

FADE TO BLACK

with **JIMMY CHURCH**
PRESENTS

MATTHEW LaCROIX

Our Secret History

TUE NOV 29 LIVE

7:00 PM PT/10:00PM ET

1
00:00:07,379 --> 00:00:27,330
foreign

2
00:00:27,340 --> 00:00:44,770
[Music]

3
00:00:49,610 --> 00:00:47,389
Air Forces has announced that applying

4
00:00:55,209 --> 00:00:49,620
disc has been found and is now in the

5
00:01:02,689 --> 00:00:58,910
I occasionally think how quickly our

6
00:01:05,270 --> 00:01:02,699
differences worldwide would vanish if we

7
00:01:06,340 --> 00:01:05,280
were facing an alien threat from outside

8
00:01:08,160 --> 00:01:06,350
this work

9
00:01:08,340 --> 00:01:08,170
[Music]

10
00:01:10,690 --> 00:01:08,350
[Applause]

11
00:01:13,609 --> 00:01:10,700
[Music]

12
00:01:16,429 --> 00:01:13,619
this is Fade to Black with your host

13
00:01:17,110 --> 00:01:16,439

Jimmy Church on the game changer Radio

14

00:01:20,770 --> 00:01:17,120

Network

15

00:01:24,350 --> 00:01:20,780

[Music]

