Air Forces has announced that a flying

5
00:00:48,250 --> 00:00:46,200

disc has been found and is now in the

6
00:00:52,729 --> 00:00:48,260

possession of the army

7
00:00:55,430 --> 00:00:52,739

change the game game changer I

8
00:00:59,270 --> 00:00:55,440

occasionally think how quickly our

9
00:01:01,910 --> 00:00:59,280

differences worldwide would vanish if we

10
00:01:02,930 --> 00:01:01,920

were facing an alien threat from outside

11
00:01:04,740 --> 00:01:02,940

this work

12
00:01:04,920 --> 00:01:04,750

[Music]

13
00:01:07,270 --> 00:01:04,930

[Music]

15

00:01:13,070 --> 00:01:10,260

this is Fade to Black with your host

16

00:01:13,690 --> 00:01:13,080

Jimmy Church on the game changer Radio

17

00:01:19,630 --> 00:01:13,700

Network

18

00:01:25,310 --> 00:01:22,969

ah all right yeah

19

00:01:27,469 --> 00:01:25,320

Fade to Black I am your host Timmy

20

00:01:29,270 --> 00:01:27,479

church tonight John Greenwald is with us

21

00:01:33,910 --> 00:01:29,280

of The Black Vault

22

00:01:37,789 --> 00:01:33,920

uh today's Wednesday November 30th 2022

23

00:01:40,670 --> 00:01:37,799

and for those that don't know John

24

00:01:45,310 --> 00:01:40,680

um is the purveyor

25

00:01:50,450 --> 00:01:45,320

the guy behind The Black Vault since

26

00:01:53,690 --> 00:01:50,460

1996 and the age of 15 he has been a

27

00:01:56,630 --> 00:01:53,700

pest to all of the government agencies

28

00:02:00,410 --> 00:01:56,640

the dod Washington DC on many different

29

00:02:04,429 --> 00:02:00,420

issues and and conspiracies uh with his

30

00:02:07,990 --> 00:02:04,439

Freedom of Information Act campaign and

31

00:02:11,510 --> 00:02:08,000

posting those confirmed documents online

32

00:02:13,430 --> 00:02:11,520

and uh it's been a great ride and he's

33

00:02:15,530 --> 00:02:13,440

very important not only to me but the

34

00:02:17,690 --> 00:02:15,540

rest of the community and so let's get

35

00:02:19,309 --> 00:02:17,700

straight to it tonight John welcome back

36

00:02:21,589 --> 00:02:19,319

to fade to black how you doing my man

37

00:02:23,330 --> 00:02:21,599

I'm doing good thank you for that intro

38

00:02:25,850 --> 00:02:23,340

always uh always good to be here I'm

39

00:02:28,130 --> 00:02:25,860

excited and congrats on the new format

40

00:02:32,869 --> 00:02:28,140

by the way very cool yeah well that

41

00:02:35,150 --> 00:02:32,879

entitles you to a an Abridged bio yeah

42

00:02:37,190 --> 00:02:35,160

which is which is great I'm pretty

43

00:02:39,170 --> 00:02:37,200

long-winded it may come as a shock to

44

00:02:40,610 --> 00:02:39,180

some people well you know your dad's

45

00:02:43,070 --> 00:02:40,620

probably listening tonight as he always

46

00:02:47,030 --> 00:02:43,080

does and he's like where's where's the

47

00:02:48,650 --> 00:02:47,040

long bio where's Mike's bio so we should

48

00:02:51,110 --> 00:02:48,660

call Dad next time have him do the bio

49

00:02:53,390 --> 00:02:51,120

yeah I would love that you'd need a five

50

00:02:55,970 --> 00:02:53,400

hour show for that one if you think I'm

51
00:02:56,869 --> 00:02:55,980
long-winded God bless you dad you got it

52
00:03:01,009 --> 00:02:56,879
from you

53
00:03:02,990 --> 00:03:01,019
the DNA man absolutely far from the tree

54
00:03:05,449 --> 00:03:03,000
um you know here's the thing we've got

55
00:03:07,970 --> 00:03:05,459
so much to discuss tonight and I'm glad

56
00:03:10,130 --> 00:03:07,980
that we can do it in uh you know the new

57
00:03:13,130 --> 00:03:10,140
format and and things because we can

58
00:03:16,490 --> 00:03:13,140
just keep uh our our minds locked and

59
00:03:19,369 --> 00:03:16,500
and move forward but I want to say this

60
00:03:22,610 --> 00:03:19,379
um and I'm sure that I've said this

61
00:03:25,009 --> 00:03:22,620
before either on this program or to you

62
00:03:26,630 --> 00:03:25,019
privately but I'm it it it's it's worth

63
00:03:29,990 --> 00:03:26,640

repeating

64

00:03:31,070 --> 00:03:30,000

um which is the internet in 1996 was a

65

00:03:34,130 --> 00:03:31,080

different animal

66

00:03:36,290 --> 00:03:34,140

and it was a pretty mysterious and it

67

00:03:38,690 --> 00:03:36,300

was also difficult right the lack of

68

00:03:40,729 --> 00:03:38,700

search engines and and and everything

69

00:03:42,649 --> 00:03:40,739

else that was going on dial-up modems

70

00:03:45,289 --> 00:03:42,659

and and things

71

00:03:49,369 --> 00:03:45,299

um but when I found the black vault

72

00:03:51,710 --> 00:03:49,379

which was probably as you launched it

73

00:03:54,830 --> 00:03:51,720

um I thought of a few different things

74

00:03:56,509 --> 00:03:54,840

number one holy crap this is what the

75

00:03:59,630 --> 00:03:56,519

internet is about the top secret stuff

76

00:04:02,990 --> 00:03:59,640

right I mean it was such a mysterious

77

00:04:05,449 --> 00:04:03,000

place there was that and then I also

78

00:04:09,589 --> 00:04:05,459

felt and it was because of the title

79

00:04:11,750 --> 00:04:09,599

right The Black Vault that if I'm you

80

00:04:14,390 --> 00:04:11,760

know surfing through your stuff and

81

00:04:15,410 --> 00:04:14,400

looking at these documents that at any

82

00:04:19,009 --> 00:04:15,420

moment I'm going to have somebody

83

00:04:21,710 --> 00:04:19,019

knocking at my door right and and I

84

00:04:24,730 --> 00:04:21,720

really felt that you were breaking that

85

00:04:28,870 --> 00:04:24,740

kind of ground and laws for that matter

86

00:04:33,230 --> 00:04:28,880

and uh uh and here we are it's

87

00:04:35,950 --> 00:04:33,240

2022 moving into 23 three if things are

88

00:04:40,070 --> 00:04:35,960

bigger and better than they've ever been

89

00:04:42,770 --> 00:04:40,080

did you two questions one did you expect

90

00:04:45,590 --> 00:04:42,780

it to last this long and to be as

91

00:04:48,550 --> 00:04:45,600

successful as it is that's number one

92

00:04:52,129 --> 00:04:48,560

um and number two have you had an MIB

93

00:04:55,790 --> 00:04:52,139

experience I I just called uh I called

94

00:04:59,510 --> 00:04:55,800

you Vib vault in Black you have Alton

95

00:05:01,909 --> 00:04:59,520

black yeah um so I'll deal with the

96

00:05:04,850 --> 00:05:01,919

latter question first no I I've and

97

00:05:08,270 --> 00:05:04,860

that's always surprised me but let me

98

00:05:10,870 --> 00:05:08,280

let me say why I say that not the Men in

99

00:05:13,730 --> 00:05:10,880

Black and the Mysterious conspiracy way

100

00:05:15,770 --> 00:05:13,740

but rather just just more of the

101
00:05:17,990 --> 00:05:15,780
generalized government person knocking

102
00:05:20,210 --> 00:05:18,000
on the door because I got something on

103
00:05:21,890 --> 00:05:20,220
accident we have to keep in mind that

104
00:05:23,749 --> 00:05:21,900
foia officers are human they make

105
00:05:26,029 --> 00:05:23,759
mistakes even though there's a lot of

106
00:05:29,570 --> 00:05:26,039
processes that they follow to declassify

107
00:05:31,310 --> 00:05:29,580
documents stuff can slip out it's no

108
00:05:32,950 --> 00:05:31,320
secret although I don't talk about about

109
00:05:35,270 --> 00:05:32,960
it often

110
00:05:39,890 --> 00:05:35,280
there have been mistakes made before

111
00:05:41,870 --> 00:05:39,900
I've done over ten thousand requests and

112
00:05:43,969 --> 00:05:41,880
I can count on one hand how many

113
00:05:47,330 --> 00:05:43,979

mistakes there have been when it when it

114

00:05:49,249 --> 00:05:47,340

gets into accidental releases

115

00:05:52,870 --> 00:05:49,259

um but I always comply giving it back

116

00:05:54,950 --> 00:05:52,880

but I always wanted uh uh to understand

117

00:05:56,930 --> 00:05:54,960

if something like that happened but they

118

00:05:59,390 --> 00:05:56,940

knock on the door and and when it did I

119

00:06:01,550 --> 00:05:59,400

won't say it was classified highly top

120

00:06:03,409 --> 00:06:01,560

secret or anything like that but there

121

00:06:07,370 --> 00:06:03,419

was Exempted information that that came

122

00:06:09,409 --> 00:06:07,380

my way and again I got contacted but no

123

00:06:11,510 --> 00:06:09,419

knock on the door that has never

124

00:06:13,430 --> 00:06:11,520

happened I've never had any threats

125

00:06:16,249 --> 00:06:13,440

official threats from the government

126

00:06:18,770 --> 00:06:16,259

I've had people come after me you know

127

00:06:20,930 --> 00:06:18,780

with threats on the internet but but

128

00:06:22,670 --> 00:06:20,940

nothing MIB wise in the way that that

129

00:06:25,850 --> 00:06:22,680

you're asking

130

00:06:27,010 --> 00:06:25,860

um the first part of your question did I

131

00:06:31,430 --> 00:06:27,020

ever expect

132

00:06:34,370 --> 00:06:31,440

26 years after I started that I would be

133

00:06:36,070 --> 00:06:34,380

still here uh in The Black Vault version

134

00:06:39,830 --> 00:06:36,080

100.5

135

00:06:42,710 --> 00:06:39,840

versus what it used to be in 1.0 I would

136

00:06:46,189 --> 00:06:42,720

say you're you're crazy but I have

137

00:06:49,610 --> 00:06:46,199

absolutely loved what I've what I've

138

00:06:52,129 --> 00:06:49,620

been able to do it's fun it's it's

139

00:06:53,809 --> 00:06:52,139

driven by my curiosity I'm not a

140

00:06:56,689 --> 00:06:53,819

quote-unquote experimenter when it comes

141

00:06:58,070 --> 00:06:56,699

to the UFO stuff and the reason why I

142

00:06:59,570 --> 00:06:58,080

say that is a lot of people get into

143

00:07:02,390 --> 00:06:59,580

this field because they've had an

144

00:07:04,969 --> 00:07:02,400

experience of some kind and that's just

145

00:07:07,309 --> 00:07:04,979

not me I mean I've been fascinated by

146

00:07:08,870 --> 00:07:07,319

government secrets UFOs has always been

147

00:07:11,210 --> 00:07:08,880

a personal favorite of mine but I deal

148

00:07:13,730 --> 00:07:11,220

with everything I just never thought it

149

00:07:16,249 --> 00:07:13,740

would be this long that I would stick

150

00:07:20,629 --> 00:07:16,259

with it but it's it's too much fun it

151

00:07:22,969 --> 00:07:20,639

creates so many fun conversations so

152

00:07:25,309 --> 00:07:22,979

many questions are created by looking at

153

00:07:26,870 --> 00:07:25,319

that information and I can't let it go I

154

00:07:28,550 --> 00:07:26,880

don't get bored with it you know and if

155

00:07:31,189 --> 00:07:28,560

I do get bored periodically with a

156

00:07:33,650 --> 00:07:31,199

certain topic I have like 30 000 other

157

00:07:35,629 --> 00:07:33,660

topics that you can choose from when it

158

00:07:37,189 --> 00:07:35,639

comes to government secrets so there's

159

00:07:40,309 --> 00:07:37,199

never a shortage of what you can go

160

00:07:43,129 --> 00:07:40,319

after and uh do I think I'll be here in

161

00:07:47,150 --> 00:07:43,139

another 26 years if I'm alive very

162

00:07:50,809 --> 00:07:47,160

likely so yeah it seems that way and how

163

00:07:52,909 --> 00:07:50,819

was how was the party changed and and I

164

00:07:55,850 --> 00:07:52,919
do mean the festive part of this

165

00:07:59,029 --> 00:07:55,860
environment the party in that

166

00:08:01,610 --> 00:07:59,039
um in in the 90s there were a lot of

167

00:08:03,170 --> 00:08:01,620
explosive things that were were taking

168

00:08:05,930 --> 00:08:03,180
off

169

00:08:07,969 --> 00:08:05,940
um you had without going down a long

170

00:08:11,029 --> 00:08:07,979
list of stuff but

171

00:08:15,730 --> 00:08:11,039
um you had mj-12 uh you had project

172

00:08:19,969 --> 00:08:15,740
serpo you had uh the alien autopsy video

173

00:08:21,950 --> 00:08:19,979
you had Area 51 and Bob Lazar you know

174

00:08:24,110 --> 00:08:21,960
and and the UFO subject in general

175

00:08:28,129 --> 00:08:24,120
because of the internet

176

00:08:29,629 --> 00:08:28,139

um today we've got like real genuine

177

00:08:31,309 --> 00:08:29,639

because all of the other stuff from the

178

00:08:34,430 --> 00:08:31,319

government back then turned out to be

179

00:08:36,829 --> 00:08:34,440

either a smoke screen or a hoax as

180

00:08:39,409 --> 00:08:36,839

opposed to today where we're making

181

00:08:41,510 --> 00:08:39,419

genuine strides forward

182

00:08:44,389 --> 00:08:41,520

um how has it changed for you

183

00:08:46,130 --> 00:08:44,399

well I I always look at with the

184

00:08:48,290 --> 00:08:46,140

conversation morphing the way that it

185

00:08:49,430 --> 00:08:48,300

has that's a positive and I think that

186

00:08:52,670 --> 00:08:49,440

that's good

187

00:08:54,290 --> 00:08:52,680

from 1996 to 2022 the internet is a much

188

00:08:57,170 --> 00:08:54,300

different Beast so people can

189

00:08:58,850 --> 00:08:57,180

communicate and share information you

190

00:09:01,730 --> 00:08:58,860

know with the click of a mouse across

191

00:09:04,389 --> 00:09:01,740

the planet so even with just that the

192

00:09:07,130 --> 00:09:04,399

data sharing and everything has created

193

00:09:09,050 --> 00:09:07,140

a much more interesting experience when

194

00:09:11,210 --> 00:09:09,060

it comes to this topic and sharing

195

00:09:13,430 --> 00:09:11,220

information but I would still say that

196

00:09:16,130 --> 00:09:13,440

you still have a level of hoaxers out

197

00:09:17,990 --> 00:09:16,140

there and by sheer number you would have

198

00:09:20,150 --> 00:09:18,000

a lot more nowadays you have a lot more

199

00:09:22,190 --> 00:09:20,160

mud so you have a lot of positive stuff

200

00:09:24,230 --> 00:09:22,200

going on but in the same respect you

201
00:09:26,690 --> 00:09:24,240
have this whole opposite end of the

202
00:09:31,550 --> 00:09:26,700
Spectrum which is the

203
00:09:34,070 --> 00:09:31,560
the ease of monetizing hoaxes and that's

204
00:09:37,430 --> 00:09:34,080
easily provable you look at YouTube you

205
00:09:38,810 --> 00:09:37,440
know I I you or any researcher in this

206
00:09:40,970 --> 00:09:38,820
field can put up something pretty

207
00:09:42,829 --> 00:09:40,980
interesting verifiable and you might get

208
00:09:45,050 --> 00:09:42,839
a hundred thousand views if you put

209
00:09:48,170 --> 00:09:45,060
something fake up and it looks you know

210
00:09:51,110 --> 00:09:48,180
outrageously cool but it's a fake you

211
00:09:53,690 --> 00:09:51,120
get 10 million views and you make a

212
00:09:55,910 --> 00:09:53,700
thousand times you know the money where

213
00:09:59,389 --> 00:09:55,920

I'm going with this is that monetization

214

00:10:01,130 --> 00:09:59,399

has created an army of people that don't

215

00:10:04,130 --> 00:10:01,140

care about the information that's put

216

00:10:05,870 --> 00:10:04,140

forward they just don't I mean

217

00:10:08,690 --> 00:10:05,880

you look at some of the channels out

218

00:10:11,509 --> 00:10:08,700

there they care more about their views

219

00:10:13,970 --> 00:10:11,519

and clicks and and just putting whatever

220

00:10:15,949 --> 00:10:13,980

they can out there uh because that's

221

00:10:18,710 --> 00:10:15,959

what they do and they make a a good

222

00:10:21,769 --> 00:10:18,720

living off of it so you have both ends

223

00:10:23,269 --> 00:10:21,779

of the spectrum here in 2022 where yes

224

00:10:26,269 --> 00:10:23,279

there's a lot of great stuff happening

225

00:10:28,370 --> 00:10:26,279

uh but sadly there's a lot of mud that

226

00:10:30,530 --> 00:10:28,380

you have to sift through I'm not saying

227

00:10:33,350 --> 00:10:30,540

it was any better a couple decades ago

228

00:10:36,829 --> 00:10:33,360

but at least you had a little bit less

229

00:10:41,570 --> 00:10:36,839

mud to have to Wade through uh to get

230

00:10:43,670 --> 00:10:41,580

through this and you had more of a

231

00:10:45,410 --> 00:10:43,680

I would say an effort to try and

232

00:10:47,569 --> 00:10:45,420

investigate this you know you look at at

233

00:10:49,430 --> 00:10:47,579

Legends like Stanton Friedman we may not

234

00:10:50,990 --> 00:10:49,440

agree on ultimately if the mj-12

235

00:10:53,509 --> 00:10:51,000

documents were real or not or whatever

236

00:10:55,490 --> 00:10:53,519

but you cannot hide from the fact that

237

00:10:57,889 --> 00:10:55,500

that man put boots on the ground and he

238

00:11:00,230 --> 00:10:57,899

flew to places going through archives

239

00:11:01,790 --> 00:11:00,240

going through documents he put in that

240

00:11:04,790 --> 00:11:01,800

leg work and came up with the conclusion

241

00:11:07,009 --> 00:11:04,800

that he did that's research how many

242

00:11:08,750 --> 00:11:07,019

times do you see that today right you

243

00:11:13,009 --> 00:11:08,760

don't you just don't see it a lot it's

244

00:11:16,069 --> 00:11:13,019

just very few people so you know to your

245

00:11:17,870 --> 00:11:16,079

question it's great and exciting but in

246

00:11:19,550 --> 00:11:17,880

the same respect we have to be cautious

247

00:11:21,130 --> 00:11:19,560

with the stories that were being

248

00:11:24,290 --> 00:11:21,140

presented

249

00:11:26,389 --> 00:11:24,300

the uh the other side of this and then

250

00:11:28,370 --> 00:11:26,399

we're going to get into uh what's going

251

00:11:32,569 --> 00:11:28,380

on right now but the other side of this

252

00:11:38,090 --> 00:11:32,579

when you were uh doing a foia request in

253

00:11:41,690 --> 00:11:38,100

1996 1997 and if you're UFO or whatever

254

00:11:44,870 --> 00:11:41,700

your your terms were back then

255

00:11:46,310 --> 00:11:44,880

um that was more of a historical

256

00:11:49,970 --> 00:11:46,320

perspective

257

00:11:52,009 --> 00:11:49,980

where today when you're doing I don't

258

00:11:54,290 --> 00:11:52,019

know what your Search terms are but but

259

00:11:58,009 --> 00:11:54,300

it's different right now you're going

260

00:12:00,230 --> 00:11:58,019

after real communique about uaps and

261

00:12:02,870 --> 00:12:00,240

UFOs and videos and statements and

262

00:12:05,509 --> 00:12:02,880

emails that's a it's got to be a whole

263

00:12:07,970 --> 00:12:05,519

different feeling for you it is because

264

00:12:10,370 --> 00:12:07,980

because and you're right a lot of what I

265

00:12:12,350 --> 00:12:10,380

was going after before were decades old

266

00:12:14,569 --> 00:12:12,360

right what was interesting though was

267

00:12:17,269 --> 00:12:14,579

that the the scope of my research so

268

00:12:20,030 --> 00:12:17,279

going prior to 2017

269

00:12:22,069 --> 00:12:20,040

was essentially proving a very provable

270

00:12:24,710 --> 00:12:22,079

reality which was they were still

271

00:12:26,630 --> 00:12:24,720

interested in UFOs after their Project

272

00:12:29,150 --> 00:12:26,640

Blue Book investigation that stopped in

273

00:12:31,370 --> 00:12:29,160

69. for some that sounds a little snoozy

274

00:12:34,310 --> 00:12:31,380

because it's way back in 1969 into the

275

00:12:36,410 --> 00:12:34,320

70s ah who cares but it really shows

276

00:12:39,410 --> 00:12:36,420

that this these phenomena never went

277

00:12:41,990 --> 00:12:39,420

away that they were being archived

278

00:12:45,110 --> 00:12:42,000

within the the documentation of the CIA

279

00:12:50,050 --> 00:12:45,120

the DIA all well past what they wanted

280

00:12:53,090 --> 00:12:50,060

to admit to so in 2017 came around uh

281

00:12:54,949 --> 00:12:53,100

partly in October of that year but then

282

00:12:57,769 --> 00:12:54,959

obviously it drilled home in December

283

00:12:59,389 --> 00:12:57,779

that there was the secret UFO effort at

284

00:13:02,449 --> 00:12:59,399

least that's what was being reported

285

00:13:04,730 --> 00:13:02,459

that was incredibly exciting because now

286

00:13:07,190 --> 00:13:04,740

it put all those puzzle pieces back into

287

00:13:09,590 --> 00:13:07,200

play but then opened up a whole new

288

00:13:11,810 --> 00:13:09,600

world where you can then take those old

289

00:13:13,550 --> 00:13:11,820

puzzle pieces and start going after the

290

00:13:17,990 --> 00:13:13,560

new ones and see how everything connects

291

00:13:20,389 --> 00:13:18,000

see how things uh maybe uh coincide with

292

00:13:22,910 --> 00:13:20,399

each other or do they reflect the same

293

00:13:25,730 --> 00:13:22,920

types of phenomena do they differ

294

00:13:28,009 --> 00:13:25,740

entirely it it what I thought was going

295

00:13:29,810 --> 00:13:28,019

to open up a whole new world but now

296

00:13:32,210 --> 00:13:29,820

fast forward a couple years it's kind of

297

00:13:35,150 --> 00:13:32,220

a nightmare to try and figure out what

298

00:13:36,949 --> 00:13:35,160

happened during that initial uh I say

299

00:13:38,509 --> 00:13:36,959

quote unquote UFO program because we

300

00:13:40,790 --> 00:13:38,519

just don't have any reports or anything

301

00:13:43,009 --> 00:13:40,800

like that like we did through Project

302

00:13:45,050 --> 00:13:43,019

Blue Book we have a couple videos and

303

00:13:47,810 --> 00:13:45,060

that's the extent of what we have

304

00:13:50,629 --> 00:13:47,820

so it morphed then but then morphed

305

00:13:54,050 --> 00:13:50,639

again once the UAP task force came

306

00:13:55,970 --> 00:13:54,060

around and then morphed yet again once

307

00:13:58,009 --> 00:13:55,980

Arrow kind of came around and it's still

308

00:14:00,650 --> 00:13:58,019

arguably getting on its feet

309

00:14:03,470 --> 00:14:00,660

and why I'm saying it that way is that

310

00:14:05,870 --> 00:14:03,480

each approach was different and each way

311

00:14:08,269 --> 00:14:05,880

you go after information through foia

312

00:14:10,490 --> 00:14:08,279

sadly it's not as easy as a keyword

313

00:14:12,910 --> 00:14:10,500

search if you're doing a foia request

314

00:14:17,090 --> 00:14:12,920

for emails yes then keywords take play

315

00:14:19,850 --> 00:14:17,100

but it's really following Paper Trails

316

00:14:22,970 --> 00:14:19,860

and figuring out all of these different

317

00:14:26,690 --> 00:14:22,980

puzzle pieces a prime example is the

318

00:14:28,730 --> 00:14:26,700

2021 UAP report I first read it we all

319

00:14:30,050 --> 00:14:28,740

got upset I you know put digitally

320

00:14:32,449 --> 00:14:30,060

through it against the wall and said

321

00:14:34,490 --> 00:14:32,459

this is ridiculous and then you take a

322

00:14:37,490 --> 00:14:34,500

deep breath you go back and read it that

323

00:14:40,129 --> 00:14:37,500

report stemmed more than 50 foia

324

00:14:44,030 --> 00:14:40,139

requests that I had filed to kind of

325

00:14:46,310 --> 00:14:44,040

Trace down every single uh

326

00:14:49,610 --> 00:14:46,320

Lane every single branch of the tree

327

00:14:52,910 --> 00:14:49,620

every single puzzle piece so my whole

328

00:14:56,210 --> 00:14:52,920

point with this is you have to adapt to

329

00:14:59,569 --> 00:14:56,220

the the day and and things constantly

330

00:15:02,030 --> 00:14:59,579

change on how this is being uh presented

331

00:15:03,710 --> 00:15:02,040

to all of us and we just have to adapt

332

00:15:07,069 --> 00:15:03,720

in the process whether we're doing foia

333

00:15:09,470 --> 00:15:07,079

or just thinking about it it is changing

334

00:15:13,189 --> 00:15:09,480

all the time and it's it's fascinating a

335

00:15:14,629 --> 00:15:13,199

month ago uh you did you did a post

336

00:15:17,150 --> 00:15:14,639

I think we talked on the phone

337

00:15:20,389 --> 00:15:17,160

immediately after that

338

00:15:21,290 --> 00:15:20,399

um uh that about the report the new

339

00:15:24,949 --> 00:15:21,300

report

340

00:15:27,290 --> 00:15:24,959

and that 100 use these are your words

341

00:15:29,090 --> 00:15:27,300

right I'm paraphrasing but uh you know

342

00:15:31,670 --> 00:15:29,100

hundreds of cases hundreds of videos

343

00:15:34,250 --> 00:15:31,680

hundreds of photographs whatever right

344

00:15:37,910 --> 00:15:34,260

and but you said

345

00:15:41,990 --> 00:15:37,920

um you will comment about what you know

346

00:15:45,470 --> 00:15:42,000

yes all right so take me back to that or

347

00:15:48,350 --> 00:15:45,480

what did you know when you did that uh

348

00:15:49,550 --> 00:15:48,360

that post yeah so that was uh either

349

00:15:51,949 --> 00:15:49,560

Thanksgiving Day or the day after

350

00:15:53,870 --> 00:15:51,959

Thanksgiving and I I think a couple

351

00:15:56,449 --> 00:15:53,880

people have been disgruntled at me

352

00:15:58,910 --> 00:15:56,459

because they feel that was a tease it's

353

00:16:02,329 --> 00:15:58,920

not a tease that's the lead the lead is

354

00:16:04,430 --> 00:16:02,339

is that it is now verifiable with

355

00:16:06,350 --> 00:16:04,440

documentation so I'm not I'm not saying

356

00:16:07,730 --> 00:16:06,360

it's a secret Source like this is

357

00:16:10,310 --> 00:16:07,740

through a legal case that I have with

358

00:16:12,290 --> 00:16:10,320

the Department of Defense uh namely the

359

00:16:15,050 --> 00:16:12,300

uh Office of the Secretary of Defense

360

00:16:17,329 --> 00:16:15,060

Joint Chiefs of Staff and in this case

361

00:16:21,769 --> 00:16:17,339

one of the line items that I had asked

362

00:16:24,050 --> 00:16:21,779

for was a copy of every photograph

363

00:16:26,269 --> 00:16:24,060

and video

364

00:16:28,670 --> 00:16:26,279

that the

365

00:16:30,710 --> 00:16:28,680

um Aero office was currently

366

00:16:33,889 --> 00:16:30,720

investigating that's the key

367

00:16:38,509 --> 00:16:33,899

and the problem the pushback that that

