I just thought to

1758

01:17:18,750 --> 01:17:16,930

myself this is this all you know is this

1759

01:17:21,450 --> 01:17:18,760

all made up is it is it

1760

01:17:24,240 --> 01:17:21,460

just made up because I think it's

1761

01:17:26,370 --> 01:17:24,250

different body types Jimmy yeah I'm

1762

01:17:28,020 --> 01:17:26,380

curious about the blood type diet what

1763

01:17:30,299 --> 01:17:28,030

do you think about that Billy have you

1764

01:17:33,209 --> 01:17:30,309

looked at that at all the blood type

1765

01:17:35,250 --> 01:17:33,219

diet yeah looking at different blood

1766

01:17:38,669 --> 01:17:35,260

types and how you need to eat for that

1767

01:17:45,540 --> 01:17:38,679

because I think some people need me and

1768

01:17:47,609 --> 01:17:45,550

some people you know enzymes that are in

1769

01:17:50,549 --> 01:17:47,619

different types of foods that others

1770

01:17:53,009 --> 01:17:50,559

don't maybe not need I'm one of the very

1771

01:17:55,229 --> 01:17:53,019

rare people on the planet that only 15%

1772

01:17:57,180 --> 01:17:55,239

of the world has my blood type and I

1773

01:17:58,649 --> 01:17:57,190

have to donate my blood to the local

1774

01:17:59,939 --> 01:17:58,659

blood bank so I can have a store of my

1775

01:18:01,799 --> 01:17:59,949

own blood in case something happens to

1776

01:18:03,359 --> 01:18:01,809

me so I go and give a pint every now and

1777

01:18:08,279 --> 01:18:03,369

then because I have you know Rh negative

1778

01:18:09,990 --> 01:18:08,289

blood but you know so it could be I you

1779

01:18:11,640 --> 01:18:10,000

know I would I could believe I could see

1780

01:18:14,399 --> 01:18:11,650

that happening certain blood types would

1781

01:18:16,140 --> 01:18:14,409

need you know certain enzymes and stuff

1782

01:18:17,339 --> 01:18:16,150

that other people everybody's genetics

1783

01:18:20,160 --> 01:18:17,349

are slightly different and everybody

1784

01:18:23,250 --> 01:18:20,170

responds to food a different way some

1785

01:18:24,779 --> 01:18:23,260

people can get on a vegan diet and feel

1786

01:18:27,029 --> 01:18:24,789

like they're dying and some people can

1787

01:18:29,339 --> 01:18:27,039

thrive off of and become bodybuilders in

1788

01:18:31,500 --> 01:18:29,349

the u.s. Olympics you know so it just

1789

01:18:33,569 --> 01:18:31,510

depends on the body type and also the

1790

01:18:35,430 --> 01:18:33,579

the science behind what they're eating

1791

01:18:37,259 --> 01:18:35,440

and the meal prep and everything else

1792

01:18:38,729 --> 01:18:37,269

you know some people think it's just get

1793

01:18:44,520 --> 01:18:38,739

on my be a vegan I'm just only gonna eat

1794

01:18:50,250 --> 01:18:44,530

you know salads right right you know I

1795

01:18:52,319 --> 01:18:50,260

do I do i balance things out we do and

1796

01:18:56,910 --> 01:18:52,329

Stacy thank you for the phone call we do

1797

01:18:58,709 --> 01:18:56,920

try to you know we're choosing you know

1798

01:19:02,100 --> 01:18:58,719

fruits and vegetables when we buy all

1799

01:19:03,689 --> 01:19:02,110

organic and and there are probably every

1800

01:19:09,779 --> 01:19:03,699

other night of the week I'm just like

1801
01:19:12,990 --> 01:19:09,789
tonight a salad a salad with chicken but

1802
01:19:15,359 --> 01:19:13,000
but I we we do and I know that I'm much

1803
01:19:17,790 --> 01:19:15,369
more healthier than I've ever been in my

1804
01:19:21,390 --> 01:19:17,800
life and I feel great but I think

1805
01:19:23,580 --> 01:19:21,400
everything that you introduced to your

1806
01:19:27,359 --> 01:19:23,590
body has it needs to be the right

1807
01:19:29,279 --> 01:19:27,369
version of that whatever it is it needs

1808
01:19:31,080 --> 01:19:29,289
to be the right healthy version of that

1809
01:19:32,100 --> 01:19:31,090
needs to be the correct meat it needs to

1810
01:19:35,399 --> 01:19:32,110
be the correct fish

1811
01:19:38,640 --> 01:19:35,409
needs to be the correct vegetables no

1812
01:19:41,060 --> 01:19:38,650
GMO anything organic

1813
01:19:43,770 --> 01:19:41,070

absolutely the purest organic

1814

01:19:46,229 --> 01:19:43,780

farm-to-table if you can pull it off you

1815

01:19:48,060 --> 01:19:46,239

know so you know I'm not I'm not

1816

01:19:51,209 --> 01:19:48,070

pooh-poohing it I just find it very

1817

01:19:52,620 --> 01:19:51,219

funny how vegans always well you know

1818

01:19:58,020 --> 01:19:52,630

what check this out and you know what

1819

01:19:58,649 --> 01:19:58,030

tastes like it tastes like meat tastes

1820

01:20:01,800 --> 01:19:58,659

like chicken

1821

01:20:03,720 --> 01:20:01,810

you know they do they do Stacy thank you

1822

01:20:06,959 --> 01:20:03,730

so much for the phone call and enjoy the

1823

01:20:09,540 --> 01:20:06,969

rest of you you too good night good

1824

01:20:13,859 --> 01:20:09,550

night Billy good party all right

1825

01:20:16,709 --> 01:20:13,869

so I'm interested in the baked ziti okay

1826
01:20:20,970 --> 01:20:16,719
I'm gonna let everybody know that Billy

1827
01:20:22,410 --> 01:20:20,980
has sent me this image I'm in a holy

1828
01:20:27,510 --> 01:20:22,420
crap moment

1829
01:20:29,609 --> 01:20:27,520
in looking at this image of Venus okay

1830
01:20:32,100 --> 01:20:29,619
we're gonna come back after the break

1831
01:20:35,160 --> 01:20:32,110
drive your permission can I post this on

1832
01:20:37,500 --> 01:20:35,170
Twitter post it everywhere absolutely

1833
01:20:38,939 --> 01:20:37,510
I'll send you the corresponding image it

1834
01:20:41,850 --> 01:20:38,949
kind of looks like the Burj Khalifa in

1835
01:20:44,040 --> 01:20:41,860
Dubai you know like the look from space

1836
01:20:51,050 --> 01:20:44,050
what it might look like this is pretty

1837
01:20:57,979 --> 01:20:55,320
global mapping where this has taken from

1838
01:21:00,270 --> 01:20:57,989

so this isn't something that was

1839

01:21:02,040 --> 01:21:00,280

manipulated or anything like that so

1840

01:21:03,930 --> 01:21:02,050

we're gonna talk about this after the

1841

01:21:06,510 --> 01:21:03,940

break I'm gonna get it posted up in

1842

01:21:09,330 --> 01:21:06,520

Twitter in the meantime the lines are

1843

01:21:13,140 --> 01:21:09,340

open seven four seven two two eight two

1844

01:21:16,379 --> 01:21:13,150

zero five one and this is night one

1845

01:21:19,140 --> 01:21:16,389

night number one of our open lines we

1846

01:21:21,020 --> 01:21:19,150

here on fade to black and I've got to

1847

01:21:24,270 --> 01:21:21,030

hit this button right here I just did

1848

01:21:26,240 --> 01:21:24,280

Billy Carson more with Billy right after

1849

01:21:37,950 --> 01:21:26,250

this short break stay with us

1850

01:21:44,620 --> 01:21:42,609

welcome back fade to black four straight

1851
01:21:47,260 --> 01:21:44,630
days of open lines here on fade to black

1852
01:21:51,339 --> 01:21:47,270
tonight Billy Carson seven four seven

1853
01:21:55,569 --> 01:21:51,349
two two eight two zero five one and I've

1854
01:21:59,080 --> 01:21:55,579
got to say that Billy I didn't expect

1855
01:22:05,790 --> 01:21:59,090
this tonight looking at these Venis

1856
01:22:08,530 --> 01:22:05,800
images I have never seen these before or

1857
01:22:15,069 --> 01:22:08,540
expected to see what I am looking at

1858
01:22:17,399 --> 01:22:15,079
here I just posted this up on Twitter I

1859
01:22:20,319 --> 01:22:17,409
want every but now he sent me a bunch

1860
01:22:22,899 --> 01:22:20,329
but this first image is enough to stir

1861
01:22:29,140 --> 01:22:22,909
the pot it's pretty pretty bleep and

1862
01:22:32,020 --> 01:22:29,150
nutty okay before I would say you know

1863
01:22:35,319 --> 01:22:32,030

it's pixelization and and that's what

1864

01:22:41,020 --> 01:22:35,329

we're looking at here others but we have

1865

01:22:45,689 --> 01:22:41,030

the elements of curves of avenues next

1866

01:22:49,569 --> 01:22:45,699

to the cross that sees shaped cul-de-sac

1867

01:22:51,689 --> 01:22:49,579

that is and there's a there's a few of

1868

01:22:55,540 --> 01:22:51,699

those here it's not the only one and

1869

01:22:57,250 --> 01:22:55,550

it's not a consistent what's the word

1870

01:22:59,319 --> 01:22:57,260

that I want to use a consistent

1871

01:23:02,500 --> 01:22:59,329

pixelization where everything is the

1872

01:23:08,169 --> 01:23:02,510

same but that's not what is going on

1873

01:23:09,700 --> 01:23:08,179

here this is a friggin City yeah that's

1874

01:23:13,330 --> 01:23:09,710

the city man I'm telling you exactly

1875

01:23:15,399 --> 01:23:13,340

it's exactly what it is and I sent you

1876

01:23:17,530 --> 01:23:15,409

if you look at the third email I sent

1877

01:23:19,930 --> 01:23:17,540

it's from another building called nearby

1878

01:23:22,359 --> 01:23:19,940

er this city the building itself is

1879

01:23:24,669 --> 01:23:22,369

massive it's one solid structure that

1880

01:23:28,120 --> 01:23:24,679

zoomed in you can get a clear view of it

1881

01:23:31,899 --> 01:23:28,130

it's really absolutely amazing

1882

01:23:34,510 --> 01:23:31,909

I mean it's chests and each window has a

1883

01:23:36,390 --> 01:23:34,520

cross on it on the fourth one are the

1884

01:23:39,220 --> 01:23:36,400

third one I'm sorry the third and email

1885

01:23:44,439 --> 01:23:39,230

yeah so it's pretty interesting okay I'm

1886

01:23:48,430 --> 01:23:44,449

looking at okay so I've got two okay

1887

01:23:51,080 --> 01:23:48,440

I've got Venus picture two and then

1888

01:24:01,190 --> 01:23:57,740

is okay I let's go I'm gonna post image

1889

01:24:04,130 --> 01:24:01,200

number two please the Burj Khalifa sorry

1890

01:24:05,630 --> 01:24:04,140

so maybe it wasn't maybe it's for here

1891

01:24:08,270 --> 01:24:05,640

for Venus image four is the one of the

1892

01:24:10,400 --> 01:24:08,280

bigger one solid structure in one image

1893

01:24:14,240 --> 01:24:10,410

you can see the railing and everything

1894

01:24:19,520 --> 01:24:14,250

there as well what is now are the cross

1895

01:24:21,950 --> 01:24:19,530

it hmm okay I want to I'm gonna post a

1896

01:24:26,810 --> 01:24:21,960

picture number two which is the side

1897

01:24:28,370 --> 01:24:26,820

views yeah that's pretty interesting too

1898

01:24:33,080 --> 01:24:28,380

while I'm posting this tell everybody

1899

01:24:35,120 --> 01:24:33,090

what they're about to see well about to

1900

01:24:37,370 --> 01:24:35,130

see some structures that are on the

1901

01:24:39,230 --> 01:24:37,380

surface of Venus which are very very

1902

01:24:40,610 --> 01:24:39,240

bizarre because again it should be

1903

01:24:44,270 --> 01:24:40,620

nothing there but these almost look like

1904

01:24:46,550 --> 01:24:44,280

craft they have geometry to them they

1905

01:24:48,710 --> 01:24:46,560

have bends and curves to them they

1906

01:24:51,530 --> 01:24:48,720

appear to be sitting on top of the

1907

01:24:53,900 --> 01:24:51,540

surface of Venus itself

1908

01:24:58,670 --> 01:24:53,910

these images are hosted directly on the

1909

01:25:01,010 --> 01:24:58,680

GSU edu website for hyper-physics this

1910

01:25:02,980 --> 01:25:01,020

is these are the official images in

1911

01:25:05,510 --> 01:25:02,990

other words these aren't any edited or

1912

01:25:07,220 --> 01:25:05,520

