00:00:45,350 --> 00:00:41,579
game is rigged change the game game

7
00:00:48,950 --> 00:00:45,360
changer I occasionally think how quickly

8
00:00:52,310 --> 00:00:48,960
our difference is worldwide would vanish

9
00:00:53,680 --> 00:00:52,320
if we were facing an alien threat from

10
00:00:55,500 --> 00:00:53,690
outside this work

18

00:01:16,929 --> 00:01:12,540

good evening Fade to Black how you doing

19

00:01:21,350 --> 00:01:16,939

today is uh today is Tuesday

20

00:01:23,749 --> 00:01:21,360

December 6th 2022 and our guest tonight

21

00:01:26,450 --> 00:01:23,759

is David marlar he is you know I just

22

00:01:28,550 --> 00:01:26,460

call him the historian he's a UFO

23

00:01:31,429 --> 00:01:28,560

historian he's been writing and

24

00:01:34,370 --> 00:01:31,439

researching the subject of UFOs for a

25

00:01:36,710 --> 00:01:34,380

very long time started with mufon all

26

00:01:38,990 --> 00:01:36,720

the way back in 1990 as a field

27

00:01:42,530 --> 00:01:39,000

investigator a field investigator

28

00:01:44,210 --> 00:01:42,540

trainee actually and has moved on to

29

00:01:46,969 --> 00:01:44,220

State section director as well as

30

00:01:49,609 --> 00:01:46,979

Illinois state director he is currently

31

00:01:53,090 --> 00:01:49,619

an independent UFO researcher and of

32

00:01:55,190 --> 00:01:53,100

course an author and runs a pretty cool

33

00:01:57,230 --> 00:01:55,200

joint there in Albuquerque New Mexico

34

00:02:00,170 --> 00:01:57,240

and I would like to welcome back to fade

35

00:02:02,569 --> 00:02:00,180

to black David marlar David welcome

36

00:02:04,670 --> 00:02:02,579

Jimmy it's great to see you again great

37

00:02:07,789 --> 00:02:04,680

to be with you it's uh it's it's great

38

00:02:12,050 --> 00:02:07,799

to be with you David and uh we've got a

39

00:02:13,490 --> 00:02:12,060

a packed uh conversation tonight and I

40

00:02:16,250 --> 00:02:13,500

do want to jump straight into it but

41

00:02:17,869 --> 00:02:16,260

here's uh here's actually where I want

42

00:02:21,350 --> 00:02:17,879

to start off

43

00:02:23,150 --> 00:02:21,360

um your uh we're going to discuss uh the

44

00:02:24,410 --> 00:02:23,160

recent press release and and the media

45

00:02:28,210 --> 00:02:24,420

and stuff

46

00:02:31,729 --> 00:02:28,220

um and what is impressive about that is

47

00:02:34,010 --> 00:02:31,739

your uh your your document collection

48

00:02:36,830 --> 00:02:34,020

and and the digitizing and everything

49

00:02:39,710 --> 00:02:36,840

else and the format of it and you're

50

00:02:41,509 --> 00:02:39,720

sitting in front of a green screen that

51
00:02:45,170 --> 00:02:41,519
represents

52
00:02:47,809 --> 00:02:45,180
um everything and uh but the green

53
00:02:49,869 --> 00:02:47,819
screen looks really good it's it's lit

54
00:02:53,030 --> 00:02:49,879
up really well

55
00:02:54,589 --> 00:02:53,040
if only it were a green screen uh this

56
00:02:57,410 --> 00:02:54,599
is the new addition that we put on the

57
00:02:58,910 --> 00:02:57,420
house back in 2017 to accommodate the

58
00:03:02,509 --> 00:02:58,920
growing collection and this is just one

59
00:03:03,830 --> 00:03:02,519
small part of it prove it oh let's we'll

60
00:03:08,890 --> 00:03:03,840
walk over here

61
00:03:14,390 --> 00:03:11,809
okay all right all right all right I'm

62
00:03:18,589 --> 00:03:14,400
humbled I'm humbled

63
00:03:23,690 --> 00:03:18,599

um and and and I I did that for a reason

64

00:03:26,930 --> 00:03:23,700

um that is an awful lot of material and

65

00:03:29,270 --> 00:03:26,940

uh I I like the the bones of this

66

00:03:32,630 --> 00:03:29,280

conversation is that room that you're

67

00:03:35,030 --> 00:03:32,640

sitting in it's it's incredible

68

00:03:39,530 --> 00:03:35,040

um is is is it something that started

69

00:03:42,949 --> 00:03:39,540

off with like one single document and do

70

00:03:45,110 --> 00:03:42,959

you remember uh when it all started well

71

00:03:48,350 --> 00:03:45,120

you mentioned in 1990 getting actively

72

00:03:50,030 --> 00:03:48,360

involved in UFOs uh rather naively I I

73

00:03:51,229 --> 00:03:50,040

went to the local libraries thinking

74

00:03:53,350 --> 00:03:51,239

well if I'm going to be an investigator

75

00:03:57,170 --> 00:03:53,360

I really need to read up on the subject

76

00:03:58,850 --> 00:03:57,180

and so I went to several local libraries

77

00:04:01,430 --> 00:03:58,860

and I think it really spoke to the

78

00:04:03,710 --> 00:04:01,440

naivety of myself with regard to the

79

00:04:08,869 --> 00:04:03,720

subject uh the local libraries either

80

00:04:11,750 --> 00:04:08,879

had uh very few if any UFO books and so

81

00:04:13,369 --> 00:04:11,760

again on a very small scale I thought

82

00:04:15,289 --> 00:04:13,379

well if I'm going to have a UFO library

83

00:04:17,689 --> 00:04:15,299

or go to a UFO Library I'm gonna have to

84

00:04:19,370 --> 00:04:17,699

create one on my own and it started as a

85

00:04:22,129 --> 00:04:19,380

little small bookshelf in my living room

86

00:04:24,010 --> 00:04:22,139

and it grew to another bookshelf and

87

00:04:27,530 --> 00:04:24,020

another bookshelf and another bookshelf

88

00:04:28,969 --> 00:04:27,540

and over time obviously as you know

89

00:04:31,730 --> 00:04:28,979

Jimmy networking with various

90

00:04:33,890 --> 00:04:31,740

researchers in this field networking is

91

00:04:36,830 --> 00:04:33,900

essential and as a result of that over

92

00:04:39,890 --> 00:04:36,840

the years many of the senior researchers

93

00:04:41,330 --> 00:04:39,900

when I got involved were getting an ill

94

00:04:44,270 --> 00:04:41,340

health or we're getting ready to pass

95

00:04:47,570 --> 00:04:44,280

away and a lot of what I have around me

96

00:04:49,310 --> 00:04:47,580

are from derived from collections of

97

00:04:51,650 --> 00:04:49,320

researchers that are no longer with us

98

00:04:55,670 --> 00:04:51,660

like

99

00:04:59,270 --> 00:04:55,680

um not not a number Rose way but if you

100

00:05:01,249 --> 00:04:59,280

know what I mean like uh uh What uh what

101
00:05:04,670 --> 00:05:01,259
research was donated to you from whom

102
00:05:06,290 --> 00:05:04,680
well uh Lou Farish who hosted the Ozark

103
00:05:08,030 --> 00:05:06,300
UFO conference in Eureka Springs

104
00:05:09,469 --> 00:05:08,040
Arkansas for those that have been around

105
00:05:11,390 --> 00:05:09,479
a long time they're familiar with that

106
00:05:13,790 --> 00:05:11,400
conference and I've spoken there many

107
00:05:17,390 --> 00:05:13,800
many years uh over the last 20 years or

108
00:05:18,650 --> 00:05:17,400
so now and uh Lou was a historian wrote

109
00:05:21,890 --> 00:05:18,660
a lot of great articles for fate

110
00:05:24,770 --> 00:05:21,900
magazine going back to the 1960s uh he

111
00:05:26,990 --> 00:05:24,780
had a huge collection and when he was in

112
00:05:29,150 --> 00:05:27,000
hospice when he was dying of cancer I

113
00:05:31,969 --> 00:05:29,160

visited him and we had known each other

114

00:05:34,010 --> 00:05:31,979

for many years prior to that and when I

115

00:05:36,529 --> 00:05:34,020

left unbeknownst to me he told a friend

116

00:05:38,210 --> 00:05:36,539

of his Jerry Blackburn he goes when I

117

00:05:39,469 --> 00:05:38,220

pass I want to make sure Dave gets my

118

00:05:42,170 --> 00:05:39,479

collection because he's doing good

119

00:05:43,490 --> 00:05:42,180

historical research and that's just one

120

00:05:46,629 --> 00:05:43,500

of the collections another collection

121

00:05:50,990 --> 00:05:46,639

from Arkansas as well is Mr Bill Pitts

122

00:05:52,850 --> 00:05:51,000

who hosted the very uh early UFO

123

00:05:56,230 --> 00:05:52,860

conference in Arkansas saw the Fort

124

00:06:01,010 --> 00:05:56,240

Smith UFO conference way back in 1975

125

00:06:03,469 --> 00:06:01,020

and so Bill had a legacy had a huge

126

00:06:06,110 --> 00:06:03,479

collection and then some items just

127

00:06:08,150 --> 00:06:06,120

piecemeal here and there Jimmy uh a lot

128

00:06:10,070 --> 00:06:08,160

of Blue Book material uh there was a

129

00:06:12,469 --> 00:06:10,080

collection that was discovered uh from

130

00:06:14,029 --> 00:06:12,479

Lieutenant Carmen Morano who was one of

131

00:06:16,070 --> 00:06:14,039

the last staff members of Project Blue

132

00:06:19,370 --> 00:06:16,080

Book when it shut down in December 69.

133

00:06:22,129 --> 00:06:19,380

uh off camera I have about 33 filing

134

00:06:24,110 --> 00:06:22,139

cabinets filled with UFO history one of

135

00:06:27,110 --> 00:06:24,120

those filing cabinets is filled with

136

00:06:29,809 --> 00:06:27,120

original Project Blue Book material and

137

00:06:31,909 --> 00:06:29,819

really one of the biggest additions uh I

138

00:06:34,490 --> 00:06:31,919

serve as the official archivist for the

139

00:06:37,670 --> 00:06:34,500

center for UFO studies and in November

140

00:06:40,909 --> 00:06:37,680

of 2020 I had the historic nightcap

141

00:06:43,370 --> 00:06:40,919

kufos case File collection sent here and

142

00:06:46,309 --> 00:06:43,380

literally thousands of historic Case

143

00:06:48,170 --> 00:06:46,319

Files original Case Files going back to

144

00:06:50,870 --> 00:06:48,180

the early years and even a smaller group

145

00:06:53,150 --> 00:06:50,880

called CSI New York not the TV show but

146

00:06:56,090 --> 00:06:53,160

an early UFO group called CSI New York

147

00:06:59,150 --> 00:06:56,100

uh civilian saucer intelligence and they

148

00:07:02,029 --> 00:06:59,160

had many early UFO reports and

149

00:07:03,830 --> 00:07:02,039

intermixed with the nicap kufos files

150

00:07:06,529 --> 00:07:03,840

are Dr J Allen heineck's original

151

00:07:12,469 --> 00:07:06,539

Project Blue Book files

152

00:07:15,830 --> 00:07:12,479

and uh I have been talking about uh uh

153

00:07:20,330 --> 00:07:15,840

heinek a lot lately because

154

00:07:23,570 --> 00:07:20,340

um I got uh a copy I got it last year of

155

00:07:27,309 --> 00:07:23,580

his 1977 you know report on UFOs right

156

00:07:31,490 --> 00:07:27,319

uh the Project Blue Book uh uh report

157

00:07:37,670 --> 00:07:31,500

and that for 1977

158

00:07:40,610 --> 00:07:37,680

David that book is as relevant today as

159

00:07:43,010 --> 00:07:40,620

when it was written in 1977.