368

00:16:40,670 --> 00:16:38,519

came from that was that it was too broad

369

00:16:42,710 --> 00:16:40,680

so I pushed back and I said well why is

370

00:16:44,990 --> 00:16:42,720

it too broad why are you telling me you

371

00:16:46,850 --> 00:16:45,000

can't process this because the Navy

372

00:16:48,710 --> 00:16:46,860

processed a similar request over there

373

00:16:51,949 --> 00:16:48,720

they just told me everything was

374

00:16:54,769 --> 00:16:51,959

classified so now OSD is telling me well

375

00:16:56,629 --> 00:16:54,779

it's too broad we can't do that now when

376

00:16:57,889 --> 00:16:56,639

things are too broad from a legal

377

00:16:59,990 --> 00:16:57,899

standpoint what essentially that

378

00:17:02,569 --> 00:17:00,000

translates to is that you have a

379

00:17:04,970 --> 00:17:02,579

voluminous amount of information that

380

00:17:07,850 --> 00:17:04,980

they would have a what's called a

381

00:17:09,409 --> 00:17:07,860

burdensome a burdensome search to try

382

00:17:11,689 --> 00:17:09,419

and find what you're looking for

383

00:17:14,929 --> 00:17:11,699

so my question was well why is that

384

00:17:16,669 --> 00:17:14,939

burdensome why is this too broad and in

385

00:17:18,409 --> 00:17:16,679

the course of that conversation in

386

00:17:20,270 --> 00:17:18,419

writing because I'm stressing that again

387

00:17:23,090 --> 00:17:20,280

this is not a secret Source telephone

388

00:17:25,549 --> 00:17:23,100

call that you have to trust me on in

389

00:17:29,570 --> 00:17:25,559

writing they said because the responsive

390

00:17:33,049 --> 00:17:29,580

records when it came to the how I worded

391

00:17:35,630 --> 00:17:33,059

it current investigations into the

392

00:17:38,350 --> 00:17:35,640

photographs and videos of what was

393

00:17:41,750 --> 00:17:38,360

tagged as unidentified aerial phenomena

394

00:17:44,390 --> 00:17:41,760

equaled into the hundreds and as a

395

00:17:46,370 --> 00:17:44,400

result that's too much for them they

396

00:17:48,830 --> 00:17:46,380

can't go through the hundreds however

397

00:17:50,510 --> 00:17:48,840

many hundreds there are but the hundreds

398

00:17:52,850 --> 00:17:50,520

of videos and photographs that I

399

00:17:55,070 --> 00:17:52,860

requested and it was pushed back to me

400

00:17:57,830 --> 00:17:55,080

now it's frustrating it was pushed back

401
00:18:00,409 --> 00:17:57,840
but pretty darn interesting that they

402
00:18:03,289 --> 00:18:00,419
are putting in writing that Arrow has

403
00:18:05,750 --> 00:18:03,299
quote unquote hundreds of these types of

404
00:18:08,090 --> 00:18:05,760
Case Files that they are currently

405
00:18:11,330 --> 00:18:08,100
looking into now why do I keep stressing

406
00:18:14,330 --> 00:18:11,340
currently well their current

407
00:18:16,430 --> 00:18:14,340
report if there is one are those

408
00:18:19,070 --> 00:18:16,440
considered closed cases and we don't

409
00:18:20,990 --> 00:18:19,080
know the answer to that so are they

410
00:18:23,510 --> 00:18:21,000
referencing what we are potentially

411
00:18:25,010 --> 00:18:23,520
going to see in this report maybe but

412
00:18:26,450 --> 00:18:25,020
does that mean that hundreds of cases

413
00:18:28,490 --> 00:18:26,460

are still being investigated with no

414

00:18:31,010 --> 00:18:28,500

answer that's pretty interesting in my

415

00:18:34,070 --> 00:18:31,020

book because if they were you know

416

00:18:37,610 --> 00:18:34,080

somewhat identifiable they likely

417

00:18:39,950 --> 00:18:37,620

wouldn't be under the label of currently

418

00:18:41,390 --> 00:18:39,960

investigated so I know I'm kind of

419

00:18:43,549 --> 00:18:41,400

stressing some of these words but

420

00:18:45,590 --> 00:18:43,559

there's a reason because when you say

421

00:18:49,789 --> 00:18:45,600

give me all currently investigated

422

00:18:51,770 --> 00:18:49,799

material not passed then that is a

423

00:18:53,870 --> 00:18:51,780

certain data set of responsive records

424

00:18:57,950 --> 00:18:53,880

if I say give me everything that's

425

00:18:59,330 --> 00:18:57,960

closed that is labeled identified uh

426

00:19:01,370 --> 00:18:59,340

they may push it back and say too broad

427

00:19:03,529 --> 00:19:01,380

but regardless that's a different data

428

00:19:05,090 --> 00:19:03,539

set and so that's what you try and and

429

00:19:07,250 --> 00:19:05,100

kind of Wade through when you're using

430

00:19:09,470 --> 00:19:07,260

the foia so it was an encouraging

431

00:19:12,230 --> 00:19:09,480

development but also very frustrating

432

00:19:14,390 --> 00:19:12,240

because now I'm trying to figure out I

433

00:19:16,370 --> 00:19:14,400

think I have a couple of ideas but

434

00:19:18,169 --> 00:19:16,380

trying to figure out what is a way that

435

00:19:20,990 --> 00:19:18,179

I could Whittle this down into something

436

00:19:24,529 --> 00:19:21,000

that is not burdensome that would yield

437

00:19:26,330 --> 00:19:24,539

something in response to my request but

438

00:19:27,650 --> 00:19:26,340

at least I know that the data set that

439

00:19:31,789 --> 00:19:27,660

I'm going for

440

00:19:35,270 --> 00:19:31,799

uh totals hundreds of photos and videos

441

00:19:37,490 --> 00:19:35,280

that's pretty fascinating to me what do

442

00:19:39,230 --> 00:19:37,500

you think that this report has been

443

00:19:42,049 --> 00:19:39,240

drafted

444

00:19:49,250 --> 00:19:46,610

okay and it is that an opinion or are

445

00:19:52,190 --> 00:19:49,260

you basing that on something well in the

446

00:19:53,810 --> 00:19:52,200

process of trying to to get a story for

447

00:19:56,090 --> 00:19:53,820

everybody because as you know I love I

448

00:19:58,250 --> 00:19:56,100

love writing and and uh doing update

449

00:20:01,490 --> 00:19:58,260

videos and so on I have knocked on

450

00:20:04,490 --> 00:20:01,500

pretty much every door possible uh yes

451
00:20:07,190 --> 00:20:04,500
it sounds like a report has been drafted

452
00:20:11,270 --> 00:20:07,200
uh the goal from what I was told anyway

453
00:20:12,409 --> 00:20:11,280
was going to be the 31st on time and

454
00:20:19,850 --> 00:20:12,419
then

455
00:20:21,710 --> 00:20:19,860
the 31st turned into uh let's see that

456
00:20:23,930 --> 00:20:21,720
was a Monday so then potentially towards

457
00:20:25,190 --> 00:20:23,940
the end of the week I was also not the

458
00:20:28,010 --> 00:20:25,200
only one hearing this if you look around

459
00:20:29,750 --> 00:20:28,020
on on Twitter there were a few different

460
00:20:31,970 --> 00:20:29,760
journalists who were also pushing their

461
00:20:35,029 --> 00:20:31,980
contacts hey what's going on with this

462
00:20:36,830 --> 00:20:35,039
they were hearing mid to late week that

463
00:20:38,270 --> 00:20:36,840

week so it kind of coincided so that's

464

00:20:40,490 --> 00:20:38,280

why I I feel a little bit more

465

00:20:42,590 --> 00:20:40,500

comfortable saying hey I was I was

466

00:20:45,230 --> 00:20:42,600

hearing this but so were other people

467

00:20:47,990 --> 00:20:45,240

you know that this was not some you know

468

00:20:49,850 --> 00:20:48,000

a secret that nobody was hearing that's

469

00:20:51,610 --> 00:20:49,860

what what journalists were starting to

470

00:20:54,049 --> 00:20:51,620

Post online

471

00:20:56,210 --> 00:20:54,059

let me jump in I apologize for

472

00:20:59,090 --> 00:20:56,220

Interruption don't know are we facing

473

00:21:01,250 --> 00:20:59,100

that on uh conversations with other

474

00:21:04,090 --> 00:21:01,260

journalists or friends are you basing on

475

00:21:06,890 --> 00:21:04,100

that from an official government Source

476

00:21:07,789 --> 00:21:06,900

uh I don't want to say official

477

00:21:09,470 --> 00:21:07,799

government Source but they were

478

00:21:11,330 --> 00:21:09,480

government sources and why I say it that

479

00:21:12,289 --> 00:21:11,340

way is that they never put anything in

480

00:21:15,110 --> 00:21:12,299

writing

481

00:21:17,029 --> 00:21:15,120

they would not comment on the record so

482

00:21:20,090 --> 00:21:17,039

I couldn't come out with any statement

483

00:21:22,130 --> 00:21:20,100

and if anybody knows me I hate that I

484

00:21:25,310 --> 00:21:22,140

don't like doing stories on Anonymous so

485

00:21:27,289 --> 00:21:25,320

I was mostly mum about it I don't mind

486

00:21:28,970 --> 00:21:27,299

talking about this aspect of it now

487

00:21:31,070 --> 00:21:28,980

because again there were other

488

00:21:32,870 --> 00:21:31,080

journalists that were were hearing very

489

00:21:35,029 --> 00:21:32,880

similar if not exactly the same things

490

00:21:37,250 --> 00:21:35,039

maybe even from the same people for all

491

00:21:40,070 --> 00:21:37,260

I know but these were people that were

492

00:21:42,350 --> 00:21:40,080

working on the inside uh multiple

493

00:21:46,850 --> 00:21:42,360

multiple people had had talked about

494

00:21:50,810 --> 00:21:46,860

drafts of the report and also the

495

00:21:53,330 --> 00:21:50,820

the the kind of going

496

00:21:55,310 --> 00:21:53,340

I don't want to say story but the going

497

00:21:58,130 --> 00:21:55,320

excuse I guess you can say is that

498

00:22:00,890 --> 00:21:58,140

rewriting was part of this process so

499

00:22:03,230 --> 00:22:00,900

that the original drafts apparently did

500

00:22:04,789 --> 00:22:03,240

not satisfy all of the requirements I

501
00:22:05,930 --> 00:22:04,799
don't have details on that it's not

502
00:22:08,510 --> 00:22:05,940
because I don't want to tell you I just

503
00:22:10,970 --> 00:22:08,520
don't have them uh but the consensus was

504
00:22:14,029 --> 00:22:10,980
that they were still trying to you know

505
00:22:15,409 --> 00:22:14,039
rework that uh that draft so some

506
00:22:17,330 --> 00:22:15,419
journalists out there have talked about

507
00:22:20,330 --> 00:22:17,340
it being part of the approval process

508
00:22:22,850 --> 00:22:20,340
others describe that being just part of

509
00:22:25,190 --> 00:22:22,860
you know draft a is kicked back you try

510
00:22:26,870 --> 00:22:25,200
draft B and it gets kicked back uh

511
00:22:30,049 --> 00:22:26,880
however you want to term it that that's

512
00:22:32,630 --> 00:22:30,059
kind of what I've been led to believe is

513
00:22:36,770 --> 00:22:32,640

what's going on now in the last two

514

00:22:39,350 --> 00:22:36,780

weeks uh I have followed up again trying

515

00:22:43,610 --> 00:22:39,360

to get official on the record comment

516

00:22:47,390 --> 00:22:43,620

from odni numerous times and I cannot

517

00:22:49,130 --> 00:22:47,400

now get anybody to call or write back I

518

00:22:52,370 --> 00:22:49,140

get read receipts I know they're getting

519

00:22:54,350 --> 00:22:52,380

them but no nobody is able to get

520

00:22:57,169 --> 00:22:54,360

comments I even saw Tyler Rogue away

521

00:22:59,630 --> 00:22:57,179

from the drive post today he too has

522

00:23:01,789 --> 00:22:59,640

been knocking on doors and it's like it

523

00:23:03,130 --> 00:23:01,799

is what it is the report is late and and

524

00:23:04,789 --> 00:23:03,140

that's it

525

00:23:06,770 --> 00:23:04,799

the

526

00:23:11,090 --> 00:23:06,780

um let's stay with OD and I for a second

527

00:23:14,510 --> 00:23:11,100

sure and the reason why you know I had

528

00:23:18,230 --> 00:23:14,520

Danny Sheehan on the show on Monday and

529

00:23:20,690 --> 00:23:18,240

he said a couple of things that uh

530

00:23:23,090 --> 00:23:20,700

raised an eyebrow for me and I think for

531

00:23:25,970 --> 00:23:23,100

the community in general

532

00:23:29,090 --> 00:23:25,980

um that there is no task force

533

00:23:31,370 --> 00:23:29,100

that Bray doesn't you know isn't then

534

00:23:32,750 --> 00:23:31,380

there isn't anybody else there and and

535

00:23:36,770 --> 00:23:32,760

they're not investigating anything

536

00:23:41,149 --> 00:23:36,780

nobody's been appointed and so if this

537

00:23:43,549 --> 00:23:41,159

report has been drafted it's not coming

538

00:23:46,430 --> 00:23:43,559

from any version of the task force

539

00:23:48,830 --> 00:23:46,440

whatever you want to call it Arrow uaptf

540

00:23:50,690 --> 00:23:48,840

uh part two whatever you want to call it

541

00:23:52,970 --> 00:23:50,700

2.0

542

00:23:55,490 --> 00:23:52,980

um is it being drafted

543

00:23:59,570 --> 00:23:55,500

has it was it drafted from inside of the

544

00:24:02,029 --> 00:23:59,580

odni and not from some task force

545

00:24:04,430 --> 00:24:02,039

so that part I don't know uh I I don't

546

00:24:06,950 --> 00:24:04,440

have any information on that

547

00:24:09,049 --> 00:24:06,960

I am going to respectfully disagree with

548

00:24:10,490 --> 00:24:09,059

and I've seen some of the the clips from

549

00:24:13,070 --> 00:24:10,500

the interview I didn't see a hundred

550

00:24:15,590 --> 00:24:13,080

percent of the entire show but I saw uh

551
00:24:17,690 --> 00:24:15,600
the part where he was he was saying this

552
00:24:19,789 --> 00:24:17,700
and I'm going to respectfully disagree I

553
00:24:22,010 --> 00:24:19,799
mean you know you you've you've got DOD

554
00:24:24,590 --> 00:24:22,020
memos that are going out they've named

555
00:24:26,210 --> 00:24:24,600
Dr Sean Kirkpatrick as as the head of

556
00:24:29,149 --> 00:24:26,220
this if they're not doing anything

557
00:24:32,930 --> 00:24:29,159
that's fine but why is my you know a

558
00:24:35,690 --> 00:24:32,940
legal case that I filed coming back with

559
00:24:38,690 --> 00:24:35,700
that specific group meaning Arrow has

560
00:24:41,450 --> 00:24:38,700
hundreds of tagged UAP photos and videos

561
00:24:44,390 --> 00:24:41,460
that they're currently investigating

562
00:24:46,130 --> 00:24:44,400
if there was no task force and this was

563
00:24:49,490 --> 00:24:46,140

just all on paper and they're like look

564

00:24:52,190 --> 00:24:49,500

no one really cares uh sure name that

565

00:24:54,950 --> 00:24:52,200

guy whatever that'll satisfy Congress

566

00:24:57,289 --> 00:24:54,960

and it's all a ruse that's fine but when

567

00:24:59,690 --> 00:24:57,299

you start filing legal cases for the the

568

00:25:02,330 --> 00:24:59,700

workload what they're doing you're going

569

00:25:04,789 --> 00:25:02,340

to get no records responses so this

570

00:25:06,770 --> 00:25:04,799

isn't a reverse cover-up where there's

571

00:25:08,510 --> 00:25:06,780

nothing to find but the government's

572

00:25:10,909 --> 00:25:08,520

going to say oh we've got hundreds of

573

00:25:12,890 --> 00:25:10,919

UAP related photos and videos but we

574

00:25:16,310 --> 00:25:12,900

can't give them to you I don't see that

575

00:25:19,370 --> 00:25:16,320

happening I I again just respectfully

576

00:25:22,130 --> 00:25:19,380

disagree with with that notion now

577

00:25:24,470 --> 00:25:22,140

If he if he's leaning towards but maybe

578

00:25:26,750 --> 00:25:24,480

maybe exaggerating a little bit leaning

579

00:25:28,850 --> 00:25:26,760

towards that there are

580

00:25:32,149 --> 00:25:28,860

portions of this effort that maybe

581

00:25:34,490 --> 00:25:32,159

aren't official that these are kind of

582

00:25:36,169 --> 00:25:34,500

that debate about atip and Luis Elizondo

583

00:25:38,450 --> 00:25:36,179

which I know makes some people cringe

584

00:25:41,810 --> 00:25:38,460

but if this is like stuff they did in

585

00:25:43,610 --> 00:25:41,820

addition to their normal job and their

586

00:25:46,730 --> 00:25:43,620

their normal Mission whatever that may

587

00:25:49,310 --> 00:25:46,740

be for the dod I mean I can buy that I I

588

00:25:52,010 --> 00:25:49,320

can I can really buy that in fact today

589

00:25:54,169 --> 00:25:52,020

I interviewed Dr Travis Taylor and it

590

00:25:56,630 --> 00:25:54,179

was very similar with his description of

591

00:25:59,210 --> 00:25:56,640

the UAP task force so again the the

592

00:26:01,430 --> 00:25:59,220

group prior to arrow and what

593

00:26:03,769 --> 00:26:01,440

essentially he was talking about was

594

00:26:06,289 --> 00:26:03,779

that you did have that core person the

595

00:26:08,090 --> 00:26:06,299

director of the task force which was Jay

596

00:26:10,610 --> 00:26:08,100

Stratton I've been able to prove that

597

00:26:12,409 --> 00:26:10,620

through documents and now it's it Travis

598

00:26:13,909 --> 00:26:12,419

was able to say it on the record so now

599

00:26:16,430 --> 00:26:13,919

we've got all sorts of evidence to it

600

00:26:18,230 --> 00:26:16,440

but we knew that uh but now it's just

601
00:26:20,510 --> 00:26:18,240
you know more than official so we have

602
00:26:23,630 --> 00:26:20,520
that director but then who was under him

603
00:26:25,970 --> 00:26:23,640
and it sounded like from Dr Taylor's

604
00:26:27,590 --> 00:26:25,980
answer to me was that there were a lot

605
00:26:29,149 --> 00:26:27,600
of people that were being being pulled

606
00:26:32,090 --> 00:26:29,159
from all these different areas and

607
00:26:34,549 --> 00:26:32,100
agencies and branches to kind of help

608
00:26:36,830 --> 00:26:34,559
with the effort and what was fascinating

609
00:26:38,630 --> 00:26:36,840
to me about that description was I found

610
00:26:42,289 --> 00:26:38,640
a document had never been released

611
00:26:44,029 --> 00:26:42,299
before from the nro revealing a factoid

612
00:26:46,549 --> 00:26:44,039
about the task force that had never been

613
00:26:48,370 --> 00:26:46,559

released before which they labeled the

614

00:26:52,310 --> 00:26:48,380

The

615

00:26:54,049 --> 00:26:52,320

uaptf Advisory panel now we could all

616

00:26:56,810 --> 00:26:54,059

want to safely assume that they would

617

00:26:58,549 --> 00:26:56,820

have an advisory panel but that was

618

00:27:00,350 --> 00:26:58,559

never officially confirmed so when the

619

00:27:02,570 --> 00:27:00,360

nro sent me this this document

620

00:27:04,789 --> 00:27:02,580

Declassified I was like wait a minute

621

00:27:07,130 --> 00:27:04,799

advisory panel who's on this now I still

622

00:27:09,110 --> 00:27:07,140

have open cases to figure that out maybe

623

00:27:11,810 --> 00:27:09,120

a long shot if I'll get it but I brought

624

00:27:13,669 --> 00:27:11,820

it up to Dr Taylor and I said hey look

625

00:27:14,810 --> 00:27:13,679

this is what I found at nro it sounds

626

00:27:17,149 --> 00:27:14,820

like that's what you're talking about

627

00:27:20,630 --> 00:27:17,159

and he was nodding his head what's my

628

00:27:23,990 --> 00:27:20,640

point here it doesn't it could mean that

629

00:27:25,669 --> 00:27:24,000

there's no Core group but rather they're

630

00:27:28,850 --> 00:27:25,679

pulling assets from all these different

631

00:27:30,890 --> 00:27:28,860

corners of branches and agencies and I

632

00:27:32,630 --> 00:27:30,900

get it I I mean I would hope that that's

633

00:27:34,549 --> 00:27:32,640

not the case with arrow because I think

634

00:27:36,049 --> 00:27:34,559

that they have a little bit more

635

00:27:37,970 --> 00:27:36,059

sunshine on them there's a little bit

636

00:27:39,769 --> 00:27:37,980

more Spotlight a little bit more money

637

00:27:43,010 --> 00:27:39,779

so hopefully it's a little bit more

638

00:27:44,990 --> 00:27:43,020

structured but if it is that way again

639

00:27:48,649 --> 00:27:45,000

it wouldn't surprise me because that's

640

00:27:50,269 --> 00:27:48,659

kind of how it's been and Luis Elizondo

641

00:27:52,370 --> 00:27:50,279

May disagree with me but kind of sounds

642

00:27:54,769 --> 00:27:52,380

like how atip may have been also just

643

00:27:56,149 --> 00:27:54,779

people that have their core job and then

644

00:27:58,430 --> 00:27:56,159

we're kind of doing some stuff on the

645

00:27:59,930 --> 00:27:58,440

side you got a little hobby little hobby

646

00:28:02,990 --> 00:27:59,940

effort

647

00:28:05,630 --> 00:28:03,000

um uh I say that in just every month

648

00:28:07,250 --> 00:28:05,640

yeah I mean but I'm sure some people get

649

00:28:10,190 --> 00:28:07,260

insulted that you just called it a hobby

650

00:28:12,890 --> 00:28:10,200

but but I think you're accurate though

651
00:28:15,289 --> 00:28:12,900
like I I think I think I think that's an

652
00:28:17,570 --> 00:28:15,299
accurate way to put it now

653
00:28:21,169 --> 00:28:17,580
um there's there's another interesting

654
00:28:25,010 --> 00:28:21,179
part to this though where a couple of

655
00:28:26,990 --> 00:28:25,020
years ago we had Marco Rubio being

656
00:28:31,549 --> 00:28:27,000
stopped in airports and being questioned

657
00:28:34,549 --> 00:28:31,559
by TMZ right there was a lot of Jilla

658
00:28:38,630 --> 00:28:34,559
brand and there was a lot of uh action

659
00:28:41,149 --> 00:28:38,640
going on on the hill and and you felt

660
00:28:43,850 --> 00:28:41,159
that this was a subject that everybody

661
00:28:46,909 --> 00:28:43,860
was aware of and this was moving forward

662
00:28:49,250 --> 00:28:46,919
we had the UAP task force report of

663
00:28:50,690 --> 00:28:49,260

course we had the hearing a few months

664

00:28:53,990 --> 00:28:50,700

ago too as well

665

00:28:56,570 --> 00:28:54,000

things have simmered down right it's not

666

00:28:58,250 --> 00:28:56,580

like it was before why do you think that

667

00:29:00,769 --> 00:28:58,260

is

668

00:29:03,890 --> 00:29:00,779

well I'm not I'm not sure uh and and I

669

00:29:06,169 --> 00:29:03,900

got John we have zero leaks

670

00:29:07,909 --> 00:29:06,179

how many right have over the last two

671

00:29:11,510 --> 00:29:07,919

years you're ABS you're absolutely

672

00:29:14,029 --> 00:29:11,520

absolutely right and I mean I said this

673

00:29:16,070 --> 00:29:14,039

a week or two ago and and of course you

674

00:29:17,870 --> 00:29:16,080

know the normal groups come after me for

675

00:29:20,389 --> 00:29:17,880

saying it but I feel that the

676

00:29:22,970 --> 00:29:20,399

Congressional interest is waning

677

00:29:25,190 --> 00:29:22,980

um I the the blowback that I got was

678

00:29:27,049 --> 00:29:25,200

well it's it's election it's a midterms

679

00:29:29,570 --> 00:29:27,059

you know that they just don't they have

680

00:29:31,010 --> 00:29:29,580

something to to to to focus on they

681

00:29:33,889 --> 00:29:31,020

don't care about the UAP report and

682

00:29:36,110 --> 00:29:33,899

that's fair but midterms are over I

683

00:29:37,490 --> 00:29:36,120

still don't see anything and to go to

684

00:29:39,649 --> 00:29:37,500

what you said you're absolutely right

685

00:29:41,510 --> 00:29:39,659

the run-up to the June report we had

686

00:29:43,070 --> 00:29:41,520

leak after leak after leak it's like

687

00:29:47,149 --> 00:29:43,080

somebody turned the faucet on and just

688

00:29:49,250 --> 00:29:47,159

let this stuff you know drip out uh pour

689

00:29:50,930 --> 00:29:49,260

out how many phone calls did you and I

690

00:29:52,669 --> 00:29:50,940

have back then okay what'd you hear

691

00:29:55,310 --> 00:29:52,679

today well I heard this well this one I

692

00:29:57,590 --> 00:29:55,320

got yeah we did that constantly John

693

00:29:59,810 --> 00:29:57,600

that's gone now yeah there's there's

694

00:30:02,570 --> 00:29:59,820

there's really kind of nothing you know

695

00:30:04,310 --> 00:30:02,580

there's no there's no leaks that that

696

00:30:07,549 --> 00:30:04,320

I'm aware of there's no new videos

697

00:30:09,470 --> 00:30:07,559

there's no new photos it's it's rather

698

00:30:12,409 --> 00:30:09,480

snoozy on that front so the question

699

00:30:14,870 --> 00:30:12,419

mark is why what happened to all of

700

00:30:17,269 --> 00:30:14,880

those sources that people had that were

701
00:30:19,310 --> 00:30:17,279
leaking this material and making a big

702
00:30:21,230 --> 00:30:19,320
deal out of it last year I'm not

703
00:30:24,769 --> 00:30:21,240
knocking on those who published that

704
00:30:26,330 --> 00:30:24,779
material rather I I've long given them a

705
00:30:28,250 --> 00:30:26,340
lot of credit since day one because

706
00:30:30,110 --> 00:30:28,260
they're one of the very few

707
00:30:32,810 --> 00:30:30,120
quote-unquote leaks with Anonymous

708
00:30:35,389 --> 00:30:32,820
sources that I've complemented because

709
00:30:37,850 --> 00:30:35,399
the government admitted yes we those are

710
00:30:40,490 --> 00:30:37,860
real those are real videos we've used

711
00:30:42,350 --> 00:30:40,500
them in the UAP task force they wouldn't

712
00:30:44,750 --> 00:30:42,360
tell me if they were unidentified or not

713
00:30:48,110 --> 00:30:44,760

but regardless it was like it checked

714

00:30:49,630 --> 00:30:48,120

out and and where are those sources that

715

00:30:52,789 --> 00:30:49,640

wanted to keep leaking that information

716

00:30:55,490 --> 00:30:52,799

the media was as you noted asking

717

00:30:57,830 --> 00:30:55,500

question after question TMZ doing those

718

00:30:59,750 --> 00:30:57,840

man on the streets running up to to to

719

00:31:01,310 --> 00:30:59,760

to Congress people on the street going

720

00:31:04,970 --> 00:31:01,320

what do you what do you think about uaps

721

00:31:08,630 --> 00:31:04,980

what about UFOs none of that is is going

722

00:31:10,669 --> 00:31:08,640

on so is the media to blame for that I

723

00:31:13,610 --> 00:31:10,679

don't think so I and the reason I say

724

00:31:15,169 --> 00:31:13,620

that is any UFO thing happens still gets

725

00:31:17,450 --> 00:31:15,179

