

copyright 2020 fade to black www.jimmychurchradio.com Game Changer Network, Inc.

1
00:00:06,810 --> 00:00:16,010

[Music]

2
00:00:16,020 --> 00:00:21,780

good evening fade to black

3
00:00:33,810 --> 00:00:27,990

the spoke radio for the masses sigh yeah

4
00:00:35,750 --> 00:00:33,820

man today's Monday January 6th 2012

5
00:00:39,319 --> 00:00:35,760

[Music]

6
00:00:44,549 --> 00:00:42,160

just six days into the new year

7
00:00:49,229 --> 00:00:44,559

[Music]

8
00:00:51,420 --> 00:00:49,239

only 359 days left we're live from a

9
00:00:53,540 --> 00:00:51,430

bunker somewhere in the middle of

10
00:00:55,590 --> 00:00:53,550

beautiful downtown Burbank California

11
00:00:57,150 --> 00:00:55,600

and I would like to welcome everybody

12
00:01:01,110 --> 00:00:57,160

listening all around the world all

13
00:01:03,119 --> 00:01:01,120

across the United States hither and

14

00:01:07,230 --> 00:01:03,129

thither to and fro back and forth up and

15

00:01:10,710 --> 00:01:07,240

down east and west north and south far

16

00:01:12,990 --> 00:01:10,720

and near that's right this is fade to

17

00:01:16,050 --> 00:01:13,000

black for kjc are the game changer

18

00:01:17,330 --> 00:01:16,060

networking que GRA the planets I'm Neil

19

00:01:20,100 --> 00:01:17,340

Jimmy Church

20

00:01:22,800 --> 00:01:20,110

what is cracking everybody how you doing

21

00:01:25,290 --> 00:01:22,810

we got a full week of fade to black in

22

00:01:29,340 --> 00:01:25,300

front of us for this full week in the

23

00:01:33,180 --> 00:01:29,350

year tonight's very special guests Viola

24

00:01:35,249 --> 00:01:33,190

Harris she's here to discuss UFOs and

25

00:01:36,749 --> 00:01:35,259

artificial intelligence and a couple of

26

00:01:41,340 --> 00:01:36,759

other things we're gonna get to all of

27

00:01:45,480 --> 00:01:41,350

that in just a bit tomorrow night it's

28

00:01:49,319 --> 00:01:45,490

the return of Micah Hanks right here on

29

00:01:52,230 --> 00:01:49,329

fade to black Wednesday night William

30

00:01:55,200 --> 00:01:52,240

Henry joins us what a great week ahead

31

00:01:57,899 --> 00:01:55,210

of us of course Thursday night is

32

00:02:00,350 --> 00:01:57,909

another Fator night with open lines all

33

00:02:05,069 --> 00:02:00,360

night long you can follow me on Twitter

34

00:02:07,139 --> 00:02:05,079

simple enough at J Church radio all

35

00:02:17,090 --> 00:02:07,149

right I'm gonna hit this River moon

36

00:02:22,710 --> 00:02:17,100

coffee gobekli tepe

37

00:02:25,440 --> 00:02:22,720

yeah you hear me say it a lot it's the

38

00:02:28,470 --> 00:02:25,450

last thing I say as I sign off each

39

00:02:32,009 --> 00:02:28,480

night it's an every commercial that I do

40

00:02:34,590 --> 00:02:32,019

it's on t-shirts and it's how I say

41

00:02:39,259 --> 00:02:34,600

goodbye after every call on fader night

42

00:02:41,520 --> 00:02:39,269

with open lines go back Lee tapi I

43

00:02:44,460 --> 00:02:41,530

started doing this many years ago

44

00:02:46,199 --> 00:02:44,470

because I felt that Gobekli Tepe wasn't

45

00:02:50,099 --> 00:02:46,209

getting the recognition that it deserves

46

00:02:52,490 --> 00:02:50,109

and today I think my little campaign is

47

00:02:56,970 --> 00:02:52,500

starting to pay off

48

00:02:58,440 --> 00:02:56,980

Gobekli Tepe is currently the oldest

49

00:03:02,089 --> 00:02:58,450

megalithic site

50

00:03:05,160 --> 00:03:02,099

on our planet dating back to around

51
00:03:09,510 --> 00:03:05,170
11,000 BC predating Giza and the great

52
00:03:14,630 --> 00:03:09,520
pyramid by over 8,000 years it is both

53
00:03:19,460 --> 00:03:14,640
complex and beautiful it's also

54
00:03:22,860 --> 00:03:19,470
important because before its discovery

55