16

00:01:29,330 --> 00:01:24,360

good evening Fade to Black today is

17

00:01:32,690 --> 00:01:29,340

Tuesday November 29 2022 and tonight

18

00:01:35,870 --> 00:01:32,700

Matthew Lacroix is with us for the first

19

00:01:38,090 --> 00:01:35,880

time our secret history and we're going

20

00:01:40,130 --> 00:01:38,100

to be discussing all of that he's a

21

00:01:41,690 --> 00:01:40,140

passionate writer he's a researcher who

22

00:01:43,850 --> 00:01:41,700

grew up exploring the outdoors of

23

00:01:46,310 --> 00:01:43,860

Northern New England and after college

24

00:01:48,770 --> 00:01:46,320

he began studying ancient civilizations

25

00:01:51,590 --> 00:01:48,780

philosophy quantum mechanics and history

26

00:01:55,609 --> 00:01:51,600

and at 32 he published his first major

27

00:01:57,530 --> 00:01:55,619

book The Illusion of us in 2019 he

28

00:01:59,929 --> 00:01:57,540

released his second book entitled the

29

00:02:01,730 --> 00:01:59,939

stage of time and he is currently

30

00:02:03,289 --> 00:02:01,740

co-writing his third major book we've

31

00:02:06,289 --> 00:02:03,299

been waiting for this for a while with

32

00:02:08,350 --> 00:02:06,299

Billy Carson and it's called The Epic of

33

00:02:11,750 --> 00:02:08,360

humanity his website is

34

00:02:13,490 --> 00:02:11,760

thestageoftime.com the links for it are

35

00:02:15,770 --> 00:02:13,500

below and I would like to welcome for

36

00:02:17,869 --> 00:02:15,780

the first time to Fade to Black Matthew

37

00:02:19,490 --> 00:02:17,879

Lacroix Matthew

38

00:02:20,990 --> 00:02:19,500

hey Jimmy it's great to be here I've

39

00:02:22,850 --> 00:02:21,000

actually wanted to work with you for

40

00:02:24,530 --> 00:02:22,860

quite a long time and I'm glad we can

41

00:02:27,229 --> 00:02:24,540

finally connect and have an awesome

42

00:02:29,930 --> 00:02:27,239

discussion tonight yeah I I really

43

00:02:31,369 --> 00:02:29,940

appreciate that and uh before we get

44

00:02:34,070 --> 00:02:31,379

started you get the First Time guest

45

00:02:35,930 --> 00:02:34,080

disclaimer Matthew which is it's just

46

00:02:38,270 --> 00:02:35,940

you and I sitting on my couch having a

47

00:02:40,070 --> 00:02:38,280

conversation as friends and where that

48

00:02:42,410 --> 00:02:40,080

conversation starts and starts word ends

49

00:02:44,150 --> 00:02:42,420

it ends but we're gonna end as friends

50

00:02:46,430 --> 00:02:44,160

but we're already friends but we're

51
00:02:50,089 --> 00:02:46,440
going to continue that hopefully by the

52
00:02:52,670 --> 00:02:50,099
end of the show and um now this is uh

53
00:02:55,369 --> 00:02:52,680
what is interesting because

54
00:02:58,309 --> 00:02:55,379
um for myself

55
00:03:00,470 --> 00:02:58,319
um I I cover lost history and secret

56
00:03:02,570 --> 00:03:00,480
history a lot

57
00:03:04,430 --> 00:03:02,580
um it's one of my favorite subjects and

58
00:03:07,309 --> 00:03:04,440
I've been doing this since I was a

59
00:03:10,610 --> 00:03:07,319
little kid because things just didn't

60
00:03:13,850 --> 00:03:10,620
seem right to me and and I'm talking

61
00:03:15,770 --> 00:03:13,860
about you know agent 8 9 10 and it's

62
00:03:17,809 --> 00:03:15,780
just things didn't seem right and and

63
00:03:20,270 --> 00:03:17,819

that started my journey

64

00:03:23,509 --> 00:03:20,280

and um everybody knows I just got back

65

00:03:25,070 --> 00:03:23,519

from Egypt but which is extraordinary

66

00:03:27,770 --> 00:03:25,080

and of itself

67

00:03:31,070 --> 00:03:27,780

to visit the country but when I was a

68

00:03:34,190 --> 00:03:31,080

kid I was like 14 years old and I was

69

00:03:37,610 --> 00:03:34,200

living in Central America in Panama and

70

00:03:40,729 --> 00:03:37,620

we took a trip it was like the Boys and

71

00:03:42,770 --> 00:03:40,739

Girls Club on the army base right and we

72

00:03:44,449 --> 00:03:42,780

all got in a school bus paid five

73

00:03:47,270 --> 00:03:44,459

dollars each and had our parents sign

74

00:03:50,089 --> 00:03:47,280

off on a permission slip right and we

75

00:03:52,430 --> 00:03:50,099

drive across Panama I think we took a

76
00:03:54,110 --> 00:03:52,440
train and maybe we drove the whole way

77
00:03:56,509 --> 00:03:54,120
in about I can't remember but anyway so

78
00:03:58,309 --> 00:03:56,519
we get to the other side of What's

79
00:04:01,789 --> 00:03:58,319
called the Atlantic side the Gulf of

80
00:04:04,910 --> 00:04:01,799
Mexico side to go visit an old Spanish

81
00:04:07,490 --> 00:04:04,920
Fort and it was called Fort San Lorenzo

82
00:04:10,970 --> 00:04:07,500
and here's the trip

83
00:04:12,530 --> 00:04:10,980
um when you stand and you don't

84
00:04:14,089 --> 00:04:12,540
understand really what's going on right

85
00:04:15,649 --> 00:04:14,099
but you look around and you see these

86
00:04:18,229 --> 00:04:15,659
blocks

87
00:04:21,110 --> 00:04:18,239
things are worn down you know but it's

88
00:04:23,810 --> 00:04:21,120

ancient right at this this fort at the

89

00:04:26,629 --> 00:04:23,820

time that I was there was probably four

90

00:04:29,090 --> 00:04:26,639

or five six hundred years old cannons is

91

00:04:30,890 --> 00:04:29,100

you know still there abandoned but you

92

00:04:34,249 --> 00:04:30,900

just look around and it's a fascinating

93

00:04:36,290 --> 00:04:34,259

thing to see because this isn't the

94

00:04:39,230 --> 00:04:36,300

modern school you're going to or the

95

00:04:43,189 --> 00:04:39,240

supermarket or the shopping mall it's

96

00:04:46,490 --> 00:04:43,199

this ancient structure and that that

97

00:04:48,650 --> 00:04:46,500

right there was a clue for what I wanted

98

00:04:50,930 --> 00:04:48,660

to do was to go and explore these sites

99

00:04:52,670 --> 00:04:50,940

and figure out our our ancient history

100

00:04:54,409 --> 00:04:52,680

because this was virtually in my

101
00:04:55,189 --> 00:04:54,419
backyard and I didn't even know it was

102
00:04:57,950 --> 00:04:55,199
there

103
00:04:59,810 --> 00:04:57,960
I want you to take me back did you

104
00:05:02,450 --> 00:04:59,820
encounter stuff like this in New England

105
00:05:05,150 --> 00:05:02,460
you know at you know growing up where

106
00:05:08,450 --> 00:05:05,160
you just kind of look around and go man

107
00:05:10,850 --> 00:05:08,460
things aren't what they seem

108
00:05:12,830 --> 00:05:10,860
yeah for me it was uh I've always been

109
00:05:15,290 --> 00:05:12,840
someone really interested in exploring

110
00:05:17,450 --> 00:05:15,300
the world around me and

111
00:05:19,370 --> 00:05:17,460
um being in New England and walking

112
00:05:21,650 --> 00:05:19,380
around and seeing like ancient stone

113
00:05:23,450 --> 00:05:21,660

walls and you know you see like a

114

00:05:26,270 --> 00:05:23,460

foundation of of someone that used to

115

00:05:28,249 --> 00:05:26,280

live there hundreds of years ago and but

116

00:05:29,990 --> 00:05:28,259

there's not much there left

117

00:05:31,730 --> 00:05:30,000

but it's interesting for people that are

118

00:05:32,930 --> 00:05:31,740

inquisitive you almost like imagine what

119

00:05:34,850 --> 00:05:32,940

it would would have been like you know

120

00:05:37,189 --> 00:05:34,860

who was that that lived there what was

121

00:05:39,710 --> 00:05:37,199

their life like all that's left now is

122

00:05:41,450 --> 00:05:39,720

this little Foundation of what once was

123

00:05:43,790 --> 00:05:41,460

and it's like there's almost like an

124

00:05:45,170 --> 00:05:43,800

echo of what used to exist there if you

125

00:05:47,749 --> 00:05:45,180

know what to look for you know the

126

00:05:49,430 --> 00:05:47,759

remnants of what was left behind and

127

00:05:52,010 --> 00:05:49,440

then by taking that you can then

128

00:05:53,510 --> 00:05:52,020

interpret and say well then maybe I

129

00:05:55,850 --> 00:05:53,520

believe it maybe was it looked like this

130

00:05:58,370 --> 00:05:55,860

or it looked like that or maybe this is

131

00:06:00,770 --> 00:05:58,380

what those people were like and as I got

132

00:06:02,689 --> 00:06:00,780

further down and started looking into

133

00:06:05,170 --> 00:06:02,699

much older things around the world you

134

00:06:07,129 --> 00:06:05,180

know outside New England getting into

135

00:06:09,350 --> 00:06:07,139

mysterious sites around the world I

136

00:06:10,850 --> 00:06:09,360

remember being a kid and watching just

137

00:06:13,730 --> 00:06:10,860

even the way that they depicted movies

138

00:06:15,950 --> 00:06:13,740

of some ancient civilization like hidden

139

00:06:17,990 --> 00:06:15,960

deep in the jungle covered in just in

140

00:06:19,670 --> 00:06:18,000

Ruins right something where you just see

141

00:06:22,370 --> 00:06:19,680

remnants of it I remember being

142

00:06:23,090 --> 00:06:22,380

completely captivated and Blown Away by

143

00:06:31,909 --> 00:06:23,100

that

144

00:06:33,650 --> 00:06:31,919

forgotten and then you you almost start

145

00:06:35,210 --> 00:06:33,660

wondering about you know what was that

146

00:06:37,430 --> 00:06:35,220

Civilization like what were those people

147

00:06:39,290 --> 00:06:37,440

like and the further down you started

148

00:06:41,510 --> 00:06:39,300

down this rabbit hole

149

00:06:44,629 --> 00:06:41,520

it especially becomes interesting when

150

00:06:47,330 --> 00:06:44,639

you learn and become privy to an

151
00:06:50,150 --> 00:06:47,340
understanding well look not only is this

152
00:06:52,850 --> 00:06:50,160
an ancient site that is maybe documented

153
00:06:54,890 --> 00:06:52,860
in some history book or talked about but

154
00:06:56,570 --> 00:06:54,900
how about ancient a certain set of

155
00:06:59,450 --> 00:06:56,580
ancient civilizations around the world

156
00:07:02,270 --> 00:06:59,460
that are highly sophisticated that are

157
00:07:04,550 --> 00:07:02,280
all connected to a time period that is

158
00:07:06,710 --> 00:07:04,560
not even acknowledged by main the

159
00:07:09,590 --> 00:07:06,720
mainstream and paints a completely

160
00:07:12,529 --> 00:07:09,600
different picture of our story how far

161
00:07:15,409 --> 00:07:12,539
back we go in this entire lost chapter

162
00:07:18,350 --> 00:07:15,419
of our civilization that really speaks

163
00:07:20,629 --> 00:07:18,360

to something deep inside about how we

164

00:07:22,249 --> 00:07:20,639

used to be and a lot of the gifts and a

165

00:07:25,370 --> 00:07:22,259

lot of the things that we used to know

166

00:07:27,230 --> 00:07:25,380

that we no longer know any longer and I

167

00:07:29,150 --> 00:07:27,240

know that people like Graham Hancock

168

00:07:31,249 --> 00:07:29,160

have coined the phrase species with

169

00:07:32,990 --> 00:07:31,259

amnesia which is of course a great way

170

00:07:35,270 --> 00:07:33,000

to say the idea that if you have a

171

00:07:37,629 --> 00:07:35,280

civilization that is like a grand

172

00:07:40,430 --> 00:07:37,639

civilization that becomes wiped out by

173

00:07:43,909 --> 00:07:40,440

catastrophes and thousands years go by

174

00:07:45,710 --> 00:07:43,919

and then nobody remembers them then we

175

00:07:48,469 --> 00:07:45,720

almost forget that we have that entire

176

00:07:50,689 --> 00:07:48,479

chapter of in in our past and that's

177

00:07:52,070 --> 00:07:50,699

what's fascinating to me when I look at

178

00:07:55,249 --> 00:07:52,080

this because it connects to something

179

00:07:57,670 --> 00:07:55,259

that is like a much grander story that

180

00:08:00,350 --> 00:07:57,680

is a part of us and it helps expand our

181

00:08:03,110 --> 00:08:00,360

understandings of true like who we are

182

00:08:06,950 --> 00:08:03,120

and where we came from every culture

183

00:08:08,930 --> 00:08:06,960

right every continent has got this same

184

00:08:11,170 --> 00:08:08,940

story doesn't it we have it here in

185

00:08:13,909 --> 00:08:11,180

North and Central and South America

186

00:08:18,129 --> 00:08:13,919

Australia New Zealand of course Europe

187

00:08:22,369 --> 00:08:18,139

and and Asia all the way down into

188

00:08:25,129 --> 00:08:22,379

uh Egypt and and Africa just about every

189

00:08:27,290 --> 00:08:25,139

soon Antarctica we're gonna find out

190

00:08:29,210 --> 00:08:27,300

something there too as well but but

191

00:08:32,810 --> 00:08:29,220

every every continent every culture's

192

00:08:34,790 --> 00:08:32,820

got some kind of missing origin story

193

00:08:36,889 --> 00:08:34,800

yeah and the further in uh the further

194

00:08:39,469 --> 00:08:36,899

we look into that you know as things

195

00:08:41,449 --> 00:08:39,479

like lidar technology using radar ground

196

00:08:43,909 --> 00:08:41,459

penetrating radar to look below things

197

00:08:45,949 --> 00:08:43,919

like jungle and look below uh desert

198

00:08:47,949 --> 00:08:45,959

sand like in Egypt

199

00:08:50,750 --> 00:08:47,959

um we're starting to find that well look

200

00:08:52,910 --> 00:08:50,760

this is a lot bigger than we thought

201
00:08:55,730 --> 00:08:52,920
this is a lot bigger than we initially

202
00:08:58,430 --> 00:08:55,740
had expected to find and I think that's

203
00:09:00,650 --> 00:08:58,440
what's so fascinating is that not only

204
00:09:03,350 --> 00:09:00,660
is the mainstream lumping this into the

205
00:09:05,570 --> 00:09:03,360
wrong timeline of our civilizations the

206
00:09:07,850 --> 00:09:05,580
wrong aging that the dating is

207
00:09:10,190 --> 00:09:07,860
completely inaccurate but more

208
00:09:12,410 --> 00:09:10,200
importantly the civilizations that are

209
00:09:14,750 --> 00:09:12,420
supposed to exist say 12 000 years ago

210
00:09:16,550 --> 00:09:14,760
or earlier during this period known as

211
00:09:19,070 --> 00:09:16,560
the younger dryas and the pleistocene

212
00:09:21,410 --> 00:09:19,080
that time period where all taught in

213
00:09:23,509 --> 00:09:21,420

school is hunter-gatherers and like

214

00:09:26,150 --> 00:09:23,519

primitive people but what we're actually

215

00:09:29,630 --> 00:09:26,160

finding like you mentioned Central

216

00:09:32,269 --> 00:09:29,640

America South America Egypt throughout

217

00:09:35,150 --> 00:09:32,279

balback Lebanon Petra Jordan Saudi

218

00:09:37,550 --> 00:09:35,160

Arabia Iran Iraq right through southeast

219

00:09:39,710 --> 00:09:37,560

Asia Japan China and I could go on and

220

00:09:41,930 --> 00:09:39,720

on and on we're finding these Telltale

221

00:09:44,329 --> 00:09:41,940

signatures Left Behind from

222

00:09:47,630 --> 00:09:44,339

civilizations that not only were more

223

00:09:50,389 --> 00:09:47,640

advanced than were taught but were more

224

00:09:53,449 --> 00:09:50,399

advanced in some ways than we even are

225

00:09:55,730 --> 00:09:53,459

now now that may not be I'm not speaking

226

00:09:57,590 --> 00:09:55,740

necessarily from a a level of like

227

00:09:59,690 --> 00:09:57,600

computers and necessarily maybe like

228

00:10:01,370 --> 00:09:59,700

cars driving around and but I'm not

229

00:10:03,829 --> 00:10:01,380

saying that's not possible right but

230

00:10:05,630 --> 00:10:03,839

what we're what we're looking at here is

231

00:10:08,870 --> 00:10:05,640

the sophistication and understanding of

232

00:10:10,690 --> 00:10:08,880

the universe Consciousness energy and

233

00:10:13,910 --> 00:10:10,700

Mathematics and

234

00:10:16,070 --> 00:10:13,920

concepts of sacred geometry that we just

235

00:10:18,230 --> 00:10:16,080

don't understand anymore at all not only

236

00:10:21,290 --> 00:10:18,240

that but they seem to be able to harness

237

00:10:24,110 --> 00:10:21,300

certain human abilities and incoherence

238

00:10:27,050 --> 00:10:24,120

with those types of understandings to be

239

00:10:29,870 --> 00:10:27,060

able to do things and exist in in ways

240

00:10:32,090 --> 00:10:29,880

that we don't any longer and it's almost

241

00:10:35,570 --> 00:10:32,100

like they were like super human in some

242

00:10:37,009 --> 00:10:35,580

ways compared to us in in terms of how

243

00:10:38,990 --> 00:10:37,019

we can understand it like for instance

244

00:10:40,910 --> 00:10:39,000

just just give a an example that

245

00:10:42,710 --> 00:10:40,920

everybody knows that's very easy to to

246

00:10:44,870 --> 00:10:42,720

relate to

247

00:10:46,610 --> 00:10:44,880

is you just went to Egypt with Billy and

248

00:10:48,710 --> 00:10:46,620

I love the pictures you guys looked like

249

00:10:51,170 --> 00:10:48,720

you had a great time you visited the

250

00:10:53,630 --> 00:10:51,180

Great Pyramid of Giza that is a

251
00:10:56,389 --> 00:10:53,640
structure that is two and a half million

252
00:11:00,050 --> 00:10:56,399
megalithic blocks that average between 8

253
00:11:02,690 --> 00:11:00,060
and 15 Tons each okay but the way that

254
00:11:04,670 --> 00:11:02,700
that's constructed for instance hundreds

255
00:11:07,130 --> 00:11:04,680
of feet up into the king's chamber these

256
00:11:09,949 --> 00:11:07,140
giant megalithic Granite blocks that are

257
00:11:12,290 --> 00:11:09,959
more than 60 tons each we have no idea

258
00:11:14,690 --> 00:11:12,300
how they even got them in there how they

259
00:11:17,090 --> 00:11:14,700
align them so precisely with different

260
00:11:19,069 --> 00:11:17,100
star constellations being like basically

261
00:11:21,350 --> 00:11:19,079
like a half ratio of our entire Earth

262
00:11:24,170 --> 00:11:21,360
connected to like the moon and the sun

263
00:11:26,090 --> 00:11:24,180

these civilizations New Concepts and

264

00:11:28,430 --> 00:11:26,100

theories and understandings about our

265

00:11:31,269 --> 00:11:28,440

universe and solar system that we cannot

266

00:11:34,009 --> 00:11:31,279

even comprehend today

267

00:11:37,370 --> 00:11:34,019

yeah we can't we can't do it and when

268

00:11:39,230 --> 00:11:37,380

you look at something like uh even the

269

00:11:41,930 --> 00:11:39,240

Great Pyramid is a great example but

270

00:11:45,530 --> 00:11:41,940

let's Circle back to that because we can

271

00:11:48,050 --> 00:11:45,540

spend a lot of time there but even if we

272

00:11:51,370 --> 00:11:48,060

go with traditional dating dating that's

273

00:11:54,889 --> 00:11:51,380

given to us yeah the Dogma dating right

274

00:11:57,230 --> 00:11:54,899

but if we if we go with that then the

275

00:12:00,350 --> 00:11:57,240

great pyramid's 5 000 years old right it

276

00:12:02,389 --> 00:12:00,360

was built around 2700 BC it's important

277

00:12:04,730 --> 00:12:02,399

yeah according to that okay so let's

278

00:12:07,569 --> 00:12:04,740

just stick with the Orthodox dating but

279

00:12:11,389 --> 00:12:07,579

if we back up 7 000 years before that

280

00:12:16,009 --> 00:12:11,399

seven thousand years now we've got go

281

00:12:17,930 --> 00:12:16,019

back Lee Tepe and which in a lot of in a

282

00:12:20,389 --> 00:12:17,940

lot of ways and especially considering

283

00:12:22,670 --> 00:12:20,399

the dating that they are giving us that

284

00:12:26,210 --> 00:12:22,680

they're giving us 7 000 years we really

285

00:12:30,769 --> 00:12:26,220

don't know 12 000 uh years ago 10 000 BC

286

00:12:33,350 --> 00:12:30,779

7 000 years before uh uh Giza but if

287

00:12:37,130 --> 00:12:33,360

that is indeed the case

288

00:12:41,509 --> 00:12:37,140

Hunter gathers digging for seeds in the

289

00:12:43,850 --> 00:12:41,519

dirt for dinner did not build Gobekli

290

00:12:46,850 --> 00:12:43,860

tappy right and that's just if you go

291

00:12:48,490 --> 00:12:46,860

off of their thinking and what they are

292

00:12:51,290 --> 00:12:48,500

trying to show us that wasn't a

293

00:12:54,590 --> 00:12:51,300

hunter-gatherer in you know wearing

294

00:12:57,530 --> 00:12:54,600

animal skins running around with with no

295

00:12:59,150 --> 00:12:57,540

cognitive skills that no I I just don't

296

00:13:01,250 --> 00:12:59,160

buy into that and that's the best

297

00:13:04,730 --> 00:13:01,260

example and it's right in front of us

298

00:13:07,610 --> 00:13:04,740

yeah and what's fascinating is it's one

299

00:13:09,470 --> 00:13:07,620

of the sites that has been investigated

300

00:13:11,690 --> 00:13:09,480

a little bit more than others but still

301

00:13:13,790 --> 00:13:11,700

is only about five to ten percent fully

302

00:13:16,370 --> 00:13:13,800

excavated but what they found that's

303

00:13:18,230 --> 00:13:16,380

really fascinating there and in many

304

00:13:20,150 --> 00:13:18,240

many other um ancient sites around the

305

00:13:22,190 --> 00:13:20,160

world is that when they're digging down

306

00:13:23,930 --> 00:13:22,200

through the layers of soil which is like

307

00:13:26,210 --> 00:13:23,940

a chronological

308

00:13:27,949 --> 00:13:26,220

um Viewpoint of history when they're

309

00:13:30,829 --> 00:13:27,959

digging down through them

310

00:13:33,530 --> 00:13:30,839

far down in these layers they're finding

311

00:13:35,810 --> 00:13:33,540

hunter-gatherers way down below that

312

00:13:38,269 --> 00:13:35,820

we're in that area at some point but

313

00:13:40,910 --> 00:13:38,279

then all of a sudden in a very small

314

00:13:44,569 --> 00:13:40,920

period of time we're seeing this

315

00:13:47,449 --> 00:13:44,579

enormous jump in only a small layer to

316

00:13:49,069 --> 00:13:47,459

Agriculture and Metallurgy and animal

317

00:13:51,110 --> 00:13:49,079

husbandry and like Civilization

318

00:13:54,530 --> 00:13:51,120

literally just emerging out of nowhere

319

00:13:57,350 --> 00:13:54,540

right which is going back to the Great

320

00:14:01,129 --> 00:13:57,360

Pyramid which is what they want us to

321

00:14:04,550 --> 00:14:01,139

believe there too as well at 3000 BC

322

00:14:06,889 --> 00:14:04,560

right that very critical timeline Manet

323

00:14:11,269 --> 00:14:06,899

who became you know the first pharaoh uh

324

00:14:14,030 --> 00:14:11,279

narmar abados and United uh uh Upper and

325

00:14:17,449 --> 00:14:14,040

Lower Egypt again we're just basing

326

00:14:20,210 --> 00:14:17,459

things on the Orthodox archeology and

327

00:14:23,870 --> 00:14:20,220

and University timelines here but say

328

00:14:27,470 --> 00:14:23,880

three that before 3000 BC what we have

329

00:14:31,850 --> 00:14:27,480

been taught and told for the last 200

330

00:14:33,410 --> 00:14:31,860

years is that it just happened they just

331

00:14:35,690 --> 00:14:33,420

came out of the desert yeah and they

332

00:14:39,170 --> 00:14:35,700

decided to do it right yeah and built

333

00:14:40,750 --> 00:14:39,180

this pyramid and and if you go and

334

00:14:44,210 --> 00:14:40,760

here's the other critical thing Matthew

335

00:14:46,310 --> 00:14:44,220

I love your comment on this you have the

336

00:14:49,550 --> 00:14:46,320

bent pyramid right you have the step

337

00:14:52,189 --> 00:14:49,560

pyramid you have the Red Pyramid and

338

00:14:54,590 --> 00:14:52,199

dozens of others

339

00:14:59,689 --> 00:14:54,600

um all the way up to the Giza Plateau

340

00:15:01,730 --> 00:14:59,699

that they built those 25 35 45 pyramids

341

00:15:04,069 --> 00:15:01,740

which are all ginormous

342

00:15:06,110 --> 00:15:04,079

in 75 years

343

00:15:08,030 --> 00:15:06,120

and you just back up forget about all

344

00:15:10,790 --> 00:15:08,040

the other temples and everything at just

345

00:15:13,250 --> 00:15:10,800

just that right there when you walk up

346

00:15:15,769 --> 00:15:13,260

to the bent pyramid and you turn around

347

00:15:18,350 --> 00:15:15,779

and it's just as big as the Great

348

00:15:19,910 --> 00:15:18,360

Pyramid it's it's huge and you turn

349

00:15:22,009 --> 00:15:19,920

around and you look at the Red Pyramid

350

00:15:24,769 --> 00:15:22,019

which is just as big and just as

351

00:15:27,050 --> 00:15:24,779

Majestic that this just happened

352

00:15:30,350 --> 00:15:27,060

overnight and then they went up and

353

00:15:32,329 --> 00:15:30,360

decided to build Giza it's it it boggles

354

00:15:34,129 --> 00:15:32,339

the Mind where did the population come

355

00:15:36,530 --> 00:15:34,139

from where did the Manpower come from

356

00:15:39,590 --> 00:15:36,540

they only talk about those two and a

357

00:15:41,210 --> 00:15:39,600

half million blocks in 20 years for the

358

00:15:43,850 --> 00:15:41,220

Great Pyramid they don't tell you that

359

00:15:46,490 --> 00:15:43,860

they needed 20 000 other people at

360

00:15:49,910 --> 00:15:46,500

multiple sites over the last 75 year

361

00:15:50,689 --> 00:15:49,920

period it just doesn't fit yeah it

362

00:15:52,730 --> 00:15:50,699

actually

363

00:15:55,189 --> 00:15:52,740

um maybe even a lot more complicated

364

00:15:58,069 --> 00:15:55,199

than that as well because the more we're

365

00:16:00,230 --> 00:15:58,079

looking at the abilities of and the

366

00:16:02,930 --> 00:16:00,240

knowledge that they had back then this

367

00:16:05,509 --> 00:16:02,940

concept of like slave labor and using

368

00:16:08,090 --> 00:16:05,519

masses of people to accomplish things

369

00:16:10,790 --> 00:16:08,100

seems to be this very Antiquated mindset

370

00:16:12,949 --> 00:16:10,800

of of how they're they they build these

371

00:16:14,750 --> 00:16:12,959

structures and furthermore

372

00:16:16,069 --> 00:16:14,760

it's it's becoming more and more

373

00:16:18,350 --> 00:16:16,079

apparent to people who are studying

374

00:16:19,250 --> 00:16:18,360

things like vibrational frequency and

375

00:16:21,050 --> 00:16:19,260

sound

376

00:16:24,170 --> 00:16:21,060

um cymatics and all these different

377

00:16:26,389 --> 00:16:24,180

aspects is that these cultures don't

378

00:16:28,610 --> 00:16:26,399

even claim to have used Mass labor or

379