photoshopped images the link the source

1913

01:25:11,600 --> 01:25:07,230

link is provided I sent the source link

1914

01:25:13,460 --> 01:25:11,610

in the image to Jimmy and if you really

1915

01:25:16,000 --> 01:25:13,470

analyze these anomalies with the

1916

01:25:19,880 --> 01:25:16,010

magnifying glass or zoom in

1917

01:25:21,740 --> 01:25:19,890

foof its crappy it's really amazing it's

1918

01:25:23,270 --> 01:25:21,750

really astounding what you see here

1919

01:25:25,400 --> 01:25:23,280

because to me it looks like a vehicle

1920

01:25:27,740 --> 01:25:25,410

sitting by a tower another vehicle

1921

01:25:29,330 --> 01:25:27,750

standing alone and towards the bottom of

1922

01:25:30,950 --> 01:25:29,340

the image is something really bizarre

1923

01:25:32,570 --> 01:25:30,960

that I just put a question mark on

1924

01:25:33,800 --> 01:25:32,580

because I can't figure out what it is it

1925

01:25:35,930 --> 01:25:33,810

just doesn't look like a bunch of rocks

1926

01:25:37,600 --> 01:25:35,940

to me and this is on the surface of

1927

01:25:41,540 --> 01:25:37,610

Venus what is it doing there

1928

01:25:44,510 --> 01:25:41,550

and this the the third image which is a

1929

01:25:50,300 --> 01:25:44,520

comparison of Dubai you know here on

1930

01:25:54,260 --> 01:25:50,310

earth this is I don't even this is

1931

01:25:56,890 --> 01:25:54,270

exactly what I'm thinking about when I

1932

01:25:59,090 --> 01:25:56,900

look at this is that it is definitely

1933

01:26:02,480 --> 01:25:59,100

terrestrial you know but the cul-de-sacs

1934

01:26:04,790 --> 01:26:02,490

and the curves right that's pretty

1935

01:26:08,690 --> 01:26:04,800

incredible man pretty incredible

1936

01:26:11,890 --> 01:26:08,700

I'm posting up three now now with the

1937

01:26:15,050 --> 01:26:11,900

fourth image that you sent and this is

1938

01:26:17,810 --> 01:26:15,060

this is okay I'm gonna go back to image

1939

01:26:19,930 --> 01:26:17,820

number two really quick that yeah that

1940

01:26:23,390 --> 01:26:19,940

again that doesn't look like

1941

01:26:27,320 --> 01:26:23,400

pixelization and there's a shadow that

1942

01:26:30,080 --> 01:26:27,330

is cast from both of these structures

1943

01:26:35,840 --> 01:26:30,090

whatever they are I mean what else could

1944

01:26:37,910 --> 01:26:35,850

and and if it's pixelization which I you

1945

01:26:40,400 --> 01:26:37,920

know I always try to figure out what

1946

01:26:44,090 --> 01:26:40,410

actually what's going on but you have

1947

01:26:46,670 --> 01:26:44,100

legs you know something is supporting

1948

01:26:51,980 --> 01:26:46,680

this structure and it looks like there's

1949

01:26:55,460 --> 01:26:51,990

a Windows two as well right it's it's

1950

01:26:57,530 --> 01:26:55,470

crazy I mean it's there to me they look

1951

01:26:59,450 --> 01:26:57,540

like craft of some sort or some type of

1952

01:27:02,540 --> 01:26:59,460

vehicle maybe that maneuvers around the

1953

01:27:04,040 --> 01:27:02,550

surface of the planet maybe they're just

1954

01:27:06,410 --> 01:27:04,050

very bizarre and they like you said they

1955

01:27:08,930 --> 01:27:06,420

have shadow they have and this is all

1956

01:27:10,760 --> 01:27:08,940

you know this isn't any crazy Photoshop

1957

01:27:12,410 --> 01:27:10,770

this is I said I provide the source link

1958

01:27:13,850 --> 01:27:12,420

I mean everybody anybody can go look it

1959

01:27:14,950 --> 01:27:13,860

up it's not just for me I want the world

1960

01:27:18,650 --> 01:27:14,960

to find these things

1961

01:27:23,300 --> 01:27:18,660

now in the fourth image which I'm about

1962

01:27:25,190 --> 01:27:23,310

to post up to as well right now the

1963

01:27:28,210 --> 01:27:25,200

crosses that are there there there

1964

01:27:32,560 --> 01:27:28,220

appears to be what four or five yeah

1965

01:27:35,270 --> 01:27:32,570

mm-hmm and could that be an alignment

1966

01:27:38,390 --> 01:27:35,280

crosshair with the camera or maybe the

1967

01:27:41,960 --> 01:27:38,400

computer system are you talking about

1968

01:27:45,340 --> 01:27:41,970

image them before yeah no those are

1969

01:27:47,660 --> 01:27:45,350

there and and and anywhere you go on the

1970

01:27:49,610 --> 01:27:47,670

well to see the reason why I can't be is

1971

01:27:51,230 --> 01:27:49,620

because these aren't camera images first

1972

01:27:54,680 --> 01:27:51,240

of all these are images take these are

1973

01:27:57,380 --> 01:27:54,690

radar images say how we got these images

1974

01:28:00,200 --> 01:27:57,390

where we took a radar scan of the entire

1975

01:28:02,270 --> 01:28:00,210

planet so as a planet rotated on his

1976

01:28:06,770 --> 01:28:02,280

axis we did a radar deep penetrating

1977

01:28:08,630 --> 01:28:06,780

radar scan at usgs.gov and save store

1978

01:28:11,750 --> 01:28:08,640

all the data there so this is a complete

1979

01:28:15,680 --> 01:28:11,760

radar image of what's on the surface so

1980

01:28:17,390 --> 01:28:15,690

it's not a picture it's radar its radar

1981

01:28:18,320 --> 01:28:17,400

these are radar images yeah that

1982

01:28:23,630 --> 01:28:18,330

bypasses any

1983

01:28:27,640 --> 01:28:23,640

type of camera lens anomaly this is uh

1984

01:28:30,740 --> 01:28:27,650

this pretty incredible man yeah I know

1985

01:28:31,820 --> 01:28:30,750

the images that I have everybody I don't

1986

01:28:34,700 --> 01:28:31,830

want to bum you out

1987

01:28:38,330 --> 01:28:34,710

but Billy sent me the really really big

1988

01:28:41,330 --> 01:28:38,340

ones and when it when you send these

1989

01:28:44,450 --> 01:28:41,340

over and post them on Twitter they're

1990

01:28:47,150 --> 01:28:44,460

small okay they're nothing like what I'm

1991

01:28:50,300 --> 01:28:47,160

looking at here at the it was so there's

1992

01:28:53,900 --> 01:28:50,310

a string of one-two-three-four

1993

01:29:00,290 --> 01:28:53,910

let me bounce back to my one two three

1994

01:29:06,130 --> 01:29:00,300

four it looks like five five six crosses

1995

01:29:08,570 --> 01:29:06,140

in this image there could be more wow

1996

01:29:10,340 --> 01:29:08,580

it's really amazing stuff and the

1997

01:29:13,370 --> 01:29:10,350

building itself the structure its office

1998

01:29:15,140 --> 01:29:13,380

it's a pretty massive structure and how

1999

01:29:16,460 --> 01:29:15,150

we know the size is is because there's a

2000

01:29:18,490 --> 01:29:16,470

measuring tool so I'm gonna send you a

2001

01:29:23,750 --> 01:29:18,500

fifth email that actually has a

2002

01:29:27,080 --> 01:29:23,760

screenshot of the actual USGS gov tool

2003

01:29:29,360 --> 01:29:27,090

that's used to find these images from

2004

01:29:31,400 --> 01:29:29,370

Venus so that you can see that that what

2005

01:29:35,330 --> 01:29:31,410

you're looking at is in this screenshot

2006

01:29:36,560 --> 01:29:35,340

of the actual tool from USGS gov not

2007

01:29:38,090 --> 01:29:36,570

something that you know that's just

2008

01:29:39,920 --> 01:29:38,100

fabricated I'm gonna send it to you this

2009

01:29:41,900 --> 01:29:39,930

is right from my desktop here and I just

2010

01:29:44,600 --> 01:29:41,910

screenshot of it and I'm gonna send it

2011

01:29:46,250 --> 01:29:44,610

to you right now and these structures

2012

01:29:49,130 --> 01:29:46,260

are all over the place on the surface

2013

01:29:50,690 --> 01:29:49,140

it's really amazing stuff and you know

2014

01:29:52,100 --> 01:29:50,700

it blows people's minds when they see

2015

01:29:55,760 --> 01:29:52,110

there's not that many people have seen

2016

01:30:01,310 --> 01:29:55,770

it but it's you know it's really amazing

2017

01:30:04,100 --> 01:30:01,320

stuff Venus v I am blown away yeah I

2018

01:30:07,220 --> 01:30:04,110

mean I don't know what to make of what

2019

01:30:09,350 --> 01:30:07,230

I'm looking at just okay let's say okay

2020

01:30:14,210 --> 01:30:09,360

so these are radar images is there a

2021

01:30:17,810 --> 01:30:14,220

possibility except for this one an image

2022

01:30:19,910 --> 01:30:17,820

number for that 45 degree angle at the

2023

01:30:22,820 --> 01:30:19,920

top of this building is pretty dang

2024

01:30:25,760 --> 01:30:22,830

interesting yeah that doesn't look

2025

01:30:27,950 --> 01:30:25,770

natural and I'm just wondering if these

2026

01:30:30,830 --> 01:30:27,960

could be some type of

2027

01:30:34,100 --> 01:30:30,840

superheated lava tubes or something

2028

01:30:38,510 --> 01:30:34,110

underneath the surface then organically

2029

01:30:40,220 --> 01:30:38,520

form these right angles and these listen

2030

01:30:42,530 --> 01:30:40,230

anything is possible because we're not

2031

01:30:45,740 --> 01:30:42,540

there but what we can do is we can

2032

01:30:48,200 --> 01:30:45,750

forensically analyze it and say based on

2033

01:30:49,790 --> 01:30:48,210

what we know this looks like a city from

2034

01:30:53,870 --> 01:30:49,800

space looking down from you know from

2035

01:30:55,520 --> 01:30:53,880

high up five or ten miles up is what it

2036

01:31:00,890 --> 01:30:55,530

looks like you know looking back down to

2037

01:31:03,430 --> 01:31:00,900

the planet and you know could it be just

2038

01:31:06,980 --> 01:31:03,440

naturally forming structures it could be

2039

01:31:11,210 --> 01:31:06,990

but wow over that vast amount of space

2040

01:31:14,060 --> 01:31:11,220

because this one anomaly is 256 miles

2041

01:31:16,280 --> 01:31:14,070

this city is 256 miles across using the

2042

01:31:18,500 --> 01:31:16,290

measuring tool provided by USGS gov

2043

01:31:20,360 --> 01:31:18,510

itself right as a tool in the actual

2044

01:31:22,790 --> 01:31:20,370

program that lets you measure this the

2045

01:31:25,750 --> 01:31:22,800

distances so I'm talking about I mean

2046

01:31:28,130 --> 01:31:25,760

you know usually anomalies okay you know

2047

01:31:31,490 --> 01:31:28,140

maybe you can find some within a square

2048

01:31:37,220 --> 01:31:31,500

mile or a square few meters but for 256

2049

01:31:39,860 --> 01:31:37,230

miles that's a big-ass anomaly right wow

2050

01:31:44,390 --> 01:31:39,870

this is uh this is really really cool

2051
01:31:47,030 --> 01:31:44,400
this is really fun to look at I I don't

2052
01:31:50,720 --> 01:31:47,040
know what I'm seeing here to be honest

2053
01:31:52,700 --> 01:31:50,730
with you I don't know how to to digest

2054
01:31:57,380 --> 01:31:52,710
this and certainly going back to the

2055
01:31:59,720 --> 01:31:57,390
first image this I don't know if there's

2056
01:32:03,050 --> 01:31:59,730
any other way to explain this except for

2057
01:32:06,740 --> 01:32:03,060
this was manufactured I don't I don't

2058
01:32:10,990 --> 01:32:06,750
see this being natural and the other

2059
01:32:13,700 --> 01:32:11,000
part about this is you can see the the

2060
01:32:15,620 --> 01:32:13,710
natural terrain on the outside but here

2061
01:32:18,410 --> 01:32:15,630
concentrated in the middle is nothing

2062
01:32:21,260 --> 01:32:18,420
more than a city or a large town there's

2063
01:32:23,810 --> 01:32:21,270

no other way to explain it right right

2064

01:32:25,430 --> 01:32:23,820

it's very interesting and that cross is

2065

01:32:27,680 --> 01:32:25,440