00:03:24,870 --> 00:03:22,870
it was Egypt that was considered the

56
00:03:28,920 --> 00:03:24,880
start of everything and Egyptologist

57
00:03:30,270 --> 00:03:28,930
stated over and over again show with

58
00:03:35,250 --> 00:03:30,280
something before Egypt

59
00:03:38,940 --> 00:03:35,260
there is nothing Egypt is the beginning

60
00:03:40,170 --> 00:03:38,950
of everything we've all heard it we've

61
00:03:44,900 --> 00:03:40,180
all read it this is what we've been

62
00:03:47,250 --> 00:03:44,910
taught well now we have gobekli tepe

63
00:03:49,530 --> 00:03:47,260

showing the world that there was a

64

00:03:52,620 --> 00:03:49,540

high-tech intelligent artistic and

65

00:03:57,360 --> 00:03:52,630

developed a civilization before egypt

66

00:04:00,840 --> 00:03:57,370

not by a hundred years not by a thousand

67

00:04:03,090 --> 00:04:00,850

years eight thousand years before the

68

00:04:04,500 --> 00:04:03,100

building of the great pyramid or the

69

00:04:08,490 --> 00:04:04,510

great sphinx

70

00:04:13,470 --> 00:04:08,500

that's incredible it wasn't supposed to

71

00:04:15,960 --> 00:04:13,480

exist so over this past weekend the news

72

00:04:17,130 --> 00:04:15,970

series premiered it's on Netflix it's

73

00:04:21,260 --> 00:04:17,140

called the gift

74

00:04:25,170 --> 00:04:21,270

it's about gobekli tepe

75

00:04:27,960 --> 00:04:25,180

also over the weekend I watched a

76

00:04:30,360 --> 00:04:27,970

lecture an eight-part series put on by

77

00:04:32,420 --> 00:04:30,370

the state of California it's an actual

78

00:04:34,529 --> 00:04:32,430

educational lecture series on

79

00:04:37,740 --> 00:04:34,539

Mesopotamia and the history of ancient

80

00:04:39,960 --> 00:04:37,750

Sumer and gobekli tepe was mentioned

81

00:04:42,600 --> 00:04:39,970

many times incredible and it was also

82

00:04:44,700 --> 00:04:42,610

mentioned it correctly about its dating

83

00:04:49,050 --> 00:04:44,710

and that it was the oldest of anything

84

00:04:54,420 --> 00:04:49,060

ever on this planet yet discovered made

85

00:04:58,980 --> 00:04:54,430

me feel pretty good and this is where we

86

00:05:01,920 --> 00:04:58,990

shift gears now that I planted our true

87

00:05:05,360 --> 00:05:01,930

history into your mind and I'm talking

88

00:05:08,360 --> 00:05:05,370

about 13,000 years have passed since

89

00:05:11,690 --> 00:05:08,370

gobekli tepe was built buried and

90

00:05:14,720 --> 00:05:11,700

discovered now let that fat

91

00:05:20,630 --> 00:05:14,730

truly sink in let it sink in for a

92

00:05:24,080 --> 00:05:20,640

moment take a minute why well our

93

00:05:31,370 --> 00:05:24,090

history didn't start thirteen thousand

94

00:05:35,870 --> 00:05:31,380

years ago it starts today homo sapien

95

00:05:38,720 --> 00:05:35,880

sapien us you and i have been around for

96

00:05:41,420 --> 00:05:38,730

two hundred thousand years in the last

97

00:05:45,590 --> 00:05:41,430

thirteen thousand are just a blip on the

98

00:05:48,500 --> 00:05:45,600

radar of history the last 100 years our

99

00:05:51,280 --> 00:05:48,510

most giant leap with technology and

100

00:05:56,210 --> 00:05:51,290

intelligence is the beginning of it all

101
00:06:00,500 --> 00:05:56,220
the start of history ten thousand years

102
00:06:03,950 --> 00:06:00,510
from now or a million there will be a

103
00:06:06,350 --> 00:06:03,960
history teacher with her class and she's

104
00:06:09,800 --> 00:06:06,360
gonna look out to those students and say

105
00:06:14,330 --> 00:06:09,810
these words she's going to say our

106
00:06:17,570 --> 00:06:14,340
history started in the year 2020 AD when

107
00:06:21,610 --> 00:06:17,580
ancient man went from the Stone Age to

108
00:06:24,100 --> 00:06:21,620
technology and I guarantee it