a lot of attention right now it's just

726

00:31:19,490 --> 00:31:17,460

the sadly there's not a whole lot of

727

00:31:22,549 --> 00:31:19,500

stuff happening so the media is right

728

00:31:25,190 --> 00:31:22,559

there to catch the ball and report on

729

00:31:27,350 --> 00:31:25,200

UFO related stuff but nothing is

730

00:31:30,649 --> 00:31:27,360

happening so that's why I fell back and

731

00:31:34,250 --> 00:31:30,659

defaulted to this seems like a waning of

732

00:31:35,990 --> 00:31:34,260

congressional interest that is not a

733

00:31:38,090 --> 00:31:36,000

popular thing to say trust me I'll get

734

00:31:41,510 --> 00:31:38,100

hate mail for saying it but it just

735

00:31:43,490 --> 00:31:41,520

there's no push right now because in my

736

00:31:46,389 --> 00:31:43,500

opinion again midterms are over so let's

737

00:31:48,950 --> 00:31:46,399

just get beyond that for a second

738

00:31:50,810 --> 00:31:48,960

those that were really interested in

739

00:31:52,430 --> 00:31:50,820

this can make a phone call even make

740

00:31:55,250 --> 00:31:52,440

their aides make that phone call and

741

00:31:58,190 --> 00:31:55,260

start pressuring or is that pressure

742

00:31:59,750 --> 00:31:58,200

going on maybe but I would think if that

743

00:32:02,330 --> 00:31:59,760

pressure was going on OD and I would

744

00:32:05,149 --> 00:32:02,340

have that report out so my question is

745

00:32:07,190 --> 00:32:05,159

did OD and I pick up the phone

746

00:32:09,590 --> 00:32:07,200

call whatever Congressional committee

747

00:32:11,810 --> 00:32:09,600

Aid or staff staff or whomever and say

748

00:32:12,950 --> 00:32:11,820

hey by the way guys sorry October 31st

749

00:32:15,049 --> 00:32:12,960

our deadline but we're going to be late

750

00:32:16,789 --> 00:32:15,059

so expect it in a few weeks other end

751

00:32:18,950 --> 00:32:16,799

goes yeah all right who cares and uh

752

00:32:22,370 --> 00:32:18,960

hangs up and that's it everybody's happy

753

00:32:24,590 --> 00:32:22,380

and this is all normal except now UFO

754

00:32:27,529 --> 00:32:24,600

Twitter and the general public starts

755

00:32:30,830 --> 00:32:27,539

making every conspiracy in a book and

756

00:32:32,269 --> 00:32:30,840

and making this a much bigger issue I

757

00:32:33,769 --> 00:32:32,279

don't know if that's true or not but my

758

00:32:36,529 --> 00:32:33,779

whole point is we have no idea what's

759

00:32:38,630 --> 00:32:36,539

going on so on Monday of this week one

760

00:32:40,669 --> 00:32:38,640

of my last follow-ups with odni is I

761

00:32:42,230 --> 00:32:40,679

asked them that direct question so

762

00:32:44,870 --> 00:32:42,240

instead of saying what's the date of the

763

00:32:48,010 --> 00:32:44,880

report can you confirm this can you deny

764

00:32:50,510 --> 00:32:48,020

that no no it was was Congress aware

765

00:32:52,370 --> 00:32:50,520

that this report was going to be late

766

00:32:54,830 --> 00:32:52,380

was there some kind of communication

767

00:32:57,590 --> 00:32:54,840

just to alert them that's it that's all

768

00:33:01,190 --> 00:32:57,600

I wanted to get and I still I cannot get

769

00:33:04,130 --> 00:33:01,200

a response so what does it mean I'm not

770

00:33:06,889 --> 00:33:04,140

sure but I can tell you that once it

771

00:33:08,510 --> 00:33:06,899

drops the the amount of cases that I can

772

00:33:11,269 --> 00:33:08,520

file will answer all those questions

773

00:33:15,950 --> 00:33:11,279

whether they want me to or not

774

00:33:18,710 --> 00:33:15,960

here is let me pop this up for you so

775

00:33:24,470 --> 00:33:18,720

you can check this out

776

00:33:26,750 --> 00:33:24,480

here is uh your letter that you received

777

00:33:30,830 --> 00:33:26,760

uh it says right there at the top Office

778

00:33:33,529 --> 00:33:30,840

of the Director of National Intelligence

779

00:33:36,350 --> 00:33:33,539

that's uh it's got to make you tighten

780

00:33:40,730 --> 00:33:36,360

up just a little bit and this is dated

781

00:33:42,289 --> 00:33:40,740

November 16th that's last week take us

782

00:33:45,230 --> 00:33:42,299

through this and why is it so

783

00:33:48,289 --> 00:33:45,240

significant yeah so there were a lot of

784

00:33:50,930 --> 00:33:48,299

of rumors and again everybody's got

785

00:33:53,450 --> 00:33:50,940

sources and this and that I I try and

786

00:33:55,730 --> 00:33:53,460

get you the most accurate story possible

787

00:33:57,590 --> 00:33:55,740

this was the first time that they put in

788

00:34:00,289 --> 00:33:57,600

writing that the report was not

789

00:34:01,730 --> 00:34:00,299

delivered why I'm saying that is there

790

00:34:03,649 --> 00:34:01,740

were some rumors that were going around

791

00:34:08,389 --> 00:34:03,659

that said that the classified version

792

00:34:10,790 --> 00:34:08,399

was delivered on time uh and uh I don't

793

00:34:12,050 --> 00:34:10,800

need to to to to to to put anybody's uh

794

00:34:14,169 --> 00:34:12,060

name out there but they're names that

795

00:34:16,609 --> 00:34:14,179

you would recognize that put that

796

00:34:19,430 --> 00:34:16,619

definitively out there and it was

797

00:34:22,070 --> 00:34:19,440

inaccurate uh so this was the first time

798

00:34:23,750 --> 00:34:22,080

with a source with a case number that

799

00:34:26,270 --> 00:34:23,760

showed that the report had not been

800

00:34:30,589 --> 00:34:26,280

provided to Congress now I don't like

801
00:34:32,750 --> 00:34:30,599
nitpicking too much but but I will note

802
00:34:34,669 --> 00:34:32,760
one thing the Highlight that I put as of

803
00:34:36,649 --> 00:34:34,679
the date of this communication the

804
00:34:38,990 --> 00:34:36,659
report has not yet been provided to

805
00:34:41,930 --> 00:34:39,000
Congress the next line given that we

806
00:34:44,329 --> 00:34:41,940
expect the final report to be provided

807
00:34:46,070 --> 00:34:44,339
in short order we we have opened this

808
00:34:48,349 --> 00:34:46,080
case in a hold status and we'll begin

809
00:34:50,690 --> 00:34:48,359
processing your request once the report

810
00:34:52,730 --> 00:34:50,700
has been conveyed to the hill there's a

811
00:34:55,369 --> 00:34:52,740
couple things that I feel you can glean

812
00:34:57,890 --> 00:34:55,379
from that number one the first line says

813
00:35:01,190 --> 00:34:57,900

report the second line says final report

814

00:35:02,930 --> 00:35:01,200

to me from a legal standpoint that tells

815

00:35:05,390 --> 00:35:02,940

me there's drafts floating around and

816

00:35:09,170 --> 00:35:05,400

that's a it's an it's an out it's an out

817

00:35:12,170 --> 00:35:09,180

right well it's it shows me that there

818

00:35:14,089 --> 00:35:12,180

there is a product created meaning the

819

00:35:15,890 --> 00:35:14,099

report so they have something the report

820

00:35:17,930 --> 00:35:15,900

just hasn't been given over why because

821

00:35:20,450 --> 00:35:17,940

it's not final yet that's right that's

822

00:35:22,910 --> 00:35:20,460

that's what I'm saying the out is the

823

00:35:25,790 --> 00:35:22,920

the word final right there may be

824

00:35:27,770 --> 00:35:25,800

correct report but it's not the final

825

00:35:29,390 --> 00:35:27,780

one but it's not but it's not final and

826
00:35:30,950 --> 00:35:29,400
has not been provided to Congress which

827
00:35:33,829 --> 00:35:30,960
again goes to your previous question of

828
00:35:36,530 --> 00:35:33,839
do I think something was drafted yes I

829
00:35:38,390 --> 00:35:36,540
believe evidence points to not only just

830
00:35:40,609 --> 00:35:38,400
you know secret conversations or

831
00:35:43,010 --> 00:35:40,619
whatever people have but rather this is

832
00:35:46,670 --> 00:35:43,020
in writing in addition if a report is

833
00:35:50,630 --> 00:35:46,680
not not made I would be highly doubtful

834
00:35:52,970 --> 00:35:50,640
that a anybody from odni would put on

835
00:35:55,609 --> 00:35:52,980
official letterhead that a report is

836
00:35:57,770 --> 00:35:55,619
going to be delivered in short order

837
00:35:59,870 --> 00:35:57,780
so why would they do that if the report

838
00:36:02,870 --> 00:35:59,880

didn't even exist they're locking

839

00:36:04,550 --> 00:36:02,880

themselves into a corner if they have no

840

00:36:06,770 --> 00:36:04,560

product whatsoever product meaning

841

00:36:08,710 --> 00:36:06,780

report so they have no product but then

842

00:36:11,270 --> 00:36:08,720

they tell somebody with a legal case

843

00:36:13,790 --> 00:36:11,280

it'll be delivered in short order so

844

00:36:16,010 --> 00:36:13,800

we'll file your case and keep it on a

845

00:36:18,290 --> 00:36:16,020

hold status until it gets delivered I

846

00:36:20,450 --> 00:36:18,300

don't see that happening uh

847

00:36:23,030 --> 00:36:20,460

for those that care from that legal

848

00:36:24,530 --> 00:36:23,040

standpoint if something is in draft but

849

00:36:26,630 --> 00:36:24,540

maybe six months out from being

850

00:36:30,170 --> 00:36:26,640

delivered they'll reject it under

851

00:36:32,089 --> 00:36:30,180

exemption B5 and what exemption B5 is in

852

00:36:35,089 --> 00:36:32,099

in plain English is internal

853

00:36:38,510 --> 00:36:35,099

deliberation any draft document they

854

00:36:41,450 --> 00:36:38,520

they consider a internal deliberative

855

00:36:45,170 --> 00:36:41,460

working product so it's exempt from foia

856

00:36:46,870 --> 00:36:45,180

and the moment it goes final that is

857

00:36:49,970 --> 00:36:46,880

foia a bull

858

00:36:53,510 --> 00:36:49,980

may fit into uh different exemptions but

859

00:36:55,609 --> 00:36:53,520

not B5 as a draft so there's a lot of

860

00:36:56,990 --> 00:36:55,619

again legal jargon going on here but I

861

00:37:00,410 --> 00:36:57,000

think that there's a product I think

862

00:37:03,410 --> 00:37:00,420

there's drafts maybe multiple drafts and

863

00:37:06,430 --> 00:37:03,420

uh hopefully if their letter is true it

864

00:37:09,950 --> 00:37:06,440

will be delivered here hopefully soon

865

00:37:12,670 --> 00:37:09,960

the uh the press conferences over the

866

00:37:15,050 --> 00:37:12,680

last few years uh with many

867

00:37:16,430 --> 00:37:15,060

representatives uh either from the

868

00:37:19,250 --> 00:37:16,440

Department of Defense or from the White

869

00:37:22,490 --> 00:37:19,260

House them uh directly

870

00:37:24,829 --> 00:37:22,500

um had pages in their binders

871

00:37:28,069 --> 00:37:24,839

John Pages they have pages in The

872

00:37:30,470 --> 00:37:28,079

binders question comes up UAP they go to

873

00:37:33,290 --> 00:37:30,480

the use they flip open the butt and

874

00:37:36,710 --> 00:37:33,300

they've got a response uh over the last

875

00:37:38,270 --> 00:37:36,720

month uh you and I have both seen some

876

00:37:41,870 --> 00:37:38,280

of the responses at those press

877

00:37:44,990 --> 00:37:41,880

conferences and those pages are missing

878

00:37:47,569 --> 00:37:45,000

from those binders nobody's got any

879

00:37:50,930 --> 00:37:47,579

information at all

880

00:37:53,690 --> 00:37:50,940

yes and that may just be because there's

881

00:37:55,130 --> 00:37:53,700

not much to report on those pages I

882

00:37:56,630 --> 00:37:55,140

don't I was going to try and pull it up

883

00:37:58,490 --> 00:37:56,640

quickly for you to share but I don't

884

00:38:00,170 --> 00:37:58,500

want to waste too much time but

885

00:38:02,150 --> 00:38:00,180

um I got those what they're called

886

00:38:05,569 --> 00:38:02,160

briefing cards for the for the

887

00:38:08,270 --> 00:38:05,579

spokespeople and those briefing cards

888

00:38:10,430 --> 00:38:08,280

take all the approved language that they

889

00:38:14,030 --> 00:38:10,440

can use and talk about all the different

890

00:38:16,430 --> 00:38:14,040

talking points that was the 2021 UAP

891

00:38:18,890 --> 00:38:16,440

task force briefing card uh there was

892

00:38:21,589 --> 00:38:18,900

another one for the UAP report and a

893

00:38:23,750 --> 00:38:21,599

couple select others I have all of them

894

00:38:25,430 --> 00:38:23,760

uh which I can send you the link or

895

00:38:28,190 --> 00:38:25,440

maybe during your break I forget what

896

00:38:31,970 --> 00:38:28,200

time it is but I'll I'll pull up the URL

897

00:38:34,430 --> 00:38:31,980

and tweet it out now to 2021

898

00:38:37,490 --> 00:38:34,440

I'm not sure what the explanation is

899

00:38:38,990 --> 00:38:37,500

they may still have them internally but

900

00:38:40,670 --> 00:38:39,000

most of the spokespeople that are

901
00:38:41,990 --> 00:38:40,680
Fielding the questions and credit to the

902
00:38:44,630 --> 00:38:42,000
journalists that are brave enough to ask

903
00:38:46,430 --> 00:38:44,640
there's only a few but in the Pentagon

904
00:38:48,170 --> 00:38:46,440
briefing room

905
00:38:51,109 --> 00:38:48,180
um there's nothing to reference because

906
00:38:52,609 --> 00:38:51,119
they have nothing to add and so they're

907
00:38:54,109 --> 00:38:52,619
just saying like oh yeah we just we

908
00:38:57,109 --> 00:38:54,119
don't know why the report's late you

909
00:38:58,910 --> 00:38:57,119
gotta take it up to OD and I that was

910
00:39:02,630 --> 00:38:58,920
the last Pentagon briefing that I'm

911
00:39:06,890 --> 00:39:02,640
aware of where uap's UAP came up where

912
00:39:10,609 --> 00:39:06,900
the the deputy uh spokesperson for the

913
00:39:13,730 --> 00:39:10,619

Pentagon she had said as far as I know

914

00:39:15,829 --> 00:39:13,740

odni still has the report and what that

915

00:39:18,710 --> 00:39:15,839

does is essentially shuts off any

916

00:39:22,130 --> 00:39:18,720

ability for her to comment and so that

917

00:39:24,770 --> 00:39:22,140

for me anyway was that was her out that

918

00:39:27,349 --> 00:39:24,780

was a sorry odni has it so you have to

919

00:39:29,450 --> 00:39:27,359

get a comment from OD and I because it's

920

00:39:31,310 --> 00:39:29,460

out of her purview she can't comment on

921

00:39:33,890 --> 00:39:31,320

it just like a White House spokesperson

922

00:39:36,530 --> 00:39:33,900

can't comment on State Department issues

923

00:39:38,930 --> 00:39:36,540

and vice versa so those spokespeople are

924

00:39:41,089 --> 00:39:38,940

the voice of that agency and the minute

925

00:39:43,790 --> 00:39:41,099

it goes to another agency they're out

926
00:39:45,530 --> 00:39:43,800
and so I I think that those briefing

927
00:39:47,510 --> 00:39:45,540
cards there's no nothing in the binders

928
00:39:50,030 --> 00:39:47,520
because there's absolutely nothing there

929
00:39:52,310 --> 00:39:50,040
they're just saying hey sorry no comment

930
00:39:55,910 --> 00:39:52,320
we're just waiting for the report I'm

931
00:39:58,430 --> 00:39:55,920
not familiar with like odni briefings

932
00:40:00,109 --> 00:39:58,440
I'm not familiar with how those work if

933
00:40:03,410 --> 00:40:00,119
at all if they have briefings like state

934
00:40:04,849 --> 00:40:03,420
department and so on I'm just again a

935
00:40:06,109 --> 00:40:04,859
lot of those other agencies if they do

936
00:40:08,870 --> 00:40:06,119
have briefings are generally not

937
00:40:10,609 --> 00:40:08,880
recorded uh like like the Pentagon

938
00:40:13,430 --> 00:40:10,619

briefings are you can access those

939

00:40:15,650 --> 00:40:13,440

videos a lot of times obviously the news

940

00:40:17,390 --> 00:40:15,660

broadcasts the White House ones but OD

941

00:40:19,970 --> 00:40:17,400

and I am not real familiar with but

942

00:40:22,609 --> 00:40:19,980

regardless there's zero on the record

943

00:40:25,970 --> 00:40:22,619

statement that I've seen from anybody at

944

00:40:28,069 --> 00:40:25,980

odni on UAP related issue so at this

945

00:40:30,250 --> 00:40:28,079

point there's nothing in the binders

946

00:40:34,490 --> 00:40:30,260

because there's just nothing

947

00:40:37,630 --> 00:40:34,500

why do you think there seems to be

948

00:40:42,589 --> 00:40:37,640

a thumbing at the nose

949

00:40:44,950 --> 00:40:42,599

about uh the Mandate of October 31st

950

00:40:47,990 --> 00:40:44,960

um it doesn't seem like there's any

951
00:40:49,490 --> 00:40:48,000
responsibility there that you know there

952
00:40:53,690 --> 00:40:49,500
isn't any

953
00:40:57,290 --> 00:40:53,700
it's it seemed like the verbiage that of

954
00:40:59,030 --> 00:40:57,300
verbiage the knowledge right the the

955
00:41:01,730 --> 00:40:59,040
wordage

956
00:41:03,890 --> 00:41:01,740
um about that was that it was law that

957
00:41:07,490 --> 00:41:03,900
this was now this was now law October

958
00:41:11,089 --> 00:41:07,500
31st this date is Islam this is a

959
00:41:13,730 --> 00:41:11,099
requirement well it seems like nobody

960
00:41:17,450 --> 00:41:13,740
cares because that date came and went

961
00:41:20,089 --> 00:41:17,460
and there was no response back uh to the

962
00:41:22,730 --> 00:41:20,099
public or to Congress uh about why this

963
00:41:25,910 --> 00:41:22,740

date was missed yeah I think it's it's

964

00:41:28,069 --> 00:41:25,920

it's clearly a mandated report and I

965

00:41:30,470 --> 00:41:28,079

think that's the most the most accurate

966

00:41:32,810 --> 00:41:30,480

word to describe what's going on is that

967

00:41:35,390 --> 00:41:32,820

it is mandated to be delivered on

968

00:41:37,550 --> 00:41:35,400

October 31st where we're left to

969

00:41:39,710 --> 00:41:37,560

speculate is why it's not here is there

970

00:41:41,569 --> 00:41:39,720

a disregard for that mandate do they

971

00:41:42,490 --> 00:41:41,579

just say ah who cares what Congress

972

00:41:46,069 --> 00:41:42,500

wants

973

00:41:47,810 --> 00:41:46,079

you know yeah I mean can we say that no

974

00:41:49,250 --> 00:41:47,820

because we have we have nothing to to

975

00:41:51,829 --> 00:41:49,260

gauge that on

976

00:41:53,089 --> 00:41:51,839

I I bring up that did somebody call the

977

00:41:54,710 --> 00:41:53,099

congressional committees and just say

978

00:41:56,630 --> 00:41:54,720

hey just a heads up miles we're really

979

00:41:57,910 --> 00:41:56,640

sorry but uh we're kind of behind and

980

00:42:00,349 --> 00:41:57,920

yeah

981

00:42:02,450 --> 00:42:00,359

that would leak

982

00:42:04,270 --> 00:42:02,460

that would leap because there's a

983

00:42:07,190 --> 00:42:04,280

political Advantage there for somebody

984

00:42:11,210 --> 00:42:07,200

right and that kind of stuff would would

985

00:42:12,470 --> 00:42:11,220

leak out that's that's why yeah because

986

00:42:15,230 --> 00:42:12,480

they're

987

00:42:18,349 --> 00:42:15,240

and Washington is nothing but leaks and

988

00:42:21,410 --> 00:42:18,359

rumors right and in in in this instance

989

00:42:23,750 --> 00:42:21,420

John we've got nothing where we used to

990

00:42:25,670 --> 00:42:23,760

have a lot of it there's plenty of leaks

991

00:42:28,490 --> 00:42:25,680

coming out of Washington DC on other

992

00:42:30,589 --> 00:42:28,500

issues everybody's talking and jocking

993

00:42:32,510 --> 00:42:30,599

for a position uh this time around

994

00:42:34,150 --> 00:42:32,520

there's there's absolutely nothing which

995

00:42:36,410 --> 00:42:34,160

says to me maybe there's not a report

996

00:42:39,109 --> 00:42:36,420

maybe there's nothing going on maybe

997

00:42:41,270 --> 00:42:39,119

nobody cares maybe maybe and I know it's

998

00:42:44,450 --> 00:42:41,280

a Pandora's Box that I'm opening here

999

00:42:46,670 --> 00:42:44,460

but I can't help but feel that way

1000

00:42:50,810 --> 00:42:46,680

well I I think I go to the New York

1001
00:42:54,589 --> 00:42:50,820
Times Julian Barnes article wherein he's

1002
00:42:57,050 --> 00:42:54,599
clearly a established reporter

1003
00:42:59,270 --> 00:42:57,060
I've had my fair share of videos and

1004
00:43:01,430 --> 00:42:59,280
Strikes against the New York Times as as

1005
00:43:02,930 --> 00:43:01,440
a media outlet and how they've reported

1006
00:43:06,109 --> 00:43:02,940
on this topic

1007
00:43:07,849 --> 00:43:06,119
but for Julian Barnes to report on

1008
00:43:10,790 --> 00:43:07,859
something that doesn't exist and have

1009
00:43:13,670 --> 00:43:10,800
some very specific details I don't buy

1010
00:43:15,770 --> 00:43:13,680
it I believe that whomever his Source

1011
00:43:18,950 --> 00:43:15,780
was and this is just a guess that

1012
00:43:21,530 --> 00:43:18,960
whomever his Source was had a draft that

1013
00:43:24,470 --> 00:43:21,540

internally they believed was going to go

1014

00:43:26,750 --> 00:43:24,480

to press accordingly essentially that it

1015

00:43:28,309 --> 00:43:26,760

was essentially final they were going to

1016

00:43:30,349 --> 00:43:28,319

you know dot some T's and cross some

1017

00:43:32,690 --> 00:43:30,359

eyes or whatever but they were going to

1018

00:43:35,870 --> 00:43:32,700

finish it up and they were gonna send it

1019

00:43:39,589 --> 00:43:35,880

over to the hill they give Julian Barnes

1020

00:43:41,510 --> 00:43:39,599

the heads up uh give some some essential

1021

00:43:43,730 --> 00:43:41,520

talking points and light items from the

1022

00:43:45,950 --> 00:43:43,740

report that weren't classified Julian

1023

00:43:47,569 --> 00:43:45,960

Barnes turns around he reports what he

1024

00:43:49,970 --> 00:43:47,579

does in the New York Times and UFO

1025

00:43:53,690 --> 00:43:49,980

Twitter goes nuts why I'm bringing up

1026

00:43:56,690 --> 00:43:53,700

that is to think that somebody like him

1027

00:44:00,349 --> 00:43:56,700

at the New York Times again even with my

1028

00:44:02,870 --> 00:44:00,359

criticism uh that's pretty palpable over

1029

00:44:04,790 --> 00:44:02,880

the last few years for him to report on

1030

00:44:08,390 --> 00:44:04,800

something that didn't exist I don't buy

1031

00:44:12,710 --> 00:44:08,400

it so I think he saw something what he

1032

00:44:14,930 --> 00:44:12,720

has to account for is when I don't think

1033

00:44:17,870 --> 00:44:14,940

it's if I think it's when this report

1034

00:44:20,510 --> 00:44:17,880

drops to the public and what he reported

1035

00:44:23,990 --> 00:44:20,520

on is not in that report

1036

00:44:27,349 --> 00:44:24,000

we have some questions we do we do we do

1037

00:44:29,630 --> 00:44:27,359

we do and so is it misinformation is it

1038

00:44:32,770 --> 00:44:29,640

disinformation on Whose part though

1039

00:44:36,109 --> 00:44:32,780

right well let me finish

1040

00:44:40,910 --> 00:44:36,119

let me finish is it something that he

1041

00:44:43,790 --> 00:44:40,920

saw or was it something that he was told

1042

00:44:46,609 --> 00:44:43,800

you know two different things and and

1043

00:44:48,530 --> 00:44:46,619

did he jumped the gun and certainly in

1044

00:44:49,750 --> 00:44:48,540

that article you're right he better be

1045

00:44:52,730 --> 00:44:49,760

right because

1046

00:44:54,530 --> 00:44:52,740

he seriously implied that this report

1047

00:44:56,990 --> 00:44:54,540

was going to point the finger at China

1048

00:44:59,809 --> 00:44:57,000

and that this is a terrestrial thing

1049

00:45:02,450 --> 00:44:59,819

which is the exact opposite of the last

1050

00:45:06,410 --> 00:45:02,460

UAP task force report which clearly

1051
00:45:08,150 --> 00:45:06,420
stated everything but that so that's

1052
00:45:10,190 --> 00:45:08,160
that's where I'm going was it

1053
00:45:12,589 --> 00:45:10,200
misinformation and disinformation there

1054
00:45:14,510 --> 00:45:12,599
were a few media Outlets that had a

1055
00:45:16,730 --> 00:45:14,520
different story too as well that weren't

1056
00:45:19,670 --> 00:45:16,740
even close to what Julian was writing

1057
00:45:22,010 --> 00:45:19,680
about and they were they were talking

1058
00:45:26,089 --> 00:45:22,020
about they were tipped off too and it

1059
00:45:28,670 --> 00:45:26,099
turns out that nobody knew anything

1060
00:45:30,470 --> 00:45:28,680
I would say you know what's funny is

1061
00:45:32,089 --> 00:45:30,480
that if you read both articles there was

1062
00:45:34,430 --> 00:45:32,099
one in the Daily Mail which is I think

1063
00:45:35,990 --> 00:45:34,440

what you're referring to right and and

1064

00:45:37,190 --> 00:45:36,000

you juxtapose that with the New York

1065

00:45:40,490 --> 00:45:37,200

Times

1066

00:45:43,069 --> 00:45:40,500

they could have very well seen the exact

1067

00:45:46,010 --> 00:45:43,079

same thing and reported on the exact

1068

00:45:47,809 --> 00:45:46,020

same thing but had their respective spin

1069

00:45:50,750 --> 00:45:47,819

and you have Julian Barnes who's

1070

00:45:53,089 --> 00:45:50,760

obviously not respecting this topic

1071

00:45:55,370 --> 00:45:53,099

whatsoever a lot of people jumped on

1072

00:45:58,550 --> 00:45:55,380

them for that whatever I don't care I'm

1073

00:46:02,630 --> 00:45:58,560

used to it you know if it's accurate

1074

00:46:05,930 --> 00:46:02,640

fine if it's if it's you know dripping

1075

00:46:08,030 --> 00:46:05,940

with bias then I'll call it out uh it

1076

00:46:10,970 --> 00:46:08,040

was clear that he just doesn't have a

1077

00:46:13,190 --> 00:46:10,980

respect for this but he could be doing a

1078

00:46:14,990 --> 00:46:13,200

straightforward reporting note that he

1079

00:46:18,230 --> 00:46:15,000

used the word many

1080

00:46:20,210 --> 00:46:18,240

that could be attributed to Chinese

1081

00:46:22,370 --> 00:46:20,220

drones or whatever the way he worded it

1082

00:46:25,190 --> 00:46:22,380