what stood out to me that was what

2066

01:32:29,360 --> 01:32:27,690

brought me in drew me into this area as

2067

01:32:31,640 --> 01:32:29,370

soon as I saw that cross I said what in

2068

01:32:32,870 --> 01:32:31,650

the world am I looking at and it kind of

2069

01:32:35,780 --> 01:32:32,880

looks like it's attached to this

2070

01:32:38,240 --> 01:32:35,790

structure and it rises up above the

2071

01:32:39,460 --> 01:32:38,250

structure until like a spire and I'm

2072

01:32:44,830 --> 01:32:39,470

like what in the

2073

01:32:46,600 --> 01:32:44,840

world is going on here you know so it's

2074

01:32:49,450 --> 01:32:46,610

just it's just mind-boggling

2075

01:32:51,280 --> 01:32:49,460

it really is just mind-boggling yeah the

2076

01:32:53,500 --> 01:32:51,290

blue George Noory away a blue everybody

2077

01:32:55,720 --> 01:32:53,510

at Gaia where they just like was wowed

2078

01:32:56,680 --> 01:32:55,730

and of course they bet everything so

2079

01:32:58,960 --> 01:32:56,690

when they went looked it up themselves

2080

01:33:00,430 --> 01:32:58,970

and I showed him how to get to it

2081

01:33:03,250 --> 01:33:00,440

through the tool and they were like wow

2082

01:33:05,710 --> 01:33:03,260

this is really here this is amazing yeah

2083

01:33:07,000 --> 01:33:05,720

yeah this is uh now here's something

2084

01:33:08,800 --> 01:33:07,010

really interesting you probably didn't

2085

01:33:13,000 --> 01:33:08,810

know but never fourteen landed on Venus

2086

01:33:14,830 --> 01:33:13,010

and it restarted recording and it

2087

01:33:18,310 --> 01:33:14,840

recorded something moving around in

2088

01:33:20,080 --> 01:33:18,320

front of the actual probe the lander and

2089

01:33:21,520 --> 01:33:20,090

it looked like a crab and it walked

2090

01:33:23,080 --> 01:33:21,530

around and it moved around and then it

2091

01:33:26,410 --> 01:33:23,090

by the third day it was completely gone

2092

01:33:29,170 --> 01:33:26,420

and you can find this easily by just

2093

01:33:31,210 --> 01:33:29,180

looking up anomaly Venera fourteen

2094

01:33:33,400 --> 01:33:31,220

anomaly over a Russian probe Venus

2095

01:33:36,670 --> 01:33:33,410

anomaly you'll find it on YouTube the

2096

01:33:40,510 --> 01:33:36,680

official Russian Space Agency footage

2097

01:33:41,710 --> 01:33:40,520

unedited unaltered NASA response to it

2098

01:33:44,800 --> 01:33:41,720

was they think that it might have been a

2099

01:33:47,350 --> 01:33:44,810

lens cap that fell off of their Lander

2100

01:33:49,750 --> 01:33:47,360

yeah okay this thing had legs it had

2101
01:33:52,240 --> 01:33:49,760
antennae it had feet it you know it

2102
01:33:55,510 --> 01:33:52,250
looked like a sort of like what we would

2103
01:33:57,280 --> 01:33:55,520
call a land crab on the surface what is

2104
01:33:59,200 --> 01:33:57,290
that thing doing on there if it's you

2105
01:34:01,060 --> 01:33:59,210
know if it was real it's dead you know I

2106
01:34:04,630 --> 01:34:01,070
mean supposedly nothing can live there

2107
01:34:07,870 --> 01:34:04,640
but I think things can live there and

2108
01:34:09,850 --> 01:34:07,880
that is this first image image number

2109
01:34:12,850 --> 01:34:09,860
one

2110
01:34:16,030 --> 01:34:12,860
now it says four hundred 256 miles

2111
01:34:16,720 --> 01:34:16,040
across is that yes is that right correct

2112
01:34:19,150 --> 01:34:16,730
yep

2113
01:34:21,880 --> 01:34:19,160

four hundred thirteen kilometers 256

2114

01:34:23,920 --> 01:34:21,890

miles if you post these on your Facebook

2115

01:34:26,800 --> 01:34:23,930

they'll be big when people click on the

2116

01:34:28,810 --> 01:34:26,810

actual image individually it'll turn

2117

01:34:30,280 --> 01:34:28,820

into a full size full screen size image

2118

01:34:31,750 --> 01:34:30,290

they can see it a lot better on Facebook

2119

01:34:33,880 --> 01:34:31,760

and I want to hear what people have to

2120

01:34:37,420 --> 01:34:33,890

say about the seven four seven two two

2121

01:34:41,050 --> 01:34:37,430

eight two zero five one seven four seven

2122

01:34:42,700 --> 01:34:41,060

two two a two zero five one and if

2123

01:34:45,160 --> 01:34:42,710

you're watching me on the video camera

2124

01:34:48,310 --> 01:34:45,170

you can see I'm not maintaining the

2125

01:34:50,079 --> 01:34:48,320

phone so like it should be I'm looking

2126

01:34:53,529 --> 01:34:50,089

at these images and

2127

01:34:59,439 --> 01:34:53,539

image number one the first one that that

2128

01:35:03,250 --> 01:34:59,449

I posted I died that just look if this

2129

01:35:04,270 --> 01:35:03,260

was on Mars people will be losing their

2130

01:35:07,540 --> 01:35:04,280

minds

2131

01:35:09,909 --> 01:35:07,550

yeah if this was on the moon they would

2132

01:35:13,389 --> 01:35:09,919

be losing their minds if this was in the

2133

01:35:17,199 --> 01:35:13,399

Sahara Desert yeah people will be losing

2134

01:35:20,500 --> 01:35:17,209

their minds this is this is that's not

2135

01:35:22,299 --> 01:35:20,510

natural man no I see they can keep this

2136

01:35:24,489 --> 01:35:22,309

hidden in plain sight because they've

2137

01:35:26,319 --> 01:35:24,499

programmed us for decades that Venus is

2138

01:35:28,299 --> 01:35:26,329

an inhospitable place and nothing can

2139

01:35:30,099 --> 01:35:28,309

survive there so in our minds we've been

2140

01:35:32,079 --> 01:35:30,109

so programmed it's actually in our DNA

2141

01:35:33,279 --> 01:35:32,089

now that nothing to live there before

2142

01:35:35,349 --> 01:35:33,289

you even think about nothing to live

2143

01:35:36,549 --> 01:35:35,359

here Oh new science that ok nothing to

2144

01:35:38,290 --> 01:35:36,559

live there even if you say oh if they've

2145

01:35:39,759 --> 01:35:38,300

NASA's change in mine own ethical live

2146

01:35:42,879 --> 01:35:39,769

there you see the programming how

2147

01:35:45,549 --> 01:35:42,889

powerful it is right well it works for

2148

01:35:47,379 --> 01:35:45,559

me yeah you know because I'm in doubt

2149

01:35:51,219 --> 01:35:47,389

right now I'm looking at this something

2150

01:35:56,079 --> 01:35:51,229

and it's impossible well I had um I had

2151
01:35:58,719 --> 01:35:56,089
read it was about a year ago where they

2152
01:36:02,020 --> 01:35:58,729
were talking a couple of things a couple

2153
01:36:06,689 --> 01:36:02,030
of notes on Venus I have just completed

2154
01:36:11,559 --> 01:36:06,699
a series of documentaries on Venus and

2155
01:36:14,409 --> 01:36:11,569
how the temperature change happened

2156
01:36:19,020 --> 01:36:14,419
there that definitely at one point

2157
01:36:23,469 --> 01:36:19,030
without question it was just like Earth

2158
01:36:25,179 --> 01:36:23,479
same temperatures water everything going

2159
01:36:29,439 --> 01:36:25,189
on there's no doubt about it

2160
01:36:32,109 --> 01:36:29,449
and then that this this change happened

2161
01:36:35,259 --> 01:36:32,119
there in the atmosphere recently this is

2162
01:36:37,509 --> 01:36:35,269
a recent change so if that is the case

2163
01:36:39,129 --> 01:36:37,519

when I say recent you know a million or

2164

01:36:42,489 --> 01:36:39,139

two million years ago they're not even

2165

01:36:47,139 --> 01:36:42,499

sure about that but if that's the case

2166

01:36:50,919 --> 01:36:47,149

certainly Venus had a few maybe four

2167

01:36:54,689 --> 01:36:50,929

billion years of evolutionary time just

2168

01:36:58,029 --> 01:36:54,699

like we had here on earth with the same

2169

01:36:58,899 --> 01:36:58,039

atmospheric conditions that we have here

2170

01:37:01,729 --> 01:36:58,909

on planet Earth

2171

01:37:04,600 --> 01:37:01,739

so what would stop

2172

01:37:06,380 --> 01:37:04,610

right what would have stopped life there

2173

01:37:10,340 --> 01:37:06,390

yeah exactly

2174

01:37:12,740 --> 01:37:10,350

well it could be a chain a slight change

2175

01:37:16,430 --> 01:37:12,750

or a slight shift in the orbit of around

2176

01:37:18,670 --> 01:37:16,440

the Sun any movement in an orbit just by

2177

01:37:23,540 --> 01:37:18,680

a few degrees can alter a planet's

2178

01:37:26,530 --> 01:37:23,550

geology and and weather pattern you know

2179

01:37:29,959 --> 01:37:26,540

that's very possible that an ancient

2180

01:37:31,850 --> 01:37:29,969

body a very large massive body as

2181

01:37:33,170 --> 01:37:31,860

scientists now do believe had come

2182

01:37:35,780 --> 01:37:33,180

through our solar system in the ancient

2183

01:37:37,790 --> 01:37:35,790

past and altered even some of the orbits

2184

01:37:40,280 --> 01:37:37,800

of some of the planets here and also

2185

01:37:43,220 --> 01:37:40,290

even gravitationally pushed Uranus I

2186

01:37:45,890 --> 01:37:43,230

believe on its side so or Neptune on its

2187

01:37:49,160 --> 01:37:45,900

side one of those two so you know it's

2188

01:37:51,650 --> 01:37:49,170

or that planet orbits the equator you

2189

01:37:53,900 --> 01:37:51,660

know it spins north to south not you

2190

01:37:55,010 --> 01:37:53,910

know east to west so it's kind of a

2191

01:37:56,600 --> 01:37:55,020

weird scenario they believe that

2192

01:37:58,190 --> 01:37:56,610

something came through our solar system

2193

01:38:00,740 --> 01:37:58,200

something really massive with a lot of

2194

01:38:02,720 --> 01:38:00,750

gravity millions of years ago in Altered

2195

01:38:03,860 --> 01:38:02,730

the orbits of the planets here and that

2196

01:38:06,800 --> 01:38:03,870

could be one of the reasons why I

2197

01:38:08,720 --> 01:38:06,810

believe you know we've got these

2198

01:38:11,479 --> 01:38:08,730

anomalies in terms of de planet to

2199

01:38:13,610 --> 01:38:11,489

geology but Venus itself you know

2200

01:38:16,580 --> 01:38:13,620

according to the stranger a pentagon

2201
01:38:18,140 --> 01:38:16,590
dying in Thor you know came from Venus

2202
01:38:21,200 --> 01:38:18,150
and that was in modern times that was

2203
01:38:23,300 --> 01:38:21,210
just a few decades ago and that was the

2204
01:38:25,130 --> 01:38:23,310
thing when I when I researched her

2205
01:38:27,800 --> 01:38:25,140
stranger at the Pentagon his valiant

2206
01:38:29,720 --> 01:38:27,810
Thor character I said well do we have

2207
01:38:31,700 --> 01:38:29,730
any Venus images nobody was looking at

2208
01:38:33,020 --> 01:38:31,710
him and an email even in my anomaly

2209
01:38:34,280 --> 01:38:33,030
hunting group nobody was looking at

2210
01:38:35,690 --> 01:38:34,290
Venus I said well let me see if there's

2211
01:38:39,020 --> 01:38:35,700
anything from Venus and I just started

2212
01:38:41,479 --> 01:38:39,030
googling Venus images and I found the

2213
01:38:43,490 --> 01:38:41,489

usgs.gov database and I started digging

2214

01:38:46,520 --> 01:38:43,500

into him and I was like oh my god what

2215

01:38:48,440 --> 01:38:46,530

in the world is going on here so really

2216

01:38:50,240 --> 01:38:48,450

I got sparked by that book stranger at

2217

01:38:52,340 --> 01:38:50,250

the Pentagon talking about dying in Thor

2218

01:38:54,800 --> 01:38:52,350

and that's in recent times that he

2219

01:38:56,150 --> 01:38:54,810

claims he's from Venus and according to

2220

01:38:58,010 --> 01:38:56,160

these images now I really kind of

2221

01:39:02,390 --> 01:38:58,020