109
00:06:29,240 --> 00:06:24,110
there is no other way to look at it

110
00:06:32,380 --> 00:06:29,250
today we are the beginning history

111
00:06:38,780 --> 00:06:36,140
it's just the same way we look back at

112
00:06:41,800 --> 00:06:38,790
the importance of say gobekli tepe or

113
00:06:45,380 --> 00:06:41,810

the Great Pyramid or ancient Sumer the

114

00:06:49,060 --> 00:06:45,390

turning points of history our future

115

00:06:53,080 --> 00:06:49,070

selves will look back at us as ancient

116

00:06:57,770 --> 00:06:53,090

primitive and the dawn of civilization

117

00:07:04,310 --> 00:06:57,780

that's right I'll say it again history

118

00:07:07,340 --> 00:07:04,320

starts today that classroom a million

119

00:07:09,830 --> 00:07:07,350

years in the future that classroom will

120

00:07:12,080 --> 00:07:09,840

be looking at a timeline right they'll

121

00:07:16,610 --> 00:07:12,090

be looking at a time line stretched out

122

00:07:19,640 --> 00:07:16,620

across in front of them and on it there

123

00:07:22,820 --> 00:07:19,650

will be the big dates on that million

124

00:07:24,870 --> 00:07:22,830

year timeline right there'll be a date

125

00:07:27,690 --> 00:07:24,880

when time travel was

126

00:07:31,050 --> 00:07:27,700

discovered there'll be a date on that

127

00:07:33,210 --> 00:07:31,060

timeline when interstellar space travel

128

00:07:35,460 --> 00:07:33,220

happened for the first time there'll be

129

00:07:38,640 --> 00:07:35,470

a date on that million year timeline

130

00:07:41,930 --> 00:07:38,650

when the first colony was formed on

131

00:07:44,880 --> 00:07:41,940

another exoplanet other than our own

132

00:07:47,550 --> 00:07:44,890

right it's good to be right there a

133

00:07:51,960 --> 00:07:47,560

million years the first date on that

134

00:07:56,220 --> 00:07:51,970

timeline all the way to the left the

135

00:07:57,500 --> 00:07:56,230

first date the start of it all will be

136

00:08:02,070 --> 00:07:57,510

today

137

00:08:07,730 --> 00:08:02,080

2020 ad the year ancient man crossed

138

00:08:14,700 --> 00:08:11,130

think about it there will be no mention

139

00:08:17,250 --> 00:08:14,710

of Gobekli Tepe that's not going to be

140

00:08:18,510 --> 00:08:17,260

on the timeline the great pyramid it's

141

00:08:21,350 --> 00:08:18,520

not going to be there there's not going

142

00:08:24,840 --> 00:08:21,360

to be anything about fire or electricity

143

00:08:27,990 --> 00:08:24,850

because over a million year timespan it

144

00:08:30,050 --> 00:08:28,000

all happened at the same time to them

145

00:08:34,050 --> 00:08:30,060

it's gonna be one little blip in history

146

00:08:36,930 --> 00:08:34,060

we are that ancient version of our

147

00:08:43,409 --> 00:08:36,940

future selves that's how they are going

148

00:08:46,470 --> 00:08:43,419

to look at us today this today is the

149

00:08:50,790 --> 00:08:46,480

time when all of our history is actually

150

00:08:55,790 --> 00:08:50,800

getting documented now it's searchable

151
00:08:58,830 --> 00:08:55,800
and it's archived in the distant future

152
00:09:01,470 --> 00:08:58,840
when anyone wants to research history

153
00:09:06,570 --> 00:09:01,480
the dating on everything will be from

154
00:09:10,350 --> 00:09:06,580
you guessed it right now all of those

155
00:09:11,820 --> 00:09:10,360
huge server farms that are storing our

156
00:09:16,110 --> 00:09:11,830
history today

157
00:09:19,680 --> 00:09:16,120
they are our modern libraries they are

158
00:09:24,900 --> 00:09:19,690
built now in the present this is the

159
00:09:27,810 --> 00:09:24,910
beginning of everything you see the

160
00:09:30,780 --> 00:09:27,820
historians of the future that teachers

161
00:09:34,470 --> 00:09:30,790