but the key word being many he didn't

1083

00:46:26,750 --> 00:46:25,200

say all so what does many mean right so

1084

00:46:30,770 --> 00:46:26,760

now we got to get into semantics what

1085

00:46:33,290 --> 00:46:30,780

does Julian Barnes mean by many 50 75 95

1086

00:46:35,030 --> 00:46:33,300

percent one percent what does that mean

1087

00:46:37,069 --> 00:46:35,040

you know and and we don't we don't have

1088

00:46:39,109 --> 00:46:37,079

the answer to that in the same respect

1089

00:46:41,030 --> 00:46:39,119

you looked at the Daily Mail they could

1090

00:46:43,130 --> 00:46:41,040

have seen the exact same either talking

1091

00:46:44,990 --> 00:46:43,140

points or maybe the a draft report

1092

00:46:46,730 --> 00:46:45,000

leaked we don't know journalists aren't

1093

00:46:49,309 --> 00:46:46,740

going to give up their their sources or

1094

00:46:51,770 --> 00:46:49,319

or how they they got it or or in what

1095

00:46:53,510 --> 00:46:51,780

way or whatever and that's fine but

1096

00:46:55,910 --> 00:46:53,520

whatever they saw

1097

00:46:58,790 --> 00:46:55,920

The Daily Mail is going to spin it kind

1098

00:47:01,250 --> 00:46:58,800

of an opposite direction that instead of

1099

00:47:03,410 --> 00:47:01,260

focusing on the many are Chinese

1100

00:47:05,510 --> 00:47:03,420

platforms whatever they're going to

1101

00:47:08,390 --> 00:47:05,520

focus on the other part that's not part

1102

00:47:11,569 --> 00:47:08,400

of the many you know and what is the

1103

00:47:14,150 --> 00:47:11,579

percentage we don't know uh I if I were

1104

00:47:15,890 --> 00:47:14,160

to guess it's it's about 50 if they if

1105

00:47:18,410 --> 00:47:15,900

they come out and say that they've

1106

00:47:21,710 --> 00:47:18,420

investigated X number of cases and

1107

00:47:23,450 --> 00:47:21,720

roughly 50 percent are explainable I

1108

00:47:26,210 --> 00:47:23,460

will consider that a fascinating

1109

00:47:28,910 --> 00:47:26,220

development not because 50 are

1110

00:47:31,870 --> 00:47:28,920

explainable but rather 50 percent are

1111

00:47:34,190 --> 00:47:31,880

unexplainable I would even take a 75 25

1112

00:47:35,809 --> 00:47:34,200

split because when you look at the

1113

00:47:37,309 --> 00:47:35,819

public realm and we'll call it open

1114

00:47:39,790 --> 00:47:37,319

source intelligence

1115

00:47:42,530 --> 00:47:39,800

you look at all of that is it really 25

1116

00:47:45,230 --> 00:47:42,540

truly unidentified cases out there no

1117

00:47:47,390 --> 00:47:45,240

it's a very small percentage uh I mean

1118

00:47:49,609 --> 00:47:47,400

anybody who really looks at this with

1119

00:47:52,790 --> 00:47:49,619

common sense sees that it's in probably

1120

00:47:56,030 --> 00:47:52,800

the single digits of cases yeah what's

1121

00:47:57,530 --> 00:47:56,040

that two percent I would buy that right

1122

00:47:59,930 --> 00:47:57,540

so if the government if the government

1123

00:48:01,870 --> 00:47:59,940

comes out and they say it's 90 we've

1124

00:48:04,309 --> 00:48:01,880

explained 95

1125

00:48:06,170 --> 00:48:04,319

of everything that's going on people

1126
00:48:08,150 --> 00:48:06,180
like Julian Barnes are going to say many

1127
00:48:10,130 --> 00:48:08,160
of them are explainable nothing to see

1128
00:48:12,410 --> 00:48:10,140
here but that's still fascinating

1129
00:48:15,770 --> 00:48:12,420
because you have five percent of the

1130
00:48:17,390 --> 00:48:15,780
cases that are not explainable I'm

1131
00:48:19,130 --> 00:48:17,400
making up these numbers before anybody

1132
00:48:22,010 --> 00:48:19,140
quotes me I'm just using them as an

1133
00:48:24,650 --> 00:48:22,020
example that you know we don't know

1134
00:48:27,230 --> 00:48:24,660
what these guys saw but they could have

1135
00:48:30,050 --> 00:48:27,240
seen the exact same thing but reported

1136
00:48:31,670 --> 00:48:30,060
it with their respective bias or spin or

1137
00:48:34,790 --> 00:48:31,680
whatever you want to call it because as

1138
00:48:37,550 --> 00:48:34,800

we know the daily mail is not the number

1139

00:48:39,230 --> 00:48:37,560

one most accurate

1140

00:48:41,150 --> 00:48:39,240

media Outlet out there I don't want to

1141

00:48:44,270 --> 00:48:41,160

trash it I mean they profiled The Black

1142

00:48:47,030 --> 00:48:44,280

Vault before so I respect the kindness I

1143

00:48:48,890 --> 00:48:47,040

do yeah but it's sensationalized we all

1144

00:48:50,589 --> 00:48:48,900

know we all know that New York Times a

1145

00:48:53,089 --> 00:48:50,599

little bit more you know

1146

00:48:55,730 --> 00:48:53,099

arguably straight laced and more

1147

00:48:56,990 --> 00:48:55,740

grounded yeah but you know you you look

1148

00:48:58,910 --> 00:48:57,000

at that and they could have very well

1149

00:49:00,710 --> 00:48:58,920

seen the same thing just with respective

1150

00:49:02,809 --> 00:49:00,720

spin I know don't think anybody saw

1151
00:49:04,790 --> 00:49:02,819
anything I'm I'm going on the record

1152
00:49:08,450 --> 00:49:04,800
right now I'm saying with utter

1153
00:49:11,510 --> 00:49:08,460
confidence that the Daily Mail in the

1154
00:49:12,370 --> 00:49:11,520
United Kingdom was not leaked any

1155
00:49:16,069 --> 00:49:12,380
information

1156
00:49:18,890 --> 00:49:16,079
period maybe somebody put something in

1157
00:49:21,890 --> 00:49:18,900
somebody's ear not going to say you know

1158
00:49:24,770 --> 00:49:21,900
and and I'm going back to my misinfo

1159
00:49:26,930 --> 00:49:24,780
disinfo comment from earlier that I

1160
00:49:29,390 --> 00:49:26,940
think is is a huge possibility here

1161
00:49:32,270 --> 00:49:29,400
trying to throw stuff out there and

1162
00:49:34,370 --> 00:49:32,280
getting people to to leak this into

1163
00:49:37,130 --> 00:49:34,380

social media or hopefully get it out

1164

00:49:42,309 --> 00:49:37,140

into a media outlet but it did the Daily

1165

00:49:45,410 --> 00:49:42,319

Mail get a draft of the UAP report no

1166

00:49:49,550 --> 00:49:45,420

impossible a foreign of foreign

1167

00:49:51,589 --> 00:49:49,560

government no no it didn't it no no it

1168

00:49:54,050 --> 00:49:51,599

just didn't and I can I can buy the not

1169

00:49:56,690 --> 00:49:54,060

getting a full draft but rather talking

1170

00:49:58,550 --> 00:49:56,700

points from a source I could buy because

1171

00:50:00,349 --> 00:49:58,560

there were enough similarities I feel

1172

00:50:02,210 --> 00:50:00,359

anyway it's been a couple weeks since

1173

00:50:04,250 --> 00:50:02,220

I've read it but I felt that there was

1174

00:50:06,349 --> 00:50:04,260

enough similarities that that the maybe

1175

00:50:09,050 --> 00:50:06,359

the talking points the the bigger line

1176
00:50:10,730 --> 00:50:09,060
items the bigger conclusions from the

1177
00:50:13,849 --> 00:50:10,740
report were were conveyed to the

1178
00:50:16,490 --> 00:50:13,859
journalists and and they reported

1179
00:50:18,650 --> 00:50:16,500
they reported them respectively I I

1180
00:50:20,930 --> 00:50:18,660
would buy that versus they got a draft

1181
00:50:22,670 --> 00:50:20,940
so I agree with you there but it would

1182
00:50:24,790 --> 00:50:22,680
be very hard for me to to think that

1183
00:50:27,890 --> 00:50:24,800
they would report on

1184
00:50:30,050 --> 00:50:27,900
on something like that with that amount

1185
00:50:32,329 --> 00:50:30,060
of detail if they weren't able to

1186
00:50:35,809 --> 00:50:32,339
confirm at least a little bit that that

1187
00:50:38,870 --> 00:50:35,819
was going to be in that draft except for

1188
00:50:40,790 --> 00:50:38,880

one key word though my friend

1189

00:50:44,690 --> 00:50:40,800

clicks

1190

00:50:45,470 --> 00:50:44,700

yeah but I okay so I'll push back on

1191

00:50:47,809 --> 00:50:45,480

that

1192

00:50:50,450 --> 00:50:47,819

the New York Times I feel could

1193

00:50:51,890 --> 00:50:50,460

absolutely have spun it the Daily Mail

1194

00:50:55,069 --> 00:50:51,900

way

1195

00:50:56,630 --> 00:50:55,079

and probably got 10 times the traffic if

1196

00:50:59,690 --> 00:50:56,640

not more I mean you look at their

1197

00:51:02,450 --> 00:50:59,700

reporting that the the Ralph Blumenthal

1198

00:51:03,589 --> 00:51:02,460

Leslie Kane articles uh Helene Cooper on

1199

00:51:05,510 --> 00:51:03,599

some of them

1200

00:51:08,270 --> 00:51:05,520

those that are definitely what we would

1201
00:51:09,890 --> 00:51:08,280
consider more pro-ufo the amount of

1202
00:51:12,650 --> 00:51:09,900
clicks that they are getting hands down

1203
00:51:15,109 --> 00:51:12,660
are are going to be astronomically

1204
00:51:17,150 --> 00:51:15,119
higher than what Julian Barnes did so

1205
00:51:19,790 --> 00:51:17,160
the question mark is

1206
00:51:22,490 --> 00:51:19,800
you keep well not the question mark my

1207
00:51:24,470 --> 00:51:22,500
rebuttal would be you can't really argue

1208
00:51:25,670 --> 00:51:24,480
The Click angle just simply because I

1209
00:51:29,329 --> 00:51:25,680
think you're shooting yourself in the

1210
00:51:31,849 --> 00:51:29,339
foot unless they're trying to get the

1211
00:51:35,270 --> 00:51:31,859
we'll call it reputation back of trying

1212
00:51:38,390 --> 00:51:35,280
to report on this somewhat more grounded

1213
00:51:40,910 --> 00:51:38,400

yeah more objectively and and and now

1214

00:51:44,270 --> 00:51:40,920

here's my spin and I want your opinion

1215

00:51:49,549 --> 00:51:44,280

uh as quick as possible

1216

00:51:52,010 --> 00:51:49,559

um I I feel that Julian's article was

1217

00:51:55,910 --> 00:51:52,020

assuming the report was going to drop in

1218

00:51:57,530 --> 00:51:55,920

a day or two and this was the the

1219

00:52:01,190 --> 00:51:57,540

foreshadowing

1220

00:52:02,870 --> 00:52:01,200

all right this is your your little Salvo

1221

00:52:05,870 --> 00:52:02,880

out there

1222

00:52:07,750 --> 00:52:05,880

um and and they were banking on that

1223

00:52:10,730 --> 00:52:07,760

report coming out in a couple of days

1224

00:52:13,809 --> 00:52:10,740

that's the way I read through that and

1225

00:52:16,910 --> 00:52:13,819

felt because Julian as opposed to

1226

00:52:21,230 --> 00:52:16,920

Blumenthal and Kane and others that was

1227

00:52:25,130 --> 00:52:21,240

all based on uh uh quoted sources names

1228

00:52:29,569 --> 00:52:25,140

in print vetted material and the the

1229

00:52:31,670 --> 00:52:29,579

blowing up of this UFO group at the

1230

00:52:33,770 --> 00:52:31,680

Pentagon right that was that was a

1231

00:52:36,230 --> 00:52:33,780

different Julian's article didn't have

1232

00:52:38,089 --> 00:52:36,240

any of that all right so there was no

1233

00:52:39,650 --> 00:52:38,099

quoted sources there was no it wasn't

1234

00:52:42,530 --> 00:52:39,660

based on anything no there wasn't

1235

00:52:43,450 --> 00:52:42,540

anything there Daily Mail you know they

1236

00:52:46,309 --> 00:52:43,460

do

1237

00:52:49,549 --> 00:52:46,319

Elvis's wife had an alien baby you know

1238

00:52:51,589 --> 00:52:49,559

that so that's that's a whole their

1239

00:52:53,390 --> 00:52:51,599

their editorial standards are a little

1240

00:52:55,670 --> 00:52:53,400

bit different with the Daily Mail that's

1241

00:52:58,130 --> 00:52:55,680

great they can do what they want but uh

1242

00:53:00,650 --> 00:52:58,140

two different Vibes there so I feel that

1243

00:53:02,990 --> 00:53:00,660

Julian's article was written because

1244

00:53:06,230 --> 00:53:03,000

they assumed that report was going to

1245

00:53:09,049 --> 00:53:06,240

drop in a day or two hence the clicks

1246

00:53:12,109 --> 00:53:09,059

yeah I don't doubt that at all so then

1247

00:53:14,510 --> 00:53:12,119

the question mark is who is that source

1248

00:53:16,190 --> 00:53:14,520

that went to Julian Barnes and said okay

1249

00:53:18,829 --> 00:53:16,200

here are the talking points or you know

1250

00:53:21,290 --> 00:53:18,839

whatever however that unfolded

1251

00:53:23,870 --> 00:53:21,300

um my my other big question that I'll

1252

00:53:26,450 --> 00:53:23,880

just throw out there is the New York

1253

00:53:28,370 --> 00:53:26,460

Times with their previous reporting had

1254

00:53:32,030 --> 00:53:28,380

talked about these off-world vehicles

1255

00:53:33,770 --> 00:53:32,040

they quoted Dr Eric Davis and uh that

1256

00:53:36,410 --> 00:53:33,780

particular article was a mess by the way

1257

00:53:38,150 --> 00:53:36,420

that was one video that I made and they

1258

00:53:39,950 --> 00:53:38,160

had so many Corrections on top of

1259

00:53:42,530 --> 00:53:39,960

Corrections that weren't even noted in

1260

00:53:45,230 --> 00:53:42,540

the article but my whole point is here

1261

00:53:46,910 --> 00:53:45,240

is that it was not an an op-ed it was

1262

00:53:50,030 --> 00:53:46,920

published by the New York Times and is

1263

00:53:53,030 --> 00:53:50,040

still available and those claims are

1264

00:53:55,370 --> 00:53:53,040

still made by one of their named sources

1265

00:53:57,710 --> 00:53:55,380

so I would think that the same media

1266

00:54:00,770 --> 00:53:57,720

Outlet like Julian like the New York

1267

00:54:04,490 --> 00:54:00,780

Times if Julian Barnes comes along and

1268

00:54:07,730 --> 00:54:04,500

essentially negates their own reporting

1269

00:54:09,530 --> 00:54:07,740

that should be addressed I I mean I I

1270

00:54:13,490 --> 00:54:09,540

just don't think you can drastically

1271

00:54:15,950 --> 00:54:13,500

change your views on as a media outlet

1272

00:54:17,630 --> 00:54:15,960

and maybe views are the wrong word but

1273

00:54:19,130 --> 00:54:17,640

my whole point here is is that if you

1274

00:54:23,109 --> 00:54:19,140

have journalists that are working for a

1275

00:54:25,630 --> 00:54:23,119

media outlet and their

1276
00:54:28,250 --> 00:54:25,640
unbiased and just giving you the news

1277
00:54:29,990 --> 00:54:28,260
they should somewhat be in the same

1278
00:54:32,450 --> 00:54:30,000
ballpark with their reporting right

1279
00:54:34,250 --> 00:54:32,460
unless it's an op-ed an op-ed is a

1280
00:54:35,809 --> 00:54:34,260
totally different ball game you put your

1281
00:54:36,770 --> 00:54:35,819
opinions out there that that's something

1282
00:54:38,630 --> 00:54:36,780
different

1283
00:54:40,370 --> 00:54:38,640
but when you look at the Articles and

1284
00:54:42,950 --> 00:54:40,380
they were straightforward articles some

1285
00:54:44,650 --> 00:54:42,960
of which appeared on the the cover uh

1286
00:54:47,150 --> 00:54:44,660
the the front page of the New York Times

1287
00:54:48,829 --> 00:54:47,160
when you look at that and then now

1288
00:54:51,170 --> 00:54:48,839

you've got Julian Barnes come in and say

1289

00:54:53,210 --> 00:54:51,180

well it's primarily foreign foreign

1290

00:54:55,790 --> 00:54:53,220

technology and spy equipment and stuff

1291

00:54:59,089 --> 00:54:55,800

like that what happened to those claims

1292

00:55:00,710 --> 00:54:59,099

by the same media outlet that used a

1293

00:55:03,290 --> 00:55:00,720

vetted Source according to them they

1294

00:55:06,530 --> 00:55:03,300

vetted the sources a vetted Source

1295

00:55:08,270 --> 00:55:06,540

talking about off-world Vehicles how did

1296

00:55:10,609 --> 00:55:08,280

they go hand in hand and they don't yeah

1297

00:55:14,030 --> 00:55:10,619

yeah they and and here's here's the

1298

00:55:17,329 --> 00:55:14,040

thing do we put

1299

00:55:20,089 --> 00:55:17,339

um uh Julian barnes's article in the

1300

00:55:22,010 --> 00:55:20,099

op-ed category because it I'm glad that

1301
00:55:25,309 --> 00:55:22,020
you brought that up because it leans in

1302
00:55:28,670 --> 00:55:25,319
that direction as opposed to Kanan

1303
00:55:30,589 --> 00:55:28,680
Blumenthal are reporting the facts and

1304
00:55:32,690 --> 00:55:30,599
the report you know it's it's two

1305
00:55:35,329 --> 00:55:32,700
different two different things here and

1306
00:55:37,670 --> 00:55:35,339
I felt that and I said this that on the

1307
00:55:40,549 --> 00:55:37,680
air that night John

1308
00:55:43,130 --> 00:55:40,559
um uh after reading uh Julian's article

1309
00:55:46,089 --> 00:55:43,140
that it was an opinion piece this is his

1310
00:55:49,790 --> 00:55:46,099
opinion he's not basing anything on fact

1311
00:55:51,470 --> 00:55:49,800
and it's going in direct contrast with

1312
00:55:53,990 --> 00:55:51,480
the previous report and everything else

1313
00:55:57,230 --> 00:55:54,000

that has come out in the past it's it's

1314

00:55:57,950 --> 00:55:57,240

the exact opposite remember

1315

00:56:00,770 --> 00:55:57,960

um

1316

00:56:03,349 --> 00:56:00,780

the UAP task force report said

1317

00:56:05,329 --> 00:56:03,359

it's not our adversaries we know it's

1318

00:56:07,490 --> 00:56:05,339

not Russia we know it's not China we

1319

00:56:09,770 --> 00:56:07,500

know it's not us that's what the report

1320

00:56:11,210 --> 00:56:09,780

said we haven't other Ben here we're

1321

00:56:13,190 --> 00:56:11,220

going to lump everything into there but

1322

00:56:15,650 --> 00:56:13,200

right now we can tell you it's not

1323

00:56:17,750 --> 00:56:15,660

Russia it's not China it's not us that's

1324

00:56:20,750 --> 00:56:17,760

the report now Julian is saying the

1325

00:56:24,170 --> 00:56:20,760

opposite it's China

1326

00:56:25,490 --> 00:56:24,180

and it's like there's no way that that

1327

00:56:28,190 --> 00:56:25,500

reporter is going to come out and say

1328

00:56:30,470 --> 00:56:28,200

that it's just not so he's basing it on

1329

00:56:31,490 --> 00:56:30,480

opinion there's no way that it was based

1330

00:56:34,250 --> 00:56:31,500

on fact

1331

00:56:36,290 --> 00:56:34,260

well in respect to the first report I

1332

00:56:39,829 --> 00:56:36,300

don't think that it necessarily said it

1333

00:56:42,170 --> 00:56:39,839

is clearly not China not Russia not Iran

1334

00:56:43,910 --> 00:56:42,180

not any of these countries but rather

1335

00:56:47,109 --> 00:56:43,920

they didn't have the adequate evidence

1336

00:56:51,049 --> 00:56:47,119

to put it into any category hence why

1337

00:56:53,750 --> 00:56:51,059

143 out of the 144 remained unidentified

1338

00:56:57,410 --> 00:56:53,760

so I wouldn't say it was that definitive

1339

00:56:58,609 --> 00:56:57,420

dismissing foreign technology but in the

1340

00:57:01,910 --> 00:56:58,619

same respect going back to what you were

1341

00:57:04,190 --> 00:57:01,920

saying about the op-ed this is not meant

1342

00:57:06,650 --> 00:57:04,200

to be disrespectful at all to either

1343

00:57:08,690 --> 00:57:06,660

Leslie Kane or Ralph Blumenthal but you

1344

00:57:11,750 --> 00:57:08,700

can absolutely reverse what you just

1345

00:57:14,450 --> 00:57:11,760

said and it would still fit even though

1346

00:57:16,069 --> 00:57:14,460

they named Dr Eric Davis as the source

1347

00:57:18,710 --> 00:57:16,079

that is the only one when they were

1348

00:57:20,390 --> 00:57:18,720

talking about off-world vehicles and all

1349

00:57:23,150 --> 00:57:20,400

of that reporting the rest was all

1350

00:57:26,770 --> 00:57:23,160

Anonymous they had Harry Reid in there

1351

00:57:29,870 --> 00:57:26,780

supporting it but they essentially

1352

00:57:32,270 --> 00:57:29,880

retracted all that because Harry Reid

1353

00:57:34,490 --> 00:57:32,280

you could tell by the Tweet was Furious

1354

00:57:36,650 --> 00:57:34,500

that that he was listed as saying what

1355

00:57:38,210 --> 00:57:36,660

he was printed as saying so he had to

1356

00:57:41,390 --> 00:57:38,220

pull it back they had to pull all that

1357

00:57:43,069 --> 00:57:41,400

back so right now all you have is an

1358

00:57:47,210 --> 00:57:43,079

article claiming

1359

00:57:50,150 --> 00:57:47,220

a a Humanity changing piece of

1360

00:57:52,910 --> 00:57:50,160

information that that Vehicles not made

1361

00:57:55,910 --> 00:57:52,920

on this planet off-world vehicles have

1362

00:57:57,530 --> 00:57:55,920

crashed here or being retrieved or being

1363

00:58:00,230 --> 00:57:57,540

worked on whatever the article was

1364

00:58:02,089 --> 00:58:00,240

essentially saying or claiming with

1365

00:58:05,390 --> 00:58:02,099

absolutely nothing to back it up

1366

00:58:07,190 --> 00:58:05,400

so is that his opinion that was conveyed

1367

00:58:10,130 --> 00:58:07,200

by those to convey to those two

1368

00:58:13,510 --> 00:58:10,140

journalists and they put it out there as

1369

00:58:17,030 --> 00:58:13,520

fact but when in reality it was opinion

1370

00:58:19,250 --> 00:58:17,040

that's not what Ralph told me what Ralph

1371

00:58:22,130 --> 00:58:19,260

stated on this show he said Jimmy it's

1372

00:58:23,750 --> 00:58:22,140

the New York Times we had that and we

1373

00:58:27,290 --> 00:58:23,760

put it down at the bottom of the article

1374

00:58:29,510 --> 00:58:27,300

for a reason that that quote was vetted

1375

00:58:32,270 --> 00:58:29,520

three times which quote are you talking

1376
00:58:34,010 --> 00:58:32,280
about the one from Eric Davis yes well

1377
00:58:36,650 --> 00:58:34,020
you can vet a quote I mean I have no

1378
00:58:38,150 --> 00:58:36,660
doubt that Eric Davis said it but but is

1379
00:58:39,890 --> 00:58:38,160
Ralph Blumenthal gonna go on the record

1380
00:58:40,970 --> 00:58:39,900
that says he saw proof of off-world

1381
00:58:44,390 --> 00:58:40,980
vehicles

1382
00:58:47,089 --> 00:58:44,400
I I I I pushed Ralph pretty hard on

1383
00:58:49,910 --> 00:58:47,099
that I wanted to know if the Senate if

1384
00:58:51,650 --> 00:58:49,920
they went to the Senate and and and and

1385
00:58:55,010 --> 00:58:51,660
and and tried to vet this information

1386
00:58:56,569 --> 00:58:55,020
not that he said it but that was this a

1387
00:58:59,089 --> 00:58:56,579
concern I mean if you're going to put

1388
00:59:01,549 --> 00:58:59,099

that in in writing you're right that's a

1389

00:59:05,089 --> 00:59:01,559

paradigm shifting world history shifting

1390

00:59:07,970 --> 00:59:05,099

that's a bet it's a big deal quote uh

1391

00:59:09,650 --> 00:59:07,980

right and my other concern with that uh

1392

00:59:11,030 --> 00:59:09,660

before we uh we're going to do a break

1393

00:59:13,549 --> 00:59:11,040

but we don't have to do the break on

1394

00:59:14,289 --> 00:59:13,559

time you know it's a Kindler so it's

1395

00:59:16,970 --> 00:59:14,299

nice

1396

00:59:20,569 --> 00:59:16,980

to Black yeah

1397

00:59:22,730 --> 00:59:20,579

um is that uh uh they intentionally

1398

00:59:24,530 --> 00:59:22,740

buried it in the article Ralph said he

1399

00:59:26,089 --> 00:59:24,540

said that they didn't want to lead off

1400

00:59:28,789 --> 00:59:26,099

of that because that would be the focus

1401
00:59:30,710 --> 00:59:28,799
of the article that should be the focus

1402
00:59:33,109 --> 00:59:30,720
I don't mean to step on you but no no

1403
00:59:36,109 --> 00:59:33,119
that changes Humanity that's what I see

1404
00:59:38,630 --> 00:59:36,119
the Ralph that's messing around

1405
00:59:39,890 --> 00:59:38,640
I I I I you know and and I'm only

1406
00:59:42,349 --> 00:59:39,900
laughing and making light of it because

1407
00:59:45,770 --> 00:59:42,359
that makes no sense to me if a

1408
00:59:48,710 --> 00:59:45,780
journalist can truly vet not vet the

1409
00:59:51,950 --> 00:59:48,720
quote vet the information and I go to a

1410
00:59:53,809 --> 00:59:51,960
journalist I say journalist a I I have

1411
00:59:55,609 --> 00:59:53,819
proof of off-world vehicles and that

1412
00:59:57,849 --> 00:59:55,619
journalist comes to me to show me the

1413
01:00:01,430 --> 00:59:57,859

proof and I show it that's life-changing

1414

01:00:05,569 --> 01:00:01,440

Humanity changing information for them

1415

01:00:07,849 --> 01:00:05,579

to bury it I mean in my opinion means

1416

01:00:11,270 --> 01:00:07,859

they didn't have anything but a vetted

1417

01:00:13,549 --> 01:00:11,280

quote and and sure Eric Davis puts his

1418

01:00:14,569 --> 01:00:13,559

name to it good for him I I think that's

1419

01:00:17,150 --> 01:00:14,579

great

1420

01:00:18,890 --> 01:00:17,160

but what one of the things I'm going

1421

01:00:22,370 --> 01:00:18,900

back to this interview because Dr Travis

1422

01:00:24,950 --> 01:00:22,380

Taylor is a highly cleared uh working in

1423

01:00:27,470 --> 01:00:24,960

in multiple classified Arenas that is

1424

01:00:29,870 --> 01:00:27,480

easily proven that's not an unfounded

1425

01:00:31,910 --> 01:00:29,880

claim that's easily proven and he's been

1426

01:00:33,670 --> 01:00:31,920

that way for a long time and I

1427

01:00:36,829 --> 01:00:33,680

specifically asked him about information

1428

01:00:40,010 --> 01:00:36,839

that is inherently classified just by

1429

01:00:43,430 --> 01:00:40,020

the mere existence of it or mention of

1430

01:00:44,990 --> 01:00:43,440

it and he as a clearance holder agreed

1431

01:00:47,390 --> 01:00:45,000

that you just can't go around talking

1432

01:00:50,690 --> 01:00:47,400

about things that would be inherently

1433

01:00:52,609 --> 01:00:50,700

classified like the existence of alien

1434

01:00:55,250 --> 01:00:52,619

spacecraft off-world vehicles and so on

1435

01:00:58,430 --> 01:00:55,260

so there's so much wrong with the claim

1436

01:01:00,589 --> 01:00:58,440

just from the get-go but then on top of

1437

01:01:02,150 --> 01:01:00,599

that for a journalist to come come back

1438

01:01:04,150 --> 01:01:02,160

and say well we buried it because we