believe it to be honest with you well

2222

01:39:06,500 --> 01:39:02,400

you go back to George Van Tassel right

2223

01:39:09,330 --> 01:39:06,510

right here giant rock out in Joshua Tree

2224

01:39:12,540 --> 01:39:09,340

in Landers California

2225

01:39:14,460 --> 01:39:12,550

and his experience which is

2226

01:39:17,760 --> 01:39:14,470

well-documented he's talked about it

2227

01:39:20,520 --> 01:39:17,770

many many times but he built an airstrip

2228

01:39:24,060 --> 01:39:20,530

out there next to that you know two

2229

01:39:26,940 --> 01:39:24,070

giant rock I have been there it's a

2230

01:39:28,860 --> 01:39:26,950

pretty unique place and it's something

2231

01:39:32,160 --> 01:39:28,870

that you just don't expect people say

2232

01:39:34,550 --> 01:39:32,170

you know giant rock right and they talk

2233

01:39:39,000 --> 01:39:34,560

about it until you go out there and

2234

01:39:41,460 --> 01:39:39,010

stand next to it and and see it there's

2235

01:39:44,250 --> 01:39:41,470

nothing that can prepare you for that

2236

01:39:45,810 --> 01:39:44,260

but he's out there a giant rock and he

2237

01:39:49,440 --> 01:39:45,820

gets woken up in the middle of the night

2238

01:39:52,500 --> 01:39:49,450

and he goes out and right there is a you

2239

01:39:53,850 --> 01:39:52,510

know craft park and he goes over and he

2240

01:39:57,630 --> 01:39:53,860

meets them and they were like hey you

2241

01:39:59,970 --> 01:39:57,640

know we're from Venus and you wanna you

2242

01:40:03,570 --> 01:39:59,980

want to go for a ride and he goes in and

2243

01:40:06,180 --> 01:40:03,580

describes the interior of the craft like

2244

01:40:10,080 --> 01:40:06,190

nothing I've ever heard before and when

2245

01:40:12,300 --> 01:40:10,090

you think about this in 1951 1952 this

2246

01:40:14,730 --> 01:40:12,310

kind of description of the control

2247

01:40:18,440 --> 01:40:14,740

panels and everything else but it was

2248

01:40:21,590 --> 01:40:18,450

Venus and all of this got dismissed

2249

01:40:24,780 --> 01:40:21,600

because of what we were later told about

2250

01:40:27,150 --> 01:40:24,790

the surface temperatures of Venus where

2251

01:40:30,000 --> 01:40:27,160

you am ready it leads us go it's just

2252

01:40:33,150 --> 01:40:30,010

fantasy but looking at these pictures

2253

01:40:35,790 --> 01:40:33,160

here Wow you know I'm not I'm not a

2254

01:40:37,020 --> 01:40:35,800

hundred percent convinced Billy but you

2255

01:40:40,140 --> 01:40:37,030

know what if something would tip the

2256

01:40:42,540 --> 01:40:40,150

scales no know what I mean this is this

2257

01:40:45,240 --> 01:40:42,550

is a this a pretty good shot here I

2258

01:40:46,770 --> 01:40:45,250

didn't expect that I really didn't look

2259

01:40:48,930 --> 01:40:46,780

it's a lot to digest

2260

01:40:50,640 --> 01:40:48,940

you know but now let's look into the

2261

01:40:53,760 --> 01:40:50,650

ancient texts if you go into the ancient

2262

01:40:56,880 --> 01:40:53,770

texts then you got to look at the

2263

01:41:00,320 --> 01:40:56,890

information about Ishtar and Venus is

2264

01:41:02,880 --> 01:41:00,330

actually considered the star of Ishtar

2265

01:41:05,220 --> 01:41:02,890

in the ancient Sumerian tablets which

2266

01:41:07,380 --> 01:41:05,230

was discovered out of Iraq and it was

2267

01:41:10,200 --> 01:41:07,390

her planet Venus was actually her planet

2268

01:41:11,880 --> 01:41:10,210

that she ruled over as well which is

2269

01:41:13,680 --> 01:41:11,890

kind of interesting so it's mentioned in

2270

01:41:16,220 --> 01:41:13,690

the ancient Sumerian tablets is a planet

2271

01:41:20,190 --> 01:41:16,230

that's habitable that this Ishtar

2272

01:41:21,960 --> 01:41:20,200

Anunnaki woman / Atlantean

2273

01:41:24,480 --> 01:41:21,970

actually ruled over and was the king of

2274

01:41:26,820 --> 01:41:24,490

the planet but let's go back to the

2275

01:41:28,110 --> 01:41:26,830

phones I've been ignoring the phones hi

2276

01:41:30,090 --> 01:41:28,120

you're live on fade to black who's

2277

01:41:32,880 --> 01:41:30,100

calling go in there Jimmy

2278

01:41:34,440 --> 01:41:32,890

it's going good who's calling this is

2279

01:41:37,260 --> 01:41:34,450

matt from winnipeg manitoba

2280

01:41:39,150 --> 01:41:37,270

you know you're justyou're we call out

2281

01:41:45,840 --> 01:41:39,160

to your friend there for the Mandela

2282

01:41:48,300 --> 01:41:45,850

effect right what have you got for Billy

2283

01:41:51,150 --> 01:41:48,310

Carson tonight okay so I've been looking

2284

01:41:53,820 --> 01:41:51,160

okay I've been looking at the Venus

2285

01:41:57,390 --> 01:41:53,830

photos here that you had described and

2286

01:42:01,020 --> 01:41:57,400

I'm curious like what he would hear

2287

01:42:04,740 --> 01:42:01,030

intake on the fact is what if we had no

2288

01:42:07,290 --> 01:42:04,750

Edie Cornwell's idea of an electric

2289

01:42:08,910 --> 01:42:07,300

universe like what happens if some of

2290

01:42:11,850 --> 01:42:08,920

these indicate has to be could have

2291

01:42:13,950 --> 01:42:11,860

happened if we looked at Saturn being a

2292

01:42:17,370 --> 01:42:13,960

second Sun that's lost its electric

2293

01:42:19,950 --> 01:42:17,380

potential and has changed the orbit of

2294

01:42:21,780 --> 01:42:19,960

our plants causing to have you know

2295

01:42:24,360 --> 01:42:21,790

electrostatic discharges that's carved

2296

01:42:27,240 --> 01:42:24,370

out all the planets what to say that

2297

01:42:30,390 --> 01:42:27,250

some of these images and the radar could

2298

01:42:32,460 --> 01:42:30,400

have been a potential carving or

2299

01:42:35,850 --> 01:42:32,470

discharge of those electrical currents

2300

01:42:38,010 --> 01:42:35,860

caused by you know plasmic discharge and

2301
01:42:40,410 --> 01:42:38,020
our sources media knew where I'm getting

2302
01:42:42,690 --> 01:42:40,420
at with it yeah yeah that makes total

2303
01:42:44,730 --> 01:42:42,700
sense listen that's another possibility

2304
01:42:47,040 --> 01:42:44,740
we can't rule anything out because why

2305
01:42:51,150 --> 01:42:47,050
we're not there we're only going by

2306
01:42:52,920 --> 01:42:51,160
images that were taking by radar and you

2307
01:42:54,600 --> 01:42:52,930
know I mean there are official images

2308
01:42:57,930 --> 01:42:54,610
they are an official and official site

2309
01:42:59,430 --> 01:42:57,940
and they're not being obviously promoted

2310
01:43:01,470 --> 01:42:59,440
to the general population like here come

2311
01:43:03,660 --> 01:43:01,480
look at our images but you can go to the

2312
01:43:05,370 --> 01:43:03,670
links and find them so it's up to us to

2313
01:43:07,590 --> 01:43:05,380

discern what's there and you know I

2314

01:43:09,180 --> 01:43:07,600

think it's very healthy to have an open

2315

01:43:11,010 --> 01:43:09,190

mind and throw out a lot of different

2316

01:43:12,780 --> 01:43:11,020

theories as to what this might be and

2317

01:43:15,090 --> 01:43:12,790

what what these anomalies might be where

2318

01:43:16,740 --> 01:43:15,100

they came from how they got there it's a

2319

01:43:18,890 --> 01:43:16,750

great concept I mean even when you were

2320

01:43:22,320 --> 01:43:18,900

saying that I started thinking what if

2321

01:43:25,500 --> 01:43:22,330

you know we lost some of the power from

2322

01:43:27,600 --> 01:43:25,510

like for example Jupiter and and that

2323

01:43:29,850 --> 01:43:27,610

was the energy always needed to sustain

2324

01:43:31,470 --> 01:43:29,860

the weather patterns on Venus in a

2325

01:43:33,170 --> 01:43:31,480

specific way I mean there's all

2326

01:43:35,180 --> 01:43:33,180

different types of

2327

01:43:39,020 --> 01:43:35,190

things that could it could be you know

2328

01:43:40,640 --> 01:43:39,030

that causes maybe when TMI exploded you

2329

01:43:43,580 --> 01:43:40,650

know several hundred million years ago

2330

01:43:46,130 --> 01:43:43,590

which is actually now the asteroid belt

2331

01:43:48,500 --> 01:43:46,140

maybe that explosion has something to do

2332

01:43:50,840 --> 01:43:48,510

with you know with altering Venus's

2333

01:43:52,790 --> 01:43:50,850

atmosphere or its geology there's so

2334

01:43:55,370 --> 01:43:52,800

many different things that could that it

2335

01:43:57,230 --> 01:43:55,380

could be you know and I think it's very

2336

01:43:58,700 --> 01:43:57,240

healthy to throw out all the different

2337

01:44:00,770 --> 01:43:58,710

options that are out there and not just

2338

01:44:03,560 --> 01:44:00,780

say this is exactly what it is because

2339

01:44:04,820 --> 01:44:03,570

we're not there I just know that it's an

2340

01:44:07,880 --> 01:44:04,830

anomaly it's something that's out of

2341

01:44:09,860 --> 01:44:07,890

place to me that I would like to dig

2342

01:44:11,750 --> 01:44:09,870

into deeper and find out more I'd like

2343

01:44:14,150 --> 01:44:11,760

to get more data and science data and

2344

01:44:16,070 --> 01:44:14,160

information about how what could have

2345

01:44:17,690 --> 01:44:16,080

possibly formed anomalies that look like

2346

01:44:20,210 --> 01:44:17,700

this you know so I'm glad that you

2347

01:44:24,080 --> 01:44:20,220

brought it up well Velikovsky talked

2348

01:44:26,380 --> 01:44:24,090

about this too as well and in his book

2349

01:44:31,070 --> 01:44:26,390

not necessarily the electric universe

2350

01:44:33,620 --> 01:44:31,080

but that our solar system and and where

2351

01:44:39,320 --> 01:44:33,630

Venus sits right now and Mars and Earth

2352

01:44:42,680 --> 01:44:39,330

and in our Moon were were all

2353

01:44:45,560 --> 01:44:42,690

interrupted and interrupted recently not

2354

01:44:49,730 --> 01:44:45,570

a long time ago that the positions of

2355

01:44:52,430 --> 01:44:49,740

everything now in the way that he put it

2356

01:44:54,260 --> 01:44:52,440

in worlds in collision made a lot of

2357

01:44:57,070 --> 01:44:54,270

sense to a lot of people including

2358

01:44:59,270 --> 01:44:57,080

myself where I just thought this

2359

01:45:02,000 --> 01:44:59,280

everything just kind of bumped into each

2360

01:45:04,910 --> 01:45:02,010

other and that's how things changed and

2361

01:45:06,920 --> 01:45:04,920

how they were created not necessarily

2362

01:45:09,260 --> 01:45:06,930

since the beginning four-and-a-half

2363

01:45:12,380 --> 01:45:09,270

billion years ago and I've often felt

2364

01:45:14,630 --> 01:45:12,390

that the you know and this is the thing

2365

01:45:18,080 --> 01:45:14,640

Matt you bring up one of the best points

2366

01:45:22,850 --> 01:45:18,090

that we can ever bring up ask anybody

2367

01:45:25,730 --> 01:45:22,860

really how the earth was created they

2368

01:45:29,030 --> 01:45:25,740

can't tell you right yeah I asked him

2369

01:45:32,420 --> 01:45:29,040

how the moon or any of the planet is

2370

01:45:35,450 --> 01:45:32,430

it's all theory some of it's based on

2371

01:45:39,430 --> 01:45:35,460

pretty solid theory yeah I agree with

2372

01:45:41,690 --> 01:45:39,440

that but honestly nobody really knows

2373

01:45:45,920 --> 01:45:41,700

right well you know what really gets to

2374

01:45:47,500 --> 01:45:45,930

me is that you know 19 was a 1973 I

2375