00:16:30,829 --> 00:16:28,620

anything they seem to have created these

380

00:16:32,810 --> 00:16:30,839

structures in them in means that is

381

00:16:35,030 --> 00:16:32,820

unlike anything like a crane or any kind

382

00:16:37,670 --> 00:16:35,040

anything that's uh more of like moving

383

00:16:40,069 --> 00:16:37,680

large objects it seems to be almost like

384

00:16:41,810 --> 00:16:40,079

a mystery to us on even how they did it

385

00:16:44,870 --> 00:16:41,820

let alone

386

00:16:47,449 --> 00:16:44,880

um how long it took because it's it's at

387

00:16:49,310 --> 00:16:47,459

the point where we're looking at just

388

00:16:51,470 --> 00:16:49,320

these civilizations that just emerged

389

00:16:53,269 --> 00:16:51,480

out of nowhere with knowledge is seen to

390

00:16:54,590 --> 00:16:53,279

be handed down to them and that's

391

00:16:56,810 --> 00:16:54,600

something that I've been tracking around

392

00:16:59,389 --> 00:16:56,820

the world is that there seems to be this

393

00:17:01,970 --> 00:16:59,399

Trail Left Behind of sages and

394

00:17:03,889 --> 00:17:01,980

individuals that are like teaching these

395

00:17:05,390 --> 00:17:03,899

civilizations how to do this and then

396

00:17:07,669 --> 00:17:05,400

they're creating all of these incredible

397

00:17:10,309 --> 00:17:07,679

things and then some in a catastrophe

398

00:17:12,470 --> 00:17:10,319

occurs during the younger dryas they get

399

00:17:14,569 --> 00:17:12,480

wiped out and then all the cultures

400

00:17:16,789 --> 00:17:14,579

after have have no idea how the the

401
00:17:19,189 --> 00:17:16,799
previous culture built them and they try

402
00:17:20,630 --> 00:17:19,199
to mimic them and their work on top is

403
00:17:23,630 --> 00:17:20,640
very crude

404
00:17:26,710 --> 00:17:23,640
and I'm including the dynastic period of

405
00:17:31,070 --> 00:17:26,720
of Egypt with the Pharaohs

406
00:17:33,590 --> 00:17:31,080
you can walk around uh anywhere uh from

407
00:17:37,310 --> 00:17:33,600
Giza to abados to any of the temple

408
00:17:41,150 --> 00:17:37,320
sites and you can see the continuation

409
00:17:44,150 --> 00:17:41,160
the add-on period which is sloppy yeah

410
00:17:46,150 --> 00:17:44,160
challenges and it that happens in Peru

411
00:17:51,110 --> 00:17:46,160
you know it happens

412
00:17:53,090 --> 00:17:51,120
and it it's it's not just isolated uh to

413
00:17:57,110 --> 00:17:53,100

one specific culture or one specific

414

00:17:59,090 --> 00:17:57,120

site this is on every continent Matthew

415

00:18:00,950 --> 00:17:59,100

it is and and the more we're looking the

416

00:18:02,990 --> 00:18:00,960

more we're finding and the more we're

417

00:18:05,090 --> 00:18:03,000

seeing how connected they seem to all be

418

00:18:08,270 --> 00:18:05,100

I want to give an example of that

419

00:18:10,970 --> 00:18:08,280

there's an ancient site called ebla it's

420

00:18:12,710 --> 00:18:10,980

in Western Syria and it's a site that is

421

00:18:14,710 --> 00:18:12,720

really not getting much attention by

422

00:18:17,510 --> 00:18:14,720

anyone and even in mainstream archeology

423

00:18:19,789 --> 00:18:17,520

and we talk about how we have these

424

00:18:22,130 --> 00:18:19,799

Telltale signatures that are connecting

425

00:18:24,470 --> 00:18:22,140

these civilizations around the world but

426

00:18:26,330 --> 00:18:24,480

the problem is finding the actual hard

427

00:18:28,070 --> 00:18:26,340

evidence to support that because we're

428

00:18:31,490 --> 00:18:28,080

talking about a period of time that's so

429

00:18:33,350 --> 00:18:31,500

long you know 12 000 years or more that

430

00:18:36,830 --> 00:18:33,360

you can't have a lot of evidence to

431

00:18:39,770 --> 00:18:36,840

survive that but there's one place eblas

432

00:18:41,630 --> 00:18:39,780

Syria has an ancient um Library that's

433

00:18:43,669 --> 00:18:41,640

been uncovered that's one of the largest

434

00:18:45,710 --> 00:18:43,679

in the world but what they what they

435

00:18:47,890 --> 00:18:45,720

have there that's unique that I've never

436

00:18:50,510 --> 00:18:47,900

seen anywhere else and I want to really

437

00:18:51,529 --> 00:18:50,520

promote this site and be something that

438

00:18:53,090 --> 00:18:51,539

I'm going to talk a lot about in the

439

00:18:55,730 --> 00:18:53,100

future and write about in a new book

440

00:18:57,230 --> 00:18:55,740

that I'm writing even after Billy Carson

441

00:19:00,610 --> 00:18:57,240

um the book with the Epic of humanity

442

00:19:03,529 --> 00:19:00,620

coming out is that this site contains

443

00:19:06,049 --> 00:19:03,539

ancient writings from not only the Q a

444

00:19:08,450 --> 00:19:06,059

form Sumer the Sumer Aryan civilization

445

00:19:11,690 --> 00:19:08,460

of Iraq but we're finding Egyptian

446

00:19:13,850 --> 00:19:11,700

hieroglyphs Egyptian artifacts and we're

447

00:19:15,890 --> 00:19:13,860

finding artifacts from Cyprus and the

448

00:19:18,470 --> 00:19:15,900

Mediterranean and all the way East

449

00:19:21,350 --> 00:19:18,480

towards India and what that's pointing

450

00:19:23,330 --> 00:19:21,360

towards is a direct connection with

451
00:19:25,430 --> 00:19:23,340
every one of these civilizations showing

452
00:19:28,130 --> 00:19:25,440
that they made it and we're connected

453
00:19:30,770 --> 00:19:28,140
all around the world at one point and

454
00:19:33,049 --> 00:19:30,780
we're talking about these Grands almost

455
00:19:34,730 --> 00:19:33,059
super civilizations that were all

456
00:19:37,010 --> 00:19:34,740
connected through Maritime connections

457
00:19:38,810 --> 00:19:37,020
and maybe even other connections that

458
00:19:41,090 --> 00:19:38,820
were basically teaching each other

459
00:19:43,810 --> 00:19:41,100
knowledge because we're finding like the

460
00:19:47,330 --> 00:19:43,820
same type of architecture for instance

461
00:19:49,010 --> 00:19:47,340
at a place um all throughout like all

462
00:19:51,710 --> 00:19:49,020
throughout Peru like Machu Picchu and

463
00:19:54,190 --> 00:19:51,720

saksi woman as we're finding in instance

464

00:19:57,049 --> 00:19:54,200

in a place like

465

00:19:59,750 --> 00:19:57,059

a wall on Easter Island and then we're

466

00:20:01,970 --> 00:19:59,760

finding the same type of design on the

467

00:20:11,169 --> 00:20:01,980

moai with their hands collapsed around

468

00:20:17,750 --> 00:20:13,190

it's so funny

469

00:20:20,510 --> 00:20:17,760

um what Gobekli Tepe has done for me

470

00:20:23,930 --> 00:20:20,520

um and we're all doing it now we see it

471

00:20:26,630 --> 00:20:23,940

so much that you go and you look at uh

472

00:20:29,150 --> 00:20:26,640

uh Anunnaki Sumerian stuff in

473

00:20:32,690 --> 00:20:29,160

Mesopotamia all the way over to Easter

474

00:20:35,510 --> 00:20:32,700

Island and and in Indonesia where you're

475

00:20:37,850 --> 00:20:35,520

seeing these things repeat right and not

476

00:20:40,970 --> 00:20:37,860

only it's not only the hands it's the H

477

00:20:44,150 --> 00:20:40,980

blocks it's the H's it's the purses uh

478

00:20:47,390 --> 00:20:44,160

the way the hands look uh the overall

479

00:20:50,450 --> 00:20:47,400

idea of how the human form is is

480

00:20:52,730 --> 00:20:50,460

represented uh you see it repeated over

481

00:20:56,150 --> 00:20:52,740

and over again and there wasn't supposed

482

00:20:58,370 --> 00:20:56,160

to be a transoceanic culture so did did

483

00:21:02,270 --> 00:20:58,380

it did it happen another way I don't

484

00:21:05,029 --> 00:21:02,280

know but it's not the way that we are

485

00:21:07,250 --> 00:21:05,039

being told right it's just it's just

486

00:21:09,470 --> 00:21:07,260

Evolution it's human evolution it's in

487

00:21:12,470 --> 00:21:09,480

the DNA you know the persons are just

488

00:21:13,970 --> 00:21:12,480

purses they're the hands the belts the a

489

00:21:17,510 --> 00:21:13,980

you know you have the H blocks of

490

00:21:20,510 --> 00:21:17,520

Pumapunku which are clearly the same as

491

00:21:23,990 --> 00:21:20,520

what's on the belt and and and and go

492

00:21:26,570 --> 00:21:24,000

back Lee tappy now I'm not saying that

493

00:21:28,909 --> 00:21:26,580

they are connected I'm just saying I

494

00:21:31,850 --> 00:21:28,919

think we really need to investigate this

495

00:21:34,010 --> 00:21:31,860

because something's not making sense

496

00:21:36,529 --> 00:21:34,020

yeah it seems like we have um

497

00:21:38,810 --> 00:21:36,539

potentially one if not multiple chapters

498

00:21:41,270 --> 00:21:38,820

of human history that have occurred and

499

00:21:43,190 --> 00:21:41,280

been destroyed I mean like almost

500

00:21:46,190 --> 00:21:43,200

completely wiped out only a few

501
00:21:48,890 --> 00:21:46,200
survivors made it that lead to this

502
00:21:50,690 --> 00:21:48,900
entire story that connects back far

503
00:21:52,070 --> 00:21:50,700
longer than we can ever imagine I mean

504
00:21:54,529 --> 00:21:52,080
if we were to just simply take something

505
00:21:57,409 --> 00:21:54,539
like the Sumerian king list the barosis

506
00:21:59,810 --> 00:21:57,419
list of Kings his sages as well as

507
00:22:03,110 --> 00:21:59,820
something like en Makar and the Lord of

508
00:22:07,130 --> 00:22:03,120
Arata and these kingless that we find in

509
00:22:10,070 --> 00:22:07,140
in over in Iran and the Egyptian Papyrus

510
00:22:12,049 --> 00:22:10,080
King list that we find there we find the

511
00:22:14,450 --> 00:22:12,059
same thing is that there were these

512
00:22:16,669 --> 00:22:14,460
ancient rulers that seemed to rule far

513
00:22:20,630 --> 00:22:16,679

longer than we could ever imagine ruling

514

00:22:24,710 --> 00:22:20,640

but it takes us back something like 50

515

00:22:26,570 --> 00:22:24,720

100 000 maybe 200 000 years so what

516

00:22:28,370 --> 00:22:26,580

we're talking about here is not just

517

00:22:30,830 --> 00:22:28,380

like when we look at Gobekli temporary

518

00:22:32,750 --> 00:22:30,840

like okay well that doubles the age of

519

00:22:34,669 --> 00:22:32,760

civilization that we're taught lot going

520

00:22:36,230 --> 00:22:34,679

from six thousand years to twelve

521

00:22:38,270 --> 00:22:36,240

thousand years but how about something

522

00:22:40,730 --> 00:22:38,280

like a hundred thousand years right or

523

00:22:43,029 --> 00:22:40,740

200 000 years and not just punter

524

00:22:45,409 --> 00:22:43,039

gatherers existing at that time but

525

00:22:46,789 --> 00:22:45,419

coexisting with those hunter-gatherers

526

00:22:49,010 --> 00:22:46,799

like we have today we have primitive

527

00:22:51,289 --> 00:22:49,020

tribes that live in the Amazon and in

528

00:22:52,610 --> 00:22:51,299

remote islands that that live in a very

529

00:22:55,850 --> 00:22:52,620

primitive form and they don't have any

530

00:22:57,590 --> 00:22:55,860

technology so in a similar mindset there

531

00:22:59,690 --> 00:22:57,600

were primitive people but there were

532

00:23:01,850 --> 00:22:59,700

also these civilizations that were

533

00:23:03,649 --> 00:23:01,860

incredibly sophisticated that existed

534

00:23:06,289 --> 00:23:03,659

all around the world and that's

535

00:23:09,169 --> 00:23:06,299

narrative in that story is being tightly

536

00:23:10,610 --> 00:23:09,179

controlled and protective let me stop

537

00:23:13,490 --> 00:23:10,620

you right there yeah because that's the

538

00:23:17,630 --> 00:23:13,500

big question right why

539

00:23:19,909 --> 00:23:17,640

right why suppress this it should be the

540

00:23:22,909 --> 00:23:19,919

exact opposite we should be out there

541

00:23:25,190 --> 00:23:22,919

exploring and trying to figure out these

542

00:23:28,310 --> 00:23:25,200

questions that everybody has instead

543

00:23:31,250 --> 00:23:28,320

it's closed down from the outside in why

544

00:23:33,529 --> 00:23:31,260

well I've done a lot of research into

545

00:23:35,750 --> 00:23:33,539

tracing back to where this started and

546

00:23:38,930 --> 00:23:35,760

the place that I can trace it back to is

547

00:23:41,090 --> 00:23:38,940

a very definitive period in the

548

00:23:43,909 --> 00:23:41,100

transition of the Roman Empire into the

549

00:23:47,750 --> 00:23:43,919

Holy Roman Empire now during that period

550

00:23:50,390 --> 00:23:47,760

of time we had a decision made to

551
00:23:52,450 --> 00:23:50,400
basically adopt Christianity because the

552
00:23:54,169 --> 00:23:52,460
Roman Empire was

553
00:23:56,029 --> 00:23:54,179
non-monotheistic meaning they had

554
00:23:57,230 --> 00:23:56,039
multiple gods at one point they were

555
00:23:59,210 --> 00:23:57,240
they were

556
00:24:01,370 --> 00:23:59,220
um believing in and then they changed

557
00:24:03,409 --> 00:24:01,380
over to a monotheistic religion that

558
00:24:06,950 --> 00:24:03,419
seems to be traced back to just previous

559
00:24:09,289 --> 00:24:06,960
to that Moses and potentially akanan and

560
00:24:11,510 --> 00:24:09,299
Egypt this connection we have there but

561
00:24:14,090 --> 00:24:11,520
the point is that decision to adopt

562
00:24:16,149 --> 00:24:14,100
Christianity as the one true religion

563
00:24:18,289 --> 00:24:16,159

and to control religion around the world

564

00:24:20,270 --> 00:24:18,299

also came along with controlling the

565

00:24:22,490 --> 00:24:20,280

narrative controlling this narrative

566

00:24:24,890 --> 00:24:22,500

that was being taught first through the

567

00:24:27,409 --> 00:24:24,900

old and then in the New Testament of the

568

00:24:30,770 --> 00:24:27,419

Bible of this time period that that they

569

00:24:33,770 --> 00:24:30,780

say is 6 000 years when all of this

570

00:24:36,169 --> 00:24:33,780

occurred that narrative has been tightly

571

00:24:39,409 --> 00:24:36,179

protected ever since but it's not just

572

00:24:41,029 --> 00:24:39,419

about going along with an old set of

573

00:24:43,010 --> 00:24:41,039

religious writings that were like

574

00:24:44,930 --> 00:24:43,020

basically adoptions from ancient

575

00:24:47,149 --> 00:24:44,940

Sumerian Babylonian Egyptian writings

576
00:24:49,210 --> 00:24:47,159
that were Rewritten into a a whole

577
00:24:52,149 --> 00:24:49,220
different form it wasn't just about

578
00:24:56,029 --> 00:24:52,159
continuing that narrative it was about

579
00:24:59,090 --> 00:24:56,039
hiding an entire chapter of who we used

580
00:25:00,710 --> 00:24:59,100
to be that connects back to well why

581
00:25:02,029 --> 00:25:00,720
were they building the pyramids they

582
00:25:04,430 --> 00:25:02,039
have nothing to do with having having

583
00:25:06,049 --> 00:25:04,440
tombs for pharaohs so that what was the

584
00:25:07,430 --> 00:25:06,059
purpose of the pyramids what was the

585
00:25:08,149 --> 00:25:07,440
purpose of all these temples around the

586
00:25:09,830 --> 00:25:08,159
world

587
00:25:12,110 --> 00:25:09,840
and when people start asking those

588
00:25:15,649 --> 00:25:12,120

questions they find out that it connects

589

00:25:17,930 --> 00:25:15,659

to an entirely different side of the our

590

00:25:21,049 --> 00:25:17,940

human nature that is what is being

591

00:25:22,610 --> 00:25:21,059

hidden now that's the true thing that I

592

00:25:25,730 --> 00:25:22,620

think is what is being controlled here

593

00:25:27,470 --> 00:25:25,740

because if we were to realize that

594

00:25:29,630 --> 00:25:27,480

Consciousness is not derived from the

595

00:25:32,510 --> 00:25:29,640

brain that we are this powerful

596

00:25:34,789 --> 00:25:32,520

spiritual being that exists on another

597

00:25:36,950 --> 00:25:34,799

multi-dimensional existence and that we

598

00:25:38,870 --> 00:25:36,960

have all these abilities to manipulate

599

00:25:41,390 --> 00:25:38,880

our reality and that we're a lot more

600

00:25:43,850 --> 00:25:41,400

powerful this entire game we have here

601
00:25:46,190 --> 00:25:43,860
this illusion would crumble it's far

602
00:25:49,669 --> 00:25:46,200
deeper than most people ever realize it

603
00:25:52,909 --> 00:25:49,679
gets into this whole concept of hiding

604
00:25:54,590 --> 00:25:52,919
an entire other side of us where we had

605
00:25:56,750 --> 00:25:54,600
all those gifts and those realizations

606
00:25:59,149 --> 00:25:56,760
and those Concepts because if we

607
00:26:01,190 --> 00:25:59,159
believed that and knew that we wouldn't

608
00:26:02,990 --> 00:26:01,200
be able to be controlled because there

609
00:26:05,390 --> 00:26:03,000
is a control structure here as you know

610
00:26:07,610 --> 00:26:05,400
with keeping people in a certain kind of

611
00:26:09,769 --> 00:26:07,620
mindset of doing certain tasks and

612
00:26:11,630 --> 00:26:09,779
believing in certain things and it's

613
00:26:13,789 --> 00:26:11,640

very very limiting to them because it's

614

00:26:16,669 --> 00:26:13,799

about stripping our power of being

615

00:26:19,010 --> 00:26:16,679

creative beings it really gets into some

616

00:26:21,049 --> 00:26:19,020

something far more complex than just

617

00:26:23,210 --> 00:26:21,059

religion too because it's something that

618

00:26:26,330 --> 00:26:23,220

goes into the the Deep inherent nature

619

00:26:29,810 --> 00:26:26,340

of what truly makes us who we are well

620

00:26:32,149 --> 00:26:29,820

and that that that makes a lot of sense

621

00:26:34,070 --> 00:26:32,159

and I've I've talked about this uh quite

622

00:26:35,710 --> 00:26:34,080

a bit

623

00:26:39,110 --> 00:26:35,720

um because

624

00:26:43,370 --> 00:26:39,120

when uh and we go back to like year zero

625

00:26:45,830 --> 00:26:43,380

33 66 right the the the wars that went

626
00:26:48,890 --> 00:26:45,840
on the Jewish Wars in in Jerusalem and

627
00:26:53,450 --> 00:26:48,900
and how complex all of that was but it

628
00:26:55,850 --> 00:26:53,460
it was something creativity uh the

629
00:26:57,289 --> 00:26:55,860
creative mindset I should say was

630
00:27:01,029 --> 00:26:57,299
something that needed to be controlled

631
00:27:04,870 --> 00:27:01,039
you couldn't have uh a free thinking

632
00:27:09,409 --> 00:27:04,880
situation going on Rome needed control

633
00:27:12,110 --> 00:27:09,419
yeah and and the best way to do that is

634
00:27:14,029 --> 00:27:12,120
to create something everybody was

635
00:27:15,710 --> 00:27:14,039
creating new religions Back Then There

636
00:27:19,430 --> 00:27:15,720
Were new religions popping up all over

637
00:27:20,510 --> 00:27:19,440
the place and and at hundreds by the

638
00:27:24,110 --> 00:27:20,520

hundreds

639

00:27:27,230 --> 00:27:24,120

um but but Rome taking that attack it

640

00:27:30,830 --> 00:27:27,240

was easy for them and I know it's it's

641

00:27:33,590 --> 00:27:30,840

it it's it's a very simple thing to say

642

00:27:35,930 --> 00:27:33,600

we've got the internet today right we've

643

00:27:37,970 --> 00:27:35,940

got we've got this and and the

644

00:27:40,010 --> 00:27:37,980

government can control us but we can

645

00:27:42,289 --> 00:27:40,020

also control

646

00:27:46,850 --> 00:27:42,299

um our knowledge and and how we seek

647

00:27:50,330 --> 00:27:46,860

information now back then nobody had a

648

00:27:54,169 --> 00:27:50,340

way of learning or writing or school or

649

00:27:57,169 --> 00:27:54,179

this or that everything came from the

650

00:28:00,370 --> 00:27:57,179

government and Rome had a very clever

651
00:28:02,510 --> 00:28:00,380
way of doing things they said government

652
00:28:06,110 --> 00:28:02,520
is God

653
00:28:09,110 --> 00:28:06,120
so to trust us is to trust God and to

654
00:28:12,110 --> 00:28:09,120
trust God is to trust us they figure

655
00:28:14,210 --> 00:28:12,120
that out very very quickly other

656
00:28:16,909 --> 00:28:14,220
governments around the world

657
00:28:21,289 --> 00:28:16,919
um other Empires started to take that

658
00:28:23,570 --> 00:28:21,299
same uh belief system with the populace

659
00:28:25,730 --> 00:28:23,580
because they control the narrative they

660
00:28:27,529 --> 00:28:25,740
control the knowledge they controlled

661
00:28:31,310 --> 00:28:27,539
everything and if it came from that one

662
00:28:34,909 --> 00:28:31,320
source government and God you know God

663
00:28:38,510 --> 00:28:34,919

being just as equal as the government as

664

00:28:41,090 --> 00:28:38,520

as as as as we are told then you've got

665

00:28:43,310 --> 00:28:41,100

it and that's what Rome did early on all

666

00:28:45,590 --> 00:28:43,320

the way through Constantine yeah

667

00:28:47,269 --> 00:28:45,600

Constantine was this figure that was

668

00:28:48,830 --> 00:28:47,279

basically part of the transition of of

669

00:28:50,930 --> 00:28:48,840

the Roman Empire to the Holy Roman

670

00:28:53,090 --> 00:28:50,940

Empire and that's when they adopted this

671

00:28:55,370 --> 00:28:53,100

idea of using religion as a form of

672

00:28:57,409 --> 00:28:55,380

control by not only like you said not

673

00:28:59,930 --> 00:28:57,419

only using it to say these are basically

674

00:29:01,669 --> 00:28:59,940

like the Commandments of God as part of

675

00:29:04,549 --> 00:29:01,679

these the laws and rules and the

676

00:29:06,289 --> 00:29:04,559

mindsets of of that government but they

677

00:29:08,870 --> 00:29:06,299

went out and they were very they're very

678

00:29:11,390 --> 00:29:08,880

clever they the Roman Empire is the

679

00:29:14,570 --> 00:29:11,400

largest Empire basically in history and

680

00:29:16,490 --> 00:29:14,580

they were able to go out and conquer any

681

00:29:18,529 --> 00:29:16,500

of the remaining groups that still had

682

00:29:20,750 --> 00:29:18,539

this knowledge from the past we know

683

00:29:22,430 --> 00:29:20,760

that because they went into Egypt they

684

00:29:24,289 --> 00:29:22,440

ransacked and destroyed Egypt they

685

00:29:25,669 --> 00:29:24,299

burned the Library of Alexandria they

686

00:29:27,529 --> 00:29:25,679

went in and they hunted down the

687

00:29:29,990 --> 00:29:27,539

gnostics and the way we the reason we

688

00:29:31,909 --> 00:29:30,000

know that is because the gnostics had to

689

00:29:34,370 --> 00:29:31,919

hide ancient texts such as like the

690

00:29:36,590 --> 00:29:34,380

nagamadi scriptures in an ancient cave

691

00:29:38,870 --> 00:29:36,600

along the Nile River the gnostics were

692

00:29:41,090 --> 00:29:38,880

originally Egyptians so it was like this

693

00:29:43,370 --> 00:29:41,100

old Egyptian wisdom that they had to

694

00:29:45,230 --> 00:29:43,380

hide because they knew that it was they

695

00:29:46,669 --> 00:29:45,240

were they would be under threat they

696

00:29:48,769 --> 00:29:46,679

knew that they were being hunted down

697

00:29:51,230 --> 00:29:48,779

and they systematically went around the

698

00:29:52,970 --> 00:29:51,240

world and ridded the world of any of

699

00:29:55,970 --> 00:29:52,980

this older knowledge and then they

700

00:29:59,570 --> 00:29:55,980

rewrote the whole story now one the most

701
00:30:01,010 --> 00:29:59,580
famous of those tales that people need

702
00:30:02,990 --> 00:30:01,020
to know and I know people that know me

703
00:30:05,210 --> 00:30:03,000
already know this but if for those who

704
00:30:08,630 --> 00:30:05,220
don't and are listening St Patrick's Day

705
00:30:11,510 --> 00:30:08,640
is all about that destruction because

706
00:30:14,450 --> 00:30:11,520
the Druid people of Ireland in Wales in

707
00:30:17,029 --> 00:30:14,460
that region was the last group

708
00:30:19,130 --> 00:30:17,039
that was still part of this old religion

709
00:30:20,930 --> 00:30:19,140
it's something the old religion is a

710
00:30:22,850 --> 00:30:20,940
term used for something that predated

711
00:30:25,070 --> 00:30:22,860
Christianity it was during this time

712
00:30:27,590 --> 00:30:25,080
when the teachings from these ancient

713
00:30:30,710 --> 00:30:27,600

civilizations for like ancient Egypt and

714

00:30:32,510 --> 00:30:30,720

Sumer who was carried down and those

715

00:30:35,450 --> 00:30:32,520

groups were protecting that knowledge

716

00:30:37,730 --> 00:30:35,460

Now The Druids were the last group that

717

00:30:39,710 --> 00:30:37,740

still had and was was following those

718

00:30:41,269 --> 00:30:39,720

teachings and and and and having

719

00:30:43,909 --> 00:30:41,279

classrooms and other groups that could

720

00:30:45,529 --> 00:30:43,919

learn about them and they went there and

721

00:30:47,930 --> 00:30:45,539

that whole point of St Patrick's Day is

722

00:30:51,230 --> 00:30:47,940

that he was tasked by the Roman Empire

723

00:30:53,510 --> 00:30:51,240

to go there and cleanse all the Druid

724

00:30:56,450 --> 00:30:53,520

people and they basically eradicated and

725

00:30:59,029 --> 00:30:56,460

removed all Druid and pagan people from

726

00:31:02,450 --> 00:30:59,039

the region and so you're celebrating the

727

00:31:05,450 --> 00:31:02,460

cleansing of in the genocide of the last

728

00:31:07,070 --> 00:31:05,460

group of ancient knowledge bearers on

729

00:31:09,169 --> 00:31:07,080

the planet and then then Rome

730

00:31:10,730 --> 00:31:09,179

essentially controlled at that time

731

00:31:12,409 --> 00:31:10,740

Christianity in Rome ended up

732

00:31:14,389 --> 00:31:12,419

controlling the world and they went out

733

00:31:16,549 --> 00:31:14,399

the Spanish Empire went out and

734

00:31:18,590 --> 00:31:16,559

conquered all of the Americas right

735

00:31:21,169 --> 00:31:18,600

Columbus conquered the United what

736

00:31:24,409 --> 00:31:21,179

became the United States and then Cortez

737

00:31:26,269 --> 00:31:24,419

conquered the Aztec and the remnants of

738

00:31:28,730 --> 00:31:26,279

the Mayan burned all their ancient texts

739

00:31:30,230 --> 00:31:28,740