160

00:07:45,409 --> 00:07:43,020

um it's an incredible incredible read

161

00:07:47,450 --> 00:07:45,419

and some of the things that we are going

162

00:07:50,570 --> 00:07:47,460

through today

163

00:07:52,309 --> 00:07:50,580

um Not only was he going through the

164

00:07:54,589 --> 00:07:52,319

very same

165

00:07:56,650 --> 00:07:54,599

um you know you have the the diplomacy

166

00:08:00,770 --> 00:07:56,660

and the politics and the military

167

00:08:05,089 --> 00:08:00,780

but the civilian the media and

168

00:08:08,210 --> 00:08:05,099

everything but um it was what he was

169

00:08:10,850 --> 00:08:08,220

going through and and the frustrations

170

00:08:12,230 --> 00:08:10,860

and the struggles and I I you would have

171

00:08:14,749 --> 00:08:12,240

you would have thought that that book

172

00:08:16,850 --> 00:08:14,759

was written last month absolutely I mean

173

00:08:20,330 --> 00:08:16,860

some of the situations are very similar

174

00:08:22,610 --> 00:08:20,340

and the information is very similar uh I

175

00:08:24,770 --> 00:08:22,620

was just contacted by someone today from

176

00:08:27,650 --> 00:08:24,780

the aiaa the American Institute of

177

00:08:29,749 --> 00:08:27,660

Aeronautics and astronautics and just

178

00:08:30,890 --> 00:08:29,759

recently within the last month they've

179

00:08:34,250 --> 00:08:30,900

decided that they're going to start

180

00:08:36,230 --> 00:08:34,260

looking at the UF UFO or UAP subject and

181

00:08:38,269 --> 00:08:36,240

I just was contacted this morning by an

182

00:08:39,949 --> 00:08:38,279

individual stating that they're very

183

00:08:42,230 --> 00:08:39,959

encouraged by the history that we're

184

00:08:45,110 --> 00:08:42,240

collecting both myself and my colleagues

185

00:08:47,269 --> 00:08:45,120

and look forward to collaborating and

186

00:08:49,190 --> 00:08:47,279

sharing information and the one thing

187

00:08:50,630 --> 00:08:49,200

that I emphasize time and time again in

188

00:08:52,009 --> 00:08:50,640

lectures I just wrapped up a lecture

189

00:08:54,170 --> 00:08:52,019

series across the country as well as

190

00:08:56,269 --> 00:08:54,180

Nova Scotia I had the opportunity to go

191

00:08:58,910 --> 00:08:56,279

up there and

192

00:09:00,829 --> 00:08:58,920

um you know the history that we have

193

00:09:03,530 --> 00:09:00,839

provides context for what's being

194

00:09:05,269 --> 00:09:03,540

reported today and I've been making this

195

00:09:07,550 --> 00:09:05,279

statement for a long time

196

00:09:09,590 --> 00:09:07,560

December 2017 with the New York Times

197

00:09:11,389 --> 00:09:09,600

article obviously a game-changing moment

198

00:09:13,370 --> 00:09:11,399

in the field right and we've seen so

199

00:09:15,350 --> 00:09:13,380

many things that have been born out of

200

00:09:17,329 --> 00:09:15,360

that as far as the house hearings the

201
00:09:19,310 --> 00:09:17,339
Pentagon UFO report the pending report

202
00:09:22,009 --> 00:09:19,320
that we're waiting on uh that's supposed

203
00:09:23,690 --> 00:09:22,019
to go to Congress but one of the things

204
00:09:26,650 --> 00:09:23,700
that I find fascinating about that is

205
00:09:29,269 --> 00:09:26,660
the narrative is very tightly scripted

206
00:09:31,670 --> 00:09:29,279
2004 moving forward

207
00:09:34,250 --> 00:09:31,680
they haven't really delved into the

208
00:09:36,290 --> 00:09:34,260
history however the National Defense

209
00:09:38,210 --> 00:09:36,300
authorization act the draft that we see

210
00:09:40,210 --> 00:09:38,220
currently that hopefully Biden will be

211
00:09:42,949 --> 00:09:40,220
signing in the next few weeks

212
00:09:44,750 --> 00:09:42,959
allows for Provisions for them to For

213
00:09:48,470 --> 00:09:44,760

the First Time start officially looking

214

00:09:49,970 --> 00:09:48,480

at the history and so I feel that the

215

00:09:53,509 --> 00:09:49,980

history that I've collected as well as

216

00:09:55,970 --> 00:09:53,519

my archivist and historian colleagues uh

217

00:09:58,430 --> 00:09:55,980

may be tapped by these by these agencies

218

00:10:00,949 --> 00:09:58,440

may be tapped by members of official

219

00:10:03,050 --> 00:10:00,959

dumb uh they need to be educated on the

220

00:10:05,509 --> 00:10:03,060

history a lot of the case files that we

221

00:10:07,370 --> 00:10:05,519

have civilian Case Files they don't have

222

00:10:09,949 --> 00:10:07,380

because they haven't been digitized yet

223

00:10:11,509 --> 00:10:09,959

during covid we've been actively working

224

00:10:14,630 --> 00:10:11,519

on trying to get these Case Files

225

00:10:18,710 --> 00:10:14,640

digitized so we can afford them to a

226

00:10:20,570 --> 00:10:18,720

wider audience uh worldwide but we're

227

00:10:22,970 --> 00:10:20,580

still in the process of digitizing these

228

00:10:26,210 --> 00:10:22,980

it's a laborious process destapling

229

00:10:28,070 --> 00:10:26,220

removing rusted paper clips uh re-gluing

230

00:10:30,350 --> 00:10:28,080

old news clippings to the backing of

231

00:10:31,790 --> 00:10:30,360

sheets and my colleague and friend Barry

232

00:10:34,550 --> 00:10:31,800

Greenwood's done the Lion's Share of

233

00:10:36,470 --> 00:10:34,560

work on that over the last few years and

234

00:10:38,990 --> 00:10:36,480

and you have to you know make it

235

00:10:40,970 --> 00:10:39,000

searchable and usable in the digital age

236

00:10:42,590 --> 00:10:40,980

and we've had a number of people reach

237

00:10:44,750 --> 00:10:42,600

out to us literally just in the last

238

00:10:46,190 --> 00:10:44,760

couple weeks uh since we mentioned our

239

00:10:48,949 --> 00:10:46,200

new organization which we'll talk about

240

00:10:51,350 --> 00:10:48,959

uh a number of individuals have reached

241

00:10:55,009 --> 00:10:51,360

out that are involved in database

242

00:10:57,410 --> 00:10:55,019

creation Data Mining and data file

243

00:10:59,210 --> 00:10:57,420

creation so I think we're going to have

244

00:11:01,430 --> 00:10:59,220

some really nice Professional Resources

245

00:11:03,230 --> 00:11:01,440

that we can draw from people that have

246

00:11:05,569 --> 00:11:03,240

these skill sets that are interested in

247

00:11:07,490 --> 00:11:05,579

the subject and for the first time

248

00:11:08,930 --> 00:11:07,500

didn't realize how much history we're

249

00:11:11,210 --> 00:11:08,940

actually sitting on

250

00:11:14,269 --> 00:11:11,220

yeah you know to make it searchable

251
00:11:18,230 --> 00:11:14,279
keywords search words organize index all

252
00:11:20,389 --> 00:11:18,240
of that lots of great software uh to to

253
00:11:21,769 --> 00:11:20,399
get that stuff done because everybody is

254
00:11:24,910 --> 00:11:21,779
doing the same thing it doesn't matter

255
00:11:27,290 --> 00:11:24,920
if you're in sports or medicine

256
00:11:32,949 --> 00:11:27,300
there are file cabinets that need to be

257
00:11:35,630 --> 00:11:32,959
digitized you still have to digitize it

258
00:11:37,069 --> 00:11:35,640
definitely go through the process a

259
00:11:38,449 --> 00:11:37,079
number of people have said well you need

260
00:11:40,490 --> 00:11:38,459
to be digitizing that it's like well

261
00:11:42,829 --> 00:11:40,500
first off we are digitizing it but I

262
00:11:44,690 --> 00:11:42,839
would argue the first step is the

263
00:11:47,150 --> 00:11:44,700

centralization of all this historical

264

00:11:48,650 --> 00:11:47,160

material because right now it's peppered

265

00:11:50,750 --> 00:11:48,660

throughout the country there's a number

266

00:11:52,610 --> 00:11:50,760

of key researchers who I'm sure will

267

00:11:54,350 --> 00:11:52,620

talk about uh during the course of the

268

00:11:56,030 --> 00:11:54,360

show that have some incredible

269

00:11:59,630 --> 00:11:56,040

collections all their own that that

270

00:12:01,190 --> 00:11:59,640

rival this if not dwarf this and uh

271

00:12:04,130 --> 00:12:01,200

there's also a number of individual

272

00:12:05,870 --> 00:12:04,140

collections just this year Jimmy in

273

00:12:07,550 --> 00:12:05,880

doing my lecture series across the

274

00:12:10,190 --> 00:12:07,560

country I've had about 10 to 12 other

275

00:12:12,650 --> 00:12:10,200

researchers come up to to me aging

276

00:12:14,990 --> 00:12:12,660

researchers stating I want my collection

277

00:12:16,550 --> 00:12:15,000

to go to you and even one told me I need

278

00:12:18,889 --> 00:12:16,560

your contact information I'm putting you

279

00:12:22,670 --> 00:12:18,899

in my will so if anything happens to me

280

00:12:25,850 --> 00:12:22,680

my UFO files go to you and so it's just

281

00:12:28,069 --> 00:12:25,860

this this constant gravitational pull to

282

00:12:29,810 --> 00:12:28,079

Albuquerque here where we're continuing

283

00:12:32,210 --> 00:12:29,820

to get information in fact

284

00:12:35,210 --> 00:12:32,220

um as we speak in Yorkshire England

285

00:12:37,970 --> 00:12:35,220

there is a palette of UFO material that

286

00:12:40,550 --> 00:12:37,980

belongs to Philip mantle and Philip uh

287

00:12:43,250 --> 00:12:40,560

over a year ago promised me he he said I

288

00:12:46,190 --> 00:12:43,260

want to send my material to you and so

289

00:12:48,110 --> 00:12:46,200

we have a palette of uh British UFO

290

00:12:50,410 --> 00:12:48,120

material that's going to be coming here

291

00:12:52,190 --> 00:12:50,420

that's gonna be tasty stuff right there

292

00:12:54,530 --> 00:12:52,200

and we have a lot of international

293

00:12:56,870 --> 00:12:54,540

material as well I should add that in

294

00:12:59,870 --> 00:12:56,880

May of this year I went to uh Phoenix

295

00:13:02,690 --> 00:12:59,880

Arizona and uh rented a U-Haul truck

296

00:13:05,269 --> 00:13:02,700

loaded it up and I have uh Antonio's my

297

00:13:07,970 --> 00:13:05,279

friend and colleague Antonio venez's uh

298

00:13:09,590 --> 00:13:07,980

foreign UFO collection in fact up here

299

00:13:11,930 --> 00:13:09,600

the very top shelf you can see all these

300

00:13:14,870 --> 00:13:11,940

books lined up those are all foreign

301
00:13:18,230 --> 00:13:14,880
language books uh Czechoslovakian Polish

302
00:13:21,889 --> 00:13:18,240
Russian Japanese German French Spanish

303
00:13:24,230 --> 00:13:21,899
Italian uh Portuguese uh some Portuguese

304
00:13:27,350 --> 00:13:24,240
material in there as well we have a wide

305
00:13:29,509 --> 00:13:27,360
array of UFO files and books and

306
00:13:32,389 --> 00:13:29,519
journals uh that are in foreign

307
00:13:34,970 --> 00:13:32,399
languages so it's a really well-rounded

308
00:13:36,710 --> 00:13:34,980
uh collection and people have often uh

309
00:13:38,329 --> 00:13:36,720
kind of told me well do you read

310
00:13:40,190 --> 00:13:38,339
Portuguese do you read Spanish it's like

311
00:13:42,530 --> 00:13:40,200
I don't need to but researchers come

312
00:13:44,210 --> 00:13:42,540
here and as if to demonstrate that fact

313
00:13:45,949 --> 00:13:44,220

I just had the Albuquerque Journal here

314

00:13:49,190 --> 00:13:45,959

doing an article just less than a week

315

00:13:52,550 --> 00:13:49,200

ago and the photographer that was here

316

00:13:54,470 --> 00:13:52,560

spoke fluent uh French and so he was

317

00:13:58,009 --> 00:13:54,480

enamored with all of the French material

318

00:14:00,949 --> 00:13:58,019

that he was able to go through here's is

319

00:14:03,850 --> 00:14:00,959

there a point where I mean you almost

320

00:14:08,329 --> 00:14:03,860

can't is there a point where you go

321

00:14:10,490 --> 00:14:08,339

no I I thought he needed well uh you're

322

00:14:12,350 --> 00:14:10,500

actually bringing us up to the situation

323

00:14:14,509 --> 00:14:12,360

that's facing not only myself but my

324

00:14:16,910 --> 00:14:14,519

colleagues who I mentioned

325

00:14:18,710 --> 00:14:16,920

um I am the youngest in this small group

326

00:14:20,090 --> 00:14:18,720

of historians and archivists in the

327

00:14:23,090 --> 00:14:20,100

country that have collected a lot of

328

00:14:24,769 --> 00:14:23,100

this material and uh in addition to

329

00:14:26,810 --> 00:14:24,779

facing the fact that they're getting

330

00:14:29,210 --> 00:14:26,820

older in some cases their health is

331

00:14:31,730 --> 00:14:29,220

starting to decline slowly uh they're

332

00:14:34,550 --> 00:14:31,740

faced with a a very uh practical problem

333

00:14:36,650 --> 00:14:34,560

which you just touched on uh absence of

334

00:14:39,290 --> 00:14:36,660

empty square footage to accommodate

335

00:14:42,590 --> 00:14:39,300

additional collections yes and and so

336

00:14:44,389 --> 00:14:42,600

all of us have operated uh basically as

337

00:14:46,850 --> 00:14:44,399

a network of historians and archive is

338

00:14:49,189 --> 00:14:46,860

sharing information over the decades but

339

00:14:50,990 --> 00:14:49,199

it's been operating based on a

340

00:14:53,389 --> 00:14:51,000

home-based archive like what you see

341

00:14:57,110 --> 00:14:53,399

behind me and off off camera here as

342

00:15:00,769 --> 00:14:57,120

well and so recently uh in the last year

343

00:15:02,750 --> 00:15:00,779

we decided collectively uh we simply

344

00:15:04,970 --> 00:15:02,760

cannot maintain a home-based archive

345

00:15:08,150 --> 00:15:04,980

that it has literally to your to your

346

00:15:10,670 --> 00:15:08,160

question outgrown the confines of what

347

00:15:12,889 --> 00:15:10,680

we're doing and so really born out of

348

00:15:15,530 --> 00:15:12,899

necessity we then decided to create a

349

00:15:19,069 --> 00:15:15,540

new non-profit organization predicated

350

00:15:22,069 --> 00:15:19,079

on focusing on the preservation of UFO

351

00:15:23,990 --> 00:15:22,079

history for future generations and so

352

00:15:26,629 --> 00:15:24,000

just in the last couple weeks we we

353

00:15:29,870 --> 00:15:26,639

announced that organization now the

354

00:15:34,610 --> 00:15:29,880

press release uh went out on November

355

00:15:37,009 --> 00:15:34,620

18th correct and uh and how has the

356

00:15:40,509 --> 00:15:37,019

reaction been to that I watched the

357

00:15:43,970 --> 00:15:40,519

media run with the story right

358

00:15:45,710 --> 00:15:43,980

I don't want to say the word viral but

359

00:15:47,870 --> 00:15:45,720

in this case that's exactly what

360

00:15:50,090 --> 00:15:47,880

happened yeah it actually surpassed

361

00:15:52,069 --> 00:15:50,100

faster expectations we figured we would

362

00:15:54,769 --> 00:15:52,079

Garner some local and maybe Regional

363

00:15:57,590 --> 00:15:54,779

media coverage the Roswell Daily Record

364

00:16:00,050 --> 00:15:57,600

my friend Toby there uh who's a a

365

00:16:03,110 --> 00:16:00,060

reporter and writer he did an

366

00:16:05,569 --> 00:16:03,120

outstanding article on our efforts and

367

00:16:07,970 --> 00:16:05,579

uh I think to his surprise as well as

368

00:16:11,650 --> 00:16:07,980

mine the Associated Press picked up the

369

00:16:14,329 --> 00:16:11,660

story and as you can appreciate Jimmy

370

00:16:16,430 --> 00:16:14,339

yeah yeah we went out worldwide in fact

371

00:16:18,350 --> 00:16:16,440

U.S news and World Report even picked up

372

00:16:21,590 --> 00:16:18,360

the story tell everybody what the

373

00:16:24,170 --> 00:16:21,600

announcement was yeah so again we were

374

00:16:26,329 --> 00:16:24,180

all acting as a collective of individual

375

00:16:28,730 --> 00:16:26,339

historians and archivists we decided

376

00:16:30,769 --> 00:16:28,740

that as we started to see the government

377

00:16:32,329 --> 00:16:30,779

starting to broach the subject of

378

00:16:35,930 --> 00:16:32,339

possibly looking at the history we

379

00:16:38,329 --> 00:16:35,940

thought we need to just be more than you

380

00:16:40,730 --> 00:16:38,339

know here's Dave here's Jan here's Barry

381

00:16:42,949 --> 00:16:40,740

we needed to put a face to the

382

00:16:45,230 --> 00:16:42,959

organization a face to the initiative

383

00:16:48,530 --> 00:16:45,240

and really an umbrella term that

384

00:16:50,509 --> 00:16:48,540

encapsulates all of it so uh on the 18th

385

00:16:52,910 --> 00:16:50,519

of November of this year we announced

386

00:16:55,310 --> 00:16:52,920

the National UFO historical records

387

00:16:57,790 --> 00:16:55,320

Center which we hope and envision it to

388

00:17:00,710 --> 00:16:57,800

be the National Archives of UFO research

389

00:17:01,749 --> 00:17:00,720

the largest archive here in the United

390

00:17:03,769 --> 00:17:01,759

States

391

00:17:05,870 --> 00:17:03,779

centralizing all of these independent

392

00:17:08,210 --> 00:17:05,880

Collections and this isn't just

393

00:17:10,669 --> 00:17:08,220

theoretical uh the reason that we did

394

00:17:12,710 --> 00:17:10,679

this is because uh the individuals that

395

00:17:15,530 --> 00:17:12,720

have helped me with this Jan Aldridge

396

00:17:18,169 --> 00:17:15,540

senior historian on the UFO subject

397

00:17:20,390 --> 00:17:18,179

Barry Greenwood another senior historian

398

00:17:24,110 --> 00:17:20,400

each one of these gentlemen their homes

399

00:17:26,510 --> 00:17:24,120

are literally filled with historical UFO

400

00:17:27,770 --> 00:17:26,520

information government documents news

401
00:17:30,289 --> 00:17:27,780
clippings

402
00:17:31,970 --> 00:17:30,299
civilian UFO Case Files I mean the list

403
00:17:34,070 --> 00:17:31,980
goes on I mean every medium you can

404
00:17:36,470 --> 00:17:34,080
possibly think of their home is a museum

405
00:17:38,510 --> 00:17:36,480
each one of theirs they have already

406
00:17:41,450 --> 00:17:38,520
indicated that they want their

407
00:17:43,310 --> 00:17:41,460
collections to come here so my

408
00:17:45,049 --> 00:17:43,320
collection Jan Aldridge's collection

409
00:17:48,289 --> 00:17:45,059
Barry Greenwood's collection in addition

410
00:17:50,930 --> 00:17:48,299
Rob swayatec uh who is on the board of

411
00:17:52,490 --> 00:17:50,940
mufon he wanted to be part of this and I

412
00:17:54,350 --> 00:17:52,500
think one of the key players that we

413
00:17:55,789 --> 00:17:54,360

have is Dr Mark rodiger who's the

414

00:17:59,270 --> 00:17:55,799

international director for the center

415

00:18:01,669 --> 00:17:59,280

for UFO studies and Mark really saw

416

00:18:03,890 --> 00:18:01,679

value in US trying to centralize all

417

00:18:05,570 --> 00:18:03,900

this historical material and another

418

00:18:07,850 --> 00:18:05,580

person that many people don't know by

419

00:18:10,730 --> 00:18:07,860

name uh it's not uh one of the more

420

00:18:12,650 --> 00:18:10,740

common names is Mr Rod Dyke and Rod

421

00:18:16,250 --> 00:18:12,660

lives up uh in the Seattle Washington

422

00:18:19,430 --> 00:18:16,260

area Rod has been an active archivist

423

00:18:21,890 --> 00:18:19,440

and collector regarding UFO history in

424

00:18:24,650 --> 00:18:21,900

fact back in the late 1960s he founded

425

00:18:26,630 --> 00:18:24,660

the the UFO news clipping service which

426

00:18:29,270 --> 00:18:26,640

was one of the best conduits for UFO

427

00:18:31,850 --> 00:18:29,280

information prior to the internet and

428

00:18:33,950 --> 00:18:31,860

Rod started it Lou Farish ran it for

429

00:18:36,230 --> 00:18:33,960

many years as editor and I had the the

430

00:18:38,990 --> 00:18:36,240

honor of uh being the editor for the

431

00:18:41,029 --> 00:18:39,000

last three years of the publication and

432

00:18:43,850 --> 00:18:41,039

so Rod has a vast collection and just to

433

00:18:46,430 --> 00:18:43,860

drop a few names he has the Donald Kehoe

434

00:18:48,470 --> 00:18:46,440

personal files and archive and he also

435

00:18:50,390 --> 00:18:48,480

has the Richard Hall personal files and

436

00:18:53,270 --> 00:18:50,400

archives from nightcap

437

00:18:55,970 --> 00:18:53,280

if we can bring those files with the

438

00:18:58,610 --> 00:18:55,980

nycap Case Files we have here we've

439

00:18:59,870 --> 00:18:58,620

we've reunified all of that material and

440

00:19:02,210 --> 00:18:59,880

brought it back together it's almost

441

00:19:04,310 --> 00:19:02,220

like you know breathing life into

442

00:19:07,789 --> 00:19:04,320

nightcap again after all these decades

443

00:19:10,070 --> 00:19:07,799

and so it's such a pleasure in fact uh

444

00:19:12,169 --> 00:19:10,080

Jimmy when The nightcap case files were

445

00:19:13,669 --> 00:19:12,179

delivered here Rod reached out to me and

446

00:19:15,110 --> 00:19:13,679

said you know I think it's wonderful

447

00:19:16,850 --> 00:19:15,120

that the files are there that people

448

00:19:18,049 --> 00:19:16,860

will have more access to them that

449

00:19:20,450 --> 00:19:18,059

you're going to be using them for

450

00:19:23,270 --> 00:19:20,460

research purposes you know I've got

451

00:19:25,850 --> 00:19:23,280

boxes of reel-to-reel tapes in fact I

452

00:19:27,950 --> 00:19:25,860

have one right here uh all of these

453

00:19:31,610 --> 00:19:27,960

reel-to-reel tapes going back to the

454

00:19:34,430 --> 00:19:31,620

1950s this one's from 1958. this is a

455

00:19:37,250 --> 00:19:34,440

radio broadcast and it had call-in uh

456

00:19:39,970 --> 00:19:37,260

listeners describing UFO sightings that

457

00:19:43,850 --> 00:19:39,980

they had had recently and we had over

458

00:19:46,010 --> 00:19:43,860

250 of those reel to Reels which during

459

00:19:47,930 --> 00:19:46,020

covet lockdown I took the liberty Jimmy

460

00:19:50,330 --> 00:19:47,940

of having nothing but free time after

461

00:19:52,850 --> 00:19:50,340

work uh and I digitize and digital

462

00:19:55,610 --> 00:19:52,860

remastered all of those recordings and

463

00:19:57,590 --> 00:19:55,620

so we now have those preserved and when

464

00:19:59,390 --> 00:19:57,600

we digitize we always keep the originals

465

00:20:01,610 --> 00:19:59,400

we always like to retain The Originals

466

00:20:04,970 --> 00:20:01,620

if ever we need to go back to those so

467

00:20:06,529 --> 00:20:04,980

we have those now and many of them are

468

00:20:08,210 --> 00:20:06,539

very small little reel-to-reel

469

00:20:11,570 --> 00:20:08,220

recordings they were just interviews

470

00:20:13,730 --> 00:20:11,580

between witness and interviewer after I

471

00:20:16,610 --> 00:20:13,740

digitized those and there were dozens of

472

00:20:19,190 --> 00:20:16,620

them I was able to go into the files and

473

00:20:21,830 --> 00:20:19,200

find the written narrative by the

474

00:20:24,230 --> 00:20:21,840

witness and now have the audio recording

475

00:20:26,450 --> 00:20:24,240

so we've brought this back together this

476

00:20:30,350 --> 00:20:26,460

is what's crazy you're now a digital

477

00:20:32,630 --> 00:20:30,360

audio expert I'm you know the skill sets

478

00:20:35,690 --> 00:20:32,640

you learn as as you delve into UFO

479

00:20:38,450 --> 00:20:35,700

history And archiving yeah well people

480

00:20:40,190 --> 00:20:38,460

think that this stuff just happens you

481

00:20:44,270 --> 00:20:40,200

know it's just oh yeah I'm just going to

482

00:20:47,770 --> 00:20:44,280

digital no first off everybody needs to

483

00:20:53,470 --> 00:20:47,780

listen to what I'm saying very closely

484

00:20:57,049 --> 00:20:53,480

you can't speed up the recording

485

00:20:59,390 --> 00:20:57,059

it has to play at real time absolutely

486

00:21:02,690 --> 00:20:59,400

and and that goes through the converters

487

00:21:06,350 --> 00:21:02,700

and and heads to a computer eventually

488

00:21:10,909 --> 00:21:06,360

and builds the file but the the the real

489

00:21:13,430 --> 00:21:10,919

the real uh is is in real time hours and

490

00:21:16,310 --> 00:21:13,440

hours and hours and hours you know if

491

00:21:19,370 --> 00:21:16,320

that's a 30 minute uh reel you're doing

492

00:21:21,409 --> 00:21:19,380

it at 30 minutes if it's an hour it's an

493

00:21:23,210 --> 00:21:21,419

hour and sometimes it's even longer

494

00:21:26,150 --> 00:21:23,220

depending on if it's on the slow speed

495

00:21:28,130 --> 00:21:26,160

slow and see but that's the other so now

496

00:21:31,130 --> 00:21:28,140

you've got to learn about tape speeds

497

00:21:33,409 --> 00:21:31,140

absolutely and uh and everything else so

498

00:21:35,870 --> 00:21:33,419

yeah and literally right off camera here

499

00:21:38,450 --> 00:21:35,880

Jimmy is my studio table I have two

500

00:21:41,210 --> 00:21:38,460

dedicated systems each computer system

501
00:21:43,370 --> 00:21:41,220
has a reel-to-reel player connected to

502
00:21:45,770 --> 00:21:43,380
it we have cassette player connected to

503
00:21:48,590 --> 00:21:45,780
it and micro cassette connected to it as

504
00:21:51,049 --> 00:21:48,600
well as DVD and a VHS player connected

505
00:21:52,730 --> 00:21:51,059
to each one so any of these mediums that

506
00:21:55,070 --> 00:21:52,740
we receive in these collections we can

507
00:21:56,690 --> 00:21:55,080
now digitize yeah that's awesome that's

508
00:22:00,130 --> 00:21:56,700
totally awesome

509
00:22:04,430 --> 00:22:00,140
um now here's the thing though

510
00:22:08,450 --> 00:22:04,440
uh just coming off of the UFO hearings

511
00:22:11,090 --> 00:22:08,460
yeah and and listening to what's going

512
00:22:13,070 --> 00:22:11,100
on let's put the UAP task force report

513
00:22:15,230 --> 00:22:13,080

to the side for a second I want to come

514

00:22:17,750 --> 00:22:15,240

out and address that of course but

515

00:22:19,930 --> 00:22:17,760

listening to the hearings

516

00:22:23,390 --> 00:22:19,940

um some of

517

00:22:25,430 --> 00:22:23,400

the representatives

518

00:22:27,529 --> 00:22:25,440

seem to have

519

00:22:30,289 --> 00:22:27,539

some knowledge

520

00:22:34,010 --> 00:22:30,299

some I'm just saying some the two

521

00:22:36,770 --> 00:22:34,020

witnesses Bray and Moultrie knew nothing

522

00:22:42,289 --> 00:22:36,780

about nothing right no no they didn't

523

00:22:45,830 --> 00:22:42,299

and and it I I don't understand why

524

00:22:49,070 --> 00:22:45,840

um there isn't an interest in getting

525

00:22:52,190 --> 00:22:49,080

outside of the 2004 Nimitz which is okay

526

00:22:54,430 --> 00:22:52,200

that's cool or whatever the reason uh

527

00:22:56,630 --> 00:22:54,440

military and Air Force and navy

528

00:23:01,970 --> 00:22:56,640

interactions okay that's that's all cool

529

00:23:04,070 --> 00:23:01,980

there is so much knowledge out there and

530

00:23:06,110 --> 00:23:04,080

I I'm just wondering when they're gonna

531

00:23:08,510 --> 00:23:06,120

approach somebody and go okay we need to

532

00:23:09,950 --> 00:23:08,520

get educated yeah well I wasn't going to

533

00:23:12,230 --> 00:23:09,960

say anything but since you brought it up

534

00:23:14,930 --> 00:23:12,240

uh I do know a couple people that are

535

00:23:17,090 --> 00:23:14,940

working with members on Capitol Hill and

536

00:23:19,250 --> 00:23:17,100

one of the individuals uh just recently

537

00:23:21,890 --> 00:23:19,260

said he goes I floated two or three

538

00:23:23,450 --> 00:23:21,900

names to them stating you need to

539

00:23:25,909 --> 00:23:23,460

contact these individuals regarding the

540

00:23:27,909 --> 00:23:25,919

history and to my surprise he said yours

541

00:23:30,950 --> 00:23:27,919

was one of those names

542

00:23:33,289 --> 00:23:30,960

so we're hoping that you know with the

543

00:23:35,270 --> 00:23:33,299

history that we have the knowledge uh

544

00:23:36,890 --> 00:23:35,280

the materials the original materials we

545

00:23:38,690 --> 00:23:36,900

have and I think that's important these

546

00:23:40,430 --> 00:23:38,700

aren't second hand these are the

547

00:23:42,529 --> 00:23:40,440

original Case Files these are the

548

00:23:44,090 --> 00:23:42,539

original government documents in in many

549

00:23:46,549 --> 00:23:44,100

cases

550

00:23:48,289 --> 00:23:46,559

um you know we do have the provenance of

551
00:23:49,789 --> 00:23:48,299
some of this information this just isn't

552
00:23:51,950 --> 00:23:49,799
a bunch of stuff that we pulled off the

553
00:23:53,750 --> 00:23:51,960
internet these are the original Source

554
00:23:56,750 --> 00:23:53,760
documents the original Case Files of

555
00:23:58,130 --> 00:23:56,760
some very landmark cases and so if

556
00:24:01,070 --> 00:23:58,140
they're looking for credible information

557
00:24:02,390 --> 00:24:01,080
with proper documentation I would argue

558
00:24:04,610 --> 00:24:02,400
it doesn't get much better than this

559
00:24:07,010 --> 00:24:04,620
there's even

560
00:24:09,710 --> 00:24:07,020
um and I know that Project Blue Book has

561
00:24:14,510 --> 00:24:09,720
got you know a bit of a black eye and

562
00:24:18,110 --> 00:24:14,520
and things and and I I get that but if

563
00:24:20,630 --> 00:24:18,120

you look at the project itself but the

564

00:24:23,690 --> 00:24:20,640

cases that they were that's a different

565

00:24:26,210 --> 00:24:23,700

situation here how how blue book was

566

00:24:27,549 --> 00:24:26,220

looked at and was treated and

567

00:24:30,110 --> 00:24:27,559

um turned into misinformation

568

00:24:32,810 --> 00:24:30,120

disinformation I I get that part of it

569

00:24:34,909 --> 00:24:32,820

but if you if you dig deep and you go

570

00:24:37,310 --> 00:24:34,919

into the actual cases that they were

571

00:24:40,250 --> 00:24:37,320

looking at and certainly with the

572

00:24:43,190 --> 00:24:40,260

Department of Defense and odni there are

573

00:24:46,430 --> 00:24:43,200

some military cases in there uh that

574

00:24:49,789 --> 00:24:46,440

defy explanation going back to 1950 51

575

00:24:51,470 --> 00:24:49,799

52 absolutely where they've got radar

576

00:24:53,330 --> 00:24:51,480

data and confirmation of these craft

577

00:24:55,570 --> 00:24:53,340

going 1800 miles an hour when the

578

00:24:59,149 --> 00:24:55,580

fastest plane in the world was you know

579

00:25:01,310 --> 00:24:59,159

450 miles an hour absolutely yeah we

580

00:25:05,390 --> 00:25:01,320

have a number of original files uh here

581

00:25:06,950 --> 00:25:05,400

I mean this is uh one from 1949 and this

582

00:25:08,990 --> 00:25:06,960

is from the Department of the Air Force

583

00:25:11,630 --> 00:25:09,000

and it's signed by the original base

584

00:25:14,750 --> 00:25:11,640

commander uh so these are the original

585

00:25:17,110 --> 00:25:14,760

documents which which case is that this

586

00:25:21,529 --> 00:25:17,120

one is uh from Lexington Nebraska

587

00:25:24,169 --> 00:25:21,539

September 26 1949 and this unclassified

588

00:25:27,409 --> 00:25:24,179

document is uh the subject is

589

00:25:30,890 --> 00:25:27,419

unconventional aircraft

590

00:25:32,510 --> 00:25:30,900

one at the Trout Farm uh this one I

591

00:25:33,950 --> 00:25:32,520

believe let me see I just randomly

592

00:25:35,570 --> 00:25:33,960

pulled a couple of these this one I

593

00:25:37,970 --> 00:25:35,580

don't think is the trout farm this is a

594

00:25:40,970 --> 00:25:37,980

separate one okay this one's a fairly

595

00:25:43,490 --> 00:25:40,980

lengthy one uh and here we have the

596

00:25:45,529 --> 00:25:43,500

sketches of the the actual object itself

597

00:25:49,130 --> 00:25:45,539

I don't know if you can see that yeah I

598

00:25:50,570 --> 00:25:49,140

can oh there we go but these are these

599

00:25:52,549 --> 00:25:50,580

are pulled from the original military

600

00:25:54,890 --> 00:25:52,559

files and you can even see the holes

601
00:25:57,230 --> 00:25:54,900
they would always double hole staple or

602
00:25:58,430 --> 00:25:57,240
punch those up there right you can kind

603
00:26:01,510 --> 00:25:58,440
of see some of that right there it's

604
00:26:04,310 --> 00:26:01,520
really nice and you can see unclassified

605
00:26:07,190 --> 00:26:04,320
and that you know and so if they want to

606
00:26:09,830 --> 00:26:07,200
stick with military stuff and not jump

607
00:26:12,169 --> 00:26:09,840
into the civilian World got it that's

608
00:26:13,610 --> 00:26:12,179
what that's my point and Jimmy I'm glad

609
00:26:15,350 --> 00:26:13,620
you bring up Blue Book because quite

610
00:26:16,909 --> 00:26:15,360
often people immediately just throw the

611
00:26:18,289 --> 00:26:16,919
baby out with the bath water but this is

612
00:26:19,730 --> 00:26:18,299
the important thing and again we have

613
00:26:22,850 --> 00:26:19,740

hundreds if not thousands of original

614

00:26:24,529 --> 00:26:22,860

Blue Book files here and what's unique

615

00:26:27,769 --> 00:26:24,539

about those is not only do we have the

616

00:26:29,870 --> 00:26:27,779

original files we have Dr Jalen heineck

617

00:26:32,690 --> 00:26:29,880

because that's who they belong to his

618

00:26:35,330 --> 00:26:32,700

personal commentary and thoughts and

619

00:26:37,070 --> 00:26:35,340

it's kind of a a false belief that it

620

00:26:38,570 --> 00:26:37,080

wasn't until later in life that heinek

621

00:26:41,029 --> 00:26:38,580

really started to come around with

622

00:26:42,110 --> 00:26:41,039

regard to the UFO subject Case Files

623

00:26:45,169 --> 00:26:42,120

that I've looked at that are actually

624

00:26:47,990 --> 00:26:45,179

here on file that people can see going

625

00:26:50,750 --> 00:26:48,000

back to the mid late 1950s

626
00:26:52,730 --> 00:26:50,760
as early as that time frame you can see

627
00:26:55,430 --> 00:26:52,740
where the official explanation was ball

628
00:26:57,649 --> 00:26:55,440
lightning heineck crosses it out and

629
00:27:01,250 --> 00:26:57,659
underneath and he usually uses red felt

630
00:27:02,830 --> 00:27:01,260
pen he wrote unidentified in uppercase

631
00:27:05,690 --> 00:27:02,840
letters and underlined it three times

632
00:27:07,490 --> 00:27:05,700
and quite often you see him take issue

633
00:27:09,950 --> 00:27:07,500
with the Air Force and again going back

634
00:27:13,010 --> 00:27:09,960
to the 1950s where he would always

635
00:27:15,230 --> 00:27:13,020
abbreviate Air Force as AF why didn't AF

636
00:27:17,750 --> 00:27:15,240
investigators interview the additional

637
00:27:19,789 --> 00:27:17,760
Witnesses in this case why didn't AF

638
00:27:22,789 --> 00:27:19,799

investigators obtain the radar data that

639

00:27:25,549 --> 00:27:22,799

was in the report I mean he took serious

640

00:27:28,010 --> 00:27:25,559

issue early on and it was a culmination

641

00:27:30,049 --> 00:27:28,020

of report after report after report

642

00:27:31,610 --> 00:27:30,059

where he's seeing that the important

643

00:27:34,610 --> 00:27:31,620

thing though to to your earlier

644

00:27:36,230 --> 00:27:34,620

statement Jimmy is the fact that you can

645

00:27:38,810 --> 00:27:36,240

throw out the conclusions of Project

646

00:27:40,310 --> 00:27:38,820

Blue Book but the UFO reports themselves

647

00:27:44,810 --> 00:27:40,320

are valid

648

00:27:49,450 --> 00:27:44,820

a hundred percent and and I uh going

649

00:27:53,930 --> 00:27:49,460

back and in in heinek's book from 1977.

