00:01:16,149 --> 00:01:11,640

Thai romancy

15

00:01:18,830 --> 00:01:16,159

is a form of divination that involves

16

00:01:21,289 --> 00:01:18,840

observing cheese

17

00:01:22,969 --> 00:01:21,299

to predict the future

18

00:01:26,929 --> 00:01:22,979

and that

19

00:01:29,090 --> 00:01:26,939

is your fader it tyromancy

20

00:01:31,429 --> 00:01:29,100

with a y

21

00:01:33,649 --> 00:01:31,439

here's your breaking news today lots of

22

00:01:36,710 --> 00:01:33,659

stuff heavy NASA coverage today we'll

23

00:01:38,149 --> 00:01:36,720

get to all of that today is the winter

24

00:01:41,569 --> 00:01:38,159

solstice

25

00:01:43,370 --> 00:01:41,579

and it's the longest night of the year

26

00:01:46,789 --> 00:01:43,380

in the northern hemisphere

27

00:01:49,730 --> 00:01:46,799

which also means that winter is coming

28

00:01:52,670 --> 00:01:49,740

winter is coming today

29

00:01:56,090 --> 00:01:52,680

and it's also officially

30

00:01:59,630 --> 00:01:56,100

the shortest day of the year

31

00:02:02,090 --> 00:01:59,640

happy Winter Solstice everybody and

32

00:02:05,389 --> 00:02:02,100

let's get to the news NASA first up

33

00:02:08,270 --> 00:02:05,399

second up third up fourth up today

34

00:02:11,210 --> 00:02:08,280

NASA announced today that it's Insight

35

00:02:13,790 --> 00:02:11,220

Lander designed to understand the

36

00:02:16,790 --> 00:02:13,800

geologic life story of Mars has

37

00:02:20,330 --> 00:02:16,800

completed its mission on the red planet

38

00:02:23,570 --> 00:02:20,340

the spacecraft relied on solar power and

39

00:02:26,030 --> 00:02:23,580

after too much and too many years on

40

00:02:28,670 --> 00:02:26,040

Mars it's sunlight collecting panels

41

00:02:30,890 --> 00:02:28,680

have built up too much dust to generate

42

00:02:32,869 --> 00:02:30,900

enough power to run the Lander for

43

00:02:36,589 --> 00:02:32,879

months now the Insight team has been

44

00:02:41,210 --> 00:02:36,599

expecting the Lander to fall silent now

45

00:02:43,070 --> 00:02:41,220

the robot has missed two calls home NASA

46

00:02:45,110 --> 00:02:43,080

will keep listening though but doesn't

47

00:02:48,890 --> 00:02:45,120

expect to hear anything more from the

48

00:02:52,490 --> 00:02:48,900

Lander NASA's Ingenuity Mars helicopter

49

00:02:55,369 --> 00:02:52,500

flew for the 37th time on Saturday and

50

00:03:00,070 --> 00:02:55,379

stayed Aloft for 55 seconds and covered

51
00:03:04,250 --> 00:03:00,080
203 feet its third flight this month

52
00:03:06,229 --> 00:03:04,260
also today NASA delayed a planned

53
00:03:09,170 --> 00:03:06,239
spacewalk for the International Space

54
00:03:12,229 --> 00:03:09,180
Station at the last moment after a large

55
00:03:15,890 --> 00:03:12,239
piece of a Russian space debris came

56
00:03:19,070 --> 00:03:15,900
dangerously close to the ISS astronauts

57
00:03:21,290 --> 00:03:19,080
Frank Rubio and John Casada were getting

58
00:03:24,229 --> 00:03:21,300
ready to go out from the airlock to

59
00:03:26,710 --> 00:03:24,239
install new solar arrays when Mission

60
00:03:30,170 --> 00:03:26,720
Control commanded them to Halt the work

61
00:03:32,149 --> 00:03:30,180
instead the space station performed an

62
00:03:34,070 --> 00:03:32,159
emergency maneuver to get out of the way

63
00:03:36,670 --> 00:03:34,080

the debris that is on track to get

64

00:03:40,670 --> 00:03:36,680

dangerously close to the lab later today

65

00:03:44,149 --> 00:03:40,680

the spacewalk has been rescheduled for

66

00:03:47,210 --> 00:03:44,159

tomorrow that debris The debris in

67

00:03:50,390 --> 00:03:47,220

question is a piece of a Russian rocket

68

00:03:56,289 --> 00:03:50,400

it's 11 feet wide and it's the upper

69

00:04:01,070 --> 00:03:56,299

stage used on soyuz and Zenith launchers

70

00:04:03,170 --> 00:04:01,080

Google's management issued a code red