and then Pizarro systematically these

740

00:31:32,389 --> 00:31:30,240

three groups sent by the Spanish

741

00:31:33,830 --> 00:31:32,399

Catholic church and it then conquered

742

00:31:37,190 --> 00:31:33,840

the Inca and the groups of South America

743

00:31:39,710 --> 00:31:37,200

it's like this systematic attempt to

744

00:31:41,750 --> 00:31:39,720

wipe out and rid anything that was a

745

00:31:43,250 --> 00:31:41,760

remnant of the past and then rewrite the

746

00:31:46,610 --> 00:31:43,260

story for yourself and that's what they

747

00:31:48,470 --> 00:31:46,620

did yeah I went to um uh speaking of

748

00:31:50,690 --> 00:31:48,480

this actually I want to Circle back to

749

00:31:53,450 --> 00:31:50,700

Central America right now it's a nice

750

00:31:56,990 --> 00:31:53,460

segue Matthew you've got a future in

751

00:32:00,370 --> 00:31:57,000

this is is Balboa so I go to Balboa High

752

00:32:04,010 --> 00:32:00,380

School right in Balboa Panama

753

00:32:07,549 --> 00:32:04,020

and one day I crack open this one who's

754

00:32:09,470 --> 00:32:07,559

this Balboa guy and I start reading and

755

00:32:10,990 --> 00:32:09,480

his statue is in front of a high school

756

00:32:14,330 --> 00:32:11,000

of course

757

00:32:18,010 --> 00:32:14,340

this is the gnarliest

758

00:32:21,769 --> 00:32:18,020

most murderous most crazy

759

00:32:25,370 --> 00:32:21,779

dude ever right and just went in and

760

00:32:28,850 --> 00:32:25,380

wiped out a country and and made it

761

00:32:30,830 --> 00:32:28,860

across the Isthmus of uh Panama and and

762

00:32:32,570 --> 00:32:30,840

founded Panama City in the town you know

763

00:32:35,149 --> 00:32:32,580

Balboa Riley

764

00:32:37,549 --> 00:32:35,159

um and and I'm like wait a minute we're

765

00:32:40,549 --> 00:32:37,559

celebrating this guy so that's when I

766

00:32:43,789 --> 00:32:40,559

started to jump back the Mayans this is

767

00:32:48,769 --> 00:32:43,799

in the in in the late 70s the Mayans

768

00:32:51,950 --> 00:32:48,779

started to to surface in popular culture

769

00:32:55,610 --> 00:32:51,960

okay but before then nobody knew who the

770

00:32:58,430 --> 00:32:55,620

Mayans were in Panama I'm told right

771

00:33:01,730 --> 00:32:58,440

this is very early on see these Indians

772

00:33:02,870 --> 00:33:01,740

selling stuff in downtown their artwork

773

00:33:06,350 --> 00:33:02,880

and stuff and they would come out of

774

00:33:08,570 --> 00:33:06,360

nowhere a little and uh I said those are

775

00:33:11,750 --> 00:33:08,580

Mayan Indians

776

00:33:15,950 --> 00:33:11,760

it's like what who who what so now I'm

777

00:33:18,830 --> 00:33:15,960

15. Matt this is 77.78 I go in and start

778

00:33:21,950 --> 00:33:18,840

to check this out that's when I find out

779

00:33:25,669 --> 00:33:21,960

about the codexes right there's four

780

00:33:35,169 --> 00:33:25,679

four and a half that that's the only

781

00:33:45,710 --> 00:33:40,490

of of huge uh bonfires of of everything

782

00:33:48,110 --> 00:33:45,720

Mayan and we almost didn't know anything

783

00:33:50,570 --> 00:33:48,120

didn't know how to read the language she

784

00:33:51,769 --> 00:33:50,580

didn't know those four codexes if those

785

00:33:53,930 --> 00:33:51,779

didn't and you know they're in different

786

00:33:56,450 --> 00:33:53,940

museums around the world right now but

787

00:34:00,950 --> 00:33:56,460

but if those didn't survive we wouldn't

788

00:34:04,310 --> 00:34:00,960

have anything which goes back to lidar

789

00:34:06,470 --> 00:34:04,320

the ground penetrating radar we knew so

790

00:34:10,490 --> 00:34:06,480

little about the Mayans their entire

791

00:34:13,669 --> 00:34:10,500

culture has been overgrown by jungle

792

00:34:17,210 --> 00:34:13,679

right just overtaken and and and and and

793

00:34:19,550 --> 00:34:17,220

now uh were were finding more and more

794

00:34:22,790 --> 00:34:19,560

stuff and and some of the pyramids and

795

00:34:26,389 --> 00:34:22,800

in the cities that were covered in

796

00:34:29,530 --> 00:34:26,399

Jungle canopy right yeah and and it came

797

00:34:32,450 --> 00:34:29,540

out this is to me mind-blowing how much

798

00:34:34,369 --> 00:34:32,460

Amnesia we really have the Spanish

799

00:34:37,970 --> 00:34:34,379

didn't even talk about this

800

00:34:41,149 --> 00:34:37,980

there's 15 000 miles of Highway

801
00:34:42,589 --> 00:34:41,159
fifteen thousand miles of Highway in

802
00:34:45,290 --> 00:34:42,599
Central America that the mines

803
00:34:46,849 --> 00:34:45,300
constructed in between their cities that

804
00:34:48,470 --> 00:34:46,859
we knew nothing about until five years

805
00:34:51,770 --> 00:34:48,480
ago and we were able to use the ground

806
00:34:53,089 --> 00:34:51,780
penetrating radar that shows you that we

807
00:34:55,790 --> 00:34:53,099
know nothing

808
00:34:59,570 --> 00:34:55,800
yeah and and what it also shows us is

809
00:35:03,410 --> 00:34:59,580
that the Maya were connected to the Inca

810
00:35:05,329 --> 00:35:03,420
and how those cultures were trading and

811
00:35:07,670 --> 00:35:05,339
part of the same groups that were

812
00:35:10,849 --> 00:35:07,680
sharing knowledge and so it just goes to

813
00:35:13,250 --> 00:35:10,859

reinforce this concept that we need to

814

00:35:15,710 --> 00:35:13,260

look at these ancient lost civilizations

815

00:35:17,810 --> 00:35:15,720

in a completely different way in the

816

00:35:20,030 --> 00:35:17,820

fact that they were all connected around

817

00:35:21,829 --> 00:35:20,040

the world in many many different ways

818

00:35:23,210 --> 00:35:21,839

and they were sharing knowledge and

819

00:35:24,589 --> 00:35:23,220

sharing goods and all these different

820

00:35:27,589 --> 00:35:24,599

things

821

00:35:30,950 --> 00:35:27,599

but what's amazing is that the the the

822

00:35:33,530 --> 00:35:30,960

the being that is that is shown as like

823

00:35:35,750 --> 00:35:33,540

the teacher of the Maya is the exact

824

00:35:38,270 --> 00:35:35,760

same one that's shown in the Aztec the

825

00:35:41,329 --> 00:35:38,280

Maya worshiped this this God to them

826

00:35:44,270 --> 00:35:41,339

this figure known as cuckoo con and the

827

00:35:47,270 --> 00:35:44,280

Aztecs worshiped Quetzalcoatl okay now

828

00:35:50,450 --> 00:35:47,280

down in in South America the Inca

829

00:35:52,550 --> 00:35:50,460

worshiped virakosha now the indigenous

830

00:35:54,589 --> 00:35:52,560

people that are still around that that

831

00:35:56,690 --> 00:35:54,599

tell the stories from their past that

832

00:35:59,210 --> 00:35:56,700

their ancestors told them if you were to

833

00:36:01,310 --> 00:35:59,220

go and speak to them they would tell you

834

00:36:04,490 --> 00:36:01,320

that the descriptions of those three

835

00:36:07,190 --> 00:36:04,500

gaunts is exactly the same they're

836

00:36:10,609 --> 00:36:07,200

showing they show it as like this

837

00:36:13,490 --> 00:36:10,619

um this this elderly bearded man that

838

00:36:15,770 --> 00:36:13,500

had had a cane and he like traveled

839

00:36:18,349 --> 00:36:15,780

around with this group of sages and how

840

00:36:20,150 --> 00:36:18,359

he taught these civilizations all this

841

00:36:22,550 --> 00:36:20,160

Fantastical knowledge but they discussed

842

00:36:25,370 --> 00:36:22,560

how not only that but he had like

843

00:36:26,270 --> 00:36:25,380

abilities like magic ability where he

844

00:36:28,130 --> 00:36:26,280

could

845

00:36:29,870 --> 00:36:28,140

um by a show of Force if because they

846

00:36:32,810 --> 00:36:29,880

weren't believing him at first he would

847

00:36:36,109 --> 00:36:32,820

do something to like cause some reaction

848

00:36:38,089 --> 00:36:36,119

in the sky or move some Giant mountain

849

00:36:39,890 --> 00:36:38,099

block or something in in thin air

850

00:36:42,589 --> 00:36:39,900

showing that he had like almost like

851
00:36:45,710 --> 00:36:42,599
these supernatural abilities okay and

852
00:36:48,290 --> 00:36:45,720
that aspect is shown all around the

853
00:36:50,589 --> 00:36:48,300
world how there seemed to be some kind

854
00:36:53,329 --> 00:36:50,599
of Highly sophisticated special

855
00:36:54,890 --> 00:36:53,339
human-like or humans that seem to be

856
00:36:57,349 --> 00:36:54,900
traveling around and creating these

857
00:36:59,270 --> 00:36:57,359
civilizations and then teaching them all

858
00:37:02,210 --> 00:36:59,280
these things and then they would depart

859
00:37:07,370 --> 00:37:02,220
and leave and that is the only reason

860
00:37:09,890 --> 00:37:07,380
why Cortez was able to conquer the Aztec

861
00:37:11,270 --> 00:37:09,900
we're told that they were basically just

862
00:37:13,970 --> 00:37:11,280
kind of randomly there like to get

863
00:37:16,069 --> 00:37:13,980

resources and to find new lands but

864

00:37:17,870 --> 00:37:16,079

here's the thing that's fascinating

865

00:37:20,930 --> 00:37:17,880

the Catholic church and the Christian

866

00:37:23,630 --> 00:37:20,940

Catholic Church they had to have known

867

00:37:27,170 --> 00:37:23,640

all of this and the reason we know that

868

00:37:30,170 --> 00:37:27,180

is because they send Cortez back send

869

00:37:33,170 --> 00:37:30,180

him to Mexico to conquer them in the

870

00:37:34,910 --> 00:37:33,180

exact date that this this God figure

871

00:37:37,069 --> 00:37:34,920

that they had Quetzalcoatl this teacher

872

00:37:39,710 --> 00:37:37,079

was supposed to return

873

00:37:41,930 --> 00:37:39,720

so they knew that if they could mimic

874

00:37:43,730 --> 00:37:41,940

this teacher in return that they would

875

00:37:46,370 --> 00:37:43,740

they would be confused that it wasn't

876

00:37:47,690 --> 00:37:46,380

this returning being that with that

877

00:37:49,910 --> 00:37:47,700

taught of everything and he was able to

878

00:37:52,490 --> 00:37:49,920

conquer the entire civilization because

879

00:37:54,410 --> 00:37:52,500

of that that just shows us that there's

880

00:37:56,750 --> 00:37:54,420

like this hidden War

881

00:37:59,510 --> 00:37:56,760

that's literally this underbelly of of

882

00:38:01,790 --> 00:37:59,520

whatever any people know that that has

883

00:38:04,010 --> 00:38:01,800

existed in these powerful churches and

884

00:38:06,410 --> 00:38:04,020

Empires where they knew this ancient

885

00:38:07,910 --> 00:38:06,420

knowledge and it was more like a game to

886

00:38:10,430 --> 00:38:07,920

see if they could conquer the others

887

00:38:12,770 --> 00:38:10,440

destroy their history and then rewrite

888

00:38:15,170 --> 00:38:12,780

their history for themselves it's like a

889

00:38:17,329 --> 00:38:15,180

very evil thing yeah totally and when

890

00:38:20,030 --> 00:38:17,339

the Spanish showed up in Bolivia and

891

00:38:22,990 --> 00:38:20,040

Peru you know they're at 12 000 feet

892

00:38:25,609 --> 00:38:23,000

yeah 12 000 feet and they arrive

893

00:38:27,410 --> 00:38:25,619

Pumapunku right and they're rolling

894

00:38:28,609 --> 00:38:27,420

through they're looking at this you know

895

00:38:31,609 --> 00:38:28,619

these temples

896

00:38:33,650 --> 00:38:31,619

and they asked the locals there

897

00:38:37,089 --> 00:38:33,660

where'd these come from who built these

898

00:38:42,290 --> 00:38:37,099

I said the gods

899

00:38:44,390 --> 00:38:42,300

the Gods uh built these and uh now does

900

00:38:47,329 --> 00:38:44,400

that mean they got well

901
00:38:49,370 --> 00:38:47,339
um they're when you go into a culture

902
00:38:52,490 --> 00:38:49,380
like that where the Spanish can look

903
00:38:55,790 --> 00:38:52,500
around and see no trees

904
00:38:58,370 --> 00:38:55,800
no evidence of writing or or you know

905
00:39:01,370 --> 00:38:58,380
paper or you know what I mean nothing

906
00:39:05,329 --> 00:39:01,380
like that but you're looking at the

907
00:39:07,370 --> 00:39:05,339
sophisticated uh Rock work and and

908
00:39:09,470 --> 00:39:07,380
Quarry work and and how these things

909
00:39:11,150 --> 00:39:09,480
were carved and they're looking at the

910
00:39:13,430 --> 00:39:11,160
Indians well you know what just may have

911
00:39:15,650 --> 00:39:13,440
been the gods you know there was there

912
00:39:17,870 --> 00:39:15,660
was a culture there you know somebody

913
00:39:20,630 --> 00:39:17,880

with high intelligence

914

00:39:23,270 --> 00:39:20,640

um that was there before them and that

915

00:39:25,550 --> 00:39:23,280

was already 600 years ago 500 years ago

916

00:39:28,310 --> 00:39:25,560

when the Spanish showed up which would

917

00:39:30,950 --> 00:39:28,320

indicate if they didn't know

918

00:39:32,990 --> 00:39:30,960

right and they're um I'm not talking

919

00:39:35,930 --> 00:39:33,000

about the Spanish I'm talking about the

920

00:39:37,670 --> 00:39:35,940

locals the peruvians uh the Indians that

921

00:39:39,770 --> 00:39:37,680

lived there forever if they don't have

922

00:39:42,230 --> 00:39:39,780

it in their oral history

923

00:39:45,170 --> 00:39:42,240

then it is really old I mean it's

924

00:39:47,569 --> 00:39:45,180

pushing back the date of very long ways

925

00:39:48,530 --> 00:39:47,579

yeah and um there's a great researcher

926

00:39:52,069 --> 00:39:48,540

that I don't know if a lot of people

927

00:39:53,930 --> 00:39:52,079

know about his name is Arthur poznansky

928

00:39:55,190 --> 00:39:53,940

um and he was a great man I think they

929

00:39:57,530 --> 00:39:55,200

actually should make a movie about him

930

00:40:00,290 --> 00:39:57,540

but he lived quite a life exploring

931

00:40:02,329 --> 00:40:00,300

Amazon and um getting into all kinds of

932

00:40:04,849 --> 00:40:02,339

conflicts but eventually he ended up

933

00:40:08,089 --> 00:40:04,859

spending most of his time in Bolivia in

934

00:40:11,690 --> 00:40:08,099

Pumapunku and tiwanaku yeah he had a

935

00:40:13,310 --> 00:40:11,700

very open mind he had a way he had a way

936

00:40:16,069 --> 00:40:13,320

of going well you know what wait a

937

00:40:19,190 --> 00:40:16,079

minute we got to think through this 3D

938

00:40:22,190 --> 00:40:19,200

here right let's not let's not stay in

939

00:40:23,589 --> 00:40:22,200

the now now there's something that that

940

00:40:26,750 --> 00:40:23,599

goes back

941

00:40:29,270 --> 00:40:26,760

Millennia and he had a way of figuring

942

00:40:32,270 --> 00:40:29,280

it out go ahead continue I love that so

943

00:40:33,310 --> 00:40:32,280

he went there and he's investigating

944

00:40:35,329 --> 00:40:33,320

um

945

00:40:39,230 --> 00:40:35,339

that just the areas especially around

946

00:40:41,750 --> 00:40:39,240

Lake Titicaca and he found what he

947

00:40:42,490 --> 00:40:41,760

firmly believed and then eventually

948

00:40:45,109 --> 00:40:42,500

um

949

00:40:47,510 --> 00:40:45,119

theorized with actual evidence that it

950

00:40:50,030 --> 00:40:47,520

was from he called it a high

951
00:40:52,430 --> 00:40:50,040
civilization that existed far before

952
00:40:54,349 --> 00:40:52,440
when the the now indigenous that were

953
00:40:57,430 --> 00:40:54,359
living there at the time had anything to

954
00:41:00,410 --> 00:40:57,440
do with that and he talked about how

955
00:41:01,730 --> 00:41:00,420
when he looked at the structures

956
00:41:03,950 --> 00:41:01,740
um like for instance if you go to

957
00:41:05,870 --> 00:41:03,960
Pumapunku and you look at the material

958
00:41:07,790 --> 00:41:05,880
that those H blocks are made of it's

959
00:41:09,349 --> 00:41:07,800
called something called andesite and

960
00:41:11,690 --> 00:41:09,359
it's just Inc it's one of the hardest

961
00:41:14,630 --> 00:41:11,700
stones in the world and they're carved

962
00:41:17,210 --> 00:41:14,640
to such Precision that even with our

963
00:41:18,950 --> 00:41:17,220

tools today we couldn't match some of

964

00:41:21,170 --> 00:41:18,960

these perfect angles and drill holes

965

00:41:26,329 --> 00:41:21,180

that they created now this is something

966

00:41:28,790 --> 00:41:26,339

that was done so long ago that poznansky

967

00:41:30,470 --> 00:41:28,800

used a number of German

968

00:41:32,150 --> 00:41:30,480

um German researchers and other

969

00:41:34,790 --> 00:41:32,160

researchers from the world who went and

970

00:41:37,550 --> 00:41:34,800

and helped him by aligning things like

971

00:41:39,710 --> 00:41:37,560

the sun gate and others to the

972

00:41:41,569 --> 00:41:39,720

two different constellations in the Sun

973

00:41:44,569 --> 00:41:41,579

and figuring out that it was a calendar

974

00:41:47,510 --> 00:41:44,579

system they realized that if you were to

975

00:41:50,270 --> 00:41:47,520

try to take and map out how they were

976

00:41:51,950 --> 00:41:50,280

keeping track of time and based on the

977

00:41:55,310 --> 00:41:51,960

celestial aspects of our solar system

978

00:41:57,410 --> 00:41:55,320

that that tiwanaku and Pumapunku had to

979

00:41:59,870 --> 00:41:57,420

be 15 to 17

980

00:42:04,069 --> 00:41:59,880

000 years old yeah now he was laughed at

981

00:42:07,730 --> 00:42:04,079

he was laughed at um I was laughed at

982

00:42:10,430 --> 00:42:07,740

um many years ago it's like 15 years ago

983

00:42:14,470 --> 00:42:10,440

um I'm with Michio Kaku right what year

984

00:42:19,550 --> 00:42:14,480

is this 2023 so this is around 2009 2010

985

00:42:23,210 --> 00:42:19,560

2009 and uh I go Michio

986

00:42:25,550 --> 00:42:23,220

love me Geo yeah I go Pumapunku

987

00:42:27,829 --> 00:42:25,560

and he goes what's that I said it's the

988

00:42:29,450 --> 00:42:27,839

site in Bolivia right on the border with

989

00:42:32,810 --> 00:42:29,460

Peru

990

00:42:34,370 --> 00:42:32,820

um that uh uh potentially is 15 000

991

00:42:38,290 --> 00:42:34,380

years old let me stop you right there

992

00:42:42,050 --> 00:42:38,300

right I was like no stop stop stop

993

00:42:44,930 --> 00:42:42,060

nothing before the ice age or that's it

994

00:42:47,390 --> 00:42:44,940

and I go but but the the star the

995

00:42:49,490 --> 00:42:47,400

alignment I I just don't want to hear it

996

00:42:52,190 --> 00:42:49,500

you don't even want to hear it huh no no

997

00:42:53,510 --> 00:42:52,200

no no no no man cut me off every time I

998

00:42:57,770 --> 00:42:53,520

went but

999

00:43:00,410 --> 00:42:57,780

stop I was like wow really you know you

1000

00:43:02,750 --> 00:43:00,420

just wrote this book about

1001
00:43:04,730 --> 00:43:02,760
ETS and civil type one type two type

1002
00:43:07,010 --> 00:43:04,740
yeah yeah he's famous for that yeah you

1003
00:43:08,930 --> 00:43:07,020
know and and and you think outside of

1004
00:43:10,250 --> 00:43:08,940
the box but you don't want to consider

1005
00:43:12,050 --> 00:43:10,260
this I don't

1006
00:43:14,750 --> 00:43:12,060
I don't there's nothing before the Ice

1007
00:43:17,030 --> 00:43:14,760
Age nothing I said all right okay and

1008
00:43:19,130 --> 00:43:17,040
and that's what it it that's what it's

1009
00:43:23,809 --> 00:43:19,140
like out there in Academia

1010
00:43:25,490 --> 00:43:23,819
um in his mind love the idea but he's

1011
00:43:27,890 --> 00:43:25,500
not going to talk about it

1012
00:43:29,750 --> 00:43:27,900
no there it's it's

1013
00:43:32,210 --> 00:43:29,760

um it's a lot deeper than people know

1014

00:43:34,910 --> 00:43:32,220

the archeology the archaeological and

1015

00:43:37,069 --> 00:43:34,920

academic Community as a whole because of

1016

00:43:38,210 --> 00:43:37,079

the whole credentials and spending your

1017

00:43:40,490 --> 00:43:38,220

life

1018

00:43:42,890 --> 00:43:40,500

developing a name for yourself and and

1019

00:43:45,530 --> 00:43:42,900

developing The credibility to be whoever

1020

00:43:47,390 --> 00:43:45,540

you are it's such a tightly controlled

1021

00:43:50,150 --> 00:43:47,400

narrative that if you were to try to

1022

00:43:52,370 --> 00:43:50,160

Branch outside of that Doctrine like

1023

00:43:53,630 --> 00:43:52,380

we're told the 6 000 year doctorum if

1024

00:43:55,490 --> 00:43:53,640

you were to try to Branch out of that

1025

00:43:57,290 --> 00:43:55,500

you're laughed out

1026
00:43:59,329 --> 00:43:57,300
you're basically kicked out of that club

1027
00:44:01,370 --> 00:43:59,339
it's like George Carlin joked about

1028
00:44:04,190 --> 00:44:01,380
right it's a big club and you're not in

1029
00:44:08,569 --> 00:44:04,200
it it's this club that if you're not

1030
00:44:10,670 --> 00:44:08,579
adhering to this academic uh model of of

1031
00:44:13,430 --> 00:44:10,680
our story in terms of when civilization

1032
00:44:15,349 --> 00:44:13,440
emerged you lose everything you lose

1033
00:44:17,930 --> 00:44:15,359
funding you lose credibility you use all

1034
00:44:19,430 --> 00:44:17,940
these things and someone like I'll give

1035
00:44:21,470 --> 00:44:19,440
you an example of someone who firsthand

1036
00:44:25,430 --> 00:44:21,480
that that had to learn that and realize

1037
00:44:27,950 --> 00:44:25,440
that is Robert shock 100 Robert shock is

1038
00:44:31,670 --> 00:44:27,960

a geologist who went to Egypt with John

1039

00:44:33,349 --> 00:44:31,680

Anthony West as a trained geologist in a

1040

00:44:35,870 --> 00:44:33,359

full academic

1041

00:44:38,270 --> 00:44:35,880

um brilliant man but he didn't believe

1042

00:44:40,430 --> 00:44:38,280

these accusations that Jonathan West was

1043

00:44:42,650 --> 00:44:40,440

giving about the water erosion marks on

1044

00:44:44,630 --> 00:44:42,660

this Sphinx okay he didn't believe it

1045

00:44:46,309 --> 00:44:44,640

but John Anthony West he was friends

1046

00:44:49,730 --> 00:44:46,319

with him and he he

1047

00:44:52,730 --> 00:44:49,740

um he uh respected him so he went there

1048

00:44:54,230 --> 00:44:52,740

and Jonathan West showed him that Sphinx

1049

00:44:57,470 --> 00:44:54,240

enclosure this enclosure around the

1050

00:44:59,510 --> 00:44:57,480

Sphinx and Robert shock he looked at it

1051

00:45:01,130 --> 00:44:59,520

as an as as someone who studied geology

1052

00:45:02,569 --> 00:45:01,140

and he said

1053

00:45:04,730 --> 00:45:02,579

you know

1054

00:45:06,710 --> 00:45:04,740

um I know that only one thing can do

1055

00:45:08,990 --> 00:45:06,720

that I know that I'm gonna get in a lot

1056

00:45:11,450 --> 00:45:09,000

of trouble for saying this right there's

1057

00:45:13,609 --> 00:45:11,460

no way that that's wind weathering that

1058

00:45:15,890 --> 00:45:13,619

had to be water weathering but that's

1059

00:45:18,050 --> 00:45:15,900

impossible with any kind of a climatic

1060

00:45:22,370 --> 00:45:18,060

environment that we've had in the last

1061

00:45:25,130 --> 00:45:22,380

10 to 12 000 years impossible yeah

1062

00:45:28,190 --> 00:45:25,140

um Matthew this is the trippy thing

1063

00:45:30,589 --> 00:45:28,200

um all you need is that that seed that

1064

00:45:32,690 --> 00:45:30,599

German of an idea planted in your head

1065

00:45:35,210 --> 00:45:32,700

that's all you need then go there and

1066

00:45:36,890 --> 00:45:35,220

look at it yeah because if if you don't

1067

00:45:38,710 --> 00:45:36,900

know what you're looking for right

1068

00:45:41,510 --> 00:45:38,720

that's the first thing but the second

1069

00:45:44,210 --> 00:45:41,520

these slopes

1070

00:45:46,670 --> 00:45:44,220

um at the top of the it's rounded right

1071

00:45:49,190 --> 00:45:46,680

this at the top this thing's enclosure

1072

00:45:53,510 --> 00:45:49,200

and you look I mean you look and it's

1073

00:45:56,750 --> 00:45:53,520

big okay we're talking about a 10 12

1074

00:46:00,410 --> 00:45:56,760

feet of erosion marks coming down into

1075

00:46:01,609 --> 00:46:00,420

the enclosure and then you look at it

1076

00:46:05,270 --> 00:46:01,619

and you go no

1077

00:46:08,390 --> 00:46:05,280

it's not wind you can see it it's it's

1078

00:46:10,550 --> 00:46:08,400

water erosion that poured down into this

1079

00:46:13,550 --> 00:46:10,560

Sphinx enclosure

1080

00:46:16,250 --> 00:46:13,560

for for a very long time I don't know a

1081

00:46:18,829 --> 00:46:16,260

thousand years you know and and that's

1082

00:46:20,809 --> 00:46:18,839

obviously what it is and here's but

1083

00:46:22,730 --> 00:46:20,819

here's the point

1084

00:46:26,150 --> 00:46:22,740

um with that

1085

00:46:27,230 --> 00:46:26,160

even if you bring that kind of proof

1086

00:46:29,089 --> 00:46:27,240

forward

1087

00:46:30,050 --> 00:46:29,099

it's not good enough to change the

1088

00:46:32,569 --> 00:46:30,060

narrative

1089

00:46:35,390 --> 00:46:32,579

it's simply not and and that is a very

1090

00:46:38,569 --> 00:46:35,400

clear thing uh when you go and see the

1091

00:46:39,829 --> 00:46:38,579

Sphinx the other thing uh speaking about

1092

00:46:44,870 --> 00:46:39,839

shock

1093

00:46:47,770 --> 00:46:44,880

in San Diego

1094

00:46:49,849 --> 00:46:47,780

um it's a professional uh geological

1095

00:46:51,890 --> 00:46:49,859

geologists they all get together in San

1096

00:46:53,930 --> 00:46:51,900

Diego well you know different place but

1097

00:46:56,450 --> 00:46:53,940

this year was in San Diego

1098

00:46:58,190 --> 00:46:56,460

and they do their presentation

1099

00:46:59,450 --> 00:46:58,200

um John Anthony West is not part of the

1100

00:47:02,329 --> 00:46:59,460

press conference

1101
00:47:04,970 --> 00:47:02,339
it's just shock uh John Anthony West is

1102
00:47:06,890 --> 00:47:04,980
sitting out in the audience and so this

1103
00:47:10,370 --> 00:47:06,900
debate starts

1104
00:47:13,609 --> 00:47:10,380
and one of the things uh that was said

1105
00:47:15,589 --> 00:47:13,619
to Robert shock was this remember this

1106
00:47:17,870 --> 00:47:15,599
is 1992.