650

00:27:55,549 --> 00:27:53,940

he he there's probably I I don't know

651
00:27:57,409 --> 00:27:55,559
the count but there's probably a couple

652
00:28:00,649 --> 00:27:57,419
of dozen cases in there that he

653
00:28:03,350 --> 00:28:00,659
specifically focuses on and you go and

654
00:28:07,250 --> 00:28:03,360
and you and you read these cases

655
00:28:10,909 --> 00:28:07,260
you're like wait a minute here and and

656
00:28:12,890 --> 00:28:10,919
some of them the reports came in but

657
00:28:15,409 --> 00:28:12,900
there wasn't any follow-up they're in

658
00:28:17,510 --> 00:28:15,419
Project Blue Book but there isn't there

659
00:28:20,690 --> 00:28:17,520
isn't anything that goes that goes on

660
00:28:22,970 --> 00:28:20,700
and one of heineck's complaints which is

661
00:28:25,370 --> 00:28:22,980
what we're hearing today

662
00:28:28,310 --> 00:28:25,380
um is that they refuse to apply the

663
00:28:31,010 --> 00:28:28,320

science absolutely and I always say

664

00:28:33,710 --> 00:28:31,020

heineck was a true scientist uh he came

665

00:28:35,990 --> 00:28:33,720

in as a complete skeptic but over the

666

00:28:38,450 --> 00:28:36,000

years over the decades having looked at

667

00:28:40,730 --> 00:28:38,460

the information and waited objectively

668

00:28:42,950 --> 00:28:40,740

he came to the conclusion there appeared

669

00:28:46,070 --> 00:28:42,960

to be some type of objective reality to

670

00:28:47,750 --> 00:28:46,080

this and so he was a true scientist went

671

00:28:50,149 --> 00:28:47,760

in skeptical as you should when you

672

00:28:53,210 --> 00:28:50,159

first start looking at something but he

673

00:28:55,850 --> 00:28:53,220

was willing to concede and put aside his

674

00:28:58,909 --> 00:28:55,860

initial uh you know Viewpoint and

675

00:29:00,649 --> 00:28:58,919

perspective he followed the data and he

676
00:29:03,169 --> 00:29:00,659
acknowledged that the data does seem to

677
00:29:06,769 --> 00:29:03,179
speak of something that's real there was

678
00:29:09,549 --> 00:29:06,779
a case out in the Pacific Ocean I don't

679
00:29:12,710 --> 00:29:09,559
know if it's Guam or you know but it was

680
00:29:15,890 --> 00:29:12,720
one of the uh one of the Navy Air Force

681
00:29:18,889 --> 00:29:15,900
bases out there and three planes okay

682
00:29:21,169 --> 00:29:18,899
and so the first report comes in it's a

683
00:29:23,870 --> 00:29:21,179
plane that's Landing right

684
00:29:28,430 --> 00:29:23,880
and they go uh okay and and heinek's

685
00:29:31,430 --> 00:29:28,440
reading through the actual statements uh

686
00:29:35,330 --> 00:29:31,440
from uh the pilot reports a light

687
00:29:38,510 --> 00:29:35,340
trailing them and wanted to know from

688
00:29:41,750 --> 00:29:38,520

you know uh flight control you know who

689

00:29:43,730 --> 00:29:41,760

who who this was and it was just unusual

690

00:29:44,750 --> 00:29:43,740

no there's nothing there oh there is

691

00:29:47,149 --> 00:29:44,760

something there we don't know it's

692

00:29:50,090 --> 00:29:47,159

unidentified aircraft they pull off of

693

00:29:53,450 --> 00:29:50,100

the landing and they Circle back behind

694

00:29:56,450 --> 00:29:53,460

now there's three planes all calling in

695

00:30:01,130 --> 00:29:56,460

talking about this bright light that was

696

00:30:05,810 --> 00:30:01,140

now below them right and then appeared

697

00:30:07,430 --> 00:30:05,820

to land in the trees so they're circling

698

00:30:09,289 --> 00:30:07,440

and they're talking you know they're

699

00:30:13,010 --> 00:30:09,299

reporting back it's there and then it

700

00:30:17,090 --> 00:30:13,020

takes off right now let's just stop

701
00:30:20,450 --> 00:30:17,100
right there right let's just this isn't

702
00:30:22,750 --> 00:30:20,460
Venus no and it's certainly not you know

703
00:30:26,269 --> 00:30:22,760
ball lightning

704
00:30:29,630 --> 00:30:26,279
but when you have three planes it's near

705
00:30:31,549 --> 00:30:29,640
um a military facility

706
00:30:33,950 --> 00:30:31,559
um and you've got all of the reports

707
00:30:36,350 --> 00:30:33,960
it's seen on radar they know it's an

708
00:30:39,350 --> 00:30:36,360
unidentified craft and their only

709
00:30:42,889 --> 00:30:39,360
description of it was it was a bright

710
00:30:46,850 --> 00:30:42,899
ball of light that came down and lit up

711
00:30:49,070 --> 00:30:46,860
by the way lit up the the ground area uh

712
00:30:52,010 --> 00:30:49,080
around it and they could see it

713
00:30:53,570 --> 00:30:52,020

um you know what shouldn't you know but

714

00:30:55,669 --> 00:30:53,580

the Air Force wasn't concerned about

715

00:30:56,870 --> 00:30:55,679

that case no it's it's funny as you're

716

00:30:59,029 --> 00:30:56,880

describing that it made me think of

717

00:31:00,950 --> 00:30:59,039

another case that I was looking at in in

718

00:31:05,149 --> 00:31:00,960

the heinek material it was a case from

719

00:31:07,070 --> 00:31:05,159

1952 uh level in Texas not the 57 famous

720

00:31:09,889 --> 00:31:07,080

sightings in Levelland Texas this this

721

00:31:13,130 --> 00:31:09,899

was five years prior a couple observed

722

00:31:16,070 --> 00:31:13,140

two top-shaped UFOs that were belching

723

00:31:18,529 --> 00:31:16,080

smoke or steam out the bottom and in

724

00:31:21,049 --> 00:31:18,539

some of the official write-up it states

725

00:31:22,909 --> 00:31:21,059

that well there was a pilot flying and I

726

00:31:25,610 --> 00:31:22,919

forget what type of fighter plane at the

727

00:31:28,669 --> 00:31:25,620

time and it could explain the sighting

728

00:31:31,669 --> 00:31:28,679

and heineck wrote so the pilot was

729

00:31:33,769 --> 00:31:31,679

flying two aircraft at the same time

730

00:31:37,070 --> 00:31:33,779

well how does it account for two UFOs

731

00:31:40,669 --> 00:31:37,080

right and and the uh the Air Force I saw

732

00:31:43,669 --> 00:31:40,679

that report by the way and that one the

733

00:31:47,450 --> 00:31:43,679

Air Force said it was exhaust from a

734

00:31:49,430 --> 00:31:47,460

known aircraft okay that's that was the

735

00:31:51,409 --> 00:31:49,440

the Air Force's reply go back and look

736

00:31:55,130 --> 00:31:51,419

at those notes I I totally cracked up

737

00:31:57,409 --> 00:31:55,140

because he said uh that he describes the

738

00:32:00,470 --> 00:31:57,419

color heineck said it's it's not exhaust

739

00:32:02,149 --> 00:32:00,480

right you know so it was Vapor that's

740

00:32:05,269 --> 00:32:02,159

yeah I mean and so you know the list

741

00:32:06,529 --> 00:32:05,279

goes on and on and on but uh again you

742

00:32:08,149 --> 00:32:06,539

shouldn't throw the baby out with a bath

743

00:32:10,730 --> 00:32:08,159

water because there are some incredible

744

00:32:14,330 --> 00:32:10,740

early reports uh within the military

745

00:32:16,070 --> 00:32:14,340

files and it's so funny uh if you look

746

00:32:18,649 --> 00:32:16,080

at civilian as well as the blue book

747

00:32:20,810 --> 00:32:18,659

reports I was in Roswell for the 75th

748

00:32:22,370 --> 00:32:20,820

anniversary and Lou Elizondo was there

749

00:32:24,049 --> 00:32:22,380

on a panel with me we were sitting next

750

00:32:25,250 --> 00:32:24,059

to each other and in front of the

751
00:32:27,649 --> 00:32:25,260
audience you know I brought up something

752
00:32:30,649 --> 00:32:27,659
I said you know it's so funny looking at

753
00:32:32,930 --> 00:32:30,659
the history as I have and others have

754
00:32:35,269 --> 00:32:32,940
um when the five of observables that Lou

755
00:32:37,669 --> 00:32:35,279
likes to talk about first was announced

756
00:32:38,690 --> 00:32:37,679
it was nothing revelatory for those of

757
00:32:41,450 --> 00:32:38,700
us that have been looking at the case

758
00:32:44,450 --> 00:32:41,460
files in depth these are characteristics

759
00:32:46,070 --> 00:32:44,460
that many or many of you move on uh

760
00:32:48,110 --> 00:32:46,080
investigators that are in your audience

761
00:32:49,490 --> 00:32:48,120
that are listing this probably think

762
00:32:51,049 --> 00:32:49,500
yeah I've had cases that you know

763
00:32:53,450 --> 00:32:51,059

demonstrate anti-gravity you know

764

00:32:55,070 --> 00:32:53,460

Hypersonic velocities and all the all

765

00:32:57,409 --> 00:32:55,080

these other characteristics it was

766

00:32:59,870 --> 00:32:57,419

nothing new but what I did tell Lou I

767

00:33:01,730 --> 00:32:59,880

said I'm not knocking Lou for this but

768

00:33:03,889 --> 00:33:01,740

what I found it to be was validating

769

00:33:06,230 --> 00:33:03,899

because they were only looking at

770

00:33:09,110 --> 00:33:06,240

military reports coming through official

771

00:33:11,149 --> 00:33:09,120

sources and they were describing similar

772

00:33:13,190 --> 00:33:11,159

characteristics that we had

773

00:33:15,830 --> 00:33:13,200

throughout all of the decades in the

774

00:33:17,149 --> 00:33:15,840

civilian UFO Case Files don't you find

775

00:33:18,850 --> 00:33:17,159

that

776

00:33:22,190 --> 00:33:18,860

um a a

777

00:33:25,509 --> 00:33:22,200

little funny uh in that I'm talking

778

00:33:29,509 --> 00:33:25,519

about haha funny uh comedy funny in that

779

00:33:32,990 --> 00:33:29,519

you know when somebody is new to the

780

00:33:35,870 --> 00:33:33,000

subject absolutely whether it's Lou or

781

00:33:38,570 --> 00:33:35,880

Bray and Moultrie or congressperson or

782

00:33:40,310 --> 00:33:38,580

somebody uh from the defense department

783

00:33:43,009 --> 00:33:40,320

or a spokesperson it doesn't matter

784

00:33:45,049 --> 00:33:43,019

right somebody knew it goes these

785

00:33:48,370 --> 00:33:45,059

objects are demonstrated the capability

786

00:33:51,110 --> 00:33:48,380

to go in and out of the water well duh

787

00:33:53,690 --> 00:33:51,120

you're right yeah they have been

788

00:33:56,269 --> 00:33:53,700

demonstrating they take these turns they

789

00:33:57,710 --> 00:33:56,279

apparently uh might be interdimensional

790

00:34:01,850 --> 00:33:57,720

they might be

791

00:34:03,950 --> 00:34:01,860

oh man welcome to the party well you've

792

00:34:05,990 --> 00:34:03,960

got a lot of research to do but we've

793

00:34:07,490 --> 00:34:06,000

been covering this forever absolutely

794

00:34:09,530 --> 00:34:07,500

well and you mentioned Brian Moultrie

795

00:34:11,149 --> 00:34:09,540

and I I mean no disrespect to those men

796

00:34:13,129 --> 00:34:11,159

when I agree with your earlier statement

797

00:34:15,470 --> 00:34:13,139

that they don't know the history but we

798

00:34:17,389 --> 00:34:15,480

have to concede and understand that they

799

00:34:18,950 --> 00:34:17,399

are in very important positions as it

800

00:34:22,550 --> 00:34:18,960

relates to National Defense National

801
00:34:24,710 --> 00:34:22,560
Security their UAP duties probably are

802
00:34:27,889 --> 00:34:24,720
this big because there's other important

803
00:34:30,770 --> 00:34:27,899
things like uh Russia North Korea China

804
00:34:33,349 --> 00:34:30,780
that we're worried about as well as you

805
00:34:35,690 --> 00:34:33,359
know cyber attacks in our country uh and

806
00:34:37,490 --> 00:34:35,700
domestic terrorism so admittedly they

807
00:34:39,589 --> 00:34:37,500
have a lot on their plate I don't fault

808
00:34:41,750 --> 00:34:39,599
them personally for that but exactly

809
00:34:43,430 --> 00:34:41,760
what you said Jimmy if you guys don't

810
00:34:44,990 --> 00:34:43,440
have the time if you don't have the

811
00:34:47,089 --> 00:34:45,000
resources why don't you tap the guys

812
00:34:50,930 --> 00:34:47,099
that have been doing this for decades

813
00:34:55,970 --> 00:34:50,940

well and here's yes and and here's the

814

00:35:00,050 --> 00:34:55,980

thing that was a UFO hearing and which

815

00:35:02,150 --> 00:35:00,060

was stated in the opening uh uh comments

816

00:35:04,670 --> 00:35:02,160

at the beginning of the hearing this is

817

00:35:05,870 --> 00:35:04,680

a UFO hearing right make no mistake

818

00:35:08,990 --> 00:35:05,880

about it that's what we're here to talk

819

00:35:11,510 --> 00:35:09,000

about today and and the first two

820

00:35:13,310 --> 00:35:11,520

witnesses Brea Moultrie had a UFO

821

00:35:18,370 --> 00:35:13,320

hearing apparently

822

00:35:22,329 --> 00:35:18,380

don't even know what a UFO is and and to

823

00:35:26,870 --> 00:35:22,339

uh uh to to the point

824

00:35:29,270 --> 00:35:26,880

when if if you're going to focus on

825

00:35:32,630 --> 00:35:29,280

um uh Department of Defense and security

826

00:35:34,849 --> 00:35:32,640

and threats right and and I think it was

827

00:35:37,490 --> 00:35:34,859

Gallagher I could be wrong but one one

828

00:35:39,370 --> 00:35:37,500

of the representatives uh brings up

829

00:35:42,650 --> 00:35:39,380

Mounds from yeah

830

00:35:44,270 --> 00:35:42,660

and when they did Bray and Moultrie well

831

00:35:47,990 --> 00:35:44,280

I've never heard of that did you have

832

00:35:51,650 --> 00:35:48,000

you ever heard no I've I've never well I

833

00:35:54,589 --> 00:35:51,660

I could be wrong here but of all the

834

00:35:56,210 --> 00:35:54,599

cases besides like Randall shim right

835

00:35:58,730 --> 00:35:56,220

you know which is an Air Force case

836

00:36:03,050 --> 00:35:58,740

that's Air Force absolutely out of all

837

00:36:04,910 --> 00:36:03,060

the case uh UFOs and nukes and and what

838

00:36:07,370 --> 00:36:04,920

went on up there

839

00:36:10,069 --> 00:36:07,380

should be like at on the top of the

840

00:36:12,290 --> 00:36:10,079

stack on your desk well I agree and and

841

00:36:15,530 --> 00:36:12,300

again let's not disparage them too much

842

00:36:18,470 --> 00:36:15,540

because I think possibly I don't want to

843

00:36:20,750 --> 00:36:18,480

get my hopes up too high 2023 may be a

844

00:36:22,430 --> 00:36:20,760

game-changing year as far as the

845

00:36:24,829 --> 00:36:22,440

government now starting to look at the

846

00:36:26,870 --> 00:36:24,839

history so let's give them another year

847

00:36:28,490 --> 00:36:26,880

let's see if they truly do follow

848

00:36:30,290 --> 00:36:28,500

through on that and they actually start

849

00:36:34,190 --> 00:36:30,300

doing that deep dive starting to look

850

00:36:35,630 --> 00:36:34,200

prior to 2004. uh I think it's promising

851
00:36:39,069 --> 00:36:35,640
that the government accounting agency

852
00:36:42,890 --> 00:36:39,079
the GAO has that in there

853
00:36:44,329 --> 00:36:42,900
and uh I I'm just interested to see

854
00:36:47,270 --> 00:36:44,339
where that goes and it'll be interesting

855
00:36:48,950 --> 00:36:47,280
to see if we do get tapped uh as this uh

856
00:36:50,690 --> 00:36:48,960
Coalition of leading historians and

857
00:36:51,890 --> 00:36:50,700
archivists in the country with regard to

858
00:36:54,829 --> 00:36:51,900
our information

859
00:36:56,510 --> 00:36:54,839
now what do you think is is about to

860
00:36:59,510 --> 00:36:56,520
happen do you think that we're going to

861
00:37:02,690 --> 00:36:59,520
get the the report and do you think that

862
00:37:05,450 --> 00:37:02,700
we are going to have additional hearings

863
00:37:07,970 --> 00:37:05,460

let's deal with the report first yeah I

864

00:37:11,870 --> 00:37:07,980

I hate to make make predictions but if I

865

00:37:14,030 --> 00:37:11,880

were a betting man uh which I'm not uh I

866

00:37:16,069 --> 00:37:14,040

would probably suspect we're going to

867

00:37:20,630 --> 00:37:16,079

get a watered-down version much like the

868

00:37:22,670 --> 00:37:20,640

Pentagon report last year uh in 2021. uh

869

00:37:24,290 --> 00:37:22,680

I doubt there'll be much substance that

870

00:37:26,089 --> 00:37:24,300

the general public will see now what

871

00:37:28,430 --> 00:37:26,099

members of Congress the Senate

872

00:37:29,990 --> 00:37:28,440

intelligence committee and others uh

873

00:37:32,810 --> 00:37:30,000

look at that may be something altogether

874

00:37:34,130 --> 00:37:32,820

different I just historically speaking

875

00:37:35,630 --> 00:37:34,140

and I'm just I'm not saying this

876

00:37:38,390 --> 00:37:35,640

arbitrarily I'm just saying if the past

877

00:37:39,650 --> 00:37:38,400

is prologue I I just think that there's

878

00:37:40,790 --> 00:37:39,660

not going to be a lot of substance

879

00:37:43,370 --> 00:37:40,800

that's going to be offered to the

880

00:37:45,349 --> 00:37:43,380

general public I thought

881

00:37:46,550 --> 00:37:45,359

you know I know that there was a lot of

882

00:37:48,770 --> 00:37:46,560

people that were disappointed because

883

00:37:52,310 --> 00:37:48,780

they didn't say Little Green Men you

884

00:37:55,790 --> 00:37:52,320

know and 18 but but I thought that the

885

00:37:58,370 --> 00:37:55,800

report said an awful lot oh it did

886

00:38:00,349 --> 00:37:58,380

absolutely I I am in complete agreement

887

00:38:02,630 --> 00:38:00,359

with you and Barry Greenwood uh my

888

00:38:04,250 --> 00:38:02,640

colleague and friend uh we've had this

889

00:38:06,050 --> 00:38:04,260

discussion many times

890

00:38:08,030 --> 00:38:06,060

I think it depends on who you talk to

891

00:38:10,130 --> 00:38:08,040

Jimmy for those of us that have been

892

00:38:13,310 --> 00:38:10,140

around and we remember you know the old

893

00:38:14,270 --> 00:38:13,320

days of deny deny deny the subject you

894

00:38:16,010 --> 00:38:14,280

know because we have a whole new

895

00:38:17,930 --> 00:38:16,020

generation now that as I like to call it

896

00:38:20,770 --> 00:38:17,940

the the the the Post New York Times

897

00:38:25,790 --> 00:38:20,780

generation the new people coming in

898

00:38:27,230 --> 00:38:25,800

the Decades of denial where CIA denied

899

00:38:29,089 --> 00:38:27,240

that they had any government documents

900

00:38:30,589 --> 00:38:29,099

on UFOs and then through foia requests

901
00:38:33,230 --> 00:38:30,599
hundreds and thousands of pages were

902
00:38:35,569 --> 00:38:33,240
released same with the FBI uh they never

903
00:38:37,370 --> 00:38:35,579
had to hear the constant repetition that

904
00:38:39,290 --> 00:38:37,380
well thank you for your inquiry

905
00:38:41,030 --> 00:38:39,300
regarding UFOs but uh the government

906
00:38:44,390 --> 00:38:41,040
lost all interest when it closed Project

907
00:38:47,270 --> 00:38:44,400
Blue Book in December 1969 and I even in

908
00:38:50,270 --> 00:38:47,280
my lecture Series this year I showed a

909
00:38:51,829 --> 00:38:50,280
clip of an Air Force officer making the

910
00:38:54,470 --> 00:38:51,839
announcement and going through the three

911
00:38:57,589 --> 00:38:54,480
conclusions of Project Blue Book uh one

912
00:38:59,329 --> 00:38:57,599
of which was uh UFOs do not constitute a

913
00:39:02,450 --> 00:38:59,339

threat to National Security

914

00:39:03,770 --> 00:39:02,460
to your point the UFO report the

915

00:39:05,569 --> 00:39:03,780
reasoning it was put together was

916

00:39:07,310 --> 00:39:05,579
predicated on the fact that it does

917

00:39:10,490 --> 00:39:07,320
potentially constitute a threat to

918

00:39:12,589 --> 00:39:10,500
National Security and air safety so

919

00:39:15,770 --> 00:39:12,599
right there there's a contradiction a

920

00:39:18,230 --> 00:39:15,780
complete 180 reversal from the Project

921

00:39:20,089 --> 00:39:18,240
Blue Book conclusion and the other

922

00:39:21,650 --> 00:39:20,099
conclusion was that there was nothing

923

00:39:24,530 --> 00:39:21,660
that indicated that these things are

924

00:39:26,930 --> 00:39:24,540
extraterrestrial well the other category

925

00:39:28,670 --> 00:39:26,940
they left it open in the Pentagon report

926

00:39:32,870 --> 00:39:28,680

so it could be extraterrestrial

927

00:39:35,569 --> 00:39:32,880

potentially the other bin right the

928

00:39:38,089 --> 00:39:35,579

other bit better and just real quick the

929

00:39:40,030 --> 00:39:38,099

third conclusion that the UFOs did not

930

00:39:42,230 --> 00:39:40,040

demonstrate any technological

931

00:39:44,750 --> 00:39:42,240

advancements in science that we don't

932

00:39:46,970 --> 00:39:44,760

already understand the Pentagon report

933

00:39:48,950 --> 00:39:46,980

acknowledges they don't understand how

934

00:39:51,650 --> 00:39:48,960

some of these things fly they they're

935

00:39:53,329 --> 00:39:51,660

trying to understand the technology so I

936

00:39:55,849 --> 00:39:53,339

would argue I would I would put forth to

937

00:39:58,430 --> 00:39:55,859

you and your audience the Pentagon UFO

938

00:40:01,609 --> 00:39:58,440

report last year although lacking detail

939

00:40:03,710 --> 00:40:01,619

as we've discussed it directly

940

00:40:06,290 --> 00:40:03,720

contradicted every official statement of

941

00:40:08,750 --> 00:40:06,300

Project Blue Book which for decades was

942

00:40:11,150 --> 00:40:08,760

kind of the the The Benchmark that they

943

00:40:12,710 --> 00:40:11,160

always would reference that this is the

944

00:40:15,230 --> 00:40:12,720

official conclusion this is where we

945

00:40:18,109 --> 00:40:15,240

stand it has completely changed the

946

00:40:20,150 --> 00:40:18,119

equation and even if there's not

947

00:40:22,069 --> 00:40:20,160

substance being released look at the

948

00:40:27,109 --> 00:40:22,079

people getting involved now NASA the

949

00:40:29,870 --> 00:40:27,119

aiaa uh Dr Avi Loeb other academics and

950

00:40:31,609 --> 00:40:29,880

mainstream scientists uh the people that

951

00:40:33,410 --> 00:40:31,619

I've talked to uh just in the last

952

00:40:35,329 --> 00:40:33,420

couple years I did a local live radio

953

00:40:37,790 --> 00:40:35,339

show here in Albuquerque I do it on a

954

00:40:39,650 --> 00:40:37,800

quarterly basis I mentioned that I had

955

00:40:42,050 --> 00:40:39,660

Dr Jale and heineck's Project Blue Book

956

00:40:43,490 --> 00:40:42,060

material I had a gentleman call in he

957

00:40:44,990 --> 00:40:43,500

said David he goes I'm a retired

958

00:40:46,609 --> 00:40:45,000

lieutenant colonel in the Air Force he

959

00:40:47,990 --> 00:40:46,619

goes I live here in Albuquerque I'm now

960

00:40:50,270 --> 00:40:48,000

retired because I'd love to come see

961

00:40:52,910 --> 00:40:50,280

those files he showed up about three

962

00:40:54,829 --> 00:40:52,920

weeks later here to my research room and

963

00:40:57,109 --> 00:40:54,839

he brought a friend with him who was a

964

00:40:58,849 --> 00:40:57,119

retired Air Force Colonel who was in

965

00:41:01,370 --> 00:40:58,859

charge of advanced weapons development

966

00:41:03,589 --> 00:41:01,380

for the air Force now the reason I I

967

00:41:06,170 --> 00:41:03,599

offer this up to you as an example

968

00:41:08,030 --> 00:41:06,180

I've been doing this for 32 years I've

969

00:41:09,890 --> 00:41:08,040

never had a retired Colonel and

970

00:41:12,650 --> 00:41:09,900

Lieutenant Colonel want to come to my

971

00:41:14,150 --> 00:41:12,660

home to sit down and talk UFOs and see

972

00:41:16,670 --> 00:41:14,160

the historical material that I have

973

00:41:19,370 --> 00:41:16,680

that's just one indicator of where we're

974

00:41:22,910 --> 00:41:19,380

at now with this dialogue did you have

975

00:41:25,790 --> 00:41:22,920

the opportunity to to ask them some

976

00:41:28,010 --> 00:41:25,800

questions about I did I was very

977

00:41:30,470 --> 00:41:28,020

delicate uh very subtle I didn't want to

978

00:41:32,630 --> 00:41:30,480

ask them too many direct questions they

979

00:41:34,130 --> 00:41:32,640

really didn't provide much I would argue

980

00:41:36,770 --> 00:41:34,140

I probably provided them with more

981

00:41:39,230 --> 00:41:36,780

information than they did for me but at

982

00:41:41,270 --> 00:41:39,240

one point I looked over at the retired

983

00:41:42,650 --> 00:41:41,280

Colonel because he was the he was the

984

00:41:44,089 --> 00:41:42,660

one that really kept his cards close to

985

00:41:47,390 --> 00:41:44,099

the vest more than anybody and I looked

986

00:41:49,350 --> 00:41:47,400

over him I said so are the UFOs real can

987

00:41:52,089 --> 00:41:49,360

you just collect he goes oh yeah

988

00:41:56,410 --> 00:41:52,099

[Laughter]

