00:00:43,910 --> 00:00:39,820  
thank you

3  
00:00:50,270 --> 00:00:46,850  
welcome Fade to Black breaking news for

4  
00:00:51,290 --> 00:00:50,280  
this Tuesday December 13 2022 I'm Jimmy

5  
00:00:55,910 --> 00:00:51,300  
Church

6  
00:01:00,529 --> 00:00:55,920  
this is all of the news that you need

7  
00:01:04,189 --> 00:01:00,539  
on this day in history 2003 U.S soldiers

8  
00:01:06,830 --> 00:01:04,199  
find Saddam Hussein hiding in a six foot

9  
00:01:08,870 --> 00:01:06,840  
deep hole nine miles outside of his

10  
00:01:12,530 --> 00:01:08,880  
hometown of tikrit

11  
00:01:16,190 --> 00:01:12,540  
with a stash of porn and a blankie on

12  
00:01:20,870 --> 00:01:16,200  
this day in 2003 fader fact

13  
00:01:22,130 --> 00:01:20,880

the most expensive kids sport isn't

14

00:01:24,170 --> 00:01:22,140

soccer

15

00:01:28,130 --> 00:01:24,180

it's ice hockey

16

00:01:30,230 --> 00:01:28,140

with an annual average cost of two

17

00:01:32,749 --> 00:01:30,240

thousand five hundred and eighty three

18

00:01:34,429 --> 00:01:32,759

dollars in the United States

19

00:01:36,410 --> 00:01:34,439

on that

20

00:01:41,390 --> 00:01:36,420

is your fader fact let's get to the

21

00:01:46,929 --> 00:01:44,270

dictionary.com

22

00:01:51,109 --> 00:01:46,939

picks woman

23

00:01:55,670 --> 00:01:51,119

as its 2022 word of the year after

24

00:01:57,830 --> 00:01:55,680

searches doubled for both its definition

25

00:02:01,910 --> 00:01:57,840

and its spelling

26  
00:02:03,830 --> 00:02:01,920  
that's right woman is dictionary.com's

27  
00:02:07,069 --> 00:02:03,840  
word of the year

28  
00:02:08,449 --> 00:02:07,079  
back to Elon Musk Elon Musk has shaken

29  
00:02:10,850 --> 00:02:08,459  
up Twitter

30  
00:02:13,790 --> 00:02:10,860  
it's legal team

31  
00:02:15,710 --> 00:02:13,800  
and he is looking to cut more cost like

32  
00:02:18,710 --> 00:02:15,720  
this check this out

33  
00:02:20,990 --> 00:02:18,720  
Twitter has stopped paying rent on all

34  
00:02:22,970 --> 00:02:21,000  
of its offices and is considering not

35  
00:02:24,490 --> 00:02:22,980  
paying Severance packages to former

36  
00:02:29,210 --> 00:02:24,500  
employees

37  
00:02:31,790 --> 00:02:29,220  
amongst other measures like these

38  
00:02:35,390 --> 00:02:31,800

Twitter has also instructed employees

39

00:02:37,430 --> 00:02:35,400

not to pay any vendors Twitter has not

40

00:02:40,670 --> 00:02:37,440

paid rent for San Francisco headquarters

41

00:02:41,750 --> 00:02:40,680

or any of its Global offices for over a

42

00:02:46,390 --> 00:02:41,760

month

43

00:02:50,390 --> 00:02:46,400

Twitter has also refused to pay a 197

44

00:02:53,330 --> 00:02:50,400

725 dollar bill for recent private

45

00:02:55,430 --> 00:02:53,340

charter flights made by Mr musk all of

46

00:02:57,410 --> 00:02:55,440

this according to a lawsuit that was

47

00:03:00,830 --> 00:02:57,420

just filed in New Hampshire district

48

00:03:04,130 --> 00:03:00,840

court and other money-saving moves

49

00:03:07,509 --> 00:03:04,140

Twitter has laid off its kitchen staff

50

00:03:11,390 --> 00:03:07,519

and has begun to list office supplies

51  
00:03:13,970 --> 00:03:11,400  
industrial grade kitchen equipment and

52  
00:03:18,290 --> 00:03:13,980  
electronics from its San Francisco

53  
00:03:20,030 --> 00:03:18,300  
office all up for auction now all of

54  
00:03:22,309 --> 00:03:20,040  
these cost-saving moves have allowed

55  
00:03:24,710 --> 00:03:22,319  
Twitter Engineers to clog up my feed

56  
00:03:28,610 --> 00:03:24,720  
with stuff that I don't care about

57  
00:03:30,830 --> 00:03:28,620  
but I did see my first yellow check mark

58  
00:03:33,110 --> 00:03:30,840  
for a verified company that makes

59  
00:03:34,990 --> 00:03:33,120  
Gourmet bird food

60  
00:03:37,690 --> 00:03:35,000  
nice

61  
00:03:41,509 --> 00:03:37,700  
Japanese billionaire

62  
00:03:43,490 --> 00:03:41,519  
yusakume zawa announced the selection of

63  
00:03:46,449 --> 00:03:43,500

an eight-person crew who will join him

64

00:03:49,729 --> 00:03:46,459

on a SpaceX Mission around the Moon

65

00:03:51,350 --> 00:03:49,739

mazawa's dear moon mission aims to be

66

00:03:54,110 --> 00:03:51,360

the first private Mission around the

67

00:03:56,089 --> 00:03:54,120

Moon carrying artists and creatives on a

68

SpaceX Starship

69

00:04:05,110 --> 00:03:58,799

the crew consists of

