BREAKING NEWS

Mon Jan 2, 2023 **LIVE**

1
00:00:24,060 --> 00:00:11,930
foreign

2
00:00:24,070 --> 00:00:37,910
[Music]

3
00:00:44,209 --> 00:00:40,670
all right good afternoon happy New Year

4
00:00:46,250 --> 00:00:44,219
everybody this is the first second day

5
00:00:49,490 --> 00:00:46,260
of the year my first

6
00:00:53,049 --> 00:00:49,500
Fade to Black breaking news of 2023

7
00:00:55,610 --> 00:00:53,059
today is Monday January 2nd

8
00:00:58,670 --> 00:00:55,620
2023 and this

9
00:01:01,430 --> 00:00:58,680
is all of the news that you need on this

10
00:01:04,189 --> 00:01:01,440
day in history a rare I'm the state in

11
00:01:10,070 --> 00:01:04,199
history 2009.

12
00:01:14,450 --> 00:01:10,080
a rare unrestored 1937 Bugatti type 57 s

13
00:01:18,050 --> 00:01:14,460

Allante it was a coop was found in the

14

00:01:22,130 --> 00:01:18,060

garage of a British doctor a month later

15

00:01:26,990 --> 00:01:22,140

on February 7th the car sold at a Paris

16

00:01:29,690 --> 00:01:27,000

auction for 4.4 million dollars

17

00:01:34,370 --> 00:01:29,700

on this day in 2009 here's your fader

18

00:01:38,810 --> 00:01:34,380

fact today first fader fact of 2023

19

00:01:41,710 --> 00:01:38,820

a one-way trip on the Trans-Siberian

20

00:01:46,149 --> 00:01:41,720

Railway in Russia

21

00:01:50,990 --> 00:01:49,490

3901 Bridges

22

00:01:53,690 --> 00:01:51,000

and that

23

00:01:57,109 --> 00:01:53,700

is your Vader fact let's get to the

24

00:02:01,010 --> 00:01:57,119

breaking news Twitter has been hacked

25

00:02:03,350 --> 00:02:01,020

the hacker his name is ryushi is

26
00:02:06,709 --> 00:02:03,360
demanding two hundred thousand dollars

27
00:02:08,089 --> 00:02:06,719
in cash to hand over the data reported

28
00:02:11,330 --> 00:02:08,099
to include

29
00:02:12,650 --> 00:02:11,340
data about and on celebrities and

30
00:02:15,369 --> 00:02:12,660
politicians

31
00:02:17,570 --> 00:02:15,379
and then he says he'll delete it

32
00:02:19,490 --> 00:02:17,580
Ireland's data protection commission

33
00:02:22,430 --> 00:02:19,500
says it will examine Twitter's

34
00:02:26,390 --> 00:02:22,440
compliance with data protection laws in

35
00:02:29,330 --> 00:02:26,400
relation to that security issue Twitter

36
00:02:30,770 --> 00:02:29,340
has not commented on the claim as of

37
00:02:32,750 --> 00:02:30,780
Showtime

38
00:02:35,089 --> 00:02:32,760

the data is said to include phone

39

00:02:38,630 --> 00:02:35,099

numbers and emails but the size of the

40

00:02:42,530 --> 00:02:38,640

hall is not yet confirmed only a small

41

00:02:45,250 --> 00:02:42,540

sample has so far been made public U.S

42

00:02:48,710 --> 00:02:45,260

congresswoman Alexandria

43

00:02:50,869 --> 00:02:48,720

ocasio-cortez that's right AOC was

44

00:02:54,070 --> 00:02:50,879

included in that sample data that was

45

00:02:56,509 --> 00:02:54,080

published by the hacker and Piers Morgan

46

00:03:01,509 --> 00:02:56,519

who recently had his Twitter account

47

00:03:03,410 --> 00:03:01,519

hacked by the way is also on that list

48

00:03:11,930 --> 00:03:03,420

Roman

49

00:03:14,930 --> 00:03:11,940

satellite is now being overhauled by

50

00:03:17,809 --> 00:03:14,940

NASA to search for planets beyond our

51
00:03:19,970 --> 00:03:17,819
solar system one's operational the space

52
00:03:22,729 --> 00:03:19,980
agency plans to launch the craft within

53
00:03:25,850 --> 00:03:22,739
the next five years it could reveal the

54
00:03:28,729 --> 00:03:25,860
origins of life itself by hunting for

55
00:03:32,570 --> 00:03:28,739
planets in the distant reaches of their

56
00:03:38,390 --> 00:03:32,580
solar systems the Roman is expected to

57
00:03:40,750 --> 00:03:38,400
launch in 2026 or 2027 probably 2027 as

58
00:03:44,270 --> 00:03:40,760
its development was already pushed back

59
00:03:45,770 --> 00:03:44,280
by the delays in getting the James Webb

60
00:03:48,890 --> 00:03:45,780
to space

61