1439

01:01:06,410 --> 01:01:04,160

didn't want that to be the focus

1440

01:01:09,170 --> 01:01:06,420

respectfully Ralph that should be the

1441

01:01:10,970 --> 01:01:09,180

focus that if you can vet that and you

1442

01:01:12,890 --> 01:01:10,980

1536

01:05:24,289 --> 01:05:20,579

Taylor and there were um if you if you

1537

01:05:26,329 --> 01:05:24,299

1538

1539

01:05:32,450 --> 01:05:30,480

up on uh uh The Black Vault right it's

1540

01:05:35,390 --> 01:05:32,460

1541

01:05:37,730 --> 01:05:35,400

oh you're you're muted what unmute

1543

01:05:43,730 --> 01:05:40,339

these programs sorry

1544

01:05:46,549 --> 01:05:43,740

1545

01:05:47,990 --> 01:05:46,559

can yes well this is a this is a must

1546

01:05:51,589 --> 01:05:48,000

um though the easy way to get to that

1547

01:05:52,970 --> 01:05:51,599

channel theblackvault.com live and that

1548

01:05:55,370 --> 01:05:52,980

will forward you over to the channel

1549

01:05:58,430 --> 01:05:55,380

okay great

1550

01:06:02,030 --> 01:05:58,440

um uh a lot of people have been talking

1551

01:06:04,370 --> 01:06:02,040

about that interview uh today

1552

01:06:07,190 --> 01:06:04,380

um and uh specifically and I don't want

1553

01:06:10,549 --> 01:06:07,200

to you know kick a dead horse here but

1554

01:06:11,390 --> 01:06:10,559

uh out of all of his comments you know I

1555

01:06:13,309 --> 01:06:11,400

saw

1556

01:06:16,010 --> 01:06:13,319

oh man I hate to say the name out loud

1557

01:06:18,589 --> 01:06:16,020

Mick West you know he had to jump in but

1558

01:06:22,609 --> 01:06:18,599

and we can Circle back to that

1559

01:06:26,270 --> 01:06:22,619

but uh his comments about Bob Lazar

1560

01:06:28,910 --> 01:06:26,280

um that uh the community uh Lazar is a

1561

01:06:32,089 --> 01:06:28,920

name that once it pops up people are

1562

01:06:34,609 --> 01:06:32,099

going to express their opinion and

1563

01:06:37,609 --> 01:06:34,619

they're they're always interested in all

1564

01:06:40,430 --> 01:06:37,619

things Lazar uh what did you what was

1565

01:06:43,970 --> 01:06:40,440

your takeaway from Travis's comments

1566

01:06:46,130 --> 01:06:43,980

I I highly respect what he was saying

1567

01:06:48,170 --> 01:06:46,140

and the reason why I say it that way is

1568

01:06:50,450 --> 01:06:48,180

that he's not just jumping on the

1569

01:06:53,089 --> 01:06:50,460

bandwagon because by him supporting

1570

01:06:55,010 --> 01:06:53,099

someone like Lazar throwing the story of

1571

01:06:57,470 --> 01:06:55,020

bone and and giving it some Credence

1572

01:06:59,930 --> 01:06:57,480

would actually help someone like Dr

1573

01:07:01,910 --> 01:06:59,940

Travis Taylor if if you know his views

1574

01:07:03,650 --> 01:07:01,920

and you see the way my my interview went

1575

01:07:06,289 --> 01:07:03,660

with him it would essentially help

1576

01:07:08,390 --> 01:07:06,299

support a few things but I think that

1577

01:07:11,450 --> 01:07:08,400

the problem that I've had with Lazar's

1578

01:07:13,670 --> 01:07:11,460

story for a long time the problem that a

1579

01:07:16,370 --> 01:07:13,680

lot of other people have uh with a story

1580

01:07:18,829 --> 01:07:16,380

for a long time are what Dr Taylor has

1581

01:07:22,069 --> 01:07:18,839

with his story that you just don't get

1582

01:07:23,930 --> 01:07:22,079

into the positions that you are in with

1583

01:07:26,930 --> 01:07:23,940

that type of educational background

1584

01:07:29,630 --> 01:07:26,940

question mark and I know for some that

1585

01:07:31,730 --> 01:07:29,640

that's a very dated argument for Lazar

1586

01:07:34,370 --> 01:07:31,740

that he's not able to prove his

1587

01:07:36,049 --> 01:07:34,380

educational background but I'm sorry all

1588

01:07:37,430 --> 01:07:36,059

evidence points to if you're going to be

1589

01:07:39,529 --> 01:07:37,440

working on these highly classified

1590

01:07:43,730 --> 01:07:39,539

programs you're going to have to have

1591

01:07:46,370 --> 01:07:43,740

some type of educational background to

1592

01:07:47,809 --> 01:07:46,380

justify you being there now I know a lot

1593

01:07:50,210 --> 01:07:47,819

of people have kind of

1594

01:07:52,849 --> 01:07:50,220

I I think forgiven him for that that

1595

01:07:54,770 --> 01:07:52,859

maybe he lied his way in there or lied

1596

01:07:56,870 --> 01:07:54,780

to be a little bit more impressive than

1597

01:07:59,270 --> 01:07:56,880

he really was whatever it doesn't matter

1598

01:08:02,089 --> 01:07:59,280

when you that's only one piece of the

1599

01:08:03,710 --> 01:08:02,099

puzzle and so to hear Dr Taylor talk

1600

01:08:07,250 --> 01:08:03,720

about that

1601
01:08:08,809 --> 01:08:07,260
um I think was was very uh admirable I

1602
01:08:11,930 --> 01:08:08,819
think he he spoke with a lot of Candor

1603
01:08:14,450 --> 01:08:11,940
during our interview I think that he was

1604
01:08:17,749 --> 01:08:14,460
very honest with his answers when he

1605
01:08:20,630 --> 01:08:17,759
couldn't answer he he said so but I

1606
01:08:22,970 --> 01:08:20,640
think that his his response to Lazar is

1607
01:08:27,110 --> 01:08:22,980
somebody that is speaking from history

1608
01:08:28,849 --> 01:08:27,120
with knowledge about classified Arenas

1609
01:08:30,829 --> 01:08:28,859
talking about security clearances

1610
01:08:32,990 --> 01:08:30,839
educational backgrounds getting into

1611
01:08:35,510 --> 01:08:33,000
those uh to those Arenas and working

1612
01:08:38,510 --> 01:08:35,520
you're not just any Joe schmoe when

1613
01:08:40,849 --> 01:08:38,520

you're at that that level to close the

1614

01:08:43,970 --> 01:08:40,859

thought I had also again brought up that

1615

01:08:45,590 --> 01:08:43,980

that fact to Dr Taylor of the

1616

01:08:47,749 --> 01:08:45,600

information just being inherently

1617

01:08:49,550 --> 01:08:47,759

classified that you can't just go around

1618

01:08:53,090 --> 01:08:49,560

and start talking about this kind of

1619

01:08:56,090 --> 01:08:53,100

stuff and like nothing happens and when

1620

01:08:58,930 --> 01:08:56,100

you have information conveyed to the

1621

01:09:01,789 --> 01:08:58,940

public like let's say the the FBI raid

1622

01:09:03,650 --> 01:09:01,799

and and and giving credence that they

1623

01:09:06,110 --> 01:09:03,660

were looking for element 115 this was in

1624

01:09:07,789 --> 01:09:06,120

Jeremy corbell's documentary but when

1625

01:09:08,870 --> 01:09:07,799

you look at the actual police records

1626

01:09:11,329 --> 01:09:08,880

that they were looking for something

1627

01:09:13,849 --> 01:09:11,339

else and it was a murderer investigation

1628

01:09:15,650 --> 01:09:13,859

it was a murder investigation right all

1629

01:09:18,769 --> 01:09:15,660

of that kind of stuff just doesn't help

1630

01:09:20,510 --> 01:09:18,779

and and it just has piled up so yeah

1631

01:09:22,849 --> 01:09:20,520

he's going to get heat for that but you

1632

01:09:24,610 --> 01:09:22,859

know what I I support him saying it I I

1633

01:09:27,410 --> 01:09:24,620

think you should really

1634

01:09:28,789 --> 01:09:27,420

respect that Viewpoint it doesn't mean

1635

01:09:30,349 --> 01:09:28,799

that we all have to agree with

1636

01:09:31,490 --> 01:09:30,359

everything that he says even on Lazar

1637

01:09:33,829 --> 01:09:31,500

there's going to be people out there

1638

01:09:36,169 --> 01:09:33,839

that still believe lazar's story but I

1639

01:09:38,809 --> 01:09:36,179

respect somebody who can speak honestly

1640

01:09:40,789 --> 01:09:38,819

about it and give their their opinion so

1641

01:09:43,610 --> 01:09:40,799

I I give them a lot of props for that

1642

01:09:47,530 --> 01:09:43,620

well you and I uh are from the valley

1643

01:09:50,209 --> 01:09:47,540

okay and most listening to the show

1644

01:09:53,150 --> 01:09:50,219

they've the only reference to the valley

1645

01:09:56,030 --> 01:09:53,160

is valley girl or or something by Frank

1646

01:09:59,510 --> 01:09:56,040

Zappa or or the movie

1647

01:10:01,130 --> 01:09:59,520

um and they don't understand uh what the

1648

01:10:04,070 --> 01:10:01,140

valley represents but when you're from

1649

01:10:06,410 --> 01:10:04,080

the valley like you and I are

1650

01:10:09,290 --> 01:10:06,420

um we know everything that's going on

1651

01:10:13,370 --> 01:10:09,300

here and we all know Pierce College

1652

01:10:16,610 --> 01:10:13,380

right and and uh Pierce College is great

1653

01:10:18,830 --> 01:10:16,620

Technical Community College

1654

01:10:21,890 --> 01:10:18,840

um a pretty cool campus and stuff but

1655

01:10:25,910 --> 01:10:21,900

that's what it is and

1656

01:10:30,290 --> 01:10:25,920

um I don't see and I I could be wrong

1657

01:10:34,669 --> 01:10:30,300

here how you go from that to MIT and

1658

01:10:38,510 --> 01:10:34,679

Caltech on short order and get as Lazar

1659

01:10:42,290 --> 01:10:38,520

said Advanced degrees in physics yeah

1660

01:10:46,010 --> 01:10:42,300

out uh without

1661

01:10:48,709 --> 01:10:46,020

um friends other physicists

1662

01:10:50,770 --> 01:10:48,719

um and and I think it's a it's a it's a

1663

01:10:54,770 --> 01:10:50,780

disrespect to the the physics Community

1664

01:10:57,169 --> 01:10:54,780

where physicists around the world they

1665

01:10:59,689 --> 01:10:57,179

all know each other yeah they they're

1666

01:11:01,550 --> 01:10:59,699

reading their papers they're watching

1667

01:11:04,610 --> 01:11:01,560

their research they they are friends

1668

01:11:08,209 --> 01:11:04,620

they share them from this is a very it's

1669

01:11:11,030 --> 01:11:08,219

to be a a physicist

1670

01:11:13,010 --> 01:11:11,040

right that it's it's a rare thing

1671

01:11:14,330 --> 01:11:13,020

there's not that many physicists on

1672

01:11:16,669 --> 01:11:14,340

planet Earth I've looked up in the

1673

01:11:19,030 --> 01:11:16,679

numbers it's it's not that very it's not

1674

01:11:22,070 --> 01:11:19,040

that big but they all know each other

1675

01:11:23,450 --> 01:11:22,080

and and to say that you're this and

1676

01:11:26,270 --> 01:11:23,460

you're this and you're this and to have

1677

01:11:28,189 --> 01:11:26,280

not anybody come out and say yeah you

1678

01:11:29,930 --> 01:11:28,199

know he he we worked on a project

1679

01:11:31,970 --> 01:11:29,940

together we did a research paper

1680

01:11:35,030 --> 01:11:31,980

together we did this together but that

1681

01:11:39,050 --> 01:11:35,040

hasn't happened any other physicist can

1682

01:11:40,550 --> 01:11:39,060

show you that piles deep and and that's

1683

01:11:43,310 --> 01:11:40,560

the that's the issue that I've always

1684

01:11:46,130 --> 01:11:43,320

had is there's just nothing out there to

1685

01:11:49,850 --> 01:11:46,140

support it not not as not as school

1686

01:11:52,270 --> 01:11:49,860

records just just another physicist yeah

1687

01:11:55,070 --> 01:11:52,280

well I think all even all of that aside

1688

01:11:58,189 --> 01:11:55,080

the introduction of what I would

1689

01:12:02,450 --> 01:11:58,199

consider a faked document in the form of

1690

01:12:05,750 --> 01:12:02,460

a W-2 and he made a very common error

1691

01:12:09,709 --> 01:12:05,760

especially in that time frame that he

1692

01:12:12,470 --> 01:12:09,719

put on a W-2 form Department of Naval

1693

01:12:14,510 --> 01:12:12,480

intelligence now this is actually a

1694

01:12:16,010 --> 01:12:14,520

somewhat common mistake somebody might

1695

01:12:18,350 --> 01:12:16,020

hear that and go yeah there is a

1696

01:12:21,590 --> 01:12:18,360

department of Naval intelligence and and

1697

01:12:23,810 --> 01:12:21,600

we it still exists today and and what's

1698

01:12:25,850 --> 01:12:23,820

the problem with that well it's it's not

1699

01:12:28,910 --> 01:12:25,860

a department it's an office the Office

1700

01:12:32,810 --> 01:12:28,920

of Naval intelligence oh and I and that

1701

01:12:35,090 --> 01:12:32,820

may sound like a very small error but

1702

01:12:37,970 --> 01:12:35,100

when you look at it that was a very

1703

01:12:41,209 --> 01:12:37,980

common mistake so I think when he when

1704

01:12:44,090 --> 01:12:41,219

whomever created this this what I would

1705

01:12:45,530 --> 01:12:44,100

consider fake document they put that

1706

01:12:47,390 --> 01:12:45,540

error on there because because they

1707

01:12:50,149 --> 01:12:47,400

didn't know any better the department of

1708

01:12:52,010 --> 01:12:50,159

Naval intelligence has never existed the

1709

01:12:55,070 --> 01:12:52,020

Office of Naval intelligence is under

1710

01:12:56,470 --> 01:12:55,080

the department of the Navy so we're

1711

01:12:59,149 --> 01:12:56,480

talking about two different things

1712

01:13:00,830 --> 01:12:59,159

departments as a whole like the

1713

01:13:04,850 --> 01:13:00,840

Department of State or the defense

1714

01:13:06,709 --> 01:13:04,860

department or Department of energy those

1715

01:13:09,530 --> 01:13:06,719

are independent Departments of the

1716

01:13:11,510 --> 01:13:09,540

United States government uh and and

1717

01:13:13,610 --> 01:13:11,520

something that you can you know track

1718

01:13:15,590 --> 01:13:13,620

back and obviously there's there's ample

1719

01:13:18,830 --> 01:13:15,600

evidence to support those those

1720

01:13:21,010 --> 01:13:18,840

departments exist nothing supports that

1721

01:13:24,649 --> 01:13:21,020

the department of Naval intelligence

1722

01:13:26,510 --> 01:13:24,659

exists what does exist are errors and

1723

01:13:29,330 --> 01:13:26,520

some people one researcher in particular

1724

01:13:33,110 --> 01:13:29,340

has kind of tried to to rile that whole

1725

01:13:36,050 --> 01:13:33,120

thing up that he found uh proof of the

1726

01:13:38,870 --> 01:13:36,060

Department of Naval intelligence and so

1727

01:13:41,270 --> 01:13:38,880

I I went back to him and all he found

1728

01:13:42,830 --> 01:13:41,280

was a finding Aid so these archives like

1729

01:13:45,709 --> 01:13:42,840

the National Archives which is where he

1730

01:13:48,950 --> 01:13:45,719

found it uh listed Department of Naval

1731

01:13:52,010 --> 01:13:48,960

intelligence and I said hey well these

1732

01:13:54,410 --> 01:13:52,020

finding AIDS are are really inaccurate a

1733

01:13:56,810 --> 01:13:54,420

lot of times I mean I have ample proof

1734

01:13:59,149 --> 01:13:56,820

of that but I said you know great find

1735

01:14:00,110 --> 01:13:59,159

love that you're doing the work why

1736

01:14:02,270 --> 01:14:00,120

don't you just give the National

1737

01:14:04,250 --> 01:14:02,280

Archives a call and have them pull those

1738

01:14:06,770 --> 01:14:04,260

boxes that the finding Aid is reported

1739

01:14:08,330 --> 01:14:06,780

that is pointing to and see if the

1740

01:14:10,189 --> 01:14:08,340

department of Naval intelligence is in

1741

01:14:13,669 --> 01:14:10,199

there if it is you got yourself a gold

1742

01:14:14,990 --> 01:14:13,679

mine uh but I would bet money that they

1743

01:14:16,669 --> 01:14:15,000

made a mistake in the finding Aid

1744

01:14:18,530 --> 01:14:16,679

because a lot of times they're interns

1745

01:14:20,209 --> 01:14:18,540

that go in and they just go through a

1746

01:14:23,209 --> 01:14:20,219

bunch of boxes and they make finding

1747

01:14:26,649 --> 01:14:23,219

AIDS so people like me can go in and go

1748

01:14:29,570 --> 01:14:26,659

okay here's information from 1975 from

1749

01:14:31,310 --> 01:14:29,580

whatever Agency on whatever topic you

1750

01:14:34,250 --> 01:14:31,320

know so those finding AIDS can be very

1751

01:14:36,470 --> 01:14:34,260

useful but again not always accurate and

1752

01:14:39,890 --> 01:14:36,480

and that person got very angry at me and

1753

01:14:41,510 --> 01:14:39,900

ended up blocking me because another

1754

01:14:43,729 --> 01:14:41,520

researcher by the name of Dean Johnson

1755

01:14:47,510 --> 01:14:43,739

who follows a lot of this stuff and Bob

1756

01:14:50,110 --> 01:14:47,520

lazar's story got in writing a source

1757

01:14:52,189 --> 01:14:50,120

from the from the U.S Navy a historian

1758

01:14:55,250 --> 01:14:52,199

that said the department of Naval

1759

01:14:57,110 --> 01:14:55,260

intelligence never existed so so there's

1760

01:14:59,750 --> 01:14:57,120

ample evidence to show that it didn't

1761

01:15:01,669 --> 01:14:59,760

exist While others are trying to make it

1762

01:15:03,470 --> 01:15:01,679

exist but can't show any proof and if

1763

01:15:05,270 --> 01:15:03,480

you question it you know they pretty

1764

01:15:08,030 --> 01:15:05,280

much uh just kind of shut you down and

1765

01:15:10,070 --> 01:15:08,040

don't want to listen so going back to

1766

01:15:12,229 --> 01:15:10,080

why I'm bringing up this story is when

1767

01:15:15,050 --> 01:15:12,239

you introduce a fake document to the

1768

01:15:17,810 --> 01:15:15,060

story you have really lost a lot of

1769

01:15:19,790 --> 01:15:17,820

credibility in my book if you came to me

1770

01:15:21,770 --> 01:15:19,800

with a story like this and the only

1771

01:15:23,930 --> 01:15:21,780

issue was education

1772

01:15:25,850 --> 01:15:23,940

sure I'd look at it I'd still have my

1773

01:15:27,709 --> 01:15:25,860

questions but that's just the education

1774

01:15:30,169 --> 01:15:27,719

part but when you add in the fake

1775

01:15:32,990 --> 01:15:30,179

document when you add in the the issue

1776

01:15:35,270 --> 01:15:33,000

about security clearances and and all of

1777

01:15:37,550 --> 01:15:35,280

that stuff that has piled up over the

1778

01:15:41,689 --> 01:15:37,560

years it's too much in my book it really

1779

01:15:44,410 --> 01:15:41,699

is here's here here's the strange part

1780

01:15:48,590 --> 01:15:44,420

um and I'm I'm going to admit to this

1781

01:15:50,870 --> 01:15:48,600

that uh from the beginning

1782

01:15:53,510 --> 01:15:50,880

um when some of these I'm talking about

1783

01:15:56,630 --> 01:15:53,520

you know going into the 80s and the 90s

1784

01:15:59,750 --> 01:15:56,640

when it came to Lazar

1785

01:16:04,070 --> 01:15:59,760

um that uh I suffered from cognitive

1786

01:16:08,209 --> 01:16:04,080

dissonance I I allowed myself to ignore

1787

01:16:14,149 --> 01:16:08,219

everything I was all in on Lazar my

1788

01:16:16,729 --> 01:16:14,159

chips were in and I I believed him and

1789

01:16:19,250 --> 01:16:16,739

and going back to to Lear in the

1790

01:16:21,169 --> 01:16:19,260

original videos and him jumping out of

1791

01:16:24,350 --> 01:16:21,179

his Corvette remember that slamming the

1792

01:16:26,330 --> 01:16:24,360

door hi I'm Bob Lazar and a little VHS

1793

01:16:29,570 --> 01:16:26,340

video yeah yeah yeah I love those videos

1794

01:16:31,430 --> 01:16:29,580

man yeah I watched them constantly and

1795

01:16:34,070 --> 01:16:31,440

with him on the Whiteboard remember that

1796

01:16:37,490 --> 01:16:34,080

and and and going through his thing and

1797

01:16:39,229 --> 01:16:37,500

uh that little alien presentation in the

1798

01:16:43,189 --> 01:16:39,239

in the military tent all of that stuff

1799

01:16:45,709 --> 01:16:43,199

and I was trying to get him to slip up

1800

01:16:49,310 --> 01:16:45,719

right and I was like no no I'm I'm

1801

01:16:52,070 --> 01:16:49,320

pretty confident he's he he's on point

1802

01:16:54,470 --> 01:16:52,080

here everything else dude I had the

1803

01:16:55,970 --> 01:16:54,480

blinders on you know and and the

1804

01:17:00,470 --> 01:16:55,980

evidence was there I wouldn't listen to

1805

01:17:04,130 --> 01:17:00,480

it I didn't care and that today Bob

1806

01:17:06,410 --> 01:17:04,140

still has that support you know maybe he

1807

01:17:09,050 --> 01:17:06,420

did go out to Area 51 maybe he did maybe

1808

01:17:10,970 --> 01:17:09,060

he got on the Janet Airline maybe he did

1809

01:17:14,689 --> 01:17:10,980

fly out there two or three or four times

1810

01:17:17,209 --> 01:17:14,699

and then he just got caught up in it you

1811

01:17:20,270 --> 01:17:17,219

know and and these things about

1812

01:17:23,870 --> 01:17:20,280

MIT and Caltech and

1813

01:17:26,510 --> 01:17:23,880

sport models and and 115. this just it

1814

01:17:29,570 --> 01:17:26,520

got away from him you know because

1815

01:17:31,669 --> 01:17:29,580

people he was a rock star you know and I

1816

01:17:34,729 --> 01:17:31,679

I think that that goes to a lot of

1817

01:17:37,189 --> 01:17:34,739

people's head when you come out with a

1818

01:17:39,530 --> 01:17:37,199

story like that especially pre-internet

1819

01:17:41,570 --> 01:17:39,540

really and he was uh like you said a

1820

01:17:43,669 --> 01:17:41,580

rock star

1821

01:17:45,290 --> 01:17:43,679

um I I truly believe that maybe after

1822

01:17:46,970 --> 01:17:45,300

all these years and this isn't a knock

1823

01:17:48,890 --> 01:17:46,980

on him but he but I wouldn't be

1824

01:17:51,050 --> 01:17:48,900

surprised if he could even pass a lie

1825

01:17:53,570 --> 01:17:51,060

detector test because I think that he's

1826
01:17:57,590 --> 01:17:53,580
told the story so many times and maybe

1827
01:17:59,570 --> 01:17:57,600
even believes it but the question is why

1828
01:18:01,370 --> 01:17:59,580
did it start in the first place because

1829
01:18:04,030 --> 01:18:01,380
I I don't believe that it happened I

1830
01:18:06,050 --> 01:18:04,040
believe that if there were uh Alien

1831
01:18:09,050 --> 01:18:06,060
saucers that were being reverse

1832
01:18:11,630 --> 01:18:09,060
engineered anybody that was working on

1833
01:18:14,570 --> 01:18:11,640
that you would never hear their name

1834
01:18:16,790 --> 01:18:14,580
ever that you wouldn't hear them in a

1835
01:18:18,590 --> 01:18:16,800
silhouetted interview you wouldn't hear

1836
01:18:20,030 --> 01:18:18,600
their name that came out after you

1837
01:18:21,950 --> 01:18:20,040
wouldn't see them do conferences you

1838
01:18:23,330 --> 01:18:21,960

wouldn't see them sell books you

1839

01:18:25,790 --> 01:18:23,340

wouldn't see them in documentaries on

1840

01:18:28,010 --> 01:18:25,800

Netflix nothing I truly believe that I I

1841

01:18:30,709 --> 01:18:28,020

don't believe that people like that

1842

01:18:32,689 --> 01:18:30,719

would would come out into the open what

1843

01:18:34,970 --> 01:18:32,699

I do believe is likely the story is he

1844

01:18:37,550 --> 01:18:34,980

probably did have uh some kind of work

1845

01:18:39,290 --> 01:18:37,560

he probably did go to area 51. he

1846

01:18:42,050 --> 01:18:39,300

probably did work for what was it Kirk

1847

01:18:45,050 --> 01:18:42,060

Meyer the the contractor almost yeah

1848

01:18:48,649 --> 01:18:45,060

yeah so I I there's there's elements to

1849

01:18:50,930 --> 01:18:48,659

the story that are likely true but all

1850

01:18:52,490 --> 01:18:50,940

of these other ones that again just if

1851

01:18:55,850 --> 01:18:52,500

you look at it from a common sense

1852

01:18:58,610 --> 01:18:55,860

standpoint it just doesn't make sense

1853

01:19:00,830 --> 01:18:58,620

because if somebody like that

1854

01:19:02,149 --> 01:19:00,840

and again I'll nutshell this because I

1855

01:19:03,169 --> 01:19:02,159

don't want to take well however much

1856

01:19:06,470 --> 01:19:03,179

time you want to spend at your show

1857

01:19:09,110 --> 01:19:06,480

Jimmy I um but but this is yours

1858

01:19:11,570 --> 01:19:09,120

obviously the point the point the point

1859

01:19:13,790 --> 01:19:11,580

that I'm trying to make uh is that if

1860

01:19:16,370 --> 01:19:13,800

somebody has that knowledge and they're

1861

01:19:18,830 --> 01:19:16,380

working on that at that time frame I

1862

01:19:20,870 --> 01:19:18,840

believe the number of people that would

1863

01:19:21,830 --> 01:19:20,880

have that knowledge would be small right

1864

01:19:23,510 --> 01:19:21,840

I don't think there's going to be

1865

01:19:26,270 --> 01:19:23,520

thousands of people at like a Palmdale

1866

01:19:28,490 --> 01:19:26,280

plant uh like present day but rather it

1867

01:19:30,649 --> 01:19:28,500

would be very small you would keep that

1868

01:19:32,689 --> 01:19:30,659

knowledge very tight because you're

1869

01:19:35,689 --> 01:19:32,699

talking about world-changing highly

1870

01:19:38,270 --> 01:19:35,699

classified information uh that could

1871

01:19:40,130 --> 01:19:38,280

could change everything on this planet

1872

01:19:42,410 --> 01:19:40,140

so I think you're going to keep that

1873

01:19:44,330 --> 01:19:42,420

very very tight and if somebody like

1874

01:19:45,830 --> 01:19:44,340

that starts talking to the media I

1875

01:19:47,689 --> 01:19:45,840

believe that they meaning the the

1876

01:19:49,550 --> 01:19:47,699

government those that were trying to

1877

01:19:51,110 --> 01:19:49,560

keep that secret would know if you

1878

01:19:54,709 --> 01:19:51,120

popped up on a silhouetted interview

1879

01:19:56,750 --> 01:19:54,719

they would know and once you do that the

1880

01:19:59,570 --> 01:19:56,760

list of people that would be to blame

1881

01:20:01,550 --> 01:19:59,580

would be so small that I think that they

1882

01:20:04,970 --> 01:20:01,560

could easily Peg whomever that that

1883

01:20:08,050 --> 01:20:04,980

person was uh and so when you look at it

1884

01:20:11,390 --> 01:20:08,060

from that standpoint nobody shut it down

1885

01:20:13,790 --> 01:20:11,400

nobody cared to shut it down you have

1886