of the future the archaeologists of the

162
00:09:37,570 --> 00:09:34,480
future in nine nine nine nine nine nine

163
00:09:42,450 --> 00:09:37,580

ad they're not

164

00:09:45,910 --> 00:09:42,460

be cracking open actual books No

165

00:09:52,150 --> 00:09:45,920

they'll be looking at the data that was

166

00:09:57,160 --> 00:09:52,160

created in the year 2020 ad to them it's

167

00:10:00,990 --> 00:09:57,170

the start of civilization they will look

168

00:10:05,670 --> 00:10:01,000

at today as the actual turning point

169

00:10:11,290 --> 00:10:05,680

because there is everything before and

170

00:10:14,080 --> 00:10:11,300

everything after 2020 ad right and it's

171

00:10:15,730 --> 00:10:14,090

kind of like music it's kind of like

172

00:10:18,820 --> 00:10:15,740

music if you think about it there's

173

00:10:21,730 --> 00:10:18,830

everything before Elvis everything after

174

00:10:25,260 --> 00:10:21,740

Elvis there's everything before van

175

00:10:27,640 --> 00:10:25,270

Halen everything after van Halen and

176

00:10:31,480 --> 00:10:27,650

history's going to show there's

177

00:10:37,900 --> 00:10:31,490

everything before 2020 and everything

178

00:10:41,080 --> 00:10:37,910

after our current timeline right if you

179

00:10:45,820 --> 00:10:41,090

think about it is why I started this

180

00:10:49,930 --> 00:10:45,830

rant with gobekli tepe our current

181

00:10:54,790 --> 00:10:49,940

history timeline is short and it's

182

00:10:56,890 --> 00:10:54,800

simple our current timeline is 13,000

183

00:11:00,850 --> 00:10:56,900

years and it's easy for us to cover

184

00:11:04,570 --> 00:11:00,860

because everything just happened it's

185

00:11:06,520 --> 00:11:04,580

still new to us if you think about it

186

00:11:09,300 --> 00:11:06,530

and we continue to look at it in these

187

00:11:17,740 --> 00:11:09,310

terms right and I'm talking about

188

00:11:23,500 --> 00:11:17,750

language right writing math astronomy

189

00:11:28,360 --> 00:11:23,510

cosmology Gutenberg the press that is a

190

00:11:30,580 --> 00:11:28,370

turning point in history Gutenberg that

191

00:11:33,520 --> 00:11:30,590

the press the printing press was our

192

00:11:35,710 --> 00:11:33,530

first internet before that everything

193

00:11:38,170 --> 00:11:35,720

had to be written one page at a time one

194

00:11:40,830 --> 00:11:38,180

page at a time took forever Gutenberg

195

00:11:44,200 --> 00:11:40,840

rolls around and we have got mass

196

00:11:47,260 --> 00:11:44,210

communication that is a huge turning

197

00:11:49,120 --> 00:11:47,270

point that'll be on our timeline our

198

00:11:49,879 --> 00:11:49,130

13,000 your timeline Gutenberg right

199

00:11:53,599 --> 00:11:49,889

there

200

00:11:56,960 --> 00:11:53,609

huit the domestication of wheat without

201
00:12:00,979 --> 00:11:56,970
that there is no us today that's on our

202
00:12:05,389 --> 00:12:00,989
timeline ancient Sumer with math and

203
00:12:08,210 --> 00:12:05,399
writing writing think about this

204
00:12:12,829 --> 00:12:08,220
cuneiform big change in our history

205
00:12:18,979 --> 00:12:12,839
that's on our timeline Galileo is on our

206
00:12:24,590 --> 00:12:18,989
timeline Galileo Newton Sir Isaac Newton

207
00:12:28,569 --> 00:12:24,600
is on our timeline Thomas Edison has to

208
00:12:33,889 --> 00:12:28,579
be on our timeline right Nikola Tesla

209
00:12:37,819 --> 00:12:33,899
Einstein these huge advances Louis

210
00:12:40,309 --> 00:12:37,829
Pasteur huge advances big blips on the

211
00:12:45,879 --> 00:12:40,319
radar on our timeline we can just look

212
00:12:49,400 --> 00:12:45,889
and examine all of it Microsoft right

213
00:12:52,099 --> 00:12:49,410

huge blips on the timeline and they're

214