989

00:42:00,589 --> 00:41:56,420
the um going back to the flip-flop

990

00:42:03,410 --> 00:42:00,599
because I think it is certainly with a

991

00:42:07,430 --> 00:42:03,420
historical perspective there there has

992

00:42:09,230 --> 00:42:07,440
been many flip-flops it's not you know

993

00:42:12,710 --> 00:42:09,240
just recently

994

00:42:14,750 --> 00:42:12,720
um but but we've got this dramatic

995

00:42:19,250 --> 00:42:14,760
flip-flop we haven't seen the new report

996

00:42:22,190 --> 00:42:19,260
right but there has been a smattering of

997

00:42:25,430 --> 00:42:22,200
of Gossip out there uh in New York Times

998

00:42:28,510 --> 00:42:25,440
being one and one of the tabloids out of

999

00:42:31,550 --> 00:42:28,520
the UK uh the UK in choir or whatever

1000

00:42:35,510 --> 00:42:31,560
you know stating certain things which

1001
00:42:37,250 --> 00:42:35,520
would indicate a serious flip-flop from

1002
00:42:39,770 --> 00:42:37,260
the last report that came out of August

1003
00:42:45,430 --> 00:42:39,780
of last year which August of last year

1004
00:42:48,770 --> 00:42:45,440
103 143 144 143 one was you know confirm

1005
00:42:51,890 --> 00:42:48,780
143k so the other bin it's not China

1006
00:42:55,370 --> 00:42:51,900
it's not Russia it's not us but we don't

1007
00:42:58,670 --> 00:42:55,380
know what's going on right okay two

1008
00:43:01,970 --> 00:42:58,680
what appears to be if the rumors are

1009
00:43:04,069 --> 00:43:01,980
true that it's Chinese drones now that

1010
00:43:07,609 --> 00:43:04,079
they figured this out now that's a

1011
00:43:10,550 --> 00:43:07,619
flip-flop just from last August right

1012
00:43:12,650 --> 00:43:10,560
and I and I wouldn't be surprised if uh

1013
00:43:14,990 --> 00:43:12,660

foreign adversaries drones are in the

1014

00:43:16,250 --> 00:43:15,000

mix certainly I mean let's be honest you

1015

00:43:18,290 --> 00:43:16,260

know we can't paint with a broad brush

1016

00:43:19,730 --> 00:43:18,300

even the Blue Book material some of the

1017

00:43:21,349 --> 00:43:19,740

conventional explanations they came up

1018

00:43:23,329 --> 00:43:21,359

with I agree with I think they probably

1019

00:43:25,910 --> 00:43:23,339

were right some of these things did have

1020

00:43:29,210 --> 00:43:25,920

conventional explanations but clearly

1021

00:43:30,410 --> 00:43:29,220

there's some highly anomalous reports uh

1022

00:43:32,510 --> 00:43:30,420

you know just looking at the ones that

1023

00:43:34,670 --> 00:43:32,520

we know of like the Nimitz incident the

1024

00:43:37,010 --> 00:43:34,680

the way that this object flew based on

1025

00:43:38,690 --> 00:43:37,020

David fraver's testimony

1026
00:43:43,250 --> 00:43:38,700
um some of these things are extremely

1027
00:43:44,750 --> 00:43:43,260
exotic in the extreme and uh I I just uh

1028
00:43:47,150 --> 00:43:44,760
don't think we can summarily discount

1029
00:43:49,609 --> 00:43:47,160
all of these things with prosaic

1030
00:43:51,950 --> 00:43:49,619
explanations but beyond the UFOs

1031
00:43:55,430 --> 00:43:51,960
themselves Jimmy the history also

1032
00:43:57,109 --> 00:43:55,440
repeats itself because if you recall uh

1033
00:43:59,809 --> 00:43:57,119
in the early days

1034
00:44:02,450 --> 00:43:59,819
um Donald Kehoe and others would talk

1035
00:44:05,750 --> 00:44:02,460
about in Project Blue Book there were

1036
00:44:07,970 --> 00:44:05,760
the processor military people and the

1037
00:44:10,069 --> 00:44:07,980
anti-saucer military people

1038
00:44:11,690 --> 00:44:10,079

and it's interesting because even though

1039

00:44:15,109 --> 00:44:11,700

you're in this position of authority

1040

00:44:16,670 --> 00:44:15,119

you're still finding that people default

1041

00:44:18,950 --> 00:44:16,680

to their own personal views on things

1042

00:44:20,870 --> 00:44:18,960

some people didn't want to accept

1043

00:44:23,390 --> 00:44:20,880

saucers for whatever reason whether it

1044

00:44:26,690 --> 00:44:23,400

was against their religion or they were

1045

00:44:27,950 --> 00:44:26,700

simply in denial uh others were totally

1046

00:44:29,510 --> 00:44:27,960

open to it saying yes if they're

1047

00:44:31,609 --> 00:44:29,520

unidentified we need to be examining

1048

00:44:33,589 --> 00:44:31,619

these things I would argue and there's

1049

00:44:35,510 --> 00:44:33,599

been hints of this already by various

1050

00:44:36,829 --> 00:44:35,520

statements that some of the people in

1051

00:44:38,630 --> 00:44:36,839

government don't feel they should be

1052

00:44:40,309 --> 00:44:38,640

looking into it that we should just be

1053

00:44:42,170 --> 00:44:40,319

focusing on other things whereas other

1054

00:44:44,630 --> 00:44:42,180

people are like no we need to look at

1055

00:44:46,370 --> 00:44:44,640

this I think Senator Marco Rubio is one

1056

00:44:48,349 --> 00:44:46,380

that's been pretty outspoken as far as I

1057

00:44:49,609 --> 00:44:48,359

think he genuinely has an interest in

1058

00:44:52,069 --> 00:44:49,619

trying to understand what these things

1059

00:44:53,690 --> 00:44:52,079

are and Senator Martin Heinrich here of

1060

00:44:55,550 --> 00:44:53,700

New Mexico who I hope to meet with after

1061

00:44:58,130 --> 00:44:55,560

the first of the year

1062

00:45:00,589 --> 00:44:58,140

um I think they have a a vested interest

1063

00:45:02,030 --> 00:45:00,599

in trying to understand this they're on

1064

00:45:04,970 --> 00:45:02,040

the Senate intelligence committee I mean

1065

00:45:06,349 --> 00:45:04,980

they're tasked with National Security if

1066

00:45:07,730 --> 00:45:06,359

you have these objects flying around

1067

00:45:09,109 --> 00:45:07,740

with impunity and we don't know what

1068

00:45:11,210 --> 00:45:09,119

they are we don't know where they came

1069

00:45:12,650 --> 00:45:11,220

from we don't know how they fly how is

1070

00:45:15,230 --> 00:45:12,660

that not of National Defense interest

1071

00:45:19,430 --> 00:45:15,240

here in New Mexico last year February

1072

00:45:21,349 --> 00:45:19,440

21st 2021 American Airlines flight just

1073

00:45:24,109 --> 00:45:21,359

in the northeast corner of the state was

1074

00:45:27,410 --> 00:45:24,119

almost hit by a cylindrical UFO radio

1075

00:45:29,990 --> 00:45:27,420

chatter from the pilot and ground uh

1076

00:45:32,690 --> 00:45:30,000

were recorded and were able to hear

1077

00:45:34,309 --> 00:45:32,700

their testimony less than 24 hours after

1078

00:45:37,069 --> 00:45:34,319

that event I was sitting here at this

1079

00:45:39,770 --> 00:45:37,079

very desk filing a foia request to try

1080

00:45:43,250 --> 00:45:39,780

to get documents related to that myself

1081

00:45:44,750 --> 00:45:43,260

Robert Powell with SCU and a number of

1082

00:45:47,870 --> 00:45:44,760

other researchers did the same thing

1083

00:45:49,430 --> 00:45:47,880

John Greenwald another person none of us

1084

00:45:51,589 --> 00:45:49,440

were able to get any documents they came

1085

00:45:54,650 --> 00:45:51,599

up with this outlandish explanation that

1086

00:45:56,690 --> 00:45:54,660

well it might be under investigation by

1087

00:45:58,910 --> 00:45:56,700

another agency and if it is we can't

1088

00:46:00,710 --> 00:45:58,920

release any documents so they didn't say

1089

00:46:02,089 --> 00:46:00,720

there was an investigation but just in

1090

00:46:04,250 --> 00:46:02,099

case there is we really can't release

1091

00:46:06,710 --> 00:46:04,260

any if we even had any documents it was

1092

00:46:09,770 --> 00:46:06,720

it was it was an example of official

1093

00:46:11,210 --> 00:46:09,780

double talk at its best how far how far

1094

00:46:12,890 --> 00:46:11,220

did you get with that investigation

1095

00:46:15,050 --> 00:46:12,900

because

1096

00:46:18,349 --> 00:46:15,060

um the the points the the the the the

1097

00:46:20,870 --> 00:46:18,359

the big bullet points in that yeah was

1098

00:46:22,430 --> 00:46:20,880

uh it wasn't a missile right it was

1099

00:46:26,150 --> 00:46:22,440

cylindrical

1100

00:46:27,890 --> 00:46:26,160

um but it is flying in an area well

1101
00:46:30,950 --> 00:46:27,900
let's just talk about New Mexico where

1102
00:46:32,990 --> 00:46:30,960
you have missile testing and you have uh

1103
00:46:35,829 --> 00:46:33,000
the things that are going on there uh

1104
00:46:39,530 --> 00:46:35,839
from the defense department but

1105
00:46:40,849 --> 00:46:39,540
the Department of Defense uh this is a

1106
00:46:42,290 --> 00:46:40,859
bullet point said no there was no

1107
00:46:44,270 --> 00:46:42,300
missile testing going on there was

1108
00:46:47,030 --> 00:46:44,280
nothing off course if it would have

1109
00:46:49,309 --> 00:46:47,040
flown where they were it was flying way

1110
00:46:52,250 --> 00:46:49,319
off course it was yeah because this was

1111
00:46:53,930 --> 00:46:52,260
in the far Northeast section testing is

1112
00:46:56,390 --> 00:46:53,940
done in White Sands which is down to the

1113
00:46:59,270 --> 00:46:56,400

southeast well anyway pilot would know a

1114

00:47:01,430 --> 00:46:59,280

missile because you're gonna see uh an

1115

00:47:03,170 --> 00:47:01,440

uh a rocket engine running absolutely

1116

00:47:05,030 --> 00:47:03,180

but it just demonstrates that I mean

1117

00:47:07,010 --> 00:47:05,040

even now we're still getting these

1118

00:47:09,589 --> 00:47:07,020

reports coming in by commercial pilots

1119

00:47:11,450 --> 00:47:09,599

that are seeing these things and for any

1120

00:47:12,829 --> 00:47:11,460

of us that have flown on a plane I know

1121

00:47:14,990 --> 00:47:12,839

I personally would like to know what

1122

00:47:16,790 --> 00:47:15,000

they are I'm going up in this quote

1123

00:47:18,770 --> 00:47:16,800

unquote controlled airspace and it's not

1124

00:47:21,170 --> 00:47:18,780

controlled we have objects that are

1125

00:47:23,329 --> 00:47:21,180

flying around and we have no control

1126

00:47:25,730 --> 00:47:23,339

over them so it's kind of a misnomer to

1127

00:47:28,490 --> 00:47:25,740

call it controlled airspace what we also

1128

00:47:31,010 --> 00:47:28,500

had uh David if you remember that period

1129

00:47:33,410 --> 00:47:31,020

uh a few months before and a few months

1130

00:47:35,270 --> 00:47:33,420

after was actually pretty interesting

1131

00:47:36,349 --> 00:47:35,280

because we had those f-18s that were

1132

00:47:38,809 --> 00:47:36,359

scrambled

1133

00:47:42,770 --> 00:47:38,819

um up uh uh off the coast of Oregon

1134

00:47:45,890 --> 00:47:42,780

correct we had another sighting uh of uh

1135

00:47:49,250 --> 00:47:45,900

that went between they were flying from

1136

00:47:52,010 --> 00:47:49,260

Phoenix to Albuquerque I think was the

1137

00:47:53,809 --> 00:47:52,020

commercial flight there right

1138

00:47:56,210 --> 00:47:53,819

um uh that saw something and then we had

1139

00:47:58,130 --> 00:47:56,220

the one uh that you're talking about all

1140

00:48:02,329 --> 00:47:58,140

happened uh back to back to back where

1141

00:48:04,730 --> 00:48:02,339

we had Pilots uh and and in the case in

1142

00:48:06,230 --> 00:48:04,740

Oregon those were f-18s

1143

00:48:10,190 --> 00:48:06,240

um but we have multiple sightings

1144

00:48:11,630 --> 00:48:10,200

confirmed by the fa AAA and Jimmy I

1145

00:48:14,030 --> 00:48:11,640

always like to mention this anytime we

1146

00:48:16,910 --> 00:48:14,040

talk about sightings that we know of

1147

00:48:19,069 --> 00:48:16,920

what about the ones we never hear about

1148

00:48:23,270 --> 00:48:19,079

right right

1149

00:48:26,270 --> 00:48:23,280

um but that was uh uh for the FAA to

1150

00:48:30,589 --> 00:48:26,280

step in uh I I thought was interesting

1151
00:48:33,950 --> 00:48:30,599
yeah and uh and also release uh the the

1152
00:48:36,290 --> 00:48:33,960
radio uh the cockpit recordings from the

1153
00:48:37,849 --> 00:48:36,300
FAA I thought that was very unique

1154
00:48:40,430 --> 00:48:37,859
didn't you yeah well that was actually

1155
00:48:42,710 --> 00:48:40,440
captured by a civilian who is tuning in

1156
00:48:44,809 --> 00:48:42,720
uh on his ham radio and shortwave radio

1157
00:48:46,790 --> 00:48:44,819
he actually picked it up and recorded it

1158
00:48:48,170 --> 00:48:46,800
so it was never through any official

1159
00:48:51,950 --> 00:48:48,180
source that that information was

1160
00:48:53,569 --> 00:48:51,960
released so again I always say even the

1161
00:48:55,790 --> 00:48:53,579
tantalizing bits that we have they're

1162
00:48:57,650 --> 00:48:55,800
table scraps relative to probably what's

1163
00:49:02,329 --> 00:48:57,660

going on as a whole

1164

00:49:06,010 --> 00:49:02,339

what and so uh you don't think let's

1165

00:49:10,010 --> 00:49:06,020

let's back up uh to my original question

1166

00:49:12,890 --> 00:49:10,020

uh the report's been delayed since uh

1167

00:49:15,109 --> 00:49:12,900

October 31st yeah um I'm hoping it's

1168

00:49:17,450 --> 00:49:15,119

gonna happen in the next couple of weeks

1169

00:49:20,450 --> 00:49:17,460

before the end of the uh you know

1170

00:49:23,089 --> 00:49:20,460

December 31st before the end of the year

1171

00:49:26,210 --> 00:49:23,099

um but UFO hearings both at the house

1172

00:49:31,309 --> 00:49:26,220

and at and at the Senate

1173

00:49:34,190 --> 00:49:31,319

um I I would expect those two happen

1174

00:49:37,010 --> 00:49:34,200

um do you think with the change of of

1175

00:49:39,589 --> 00:49:37,020

the house which is January 15th yeah

1176

00:49:43,609 --> 00:49:39,599

that the the focus may change the

1177

00:49:46,010 --> 00:49:43,619

Democrats may have uh retained control

1178

00:49:48,230 --> 00:49:46,020

of the Senate well they've got a 50 50

1179

00:49:49,550 --> 00:49:48,240

split right now so they do have control

1180

00:49:52,670 --> 00:49:49,560

but

1181

00:49:54,530 --> 00:49:52,680

um that uh it will enable things to move

1182

00:49:56,809 --> 00:49:54,540

forward what do you think that you think

1183

00:49:58,250 --> 00:49:56,819

we'll get additional hearings I think we

1184

00:49:59,750 --> 00:49:58,260

will and again I hate to make

1185

00:50:02,270 --> 00:49:59,760

predictions but this is just my own

1186

00:50:04,609 --> 00:50:02,280

personal feeling I think we will simply

1187

00:50:06,950 --> 00:50:04,619

because as you and I think your audience

1188

00:50:08,329 --> 00:50:06,960

knows what's unique about the UFO

1189

00:50:10,030 --> 00:50:08,339

subject and I was just mentioning this

1190

00:50:13,670 --> 00:50:10,040

to the Albuquerque Journal the other day

1191

00:50:16,370 --> 00:50:13,680

uh what's unique as we have emerged out

1192

00:50:18,530 --> 00:50:16,380

of the midterm elections just recently I

1193

00:50:20,390 --> 00:50:18,540

find it fascinating that in this

1194

00:50:21,890 --> 00:50:20,400

polarized political environment we live

1195

00:50:24,410 --> 00:50:21,900

in here in the United States right now

1196

00:50:26,510 --> 00:50:24,420

the one thing that Democrats and

1197

00:50:29,270 --> 00:50:26,520

Republicans seem to agree on is that

1198

00:50:31,309 --> 00:50:29,280

UFOs uaps need to be looked at it seems

1199

00:50:35,270 --> 00:50:31,319

to have bipartisan agreement

1200

00:50:37,490 --> 00:50:35,280

it it it's an earth issue it is it is

1201

00:50:39,530 --> 00:50:37,500

and I think historically and again not

1202

00:50:41,450 --> 00:50:39,540

to get political but I think your

1203

00:50:43,550 --> 00:50:41,460

audience will agree historically

1204

00:50:46,069 --> 00:50:43,560

Republicans are always focused more on

1205

00:50:47,450 --> 00:50:46,079

defense National defense spending and so

1206

00:50:49,790 --> 00:50:47,460

I think they're looking at it from a

1207

00:50:52,430 --> 00:50:49,800

national security standpoint I think

1208

00:50:54,589 --> 00:50:52,440

traditionally Democrats have always been

1209

00:50:55,790 --> 00:50:54,599

about openness and transparency with

1210

00:50:57,829 --> 00:50:55,800

regard to government and I'm talking

1211

00:50:59,390 --> 00:50:57,839

historically speaking

1212

00:51:01,609 --> 00:50:59,400

um so I think they're coming at it maybe

1213

00:51:03,710 --> 00:51:01,619

from different perspectives with

1214

00:51:06,230 --> 00:51:03,720

different rationale but at the end of

1215

00:51:08,569 --> 00:51:06,240

the day Jimmy I don't care as long as we

1216

00:51:10,730 --> 00:51:08,579

keep this subject relevant we keep it in

1217

00:51:13,130 --> 00:51:10,740

the public Spotlight and we have

1218

00:51:14,829 --> 00:51:13,140

scientific organizations and scientists

1219

00:51:17,930 --> 00:51:14,839

now starting to look at the data

1220

00:51:20,089 --> 00:51:17,940

wherever the politicians take it I think

1221

00:51:22,609 --> 00:51:20,099

the Genies out of the bottle and we're

1222

00:51:25,130 --> 00:51:22,619

now in a new era where we have really

1223

00:51:26,329 --> 00:51:25,140

intelligent people that for decades have

1224

00:51:28,010 --> 00:51:26,339

refused to look at the information

1225

00:51:30,410 --> 00:51:28,020

they're now stepping up to the plate

1226
00:51:32,089 --> 00:51:30,420
I've always said the more brains and

1227
00:51:34,010 --> 00:51:32,099
sets of eyes we have looking at the

1228
00:51:36,230 --> 00:51:34,020
problem I think it bodes well for the

1229
00:51:37,930 --> 00:51:36,240
future what do we do with the the you

1230
00:51:41,150 --> 00:51:37,940
know the threat narrative I understand

1231
00:51:45,230 --> 00:51:41,160
airspace and for some reason a lot of

1232
00:51:47,870 --> 00:51:45,240
these uh recent recent sightings have

1233
00:51:49,970 --> 00:51:47,880
involved uh training missions and and

1234
00:51:52,309 --> 00:51:49,980
and and and and things with with the

1235
00:51:54,950 --> 00:51:52,319
United States Navy that that's a pretty

1236
00:51:58,609 --> 00:51:54,960
scary idea that somebody out there has

1237
00:52:01,970 --> 00:51:58,619
the ability and the interest yes uh to

1238
00:52:05,450 --> 00:52:01,980

to focus on that but but nobody's

1239

00:52:07,370 --> 00:52:05,460

shooting at anybody right yes as far as

1240

00:52:09,530 --> 00:52:07,380

we know and I'm really glad you bring

1241

00:52:10,849 --> 00:52:09,540

this up because having gone to a lot of

1242

00:52:12,349 --> 00:52:10,859

different lectures I've talked to a lot

1243

00:52:14,150 --> 00:52:12,359

of people across the country this year

1244

00:52:16,010 --> 00:52:14,160

and it's come up a number of times

1245

00:52:17,329 --> 00:52:16,020

people say you know well if these things

1246

00:52:18,710 --> 00:52:17,339

wanted to kill us they could have done

1247

00:52:20,210 --> 00:52:18,720

it a long time ago they've obviously

1248

00:52:22,430 --> 00:52:20,220

been around a long time and I said but

1249

00:52:24,710 --> 00:52:22,440

you have to understand is these are

1250

00:52:26,270 --> 00:52:24,720

people in political positions these are

1251
00:52:28,130 --> 00:52:26,280
people in Military and intelligence

1252
00:52:29,650 --> 00:52:28,140
positions they're not the average Joe

1253
00:52:32,390 --> 00:52:29,660
like you and I

1254
00:52:35,030 --> 00:52:32,400
they have to view everything through the

1255
00:52:37,190 --> 00:52:35,040
lens of National Security if you have an

1256
00:52:39,470 --> 00:52:37,200
object I don't care what it is if you

1257
00:52:42,049 --> 00:52:39,480
have an object that is violating

1258
00:52:43,790 --> 00:52:42,059
Military and Commercial airspace as I

1259
00:52:44,930 --> 00:52:43,800
mentioned earlier you don't know where

1260
00:52:46,309 --> 00:52:44,940
it's from you don't know who's

1261
00:52:47,390 --> 00:52:46,319
controlling it you don't know the

1262
00:52:49,549 --> 00:52:47,400
motives

1263
00:52:52,490 --> 00:52:49,559

you have to view that as a and this is

1264

00:52:55,250 --> 00:52:52,500

the keyword potential security threat

1265

00:52:58,490 --> 00:52:55,260

national security threat doesn't mean it

1266

00:53:00,950 --> 00:52:58,500

is but it's your job to defend the

1267

00:53:03,950 --> 00:53:00,960

country and to defend the electorate so

1268

00:53:05,990 --> 00:53:03,960

you have to view it by default as a

1269

00:53:08,530 --> 00:53:06,000

Potential Threat with the understanding

1270

00:53:10,490 --> 00:53:08,540

the key word is potential

1271

00:53:12,589 --> 00:53:10,500

the

1272

00:53:15,710 --> 00:53:12,599

all right this is where I'm just going

1273

00:53:23,510 --> 00:53:20,450

the way that favor describes

1274

00:53:26,870 --> 00:53:23,520

his sighting yeah

1275

00:53:30,349 --> 00:53:26,880

the Tic Tac ran away

1276

00:53:33,290 --> 00:53:30,359

yeah the Tic Tac didn't do anything

1277

00:53:35,510 --> 00:53:33,300

offensive the Tic Tac apparently with

1278

00:53:38,690 --> 00:53:35,520

that kind of Technology could have done

1279

00:53:42,109 --> 00:53:38,700

whatever it wanted with uh you know an

1280

00:53:45,470 --> 00:53:42,119

F-18 Hornet as cool as that plane is oh

1281

00:53:49,370 --> 00:53:45,480

absolutely it obviously is is not uh the

1282

00:53:51,049 --> 00:53:49,380

Tic Tac which was demonstrating uh crazy

1283

00:53:54,410 --> 00:53:51,059

speeds

1284

00:53:56,990 --> 00:53:54,420

um without wings and a source of

1285

00:54:01,010 --> 00:53:57,000

propulsion right that's pretty that's

1286

00:54:03,049 --> 00:54:01,020

pretty intimidating but it ran away now

1287

00:54:05,510 --> 00:54:03,059

did it run away this is where I'm gonna

1288

00:54:07,150 --> 00:54:05,520

get a little controversial here did it

1289

00:54:12,049 --> 00:54:07,160

run away because

1290

00:54:15,410 --> 00:54:12,059

that was its AI that was its instruction

1291

00:54:18,230 --> 00:54:15,420

set sure scientific Mission from another

1292

00:54:21,530 --> 00:54:18,240

planet you're there to check it out and

1293

00:54:24,829 --> 00:54:21,540

if you see anything scary protect it Fly

1294

00:54:28,910 --> 00:54:24,839

Away right and and and and get your work

1295

00:54:31,370 --> 00:54:28,920

done uh but uh you need to survive right

1296

00:54:33,290 --> 00:54:31,380

it's quite possible or if there wasn't

1297

00:54:35,930 --> 00:54:33,300

any the intelligence behind it Beyond

1298

00:54:37,609 --> 00:54:35,940

artificial intelligence maybe it just

1299

00:54:38,990 --> 00:54:37,619

got bored it realized okay I've

1300

00:54:40,549 --> 00:54:39,000

collected as much data on this as

1301
00:54:44,150 --> 00:54:40,559
possible I'm now moving on to the next

1302
00:54:46,010 --> 00:54:44,160
area of Interest yeah and and I I always

1303
00:54:47,990 --> 00:54:46,020
look at we're going to head to a break

1304
00:54:50,270 --> 00:54:48,000
here in just a second no we don't have

1305
00:54:52,809 --> 00:54:50,280
to take it on time but

1306
00:54:57,530 --> 00:54:52,819
um when we look at uh

1307
00:55:01,130 --> 00:54:57,540
uh uh spirit or perseverance or

1308
00:55:04,549 --> 00:55:01,140
Integrity or or Voyager or Pioneer or

1309
00:55:08,650 --> 00:55:04,559
whatever you want a mariner right any

1310
00:55:12,170 --> 00:55:08,660
one of the missions that we have sent to

1311
00:55:14,710 --> 00:55:12,180
other planets and and out into the solar

1312
00:55:18,829 --> 00:55:14,720
system uh to the best of my knowledge

1313
00:55:20,990 --> 00:55:18,839

there's no offensive weapons there these

1314

00:55:22,670 --> 00:55:21,000
are scientific missions absolutely

1315

00:55:24,650 --> 00:55:22,680
absolutely

1316

00:55:28,870 --> 00:55:24,660
um and and that's it

1317

00:55:33,589 --> 00:55:28,880
so why would we expect something

1318

00:55:34,790 --> 00:55:33,599
offensive here right and and until now I

1319

00:55:37,970 --> 00:55:34,800
understand

1320

00:55:40,670 --> 00:55:37,980
it's entering our airspace

1321

00:55:43,130 --> 00:55:40,680
um and but but the threat narrative to

1322

00:55:45,890 --> 00:55:43,140
scare the crap out of people that's the

1323

00:55:47,690 --> 00:55:45,900