01:45:50,810 --> 01:45:47,510

think Billy might know the

2376

01:45:53,810 --> 01:45:50,820

Verner von braun's one of their their

2377

01:45:56,990 --> 01:45:53,820

engineers showed that that big carving

2378

01:45:59,180 --> 01:45:57,000

that went across Mars for instance had

2379

01:46:01,910 --> 01:45:59,190

an electrostatic discharge to it that

2380

01:46:03,950 --> 01:46:01,920

had in a you know a particular formation

2381

01:46:06,440 --> 01:46:03,960

of a pattern that does not seem to

2382

01:46:08,840 --> 01:46:06,450

duplicate water but what would duplicate

2383

01:46:10,940 --> 01:46:08,850

is in a laboratory experiment if you

2384

01:46:14,420 --> 01:46:10,950

were to take let's say like a three-inch

2385

01:46:17,300 --> 01:46:14,430

long electric charge or an electrostatic

2386

01:46:19,940 --> 01:46:17,310

charge of say 30,000 volts and you were

2387

01:46:22,630 --> 01:46:19,950

to run it across sand with a bunch of

2388

01:46:24,620 --> 01:46:22,640

rock that simulates the surface and Mars

2389

01:46:26,570 --> 01:46:24,630

you would find that there is a

2390

01:46:28,940 --> 01:46:26,580

particular edge pattern to it that that

2391

01:46:31,070 --> 01:46:28,950

is like perfectly identical to not only

2392

01:46:33,050 --> 01:46:31,080

what happened on Mars but also the Grand

2393

01:46:34,490 --> 01:46:33,060

Canyon air here on earth you know when

2394

01:46:36,560 --> 01:46:34,500

you start looking at the big lumps that

2395

01:46:38,120 --> 01:46:36,570

you see on the top of the surface well

2396

01:46:39,830 --> 01:46:38,130

what happens if you had an accident with

2397

01:46:41,870 --> 01:46:39,840

your welder you know you start seeing

2398

01:46:44,150 --> 01:46:41,880

these big huge blister effects and

2399

01:46:46,760 --> 01:46:44,160

little you know beads that sort of spray

2400

01:46:50,600 --> 01:46:46,770

all over your your metal objects or your

2401

01:46:52,580 --> 01:46:50,610

metal what do you call it projects that

2402

01:46:54,410 --> 01:46:52,590

you're working on and you know you start

2403

01:46:56,240 --> 01:46:54,420

looking at zooming out of that process

2404

01:46:58,520 --> 01:46:56,250

they look at Mars and you're like hmm

2405

01:47:00,890 --> 01:46:58,530

you know the experiments that seem to

2406

01:47:04,310 --> 01:47:00,900

show that they're repeatable you know

2407

01:47:06,260 --> 01:47:04,320

they keep on duplicating and duplicate

2408

01:47:09,350 --> 01:47:06,270

and duplicating duplicating well I'm

2409

01:47:12,380 --> 01:47:09,360

sorry but you know stars just don't seem

2410

01:47:15,560 --> 01:47:12,390

to be nuclear to me so if Venus and Mars

2411

01:47:17,180 --> 01:47:15,570

and the Sun and Saturn were all a part

2412

01:47:20,330 --> 01:47:17,190

of the sort of a different network I

2413

01:47:24,890 --> 01:47:20,340

know very recently you know it's very

2414

01:47:26,810 --> 01:47:24,900

hard to include a lot of radical

2415

01:47:28,880 --> 01:47:26,820

theories when you've got so much

2416

01:47:31,430 --> 01:47:28,890

evidence that is repeatable in a

2417

01:47:33,800 --> 01:47:31,440

laboratory right right yeah that makes

2418

01:47:36,200 --> 01:47:33,810

sense I mean another possibility on top

2419

01:47:38,240 --> 01:47:36,210

of that is you know the Enuma Elish in

2420

01:47:40,280 --> 01:47:38,250

the seven tablets of creation of the AA

2421

01:47:43,700 --> 01:47:40,290

traces epic talked about and also the

2422

01:47:45,860 --> 01:47:43,710

mahabharata these ancient galactic wars

2423

01:47:47,360 --> 01:47:45,870

and one of the things that I was writing

2424

01:47:50,330 --> 01:47:47,370

about more recently for sure that I'm

2425

01:47:51,770 --> 01:47:50,340

getting ready to do on DTV is the fact

2426

01:47:54,380 --> 01:47:51,780

that I thought that the Grand Canyon and

2427

01:47:57,920 --> 01:47:54,390

also the gigantic massive Canyon on Mars

2428

01:48:00,859 --> 01:47:57,930

were both potentially carved out by some

2429

01:48:02,959 --> 01:48:00,869

type of massive weapon you know

2430

01:48:05,899 --> 01:48:02,969

some type of a kind of like a Death Star

2431

01:48:07,339 --> 01:48:05,909

type of a situation and not an ugly

2432

01:48:10,189 --> 01:48:07,349

thing that's what happened I'm actually

2433

01:48:12,830 --> 01:48:10,199

asking the question could it be a weapon

2434

01:48:15,709 --> 01:48:12,840

that carved out these you know these

2435

01:48:17,629 --> 01:48:15,719

massive gates in our planet and also on

2436

01:48:19,100 --> 01:48:17,639

Mars there's kind of the questioning

2437

01:48:21,739 --> 01:48:19,110

them kind of postulating in this show

2438

01:48:24,409 --> 01:48:21,749

that I'm writing right now about about

2439

01:48:26,029 --> 01:48:24,419

these gigantic canyons at UBC and it's

2440

01:48:28,759 --> 01:48:26,039

very possible another thing that I talk

2441

01:48:32,509 --> 01:48:28,769

about in my lectures is the fact that

2442

01:48:34,209 --> 01:48:32,519

our solar system itself just really

2443

01:48:36,469 --> 01:48:34,219

arrived here in more recent times

2444

01:48:37,669 --> 01:48:36,479

geological timescales of course a blink

2445

01:48:39,799 --> 01:48:37,679

of an eye when you're talking about a

2446

01:48:41,989 --> 01:48:39,809

few hundred million years or so but we

2447

01:48:43,969 --> 01:48:41,999

don't originate inside of the Milky Way

2448

01:48:46,369 --> 01:48:43,979

galaxy and we're still merging with the

2449

01:48:49,639 --> 01:48:46,379

Milky Way galaxy we are a part of the

2450

01:48:51,919 --> 01:48:49,649

Sagittarius dwarf galaxy this is now the

2451

01:48:52,569 --> 01:48:51,929

official science now being taught in

2452

01:48:55,369 --> 01:48:52,579

schools

2453

01:48:57,799 --> 01:48:55,379

so the sector is dwarf galaxy which is a

2454

01:48:59,719 --> 01:48:57,809

much smaller galaxy is in the process

2455

01:49:02,899 --> 01:48:59,729

still right now of merging with the

2456

01:49:05,089 --> 01:49:02,909

Milky Way and a pinpoint that where our

2457

01:49:07,609 --> 01:49:05,099

solar system is located at one of the

2458

01:49:09,889 --> 01:49:07,619

merger points which dropped us directly

2459

01:49:12,109 --> 01:49:09,899

into here on this outer band that we're

2460

01:49:14,239 --> 01:49:12,119

located at now making us ourselves

2461

01:49:17,810 --> 01:49:14,249

aren't taught our entire solar system

2462

01:49:20,270 --> 01:49:17,820

alien to this Milky Way galaxy mad thank

2463

01:49:22,879 --> 01:49:20,280

you for the phone call no problem go

2464

01:49:26,330 --> 01:49:22,889

back week everybody you go back Lee Tepe

2465

01:49:28,549 --> 01:49:26,340

thank you so much Matt and can I get you

2466

01:49:32,029 --> 01:49:28,559

to hang on Billy let's do some overtime

2467

01:49:32,869 --> 01:49:32,039

this is fade to black and if you are on

2468

01:49:35,750 --> 01:49:32,879

hold

2469

01:49:39,109 --> 01:49:35,760

stay right there this is night one of

2470

01:49:40,839 --> 01:49:39,119

our call in week here on fade to black

2471

01:49:43,819 --> 01:49:40,849

tonight Billy Carson tomorrow night

2472

01:49:45,770 --> 01:49:43,829

we'll be right back after this short

2479

01:50:10,060 --> 01:49:58,450

break

2480

01:50:14,860 --> 01:50:12,410

welcome back an amazing show tonight

2481

01:50:16,879 --> 01:50:14,870

with Billy Carson night one of our

2482

01:50:18,500 --> 01:50:16,889

callin week here on fade to black

2483

01:50:20,300 --> 01:50:18,510

tonight Billy Carson tomorrow night

2484

01:50:22,939 --> 01:50:20,310

2486

01:50:28,760 --> 01:50:26,120

big huge week here on fade to black and

2487

01:50:31,640 --> 01:50:28,770

Billy I want to thank you I know you've

2488

01:50:34,879 --> 01:50:31,650

got a very busy day tomorrow ahead of

2489

01:50:37,340 --> 01:50:34,889

you and thank you for heading into

2490

01:50:40,129 --> 01:50:37,350

overtime and let's go straight back to

2491

01:50:41,780 --> 01:50:40,139

the phones you ready yeah hi you're live

2492

01:50:47,180 --> 01:50:41,790

on fade to black who's calling say hi to

2493

01:50:53,990 --> 01:50:47,190

Billy Carson you're live thank you

2494

01:50:55,399 --> 01:50:54,000

yes hey Tass calling from Tasmania all

2495

01:50:57,379 --> 01:50:55,409

right what have you got there deadly

2496

01:51:01,340 --> 01:50:57,389

hate as what have you got for Billy

2497

01:51:03,020 --> 01:51:01,350

tonight okay hey Billy just want to say

2498

01:51:06,050 --> 01:51:03,030

thank you you go great with Mike and

2499

01:51:07,760 --> 01:51:06,060

love it believe it is I'm still just

2500

01:51:09,919 --> 01:51:07,770

wondering I'm looking a bit like yeah

2501
01:51:11,510 --> 01:51:09,929
look at these pictures like picture

2502
01:51:15,590 --> 01:51:11,520
place all over the world Africa

2503
01:51:18,890 --> 01:51:15,600
Australia Peru everywhere of these stick

2504
01:51:20,680 --> 01:51:18,900
figures you know the stick thing a man

2505
01:51:23,689 --> 01:51:20,690
with the two dots on either side and

2506
01:51:27,520 --> 01:51:23,699
then I we've got perhaps plasma

2507
01:51:29,930 --> 01:51:27,530
experiments have you ever seen anything

2508
01:51:35,419 --> 01:51:29,940
but perhaps that would you call them

2509
01:51:39,229 --> 01:51:35,429
plasma experiments yeah I'm actually

2510
01:51:40,970 --> 01:51:39,239
kargh which perfectly and I mean when

2511
01:51:42,649 --> 01:51:40,980
you put it on the artists renditions of

2512
01:51:45,110 --> 01:51:42,659
their solar outbursts and the solar

2513
01:51:47,570 --> 01:51:45,120

winds against the earth they looking

2514

01:51:50,570 --> 01:51:47,580

directly locked will remain especially

2515

01:51:52,669 --> 01:51:50,580

despite or on the Nazca lines I'm just

2516

01:51:54,500 --> 01:51:52,679

wondering what you or your thoughts on

2517

01:51:56,709 --> 01:51:54,510

those things well I know I've been them

2518

01:51:59,450 --> 01:51:56,719

to the Nazca lines I've flown over them

2519

01:52:01,370 --> 01:51:59,460

I've seen petroglyphs now all over the

2520

01:52:04,040 --> 01:52:01,380

world and I'm gonna go check out some

2521

01:52:07,520 --> 01:52:04,050

more in a few weeks in Australia in this

2522

01:52:08,720 --> 01:52:07,530

place called carry on 9 but it's pretty

2523

01:52:11,629 --> 01:52:08,730

interesting that you said what you're

2524

01:52:13,370 --> 01:52:11,639

saying in terms of these are energies

2525

01:52:15,080 --> 01:52:13,380

energetic patterns that kind of mimic

2526
01:52:16,390 --> 01:52:15,090
these glyphs petroglyphs is what you're

2527
01:52:19,330 --> 01:52:16,400
saying

2528
01:52:20,470 --> 01:52:19,340
hmm okay Wow I need to check I need to

2529
01:52:22,150 --> 01:52:20,480
look into that that's something that I

2530
01:52:23,500 --> 01:52:22,160
can actually say honestly say because I

2531
01:52:25,390 --> 01:52:23,510
don't like to just make up stuff off the

2532
01:52:27,040 --> 01:52:25,400
top my head I haven't seen the

2533
01:52:28,570 --> 01:52:27,050
correlation so I needed to research it

2534
01:52:30,700 --> 01:52:28,580
and check it out a little bit deeper so

2535
01:52:31,870 --> 01:52:30,710
that I could see exactly what you're

2536
01:52:35,680 --> 01:52:31,880
talking about that I can you know

2537
01:52:37,600 --> 01:52:35,690