70

00:04:08,509 --> 00:04:05,120

eight artists including an EDM dj

77

a new website that allows anyone to

calculate the potential damage of a

79

00:04:29,510 --> 00:04:27,360

if it hit Earth

81

00:04:33,469 --> 00:04:31,440

the interactive website is

82

00:04:37,070 --> 00:04:33,479

scientifically accurate enough to be

83

00:04:39,890 --> 00:04:37,080

used by Homeland Security and NASA but

84

00:04:42,350 --> 00:04:39,900

user-friendly and visual enough for

00:04:48,189 --> 00:04:42,360

now

moving ahead

94

00:05:19,129 --> 00:05:16,199

with the development of a spacecraft to

95

00:05:22,730 --> 00:05:19,139

hunt for hazardous asteroids and aims to

96

00:05:25,610 --> 00:05:22,740

2028. that's right

105  
00:05:53,029 --> 00:05:50,699  
I watched don't look up again last night

106  
00:05:56,930 --> 00:05:53,039  
on Netflix for the hundredth time

107  
00:06:01,909 --> 00:05:56,940  
moving on because asteroids are still in

108  
00:06:05,150 --> 00:06:01,919  
the news a space rock that measured 460

109  
00:06:08,510 --> 00:06:05,160  
feet wide and dubbed the Christmas

110  
00:06:12,469 --> 00:06:08,520  
asteroid putting that in air quotes will

111  
00:06:15,110 --> 00:06:12,479  
Cruise past Earth this Thursday the

112  
00:06:19,850 --> 00:06:15,120  
Christmas asteroid which poses no threat

113  
00:06:21,770 --> 00:06:19,860

to our planet will come within 420

114

00:06:25,129 --> 00:06:21,780

000 miles so that's pretty close

115

00:06:26,809 --> 00:06:25,139

which makes its closest approach in just

116

00:06:29,090 --> 00:06:26,819

two days now

117

00:06:31,550 --> 00:06:29,100

to mark this close approach

118

00:06:34,129 --> 00:06:31,560

the European Space Agency is calling on

119

00:06:38,510 --> 00:06:34,139

amateur astronomers to find the space

120

00:06:39,950 --> 00:06:38,520

rocks which is called 2015 rn35 and

121

00:06:42,230 --> 00:06:39,960

photograph it

122

00:06:44,689 --> 00:06:42,240

to guarantee a visit

123

00:06:48,770 --> 00:06:44,699

from Santa Claus

124

00:06:53,210 --> 00:06:48,780

now back on November 12th China's Long

125

00:06:56,809 --> 00:06:53,220

March 6A rocket broke apart after launch

126  
00:06:58,610 --> 00:06:56,819  
scattering debris in low earth orbit the

127  
00:07:03,650 --> 00:06:58,620  
disintegrated upper stage of the rocket

128  
00:07:05,090 --> 00:07:03,660  
has grown to a cloud of 350 pieces of

129  
00:07:07,430 --> 00:07:05,100  
space debris

130  
00:07:10,309 --> 00:07:07,440  
the rocket launched on November 11th

131  
00:07:13,450 --> 00:07:10,319  
from North China carrying the yoon-high

132  
00:07:17,570 --> 00:07:13,460  
3 environmental monitoring satellite

133  
00:07:20,629 --> 00:07:17,580  
there are now 350 debris objects

134  
00:07:23,870 --> 00:07:20,639  
officially cataloged from the November

135  
00:07:28,689 --> 00:07:23,880  
12th uh disintegration of that rocket

136  
00:07:32,330 --> 00:07:28,699  
stage and it's sitting in Sun sink orbit

137  
00:07:33,469 --> 00:07:32,340  
researchers have discovered check this

138  
00:07:35,210 --> 00:07:33,479

out

139

00:07:37,730 --> 00:07:35,220

you got to see the images too because

140

00:07:40,270 --> 00:07:37,740

I'm not making this stuff up researchers

141

00:07:44,210 --> 00:07:40,280

have discovered another

142

00:07:48,589 --> 00:07:44,220

168 Geo glyphs made in the soil of

143

00:07:49,670 --> 00:07:48,599

Peru's Nazca desert known as the NASCAR

144

00:07:52,070 --> 00:07:49,680

lines

145

00:07:55,390 --> 00:07:52,080

the newly discovered drawings identified

146

00:07:57,409 --> 00:07:55,400

by team at Yamagata University in Japan

147

00:08:03,370 --> 00:07:57,419

depict humans

148

00:08:06,770 --> 00:08:03,380

Birds killer whales cats and snakes

149

00:08:08,990 --> 00:08:06,780

one of the human drawings

150

00:08:12,350 --> 00:08:09,000

looks like Homer Simpson

151

00:08:16,189 --> 00:08:12,360

with a big cartoon set of eyes

152

00:08:19,010 --> 00:08:16,199

and a patch of what looks like stubble

153

00:08:21,290 --> 00:08:19,020

around the mouth kinda like me

154

00:08:23,390 --> 00:08:21,300

most of the Nazca Lines were constructed

155

00:08:26,330 --> 00:08:23,400

more than 2 000 Years Ago by the people

156

00:08:28,790 --> 00:08:26,340

of the Nazca culture it's absolutely

157

00:08:32,389 --> 00:08:28,800

incredible check out the images

158

00:08:34,570 --> 00:08:32,399