part that I'm you know now I'm I'm not

1324

00:55:49,670 --> 00:55:47,700
with that I'm not well and there's

1325

00:55:51,230 --> 00:55:49,680
another practical aspect of this too and

1326

00:55:53,630 --> 00:55:51,240

this is based on some conversations I've

1327

00:55:54,589 --> 00:55:53,640

had with a number of individuals

1328

00:55:57,470 --> 00:55:54,599

um

1329

00:55:59,990 --> 00:55:57,480

I've been told that one of the reasons

1330

00:56:01,970 --> 00:56:00,000

why the the to use your your term the

1331

00:56:04,030 --> 00:56:01,980

threat narrative was crafted and why

1332

00:56:08,089 --> 00:56:04,040

this is wrapped in National Defense is

1333

00:56:10,730 --> 00:56:08,099

Imagine Jimmy these individuals uh on

1334

00:56:12,230 --> 00:56:10,740

Capitol Hill and they go before the

1335

00:56:14,930 --> 00:56:12,240

Appropriations Committee saying that

1336

00:56:17,089 --> 00:56:14,940

they want money to look at UFOs

1337

00:56:18,829 --> 00:56:17,099

are you more likely to get funding if

1338

00:56:20,450 --> 00:56:18,839

you go up and say you know what we've

1339

00:56:22,010 --> 00:56:20,460

had some interesting UFO sightings and

1340

00:56:23,750 --> 00:56:22,020

we're kind of just personally curious we

1341

00:56:26,510 --> 00:56:23,760

like to have you know two to twenty

1342

00:56:28,370 --> 00:56:26,520

million dollars to investigate this or

1343

00:56:29,990 --> 00:56:28,380

do you think you stand a better chance

1344

00:56:32,809 --> 00:56:30,000

of getting funding to look at it if you

1345

00:56:34,790 --> 00:56:32,819

say we've tracked these objects we have

1346

00:56:36,170 --> 00:56:34,800

some interesting information they

1347

00:56:37,370 --> 00:56:36,180

possibly could pose a threat to the

1348

00:56:40,190 --> 00:56:37,380

United States

1349

00:56:42,349 --> 00:56:40,200

so there's very practical reasons to

1350

00:56:46,190 --> 00:56:42,359

frame it within the National Defense

1351
00:56:47,990 --> 00:56:46,200
threat aspect because now it makes

1352
00:56:50,210 --> 00:56:48,000
people stand up and take notice versus

1353
00:56:52,130 --> 00:56:50,220
we're just scientifically curious about

1354
00:56:55,150 --> 00:56:52,140
UFOs we like to have some federal money

1355
00:57:02,210 --> 00:56:57,950
it's about to go to another level David

1356
00:57:05,809 --> 00:57:02,220
when uh when the web telescope comes

1357
00:57:09,230 --> 00:57:05,819
back with some scientific data of of a

1358
00:57:11,470 --> 00:57:09,240
biosphere and uh you know a technical

1359
00:57:13,730 --> 00:57:11,480
signature

1360
00:57:15,109 --> 00:57:13,740
about this yeah with our friend Linda

1361
00:57:17,690 --> 00:57:15,119
Howe last night we were having a phone

1362
00:57:21,710 --> 00:57:17,700
conversation about this very topic yeah

1363
00:57:23,930 --> 00:57:21,720

that that it's going to happen it's just

1364

00:57:26,930 --> 00:57:23,940

a it's just a matter of when and I have

1365

00:57:29,210 --> 00:57:26,940

the sneaky suspicion it's got a little

1366

00:57:31,609 --> 00:57:29,220

inside info not much and so does Linda

1367

00:57:34,730 --> 00:57:31,619

and and I know that's what you guys were

1368

00:57:38,450 --> 00:57:34,740

talking about last night Trappist right

1369

00:57:39,890 --> 00:57:38,460

um Trappist one uh that there's uh an

1370

00:57:42,049 --> 00:57:39,900

announcement that is going to happen

1371

00:57:44,510 --> 00:57:42,059

soon they are focused on that well when

1372

00:57:46,370 --> 00:57:44,520

that does you're going to have all of

1373

00:57:48,230 --> 00:57:46,380

the funding that you want NASA is going

1374

00:57:49,790 --> 00:57:48,240

to have all of the funding that they can

1375

00:57:53,390 --> 00:57:49,800

ask for they're going to have more money

1376

00:57:55,250 --> 00:57:53,400

than they can spend and it it's I think

1377

00:57:57,470 --> 00:57:55,260

it's all going to be without a threat

1378

00:57:59,690 --> 00:57:57,480

narrative I think that we're okay with

1379

00:58:01,970 --> 00:57:59,700

the science right well and at that point

1380

00:58:05,450 --> 00:58:01,980

to your to your your statement we can

1381

00:58:09,049 --> 00:58:05,460

abandon the whole threat they and just

1382

00:58:11,809 --> 00:58:09,059

move on from Pure scientific inquiry not

1383

00:58:13,849 --> 00:58:11,819

from a a point of National Defense

1384

00:58:16,790 --> 00:58:13,859

01:01:42,410 --> 01:01:38,750
all right welcome back I am your host

1461
01:01:46,789 --> 01:01:42,420
Jimmy church and our guest tonight David

1462
01:01:51,650 --> 01:01:46,799
Marler and uh historian author and you

1463
01:01:54,230 --> 01:01:51,660

know David here's um uh like it or not

1464

01:01:56,569 --> 01:01:54,240

you're the black triangle guy and you're

1465

01:01:58,609 --> 01:01:56,579

never you're never that's it that's it

1466

01:02:00,770 --> 01:01:58,619

you're gonna wear that uh forever and

1467

01:02:03,230 --> 01:02:00,780

and I love that about you

1468

01:02:06,589 --> 01:02:03,240

um and and and I I kind of want to talk

1469

01:02:10,490 --> 01:02:06,599

about that for a second because if you

1470

01:02:12,230 --> 01:02:10,500

uh very impressively look behind you and

1471

01:02:13,789 --> 01:02:12,240

look at all of that data all of the res

1472

01:02:17,329 --> 01:02:13,799

all of the Articles all of the books

1473

01:02:19,250 --> 01:02:17,339

I've been and uh historically and I

1474

01:02:21,230 --> 01:02:19,260

believe that everything went down the

1475

01:02:26,329 --> 01:02:21,240

way that it went down

1476

01:02:31,490 --> 01:02:26,339

um the the periods of change with the

1477

01:02:33,710 --> 01:02:31,500

phenomena and if we we go back to uh

1478

01:02:36,289 --> 01:02:33,720

because we change too we go through our

1479

01:02:38,210 --> 01:02:36,299

evolutionary processes

1480

01:02:40,549 --> 01:02:38,220

um things are way different today than

1481

01:02:43,670 --> 01:02:40,559

they were in the 1950s

1482

01:02:45,589 --> 01:02:43,680

um the 1900s right it's it's a different

1483

01:02:47,390 --> 01:02:45,599

world today and we go through these

1484

01:02:50,030 --> 01:02:47,400

processes

1485

01:02:52,210 --> 01:02:50,040

um including with our own uh Space

1486

01:02:56,390 --> 01:02:52,220

Program

1487

01:03:00,430 --> 01:02:56,400

Aerospace and and so forth now

1488

01:03:04,329 --> 01:03:00,440

if we go back let's start in that in the

1489

01:03:08,390 --> 01:03:04,339

1940s let's let's start there because

1490

01:03:12,049 --> 01:03:08,400

the descriptions of what was happening

1491

01:03:14,870 --> 01:03:12,059

then was what we would call in a classic

1492

01:03:16,370 --> 01:03:14,880

sense not nuts and bolts right physical

1493

01:03:20,870 --> 01:03:16,380

Craft

1494

01:03:23,809 --> 01:03:20,880

um a varying descriptions uh of shapes

1495

01:03:26,930 --> 01:03:23,819

and stuff but certainly Flying Saucer uh

1496

01:03:28,789 --> 01:03:26,940

comes to mind absolutely and and we went

1497

01:03:32,510 --> 01:03:28,799

through some changes all the way through

1498

01:03:35,270 --> 01:03:32,520

to today we did we did a good 15 20

1499

01:03:39,170 --> 01:03:35,280

years of black triangles man yeah and

1500

01:03:41,690 --> 01:03:39,180

and and I would dare to say if you go

1501

01:03:45,109 --> 01:03:41,700

back to the Rhodes photographs in

1502

01:03:47,870 --> 01:03:45,119

Phoenix in 1947 those look like black

1503

01:03:49,849 --> 01:03:47,880

triangles to me uh yeah it's a different

1504

01:03:52,609 --> 01:03:49,859

it's a different shape to those crafts

1505

01:03:55,789 --> 01:03:52,619

so it's not like the the black triangles

1506

01:03:59,089 --> 01:03:55,799

were Belgium right right no no no and in

1507

01:04:02,030 --> 01:03:59,099

fact during in covid I went through the

1508

01:04:06,650 --> 01:04:02,040

nicap kufos Case Files primarily nycap

1509

01:04:08,390 --> 01:04:06,660

case files from 1947 up until 1977

1510

01:04:10,010 --> 01:04:08,400

because a British researcher had made a

1511

01:04:12,410 --> 01:04:10,020

comment on a documentary that I was on

1512

01:04:17,450 --> 01:04:12,420

that well these triangles really didn't

1513

01:04:19,309 --> 01:04:17,460

appear until 1977 late 1970s and he then

1514

01:04:20,990 --> 01:04:19,319

goes on to State and that just so

1515

01:04:22,849 --> 01:04:21,000

happened to coincide with the release of

1516

01:04:24,829 --> 01:04:22,859

the movie Star Wars and he goes on to

1517

01:04:27,289 --> 01:04:24,839

allude to the fact that the triangles

1518

01:04:29,270 --> 01:04:27,299

that people saw were basically inspired

1519

01:04:31,190 --> 01:04:29,280

culturally by people seeing the Star

1520

01:04:33,829 --> 01:04:31,200

Destroyer in Star Wars

1521

01:04:35,930 --> 01:04:33,839

and I'm sitting there much like I did

1522

01:04:37,910 --> 01:04:35,940

when I when I uh was thinking about

1523

01:04:39,170 --> 01:04:37,920

writing my book Jimmy people were saying

1524

01:04:40,970 --> 01:04:39,180

well these triangles are new these

1525

01:04:44,270 --> 01:04:40,980

triangles are new and I was sitting

1526

01:04:46,849 --> 01:04:44,280

around with news clippings and articles

1527

01:04:49,789 --> 01:04:46,859

and you know various reports civilian

1528

01:04:51,829 --> 01:04:49,799

Case Files of triangles in the 1950s and

1529

01:04:53,329 --> 01:04:51,839

1960s I'm like no that that's why I

1530

01:04:55,730 --> 01:04:53,339

wrote the book was to try to set the

1531

01:04:57,829 --> 01:04:55,740

record straight here are cases that the

1532

01:04:59,569 --> 01:04:57,839

general public isn't aware of here's

1533

01:05:02,569 --> 01:04:59,579

where I derived all this information and

1534

01:05:04,370 --> 01:05:02,579

so during covet I decided I wanted to

1535

01:05:06,289 --> 01:05:04,380

challenge this individual but I want to

1536

01:05:08,270 --> 01:05:06,299

challenge him with information not just

1537

01:05:10,010 --> 01:05:08,280

say he said she said this type of thing

1538

01:05:11,289 --> 01:05:10,020

oh you could just punch him in the

1539

01:05:14,809 --> 01:05:11,299

throat

1540

01:05:17,049 --> 01:05:14,819

karate chop that's not my style no it's

1541

01:05:19,130 --> 01:05:17,059

not myself

1542

01:05:22,789 --> 01:05:19,140

you know what I mean but that's that's

1543

01:05:25,930 --> 01:05:22,799

the frustration it's just like and so I

1544

01:05:30,349 --> 01:05:25,940

went through 47 to 77 and I found over

1545

01:05:32,089 --> 01:05:30,359

102 triangular UFO reports in the nycap

1546

01:05:33,789 --> 01:05:32,099

Case Files primary early a few in the

1547

01:05:37,250 --> 01:05:33,799

kufos Case Files

1548

01:05:39,530 --> 01:05:37,260

demonstrating the triangles in Flight

1549

01:05:41,329 --> 01:05:39,540

similar lighting characteristics similar

1550

01:05:44,270 --> 01:05:41,339

flight dynamics that I outlined in my

1551

01:05:45,770 --> 01:05:44,280

book that I published in 2013. so it was

1552

01:05:47,210 --> 01:05:45,780

the best outside validation for the

1553

01:05:50,450 --> 01:05:47,220

research because I wrote the book based

1554

01:05:52,329 --> 01:05:50,460

on the data I had at the time now I had

1555

01:05:55,370 --> 01:05:52,339

this on you know unafforded access

1556

01:05:57,049 --> 01:05:55,380

unrestricted access to these files I

1557

01:05:58,910 --> 01:05:57,059

thought during covet I'm going to go

1558

01:06:01,370 --> 01:05:58,920

through and I went through all of the

1559

01:06:03,170 --> 01:06:01,380

thousands of Case Files news clippings I

1560

01:06:05,450 --> 01:06:03,180

mean this is real research I mean it's

1561

01:06:07,490 --> 01:06:05,460

tedious it's boring but it can be

1562

01:06:09,349 --> 01:06:07,500

rewarding at the end of the day and I

1563

01:06:10,789 --> 01:06:09,359

put together all of these and that was

1564

01:06:13,010 --> 01:06:10,799

my lecture that I gave across the

1565

01:06:14,630 --> 01:06:13,020

country and the lecture in its entirety

1566

01:06:15,950 --> 01:06:14,640

is actually on my website if anybody

1567

01:06:19,270 --> 01:06:15,960

would like to go to my video section

1568

01:06:25,370 --> 01:06:19,280

they can see all of this material

1569

01:06:28,670 --> 01:06:25,380

the um uh so again the the the the the

1570

01:06:31,370 --> 01:06:28,680

um how do I how do I say this the the

1571

01:06:34,150 --> 01:06:31,380

periods the historical periods where we

1572

01:06:37,910 --> 01:06:34,160

had you know flying saucers in the 50s

1573

01:06:39,710 --> 01:06:37,920

uh different types of flying saucers in

1574

01:06:42,410 --> 01:06:39,720

the 60s

1575

01:06:46,490 --> 01:06:42,420

um certainly uh the black triangle wave

1576

01:06:50,270 --> 01:06:46,500

uh that that started in the late 70s uh

1577

01:06:51,950 --> 01:06:50,280

80s uh period which again certainly all

1578

01:06:54,069 --> 01:06:51,960

of this overlaps because we've had

1579

01:06:56,690 --> 01:06:54,079

flying saucers in in

1580

01:07:00,370 --> 01:06:56,700

2010s these aren't discrete categories

1581

01:07:04,430 --> 01:07:00,380

they overlap to your point but but

1582

01:07:07,730 --> 01:07:04,440

historically you know and and today uh

1583

01:07:10,670 --> 01:07:07,740

we're seeing a lot of uh people

1584

01:07:13,130 --> 01:07:10,680

reporting uh including myself in an

1585

01:07:17,990 --> 01:07:13,140

interdimensional aspect to this right

1586

01:07:19,849 --> 01:07:18,000

and then if we take where we are today

1587

01:07:21,589 --> 01:07:19,859

um or some of these craft may not be

1588

01:07:24,349 --> 01:07:21,599

physical they may you know nuts and

1589

01:07:27,710 --> 01:07:24,359

bolts right but we've had those same

1590

01:07:29,990 --> 01:07:27,720

reports in in the 1950s it just appeared

1591

01:07:32,390 --> 01:07:30,000

in the sky and then it just disappeared

1592

01:07:34,789 --> 01:07:32,400

absolutely yeah I mean again none of

1593

01:07:36,410 --> 01:07:34,799

these things are new we we see this time

1594

01:07:39,349 --> 01:07:36,420

and time again in some of the historic

1595

01:07:40,549 --> 01:07:39,359

reports and uh you know I've had many

1596

01:07:42,950 --> 01:07:40,559

people say

1597

01:07:45,109 --> 01:07:42,960

I saw this triangle within the last year

1598

01:07:46,730 --> 01:07:45,119

or two and I think it was military and

1599

01:07:48,650 --> 01:07:46,740

my response is well if it's been in the

1600

01:07:50,630 --> 01:07:48,660

last you know 10 years or so you might

1601
01:07:52,549 --> 01:07:50,640
be right I think what we're dealing with

1602
01:07:55,430 --> 01:07:52,559
today is maybe a combination of someone

1603
01:07:59,390 --> 01:07:55,440
else's technology and we're also seeing

1604
01:08:02,029 --> 01:07:59,400
military triangles uh but I like to look

1605
01:08:03,950 --> 01:08:02,039
back at the history I found some news

1606
01:08:06,890 --> 01:08:03,960
clippings here in the nycap case files

1607
01:08:10,430 --> 01:08:06,900
from Hazleton Pennsylvania in November

1608
01:08:13,430 --> 01:08:10,440
of 57 and they described flying triangle

1609
01:08:15,890 --> 01:08:13,440
seen in the sky described as black

1610
01:08:18,289 --> 01:08:15,900
triangular with a bright light at each

1611
01:08:21,169 --> 01:08:18,299
point and the object flew and then

1612
01:08:23,890 --> 01:08:21,179
reverse Direction and made Flat pivot

1613
01:08:29,349 --> 01:08:23,900

turns just like the modern accounts in

1614

01:08:34,669 --> 01:08:29,359

1957 1957 Hazleton Pennsylvania in in

1615

01:08:37,430 --> 01:08:34,679

1995 96 I had my black triangle sighting

1616

01:08:39,769 --> 01:08:37,440

that I took a picture of I don't know if

1617

01:08:40,910 --> 01:08:39,779

I've ever showed you we talked about it

1618

01:08:44,030 --> 01:08:40,920

but I don't think I've seen the the

1619

01:08:46,370 --> 01:08:44,040

picture the the picture just shows a

1620

01:08:47,930 --> 01:08:46,380

little black dot right but but here's

1621

01:08:51,890 --> 01:08:47,940

the thing

1622

01:08:54,789 --> 01:08:51,900

um what uh excuse me

1623

01:08:59,329 --> 01:08:54,799

we're out in Monterey you know

1624

01:09:01,669 --> 01:08:59,339

in the sand right on the beach and one

1625

01:09:04,370 --> 01:09:01,679

of my friends sees uh we're taking

1626

01:09:07,010 --> 01:09:04,380

pictures I have a 35 millimeter

1627

01:09:10,370 --> 01:09:07,020

disposable camera before the age of

1628

01:09:12,229 --> 01:09:10,380

digital and he goes what's that and what

1629

01:09:16,309 --> 01:09:12,239

was amazing

1630

01:09:19,189 --> 01:09:16,319

um uh in this sighting was that it was

1631

01:09:22,010 --> 01:09:19,199

uh it was a black dot moving

1632

01:09:24,470 --> 01:09:22,020

um way way way way way high I don't know

1633

01:09:27,289 --> 01:09:24,480

60 000 feet or something but you could

1634

01:09:29,410 --> 01:09:27,299

see it moving across the clouds

1635

01:09:33,110 --> 01:09:29,420

and uh a

1636

01:09:35,510 --> 01:09:33,120

crazy high rate of speed because

1637

01:09:37,910 --> 01:09:35,520

all of this when you look up and you see

1638

01:09:40,789 --> 01:09:37,920

a commercial aircraft or something up

1639

01:09:43,550 --> 01:09:40,799

high it's slow right it's going 600

1640

01:09:47,030 --> 01:09:43,560

miles an hour right but it's slow this

1641

01:09:49,370 --> 01:09:47,040

is like right going across and then it

1642

01:09:53,570 --> 01:09:49,380

it came to the edge of the cloud and

1643

01:09:55,970 --> 01:09:53,580

stopped and that's what all of us went

1644

01:09:57,350 --> 01:09:55,980

whoa and it's just a black dot and I

1645

01:10:00,050 --> 01:09:57,360

take the camera and I snapped this

1646

01:10:02,630 --> 01:10:00,060

picture I snapped like four right it's

1647

01:10:03,950 --> 01:10:02,640

only in one image and uh but anyway then

1648

01:10:06,410 --> 01:10:03,960

it went

1649

01:10:09,709 --> 01:10:06,420

straight up right right into the blue

1650

01:10:11,750 --> 01:10:09,719

sky and and disappeared that that was

1651
01:10:14,330 --> 01:10:11,760
pretty crazy now it wasn't until months

1652
01:10:16,250 --> 01:10:14,340
later when I was looking at it I got the

1653
01:10:18,590 --> 01:10:16,260
the role of film but I forgot about it

1654
01:10:21,530 --> 01:10:18,600
I've completely forgot that this even

1655
01:10:23,090 --> 01:10:21,540
happened and and um so I get the you

1656
01:10:23,750 --> 01:10:23,100
know and I get the jeweler's Loop and I

1657
01:10:26,870 --> 01:10:23,760
look

1658
01:10:29,570 --> 01:10:26,880
it's it's a black triangle yeah you know

1659
01:10:32,270 --> 01:10:29,580
right there in The nightcap Case Files I

1660
01:10:34,189 --> 01:10:32,280
believe it was 65 or 66 those were two

1661
01:10:36,890 --> 01:10:34,199
big years for triangles looking through

1662
01:10:39,830 --> 01:10:36,900
the files uh there was a report of a

1663
01:10:42,110 --> 01:10:39,840

silver triangle with bright lights at

1664

01:10:45,169 --> 01:10:42,120

each point that was observed flying

1665

01:10:46,790 --> 01:10:45,179

through the sky and the witness stated I

1666

01:10:48,470 --> 01:10:46,800

just casually looked up and didn't think

1667

01:10:50,630 --> 01:10:48,480

much of it I thought it was an aircraft

1668

01:10:53,050 --> 01:10:50,640

and exactly what you said Jimmy he said

1669

01:10:55,850 --> 01:10:53,060

until it stopped in midair

1670

01:10:58,189 --> 01:10:55,860

and then it started moving again but it

1671

01:11:00,890 --> 01:10:58,199

just stopped on a dime as it was moving

1672

01:11:02,330 --> 01:11:00,900

and it started moving again yeah my

1673

01:11:05,530 --> 01:11:02,340

memory

1674

01:11:10,130 --> 01:11:05,540

um and it's all it's hazy now okay so

1675

01:11:14,450 --> 01:11:10,140

don't quote me sure it slowed down

1676

01:11:17,689 --> 01:11:14,460

I remember it it it's like is it

1677

01:11:20,149 --> 01:11:17,699

gonna stop I remember that that in my

1678

01:11:23,090 --> 01:11:20,159

thought then it did it stopped and it

1679

01:11:26,510 --> 01:11:23,100

didn't it didn't go right and and no it

1680

01:11:28,970 --> 01:11:26,520

didn't do that it it kind of petered out

1681

01:11:31,790 --> 01:11:28,980

and and stopped at at the edge of the

1682

01:11:33,950 --> 01:11:31,800

cloud which again was just was just

1683

01:11:37,070 --> 01:11:33,960

strange I thought

1684

01:11:39,709 --> 01:11:37,080

I mean at the time I thought it was a

1685

01:11:42,229 --> 01:11:39,719

satellite right which doesn't make any

1686

01:11:43,850 --> 01:11:42,239

sense to have it in the atmosphere but

1687

01:11:46,130 --> 01:11:43,860

the way that your mind's trying to find

1688

01:11:50,810 --> 01:11:46,140

some type of explanation right I didn't

1689

01:11:53,270 --> 01:11:50,820

go UFO you know right and um I I here's

1690

01:11:56,450 --> 01:11:53,280

the here's the other uh really trippy

1691

01:11:58,310 --> 01:11:56,460

part so I was with four friends uh three

1692

01:11:59,169 --> 01:11:58,320

friends four of us three friends of

1693

01:12:03,350 --> 01:11:59,179

myself

1694

01:12:04,850 --> 01:12:03,360

and uh it was about 10 years ago all of

1695

01:12:07,070 --> 01:12:04,860

this got together

1696

01:12:09,709 --> 01:12:07,080

at this conference none of you have a

1697

01:12:11,810 --> 01:12:09,719

music is sure this is a totally

1698

01:12:14,390 --> 01:12:11,820

different one and I go hey man so

1699

01:12:17,750 --> 01:12:14,400

they're all asking me so what's it like

1700

01:12:20,450 --> 01:12:17,760

man you know TV and radio and all this

1701

01:12:22,430 --> 01:12:20,460

stuff and uh that was about five years

1702

01:12:24,110 --> 01:12:22,440

ago anyway

1703

01:12:25,310 --> 01:12:24,120

so we're talking I said hey do you guys

1704

01:12:29,330 --> 01:12:25,320

remember

1705

01:12:31,790 --> 01:12:29,340

back in 96 when we took that picture you

1706

01:12:34,430 --> 01:12:31,800

know out of Monterey my friends are all

1707

01:12:36,169 --> 01:12:34,440

in the picture right and uh

1708

01:12:38,750 --> 01:12:36,179

what are you talking about

1709

01:12:41,510 --> 01:12:38,760

I said that thing you pointed and you

1710

01:12:42,649 --> 01:12:41,520

said yeah I kind of remember it yeah

1711

01:12:45,410 --> 01:12:42,659

they didn't

1712

01:12:48,890 --> 01:12:45,420

you know it wasn't it wasn't some big

1713

01:12:51,669 --> 01:12:48,900

moment to them interesting and well but

1714

01:12:54,950 --> 01:12:51,679

I forgot about it too David yeah

1715

01:12:56,390 --> 01:12:54,960

until the uh I mean we had a weekend in

1716

01:12:59,209 --> 01:12:56,400

front of us we went out and we were

1717

01:13:01,070 --> 01:12:59,219

doing stuff and this moment happened it

1718

01:13:03,649 --> 01:13:01,080

flew away and it was gone and it was the

1719

01:13:05,270 --> 01:13:03,659

end of it until uh I you know I I

1720

01:13:07,330 --> 01:13:05,280

developed the film I would have never

1721

01:13:10,610 --> 01:13:07,340

remembered it

1722

01:13:12,649 --> 01:13:10,620

it's so funny when I wrote my book uh

1723

01:13:14,510 --> 01:13:12,659

one of the things I wasn't expecting my

1724

01:13:17,209 --> 01:13:14,520

idea was get get the information out

1725

01:13:19,970 --> 01:13:17,219

there and what I still received to this

1726

01:13:22,970 --> 01:13:19,980

day are numerous people reaching out

1727

01:13:25,130 --> 01:13:22,980

writing me sending me their reports uh

1728

01:13:26,870 --> 01:13:25,140

their sketches of triangles that they've

1729

01:13:29,390 --> 01:13:26,880

seen and one of the first people that

1730

01:13:31,850 --> 01:13:29,400

reached out to me I'll never forget her

1731

01:13:34,729 --> 01:13:31,860

first name's Judy she reached out to me

1732

01:13:36,890 --> 01:13:34,739

she lived out east and she said I'd love

1733

01:13:39,169 --> 01:13:36,900

to chat with you by phone so we arranged

1734

01:13:42,110 --> 01:13:39,179