intelligently talk about it now while

2538
01:52:39,910 --> 01:52:37,610

we've got tabs on the line although he's

2539

01:52:44,170 --> 01:52:39,920

not exactly from Australia right now

2540

01:52:45,220 --> 01:52:44,180

he's in Tasmania but close enough yeah

2541

01:52:49,840 --> 01:52:45,230

he's from Down Under

2542

01:52:53,530 --> 01:52:49,850

so but carry on 9 and we haven't talked

2543

01:52:55,840 --> 01:52:53,540

much about Egypt tonight but there are

2544

01:52:57,960 --> 01:52:55,850

remnants of an Egyptian temple there or

2545

01:53:00,520 --> 01:52:57,970

allegedly that's what they are saying

2546

01:53:02,350 --> 01:53:00,530

yeah absolutely it's been I've known

2547

01:53:03,970 --> 01:53:02,360

about it for the past six years I've

2548

01:53:04,390 --> 01:53:03,980

been trying to get there trying to get

2549

01:53:06,670 --> 01:53:04,400

there

2550

01:53:08,740 --> 01:53:06,680

finally I'm finding out from the strong

2551
01:53:11,560 --> 01:53:08,750
brothers that that land is privately

2552
01:53:13,000 --> 01:53:11,570
owned and potentially up for sale so I'm

2553
01:53:14,740 --> 01:53:13,010
trying to get there now as fast as I

2554
01:53:16,450 --> 01:53:14,750
possibly can within the next few months

2555
01:53:18,070 --> 01:53:16,460
which kind of works out good because

2556
01:53:21,310 --> 01:53:18,080
it's their summer right now as we're

2557
01:53:23,460 --> 01:53:21,320
going into our winter here and out there

2558
01:53:26,950 --> 01:53:23,470
and about two and a half miles north of

2559
01:53:29,740 --> 01:53:26,960
Sydney out in the woods there's this

2560
01:53:31,510 --> 01:53:29,750
huge plot of land that has a a trench

2561
01:53:34,290 --> 01:53:31,520
that what looks like a trench but it's

2562
01:53:36,940 --> 01:53:34,300
two side walls of an Egyptian temple

2563
01:53:39,610 --> 01:53:36,950

that are the roof has been already

2564

01:53:41,770 --> 01:53:39,620

dilapidated and broken and gone but the

2565

01:53:44,080 --> 01:53:41,780

both sides of these walls have

2566

01:53:45,760 --> 01:53:44,090

hieroglyphs dating back thousands of

2567

01:53:51,040 --> 01:53:45,770

years and you're talking many layers of

2568

01:53:55,060 --> 01:53:51,050

a kinky what's that has are you talking

2569

01:53:58,240 --> 01:53:55,070

about the Gypie did your pyramid can

2570

01:54:00,160 --> 01:53:58,250

Gypie with the accountant River Gorge

2571

01:54:03,700 --> 01:54:00,170

and I'm there done that mongers done

2572

01:54:05,080 --> 01:54:03,710

yeah studied art oh no not that when I

2573

01:54:06,760 --> 01:54:05,090

know what when you're talking about but

2574

01:54:08,680 --> 01:54:06,770

this is out and carry on nine out in the

2575

01:54:11,020 --> 01:54:08,690

woods and it's kind of like partially

2576

01:54:13,480 --> 01:54:11,030

buried when you walk down into these

2577

01:54:15,400 --> 01:54:13,490

this trench area and on both sides left

2578

01:54:18,340 --> 01:54:15,410

and right there's these gigantic granite

2579

01:54:20,740 --> 01:54:18,350

walls that have hieroglyphs carved into

2580

01:54:24,090 --> 01:54:20,750

them from many different that he bought

2581

01:54:28,390 --> 01:54:24,100

visited going back to thousands of years

2582

01:54:32,500 --> 01:54:29,650

yes the story of the two brothers

2583

01:54:34,630 --> 01:54:32,510

correct yes well I'm excited about this

2584

01:54:36,550 --> 01:54:34,640

I can't wait to to hear about it when

2585

01:54:38,860 --> 01:54:36,560

you get back take lots of pictures tasks

2586

01:54:41,980 --> 01:54:38,870

I will yeah thank you for the phone call

2587

01:54:43,300 --> 01:54:41,990

my brothers as I call him the squatter

2588

01:54:43,960 --> 01:54:43,310

man that was the least that I was

2589

01:54:47,710 --> 01:54:43,970

talking about

2590

01:54:53,830 --> 01:54:47,720

okay the squatter man I'll send that to

2591

01:54:57,850 --> 01:54:53,840

Billy right now yeah look up correct PA

2592

01:54:59,620 --> 01:54:57,860

ie double tape plasma studies already

2593

01:55:01,330 --> 01:54:59,630

typed it in I'm gonna look it up right

2594

01:55:05,100 --> 01:55:01,340

away thanks a lot I appreciate that and

2595

01:55:07,600 --> 01:55:05,110

I'll be bringing back when I get back

2596

01:55:10,540 --> 01:55:07,610

love you like you eat lovely work Billy

2597

01:55:16,150 --> 01:55:10,550

and polly buy ignore school block thank

2598

01:55:20,530 --> 01:55:16,160

you so much Taz gobekli tepe all the way

2599

01:55:24,250 --> 01:55:20,540

from Tasmania coming in strong pets I'm

2600

01:55:26,200 --> 01:55:24,260

gonna look that up to as well PE r ett s

2601

01:55:28,690 --> 01:55:26,210

Peretz mm-hmm

2602

01:55:32,920 --> 01:55:28,700

and that's uh that's very very

2603

01:55:36,520 --> 01:55:32,930

interesting and carry on nine that's

2604

01:55:39,370 --> 01:55:36,530

that's right next to Sydney and it's a

2605

01:55:42,010 --> 01:55:39,380

two suburb too as well I wonder if they

2606

01:55:43,510 --> 01:55:42,020

even know there what's lurking out there

2607

01:55:44,830 --> 01:55:43,520

in the woods so let's go back to the

2608

01:55:48,370 --> 01:55:44,840

phones hi you're live on fade to black

2609

01:55:51,400 --> 01:55:48,380

who's calling Jimmy how are you hey

2610

01:55:53,800 --> 01:55:51,410

Scott say hi to Billy hi Billy

2611

01:55:57,340 --> 01:55:53,810

goo got to talk to you again yes

2612

01:55:59,590 --> 01:55:57,350

absolutely how you doing I'm very good I

2613

01:56:06,990 --> 01:55:59,600

met conscious life Expo in Los Angeles a

2614

01:56:12,670 --> 01:56:09,910

you guys I could listen to guys for four

2615

01:56:15,010 --> 01:56:12,680

days talking about what you what we do

2616

01:56:19,060 --> 01:56:15,020

and everything and now I remember as a

2617

01:56:20,650 --> 01:56:19,070

kid and I will not disclose what

2618

01:56:22,720 --> 01:56:20,660

happened to me as a teenager a young

2619

01:56:25,600 --> 01:56:22,730

teenager but I could tell you something

2620

01:56:28,150 --> 01:56:25,610

I found solace in a phrase that came

2621

01:56:30,820 --> 01:56:28,160

upon him across me and it was in my

2622

01:56:33,370 --> 01:56:30,830

house there are many mansions and it

2623

01:56:35,110 --> 01:56:33,380

made me think about that maybe we are

2624

01:56:38,260 --> 01:56:35,120

not alone but there are just many

2625

01:56:41,930 --> 01:56:38,270

possibilities of different life forms

2626
01:56:43,939 --> 01:56:41,940
around us what is so crazy to me is that

2627
01:56:46,400 --> 01:56:43,949
there is so much doubt about our life

2628
01:56:48,530 --> 01:56:46,410
here on this planet but you got to look

2629
01:56:51,470 --> 01:56:48,540
at it this way what is the average life

2630
01:56:53,930 --> 01:56:51,480
of a human being here on earth how much

2631
01:56:56,479 --> 01:56:53,940
time do we influence those that are

2632
01:56:59,959 --> 01:56:56,489
around us to make perfection within our

2633
01:57:01,640 --> 01:56:59,969
minds and then moving this way when is

2634
01:57:04,459 --> 01:57:01,650
the last time our world with that

2635
01:57:07,220 --> 01:57:04,469
complete peace was it ever at complete

2636
01:57:08,959 --> 01:57:07,230
peace and you know what Billy and Jimmy

2637
01:57:10,580 --> 01:57:08,969
you can debate about this all you want

2638
01:57:11,990 --> 01:57:10,590

where it is the world where do you see

2639

01:57:13,640 --> 01:57:12,000

the world's going from here I mean are

2640

01:57:16,520 --> 01:57:13,650

we ever going to get peace on this earth

2641

01:57:18,950 --> 01:57:16,530

is these beans are these chair bands

2642

01:57:22,130 --> 01:57:18,960

going around trying to preserve the seed

2643

01:57:23,360 --> 01:57:22,140

of mankind before this whole planet is

2644

01:57:26,120 --> 01:57:23,370

destroyed and I don't mean to scare

2645

01:57:28,640 --> 01:57:26,130

everybody or even suggest that that's

2646

01:57:31,220 --> 01:57:28,650

going to happen but I don't see a good

2647

01:57:33,320 --> 01:57:31,230

future for us with all this just

2648

01:57:35,390 --> 01:57:33,330

angering pinching going on right now in

2649

01:57:37,160 --> 01:57:35,400

today's world it wasn't like there's 20

2650

01:57:39,260 --> 01:57:37,170

years ago Jimmy and you know it and I

2651
01:57:43,520 --> 01:57:39,270
know it well sometimes you got to stare

2652
01:57:46,310 --> 01:57:43,530
it in the face right if you go back I'm

2653
01:57:48,260 --> 01:57:46,320
gonna make then I want Billy's opinion

2654
01:57:50,870 --> 01:57:48,270
on this but I'll steer this in another

2655
01:57:53,330 --> 01:57:50,880
direction you you just asked when was

2656
01:58:01,520 --> 01:57:53,340
the last time we were at peace I will

2657
01:58:16,380 --> 01:58:08,780
going into 1,500 BC Egypt for over a

2658
01:58:20,220 --> 01:58:16,390
thousand years a thousand no wars they

2659
01:58:27,600 --> 01:58:20,230
didn't you know and and when you when

2660
01:58:34,550 --> 01:58:27,610
you get up into Nefertiti and when they

2661
01:58:38,970 --> 01:58:34,560
went back into rah and dismantled the

2662
01:58:41,130 --> 01:58:38,980
the the the Orthodox religions that they

2663
01:58:42,750 --> 01:58:41,140

had back then with all of the priests

2664

01:58:46,590 --> 01:58:42,760

running these different temples and they

2665

01:58:52,800 --> 01:58:46,600

had multiple gods and and so forth when

2666

01:58:57,180 --> 01:58:52,810

when that went down Akhenaten and that

2667

01:59:03,120 --> 01:58:57,190

period it was all about art it was the

2668

01:59:05,310 --> 01:59:03,130

arts it was about creativity and and and

2669

01:59:10,130 --> 01:59:05,320

progressing forward they did all of that

2670

01:59:14,760 --> 01:59:10,140

without war that that didn't happen when

2671

01:59:17,130 --> 01:59:14,770

when the different you know the Persians

2672

01:59:19,290 --> 01:59:17,140

and the Hittites when they looked at

2673

01:59:24,180 --> 01:59:19,300

Egypt like man these guys are lay down

2674

01:59:29,100 --> 01:59:24,190

dudes they don't even have an army and

2675

01:59:31,920 --> 01:59:29,110

they don't even have weapons everything

2676
01:59:34,650 --> 01:59:31,930
was for defensive reasons there but they

2677
01:59:36,480 --> 01:59:34,660
didn't have a they they weren't fighting

2678
01:59:39,120 --> 01:59:36,490
they weren't fighting wars there wasn't

2679
01:59:42,600 --> 01:59:39,130
an expansionism or anything coming out

2680
01:59:45,570 --> 01:59:42,610
of Egypt so I will say that's God that

2681
01:59:47,400 --> 01:59:45,580
we have to go back that far but the the

2682
01:59:50,550 --> 01:59:47,410
Egyptians got it

2683
01:59:52,740 --> 01:59:50,560
they understood right Billy yeah

2684
01:59:54,840 --> 01:59:52,750
absolutely well you look at the the

2685
01:59:56,640 --> 01:59:54,850
Dogon tribe which who are the original

2686
01:59:59,370 --> 01:59:56,650
inhabitants of the land of Khem which

2687
02:00:02,580 --> 01:59:59,380
later became called Egypt they migrated

2688
02:00:05,790 --> 02:00:02,590

out to Mali Africa Africa and if you go

2689

02:00:08,190 --> 02:00:05,800

and investigate them now they are

2690

02:00:11,070 --> 02:00:08,200

civilization that doesn't have police

2691

02:00:12,609 --> 02:00:11,080

officers they don't have military they

2692