01:20:16,669 --> 01:20:13,800

the legal issues that Bob Lazar got into

1887

01:20:20,090 --> 01:20:16,679

outside of all of this talk which I

1888

01:20:22,550 --> 01:20:20,100

won't mention here but you have that um

1889

01:20:25,370 --> 01:20:22,560

that problem he had with the law a

1890

01:20:28,370 --> 01:20:25,380

couple times throughout the years and

1891

01:20:30,410 --> 01:20:28,380

you start looking at it that

1892

01:20:32,750 --> 01:20:30,420

you're not going to be that guy anymore

1893

01:20:35,709 --> 01:20:32,760

if that's who you were I I believe you

1894

01:20:39,110 --> 01:20:35,719

would be locked away and you have

1895

01:20:40,490 --> 01:20:39,120

numerous examples over the Decades of

1896

01:20:43,010 --> 01:20:40,500

people that have taken classified

1897

01:20:45,130 --> 01:20:43,020

information and put it out into the open

1898

01:20:47,630 --> 01:20:45,140

whether that be for

1899

01:20:49,370 --> 01:20:47,640

transparency so the the greater masses

1900

01:20:52,669 --> 01:20:49,380

can can understand what's really going

1901

01:20:55,250 --> 01:20:52,679

on and the Snowden leaks and so on uh

1902

01:20:57,110 --> 01:20:55,260

you look at uh all the the Wikileaks

1903

01:20:58,790 --> 01:20:57,120

stuff that is has come out but even

1904

01:21:00,530 --> 01:20:58,800

prior to that people taking classified

1905

01:21:02,810 --> 01:21:00,540

information where are they they're

1906

01:21:05,209 --> 01:21:02,820

either in jail locked up or in holes

1907

01:21:07,669 --> 01:21:05,219

somewhere hiding in other countries

1908

01:21:10,570 --> 01:21:07,679

where they can't be extradited right

1909

01:21:13,610 --> 01:21:10,580

they're not running a fireworks

1910

01:21:16,790 --> 01:21:13,620

manufacturing company or or running

1911

01:21:18,470 --> 01:21:16,800

a.com selling chemicals you know or

1912

01:21:20,630 --> 01:21:18,480

selling T-shirts and appearing at

1913

01:21:22,669 --> 01:21:20,640

conferences that's not who they are so

1914

01:21:24,770 --> 01:21:22,679

to me there's just way too much that

1915

01:21:27,649 --> 01:21:24,780

that doesn't match up and you have real

1916

01:21:31,669 --> 01:21:27,659

world examples to compare on why it

1917

01:21:34,370 --> 01:21:31,679

doesn't match up yeah yeah and uh not to

1918

01:21:37,010 --> 01:21:34,380

I can I I agree with you not to continue

1919

01:21:40,490 --> 01:21:37,020

on with the story because

1920

01:21:43,669 --> 01:21:40,500

um I I I I was all in on Bob what made

1921

01:21:47,750 --> 01:21:43,679

me pull back on Bob was that that that

1922

01:21:53,270 --> 01:21:47,760

little thing in in the film and the FBI

1923

01:21:55,370 --> 01:21:53,280

raid and and that the the it's strong

1924

01:21:58,010 --> 01:21:55,380

insinuation that that was about Element

1925

01:22:01,610 --> 01:21:58,020

115 when clearly that wasn't the case

1926

01:22:03,649 --> 01:22:01,620

and Lazar knew that and uh at the time

1927

01:22:05,810 --> 01:22:03,659

he knew and it's search one we're

1928

01:22:07,490 --> 01:22:05,820

looking for this receipt for this

1929

01:22:10,130 --> 01:22:07,500

element uh we're in a murder

1930

01:22:13,070 --> 01:22:10,140

investigation somebody was poisoned

1931

01:22:15,709 --> 01:22:13,080

um by a rare Earth element we need to

1932

01:22:17,390 --> 01:22:15,719

come in here and find this paperwork he

1933

01:22:19,729 --> 01:22:17,400

knew

1934

01:22:22,430 --> 01:22:19,739

was you know and and to imply that

1935

01:22:24,290 --> 01:22:22,440

that's what made me back off man it just

1936

01:22:26,689 --> 01:22:24,300

it just didn't sit right with me but

1937

01:22:30,770 --> 01:22:26,699

here's here's the thing

1938

01:22:32,990 --> 01:22:30,780

when Bob uh first started making these

1939

01:22:34,970 --> 01:22:33,000

statements how did he know about the

1940

01:22:37,189 --> 01:22:34,980

UFOs when they were flying right those

1941

01:22:38,630 --> 01:22:37,199

that was pretty interesting right the

1942

01:22:40,550 --> 01:22:38,640

test flights that was pretty interesting

1943

01:22:43,669 --> 01:22:40,560

and it's something that people still

1944

01:22:47,270 --> 01:22:43,679

hang their hat on today I get that right

1945

01:22:52,669 --> 01:22:47,280

but to describe S4

1946

01:22:55,790 --> 01:22:52,679

and uh Papoose Lake and on a bus

1947

01:22:57,890 --> 01:22:55,800

guard Shacks right all of this and the

1948

01:22:59,149 --> 01:22:57,900

hanger doors on the side and when he

1949

01:23:01,070 --> 01:22:59,159

didn't Bank on

1950

01:23:03,709 --> 01:23:01,080

was that one day we would have something

1951

01:23:05,930 --> 01:23:03,719

called Google Earth right he didn't make

1952

01:23:09,050 --> 01:23:05,940

out of that and you could go and you

1953

01:23:11,689 --> 01:23:09,060

show me some show me a dirt road let

1954

01:23:15,649 --> 01:23:11,699

alone a paved Road show me tire tracks

1955

01:23:18,350 --> 01:23:15,659

show me anything uh any I have looked

1956

01:23:19,910 --> 01:23:18,360

and scoured through every photograph

1957

01:23:23,510 --> 01:23:19,920

everywhere and there's nothing there's

1958

01:23:26,149 --> 01:23:23,520

no it doesn't exist so he didn't he

1959

01:23:27,530 --> 01:23:26,159

didn't know nobody knew you know back

1960

01:23:30,709 --> 01:23:27,540

then that we would have this kind of

1961

01:23:34,130 --> 01:23:30,719

ability today to go and look at any of

1962

01:23:38,030 --> 01:23:34,140

this and it just it's simply not there

1963

01:23:40,610 --> 01:23:38,040

so yeah again I had cognitive dissonance

1964

01:23:43,729 --> 01:23:40,620

man I was a victim of it I had it I was

1965

01:23:46,010 --> 01:23:43,739

I was diseased John I wouldn't listen

1966

01:23:48,229 --> 01:23:46,020

it's easy to let happen especially with

1967

01:23:50,810 --> 01:23:48,239

with it's a legend right and he is a

1968

01:23:52,790 --> 01:23:50,820

legend there's there's no going away

1969

01:23:55,490 --> 01:23:52,800

from the fact that his name will live on

1970

01:23:57,470 --> 01:23:55,500

for decades and decades still right

1971

01:23:59,810 --> 01:23:57,480

despite all the evidence to the contrary

1972

01:24:01,430 --> 01:23:59,820

that his story is is likely and

1973

01:24:05,990 --> 01:24:01,440

primarily bunk

1974

01:24:07,790 --> 01:24:06,000

he will add to this field by name uh for

1975

01:24:09,530 --> 01:24:07,800

a long time he will live on is where I'm

1976

01:24:12,830 --> 01:24:09,540

going with that part of me wants it all

1977

01:24:15,050 --> 01:24:12,840

to be true man you know me too why not

1978

01:24:16,910 --> 01:24:15,060

the world changes this is what I don't

1979

01:24:19,430 --> 01:24:16,920

get where some people that if you're

1980

01:24:21,410 --> 01:24:19,440

skeptical about something uh it's like

1981

01:24:23,149 --> 01:24:21,420

you're trying to squash disclosure when

1982

01:24:24,950 --> 01:24:23,159

people don't realize I am a full

1983

01:24:26,450 --> 01:24:24,960

supporter that if someone like Bob Lazar

1984

01:24:29,510 --> 01:24:26,460

comes out and that story is true and

1985

01:24:31,669 --> 01:24:29,520

provable that changes Humanity who

1986

01:24:34,610 --> 01:24:31,679

wouldn't want that because that opens up

1987

01:24:36,649 --> 01:24:34,620

so many more doors that you can start

1988

01:24:38,990 --> 01:24:36,659

start knocking on and trying to figure

1989

01:24:41,149 --> 01:24:39,000

out what else is there and so on and so

1990

01:24:44,570 --> 01:24:41,159

forth and and some of the arguments

1991

01:24:47,270 --> 01:24:44,580

pushing back on on that skepticism uh

1992

01:24:49,610 --> 01:24:47,280

just don't make sense whatsoever plain

1993

01:24:51,050 --> 01:24:49,620

and simple if it were true and I want I

1994

01:24:54,110 --> 01:24:51,060

wish it were

1995

01:24:55,790 --> 01:24:54,120

it would change Humanity like why why

1996

01:24:57,590 --> 01:24:55,800

wouldn't we want that and and that's

1997

01:24:58,570 --> 01:24:57,600

what I don't understand but that's where

1998

01:25:02,930 --> 01:24:58,580

we're at

1999

01:25:04,850 --> 01:25:02,940

yeah yeah not to uh now okay uh back to

2000

01:25:08,390 --> 01:25:04,860

Travis Taylor

2001

01:25:10,729 --> 01:25:08,400
um where TT You Know Travis

2002

01:25:12,830 --> 01:25:10,739
um I think he's a very likable guy he's

2003

01:25:15,050 --> 01:25:12,840
very well spoken and uh he's

2004

01:25:17,390 --> 01:25:15,060
credentialed and and he's got all of

2005

01:25:18,310 --> 01:25:17,400
that going for him right

2006

01:25:25,390 --> 01:25:18,320
um

2007

01:25:28,430 --> 01:25:25,400
Travis where to me

2008

01:25:32,290 --> 01:25:28,440
this is just an observation he seems to

2009

01:25:35,270 --> 01:25:32,300
be everywhere every man all the time

2010

01:25:38,209 --> 01:25:35,280
right he's like every man's everywhere

2011

01:25:41,209 --> 01:25:38,219
all the time dude he's on all the TV

2012

01:25:43,610 --> 01:25:41,219
shows he's on all the conferences

2013

01:25:45,350 --> 01:25:43,620

um he's knowledgeable in all of the

2014

01:25:47,390 --> 01:25:45,360

subjects

2015

01:25:49,689 --> 01:25:47,400

um you know has he been on Oak Island

2016

01:25:52,490 --> 01:25:49,699

yet

2017

01:25:54,169 --> 01:25:52,500

well you laugh I to be honest with you I

2018

01:25:55,669 --> 01:25:54,179

think so but I I to be honest with you I

2019

01:25:59,270 --> 01:25:55,679

don't know for sure I don't know either

2020

01:26:01,070 --> 01:25:59,280

but I'm just saying you know and so

2021

01:26:02,810 --> 01:26:01,080

um which I want to take this back to

2022

01:26:03,910 --> 01:26:02,820

your point

2023

01:26:07,129 --> 01:26:03,920

um

2024

01:26:09,530 --> 01:26:07,139

would somebody like that with knowledge

2025

01:26:14,090 --> 01:26:09,540

be out in the public

2026
01:26:16,850 --> 01:26:14,100
so is is Travis basing his belief system

2027
01:26:18,050 --> 01:26:16,860
which is religious right to believe in

2028
01:26:19,629 --> 01:26:18,060
something

2029
01:26:24,470 --> 01:26:19,639
um that

2030
01:26:27,169 --> 01:26:24,480
is it is is it based on fact

2031
01:26:29,750 --> 01:26:27,179
is has he been read in has he seen

2032
01:26:31,790 --> 01:26:29,760
something or is he just trying to

2033
01:26:34,129 --> 01:26:31,800
scientifically prove this because I've

2034
01:26:37,030 --> 01:26:34,139
got a lot of respect for the guy yeah

2035
01:26:40,850 --> 01:26:37,040
what was fascinating with the interview

2036
01:26:43,310 --> 01:26:40,860
was the fact that he wasn't making the

2037
01:26:46,370 --> 01:26:43,320
explosive claims that he wasn't coming

2038
01:26:49,370 --> 01:26:46,380

to me saying you know look John I can't

2039

01:26:51,649 --> 01:26:49,380

tell you but they're aliens you know

2040

01:26:54,350 --> 01:26:51,659

like he wasn't doing anything crazy like

2041

01:26:56,750 --> 01:26:54,360

that and and in fact towards the end of

2042

01:26:59,750 --> 01:26:56,760

the interview there was such a genuine

2043

01:27:01,189 --> 01:26:59,760

answer from him that he said out of

2044

01:27:03,470 --> 01:27:01,199

everything that I look at that he

2045

01:27:06,110 --> 01:27:03,480

essentially was kind of leaning towards

2046

01:27:08,149 --> 01:27:06,120

a extraterrestrial hypothesis but he

2047

01:27:10,310 --> 01:27:08,159

couldn't prove it now I'm kind of

2048

01:27:12,530 --> 01:27:10,320

paraphrasing there but there's that's

2049

01:27:16,490 --> 01:27:12,540

such a genuine way to frame it because

2050

01:27:18,770 --> 01:27:16,500

he's not coming to me with some kind of

2051
01:27:21,290 --> 01:27:18,780
shrouded Cloak and Dagger type story

2052
01:27:24,410 --> 01:27:21,300
that he's making these huge claims but

2053
01:27:26,990 --> 01:27:24,420
rather saying look I lean this way but

2054
01:27:30,590 --> 01:27:27,000
John I can't I can't 100 prove that to

2055
01:27:32,870 --> 01:27:30,600
you so so I'm gonna keep pushing in the

2056
01:27:34,729 --> 01:27:32,880
ways that I know how now again I'm

2057
01:27:36,410 --> 01:27:34,739
paraphrasing there but it was such a

2058
01:27:38,750 --> 01:27:36,420
genuine answer from him and one that

2059
01:27:40,850 --> 01:27:38,760
that I was a little surprised at because

2060
01:27:45,410 --> 01:27:40,860
when you talk to people in in positions

2061
01:27:48,350 --> 01:27:45,420
like him uh they they love to make every

2062
01:27:51,770 --> 01:27:48,360
answer a riddle and you have to figure

2063
01:27:54,770 --> 01:27:51,780

out what exactly did he mean and did he

2064

01:27:57,470 --> 01:27:54,780

sniff a certain way did he sneeze as a

2065

01:27:59,870 --> 01:27:57,480

secret code and yes there are people out

2066

01:28:02,390 --> 01:27:59,880

there that read into others that are

2067

01:28:04,430 --> 01:28:02,400

telling those stories and it drives me

2068

01:28:05,209 --> 01:28:04,440

nuts some people call them breadcrumbs

2069

01:28:06,950 --> 01:28:05,219

right

2070

01:28:09,050 --> 01:28:06,960

that's not what he that's not what

2071

01:28:11,930 --> 01:28:09,060

Travis Taylor did with me today and and

2072

01:28:16,129 --> 01:28:11,940

yet again I highly respect that because

2073

01:28:18,649 --> 01:28:16,139

he wasn't making these grandiose claims

2074

01:28:21,590 --> 01:28:18,659

and shrouding it in Cloak and Dagger

2075

01:28:23,870 --> 01:28:21,600

stuff to hint at this or hint at that he

2076

01:28:26,450 --> 01:28:23,880

was straightforward he gave me the

2077

01:28:29,390 --> 01:28:26,460

answers and when I pushed into what was

2078

01:28:31,189 --> 01:28:29,400

a classified realm uh he would push back

2079

01:28:34,010 --> 01:28:31,199

and say I you know I can't I can't talk

2080

01:28:35,870 --> 01:28:34,020

about that or when I pushed him on uh

2081

01:28:38,209 --> 01:28:35,880

what his current company is doing in the

2082

01:28:39,830 --> 01:28:38,219

private sector uh and I kind of prodded

2083

01:28:41,510 --> 01:28:39,840

him on that a little bit he he

2084

01:28:43,070 --> 01:28:41,520

essentially had to close it off there

2085

01:28:45,410 --> 01:28:43,080

because he's not a spokesperson for the

2086

01:28:47,270 --> 01:28:45,420

company so I respect that so where I'm

2087

01:28:49,910 --> 01:28:47,280

going with it going back to what you're

2088

01:28:52,490 --> 01:28:49,920

asking would he be out in the open well

2089

01:28:54,470 --> 01:28:52,500

if he was making these grandiose claims

2090

01:28:57,530 --> 01:28:54,480

then yes I would make that argument that

2091

01:28:59,750 --> 01:28:57,540

he wouldn't be all over television but

2092

01:29:03,470 --> 01:28:59,760

the fact remains is that he's not making

2093

01:29:06,350 --> 01:29:03,480

those big claims and on top of that he's

2094

01:29:07,850 --> 01:29:06,360

incredibly intelligent uh not only just

2095

01:29:10,189 --> 01:29:07,860

buy the book he's got six different

2096

01:29:12,709 --> 01:29:10,199

degrees two of which are doctorates a

2097

01:29:15,410 --> 01:29:12,719

few Masters uh he's incredibly by the

2098

01:29:18,229 --> 01:29:15,420

book intelligent but on top of that he

2099

01:29:20,149 --> 01:29:18,239

has a way to convey the message and I'll

2100

01:29:21,770 --> 01:29:20,159

give a quick Story one I told on my

2101

01:29:25,070 --> 01:29:21,780

interview but I wanted to say it here

2102

01:29:27,530 --> 01:29:25,080

also sure Dr Travis and I cross paths

2103

01:29:29,390 --> 01:29:27,540

about six seven years ago and I was

2104

01:29:31,790 --> 01:29:29,400

brought into to produce and write a

2105

01:29:33,290 --> 01:29:31,800

History Channel show that was all about

2106

01:29:36,410 --> 01:29:33,300

the end of the world

2107

01:29:39,470 --> 01:29:36,420

in my particular episode was if aliens

2108

01:29:42,229 --> 01:29:39,480

attacked Earth uh how would they do it

2109

01:29:44,209 --> 01:29:42,239

and why and then who would win so it was

2110

01:29:45,830 --> 01:29:44,219

showing all these different disasters

2111

01:29:48,830 --> 01:29:45,840

and how the world can end and could

2112

01:29:51,110 --> 01:29:48,840

Humanity survive and my Executives came

2113

01:29:52,910 --> 01:29:51,120

to me and I forget what show Dr Taylor

2114

01:29:55,430 --> 01:29:52,920

was doing at the time

2115

01:29:57,950 --> 01:29:55,440

um I knew him by reputation I had never

2116

01:29:59,570 --> 01:29:57,960

met him before but my Executives the big

2117

01:30:02,209 --> 01:29:59,580

bosses came to me and said okay John

2118

01:30:04,010 --> 01:30:02,219

look you're gonna do the show we know

2119

01:30:05,930 --> 01:30:04,020

that you're totally into the topic you

2120

01:30:07,550 --> 01:30:05,940

know I had a bunch of experts lined up

2121

01:30:09,770 --> 01:30:07,560

but they said you have to talk to Dr

2122

01:30:11,450 --> 01:30:09,780

Travis Taylor and I was like oh okay

2123

01:30:13,129 --> 01:30:11,460

well I know that name and he literally

2124

01:30:16,310 --> 01:30:13,139

wrote a book about what I was talking

2125

01:30:18,830 --> 01:30:16,320

about and uh was just someone that they

2126
01:30:20,390 --> 01:30:18,840
wanted on the show why because again he

2127
01:30:22,370 --> 01:30:20,400
had that presence that was able to

2128
01:30:24,770 --> 01:30:22,380
convey the message so I don't think that

2129
01:30:26,510 --> 01:30:24,780
it's it's a bad thing and not that you

2130
01:30:28,610 --> 01:30:26,520
were implying that but other people say

2131
01:30:30,649 --> 01:30:28,620
it he's everywhere he's on all these

2132
01:30:33,950 --> 01:30:30,659
shows what is he doing this and that and

2133
01:30:36,430 --> 01:30:33,960
it's because he's a presence on camera

2134
01:30:38,689 --> 01:30:36,440
and he delivers and he can

2135
01:30:40,729 --> 01:30:38,699
essentially present to the camera well

2136
01:30:42,350 --> 01:30:40,739
and and that as a producer that's what

2137
01:30:44,629 --> 01:30:42,360
you look for because if you interview

2138
01:30:46,729 --> 01:30:44,639

somebody that's incredibly dry and

2139

01:30:49,010 --> 01:30:46,739

there's a monotone and when you ask him

2140

01:30:50,870 --> 01:30:49,020

a question they pay it off and you know

2141

01:30:53,510 --> 01:30:50,880

that's horrible television you don't

2142

01:30:55,669 --> 01:30:53,520

want to do that and so you find those

2143

01:30:57,649 --> 01:30:55,679

people that that can convey the message

2144

01:30:59,570 --> 01:30:57,659

and you stick with them and Dr Taylor

2145

01:31:01,430 --> 01:30:59,580

was one of them that's why you see him

2146

01:31:03,229 --> 01:31:01,440

on all these different shows because

2147

01:31:04,970 --> 01:31:03,239

he's Versed and can deliver

2148

01:31:08,330 --> 01:31:04,980

uh

2149

01:31:10,430 --> 01:31:08,340

I like Travis he's somebody that I I

2150

01:31:12,530 --> 01:31:10,440

would sit down and have beers and tacos

2151
01:31:15,290 --> 01:31:12,540
with right you could just tell it would

2152
01:31:17,030 --> 01:31:15,300
be just a fun night and and he's full of

2153
01:31:21,649 --> 01:31:17,040
knowledge

2154
01:31:22,910 --> 01:31:21,659
um and but everybody is just going at

2155
01:31:25,129 --> 01:31:22,920
him

2156
01:31:26,870 --> 01:31:25,139
um you saw you saw the social media did

2157
01:31:30,410 --> 01:31:26,880
today about the interview about this

2158
01:31:33,770 --> 01:31:30,420
comment about drones and and flight time

2159
01:31:37,910 --> 01:31:33,780
um and and how inaccurate uh that was

2160
01:31:41,830 --> 01:31:37,920
and anybody that's a a DGI you know

2161
01:31:44,810 --> 01:31:41,840
whatever mavic mavic mini SE what

2162
01:31:47,390 --> 01:31:44,820
anybody that's in the Drone world knows

2163
01:31:50,810 --> 01:31:47,400

about flight times and and batteries uh

2164

01:31:52,729 --> 01:31:50,820

today let alone military drones uh are

2165

01:31:54,850 --> 01:31:52,739

not out there flying uh for 15 minutes

2166

01:31:58,129 --> 01:31:54,860

or flying for hours at a time

2167

01:32:00,169 --> 01:31:58,139

so what did we what did we do with that

2168

01:32:03,649 --> 01:32:00,179

kind of inaccuracy or do you just think

2169

01:32:06,169 --> 01:32:03,659

it was just a just a simple mistake

2170

01:32:08,390 --> 01:32:06,179

well it could be any of what you just

2171

01:32:11,149 --> 01:32:08,400

said it could have been a mistake

2172

01:32:14,930 --> 01:32:11,159

um I did not push back on the idea it

2173

01:32:16,790 --> 01:32:14,940

wasn't my intent to debate with him uh

2174

01:32:18,350 --> 01:32:16,800

but but of course you know Twitter and

2175

01:32:21,050 --> 01:32:18,360

social media is really kind of attacking

2176

01:32:22,970 --> 01:32:21,060

him on that In fairness to Dr Taylor it

2177

01:32:26,090 --> 01:32:22,980

could have absolutely absolutely have

2178

01:32:27,830 --> 01:32:26,100

been either a misspeak or potentially

2179

01:32:30,229 --> 01:32:27,840

not

2180

01:32:31,669 --> 01:32:30,239

specific enough again we weren't in a

2181

01:32:33,229 --> 01:32:31,679

debate so it's not like he was sitting

2182

01:32:34,729 --> 01:32:33,239

here going all right this model has this

2183

01:32:37,490 --> 01:32:34,739

many minutes this model is this many

2184

01:32:39,470 --> 01:32:37,500

minutes Ergo you can't have this be that

2185

01:32:40,910 --> 01:32:39,480

it wasn't like that I think it was a

2186

01:32:42,290 --> 01:32:40,920

much quicker comment So In fairness

2187

01:32:44,930 --> 01:32:42,300

statement could have been a mistake and

2188

01:32:47,810 --> 01:32:44,940

just a misspeak or on top of that I saw

2189

01:32:49,490 --> 01:32:47,820

a comment and uh I'm not going to argue

2190

01:32:50,390 --> 01:32:49,500

either way of what they meant but I

2191

01:32:53,330 --> 01:32:50,400

thought it was a very interesting

2192

01:32:55,550 --> 01:32:53,340

perspective that somebody on on Twitter

2193

01:32:57,530 --> 01:32:55,560

I think it was was kind of going to

2194

01:32:59,570 --> 01:32:57,540

going to his defense and was talking

2195

01:33:01,790 --> 01:32:59,580

about the difference between a vital or

2196

01:33:04,790 --> 01:33:01,800

vertical takeoff on Landing drone versus

2197

01:33:06,649 --> 01:33:04,800

a fixed Wing drone and the difference in

2198

01:33:09,050 --> 01:33:06,659

battery and so on and so forth I'm like

2199

01:33:11,030 --> 01:33:09,060

oh okay that's an element of this

2200

01:33:13,370 --> 01:33:11,040

conversation that you just don't see

2201

01:33:16,070 --> 01:33:13,380

somebody says well a battery can last 45

2202

01:33:17,870 --> 01:33:16,080

minutes what's in my opinion it's just

2203

01:33:20,030 --> 01:33:17,880

not that easy you have to drill down

2204

01:33:21,950 --> 01:33:20,040

because like that commenter said and it

2205

01:33:23,750 --> 01:33:21,960

was something I had not thought of are

2206

01:33:25,729 --> 01:33:23,760

you talking about a veto drone are you

2207

01:33:28,189 --> 01:33:25,739

talking about a fixed Wing drone there's

2208

01:33:30,830 --> 01:33:28,199

a lot of other variables that maybe Dr

2209

01:33:32,870 --> 01:33:30,840

Taylor in his mind knew what he was

2210

01:33:34,550 --> 01:33:32,880

referring to but then everybody else

2211

01:33:37,610 --> 01:33:34,560

just takes that one little snippet of

2212

01:33:39,590 --> 01:33:37,620

what he said and and attributes it to an

2213

01:33:41,930 --> 01:33:39,600

inaccurate statement and goes ha you

2214

01:33:43,550 --> 01:33:41,940

know he's not credible I think we should

2215

01:33:45,350 --> 01:33:43,560

give him another shot to maybe explain

2216

01:33:47,209 --> 01:33:45,360

and it's up to him I don't speak for him

2217

01:33:48,470 --> 01:33:47,219

I don't think it's a big deal I don't

2218

01:33:51,229 --> 01:33:48,480

think it's a big deal

2219

01:33:52,910 --> 01:33:51,239

um and and I'm not insinuating at all

2220

01:33:54,890 --> 01:33:52,920

that you should have debated him on this

2221

01:33:58,610 --> 01:33:54,900

point no no I didn't take it that way my

2222

01:34:01,790 --> 01:33:58,620

approach to this is uh with somebody

2223

01:34:03,830 --> 01:34:01,800

with a couple of doctorates and and

2224

01:34:06,350 --> 01:34:03,840

credentialed and knowledge and we're

2225

01:34:08,090 --> 01:34:06,360

talking about physics here

2226

01:34:11,689 --> 01:34:08,100

um it should have a basic knowledge of

2227

01:34:14,510 --> 01:34:11,699

things and and should have control of of

2228

01:34:17,629 --> 01:34:14,520

of what they're thinking and you can't

2229

01:34:21,050 --> 01:34:17,639

be that factually off on something all

2230

01:34:23,030 --> 01:34:21,060

right I don't own a drone I don't

2231

01:34:27,590 --> 01:34:23,040

um I do a lot of research into drones

2232

01:34:29,629 --> 01:34:27,600

I'm always looking on on uh the web

2233

01:34:31,550 --> 01:34:29,639

because I'm gonna purchase one right so

2234

01:34:32,930 --> 01:34:31,560

I'm looking at flight times John I'm

2235

01:34:34,430 --> 01:34:32,940

looking at batteries I'm looking at

2236

01:34:36,410 --> 01:34:34,440

what's going on I'm looking at videos

2237

01:34:39,410 --> 01:34:36,420

I'm trying to see I'm looking at the

2238

01:34:42,050 --> 01:34:39,420

reviews and and the comments and what

2239

01:34:43,669 --> 01:34:42,060

real flight time is when these claims of

2240

01:34:45,770 --> 01:34:43,679

a manufacturer are saying you get 30

2241

01:34:49,310 --> 01:34:45,780

minutes when you're only getting 20.