00:03:51,170 --> 00:03:48,900
big news the nro

62
00:03:52,970 --> 00:03:51,180
had the mirrors and the satellite

63
00:03:55,369 --> 00:03:52,980

everything ready to go mirrors that were

64

00:03:57,830 --> 00:03:55,379

the same as hubbles by the way just

65

00:03:59,930 --> 00:03:57,840

packed away in a garage

66

00:04:01,369 --> 00:03:59,940

in storage

67

00:04:04,250 --> 00:04:01,379

that's right

68

00:04:06,410 --> 00:04:04,260

so they pulled it out the residents of

69

00:04:10,070 --> 00:04:06,420

the International Space Station are

70

00:04:12,710 --> 00:04:10,080

facing an uncertain future after a

71

00:04:15,350 --> 00:04:12,720

Russian soyuz capsule sprung a dramatic

72

00:04:19,430 --> 00:04:15,360

coolant link last month that has left

73

00:04:21,770 --> 00:04:19,440

the crafts space worthiness in doubt the

74

00:04:25,189 --> 00:04:21,780

investigation is still ongoing but NASA

75

00:04:28,430 --> 00:04:25,199

is thinking ways through to try and

76

00:04:31,310 --> 00:04:28,440

bring the affected crew back home it's

77

00:04:32,570 --> 00:04:31,320

possible SpaceX could play a role now

78

00:04:35,090 --> 00:04:32,580

check this out

79

00:04:37,129 --> 00:04:35,100

SpaceX has launched a string of

80

00:04:41,390 --> 00:04:37,139

successful crew Dragon missions to the

81

00:04:43,490 --> 00:04:41,400

ISS so it's conceivable it could send

82

00:04:45,850 --> 00:04:43,500

the spacecraft equipped to bring the

83

00:04:49,909 --> 00:04:45,860

three crew members back home however

84

00:04:52,550 --> 00:04:49,919

SpaceX makes custom suits for its Dragon

85

00:04:56,570 --> 00:04:52,560

Riders so it's not as simple as just

86

00:04:59,090 --> 00:04:56,580

sending a spacecraft up any SpaceX based

87

00:05:02,090 --> 00:04:59,100

rescue might also have a major impact on

88

00:05:05,390 --> 00:05:02,100

other scheduled ISS missions like the

89

00:05:06,310 --> 00:05:05,400

upcoming SpaceX crew 6 Mission set for

90

00:05:09,590 --> 00:05:06,320

an early

91

00:05:13,129 --> 00:05:09,600

2023 takeoff that's my

92

00:05:15,050 --> 00:05:13,139

that's my fear right you get up to the

93

00:05:18,409 --> 00:05:15,060

International Space Station

94

00:05:21,730 --> 00:05:18,419

and you get stuck

95

00:05:25,370 --> 00:05:21,740

and that's what's going on right now

96

00:05:28,850 --> 00:05:25,380

huge news I am about to launch right now

97

00:05:33,529 --> 00:05:28,860

get ready I hope you're sitting down

98

00:05:37,189 --> 00:05:33,539

a naked eye Comet will visit Earth for

99

00:05:41,890 --> 00:05:37,199

the first time since wait for it

100

00:05:44,090 --> 00:05:41,900

since neanderthals walked the Earth in

101
00:05:46,129 --> 00:05:44,100
2023 this is when it's going to happen

102
00:05:51,290 --> 00:05:46,139
this is when it's going to happen not

103
00:05:54,830 --> 00:05:51,300
since neanderthals the comet C 2022 E3

104
00:05:57,469 --> 00:05:54,840
ztf can be spotted with the naked eye as

105
00:06:02,110 --> 00:05:57,479
it passes the Sun and Earth at the end

106
00:06:03,830 --> 00:06:02,120
of the first month of wait for it

107
00:06:07,790 --> 00:06:03,840
January

108
00:06:10,010 --> 00:06:07,800
that's right the first month of 2023

109
00:06:13,310 --> 00:06:10,020
it's going down

110
00:06:15,590 --> 00:06:13,320
in four weeks so check this out the

111
00:06:17,930 --> 00:06:15,600
comment is currently passing through the

112
00:06:20,570 --> 00:06:17,940
inner solar system it will make its

113
00:06:24,170 --> 00:06:20,580

closest approach to the sun on January

114

00:06:26,570 --> 00:06:24,180

12th in less than two weeks

115

00:06:30,290 --> 00:06:26,580

that's right and then it's gonna work

116

00:06:34,430 --> 00:06:30,300

past Earth between February 1st and

117

00:06:35,809 --> 00:06:34,440

February 2nd get ready I know I know

118

00:06:36,770 --> 00:06:35,819

what you're you know I know what you're

119