02:00:15,189 --> 02:00:12,619

don't have anything and there

2693

02:00:17,799 --> 02:00:15,199

never theft and there's never any crime

2694

02:00:20,080 --> 02:00:17,809

to have no crime if somebody makes a

2695

02:00:22,239 --> 02:00:20,090

mistake and damages something of someone

2696

02:00:25,540 --> 02:00:22,249

else's they have a quick town meeting

2697

02:00:27,850 --> 02:00:25,550

and a solution is provided and the debt

2698

02:00:29,709 --> 02:00:27,860

is paid off and everybody goes back

2699

02:00:31,869 --> 02:00:29,719

about their businesses not even fights

2700

02:00:34,889 --> 02:00:31,879

is no infighting there's nothing so and

2701

02:00:37,299 --> 02:00:34,899

that's currently today still going on so

2702

02:00:39,850 --> 02:00:37,309

now if you want to look at planetary

2703

02:00:43,839 --> 02:00:39,860

peace you have to go back all the way to

2704

02:00:46,540 --> 02:00:43,849

the last Golden Age so we're right now

2705

02:00:49,869 --> 02:00:46,550

in the tetra yoga according to my

2706

02:00:51,609 --> 02:00:49,879

research and moving up which is the

2707

02:00:53,109 --> 02:00:51,619

Silver Age we're at the very beginning

2708

02:00:55,839 --> 02:00:53,119

of it very beginning of the Silver Age

2709

02:00:57,399 --> 02:00:55,849

and at some point we will head back into

2710

02:00:58,600 --> 02:00:57,409

another golden age because civilizations

2711

02:00:59,739 --> 02:00:58,610

are cyclical according to thought

2712

02:01:01,479 --> 02:00:59,749

himself he said that he watched

2713

02:01:03,459 --> 02:01:01,489

civilizations rise and fall all over the

2714

02:01:05,919 --> 02:01:03,469

universe all over I'm sorry all over the

2715

02:01:07,689 --> 02:01:05,929

galaxy so basically I do believe that

2716

02:01:10,719 --> 02:01:07,699

there's an error in time where there

2717

02:01:12,639 --> 02:01:10,729

will be full peace on earth and what our

2718

02:01:15,399 --> 02:01:12,649

job is to do is to begin to teach people

2719

02:01:17,469 --> 02:01:15,409

unconditional love for one another and

2720

02:01:18,729 --> 02:01:17,479

how to respect people how to treat

2721

02:01:20,589 --> 02:01:18,739

people how to help people being of

2722

02:01:22,810 --> 02:01:20,599

service to others and that will

2723

02:01:24,819 --> 02:01:22,820

propagate through future generations and

2724

02:01:27,250 --> 02:01:24,829

help and eventually assure us back into

2725

02:01:30,279 --> 02:01:27,260

a golden age where where there'll be an

2726

02:01:32,409 --> 02:01:30,289

extended period of no wars on the planet

2727

02:01:33,759 --> 02:01:32,419

peace and unity and love and everything

2728

02:01:36,399 --> 02:01:33,769

else will be happening during that

2729

02:01:38,109 --> 02:01:36,409

timeframe and the question is how long

2730

02:01:40,419 --> 02:01:38,119

can we sustain it can we keep that

2731

02:01:42,189 --> 02:01:40,429

Golden Age permanently this time or will

2732

02:01:43,899 --> 02:01:42,199

we fall back down into another cycle of

2733

02:01:45,850 --> 02:01:43,909

darkness that is the big question

2734

02:01:47,319 --> 02:01:45,860

however there there will be another time

2735

02:01:50,500 --> 02:01:47,329

on this planet where there will be peace

2736

02:01:54,129 --> 02:01:50,510

on earth yeah I agree with that Billie

2737

02:01:56,679 --> 02:01:54,139

and Scott like I said sometimes you've

2738

02:01:58,719 --> 02:01:56,689

got to go to the edge you got to go

2739

02:02:02,319 --> 02:01:58,729

right to the edge and stare and stare

2740

02:02:05,709 --> 02:02:02,329

this stuff in the face and in and mature

2741

02:02:09,100 --> 02:02:05,719

out of that and I'll give you another

2742

02:02:13,689 --> 02:02:09,110

example Scott if you look back at the

2743

02:02:19,029 --> 02:02:13,699

Cuban Missile Crisis we went right to

2744

02:02:21,669 --> 02:02:19,039

the edge and this planet was freaking

2745

02:02:24,399 --> 02:02:21,679

out freaking out right and you know

2746

02:02:26,370 --> 02:02:24,409

what's really bizarre that we came out

2747

02:02:30,080 --> 02:02:26,380

of that wiped our brow

2748

02:02:33,620 --> 02:02:30,090

like whoo okay that was close

2749

02:02:37,860 --> 02:02:33,630

but nuclear weapons are still there and

2750

02:02:41,640 --> 02:02:37,870

we have been living day-to-day we all

2751
02:02:44,250 --> 02:02:41,650
know that the possibility of ending life

2752
02:02:49,620 --> 02:02:44,260
on this planet is real we could do it

2753
02:02:56,070 --> 02:02:49,630
but we have I we don't we don't lose

2754
02:02:59,129 --> 02:02:56,080
sleep like we did in 1963 1962 and and

2755
02:03:02,610 --> 02:02:59,139
at the height of real world nuclear

2756
02:03:05,220 --> 02:03:02,620
tensions I can't imagine what families

2757
02:03:07,890 --> 02:03:05,230
were going through what parents are

2758
02:03:10,410 --> 02:03:07,900
going through and and and the thought of

2759
02:03:13,740 --> 02:03:10,420
that and today even though we know that

2760
02:03:16,530 --> 02:03:13,750
same threat is there and we're more in a

2761
02:03:18,930 --> 02:03:16,540
comfortable zone and we've matured out

2762
02:03:22,500 --> 02:03:18,940
of that the understand what I'm saying

2763
02:03:25,860 --> 02:03:22,510

and we need to continue this mindset to

2764

02:03:27,870 --> 02:03:25,870

move forward because living now with the

2765

02:03:31,709 --> 02:03:27,880

tensions that are here we can feel it

2766

02:03:34,200 --> 02:03:31,719

man we can see the tension and sometimes

2767

02:03:36,689 --> 02:03:34,210

you have to stare it in the face well

2768

02:03:38,879 --> 02:03:36,699

these are weapons of flesh and blood did

2769

02:03:40,680 --> 02:03:38,889

the Egyptians at that thousand year

2770

02:03:43,709 --> 02:03:40,690

period where they had peace was there

2771

02:03:47,250 --> 02:03:43,719

something more that they understood that

2772

02:03:49,320 --> 02:03:47,260

we do not today that was keeping them at

2773

02:03:51,240 --> 02:03:49,330

peace than what we have at weapons at

2774

02:03:54,419 --> 02:03:51,250

flesh-and-blood I don't know the answer

2775

02:03:56,729 --> 02:03:54,429

that you need you guys you well I'll

2776

02:04:00,570 --> 02:03:56,739

defer that over to Billy but my

2777

02:04:03,689 --> 02:04:00,580

immediate response to that is that what

2778

02:04:06,149 --> 02:04:03,699

they understood would what they believed

2779

02:04:09,390 --> 02:04:06,159

that was that expansionism conquering

2780

02:04:12,930 --> 02:04:09,400

their neighbors was was not part of what

2781

02:04:16,290 --> 02:04:12,940

life was about life was about discovery

2782

02:04:18,959 --> 02:04:16,300

knowledge education and certainly

2783

02:04:21,810 --> 02:04:18,969

religion but all of that came into play

2784

02:04:27,870 --> 02:04:21,820

but what they didn't waste their time

2785

02:04:30,479 --> 02:04:27,880

and energy and resources on was war that

2786

02:04:32,010 --> 02:04:30,489

was not part of their gather you know

2787

02:04:36,169 --> 02:04:32,020

that just wasn't part of the game and

2788

02:04:39,330 --> 02:04:36,179

they flourished they flourished

2789

02:04:45,360 --> 02:04:39,340

everything was on go it seems to

2790

02:04:47,100 --> 02:04:45,370

what changed you guys got invaded they

2791

02:04:49,890 --> 02:04:47,110

got invaded they got conquered they got

2792

02:04:54,600 --> 02:04:49,900

conquered by everybody everybody came to

2793

02:04:58,590 --> 02:04:54,610

this today so today let's make it today

2794

02:05:00,240 --> 02:04:58,600

what why what can't we not refer to one

2795

02:05:04,470 --> 02:05:00,250

another as to get on the same page as

2796

02:05:06,600 --> 02:05:04,480

one another today green well the

2797

02:05:10,350 --> 02:05:06,610

capitalistic society the capitalistic

2798

02:05:12,900 --> 02:05:10,360

system is after a detrimental to to

2799

02:05:15,510 --> 02:05:12,910

human source a bad system we need a new

2800

02:05:16,740 --> 02:05:15,520

economic system on this planet and we

2801
02:05:18,540 --> 02:05:16,750
have to do it where we feed our country

2802
02:05:20,910 --> 02:05:18,550
is that the true answer to your question

2803
02:05:22,470 --> 02:05:20,920
is globally we have to stop playing the

2804
02:05:24,630 --> 02:05:22,480
game of the elites and how do we stop

2805
02:05:26,130 --> 02:05:24,640
playing the game there has to come a day

2806
02:05:27,810 --> 02:05:26,140
where we all come together and realize

2807
02:05:30,270 --> 02:05:27,820
that we're all brothers and sisters only

2808
02:05:32,370 --> 02:05:30,280
we being the citizens because you have

2809
02:05:34,440 --> 02:05:32,380
to realize the people that are putting

2810
02:05:36,870 --> 02:05:34,450
out the the majority of the detriment on

2811
02:05:40,350 --> 02:05:36,880
this earth are telling us some of us in

2812
02:05:41,790 --> 02:05:40,360
different areas of work to go out and do

2813
02:05:43,140 --> 02:05:41,800

this go out and kill these people go out

2814

02:05:44,580 --> 02:05:43,150

and blow these people up go out and do

2815

02:05:46,830 --> 02:05:44,590

this themselves don't do anything

2816

02:05:49,470 --> 02:05:46,840

themselves but when we stop playing the

2817

02:05:50,910 --> 02:05:49,480

game we're working these different areas

2818

02:05:52,290 --> 02:05:50,920

on these different police officers and

2819

02:05:53,700 --> 02:05:52,300

so forth and when the people around

2820

02:05:55,590 --> 02:05:53,710

start realizing we have to love one

2821

02:05:57,000 --> 02:05:55,600

another and we stop playing the game of

2822

02:05:58,950 --> 02:05:57,010

the elites in other words take our money

2823

02:06:00,960 --> 02:05:58,960

out of the central bank's stop paying

2824

02:06:02,580 --> 02:06:00,970

mortgages stop paying car payments stop

2825

02:06:04,680 --> 02:06:02,590

going to work don't go to work on Monday

2826
02:06:06,120 --> 02:06:04,690
stop paying taxes and all this kind of

2827
02:06:08,280 --> 02:06:06,130
stuff and we do that all at one time

2828
02:06:11,010 --> 02:06:08,290
within within one week the whole system

2829
02:06:12,690 --> 02:06:11,020
collapses no war no rioting no picketing

2830
02:06:14,520 --> 02:06:12,700
no running up and down the street

2831
02:06:16,380 --> 02:06:14,530
breaking into places and screaming and

2832
02:06:17,820 --> 02:06:16,390
crying in the streets just don't play

2833
02:06:18,840 --> 02:06:17,830
the game anymore when millions and

2834
02:06:20,820 --> 02:06:18,850
millions of people do that at the same

2835
02:06:22,620 --> 02:06:20,830
time which will happen eventually in the

2836
02:06:24,990 --> 02:06:22,630
future there will be a new regime

2837
02:06:27,480 --> 02:06:25,000
brought to this planet a regime of peace

2838
02:06:30,120 --> 02:06:27,490

and love tranquility barter and trade

2839

02:06:31,560 --> 02:06:30,130

maybe some type of level of anarchistic

2840

02:06:34,100 --> 02:06:31,570

system but everybody's their own

2841

02:06:37,230 --> 02:06:34,110

business person trading back and forth

2842

02:06:39,480 --> 02:06:37,240

and your rank in society will be how

2843

02:06:41,100 --> 02:06:39,490

good you are what you do you know so

2844

02:06:42,480 --> 02:06:41,110

that's that's in the future but we have

2845

02:06:44,160 --> 02:06:42,490