a phone call and she was almost on the

1735

01:13:43,729 --> 01:13:42,120

verge of tears Jimmy and she said I just

1736

01:13:46,010 --> 01:13:43,739

want to let you know that I had a

1737

01:13:47,510 --> 01:13:46,020

sighting back in the 80s of a large

1738

01:13:48,830 --> 01:13:47,520

triangle and I wasn't alone there was

1739

01:13:50,930 --> 01:13:48,840

another woman there we were both picking

1740

01:13:53,390 --> 01:13:50,940

up our kids from a karate class and it

1741

01:13:55,790 --> 01:13:53,400

was up in this cabin up in this kind of

1742

01:13:57,290 --> 01:13:55,800

secluded wooded area and she said we saw

1743

01:13:58,610 --> 01:13:57,300

this thing directly overhead and she

1744

01:14:00,830 --> 01:13:58,620

goes I remember going home and telling

1745

01:14:03,050 --> 01:14:00,840

my husband and I told my family and a

1746

01:14:05,330 --> 01:14:03,060

few of my co-workers and they either

1747

01:14:07,370 --> 01:14:05,340

made fun of me or they just kind of

1748

01:14:09,530 --> 01:14:07,380

rolled their eyes and were dismissive

1749

01:14:13,370 --> 01:14:09,540

about the whole thing and she goes for

1750

01:14:14,990 --> 01:14:13,380

years I knew I saw what I saw but I had

1751

01:14:16,070 --> 01:14:15,000

to deal with that and she goes then I

1752

01:14:19,669 --> 01:14:16,080

read your book

1753

01:14:21,590 --> 01:14:19,679

and you gave me validation and I took

1754

01:14:23,870 --> 01:14:21,600

that book and I showed my family I

1755

01:14:25,550 --> 01:14:23,880

showed my friends and I said look I'm

1756

01:14:28,490 --> 01:14:25,560

not the only one that's reported these

1757

01:14:30,229 --> 01:14:28,500

things and I didn't realize the book

1758

01:14:31,669 --> 01:14:30,239

would would resonate with people on such

1759

01:14:33,590 --> 01:14:31,679

a personal level like that but that was

1760

01:14:36,110 --> 01:14:33,600

the first of a number of phone calls and

1761

01:14:38,630 --> 01:14:36,120

emails I've had from people that use

1762

01:14:41,750 --> 01:14:38,640

that word you you validated my citing

1763

01:14:43,250 --> 01:14:41,760

for me I knew I saw what I saw but to

1764

01:14:46,189 --> 01:14:43,260

know that other reports are out there

1765

01:14:47,030 --> 01:14:46,199

like mine really meant a lot to me how

1766

01:14:51,410 --> 01:14:47,040

many

1767

01:14:53,870 --> 01:14:51,420

like mine are are just forgotten oh

1768

01:14:55,669 --> 01:14:53,880

I again I I said it earlier I think

1769

01:14:58,490 --> 01:14:55,679

we're dealing with table scraps yeah

1770

01:15:02,050 --> 01:14:58,500

yeah yeah just for just percentage Yeah

1771

01:15:04,250 --> 01:15:02,060

you know I mean how many times a day

1772

01:15:06,649 --> 01:15:04,260

does somebody go out and see something

1773

01:15:09,350 --> 01:15:06,659

and go oh that's strange and then that's

1774

01:15:12,229 --> 01:15:09,360

it they finish their shopping their kids

1775

01:15:14,750 --> 01:15:12,239

from school do whatever and it's it's

1776

01:15:16,310 --> 01:15:14,760

it's it's gone there's other things that

1777

01:15:18,709 --> 01:15:16,320

are more important that take up your

1778

01:15:20,270 --> 01:15:18,719

memory space well and this this touches

1779

01:15:23,090 --> 01:15:20,280

on a whole other aspect which I find

1780

01:15:25,610 --> 01:15:23,100

fascinating my degrees in Psychology I

1781

01:15:27,890 --> 01:15:25,620

love to understand how people react to a

1782

01:15:29,930 --> 01:15:27,900

UFO sighting and exactly as you

1783

01:15:31,430 --> 01:15:29,940

demonstrated Jimmy I've talked to people

1784

01:15:34,550 --> 01:15:31,440

where there might be three people there

1785

01:15:36,890 --> 01:15:34,560

they witness the exact same thing one

1786

01:15:38,870 --> 01:15:36,900

was scared the other one wasn't awe and

1787

01:15:41,209 --> 01:15:38,880

the other one was ambivalent

1788

01:15:43,970 --> 01:15:41,219

it's interesting how we can process

1789

01:15:46,850 --> 01:15:43,980

things so differently yet we're being

1790

01:15:47,810 --> 01:15:46,860

subjected to the exact same stimuli do

1791

01:15:57,470 --> 01:15:47,820

you think

1792

01:15:59,330 --> 01:15:57,480

is revealed to specific individuals

1793

01:16:01,790 --> 01:15:59,340

where you can have a group of people

1794

01:16:04,729 --> 01:16:01,800

there and only one person sees it and

1795

01:16:07,130 --> 01:16:04,739

and with intention I've heard so many

1796

01:16:10,250 --> 01:16:07,140

accounts like that that I it's hard to

1797

01:16:12,590 --> 01:16:10,260

just summarily discount I think in some

1798

01:16:14,990 --> 01:16:12,600

cases yeah I mean I hate to say it it

1799

01:16:17,510 --> 01:16:15,000

was meant for them or it was meant for

1800

01:16:19,189 --> 01:16:17,520

that person and maybe not others I've

1801

01:16:22,550 --> 01:16:19,199

heard so many of those accounts over 30

1802

01:16:24,350 --> 01:16:22,560

plus years now uh it's hard to just

1803

01:16:27,250 --> 01:16:24,360

summarily discount all of that testimony

1804

01:16:32,450 --> 01:16:27,260

well and what about uh a Consciousness

1805

01:16:34,669 --> 01:16:32,460

you know mind meld you know Jedi I I

1806

01:16:36,410 --> 01:16:34,679

don't negate I don't negate the

1807

01:16:38,510 --> 01:16:36,420

importance of Consciousness and all of

1808

01:16:40,490 --> 01:16:38,520

this and a lot of people may be shocked

1809

01:16:42,229 --> 01:16:40,500

to hear me say this I was actually at

1810

01:16:44,630 --> 01:16:42,239

the Ozark Mountain UFO conference in

1811

01:16:46,430 --> 01:16:44,640

April where I gave my lecture and Mr Ray

1812

01:16:48,950 --> 01:16:46,440

Hernandez was there and of course his

1813

01:16:51,290 --> 01:16:48,960

focus is on Consciousness and he had

1814

01:16:53,030 --> 01:16:51,300

made a few little uh Jabs at nuts and

1815

01:16:54,530 --> 01:16:53,040

bolts researchers during his lecture

1816

01:16:55,790 --> 01:16:54,540

which a few people came up so I really

1817

01:16:56,990 --> 01:16:55,800

don't think that that was nice that he

1818

01:16:58,970 --> 01:16:57,000

did that I said that's all right I said

1819

01:17:02,030 --> 01:16:58,980

we're all entitled their own opinions I

1820

01:17:03,950 --> 01:17:02,040

said but because just because I I focus

1821

01:17:06,350 --> 01:17:03,960

on a nuts and bolts approach doesn't

1822

01:17:08,810 --> 01:17:06,360

mean that I don't personally accept that

1823

01:17:11,330 --> 01:17:08,820

there's Consciousness as part of this

1824

01:17:13,550 --> 01:17:11,340

equation it's just not my area of focus

1825

01:17:14,990 --> 01:17:13,560

if we all focused on the same area we

1826

01:17:17,090 --> 01:17:15,000

would probably get nowhere it's good

1827

01:17:19,970 --> 01:17:17,100

that we have people that are focusing on

1828

01:17:23,630 --> 01:17:19,980

discrete aspects of the UFO subject well

1829

01:17:24,770 --> 01:17:23,640

it there's two the universe is just too

1830

01:17:28,669 --> 01:17:24,780

damn big

1831

01:17:31,189 --> 01:17:28,679

there there's got to be every it's like

1832

01:17:33,470 --> 01:17:31,199

the you know it's like the bar the

1833

01:17:36,229 --> 01:17:33,480

lounge in Star Wars right when you walk

1834

01:17:39,050 --> 01:17:36,239

in and you see every type of

1835

01:17:41,930 --> 01:17:39,060

um have you seen the movie Valerian I

1836

01:17:44,990 --> 01:17:41,940

have not okay watch the movie Valerian

1837

01:17:46,250 --> 01:17:45,000

there's an intro uh the intro to the

1838

01:17:48,890 --> 01:17:46,260

film

1839

01:17:51,830 --> 01:17:48,900

um it's dealing with the ISS that

1840

01:17:53,570 --> 01:17:51,840

eventually grows uh bigger and bigger

1841

01:17:56,209 --> 01:17:53,580

and bigger and then

1842

01:17:59,330 --> 01:17:56,219

et starts showing up we have all of

1843

01:18:02,330 --> 01:17:59,340

these uh countries from around the world

1844

01:18:04,610 --> 01:18:02,340

are visiting and it's it's set to uh

1845

01:18:08,689 --> 01:18:04,620

David Bowie's Space Oddity it's really

1846

01:18:12,649 --> 01:18:08,699

it's really a a a great piece of of of

1847

01:18:15,709 --> 01:18:12,659

of work there at the beginning anyway

1848

01:18:17,930 --> 01:18:15,719

um every type of creature that you can

1849

01:18:20,990 --> 01:18:17,940

imagine is walking through the door

1850

01:18:23,930 --> 01:18:21,000

right to shake hands uh with humans

1851

01:18:26,270 --> 01:18:23,940

right that is one of the best examples

1852

01:18:28,250 --> 01:18:26,280

of the way that I envisioned the

1853

01:18:30,649 --> 01:18:28,260

universe is a big place yeah the

1854

01:18:33,110 --> 01:18:30,659

diversity of life I mean it it would

1855

01:18:37,790 --> 01:18:33,120

probably stagger our imaginations

1856

01:18:39,530 --> 01:18:37,800

it has to be that way so it can't be uh

1857

01:18:41,750 --> 01:18:39,540

you know just Consciousness it can't

1858

01:18:45,470 --> 01:18:41,760

just be time travelers from the future

1859

01:18:48,590 --> 01:18:45,480

it's us right it just can't be uh Zeta

1860

01:18:51,890 --> 01:18:48,600

reticuli right and brothers from Orion

1861

01:18:55,430 --> 01:18:51,900

or whatever it's exactly we are talking

1862

01:18:58,790 --> 01:18:55,440

about trillions of planets and and how

1863

01:19:01,550 --> 01:18:58,800

many of those are uh Advanced uh

1864

01:19:04,010 --> 01:19:01,560

extraterrestrial civilizations

1865

01:19:07,189 --> 01:19:04,020

um I don't know but the the number it's

1866

01:19:10,010 --> 01:19:07,199

just it's got to be in the billions well

1867

01:19:11,930 --> 01:19:10,020

not one two or three and Jimmy if that

1868

01:19:14,450 --> 01:19:11,940

doesn't stagger the mind enough then

1869

01:19:16,370 --> 01:19:14,460

let's add on top of it maybe parallel

1870

01:19:17,810 --> 01:19:16,380

Dimensions that coexist throughout all

1871

01:19:20,510 --> 01:19:17,820

of that space

1872

01:19:22,310 --> 01:19:20,520

I mean take everything that we can

1873

01:19:24,770 --> 01:19:22,320

visually conceptualize with the known

1874

01:19:27,410 --> 01:19:24,780

universe and magnify it times three or

1875

01:19:31,370 --> 01:19:27,420

four I mean if there's other dimensions

1876

01:19:33,229 --> 01:19:31,380

that coexist now now what um this is

1877

01:19:34,729 --> 01:19:33,239

great I'm glad the conversation went in

1878

01:19:35,709 --> 01:19:34,739

this direction

1879

01:19:38,930 --> 01:19:35,719

um

1880

01:19:41,330 --> 01:19:38,940

how do you think they're getting here

1881

01:19:45,050 --> 01:19:41,340

I you know again I I hate to speculate

1882

01:19:46,970 --> 01:19:45,060

but uh I I want you to speculate look at

1883

01:19:50,930 --> 01:19:46,980

all that information behind you David

1884

01:19:53,030 --> 01:19:50,940

what you learned I I tend to lean

1885

01:19:55,669 --> 01:19:53,040

towards more of an interdimensional

1886

01:19:58,010 --> 01:19:55,679

explanation as opposed to traveling vast

1887

01:20:00,050 --> 01:19:58,020

distances I think some of the arguments

1888

01:20:03,050 --> 01:20:00,060

that scientists traditionally have put

1889

01:20:05,510 --> 01:20:03,060

forth about the energy requirements and

1890

01:20:08,810 --> 01:20:05,520

you know traveling you can't violate uh

1891

01:20:11,330 --> 01:20:08,820

the speed of light etc etc etc

1892

01:20:13,610 --> 01:20:11,340

um all of those traditional arguments

1893

01:20:15,050 --> 01:20:13,620

are negated if we're dealing with

1894

01:20:17,149 --> 01:20:15,060

something that's just slipping in and

1895

01:20:20,209 --> 01:20:17,159

out of another dimension that coexists

1896

01:20:22,189 --> 01:20:20,219

close to ours I think due to the

1897

01:20:24,590 --> 01:20:22,199

frequency and due to some of the

1898

01:20:27,649 --> 01:20:24,600

descriptions that UFOs have demonstrated

1899

01:20:28,970 --> 01:20:27,659

uh where people say it was almost like

1900

01:20:31,070 --> 01:20:28,980

there was a doorway but you don't see

1901
01:20:33,250 --> 01:20:31,080
the doorway and as this object went in

1902
01:20:35,810 --> 01:20:33,260
you saw it disappear

1903
01:20:37,070 --> 01:20:35,820
but yet there was no doorway it just

1904
01:20:38,689 --> 01:20:37,080
looks like it was going into something

1905
01:20:41,510 --> 01:20:38,699
that you couldn't see

1906
01:20:43,370 --> 01:20:41,520
um many reports like that uh have been

1907
01:20:44,750 --> 01:20:43,380
described to me personally and

1908
01:20:47,510 --> 01:20:44,760
investigators that I've known that have

1909
01:20:49,490 --> 01:20:47,520
investigated cases like that it tends to

1910
01:20:51,470 --> 01:20:49,500
suggest that they're not necessarily

1911
01:20:53,990 --> 01:20:51,480
going to a star system or coming from a

1912
01:20:56,570 --> 01:20:54,000
star system and I think the frequency of

1913
01:20:59,030 --> 01:20:56,580

activity that we're experiencing here to

1914

01:21:01,550 --> 01:20:59,040

me the the interdimensional uh

1915

01:21:03,430 --> 01:21:01,560

explanation or hypothesis tends to I

1916

01:21:08,510 --> 01:21:03,440

think make more sense

1917

01:21:10,910 --> 01:21:08,520

well okay so uh when you say

1918

01:21:13,550 --> 01:21:10,920

interdimensional because yes the the

1919

01:21:14,810 --> 01:21:13,560

answer is absolutely probably most of it

1920

01:21:18,050 --> 01:21:14,820

yes

1921

01:21:21,050 --> 01:21:18,060

um but are is is there a wormhole would

1922

01:21:24,130 --> 01:21:21,060

you call a wormhole an Einstein Rosen

1923

01:21:26,689 --> 01:21:24,140

Bridge interdimensional yeah yes

1924

01:21:28,669 --> 01:21:26,699

artificially constructed I think that

1925

01:21:31,790 --> 01:21:28,679

they may have the ability to create

1926

01:21:33,709 --> 01:21:31,800

these at any time rather than using any

1927

01:21:36,290 --> 01:21:33,719

type of natural Wormhole that exists

1928

01:21:38,030 --> 01:21:36,300

just because again the various locations

1929

01:21:39,890 --> 01:21:38,040

where this has been described it just it

1930

01:21:41,990 --> 01:21:39,900

almost seems like it just can manifest

1931

01:21:45,950 --> 01:21:42,000

itself when whenever they're ready

1932

01:21:48,110 --> 01:21:45,960

uh did you see the news reports uh the

1933

01:21:50,990 --> 01:21:48,120

other day about the Wormhole that was

1934

01:21:53,750 --> 01:21:51,000

created three days ago I missed that

1935

01:21:55,729 --> 01:21:53,760

yeah I've been busy I've been busy with

1936

01:21:57,470 --> 01:21:55,739

media interviews lately so I haven't had

1937

01:22:01,850 --> 01:21:57,480

much time to watch the news they

1938

01:22:04,490 --> 01:22:01,860

actually pulled it off and now uh the

1939

01:22:06,470 --> 01:22:04,500

the researchers behind this the

1940

01:22:09,590 --> 01:22:06,480

physicists behind this said we're ways

1941

01:22:14,750 --> 01:22:09,600

off from a human being traveling through

1942

01:22:18,350 --> 01:22:14,760

this but we did uh we did teleport this

1943

01:22:19,450 --> 01:22:18,360

was their word we did teleport Quantum

1944

01:22:23,149 --> 01:22:19,460

information

1945

01:22:27,709 --> 01:22:23,159

interesting yeah yeah yeah they use the

1946

01:22:29,630 --> 01:22:27,719

word Wormhole they're the they uh uh not

1947

01:22:33,590 --> 01:22:29,640

yours right no no no all in the press

1948

01:22:36,410 --> 01:22:33,600

release it was like wow wow wow I mean

1949

01:22:39,890 --> 01:22:36,420

you know you can have algorithms you can

1950

01:22:41,930 --> 01:22:39,900

have theories you can have math that

1951

01:22:44,990 --> 01:22:41,940

says that this you know the math work

1952

01:22:46,729 --> 01:22:45,000

works so therefore it is possible right

1953

01:22:49,010 --> 01:22:46,739

it's a whole other thing to demonstrate

1954

01:22:50,750 --> 01:22:49,020

this well exactly I mean as they say

1955

01:22:53,149 --> 01:22:50,760

theoretical physics is just that

1956

01:22:54,830 --> 01:22:53,159

theoretical until you can demonstrate it

1957

01:22:59,990 --> 01:22:54,840

now

1958

01:23:06,590 --> 01:23:03,110

we tend to look at things as being

1959

01:23:09,229 --> 01:23:06,600

impossible because of what we know

1960

01:23:10,850 --> 01:23:09,239

right right that's it that's it right

1961

01:23:12,770 --> 01:23:10,860

and so when we talk about you know

1962

01:23:15,050 --> 01:23:12,780

nothing can travel faster than the speed

1963

01:23:17,930 --> 01:23:15,060

of light because Einstein said it is so

1964

01:23:22,189 --> 01:23:17,940

okay well that's what we know

1965

01:23:23,390 --> 01:23:22,199

but what we know what we will know in in

1966

01:23:26,090 --> 01:23:23,400

50 years

1967

01:23:29,149 --> 01:23:26,100

100 years or a thousand years isn't

1968

01:23:31,310 --> 01:23:29,159

going to be where we are now yeah the

1969

01:23:34,669 --> 01:23:31,320

history of science has has demonstrated

1970

01:23:37,610 --> 01:23:34,679

Never Say Never uh I have uh magazine

1971

01:23:39,649 --> 01:23:37,620

articles from the 1950s where leading

1972

01:23:42,169 --> 01:23:39,659

rocket scientists are saying it'll be

1973

01:23:44,450 --> 01:23:42,179

another 50 years or more before we ever

1974

01:23:46,430 --> 01:23:44,460

land on the moon well that was proven

1975

01:23:49,430 --> 01:23:46,440

wrong with within a matter of about a

1976

01:23:51,709 --> 01:23:49,440

decade or so uh so I mean history has

1977

01:23:53,390 --> 01:23:51,719

consistently shown you know when we say

1978

01:23:55,070 --> 01:23:53,400

we won't be able to do this we won't be

1979

01:23:57,770 --> 01:23:55,080

able to do that you know human

1980

01:24:00,649 --> 01:23:57,780

perseverance and human Ingenuity has

1981

01:24:01,970 --> 01:24:00,659

demonstrated that we can have you had

1982

01:24:04,010 --> 01:24:01,980

your own sighting

1983

01:24:06,590 --> 01:24:04,020

I've not seen anything that I would call

1984

01:24:08,870 --> 01:24:06,600

a genuine UFO I've seen here in New

1985

01:24:11,209 --> 01:24:08,880

Mexico literally in my backyard lights

1986

01:24:14,149 --> 01:24:11,219

at as you mentioned Jimmy high altitude

1987

01:24:16,669 --> 01:24:14,159

nothing close very high altitude that

1988

01:24:19,250 --> 01:24:16,679

move in non-linear formation now what

1989

01:24:21,590 --> 01:24:19,260

those were I don't know but as far as me

1990

01:24:23,209 --> 01:24:21,600

saying I saw a UFO I need to see

1991

01:24:25,130 --> 01:24:23,219

structure on this thing I need to see

1992

01:24:27,530 --> 01:24:25,140

detail if I'm going to say I saw a UFO

1993

01:24:29,450 --> 01:24:27,540

but uh obviously I live in New Mexico

1994

01:24:31,850 --> 01:24:29,460

where there's a lot of military testing

1995

01:24:34,790 --> 01:24:31,860

so where these little Points of Light

1996

01:24:36,530 --> 01:24:34,800

zipping around military I don't have a

1997

01:24:38,689 --> 01:24:36,540

clue but my wife and I both have seen

1998

01:24:42,110 --> 01:24:38,699

those did you see that with the naked

1999

01:24:44,270 --> 01:24:42,120

eye yeah naked eye by the time I went in

2000

01:24:46,010 --> 01:24:44,280

to grab binoculars the thing was gone so

2001

01:24:48,649 --> 01:24:46,020

I was never never able to train my

2002

01:24:51,169 --> 01:24:48,659

telescope or my binoculars on it did it

2003

01:24:52,850 --> 01:24:51,179

have color no it looked just like a

2004

01:24:55,189 --> 01:24:52,860

satellite is the best way I can describe

2005

01:24:56,149 --> 01:24:55,199

it only instead of moving like this it

2006

01:25:00,050 --> 01:24:56,159

was

2007

01:25:03,110 --> 01:25:00,060

moving in weird circular movements

2008

01:25:05,390 --> 01:25:03,120

almost like figure eights

2009

01:25:07,490 --> 01:25:05,400

I don't know what that was that's uh

2010

01:25:10,130 --> 01:25:07,500

that's that's a Class A sighting right

2011

01:25:11,990 --> 01:25:10,140

there yeah I just I but for me it's like

2012

01:25:13,790 --> 01:25:12,000

I really got to see some detail or some

2013

01:25:15,470 --> 01:25:13,800

structure or see something close up I I

2014

01:25:17,810 --> 01:25:15,480

don't know what that was if you want to

2015

01:25:18,890 --> 01:25:17,820

call it a UFO we can call it a UFO but I

2016

01:25:22,490 --> 01:25:18,900

would really like to have a close

2017

01:25:25,270 --> 01:25:22,500

encounter now that's exactly where I'm

2018

01:25:34,550 --> 01:25:29,470

we also uh along with the different

2019

01:25:36,050 --> 01:25:34,560

phases uh and eras of of types of UFOs

2020

01:25:40,010 --> 01:25:36,060

right

2021

01:25:42,229 --> 01:25:40,020

um we seem to it's not entirely true

2022

01:25:45,229 --> 01:25:42,239

because it would be a misstatement if I

2023

01:25:48,110 --> 01:25:45,239

said we haven't had any Landings lately

2024

01:25:51,229 --> 01:25:48,120

because we have we've had lots of uh

2025

01:25:54,310 --> 01:25:51,239

modern reports of that but nothing like

2026

01:25:57,110 --> 01:25:54,320

what went on in the past

2027

01:25:59,510 --> 01:25:57,120

yeah why why do you think that change

2028

01:26:01,370 --> 01:25:59,520

has happened I don't know and and I've

2029

01:26:02,870 --> 01:26:01,380

had conversations with my colleagues

2030

01:26:04,669 --> 01:26:02,880

about this as we look at some of these

2031

01:26:07,669 --> 01:26:04,679

historical cases you know something else

2032

01:26:10,850 --> 01:26:07,679

that was very common besides Landings uh

2033

01:26:14,390 --> 01:26:10,860

back in the 50s and the 60s were reports

2034

01:26:16,850 --> 01:26:14,400

of in close proximity proximity to UFO

2035

01:26:19,610 --> 01:26:16,860

people describe a rotten egg smell or a

2036

01:26:22,010 --> 01:26:19,620

smell of ozone and this was uh

2037

01:26:23,629 --> 01:26:22,020

ubiquitous in the Case Files the reports

2038

01:26:25,189 --> 01:26:23,639

if someone was close to it oh yeah it

2039

01:26:27,649 --> 01:26:25,199

smelled like rotten eggs it smelled like

2040

01:26:31,010 --> 01:26:27,659

sulfur it had this terrible odor that

2041

01:26:33,169 --> 01:26:31,020

burned my nostrils we hardly ever hear

2042

01:26:36,110 --> 01:26:33,179

of a report like that anymore if at all

2043

01:26:38,629 --> 01:26:36,120

in this day and age another thing that

2044

01:26:41,510 --> 01:26:38,639

we see very very rarely relative to the

2045

01:26:43,610 --> 01:26:41,520

the 1950s and 60s uh vehicle

2046

01:26:46,490 --> 01:26:43,620

interference you know Mark rodiger wrote

2047

01:26:49,430 --> 01:26:46,500

the the seminal paper on vehicle

2048

01:26:51,470 --> 01:26:49,440

interference cases and UFOs but there

2049

01:26:53,689 --> 01:26:51,480

aren't really many reported if at all

2050

01:26:56,270 --> 01:26:53,699

you're talking about engine stopping

2051
01:26:59,090 --> 01:26:56,280
engine stalling and headlights going out

2052
01:27:01,310 --> 01:26:59,100
uh you know the the level in Texas case

2053
01:27:02,930 --> 01:27:01,320
from November 57 Kevin Randall just

2054
01:27:05,090 --> 01:27:02,940
wrote a great book on it where he really

2055
01:27:07,490 --> 01:27:05,100
puts all the data together

2056
01:27:09,110 --> 01:27:07,500
um that that case fascinated me as a kid

2057
01:27:10,550 --> 01:27:09,120
when I first read about that when I was

2058
01:27:12,830 --> 01:27:10,560
a kid growing up reading about some of

2059
01:27:13,970 --> 01:27:12,840
these UFO stories I thought okay this is

2060
01:27:15,590 --> 01:27:13,980
really unique it's not just someone

2061
01:27:18,410 --> 01:27:15,600
seeing something that actually created

2062
01:27:21,050 --> 01:27:18,420
an effect on electrical systems uh

2063
01:27:23,090 --> 01:27:21,060

around the object and so but we don't

2064

01:27:25,610 --> 01:27:23,100

get many reports of that another one is

2065

01:27:27,169 --> 01:27:25,620

saucer nests we used to get these

2066

01:27:30,649 --> 01:27:27,179

objects that would supposedly land or

2067

01:27:33,770 --> 01:27:30,659