1107
00:47:26,630 --> 00:47:17,880
show us anything

1108
00:47:28,970 --> 00:47:26,640
Egypt at 3000 BC then we will have a

1109
00:47:29,870 --> 00:47:28,980
conversation but there's nothing in the

1110
00:47:32,809 --> 00:47:29,880
world

1111
00:47:33,770 --> 00:47:32,819
a megalithic structure that predates

1112
00:47:36,650 --> 00:47:33,780
Egypt

1113
00:47:38,809 --> 00:47:36,660

that's it there's no conversation what

1114

00:47:42,770 --> 00:47:38,819

happened three years later

1115

00:47:45,349 --> 00:47:42,780

go back Lee tappy and and go back Lee

1116

00:47:48,950 --> 00:47:45,359

Tempe didn't only predate Giza but it

1117

00:47:51,349 --> 00:47:48,960

predated it by 7 000 years

1118

00:47:56,930 --> 00:47:51,359

Robert didn't have that bullet in his

1119

00:48:00,530 --> 00:47:56,940

gun in 1992. and based on that and and

1120

00:48:02,329 --> 00:48:00,540

what was said in 1992 Gobekli Tepe comes

1121

00:48:04,970 --> 00:48:02,339

along in 1995

1122

00:48:10,069 --> 00:48:04,980

and that wasn't good enough

1123

00:48:12,650 --> 00:48:10,079

right it's still it's still a closed

1124

00:48:16,550 --> 00:48:12,660

down closed minded talking about

1125

00:48:19,670 --> 00:48:16,560

Orthodox Academia on this subject and

1126

00:48:22,069 --> 00:48:19,680

even go Beckley tepius yeah and it's

1127

00:48:24,770 --> 00:48:22,079

Hunter gathers and so so they carve some

1128

00:48:27,470 --> 00:48:24,780

rocks we're not given the the the

1129

00:48:29,750 --> 00:48:27,480

cavemen enough credit

1130

00:48:31,130 --> 00:48:29,760

and that's that's their out that's the

1131

00:48:33,109 --> 00:48:31,140

out clause Matthew

1132

00:48:36,109 --> 00:48:33,119

and I don't think it's just based on

1133

00:48:37,790 --> 00:48:36,119

this stubbornness a lot of people and

1134

00:48:40,069 --> 00:48:37,800

here's the thing I mean we're on Fade to

1135

00:48:42,109 --> 00:48:40,079

Black we can we can mention things that

1136

00:48:44,329 --> 00:48:42,119

people will roll their eyes at but it's

1137

00:48:46,490 --> 00:48:44,339

amazing to me how people don't believe

1138

00:48:47,870 --> 00:48:46,500

in conspiracies they think that the

1139

00:48:49,849 --> 00:48:47,880

world exists in a state where there's

1140

00:48:51,589 --> 00:48:49,859

never been conspiracies but honestly if

1141

00:48:53,630 --> 00:48:51,599

you look all throughout history that's

1142

00:48:56,210 --> 00:48:53,640

something that's dominated human history

1143

00:48:58,670 --> 00:48:56,220

is doing something and then telling the

1144

00:49:01,490 --> 00:48:58,680

people something else but hiddenly doing

1145

00:49:02,930 --> 00:49:01,500

something uh in a hidden way in the

1146

00:49:05,030 --> 00:49:02,940

background we've seen that all

1147

00:49:06,530 --> 00:49:05,040

throughout history and yet now if we

1148

00:49:08,569 --> 00:49:06,540

were to bring this up as an academic

1149

00:49:10,130 --> 00:49:08,579

thing about controlling The Narrative of

1150

00:49:11,750 --> 00:49:10,140

history people are going to roll their

1151

00:49:14,030 --> 00:49:11,760

eyes thinking that it's oh it's too big

1152

00:49:16,250 --> 00:49:14,040

something like that's not possible but

1153

00:49:18,950 --> 00:49:16,260

it's it's right in front of our eyes all

1154

00:49:21,170 --> 00:49:18,960

around us you you have someone like zahi

1155

00:49:23,630 --> 00:49:21,180

huwas that takes over Egypt that will

1156

00:49:25,790 --> 00:49:23,640

literally discover new discoveries

1157

00:49:27,770 --> 00:49:25,800

throughout Egypt these anomalies and

1158

00:49:30,470 --> 00:49:27,780

these these all these weird Technologies

1159

00:49:33,109 --> 00:49:30,480

like perfectly round drill holes outside

1160

00:49:34,790 --> 00:49:33,119

of outside of Cairo

1161

00:49:36,710 --> 00:49:34,800

um Abu rawash and all these different

1162

00:49:38,329 --> 00:49:36,720

places drill holes that are so perfect

1163

00:49:41,270 --> 00:49:38,339

that it's like some kind of a diamond

1164

00:49:44,089 --> 00:49:41,280

tip tool created them or these saw marks

1165

00:49:47,210 --> 00:49:44,099

on on granite blocks and these weird

1166

00:49:50,210 --> 00:49:47,220

scoop marks that they had used to take

1167

00:49:52,370 --> 00:49:50,220

these Granite blocks out and yet we know

1168

00:49:54,530 --> 00:49:52,380

that the furthest that the civilizations

1169

00:49:58,130 --> 00:49:54,540

got during the time period that we're

1170

00:50:00,650 --> 00:49:58,140

told is the Bronze Age people need to

1171

00:50:02,990 --> 00:50:00,660

just open their eyes and and think about

1172

00:50:04,670 --> 00:50:03,000

this for a minute if let's just put that

1173

00:50:07,370 --> 00:50:04,680

in just for a second just hypothetically

1174

00:50:09,349 --> 00:50:07,380

let's put all those giant megalithic

1175

00:50:10,790 --> 00:50:09,359

structures like these Granite blocks and

1176
00:50:13,010 --> 00:50:10,800
all of these things that have been moved

1177
00:50:15,050 --> 00:50:13,020
in Precision let's just put them into

1178
00:50:17,329 --> 00:50:15,060
that time period how do they cut them

1179
00:50:18,829 --> 00:50:17,339
how can you according to the Mohs

1180
00:50:20,990 --> 00:50:18,839
hardness scale if you have something

1181
00:50:23,030 --> 00:50:21,000
that's a Bronze Age tool how can you

1182
00:50:24,770 --> 00:50:23,040
manipulate something that's harder than

1183
00:50:27,710 --> 00:50:24,780
the tool you're working with you can't

1184
00:50:29,690 --> 00:50:27,720
possible it's completely impossible and

1185
00:50:31,970 --> 00:50:29,700
yet unfortunately Robert shock didn't

1186
00:50:34,430 --> 00:50:31,980
have some of that to be able to utilize

1187
00:50:36,050 --> 00:50:34,440
for to back up his argument but we're

1188
00:50:37,930 --> 00:50:36,060

finding it like we said

1189

00:50:41,270 --> 00:50:37,940

it's even in Mexico

1190

00:50:43,849 --> 00:50:41,280

has giant Basalt blocks the Olmec

1191

00:50:45,109 --> 00:50:43,859

created all these Basalt blocks basalt's

1192

00:50:47,030 --> 00:50:45,119

one of the hardest materials in the

1193

00:50:49,609 --> 00:50:47,040

world for how do they how do they carve

1194

00:50:51,530 --> 00:50:49,619

them how did tiwanaku and Pumapunku how

1195

00:50:53,150 --> 00:50:51,540

did they carve the andesite how did they

1196

00:50:54,950 --> 00:50:53,160

carve all the granite blocks at Machu

1197

00:50:57,890 --> 00:50:54,960

Picchu and Sasuke one how did they do

1198

00:51:01,430 --> 00:50:57,900

that how did Egypt take granite blocks

1199

00:51:04,130 --> 00:51:01,440

from Aswan Egypt and and bring them 500

1200

00:51:06,470 --> 00:51:04,140

miles north supposedly up the Nile River

1201
00:51:09,770 --> 00:51:06,480
and then construct these great temples

1202
00:51:12,349 --> 00:51:09,780
and all these things why in Karnak do we

1203
00:51:15,170 --> 00:51:12,359
have this giant multi-tom block of

1204
00:51:17,170 --> 00:51:15,180
travertine that's in that Temple that

1205
00:51:19,970 --> 00:51:17,180
can only be found in Turkey

1206
00:51:22,670 --> 00:51:19,980
thousand miles away yes yes yes yes yes

1207
00:51:26,210 --> 00:51:22,680
yes and we can't forget about die right

1208
00:51:28,430 --> 00:51:26,220
right diorite and the only thing harder

1209
00:51:31,730 --> 00:51:28,440
than diorite it's called die right for a

1210
00:51:35,150 --> 00:51:31,740
reason Diamond it's like yes that's it

1211
00:51:37,370 --> 00:51:35,160
how are you cutting die right you can't

1212
00:51:39,530 --> 00:51:37,380
even cut dye rice right with die right

1213
00:51:40,670 --> 00:51:39,540

you know what I mean exactly because it

1214

00:51:42,290 --> 00:51:40,680

would be the same hardness you can't

1215

00:51:44,450 --> 00:51:42,300

manipulate something unless unless it's

1216

00:51:46,069 --> 00:51:44,460

a harder material than than your than

1217

00:51:48,170 --> 00:51:46,079

what you're working with they both

1218

00:51:49,910 --> 00:51:48,180

dissolve at the same rate

1219

00:51:54,650 --> 00:51:49,920

um here's the thing

1220

00:51:57,829 --> 00:51:54,660

um uh when when you go to Aswan and we

1221

00:52:00,470 --> 00:51:57,839

look at it's 500 miles south now it is

1222

00:52:03,290 --> 00:52:00,480

right on the Nile okay it's just it's a

1223

00:52:04,849 --> 00:52:03,300

short drive and all of that but when you

1224

00:52:08,630 --> 00:52:04,859

go to Aswan

1225

00:52:09,950 --> 00:52:08,640

and you see the 70 ton Granite blocks in

1226

00:52:11,809 --> 00:52:09,960

the king's chamber in the relieving

1227

00:52:12,790 --> 00:52:11,819

chamber yeah how did they get those

1228

00:52:15,770 --> 00:52:12,800

there

1229

00:52:17,690 --> 00:52:15,780

right yeah yeah yeah okay so that that's

1230

00:52:23,030 --> 00:52:17,700

that's an obvious thing

1231

00:52:25,250 --> 00:52:23,040

but to have uh when you look at the uh

1232

00:52:27,049 --> 00:52:25,260

the Obelisk that is there right The

1233

00:52:29,630 --> 00:52:27,059

Unfinished The Unfinished Obelisk I love

1234

00:52:32,450 --> 00:52:29,640

that as an example yeah you you you look

1235

00:52:35,450 --> 00:52:32,460

at that and you stand next to it that's

1236

00:52:40,430 --> 00:52:35,460

it's like it's a half a football field

1237

00:52:42,230 --> 00:52:40,440

long okay it's ginormous

1238

00:52:44,870 --> 00:52:42,240

um I don't know how many feet wide you

1239

00:52:48,109 --> 00:52:44,880

know and how many tons and and all it's

1240

00:52:52,069 --> 00:52:48,119

it's thousands of tons but

1241

00:52:54,530 --> 00:52:52,079

you look at this and the only thing that

1242

00:52:55,609 --> 00:52:54,540

you can think about is what was their

1243

00:53:02,390 --> 00:52:55,619

plan

1244

00:53:06,230 --> 00:53:02,400

you've got to get this out of here and

1245

00:53:08,030 --> 00:53:06,240

then which is my what's the plan how are

1246

00:53:10,670 --> 00:53:08,040

you going to get it out of here and then

1247

00:53:12,950 --> 00:53:10,680

when you get it to where it's going how

1248

00:53:15,770 --> 00:53:12,960

are you going to stand this up

1249

00:53:18,530 --> 00:53:15,780

what is the plan well you know what

1250

00:53:21,170 --> 00:53:18,540

we're looking at it in today's mindset

1251

00:53:22,849 --> 00:53:21,180

yeah how difficult it is

1252

00:53:24,069 --> 00:53:22,859

I just don't think it was that difficult

1253

00:53:26,990 --> 00:53:24,079

for him

1254

00:53:30,589 --> 00:53:27,000

it was easy they didn't do that because

1255

00:53:33,710 --> 00:53:30,599

it was impossible you go to Luxor and

1256

00:53:35,210 --> 00:53:33,720

you look at that Obelisk at Luxor which

1257

00:53:37,130 --> 00:53:35,220

isn't that much smaller than the

1258

00:53:41,329 --> 00:53:37,140

unfinished Obelisk by the way that that

1259

00:53:43,670 --> 00:53:41,339

Obelisk and Luxor is frigging yeah huge

1260

00:53:45,370 --> 00:53:43,680

I don't know seven eight stories

1261

00:53:47,750 --> 00:53:45,380

outstanding one yeah

1262

00:53:50,870 --> 00:53:47,760

it's huge

1263

00:53:53,390 --> 00:53:50,880

how did that happen how did it get there

1264

00:53:56,089 --> 00:53:53,400

how did it and then how are you standing

1265

00:53:58,270 --> 00:53:56,099

this thing up well like I said we're

1266

00:54:02,270 --> 00:53:58,280

looking at it with today's technology

1267

00:54:04,970 --> 00:54:02,280

and cranes and semi trucks and these

1268

00:54:08,030 --> 00:54:04,980

things and big Freighters and barges and

1269

00:54:10,250 --> 00:54:08,040

and and Manpower and this and that they

1270

00:54:13,370 --> 00:54:10,260

did it without the wheel they did it

1271

00:54:16,670 --> 00:54:13,380

without trees right they did it without

1272

00:54:17,930 --> 00:54:16,680

wood any wood that they had and came in

1273

00:54:20,690 --> 00:54:17,940

from Lebanon

1274

00:54:23,329 --> 00:54:20,700

all right so so how did how did all

1275

00:54:25,849 --> 00:54:23,339

without without horses

1276
00:54:29,569 --> 00:54:25,859
you just throw that in there too as well

1277
00:54:31,370 --> 00:54:29,579
they did it because it was easy they had

1278
00:54:33,829 --> 00:54:31,380
it all figured out

1279
00:54:36,410 --> 00:54:33,839
yeah and I I want to just add a layer to

1280
00:54:38,809 --> 00:54:36,420
that as well is not only do we not know

1281
00:54:41,089 --> 00:54:38,819
how they could have done it but it gets

1282
00:54:43,730 --> 00:54:41,099
even more complex in terms of looking at

1283
00:54:45,589 --> 00:54:43,740
the largest of these structures all

1284
00:54:47,690 --> 00:54:45,599
around the world gives us a very

1285
00:54:49,309 --> 00:54:47,700
compelling thing that is something that

1286
00:54:51,410 --> 00:54:49,319
I'm writing about right now and talking

1287
00:54:54,349 --> 00:54:51,420
about a lot is I want to give an example

1288
00:54:56,450 --> 00:54:54,359

in Egypt The Unfinished Obelisk that you

1289

00:54:58,910 --> 00:54:56,460

mentioned in Aswan would have been the

1290

00:55:01,190 --> 00:54:58,920

largest Obelisk erected in the world now

1291

00:55:02,510 --> 00:55:01,200

mainstream archaeologists tell us that

1292

00:55:07,430 --> 00:55:02,520

it was abandoned because there's a crack

1293

00:55:09,170 --> 00:55:07,440

in it however if we then travel to other

1294

00:55:11,450 --> 00:55:09,180

places in the world world we have these

1295

00:55:14,870 --> 00:55:11,460

giant megalus right for instance go to

1296

00:55:16,670 --> 00:55:14,880

Easter Island the moai extend 30 feet

1297

00:55:18,410 --> 00:55:16,680

down below the soil and they have

1298

00:55:20,690 --> 00:55:18,420

carvings and all these glyphs and all

1299

00:55:22,790 --> 00:55:20,700

these things underneath them if 30 feet

1300

00:55:25,569 --> 00:55:22,800

of soil that are covering up from the

1301

00:55:27,770 --> 00:55:25,579

bottom of them that's from obviously

1302

00:55:29,930 --> 00:55:27,780

these ancient cultures that are far

1303

00:55:32,270 --> 00:55:29,940

older than the Rapa Nui but the point

1304

00:55:34,970 --> 00:55:32,280

I'm trying to make is in the Quarry

1305

00:55:37,910 --> 00:55:34,980

where the moai were being taken out by

1306

00:55:39,650 --> 00:55:37,920

far the largest one 75 feet tall two and

1307

00:55:42,650 --> 00:55:39,660

a half times as big as any of the moai

1308

00:55:44,930 --> 00:55:42,660

on the island of 400 plus was about to

1309

00:55:47,030 --> 00:55:44,940

be taken out just like the unfinished

1310

00:55:50,329 --> 00:55:47,040

obelisk in Egypt and it was abandoned

1311

00:55:53,930 --> 00:55:50,339

okay now go further go to balbec Lebanon

1312

00:55:55,910 --> 00:55:53,940

just Northeast of there and you have the

1313

00:55:57,770 --> 00:55:55,920

largest of these blocks that were about

1314

00:55:59,510 --> 00:55:57,780

to be taken out of the Quarry and then

1315

00:56:02,089 --> 00:55:59,520

they were abandoned I want to add one

1316

00:56:04,309 --> 00:56:02,099

more place to that the yangshan Quarry

1317

00:56:06,170 --> 00:56:04,319

in China incred incredible location most

1318

00:56:08,569 --> 00:56:06,180

people have never heard of the largest

1319

00:56:10,549 --> 00:56:08,579

single megalith in the world exists

1320

00:56:12,349 --> 00:56:10,559

there okay to give you a frame of

1321

00:56:15,290 --> 00:56:12,359

reference the second largest in the

1322

00:56:18,650 --> 00:56:15,300

world is in that quarry in in Lebanon

1323

00:56:21,170 --> 00:56:18,660

and it would have been 1200 tons there

1324

00:56:22,250 --> 00:56:21,180

is the Block in in yangshan Quarry that

1325

00:56:25,790 --> 00:56:22,260

they were about to move and then

1326

00:56:29,990 --> 00:56:25,800

incorporate into the structures is 16

1327

00:56:31,970 --> 00:56:30,000

000 tons 16 000 tons 16 000. now what do

1328

00:56:33,829 --> 00:56:31,980

each one of those places have in common

1329

00:56:35,630 --> 00:56:33,839

they all have giant megalus and

1330

00:56:38,210 --> 00:56:35,640

incredible structures showing that

1331

00:56:41,569 --> 00:56:38,220

they're highly sophisticated right they

1332

00:56:43,609 --> 00:56:41,579

have knobs on the the stones that's that

1333

00:56:45,770 --> 00:56:43,619

coordinate and line up to all these

1334

00:56:48,109 --> 00:56:45,780

places around the world some kind of a

1335

00:56:50,270 --> 00:56:48,119

strange frequency technology or

1336

00:56:52,849 --> 00:56:50,280

something these weird knob like figures

1337

00:56:55,250 --> 00:56:52,859

but more importantly it was the largest

1338

00:56:56,890 --> 00:56:55,260

projects that those civilizations had

1339

00:56:59,089 --> 00:56:56,900

ever taken on

1340

00:57:00,710 --> 00:56:59,099

supposedly at the same time because I

1341

00:57:03,890 --> 00:57:00,720

think they're all linked and then they

1342

00:57:05,870 --> 00:57:03,900

abandon all of them and I other

1343

00:57:07,910 --> 00:57:05,880

researchers like Robert shock and Graham

1344

00:57:10,089 --> 00:57:07,920

Hancock and Randall Carlson and you just

1345

00:57:13,370 --> 00:57:10,099

had Randall um recently talking to him

1346

00:57:14,809 --> 00:57:13,380

those what we have in common is that

1347

00:57:16,970 --> 00:57:14,819

during this time period that we believe

1348

00:57:19,549 --> 00:57:16,980

they existed before the younger driest

1349

00:57:22,609 --> 00:57:19,559

before the ice age before 12 000 years

1350

00:57:23,930 --> 00:57:22,619

ago we had unprecedented catastrophes

1351
00:57:26,809 --> 00:57:23,940
that occurred across across the Earth

1352
00:57:28,910 --> 00:57:26,819
beyond our comprehension apocalyptic

1353
00:57:31,250 --> 00:57:28,920
like ancient apocalypse grams do show

1354
00:57:33,770 --> 00:57:31,260
that occurred on the earth wiping those

1355
00:57:35,450 --> 00:57:33,780
civilizations out that would show you

1356
00:57:37,370 --> 00:57:35,460
that those civilizations were reaching

1357
00:57:38,510 --> 00:57:37,380
the height of their sophistication at

1358
00:57:40,849 --> 00:57:38,520
the same time

1359
00:57:43,069 --> 00:57:40,859
and then they were all wiped out and

1360
00:57:45,230 --> 00:57:43,079
then we have basically like an Amnesia

1361
00:57:47,510 --> 00:57:45,240
that entire story but that not only

1362
00:57:50,030 --> 00:57:47,520
connects that they were linked but it

1363
00:57:51,829 --> 00:57:50,040

connects that they were undergoing those

1364

00:57:53,630 --> 00:57:51,839

at the same time so they're all it's

1365

00:57:55,670 --> 00:57:53,640

like right now think about it right now

1366

00:57:57,650 --> 00:57:55,680

we have cities around the world that are

1367

00:58:00,049 --> 00:57:57,660

all like technologically similar right

1368

00:58:02,690 --> 00:58:00,059

they share Technologies they build

1369

00:58:04,370 --> 00:58:02,700

skyrise stuff in like a similar way

1370

00:58:06,170 --> 00:58:04,380

right Dubai might be a little bit ahead

1371

00:58:07,670 --> 00:58:06,180

of New York City but they're really kind

1372

00:58:09,950 --> 00:58:07,680

of they're like a similar Pace right

1373

00:58:11,750 --> 00:58:09,960

it's the same thing back then they were

1374

00:58:13,790 --> 00:58:11,760

all connected and they were doing all

1375

00:58:16,910 --> 00:58:13,800

these things and so we're talking about

1376

00:58:18,890 --> 00:58:16,920

a chapter of history that truly extends

1377

00:58:22,730 --> 00:58:18,900

all around the world and it is something

1378

00:58:25,010 --> 00:58:22,740

that is that we can't even move that

1379

00:58:27,109 --> 00:58:25,020

Yang Shen Quarry block we can't even we

1380

00:58:30,230 --> 00:58:27,119

wouldn't even be able to move that today

1381

00:58:32,089 --> 00:58:30,240

we weren't able to move it yeah the um

1382

00:58:34,609 --> 00:58:32,099

uh I've got to take a break right here

1383

00:58:37,370 --> 00:58:34,619

we're going to get that squeezed in it's

1384

00:58:39,770 --> 00:58:37,380

um it's it's amazing to me that when we

1385

00:58:42,670 --> 00:58:39,780

look at all of this younger drier is a

1386

00:58:46,309 --> 00:58:42,680

big deal Epic of Gilgamesh is a big deal

1387

00:58:49,670 --> 00:58:46,319

uh the text that Ed Foo and kamambo and

1388

00:58:53,210 --> 00:58:49,680

abados uh discussing these same types of

1389

00:58:57,109 --> 00:58:53,220

timelines Plato right and then we have

1390

00:58:59,450 --> 00:58:57,119

you know being deliberately buried yes

1391

00:59:01,370 --> 00:58:59,460

deliberately buried and were they

1392

00:59:03,289 --> 00:59:01,380

planning on coming back and if they were

1393

00:59:06,670 --> 00:59:03,299

why didn't they

1394

00:59:10,609 --> 00:59:06,680

um but this all just adds up to the same

1395

00:59:13,069 --> 00:59:10,619

storyline same timeline same mythology

1396

00:59:15,230 --> 00:59:13,079

right it's all right there and I think

1397

00:59:18,170 --> 00:59:15,240

that we need to stop and start to really

1398

00:59:20,089 --> 00:59:18,180

closely examine these let's take let's

1399

00:59:23,210 --> 00:59:20,099

take our break right here this is Fade

1400

00:59:25,490 --> 00:59:23,220

to Black I am your host Jimmy Church

1401

00:59:27,470 --> 00:59:25,500

our guest tonight Jimmy Churchill Fade

1402

00:59:29,270 --> 00:59:27,480

to Black please visit all of our

1403

00:59:32,150 --> 00:59:29,280

sponsors we're taking a quick break here

1404

00:59:35,210 --> 00:59:32,160

all of the links are below

1405

00:59:37,430 --> 00:59:35,220

and we'll be right back

1406

00:59:38,410 --> 00:59:37,440

check out Billy Carson's Forbidden

1407

00:59:40,569 --> 00:59:38,420

Knowledge

1408

00:59:42,589 --> 00:59:40,579

forbiddenknowledge.com or

1409

00:59:46,549 --> 00:59:42,599

forbiddenknowledge.tv where you can get

1410

00:59:49,069 --> 00:59:46,559

access to over 6 000 videos movies TV

1411

00:59:50,990 --> 00:59:49,079

series exclusive documentaries like the

1412

00:59:52,510 --> 00:59:51,000

Black Knight satellite you can do it all

1413

00:59:57,109 --> 00:59:52,520

for just

1414

00:59:59,329 --> 00:59:57,119

7.77 per month for 77 per year after the

1415

01:00:01,309 --> 00:59:59,339

three-day trial which is also totally

1416

01:00:05,109 --> 01:00:01,319

free to check out it's all simple to do

1417

01:00:07,510 --> 01:00:05,119

Billy Carson is the best it's simple

1418

01:00:09,770 --> 01:00:07,520

forbiddenknowledge.com or

1419

01:00:13,730 --> 01:00:09,780

forbiddenknowledge.tv that's the number

1420

01:00:18,109 --> 01:00:15,770

I will be hosting an emceeding the

1421

01:00:20,690 --> 01:00:18,119

conscious life Expo this February 10th

1422

01:00:23,630 --> 01:00:20,700

through the 13th at The Lax Hilton right

1423

01:00:25,789 --> 01:00:23,640

here in Los Angeles California 200

1424

01:00:27,829 --> 01:00:25,799

speakers including Linda Moulton Howe

1425

01:00:30,470 --> 01:00:27,839

Bashar Deborah King George Nori Daniel

1426

01:00:34,309 --> 01:00:30,480

Sheehan Scout Walter Johnstone and David

1427

01:00:38,390 --> 01:00:34,319

wolf over 200 vendors special events

1428

01:00:40,730 --> 01:00:38,400

this is the biggest event of its kind on

1429

01:00:43,210 --> 01:00:40,740

planet Earth you've got to come and hang

1430

01:00:45,170 --> 01:00:43,220

out with all of us tickets and info at

1431

01:00:46,730 --> 01:00:45,180

consciouslifeexpo.com the links are

1432

01:00:49,970 --> 01:00:46,740

below

1433

01:00:53,089 --> 01:00:49,980

on Saturday April 1st that's right April

1434

01:00:55,309 --> 01:00:53,099

Fool's Day 2023 I will be hosting the

1435

01:00:58,789 --> 01:00:55,319

peripod festival at the Hyatt Regency

1436

01:01:01,309 --> 01:00:58,799

right here in Valencia California it's a

1437

01:01:04,309 --> 01:01:01,319

live one-day podcast Awards it's a film

1438

01:01:06,349 --> 01:01:04,319

festival it's a full-on media event

1439

01:01:08,210 --> 01:01:06,359

we're going to have Sky watching it's

1440

01:01:11,030 --> 01:01:08,220

going to be a Lifetime Achievement Award

1441

01:01:13,010 --> 01:01:11,040

presented to Linda Moulton Howe right

1442

01:01:15,049 --> 01:01:13,020

now you can submit your podcast to your

1443

01:01:17,809 --> 01:01:15,059

film your TV series any of your

1444

01:01:19,730 --> 01:01:17,819

paranormal media for consideration you

1445

01:01:22,930 --> 01:01:19,740

can do all of that on the links below

1446

01:01:24,829 --> 01:01:22,940

for info and tickets go to

1447

01:01:27,970 --> 01:01:24,839

parapodfilmfest.com that's

1448

01:01:33,650 --> 01:01:32,030

April 7th through the 14th 2023 I'll be

1449

01:01:36,589 --> 01:01:33,660

hosting and presenting on the hidden

1450

01:01:39,230 --> 01:01:36,599

secrets seminar at Sea cruise from Los

1451
01:01:41,510 --> 01:01:39,240
Angeles to the Mexican Riviera I'm the

1452
01:01:44,150 --> 01:01:41,520
Navigator of the Seas that's right up

1453
01:01:45,829 --> 01:01:44,160
top a giant water slide you've got to

1454
01:01:47,690 --> 01:01:45,839
check out the Navigator of the Seas it's

1455
01:01:50,089 --> 01:01:47,700
amazing we've got Scott Walter Adam

1456
01:01:52,970 --> 01:01:50,099
Apollo Nick Pope Brad Olson Vivian

1457
01:01:55,309 --> 01:01:52,980
Chauvet Jason sherka Robert Grant Reuben

1458
01:01:57,650 --> 01:01:55,319
Langdon and another 12 amazing speakers

1459
01:01:59,049 --> 01:01:57,660
and presenters it's all simple to do

1460
01:02:01,490 --> 01:01:59,059
just visit

1461
01:02:05,210 --> 01:02:01,500
divinetravels.com forward slash hidden

1462
01:02:07,430 --> 01:02:05,220
secrets 2023 you know you want to go on

1463
01:02:10,849 --> 01:02:07,440

a cruise with me

1464

01:02:13,670 --> 01:02:10,859

River Moon coffee makers of the Fade to

1465

01:02:15,490 --> 01:02:13,680

Black blend truly the best coffee on

1466

01:02:17,750 --> 01:02:15,500

planet Earth just visit

1467

01:02:19,609 --> 01:02:17,760

rivermoonwellness.com or their Amazon

1468

01:02:21,049 --> 01:02:19,619

store it's all simple to do you can

1469

01:02:23,150 --> 01:02:21,059

check out the Fade to Black blend the

1470

01:02:25,789 --> 01:02:23,160

game changer Blend or any of their black

1471

01:02:29,510 --> 01:02:25,799

moon wellness products it's the only

1472

01:02:36,589 --> 01:02:29,520

coffee I drink it is the best and it's

1473

01:02:40,910 --> 01:02:39,289

all right welcome back this is Fade to

1474

01:02:44,210 --> 01:02:40,920

Black I am your host Jimmy church I

1475

01:02:47,270 --> 01:02:44,220

guess tonight Matthew Lacroix and uh

1476

01:02:49,730 --> 01:02:47,280

yeah Matthew uh you're gonna be

1477

01:02:52,010 --> 01:02:49,740

conscious life Expo and here's the thing

1478

01:02:52,910 --> 01:02:52,020

uh I want to talk about that for just a

1479

01:02:55,069 --> 01:02:52,920

second and what you're going to be

1480

01:02:57,829 --> 01:02:55,079

talking about there

1481

01:02:59,870 --> 01:02:57,839

um when you and I uh first met you know

1482

01:03:01,309 --> 01:02:59,880

I've been following you for a while but

1483

01:03:03,109 --> 01:03:01,319

it was really funny I'm taking I'm

1484

01:03:05,569 --> 01:03:03,119

getting the guided tour right through

1485

01:03:07,609 --> 01:03:05,579

Gaia uh it was quite a while ago now for

1486

01:03:09,289 --> 01:03:07,619

a year and a half yeah yeah and uh

1487

01:03:11,870 --> 01:03:09,299

walking through and there's Matthew

1488

01:03:14,930 --> 01:03:11,880

sitting at his desk Jimmy

1489

01:03:18,289 --> 01:03:14,940

I I go yeah Matthew look I'm like what

1490

01:03:23,089 --> 01:03:18,299

are you doing here it was just so funny

1491

01:03:25,490 --> 01:03:23,099

I work here I I didn't know and uh uh

1492

01:03:28,430 --> 01:03:25,500

but you've been a a writer and part of

1493

01:03:29,990 --> 01:03:28,440

the creative team there and and uh

1494

01:03:33,170 --> 01:03:30,000

research and everything else

1495

01:03:35,329 --> 01:03:33,180

um and and here we are uh a year and a

1496

01:03:37,309 --> 01:03:35,339

half later not only are you here on Fade

1497

01:03:39,530 --> 01:03:37,319

to Black but you're coming out to the

1498

01:03:41,630 --> 01:03:39,540

conscious life Expo man I'm very excited

1499

01:03:43,130 --> 01:03:41,640

about this yeah I was really excited to

1500

01:03:44,569 --> 01:03:43,140

hear that you're hosting

1501

01:03:46,670 --> 01:03:44,579

um that basically we're having like

1502

01:03:47,870 --> 01:03:46,680

around almost like a all the speakers

1503

01:03:49,130 --> 01:03:47,880

coming up and we're having a big

1504

01:03:51,049 --> 01:03:49,140

discussion

1505

01:03:53,690 --> 01:03:51,059

um and I'm excited about that taking

1506

01:03:55,309 --> 01:03:53,700

part in that and I'll be uh my show is

1507

01:03:57,950 --> 01:03:55,319

going to be on Friday

1508

01:03:59,750 --> 01:03:57,960

um of of that that three-day weekend at

1509

01:04:01,970 --> 01:03:59,760

the conscious life Expo and I'm going to

1510

01:04:04,609 --> 01:04:01,980

be presenting expanding on my theories

1511

01:04:06,829 --> 01:04:04,619

on why these lost civilizations were

1512

01:04:08,569 --> 01:04:06,839

destroyed around the world but going in

1513

01:04:10,789 --> 01:04:08,579

a different direction and with some new

1514

01:04:13,670 --> 01:04:10,799

data than someone like Graham Hancock or

1515

01:04:17,270 --> 01:04:13,680

Randall Carlson does us where I believe

1516

01:04:17,930 --> 01:04:17,280

that there's some other other potential

1517

01:04:20,390 --> 01:04:17,940

um

1518

01:04:22,970 --> 01:04:20,400

catalysts for why these events are

1519

01:04:24,470 --> 01:04:22,980

cyclically happening on the earth and in

1520

01:04:26,030 --> 01:04:24,480

our solar system so I'm going to be

1521

01:04:28,549 --> 01:04:26,040

having a whole presentation I'm going to

1522

01:04:30,289 --> 01:04:28,559

be giving with breaking down data and

1523

01:04:32,210 --> 01:04:30,299

really providing some of this some of

1524

01:04:34,370 --> 01:04:32,220

these Clues to figure out what happened

1525

01:04:35,750 --> 01:04:34,380

to this entire lost chapter of our

1526
01:04:37,130 --> 01:04:35,760
history so I'm looking forward to being

1527
01:04:38,690 --> 01:04:37,140
there with you for that weekend yeah

1528
01:04:41,030 --> 01:04:38,700
it's going to be great I've been you see

1529
01:04:43,789 --> 01:04:41,040
here's the thing I've been hosting uh

1530
01:04:47,690 --> 01:04:43,799
the conscious life Expo I think this is

1531
01:04:52,370 --> 01:04:47,700
going to be my ninth year right and

1532
01:04:55,190 --> 01:04:52,380
um it it is so great uh for me to to

1533
01:04:57,710 --> 01:04:55,200
hang out with uh researchers and

1534
01:04:59,329 --> 01:04:57,720
presenters but also watching the

1535
01:05:02,030 --> 01:04:59,339
reaction

1536
01:05:06,010 --> 01:05:02,040
um from the audience members there and

1537
01:05:08,990 --> 01:05:06,020
how they uh are just happy right just

1538
01:05:11,569 --> 01:05:09,000

collecting this knowledge and and to

1539

01:05:13,789 --> 01:05:11,579

have you there and to present uh I

1540

01:05:17,089 --> 01:05:13,799