to continue to raise consciousness on

2846

02:06:47,460 --> 02:06:44,170

this planet in order to get to that

2847

02:06:49,290 --> 02:06:47,470

point totally agree with that I really

2848

02:06:51,270 --> 02:06:49,300

do I just don't know how to begin that

2849

02:06:52,890 --> 02:06:51,280

how do you begin with that with

2850

02:06:53,129 --> 02:06:52,900

everybody going against that because you

2851

02:06:55,620 --> 02:06:53,139

know

2852

02:06:58,770 --> 02:06:55,630

gonna get pushed back big-time and

2853

02:07:00,209 --> 02:06:58,780

you've got two factions here greed and

2854

02:07:01,740 --> 02:07:00,219

then people that care about one another

2855

02:07:04,859 --> 02:07:01,750

and you're not gonna get those people to

2856

02:07:08,280 --> 02:07:04,869

get on the same board here we live in a

2857

02:07:10,470 --> 02:07:08,290

prison planet right but if somebody says

2858

02:07:13,800 --> 02:07:10,480

to me Jimmy

2859

02:07:15,600 --> 02:07:13,810

we're gonna go and do that and it's not

2860

02:07:18,060 --> 02:07:15,610

gonna be all bad

2861

02:07:24,169 --> 02:07:18,070

you're still gonna have your Ford

2862

02:07:27,840 --> 02:07:24,179

Mustang v8 and Italian food then I'm in

2863

02:07:31,590 --> 02:07:27,850

and and that's what I am saying you have

2864

02:07:33,300 --> 02:07:31,600

to get away you have to let everybody

2865

02:07:37,800 --> 02:07:33,310

know you're not giving up everything

2866

02:07:41,790 --> 02:07:37,810

that you that aren't you happy it's it's

2867

02:07:44,030 --> 02:07:41,800

not about that it's the the shift that

2868

02:07:46,439 --> 02:07:44,040

needs to happen and this is what Billy's

2869

02:07:49,080 --> 02:07:46,449

certainly talking about one we're

2870

02:07:50,850 --> 02:07:49,090

talking about your elites most people

2871

02:07:57,479 --> 02:07:50,860

don't understand the concept of that

2872

02:08:01,530 --> 02:07:57,489

when you have one person one controlling

2873

02:08:05,910 --> 02:08:01,540

a hedge fund that lives in a hundred and

2874

02:08:11,160 --> 02:08:05,920

fifty million dollar mansion in in New

2875

02:08:16,290 --> 02:08:11,170

York by themselves right with a net

2876

02:08:20,160 --> 02:08:16,300

worth of a few billion dollars but yet

2877

02:08:22,800 --> 02:08:20,170

and not paying taxes on that money that

2878

02:08:26,399 --> 02:08:22,810

that right that there is so much of that

2879

02:08:30,030 --> 02:08:26,409

going on that it's not filtering back

2880

02:08:33,810 --> 02:08:30,040

down to society that needs that money

2881

02:08:36,780 --> 02:08:33,820

and and that's that's the part of a

2882

02:08:39,359 --> 02:08:36,790

capitalistic system that doesn't work

2883

02:08:43,500 --> 02:08:39,369

and if you are that doesn't work for the

2884

02:08:47,189 --> 02:08:43,510

system so if you are going to and I'm

2885

02:08:50,100 --> 02:08:47,199

being very direct if you're going to go

2886

02:08:53,459 --> 02:08:50,110

and and feel that you need to have five

2887

02:08:54,930 --> 02:08:53,469

billion dollars right and you want to

2888

02:08:57,419 --> 02:08:54,940

say that you're worth five billion

2889

02:09:01,620 --> 02:08:57,429

dollars then two-and-a-half billion of

2890

02:09:03,629 --> 02:09:01,630

it goes back to the people and and and

2891

02:09:05,010 --> 02:09:03,639

giving up that money you're not gonna

2892

02:09:09,150 --> 02:09:05,020

starve

2893

02:09:11,940 --> 02:09:09,160

oh you're not gonna start if we're sure

2894

02:09:13,590 --> 02:09:11,950

yeah how much money is enough money at

2895

02:09:16,860 --> 02:09:13,600

that point you know how much money is

2896

02:09:20,360 --> 02:09:16,870

enough money what my point where do we

2897

02:09:22,770 --> 02:09:20,370

go with where do we go from here I mean

2898

02:09:24,690 --> 02:09:22,780

where does this where does this end

2899

02:09:27,480 --> 02:09:24,700

where does this end where do we go if we

2900

02:09:30,020 --> 02:09:27,490

can solidify all this people and and

2901

02:09:35,070 --> 02:09:30,030

solve our problems where are we going in

2902

02:09:38,610 --> 02:09:35,080

what do you mean well if everybody was

2903

02:09:43,220 --> 02:09:38,620

equal where do we go from here yeah but

2904

02:09:46,820 --> 02:09:43,230

everybody okay okay that let me

2905

02:09:49,050 --> 02:09:46,830

everybody's not equal everybody

2906

02:09:51,900 --> 02:09:49,060

everybody's not even agree and what I

2907

02:09:53,850 --> 02:09:51,910

mean by that is some people put into the

2908

02:09:57,420 --> 02:09:53,860

system some people don't some people

2909

02:10:00,870 --> 02:09:57,430

take and some people give not

2910

02:10:05,150 --> 02:10:00,880

everybody's equal you know and to make

2911

02:10:08,970 --> 02:10:05,160

this I'm gonna be a very direct

2912

02:10:13,440 --> 02:10:08,980

hypothetically if you take the ability

2913

02:10:18,360 --> 02:10:13,450

of desire and quest away from everybody

2914

02:10:21,440 --> 02:10:18,370

right here and and no effort where's

2915

02:10:24,330 --> 02:10:21,450

where where does progress come from if

2916

02:10:27,810 --> 02:10:24,340

everybody is able to just sit around and

2917

02:10:31,530 --> 02:10:27,820

eat and and not do anything all day long

2918

02:10:34,860 --> 02:10:31,540

mm-hm where where where does the desire

2919

02:10:37,230 --> 02:10:34,870

to learn and to progress comes late you

2920

02:10:42,660 --> 02:10:37,240

know so that that part you know and

2921

02:10:44,700 --> 02:10:42,670

that's in our DNA everybody wants to win

2922

02:10:48,360 --> 02:10:44,710

the lottery and play video games all day

2923

02:10:50,850 --> 02:10:48,370

long and and and and and when that

2924

02:10:54,900 --> 02:10:50,860

happens to them what happens their life

2925

02:10:58,710 --> 02:10:54,910

falls apart right yeah you know and and

2926

02:11:00,360 --> 02:10:58,720

there's that famous quote I remember I

2927

02:11:02,910 --> 02:11:00,370

don't know if it's uh what's-his-name

2928

02:11:05,070 --> 02:11:02,920

from the Dallas Mark Cuban or somebody

2929

02:11:13,110 --> 02:11:05,080

goes you know what sucks about being a

2930

02:11:15,540 --> 02:11:13,120

billionaire nothing Billy billions

2931

02:11:17,400 --> 02:11:15,550

unique and the world correct itself of

2932

02:11:20,400 --> 02:11:17,410

course it will

2933

02:11:22,890 --> 02:11:20,410

it is correcting itself right now yeah

2934

02:11:24,540 --> 02:11:22,900

really I totally believe that with all

2935

02:11:25,530 --> 02:11:24,550

we can all the chaos that we have that's

2936

02:11:27,840 --> 02:11:25,540

what I'm saying

2937

02:11:31,230 --> 02:11:27,850

they you know you've got to see the

2938

02:11:34,350 --> 02:11:31,240

chaos you've got to see it I want to

2939

02:11:37,170 --> 02:11:34,360

interject real quick the here the chaos

2940

02:11:39,630 --> 02:11:37,180

that you're seeing right now isn't is

2941

02:11:42,750 --> 02:11:39,640

not the most chaos that has ever been in

2942

02:11:44,400 --> 02:11:42,760

this era of this planet in other words

2943

02:11:46,830 --> 02:11:44,410

within in last half million years

2944

02:11:48,990 --> 02:11:46,840

there's been more chaotic situations

2945

02:11:50,910 --> 02:11:49,000

what's happening now is with the advance

2946

02:11:53,130 --> 02:11:50,920

of technology that we have available to

2947

02:11:54,540 --> 02:11:53,140

our fingertips it's not that things are

2948

02:11:57,360 --> 02:11:54,550

getting worse they're becoming more

2949

02:11:59,730 --> 02:11:57,370

obvious visible that's right that's

2950

02:12:02,100 --> 02:11:59,740

absolutely like that I like that hey

2951

02:12:04,640 --> 02:12:02,110

Scott I want to thank you for the phone

2952

02:12:07,050 --> 02:12:04,650

call my friend thank you so much yeah

2953

02:12:10,440 --> 02:12:07,060

guys I love you both I can listen to you

2954

02:12:13,470 --> 02:12:10,450

for 16 days okay we'll do that in the

2955

02:12:17,610 --> 02:12:13,480

future thank you so much Scott and that

2956

02:12:21,000 --> 02:12:17,620

Billy you're absolutely right if you go

2957

02:12:24,630 --> 02:12:21,010

back in in time you can go back to

2958

02:12:30,020 --> 02:12:24,640

almost any decade any century and see

2959

02:12:33,330 --> 02:12:30,030

some crazy periods of this planet crazy

2960

02:12:36,420 --> 02:12:33,340

destructive insane just about the papal

2961

02:12:39,570 --> 02:12:36,430

Inquisition I mean 80 million people

2962

02:12:41,460 --> 02:12:39,580

killed over 700 years I mean come on

2963

02:12:42,660 --> 02:12:41,470

that they made hit a lot that Hitler

2964

02:12:44,520 --> 02:12:42,670

looks like an angel compared to these

2965

02:12:47,250 --> 02:12:44,530

people Ya Ya Ya Ya Ya

2966

02:12:48,540 --> 02:12:47,260

you're absolutely right hey Billy great

2967

02:12:51,750 --> 02:12:48,550

night man

2968

02:12:55,770 --> 02:12:51,760

tonight and really quick I know that

2969

02:12:58,020 --> 02:12:55,780

you've got your Egyptian mystery school

2970

02:12:59,520 --> 02:12:58,030

that you're doing over at a dame - can

2971

02:13:02,820 --> 02:12:59,530

you tell us about that really quick oh

2972

02:13:05,370 --> 02:13:02,830

yeah definitely we had school session

2973

02:13:06,920 --> 02:13:05,380

number one in October and it was amazing

2974

02:13:09,720 --> 02:13:06,930

of a standing-room-only

2975

02:13:11,700 --> 02:13:09,730

people were taking 25 and 30 pages of

2976

02:13:14,160 --> 02:13:11,710

notes it was 12 hours of hardcore

2977

02:13:15,300 --> 02:13:14,170

teaching we had some entertainment there

2978

02:13:15,930 --> 02:13:15,310

we had billboard artists there

2979

02:13:17,880 --> 02:13:15,940

performing

2980

02:13:19,620 --> 02:13:17,890

damn - even got on the stage to perform

2981

02:13:21,540 --> 02:13:19,630

for the people they really got their

2982

02:13:23,670 --> 02:13:21,550

money's worth we fed them well we have

2983

02:13:25,610 --> 02:13:23,680

session number two coming up totally new

2984

02:13:29,400 --> 02:13:25,620

information still in the mystery schools

2985

02:13:31,140 --> 02:13:29,410

status at on December 7th and 8th and

2986

02:13:32,790 --> 02:13:31,150

you can register on

2987

02:13:35,040 --> 02:13:32,800

forbidden knowledge calm with the

2988

02:13:37,200 --> 02:13:35,050

number-four forbidden knowledge calm we

2989

02:13:38,910 --> 02:13:37,210

still have some seats available there

2990

02:13:41,610 --> 02:13:38,920

will be some celebrities in the house at

2991

02:13:43,979 --> 02:13:41,620

this event as well actually in the class

2992

02:13:46,979 --> 02:13:43,989

so it's a very intimate setting and it's

2993

02:13:49,169 --> 02:13:46,989

a very small setting uh and it's really

2994

02:13:51,780 --> 02:13:49,179

you know I shake everybody's hand talk

2995

02:13:54,720 --> 02:13:51,790

to everybody but I got on stage for six

2996

02:13:57,120 --> 02:13:54,730

hours each day and dropped knowledge and

2997

02:14:00,120 --> 02:13:57,130

and secret information and the mysteries

2998

02:14:02,070 --> 02:14:00,130

for 12 total hours and it was absolutely

2999

02:14:03,149 --> 02:14:02,080

amazing people felt like they said on

3000

02:14:05,520 --> 02:14:03,159

3001
02:14:06,959 --> 02:14:05,530