71

00:04:07,869 --> 00:04:03,180

that's right

72

00:04:12,649 --> 00:04:07,879

a code red amid the launch of chat gbt

73

00:04:16,250 --> 00:04:12,659

the AI chat bot created by open AI all

74

00:04:20,650 --> 00:04:16,260

of this over concerns the future of the

75

00:04:26,749 --> 00:04:24,710

the CEO of G of Google's

76

00:04:30,010 --> 00:04:26,759

the CEO of Google's parent company

77

00:04:32,150 --> 00:04:30,020

alphabet I almost said geez

78

00:04:35,270 --> 00:04:32,160

participated in several meetings around

79

00:04:37,909 --> 00:04:35,280

Google AI strategy and has directed the

80

00:04:41,170 --> 00:04:37,919

company to refocus their efforts on

81

00:04:46,189 --> 00:04:41,180

addressing the threat that chat gbt

82

00:04:49,010 --> 00:04:46,199

poses on its search engine business

83

00:04:51,590 --> 00:04:49,020

now Google's research trust and Safety

84

00:04:53,749 --> 00:04:51,600

Division and other departments have been

85

00:04:56,570 --> 00:04:53,759

directed to assist in the development

86

00:04:59,870 --> 00:04:56,580

and launch of new AI prototypes and

87

00:05:03,409 --> 00:04:59,880

products employees have now been asked

88

00:05:09,950 --> 00:05:03,419

to build AI products that generate art

89

00:05:12,730 --> 00:05:09,960

and Graphics similar to open ai's doll e

90

00:05:16,430 --> 00:05:12,740

yeah

91

00:05:18,830 --> 00:05:16,440

if you're not first you're last and

92

00:05:21,370 --> 00:05:18,840

Google doesn't like being last

93

00:05:26,210 --> 00:05:21,380

Warner Brothers Pictures recently

94

00:05:30,230 --> 00:05:26,220

released the first Barbie teaser right

95

00:05:34,909 --> 00:05:30,240

teaser trailer and it's a spot on homage

96

00:05:38,290 --> 00:05:34,919

to the famous Dawn Of Man opening from

97

00:05:41,330 --> 00:05:38,300

director Stanley Kubrick's 1968 classic

98

00:05:44,050 --> 00:05:41,340

2001 A Space Odyssey and I know what

99

00:05:47,810 --> 00:05:44,060

you're saying you're like what

100

00:05:49,990 --> 00:05:47,820

instead check this out instead of you

101
00:05:52,810 --> 00:05:50,000
know the the group of prehistoric Apes

102
00:05:55,670 --> 00:05:52,820
having that

103
00:05:58,249 --> 00:05:55,680
relevatory moment in in the presence of

104
00:06:01,129 --> 00:05:58,259
a mysterious black monolith that shows

105
00:06:03,290 --> 00:06:01,139
up in the morning instead of that

106
00:06:05,230 --> 00:06:03,300
same scene

107
00:06:07,909 --> 00:06:05,240
it's pretty incredible actually

108
00:06:10,969 --> 00:06:07,919
you have young girls playing with

109
00:06:15,050 --> 00:06:10,979
old-fashioned baby dolls and then they

110
00:06:16,749 --> 00:06:15,060
start smashing their toys

111
00:06:21,830 --> 00:06:16,759
to bits

112
00:06:23,749 --> 00:06:21,840
and uh and then a towering Barbie Margot

113
00:06:26,809 --> 00:06:23,759

Robbie by the way

114

00:06:30,110 --> 00:06:26,819

she appears like the monolith did now

115

00:06:34,550 --> 00:06:30,120

she's the monolith and she's Giant and

116

00:06:40,610 --> 00:06:36,770

some things you just can't make up and

117

00:06:42,730 --> 00:06:40,620

hey it's it's actually very very cool go

118

00:06:46,189 --> 00:06:42,740

and and check it out

119

00:06:48,890 --> 00:06:46,199

I'm gonna watch that movie just because

120

00:06:53,330 --> 00:06:48,900

of that trailer it did its job

121

00:06:55,370 --> 00:06:53,340

all right Arizona's state board is

122

00:06:58,370 --> 00:06:55,380

vetting water supply augmentation

123

00:07:01,129 --> 00:06:58,380

proposals for Arizona and yesterday

124

00:07:02,870 --> 00:07:01,139

passed a non-binding resolution in

125

00:07:06,710 --> 00:07:02,880

support of a massive sea water

126
00:07:08,029 --> 00:07:06,720
desalination plant in Mexico's Sea of

127
00:07:11,650 --> 00:07:08,039
Cortez

128
00:07:15,170 --> 00:07:11,660