brought Scott Walter in

1541

01:05:20,210 --> 01:05:17,099

um and if he's I mean he just I brought

1542

01:05:21,710 --> 01:05:20,220

Billy right Carson yeah and uh now I'm

1543

01:05:24,770 --> 01:05:21,720

not instrument I only make the

1544

01:05:27,130 --> 01:05:24,780

introductions it's it's about who the

1545

01:05:30,710 --> 01:05:27,140

people are and and their presentation

1546

01:05:33,609 --> 01:05:30,720

and uh but I I enjoy doing that and then

1547

01:05:35,809 --> 01:05:33,619

kicking back and and watching people

1548

01:05:37,250 --> 01:05:35,819

absorb this

1549

01:05:40,490 --> 01:05:37,260

um that's one of the great things about

1550

01:05:42,650 --> 01:05:40,500

the conscious life Expo is Seekers of

1551

01:05:45,109 --> 01:05:42,660

knowledge man and and they're everywhere

1552

01:05:47,750 --> 01:05:45,119

you're gonna love it and I look forward

1553

01:05:49,730 --> 01:05:47,760

to it maybe I'll uh uh maybe I'll get a

1554

01:05:52,069 --> 01:05:49,740

chance to introduce you and I would love

1555

01:05:53,750 --> 01:05:52,079

that and come and hang out

1556

01:05:56,089 --> 01:05:53,760

um now here's uh

1557

01:05:58,309 --> 01:05:56,099

um you brought up ebla earlier and I'm

1558

01:06:00,650 --> 01:05:58,319

so glad you did

1559

01:06:04,430 --> 01:06:00,660

um ebla

1560

01:06:08,890 --> 01:06:04,440

um I this is this is this is my take all

1561

01:06:12,049 --> 01:06:08,900

right ebla along with uh Gobekli Tepe

1562

01:06:15,910 --> 01:06:12,059

ebla is in a very unique part of of

1563

01:06:20,329 --> 01:06:15,920

Syria it's also just as old if not older

1564

01:06:22,490 --> 01:06:20,339

than the Giza Plateau right it's the

1565

01:06:24,410 --> 01:06:22,500

dating goes back to three thousand four

1566

01:06:27,049 --> 01:06:24,420

thousand BC

1567

01:06:30,529 --> 01:06:27,059

um it's ginormous by the way it is it

1568

01:06:34,490 --> 01:06:30,539

but it's at an area where different

1569

01:06:36,289 --> 01:06:34,500

cultures can cause us yeah yeah I've

1570

01:06:38,930 --> 01:06:36,299

always and it's close to the ocean too

1571

01:06:40,370 --> 01:06:38,940

as well or not it's not exactly but it's

1572

01:06:41,930 --> 01:06:40,380

getting there though it's it's almost

1573

01:06:46,670 --> 01:06:41,940

over there yeah it's almost on the

1574

01:06:48,049 --> 01:06:46,680

Mediterranean and but but I I believe uh

1575

01:06:50,870 --> 01:06:48,059

that is one of the reason when you look

1576

01:06:53,510 --> 01:06:50,880

at or or you look at uh you know the

1577

01:06:56,089 --> 01:06:53,520

some of the uh the biblical stories of

1578

01:07:00,289 --> 01:06:56,099

Abraham and and what what went on in

1579

01:07:03,529 --> 01:07:00,299

that area which also connects back to go

1580

01:07:06,529 --> 01:07:03,539

back Lee Tepe that it's not that far

1581

01:07:09,109 --> 01:07:06,539

from Egypt it's really not is it walking

1582

01:07:11,870 --> 01:07:09,119

distance well you know what

1583

01:07:13,609 --> 01:07:11,880

back in the day you could get it done if

1584

01:07:16,010 --> 01:07:13,619

you had to

1585

01:07:18,770 --> 01:07:16,020

um but it's it's not like it was on the

1586

01:07:21,349 --> 01:07:18,780

other side of the world and and these

1587

01:07:23,329 --> 01:07:21,359

sites in that region going back to Sumer

1588

01:07:27,470 --> 01:07:23,339

you know going to the Euphrates going

1589

01:07:29,569 --> 01:07:27,480

into Iraq Syria uh what is now turkey uh

1590

01:07:32,450 --> 01:07:29,579

go back to the Tepe but that was also

1591

01:07:35,630 --> 01:07:32,460

the Armenian Highlands you know uh

1592

01:07:37,250 --> 01:07:35,640

Gobekli Tepe is not a Turkish site it's

1593

01:07:39,970 --> 01:07:37,260

it's simply not it has nothing to do

1594

01:07:44,510 --> 01:07:39,980

with turkey that's a modern day border

1595

01:07:48,529 --> 01:07:44,520

as is all of this area yeah right that

1596

01:07:51,770 --> 01:07:48,539

that it was cross-pollinated and the the

1597

01:07:53,150 --> 01:07:51,780

teachers of all of this came from

1598

01:07:55,430 --> 01:07:53,160

everywhere

1599

01:07:56,990 --> 01:07:55,440

they did and what what's so important

1600

01:07:59,450 --> 01:07:57,000

about ebla first of all I want to give

1601
01:08:00,890 --> 01:07:59,460
people a scope of this because I've been

1602
01:08:02,510 --> 01:08:00,900
doing a lot of research into the site

1603
01:08:04,370 --> 01:08:02,520
it's actually I think it's one of the

1604
01:08:06,349 --> 01:08:04,380
more important sites in the world that

1605
01:08:07,609 --> 01:08:06,359
hasn't really been connected

1606
01:08:09,470 --> 01:08:07,619
um in the significance it needs to

1607
01:08:11,390 --> 01:08:09,480
they've estimated when archaeologist

1608
01:08:14,029 --> 01:08:11,400
went in there um only within the last

1609
01:08:16,130 --> 01:08:14,039
you know 60 years or 70 years they went

1610
01:08:18,169 --> 01:08:16,140
in there and they they estimated based

1611
01:08:20,689 --> 01:08:18,179
on the size of the site that there was a

1612
01:08:23,809 --> 01:08:20,699
population in the area around ebla and

1613
01:08:25,130 --> 01:08:23,819

apple itself of over 250

1614

01:08:27,349 --> 01:08:25,140

000 people

1615

01:08:29,930 --> 01:08:27,359

just to put it that into comprehension

1616

01:08:32,510 --> 01:08:29,940

we're talking about an enormous site and

1617

01:08:35,390 --> 01:08:32,520

the library that was found there

1618

01:08:37,370 --> 01:08:35,400

um is only second to the Asher bonapall

1619

01:08:39,950 --> 01:08:37,380

library that was found in Nineveh by

1620

01:08:42,289 --> 01:08:39,960

Austin Henry Laird in 1849 now that had

1621

01:08:44,269 --> 01:08:42,299

30 000 Canadian form tablets from the

1622

01:08:47,390 --> 01:08:44,279

ancient Sumerians and acadians of

1623

01:08:49,249 --> 01:08:47,400

Babylonians whereas Ebola had eighteen

1624

01:08:51,829 --> 01:08:49,259

thousand almost twenty thousand so we're

1625

01:08:56,030 --> 01:08:51,839

looking at the second largest library in

1626
01:08:58,789 --> 01:08:56,040
the world now that location because that

1627
01:09:00,829 --> 01:08:58,799
location has artifacts and writings from

1628
01:09:03,410 --> 01:09:00,839
Cyprus it means that it was connecting

1629
01:09:05,809 --> 01:09:03,420
to the Mediterranean right so we know

1630
01:09:07,910 --> 01:09:05,819
that's incredibly significant so now you

1631
01:09:09,590 --> 01:09:07,920
have you have connections to like the

1632
01:09:11,870 --> 01:09:09,600
ball back Lebanon area with a giant

1633
01:09:13,729 --> 01:09:11,880
megaliths involved that Lebanon then you

1634
01:09:15,650 --> 01:09:13,739
have Cyprus in the Mediterranean so you

1635
01:09:18,050 --> 01:09:15,660
know that that area was connected then

1636
01:09:20,809 --> 01:09:18,060
you have Egyptian hieroglyphs in

1637
01:09:23,209 --> 01:09:20,819
writings and artifacts from Egypt

1638
01:09:26,209 --> 01:09:23,219

showing that that's connected then you

1639

01:09:28,849 --> 01:09:26,219

have significant q a form from tablets

1640

01:09:30,650 --> 01:09:28,859

from the Sumerian civilization as well

1641

01:09:34,070 --> 01:09:30,660

as going all the way into places like

1642

01:09:35,870 --> 01:09:34,080

Iran and even into India now this is

1643

01:09:39,410 --> 01:09:35,880

important because

1644

01:09:41,570 --> 01:09:39,420

not only is are those writings far older

1645

01:09:44,209 --> 01:09:41,580

than mainstream Academia gives them

1646

01:09:46,370 --> 01:09:44,219

credit for okay we're talking about I do

1647

01:09:49,610 --> 01:09:46,380

believe that that is a pretty younger

1648

01:09:51,530 --> 01:09:49,620

driest site now a lot of these sites had

1649

01:09:53,809 --> 01:09:51,540

been had occupation and then another

1650

01:09:55,729 --> 01:09:53,819

culture came later and then built on the

1651

01:09:58,669 --> 01:09:55,739

same site and I think that's the same

1652

01:10:00,770 --> 01:09:58,679

thing we're seeing we know that in Egypt

1653

01:10:02,630 --> 01:10:00,780

that's the case we know that all

1654

01:10:04,189 --> 01:10:02,640

throughout Mesopotamia through the

1655

01:10:06,709 --> 01:10:04,199

Sumerian and Canadian Babylonian

1656

01:10:09,770 --> 01:10:06,719

civilizations we know that in turkey and

1657

01:10:11,810 --> 01:10:09,780

we know that in this area of ebla but

1658

01:10:13,729 --> 01:10:11,820

what's this is what I want to like I

1659

01:10:16,550 --> 01:10:13,739

want to add a Segway potentially or just

1660

01:10:18,590 --> 01:10:16,560

a connection here for people I've been

1661

01:10:21,649 --> 01:10:18,600

looking for a connection with ancient

1662

01:10:23,510 --> 01:10:21,659

Sumerian civilization with Atlantis this

1663

01:10:26,390 --> 01:10:23,520

has been something very difficult for me

1664

01:10:27,530 --> 01:10:26,400

to find and I theorize that if we were

1665

01:10:29,209 --> 01:10:27,540

to look at something like the Asher

1666

01:10:31,850 --> 01:10:29,219

banapal library and how they found

1667

01:10:34,010 --> 01:10:31,860

thirty thousand cuneiform tablets today

1668

01:10:36,709 --> 01:10:34,020

they've only translated and we have

1669

01:10:38,630 --> 01:10:36,719

available like two or three hundred it

1670

01:10:41,390 --> 01:10:38,640

where's the rest of them where's the

1671

01:10:43,010 --> 01:10:41,400

other twenty thousand tablets in there

1672

01:10:44,570 --> 01:10:43,020

what do they say is there something

1673

01:10:46,790 --> 01:10:44,580

connecting these other civilizations

1674

01:10:48,350 --> 01:10:46,800

that they've hidden from us

1675

01:10:50,450 --> 01:10:48,360

but that's the thing that's exciting

1676

01:10:52,250 --> 01:10:50,460

about ebla because we know there's a

1677

01:10:54,350 --> 01:10:52,260

Sumerian connection we know there's an

1678

01:10:56,689 --> 01:10:54,360

Egyptian connection which and we know

1679

01:11:00,229 --> 01:10:56,699

that Egypt had connections to Atlantis

1680

01:11:02,450 --> 01:11:00,239

it's so long visited Egypt and talked to

1681

01:11:05,030 --> 01:11:02,460

the temple Priestess and we got an

1682

01:11:08,390 --> 01:11:05,040

entire story and detailed descriptions

1683

01:11:11,390 --> 01:11:08,400

of an A Lost Civilization that existed

1684

01:11:12,709 --> 01:11:11,400

in the Atlantic called Atlantis and that

1685

01:11:15,110 --> 01:11:12,719

connection is something that I've been

1686

01:11:18,169 --> 01:11:15,120

looking for for a very very long time

1687

01:11:20,149 --> 01:11:18,179

something tangible to prove that Sumer

1688

01:11:23,630 --> 01:11:20,159

and Egypt and Atlantis have are all

1689

01:11:26,570 --> 01:11:23,640

connected and this site finally provides

1690

01:11:28,310 --> 01:11:26,580

us with the hard evidence to prove that

1691

01:11:30,770 --> 01:11:28,320

these civilizations not only were all

1692

01:11:34,729 --> 01:11:30,780

connected but originally were far older

1693

01:11:36,890 --> 01:11:34,739

than we than we're told I am uh I

1694

01:11:39,530 --> 01:11:36,900

believe I don't know when it's going to

1695

01:11:41,810 --> 01:11:39,540

be but I hope it's you know sooner than

1696

01:11:45,470 --> 01:11:41,820

later you know I'm 60. would like to see

1697

01:11:47,570 --> 01:11:45,480

it happen soon we are going to find the

1698

01:11:51,530 --> 01:11:47,580

equivalent of

1699

01:11:52,570 --> 01:11:51,540

of Alexandria we're going to find a

1700

01:11:57,709 --> 01:11:52,580

collection

1701

01:12:00,169 --> 01:11:57,719

of of not only knowledge but of from

1702

01:12:02,390 --> 01:12:00,179

cultures around the world that got

1703

01:12:05,330 --> 01:12:02,400

together those Scholars right those

1704

01:12:07,790 --> 01:12:05,340

philosophers those thinkers right those

1705

01:12:11,630 --> 01:12:07,800

Engineers mathematicians

1706

01:12:14,689 --> 01:12:11,640

um uh astronomers right we're gonna find

1707

01:12:18,530 --> 01:12:14,699

that and when that goes down everything

1708

01:12:21,050 --> 01:12:18,540

is going to tip over it seems that every

1709

01:12:23,810 --> 01:12:21,060

opportunity that we've had for a

1710

01:12:25,970 --> 01:12:23,820

collection of this information it's all

1711

01:12:28,310 --> 01:12:25,980

been taken it's all been destroyed it's

1712

01:12:29,990 --> 01:12:28,320

all been Spirited Away

1713

01:12:33,530 --> 01:12:30,000

um chances are

1714

01:12:37,310 --> 01:12:33,540

big chunk of it is in the Vatican and

1715

01:12:40,610 --> 01:12:37,320

we may never uh find out uh but I I

1716

01:12:43,070 --> 01:12:40,620

think that if we keep this up something

1717

01:12:44,870 --> 01:12:43,080

is going to surface you know there are

1718

01:12:48,050 --> 01:12:44,880

many more Gobekli tepies in the world

1719

01:12:50,830 --> 01:12:48,060

there are many more ablas in the world

1720

01:12:53,709 --> 01:12:50,840

um it's just the way that it is Matthew

1721

01:12:57,110 --> 01:12:53,719

and I I just hope that it happens soon

1722

01:13:00,709 --> 01:12:57,120

the problem though there Jimmy is we

1723

01:13:02,570 --> 01:13:00,719

have to recognize why ebla and Nineveh

1724

01:13:05,090 --> 01:13:02,580

are so significant as well as parts of

1725

01:13:07,189 --> 01:13:05,100

Babylon and uh and other areas that

1726

01:13:10,310 --> 01:13:07,199

we've found these cuneiform tablets

1727

01:13:12,189 --> 01:13:10,320

paper only lasts 500 to A Thousand Years

1728

01:13:15,709 --> 01:13:12,199

okay

1729

01:13:18,229 --> 01:13:15,719

that's that's the issue the issue with

1730

01:13:20,930 --> 01:13:18,239

having something like the Library of

1731

01:13:24,110 --> 01:13:20,940

Alexandria is that we can only go back

1732

01:13:27,229 --> 01:13:24,120

so far that's why cune airform is the

1733

01:13:29,570 --> 01:13:27,239

only single form of writing because it's

1734

01:13:31,610 --> 01:13:29,580

etched into something either Rock like

1735

01:13:34,010 --> 01:13:31,620

the code of Hammurabi is in a giant

1736

01:13:35,810 --> 01:13:34,020

Stone which is basically like the the

1737

01:13:37,130 --> 01:13:35,820

Commandments that were handed down if

1738

01:13:40,070 --> 01:13:37,140

you read that

1739

01:13:41,750 --> 01:13:40,080

um it's Hammurabi talks all about how

1740

01:13:44,209 --> 01:13:41,760

there were these Commandments handed

1741

01:13:46,790 --> 01:13:44,219

down by the gods to him and he was

1742

01:13:49,430 --> 01:13:46,800

divinely chosen to rule but not only

1743

01:13:51,470 --> 01:13:49,440

that but the tablets of like the clay

1744

01:13:55,130 --> 01:13:51,480

that was baked that had these writings

1745

01:13:57,590 --> 01:13:55,140

in it that's the only form of writing or

1746

01:13:59,689 --> 01:13:57,600

the only form of of of preserving

1747

01:14:02,330 --> 01:13:59,699

information that we know of that can

1748

01:14:04,310 --> 01:14:02,340

survive more than one two three thousand

1749

01:14:06,350 --> 01:14:04,320

years there's no other form that we know

1750

01:14:09,110 --> 01:14:06,360

of however I suspect there are certain

1751

01:14:10,430 --> 01:14:09,120

Technologies and certain abilities that

1752

01:14:12,050 --> 01:14:10,440

perhaps they had that we don't

1753

01:14:14,270 --> 01:14:12,060

understand yet

1754

01:14:16,310 --> 01:14:14,280

um one of the reasons I say that

1755

01:14:17,810 --> 01:14:16,320

is that in a lot of these megaliths

1756

01:14:20,470 --> 01:14:17,820

these incredible sites around the world

1757

01:14:23,750 --> 01:14:20,480

not Stonehenge but something like

1758

01:14:26,510 --> 01:14:23,760

Oman or Machu Picchu where we have these

1759

01:14:28,910 --> 01:14:26,520

much older structures or Pumapunku or in

1760

01:14:31,370 --> 01:14:28,920

tiwanaku there's no writings anywhere

1761

01:14:33,110 --> 01:14:31,380

but there's nothing etched in either why

1762

01:14:36,229 --> 01:14:33,120

would a culture or civilization not

1763

01:14:37,610 --> 01:14:36,239

leave something else behind perhaps

1764

01:14:41,030 --> 01:14:37,620

there's something we haven't thought of

1765

01:14:42,950 --> 01:14:41,040

yet like perhaps they could encode into

1766

01:14:45,070 --> 01:14:42,960

like the courts because we know like

1767

01:14:47,810 --> 01:14:45,080

think about it why would they choose

1768

01:14:50,090 --> 01:14:47,820

Granite predominantly for these megalus

1769

01:14:52,669 --> 01:14:50,100

around the world Granite has the highest

1770

01:14:54,410 --> 01:14:52,679

silica content of any stone that we know

1771

01:14:57,229 --> 01:14:54,420

of and it happens to be one of the

1772

01:14:59,390 --> 01:14:57,239

hardest Stones silica quartz is what we

1773

01:15:00,890 --> 01:14:59,400

use in watches that's what we can we

1774

01:15:03,590 --> 01:15:00,900

know it has certain vibrational

1775

01:15:05,390 --> 01:15:03,600

frequency abilities Nikola Tessa talked

1776

01:15:07,130 --> 01:15:05,400

about how crystals are almost like a

1777

01:15:09,290 --> 01:15:07,140

living entity and how you can maybe

1778

01:15:11,330 --> 01:15:09,300

encode something within them and how

1779

01:15:12,830 --> 01:15:11,340

they have a certain they can vibrate at

1780

01:15:14,390 --> 01:15:12,840

a certain frequency what if there's

1781

01:15:16,910 --> 01:15:14,400

something we're not thinking of yet

1782

01:15:18,890 --> 01:15:16,920

where some maybe there is some kind of

1783

01:15:20,689 --> 01:15:18,900

information encoded in some of these

1784

01:15:22,070 --> 01:15:20,699

that we just don't understand how to

1785

01:15:24,530 --> 01:15:22,080

figure out yet and I want to give it in

1786

01:15:25,910 --> 01:15:24,540

just another example look at these giant

1787

01:15:28,610 --> 01:15:25,920

doorways around the world that the fall

1788

01:15:31,370 --> 01:15:28,620

stories that go nowhere like error Muro

1789

01:15:33,350 --> 01:15:31,380

in Peru this incredible t-shaped doorway

1790

01:15:35,990 --> 01:15:33,360

by the way t-shaped just like the

1791

01:15:37,850 --> 01:15:36,000

t-shaped pillars of Gobekli Tepe and

1792

01:15:39,530 --> 01:15:37,860

Menorca Spain I don't know if you know

1793

01:15:42,229 --> 01:15:39,540

about Menorca Jimmy but it's just like

1794

01:15:45,410 --> 01:15:42,239

just like the the blog the blocks we see

1795

01:15:47,990 --> 01:15:45,420

in an incobaki Tepe but these doorways

1796

01:15:49,850 --> 01:15:48,000

that go nowhere that literally to us it

1797

01:15:51,709 --> 01:15:49,860

seems like it's impossible but again

1798

01:15:53,390 --> 01:15:51,719

it's like maybe there was some kind of

1799

01:15:56,149 --> 01:15:53,400

Technology where there were gateways and

1800

01:15:57,950 --> 01:15:56,159

doorways to somewhere else and we just

1801
01:16:00,350 --> 01:15:57,960
may not be able to understand how to

1802
01:16:02,270 --> 01:16:00,360
decipher and understand all of these

1803
01:16:04,010 --> 01:16:02,280
ancient things that they did because if

1804
01:16:05,990 --> 01:16:04,020
we can't figure out how they cut and

1805
01:16:07,370 --> 01:16:06,000
move them how are we going to figure out

1806
01:16:08,870 --> 01:16:07,380
the rest of it

1807
01:16:13,250 --> 01:16:08,880
when

1808
01:16:15,830 --> 01:16:13,260
um uh one of the uh Paradigm shifts that

1809
01:16:16,430 --> 01:16:15,840
I had in Egypt

1810
01:16:18,530 --> 01:16:16,440
um

1811
01:16:20,149 --> 01:16:18,540
I had a few of these but the most

1812
01:16:24,649 --> 01:16:20,159
extraordinary one

1813
01:16:26,990 --> 01:16:24,659

uh was attendera and this priest uh

1814

01:16:28,850 --> 01:16:27,000

takes me over it's not my birthday by

1815

01:16:32,030 --> 01:16:28,860

the way it's pretty cool to this

1816

01:16:34,610 --> 01:16:32,040

underground phoronic Lake right in the

1817

01:16:36,290 --> 01:16:34,620

middle of the desert man right middle of

1818

01:16:39,890 --> 01:16:36,300

the desert in Oasis like an underground

1819

01:16:41,530 --> 01:16:39,900

aquifer it and so he those were the

1820

01:16:44,450 --> 01:16:41,540

words he used

1821

01:16:47,270 --> 01:16:44,460

pharonic Lake that's interesting I've

1822

01:16:49,610 --> 01:16:47,280

never heard it and so oh man uh I've got

1823

01:16:52,010 --> 01:16:49,620

I've got the video maybe I'll run it

1824

01:16:53,990 --> 01:16:52,020

ironic Lake I like that yeah and so we

1825

01:16:58,669 --> 01:16:54,000

walk over and I'm like looking around

1826

01:17:01,790 --> 01:16:58,679

like what what's he where is it what and

1827

01:17:03,950 --> 01:17:01,800

it's nothing here but sand right so we

1828

01:17:06,830 --> 01:17:03,960

go walk across

1829

01:17:11,689 --> 01:17:06,840

there's these three uh megalithic uh

1830

01:17:14,510 --> 01:17:11,699

Granite blocks that are slabs that uh

1831

01:17:16,729 --> 01:17:14,520

are resting on top of the sand there's

1832

01:17:19,850 --> 01:17:16,739

two and there's one at the top

1833

01:17:22,310 --> 01:17:19,860

freaking stairway right right yeah down

1834

01:17:23,450 --> 01:17:22,320

down right down underneath the sand five

1835

01:17:28,070 --> 01:17:23,460

stories

1836

01:17:30,050 --> 01:17:28,080

like 50 60 feet right down and so he

1837

01:17:33,669 --> 01:17:30,060

tells me now forget about I don't want

1838

01:17:39,410 --> 01:17:35,750

this is old

1839

01:17:40,970 --> 01:17:39,420

so so anyway and Sarah pmos to still to

1840

01:17:45,290 --> 01:17:40,980

this day is a mind-blowing thing anyway

1841

01:17:47,330 --> 01:17:45,300

so go down and he tells me can't talk

1842

01:17:49,970 --> 01:17:47,340

got to take off your shoes

1843

01:17:53,330 --> 01:17:49,980

okay no talking take off my shoes so I

1844

01:17:55,729 --> 01:17:53,340

take off my shoes we go down and now so

1845

01:17:58,490 --> 01:17:55,739

I go down I hear the water I can hear it

1846

01:18:00,410 --> 01:17:58,500

but I can't see it's you know there's no

1847

01:18:04,850 --> 01:18:00,420

lights or anything like that we're way

1848

01:18:06,410 --> 01:18:04,860

way down uh under the desert and um and

1849

01:18:10,550 --> 01:18:06,420

I hear the water

1850

01:18:13,310 --> 01:18:10,560

what the hell you know and and I know

1851

01:18:16,189 --> 01:18:13,320

it's 110 degrees that I just came from

1852

01:18:18,649 --> 01:18:16,199

right the blazing sun and now we're down

1853

01:18:21,470 --> 01:18:18,659

you know Under the Desert way deep

1854

01:18:23,510 --> 01:18:21,480

anyway so we go through this thing and

1855

01:18:26,630 --> 01:18:23,520

he said this is where the Pharaohs came

1856

01:18:30,770 --> 01:18:26,640

to cleanse spiritually

1857

01:18:35,630 --> 01:18:30,780

okay all right all right so

1858

01:18:38,330 --> 01:18:35,640

um I walk out into this Lake this water

1859

01:18:39,770 --> 01:18:38,340

I see Jimmy our guide he goes first I'm

1860

01:18:42,490 --> 01:18:39,780

second

1861

01:18:46,189 --> 01:18:42,500

he splashes himself

1862

01:18:47,630 --> 01:18:46,199

takes a shower and he walks by me he was

1863

01:18:49,910 --> 01:18:47,640

we're not allowed to talk you know he

1864

01:18:51,890 --> 01:18:49,920

goes it's all yours

1865

01:18:57,850 --> 01:18:51,900

so I walk out

1866

01:19:04,130 --> 01:19:01,790

head to toe this is the trippy part this

1867

01:19:05,810 --> 01:19:04,140

is what the Egyptians knew I turn around

1868

01:19:09,830 --> 01:19:05,820

I'm walking up the stairs

1869

01:19:14,810 --> 01:19:13,130

pineal glands Visions thing I'm like

1870

01:19:15,890 --> 01:19:14,820

what the hell and I grabbed the side of

1871

01:19:17,630 --> 01:19:15,900

the wall

1872

01:19:19,430 --> 01:19:17,640

I'm studying myself I'm like what's

1873

01:19:22,010 --> 01:19:19,440

going on

1874

01:19:25,669 --> 01:19:22,020

I walk up up up up up up up up up up

1875

01:19:29,209 --> 01:19:25,679

I I I get up top

1876

01:19:31,370 --> 01:19:29,219

and and I go I go through this thing

1877

01:19:33,890 --> 01:19:31,380

I don't know man I don't know how to

1878

01:19:35,870 --> 01:19:33,900

explain it but here's the thing

1879

01:19:36,590 --> 01:19:35,880

I mean forget about the rest of the

1880

01:19:39,890 --> 01:19:36,600

story

1881

01:19:42,050 --> 01:19:39,900

now I've had time to unpack this and

1882

01:19:43,910 --> 01:19:42,060

I've talked to many researchers I've

1883

01:19:44,750 --> 01:19:43,920

called them up okay this is what

1884

01:19:47,870 --> 01:19:44,760

happened

1885

01:19:50,270 --> 01:19:47,880

and we've all kind of talked

1886

01:19:52,130 --> 01:19:50,280

through this on the same level and that

1887

01:19:54,470 --> 01:19:52,140

is this

1888

01:19:57,410 --> 01:19:54,480

the Egyptians knew

1889

01:20:00,649 --> 01:19:57,420

that by going down getting out of the

1890

01:20:01,970 --> 01:20:00,659

sunlight going into the dark that's a

1891

01:20:03,790 --> 01:20:01,980

change

1892

01:20:07,010 --> 01:20:03,800

number one

1893

01:20:09,770 --> 01:20:07,020

melatonin serotonin that whole thing

1894

01:20:10,970 --> 01:20:09,780

right and we understand the chemistry of

1895

01:20:14,270 --> 01:20:10,980

it today

1896

01:20:15,830 --> 01:20:14,280

but it's also electricity

1897

01:20:18,709 --> 01:20:15,840

it's em

1898

01:20:21,290 --> 01:20:18,719

your body your brain and you go and you

1899

01:20:23,390 --> 01:20:21,300

now you go from the extreme heat and the

1900

01:20:24,709 --> 01:20:23,400

sunlight to blackness

1901

01:20:26,090 --> 01:20:24,719

and you're changing your body

1902

01:20:28,010 --> 01:20:26,100

temperature

1903

01:20:30,890 --> 01:20:28,020

and there's probably stuff in this water

1904

01:20:33,530 --> 01:20:30,900

too as well minerals and and things and

1905

01:20:36,590 --> 01:20:33,540

and you do that and then you turn back

1906

01:20:39,290 --> 01:20:36,600

around and you go back into the sunlight

1907

01:20:41,990 --> 01:20:39,300

and back to the Heat and you have just

1908

01:20:45,169 --> 01:20:42,000

took your body through an extreme

1909

01:20:47,450 --> 01:20:45,179

transformation that you know light dark

1910

01:20:48,950 --> 01:20:47,460

temperature this all of that and then

1911

01:20:52,189 --> 01:20:48,960

you go back out and you open up your

1912

01:20:56,810 --> 01:20:52,199

eyes and the whole melatonin serotonin

1913

01:20:58,550 --> 01:20:56,820

change happens the DMT you know pineal I

1914

01:21:01,209 --> 01:20:58,560

don't know I'm just telling you what

1915

01:21:03,850 --> 01:21:01,219

happened to me in the Egyptians

1916

01:21:07,669 --> 01:21:03,860

understood this

1917

01:21:10,610 --> 01:21:07,679

that is the fantastically mind-blowing

1918

01:21:12,290 --> 01:21:10,620

thing forget about what I went through

1919

01:21:14,450 --> 01:21:12,300

and we can break it down today

1920

01:21:15,830 --> 01:21:14,460

scientifically we can say well this

1921

01:21:18,350 --> 01:21:15,840

happened this happened

1922

01:21:23,470 --> 01:21:18,360

we're talking about 5 000 years ago

1923

01:21:26,990 --> 01:21:23,480

you know and so the fair or longer 100

1924

01:21:30,050 --> 01:21:27,000

but the Pharaohs would do this spiritual

1925

01:21:31,669 --> 01:21:30,060

thing right and and and the Egyptians

1926

01:21:33,890 --> 01:21:31,679

weren't the only culture around the

1927

01:21:36,410 --> 01:21:33,900

world that were doing this kind of

1928

01:21:39,350 --> 01:21:36,420

things right American Indians right the

1929

01:21:41,510 --> 01:21:39,360

indigenous cultures sweat lodges and and

1930

01:21:45,229 --> 01:21:41,520

the things that go on in the Himalayas

1931

01:21:47,510 --> 01:21:45,239

and and Japan and China and you know

1932

01:21:51,050 --> 01:21:47,520

what I mean your teacher walk up the

1933

01:21:55,370 --> 01:21:51,060

stairs one thousand times today right or

1934

01:21:58,490 --> 01:21:55,380

whatever it is but uh yeah and uh it was

1935

01:22:02,209 --> 01:21:58,500

incredible so that's what I learned is

1936

01:22:05,570 --> 01:22:02,219

that they knew this Millennia Millennia

1937

01:22:07,189 --> 01:22:05,580

ago it's incredible to me I don't think

1938

01:22:10,010 --> 01:22:07,199

they only knew it I think they mastered

1939

01:22:11,689 --> 01:22:10,020

it I think they understood a lot of

1940

01:22:14,570 --> 01:22:11,699

different aspects of our Consciousness

1941

01:22:16,370 --> 01:22:14,580

and energy and the the body that can

1942

01:22:17,630 --> 01:22:16,380

light up and train and turn into that

1943

01:22:20,209 --> 01:22:17,640

you know the rainbow body right the

1944

01:22:22,010 --> 01:22:20,219

chakra is lighting up and the and the

1945

01:22:23,750 --> 01:22:22,020

energy along our spinal cord right the

1946

01:22:26,149 --> 01:22:23,760

like we see the rod of a sleepiest

1947

01:22:28,250 --> 01:22:26,159

symbol in the wings of the top I think

1948

01:22:30,590 --> 01:22:28,260

it's been known all throughout these

1949

01:22:33,110 --> 01:22:30,600

incred these ancient cultures is this

1950

01:22:35,209 --> 01:22:33,120

understanding in this inherent need that

1951

01:22:37,010 --> 01:22:35,219

the most important thing to them of

1952

01:22:39,229 --> 01:22:37,020

anything you know it wasn't money or

1953

01:22:41,630 --> 01:22:39,239

these materialistic things to them the

1954

01:22:43,430 --> 01:22:41,640

most important thing was them reaching

1955

01:22:46,250 --> 01:22:43,440

these higher States Of Consciousness

1956

01:22:48,470 --> 01:22:46,260

Consciousness to be in the realm of what

1957

01:22:50,450 --> 01:22:48,480

they called like the gods right being in

1958

01:22:52,729 --> 01:22:50,460

this higher dimensional state where the

1959

01:22:54,890 --> 01:22:52,739

body lights up energetic quickly and

1960

01:22:56,990 --> 01:22:54,900

turns into something where we become

1961

01:22:59,209 --> 01:22:57,000

almost like a some kind of like a

1962

01:23:01,189 --> 01:22:59,219

monolith right so think about these the

1963

01:23:03,229 --> 01:23:01,199

the monolithic statues right the like

1964

01:23:04,669 --> 01:23:03,239

the obelisks where they have this they

1965

01:23:06,470 --> 01:23:04,679

have this point at the top and Nikola

1966

01:23:09,290 --> 01:23:06,480

Tesla's playing with electricity and how

1967

01:23:11,810 --> 01:23:09,300

that that can focus electricity and how

1968

01:23:13,310 --> 01:23:11,820

we have them all over Egypt and how they

1969

01:23:15,350 --> 01:23:13,320

seem to coincide with pyramids and

1970

01:23:17,090 --> 01:23:15,360

temples and you have these obelisks that

1971

01:23:18,649 --> 01:23:17,100

Focus energy and then the founding

1972

01:23:20,930 --> 01:23:18,659

fathers and secret societies around the

1973

01:23:22,310 --> 01:23:20,940

world just happen to build those around

1974

01:23:25,130 --> 01:23:22,320

just because they liked them and they

1975

01:23:27,610 --> 01:23:25,140

were like they're pretty cool yeah you

1976

01:23:31,430 --> 01:23:27,620

know they there's something inherently

1977

01:23:33,709 --> 01:23:31,440