hover just above uh Cattails or Sweet

2068

01:27:36,770 --> 01:27:33,780

Flag Marsh Grass and there was a famous

2069

01:27:37,850 --> 01:27:36,780

One in Tully Queensland Australia where

2070

01:27:40,250 --> 01:27:37,860

we actually have some of the original

2071

01:27:42,050 --> 01:27:40,260

photos here in our collection where you

2072

01:27:43,790 --> 01:27:42,060

have these huge what they called saucer

2073

01:27:46,070 --> 01:27:43,800

nests where the objects would hover

2074

01:27:47,270 --> 01:27:46,080

above or just set down on and create

2075

01:27:50,689 --> 01:27:47,280

these little

2076

01:27:52,370 --> 01:27:50,699

nests that the saucers had sat down in

2077

01:27:55,129 --> 01:27:52,380

we hardly ever hear of anything like

2078

01:27:57,910 --> 01:27:55,139

that today now we talked about uh black

2079

01:28:01,310 --> 01:27:57,920

triangles and

2080

01:28:03,590 --> 01:28:01,320

historically uh I I know you're going to

2081

01:28:06,410 --> 01:28:03,600

get excited with this but

2082

01:28:10,729 --> 01:28:06,420

um Tic Tacs aren't new

2083

01:28:13,430 --> 01:28:10,739

no and the description I have gone back

2084

01:28:16,149 --> 01:28:13,440

and I know that you have too you can go

2085

01:28:19,370 --> 01:28:16,159

back and look at drawings and

2086

01:28:23,390 --> 01:28:19,380

descriptions uh going back almost 100

2087

01:28:26,450 --> 01:28:23,400

years yeah of of tic tacs this is this

2088

01:28:28,550 --> 01:28:26,460

is not a new phenomena no and and back

2089

01:28:31,010 --> 01:28:28,560

then Jimmy uh people would say like

2090

01:28:32,450 --> 01:28:31,020

going back to the 1940s or 50s people

2091

01:28:35,390 --> 01:28:32,460

would say well it looked like a propane

2092

01:28:37,370 --> 01:28:35,400

tank you know they would use terminology

2093

01:28:38,930 --> 01:28:37,380

of the time to describe what they were

2094

01:28:40,790 --> 01:28:38,940

seeing and they would see or they would

2095

01:28:43,970 --> 01:28:40,800

describe it as cylindrical but you know

2096

01:28:46,010 --> 01:28:43,980

somewhat snub-nose uh but I mean really

2097

01:28:47,390 --> 01:28:46,020

the Tic Tac uh it looks like a white

2098

01:28:50,270 --> 01:28:47,400

propane tank

2099

01:28:53,750 --> 01:28:50,280

how many flying eggs have we heard at

2100

01:28:55,910 --> 01:28:53,760

the Socorro New Mexico Socorro uh

2101
01:28:58,250 --> 01:28:55,920
Levelland Texas it was described as an

2102
01:29:00,770 --> 01:28:58,260
egg-shaped object a case that I

2103
01:29:02,330 --> 01:29:00,780
investigated personally uh when I lived

2104
01:29:06,050 --> 01:29:02,340
in the St Louis area it was called The

2105
01:29:08,270 --> 01:29:06,060
Ides of March case March 15 1995. uh

2106
01:29:09,890 --> 01:29:08,280
Peter Davenport had uh was still

2107
01:29:11,990 --> 01:29:09,900
relatively new to the National UFO

2108
01:29:13,790 --> 01:29:12,000
Reporting Center and up until several

2109
01:29:16,850 --> 01:29:13,800
years ago he still used to lecture about

2110
01:29:18,590 --> 01:29:16,860
this case and mention my investigation

2111
01:29:20,750 --> 01:29:18,600
um we had reports throughout Illinois

2112
01:29:23,990 --> 01:29:20,760
Missouri and several other states in the

2113
01:29:27,890 --> 01:29:24,000

Midwest of this egg-shaped object that

2114

01:29:31,010 --> 01:29:27,900

was green had a red bottom to it and the

2115

01:29:33,290 --> 01:29:31,020

Air Force at in St Louis at near Scott

2116

01:29:35,629 --> 01:29:33,300

Air Force Base close to St Louis said

2117

01:29:37,790 --> 01:29:35,639

well uh based on the media inquiries we

2118

01:29:40,129 --> 01:29:37,800

think maybe this was a meteor but we had

2119

01:29:42,350 --> 01:29:40,139

Witnesses describing things executing

2120

01:29:44,629 --> 01:29:42,360

like a U-shaped turn as they were

2121

01:29:46,910 --> 01:29:44,639

watching it in flight and this was

2122

01:29:49,189 --> 01:29:46,920

reported by commercial airline pilots it

2123

01:29:51,050 --> 01:29:49,199

was reported by numerous individuals I

2124

01:29:52,370 --> 01:29:51,060

went to Jefferson City Missouri and

2125

01:29:54,229 --> 01:29:52,380

interviewed Missouri Highway Patrol

2126

01:29:56,510 --> 01:29:54,239

officers that had reported seeing it

2127

01:29:57,770 --> 01:29:56,520

from various locations and they too were

2128

01:29:59,689 --> 01:29:57,780

describing these these course

2129

01:30:01,189 --> 01:29:59,699

Corrections that this thing was it was

2130

01:30:07,330 --> 01:30:01,199

no meteor I don't know what it was but

2131

01:30:12,290 --> 01:30:07,340

it was no meteor uh Kecksburg turned two

2132

01:30:14,149 --> 01:30:12,300

you know Acorn yeah the descriptions and

2133

01:30:17,110 --> 01:30:14,159

you know and then the debunking of that

2134

01:30:20,990 --> 01:30:17,120

and so forth and that it was a meteor

2135

01:30:23,689 --> 01:30:21,000

that that made a course correction yeah

2136

01:30:25,010 --> 01:30:23,699

it did absolutely and uh you know

2137

01:30:26,629 --> 01:30:25,020

there's a number of different

2138

01:30:28,430 --> 01:30:26,639

explanations that are floating out there

2139

01:30:31,189 --> 01:30:28,440

that maybe it was the satellite re-entry

2140

01:30:33,830 --> 01:30:31,199

vehicle that actually was able to use

2141

01:30:35,930 --> 01:30:33,840

Jets to make course corrections I I

2142

01:30:38,090 --> 01:30:35,940

haven't done any in-depth investigation

2143

01:30:39,669 --> 01:30:38,100

into that case myself I think Stan

2144

01:30:41,510 --> 01:30:39,679

Gordon's done probably the best

2145

01:30:42,950 --> 01:30:41,520

investigation on that and I had the

2146

01:30:45,350 --> 01:30:42,960

opportunity during my lecture this year

2147

01:30:48,649 --> 01:30:45,360

to meet with Stan for the first time uh

2148

01:30:50,270 --> 01:30:48,659

in about 20 25 years uh we we both

2149

01:30:52,790 --> 01:30:50,280

lecture together in Ohio

2150

01:30:55,430 --> 01:30:52,800

yeah very cool very cool and I want to

2151
01:30:59,810 --> 01:30:55,440
go back to Socorro though yeah in Zamora

2152
01:31:05,330 --> 01:30:59,820
because if we take that the only thing

2153
01:31:07,250 --> 01:31:05,340
that throws that off for me is uh he he

2154
01:31:10,970 --> 01:31:07,260
talked about a blue flame

2155
01:31:15,350 --> 01:31:10,980
yeah right that's that's the only thing

2156
01:31:17,750 --> 01:31:15,360
that uh it throws it off but the

2157
01:31:22,129 --> 01:31:17,760
description itself

2158
01:31:24,590 --> 01:31:22,139
sounds very tick-tac-ish it's yeah very

2159
01:31:26,810 --> 01:31:24,600
close to the Tic Tac and around that

2160
01:31:29,330 --> 01:31:26,820
same uh time frame there were other

2161
01:31:31,970 --> 01:31:29,340
reports in New Mexico of that type of

2162
01:31:34,189 --> 01:31:31,980
object uh up in Espanola New Mexico

2163
01:31:36,470 --> 01:31:34,199

there was a report and a number of

2164

01:31:38,330 --> 01:31:36,480

others throughout the state 64 was a big

2165

01:31:40,250 --> 01:31:38,340

year a lot of people don't know that but

2166

01:31:42,649 --> 01:31:40,260

when you go in and look at the actual

2167

01:31:44,750 --> 01:31:42,659

Case Files Jimmy there's case after case

2168

01:31:47,510 --> 01:31:44,760

after case not all describing what

2169

01:31:50,149 --> 01:31:47,520

officer Zamora described but there was a

2170

01:31:53,390 --> 01:31:50,159

lot of UFO activity being reported in 64

2171

01:31:55,310 --> 01:31:53,400

even prior to the the media coverage of

2172

01:31:57,950 --> 01:31:55,320

the Socorro incident in fact I know

2173

01:32:01,070 --> 01:31:57,960

Lonnie Zamora's daughter uh here in New

2174

01:32:02,689 --> 01:32:01,080

Mexico and uh just off camera I have uh

2175

01:32:05,510 --> 01:32:02,699

from Lieutenant Carmen murano's

2176
01:32:07,970 --> 01:32:05,520
collection uh an unredacted original

2177
01:32:10,790 --> 01:32:07,980
blue book report on it and I have

2178
01:32:12,709 --> 01:32:10,800
original 8x10 glossies which James Fox

2179
01:32:15,590 --> 01:32:12,719
used for his documentary the uh the

2180
01:32:19,669 --> 01:32:15,600
phenomenon yeah I remember that

2181
01:32:23,229 --> 01:32:19,679
um uh that that was that section of the

2182
01:32:27,830 --> 01:32:23,239
Phenom that was one of the best best

2183
01:32:29,470 --> 01:32:27,840
best reporting on uh the Socorro case

2184
01:32:32,149 --> 01:32:29,480
that that I think has ever been done

2185
01:32:33,950 --> 01:32:32,159
absolutely yeah it's a fascinating case

2186
01:32:35,330 --> 01:32:33,960
to this day and it's it's one that I

2187
01:32:39,649 --> 01:32:35,340
think really stands out from a lot of

2188
01:32:42,350 --> 01:32:39,659

the rest uh heinek was uh extremely uh I

2189

01:32:44,330 --> 01:32:42,360

think moved by that case uh not because

2190

01:32:45,950 --> 01:32:44,340

of necessarily the case itself but he

2191

01:32:48,290 --> 01:32:45,960

was really struck with Lonnie Zamora's

2192

01:32:50,870 --> 01:32:48,300

integrity and honesty and uh anybody

2193

01:32:52,010 --> 01:32:50,880

that knew Lonnie testified to that that

2194

01:32:54,530 --> 01:32:52,020

this is not somebody that's going to

2195

01:32:56,810 --> 01:32:54,540

make a story up like this and in fact uh

2196

01:32:58,729 --> 01:32:56,820

as you know there were motorists uh that

2197

01:33:00,169 --> 01:32:58,739

they were never able to track down that

2198

01:33:01,970 --> 01:33:00,179

actually stopped at the the gas station

2199

01:33:04,490 --> 01:33:01,980

there in Socorro that said it flew right

2200

01:33:06,169 --> 01:33:04,500

over the the the road that they were on

2201

01:33:08,030 --> 01:33:06,179

right in front of their car so there

2202

01:33:10,430 --> 01:33:08,040

were other witnesses to to the actual

2203

01:33:12,530 --> 01:33:10,440

object ironically enough I was flipping

2204

01:33:13,669 --> 01:33:12,540

channels I usually don't watch UFO shows

2205

01:33:17,090 --> 01:33:13,679

because I get frustrated with the

2206

01:33:18,770 --> 01:33:17,100

inaccuracy of how they portray these

2207

01:33:21,729 --> 01:33:18,780

cases I'm sure you can appreciate that

2208

01:33:24,290 --> 01:33:21,739

and they explain explain the

2209

01:33:26,870 --> 01:33:24,300

conclusively explained the Socorro New

2210

01:33:29,330 --> 01:33:26,880

Mexico incident as a lunar lander tester

2211

01:33:32,209 --> 01:33:29,340

yeah that that flew away from White

2212

01:33:34,010 --> 01:33:32,219

Sands it's so infuriating because other

2213

01:33:37,370 --> 01:33:34,020

than the landing gear it did not match

2214

01:33:40,250 --> 01:33:37,380

what Zamora described more specifically

2215

01:33:43,070 --> 01:33:40,260

if you know where the northern tip of

2216

01:33:45,050 --> 01:33:43,080

White Sands is relative to Socorro the

2217

01:33:47,510 --> 01:33:45,060

lunar lander test module that they were

2218

01:33:49,970 --> 01:33:47,520

testing at that time only had a flight

2219

01:33:52,910 --> 01:33:49,980

duration of 15 minutes

2220

01:33:54,770 --> 01:33:52,920

and it's a good clip to go from the

2221

01:33:58,729 --> 01:33:54,780

furthest Northern Tier of White Sands

2222

01:34:01,669 --> 01:33:58,739

over to Socorro land have two pilots get

2223

01:34:03,530 --> 01:34:01,679

out as Zamora described get back in the

2224

01:34:06,169 --> 01:34:03,540

vehicle and then fly back to White Sands

2225

01:34:08,149 --> 01:34:06,179

I would argue that the uh the fuel

2226

01:34:10,430 --> 01:34:08,159

capacity would not have allowed for a

2227

01:34:14,990 --> 01:34:10,440

flight yeah not at all not at all not at

2228

01:34:16,490 --> 01:34:15,000

all and uh this is the thing

2229

01:34:17,810 --> 01:34:16,500

um and I've read all those same thing

2230

01:34:20,810 --> 01:34:17,820

you know it was a bunch of college

2231

01:34:24,470 --> 01:34:20,820

students partying they were drinking

2232

01:34:28,550 --> 01:34:24,480

um every attempt at debunking that right

2233

01:34:32,030 --> 01:34:28,560

has has been made yeah heinek himself

2234

01:34:34,370 --> 01:34:32,040

I said and by the way I uh a couple of

2235

01:34:39,290 --> 01:34:34,380

months ago I spent a couple of days with

2236

01:34:41,110 --> 01:34:39,300

with valet and and one I spent uh well a

2237

01:34:44,689 --> 01:34:41,120

couple of days with them uh privately

2238

01:34:48,250 --> 01:34:44,699

and uh we sat down and talked for a good

2239

01:34:53,990 --> 01:34:48,260

six hours uh had dinner and did buyers

2240

01:34:55,370 --> 01:34:54,000

and we talked about Socorro extensively

2241

01:34:57,950 --> 01:34:55,380

um and he you know he had his direct

2242

01:35:00,649 --> 01:34:57,960

involvement with it so anyway

2243

01:35:04,370 --> 01:35:00,659

putting that aside

2244

01:35:06,590 --> 01:35:04,380

if you go and read heineck's own

2245

01:35:10,550 --> 01:35:06,600

comments and Clinton now and everybody

2246

01:35:14,689 --> 01:35:10,560

else uh that was involved with blue book

2247

01:35:18,770 --> 01:35:14,699

um they did absolutely everything they

2248

01:35:21,010 --> 01:35:18,780

could to try and prove it was anything

2249

01:35:26,510 --> 01:35:21,020

but an alien

2250

01:35:29,390 --> 01:35:26,520

absolutely every they this case was an

2251

01:35:31,490 --> 01:35:29,400

important case and they needed to make

2252

01:35:33,110 --> 01:35:31,500

sure that it wasn't NASA that it wasn't

2253

01:35:35,209 --> 01:35:33,120

this that it wasn't that it wasn't the

2254

01:35:37,850 --> 01:35:35,219

college students it was an imagination

2255

01:35:39,290 --> 01:35:37,860

it wasn't that they did everything that

2256

01:35:41,930 --> 01:35:39,300

they could and they could not come up

2257

01:35:44,750 --> 01:35:41,940

with an explanation and they threw

2258

01:35:47,330 --> 01:35:44,760

resources out of David and to your point

2259

01:35:48,890 --> 01:35:47,340

Jimmy if there was a conventional

2260

01:35:50,689 --> 01:35:48,900

explanation they would have been the

2261

01:35:55,689 --> 01:35:50,699

first to hang their hat on that and say

2262

01:36:03,470 --> 01:35:59,350

now let's um uh I'm gonna talk about

2263

01:36:05,570 --> 01:36:03,480

George Van Tassel okay

2264

01:36:07,850 --> 01:36:05,580

um fascinating guy

2265

01:36:11,149 --> 01:36:07,860

love his stuff I've I've gone back and

2266

01:36:14,450 --> 01:36:11,159

listened to all of his Rotary Club

2267

01:36:16,250 --> 01:36:14,460

presentations you know you know that

2268

01:36:18,290 --> 01:36:16,260

stuff is online now and you know oh yeah

2269

01:36:21,530 --> 01:36:18,300

I've got a lot of autographed material

2270

01:36:24,890 --> 01:36:21,540

here of George's just unreal you know

2271

01:36:27,129 --> 01:36:24,900

and and giant rocks is incredible but

2272

01:36:31,550 --> 01:36:27,139

um that was another

2273

01:36:37,390 --> 01:36:31,560

phase another era yeah if you go from

2274

01:36:41,689 --> 01:36:37,400

say 55 to 65 right that 10-year period

2275

01:36:44,090 --> 01:36:41,699

where uh um you could stop a lot of

2276

01:36:46,129 --> 01:36:44,100

people on the street and get a story

2277

01:36:47,570 --> 01:36:46,139

from them about taking a ride in a

2278

01:36:49,910 --> 01:36:47,580

flying saucer and hanging out with

2279

01:36:53,270 --> 01:36:49,920

people from penis the contact e space

2280

01:36:55,970 --> 01:36:53,280

brother it was it what this was like the

2281

01:36:58,550 --> 01:36:55,980

we talk about conferences the original

2282

01:37:02,090 --> 01:36:58,560

contact in the desert that happened in

2283

01:37:03,530 --> 01:37:02,100

1956 and there was a giant rock yeah 10

2284

01:37:06,050 --> 01:37:03,540

000 people out there and they did that

2285

01:37:07,930 --> 01:37:06,060

all the way into the 1970s yeah it was

2286

01:37:10,490 --> 01:37:07,940

that was a big conference

2287

01:37:13,270 --> 01:37:10,500

everybody you look at the newsreels

2288

01:37:17,290 --> 01:37:13,280

right going up and everybody had a story

2289

01:37:19,490 --> 01:37:17,300

about hanging out with

2290

01:37:21,530 --> 01:37:19,500

and you know what's so funny about that

2291

01:37:23,870 --> 01:37:21,540

period Jimmy and we don't often talk

2292

01:37:25,550 --> 01:37:23,880

about this so I'm glad you brought it up

2293

01:37:27,530 --> 01:37:25,560

um I think it really demonstrates kind

2294

01:37:29,450 --> 01:37:27,540

of the male chauvinism of the time time

2295

01:37:31,850 --> 01:37:29,460

because traditionally we always think of

2296

01:37:35,270 --> 01:37:31,860

like you said George Van Tassel Georgia

2297

01:37:37,729 --> 01:37:35,280

damski Howard Menger uh you know any

2298

01:37:40,729 --> 01:37:37,739

number of the Truman bathroom was

2299

01:37:42,290 --> 01:37:40,739

another one orpheo angelucci all of

2300

01:37:44,510 --> 01:37:42,300

these were very popular contact these

2301
01:37:46,250 --> 01:37:44,520
what many people don't know though and

2302
01:37:48,470 --> 01:37:46,260
when I inherited Lou ferris's collection

2303
01:37:50,510 --> 01:37:48,480
he had a vast library of contact

2304
01:37:53,450 --> 01:37:50,520
e-material again a lot of it autographed

2305
01:37:56,810 --> 01:37:53,460
there were a lot I would argue equally

2306
01:37:58,189 --> 01:37:56,820
as many female contactees and

2307
01:38:00,110 --> 01:37:58,199
unfortunately you just don't hear about

2308
01:38:02,149 --> 01:38:00,120
them as much but we have a lot of their

2309
01:38:04,070 --> 01:38:02,159
material Dina Howard was one of those

2310
01:38:07,550 --> 01:38:04,080
and she wrote a number of books and

2311
01:38:09,830 --> 01:38:07,560
pamphlets on her experiences with uh the

2312
01:38:12,110 --> 01:38:09,840
space brothers and so we often hear

2313
01:38:13,970 --> 01:38:12,120

these typical names men's names but

2314

01:38:15,729 --> 01:38:13,980

there were a lot of female contactees

2315

01:38:18,410 --> 01:38:15,739

from that era

2316

01:38:22,310 --> 01:38:18,420

the um

2317

01:38:26,570 --> 01:38:22,320

the era ended and it was lovely by the

2318

01:38:29,689 --> 01:38:26,580

way why why do you think it it it it it

2319

01:38:31,550 --> 01:38:29,699

it it it it came to an end well I think

2320

01:38:34,010 --> 01:38:31,560

some of it and not all of it I'm not

2321

01:38:35,930 --> 01:38:34,020

going to summarily dismiss it all uh I

2322

01:38:38,570 --> 01:38:35,940

think sociologists to some degree

2323

01:38:42,610 --> 01:38:38,580

acknowledge that this was uh to some

2324

01:38:45,290 --> 01:38:42,620

degree born out of the uh anti-war

2325

01:38:49,189 --> 01:38:45,300

anti-atomic weapons movement of the

2326

01:38:51,649 --> 01:38:49,199

1950s and I think by the 1950s 60s and

2327

01:38:53,090 --> 01:38:51,659

as you mentioned going into the 70s as

2328

01:38:55,370 --> 01:38:53,100

you know some of those contactees

2329

01:38:56,930 --> 01:38:55,380

weren't young when they were making you

2330

01:38:58,610 --> 01:38:56,940

know these claims and going to Giant

2331

01:39:02,209 --> 01:38:58,620

Rock they were already in their 50s and

2332

01:39:04,629 --> 01:39:02,219

60s so I think to be blunt I think a lot

2333

01:39:08,390 --> 01:39:04,639

of the contactee people just died off

2334

01:39:09,350 --> 01:39:08,400

and I think at that point late 70s

2335

01:39:11,330 --> 01:39:09,360

you're starting to get into the

2336

01:39:13,490 --> 01:39:11,340

abduction phenomena now into the early

2337

01:39:16,010 --> 01:39:13,500

80s so I think that really kind of

2338

01:39:18,050 --> 01:39:16,020

captured the popular imagination at the

2339

01:39:20,030 --> 01:39:18,060

time but as you and I know and I think

2340

01:39:22,850 --> 01:39:20,040

you and I I know people personally Jimmy

2341

01:39:24,729 --> 01:39:22,860

people are still having experiences that

2342

01:39:28,129 --> 01:39:24,739

mirror what some of the contact

2343

01:39:32,870 --> 01:39:28,139

contactee people reported in the 1950s I

2344

01:39:36,110 --> 01:39:32,880

interview them I've friends uh it's uh

2345

01:39:38,510 --> 01:39:36,120

it's a fascinating subject and

2346

01:39:42,169 --> 01:39:38,520

um I I try to cover it as completely as

2347

01:39:43,850 --> 01:39:42,179

I can I don't have all the answers but I

2348

01:39:45,770 --> 01:39:43,860

will ask the questions I'm trying to

2349

01:39:47,689 --> 01:39:45,780

figure this out I haven't been abducted

2350

01:39:49,669 --> 01:39:47,699

right not that I know of I don't know

2351

01:39:53,270 --> 01:39:49,679

right David maybe you've got some

2352

01:39:54,890 --> 01:39:53,280

missing time you can't account for but I

2353

01:39:56,629 --> 01:39:54,900

have I have a great sleep paralysis

2354

01:39:58,430 --> 01:39:56,639

story though

2355

01:40:00,709 --> 01:39:58,440

tell me about it I've got one too

2356

01:40:03,850 --> 01:40:00,719

everybody's heard mine I've never I've

2357

01:40:07,669 --> 01:40:03,860

never told this publicly and let's go

2358

01:40:09,590 --> 01:40:07,679

I was literally at the uh Eureka Springs

2359

01:40:12,410 --> 01:40:09,600

UFO conference in Arkansas and again

2360

01:40:14,209 --> 01:40:12,420

I've gone since probably 91 92 off and

2361

01:40:17,209 --> 01:40:14,219

on almost every year I've lectured there

2362

01:40:19,370 --> 01:40:17,219

many times on this particular year and

2363

01:40:22,610 --> 01:40:19,380

this is going back probably 15 years or

2364

01:40:24,169 --> 01:40:22,620

more my best friend Dave girl who I grew

2365

01:40:25,729 --> 01:40:24,179

up with were like brothers we'd known

2366

01:40:27,530 --> 01:40:25,739

each other since four years old and his

2367

01:40:31,010 --> 01:40:27,540

mom and my mom were were friends growing

2368

01:40:32,930 --> 01:40:31,020

up in the 40s and 50s we both shared a

2369

01:40:34,370 --> 01:40:32,940

room and for those that have attended

2370

01:40:37,910 --> 01:40:34,380

that conference they're the old style

2371

01:40:41,209 --> 01:40:37,920

hotels where you have the bed you have

2372

01:40:43,250 --> 01:40:41,219

the TV and off to the side you have a

2373

01:40:45,770 --> 01:40:43,260

bathroom countertop and then the only

2374

01:40:48,830 --> 01:40:45,780

thing that's behind a door is the toilet

2375

01:40:50,750 --> 01:40:48,840

and the bathtub so literally right off

2376

01:40:53,689 --> 01:40:50,760

of the bedroom area there you have a

2377

01:40:55,850 --> 01:40:53,699

vanity with a mirror and everything and

2378

01:40:57,729 --> 01:40:55,860

on this one occasion where I actually

2379

01:41:02,209 --> 01:40:57,739

had sleep per hour analysis

2380

01:41:03,410 --> 01:41:02,219

I was lying in bed and I see this bright

2381

01:41:05,090 --> 01:41:03,420

white light

2382

01:41:07,070 --> 01:41:05,100

and I can't move

2383

01:41:10,129 --> 01:41:07,080

and I noticed that there's this dark

2384

01:41:13,129 --> 01:41:10,139

figure moving like this and it's a

2385

01:41:15,709 --> 01:41:13,139

humanoid figure head shoulders arms legs

2386

01:41:17,510 --> 01:41:15,719

and I can't figure out what it is and

2387

01:41:18,470 --> 01:41:17,520

I'm suddenly feeling panic but I can't

2388

01:41:21,050 --> 01:41:18,480

move

2389

01:41:22,970 --> 01:41:21,060

in my mind I think I'm screaming out

2390

01:41:25,490 --> 01:41:22,980

loud Jimmy because I'm terrified I don't

2391

01:41:28,189 --> 01:41:25,500

know what's going on but I'm paralyzed

2392

01:41:31,189 --> 01:41:28,199

and where I think I'm screaming at the

2393

01:41:33,229 --> 01:41:31,199

top of my lungs my friend Dave who is

2394

01:41:35,570 --> 01:41:33,239

standing at the vanity which was the

2395

01:41:38,330 --> 01:41:35,580

humanoid that I was seeing only I was

2396

01:41:41,090 --> 01:41:38,340

half asleep half awake I wasn't uh

2397

01:41:43,480 --> 01:41:41,100

perceiving that he suddenly hears out of

2398

01:41:45,310 --> 01:41:43,490

the darkness of the room

2399

01:41:47,510 --> 01:41:45,320

[Music]