a partnership led by Israeli IDE

129
00:07:17,029 --> 00:07:15,180
Technologies pitched the multi-billion

130
00:07:19,450 --> 00:07:17,039
dollar plan to the water infrastructure

131
00:07:22,990 --> 00:07:19,460
Finance Authority of Arizona's board

132
00:07:25,909 --> 00:07:23,000
saying it could replace or complement

133
00:07:27,650 --> 00:07:25,919
declining Colorado River water that

134
00:07:30,650 --> 00:07:27,660
flows through the central Arizona

135
00:07:32,990 --> 00:07:30,660
projects Canal the plant would remove

136
00:07:35,629 --> 00:07:33,000
salt from seawater and pump it North

137
00:07:39,350 --> 00:07:35,639
into the canal where it would flow

138
00:07:40,969 --> 00:07:39,360

through Maricopa Pinole and Pima

139

00:07:42,770 --> 00:07:40,979

counties

140

00:07:44,870 --> 00:07:42,780

wow

141

00:07:46,969 --> 00:07:44,880

incredible I'm surprised we don't have

142

00:07:47,930 --> 00:07:46,979

more desalinization plants around the

143

00:07:51,409 --> 00:07:47,940

world

144

00:07:54,110 --> 00:07:51,419

The Drug Enforcement Administration said

145

00:08:01,969 --> 00:07:57,129

that it has seized more than

146

00:08:03,290 --> 00:08:01,979

379 million fatal doses of illegal

147

00:08:06,409 --> 00:08:03,300

Fentanyl

148

00:08:08,390 --> 00:08:06,419

this year as Mexican drug trafficking

149

00:08:10,070 --> 00:08:08,400

organizations continue to flood the

150

00:08:12,890 --> 00:08:10,080

United States with the cheap synthetic

151
00:08:15,230 --> 00:08:12,900
opioid the agency said it has

152
00:08:19,969 --> 00:08:15,240
confiscated more than ten thousand

153
00:08:22,969 --> 00:08:19,979
pounds of fentanyl this powder and 50.6

154
00:08:26,029 --> 00:08:22,979
million illegal fentanyl tablets

155
00:08:30,589 --> 00:08:26,039
all in 2022

156
00:08:32,449 --> 00:08:30,599
that's enough to kill every citizen of

157
00:08:34,190 --> 00:08:32,459
the United States

158
00:08:38,089 --> 00:08:34,200
incredible

159
00:08:39,350 --> 00:08:38,099
the Taliban that's right the Taliban in

160
00:08:43,010 --> 00:08:39,360
Afghanistan

161
00:08:45,530 --> 00:08:43,020
has suspended University education for

162
00:08:47,870 --> 00:08:45,540
all female students

163
00:08:49,550 --> 00:08:47,880

the latest step in its brutal clap down

164

00:08:51,430 --> 00:08:49,560

on the rights and freedoms of Afghan

165

00:08:56,030 --> 00:08:51,440

women

166

00:08:58,310 --> 00:08:56,040

Twitter back in the news Twitter has

167

00:09:00,829 --> 00:08:58,320

been hit with allegations from 100

168

00:09:04,190 --> 00:09:00,839

former employees affected by mass

169

00:09:07,150 --> 00:09:04,200

layoffs at the company including that it

170

00:09:09,949 --> 00:09:07,160

unfairly laid off more women than men

171

00:09:13,790 --> 00:09:09,959

terminated employees who were actively

172

00:09:16,730 --> 00:09:13,800

on medical or parental leave and reneged

173

00:09:19,970 --> 00:09:16,740

on promises related to severance pay

174

00:09:21,590 --> 00:09:19,980

the allegations were included as part of

175

00:09:22,930 --> 00:09:21,600

the former employees demands for

176

00:09:25,910 --> 00:09:22,940

arbitration against the company

177

00:09:28,790 --> 00:09:25,920

according to a statement Yesterday by

178

00:09:32,030 --> 00:09:28,800

attorney Shannon Liz Reardon

179

00:09:34,850 --> 00:09:32,040

she is the same attorney who has right

180

00:09:37,250 --> 00:09:34,860

now has brought four class action

181

00:09:40,310 --> 00:09:37,260

lawsuits against Twitter by former

182

00:09:42,350 --> 00:09:40,320

employees affected by Elon musk's

183

00:09:44,630 --> 00:09:42,360

takeover

184

00:09:46,610 --> 00:09:44,640

and that's it

185

00:09:47,990 --> 00:09:46,620

that's all of the Fade to Black breaking

186

00:09:49,930 --> 00:09:48,000

news you need for this Wednesday

187

00:09:54,410 --> 00:09:49,940