truly sophisticated and advanced in that

1978

01:23:35,510 --> 01:23:33,719

knowledge and understanding that you

1979

01:23:37,430 --> 01:23:35,520

mentioned dandera go down into the

1980

01:23:39,770 --> 01:23:37,440

temples of dendara look at the dendara

1981

01:23:41,450 --> 01:23:39,780

light they clearly understood that the

1982

01:23:43,669 --> 01:23:41,460

concepts of electricity they knew

1983

01:23:45,890 --> 01:23:43,679

electromagnetism electricity they

1984

01:23:48,470 --> 01:23:45,900

understood all of this stuff long before

1985

01:23:49,850 --> 01:23:48,480

we did you know you know what Billy and

1986

01:23:53,090 --> 01:23:49,860

I did

1987

01:23:56,709 --> 01:23:53,100

um uh you can you can ask Billy about

1988

01:24:00,950 --> 01:23:56,719

this so uh again it's not my birthday

1989

01:24:03,649 --> 01:24:00,960

and they unlock this Temple at dendara

1990

01:24:07,370 --> 01:24:03,659

hadn't been open in 20 years

1991

01:24:10,669 --> 01:24:07,380

so we go up excuse me

1992

01:24:13,490 --> 01:24:10,679

we go up we're at the priest

1993

01:24:17,570 --> 01:24:13,500

and it we do a ceremony

1994

01:24:22,430 --> 01:24:17,580

and uh it's Billy and I they have Billy

1995

01:24:26,209 --> 01:24:22,440

the keys and Billy unlocks this Temple

1996

01:24:28,430 --> 01:24:26,219

it's big it's it's it's next to the the

1997

01:24:30,649 --> 01:24:28,440

main dandera Temple which is redonkulous

1998

01:24:33,290 --> 01:24:30,659

you know it's beautiful big this is next

1999

01:24:37,790 --> 01:24:33,300

to it pillars it's big

2000

01:24:40,669 --> 01:24:37,800

and uh and we walk in now uh the Crypt

2001
01:24:43,310 --> 01:24:40,679
is in the main dundera Temple right with

2002
01:24:46,010 --> 01:24:43,320
the Dara light bulb now the priest tells

2003
01:24:49,370 --> 01:24:46,020
us okay this is spiritual this you have

2004
01:24:52,310 --> 01:24:49,380
to respect the temple no talking

2005
01:24:54,950 --> 01:24:52,320
no technology No cameras

2006
01:24:55,729 --> 01:24:54,960
I said okay all right Billy and I are

2007
01:24:57,830 --> 01:24:55,739
cool

2008
01:25:00,649 --> 01:24:57,840
so Billy and I walk in and it's like

2009
01:25:03,410 --> 01:25:00,659
brand new oh man it was just like it was

2010
01:25:05,450 --> 01:25:03,420
crazy it was so nice and Billy and I are

2011
01:25:06,770 --> 01:25:05,460
standing we look up and what's in front

2012
01:25:09,709 --> 01:25:06,780
of us

2013
01:25:12,649 --> 01:25:09,719

another dendara light bulb

2014

01:25:15,770 --> 01:25:12,659

dude on the wall right in front of it

2015

01:25:17,689 --> 01:25:15,780

and billion we can't talk

2016

01:25:18,770 --> 01:25:17,699

yeah

2017

01:25:22,370 --> 01:25:18,780

but like

2018

01:25:24,410 --> 01:25:22,380

you know and uh and there it was just

2019

01:25:25,970 --> 01:25:24,420

just perfect you know we all talk about

2020

01:25:30,169 --> 01:25:25,980

the one that's on the Crypt it's great

2021

01:25:34,450 --> 01:25:30,179

you know but but here it's a second one

2022

01:25:37,070 --> 01:25:34,460

same thing same cables you know the same

2023

01:25:41,990 --> 01:25:37,080

Transformer like stand holding it up

2024

01:25:45,050 --> 01:25:42,000

yeah uh identical brand new right there

2025

01:25:47,510 --> 01:25:45,060

incredible high up on the wall and uh

2026

01:25:49,729 --> 01:25:47,520

what an honor and a pro and it's the

2027

01:25:50,990 --> 01:25:49,739

thing Billy and I can't talk about it we

2028

01:25:53,270 --> 01:25:51,000

want to scream

2029

01:25:55,189 --> 01:25:53,280

couldn't take any pictures

2030

01:25:57,169 --> 01:25:55,199

couldn't do it the priest is standing

2031

01:26:00,310 --> 01:25:57,179

right here man sneak one with your cell

2032

01:26:04,850 --> 01:26:00,320

phone or anything like that oh no

2033

01:26:07,310 --> 01:26:04,860

no there were very strict rules very

2034

01:26:10,850 --> 01:26:07,320

strict rules no talking no technology

2035

01:26:13,669 --> 01:26:10,860

it's just you know but wow yeah I saw a

2036

01:26:15,890 --> 01:26:13,679

second one incredible I think there's so

2037

01:26:17,570 --> 01:26:15,900

much more that we are not we're not

2038

01:26:19,189 --> 01:26:17,580

being shown in Hidden I mean I want to

2039

01:26:22,129 --> 01:26:19,199

give you an example just like something

2040

01:26:24,229 --> 01:26:22,139

like that is you know we we had ground

2041

01:26:25,729 --> 01:26:24,239

penetrating radar and sonar looking at

2042

01:26:27,590 --> 01:26:25,739

something like the Great Sphinx in the

2043

01:26:29,689 --> 01:26:27,600

front of the pause and around the Great

2044

01:26:31,250 --> 01:26:29,699

Pyramids and they identified and they

2045

01:26:33,649 --> 01:26:31,260

came out in the news and it's it's

2046

01:26:36,590 --> 01:26:33,659

amazing the the attention span of of

2047

01:26:38,450 --> 01:26:36,600

people and Society is so small and so

2048

01:26:39,290 --> 01:26:38,460

short that they come out with this they

2049

01:26:40,729 --> 01:26:39,300

come out with these announcements

2050

01:26:44,689 --> 01:26:40,739

they're like well look we've discovered

2051

01:26:47,570 --> 01:26:44,699

underground uh cavities below the Sphinx

2052

01:26:49,370 --> 01:26:47,580

and below the Great Pyramids and we see

2053

01:26:51,649 --> 01:26:49,380

them here and look isn't that exciting

2054

01:26:53,689 --> 01:26:51,659

and then you know like a few weeks goes

2055

01:26:55,610 --> 01:26:53,699

by a month goes by and then and you

2056

01:26:57,410 --> 01:26:55,620

never hear about it and nobody asks and

2057

01:27:00,350 --> 01:26:57,420

nobody wonders what happened to those

2058

01:27:03,110 --> 01:27:00,360

and yet if you go look at just look at

2059

01:27:05,090 --> 01:27:03,120

the gray Sphinx and from different

2060

01:27:07,370 --> 01:27:05,100

angles and we know and this isn't like

2061

01:27:09,530 --> 01:27:07,380

just some little uh

2062

01:27:12,890 --> 01:27:09,540

you know sub Theory but go look and

2063

01:27:14,870 --> 01:27:12,900

there are at least three chefs that have

2064

01:27:18,169 --> 01:27:14,880

been located one underneath the front

2065

01:27:20,689 --> 01:27:18,179

paw one on the back side of the of the

2066

01:27:22,850 --> 01:27:20,699

body and then one right on the head that

2067

01:27:24,350 --> 01:27:22,860

there are definitive shafts that have

2068

01:27:26,030 --> 01:27:24,360

been shown very clearly and pick you get

2069

01:27:27,709 --> 01:27:26,040

pictures in an imagery you want to see

2070

01:27:29,689 --> 01:27:27,719

you want to see a video

2071

01:27:31,910 --> 01:27:29,699

I'll show you a video right now you want

2072

01:27:32,689 --> 01:27:31,920

to see a video of it can you play it all

2073

01:27:36,169 --> 01:27:32,699

right

2074

01:27:38,090 --> 01:27:36,179

can I play it yeah check this out check

2075

01:27:40,729 --> 01:27:38,100

this out

2076

01:27:43,129 --> 01:27:40,739

um uh I'm just gonna do this really

2077

01:27:44,990 --> 01:27:43,139

really fast and we'll talk about it uh

2078

01:27:46,250 --> 01:27:45,000

because it's a long video

2079

01:27:48,050 --> 01:27:46,260

but

2080

01:27:51,169 --> 01:27:48,060

um all right

2081

01:27:54,950 --> 01:27:51,179

so let me mute it we don't need to hear

2082

01:27:58,070 --> 01:27:54,960

it okay it's muted okay so Matthew uh

2083

01:27:59,810 --> 01:27:58,080

here we go I'm walking around this is

2084

01:28:02,750 --> 01:27:59,820

I'm by myself

2085

01:28:04,910 --> 01:28:02,760

okay all right let me let me mute this

2086

01:28:09,290 --> 01:28:04,920

first there's the Great Sphinx okay okay

2087

01:28:12,110 --> 01:28:09,300

so now uh I I walk around all the way

2088

01:28:15,590 --> 01:28:12,120

around it and I come around the back

2089

01:28:17,810 --> 01:28:15,600

side this is that's the tail here's the

2090

01:28:20,149 --> 01:28:17,820

back to back entryway yep yeah well hold

2091

01:28:23,930 --> 01:28:20,159

on I'll show you it's right here there

2092

01:28:26,689 --> 01:28:23,940

it is yeah see so I open this up you did

2093

01:28:29,870 --> 01:28:26,699

you do that why watch watch watch me

2094

01:28:33,470 --> 01:28:29,880

that's my hand I open it up there we go

2095

01:28:36,169 --> 01:28:33,480

stick the camera down there now the the

2096

01:28:39,950 --> 01:28:36,179

the trippy thing is there's two shafts

2097

01:28:42,410 --> 01:28:39,960

here okay there's one there

2098

01:28:45,050 --> 01:28:42,420

could you go down the nerves if yeah but

2099

01:28:47,530 --> 01:28:45,060

I'm not going to prison and

2100

01:28:51,890 --> 01:28:50,990

so here's the thing

2101

01:28:55,010 --> 01:28:51,900

um

2102

01:28:56,570 --> 01:28:55,020

uh you hear talk about this right but it

2103

01:28:58,669 --> 01:28:56,580

doesn't exist there's nothing there well

2104

01:29:02,570 --> 01:28:58,679

boom there it is I just showed you a

2105

01:29:04,729 --> 01:29:02,580

video yeah exactly and so I um

2106

01:29:06,350 --> 01:29:04,739

I'm shooting the I'm taken by surprise

2107

01:29:11,270 --> 01:29:06,360

by this

2108

01:29:14,090 --> 01:29:11,280

so um I did stick my my cell phone in

2109

01:29:15,590 --> 01:29:14,100

the hole and there's one Chef that goes

2110

01:29:18,169 --> 01:29:15,600

straight down there's another shaft that

2111

01:29:20,030 --> 01:29:18,179

goes out towards the front of this pink

2112

01:29:22,129 --> 01:29:20,040

so there's two the one that's going down

2113

01:29:23,689 --> 01:29:22,139

you can't even see the bottom of it it

2114

01:29:25,430 --> 01:29:23,699

could just goes into Blackness and

2115

01:29:27,290 --> 01:29:25,440

there's one on the head too uh yeah

2116

01:29:30,890 --> 01:29:27,300

there's one on the head

2117

01:29:33,590 --> 01:29:30,900

um which obviously I can't get up to but

2118

01:29:35,770 --> 01:29:33,600

um I thought about it for about one

2119

01:29:38,629 --> 01:29:35,780

second now I was down there by myself

2120

01:29:40,850 --> 01:29:38,639

and somebody walked up and you can hear

2121

01:29:45,290 --> 01:29:40,860

them in the video somebody comes up from

2122

01:29:47,750 --> 01:29:45,300

behind me and goes go for Jimmy go no

2123

01:29:50,450 --> 01:29:47,760

way no I would have gone down there

2124

01:29:53,390 --> 01:29:50,460

right but uh yeah

2125

01:29:55,610 --> 01:29:53,400

uh you kind of got to respect

2126

01:29:57,229 --> 01:29:55,620

um the privilege of being down there by

2127

01:29:57,970 --> 01:29:57,239

ourselves

2128

01:29:59,990 --> 01:29:57,980

um

2129

01:30:03,350 --> 01:30:00,000

Egypt too and that you can't come back

2130

01:30:07,430 --> 01:30:03,360

yeah the the Egyptian police which were

2131

01:30:09,290 --> 01:30:07,440

very uh very cool with us we had uh uh

2132

01:30:12,290 --> 01:30:09,300

escorts and everything all over Egypt

2133

01:30:14,209 --> 01:30:12,300

and they were very cool to us and so

2134

01:30:16,910 --> 01:30:14,219

they emptied there's like I don't know

2135

01:30:19,129 --> 01:30:16,920

there's 25 30 40 50 000 people on the

2136

01:30:20,810 --> 01:30:19,139

Giza Plateau they walk around they're

2137

01:30:25,070 --> 01:30:20,820

blowing their whistles they empty the

2138

01:30:26,330 --> 01:30:25,080

plateau empty it we are the only people

2139

01:30:30,590 --> 01:30:26,340

there

2140

01:30:32,629 --> 01:30:30,600

period why and um and so having that

2141

01:30:34,129 --> 01:30:32,639

privilege of going because the Sphinx

2142

01:30:36,290 --> 01:30:34,139

enclosure is closed you can't go down

2143

01:30:37,910 --> 01:30:36,300

there during the day the Public's not

2144

01:30:41,750 --> 01:30:37,920

allowed to go down there

2145

01:30:45,229 --> 01:30:41,760

um so we have access the last thing I

2146

01:30:47,570 --> 01:30:45,239

want to do is is get caught you know

2147

01:30:49,310 --> 01:30:47,580

climbing down in that tunnel and getting

2148

01:30:51,830 --> 01:30:49,320

in trouble

2149

01:30:53,870 --> 01:30:51,840

um I also did the same thing up at the

2150

01:30:55,729 --> 01:30:53,880

Great Pyramid

2151
01:30:58,669 --> 01:30:55,739
um we were the only people there and it

2152
01:31:01,490 --> 01:30:58,679
was a it was an amazing experience and

2153
01:31:03,410 --> 01:31:01,500
when I came out of the Great Pyramid I

2154
01:31:07,070 --> 01:31:03,420
looked around I'm like

2155
01:31:08,930 --> 01:31:07,080
I'm by myself that's amazing and and I

2156
01:31:12,950 --> 01:31:08,940
look around I mean the keys of plateau

2157
01:31:14,750 --> 01:31:12,960
is empty it's empty and so I'm alone at

2158
01:31:15,770 --> 01:31:14,760
the Great Pyramid and I take out my

2159
01:31:18,050 --> 01:31:15,780
camera

2160
01:31:19,250 --> 01:31:18,060
and I shoot this video but here's the

2161
01:31:21,590 --> 01:31:19,260
point

2162
01:31:24,770 --> 01:31:21,600
I was gonna climb that sucker

2163
01:31:26,950 --> 01:31:24,780

there's nobody there it's empty so I

2164

01:31:29,209 --> 01:31:26,960

walk all the way down I'm just like

2165

01:31:31,550 --> 01:31:29,219

shooting this video and I'm like looking

2166

01:31:32,689 --> 01:31:31,560

around I can see our security team is

2167

01:31:35,810 --> 01:31:32,699

behind us

2168

01:31:38,510 --> 01:31:35,820

it was like five cops all right police

2169

01:31:41,030 --> 01:31:38,520

and our two Private Security Guys and

2170

01:31:44,149 --> 01:31:41,040

they're over there smoking cigarettes

2171

01:31:46,610 --> 01:31:44,159

I go all the way to the corner

2172

01:31:49,550 --> 01:31:46,620

and then I hear the whistle

2173

01:31:51,649 --> 01:31:49,560

they blew it at you yeah yeah they did I

2174

01:31:53,450 --> 01:31:51,659

turned around and it it's funny in the

2175

01:31:55,790 --> 01:31:53,460

in the video I'm like well I'm I'm

2176

01:31:58,070 --> 01:31:55,800

signing off now I was gonna turn the

2177

01:31:59,870 --> 01:31:58,080

corner and start climbing it yeah yeah

2178

01:32:00,890 --> 01:31:59,880

there's nobody there there's nobody

2179

01:32:03,290 --> 01:32:00,900

there

2180

01:32:05,510 --> 01:32:03,300

um that was my plan and then you know

2181

01:32:07,850 --> 01:32:05,520

what I'm kind of glad I got caught uh by

2182

01:32:10,430 --> 01:32:07,860

the police it just would have been a

2183

01:32:12,950 --> 01:32:10,440

really bad scene it would have been

2184

01:32:15,709 --> 01:32:12,960

you know you got you got to respect the

2185

01:32:19,490 --> 01:32:15,719

opportunity that that they gave us but

2186

01:32:23,930 --> 01:32:19,500

to um back to your point though

2187

01:32:26,330 --> 01:32:23,940

as I was walking down and and looking at

2188

01:32:28,430 --> 01:32:26,340

uh let me pull up this file here just

2189

01:32:30,229 --> 01:32:28,440

stay right there

2190

01:32:31,370 --> 01:32:30,239

um let's see

2191

01:32:33,890 --> 01:32:31,380

okay

2192

01:32:36,350 --> 01:32:33,900

so again I'm just gonna mute this

2193

01:32:39,110 --> 01:32:36,360

there's no reason to uh to have the

2194

01:32:42,669 --> 01:32:39,120

noise but as I'm walking as you can see

2195

01:32:49,850 --> 01:32:47,330

yep and and so I'm walking and what I am

2196

01:32:51,729 --> 01:32:49,860

able to do as you can see look there's

2197

01:32:56,030 --> 01:32:51,739

not a single person it's incredible

2198

01:32:58,970 --> 01:32:56,040

nobody there and but when you touch and

2199

01:33:00,890 --> 01:32:58,980

you look at the stones

2200

01:33:04,490 --> 01:33:00,900

um and you can see that this first layer

2201
01:33:07,370 --> 01:33:04,500
it's above my head right yeah and um but

2202
01:33:11,030 --> 01:33:07,380
when you go and I can stop this at any

2203
01:33:13,030 --> 01:33:11,040
point and you look at

2204
01:33:17,570 --> 01:33:13,040
this okay I'll just stop it right here

2205
01:33:21,250 --> 01:33:17,580
and you look at that and you think about

2206
01:33:24,229 --> 01:33:21,260
each stone is perfectly level

2207
01:33:26,350 --> 01:33:24,239
these giant row I mean you know it is

2208
01:33:29,870 --> 01:33:26,360
400 feet wide right

2209
01:33:32,510 --> 01:33:29,880
perfectly level and you can see it lined

2210
01:33:35,090 --> 01:33:32,520
up and so you go up and you do what I'm

2211
01:33:38,149 --> 01:33:35,100
doing here which is touching the stones

2212
01:33:40,129 --> 01:33:38,159
and then you start to appreciate

2213
01:33:43,910 --> 01:33:40,139

how this was done

2214

01:33:45,709 --> 01:33:43,920

yeah it's a WTF moment Matthew there

2215

01:33:47,510 --> 01:33:45,719

this isn't

2216

01:33:49,790 --> 01:33:47,520

you know we look at it with modern

2217

01:33:52,430 --> 01:33:49,800

technology look at the grooves and how

2218

01:33:55,370 --> 01:33:52,440

they're how tight they are the entire

2219

01:33:57,169 --> 01:33:55,380

pyramid is this way they did it because

2220

01:34:00,290 --> 01:33:57,179

it was easy

2221

01:34:03,709 --> 01:34:00,300

they didn't do this because it was hard

2222

01:34:07,310 --> 01:34:03,719

you know and impossible and to look at

2223

01:34:08,030 --> 01:34:07,320

look at look at look at the just look at

2224

01:34:12,649 --> 01:34:08,040

that

2225

01:34:15,229 --> 01:34:12,659

a half million stones and look how

2226

01:34:19,250 --> 01:34:15,239

perfectly placed and leveled and it does

2227

01:34:22,669 --> 01:34:19,260

this all the way up uh to the top

2228

01:34:25,070 --> 01:34:22,679

um it just again absolutely incredible

2229

01:34:26,689 --> 01:34:25,080

but they did it because it was easy

2230

01:34:27,830 --> 01:34:26,699

go go back to the beginning of that

2231

01:34:29,149 --> 01:34:27,840

video really quick I want you to pause

2232

01:34:31,910 --> 01:34:29,159

it somewhere I want to talk about

2233

01:34:34,070 --> 01:34:31,920

something briefly to the stones

2234

01:34:38,990 --> 01:34:35,930

yeah so this is where you first look and

2235

01:34:40,910 --> 01:34:39,000

then you walk along the edge of it

2236

01:34:42,590 --> 01:34:40,920

keep going for a second I want to when

2237

01:34:44,450 --> 01:34:42,600

you turn back towards the some of the

2238

01:34:45,530 --> 01:34:44,460

blocks you where there's those those

2239

01:34:47,870 --> 01:34:45,540

holes

2240

01:34:49,310 --> 01:34:47,880

did you see you remember that some of

2241

01:34:51,169 --> 01:34:49,320

the blocks have these have these eroded

2242

01:34:52,310 --> 01:34:51,179

holes all over them coming up right here

2243

01:34:54,410 --> 01:34:52,320

yeah yeah

2244

01:34:56,390 --> 01:34:54,420

I want to talk about that for a second

2245

01:34:58,790 --> 01:34:56,400

um because I think it's something that's

2246

01:35:00,470 --> 01:34:58,800

um quite fascinating about this yeah so

2247

01:35:03,290 --> 01:35:00,480

I know I know what you're talking about

2248

01:35:04,729 --> 01:35:03,300

and you can see it when I put my hand up

2249

01:35:06,950 --> 01:35:04,739

right there right there right yeah okay

2250

01:35:08,270 --> 01:35:06,960

those are a good spot to start now so

2251

01:35:10,790 --> 01:35:08,280

one of the things that's fascinating

2252

01:35:12,169 --> 01:35:10,800

about this and I wanna this this ties

2253

01:35:14,090 --> 01:35:12,179

into

2254

01:35:16,550 --> 01:35:14,100

this Sphinx enclosure in the in the

2255

01:35:19,250 --> 01:35:16,560

water weathering okay now

2256

01:35:20,930 --> 01:35:19,260

there's two camps of theory right now

2257

01:35:25,250 --> 01:35:20,940

that exist with how this water

2258

01:35:27,950 --> 01:35:25,260

weathering occurred now we find a very

2259

01:35:29,810 --> 01:35:27,960

Telltale sign that shows us that it's

2260

01:35:32,270 --> 01:35:29,820

made it's probably not from rain water

2261

01:35:34,850 --> 01:35:32,280

okay Jimmy you know this is the this is

2262

01:35:37,189 --> 01:35:34,860

my theory that uh Greg Braden actually

2263

01:35:39,169 --> 01:35:37,199

shares as well that he talks about and

2264

01:35:41,270 --> 01:35:39,179

I've done a lot of digging into the

2265

01:35:43,669 --> 01:35:41,280

archaeological evidence that they've

2266

01:35:45,229 --> 01:35:43,679

studied the especially the Great Pyramid

2267

01:35:47,990 --> 01:35:45,239

and all three of the of the Great

2268

01:35:51,470 --> 01:35:48,000

Pyramids and what they found was that up

2269

01:35:54,290 --> 01:35:51,480

to a level of 50 to 100 feet right there

2270

01:35:56,930 --> 01:35:54,300

perfect yeah what they found as they

2271

01:35:58,729 --> 01:35:56,940

were were doing analysis of the stones

2272

01:36:00,649 --> 01:35:58,739

they took small amounts of the stones

2273

01:36:03,350 --> 01:36:00,659

and they were studying them is they

2274

01:36:06,709 --> 01:36:03,360

found salt crystals yes

2275

01:36:10,129 --> 01:36:06,719

um extensive salt across many many of

2276

01:36:11,570 --> 01:36:10,139

the areas on these blocks and when we

2277

01:36:13,310 --> 01:36:11,580

look at the Earth changes during the

2278

01:36:15,830 --> 01:36:13,320

younger driest catastrophes during the

2279

01:36:18,770 --> 01:36:15,840

end of the The Ice Age we find

2280

01:36:20,390 --> 01:36:18,780

descriptions of a massive flood in in

2281

01:36:23,390 --> 01:36:20,400

ancient stories around the world right

2282

01:36:26,270 --> 01:36:23,400

ebla or in ancient Sumerian libraries

2283

01:36:27,229 --> 01:36:26,280

like in the Ashford library and in

2284

01:36:29,390 --> 01:36:27,239

cultures around the world they talk

2285

01:36:32,510 --> 01:36:29,400

about a great catastrophe that ended

2286

01:36:34,970 --> 01:36:32,520

with a flood okay now when you look at

2287

01:36:36,830 --> 01:36:34,980

the upheavals of these tectonic plates

2288

01:36:39,410 --> 01:36:36,840

during that time period and all these

2289

01:36:41,209 --> 01:36:39,420

dramatic things going on and the fact

2290

01:36:43,129 --> 01:36:41,219

that there's salt water incursion I mean

2291

01:36:45,649 --> 01:36:43,139

some of it's very extensive and they

2292

01:36:47,689 --> 01:36:45,659

found it way up but then it stops so it

2293

01:36:49,729 --> 01:36:47,699

wasn't like it's just on the entire

2294

01:36:52,729 --> 01:36:49,739

pyramid it was only to a certain level

2295

01:36:54,649 --> 01:36:52,739

and that level was consistent across all

2296

01:36:57,050 --> 01:36:54,659

three of the Great Pyramids right the

2297

01:36:59,209 --> 01:36:57,060

largest the first second or third you

2298

01:37:01,790 --> 01:36:59,219

can see it Matthew when you stand back

2299

01:37:04,850 --> 01:37:01,800

and you look you can see the different

2300

01:37:07,070 --> 01:37:04,860

uh the difference in coloration yeah and

2301

01:37:08,390 --> 01:37:07,080

so what that means is that the

2302

01:37:11,810 --> 01:37:08,400

weathering that we find this Sphinx

2303

01:37:13,910 --> 01:37:11,820

enclosure as well as this these uh this

2304

01:37:17,209 --> 01:37:13,920

type of erosion and the salt incursion

2305

01:37:20,510 --> 01:37:17,219

on the pyramids points me towards more

2306

01:37:23,750 --> 01:37:20,520

of the theory of a massive tsunami that

2307

01:37:25,610 --> 01:37:23,760

that came over Egypt and then the waters

2308

01:37:27,649 --> 01:37:25,620

flooded the area and then it would it

2309

01:37:30,169 --> 01:37:27,659

would stay there for a while right if

2310

01:37:32,090 --> 01:37:30,179

you have a flood come in from from large

2311

01:37:33,890 --> 01:37:32,100

tsunamis the water takes quite a while

2312

01:37:37,010 --> 01:37:33,900

to recede it doesn't just come right

2313

01:37:39,110 --> 01:37:37,020

back out it'll sit there for weeks if

2314

01:37:40,910 --> 01:37:39,120

not months and just be there and then

2315

01:37:43,669 --> 01:37:40,920

it'll like evaporate now that

2316

01:37:47,330 --> 01:37:43,679

evaporation is what leaves the salt

2317

01:37:50,510 --> 01:37:47,340

behind because yeah exactly now that

2318

01:37:52,550 --> 01:37:50,520

that type of erosion where you have the

2319

01:37:54,290 --> 01:37:52,560

rock this these are Limestone blocks

2320

01:37:56,030 --> 01:37:54,300

okay there's Granite blocks above the

2321

01:37:57,530 --> 01:37:56,040

king's chamber but the majority of the

2322

01:37:59,149 --> 01:37:57,540

blocks on the what are known as the

2323

01:38:00,770 --> 01:37:59,159

outer casings in the Great Pyramid and

2324

01:38:04,070 --> 01:38:00,780

the other pyramids are Maybe with

2325

01:38:06,950 --> 01:38:04,080

limestone a limestone erodes the fastest

2326

01:38:07,790 --> 01:38:06,960

if it has salt water that that invades

2327

01:38:09,890 --> 01:38:07,800

it because it basically the

2328

01:38:11,330 --> 01:38:09,900

crystallization gets in and goes in and

2329

01:38:13,310 --> 01:38:11,340

does a lot of a lot of the chemical

2330

01:38:14,990 --> 01:38:13,320

processes in that but what your hand is

2331

01:38:17,570 --> 01:38:15,000

right there is showing some of that

2332

01:38:19,970 --> 01:38:17,580

erosion and some of the influences of

2333

01:38:22,430 --> 01:38:19,980

when you had salt water that were busy

2334

01:38:26,330 --> 01:38:22,440

it was basically flooding over these

2335

01:38:28,490 --> 01:38:26,340

these Chambers now a monitor Armando May

2336

01:38:30,410 --> 01:38:28,500

also did an analysis of some of the

2337

01:38:32,629 --> 01:38:30,420

Subterranean chambers that they found

2338

01:38:34,490 --> 01:38:32,639

saltwater crystals as well which just

2339

01:38:37,430 --> 01:38:34,500

shows you that the entire Giza Plateau

2340

01:38:40,790 --> 01:38:37,440

was flooded with ocean water at one

2341

01:38:42,830 --> 01:38:40,800

point and that slowly receded and so I'm

2342

01:38:44,570 --> 01:38:42,840

I love that you showed this because I I

2343

01:38:47,030 --> 01:38:44,580

think it's an incredible Theory because

2344

01:38:48,530 --> 01:38:47,040

I really think that it ties in to us

2345

01:38:50,629 --> 01:38:48,540

starting to understand a little bit

2346

01:38:52,850 --> 01:38:50,639

better to what could have destroyed

2347

01:38:55,790 --> 01:38:52,860

these civilizations that that created

2348

01:38:58,669 --> 01:38:55,800

these structures yeah it's um it's

2349

01:39:02,870 --> 01:38:58,679

something that when when I walked along

2350

01:39:06,110 --> 01:39:02,880

here and and started uh to to see this

2351

01:39:08,990 --> 01:39:06,120

because some of the stones

2352

01:39:12,169 --> 01:39:09,000

um up higher I don't have any of this

2353

01:39:13,729 --> 01:39:12,179

they're much much smoother and then

2354

01:39:17,209 --> 01:39:13,739

everything down below has got this

2355

01:39:18,770 --> 01:39:17,219

bubbling like and that's it where like

2356

01:39:21,770 --> 01:39:18,780

the water reached a certain level yeah

2357

01:39:24,530 --> 01:39:21,780

yeah yeah and you can see it

2358

01:39:27,350 --> 01:39:24,540

um if you back up let me see here hold

2359

01:39:28,790 --> 01:39:27,360

on let me let me go forward and see if I

2360

01:39:31,610 --> 01:39:28,800

grab uh

2361

01:39:35,930 --> 01:39:31,620

again look I'm by myself isn't that a

2362

01:39:38,810 --> 01:39:35,940

trip that's amazing not a single

2363

01:39:40,790 --> 01:39:38,820

it's so quiet that's our two tour buses

2364

01:39:43,430 --> 01:39:40,800

everybody is inside the king's chamber

2365

01:39:46,070 --> 01:39:43,440

and there's the security uh right there

2366

01:39:47,270 --> 01:39:46,080

that's it and no one in the mainstream

2367

01:39:49,370 --> 01:39:47,280

is talking about that saltwater

2368

01:39:51,229 --> 01:39:49,380

incursion because how could you get that

2369

01:39:53,209 --> 01:39:51,239

without some kind of a flooding

2370

01:39:57,110 --> 01:39:53,219

situation occurring with the ocean yeah

2371

01:39:58,490 --> 01:39:57,120

if uh if we go back here let me I'm

2372

01:40:00,229 --> 01:39:58,500

going to do this and I'm gonna pull this

2373

01:40:03,490 --> 01:40:00,239

video down

2374

01:40:08,330 --> 01:40:03,500

um I do a shot

2375

01:40:10,790 --> 01:40:08,340

right here okay and it's um oh you can't

2376

01:40:13,370 --> 01:40:10,800

see my pointer I'm sorry

2377

01:40:16,550 --> 01:40:13,380

um you can see the discoloration

2378

01:40:17,530 --> 01:40:16,560

uh change right there yeah you can see

2379

01:40:19,729 --> 01:40:17,540

it

2380

01:40:21,290 --> 01:40:19,739

where the blocks start to get smaller

2381

01:40:23,330 --> 01:40:21,300

just because of the distance away

2382

01:40:24,770 --> 01:40:23,340

there's almost like a line yeah you

2383

01:40:26,629 --> 01:40:24,780

could see that right you can see it you

2384

01:40:28,250 --> 01:40:26,639

can see from the geese plateau uh when

2385

01:40:30,950 --> 01:40:28,260

you're back up off of the pyramid you

2386

01:40:33,110 --> 01:40:30,960

can see it on all three

2387

01:40:35,810 --> 01:40:33,120

um yeah I've I've thought about that a

2388

01:40:38,090 --> 01:40:35,820

lot you know what is why is there a line

2389

01:40:39,890 --> 01:40:38,100

there you know how it is man you have

2390

01:40:42,010 --> 01:40:39,900

flood damage come into a house and you

2391

01:40:45,350 --> 01:40:42,020

go and you see well you know

2392

01:40:48,110 --> 01:40:45,360

the line of yeah exactly yeah and that's

2393

01:40:49,669 --> 01:40:48,120

what you see there here is um here is

2394

01:40:54,229 --> 01:40:49,679

another Point

2395

01:40:57,410 --> 01:40:54,239

um uh that when you go around

2396

01:41:00,950 --> 01:40:57,420

um it's it's not just Egypt but Egypt is

2397

01:41:03,709 --> 01:41:00,960

a good example but but it is Syria um it

2398

01:41:07,970 --> 01:41:03,719

is modern day Turkey it it is Jerusalem

2399

01:41:10,729 --> 01:41:07,980

it is Lebanon uh throughout Iraq

2400

01:41:13,550 --> 01:41:10,739

um that you look around uh you know

2401
01:41:18,530 --> 01:41:13,560
Jordan and Petra right you look around

2402
01:41:22,669 --> 01:41:18,540
at these incredible uh megalithic sites

2403
01:41:25,790 --> 01:41:22,679
and you have to just step back and go

2404
01:41:28,310 --> 01:41:25,800
who built this right it's not not not

2405
01:41:30,350 --> 01:41:28,320
not not not the atlanteans or whether

2406
01:41:33,890 --> 01:41:30,360
that's yeah okay that's not what I'm

2407
01:41:36,830 --> 01:41:33,900
saying talking about numbers of people

2408
01:41:38,990 --> 01:41:36,840
because if you go back to you know three

2409
01:41:40,910 --> 01:41:39,000
four five thousand BC what was the

2410
01:41:45,649 --> 01:41:40,920
population of Egypt

2411
01:41:47,629 --> 01:41:45,659
in the hundreds of thousands in the

2412
01:41:50,090 --> 01:41:47,639
entire country it wasn't millions of

2413
01:41:55,070 --> 01:41:50,100

people cairo's got 35 million people

2414

01:41:56,750 --> 01:41:55,080

today Cairo wasn't there okay so

2415

01:42:00,169 --> 01:41:56,760

um it was hundreds of thousands of

2416

01:42:04,070 --> 01:42:00,179

people so how who built it

2417

01:42:06,290 --> 01:42:04,080

you had to have people building these

2418

01:42:10,129 --> 01:42:06,300

sites and that includes you know go

2419