2400

01:41:49,310 --> 01:41:47,520

he thought he said it sounded like a

2401
01:41:53,030 --> 01:41:49,320
guinea pig or a gerbil or something

2402
01:41:54,830 --> 01:41:53,040
making noise and it was actually me in

2403
01:41:56,450 --> 01:41:54,840
my mind I'm screaming out loud but

2404
01:41:59,689 --> 01:41:56,460
because I was paralyzed it was only

2405
01:42:01,129 --> 01:41:59,699
coming out as squeaks and as he

2406
01:42:03,530 --> 01:42:01,139
approaches me to see what's going on

2407
01:42:06,229 --> 01:42:03,540
he's saying Dave Dave are you okay

2408
01:42:08,810 --> 01:42:06,239
in my perception because again I'm in

2409
01:42:11,209 --> 01:42:08,820
that halfway calf sleep State I see this

2410
01:42:13,490 --> 01:42:11,219
dark figure just moving towards me and

2411
01:42:15,350 --> 01:42:13,500
so I start screaming more so the squeaks

2412
01:42:18,229 --> 01:42:15,360
start getting higher and higher as far

2413
01:42:20,750 --> 01:42:18,239

as the frequency and finally he he grabs

2414

01:42:22,250 --> 01:42:20,760

me and shakes me and said the first

2415

01:42:24,770 --> 01:42:22,260

thing I remember consciously is hearing

2416

01:42:26,930 --> 01:42:24,780

Dave are you all right and I looked up

2417

01:42:30,830 --> 01:42:26,940

at him and I'm still paralyzed and but I

2418

01:42:32,330 --> 01:42:30,840

was able to talk I said oh it's you and

2419

01:42:33,709 --> 01:42:32,340

we both just start laughing at that

2420

01:42:36,830 --> 01:42:33,719

point because we realized what had

2421

01:42:39,830 --> 01:42:36,840

happened but I can see how someone was

2422

01:42:42,109 --> 01:42:39,840

sleep paralysis could have a visual

2423

01:42:44,390 --> 01:42:42,119

perception like that and think it was

2424

01:42:45,950 --> 01:42:44,400

something more than just that and my

2425

01:42:48,169 --> 01:42:45,960

background is in sleep medicine as well

2426

01:42:51,350 --> 01:42:48,179

and I used to manage one of the largest

2427

01:42:54,229 --> 01:42:51,360

clinical sleep labs in St Louis uh and

2428

01:42:56,750 --> 01:42:54,239

we would do uh both uh diagnostic as

2429

01:42:58,250 --> 01:42:56,760

well as clinical trials uh on sleep and

2430

01:43:00,470 --> 01:42:58,260

I've had people in a clinical

2431

01:43:02,810 --> 01:43:00,480

environment describe a figure or figures

2432

01:43:04,490 --> 01:43:02,820

around the bed balls of light flying

2433

01:43:06,590 --> 01:43:04,500

around the room and there are paralyzed

2434

01:43:08,030 --> 01:43:06,600

and they sense this presence it was

2435

01:43:10,070 --> 01:43:08,040

completely within a controlled lab

2436

01:43:11,510 --> 01:43:10,080

environment and I have them hooked up to

2437

01:43:13,910 --> 01:43:11,520

all the instrumentation we're video

2438

01:43:16,070 --> 01:43:13,920

recording everything myself the doctors

2439

01:43:17,689 --> 01:43:16,080

the other technicians are in there there

2440

01:43:19,370 --> 01:43:17,699

was no missing time they weren't

2441

01:43:21,350 --> 01:43:19,380

Switched Off they weren't taken because

2442

01:43:24,310 --> 01:43:21,360

we were literally monitoring every

2443

01:43:26,870 --> 01:43:24,320

heartbeat every every spike in their EEG

2444

01:43:28,550 --> 01:43:26,880

so I'm not saying that that explains all

2445

01:43:30,649 --> 01:43:28,560

abductions but I'm simply saying I could

2446

01:43:32,570 --> 01:43:30,659

see how some people could think they had

2447

01:43:34,490 --> 01:43:32,580

an abduction experience if they weren't

2448

01:43:37,070 --> 01:43:34,500

familiar with the symptoms of sleep

2449

01:43:40,790 --> 01:43:37,080

paralysis and narcolepsy

2450

01:43:44,209 --> 01:43:40,800

I could take all of this a way step

2451

01:43:46,310 --> 01:43:44,219

further you would if if okay so check

2452

01:43:47,649 --> 01:43:46,320

this out oh I wanted to make this

2453

01:43:50,350 --> 01:43:47,659

comment though

2454

01:43:54,410 --> 01:43:50,360

when you went through your experience

2455

01:43:56,629 --> 01:43:54,420

the rush of adrenaline oh my God pretty

2456

01:43:59,689 --> 01:43:56,639

incredible isn't it it was incredible I

2457

01:44:01,250 --> 01:43:59,699

mean I was scared to death I've never

2458

01:44:02,629 --> 01:44:01,260

talked about this publicly by the way

2459

01:44:04,729 --> 01:44:02,639

this is the first time I've ever talked

2460

01:44:07,070 --> 01:44:04,739

about this uh my friend Dave and I still

2461

01:44:10,850 --> 01:44:07,080

laugh about it to this day I was in a

2462

01:44:13,370 --> 01:44:10,860

state of panic me too I the The Rush

2463

01:44:16,490 --> 01:44:13,380

that that that I went through I did not

2464

01:44:18,229 --> 01:44:16,500

enjoy that at all uh it wasn't a cool

2465

01:44:21,910 --> 01:44:18,239

experience okay but here's the thing

2466

01:44:23,689 --> 01:44:21,920

okay so now let's let's if

2467

01:44:28,010 --> 01:44:23,699

if

2468

01:44:32,390 --> 01:44:28,020

up you're monitored you're doing you're

2469

01:44:37,870 --> 01:44:32,400

doing your thing if somebody uh slips

2470

01:44:41,629 --> 01:44:37,880

out of a slice of Dimension and time

2471

01:44:44,770 --> 01:44:41,639

consciously right you're no their body

2472

01:44:47,750 --> 01:44:44,780

is still you know being measured

2473

01:44:51,410 --> 01:44:47,760

nothing's changing there yeah

2474

01:44:53,030 --> 01:44:51,420

um and they could go out if if for a

2475

01:44:56,990 --> 01:44:53,040

year yeah

2476

01:44:59,450 --> 01:44:57,000

right and and come back and we only we

2477

01:45:01,250 --> 01:44:59,460

don't even notice that yeah I mean that

2478

01:45:02,930 --> 01:45:01,260

that's impossible to measure at least at

2479

01:45:04,669 --> 01:45:02,940

this stage yeah that's what I'm saying

2480

01:45:06,350 --> 01:45:04,679

so there's a lot of these people too

2481

01:45:09,229 --> 01:45:06,360

though once they were put on medications

2482

01:45:13,070 --> 01:45:09,239

to help treat their narcolepsy all of

2483

01:45:15,590 --> 01:45:13,080

the symptoms disappeared so yeah quality

2484

01:45:17,570 --> 01:45:15,600

all I'm saying is I I have always said

2485

01:45:19,609 --> 01:45:17,580

with abduction research it should be no

2486

01:45:21,229 --> 01:45:19,619

different than a UFO sighting when we

2487

01:45:22,850 --> 01:45:21,239

investigate a UFO sighting the last

2488

01:45:25,370 --> 01:45:22,860

thing on the list is extraterrestrial

2489

01:45:26,870 --> 01:45:25,380

spacecraft was it military was it

2490

01:45:28,609 --> 01:45:26,880

commercial was it a satellite was it

2491

01:45:30,890 --> 01:45:28,619

military flare you know you go down your

2492

01:45:33,770 --> 01:45:30,900

list and I think we need to rule out

2493

01:45:35,990 --> 01:45:33,780

with these people uh do you have a

2494

01:45:38,270 --> 01:45:36,000

history of sleep disorders have you had

2495

01:45:40,550 --> 01:45:38,280

a sleep study do you have a history of

2496

01:45:43,250 --> 01:45:40,560

schizophrenia or mental disease in the

2497

01:45:44,689 --> 01:45:43,260

family we need to ensure that we're just

2498

01:45:46,729 --> 01:45:44,699

to be honest and respectful of the

2499

01:45:49,850 --> 01:45:46,739

individual let's eliminate all the

2500

01:45:51,530 --> 01:45:49,860

prosaic explanations sure then if we're

2501
01:45:52,910 --> 01:45:51,540
still left with something then we have a

2502
01:45:55,010 --> 01:45:52,920
genuine mystery and I do believe we have

2503
01:45:55,970 --> 01:45:55,020
a a mystery I by no means I don't want

2504
01:45:57,410 --> 01:45:55,980
your audience to think I'm just

2505
01:45:59,750 --> 01:45:57,420
summarily discounting all abduction

2506
01:46:02,149 --> 01:45:59,760
accounts I'm not no you can't when

2507
01:46:06,770 --> 01:46:02,159
you're sitting in front of 15

2508
01:46:08,990 --> 01:46:06,780
000 cases exactly but but but that that

2509
01:46:13,550 --> 01:46:09,000
that begs the the million dollar

2510
01:46:17,649 --> 01:46:13,560
question which I I am constantly

2511
01:46:22,370 --> 01:46:17,659
throwing it out there we cannot you can

2512
01:46:29,770 --> 01:46:22,380
we cannot have hundreds of millions of

2513
01:46:34,010 --> 01:46:32,390

yeah I love John Mack I had the

2514

01:46:35,629 --> 01:46:34,020

opportunity to meet him at Eureka

2515

01:46:38,570 --> 01:46:35,639

Springs actually one year he spoke in

2516

01:46:40,370 --> 01:46:38,580

the early 90s and uh you know John I

2517

01:46:42,590 --> 01:46:40,380

think I I can't remember his exact words

2518

01:46:44,930 --> 01:46:42,600

but he said you know either we have

2519

01:46:47,149 --> 01:46:44,940

these people describing real experiences

2520

01:46:49,129 --> 01:46:47,159

or it's another psychiatric disorder

2521

01:46:51,609 --> 01:46:49,139

that we haven't understood or cataloged

2522

01:46:53,990 --> 01:46:51,619

yet in either case we need to look at it

2523

01:46:54,590 --> 01:46:54,000

when I look at

2524

01:46:57,890 --> 01:46:54,600

um

2525

01:46:59,990 --> 01:46:57,900

Van Tassel I've been staying this is the

2526
01:47:03,950 --> 01:47:00,000
subject right so when you look at Van

2527
01:47:05,229 --> 01:47:03,960
Tassel and and his original

2528
01:47:07,850 --> 01:47:05,239
the the

2529
01:47:09,890 --> 01:47:07,860
you know finishing up their apple pies

2530
01:47:12,410 --> 01:47:09,900
for the night you know and him and his

2531
01:47:14,090 --> 01:47:12,420
wife and he goes to bed he wakes up

2532
01:47:16,609 --> 01:47:14,100
there's something calling him outside he

2533
01:47:18,830 --> 01:47:16,619
goes outside rounds the corner boom

2534
01:47:21,890 --> 01:47:18,840
there's a flying saucer sitting on uh

2535
01:47:23,209 --> 01:47:21,900
next to the runway of his his airport

2536
01:47:25,189 --> 01:47:23,219
right

2537
01:47:27,830 --> 01:47:25,199
um it meets with the being they go they

2538
01:47:30,410 --> 01:47:27,840

go up they the into the craft the dude

2539

01:47:32,510 --> 01:47:30,420

says hey man you want you one you want

2540

01:47:34,490 --> 01:47:32,520

to go for a ride yeah I do actually okay

2541

01:47:36,709 --> 01:47:34,500

so let's take this thing up I'm

2542

01:47:39,890 --> 01:47:36,719

paraphrasing here but this is Van

2543

01:47:43,790 --> 01:47:39,900

tassel's uh description of events and

2544

01:47:47,390 --> 01:47:43,800

when George describes uh the control

2545

01:47:49,850 --> 01:47:47,400

panel he describes it in a way that

2546

01:47:51,470 --> 01:47:49,860

there was nothing like that back then it

2547

01:47:54,290 --> 01:47:51,480

wasn't a science fiction films it wasn't

2548

01:47:56,890 --> 01:47:54,300

in right you know it it wasn't part of

2549

01:48:00,290 --> 01:47:56,900

aircraft no he described something

2550

01:48:03,229 --> 01:48:00,300

completely new and fresh and if you go

2551

01:48:07,310 --> 01:48:03,239

back and listen to that I truly believe

2552

01:48:10,609 --> 01:48:07,320

that he he experienced and saw what he

2553

01:48:12,770 --> 01:48:10,619

saw because he was he wasn't influenced

2554

01:48:17,870 --> 01:48:12,780

by something else he was describing

2555

01:48:21,350 --> 01:48:17,880

something uh completely foreign to to

2556

01:48:23,330 --> 01:48:21,360

the world at that time well yeah and

2557

01:48:25,490 --> 01:48:23,340

really I I'm glad you're bringing this

2558

01:48:28,729 --> 01:48:25,500

up because I I often say this to friends

2559

01:48:30,470 --> 01:48:28,739

and colleagues uh someone may report an

2560

01:48:33,169 --> 01:48:30,480

experience whether it's abduction or

2561

01:48:35,810 --> 01:48:33,179

contact e related or you know out of

2562

01:48:37,010 --> 01:48:35,820

body and some colleagues may say well

2563

01:48:39,649 --> 01:48:37,020

you know I don't know if we can believe

2564

01:48:41,629 --> 01:48:39,659

that it's like look you weren't there I

2565

01:48:43,850 --> 01:48:41,639

wasn't there how do you know that didn't

2566

01:48:45,830 --> 01:48:43,860

happen to the individual I never tell

2567

01:48:48,890 --> 01:48:45,840

someone what they described didn't

2568

01:48:50,330 --> 01:48:48,900

happen because I wasn't there and I

2569

01:48:53,990 --> 01:48:50,340

think it's extremely arrogant for other

2570

01:48:56,629 --> 01:48:54,000

people to weigh in on an event that they

2571

01:48:58,850 --> 01:48:56,639

weren't personally witnessed to

2572

01:49:01,250 --> 01:48:58,860

um so you know I I don't try to

2573

01:49:03,109 --> 01:49:01,260

disparage those people uh you know I try

2574

01:49:05,450 --> 01:49:03,119

to find in the cases that I investigate

2575

01:49:06,709 --> 01:49:05,460

corroborative testimony because I'm

2576

01:49:09,950 --> 01:49:06,719

trying to present this to the general

2577

01:49:12,410 --> 01:49:09,960

public and I want to try to provide uh

2578

01:49:14,450 --> 01:49:12,420

narratives where look we did find other

2579

01:49:17,090 --> 01:49:14,460

Witnesses we did have radar confirmation

2580

01:49:19,310 --> 01:49:17,100

but with these other cases even though I

2581

01:49:21,530 --> 01:49:19,320

don't necessarily lecture on them how do

2582

01:49:23,629 --> 01:49:21,540

I know that this didn't happen to this

2583

01:49:27,189 --> 01:49:23,639

individual when they claim it did if I

2584

01:49:30,590 --> 01:49:27,199

wasn't there yeah and when you go

2585

01:49:33,290 --> 01:49:30,600

there are to me there's like three

2586

01:49:37,030 --> 01:49:33,300

there's many I I there's it's not just

2587

01:49:40,129 --> 01:49:37,040

three but three four

2588

01:49:43,090 --> 01:49:40,139

historical cases that are really well

2589

01:49:47,629 --> 01:49:43,100

documented and and Betty and Barney Hill

2590

01:49:50,810 --> 01:49:47,639

uh Betty Andreessen uh rendelshim and

2591

01:49:55,070 --> 01:49:50,820

Travis Walton yeah where we can go and

2592

01:49:57,770 --> 01:49:55,080

listen to all of this this isn't 400

2593

01:50:02,270 --> 01:49:57,780

years ago right this isn't the this is

2594

01:50:04,370 --> 01:50:02,280

these are modern uh events where we've

2595

01:50:07,209 --> 01:50:04,380

got tape recordings interview views

2596

01:50:12,649 --> 01:50:07,219

photographs drawings things statements

2597

01:50:15,470 --> 01:50:12,659

and there that that part of it uh for me

2598

01:50:18,470 --> 01:50:15,480

I think is completely fascinating and we

2599

01:50:19,750 --> 01:50:18,480

have to pay attention to this

2600

01:50:23,030 --> 01:50:19,760

um it's just

2601

01:50:25,850 --> 01:50:23,040

Travis Walton is still here John Burwell

2602

01:50:28,189 --> 01:50:25,860

right right

2603

01:50:29,870 --> 01:50:28,199

I mean these are great cases one I would

2604

01:50:32,570 --> 01:50:29,880

add to that just talking about the

2605

01:50:34,550 --> 01:50:32,580

history is uh even one before Betty and

2606

01:50:38,169 --> 01:50:34,560

Barney Hill the the Brazilian case the

2607

01:50:40,550 --> 01:50:38,179

Antonio Antonio villaboa's case

2608

01:50:45,129 --> 01:50:40,560

it's an incredible case well Virginia

2609

01:50:47,109 --> 01:50:45,139

you know which is uh Virginia

2610

01:50:50,209 --> 01:50:47,119

yes

2611

01:50:53,590 --> 01:50:50,219

I keep going back to uh John Carter on

2612

01:50:57,950 --> 01:50:53,600

Mars right John Carter and his name was

2613

01:50:59,510 --> 01:50:57,960

vargine yeah but the Antonio villaboa's

2614

01:51:01,970 --> 01:50:59,520

case what's interesting about that is

2615

01:51:04,189 --> 01:51:01,980

there's certain themes that would later

2616

01:51:06,350 --> 01:51:04,199

be uh you know very common

2617

01:51:07,790 --> 01:51:06,360

characteristics with the later abduction

2618

01:51:10,189 --> 01:51:07,800

accounts that we would start hearing

2619

01:51:13,490 --> 01:51:10,199

about in the late 70s into the 80s but

2620

01:51:16,010 --> 01:51:13,500

this was in 1957 that this happened and

2621

01:51:17,510 --> 01:51:16,020

uh you know even within UFO circles a

2622

01:51:20,330 --> 01:51:17,520

lot of people had a hard time accepting

2623

01:51:22,550 --> 01:51:20,340

it at the time and uh you know he he

2624

01:51:25,370 --> 01:51:22,560

went on to lead a very professional

2625

01:51:27,830 --> 01:51:25,380

career he never really sought publicity

2626

01:51:30,709 --> 01:51:27,840

uh with regard to the subject and he had

2627

01:51:32,330 --> 01:51:30,719

a normal life after that uh I know some

2628

01:51:34,070 --> 01:51:32,340

people are somewhat dismissive of the

2629

01:51:35,570 --> 01:51:34,080

account but as I said earlier Jimmy I

2630

01:51:38,930 --> 01:51:35,580

wasn't there so can I call the man a

2631

01:51:42,290 --> 01:51:38,940

liar no yeah and so uh which goes back

2632

01:51:45,530 --> 01:51:42,300

to The Landing part of this right those

2633

01:51:48,709 --> 01:51:45,540

four cases Travis Walden was an official

2634

01:51:50,390 --> 01:51:48,719

Landing but it came down right okay but

2635

01:51:52,370 --> 01:51:50,400

each one of those cases including

2636

01:51:54,350 --> 01:51:52,380

Virginia right

2637

01:51:57,229 --> 01:51:54,360

um each one of those cases had a craft

2638

01:51:59,990 --> 01:51:57,239

that was on the ground

2639

01:52:01,490 --> 01:52:00,000

absolutely yeah so I mean you know you

2640

01:52:03,410 --> 01:52:01,500

look at certain you know common

2641

01:52:05,750 --> 01:52:03,420

denominators like that and it makes you

2642

01:52:08,030 --> 01:52:05,760

kind of stand up and take notice

2643

01:52:09,229 --> 01:52:08,040

um it's it's extremely fascinating and

2644

01:52:11,270 --> 01:52:09,239

that you know again going through some

2645

01:52:14,390 --> 01:52:11,280

of the historical cases here you can

2646

01:52:17,930 --> 01:52:14,400

find other uh examples of that and um

2647

01:52:20,270 --> 01:52:17,940

it's the the variety the diversity and

2648

01:52:22,550 --> 01:52:20,280

the range of reports that we have dating

2649

01:52:24,470 --> 01:52:22,560

back decades

2650

01:52:27,169 --> 01:52:24,480

um I would argue there's not much that

2651

01:52:29,030 --> 01:52:27,179

you'll find today that's new going back

2652

01:52:33,290 --> 01:52:29,040

to your earlier comment

2653

01:52:35,330 --> 01:52:33,300

uh I'm gonna I want this from you

2654

01:52:37,070 --> 01:52:35,340

um as we close out another great

2655

01:52:38,450 --> 01:52:37,080

conversation David thank you so much my

2656

01:52:39,070 --> 01:52:38,460

friend sure

2657

01:52:41,689 --> 01:52:39,080

um

2658

01:52:44,629 --> 01:52:41,699

what's the one case man

2659

01:52:47,149 --> 01:52:44,639

I'm speaking on all of that material you

2660

01:52:50,030 --> 01:52:47,159

know I've got mine mine doesn't matter

2661

01:52:52,129 --> 01:52:50,040

you're you're my guest what's the one

2662

01:52:54,470 --> 01:52:52,139

case

2663

01:52:57,890 --> 01:52:54,480

that's a hard question it's like saying

2664

01:53:01,970 --> 01:52:59,229

child

2665

01:53:04,729 --> 01:53:01,980

but but what's the one case what's the

2666

01:53:07,669 --> 01:53:04,739

one case well I I don't know if it's my

2667

01:53:09,649 --> 01:53:07,679

the one case but for me personally it's

2668

01:53:11,450 --> 01:53:09,659

the one that I investigated back in 2000

2669

01:53:14,149 --> 01:53:11,460

which really was kind of an inspiration

2670

01:53:16,490 --> 01:53:14,159

for me writing the book where back in

2671

01:53:18,229 --> 01:53:16,500

Southern Illinois in 2000 January 5th we

2672

01:53:20,990 --> 01:53:18,239

had all those police officers that were

2673

01:53:24,350 --> 01:53:21,000

in radio contact with each other as they

2674

01:53:26,510 --> 01:53:24,360

were describing this triangular UFO and

2675

01:53:28,910 --> 01:53:26,520

I was just struck with it not just

2676
01:53:31,129 --> 01:53:28,920
because of the case itself Jimmy but as

2677
01:53:33,709 --> 01:53:31,139
you can appreciate sitting in the police

2678
01:53:36,950 --> 01:53:33,719
departments hearing the officers

2679
01:53:39,530 --> 01:53:36,960
describe this triangle the flight

2680
01:53:42,169 --> 01:53:39,540
characteristics the shape the lighting

2681
01:53:44,870 --> 01:53:42,179
configurations I could almost finish

2682
01:53:46,850 --> 01:53:44,880
their statements because it echoed what

2683
01:53:49,850 --> 01:53:46,860
the Jean darms the police officers in

2684
01:53:52,850 --> 01:53:49,860
Belgium 10 years prior had described and

2685
01:53:55,490 --> 01:53:52,860
these guys weren't into UFOs and I could

2686
01:53:57,109 --> 01:53:55,500
almost finish their sketch before they

2687
01:53:59,090 --> 01:53:57,119
finished it I knew exactly where they

2688
01:54:00,830 --> 01:53:59,100

were going with the sky sketch I knew

2689

01:54:01,910 --> 01:54:00,840

when they described how the object flew

2690

01:54:04,430 --> 01:54:01,920

that that's how they were going to

2691

01:54:07,250 --> 01:54:04,440

describe it and it was so interesting

2692

01:54:09,830 --> 01:54:07,260

because the night of November 29 1989

2693

01:54:12,290 --> 01:54:09,840

which launched that whole uh flap of

2694

01:54:13,910 --> 01:54:12,300

triangular UFO sightings in Belgium it

2695

01:54:16,070 --> 01:54:13,920

was very similar and even and Patrick

2696

01:54:17,689 --> 01:54:16,080

Farren who's one of these uh Belgian

2697

01:54:20,209 --> 01:54:17,699

investigators that headed up that whole

2698

01:54:22,609 --> 01:54:20,219

investigation with sobeps in Brussels

2699

01:54:23,750 --> 01:54:22,619

was here at my home several years ago he

2700

01:54:25,729 --> 01:54:23,760

was coming through the country and we

2701
01:54:27,109 --> 01:54:25,739
had a chance to compare notes and we

2702
01:54:31,910 --> 01:54:27,119
were struck with the similarities

2703
01:54:34,970 --> 01:54:31,920
between November 29 1989 in Belgium and

2704
01:54:36,950 --> 01:54:34,980
Southern Illinois January 5th 2000 so I

2705
01:54:38,570 --> 01:54:36,960
think that case for multiple reasons

2706
01:54:41,030 --> 01:54:38,580
like that is one that just personally

2707
01:54:43,430 --> 01:54:41,040
sticks out for me as just probably the

2708
01:54:45,530 --> 01:54:43,440
best case I've ever investigated and so

2709
01:54:47,930 --> 01:54:45,540
in that sense it it definitely ranks up

2710
01:54:49,910 --> 01:54:47,940
there pretty high for me when

2711
01:54:54,290 --> 01:54:49,920
um when I read about that case in your

2712
01:54:57,169 --> 01:54:54,300
book and I'm looking at uh that part of

2713
01:55:02,689 --> 01:54:57,179

Southern Illinois yeah and and the

2714

01:55:05,629 --> 01:55:02,699

tracking of of uh the triangle right you

2715

01:55:09,250 --> 01:55:05,639

can visualize all of this going down you

2716

01:55:10,810 --> 01:55:09,260

can see it it's it that is that is a

2717

01:55:13,910 --> 01:55:10,820

well-documented

2718

01:55:16,970 --> 01:55:13,920

uh sighting I mean you know it is you

2719

01:55:19,010 --> 01:55:16,980

know it's it's literally right it's not

2720

01:55:22,010 --> 01:55:19,020

often that you can almost with pinpoint

2721

01:55:25,430 --> 01:55:22,020

accuracy plot the flight cap of the UFO

2722

01:55:26,810 --> 01:55:25,440

but to your point because we knew the

2723

01:55:28,970 --> 01:55:26,820

locations where the officers were

2724

01:55:30,950 --> 01:55:28,980

standing they were in radio contact at

2725

01:55:33,229 --> 01:55:30,960

the time of the Sightings The Sinclair

2726

01:55:35,629 --> 01:55:33,239

County dispatch tapes were time stamped

2727

01:55:37,850 --> 01:55:35,639

so we know the exact times they were

2728

01:55:39,950 --> 01:55:37,860

there on the spot saying what they were

2729

01:55:41,629 --> 01:55:39,960

saying and as a result we were able to

2730

01:55:45,169 --> 01:55:41,639

kind of plot the entire flight pattern

2731

01:55:48,169 --> 01:55:45,179

of this object yeah tremendous yeah so I

2732

01:55:50,090 --> 01:55:48,179

I knew you were gonna you know I knew

2733

01:55:52,310 --> 01:55:50,100

that was your case I just wanted very

2734

01:55:54,590 --> 01:55:52,320

personal to me it's it's an awesome case

2735

01:55:56,930 --> 01:55:54,600

it's an awesome case yeah David Marler

2736

01:55:59,390 --> 01:55:56,940

what's next man what's going on we're

2737

01:56:00,950 --> 01:55:59,400

just moving forward 2023 we're going to

2738

01:56:03,229 --> 01:56:00,960

be really focusing on the National UFO

2739

01:56:05,030 --> 01:56:03,239

historical records Center like I said we

2740

01:56:07,550 --> 01:56:05,040

set it up as a non-profit organization

2741

01:56:09,649 --> 01:56:07,560

we're looking for donations to secure a

2742

01:56:11,750 --> 01:56:09,659

building to bring all of this UFO

2743

01:56:13,729 --> 01:56:11,760

history together Under One Roof and

2744

01:56:15,649 --> 01:56:13,739

we're going to start that process I'm

2745

01:56:17,629 --> 01:56:15,659

actually meeting with Business Leaders

2746

01:56:19,250 --> 01:56:17,639

later this week in Albuquerque I'll be

2747

01:56:21,830 --> 01:56:19,260

meeting with the Mayor of Rio Rancho

2748

01:56:23,570 --> 01:56:21,840

where I live uh next week next Wednesday

2749

01:56:25,250 --> 01:56:23,580

we have a meeting and I'll be meeting

2750

01:56:27,169 --> 01:56:25,260

with the State Rep here hopefully in the

2751
01:56:28,310 --> 01:56:27,179
next week or so as well so we're getting

2752
01:56:30,770 --> 01:56:28,320
business interest we're getting

2753
01:56:32,990 --> 01:56:30,780
politicians interest we want to create

2754
01:56:35,270 --> 01:56:33,000
the largest historical archive and bring

2755
01:56:37,310 --> 01:56:35,280
all this history together and create the

2756
01:56:39,109 --> 01:56:37,320
National Archives of ufology it'll be

2757
01:56:40,370 --> 01:56:39,119
the first of its kind on the scale ever

2758
01:56:43,430 --> 01:56:40,380
in the history of the United States

2759
01:56:48,410 --> 01:56:43,440
where can everybody get involved David

2760
01:56:50,689 --> 01:56:48,420
marlar ufo.com David Marler ufo.com is

2761
01:56:57,590 --> 01:56:50,699
my personal website our new organization

2762
01:57:01,550 --> 01:56:59,750
and we have a donation platform there

2763
01:57:03,050 --> 01:57:01,560

you can also learn about more about the

2764

01:57:05,450 --> 01:57:03,060

organization and the players that are

2765

01:57:06,709 --> 01:57:05,460

involved uh we're continuing to bring in

2766

01:57:08,990 --> 01:57:06,719

collections

2767

01:57:11,209 --> 01:57:09,000

um we just talked about two weeks ago

2768

01:57:15,169 --> 01:57:11,219

with a researcher in Washington state

2769

01:57:16,910 --> 01:57:15,179

who has longitudinal data regarding UFO

2770

01:57:18,410 --> 01:57:16,920

activity in and around the Yakima

2771

01:57:20,390 --> 01:57:18,420

Washington area and he's looking to

2772

01:57:23,270 --> 01:57:20,400

donate those files and that material to

2773

01:57:25,310 --> 01:57:23,280

us this is an organic thing Jimmy it's

2774

01:57:27,530 --> 01:57:25,320

not a static Library it's constantly

2775

01:57:30,050 --> 01:57:27,540

growing we're constantly receiving more

2776

01:57:31,609 --> 01:57:30,060

information more Case Files

2777

01:57:33,589 --> 01:57:31,619

um it's exciting to bring this together

2778

01:57:35,450 --> 01:57:33,599

and I will tell you having done lectures

2779

01:57:37,850 --> 01:57:35,460

here over the last 10 years on the UFO

2780

01:57:39,410 --> 01:57:37,860

subject at the end of my lectures on

2781

01:57:41,089 --> 01:57:39,420

more than several occasions I've had

2782

01:57:43,490 --> 01:57:41,099

people come up from Los Alamos and

2783

01:57:45,169 --> 01:57:43,500

Sandia National Laboratories scientists

2784

01:57:47,149 --> 01:57:45,179

from those organizations that were in

2785

01:57:49,129 --> 01:57:47,159

the audience listening to my UFO lecture

2786

01:57:51,709 --> 01:57:49,139

coming up and telling me you know what

2787

01:57:53,870 --> 01:57:51,719

we're very interested in the subject so

2788

01:57:55,669 --> 01:57:53,880

we want to bring that history here so

2789

01:57:58,669 --> 01:57:55,679

not just the general public but

2790

01:58:00,589 --> 01:57:58,679

scientists from these organizations can

2791

01:58:02,570 --> 01:58:00,599

feel comfortable coming to an

2792

01:58:03,709 --> 01:58:02,580

organization that is simply trying to

2793

01:58:05,629 --> 01:58:03,719

preserve the history and make it

2794

01:58:07,609 --> 01:58:05,639

available to researchers

2795

01:58:10,070 --> 01:58:07,619

Sandia that's where the bodies are

2796

01:58:16,790 --> 01:58:13,870

2797

01:58:19,189 --> 01:58:16,800

2798

01:58:22,669 --> 01:58:19,199

2799

01:58:23,689 --> 01:58:22,679

2800

01:58:26,270 --> 01:58:23,699

2803

01:58:32,390 --> 01:58:30,540

material I I feel requests all the time

2804

01:58:34,250 --> 01:58:32,400

for information so we're always happy to

2805

01:58:36,229 --> 01:58:34,260

share that information with researchers

2806

01:58:37,490 --> 01:58:36,239

or interested parties so I really

2807

01:58:39,290 --> 01:58:37,500