00:12:55,249 --> 00:12:52,109

all fresh there's certainly huge points

215

00:12:57,470 --> 00:12:55,259

in our history as brief as it is but if

216

00:13:02,329 --> 00:12:57,480

you think about it in the big picture

217

00:13:05,479 --> 00:13:02,339

the really big picture all of it just

218

00:13:09,559 --> 00:13:05,489

brought us from the Stone Age to modern

219

00:13:11,329 --> 00:13:09,569

civilization that's right and it

220

00:13:18,379 --> 00:13:11,339

happened overnight

221

00:13:22,609 --> 00:13:18,389

it was the snap of a finger history from

222

00:13:28,960 --> 00:13:22,619

gobekli tepe to 20/20 ad is just

223

00:13:37,220 --> 00:13:33,829

history starts today and all of us are a

224

00:13:43,460 --> 00:13:37,230

part of it we were here when it all

225

00:13:47,359 --> 00:13:43,470

began 20 20 AD there is no other way to

226

00:13:52,119 --> 00:13:47,369

look at it than this a million years

227

00:13:55,669 --> 00:13:52,129

from now you and I are ancient man

228

00:13:59,019 --> 00:13:55,679

that's the classification we are going

229

00:14:03,530 --> 00:13:59,029

to have in class in school

230

00:14:07,450 --> 00:14:03,540

ancient man a museum walking through

231

00:14:10,220 --> 00:14:07,460

nice diorama there behind the glass

232

00:14:14,600 --> 00:14:10,230

somebody's sitting at a computer ancient

233

00:14:19,720 --> 00:14:14,610

man the dawn of history a million years

234

00:14:29,600 --> 00:14:26,360

found technology and Starbucks think

235

00:14:30,080 --> 00:14:29,610

about this it's pretty incredible isn't

236

00:14:32,470 --> 00:14:30,090

it

237

00:14:36,140 --> 00:14:32,480

and the way that we look at ourselves

238

00:14:37,820 --> 00:14:36,150

today today where we think about this

239

00:14:39,290 --> 00:14:37,830

technology and we think about everything

240

00:14:41,420 --> 00:14:39,300

and everything that we have and the

241

00:14:42,950 --> 00:14:41,430

knowledge and in the libraries and the

242

00:14:45,080 --> 00:14:42,960

books and the teaching and the math and

243

00:14:47,240 --> 00:14:45,090

the history and all of that if they had

244

00:14:51,680 --> 00:14:47,250

the same point of view the same

245

00:14:56,210 --> 00:14:51,690

reference in the year zero they had the

246

00:14:57,700 --> 00:14:56,220

same point of reference at 3,000 BC they

247

00:15:01,730 --> 00:14:57,710

thought that they had it all together

248

00:15:06,080 --> 00:15:01,740

they were documenting history they had

249

00:15:08,630 --> 00:15:06,090

no idea that today a mere 5,000 years

250

00:15:11,570 --> 00:15:08,640

later in the year 2020 that we would

251
00:15:16,400 --> 00:15:11,580
consider that the Stone Age and we would

252
00:15:20,720 --> 00:15:16,410
consider that ancient man and in the big

253
00:15:24,470 --> 00:15:20,730
timeline that 1 million year timeline us

254
00:15:30,010 --> 00:15:24,480
today at the beginning we are truly

255
00:15:35,140 --> 00:15:30,020
ancient this is when history starts

256
00:15:38,000 --> 00:15:35,150
history starts today think about that

257
00:15:40,730 --> 00:15:38,010
I'm your host Jimmy Church my email is

258
00:15:44,270 --> 00:15:40,740
Jimmy at Jimmy Church radio calm you can

259
00:15:46,730 --> 00:15:44,280
follow me on twitter @ JT radio hashtag

260
00:15:50,030 --> 00:15:46,740
f2 B is the sandbox

261
00:15:53,000 --> 00:15:50,040
hashtag f2b Q is fade to black questions

262
00:15:56,510 --> 00:15:53,010
we have to chat rooms open one over at

263
00:15:59,030 --> 00:15:56,520

Spreaker one over at kg RA the planet

264

00:16:04,280 --> 00:15:59,040

this is fade to black on the GameChanger

265

00:16:05,720 --> 00:16:04,290

network and kg ra the planet I'll be

266

00:16:08,600 --> 00:16:05,730

right back with our guest