01:42:13,910 --> 01:42:10,139

Beckley Tepe or or ebla it took

2420

01:42:17,090 --> 01:42:13,920

population it took infrastructure it

2421

01:42:19,729 --> 01:42:17,100

took agriculture it took organization it

2422

01:42:22,370 --> 01:42:19,739

took a government it took all of those

2423

01:42:25,910 --> 01:42:22,380

things as well as the engineering and

2424

01:42:27,649 --> 01:42:25,920

and the the coring technology and moving

2425

01:42:30,530 --> 01:42:27,659

these Stones all of that comes into play

2426

01:42:32,990 --> 01:42:30,540

I'm talking about the population itself

2427

01:42:37,550 --> 01:42:33,000

if you have 300 000 people living in

2428

01:42:39,410 --> 01:42:37,560

Egypt at at three four thousand BC in

2429

01:42:41,750 --> 01:42:39,420

the entire country

2430

01:42:44,750 --> 01:42:41,760

and you had 20 000 people building this

2431

01:42:47,810 --> 01:42:44,760

pyramid we're talking about what every

2432

01:42:52,310 --> 01:42:47,820

every grown man

2433

01:42:55,930 --> 01:42:52,320

take out the old people take out the

2434

01:42:58,669 --> 01:42:55,940

kids take out the women who is left

2435

01:43:00,950 --> 01:42:58,679

it doesn't make any sense and it was

2436

01:43:02,270 --> 01:43:00,960

going on all over the Middle East and

2437

01:43:04,729 --> 01:43:02,280

Africa

2438

01:43:06,890 --> 01:43:04,739

yeah there's it's it's definitely from

2439

01:43:10,030 --> 01:43:06,900

an entirely different chapter of our

2440

01:43:12,410 --> 01:43:10,040

story and truly something separated by

2441

01:43:15,530 --> 01:43:12,420

thousands of years potentially to win

2442

01:43:17,270 --> 01:43:15,540

another civilization actually emerged in

2443

01:43:19,609 --> 01:43:17,280

those regions and one of the things that

2444

01:43:23,270 --> 01:43:19,619

I've been studying is in a place like in

2445

01:43:26,689 --> 01:43:23,280

the Mesopotamian area of Iraq today in

2446

01:43:29,149 --> 01:43:26,699

sites like eridu and Ur and Iraq and

2447

01:43:31,430 --> 01:43:29,159

Nineveh and all these places in Babylon

2448

01:43:33,169 --> 01:43:31,440

they talk about how there was an older

2449

01:43:35,450 --> 01:43:33,179

civilization they called like for

2450

01:43:37,729 --> 01:43:35,460

instance Babylon they called the old

2451

01:43:39,350 --> 01:43:37,739

Babylon and the new Babylon and they

2452

01:43:41,990 --> 01:43:39,360

called they talked about the same thing

2453

01:43:44,390 --> 01:43:42,000

for other areas as well where there was

2454

01:43:46,970 --> 01:43:44,400

a much older civilization that used to

2455

01:43:48,709 --> 01:43:46,980

exist there disappeared and then another

2456

01:43:50,990 --> 01:43:48,719

group came in and they would build right

2457

01:43:53,570 --> 01:43:51,000

on top of the original sites and so

2458

01:43:57,290 --> 01:43:53,580

that's what makes uh archeology so

2459

01:43:58,790 --> 01:43:57,300

complex and Easy in some ways for these

2460

01:44:01,189 --> 01:43:58,800

mainstream archaeologists that say look

2461

01:44:03,410 --> 01:44:01,199

this newer civilization that's on top

2462

01:44:05,330 --> 01:44:03,420

they built the whole thing and then they

2463

01:44:08,090 --> 01:44:05,340

that's how they they give this false

2464

01:44:10,669 --> 01:44:08,100

credit to a later culture that was there

2465

01:44:13,189 --> 01:44:10,679

like the Hittites or something in in the

2466

01:44:15,950 --> 01:44:13,199

northern Iraq and turkey area they don't

2467

01:44:17,930 --> 01:44:15,960

they don't consider the fact that

2468

01:44:18,830 --> 01:44:17,940

um another culture actually is one who

2469

01:44:20,870 --> 01:44:18,840

created I'm gonna give you a great

2470

01:44:22,550 --> 01:44:20,880

example Darren kuyu right the

2471

01:44:25,250 --> 01:44:22,560

underground cities of the Cappadocia

2472

01:44:27,649 --> 01:44:25,260

region of turkey just happens to be not

2473

01:44:30,890 --> 01:44:27,659

that far from Gobekli Tepe

2474

01:44:32,930 --> 01:44:30,900

now Gobekli Tepe is this astronomical

2475

01:44:34,910 --> 01:44:32,940

library with pillars that represent the

2476

01:44:37,070 --> 01:44:34,920

constellations of

2477

01:44:39,410 --> 01:44:37,080

um the Zodiac so you have cygnus in

2478

01:44:41,510 --> 01:44:39,420

there the vulture and you have Scorpio

2479

01:44:43,010 --> 01:44:41,520

and all these different things that they

2480

01:44:44,990 --> 01:44:43,020

were tracking the heavens it was like an

2481

01:44:47,090 --> 01:44:45,000

astronomical library and like you

2482

01:44:49,490 --> 01:44:47,100

mentioned it was deliberately buried

2483

01:44:51,950 --> 01:44:49,500

before the catastrophes of these younger

2484

01:44:53,990 --> 01:44:51,960

driest events to protect it but the

2485

01:44:56,689 --> 01:44:54,000

people never came back they they

2486

01:44:59,209 --> 01:44:56,699

disappeared but what's fascinating is

2487

01:45:00,709 --> 01:44:59,219

right next to it is this ancient these

2488

01:45:02,390 --> 01:45:00,719

underground cities called their like

2489

01:45:04,910 --> 01:45:02,400

Darren cuyu and the other ones of

2490

01:45:06,770 --> 01:45:04,920

Cappadocia now archaeologists go in

2491

01:45:08,570 --> 01:45:06,780

there and they find remnants and

2492

01:45:10,850 --> 01:45:08,580

artifacts from the hittite civilization

2493

01:45:12,649 --> 01:45:10,860

and they go look see the Hittites are

2494

01:45:14,689 --> 01:45:12,659

the ones that built it right except for

2495

01:45:17,510 --> 01:45:14,699

the fact that the Hittites must have

2496

01:45:19,189 --> 01:45:17,520

gone in and and for at some point had

2497

01:45:20,930 --> 01:45:19,199

gone and resided in there for a small

2498

01:45:24,590 --> 01:45:20,940

amount of time that doesn't mean they

2499

01:45:27,290 --> 01:45:24,600

built it just like if we find remnants

2500

01:45:29,750 --> 01:45:27,300

of the Inca the Primitive Inca work on

2501

01:45:31,669 --> 01:45:29,760

in much Machu Picchu on top of like near

2502

01:45:32,990 --> 01:45:31,679

the torion and other areas that doesn't

2503

01:45:35,930 --> 01:45:33,000

mean that they're the ones who built it

2504

01:45:38,450 --> 01:45:35,940

it's the the Legends and the stories and

2505

01:45:41,090 --> 01:45:38,460

the ancient writings state that other

2506

01:45:43,010 --> 01:45:41,100

cultures would find these sites and

2507

01:45:45,410 --> 01:45:43,020

because they were spiritually important

2508

01:45:47,209 --> 01:45:45,420

and energetically important and

2509

01:45:49,490 --> 01:45:47,219

historically and religiously important

2510

01:45:52,370 --> 01:45:49,500

to them they would build on top of them

2511

01:45:54,649 --> 01:45:52,380

and that's why you know give an example

2512

01:45:56,510 --> 01:45:54,659

like like ball back Lebanon we're told

2513

01:45:58,250 --> 01:45:56,520

that the Romans built on it built it

2514

01:46:00,649 --> 01:45:58,260

just because they built on top of it

2515

01:46:03,770 --> 01:46:00,659

they put some pillars on top of it and

2516

01:46:07,070 --> 01:46:03,780

no no and those those it was the best

2517

01:46:08,689 --> 01:46:07,080

foundation stone that they I mean can

2518

01:46:10,250 --> 01:46:08,699

you imagine rolling in the ball back

2519

01:46:13,729 --> 01:46:10,260

going well yeah let's build a temple

2520

01:46:16,370 --> 01:46:13,739

here because these stones are already in

2521

01:46:19,970 --> 01:46:16,380

place and let's go back to you didn't

2522

01:46:21,470 --> 01:46:19,980

bring up uh the Great Pyramid though the

2523

01:46:24,470 --> 01:46:21,480

the underground chamber the Great

2524

01:46:27,169 --> 01:46:24,480

Pyramid yeah that was already there they

2525

01:46:29,990 --> 01:46:27,179

didn't build that for the Great Pyramid

2526

01:46:32,450 --> 01:46:30,000

it was already there no the and there's

2527

01:46:34,370 --> 01:46:32,460

that it's they described Giza as being

2528

01:46:35,990 --> 01:46:34,380

this this mimicking of the

2529

01:46:37,490 --> 01:46:36,000

constellations right so we know that the

2530

01:46:39,350 --> 01:46:37,500

three Great Pyramids

2531

01:46:41,450 --> 01:46:39,360

um if we look at the great the great

2532

01:46:43,310 --> 01:46:41,460

work that's been done by others like

2533

01:46:46,250 --> 01:46:43,320

John Anthony West and others like Robert

2534

01:46:48,350 --> 01:46:46,260

paval where they um the three pyramids

2535

01:46:51,649 --> 01:46:48,360

are mimicking the Orion constellation

2536

01:46:54,350 --> 01:46:51,659

now the the Hermetic concept of As Above

2537

01:46:56,990 --> 01:46:54,360

So Below talks about how there's also

2538

01:46:58,910 --> 01:46:57,000

this concept of underneath the Earth in

2539

01:47:00,290 --> 01:46:58,920

the Underworld was in critically

2540

01:47:02,570 --> 01:47:00,300

important to them you mentioned the

2541

01:47:05,270 --> 01:47:02,580

underground area women near dandera we

2542

01:47:06,770 --> 01:47:05,280

have the ocerion we have so many of

2543

01:47:09,649 --> 01:47:06,780

these Subterranean areas that have

2544

01:47:12,050 --> 01:47:09,659

significant importance but if we have

2545

01:47:13,970 --> 01:47:12,060

the Sphinx which used to be a lion right

2546

01:47:15,530 --> 01:47:13,980

because the head is disproportional to

2547

01:47:17,870 --> 01:47:15,540

the body and we know that it's a lot

2548

01:47:20,510 --> 01:47:17,880

older than the dynastic period if that's

2549

01:47:22,850 --> 01:47:20,520

facing Leo which is why he was a lion as

2550

01:47:25,550 --> 01:47:22,860

a guardian for Giza that's right so it's

2551

01:47:27,109 --> 01:47:25,560

guarding the pyramids and it has

2552

01:47:30,050 --> 01:47:27,119

Subterranean chambers that go underneath

2553

01:47:32,750 --> 01:47:30,060

that we've seen on Sonar and radar and

2554

01:47:34,970 --> 01:47:32,760

we are not told where they go it makes

2555

01:47:37,250 --> 01:47:34,980

complete sense that there's an entire

2556

01:47:39,709 --> 01:47:37,260

other section of subterranean chambers

2557

01:47:41,990 --> 01:47:39,719

that exists far below that that was

2558

01:47:45,109 --> 01:47:42,000

incorporated into the design of that

2559

01:47:46,250 --> 01:47:45,119

entire area it's like if you have for

2560

01:47:48,109 --> 01:47:46,260

instance if you had Subterranean

2561

01:47:50,689 --> 01:47:48,119

chambers that go down and connect to

2562

01:47:52,790 --> 01:47:50,699

aquifers and water right it's being

2563

01:47:54,590 --> 01:47:52,800

incorporated into maybe the purpose of

2564

01:47:56,570 --> 01:47:54,600

those structures if you're having some

2565

01:47:59,149 --> 01:47:56,580

kind of an energetic purpose or some

2566

01:48:01,189 --> 01:47:59,159

kind of a purpose using nikola-like

2567

01:48:03,890 --> 01:48:01,199

technology right to harness

2568

01:48:06,229 --> 01:48:03,900

electromagnetic electromagnetism and

2569

01:48:07,850 --> 01:48:06,239

energy you would need to use water water

2570

01:48:10,310 --> 01:48:07,860

would be a critical component of that

2571

01:48:13,129 --> 01:48:10,320

and so I think the story of Giza in the

2572

01:48:15,709 --> 01:48:13,139

in the reasoning on why they built those

2573

01:48:18,050 --> 01:48:15,719

has as much to do with what's below the

2574

01:48:20,090 --> 01:48:18,060

ground as what's above it I think that's

2575

01:48:25,129 --> 01:48:20,100

what we're missing and I it was around

2576

01:48:28,430 --> 01:48:25,139

1817 and the British arrive uh at gisa

2577

01:48:32,450 --> 01:48:28,440

and they start uh doing elevation and

2578

01:48:37,310 --> 01:48:32,460

mapping right okay so they're doing this

2579

01:48:38,950 --> 01:48:37,320

and these images surfaced

2580

01:48:41,390 --> 01:48:38,960

um and this is about

2581

01:48:45,050 --> 01:48:41,400

10 years ago

2582

01:48:46,790 --> 01:48:45,060

maybe 15. you have to look it up so

2583

01:48:50,090 --> 01:48:46,800

Colin Andrews

2584

01:48:54,229 --> 01:48:50,100

get it starts to take a look at these

2585

01:48:58,729 --> 01:48:54,239

these elevation Maps done by the British

2586

01:49:01,010 --> 01:48:58,739

and he sees in the north west corner of

2587

01:49:05,590 --> 01:49:01,020

the Giza Plateau way up

2588

01:49:07,750 --> 01:49:05,600

there is what is called uh the bird

2589

01:49:10,250 --> 01:49:07,760

tombs

2590

01:49:14,629 --> 01:49:10,260

and they're clearly represented on this

2591

01:49:16,430 --> 01:49:14,639

map but on on this map it's a dotted

2592

01:49:20,450 --> 01:49:16,440

line

2593

01:49:24,050 --> 01:49:20,460

that shows an underground cave yeah that

2594

01:49:27,290 --> 01:49:24,060

goes down and and apparently underneath

2595

01:49:29,570 --> 01:49:27,300

uh the Great Pyramid into the plateau so

2596

01:49:31,910 --> 01:49:29,580

he goes two years in a row

2597

01:49:35,209 --> 01:49:31,920

he goes to look for this entrance can't

2598

01:49:37,010 --> 01:49:35,219

find it and his second year there it's

2599

01:49:38,689 --> 01:49:37,020

an amazing documentary it's like a

2600

01:49:40,129 --> 01:49:38,699

three-parter

2601
01:49:41,270 --> 01:49:40,139
it goes back his second year they're

2602
01:49:42,530 --> 01:49:41,280
done they've been there for like two

2603
01:49:43,430 --> 01:49:42,540
weeks they can't find it they're walking

2604
01:49:47,270 --> 01:49:43,440
out

2605
01:49:49,010 --> 01:49:47,280
and Andrew on this show

2606
01:49:51,709 --> 01:49:49,020
um tells me the story he said he's

2607
01:49:54,109 --> 01:49:51,719
walking out and he sees something

2608
01:49:56,510 --> 01:49:54,119
off to what's left in the back of one of

2609
01:49:59,689 --> 01:49:56,520
these alcoves and he walks back there's

2610
01:50:02,689 --> 01:49:59,699
a little hole it's like this big

2611
01:50:07,310 --> 01:50:02,699
kind of pokes his flash it's cave

2612
01:50:12,310 --> 01:50:07,320
entrance so they open it up and dude

2613
01:50:17,209 --> 01:50:12,320

it's a friggin cave yeah endless aquifer

2614

01:50:20,390 --> 01:50:17,219

down underneath the Great Pyramid so

2615

01:50:22,490 --> 01:50:20,400

um they they shoot the documentary zahi

2616

01:50:24,890 --> 01:50:22,500

at high was gets approached about this

2617

01:50:27,290 --> 01:50:24,900

and he goes no no no no nothing there

2618

01:50:30,350 --> 01:50:27,300

nothing nothing underneath the no

2619

01:50:34,010 --> 01:50:30,360

nothing there so what is zahihai was do

2620

01:50:38,030 --> 01:50:34,020

after Andrew Collins video comes out

2621

01:50:43,430 --> 01:50:39,770

they shoot their own documentary about

2622

01:50:45,830 --> 01:50:43,440

this now there is a tremendous aquifer

2623

01:50:49,810 --> 01:50:45,840

and Cave System underneath the Giza

2624

01:50:55,790 --> 01:50:49,820

Plateau that until just recently

2625

01:50:59,149 --> 01:50:55,800

zahi and uh the uh Egyptian Antiquities

2626

01:51:01,550 --> 01:50:59,159

council did not ever existed well now we

2627

01:51:05,510 --> 01:51:01,560

know that it does and it is there but

2628

01:51:08,350 --> 01:51:05,520

the British mapped it 200 years ago

2629

01:51:11,270 --> 01:51:08,360

and and now uh before we run out of time

2630

01:51:15,410 --> 01:51:11,280

Matthew we talked about all of these

2631

01:51:17,510 --> 01:51:15,420

sites there's one other uh to me which

2632

01:51:19,970 --> 01:51:17,520

is like one of the red-headed stepchilds

2633

01:51:22,010 --> 01:51:19,980

uh ebla this certainly needs to be part

2634

01:51:24,109 --> 01:51:22,020

of the conversation there's another one

2635

01:51:27,950 --> 01:51:24,119

though and that's Cara Hoon

2636

01:51:31,550 --> 01:51:27,960

and karahoons in um Armenia current

2637

01:51:34,790 --> 01:51:31,560

Armenia in the country of Armenia today

2638

01:51:37,370 --> 01:51:34,800

um has been dated to 8000 BC and

2639

01:51:41,090 --> 01:51:37,380

carahoons in Armenian

2640

01:51:44,510 --> 01:51:41,100

is translated to Stonehenge

2641

01:51:50,030 --> 01:51:44,520

that's what it means and this uh

2642

01:51:51,890 --> 01:51:50,040

predates Stonehenge by 5000 years yeah

2643

01:51:55,370 --> 01:51:51,900

okay

2644

01:51:58,870 --> 01:51:55,380

um one of the most elegant

2645

01:52:02,750 --> 01:51:58,880

um astronomical alignment Observatory

2646

01:52:05,090 --> 01:52:02,760

Stonehenge type sites in the world and

2647

01:52:08,390 --> 01:52:05,100

what's different about this

2648

01:52:10,550 --> 01:52:08,400

and even go back Lee tappy

2649

01:52:13,970 --> 01:52:10,560

um and what's different with Stonehenge

2650

01:52:17,209 --> 01:52:13,980

is the pillars there have holes in them

2651
01:52:19,430 --> 01:52:17,219
and you line up the two pillars and you

2652
01:52:22,430 --> 01:52:19,440
line up the holes and you're looking at

2653
01:52:24,050 --> 01:52:22,440
stars and constellations yeah and it's

2654
01:52:26,090 --> 01:52:24,060
incredible and they've also found

2655
01:52:29,930 --> 01:52:26,100
evidence of metallurgy

2656
01:52:31,970 --> 01:52:29,940
yeah the oldest bronze sword

2657
01:52:39,290 --> 01:52:31,980
in the world

2658
01:52:42,169 --> 01:52:39,300
the Armenian Church there it's a gift

2659
01:52:43,850 --> 01:52:42,179
it's Armenian came out of Armenia and

2660
01:52:47,870 --> 01:52:43,860
it's 7 000 years old

2661
01:52:50,629 --> 01:52:47,880
way before the Bronze Age right and so

2662
01:52:52,910 --> 01:52:50,639
there's evidence of that but nobody it's

2663
01:52:54,470 --> 01:52:52,920

a hard sight to get to and it doesn't

2664

01:52:56,689 --> 01:52:54,480

have the hip

2665

01:52:58,970 --> 01:52:56,699

Stonehenge thing to it that's also the

2666

01:53:01,729 --> 01:52:58,980

problem with go back Lee tappy difficult

2667

01:53:03,830 --> 01:53:01,739

to get to and it's not Stonehenge and

2668

01:53:07,310 --> 01:53:03,840

it's not the Great Pyramid therefore

2669

01:53:10,070 --> 01:53:07,320

right it doesn't get its attention

2670

01:53:12,649 --> 01:53:10,080

deserves the attention and and karahoons

2671

01:53:15,290 --> 01:53:12,659

is right there man I think it is a

2672

01:53:18,410 --> 01:53:15,300

remarkable sight and it's a game changer

2673

01:53:19,910 --> 01:53:18,420

but nobody talks about it well and we

2674

01:53:21,410 --> 01:53:19,920

know that the Armenian Highlands are

2675

01:53:23,870 --> 01:53:21,420

very important and connected to the

2676
01:53:25,609 --> 01:53:23,880
Mesopotamian civilizations because when

2677
01:53:29,030 --> 01:53:25,619
we look at the otra hasis and we look at

2678
01:53:31,370 --> 01:53:29,040
the stories of how they um survive that

2679
01:53:34,129 --> 01:53:31,380
great Deluge it discusses how they

2680
01:53:36,410 --> 01:53:34,139
landed in that area after

2681
01:53:38,629 --> 01:53:36,420
um these catastrophes occurred and that

2682
01:53:40,729 --> 01:53:38,639
was an area that was migrated to and and

2683
01:53:42,890 --> 01:53:40,739
went to because it was such a high up

2684
01:53:44,870 --> 01:53:42,900
elevated area that a lot of the people

2685
01:53:46,850 --> 01:53:44,880
either went to places like that or

2686
01:53:49,430 --> 01:53:46,860
underground to survive some of these

2687
01:53:51,410 --> 01:53:49,440
events and so I know that Freddie Silva

2688
01:53:53,030 --> 01:53:51,420

is doing a lot of work in Armenia and

2689

01:53:56,450 --> 01:53:53,040

it's in and uncovering some of those

2690

01:53:58,790 --> 01:53:56,460

ancient sites as well and so I I the the

2691

01:54:01,010 --> 01:53:58,800

this the the scope

2692

01:54:03,410 --> 01:54:01,020

Jimmy the scope of these ancient lost

2693

01:54:05,510 --> 01:54:03,420

civilizations and where they were it's

2694

01:54:07,430 --> 01:54:05,520

just growing and growing all their time

2695

01:54:09,109 --> 01:54:07,440

and there's a new site in turkey that

2696

01:54:11,030 --> 01:54:09,119

most people have never heard of called

2697

01:54:14,510 --> 01:54:11,040

zerk happy tappy that's another

2698

01:54:17,209 --> 01:54:14,520

incredible site but unlike Gobekli Tepe

2699

01:54:19,910 --> 01:54:17,219

in other areas it has Giant megaliths

2700

01:54:21,950 --> 01:54:19,920

and and it has like precise drill holes

2701

01:54:24,709 --> 01:54:21,960

in all these different areas so we're

2702

01:54:26,510 --> 01:54:24,719

seeing and and has cuneiform writing

2703

01:54:28,370 --> 01:54:26,520

we're seeing connections that just keep

2704

01:54:30,250 --> 01:54:28,380

expanding this narrative and these

2705

01:54:32,810 --> 01:54:30,260

influences and the sophistication

2706

01:54:36,410 --> 01:54:32,820

broader and broader and so we really

2707

01:54:39,890 --> 01:54:36,420

can't be close-minded to this

2708

01:54:42,290 --> 01:54:39,900

um this lost history of of us and how

2709

01:54:45,109 --> 01:54:42,300

far back our secret history truly goes

2710

01:54:47,149 --> 01:54:45,119

yeah well The Armenian Highlands which

2711

01:54:50,149 --> 01:54:47,159

went from you know the Mediterranean Sea

2712

01:54:52,609 --> 01:54:50,159

to the Black Sea to the Caspian Sea

2713

01:54:55,370 --> 01:54:52,619

um it was one of the biggest empires of

2714

01:54:59,209 --> 01:54:55,380

of its day and you look at the Kings

2715

01:55:03,709 --> 01:54:59,219

list and the history of of Sumer or

2716

01:55:06,890 --> 01:55:03,719

Mesopotamia and and uh Armenia and the

2717

01:55:10,310 --> 01:55:06,900

Armenia Highlands the original Kings

2718

01:55:13,330 --> 01:55:10,320

Armenia you know now what Armenia is

2719

01:55:16,250 --> 01:55:13,340

this big today Armenian Highlands when

2720

01:55:19,910 --> 01:55:16,260

it's a landlocked country that's you

2721

01:55:23,810 --> 01:55:19,920

know the size of Rhode Island but it you

2722

01:55:26,750 --> 01:55:23,820

know back then all of turkey was Armenia

2723

01:55:30,890 --> 01:55:29,030

um uh so anyway

2724

01:55:32,330 --> 01:55:30,900

um the the history that goes back there

2725

01:55:35,470 --> 01:55:32,340

and we're talking about something like

2726

01:55:38,930 --> 01:55:35,480

Carol hung you know one of the first

2727

01:55:40,010 --> 01:55:38,940

churches our um uh monasteries in the

2728

01:55:43,490 --> 01:55:40,020

world

2729

01:55:46,310 --> 01:55:43,500

um is right there if you also have uh uh

2730

01:55:48,189 --> 01:55:46,320

Noah's Ark right and that's what I was

2731

01:55:51,290 --> 01:55:48,199

referring to with the audience yeah

2732

01:55:55,250 --> 01:55:51,300

that's all Armenia and that's how far

2733

01:55:57,709 --> 01:55:55,260

back this story goes yeah but uh this

2734

01:55:59,810 --> 01:55:57,719

true part of our history uh that

2735

01:56:01,790 --> 01:55:59,820

stretches across the far far back it

2736

01:56:04,609 --> 01:56:01,800

goes Nobody

2737

01:56:07,070 --> 01:56:04,619

um is courageous enough to uh to go back

2738

01:56:10,850 --> 01:56:07,080

and say this is how it is because the

2739

01:56:13,310 --> 01:56:10,860

dogma of gisa and Sumer and and that was

2740

01:56:16,070 --> 01:56:13,320

the you know the dawn of civilization is

2741

01:56:19,070 --> 01:56:16,080

so ingrained that it's too it's too

2742

01:56:20,570 --> 01:56:19,080

difficult to put the bus in reverse well

2743

01:56:22,370 --> 01:56:20,580

that's what people like you and I are

2744

01:56:24,350 --> 01:56:22,380

trying to do right that's right that's

2745

01:56:26,810 --> 01:56:24,360

right Matthew when's the new book coming

2746

01:56:28,490 --> 01:56:26,820

out man well I was I'm happy you

2747

01:56:30,530 --> 01:56:28,500

mentioned that um Billy Carson and I are

2748

01:56:32,510 --> 01:56:30,540

going to be taking pre-sales in the next

2749

01:56:34,669 --> 01:56:32,520

uh week or two and it's going to be

2750

01:56:36,290 --> 01:56:34,679

coming out in in uh the new book The

2751
01:56:38,510 --> 01:56:36,300
Epic of humanity is going to be coming

2752
01:56:40,729 --> 01:56:38,520
out in the next couple weeks so I'm

2753
01:56:42,590 --> 01:56:40,739
really excited to release that because

2754
01:56:44,330 --> 01:56:42,600
there's not a lot of books like that um

2755
01:56:46,129 --> 01:56:44,340
that delve into those topics that have

2756
01:56:47,930 --> 01:56:46,139
multiple authors

2757
01:56:49,609 --> 01:56:47,940
um I think Andrew Collins did one but

2758
01:56:51,169 --> 01:56:49,619
there's only a couple out there that

2759
01:56:53,510 --> 01:56:51,179
have that have done that I'm so I'm

2760
01:56:56,870 --> 01:56:53,520
excited and I am proud to say this has

2761
01:56:59,689 --> 01:56:56,880
I've included even more ancient text uh

2762
01:57:01,970 --> 01:56:59,699
Gnostic Egyptian Sumerian

2763
01:57:04,129 --> 01:57:01,980

um from around the world

2764

01:57:05,570 --> 01:57:04,139

um that I believe it's the most amount

2765

01:57:07,910 --> 01:57:05,580

of ancient texts of any book ever

2766

01:57:10,490 --> 01:57:07,920

written so this is like a a scholarly

2767

01:57:13,430 --> 01:57:10,500

type of book as well for referencing if

2768

01:57:15,470 --> 01:57:13,440

people want to look learn about the Epic

2769

01:57:17,750 --> 01:57:15,480

of humanity and how far back it goes but

2770

01:57:19,550 --> 01:57:17,760

also not only have like the geologic and

2771

01:57:21,709 --> 01:57:19,560

archaeological evidence but to be able

2772

01:57:23,510 --> 01:57:21,719

to read these important passages from

2773

01:57:26,089 --> 01:57:23,520

these ancient texts from what those

2774

01:57:28,070 --> 01:57:26,099

cultures said and about how it links

2775

01:57:30,129 --> 01:57:28,080

this entire story

2776

01:57:31,870 --> 01:57:30,139

now uh

2777

01:57:34,250 --> 01:57:31,880

forbiddenknowledge.com forbid

2778

01:57:36,830 --> 01:57:34,260

knowledge.tv uh you've got your series

2779

01:57:40,370 --> 01:57:36,840

uh there too as well mystery School of

2780

01:57:44,030 --> 01:57:40,380

Truth yep and and can you uh also uh

2781

01:57:47,209 --> 01:57:44,040

pre-order at the stage of time.com it's

2782

01:57:49,609 --> 01:57:47,219

not uh the the new book is the Epic of

2783

01:57:51,410 --> 01:57:49,619

humanity is not out yet for pre-order

2784

01:57:53,570 --> 01:57:51,420

but it's going to be soon and so look

2785

01:57:55,729 --> 01:57:53,580

for that announcement um the cover Art's

2786

01:57:57,589 --> 01:57:55,739

already done I got to give huge props to

2787

01:57:59,510 --> 01:57:57,599

Billy and his team uh the artwork is

2788

01:58:00,410 --> 01:57:59,520

beautiful it's a it's an incredible

2789

01:58:02,510 --> 01:58:00,420

looking

2790

01:58:05,089 --> 01:58:02,520

um cover that that they put together and

2791

01:58:07,729 --> 01:58:05,099

made and so will everybody know when

2792

01:58:09,350 --> 01:58:07,739

pre-orders are ready to go but I'm

2793

01:58:11,149 --> 01:58:09,360

really excited for people to see a

2794

01:58:13,430 --> 01:58:11,159

project that's been uh in the making for

2795

01:58:16,550 --> 01:58:13,440

two and a half years yes it has I've

2796

01:58:17,990 --> 01:58:16,560

been waiting for it and uh so uh we'll

2797

01:58:21,109 --> 01:58:18,000

we'll get it all out there on social

2798

01:58:23,089 --> 01:58:21,119

media and and I I already know the cover

2799

01:58:25,490 --> 01:58:23,099

is amazing because Billy don't play

2800

01:58:27,290 --> 01:58:25,500

Matthew yeah hopefully we can come back

2801
01:58:29,209 --> 01:58:27,300
on Billy and I can come on with you and

2802
01:58:31,850 --> 01:58:29,219
like talk about it absolutely man

2803
01:58:35,450 --> 01:58:31,860
absolutely absolutely looking forward to

2804
01:58:36,830 --> 01:58:35,460
it and again thank you Matthew uh great

2805
01:58:38,689 --> 01:58:36,840
conversation tonight I've been looking

2806
01:58:40,490 --> 01:58:38,699
forward to I appreciate it I've been

2807
01:58:42,830 --> 01:58:40,500
looking forward to tonight for a very

2808
01:58:44,750 --> 01:58:42,840
long time and man just incredible

2809
01:58:46,010 --> 01:58:44,760
looking forward to having you back on

2810
01:58:47,750 --> 01:58:46,020
with this my friend

2811
01:58:49,609 --> 01:58:47,760
I can't wait I'm looking forward to it

2812
01:58:51,050 --> 01:58:49,619
and and in between then and now at least

2813
01:58:52,370 --> 01:58:51,060

you and I were going to be together at

2814

01:58:54,050 --> 01:58:52,380

the conscious life Expo and I hope

2815

01:58:55,030 --> 01:58:54,060

people can come out and see that because

2816

01:58:58,310 --> 01:58:55,040

that's going to be a great event

2817

01:59:01,609 --> 01:58:58,320

February 2023 don't miss it

2818

01:59:03,589 --> 01:59:01,619

February 10th through the 13th at The

2819

01:59:06,530 --> 01:59:03,599

Lax Hilton right here in Los Angeles

2820

01:59:07,609 --> 01:59:06,540

California that'll be February 10th so

2821

01:59:09,709 --> 01:59:07,619

yeah

2822

01:59:11,390 --> 01:59:09,719

behave my friend

2823

01:59:13,430 --> 01:59:11,400

have a good night Jimmy thanks good

2824

01:59:16,729 --> 01:59:13,440

talking to you great talking to you

2825

01:59:21,350 --> 01:59:16,739

Matthew Lacroix and with that uh we uh

2826

01:59:24,410 --> 01:59:21,360

we just went uh uh Toe to Toe we went

2827

01:59:25,910 --> 01:59:24,420

beginning to end absolutely amazing

2828

01:59:29,089 --> 01:59:25,920

conversation thank you so much Matthew

2829

01:59:30,649 --> 01:59:29,099

behave and be well out there and uh

2830

01:59:32,270 --> 01:59:30,659

another great night now tomorrow night

2831

01:59:36,830 --> 01:59:32,280

on the show

2832

01:59:38,810 --> 01:59:36,840

John Greenwald Jr is going to be with us

2833

01:59:41,870 --> 01:59:38,820

so I'll see everybody tomorrow night

2834

01:59:43,430 --> 01:59:41,880

we'll be doing the updates for The Black

2835

01:59:45,589 --> 01:59:43,440

Vault Fade to Black is produced by

2836

01:59:48,470 --> 01:59:45,599

Hilton J Palm Renee thank you to Dennis

2837

01:59:50,330 --> 01:59:48,480

and Kevin whatmasters Drew the geek the

2838

01:59:53,890 --> 01:59:50,340

music you're listening to right now Doug

2839

01:59:55,850 --> 01:59:53,900

Aldridge intro is space boy

2840

01:59:57,709 --> 01:59:55,860

spaceboymusic.com Fade to Black is

2841

02:00:00,410 --> 01:59:57,719

produced by kjcr for the game changer

2842

02:00:02,629 --> 02:00:00,420

Network and this broadcast is owned and

2843

02:00:04,850 --> 02:00:02,639

copyrighted 2022 by Fade to Blackman

2844

02:00:06,709 --> 02:00:04,860

Game Changer networking it cannot be

2845

02:00:08,629 --> 02:00:06,719

rebroadcast downloaded copied or used

2846

02:00:10,430 --> 02:00:08,639

anywhere in the known universe without

2847

02:00:11,870 --> 02:00:10,440

written permission from Fade to Black in

2848

02:00:15,890 --> 02:00:11,880

the game changer Network I'm Yours Jimmy

2849

02:00:19,370 --> 02:00:15,900

church tomorrow night John Greenwald Jr

2850

02:00:21,830 --> 02:00:19,380

The Black Vault until then I want

2851

02:00:25,580 --> 02:00:21,840

everybody to be safe

2852

02:00:30,460 --> 02:00:25,590

go back Lee tappy

2853

02:00:36,190 --> 02:00:30,470

[Applause]