2242

01:34:50,629 --> 01:34:49,320

right I I know these things I'm not a

2243

01:34:54,050 --> 01:34:50,639

PhD

2244

01:34:56,990 --> 01:34:54,060

and that's that's my point why it would

2245

01:34:58,610 --> 01:34:57,000

be that inaccurate or you know so maybe

2246

01:35:02,510 --> 01:34:58,620

it was just a mistake that's the only

2247

01:35:04,729 --> 01:35:02,520

thing yeah and again it could be uh I I

2248

01:35:06,530 --> 01:35:04,739

think in something like that because

2249

01:35:10,310 --> 01:35:06,540

I've heard myself in interviews before

2250

01:35:11,990 --> 01:35:10,320

I'm not a PhD I'm not anything close to

2251

01:35:14,390 --> 01:35:12,000

that uh when it comes to educational

2252

01:35:16,790 --> 01:35:14,400

degrees and you misspeak all the time

2253

01:35:18,350 --> 01:35:16,800

not you but me you know when you do live

2254

01:35:21,290 --> 01:35:18,360

interviews and you talk to somebody for

2255

01:35:22,910 --> 01:35:21,300

an hour and look I'm not like a a sweet

2256

01:35:24,890 --> 01:35:22,920

interviewer where I just ask you what's

2257

01:35:26,870 --> 01:35:24,900

your favorite color and and do you like

2258

01:35:31,070 --> 01:35:26,880

long walks on the beach I mean I'll dig

2259

01:35:32,149 --> 01:35:31,080

and he has to in his mind and and again

2260

01:35:38,050 --> 01:35:32,159

I'm

2261

01:35:40,970 --> 01:35:38,060

in any way but as somebody who's done

2262

01:35:43,610 --> 01:35:40,980

quite a few interviews uh throughout the

2263

01:35:46,669 --> 01:35:43,620

years and in television and radio you

2264

01:35:50,149 --> 01:35:46,679

know he on his side he's got multiple

2265

01:35:52,430 --> 01:35:50,159

ndas security clearances and so on and

2266

01:35:54,770 --> 01:35:52,440

no stuff that if he slips he can get

2267

01:35:56,930 --> 01:35:54,780

into a lot of trouble and I've always

2268

01:35:59,270 --> 01:35:56,940

respected even Luis Elizondo when he

2269

01:36:01,070 --> 01:35:59,280

does interviews uh Dr Taylor anybody

2270

01:36:04,070 --> 01:36:01,080

with a security clearance you have to

2271

01:36:06,410 --> 01:36:04,080

balance that when somebody like me is

2272

01:36:08,330 --> 01:36:06,420

asking you questions and pushing for

2273

01:36:11,090 --> 01:36:08,340

every little tidbit of information so

2274

01:36:14,450 --> 01:36:11,100

did he misspeak on a battery flight

2275

01:36:16,669 --> 01:36:14,460

length time maybe you know I don't know

2276

01:36:18,110 --> 01:36:16,679

but it doesn't surprise me because you

2277

01:36:20,930 --> 01:36:18,120

know when you do these interviews on

2278

01:36:24,110 --> 01:36:20,940

both sides of the interview your mind is

2279

01:36:25,790 --> 01:36:24,120

going 30 different places at once and

2280

01:36:27,350 --> 01:36:25,800

you're you know on my side you're trying

2281

01:36:29,090 --> 01:36:27,360

to formulate the next question while

2282

01:36:30,890 --> 01:36:29,100

listening to that one seeing if it's

2283

01:36:32,090 --> 01:36:30,900

worthy of a follow-up did you miss

2284

01:36:33,890 --> 01:36:32,100

something that you want to go back to

2285

01:36:35,870 --> 01:36:33,900

what kind of hate mail are you going to

2286

01:36:38,090 --> 01:36:35,880

get and on his side he's doing the same

2287

01:36:40,129 --> 01:36:38,100

thing what's John going to ask next do I

2288

01:36:42,169 --> 01:36:40,139

want to cut off his question and maybe

2289

01:36:44,270 --> 01:36:42,179

give an answer so he doesn't have to ask

2290

01:36:46,430 --> 01:36:44,280

it let's make sure we don't go there

2291

01:36:49,129 --> 01:36:46,440

because I have a security clearance I'm

2292

01:36:52,070 --> 01:36:49,139

working at a multi-million or whatever

2293

01:36:53,930 --> 01:36:52,080

Corporation I can't make them look bad

2294

01:36:58,010 --> 01:36:53,940

so there's all this stuff going on

2295

01:37:02,270 --> 01:36:58,020

everybody's brain I I don't I think a a

2296

01:37:05,030 --> 01:37:02,280

fair resolution to this is we let him

2297

01:37:07,129 --> 01:37:05,040

explain yeah and why is it what you know

2298

01:37:11,090 --> 01:37:07,139

what and let's let's get to the root of

2299

01:37:12,790 --> 01:37:11,100

the matter here why is it that we find

2300

01:37:16,310 --> 01:37:12,800

ourselves today

2301

01:37:19,430 --> 01:37:16,320

having to react to

2302

01:37:22,010 --> 01:37:19,440

social media that social media is so

2303

01:37:24,229 --> 01:37:22,020

quick to attack social media is so quick

2304

01:37:26,570 --> 01:37:24,239

I mean that that they just want to

2305

01:37:29,530 --> 01:37:26,580

cancel whoever you know the attack

2306

01:37:33,290 --> 01:37:29,540

attack and prove and and the

2307

01:37:36,169 --> 01:37:33,300

why uh why are we there today John why

2308

01:37:38,930 --> 01:37:36,179

is that going on and is it because

2309

01:37:41,689 --> 01:37:38,940

first off why why is this happening why

2310

01:37:44,149 --> 01:37:41,699

are you and I even talking about this

2311

01:37:47,209 --> 01:37:44,159

um number one number two is it because

2312

01:37:49,430 --> 01:37:47,219

we can't hear the voice behind

2313

01:37:51,290 --> 01:37:49,440

somebody's comments I gotta tell you

2314

01:37:54,169 --> 01:37:51,300

Mick West

2315

01:37:56,510 --> 01:37:54,179

I think he's a likable guy I've talked

2316

01:37:58,729 --> 01:37:56,520

to him on the phone I've interviewed him

2317

01:38:00,830 --> 01:37:58,739

I think he's a likable guy he's like the

2318

01:38:03,050 --> 01:38:00,840

most hated dude on Twitter

2319

01:38:06,370 --> 01:38:03,060

right and and nothing but attack attack

2320

01:38:09,229 --> 01:38:06,380

attack and and I don't think people hear

2321

01:38:11,510 --> 01:38:09,239

his he picked apart a video that I

2322

01:38:14,570 --> 01:38:11,520

posted which I didn't care about

2323

01:38:17,209 --> 01:38:14,580

um I just needed answers right and and

2324

01:38:19,729 --> 01:38:17,219

okay all right I'm not gonna fight with

2325

01:38:21,890 --> 01:38:19,739

the guy you know it's it's it's it's

2326

01:38:24,290 --> 01:38:21,900

it's out there and it but people just

2327

01:38:26,570 --> 01:38:24,300

want to attack why is it that we have to

2328

01:38:29,390 --> 01:38:26,580

respond and and why should Travis be in

2329

01:38:30,950 --> 01:38:29,400

a position to turn around and and deal

2330

01:38:33,290 --> 01:38:30,960

with

2331

01:38:36,229 --> 01:38:33,300

um a faux PA you know a mistake a

2332

01:38:40,129 --> 01:38:36,239

misstatement a misquote about battery

2333

01:38:42,770 --> 01:38:40,139

life in a drone how did we get here man

2334

01:38:45,590 --> 01:38:42,780

sadly that's just social media it's been

2335

01:38:48,050 --> 01:38:45,600

the evolution that I've seen from what

2336

01:38:50,149 --> 01:38:48,060

were called IRC chat rooms way back in

2337

01:38:52,250 --> 01:38:50,159

the day even prior to that were bbs's

2338

01:38:55,129 --> 01:38:52,260

that you would dial up into right and

2339

01:38:56,570 --> 01:38:55,139

post messages on boards when IRC came

2340

01:38:58,850 --> 01:38:56,580

around you were having these debates

2341

01:39:01,310 --> 01:38:58,860

with people even back then and that was

2342

01:39:03,830 --> 01:39:01,320

decades ago fast forward Twitter's just

2343

01:39:05,330 --> 01:39:03,840

you know a newer way to have these

2344

01:39:07,430 --> 01:39:05,340

debates and throw shots at people

2345

01:39:09,590 --> 01:39:07,440

because there's no human interaction

2346

01:39:11,570 --> 01:39:09,600

it's not like you and me talking it's

2347

01:39:14,270 --> 01:39:11,580

not like Dr Taylor and I talking via

2348

01:39:17,330 --> 01:39:14,280

these types of video chats just having a

2349

01:39:21,470 --> 01:39:17,340

good chat rather some people out there

2350

01:39:25,129 --> 01:39:21,480

find it easier to throw a 125 character

2351

01:39:27,890 --> 01:39:25,139

insult at somebody uh hiding behind a

2352

01:39:29,030 --> 01:39:27,900

keyboard and that's easy for them and so

2353

01:39:30,950 --> 01:39:29,040

they just throw it out there because

2354

01:39:33,830 --> 01:39:30,960

they feel like that's their contribution

2355

01:39:36,250 --> 01:39:33,840

and and it's very frustrating uh and

2356

01:39:39,050 --> 01:39:36,260

even Dr Taylor brought it up today

2357

01:39:41,149 --> 01:39:39,060

saying that instead of this and again

2358

01:39:43,870 --> 01:39:41,159

I'm paraphrasing but essentially this

2359

01:39:45,770 --> 01:39:43,880

vitriol that's out there this this this

2360

01:39:48,770 --> 01:39:45,780

fighting and this like going

2361

01:39:51,709 --> 01:39:48,780

head-to-head that making this a team

2362

01:39:54,530 --> 01:39:51,719

effort tackling this together would be

2363

01:39:57,410 --> 01:39:54,540

so much more beneficial than sitting

2364

01:39:59,870 --> 01:39:57,420

here and going back and forth and and

2365

01:40:02,810 --> 01:39:59,880

doing these types of of wars and he's

2366

01:40:04,490 --> 01:40:02,820

absolutely right and when that interview

2367

01:40:05,930 --> 01:40:04,500

aired I mean I kid you know I'm

2368

01:40:07,850 --> 01:40:05,940

surprised that people were stealing

2369

01:40:10,550 --> 01:40:07,860

Clips so fast so they must have been

2370

01:40:13,189 --> 01:40:10,560

sitting there like either just ripping

2371

01:40:14,810 --> 01:40:13,199

as I was going or I don't know I mean

2372

01:40:16,850 --> 01:40:14,820

look I'm a computer geek and I know how

2373

01:40:17,990 --> 01:40:16,860

to rip these things pretty quick but man

2374

01:40:20,030 --> 01:40:18,000

there were people that were like

2375

01:40:22,430 --> 01:40:20,040

tweeting these video clips from my

2376

01:40:23,930 --> 01:40:22,440

interview already and then tonight I was

2377

01:40:25,729 --> 01:40:23,940

seeing somebody was live streaming with

2378

01:40:27,649 --> 01:40:25,739

it already playing clips and in the

2379

01:40:29,510 --> 01:40:27,659

background my God you know it's not even

2380

01:40:31,790 --> 01:40:29,520

a couple hours old guys like give it

2381

01:40:34,250 --> 01:40:31,800

some time where people can can digest it

2382

01:40:37,310 --> 01:40:34,260

but that is the world that we live in

2383

01:40:39,229 --> 01:40:37,320

it's quick it's fast people wanna they

2384

01:40:41,870 --> 01:40:39,239

wanna put their reactions out there some

2385

01:40:44,390 --> 01:40:41,880

are supportive some are combative some

2386

01:40:46,550 --> 01:40:44,400

are just vicious it doesn't matter but

2387

01:40:48,470 --> 01:40:46,560

that's that's who we are and why do we

2388

01:40:51,470 --> 01:40:48,480

have to respond I mean I find myself

2389

01:40:53,750 --> 01:40:51,480

responding to insults and claims from

2390

01:40:55,729 --> 01:40:53,760

people that have like 30 followers and

2391

01:40:57,770 --> 01:40:55,739

after I do it I go John what the hell

2392

01:41:00,470 --> 01:40:57,780

are you doing why are you doing matter

2393

01:41:03,169 --> 01:41:00,480

like what does it matter but it it makes

2394

01:41:04,669 --> 01:41:03,179

me angry that people can do that and

2395

01:41:06,770 --> 01:41:04,679

post it out there so they may only have

2396

01:41:09,830 --> 01:41:06,780

30 followers but they put it on my

2397

01:41:11,870 --> 01:41:09,840

thread and make a you know stupid claim

2398

01:41:13,970 --> 01:41:11,880

or whatever about me I just feel the

2399

01:41:16,790 --> 01:41:13,980

need I have to respond you know because

2400

01:41:19,010 --> 01:41:16,800

it's wrong but that's what people some

2401

01:41:20,090 --> 01:41:19,020

people you know want to do and that they

2402

01:41:21,830 --> 01:41:20,100

feel that that's their their

2403

01:41:24,470 --> 01:41:21,840

contribution so

2404

01:41:26,390 --> 01:41:24,480

does Dr Taylor have to address any of

2405

01:41:29,510 --> 01:41:26,400

that that's up to him I only speak for

2406

01:41:31,910 --> 01:41:29,520

myself I've tried to really back out of

2407

01:41:34,609 --> 01:41:31,920

responding to that hate and vitriol and

2408

01:41:36,229 --> 01:41:34,619

trust me I get my fair share it is not a

2409

01:41:39,050 --> 01:41:36,239

popular take some of the takes that I

2410

01:41:41,390 --> 01:41:39,060

have where you question a lot of a lot

2411

01:41:44,330 --> 01:41:41,400

of things like that's what I do I mean I

2412

01:41:45,950 --> 01:41:44,340

I push and push and push for answers and

2413

01:41:47,930 --> 01:41:45,960

every single piece of the puzzle I can

2414

01:41:49,490 --> 01:41:47,940

get and for some people that's rocking

2415

01:41:52,850 --> 01:41:49,500

the boat and they don't like that and

2416

01:41:54,890 --> 01:41:52,860

they will attack me for it and I've

2417

01:41:58,310 --> 01:41:54,900

really tried to be better over the last

2418

01:42:01,250 --> 01:41:58,320

year or two to just block them get them

2419

01:42:02,810 --> 01:42:01,260

out of my feed and call it a day you

2420

01:42:04,430 --> 01:42:02,820

know and sometimes people will take

2421

01:42:06,229 --> 01:42:04,440

screenshots oh look what this guy's

2422

01:42:08,810 --> 01:42:06,239

saying about you it's like I really

2423

01:42:10,970 --> 01:42:08,820

don't care you know I mean at that point

2424

01:42:12,950 --> 01:42:10,980

you just have to back out but that is

2425

01:42:15,470 --> 01:42:12,960

the reality of of the world that we live

2426

01:42:17,510 --> 01:42:15,480

in and we have to realize that those

2427

01:42:20,149 --> 01:42:17,520

that are creating forums like this

2428

01:42:21,590 --> 01:42:20,159

creating content that's valuable having

2429

01:42:23,510 --> 01:42:21,600

these types of conversations not only

2430

01:42:25,070 --> 01:42:23,520

between between you and me but you know

2431

01:42:27,050 --> 01:42:25,080

others that are out there creating

2432

01:42:29,689 --> 01:42:27,060

content and making that information

2433

01:42:31,850 --> 01:42:29,699

available that's what this is all about

2434

01:42:34,010 --> 01:42:31,860

and I have to remember that that's what

2435

01:42:36,770 --> 01:42:34,020

we're doing that's what what our vision

2436

01:42:38,149 --> 01:42:36,780

should remain and if their vision is

2437

01:42:40,790 --> 01:42:38,159

they're going to go and like type an

2438

01:42:43,729 --> 01:42:40,800

insult and tweet at us

2439

01:42:45,590 --> 01:42:43,739

good job like way to contribute you know

2440

01:42:48,590 --> 01:42:45,600

like what else what else do you want to

2441

01:42:51,649 --> 01:42:48,600

do right right right right right and I

2442

01:42:53,990 --> 01:42:51,659

figured out a long time ago uh this is

2443

01:42:57,950 --> 01:42:54,000

years ago this wasn't in the last month

2444

01:43:01,729 --> 01:42:57,960

this is years ago that I was allowing

2445

01:43:03,310 --> 01:43:01,739

and I saw it I felt it I was allowing

2446

01:43:07,490 --> 01:43:03,320

social media

2447

01:43:08,510 --> 01:43:07,500

to dictate my mood yeah and wait a

2448

01:43:10,090 --> 01:43:08,520

minute here wait wait wait wait wait

2449

01:43:12,590 --> 01:43:10,100

wait wait wait wait wait wait wait

2450

01:43:15,470 --> 01:43:12,600

I'm in a great mood

2451
01:43:17,450 --> 01:43:15,480
why you know and and and and getting

2452
01:43:21,169 --> 01:43:17,460
sucked into it

2453
01:43:24,950 --> 01:43:21,179
why why do I need it

2454
01:43:28,129 --> 01:43:24,960
to change me and my mood no I don't no

2455
01:43:30,229 --> 01:43:28,139
no I'll get off social media before I

2456
01:43:31,970 --> 01:43:30,239
let any of that happen and so what I

2457
01:43:34,790 --> 01:43:31,980
decided

2458
01:43:36,890 --> 01:43:34,800
I'm not going to read it there are

2459
01:43:39,649 --> 01:43:36,900
people out there that uh do their thing

2460
01:43:42,169 --> 01:43:39,659
and I get that whatever but I don't see

2461
01:43:46,010 --> 01:43:42,179
it and and I don't I certainly don't

2462
01:43:49,430 --> 01:43:46,020
care about it it's it's not going to uh

2463
01:43:52,550 --> 01:43:49,440

uh change my Bliss or how I feel I don't

2464

01:43:53,570 --> 01:43:52,560

wanna I I don't want that to happen to

2465

01:43:56,570 --> 01:43:53,580

me

2466

01:43:58,010 --> 01:43:56,580

um now be before uh before we close out

2467

01:44:01,010 --> 01:43:58,020

tonight

2468

01:44:02,570 --> 01:44:01,020

um talking about all of this

2469

01:44:03,709 --> 01:44:02,580

um let's let's talk about Wilson Davis

2470

01:44:07,070 --> 01:44:03,719

for a second

2471

01:44:11,390 --> 01:44:07,080

and the reason why I want to discuss

2472

01:44:13,250 --> 01:44:11,400

this is you and I have talked I I keep

2473

01:44:15,350 --> 01:44:13,260

saying privately to everybody like John

2474

01:44:18,109 --> 01:44:15,360

and I have some secret you know

2475

01:44:21,590 --> 01:44:18,119

relationship thing going on but we you

2476

01:44:23,750 --> 01:44:21,600

and I have logged in many hours on the

2477

01:44:27,830 --> 01:44:23,760

phone talking about Wilson Davis

2478

01:44:29,750 --> 01:44:27,840

um and now one of the things I've swung

2479

01:44:31,430 --> 01:44:29,760

both ways on this document you know a

2480

01:44:34,129 --> 01:44:31,440

few times

2481

01:44:38,810 --> 01:44:34,139

um uh I was involved from the very

2482

01:44:41,750 --> 01:44:38,820

beginning the very very beginning and uh

2483

01:44:43,430 --> 01:44:41,760

I feel responsible uh to some degree

2484

01:44:45,770 --> 01:44:43,440

about bringing this out into the public

2485

01:44:48,410 --> 01:44:45,780

because I did just that uh with Fade to

2486

01:44:49,970 --> 01:44:48,420

Black and Coast to Coast AM

2487

01:44:52,209 --> 01:44:49,980

um and so

2488

01:44:55,490 --> 01:44:52,219

but the one thing that is different

2489

01:44:59,090 --> 01:44:55,500

about Wilson Davis opposed to anything

2490

01:45:02,149 --> 01:44:59,100

any other document that includes what's

2491

01:45:07,010 --> 01:45:02,159

on The Black Vault

2492

01:45:09,410 --> 01:45:07,020

but I'm saying in a general sense when

2493

01:45:13,250 --> 01:45:09,420

it comes to the UFO topic the Wilson

2494

01:45:14,930 --> 01:45:13,260

Davis for the first time we've got

2495

01:45:18,470 --> 01:45:14,940

real people

2496

01:45:22,010 --> 01:45:18,480

and Oak Shannon coming out and and

2497

01:45:26,629 --> 01:45:22,020

saying yes I did introduce Eric Davis to

2498

01:45:30,590 --> 01:45:26,639

uh Admiral Wilson and and he's his voice

2499

01:45:32,629 --> 01:45:30,600

his he literally stated these things now

2500

01:45:35,149 --> 01:45:32,639

at the same time and we've never had

2501
01:45:39,290 --> 01:45:35,159
that before that it never happened with

2502
01:45:42,470 --> 01:45:39,300
any mj-12 document or her Majestic

2503
01:45:43,930 --> 01:45:42,480
talking or anything else and then his

2504
01:45:51,169 --> 01:45:43,940
notes surface

2505
01:45:54,470 --> 01:45:51,179
can start to cross-reference all of this

2506
01:45:58,669 --> 01:45:54,480
versus Oak Shannon's own words and

2507
01:46:00,770 --> 01:45:58,679
suddenly we have a document that is

2508
01:46:03,770 --> 01:46:00,780
standing on its own

2509
01:46:07,010 --> 01:46:03,780
how do do you feel the same that this is

2510
01:46:09,890 --> 01:46:07,020
the first time that we've actually had a

2511
01:46:14,870 --> 01:46:09,900
real credible part like Oak Shannon who

2512
01:46:16,850 --> 01:46:14,880
is his CV is is is out there yeah I I

2513
01:46:19,490 --> 01:46:16,860

talked to Oak Shannon after he did the

2514

01:46:21,890 --> 01:46:19,500

interview with Project Unity I I would

2515

01:46:23,090 --> 01:46:21,900

have loved to have had him on my show

2516

01:46:26,450 --> 01:46:23,100

because there was quite a few questions

2517

01:46:28,430 --> 01:46:26,460

that I that I had for him sadly that was

2518

01:46:30,169 --> 01:46:28,440

turned down but it but uh to to his

2519

01:46:31,550 --> 01:46:30,179

credit he at least wrote me back but

2520

01:46:33,590 --> 01:46:31,560

essentially said you know whatever he

2521

01:46:35,689 --> 01:46:33,600

wanted to say was already out there does

2522

01:46:37,030 --> 01:46:35,699

that make the documents Stand Alone look

2523

01:46:39,770 --> 01:46:37,040

the the the the

2524

01:46:41,090 --> 01:46:39,780

those that support the validity of these

2525

01:46:43,550 --> 01:46:41,100

documents are going to hate me for

2526

01:46:46,250 --> 01:46:43,560

saying this but I'm gonna say no

2527

01:46:48,350 --> 01:46:46,260

it doesn't really change much I believe

2528

01:46:52,189 --> 01:46:48,360

even from day one that there were

2529

01:46:54,830 --> 01:46:52,199

elements of real truth to them but when

2530

01:46:56,930 --> 01:46:54,840

it came to the claims it was untrue

2531

01:46:59,450 --> 01:46:56,940

um I had used an analogy in one of the

2532

01:47:01,850 --> 01:46:59,460

videos that I did of it being a movie

2533

01:47:05,270 --> 01:47:01,860

script that it was the same concept of

2534

01:47:09,770 --> 01:47:05,280

taking real people real events and

2535

01:47:12,649 --> 01:47:09,780

making a fictionalized scenario and uh I

2536

01:47:15,050 --> 01:47:12,659

had pulled in a script uh to kind of

2537

01:47:16,370 --> 01:47:15,060

juxtapose like how they would set scenes

2538

01:47:18,410 --> 01:47:16,380

and so on and so forth you look at the

2539

01:47:20,810 --> 01:47:18,420

Wilson notes and that was kind of how it

2540

01:47:23,270 --> 01:47:20,820

was done uh no I didn't bet my house

2541

01:47:25,250 --> 01:47:23,280

that the notes were a movie script my

2542

01:47:27,169 --> 01:47:25,260

whole which some people later claimed

2543

01:47:29,330 --> 01:47:27,179

that I did and said well you believe

2544

01:47:32,709 --> 01:47:29,340

it's a movie script no what I was trying

2545

01:47:37,070 --> 01:47:32,719

to say was that that is a a alternate

2546

01:47:39,709 --> 01:47:37,080

but but very plausible uh scenario that

2547

01:47:42,050 --> 01:47:39,719

holds just as much credibility and

2548

01:47:44,750 --> 01:47:42,060

weight with evidence than it does

2549

01:47:46,850 --> 01:47:44,760

depicting real events that was my whole

2550

01:47:49,189 --> 01:47:46,860

point with that but now you have all

2551

01:47:52,550 --> 01:47:49,199

these other notes does that make the

2552

01:47:54,649 --> 01:47:52,560

documents stand on its own and if you

2553

01:47:57,410 --> 01:47:54,659

want to believe that it does you will

2554

01:48:01,910 --> 01:47:57,420

find the connections to make you say

2555

01:48:06,229 --> 01:48:01,920

that but for me I lean towards this and

2556

01:48:07,850 --> 01:48:06,239

it is the reality that those notes

2557

01:48:09,530 --> 01:48:07,860

um were likely real no like somebody

2558

01:48:11,149 --> 01:48:09,540

wrote them right so I don't think

2559

01:48:13,189 --> 01:48:11,159

somebody just just made them up and put

2560

01:48:16,129 --> 01:48:13,199

them on on the internet I believe they

2561

01:48:17,810 --> 01:48:16,139

likely did circulate I have no doubt nor

2562

01:48:19,850 --> 01:48:17,820

have I ever doubted that they came from

2563

01:48:22,189 --> 01:48:19,860

Edgar Mitchell's estate when that came

2564

01:48:23,810 --> 01:48:22,199

out so you have all those those elements

2565

01:48:25,790 --> 01:48:23,820

and and it was probably passed around

2566

01:48:28,609 --> 01:48:25,800

that Circle but when you look at those

2567

01:48:30,890 --> 01:48:28,619

circles it's a very tight Circle and so

2568

01:48:33,950 --> 01:48:30,900

I think that if it's fabricated which I

2569

01:48:37,070 --> 01:48:33,960

lean towards it is uh meaning meaning uh

2570

01:48:38,689 --> 01:48:37,080

real notes but fabricated events that it

2571

01:48:41,330 --> 01:48:38,699

came from that Circle

2572

01:48:43,370 --> 01:48:41,340

and whether that be Dr Eric Davis or not

2573

01:48:45,770 --> 01:48:43,380

to me it's irrelevant

2574

01:48:47,870 --> 01:48:45,780

it doesn't make sense that any of that

2575

01:48:50,810 --> 01:48:47,880

would happen in the way that it was

2576

01:48:53,629 --> 01:48:50,820

depicted and again you have to approach

2577

01:48:56,030 --> 01:48:53,639

it from a from a from a standpoint of of

2578

01:48:59,090 --> 01:48:56,040

the plausibility what an uh what a

2579

01:49:00,770 --> 01:48:59,100

former J2 Admiral Wilson you know be

2580

01:49:03,470 --> 01:49:00,780

introduced to somebody it doesn't matter

2581

01:49:06,109 --> 01:49:03,480

who vouched and he goes and Spills the

2582

01:49:07,790 --> 01:49:06,119

most heavily classified secrets and

2583

01:49:10,310 --> 01:49:07,800

again it's this whole concept that

2584

01:49:12,770 --> 01:49:10,320

things can be inherently classified so

2585

01:49:15,410 --> 01:49:12,780

all of that information would be

2586

01:49:18,050 --> 01:49:15,420

classified people fight me on that but I

2587

01:49:20,629 --> 01:49:18,060

have a letter now from DIA proving that

2588

01:49:22,910 --> 01:49:20,639

the mere existence of a document could

2589

01:49:26,330 --> 01:49:22,920

be classified if they admitted to it so

2590

01:49:28,430 --> 01:49:26,340

my whole point is it stands true that if

2591

01:49:30,830 --> 01:49:28,440

they were talking about this it would be

2592

01:49:34,129 --> 01:49:30,840

classified in nature so for Eric Davis

2593

01:49:35,629 --> 01:49:34,139

to arguably record it or put it down or

2594

01:49:38,149 --> 01:49:35,639

keep it in his head and he wrote it down

2595

01:49:40,010 --> 01:49:38,159

later I really don't care uh he puts it

2596

01:49:41,629 --> 01:49:40,020

all down and then starts circulating it

2597

01:49:44,689 --> 01:49:41,639

around

2598

01:49:46,310 --> 01:49:44,699

um I I just I don't buy that on on so

2599

01:49:47,930 --> 01:49:46,320

many levels and it's not just because I

2600

01:49:50,870 --> 01:49:47,940

don't want to believe it that has

2601

01:49:54,950 --> 01:49:50,880

nothing to do with it the reality of a

2602

01:49:57,649 --> 01:49:54,960

J2 doing that is so a former J2 would be

2603

01:50:00,229 --> 01:49:57,659

nil I just don't I just don't see that

2604

01:50:03,470 --> 01:50:00,239

happening in addition except Oak Shannon

2605

01:50:05,689 --> 01:50:03,480

said the opposite that he did introduce

2606

01:50:08,990 --> 01:50:05,699

the two of them that he talked to both

2607

01:50:10,790 --> 01:50:09,000

of them separately and and said that

2608

01:50:14,270 --> 01:50:10,800

both of them should talk to each other

2609

01:50:16,430 --> 01:50:14,280

about these issues which is fine but

2610

01:50:18,890 --> 01:50:16,440

again that in itself doesn't doesn't

2611

01:50:20,570 --> 01:50:18,900

mean anything and and Wilson could have

2612

01:50:22,790 --> 01:50:20,580

very well have been introduced to Davis

2613

01:50:24,530 --> 01:50:22,800

and Wilson just doesn't remember I mean

2614

01:50:26,990 --> 01:50:24,540

how many people do you think somebody

2615

01:50:29,510 --> 01:50:27,000

like Thomas Wilson meets over the years

2616

01:50:31,970 --> 01:50:29,520

but you have to go backwards you have to

2617

01:50:35,810 --> 01:50:31,980

see that if this J2 goes out right and

2618

01:50:40,189 --> 01:50:35,820

it's all stemming from a a in my opinion

2619

01:50:42,109 --> 01:50:40,199

provably fake nro document as told by Dr

2620

01:50:44,209 --> 01:50:42,119

Stephen Greer now the Believers in this

2621

01:50:46,790 --> 01:50:44,219

document wanted this dismiss that now

2622

01:50:48,410 --> 01:50:46,800

are you talking about Aquarius no the

2623

01:50:50,030 --> 01:50:48,420

end well I think there was an aquarius

2624

01:50:52,970 --> 01:50:50,040

code word or whatever but no no this is

2625

01:50:55,189 --> 01:50:52,980

the nro the nro document with like an

2626
01:50:58,250 --> 01:50:55,199
Air Force letterhead oh that's yeah that

2627
01:50:59,990 --> 01:50:58,260
that was a fabricated document right I

2628
01:51:02,930 --> 01:51:00,000
mean I think that everybody agrees with

2629
01:51:04,790 --> 01:51:02,940
me after I put that video out and the

2630
01:51:06,470 --> 01:51:04,800
reality though is you still have the

2631
01:51:09,189 --> 01:51:06,480
biggest Believers and supporters of this

2632
01:51:12,350 --> 01:51:09,199
notes still touting that in their story

2633
01:51:14,930 --> 01:51:12,360
and so you so you have this problem this

2634
01:51:16,609 --> 01:51:14,940
whole if that document was given to

2635
01:51:18,950 --> 01:51:16,619
Wilson that set him off on his journey

2636
01:51:21,169 --> 01:51:18,960
to find these saps that led him to the

2637
01:51:23,990 --> 01:51:21,179
reality of aliens crash retrievals

2638
01:51:25,669 --> 01:51:24,000

whatever he was led to

2639

01:51:27,709 --> 01:51:25,679

um if you take that document out what's

2640

01:51:29,810 --> 01:51:27,719

that connector where did Wilson go what

2641

01:51:32,629 --> 01:51:29,820

did he learn right so so where is that

2642

01:51:35,390 --> 01:51:32,639

there's a gaping hole now in the story

2643

01:51:38,390 --> 01:51:35,400

that no one has been able to fill except

2644

01:51:42,050 --> 01:51:38,400

except and and I'm not here to debate I

2645

01:51:45,950 --> 01:51:42,060

you know I'm looking at this uh as

2646

01:51:47,510 --> 01:51:45,960

objectively as I can that 1997 meeting

2647

01:51:50,270 --> 01:51:47,520

at the Pentagon

2648

01:51:51,649 --> 01:51:50,280

I think that happened I think Wilson was

2649

01:51:53,450 --> 01:51:51,659

there

2650

01:51:55,669 --> 01:51:53,460

um I think I think he's admitted that

2651
01:52:00,070 --> 01:51:55,679
much though what's that he's admitted

2652
01:52:04,850 --> 01:52:00,080
that much right and so I think that

2653
01:52:06,590 --> 01:52:04,860
documents aside and Wilson was uh

2654
01:52:08,209 --> 01:52:06,600
interested in this and his journey

2655
01:52:10,370 --> 01:52:08,219
started then

2656
01:52:12,350 --> 01:52:10,380
um I don't know I don't know I

2657
01:52:14,090 --> 01:52:12,360
um those documents the one that you're

2658
01:52:16,550 --> 01:52:14,100
talking about the nro document you put

2659
01:52:19,850 --> 01:52:16,560
those next to any other official nro

2660
01:52:21,530 --> 01:52:19,860
document you can see it's bogus right

2661
01:52:22,910 --> 01:52:21,540
and that's that's what I did as I broke

2662
01:52:25,669 --> 01:52:22,920
down the whole thing I'm proving it was

2663
01:52:28,189 --> 01:52:25,679

bogus so then the the rebuttal to me was

2664

01:52:30,830 --> 01:52:28,199

well who cares that document is not

2665

01:52:32,629 --> 01:52:30,840

mentioned in the Wilson Davis notes but

2666

01:52:35,390 --> 01:52:32,639

for me that was irrelevant because it's

2667

01:52:37,669 --> 01:52:35,400

been part of the story uh one particular

2668

01:52:40,070 --> 01:52:37,679

person wrote this gigantic blog he's

2669

01:52:41,750 --> 01:52:40,080

he's kind of more well known as as being

2670

01:52:43,729 --> 01:52:41,760

the the

2671

01:52:45,649 --> 01:52:43,739

um kind of the Forefront of of bringing

2672

01:52:47,990 --> 01:52:45,659

this information out and again it's this

2673

01:52:50,209 --> 01:52:48,000

very long blog but then you you also

2674

01:52:52,310 --> 01:52:50,219

have Dr Steven Greer who also still

2675

01:52:55,850 --> 01:52:52,320

touts that document as being what was

2676

01:52:58,370 --> 01:52:55,860

given to Thomas Wilson so again once you

2677

01:53:00,709 --> 01:52:58,380

take that out you now have to to say

2678

01:53:02,629 --> 01:53:00,719

that Thomas Wilson at the time being a

2679

01:53:04,970 --> 01:53:02,639

J2 after that meeting he met with Edgar

2680

01:53:08,209 --> 01:53:04,980

Mitchell and so on so he admitted that

2681

01:53:10,189 --> 01:53:08,219

much but then he goes out and although

2682

01:53:12,290 --> 01:53:10,199

in one breath can say I was denied

2683

01:53:14,390 --> 01:53:12,300

access and they wouldn't you know let me

2684

01:53:17,689 --> 01:53:14,400

into the contractor facility or whatever

2685

01:53:19,609 --> 01:53:17,699

you know that story is but but but he

2686

01:53:22,550 --> 01:53:19,619

found out that details of the program

2687

01:53:24,950 --> 01:53:22,560

and could convey the crash retrieval and

2688

01:53:27,050 --> 01:53:24,960

and the existence of these groups and

2689

01:53:28,970 --> 01:53:27,060

this that and the other thing yet again

2690

01:53:31,310 --> 01:53:28,980

does not make sense because if you're

2691

01:53:33,950 --> 01:53:31,320

going to be blocked out from having

2692

01:53:36,350 --> 01:53:33,960

access to something that literally means

2693

01:53:39,169 --> 01:53:36,360

you are blocked out you are not going to

2694

01:53:42,109 --> 01:53:39,179

get any kind of inkling on what is going

2695

01:53:45,350 --> 01:53:42,119

on in any classified Arena but that's

2696

01:53:49,189 --> 01:53:45,360

see um you and I read are reading it

2697

01:53:51,890 --> 01:53:49,199

differently when I get it out of that is

2698

01:53:55,250 --> 01:53:51,900

that Wilson said I got nowhere

2699

01:53:57,470 --> 01:53:55,260

I got nowhere it I I went out to

2700

01:53:59,209 --> 01:53:57,480

Lockheed I'm assuming it was Lockheed I

2701
01:54:02,450 --> 01:53:59,219
went out to Lockheed they shut me down

2702
01:54:04,430 --> 01:54:02,460
the aliens whatever but they said you

2703
01:54:06,350 --> 01:54:04,440
can complain all you want fly back to

2704
01:54:07,430 --> 01:54:06,360
Washington DC and start yelling you're

2705
01:54:09,770 --> 01:54:07,440
not going to get anywhere and that's

2706
01:54:11,689 --> 01:54:09,780
what Wilson said he said he he got

2707
01:54:15,169 --> 01:54:11,699
nowhere with these Special access

2708
01:54:17,270 --> 01:54:15,179
programs and and the alien agenda so

2709
01:54:19,370 --> 01:54:17,280
that's what I got out of the document he

2710
01:54:23,330 --> 01:54:19,380
never said that he had proof of anything

2711
01:54:25,189 --> 01:54:23,340
I mean in my opinion well I'm I I don't

2712
01:54:27,050 --> 01:54:25,199
think I was saying that he had proof of

2713
01:54:29,689 --> 01:54:27,060

it but rather what the scope of the

2714

01:54:32,149 --> 01:54:29,699

programs were and that he was so angry I

2715

01:54:33,590 --> 01:54:32,159

mean he never found anything out though

2716

01:54:35,270 --> 01:54:33,600

see that's what he was saying well the

2717

01:54:36,890 --> 01:54:35,280

whole point of the the Wilson notes were

2718

01:54:38,870 --> 01:54:36,900

supporting this whole crash retrieval

2719

01:54:41,270 --> 01:54:38,880

this that and the other thing right the

2720

01:54:43,070 --> 01:54:41,280

one the one meeting out at Lockheed but

2721

01:54:45,590 --> 01:54:43,080

he never saw anything

2722

01:54:47,510 --> 01:54:45,600

but what meeting are you referring to if

2723

01:54:50,390 --> 01:54:47,520

you could just refresh my you said he

2724

01:54:51,950 --> 01:54:50,400

flew out to California and uh and met

2725

01:54:53,930 --> 01:54:51,960

with the three dudes uh the project

2726

01:54:55,850 --> 01:54:53,940

manager the head of security and the

2727

01:54:58,070 --> 01:54:55,860

attorney and learned about crash

2728

01:54:59,990 --> 01:54:58,080

retrievals right they they said that

2729

01:55:02,390 --> 01:55:00,000

they had a craft that they thought could

2730

01:55:04,010 --> 01:55:02,400

fly but they could but that's what I'm

2731

01:55:06,530 --> 01:55:04,020

referring to is that if you're going to

2732

01:55:09,590 --> 01:55:06,540

be blocked access they're not going to

2733

01:55:11,330 --> 01:55:09,600

tell you that they have XYZ in that

2734

01:55:13,970 --> 01:55:11,340

classified program but then tell you you

2735

01:55:16,550 --> 01:55:13,980

can't come in being the J2 that's what

2736

01:55:18,350 --> 01:55:16,560

I'm referring to and and and again uh

2737

01:55:21,290 --> 01:55:18,360

see this is this is what's so

2738

01:55:23,689 --> 01:55:21,300

interesting to me when I first read that

2739

01:55:26,270 --> 01:55:23,699

that page right I think it's page 13.