00:06:39,070 --> 00:06:36,780

thinking

120

00:06:42,350 --> 00:06:39,080

right now is when I say don't look up

121

00:06:43,610 --> 00:06:42,360

I'm tempted but I didn't

122

00:06:47,629 --> 00:06:43,620

right

123

00:06:50,629 --> 00:06:47,639

President Joe Biden approved a limited

124

00:06:51,490 --> 00:06:50,639

Tick Tock ban last week when he signed

125

00:06:55,070 --> 00:06:51,500

the

126
00:06:57,529 --> 00:06:55,080
4126 page spending bill into law

127
00:07:01,730 --> 00:06:57,539
the ban prohibits the use of Tick Tock

128
00:07:05,210 --> 00:07:01,740
by federal government's employees nearly

129
00:07:07,670 --> 00:07:05,220
4 million of them on government devices

130
00:07:10,370 --> 00:07:07,680
owned by agencies with limited

131
00:07:14,050 --> 00:07:10,380
exceptions for law enforcement National

132
00:07:17,990 --> 00:07:14,060
Security and security research purposes

133
00:07:21,430 --> 00:07:18,000
in in December Tick Tock confirmed to

134
00:07:24,230 --> 00:07:21,440
Forbes magazine that its employees

135
00:07:27,050 --> 00:07:24,240
improperly tracked the locations of

136
00:07:31,010 --> 00:07:27,060
three of the magazines journalists

137
00:07:34,730 --> 00:07:31,020
using methods that amounted to spying

138
00:07:36,950 --> 00:07:34,740

one bite dance executive resigned and

139

00:07:39,409 --> 00:07:36,960

another was fired bite dance of course

140

00:07:43,790 --> 00:07:39,419

owns tick tock

141

00:07:49,010 --> 00:07:43,800

Elon Musk uh Elon musk's wealth

142

00:07:53,150 --> 00:07:49,020

destruction is now officially historic

143

00:07:55,210 --> 00:07:53,160

the CEO of Tesla SpaceX and Twitter is

144

00:07:57,469 --> 00:07:55,220

now worth just

145

00:07:59,570 --> 00:07:57,479

137 billion dollars all of this

146

00:08:00,529 --> 00:07:59,580

according to the Bloomberg billionaires

147

00:08:03,230 --> 00:08:00,539

index

148

00:08:07,129 --> 00:08:03,240

good enough for second place on the list

149

00:08:08,870 --> 00:08:07,139

and we understand that but last year we

150

00:08:13,610 --> 00:08:08,880

one year ago

151
00:08:15,670 --> 00:08:13,620
at its peak in November of 2021 his net

152
00:08:19,430 --> 00:08:15,680
worth was

153
00:08:23,330 --> 00:08:19,440
340 billion dollars that makes musk the

154
00:08:26,689 --> 00:08:23,340
first person ever to lose over 200

155
00:08:31,369 --> 00:08:26,699
billion dollars in wealth a world record

156
00:08:33,790 --> 00:08:31,379
that will stand for a very long time

157
00:08:37,490 --> 00:08:33,800
and I'll leave you with this

158
00:08:40,010 --> 00:08:37,500
Rolling Stones list of the 200 greatest

159
00:08:41,329 --> 00:08:40,020
singers of all time was published on

160
00:08:43,750 --> 00:08:41,339
Friday

161
00:08:47,570 --> 00:08:43,760
who was number one

162
00:08:49,790 --> 00:08:47,580
Aretha I've got no problem with that but

163
00:08:52,130 --> 00:08:49,800

not included on the list

164

00:08:54,710 --> 00:08:52,140

Dion Warwick

165

00:08:56,389 --> 00:08:54,720

Diana Ross

166

00:08:58,850 --> 00:08:56,399

ding

167

00:09:02,110 --> 00:08:58,860

and Celine Dion

168

00:09:05,090 --> 00:09:02,120

now whoever was on that list of 200

169

00:09:07,070 --> 00:09:05,100

instead of it doesn't matter instead of

170

00:09:10,790 --> 00:09:07,080

those four

171

00:09:12,530 --> 00:09:10,800

it's incredible and Elvis

172

00:09:14,990 --> 00:09:12,540

came in

173

00:09:18,410 --> 00:09:15,000

at number 17.

174

00:09:21,590 --> 00:09:18,420

I'll do I'm just going to leave all of

175

00:09:24,949 --> 00:09:21,600

this drama right there there you go

176

00:09:27,470 --> 00:09:24,959

well that's it that's all of your fate

177

00:09:32,870 --> 00:09:27,480

the black breaking news today on this

178

00:09:35,990 --> 00:09:32,880

Monday January 2nd 2023 breaking news of

179

00:09:37,430 --> 00:09:36,000

course is produced by Renee Newman I am

180

00:09:42,100 --> 00:09:37,440

Jimmy Church