2740

01:55:28,370 --> 01:55:26,280

when I read that page I want this is too

2741

01:55:33,470 --> 01:55:28,380

Sensational right this is this is like

2742

01:55:36,109 --> 01:55:33,480

too perfect right it's too perfect here

2743

01:55:40,250 --> 01:55:36,119

um what changed uh my whole thing with

2744

01:55:42,830 --> 01:55:40,260

that was how it's worded there he said

2745

01:55:45,470 --> 01:55:42,840

that they told him we had somebody come

2746

01:55:48,109 --> 01:55:45,480

out from the Pentagon was trying to

2747

01:55:49,430 --> 01:55:48,119

audit what we were doing out here we

2748

01:55:51,890 --> 01:55:49,440

showed him some stuff and he screwed

2749

01:55:53,750 --> 01:55:51,900

everything up so we're not gonna no but

2750

01:55:56,090 --> 01:55:53,760

we're gonna tell you yeah it's aliens

2751

01:55:57,709 --> 01:55:56,100

but you can't do anything about it you

2752

01:55:59,330 --> 01:55:57,719

can go and complain you can go do this

2753

01:56:03,770 --> 01:55:59,340

you're not going to find anything out

2754

01:56:05,709 --> 01:56:03,780

and and that's it and uh have a nice day

2755

01:56:08,330 --> 01:56:05,719

okay so so so

2756

01:56:09,649 --> 01:56:08,340

the finer details aside right so we have

2757

01:56:12,050 --> 01:56:09,659

different interpretations regardless

2758

01:56:15,229 --> 01:56:12,060

let's go with what you just said that's

2759

01:56:17,510 --> 01:56:15,239

plausible to you that a J2 would fly out

2760

01:56:20,270 --> 01:56:17,520

and and be confronted by a contractor

2761

01:56:24,649 --> 01:56:20,280

and they strong arm them into into like

2762

01:56:26,750 --> 01:56:24,659

Turning Away uh I would no I mean yeah

2763

01:56:29,270 --> 01:56:26,760

that's not plausible I'm saying the

2764

01:56:31,370 --> 01:56:29,280

opposite of that exactly I'm not saying

2765

01:56:34,609 --> 01:56:31,380

I agree with it what I'm saying is with

2766

01:56:37,370 --> 01:56:34,619

Oak Shannon coming out and Jack houck's

2767

01:56:39,470 --> 01:56:37,380

note and Oak Shannon's notes and you

2768

01:56:41,470 --> 01:56:39,480

look at all of this and then you have to

2769

01:56:44,450 --> 01:56:41,480

step back and go

2770

01:56:46,550 --> 01:56:44,460

this might have really happened that's

2771

01:56:48,770 --> 01:56:46,560

my point that this is I think the only

2772

01:56:50,930 --> 01:56:48,780

thing that it's a I I mean I see where

2773

01:56:53,209 --> 01:56:50,940

you're going with that I just I just see

2774

01:56:54,890 --> 01:56:53,219

it as a different take that whomever

2775

01:56:57,470 --> 01:56:54,900

wrote those notes and I've said this

2776

01:57:00,590 --> 01:56:57,480

part from day one as well had knowledge

2777

01:57:03,290 --> 01:57:00,600

enough to have those names in there and

2778

01:57:05,330 --> 01:57:03,300

craft a narrative of some kind

2779

01:57:07,550 --> 01:57:05,340

and and so you're not going to just be

2780

01:57:10,370 --> 01:57:07,560

Joe Blow you know in the in the general

2781

01:57:12,770 --> 01:57:10,380

populace and create a document like that

2782

01:57:14,330 --> 01:57:12,780

and and kind of nail some of the the

2783

01:57:16,250 --> 01:57:14,340

points that are accurate meaning the

2784

01:57:18,830 --> 01:57:16,260

name the real names and so on and so

2785

01:57:21,770 --> 01:57:18,840

forth so I think that whomever crafted

2786

01:57:24,770 --> 01:57:21,780

it in my opinion uh this this work of

2787

01:57:27,169 --> 01:57:24,780

fiction it's gonna be from that group

2788

01:57:30,350 --> 01:57:27,179

that that was passing around and having

2789

01:57:32,209 --> 01:57:30,360

these meetings and and talking uh with

2790

01:57:34,550 --> 01:57:32,219

each other about these these topics it

2791

01:57:36,470 --> 01:57:34,560

was a tight Niche group and what does

2792

01:57:40,070 --> 01:57:36,480

that mean you have legs though why why

2793

01:57:43,010 --> 01:57:40,080

let it have legs why not uh Eric Davis

2794

01:57:45,649 --> 01:57:43,020

coming out and going dude I didn't write

2795

01:57:47,990 --> 01:57:45,659

it it's BS

2796

01:57:50,750 --> 01:57:48,000

um it's it this is this is somebody

2797

01:57:52,850 --> 01:57:50,760

else's work it's not mine instead of

2798

01:57:54,109 --> 01:57:52,860

letting it here it's a great question I

2799

01:57:56,510 --> 01:57:54,119

I mean there's there's two ways to

2800

01:57:57,950 --> 01:57:56,520

approach it on my end number one is he

2801

01:58:00,709 --> 01:57:57,960

likes the attention

2802

01:58:03,169 --> 01:58:00,719

sorry that's also going to come off as

2803

01:58:05,570 --> 01:58:03,179

rude to some people but I've seen enough

2804

01:58:07,729 --> 01:58:05,580

to think that yes that is probably part

2805

01:58:08,870 --> 01:58:07,739

of it he likes the Mystique and and I

2806

01:58:10,729 --> 01:58:08,880

don't want to just single him out

2807

01:58:12,709 --> 01:58:10,739

there's a couple in that group that I

2808

01:58:15,229 --> 01:58:12,719

feel the same way about that they like

2809

01:58:17,689 --> 01:58:15,239

the Mystique they like the idea and

2810

01:58:20,450 --> 01:58:17,699

concept that they may have secret

2811

01:58:22,910 --> 01:58:20,460

knowledge to unlock the cosmos but they

2812

01:58:24,709 --> 01:58:22,920

can't tell you about it sorry I just

2813

01:58:27,169 --> 01:58:24,719

think that that goes along with part of

2814

01:58:28,729 --> 01:58:27,179

of what we were talking about I agree

2815

01:58:30,589 --> 01:58:28,739

with you and I've agreed with you on

2816

01:58:33,709 --> 01:58:30,599

that point for a couple of years yeah

2817

01:58:37,209 --> 01:58:33,719

but the other part of it for me and I'll

2818

01:58:41,270 --> 01:58:37,219

make it quick is the

2819

01:58:43,609 --> 01:58:41,280

idea that information in here could be

2820

01:58:45,890 --> 01:58:43,619

classified and the minute that someone

2821

01:58:48,830 --> 01:58:45,900

talks about potentially classified

2822

01:58:50,510 --> 01:58:48,840

information you in essence are acting as

2823

01:58:53,149 --> 01:58:50,520

a spokesperson on behalf of the United

2824

01:58:55,609 --> 01:58:53,159

States government either confirming or

2825

01:58:57,890 --> 01:58:55,619

denying and as a clearance holder you

2826

01:58:59,930 --> 01:58:57,900

can't necessarily go there why because

2827

01:59:02,390 --> 01:58:59,940

maybe there's one element to something

2828

01:59:03,890 --> 01:59:02,400

in there that may be true in a

2829

01:59:06,229 --> 01:59:03,900

classified Arena doesn't make the whole

2830

01:59:08,510 --> 01:59:06,239

notes true but maybe something Eric

2831

01:59:10,310 --> 01:59:08,520

Davis comes out and says Ah look it's

2832

01:59:13,129 --> 01:59:10,320

all bunk I didn't write it and so on and

2833

01:59:15,350 --> 01:59:13,139

so forth you are now speaking on the

2834

01:59:19,010 --> 01:59:15,360

validity of something in that document

2835

01:59:21,290 --> 01:59:19,020

now when I interviewed Luis Elizondo a

2836

01:59:22,910 --> 01:59:21,300

year or two ago whenever it was this

2837

01:59:24,589 --> 01:59:22,920

came up and I asked him this very

2838

01:59:27,709 --> 01:59:24,599

question but didn't gear it towards the

2839

01:59:29,209 --> 01:59:27,719

Wilson Davis documents and I and I went

2840

01:59:30,770 --> 01:59:29,219

to him with this question and I'm

2841

01:59:32,450 --> 01:59:30,780

paraphrasing here but I did a video on

2842

01:59:34,370 --> 01:59:32,460

it I can post this as well for you guys

2843

01:59:36,410 --> 01:59:34,380

but I essentially said

2844

01:59:39,770 --> 01:59:36,420

um listen Mr Elizondo if I came to you

2845

01:59:42,229 --> 01:59:39,780

and I said this is allegedly a document

2846

01:59:43,970 --> 01:59:42,239

that contains classified information I

2847

01:59:46,370 --> 01:59:43,980

want you to look at it and I want you to

2848

01:59:47,689 --> 01:59:46,380

tell me is it real or is it not and I

2849

01:59:50,149 --> 01:59:47,699

could have typed it I could have made

2850

01:59:51,950 --> 01:59:50,159

the whole thing up but with his security

2851
01:59:54,530 --> 01:59:51,960
clearance he essentially told me he

2852
01:59:56,990 --> 01:59:54,540
could not comment on it because that is

2853
01:59:58,370 --> 01:59:57,000
something that he cannot do that's where

2854
01:59:59,689 --> 01:59:58,380
I kind of lean towards there's a

2855
02:00:02,270 --> 01:59:59,699
possibility here that those with

2856
02:00:04,430 --> 02:00:02,280
clearances even though it may be bunk it

2857
02:00:06,890 --> 02:00:04,440
may be partially real could be real I

2858
02:00:09,830 --> 02:00:06,900
don't know whatever but they can't they

2859
02:00:12,229 --> 02:00:09,840
just can't comment on it whatsoever but

2860
02:00:15,050 --> 02:00:12,239
the internet takes hold of it no comment

2861
02:00:18,350 --> 02:00:15,060
and translate that translates that into

2862
02:00:21,950 --> 02:00:18,360
a confirmation and we can't do that and

2863
02:00:23,629 --> 02:00:21,960

and I think that that's a line that has

2864

02:00:26,089 --> 02:00:23,639

very much been blurred over the years

2865

02:00:28,729 --> 02:00:26,099

that if somebody says well I I can't

2866

02:00:31,490 --> 02:00:28,739

confirm nor deny that that's immediately

2867

02:00:34,430 --> 02:00:31,500

a confirmation and we can't do that and

2868

02:00:36,890 --> 02:00:34,440

in Luis elizondo's own words the way he

2869

02:00:38,270 --> 02:00:36,900

said it is that you can't comment on

2870

02:00:40,250 --> 02:00:38,280

something that may or may not be

2871

02:00:42,350 --> 02:00:40,260

classified because you have to go

2872

02:00:43,910 --> 02:00:42,360

through official channels and get a

2873

02:00:46,129 --> 02:00:43,920

spokesperson or somebody who speaks on

2874

02:00:47,990 --> 02:00:46,139

behalf of the U.S government you you

2875

02:00:49,850 --> 02:00:48,000

have a clearance holder and you start

2876
02:00:52,430 --> 02:00:49,860
asking them questions about what could

2877
02:00:54,410 --> 02:00:52,440
or could not be classified you're in

2878
02:00:57,290 --> 02:00:54,420
some pretty dangerous territory so the

2879
02:00:59,629 --> 02:00:57,300
safest route I got no comment but what

2880
02:01:02,689 --> 02:00:59,639
goes along with that is the Mystique

2881
02:01:05,990 --> 02:01:02,699
that aura of mystery around you that you

2882
02:01:09,290 --> 02:01:06,000
have some kind of key to the cosmos that

2883
02:01:10,970 --> 02:01:09,300
uh that that only you can unlock and

2884
02:01:14,270 --> 02:01:10,980
that's what's frustrating about these

2885
02:01:15,950 --> 02:01:14,280
things but for me the bottom line is the

2886
02:01:17,750 --> 02:01:15,960
way the story is unfolded my you know

2887
02:01:19,490 --> 02:01:17,760
the details interpretations between you

2888
02:01:21,830 --> 02:01:19,500

and I all of that aside it doesn't

2889

02:01:25,070 --> 02:01:21,840

matter when you read through it that

2890

02:01:27,109 --> 02:01:25,080

plausibility of it playing out is

2891

02:01:29,510 --> 02:01:27,119

incredibly unlikely did Oak Shannon

2892

02:01:31,669 --> 02:01:29,520

introduce them yeah quite possibly I

2893

02:01:33,890 --> 02:01:31,679

wouldn't even argue that who it doesn't

2894

02:01:35,810 --> 02:01:33,900

really matter but does that mean a

2895

02:01:38,870 --> 02:01:35,820

former J2 is going to turn around and go

2896

02:01:41,270 --> 02:01:38,880

all right so this guy vouches for that

2897

02:01:43,129 --> 02:01:41,280

guy so I'm gonna vent not only my

2898

02:01:45,410 --> 02:01:43,139

frustrations with the US government but

2899

02:01:48,649 --> 02:01:45,420

I'm going to touch on that classified

2900

02:01:50,510 --> 02:01:48,659

um a program that I don't have access to

2901
02:01:52,490 --> 02:01:50,520
but the confirmation that there's a

2902
02:01:54,890 --> 02:01:52,500
craft of some kind or again whatever the

2903
02:01:57,770 --> 02:01:54,900
the details are in there it does not

2904
02:02:00,229 --> 02:01:57,780
make sense it doesn't hold water it

2905
02:02:02,570 --> 02:02:00,239
doesn't hold it doesn't unless somebody

2906
02:02:04,790 --> 02:02:02,580
like Oak Shannon steps forward and you

2907
02:02:07,430 --> 02:02:04,800
got a couple of piles of notes from Jack

2908
02:02:13,310 --> 02:02:07,440
Houck and Oak Shannon from a meeting in

2909
02:02:16,129 --> 02:02:13,320
1985 and it's that's I'm just saying uh

2910
02:02:17,689 --> 02:02:16,139
I'm staying objective on this I'm I

2911
02:02:19,490 --> 02:02:17,699
think for the first time we've got a

2912
02:02:23,149 --> 02:02:19,500
document like this we're calling it a

2913
02:02:25,010 --> 02:02:23,159

document that suddenly has got

2914

02:02:26,930 --> 02:02:25,020

characters around it to support it

2915

02:02:29,149 --> 02:02:26,940

that's all let me ask you if a quick

2916

02:02:30,530 --> 02:02:29,159

question if I may so about the oak

2917

02:02:32,450 --> 02:02:30,540

Shannon thing because I this is one of

2918

02:02:34,129 --> 02:02:32,460

the questions I wanted to ask him but

2919

02:02:36,229 --> 02:02:34,139

but you've brought that up as an element

2920

02:02:38,030 --> 02:02:36,239

to kind of keep this this going and

2921

02:02:39,410 --> 02:02:38,040

that's totally fine

2922

02:02:41,750 --> 02:02:39,420

um

2923

02:02:44,270 --> 02:02:41,760

what is the connection of why would

2924

02:02:47,689 --> 02:02:44,280

Wilson go to Oak Shannon that's not an

2925

02:02:49,850 --> 02:02:47,699

insult towards him but all the resources

2926
02:02:52,669 --> 02:02:49,860
of somebody in Thomas Wilson's position

2927
02:02:55,550 --> 02:02:52,679
all of the resources he goes to Oak

2928
02:02:57,950 --> 02:02:55,560
Shannon to ask about Eric Davis why well

2929
02:03:00,589 --> 02:02:57,960
okay did you did you listen to his

2930
02:03:03,169 --> 02:03:00,599
interview I did okay so I don't want to

2931
02:03:06,709 --> 02:03:03,179
put words in his mouth or get into his

2932
02:03:10,070 --> 02:03:06,719
mind and I've never spoken to uh Thomas

2933
02:03:14,089 --> 02:03:10,080
Wilson so in in Eric Davis too as well

2934
02:03:16,850 --> 02:03:14,099
so I I can't I can't get into it into

2935
02:03:19,910 --> 02:03:16,860
the mindset of of them that would just

2936
02:03:24,530 --> 02:03:19,920
be merely an opinion but what I am

2937
02:03:26,810 --> 02:03:24,540
saying here is that when we look at the

2938
02:03:32,570 --> 02:03:26,820

this is

2939

02:03:37,370 --> 02:03:32,580

purely from a Vibe when you read the uh

2940

02:03:40,370 --> 02:03:37,380

Wilson Davis memo it screams BS

2941

02:03:43,910 --> 02:03:40,380

it screams science fiction BS

2942

02:03:46,310 --> 02:03:43,920

well written BS but there's you know

2943

02:03:47,470 --> 02:03:46,320

it's there and it just it's too good to

2944

02:03:52,910 --> 02:03:47,480

be true

2945

02:03:56,089 --> 02:03:52,920

how could uh a J2 sit in the back of a

2946

02:04:00,410 --> 02:03:56,099

car with a guy like Eric Davis and back

2947

02:04:04,370 --> 02:04:00,420

of the EG and G building at uh Alien

2948

02:04:06,589 --> 02:04:04,380

Central right Area 51 janitor it's like

2949

02:04:08,629 --> 02:04:06,599

it's it's too perfect it's it's it's too

2950

02:04:12,709 --> 02:04:08,639

unbelievable kind of like a TV show

2951

02:04:14,870 --> 02:04:12,719

right and then you have John then you

2952

02:04:16,310 --> 02:04:14,880

have a guy like Oak Shannon come out and

2953

02:04:19,070 --> 02:04:16,320

go yeah

2954

02:04:20,689 --> 02:04:19,080

I introduced those two guys absolutely I

2955

02:04:22,850 --> 02:04:20,699

talked to one about the other I tucked

2956

02:04:24,950 --> 02:04:22,860

you to the other about the other guy and

2957

02:04:25,850 --> 02:04:24,960

then and suddenly you go wait a minute

2958

02:04:28,629 --> 02:04:25,860

here

2959

02:04:32,270 --> 02:04:28,639

as crazy as it sounds

2960

02:04:34,970 --> 02:04:32,280

they did talk about each other they did

2961

02:04:37,790 --> 02:04:34,980

know of each other and Oak Shannon who

2962

02:04:40,490 --> 02:04:37,800

was on page one of this memo page one

2963

02:04:43,970 --> 02:04:40,500

his name is right there he said it all

2964

02:04:45,890 --> 02:04:43,980

went down the way it did so I that's all

2965

02:04:47,930 --> 02:04:45,900

that I'm saying it's where you've got to

2966

02:04:51,589 --> 02:04:47,940

back up and go I need to have an open

2967

02:04:54,229 --> 02:04:51,599

mind here I can't shut this down it's

2968

02:04:56,689 --> 02:04:54,239

the it and and I know you're out of time

2969

02:04:59,030 --> 02:04:56,699

or beyond your time but for me it's that

2970

02:05:00,830 --> 02:04:59,040

question that remains unanswered the

2971

02:05:03,589 --> 02:05:00,840

plausibility of

2972

02:05:05,930 --> 02:05:03,599

Oak of Oak Shannon being asked by Thomas

2973

02:05:07,790 --> 02:05:05,940

Wilson I I want to know why like if if

2974

02:05:09,229 --> 02:05:07,800

there's some kind that that did not come

2975

02:05:11,390 --> 02:05:09,239

out to me in the interview maybe I

2976

02:05:12,950 --> 02:05:11,400

missed something I'm I'm open to it if

2977

02:05:14,030 --> 02:05:12,960

somebody knows the answer to that let me

2978

02:05:15,830 --> 02:05:14,040

know

2979

02:05:18,109 --> 02:05:15,840

and and I I don't want it to come off

2980

02:05:20,990 --> 02:05:18,119

that I'm calling the guy a liar I I look

2981

02:05:23,450 --> 02:05:21,000

he seems incredibly genuine and seemed

2982

02:05:25,250 --> 02:05:23,460

uh incredibly

2983

02:05:27,709 --> 02:05:25,260

um honest in his interview it's not like

2984

02:05:30,410 --> 02:05:27,719

red flags Mama you're a liar

2985

02:05:32,209 --> 02:05:30,420

um but the the introduction and that

2986

02:05:34,609 --> 02:05:32,219

part of the story for me just doesn't

2987

02:05:38,149 --> 02:05:34,619

doesn't make all the dominoes fall into

2988

02:05:40,430 --> 02:05:38,159

place but rather

2989

02:05:44,030 --> 02:05:40,440

he's making a claim about the

2990

02:05:47,270 --> 02:05:44,040

introduction what I want to know is why

2991

02:05:49,370 --> 02:05:47,280

him and and that's I'm sorry Thomas

2992

02:05:52,010 --> 02:05:49,380

Wilson would have an enormous amount of

2993

02:05:54,830 --> 02:05:52,020

resources to vet anybody without anybody

2994

02:05:57,290 --> 02:05:54,840

knowing yet he went to Oak Shannon to

2995

02:05:58,790 --> 02:05:57,300

vet Eric Davis to then share all these

2996

02:06:02,149 --> 02:05:58,800

secrets John John John John John John

2997

02:06:04,870 --> 02:06:02,159

you're 100 correct I totally agree with

2998

02:06:08,330 --> 02:06:04,880

you except it happened

2999

02:06:11,750 --> 02:06:08,340

except what happened that that Oak

3000

02:06:14,209 --> 02:06:11,760

Shannon said I introduced Eric Davis and

3001

02:06:16,310 --> 02:06:14,219

and and Thomas Wilson that's all that

3002

02:06:17,709 --> 02:06:16,320

I'm saying but it happened because he

3003

02:06:20,390 --> 02:06:17,719

said it happened

3004

02:06:25,070 --> 02:06:20,400

does any of that matter

3005

02:06:27,229 --> 02:06:25,080

doesn't need to say this

3006

02:06:29,629 --> 02:06:27,239

you know Eric Davis isn't commenting on

3007

02:06:31,550 --> 02:06:29,639

it Wilson Davis has already said if if

3008

02:06:35,390 --> 02:06:31,560

this comes out I'm gonna deny everything

3009

02:06:39,290 --> 02:06:35,400

and and he has but oh Shannon comes out

3010

02:06:43,189 --> 02:06:39,300

and says yeah yeah and and the the the

3011

02:06:44,810 --> 02:06:43,199

the the comment in uh on page one of the

3012

02:06:47,030 --> 02:06:44,820

document if you go back and you read it

3013

02:06:49,310 --> 02:06:47,040

really closely makes those comments Oak

3014

02:06:51,530 --> 02:06:49,320

Shannon's health issues difficult to get

3015

02:06:54,530 --> 02:06:51,540

a hold of together I'm glad that we're

3016

02:06:57,589 --> 02:06:54,540

finally talking about the old Shannon

3017

02:06:59,990 --> 02:06:57,599

backs all of that right yeah yeah so but

3018

02:07:02,149 --> 02:07:00,000

again if but if this is a fabricated

3019

02:07:04,430 --> 02:07:02,159

story those types of elements are going

3020

02:07:05,930 --> 02:07:04,440

to be in here because it was likely that

3021

02:07:08,990 --> 02:07:05,940

a lot of those individuals knew each

3022

02:07:11,570 --> 02:07:09,000

other sure so that's so nobody's shying

3023

02:07:13,370 --> 02:07:11,580

away that the whole thing is bunk but

3024

02:07:15,950 --> 02:07:13,380

talking about Oak Shannon's health

3025

02:07:17,810 --> 02:07:15,960

issues or an introduction even even

3026

02:07:19,970 --> 02:07:17,820

though the question still stands on why

3027

02:07:22,850 --> 02:07:19,980

Wilson would Neato Shannon for vetting

3028

02:07:24,589 --> 02:07:22,860

so but that aside those types of things

3029

02:07:27,169 --> 02:07:24,599

just they don't drive it home for me

3030

02:07:30,229 --> 02:07:27,179

because and I respect that but here's

3031

02:07:34,189 --> 02:07:30,239

but this we're going back my original

3032

02:07:36,530 --> 02:07:34,199

point about bringing this up this is the

3033

02:07:38,830 --> 02:07:36,540

first time that you and I or anybody

3034

02:07:42,350 --> 02:07:38,840

else can have this kind of conversation

3035

02:07:44,990 --> 02:07:42,360

we've never had the ability before to do

3036

02:07:48,229 --> 02:07:45,000

this we've never had Bobby Ray Inman

3037

02:07:50,450 --> 02:07:48,239

come out of it and and make a public

3038

02:07:54,770 --> 02:07:50,460

statement about something

3039

02:07:58,010 --> 02:07:54,780

um so uh or Twining right a Ford stall

3040

02:08:00,530 --> 02:07:58,020

whatever but but here we we have that

3041

02:08:02,510 --> 02:08:00,540

and we are able to have this

3042

02:08:05,030 --> 02:08:02,520

conversation and that's the exciting

3043

02:08:06,950 --> 02:08:05,040

part is this the first time that we are

3044

02:08:10,729 --> 02:08:06,960

able to talk like this in these terms

3045

02:08:13,129 --> 02:08:10,739

and I say yeah the answer is yes

3046

02:08:14,089 --> 02:08:13,139

I think I missed what you're getting at

3047

02:08:17,750 --> 02:08:14,099

you're just talking about the the

3048

02:08:19,270 --> 02:08:17,760

supporting we have one of the named

3049

02:08:22,609 --> 02:08:19,280

people

3050

02:08:24,950 --> 02:08:22,619

yeah coming out and and and and it

3051

02:08:27,530 --> 02:08:24,960

allows us to have this conversation yeah

3052

02:08:29,209 --> 02:08:27,540

it's never happened before yeah I don't

3053

02:08:30,830 --> 02:08:29,219

I don't disagree with that I think for

3054

02:08:33,229 --> 02:08:30,840

me though at the end of the day is is

3055

02:08:35,390 --> 02:08:33,239

those unanswered questions with the gaps

3056

02:08:36,290 --> 02:08:35,400

that cannot be filled and and is it

3057

02:08:37,790 --> 02:08:36,300

interesting that he made the

3058

02:08:39,649 --> 02:08:37,800

introduction and came out sure that's

3059

02:08:41,990 --> 02:08:39,659

why I reached out to him I mean look if

3060

02:08:44,330 --> 02:08:42,000

I'm wrong about these notes and and

3061

02:08:46,490 --> 02:08:44,340

their their non-fiction and then they're

3062

02:08:49,910 --> 02:08:46,500

true I'll be the first to admit it why

3063

02:08:51,950 --> 02:08:49,920

it changes the world so I'm fine with

3064

02:08:54,470 --> 02:08:51,960

that I I don't mind it's it's not that

3065

02:08:56,270 --> 02:08:54,480

so so that's why I immediately reached

3066

02:08:58,370 --> 02:08:56,280

out to him and credit to Jay from

3067

02:08:59,990 --> 02:08:58,380

Project Unity for meeting with Oak

3068

02:09:01,490 --> 02:09:00,000

Shannon and getting him to agree to the

3069

02:09:04,430 --> 02:09:01,500

interview all that is awesome there's

3070

02:09:08,209 --> 02:09:04,440

there's nothing wrong with that it's

3071

02:09:10,370 --> 02:09:08,219

just at the end the real elements to the

3072

02:09:12,290 --> 02:09:10,380

notes which I I think anybody could see

3073

02:09:14,750 --> 02:09:12,300

that there are are factual elements

3074

02:09:16,010 --> 02:09:14,760

don't put the rest of the dominoes in

3075

02:09:18,589 --> 02:09:16,020

place and I think that that just

3076

02:09:20,629 --> 02:09:18,599

supports that if they are fiction that

3077

02:09:23,089 --> 02:09:20,639

it could just mean that whomever created

3078

02:09:25,129 --> 02:09:23,099

the fiction was involved in that group

3079

02:09:27,709 --> 02:09:25,139

and they took elements from this person

3080

02:09:30,530 --> 02:09:27,719

elements from that company elements from

3081

02:09:32,750 --> 02:09:30,540

this person and and and put it all into

3082

02:09:35,030 --> 02:09:32,760

a story and again yes I made the joke

3083

02:09:37,070 --> 02:09:35,040

about the TV show but I'm only half

3084

02:09:40,669 --> 02:09:37,080

joking because when you create that type

3085

02:09:43,250 --> 02:09:40,679

of a fictionalized scenario that's what

3086

02:09:44,870 --> 02:09:43,260

you need you need to stand on things

3087

02:09:47,209 --> 02:09:44,880

that were real you look at the X-Files

3088

02:09:50,390 --> 02:09:47,219

and I use this example in the video that

3089

02:09:52,430 --> 02:09:50,400

there are real things in there that they

3090

02:09:55,129 --> 02:09:52,440

crutched their stories on sometimes it

3091

02:09:57,830 --> 02:09:55,139

was a UFO case you have mufon that found

3092

02:09:59,629 --> 02:09:57,840

their way into X-Files but but the

3093

02:10:02,030 --> 02:09:59,639

introduction to those real elements

3094

02:10:04,370 --> 02:10:02,040

doesn't make the rest of the X-Files a

3095

02:10:06,589 --> 02:10:04,380

documentary it's just taking real

3096

02:10:09,589 --> 02:10:06,599

elements that are out there because the

3097

02:10:12,169 --> 02:10:09,599

creative writers took that to crutch the

3098

02:10:14,149 --> 02:10:12,179

story into real reality made made it

3099

02:10:16,729 --> 02:10:14,159

more believable for fans like us we're

3100

02:10:19,310 --> 02:10:16,739

like oh my God mufon I know that I know

3101

02:10:22,189 --> 02:10:19,320

that organization and and that's where

3102

02:10:24,290 --> 02:10:22,199

it um really works in in a fiction a

3103

02:10:26,629 --> 02:10:24,300

fictionalized story in in the fiction

3104

02:10:28,550 --> 02:10:26,639

world so you know those real elements

3105

02:10:29,930 --> 02:10:28,560

yes they're interesting and I know I'm

3106

02:10:31,609 --> 02:10:29,940

not debating you on this but I'm just

3107

02:10:33,890 --> 02:10:31,619

saying generally they're they're

3108

02:10:35,990 --> 02:10:33,900

interesting but it just supports that

3109

02:10:38,570 --> 02:10:36,000

from day one that there are real

3110

02:10:40,010 --> 02:10:38,580

elements to these notes uh and nobody's

3111

02:10:43,970 --> 02:10:40,020

denying that part but it doesn't make

3112

02:10:46,790 --> 02:10:43,980

the rest of it uh real except

3113

02:10:48,169 --> 02:10:46,800

it's now part of the public record in

3114

02:10:51,530 --> 02:10:48,179

Congress

3115

02:10:54,589 --> 02:10:51,540

right John these are exciting times my

3116

02:10:56,450 --> 02:10:54,599

friend that could that could backfire by

3117

02:10:59,450 --> 02:10:56,460

the way but it made me a different show

3118

02:11:00,649 --> 02:10:59,460

oh quit poo-pooing on everything there

3119

02:11:01,729 --> 02:11:00,659

were so many other cool things they

3120

02:11:04,550 --> 02:11:01,739

could have put in Congressional Record

3121

02:11:06,950 --> 02:11:04,560

and asked about that yeah yeah you're

3122

02:11:10,970 --> 02:11:06,960

right about that you're right about that

3123

02:11:13,550 --> 02:11:10,980

um hey thank you we we went way over

3124

02:11:15,649 --> 02:11:13,560

um so just thank you for that and I've

3125

02:11:17,870 --> 02:11:15,659

got to get you uh out to the house and

3126

02:11:20,810 --> 02:11:17,880

uh let's barbecue and then we'll drive

3127

02:11:22,189 --> 02:11:20,820

down to uh Lockheed and get arrested all

3128

02:11:23,689 --> 02:11:22,199

right yeah I'm looking forward to that

3129

02:11:25,729 --> 02:11:23,699
